

Uzumaki 711

Chapter 711: Black Zetsu's Madness

"Five Ninja Village..." Black Zetsu narrowed his eyes as he watched the news from White Zetsu and muttered, "It's really looking for death!"

You know that little devil is a strong one that even Uchiha Madara recognizes!

Just rely on the five shadows...

It is estimated that it will take some time, not to mention that Uzumaki is capable of space ninjutsu. If he can't seal off his space, no matter how many people come, it will be useless.

"Should we do something?" White Zetsu looked at Black Zetsu and said, "Now the eyes of Samsara are still with Lord Madara."

Hearing White Zetsu's words, Black Zetsu was silent for a moment. Indeed, the eye of reincarnation is the most critical part of saving his mother. He waited for nearly a thousand years to wait for Hogoromo to die before he waited for such a pair!

But...

What can he do?

He is also desperate!

Not to mention the upright and young Uzumaki, even if Uchiha Madara's gray hair, inconvenient mobility, and the elderly are old, it is estimated that he will not be able to beat it!

"Wait!!" Black Zetsu gritted his teeth and said, "Keep waiting to see if Uchiha Madara can bring out the eyes of Samsara after he is dead."

"And this time..."

Black Zetsu had a fierce look in his eyes.

"See if you can cause trouble for the Uzumaki Kingdom."

The name of that cheating Uzumaki Kingdom...

You must know that now their organization has fallen to such a point, thanks to that little devil's gift!

If he doesn't die...

The action to rescue my mother may never be completed.

...

Konoha Village

Looking at this peaceful Shinobi Village, Uzumaki Xin sighed inwardly. He has never been here since Mito left.

Now he is in the costume of Pain. After all, what Hokage wants to meet is the leader of Akatsuki, not the name of Uzumaki Country, so...

We still have to put on the vest, or else we will scare our Hokage-sama, what should we do?

"Stop!"

Just when Uzumaki Xin approached Konoha Gate...

"Who?" Konoha's guard stood up, stopped him, and said, "What are you going to do with Konoha? Is there a formality?"

"Six Path Pain!" Xin said coldly, "You're Hokage asked me to come over." \

Install, continue to install!

My three-hook jade mask and circled eyes, don't you still see it?

"Reincarnation Eye!!" When the guard heard Uzumaki Xin's words, his eyes widened in shock, and then said, "Sorry, I need to ask Master Hokage for instructions."

Then, without waiting for the whirlpool to say anything, he directly asked the companion next to him to inform Lord Naruto.

"..."

This is acting... is Excessive!

Uzumaki Xin narrowed his eyes, said nothing, and looked at the door guard quietly.

He... We have to see what Sarutobi Hizen wants to do!

Not long after...

A ninja dressed in Konoha's Anbu appeared in front of Uzumaki Xin's eyes...

Chapter 712: Sasori's Family

The country of Uzumaki

"I'm going to give birth during this time."

Chiyo looked at his daughter-in-law cheerfully and said, "Recently, Xizi, you have to pay attention to it! Pay attention to what you can't eat and what you can't do."

Then, he stared.

One glance at Qianluo who was dozing off next to him, "Smelly boy, I can't come."

"Mom!" Qianluo shrugged his head helplessly, walked over, and said, "What can I tell you?"

Since the morning when my mother was picked up by His Royal Highness Xin, she has been surrounding Xizi every step of the way, and he...

Either go up to get a blanket or go out to buy breakfast. From the morning till now, I have been busy with these trivial matters, which is really exhausting.

You know, he came back from leave today.

"Have you remembered everything I told you?" Chiyo looked at Qianluo and said, "Don't have any problems then."

Although she is the puppet master of Sand Ninja Village, she is also proficient in medical ninjutsu, but...

I don't know how long I can stay!

If Xizi is going to give birth by then, it will be troublesome if he is not around, so he still asks Qianluo to go to the Uzumaki Hospital for a doctor.

"I remember it clearly." Qianluo nodded and said, "The doctor who delivered the baby has also been arranged, and the car outside is full of chakras."

"No problem."

"That's good, that's good." Hearing Chira's words, Chiyo nodded with satisfaction, and then, looking at his own son sideways, said seriously, "If there is a problem with Xizi, don't you Blame me for cleaning up the door."

"..."

Qianluo looked at his mother speechlessly, and said quickly, "I promise that there won't be any problems."

His wife, his children...

As a husband, the father will definitely protect him.

"Where's Sasori? Why haven't you come back?" Chiyo checked the time, and now it's noon. I don't know when the kid will come and take her away?

"It should be soon." Qian Luo also looked at the time and said, "He said he would be back at noon."

The worry in his eyes flashed by.

War!

I don't know how the military department arranged it?

And Sand Ninja Village...

Qianluo glanced at his mother. Today, he, Xizi, and mother both deliberately avoided this topic, just to make today's reunion not too embarrassing.

"Ding Dong, Ding Dong."

At this moment the doorbell rang...

"Here," Qianluo said with a smile, "I'll open the door."

So he walked to the door, opened the door, and looked at the Sasori standing at the door...

"It's big..." Qian Luo nodded with satisfaction, hugged him, and said, "It's also dark and strong."

"Dad." Sasori smiled and hugged his father, and said, "Because the troops exercise all day, it's a bit dark."

.....

Chapter 713: Sasori's Inner Feelings

"It's okay, it's dark and healthy." Qianluo let go of her arms, "Your grandma came early in the morning, just waiting for you to come back for dinner!"

Sasori walked in the door, looked at her mother's enlarged belly, and grandma, walked over and said, "Mom, grandma."

"Good grandson." Chiyo looked at Sasori, and immediately walked over happily, hugged him, and said, "For so long, I've grown up so much."

"Grandma is more energetic." Sasori put down his luggage and said with a smile.

"Get hungry, let's go!" Chiyo said, pulling the Sasori, "Grandma prepared your favorite grilled fish early in the morning, and I'm waiting for you to come back."

"Walk, eat first."

"It's been a long time since my grandma's cooking." Sasori nodded and said, "I've been eating big pot of rice in the army, and I'm tired of eating it."

"Haha, then you have to eat more today!" Chiyo said cheerfully, "Grandma has done a lot."

"I want grandma to say it!"

"What kind of ninja? What's so good about ninja?" Chiyo looked at a dark, sturdy Sasori, sighed and shook his head, and said, "Your father was because of..."

"Grandma!!" However, before Chiyo could finish speaking, Sasori said seriously, "I am a soldier, not a ninja!"

He knows what grandma means...

The war is about to start, and grandma does not want him to participate. After all, there is still Ninja Village in this war, and she doesn't want to see her grandson go to war with her own Ninja Village.

But...

"It's my responsibility to defend my home and country." Sasori looked at her grandma and said, "I can't give up at this time."

"Sorry!"

"I..." Chiyo was silent for a while when he heard Sasori's words. Finally, he sighed and said, "Grandma is old..."

"Next is the era of your young people."

"Grandma doesn't know anything, and doesn't want to know anything."

Raised his head and looked at the Sasori seriously...

"But I hope you don't be like your unfilial dad..."

Chiyo wiped the tears from the corner of his eyes.

"You must live!!"

"I..." Seeing her grandma like this, Sasori opened her mouth, but didn't know what to say, and finally sighed, "I will pay attention."

And...

Chiyo shook his head and said, "Don't talk about it, eat, eat!!"

"We won't talk about that anymore today."

"The eldest grandson is rare to come back, why do you say this?"

"Eat first, eat first."

Looking at her grandma's growing body, Sasori said silently in her heart, "Thank you!"

He knows...

Grandma just didn't want to make it difficult for him.

On one side is Shinobi Village, on the other side is his grandson...

Grandma, she...

It should be uncomfortable inside.

In any case, he is already a soldier in the Uzumaki Kingdom.

He is inevitable and does not want to avoid it!

And so...

I can only say sorry to my grandma in my heart.

Chapter 714: Fooling Each Other

"..."

Uzumaki Xin looked at Sarutobi Haruzen with a dazed expression, thinking that the old monkey had something to do with him?

So I wanted to keep Akatsuki's organization neutral!

He didn't want Akatsuki to play!

You know that the Akatsuki organization now has only two members, one god of the Ninja world, and one Six Path Pain, so...

What does it matter that they are not neutral?

Kakuzu is the Minister of Finance of Uzumaki Country, and he is the name of Uzumaki Country.

Now it will be interesting. If you don't say, I almost forget that the Uzumaki Kingdom still has 'allies'.

Uzumaki Xin squinted his eyes and looked at Sarutobi Haruzen, and said faintly, "This is impossible. Although our Akatsuki organization is unwilling to participate in the war between Ninja villages, Akatsuki has been working hard to find a way to make the entire Ninja world The road to peace."

"And the country of Uzumaki..."

"It is the only hope we have seen in all these years."

Uzumaki Xin shook his head...

"We will not give up."

"We know that, during this encirclement and suppression of the Goddess Alliance, we also have some understanding." Sarutobi Haruzen took a cigarette and said with a smile, "That's really a great road!"

There is no Ninja village wishing to see it succeed. After all, it not only threatens the rights of the daimyo mansion, but also threatens the control of the ninjas of the village shadows!

"But..."

You can't say that.

Sarutobi Haruzen looked at Six Path Pain, and said solemnly, "This path is too difficult to succeed."

Or...

This road is in confrontation with the entire Ninja Realm!

"A little carelessness will cause you to fall to pieces."

"This is the meaning of Akatsuki's existence." Six Path Pain looked at Sarutobi Haruzen with a deep gaze, with determination in his eyes, and said, "As long as it can bring a trace of peace to this chaotic Ninja world, it doesn't matter if you die!!!"

Anyway, no one knows. If you don't blow it up, how can others be admired?

They know that the organization is so great!

"..."

I almost believed it.

Really!

Had it not been for you to sell arms everywhere, I would have almost believed it.

Maintain peace in the Ninja World?

Ha ha! !

Sarutobi Haruzen had a smile on his face, but his mind was cursing. Seeing this oil and salt did not enter, Akatsuki, who seemed to want to coexist and die with the country of the Uzumaki, sighed inwardly. If it weren't for the reincarnation in front of him, the eyes were too big Strong, who cares about him?

According to the description of the ninja who fought for Frostmourne last time, this Six Path Pain...

Possess the strength of the god of the Ninja World!

"But what if the Uzumaki Kingdom can't succeed?" Sarutobi Haruzen took a puff of smoke, squinted at Akatsuki and said, "The alliance of the Five Ninja Villages cannot be resisted by a small country."

Chapter 715: Haruzen Small Calculation

A small country...

What are you going to do to stop the ninja army in their five ninja villages?

Hearing Sarutobi Haruzen's words, Uzumaki Xin didn't say anything, but turned her reincarnation eyes and looked at him quietly...

Can't stop it?

It really deserves to be the strongest Naruto!

Sure enough, no knowledge! !

In the anime, Boss Madara faces 80,000 ninjas and has already explained a truth with his peerless dance skills...

This group of spicy chicken...

He can play 80,000!

And so...

He, Uzumaki Daimyo...

There are only 80,000 men with the system, and he wants to fight 100,000!

"..."

Isn't that there is no more talk?

Sarutobi Haruzen pondered for a moment, and said, "What if our five major nations all introduce the red thoughts of your Akatsuki organization?"

"If Akatsuki is willing to remain neutral, I will report to the daimyo and ask him to draw an area as your test point."

"It will also promote the consent of other Shinobi villages and countries."

Smoked a cigarette with a smile on his face...

"After all, that is a great policy of one country and one village that is not inferior to the gods of the Ninja World. I believe that the fire country daimyo would be very willing to try it!"

"Konoha also wants to contribute his own strength to the Ninja World Peace!"

They will not act rashly before they have understood the real situation of the organization, not to mention that they only have to destroy the Uzumaki Kingdom at that time...

Without the backing of the Uzumaki Kingdom, how could it be against the Five Ninja Villages by relying solely on a peerless powerhouse?

And so...

Now I can only wait! !

After Akatsuki moved the base to their territory, they had a chance to understand the real situation of Akatsuki. After all, Akatsuki was different from the Goddess Alliance. They had always stayed in the Uzumaki Kingdom.

"Of course." Sarutobi Haruzen put down the smoking gun in his hand and said, "If Akatsuki can agree this time, Konoha will purchase a large amount of armaments with you, and even..."

"As Naruto, I will purchase with Akatsuki as the other Shinobi village proposed."

"..."

Buy arms?

Hearing Sarutobi Haruzen's words, a light flashed in Uzumaki's eyes...

Buy armaments from the enemy...

Gee!

Why do these five Ninja villages win?

As for the test point...

He ignored it, after all...

He writes bad checks all day long, and it is estimated that these five Ninja villages don't know how to secretly plan to destroy Akatsuki's organization!

And so...

"How much do you need?"

Anyway, anyway...

The Akatsuki organization will not participate, so it is better to make a fortune as soon as possible~

.....

Chapter 716: Five Ninja Villages Declare War

The end of May.

At the same time, the Five Ninja Villages issued a statement...

Since Uzumaki Xin refused to return the rebellious Ninja villages and violated the Ninja treaty and ninja rules, they formally declared war on Uzumaki in order to protect the peace of the Ninja world and safeguard the interests of the major Ninja villages.

The country of Uzumaki.

When the war was officially heard, the domestic atmosphere was still a bit heavy.

After all, this is the Five Great Ninja Village!

They don't know in their hearts whether the country of the Uzumaki can succeed, everyone is numb and confused at work, and some people even show up, start packing up, and plan to leave.

Although they can eat enough, dress warmly, and make money on their own in the country of Uzumaki, but...

I was still afraid of death in my heart.

What's more, in the past few years, they have also saved a little money. Which country can't live a good life in which country?

Want to be safe...

The same goes for going to the big cities of the five major countries.

Due to the effects of the war, most people don't have the mind to work or attend classes...

So, when the war came, Uzumaki country began to take a vacation!

Unknown end time~

"It's all going to stop work!" Uzumaki Xin stretched out and said, "How many people have left Uzumaki Kingdom?"

"About ten thousand people."

Lucci pushed his glasses and said, "Basically, they are all migrant workers.

Although the village was a bit difficult, they can still live on, and this time they made money in the country of the Uzumaki.

Money, it is estimated that life will be improved even if I go back, so I don't think there is any need to stay here and wait for death."

There was a sneer at the corner of his mouth...

"What a shameless group of people!"

When they were in difficulty, it was the country of Uzumaki that sheltered them, gave them work, and provided them with food and clothing.

Now they still want to take Uzumaki's money and go to other countries to live a good life.

If it weren't for His Highness Xin, they don't want them.

Regardless, he wants to arrest all those people and move bricks.

No salary!

"It's okay." Hearing the words of Lucci, Uzumaki Xin nodded and said with a smile, "Not much."

He didn't feel a pity for these hurried departures...

Enjoying the convenience brought to them by the country, but thinking about leaving when the country is in crisis, these people should leave early.

Staying is also a disaster!

And I believe that after this time, the cohesion of the people of Uzumaki will definitely be able to rise to a higher level.

After all...

Want to destroy the country of Uzumaki?

Do not make jokes.

This victory will make the people of Uzumaki country stand up, because...

The country of the Uzumaki is no weaker than the five major countries, and even stronger when Hashirama and Madara still in Konoha

Chapter 717: Senju's Position

"What about armaments?" Uzumaki Xin groaned for a moment, and said, "Should all the armaments needed by the Five Ninja Villages have been delivered, right?"

"The delivery has been completed." Lucci nodded and said, "The rest of the factories have stopped work, but the arms factory has not stopped work."

"Those employees hope to make more weapons in this long time to help Uzumaki."

Lucci said here, showing a helpless smile, and said, "There are other factories, they hope to help Uzumaki country."

"I also formed a team of workers myself, saying that I hope the country can assign them some tasks."

"Some people even donated money, purchased materials and sent them to the military department, wanting to contribute their own strength in this war!"

This is where Lucci feels gratified, most people still love Uzumaki country!

"Is that so?" Xin shook his head helplessly and said with a smile, "The materials can be accepted, but the money is fine. This is a matter of principle."

"And..."

Uzumaki Xin looked at Lucci confidently...

"The Uzumaki country will definitely win."

I just don't know what the workers in the arms factory would think if they knew that the cutting tools they made were sold to the Five Ninja Villages...

.....

Senju Clan

Compared with other families and citizens who are actively preparing for the upcoming war and contributing their own strength, the Senju Clan appears to be exceptionally calm.

All the clansmen received orders from the patriarch and Tsunade-sama, and returned to the family villa one after another.

I thought there was something big, but I didn't expect that in the end...

"Ms. Tsunade..." Senju Hen looked at Tsunade who was lying lazily on the carpet with his eyes closed, and said with a wry smile, "We..."

The words are still finished...

"En!" Tsunade opened his eyes and glanced at Senju Hen faintly, then, with a nasal sound, he closed his eyes again without saying anything.

She knew what Senju Hen really wanted to say, but...

It is impossible for the Senju Clan to be an enemy of Konoha. This is a matter of principle.

Moreover, she couldn't watch her clan fight with the ninjas in the village, even if it was just injured, she didn't want to see it.

Not to mention the war...

This is for you to die!

Although she is very sorry for the country of Uzumaki, she can only say sorry to the country of Uzumaki in her heart...

Most...

Next time in class, she will be more serious and stop fishing in troubled waters.

Senju Hen really had no choice but to see Tsunade like this, sighed, and shook his head with a wry smile.

Really...

Tsunade-sama will not let them go.

To be honest, he still has feelings for Konoha. After all, it was the Shinobi village created by the Senju clan, and he himself has lived in Konoha for so many years. These feelings are not just forgotten.

So he was full of entanglements, but...

Chapter 718: Hard Decision

The new generation is different.

They left Konoha when they were very young, and even because they had witnessed the extinction of the Senju Clan, don't say whether they had feelings for Konoha in their hearts, it would be nice not to hate Konoha.

Although the patriarch led the masters of the clan to death, he did not want the Senju Clan to have hatred against Konoha, but...

Does this hatred mean that it won't happen if it doesn't happen?

Especially the children of the Senju clan who have been educated in the Uzumaki Country and grew up in Uzumaki, their hearts are toward Uzumaki Country. As for Konoha...

There is no feeling at all!

If it weren't for the current patriarch and Tsunade-sama's former patriarch's daughter, and former patriarch's granddaughter, the names of the people below would have been rebelled.

"Go back to their respective rooms!" Senju Hen sighed, and looked at a group of clansmen with unhappy expressions on their faces, and said, "Just stay here during this time!"

Tsunade-sama blocked the door, who ran out?

..

"What should I do?" Senju Hen returned to his room, lying on the bed quietly looking at the ceiling, and muttered, "Master patriarch, Master Tsunade..."

You have feelings with Konoha, but they don't!

You know his father and mother died together with the patriarch.

At that time he suspected...

Why does Hokage-sama push the Senju Clan like this?

It is clear that the Senju Clan is one of the two big families who founded Konoha, and they have always loved Konoha very much.

Last time I led the tribe to assist the Uzumaki country, in the end, he was almost taken away by Konoha Anbu...

They always remember.

And the children..

The children grew up in the country of the Uzumaki, and was educated in the country of the Uzumaki. Why is it now...

When the country is in distress, he wants to hide at home?

To know...

He is a soldier!

"I guess Qi doesn't know where to laugh at me as a deserter now." Senju Hen shook his head with a wry smile, and said, "There is also the captain..."

Although when he asked for leave, the captain agreed and didn't say anything, but he could see...

The captain was very disappointed at the time!

"I..."

Senju Hen looked at the ceiling and muttered in confusion, "Really right..."

However, the words are not finished yet...

"You should say this to the captain and your teammates."

A voice rang in the room.

Chapter 719: Uchiha Friend

Senju Hen was taken aback and hurried to do it, looked at the person standing at the window, then lay back, sighed, and said indifferently, "It turned out to be Kai!"

"Should you not be in the army preparing for war now?"

"Why come to me free?"

"And also..."

Senju Hen said angrily, "Can you not climb the window next time you come here?"

Isn't it that you can't walk in through the door without letting you in?

"I ran out sneakily." Uchiha Kai looked at Senju Hen with a decadent face and said lightly, "Are you really not going back?"

As for climbing windows...

This time it was really intentional.

After all, the door is going to lead people to sneak away. What is it to go to the front door?

"I..." Senju Hen opened his mouth, but didn't know what to say. Finally, he sighed and said, "The Senju Clan is different from the Uchiha Clan."

The first and second generations were all from the Senju tribe, as well as one of Konoha Sannin, Tsunade-sama...

It is impossible for them to shoot at will.

"Where is it different?" Uchiha Kai looked at Senju Hen and said, "Even if it is different, you really don't want to go back in your heart?"

"Do you want to be a deserter?"

"Or..."

"Do you want to go back to Konoha?"

Uchiha Kai walked up to Senju Hen, watching him quietly with a plain gaze...

"I remember you dragged me to join the army."

Originally, I wanted to be a policeman and mess with the patriarch.

"Now you think you want to desert!"

It's ridiculous!

"Sorry!" Senju Hen was silent for a while, looked up at Uchiha Kai, and said with a wry smile, "I really didn't want to be a deserter, nor did I want to return to Konoha."

"I want to be with you too, but the Senju Clan..."

However, he hasn't waited for Senju Hen to finish speaking...

"Don't make excuses!" Kai directly grabbed Senju Hen by the collar and roared, "If your patriarch doesn't let you go, won't you go secretly?"

Pointing to the window, "Climb the window!"

"I came here by climbing the window!!"

"You are obviously a coward!!"

"You keep saying sorry without doing anything, who are you sorry?"

"You are just sorry for yourself."

Uchiha Kai gave a disappointed look at Senju Hen, and said, "Senju are a bunch of cowards!"

He said so, but Senju Hen was still silent. He really misunderstood the person.

After sighing, he turned his head and was about to jump out of the window to leave, turned his head to look at Senju Hen, and said faintly, "This time..."

"Senju Clan lost, really lost!!"

"And..."

"I lost my whole life!!"

...

Chapter 720: War Starts

"Master Madara, it's time to fight."

White Zetsu cut an apple, then took a bite and looked at Master Madara who was reading, and said, "What are we going to do?"

"Red Doctrine Theory"

Don't know what Master Madara is doing with this kind of book?

Take another bite of the apple...

"Crack!"

Lord Madara has bad teeth and can't eat hard things, so these apples can only be eaten by themselves.

Not to mention, the apples of Uzumaki are really crisp and sweet.

"Shut up!" Madara gave White Zetsu a faint look, and said, "Don't eat this kind of food in front of me."

This White Zetsu is really getting more and more presumptuous!

"Just stay here."

Turning his head and looking at the book in hand...

Sighed inwardly.

No wonder the Uzumaki Congress has become the target of public criticism.

The guiding ideology of Crimson Doctrine...

It's really interesting!

The corners of Madara's mouth rose slightly and murmured, "I don't know what the pillars would think when seeing this?"

His one country, one village policy is basically a joke.

Gathering so many ninjas, the status of ninjas is getting higher and higher, while the power of ordinary people is getting less and less, and in the end even life struggle is in the hands of ninjas.

It has evolved into the way it is now.

The strong can act recklessly and kill indiscriminately.

Innocent, take the lives of ordinary people at will...

If this continues for a long time, class contradictions will explode sooner or later!

His Uchiha Madara pursues true peace. Whether it is a commoner or a ninja, everyone can live in peace, not a false, one-sided peace.

And so...

The corners of Uchiha Madara's mouth rose slightly...

"That idiot Hashirama!!"

...

Early June.

The respective ninja forces of the five major ninja villages set out for Uzumaki.

Because Yanyin Ninja Village and Sand Ninja Village are far away from the country of Uzumaki, they need to gather with Konoha in the Land of Fire, and then cross the river together to attack the Uzumaki country, while Hidden Rock Village and Hidden Cloud Village go directly from.

They can set off directly from their own country.

Therefore, there are three main battlefields in Uzumaki Kingdom...

The three ninja villages in the direction of the Fire Country, namely Sand Ninja Village, Hidden Cloud Village, and Konoha Village; the Hidden Cloud Nin Village in the direction of Thunder Country and the Hidden Mist Village in the direction of Water Country.
