

## Uzumaki 751

### Chapter 751: Kage Confrontation

"Are you here?" Orochimaru licked his lips, squinted his eyes and looked at the red-haired young man who was also floating in the air, and said with a smile, "The Daimyo of Uzumaki Country!"

The situation wasn't too bad. Uzumaki Xin looked at the ninjas below. Although the number of ninjas from the Uzumaki Country was small...

But the detonating talisman and shadow clone still work.

Especially the armor invented by Sasori, which can fight and resist. Against ordinary jonin, it is basically a battlefield harvester!

Then...

"That old monkey didn't come!" Uzumaki Xin sighed in disappointment.

Sure enough, there is a reason why people can live so long. he guess that old monkey is thinking about it every day...

He couldn't die, he must not die. If he died, the next Hokage would definitely confiscate the Sarutobi clan's property to protect his children, and then spread rumors so that no one would know who his children and grandchildren were.

At the same time, in order to avoid being suspected by enemies in other villages, he had to constantly throw dirty water on them and send them to an orphanage, where they would eat expired food every day and receive subsidies that were not enough to eat enough.

After all...

He must have offended a lot of people back then, and when he died, someone would definitely come to take revenge. The next Hokage did this for the good of his child!

Otherwise, what if his grandson was killed by his former enemy?

So I can't die. As long as I don't die, my son and grandson will have a nanny when they go home, a bodyguard when they go out, and a private teacher when they go to class. There will definitely be a group of licking dogs following behind them, shouting...

"Master XXX, you can't die!"

"You have the qualities to become a Kage. You can't die here like us, so run!"

Only elite education can guarantee that one of our descendants will become Hokage!

Certainly... These are all Uzumaki Xin's guesses...

To be honest, he really didn't want to think like that, but when he saw Konohamaru's living conditions and Naruto's living conditions, he wanted to point at the old monkey's face and curse, "Why do you have so many ideas?"

Really...

It's a skill of his to be able to survive for so long!

If Orochimaru hadn't suddenly launched the Konoha collapse plan, the old monkey would have taken Naruto with him to fight against Madara!

As for the Tsuchikage Ohnoki...

That's because he can fly and use the Dust Release technique, and no one comes to kill him in the ninja village when he gets old, so he can live so long.

Uzumaki Xin narrowed his eyes as he looked at the representatives of the villages in front of him and said lightly, "The five major ninja villages..."

"Haha, how shameless!"

"Hmph!" Ōnoki snorted coldly, looking at the Daimyo of Uzumaki Country in front of him, and said, "As long as Uzumaki Country returns the rebel ninjas from each village and compensates for the losses in this war, Iwagakure will definitely retreat."

"If not..."

Ohnoki looked at Uzumaki Jun like an old senior...

Fuck you!!

"..."

Not only is the nose big, but the face is also this big?

Uzumaki Xin smiled and said, "Do you really think you can win?"

He is a strong man who can defeat 100,000 ninjas!

So...

"Rasengan!!" Uzumaki Xin called out to Orochimaru, who was staring at him with a smile.

That look is so disgusting.

"Rashomon." Orochimaru was stunned for a moment, then he used the summoning technique directly...

Seriously, he didn't say anything!

Why hit him?

However...

Chapter 752: Kage Ninja Fight

"Space Ninjutsu?!"

Looking at the sudden disappearance of Uzumaki Xin, Orochimaru's face suddenly changed.

"Boom!!"

Uzumaki Xin appeared behind Orochimaru and launched a Rasengan, but...

Earth Substitute: Crack!!

It turned out to be a substitute made of mud!

"Shadow Snake Hand!"

A cold sound, like being stared at by a snake, came from behind him.

Uzumaki Xin quickly used the Flying Thunder God Technique to disappear from the spot, and then...

"Fire Style: Dragon Fire Technique."

A huge flame appeared from his mouth and rushed towards Orochimaru.

"Triple Rashomon!" Orochimaru frowned, performed a summoning technique, and shouted.

Why does something seem a little wrong?

It seems that... His strength is not as strong as I thought!

Orochimaru narrowed his eyes suddenly, as if he had thought of something, and then...

"Come and help!"

He shouted to the Tsuchikage and Kazekage who were watching the show nearby.

These two shadows actually want to sit on the mountain and watch the fight between tigers?

Stop dreaming.

"Earth Style: Rock Golem Goren." The Tsuchikage frowned and watched the Whirlpool Daimyo's attack method for a while before muttering, "It seems different from what I expected!"

Although the strength did not exceed his imagination, but... Space ninjutsu is quite disgusting so...

"Magnetic Style: Sand Iron Rain." The Third Kazekage also prepared for a quick victory and shouted, "Surround his space."

"..."

Hearing the words of the Third Kazekage, Uzumaki Xin narrowed his eyes. The space surrounding him?

Is this because dying is too slow?

He just wanted to catch a scientist who could make a Gundam, and then wait a little longer before taking action slowly.

After all, below... These ninjas could already tell that the blades the village chief had bought for them...

It's totally useless here!!

Oh~!

It seems that he will have to change my alias to sell equipment in the future. By then, the name of Tendo Pain will be everywhere.

And do you really think that after so many years, his strength has remained stagnant?

Now... It's time to end it.

He has to rush to the battlefield in the east...

Something seems to be wrong over there!

Chapter 753: Ninja Body Limit

"Stop him!" Chan heard the call for support from the Water Country battlefield and rushed over immediately. Looking at Uchiha Kai and Mu Xinsu fighting in front of him, he said, "We absolutely cannot let them enter the inland!!"

You know, the inland areas are just a bunch of civilians!!

If ninjas enter, it will definitely cause serious casualties and losses to the country!

Absolutely not!

However, the Uzumaki Nation's main forces are currently deployed on the battlefield in the Land of Fire, hoping to rely on these ninjas to fight against the numerous ninjas from the Hidden Mist Village...

It's really troublesome!!

Watching the Uzumaki ninjas whose lives were constantly being harvested.

Shigeru's heart was suddenly filled with rage, and he quickly rushed towards a Mist Ninja who was screaming while killing people...

Looking at the two lightning ninja swords in his hands.

Black Hoe Thunder Fang!!!

Chan's eyes fixed...

Unexpectedly, the person who came ashore was one of the famous Seven Ninja Swordsmen of the Hidden Mist Village!

Although his strength is not enough compared to the Seven Ninja Swordsmen of the Hidden Mist Village.

But he won't retreat!!

Because this is why he joined the army, and why he has been working so hard!!

He would never let any enemy in.

"Ah!!" Chan shouted angrily, "Everyone else, retreat and continue to fire at the Hidden Mist Village!"

We must never let the ninjas from the Hidden Mist Village go ashore!

"Haha!" Looking at the uzumaki ninja that suddenly appeared in front of him, Kurochu Raiga sneered and said, "A pure physical ninja?"

You are really looking for death!!

You have to know that he is holding the Thunder Blade Fang in his hand. How can he resist the lightning from the Thunder Blade Fang by relying solely on physical skills?

so...

Raiga kept waving the two swords in his hands, and Chan kept dodging carefully with his body.

Can't attack at all!!

"Squeaky!!"

Suddenly, Raiga cut a gash on Chan's right arm.

"Captain Chan?!" Mu Xinshu panicked and shouted when he saw this scene.

"It's okay." Chan took a step back, looked at the smiling Raiga in front of him, frowned, and said, "Don't worry about me."

It seems that the speed can't keep up!

Is this the strength of an elite ninja?

Chan clenched his fists. No matter how he trained, he couldn't make a breakthrough.

He... He had already reached the limit of his physical skills.

Chan shook his head with a wry smile, he remembered what Grandpa Madara said at that time.

That day...

"Grandpa Madara, my body has reached its limit."

Since he couldn't make any more breakthroughs, he went to ask Grandpa Madara if he had any solution.

But... Grandpa Madara glanced at him disdainfully, then closed his eyes and said nothing...

Just when Chan thought that Grandpa Madara didn't know either and was about to turn around and leave in disappointment...

Chapter 754: Gap of Taijutsu

"The human body has its limits." Grandpa Madara said calmly, closing his eyes, "But ninjutsu has no limits."

"You have reached the limit of what a human being can do. If you continue, your body will only sustain hidden injuries and you won't be able to break through."

"Then how can I break through?" Chan frowned and asked, "Now no matter how much I train, I can't see any improvement. Even if I intensify the training, my muscles will ache and become weak!"

That's why...

He went to the hospital several times and was told that if he continued like this, he would become paralyzed sooner or later.

"I don't know either." Madara looked at Chan with an expressionless face and said lightly, "I advise you not to be a ninja."

"Otherwise, if you continue like this, you'll just be a waste!"

Uchiha Madara is a genius, how could he know the training methods of a loser?

"I..." Chan heard it, clenched his fists, a disappointed expression on his face, and murmured, "Are you really going to give up?"

Is it true that you can't become a strong person if you can't use ninjutsu?

My hard work over the years...

And what is it for?

Just when Uchiha Madara thought he was going to give up...

"I won't be disappointed."

Chan suddenly raised his head and shouted, "I will definitely become a truly strong man."

Looking at Uchiha Madara with a determined look, "I will tell Grandpa Madara when the time comes..."

"Even if you don't know ninjutsu, you can still become a truly strong person."

Then, he rushed out without looking back.

He can do it!!

"Idiot!!" Madara opened his eyes, looked at the background where Chan was leaving, and said lightly,  
"What an idiot!"

But...

"Maybe it's really possible!!"

...

"You're still distracted?" Just as Chan was thinking about it, Raiga suddenly appeared beside him and sneered, "Are you asking me to prepare a funeral for you?"

Then...

"Puff--!"

Chan quickly did a back kick, trying to dodge the ninja sword's attack...

"Lightning Style: Thunder Fang!"

A flash of lightning appeared...

"Squeak!!"

Flash!

Chan looked at his cut chest.

Fortunately, the injury was not serious, otherwise he would probably be unable to move now.

But the paralysis of thunder and lightning...

Now Chan is still unable to move...

"Let me hold your funeral now!" Kurochu Raiga looked at Chan in front of him and said with a smile, "A useless Taijutsu ninja."

He didn't even want to know the name of such a useless ninja!

so...

Just go die!!

"Waste?" Chan shook his head with a wry smile and said, "You're right..."

Chapter 755: Chan's Strength

"Waste?" Chan shook his head with a wry smile and said, "You're right..."

He has always been a piece of trash!!

He could feel the paralysis effect slowly wearing off, but the Lightning Blades in front of him was getting closer and closer...

This time it might really be over.

Looking at this scene, Chan's heart calmed down. Since he became a ninja, the ending might have been determined.

Is it really impossible for a pure physical skills ninja to become a strong one?

Chan felt disappointed, but...

"It's over!" Raiga had already reached his side, raised his sword, and said lightly, "Don't worry, I will hold funerals for others later."

As soon as the words fell...

He promised Grandpa Madara!!

"I will!" Chan suddenly opened his eyes and roared, "I will definitely become a strong man!!"

Just as the Thunder Fang fell...

Chan's speed seemed to increase, and he quickly did a backflip kick and then a backflip to avoid it! !

"This?!" Raiga held the Thunder Fang, looked ahead, frowned, and muttered, "My strength and speed suddenly increased?"

But...

"It's still just trash!"

"Waste?" Chan looked at Raiga expressionlessly, feeling the changes in his body. He...

It seems he found the way back!

But now is not the time to get excited, feeling the comrades falling around me...

"Ninjas from the Hidden Mist Village..." Chan quickly put aside his excitement, looked at Kurochu Raiga, and said calmly, "You are not welcome in the Land of Uzumaki!"

Then...

"Puff!!"

Suddenly, a yellow light appeared all over his body and he rushed forward.

"Strengthened again?!" Kurochu Raiga felt the vibration from the knife and said in surprise, "What kind of ninjutsu is this?"

However, Chan ignored him, raised his foot, and waved his fist...

I can do it, I can do it, I can definitely do it!!

This is his belief!

Defeat any invaders and protect the Kingdom of Uzumaki!

So...

After it's over, he will tell Grandpa Madara that a pure physical ninja can also become a strong one!

But... But no one noticed...

A figure suddenly appeared in mid-air, quietly looking at Chan...

"I didn't expect it to actually work!!"

Then...

He glanced at the Seven Ninja Swordsmen... Five, and said calmly, "It's time for this drama to end."

How dare you use the Mist Hidden Assassination Technique in the Land of Uzumaki?

You really don't know how to live or die!

Just when he was about to make a move...

"Call out!!"

Sudden...

A ray of light appeared!

A kitchen knife suddenly rushed towards a middle-aged man who was holding a knife in his left hand and a hammer in his right hand, destroying a chakra cannon!

Chapter 756: Traitor vs Invader

"Who the hell was that?" The wild-bait man, carrying a sledgehammer and holding a large knife in his right hand, looked at a sharp-toothed man and a fat orange-haired man walking by and said calmly,

"So it's you two traitors!" He glanced at the kitchen knife he had thrown to the ground and said, "Tsk tsk, what's wrong?"

"Where are the beheading sword and Samehada?"

"Playing with kitchen knives."

He spat on the ground with disdain...

"Your new master didn't return your weapons?"

"Eh..." Fuguki Suikazan was silent for a moment. Finally, he sighed and said, "You don't understand!!"

The beheading sword is at the slaughterhouse, and as for Samehada...

He doesn't know where it is?

It might have been dissected, after all, Samehada is a rare creature!

"We're not ninja anymore."

"Nonsense." Tongcao Yebairen sneered, "A traitorous ninja, which ninja village would allow you to continue to be a ninja?"

He guess these two are starving in the Land of Uzumaki and are constantly being laughed at!

But... They can't come back!

"Traitorous ninjas are not tolerated by all ninja villages. Why don't you find a place to hide honestly? How dare you show up?"

"Alas!" Fuguki Suikazan sighed and said, "You may not believe this, but we're actually doing pretty well."

What's so good about being a ninja?

Now they are the boss and second boss of Ninja Blade Fish Restaurant at No. 17 Commercial Street...

So many years have passed, and he bought two houses, a shop, and two cars.

And Juzo has already married and had children.

If it weren't for the lack of manpower...

They all want to open branches, set up groups, establish brands, and reach the peak of their lives.

However...

Tongcao Yebairen held up his ninja sword, looked at XFuguki Suikazan and the others calmly, and said, "Leave here. For the sake of our friendship as seven ninja swordsmen, I will let you go today."

You are kidding me!!

He doesn't even have a ninja sword or a ninja vest, and yet he still says he's doing well?

Looking at Biwa Juzo in slippers...

He firmly believes that...

These two people are probably too poor to buy good clothes! !

"Tsk tsk!" Fuguki Suikazan looked at the Tongcao Yebairen with disdain and said, "You're so arrogant!!"

Just when I was about to make a sarcastic remark...

Chapter 757: Xin's Idea

He originally planned to take action.

But when he saw that the situation was not bad, Uzumaki Xin stopped.

War always results in death.

As for... Why don't you do it yourself?

If everything depends on him, why did he establish an army in the first place?

Why do we still need to deploy defenses domestically?

Wouldn't it be better to just push forward in one wave and unify the ninja world?

But what in the end?

Is it really up to the Uzumaki Country to rely on such a small number of people to maintain order?

Stop dreaming!

The root of evil will eventually be planted. If he could be immortal, invincible in the universe, and beat the Otsutsuki clan to call me daddy, that would be fine, but...

What if there was an accident?

Are we going to stay in the Uzumaki Kingdom forever and be its protector? And just because we're worried about people dying, should a country stop training its soldiers?

If we don't train this time, next time, or the time after that, what will happen in the future?

Where are the veterans from?

A ninja who has never seen blood...

Tsk tsk!

They are just a bunch of trash!!

And when everyone becomes dependent on you, what if one day you suddenly disappear because of something?

You will definitely be scolded like a dog!!

The other ninja villages were at war and undergoing brutal training, so the Uzumaki Country was full of green recruits...

The Uzumaki Country will be destroyed!!

If this continues, where will the strong people appear?

How could Chan possibly break through?

So...

To promote the development of the Uzumaki Country within a controllable range of danger is Uzumaki Xin's goal.

Otherwise, just a quick calculation, the entire ninja world was killed, leaving the Uzumaki Country to continue to reproduce and thrive?

Then... If he really disappear one day, won't civil war break out again in the country?

So, although this is cruel...

But isn't this the purpose of soldiers defending their country?

The people of the Uzumaki Country voluntarily join the army, and they already have this awareness when they join the army.

When the soldiers are not lying down, they will not let any enemy in!

As for myself...

He couldn't protect the Uzumaki Country forever. He would gradually improve all the rules and regulations. When the Uzumaki Country and the Ninja World left him...

It can still develop harmoniously and stably!

So, now... Let's deal with the Mizukage's matter!

Uzumaki Xin narrowed his eyes and watched the Kirigakure fleet approaching...

War means death!

Seeing so many people from the Uzumaki Country lying down, he still felt a little uncomfortable.

But...

As long as more people from other ninja villages died, he would feel happier.

Chapter 758: Raikage's Different Idea

Northern Theater Command.

Even the war in the Hidden Mist Village has started.

Over here...

Why can't we see the fleet of the Land of Thunder yet?

"The Fire Country should be over." Yahiko frowned and looked towards the Lightning Country, puzzled and said, "What on earth does the Hidden Cloud Village want to do?"

Are they all seasick?

Otherwise, why haven't we seen any ninjas at this time?

Just as Yahiko was lost in thought...

"Yahiko, Nagato." Konan came over and greeted, "How's the situation here?"

Why is it so quiet?

"Still hasn't appeared." Yahiko shook his head and said, "What about the three major ninja villages?"

"It's over." Hearing Yahiko's words, Konan suddenly showed an excited expression, "His Highness Xin is really amazing."

"Killing the Kazekage and capturing Orochimaru, one of the Three Ninjas, is the final..."

"That big-nosed old man ran away."

Konan sighed regretfully...

"It seems that something went wrong on the eastern battlefield. Otherwise, that big-nosed guy would definitely not be able to escape!"

"Is that so..." Yahiko nodded and said, "It's almost over!"

It's the Hidden Cloud Village...

What are you doing?

"Where's Brother Xin?" Nagato yawned and asked, "Where did he go?"

"We're going to provide support in the east," Konan said. "I believe His Highness Xin has gone there, and the situation there should be almost over."

His Highness Xin faced two Kages and a Kage representative, but he was still able to annihilate the other side's strong men!

that is...

It's been so long, why is it still so quiet here?

...

"Lord Raikage, are we really not going to speed up?" A Cloud Ninja frowned and said, "If Konoha and the others..."

"Don't worry." The Third Raikage folded his hands in front of his chest and said calmly, "Let's wait and see in a few days. If Konoha succeeds by then, we will speed up."

To have a share of the pie, if you don't succeed...

"Let's just turn around and go back to the village."

Let's see what to do?

And the Uzumaki Country...

We haven't offended them, so why would the Hidden Cloud Village join in the fun?

The most important thing now is the legendary ninja sword of Konoha and the Hidden Mist Village. If the Hidden Cloud Village doesn't get it...

The situation in the five major ninja villages will sooner or later go wrong.

so...

As the Kage of Kumogakure, he must be prepared!!

After all, not everyone is as stupid as the first Hokage, Hashirama Senju... ahem, kind and peace-minded!

That ninja sword is too dangerous...

If someone really awakens the spirit of the ninja sword at that time, a real war will definitely break out.

And then...

Where will the Hidden Cloud Village go?

"I understand." The Cloud Ninja nodded and said, "In that case, I will send some Anbu to investigate the situation in Konoha and the Hidden Mist Village."

Chapter 759: Different Target

"Stop!!"

Hearing the sudden silence from the three major ninja villages, Mizunoe Kiyomi quickly waved his hand to stop the fleet from continuing to sail, muttering, "What's going on?"

Especially that blinding firelight just now...

It seemed that he was really uneasy.

"Mizukage-sama." The Assistant Mizukage saw the Mizukage suddenly stop the fleet and hurried forward, asking in confusion, "We are almost landing, why don't you continue sailing?"

Although it seems that Lei Ya and the others have been stopped on the shore, but...

The current artillery fire is nothing to them.

As long as it takes a while, we will definitely be able to get ashore, attack Black Fang directly, and avenge the humiliation we suffered in the past.

However...

"The Uzumaki Country is not that simple." The Mizukage frowned and said lightly, "Although our five major ninja villages now have the upper hand, we still should not take it lightly."

He doesn't want to make the same mistake as the second generation back then!!

Only... Mizunoe Kiyomi looked at the Seven Ninja Swordsmen on the shore...

If we don't go ashore soon, the good situation may be ruined.

Moreover, the two traitorous ninjas, Biwa Juzo and Fuguki Suikazan, were right before his eyes. As a Kage...

How can I just stand by and watch?

But the Mist Ninja behind him...

There can't be any more accidents in the Hidden Mist Village!!

At this time...

"Hey, isn't this the Hidden Mist Village that's so poor it can't even redeem its own ninjas?"

Suddenly, a teasing voice appeared above the fleet...

"Swish!!"

Mizunoe Kiyomi quickly turned around to look at the red-haired young man who suddenly appeared on the deck, frowned, and said, "Daimyo of Uzumaki Country!!"

Why did you suddenly appear here?

Could it be...

"Konoha and the others..."

"It's over." Xin nodded and said, "Do you know about the fireworks that were just set off?"

"It's just to celebrate the end of the war early."

"..."

really...

Mizunotsuki Jingyi fell silent, looking at Uzumaki Xin coldly...

"If the Hidden Mist Village surrenders now..."

"Impossible." Uzumaki Xin shook his head, staring at the water shadow calmly, and said lightly, "Starting a war..."

"You'll have to pay the price eventually!!"

If you just give up when you're at a disadvantage, and then you don't lose anything, then...

Isn't the entire ninja world in chaos?

So... Konoha has set a bad precedent!

"Mizukage-sama." The Assistant Mizukage stood up, pointing at Uzumaki Xin and shouting, "Don't believe him, he must be a liar. How can a mere Uzumaki Country possibly withstand the five great ninja villages?"

This is absolutely impossible!

That's Konoha, Iwagakure and Sand Village!

Can a mere Uzumaki Country resist it?

However...

Chapter 760: Land of Water Secret Weapon

"Haha." Uzumaki Xin sneered and said, "Whether it's a lie or not, you'll know when the time comes."

Now...

"Stay here!"

As soon as the words fell...

"Ice Release Secret Technique: Magic Mirror Ice Kill." The Mizukage took the lead in attacking and shouted, "I'll hold him off, the rest of you retreat!!"

"Mizukage!!" The Mizukage Assistant was stunned and said anxiously, "We are not afraid. With so many Mist Ninjas, we will definitely be able to stop him."

"Shut up." The Mizukage roared, "Get out of here now."

However...

"Ka-!"

The magic mirror was shattered directly.

The Assistant Mizukage saw this and knew something was wrong, so he quickly shouted to the fleet behind him, "Retreat!!"

"Everyone retreat!!"

Really...

The Daimyo of the Uzumaki Country could show up here alone...

It really is a solid foundation!!

Could it be... The Mizukage Assistant stared at him in disbelief...

Already possessing the power of the God of Ninja World?!

But no matter what, these Mist Ninjas absolutely cannot stay here.

Otherwise...

The village will be in chaos!!

He stood beside the Mizukage-sama with a determined look...

As the Mizukage's assistant... For the Hidden Mist Village... Absolutely no refund!!

Mizunotsuki Kiyomi sighed inwardly, and without letting the Mizukage leave, he pulled out a knife from his blade bag...

"Frostmourne?" Uzumaki Xin was stunned and looked at the water shadow with a strange expression...

What is this for?

Could it be...

"Frostmourne." The Mizukage looked at the ancient hilt in his hand, stroked it, and murmured, "As a national treasure of the Water Kingdom..."

The danger we face now...

But... as long as they awaken the sword spirit, they, the Hidden Mist Village, will definitely have a chance!

Frostmourne still didn't react at all.

The Mizukage sighed inwardly, it seemed that he was not the one who could awaken the sword spirit!

And the Uzumaki Xun on the side...

It's so embarrassing.

Seeing this scene, he felt quite embarrassed!

Suddenly I feel that Black Zetsu, that bastard, is really...

It's so immoral!

What?

Is the ninja sword from the Uzumaki Country?

That's true, but...

That fake stone tablet was made by Black Zetsu!
