

Uzumaki 91

Chapter 91 - Food War

While thinking, Xin already have the range of money when the Hidden Mist Village have, with this data, he can play the Ninja World Stick Market Exchange.

"Tell them that the Hidden Stone Village but our item for triple the amount of market price."

"Triple?" The Uzumaki Shinobi was stunned.

Triple? That's so pricey, the price they give to Hidden Stone Village is only double the original price then suddenly the price become triple.

"That's right, don't worry, the Hidden Mist Village will take it."

"Ah! Yes!"

The Uzumaki Shinobi go out to inform the Kiri Shinobi that is waiting.

"What! Triple the price! Is the Iwagakure is fools!"

"I'm only information you, they really buy it with such price, even us can't understand what they are thinking."

".... I see, hold down first, I will inform my Leader first."

Kiri Shinobi left and come back after half hour, this time they are group, the leading man is different than the pretone who come for Negotiation.

"Hello Friends from Kirigakure."

"Hello Uzumaki Shinobi, I come to ask if the price of the goods is really triple."

Uzumaki Shinobi nodded." I don't know why the Iwa Shinobi want to pay that price but it seems that they look desperate."

The Kiri Shinobi Leader's face turned bright, how can't he understand such a simple thing, this only means that Iwa Shinobi have a huge food problem.

This is great, not only they can weaken the Iwa Shinobi Army, they can also give enough time for Kirigakure to prepare.

"Please inform your Young Master, we would like to offer a trade for all the foods you have and we would like to buy it for 4x market price!"

"Gladly."

...

Back to Xin's office.

"Young Master, they want to buy our food for 4x the market price! This is awesome I think the world is in a tight spot now."

"Don't worry, Madara still not active the Infinity Tsukoyomi..... " Xin murmured while doing paper works.

"What did you say Young Master?"

"Nothing, now we will go to fish, call Kizaru and I want him to go in Kirigakure to inform that Kirigakure's sudden purchase."

The Uzumaki Shinobi heard this can't help but to look at Xin, he is looking at the small devil, how can he so bad to think letting two Great Village to fight for goods.

But he like it, Young Master is smart.

"Yes!"

.....

"What!? Is the Kirigakure is fools or insane! Four times the market price!" The Iwa Shinobi Leader can't help but to smash the table in anger.

They are waiting for the food to come to feed their soldier but what they get is the despicable move of their enemy.

How can they become so smart purchase the important food they want with such incredible price.

"What are we going to do leader?"

"What the Uzumaki Clan reaction form this?"

"They said they sell it to the oen who pay more."

Bang!

Another chakra burst coming from the commander's tent for the second time today.
