

Uzumaki 78

Chapter 78 - Konoha Again

Now looking at them, Patriarch and Elders are confused, how are they injured when they just move hidden from other.

"What happen?"

One Elder asked suspiciously, knowing that they had plan everything long ago that they would retreat of something couldn't done by them alone.

And even there's a group of CPO monitoring, Xin left a message that they will only move when the Uzumaki Representative can't take the enemy anymore.

This is just trading so there's no way they fight on their way.

"It's Anbu and Root." One Uzumaki Shinobi looked at each other, and finally said decisively." Konoha Anbu and Root.... "

"We discover them long ago when we step out of the Uzumaki Kingdom, I don't know why they suddenly encircle us and wanted to take us away so we refuse."

"..... And finally they attack us, taking us in surprise..... "

Hearing this words, Patriarch Uzumaki and Elder can't help but to feel angry, how can such thing happen inside of Fire Kingdom.

You know that war end yesterday and the force of each village is called back to recuperate so it's not appropriate to send Shinobi to ambush them.

Sarutobi Hiruzen would never dare to be so open like this, the image of amiable village chief that was portrait by other would definitely not be ruined so easily like this.

Then.... The Root.

However, regardless of the Uzumaki, whether it's the part of Root or Anbu, they still all part of Konoha Village.

There someone moving behind the scenes, some want to eliminate them openly.

"What so you can think?"

"I think it's not Hokage-sama will do such thing." Nara Shinobi who just come out heard what Uzumaki Shinobi report can't help but to be shock.

Hokage is not a fool, they can't just openly attack their allies without any reason, this is idiotic and no one will do such thing openly.

Except..... Root Ninja.

Nara know those fools, Shinobi Tools that creates to protect Konoha in the Dark, the only person who hold such powerful is Danzo, the second in command in Konoha.

But why? Did Hokage asked him to do this? And why there's Anbu include in their group? Did Hokage send them to ambush the Uzumaki?

If yes, then Nara can tell Hokage did something unwise.

Not sending a troops and bluntly send Ninja to ambush Uzumaki is wrong move.

This made the two village become tense to each other.

"Do you think my people is lying?" Old Patriarch look at Nara Shinobi coldly making Nara Shinobi shiver in fear.

"N-No it's not that Lord Patriarch! I just thinking maybe they are not part of Konoha and just a trap made by other village."

Patriarch look at the Uzumaki Shinobi who just reported and asked." Do you have evidence for what you said just now?"

Uzumaki Shinobi look at Nara Shinobi, he then take out some items and place it in front.

Dog Tag

Konoha Medical Kit

Anbu Animal Mask

Mission Scroll

Bloody Tongue with Curse Mark

And Blood Stain clothes with Konoha Clan Marks

"Now tell me, if this is not from Konoha, why they carry this?"

They then look at Nara Shinobi, waiting for his answer, but how can he answer when the evidence is clear as water.
