Five minutes before midnight a shadow suddenly appear inside of the perimeter, no one noticed the strange shadow until it stop in front of the Iwa Shinobi Leader.

"This?"

"Be alert!"

"Enemy!"

"Enemy!"

In instant everyone from five meters appear around the strange shadow, they are holding Kunai, Shuriken and Detonate Talisman.

Everyone is in high alert, everyone from behind is already starting to use seal slowly to release it if the enemy appear.

Second later a hand appear, the strange hand show open palm and they see a Clan Symbol.

"This?"

"Uzumaki Clan?"

The Hand wave at them and then from the shadow a petite girl slowly come out.

The Iwa Shinobi Leader raid ehis hand stopping them, he is sure this young girl is from Uzumaki, with that red hair symbol and the clan emblem on her left shoulder, she is member of Uzumaki Clan.

"Uzumaki Naga?"

The petite girl nodded, she then slap the ground making her shadow spread around.

"What are you doing?"

Naga give a silent gesture and then after the shadow finally stop, hundred of sealing scroll start to come out form the shadow.

"This!?"

This is the third 'this' of the Iwa Shinobi Leader, he feel suddenly become stupid, as if he don't know what happening around him.

Naga look at him like a idiot and slowly whisper." It's a Jutsu."

"Shadow Release: Pocket Shadow."

"This is a Blood Limit not Time and Space Jutsu?"

Naga slowly nodded.

She is then open her palm giving a gesture towards the Iwa Leader.

"?"

"What's the matter?"

".... Payment.... "

"... Wait a minute we will check the content first."

Naga nodded at them and finally said." If you try to run away without paying I will pull all of this as my Young Master sell it to Kirigakure..... Don't fool me I can pull everything back to my shadow in instant."

"..... And if you try to attack me I will only hide into the shadow and report this to Young Master..... "

The other who want to attack her stop, they felt that it's not worth to attack her when they already have bigger enemies in front.

Iwa Shinobi Leader nodded, he ask them to check the content of the Sealed Scroll and then paid after confirming the content.

But not like Naga who deliver the goods inside of hundred of container, Iwagakure is more inhuman.

The Iwa Leader pull the tarp and show the money that is scattered around and proudly said." The same as what we deal, we also add the delivery fee and the counting fee for you."

He can't help but to laughed." If you are fast enough, maybe you can take everything after counting, but I will warn you as your big customer, the Kirigakure will not let this slide easily, I'm sure they are already in their way here so better count it fast and get away here."
