

Uzumaki 741

Chapter 741: Minato's Speculation

Sasori looked at Minato running towards the Uzumaki Country with an ugly expression. He didn't expect that he would be fooled. As expected...

Too deliberate!

He only paid attention to the secret kunai and ignored the golden-haired creature.

He originally thought that he only needed to keep an eye on the trajectory of the kunai, but he didn't expect that the Konoha Golden Hair would actually use this method to deceive him.

The golden-haired creature that threw the secret kunai towards the Land of Uzumaki was not real.

The one who sneaked up behind him and used the Rasengan while his attention was drawn to the Shuriken Shadow Clone Technique and the secret kunai behind him was the real one!

"Damn it!" Sasori said with a dark face.

Then...

He activated the Ultra-Light Heavy Rock Jutsu engraved on his armor and chased after Minato.

There is no point thinking about anything else now!!

This golden-haired ninja is definitely not an ordinary ninja!

We must stop him here!

Otherwise, once he reaches the shore, no one might be able to stop him, especially with the Flying Thunder God Technique...

He can carve seals everywhere on the shore, and it will be difficult to catch people then.

He set up the short cannon behind him and fired the small chakra cannon continuously at him, trying to interfere with him and slow him down.

"That thing..." Minato dodged a cannonball, frowned, and muttered, "A small Rasengan?"

Just like this thing that keeps getting fired at the fleet, only a little smaller.

Power...

It has also been reduced a lot.

I see...

Minato seemed to understand what was blocking their fleet's progress. "It seems there should be a relatively large cylinder on the shore."

He just don't know how many of these things there are in the Uzumaki Country?

Why didn't he see it when he purchased blades from Akatsuki this time?

Or rather...

Why doesn't Akatsuki sell this kind of thing to them?

Could it be...

Minato's heart trembled, and he looked at the Uzumaki Kingdom and murmured, "I hope I'm wrong."

Although he was filled with doubts, he couldn't turn back and ask now...

It's better to hurry up and get ashore, destroy everything on the shore, and then think about other things!

Otherwise... Konoha is in danger this time!!

Chapter 742: White and Black Zetsu is Watching

"It's really interesting!" White Zetsu looked at the Uzumaki Country firing cannons and said with emotion, "I didn't expect that the Uzumaki Country actually had such a thing."

And the guy in the sky...

How are these things made?

"Have you seen that little brat from Uzumaki Country?" Black Zetsu narrowed his eyes and said calmly, "Where is he now?"

"I haven't seen any." White Zetsu shook his head and said, "I heard from the White Zetsu clone who came back that the Uzumaki Country is now deserted. Everyone is staying at home and not coming out."

As for the red-haired kid, he doesn't seem to be in the office.

"Where's Uchiha Madara?" Black Zetsu asked, "Can you contact White Fei?"

If there is a chance, I can take the opportunity to get the Rinnegan back!

He just don't know...

So many years have passed, how much has Uchiha Madara's strength declined?

"I didn't get close to that place." White Zetsu spread his hands helplessly and said, "I was worried about being discovered."

And...

The villa seemed to have been renovated and became more beautiful and luxurious.

What a disgusting idiot!!

They are both White Zetsu, so why can that White Zetsu live in such a nice house, while they...

Do I have to hide from Black Zetsu?

"Alas." Black Zetsu sighed, his eyes flickering as he looked at the coalition forces of the Fire Nation and muttered, "It would be great if we could really destroy the Uzumaki Nation."

But they can only think about it.

That kid actually didn't go around cosplaying and causing trouble at this time. He must be very confident. Otherwise...

Now the ninja world probably needs a few more legendary ninja swords!!

Only...

What a disgusting feeling!!

If it weren't for this little brat, Madara-sama would have returned to the cave with them by now, ready to realize his great dream and rescue his mother.

"Let White Zetsu's clone keep watching." Black Zetsu narrowed his eyes and said, "If there's a chance..."

Just add some fuel to the fire and reduce the power of the Uzumaki Country!!

"I understand." White Zetsu nodded and said, "I'll pass the order along."

...

"Damn it!" Haizhen shouted loudly, "That Konoha ninja has already shaken off Captain Scorpion and is going ashore."

I didn't expect that Platoon Leader Sasori was so strong. Even after wearing armor, he couldn't beat this golden-haired guy!

It seems they must be prepared.

Anyone who can fool Platoon Leader Sasori is definitely not an ordinary ninja!

"Attention!" Hai Zhen shouted loudly, "Someone come to take over the turret, and the mechanical department quickly put on armor."

They can't retreat no matter what!!

Because...

Behind...

They are the people of the Uzumaki Country!!

They will never let any enemy in until they are all defeated.

...

Chapter 743: Solo Raid

"This distance!" Minato said, looking at the increasingly close Uzumaki Country, "It's almost there."

Then...

He quickly threw out his secret kunai, intending to reach the shore in one fell swoop and quickly destroy those cylinders!

He had already seen that the shore was indeed covered with cylinders, similar to the small cylinder behind the young man with golden armor and red hair, but much larger.

But...

The quantity is quite a lot!!

He must destroy them all in a short period of time, otherwise he will be in trouble if he is surrounded.

And...

The fleet behind him is still waiting for him!

He glanced at the red-haired young man chasing him and dodged a small Rasengan.

Then...

"Call out!!"

Use the Flying Thunder God Jutsu to move forward a little further.

Looking at the Uzumaki Country right in front of him, Minato roughly estimated the distance in his mind, took out three secret kunai, threw them in three directions, and then continued to rush forward on the water.

Then...

Flying Thunder God Technique!!

Ashore!

Half squatting, feeling the sand and rocks on the shore, Minato squinted his eyes and looked at the people around him.

That's a bit much!!

There were about a hundred of them, but most of them were Genin.

The problem wasn't that big of a problem. He just had to destroy all the artillery batteries, but...

Thirty doors?

Are there about thirty of those Rasengan cannons here?

Even after walking on water for such a long distance and using the Flying Thunder God Technique, Minato was a little out of breath.

But...

This is his territory now!

He quickly threw a secret kunai at a cannon in front of him.

"Rasengan!!"

Just one ball blew up the turret.

Suddenly...

Everyone reacted and surrounded them, but...

Minato threw the secret kunai in his hand towards the next cannon.

When a group of people rushed towards Kunai...

Flying Thunder God Technique!!

Minato appeared before reaching the shore and threw out the remaining two kunai.

"Rasengan!"

Another gun emplacement was destroyed.

The Uzumaki ninjas knew they were being tricked and quickly gathered up the remaining two kunai.

And this moment...

Flying Thunder God!!

Minato appeared directly in the crowd and kicked people away!

Then destroy the turret.

These people are not as strong as the red-haired young man just now!

Although some people also wear armor, but...

Still can't keep up with his movements.

So...

Kick, Rasengan, Rasengan, kick away...

Suddenly, many people in the Uzumaki Country lay on the ground, and...

By the time Sasori came ashore, more than a dozen artillery batteries had been destroyed.

"Damn it!"

Seeing this, Sasori roared, rushed forward, and shouted, "Everyone, throw the kunai on the ground over here."

Just three!!

Just by hiding these three, you can limit the range of the Flying Thunder God Technique.

Seeing this scene, Minato frowned, but ignored it and flew Thunder God again...

Directly appear in...

A destroyed turret did not appear where the three kunai were!!

"Destroy all the magic seals on the ruins!!" Sasori saw this scene and immediately understood. This golden-haired man had actually engraved magic seals on every destroyed turret. He quickly shouted, "Hurry and do it!"

Really... This space ninjutsu is so annoying!!

We must find a way to limit the space of this golden retriever.

But...

One door, one door after another...

Just a moment!

Minato destroyed five more gates.

He did not confront the ninjas from the Uzumaki Country at all, but quickly and neatly shook them off, and then directly used the Rasengan to destroy the chakra cannon!

Therefore, every time the Uzumaki Ninjas arrived at a turret, they would check to see if there were any strange seals, destroy them, and continuously compress the space of the water gate...

Just when Minato felt that his seals were getting fewer and fewer, and the space was getting smaller and smaller, and he was about to make a move to open a path...

"Minato!!"

A familiar voice sounded.

Chapter 744: Try To Escape, While Other Try to Save

"It seems Minato succeeded." Orochimaru licked his tongue, feeling the bombardment slowly subside, and a suggestive smile appeared at the corner of his mouth. He murmured, "You really are worthy of being the apprentice of that idiot."

That weird Rasengan, from the original two minutes per round to now five or six minutes per round, and the number is getting smaller and smaller, you know...

"Set off!!"

It's time to get started.

Although three ships were destroyed due to the impact, no casualties were reported.

that is...

Some people got seasick.

The fleets of the three major ninja villages began to accelerate again.

Kakashi, Rin Nohara and the other two looked at each other with strange expressions.

Minato-sensei actually succeeded, I wonder if they will really fight?

Could it be that because of the war, Lord Jiraiya and Lady Tsunade left?

If it's true...

They immediately felt relieved.

This is also good. Otherwise, when Jiraiya-sama and Tsunade-sama are both in the Land of Uzumaki, how can the war be fought?

...

What was your first thought when you saw you were surrounded and then your teammates suddenly appeared?

Don't be afraid, just do it!!

That's right, this was Minato's first thought when he saw Jiraiya. He never expected that after not seeing Jiraiya for several years, he would actually appear on the battlefield!

Suddenly my eyes filled with tears!

Jiraiya-sensei still loves Konoha. He unexpectedly appeared in the Land of Uzumaki during the war. He must be behind the scenes, silently protecting Konoha...

So...

Without saying a word, Minato appeared next to Teacher Jiraiya and was about to share his battle plan, which was to end the battle quickly and then take the Uchiha clan away to be done with it, so as not to cause too much damage.

Result...

Unexpectedly, Jiraiya nodded with a smile, then patted Gamatada's head, and suddenly...

He was tied up!!

"..."

What are you trying to do?

What did Jiraiya-sensei want to do by suddenly tying himself up?

Is there any battle plan?

When Minato was about to ask...

"I'll take him away." Jiraiya looked at Sasori with a smile and said, "I will make sure he never shows up on the battlefield again."

When I heard this sentence...

Minato was stunned, staring at Jiraiya-sensei in disbelief. His most respected teacher, the teacher who loved Konoha the most, actually collaborated with the enemy?!

Did teacher Jiraiya betray the village?

My heart trembled...

"Why?" Minato took a deep breath and looked at Teacher Jiraiya calmly. He wished he could hear Teacher Jiraiya say, "No, I'm not. I love Konoha."

But...

Jiraiya sighed and looked at Minato with satisfaction. Then, after a moment of silence, he said, "Minato, you don't understand. I'll explain it to you later."

There's a big guy watching from above. If you keep going like this, Minato, you'll become the hero of Konoha.

Jiupin also wants to remarry.

Your child...

Oh, Minato doesn't have any kids yet!!

"..."

Explain?

After hearing what teacher Jiraiya said, Minato was stunned. He didn't understand what reason there was to betray his beloved ninja village?

In other words, no reason is an excuse for betrayal!!

So...

Just when Jiraiya was about to take people away...

"Call out!!"

Minato suddenly disappeared from Gamatada's tongue.

"I don't know what Jiraiya-sensei's reason is." Minato held the kunai in his hand, secretly carved a seal when he appeared on the shore, looked at Jiraiya-sensei calmly, and said, "But..."

"I'm a ninja from Konoha!!"

It is absolutely impossible to sit quietly and watch the Konoha ninjas get hurt!!

"..."

Everyone looked at Minato who had suddenly escaped from his bonds. He even had a seal?!

Especially Jiraiya, he didn't expect that Minato would secretly carve the seal when he came ashore!

A wave of emotion in my heart...

He truly is worthy of being the one who has mastered the Flying Thunder God Technique!

Thoughtful is meticulous!!

But...

I% ¥ @...

Jiraiya looked at Minato speechlessly, and was about to go up and tie him up again...

Chapter 745: Capture the Future Fourth Hokage

"Leave here! Konoha Sannin!" Sasori stood in front of Jiraiya and said lightly, "This is the war of the Uzumaki Country."

They don't need to rely on others!

Although I don't know why His Highness Xin did this, why only such a small number of people were sent here, or perhaps...

Why haven't the elite jonin appeared yet!

Lord Zimu, Lord Jie hasn't come yet?

But... This is the war of the Uzumaki Kingdom!

They didn't need Konoha's ninjas to help.

Even though he is a teacher at the Uzumaki Academy, he is still one of Konoha's three ninjas.

He just didn't believe that the Uzumaki Ninja couldn't catch this Konoha Ninja on their own!!

So...

Sasori led the uzumaki ninjas who were still standing and rushed forward.

The honor of the Uzumaki Kingdom will be protected by the soldiers of the Uzumaki Kingdom!

However, just as Minato avoided the rushing Uzumaki Ninja and was about to destroy another chakra cannon...

A red figure suddenly appeared in front of Minato...

Minato quickly retreated, trying to dodge with a spinning kick...

Another figure appeared behind him.

Then...

A set of processes...

He found that he could no longer use his chakra!

"It's been a long time since we last met..." Uzumaki Xin looked at Minato with a smile and said, "Minato!"

"It's you!!" Minato looked at Uzumaki Xin in front of him in shock, then he calmed down and said lightly, "Sorry!"

He didn't expect that the Daimyo of Uzumaki Country would appear here.

He sighed with a wry smile in my heart...

Back then, he had received great favors from others, but now...

"I..."

Before he even say anything...

"Boy, Minato..." Jiraiya walked over with a frown and opened his mouth to say something, "If you..."

Finally, he sighed, but didn't know what to say...

This is war after all!

However, if there was really any danger, Jiraiya put his hands behind his back and he would do his best to protect Minato.

Uzumaki Jun patted Minato's shoulder, looked at Jiraiya, and said with a smile, "Don't be nervous."

Call Sasori over...

"Your Highness Xin!" Sasori sighed, hesitated for a moment, and said, "I'm sorry..."

"We've let the enemy ashore."

It seems that the equipment needs to be upgraded this time!

Whether it's a chakra cannon or something else...

When the time comes, I will talk to my dad about how to improve it.

"It's pretty good." Uzumaki Xyn looked at the ninja lying on the ground and the ninja who insisted on standing up, nodded, and said, "This space ninjutsu does have some bugs."

It seems that Minato still showed mercy and only knocked the man down without killing him.

Indeed, this ninjutsu can be said to be 50-50 against anyone once learned. Unless 600 billion detonating tags cover all his range of action, or his relatives are captured to threaten him, they can only hurt him.

Otherwise... If you can't beat them, they'll just run away!!

Why did Ab let Minato die?

I guess it's because of Minato that Konoha will unify the ninja world sooner or later!!

And at this time...

Kushina, Naga, and Lucci also appeared.

Uzumaki Xin waved his hand, called Kushina over, and whispered a few words into Kushina's ear...

Then, with everyone watching...

Uzumaki Xi nodded with a strange expression and said, "I understand! I'll make arrangements."

Then he walked to Minato and looked at him expressionlessly...

Chapter 746: Unbelievable Calculation

Minato shook his head with a wry smile, glanced at Uzumaki Xin, and said, "Can you tell me what you want to take me to do?"

His chakra is now sealed, and there are so many ninjas here, and some of them also know space ninjutsu...

Daimyo of the Uzumaki Country!

How can he run away?

"Don't worry." Uzumaki Xin said with narrowed eyes, "I just want you to contribute to the peace of the ninja world!!"

So... don't worry!!

Seeing this scene, Jiraiya felt relieved. It seemed that Uzumaki Xin had no intention of hurting Minato. Although he didn't know why he asked Minato to go down, but...

Since he doesn't kill Minato now, he won't do it next time.

Because people don't need to go through so much trouble!!

Uzumaki Xinn ignored Jiraiya and touched the chakra cannon next to him. He looked at Sasori and said, "How many were destroyed?"

"Twenty-four." Although Sasori didn't know what His Highness Xin was going to do, he nodded honestly and said, "A total of twenty-four chakra cannons were destroyed."

"Bang!"

Uzumaki Xin smashed a chakra cannon next to him with a ball and said, "What now?"

"..."

This...

Sasori nodded in understanding and said righteously, "25 gates! I was wrong just now. A total of 25 gates were destroyed by Konoha ninjas!"

However...

"Oh!" Uzumaki Xin sighed. People who study science and engineering are really too practical!

"You calculated wrong!!"

Uzumaki Xin looked at Sasori seriously...

"It's 250!"

"Write this down and report it to Lucci later."

As the victorious nation, it wouldn't be unreasonable to ask for some compensation!!

"..."

When Jiraiya heard this, his face froze. This kid... In the end, he sighed and said nothing.

Old man...

Sorry!!

And Sasori... Nodding in shame, he..., are still too young!

"I'm sorry, I've never been good at math." He looked at Uzumaki Xin with shame and said, "I almost caused great losses to the country."

That's right!!

That's 250 doors!

He miscalculated.

He needs to brush up on his math skills after the war, otherwise, it's no use making mistakes all the time!

Uzumaki Xin nodded in satisfaction, and then...

When Jiraiya was not prepared, he pressed five fingers directly against Jiraiya's abdomen and said, "You'd better not get involved in what happens next."

Jiraiya felt his chakra being sealed, his expression suddenly changed, and he said, "What do you want to do?!"

"This is war after all." Uzumaki Xin looked at the fleets of the three major ninja villages approaching and said lightly, "War..."

"It's fatal!!"

He waved his hand, ignoring Jiraiya's scolding, and asked the others to take him away.

"I'll leave the rest to you." Uzumaki Xin looked at Naga and said, "I will stop the shadows of other ninja villages."

The rest...

This is the home ground of the Uzumaki Country!

Then, he returned to the original mountain with a Flying Thunder God Technique and faced his clone...

"It's all recorded!!"

Chapter 747: He miss Black Zetsu

"It's all recorded." Uzumaki Xin's clone nodded, took out a camera, handed it over, and said, "Konoha's Golden Flash single-handedly confronted the Uzumaki Country troops, and in order to protect Konoha, he angrily rebuked the Konoha Sannin."

"I recorded every second of it."

"That's good." Uzumaki Xin raised the corner of his mouth slightly, revealing a mysterious smile, and said, "Then we can promote it."

This is Minato's hope of becoming Hokage!!

As for Jiraiya's betrayal in the video, he could only say sorry.

This is really unexpected!!

Think about why Minato died back then?

Why were there so few Anbu when the Nine-Tails attacked?

He guess one of them is the story of Uchiha. Back when Minato was not yet the Hokage, he asked Fugaku to meet him on the rooftop and said to him affectionately...

The day he become a shadow will be the day the Uchiha clan returns to the top!!

However...

Anyone who mediates the relationship between Uchiha and Konoha must die!

Just look at Shisui, who also made great military achievements for Konoha, and you will know that this successor of the Will of Fire was also gouged out of his eyes because of the Uchiha clan's affairs!

He had only made an appointment with Sarutobi Hiruzen on the rooftop, and he said that he didn't want to be an Anbu anymore and wanted to find a solution to the conflict between Uchiha and Konoha. The old monkey agreed and said, "Just tell me my name if you encounter any trouble."

But he didn't expect that as soon as he left the house, before he could even announce my name...

His eyes were gouged out!!

Uzumaki Xin would never believe that there was no old monkey behind this.

Who delivered Kushina in the anime?

It's the old monkey's wife, Biwako Sarutobi, and his childhood sweetheart, Koharu Tsutomu!!

As a result, after being kicked by Obito, he fell into a coma and only reappeared after the Nine-Tails incident was over.

Konoha was beaten to pieces by the Nine-Tails, but Sarutobi Hiruzen did not appear.

Tsk tsk!!

He can't think about it. If he keep thinking about it, ge be doing a disservice to Konoha's glorious image!!

"The next thing is the publicity." Uzumaki Xin touched his chin and muttered, "This kind of thing..."

Suddenly he raised his head and squinted his eyes in the direction of the Fire Country...

"Let's leave it to the professionals!"

Do you really think that he wouldn't notice if you secretly let in White Zetsu's clone?

So naive~

The corners of Uzumaki Xin's mouth slightly raised...

He miss Black Zetsu~

...

Chapter 748: Scamming Black Zetsu Again

"Achoo!!"

Black Zetsu rubbed his nose and muttered, "Why do I suddenly feel cold?"

Is this going to be a big deal?

"I felt it too." White Zetsu nodded and said seriously, "Why don't we just run away!"

This feels so familiar...

Every time...

Thinking of this, Whitei Zetsu seemed to sense something and quickly turned his head, and suddenly...

Looking at the figure that suddenly appeared behind him, his face froze, he laughed and said, "It seems that you haven't had breakfast when you went out this morning. Black Zetsu, let's go back and have breakfast first."

"Yeah." Black Zetsu nodded seriously and said, "I'm a little hungry."

He also felt...

It's that little devil!!

Is this the end of the rhythm?

Why did he suddenly appear here?

"Really?" Uzumaki Xin smiled at Black Zetsu and said, "In that case, why not take me with you."

"I'm a little hungry too."

"..."

Damn FU**!

Who wants to take you?

We don't want to see you at all.

Black Zetsu turned his head helplessly and said, "What do you want to do?"

At the same time, his feet were slowly sinking, and if something went wrong, he would run away immediately.

"Don't be nervous." Uzumaki Xin glanced at Black Zetsu's feet and said, "I just need your help with something."

"..."

That sentence again...

"Can you not help?" White Zetsu said carefully, "We are very busy recently!"

"What do you think?" Xin said with a narrowed eyelid and a smile, "It's just a small matter. Don't refuse. Believe me!"

"I am a kind person and I absolutely cannot bear to see such a tragedy as the separation of a mother and her child."

"Tell me!" Black Zetsu sighed inwardly. This brat really knew something. He said helplessly, "What do you need me to do this time?"

"It's time for our organization to take action." Seeing Black Zetsu's attitude, Uzumaki Jun nodded with satisfaction and said, "This is all for the peace of the ninja world."

"..."

I don't believe you!

"The Goddess Alliance is not yours." Black Zetsu looked at Uzumaki Xin seriously and said.

That's Mom's!!

"No..." Uzumaki Xin shook his head, narrowed his eyes, looked at him threateningly, and said, "It's ours!!"

"..."

You clearly didn't say that back then!!

You forced this organization on me.

But seeing Uzumaki Xin's dangerous eyes, Black Zetsu could only bite the bullet and said, "You're right!!"

so...

If you have something to say, tell me now!

Damn it!!

Chapter 749: Unknow Reason

"Master Zimu." Xie looked at Zimu beside him, frowned, and said, "What should we do next?"

It is obvious that as long as we block that golden-haired man, we can then use the chakra cannon to stop their advance. Why did His Highness Xin let people in?

And...

Although Lord Zimu and Lord Jie have come, their number is still too small compared to the three major ninja villages!

"Don't worry." Zimu patted Xie's shoulder and said with a smile, "You have performed very well."

Most of the troops led by Sasori are new recruits who have never been on the battlefield or even seen blood. It is very good that they can remain calm on the battlefield and obey orders to attack.

He also didn't know what His Highness Xin was thinking...

Why not just end the war?

Looking at the wounded being slowly carried away, Zimu sighed. Was this military training a success or a failure?

"Do you know why the Uzumaki clan was able to win the first war despite being at a disadvantage?" Zimu looked at Xie and said lightly, "The modern history class in the academy should teach that!"

"His Highness Xin's wise leadership and the concerted efforts of the people of Uzumaki Country?" Sasori narrowed his eyes and said, "I passed the exam that year."

The answer is simple...

You need to take out your everything for every monthly exam.

"Yes!" Zimu looked at Xie with a strange expression and said, "His Highness Xin's wise leadership and..."

The Uzumaki clan...

Shadow Clone Technique and Explosive Talisman...

...

"The Hidden Mist Village..." Mu Xinshu looked at the fleet of the Hidden Mist Village and said, "They don't seem to be in a hurry!"

"There's no way to rush it even if you want to..." Uchiha Kai nodded and said calmly, "With dozens of chakra cannons pointed at them, the impact of the ninjutsu is enough for them to withstand."

Just a mere water shadow...

Does he dare to run?

If he runs away, will the fleet still exist?

"But we can obviously rely on the Mizunoe clan and the Kaguya clan to hold on." Mu Xinshu frowned and said, "It's been so long since the Mizukage passed away, why is there still no other movement?"

What exactly does he want to do?

After hearing Yuki's analysis, Uchiha Kai frowned and pondered for a moment...

Indeed, if they continue to waste time, the Hidden Mist Village will undoubtedly be defeated. As a Kage, he absolutely cannot be so stupid!

So...

What on earth is he going to do?

Then, open the three magatama...

"This is..."

Kai suddenly widened his eyes and looked into the sea...

Five chakra veins are flowing!!

Suddenly he shouted, "Enemy attack!"

Chapter 750: Finally Arrive

No accident.

When the artillery fire stopped, the fleets of the three major ninja villages immediately arrived at the shore.

"Where's Minato?" Orochimaru frowned as he looked at the ruins on the shore, which were littered with broken metal and gun barrels. "And where are the ninjas from the Uzumaki Country?"

Why did they all disappear?

He suddenly felt something was wrong.

Especially Kakashi and Nohara Rin...

What is going on?

Teacher Minato should be waiting for them here!

Why is it gone?

Could it be that Mr. Minato has been taken away by Lord Jiraiya?

Only... Why haven't he seen any ninjas from the Uzumaki Country?

At the moment when the ninjas from the three major ninja villages came ashore...

"Swish!!"

Countless Uzumaki ninjas ran out and made seals with their hands.

Exploding Talisman!!

"Damn it! Detonating Talisman!!" The Third Kazekage saw this and immediately shouted, "Keep hidden!"

As soon as the words fell...

"boom!!"

A loud noise followed by a burst of fire.

"Dust Release: Original Realm Separation Technique"

"Magnetic Escape..."

"Earth Escape..."

"..."

All the ninjas used their defensive ninjutsu to resist the attack of the explosive tags.

After a while, the dust settled.

Looking at the huge hole in front of him caused by the explosion of the detonating talisman...

Zimu sighed inwardly and murmured, "Sure enough, the damage caused this time is not as serious as last time."

After all, the three major ninja villages are all here, not just the second generation Mizukage last time!

"Get started." Zimu said calmly, "Shadow Clone Technique!!"

Before they react, take action to solve the problem.

However...

"Get started." Ōnoki said calmly, floating in the air. "Remember your mission."

As a shadow, you should have the bearing of a shadow.

For example...

Looking at the Kazekage next to him, and Orochimaru representing Konoha...

They were all waiting for the Daimyo of the Uzumaki Country.

The legendary youngest and strongest shadow!

This is the unspoken rule of the ninja war. Unless they are forced to do so, the Kage of a village basically watches the ninja war from behind. Otherwise...

Kage's strength is too strong, and any slight mistake may cause huge losses.

So...

For the safety of the lives of the ninjas in each village, soldier against soldier, general against general is the unspoken rule on the battlefield.
