

Uzumaki 80

Chapter 80 - Mizukage Finally Move

"Compare with the name of Uzumaki Kingdom, the Patriarch of the Uzumaki Clan is the one who everyone believe now."

"You brought them victory."

"The Uzumaki Kingdom doesn't need anyone who have bigger name or famous."

"The Uzumaki Clan has no cowards, and we are not afraid of any difficulties."

"And we old guys will always support you."

"As for Konoha..... Do what you think you should do, don't be so easy like us on our time, be ruthless to your enemy."

"When time comes, we the Old Guys of Uzumaki will asked them settle the account."

Hearing the words of the clan Elder, the other Uzumaki around sighed helplessly.

All this is because of the Uzumaki Kingdom is too weak, if the Uzumaki Kingdom is stronger than any of other country, then how can they dare to conquer them easily?

"Don't worry, the Uzumaki Clan is not weak as you thinking, we are strong."

That's right, Uzumaki Clan is strong, they become strong when Xin finally got the leadership of Uzumaki Clan.

With the CPO and Shadow that he created, and the things he is still hiding, plus the Three Tail Beast who already nesting on the coast of Uzumaki, the Uzumaki Kingdom is strong.

Maybe not strong as other but strong enough to stand up shoulder to shoulder with other Great Ninja Village.

What they need is time to digest all things Xin prepared, and accumulate huge resources for the upcoming change of the Uzumaki.

Xin can tell that is the timeline is right, before the Third Ninja War explode, no one can fight the Uzumaki Kingdom anymore.

"Young Master, the Hidden Mist Village asks for negotiation!"

Finally here, the last negotiation.

The war started at this moment, and it should end here.

....

The Hidden Mist Village has fallen to dire states, when they first got the negotiation with Uzumaki Clan, they righteously rejected them.

But this time it's different, the Hidden Mist Village is anxious tight now because of the Hidden Stone Village suddenly move.

Gengetsu Hazuki, the Second Mizukage a member of Hazuki Clan held a cup in his right hand, angry making him want to find Tsuchikage and fight him to death.

They are all scummers, they don't have credibility.

Although he hasn't won the Uzumaki Kingdom, h hasn't obtain any Sealing Technique, and even send all the remaining Shinobi outside to fight but in the end he got betray in the end.

And the one who betrayed him is the one who invited him to go war with Uzumaki Clan.

Obviously everything is according to plan, they even start to allocate the loots they will going to get but now they went go back to their words.

He feel that the name of Tsuchikage become meaningless.

"Promise to the condition of the Uzumaki Kingdom!" Gengetsu Hazuki sighed, and it seemed to to have used all his strength to say any more.

"The Hidden Mist Village has run out of time, and all this needs to be resolved immediately... "

"Otherwise..... *Sign~."

"Otherwise, the boundary of the Land Kingdom will collapse and the loss will be even more serious at this time."

"We must rush over there at once, as for money, let my clan pay for it!"

"Lord Mizukage..... " Mizukage's Representative want to say something but at least he can only sighed, he dont know if the decision of starting ear with Uzumaki Clan is really worth or not.
