

# THE GREATEST VILLAGE DOCTOR IN THE WORLD

## Chapter 12: The Village Chief's Fury

Ling Feng went to the market to buy some cages, then returned to Shiliu Village.

In the afternoon, he ran up the mountain, and once again set about catching pheasants, just as he had done the previous day.

Thanks to practice making perfect, it took him much less time than before. In just over an hour, he had caught thirty.

Ling Feng was overjoyed. With these, he could trade for ten thousand yuan tomorrow!

However, he also knew that this method of making money could not last forever. There was a limited number of pheasants in the mountain, and eventually, they would all be caught!

If he weren't in urgent need of money, he wouldn't have caught so many. Once he'd gathered enough to pay off the debt Li Yumei's family owed, he would have to stop catching them.

After he got home, Ling Feng put all the pheasants into cages.

At dusk, someone came knocking on the door again.

"Is that Wang Yan coming?"

Thinking of last night's unfinished business, Ling Feng still felt a bit regretful. Now that someone was knocking, he hurriedly went to open the door.

But the person standing outside was not Wang Yan, but the beautiful Village Chief, Li Shiyun!

"Huh, Village Chief, you're here?" Ling Feng said, surprised.

Li Shiyun glared at him, "Isn't it you who asked me to come? You weren't home all day, where did you go?"

"Oh, I forgot. Did you come looking for me several times today, Village Chief?" Ling Feng said with a smile.

"Indeed I did. I didn't expect you to be so busy. I've been waiting for you to cure my illness completely!" Li Shiyun said as she stepped into the house.

Ling Feng casually locked the door and chuckled to himself.

In the inner room, Li Shiyun sat down on the sickbed, looking relaxed.

But inside, she was extremely nervous. During the previous treatments, Ling Feng had almost seen everything. It wouldn't be the same today, would it?

Just as she was thinking this, Ling Feng came in with the Silver Needle, saw her sitting there, and immediately said with a smile, "Why haven't you taken it off yet?"

"Take it off, again?"

Although she'd anticipated this, Li Shiyun was still taken aback when he said it.

"Of course. The cold energy inside your body hasn't been cleared yet!" Ling Feng said seriously.

Li Shiyun gritted her teeth, knowing she had to go through with it to be cured, so she nodded, "Then turn around first!"

Ling Feng inwardly laughed, thinking how it was like 'burying one's head in the sand.' He had seen everything yesterday, so why the pretense today?

Nevertheless, he didn't say anything. It's understandable for a girl to feel shy, so he immediately turned his back to her.

There was a rustling noise from behind him, and it felt as if several cat paws were scratching at his heart.

"Okay."

Li Shiyun's voice came from behind, and he quickly turned around.

What he saw was the beautiful Village Chief lying on the sickbed, wearing a new set of black underwear that made her skin appear even whiter, almost dazzling to the eyes.

Hearing no movement behind her, Li Shiyun turned her head to see Ling Feng staring straight at her and snapped, "Have you had your fill of looking?"

"Don't rush me, I'm not peeking. I'm just looking for the acupuncture points!" Ling Feng said with a laugh.

Even though she knew he was spouting nonsense, Li Shiyun had no choice but to urge him, "Hurry up, I have things to do tonight!"

Ling Feng didn't dawdle anymore and quickly went forward to start the acupuncture, his fingers skimmed across her skin, taking the chance to get more than a little advantage.

Because her skin was very elastic, and it was silky to the touch, any man would be enamored with that sensation!

Li Shiyun had already become numb to it, and simply closed her eyes to let him do as he needed, though her face had already turned red.

Not only that, but even the skin on her body had started to turn reddish. Ling Feng saw this and chuckled to himself, finding her sensitivity quite unexpected.

There was not a sound in the room, and after a long while, he finally spoke, "All right, the needle can be removed in half an hour."

"Then get out, stop staring at me!" Li Shiyun said.

"Hey, Village Chief, I've put quite a bit of effort into treating you, and yet you're still suspicious of me!" Ling Feng said with dissatisfaction.

Li Shiyun turned her head to look at him and indeed noticed his forehead was covered in fine beads of sweat, and he seemed very exhausted.

After hesitating for a moment, she spoke in a low voice, "Then you should rest well."

After Ling Feng had left, Li Shiyun reflected on her own behavior, realizing that her reaction had indeed been a bit excessive.

When you're sick and go to the hospital, especially to the gynecologist, if the doctor is a man, you still have to let him see your private parts, right?

Moreover, during both treatments she was wearing her underwear, and there was no exposure; it was just that guy's gaze that was a bit lecherous.

But after all, he was young, which was understandable.

The more she thought about it, the more Li Shiyun felt that she had been somewhat overreacting, so she decided to apologize to Ling Feng after the needle was removed.

An hour later, Ling Feng returned to the inner room and removed all the silver needles from her body.

Li Shiyun felt a great relief, feeling much lighter all over and in much better condition than before, so she quickly tried to sit up.

But she used too much force and, having been lying prone for too long, her body was somewhat numb; she toppled straight to the floor!

Ling Feng quickly reached out to help her, but in his panic, his hand definitely landed in an inappropriate place!

The immediate sensation on his fingertips caused Ling Feng to lose focus for a moment!

"You! Let go immediately!"

Li Shiyun was stunned; for the first time in her life, a man had touched her there, and her mind went completely blank!

What brought her back to reality was Ling Feng's wandering fingertips!

So after yelling out loud, she quickly began to struggle.

Ling Feng also immediately withdrew his hand, steadying her waist and helping Li Shiyun sit back on the bed.

By this time, Li Shiyun's face was completely flushed with embarrassment. She had been thinking about apologizing just a moment ago, but now all that was forgotten; she stared angrily at Ling Feng, "You, you lecher, how dare you take advantage of me!"

Ling Feng looked innocent, "I didn't mean to, I was just afraid you'd fall!"

"Nonsense, an accident is one thing, but you, you even squeezed a bit!" Li Shiyun snapped!

Ling Feng couldn't explain that; indeed, what he had done was a bit excessive.

But what's done is done, and what could Li Shiyun do about it now that she was angry? So Ling Feng just smirked, "It was purely a reflex, I swear it wasn't intentional!"

"Shut up!"

Li Shiyun was both embarrassed and annoyed, but without a better option, she angrily got up to start getting dressed.

After she was dressed, she headed straight for the door without saying a word.

And Ling Feng quickly followed, saying, "Village Chief Li, don't forget to come back in a couple of days!"

"Get lost, only an idiot would come back to you!" Li Shiyun shouted back, without turning her head, and left.
