

Valkyrie 1091

[Chapter 1091: Demon Sword City](#)

Seeing Qin Chen's solemn expression, Zhuo Qingfeng and the others naturally knew the seriousness of the matter.

After all, although Qin Chen didn't say anything, they weren't idiots. Qin Chen followed directly after the people in the Hall of Law Enforcement left. If they said nothing happened, they wouldn't believe it if they were killed.

But when Qin Chen and the others continued on their way.

At this moment, thousands of miles away from Qin Chen and his party, the void was shocked, and Fairy Chi Lian and others fell out of the void one after another.

Above Fairy Chilian and their heads, Ji Hongchen, a beautiful woman suspended there, her figure has become extremely transparent, and she wants to drift in the wind at any time.

"Master."

Fairy Chilian runs hurriedly and salutes respectfully.

"Chi Lian, the emperor still has important things to come, and can't come right now. You immediately notify the Misty Palace branch, the joint law enforcement hall, block all the major forces nearby, and strictly investigate the unfamiliar and strong, and you must give the two to him. The emperor found it out."

Ji Hongchen said with a cold look in his eyes.

"Master commander, don't worry, the subordinates will find those two people, let them know the fate of offending my palace of law enforcement."

Fairy Chi Lian leaned over and said, eyes full of anger, burning with anger all over.

The Misty Palace is in charge of the world, but now that someone dares to make trouble on their Misty Palace, it is a sin worthy of death.

This is a huge shame, if the dignity of the Misty Palace is not recovered, she will be blamed for the death of the fairy.

"Okay, the emperor will wait for your good news. If necessary, you can order the major forces in the Northern Horizons. This emperor would like to see that this world is still not part of my Misty Palace."

When the voice fell, Ji Hongchen's figure energy completely disappeared, turning into nothingness with a thud.

Fairy Chilian and others were vain and wounded, but their eyes were unprecedentedly angry. One by one, they began to build a communication array, notify the many powerful people in the Hall of Law Enforcement, and began to block the major forces in the northern heaven.

Qin Chen and the others naturally didn't know all this, they just accelerated their journey.

Along the way, Qin Chen had also carefully studied the scroll, but no matter how Qin Chen studied it, he could not see the speciality of the scroll, and eventually, he had to put it away again.

Perhaps, just as he guessed, only after the Sea of Thunder can this scroll see the real specialness.

For the next month, Qin Chen and the others did not rest, but kept on their way.

On the road, there were also some dangers, but they were all shocking, and even encountered a crazy battle between two king-level forces.

Looking from a distance, at least a thousand of the Wuwang strong men fought with blood, shaking the sky.

Fortunately, Qin Chen and the others found out in time and let Long Diao go on his way in time, and they escaped this battle.

Otherwise, Qin Chen would naturally ignore it once it was affected, and Zhuo Qingfeng and the others would inevitably encounter danger.

One month later.

Qin Chen and the others finally appeared in front of a huge city.

Emperor-level forces in the Northern Heavens, Demon Sword City!

The entire city is like a sharp sword, standing on the deserted plain, and there are countless arrays of light on the outside, protecting this ancient city.

For any imperial-level power, there will be Emperor Wu strong, and the strong Wu Huang can naturally invite some powerful masters of formations to lay down numerous secrets.

For countless years, the defense of the entire city has been continuously improved. It is solid, one is to deter others, and the second is to prevent being attacked by other imperial forces.

Regardless of the fact that the imperial-level forces are extremely terrifying in the eyes of the land of a hundred dynasties and others, it is not a big deal in this Northern Horizon, it is just one of the many imperial-level forces in the Northern Horizon.

Entering the imperial-level forces, Qin Chen and the others naturally could not fly directly in with the dragon sculptures. Not to mention the defenses here, the dragon sculptures could not fly in at all. An imperial-level force could not allow birds to enter at will. This is against the imperial level Contempt of the forces.

So Qin Chen and the others fell outside Demon Sword City early and followed the crowd into the city.

It's just that this Demon Sword City doesn't know what's going on, the team has drained a full number of miles, I am afraid that it will not be able to enter the city for a long time.

"There are too many people?"

Nangong Li looked at Demon Sword City in shock, just how long it took for such a long team to enter this place, even though it was an imperial power, it wouldn't be so prosperous, right?

"Hey, how many, are you guys coming to Demon Sword City to try your luck?"

At this moment, a laughing voice came, and a teenager came to Qin Chen's side and asked familiarly.

This young man was in his early twenties, but he had reached the initial stage of the seventh stage, and he was a young king.

Looking at Nangong, his eyelids twitched.

by!

He is almost fifty this year, and he has worked so hard to break through to the seventh-tier mid-term peak. There is not only Qin Chen's help, but also the adventure in the mysterious realm of the heavenly devil.

This kid is good, he is only in his early twenties, he is already the martial king in the early stage of the seventh stage, are all the geniuses in the imperial power so perverted?

If it weren't for this time the explosion of the Heavenly Demon Secret Realm, I am afraid that there would be no such genius in the entire hundred dynasties.

"Try your luck, what's your chance?"

"Brother, everyone is sensible, not kind, dare you say that you didn't come to seize the demon sword inheritance?" The young man glanced at the long sword on You Qianxue's waist, as if you couldn't fool me.

"Inheritance of Demon Sword?" Qin Chen frowned.

You Qianxue and they are also at a loss.

The young man saw that Qin Chen and the others did not know it, and he was stunned: "No, I think you two are young and your cultivation base is not weak. Didn't you come to seize the demon sword inheritance?"

"Hmph! How can you, cats and dogs, be able to capture the Demon Sword Inheritance?"

At this moment, a cold snort came from the side, and several young people came over.

These young people had extraordinary auras, and their auras had reached the realm of the seventh-order martial king, and they looked at Qin Chen and others with disdain.

"It's because of these guys who didn't know which corner to run out, that caused so many people to enter the city every day in Demon Sword City, wasting your time."

"Yes, these guys are probably from the king-level forces below, don't look at their own virtues, they can get the inheritance of the demon sword?"

"The mud legs from the country don't know that the sky is high and the earth is thick. They think they are talented, so they try their luck everywhere. It's ridiculous."

These people, with extraordinary auras, said from above, with an arrogant and domineering look.

Nangongli was dizzy.

What's the matter, is there such a big difference? In the imperial power, are the geniuses at the Wuwang level all Chinese cabbage? There is one everywhere?

"Who do you mean with mud legs?"

The young man suddenly became unreliable and stared coldly at the young people.

"Haha, this guy still refuses to admit it, you guys, who don't even know what the inheritance of the Demon Sword is, come to Demon Sword City. Isn't this a chance for you? Mud legs, that's you." The young man laughed.

[Chapter 1092: Catch the main criminal](#)

"Hehe, what a big tone, I want to see who is the mud leg!"

Cang!

The young man suddenly pulled out the long sword at his waist and coldly pointed at the young people.

"Is there any kind, but Ben will fight a game to see who is the mud leg and who is the luck."

Qin Chen shook his head.

They didn't agree with each other and fought, these people are really young.

It's just a verbal conflict, so why bother.

"Hahaha!"

The young people couldn't help but laugh, and looked at each other, their eyes were full of playful abuse, and they felt that the young man was simply overwhelmed and seeking death.

One of them smiled and said: "Why, you are the only one who jumped out, your two friends dare not even say fart, what qualifications do you have to challenge us? Or are you just a small follower?"

Qin Chen glanced at that person, the king of martial arts at the peak of the early stage of the seventh stage, and his aura was extraordinary, he was definitely a certain power's favorite in heaven, with invincible confidence.

No wonder dare to be so arrogant.

The boy looked at Qin Chen, but when he saw that Qin Chen hadn't done anything, he was disappointed.

He was also the first time to come to Demon Sword City, alone. He thought that Qin Chen was some kind of character, and he also came to Demon Sword City to seize the Demon Sword inheritance, so he came to get acquainted.

Suddenly he said coldly: "This person is not acquainted, and he has just met him. It has nothing to do with Ben Shao, Ben Shao has no way, so come up to ask for advice."

"Qin Chen!"

At this moment, You Qianxue stepped up and saw that the young man was going to challenge such a group of people, and suddenly said with some worry.

To be honest, the arrogant attitude of these young people made her extremely unhappy.

"what!"

As soon as You Qianxue appeared, these young people looked over, and their eyes were dumbfounded, and their saliva almost flowed down.

You Qianxue has a superb temperament, especially when she is extremely arrogant and strong in kendo, she often gives people a feeling of loneliness and self-admiration, very cold and inaccessible.

Coupled with the inheritance in the heavenly demon secret realm, You Qianxue's temperament has become more special, and the breakthrough in cultivation level also gives people a sacred and inviolable temperament, which immediately makes people more tempted.

Several pairs of eyeballs all stared at her intently.

This group of people came from extraordinary origins, at least they are also the top saints of king-level forces, inheritors, and beautiful women, but they have also seen a lot of beautiful women, but this is the first time to see someone with such a temperament as You Qianxue.

All of a sudden he was stunned.

You Qianxue showed displeasure and stared at several people coldly.

"This beauty, I don't know where it came from? In the next Fu Chenyun's house, Fu Chenyun, I saw a beautiful woman. If we meet each other, we have a fate. Why don't you meet?"

The leading young man suddenly smiled and arched his hands, and said in a self-confessed manner.

"Haha, this beauty, Shao Fu has spoken, how about? Be a friend?"

"Seeing this guy next to you is so ugly, he doesn't even dare to challenge, why should a beauty be with him and surrender himself?"

"Hey, I'm waiting for the disciples of several big families around Demon Sword City. The beauties should also come to participate in the Demon Sword Inheritance, as long as you wait with me to ensure that the beautiful women can get the opportunity to inherit directly, how?"

Several young people laughed.

"roll!"

You Qianxue's eyes sank and coldly scolded.

Qin Chen's expression also became gloomy, the other party just said arrogantly, which was nothing, but these words were too presumptuous.

However, for a newcomer, to be honest, he didn't want to make trouble too much. It was not that he was afraid, but that it was unnecessary.

"You guys, being presumptuous here, huh, don't you know that the law enforcement hall has blocked the major forces these days and is looking for fugitives? Are you going to die?" Suddenly someone in the crowd gave a cold voice.

The law enforcement hall is investigating the fugitive?

Zhuo Qingfeng and the others were shocked and looked at Qin Chen inexplicably.

Lian asked, "What's the situation when tracking the fugitive?"

"How do we know that the Hall of Law Enforcement works? But it was about a month ago. His Royal Highness in the Northern Horizons Law Enforcement ordered to block all major emperor-level forces in the Northern Horizons, strictly control passers-by, and arrest fugitives. Otherwise, why do you think you entered the city? Will there be a long line?" The man continued to sneer.

A month ago?

Zhuo Qingfeng and the others were shocked. When they met the people from the Hall of Law Enforcement, it seemed that it was a month ago?

Qin Chen was also shocked, this law enforcement hall moved too fast, right? All of the imperial forces in the Northern Horizons were immediately sealed off, and passers-by were strictly investigated. If they entered the city in this way, they would definitely be severely investigated.

After all, they had met with Fairy Chi Lian before, and once they met each other, they would definitely arouse suspicion.

Of course, Qin Chen is still very confident about his concealment skills, but it is inevitable that he will not encounter trouble.

"Less dust!"

Zhuo Qingfeng also looked over, his expression nervous.

Qin Chen looked at the gate of Demon Sword City. At this moment, he was less than a kilometer away from the gate. As expected, someone was rigorously checking the gate, and no one would let it go.

"Little dust, do we want to retreat first?" Zhuo Qingfeng's voice sounded in Qin Chen's mind at this time.

"No way."

Qin Chen shook his head, retreating now, that was tantamount to revealing that there was a ghost in their hearts.

Moreover, Qin Chen felt that as long as anyone entered the team, he was already under surveillance. It was impossible to retreat silently.

Once they leave, I am afraid that the direction of Demon Sword City will be tracked by the strong immediately and will be subject to more stringent interrogation.

Besides, if you want to go to the Northern Heavenly Domain Pill Pavilion, you must enter the Emperor-level forces to take the teleportation formation. Now the entire Northern Heavenly Domain's Emperor-

level forces have been blocked. After leaving here, where can they go? The result is the same. "You are bluffing people. The Hall of Law Enforcement has blocked the Northern Heaven Region's major emperor-level forces to apprehend the criminals. Why didn't Ben Shao hear about it? You wouldn't be with them. You want to scare Ben Shao? Haha. This kind of reason, let alone, even if the law enforcement hall catches the main offender, what is wrong with Ben Shao.

"

Who knows that the leading young man laughed directly, then looked at You Qianxue and said: "Beauty, you are with such a group of people, it really tarnishes your identity, it is better to enter the city with Ben Shao, hehe, promise you will not be disappointed. "

The young man stared at You Qianxue squintingly. The colder You Qianxue became, the more excited he was, and he couldn't wait to get her.

"Presumptuous, you can insult this young man, but you dare to insult the Hall of Law Enforcement and seek death!"

Qin Chen, who hadn't made a sound, suddenly became extremely angry. He raised his hand and blasted the young man directly.

Boom!

In the void, a huge fist mark appeared, bursting out with a rumbling roar, like a meteor chasing the moon, and instantly violently attacked the young man. I really mean to do it, without hesitation!

[Chapter 1093: Bullying](#)

"How dare your kid take the initiative to take the initiative to this young master?"

The young man was stunned at once, and even stayed there, obviously completely unexpected that Qin Chen, who hadn't said a word before, was so foolish that he would do it.

Not only him, but the boy around him and the person who spoke before were also dumbfounded.

what's going on?

This guy is crazy, knowing that the Hall of Law Enforcement still dared to make trouble after this interrogation. This is clearly the rhythm of death.

You must know that the Hall of Law Enforcement is located in the Northern Heaven Territory. It is a heavenly existence. Even the Demon Sword Sect, the master of this Demon Sword City, dare not fight against the Hall of Law Enforcement. If the Hall of Law Enforcement gives an order, we must obediently cooperate and catch the criminal. It can be seen how powerful the Hall of Law Enforcement is.

If you learn that they were making trouble during the investigation, if you get angry, they will be wiped out, no one will dare to say anything!

In the shock of everyone, Qin Chen's big hand probing out had already come to the leading young man in an instant.

"Boy, since you want to die, the young man will make you perfect." The leader youth recovered from the shock and snorted. At this time, he didn't even forget to show up in front of You Qianxue, and a long sword suddenly appeared in his hand. , At the same time sneered: "Qiu Shui Jian, a seventh-tier intermediate treasure soldier, but in my Fu's family, it can only be regarded as so-so.

It should be enough. "

On the blue long sword, the glow of light circulated, rippling out a terrifying sword aura, and then gathered in the sky into a terrible sword light, which suddenly shot out towards Qin Chen, sending out a long roar.

With a chuckle, the huge palm released by Qin Chen was cut open, fragile like tofu, and directly burst into two halves.

Rumbling, followed by the terrifying sword aura all the way down, exuding an astonishing aura of sword pressure, forcing everyone around him to retreat one after another, showing shock.

"Fu Shao is mighty."

"Hey, to deal with his kid, Shao Fu actually used the Qiu Shui Sword, and it is an honor for this kid to be defeated by the Qiu Shui Sword."

"I didn't open my eyes to look at my own virtues. I actually offended Shao Fu. With Shao Fu's strength, he can kill him with a casual breath."

"Hahaha."

The young people behind Fu Chenyun all laughed, their mouths almost reaching the roots of their ears, with a proud face, obviously full of confidence in Fu Chenyun.

After seeing the Qiu Shui sword in Fu Chenyun's hand, the others around were also shocked.

Qiu Shuijian, a seventh-tier intermediate treasure soldier?

"Fu family, is this the Fu family near Demon Sword City, known as the home of divine soldiers?"

"It is rumored that there is a king-level refiner in the Fu family, who can even refine a seventh-tier high-ranking soldier. This child can bring out a seventh-tier intermediate-level soldier at will, and his surname is Fu. It should be that Fu family."

"Hey, this kid dares to do something to the Fu family, is he not dead?"

The crowd shook wildly, one by one in shock.

Demon Sword City, as a royal-level power, is naturally surrounded by many king-level forces, and the Fu family is one of the more terrifying among these many king-level forces.

Everything is because the Fu family has a seventh-order king-level crafting master.

In Beitianyu, any master craftsman is an extremely rare figure, not to mention a family of magical soldiers like the Fu family.

It is rumored that Fu Hongxue, the ancestor of the Fu family, could even refine seven-tier high-ranking soldiers. Even the imperial power Demon Sword Sect should take these characters seriously and be regarded as guests.

No wonder this young man is so arrogant.

With a sword slashing away Qin Chen's true essence hand, Fu Chenyun's momentum remained undiminished, and the glow of the Qiushui sword skyrocketed, suddenly turning into a soaring long sword, and slashing towards Qin Chen.

He has a cool posture, and when he shoots his sword, he doesn't even forget to smile towards You Qianxue, with a charming smile.

"Huh, do you only have weapons? No matter what your status or background, if you dare to insult the Hall of Law Enforcement, you are Ben Shao's enemy, and Ben Shao will never stop with you."

Qin Chen roared, looking extremely angry, and instantly pulled out the mysterious rust sword with his right hand, and slashed it towards Fu Chenyun.

I am dizzy!

When everyone saw the long sword in Qin Chen's hand, they fainted wildly and almost passed out without vomiting blood.

Brother, Fu Chenyun brought out a seventh-tier intermediate treasure soldier. Even some of the late-stage seventh-stage power ancestors may not possess these treasure soldiers, but you took out a rust sword, this...

You are not here to fight, you are here to play a monkey?

Others all smiled, holding their stomachs one by one. There are such stupid people in this world who want to use a broken sword to resist the magical soldiers of the Fu family.

I'm afraid this guy is not a fool!

As for Fu Chenyun, his eyes were almost staring out, and he couldn't help but laugh, "Boy, where did you pick up the fire stick? It's almost rusty and I don't want to throw it away, Ben Shao cut it off so you can change to a new one."

In the laughter, a sword slashed down.

Ding!

The collision of the two swords caused everyone to be dumbfounded. Qin Chen's black rust sword actually held Fu Chenyun's Qiushui sword.

"what?"

Fu Chenyun was taken aback, and Qin Chen had already attacked again.

Huh huh!

Countless sword lights lit up, and the long sword in Qin Chen's hand rolled up the monstrous sword light, and rolled towards Fu Chenyun like a king ocean. At the same time, he shouted angrily: "Dare to humiliate the Hall of Law Enforcement, Master Ben will never die with you."

Fu Chenyun was too late to speak, so he had to lift his sword to greet him again.

Qiang Qiang!

The two sides fought frantically together, countless sword lights lit up, and a violent roar sounded. The two instantly fought dozens of strokes, and they were evenly divided.

But what is shocking is that Qin Chen still has the upper hand.

how can that be?

Everyone was dumbfounded. They didn't know what Fu Chenyun's identity had been before. After knowing Fu Chenyun's identity, how could they not be surprised?

This is a disciple of the Fu family, and with a magic weapon in his hand, he can't take the young man in front of him for a long time, hell?

They were surprised, but they did not know that Zhuo Qingfeng and Nangong Li were even more speechless.

Who is less dust? Even the ancestor Ding Qianqiu of the Dagan dynasty, who can kill a master of the seventh-stage late peak martial arts, can't take such a young man at the early-stage peak?

They don't even have to use their brains to guess that Shao Chen must not use all his strength to play with each other.

But when is this? The people in the Hall of Law Enforcement are still searching at the gate of the city. What kind of planes are there for no reason?

While being speechless, he was also faintly anxious.

Once the people in the Hall of Law Enforcement are concerned about this, some of them will definitely be unlucky. Generally, don't they need to keep a low profile at this time?

Seeing that Fu Chenyun had not been able to take Qin Chen down for a long time, but instead seemed to have fallen into the wind, the other young people around Fu Chenyun suddenly became unhappy.

Although it was Fu Chenyun who was fighting, their faces were dull.

Qiang Qiang!

They drew out their weapons one after another to help out.

"Do you want to bully the less?"

You Qianxue snorted coldly, drew his sword, and coldly confronted the few people in front of him. She is a woman, proudly facing several young people whose cultivation is not weaker than her, without the slightest fear.

[Chapter 1094: Demon Guard](#)

Just when the two sides are at war, they are about to fight.

"Stop, who dares to make trouble here?"

A clear and beautiful shout suddenly sounded, followed by a terrible coercion, suddenly like a mountain, it was instantly pressed down towards Qin Chen and that Fu Chenyun.

boom!

The terrible power agitated, Qin Chen and Fu Chenyun were blown away in an instant under this power, their faces turned pale and the corners of their mouths were bleeding.

I saw a beautiful woman descending from the sky, wearing the uniform red armor of the Hall of Law Enforcement, looking at a group of people here with cold eyes, with a cold killing intent in her eyes.

Whoosh whoosh!

At the same time, there were bursts of sound, and a group of soldiers in armor arrived. These soldiers, all of them were Wuwang's cultivation base, surrounded Qin Chen's group, and burst out with a terrible killing intent.

"You are making trouble in Demon Sword City, don't you guys want to live anymore?"

These soldiers are the demon guards of the Demon Sword Sect. Although these demon guards are responsible for the safety of the Demon Sword City, they are only soldiers, but in the Demon Sword Sect, they are all deacon-level existences, only this time. Your Highness ordered that they were called out to serve as guards.

"Several seniors of the Demon Sword Sect, under Fu Chenyun, the disciple of the Fu family of the gods and soldiers, how dare you make trouble in Demon Sword City? It was this kid who had attacked Ben Shao first, and he was forced to defend himself. A senior is aware of it."

Fu Chenyun hurriedly put away the long sword, stepped forward and bowed to salute, and said proudly.

"Are you a Fu family disciple?"

Several demon guards glanced at each other, and their expressions eased.

The Fu family, a family of divine soldiers, although only a king-level force within the scope of Demon Sword City, has a good relationship with Demon Sword Sect. After all, as a large sect of imperial power level, Demon Sword Sect consumes countless weapons every year. Many of them are purchased from Fu's family.

"Hmph, making trouble in my Demon Sword City, you guys are so courageous, say, who are you, making trouble here, what are your intentions."

Several demon guards coldly snorted and looked at Qin Chen and his party coldly, with murderous intent in their eyes.

These people are very face-to-face. They have never seen it before, and maybe they have some unclear purpose.

What's more, now that the two parties, one is the Fu family, and the other don't know each other at all, how to decide, don't they still know?

Upon seeing this, many onlookers sighed and shook their heads.

These guys just talked to each other and told them not to do anything, now it's alright, they have provoked the demon guard, they have also offended the Fu family, and they have to peel off without dying.

"Several seniors of the Demon Sword Sect, I am a member of the Pill Pavilion, this time I passed by here just to borrow the teleportation formation, and it is not malicious."

Qin Chen hurried forward.

"Pill Pavilion?"

Everyone was surprised.

No wonder these guys are confident, they turned out to be the alchemists of the pill pavilion, no wonder they are so arrogant.

Although the Fu family was awesome, it was known as a family of divine soldiers in Demon Sword City, even if it was in the Northern Heavens, it was not an unknown generation, but compared with Dan Pavilion, it was still a thousand miles away.

"Are you from Dan Pavilion?"

Fu Chenyun also looked over in surprise, with a look of disbelief. No matter how you look at it, you don't realize that Qin Chen and You Qianxue are like Pill Pavilion disciples.

The alchemists in the pill pavilion walk around the world, often wearing pharmacist robes and badges, which are often convenient for walking, but these people in front of them do not look like alchemists.

"Several people, we are indeed members of the Pill Pavilion, this is the badge of the alchemist underneath."

Zhuo Qingfeng hurriedly stepped forward and showed his alchemist badge.

The shining pharmacist badge appeared in front of everyone, making everyone suddenly surprised, but immediately afterwards, one by one almost vomited blood.

What?

Six-Rank Alchemist badge?

"Nima, I was scared to death. I thought this guy was a great figure in the alchemy, but it turned out to be just a small sixth-grade alchemist."

"Hahaha, the sixth-grade alchemist dare to call himself a pill pavilion? Isn't this guy funny?"

"I thought there was a big background. It turned out to be just a sixth-rank pharmacist. He was almost laughing. Hahaha, the sixth-rank pharmacist claimed to be a person of the pill pavilion. This is the biggest joke that the old man has heard in his life."

The crowd exploded with a bang. A group of people roared with laughter. Many of them even held their stomachs, tears almost falling.

I thought that Qin Chen and the others were so proud to say that they were members of the Pill Pavilion, and they thought they had some background, they were at least the seventh-rank Medicine King, but who knew that they were actually only the sixth-rank alchemist.

Isn't this funny?

You must know that Demon Sword City is an imperial-level force, and many of its subordinates, naturally, have many Dange branches.

The number of pharmacists is naturally countless, and the sixth-rank pharmacist is not to mention in the Demon Sword City, even if it is a king-level power under the Demon Sword City, it is not a person. After all, which king-level power does not have the medicine king?

In comparison, Fu Hongxue, the ancestor of the Fu family, is the foremost master craftsman within the scope of Demon Sword City. How would she care about a small sixth-rank medicine craftsman?

"Everyone, although the old man's pharmacist badge is only six-rank, the old man is a real medicine king. This trip is to report to the Dange."

Zhuo Qingfeng said with a green face.

No way, the medicine alchemist badge on his body was issued by the alchemy pavilion when he went to the Land of Hundred Dynasties. Naturally, it only has six ranks. If you want to exchange the seven rank alchemist badge, you must return to the headquarters of the alchemist in the northern heaven. It can only be exchanged after the assessment.

"Huh, the sixth-grade pharmacist is also considered to be a member of the Pill Pavilion? I laughed at this seat, come here, and took them all down, making trouble at the gate of my Demon Sword City. This seat suspects that some of them have ulterior motives. I will investigate strictly."

The leading disciple of Demon Sword Sect laughed in anger at this time, and even shouted angrily.

Oh shit.

A small sixth-rank alchemist who dared to call himself a pill pavilion was shocked. Fortunately, he did not have the impulse, otherwise it would affect the relationship between the Fu family and the sect. Wouldn't he be a sinner?

"Yes."

Several demon gods and guards came up to arrest Qin Chen.

"What are you doing?"

Qin Chen suddenly crossed the sword in front, and said angrily: "You guys don't ask questions about indiscriminately, just do it on us. Is this the style of your Demon Sword City?"

"Presumptuous." The leader of the Demon God Guard screamed coldly: "Boy, you are making trouble at the gate of my Demon Sword City, and you are fighting a lot. Do you still want to resist?"

Qin Chen said coldly: "We are not making trouble. It is these guys who dare to insult the Hall of Law Enforcement. How can this master not do it?"

Insult the Palace of Law Enforcement?

Before that, the red-armored woman who had been standing next to her without opening a mouth suddenly shot a cold glow in her eyes, and said coldly, "Insult the Hall of Law Enforcement, what's the matter?"

boom!

A terrible breath erupted from her, like a mountain, suppressed fiercely. In an instant, the temperature at the entrance of the city seemed to drop by several tens of degrees, and it became freezing cold.

[Chapter 1095: shameless](#)

The expressions of the previous demon guards suddenly changed, and they were shocked. The Fu family insulted the Hall of Law Enforcement? How is this going?

The cold sweat on his head fell instantly, and his face turned pale.

Yes, the Fu family is strong, and its status in Demon Sword City is extraordinary, but it also depends on who it compares with?

In front of the Hall of Law Enforcement, even their Demon Sword Sect had to bow their heads obediently, what was the Fu family?

If the Fu Family really dared to insult the Hall of Law Enforcement, their Demon Sword Sect also defended each other. Once it provokes the dissatisfaction of the Hall of Law Enforcement, it is not just the Fu Family who is unlucky. I am afraid that their Demon Sword Sect will not be able to eat.

For a moment, a few people were restless, sweating from behind, and shouted in anger, "Insult the Hall of Law Enforcement, Fu Chenyun, what is going on?"

Fu Chenyun was also taken aback, and hurriedly said: "Several seniors, swear in the name of the Fu family, there is absolutely no such thing, how dare you insult the Palace of Law Enforcement?"

"Haha, a family of magical soldiers, can someone from a family of magical soldiers speak like farts, and won't admit it after you let them go?"

"You... brat talking nonsense, how can I insult the Hall of Law Enforcement!" Fu Chenyun stared at Qin Chen angrily, and shouted: "I think you deliberately changed the subject and harassed him."

"That's right, it's obviously that you want to cover up your first crime and deliberately talk nonsense."

"Fu Shao didn't insult the Hall of Law Enforcement at all!"

"Several seniors have learned from this, this son is slanderous, I suspect this person has ulterior motives."

Several other youths who came with Fu Chenyun also yelled. Although they had never seen the people in the Hall of Law Enforcement, they knew that the Hall of Law Enforcement was a department in charge of the laws of the world. They dare not recite such a pot. .

Not to mention that they dare not recite it, even the forces behind them dare not recite the charge. Once the ancestors and them learn about such a thing, they will definitely break their legs.

"Several seniors, what's the matter? Fortunately, there are so many friends here, you can ask."

Qin Chen seemed to be extremely angry and said: "I waited to come from a long distance and passed by Demon Sword City, and didn't want to cause trouble, but as soon as I got here, these guys came up to insult me and waited. I knew the truth is that more is worse than less. , Naturally ignore it."

Speaking of this, Qin Chen's expression became more and more angry, his tears were about to fall, and he said angrily: "But these guys, not only do not appreciate, they are also becoming more arrogant, that's all, this son is young, and Someone from the Fu family must have a huge background, and I want to keep things quiet, not to make trouble."

"What's more, the elder brother next to him said that the reason why the Demon Sword City is so congested is because the people in the Law Enforcement Hall set up cards here to capture the important offender." "Knowing this, I will wait even more dare not to cause trouble, after all, Law Enforcement Hall It is the conscience of my Tianwu Continent, who is dedicated to maintaining the order of Tianwu Continent. I only know that I pay silently, but I don't ask for anything in return. This kind of power has been greatly admired by the younger generation since childhood. If it weren't because the younger generation was not a daughter, surely

Also wholeheartedly joined the law enforcement palace. "

"But who knows that the other party heard this and ignored it at all, and said that the law enforcement hall is doing things, what is his business, and his attitude is arrogant, and he doesn't put the law enforcement hall in his eyes." Qin Chen was already angry. The whole body was trembling: "This person insults the junior, and the junior will bear it, but he dares to insult the Hall of Law Enforcement. The Hall of Law Enforcement has always been the most admired force of the younger generation. How can he be insulted by a kid? The younger generation is really angry. Unable to hold back Nai, he rashly moved his hands.

Please also watch out. "

"You..." Fu Chenyun stared at Qin Chen angrily, anxiously pale, unable to say a word, just exasperated: "Seniors, don't listen to this nonsense."

He didn't dare to admit the crime of contempt of the Hall of Law Enforcement.

"Is it nonsense? A few seniors will know when you ask." Qin Chen said angrily: "The younger generation knows that it is a big mistake to rush to do it before, but this one insults the Hall of Law Enforcement, even if he tries to be punished, the younger generation will do it. In the early days of the Hall of Law

Enforcement, these despicable people will never be allowed to insult the holy place in the hearts of juniors."

You Qianxue, Zhuo Qingfeng and others were already dumbfounded.

Xiao Chen is... too shameless.

Obviously, it was the first to do it yourself, but it was said that the other party insulted the Hall of Law Enforcement. The key is to tout the Hall of Law Enforcement to the sky, saying that the conscience of Tianwu Continent only knows to pay, not to ask for return.

They have all seen Fairy Chilian, and when they look at the red-clad woman next to them, they know that the other party must be from the Hall of Law Enforcement.

When Qin Chen said that, he was flattering.

If it weren't for someone else, Zhuo Qingfeng and the others would vomit out on the spot.

But the effect is also amazing.

"boom!"

The terrible killing intent suddenly erupted from the red armored woman. Her eyes were cold, and her eyes looked like ice that would last forever. She looked at Fu Chenyun coldly, and said coldly, "Is that right?"

Covered by the chill, Fu Chenyun suddenly trembled, his face pale in horror, and he couldn't say a word.

"My lord, please calm down and let me investigate immediately."

Several demon guards were shocked, afraid that the red-clad woman would directly kill people, and hurriedly spoke from the side.

grown ups?

Everyone on the field was shocked. They looked at the red-clad woman, who could make the demon guards call adults. Who was this woman? Could it be...

An astonished thought rose up in everyone's minds.

At this time, several people from the Demon Shenwei had already questioned.

The whole process was very simple, and there were many people who saw it. Naturally, no one dared to make a fake, and even said the things before, exactly the same as Qin Chen said.

Feeling the more icy killing intent on the woman in the red armor, Fu Chenyun paled with fright, and said in panic: "Several seniors, this is not the case. The juniors just want to teach this a lesson, and they don't mean to insult the Law Enforcement Palace." "I didn't mean to insult the Hall of Law Enforcement? Then why did you hear that Hall of Law Enforcement was so arrogant after this law enforcement? Obviously, the Hall of Law Enforcement was not looked at. Also, you knew that the Hall of Law Enforcement continued to catch the important criminals here. Make trouble, Ben Shao suspects, the key criminals you and the Hall of Law Enforcement want to capture are

It's not that there is something to do with it, deliberately trying to make an accident, so as to give the other party a chance to escape! "

puff!

Fu Chenyun directly spouted a mouthful of blood, with a panic expression, he couldn't bear such a crime.

But the red-armored woman on the side suddenly burst into a cold light in her eyes, shouting: "Come here, bring them all back to this seat."

"My lord, would you like to investigate first, these are all disciples of the king-level forces near my Demon Sword City, and they should not have anything to do with the people captured by the adults..."

The demon **** guard on the side hurried forward, but that was the Fu family disciple, and the remaining young people had also asked when investigating before. They were all disciples of king-level forces near Demon Sword City, with extraordinary identities. They couldn't be more clear about the methods used by the Hall of Law Enforcement, even if it had nothing to do with the people captured by the Hall of Law Enforcement.

[Chapter 1096: Teleportation array](#)

The red-armored woman coldly glanced at several demon guards: "Why, I speak, are you Demon Sword Sect ready to listen?"

The cold sweat on the foreheads of several demon guards suddenly appeared, and they hurriedly said in a panic, "My lord, calm down, I can't wait."

A joke, if you offend the Hall of Law Enforcement, Lord Sovereign will not be able to protect them.

Then, despite the screams of Fu Chenyun and others, he directly took a few people back.

"You guys, if you find someone daring to make trouble here, you can kill them."

With a cold snort, the red-armored woman shook her body and disappeared instantly.

Several demon guards hurriedly followed in fear.

Only then did the court return to calm, but everyone looked at Qin Chen's eyes, but they were full of jealousy, and even the people around were far away from them.

These are the disciples of several major forces such as the Fu Family. These guys dare to frame them. Isn't this a proper death?

They are all right now, but once the people waiting for the Fu family get the news and get Fu Chenyun out of them, how many of them can still have good fruit?

Suddenly dodged far away as if avoiding the plague god.

However, Ye Wudao, who had spoken to Qin Chen before, did not change his attitude. He stepped forward and said, "I thought that my brother was a timid person, but now I know that I have misunderstood. If I have sinned before, I hope my brother will forgive me. ."

Qin Chen didn't bother to talk nonsense to such a familiar person.

Ye Wudao didn't care too much, just bowed his hands, and then stepped aside.

"Little dust, it would be too dangerous for you to do that just now."

After the wind was calm and the waves were calm, Zhuo Qingfeng voiced speechlessly to Qin Chendao, so what if the people from the Hall of Law Enforcement were brought in, and the other party strictly interrogated them?

"If you were the one to be arrested by the Hall of Law Enforcement, would you openly cause trouble under the nose of the Hall of Law Enforcement?" Qin Chen asked back.

"This..." Zhuo Qingfeng said, isn't this nonsense, if it is really a catcher, it must be too late to keep a low profile. Who dares to make trouble?

"That's not enough, they actually think the same way as you." Qin Chen laughed.

Sure enough, when it was the turn to investigate Qin Chen and the others, as soon as the demon guards saw Qin Chen and the others, they waved to let them go as if they had seen a ghost.

Let's not talk about the attitude of the Master of Law Enforcement Hall to the few guys just now. Just because these guys got the Fu family disciples in, the Fu family wouldn't let them go. In that case, they naturally didn't bother to talk to Qin Chen. They are talking nonsense.

What's more, these people are completely different from the arrest requirements made by His Royal Highness Law Enforcement. The Hall of Law Enforcement arrested two extremely vicious criminals. It is said that their cultivation is at least in the Eighth-Order Martial Sovereign Realm. .

These guys, no matter how they look, they are not like the eighth-order Wuhuang.

Until entering the city, Zhuo Qingfeng and the others were still a little dazed, is this coming in? Is it too simple? During the whole process, there was not even a bit of effective cross-examination, so sloppy, how can you catch the main offender you want to catch?

At this moment, they understood Qin Chen's intentions, not to cause the other party to pay attention to the matter, but to remove suspicion.

Qin Chen frowned in thought.

When he and the Skull Rudder Master dealt with Chilian Fairy and the others, they showed the strength of the eighth-order Martial Emperor, and the Hall of Law Enforcement only sent some Martial King disciples from the local forces and a red armored team member to investigate here. , If the murderer is found, how to intercept it?

"It seems that the Hall of Law Enforcement should have some means to be sure to capture the murderer when he is found." Qin Chen thoughtfully.

But these have nothing to do with him, he just passed by here.

"Go, Pavilion Master Zhuo, take us to the teleportation formation." Qin Chen ordered.

"Yes, less dust!"

After entering the Demon Sword City, Qin Chen, led by Zhuo Qingfeng, went to the core of the Demon Sword City for the first time, preparing to take the teleportation formation.

The teleportation array, located in the center of the Demon Sword City, was built by the most powerful array holy site that year.

Such a teleportation array was costly at that time and was established across the entire continent, and each teleportation array was managed by the strongest local forces, and only needed to hand in resources every year.

The teleportation array can be transmitted by anyone, but it requires huge resources. Each transmission has a different price according to the distance.

However, the teleportation arrays of the various domains under the Northern Heaven Region have limited teleportation distance, and the price of each teleportation is 100,000 middle-grade real stones.

It doesn't look like a lot, but it's actually not a small number.

You must know that the teleportation array of Demon Sword City cannot directly teleport them to the Alchemy City where the Northern Heavenly Domain Pill Pavilion is located.

In other words, they had to teleport from Demon Sword City a total of five times, one hundred thousand at a time, that was a full 500,000 middle-grade real stones.

This is still one person.

And Qin Chen and his party consisted of four people, which was two million.

Two million middle-grade real stones, the property of the top families of the Dawei Dynasty, was only a few million middle-grade real stones.

In other words, just teleporting to Dandao City would consume all the property of a top family of the Dawei Dynasty, which shows how abnormal it is.

Of course, to Qin Chen and the others, this amount of money is nothing. After all, the middle-grade real stones plundered from Dagan Dynasty Ding Qianqiu and Dali Dynasty Lishang and others amounted to hundreds of millions.

Not to mention the terrifying existence of Chendi Pavilion, like a money printing machine.

Demon Sword City, worthy of being an emperor-level force, is extremely huge, Qin Chen and the others hurriedly hurried, and it took a long time before they arrived at the central teleportation formation.

"Who comes, stop!"

Just before arriving at the teleportation formation, someone quickly stepped forward and intercepted Qin Chen and his party.

Several people wore armors, their cultivation bases were in the middle of the seventh stage, similar to the demon guards of the city gate, but more fierce, and looked at Qin Chen and his party coldly.

"Several people, I am here to take the teleportation array."

Zhuo Qingfeng hurried forward and said with a smile.

But I was puzzled, how could the other party be so fierce? Could it be that the Hall of Law Enforcement was searching for criminals and strictly monitored this place?

This is not impossible. If most people want to leave this place, the teleportation array is the most convenient way, and they really need to be guarded.

"Take the teleportation array, don't you know that the teleportation array here has been closed?" the person snorted coldly.

shut down?

Zhuo Qingfeng and others were shocked.

No, it's hard to come here, and the teleportation array is actually closed. Isn't this a mess? Moreover, the general teleportation array, unless it is damaged, will not normally be closed at all. The teleportation array here was still usable decades ago, why is it closed now?

[Chapter 1097: A dream](#)

After asking for a long time, Qin Chen and the others finally figured out that it was not that the teleportation formation was completely closed, but that the demon sword inheritance here was about to begin. The teleportation formation of the demon sword city was temporarily closed, only being able to get in and out, for a month.

After a month, the teleportation array will continue to open.

In other words, Qin Chen and the others wanted to take the teleportation formation to leave, and they had to wait for a month.

Of course, the Teleportation Array was closed only when the Demon Sword Inheritance was opened, but it is hard to say whether there are any factors in the Law Enforcement Palace to catch the criminal.

"Little dust, what should I do now?"

I thought I would be able to leave when I came here, but I was told that I would not leave until a month later, so I was speechless.

"Let's live here first, anyway, a month is not too long."

It will take at least three months to go to other imperial powers, even the most recent ones, so I might as well wait here.

Anyway, the teleportation formation would start in a month, and Qin Chen and the others had been on the road for three months, so they didn't care about this month.

After making up their minds, Qin Chen and the others immediately started looking for the inn.

At this look, Qin Chen and the others were dumbfounded.

Because of the demon sword inheritance, all the genius disciples of the king-level forces around the demon sword city have gathered in the demon sword city, not only the king-level forces around the demon sword city, but even some other emperors in the northern sky. The disciples of the first-level forces also swarmed.

As a result, the inn in the city is overcrowded everywhere, and there is no room at all.

Many of these inns have been booked even a few years ago.

What is this demon sword inheritance? Why did you attract so many people?

Qin Chen and the others were depressed. They at least found dozens of inns, and there were no vacancies. This was too popular.

"Little dust, we are now located in the core area of Demon Sword City. The inn is naturally overcrowded. We can go to the edge area to find it, or, if it is not possible, we can go to the Dan Pavilion branch of Demon Sword City to see if we can borrow a few. room."

Zhuo Qingfeng is also a Medicine King anyway, so going to the Dange branch to borrow a few rooms, it may not be a problem.

Back to the edge area?

Qin Chen shook his head. It took them half a day to get here, but they didn't want to find it all the way, and there was no good training room in the inn in the marginal area.

When looking for an inn before, they got a great surprise. The first-class inns here basically have high-density training rooms.

What is the use?

The Zhen Qi concentration there will be much higher than the outside world, and the effect of cultivating inside will be much stronger than outside.

For example, others can only gather a little bit of true essence and improve their cultivation level after working hard for a month in the outside world. Here, a few days will be enough.

Qin Chen inquired once in detail that the high concentration training room here has four levels.

Inferior, medium, superior, special class.

Among them, inferior, one day of cultivation is equal to two days outside; one day of medium cultivation is equal to four days outside; one day of superior cultivation equals eight days outside; as for special class, it is twelve days.

In other words, choosing a special training room and practicing for a month here is equivalent to a year outside.

What an amazing effect is this?

Rumor has it that in the Demon Sword Sect, there is even a training room that accelerates twenty times, but that is unique to the Demon Sword Sect.

Moreover, in addition to Demon Sword City, other imperial-level forces may not have such awesome training rooms. Although high-density training rooms are standard for the major imperial-level forces, they are generally only three or five times as large and buried underneath. A large-scale Zhenyuan mineral vein.

Like eight times, twelve times, or even twenty times, that is unique to Demon Sword City.

Therefore, Qin Chen and the others are immediately interested in graduating, and they want to continue to try their luck. If they can't find it, it will not be too late to find a place to live in the Dange branch.

If you can really find a superior training room and stay here for an extra month, it won't be a loss, you might even make a profit.

I have to say that Qin Chen and the others were lucky. After continuing to find seven or eight inns, they actually found one with a vacant room.

"A dream forever!"

The name of this inn is very elegant, but the exterior is very luxuriously decorated, and the inside is antique and very tall at first glance.

"Several guests, what level of rooms do you want? There are two rooms left in Tianzi level in our inn, full rooms in ground level, five rooms in Xuanzi level, and also full rooms in yellow level." Said very enthusiastically, there was no slightest neglect because the inn was in short supply.

At first glance, it is well-trained. "However, I suggest that you choose the Xuanzi grade. One day is 10,000 middle-grade real stones. Not only is the environment elegant, cost-effective and the use effect is also very good, and it comes with a medium training room. And the Tianzi grade charges 100,000 middle-grade stones a day. Real stone, expensive, although it comes with a special training room, but cost-effective

not tall. "

The shopkeeper said with a smile.

I drop obediently.

One hundred thousand a day, one month is not three million middle-grade real stones?

It's really not necessarily affordable to change to an ordinary king-level force.

In the land of a hundred dynasties, all the wealth of a seventh-stage early martial king, that's all.

No wonder this inn still has vacancies. The price is at least one third more expensive than other inns.

But for Qin Chen, the most important thing is the effect. As for money, it's all outside.

"Let's come to two Tianzi-level guest rooms, and another Xuanzi-level room." Qin Chen hesitated.

Four people, even if Zhuo Qingfeng and Nangongli are willing to live in the same room, you and You Qianxue can't live in the same room, right?

"What do you want three rooms, less dust, it is better to leave Nangong and I, and you two." Zhuo Qingfeng said directly.

"This... isn't it?" Qin Chen said in amazement.

On the other hand, You Qianxue flushed slightly, but did not refute.

Zhuo Qingfeng knew it all at once, and the girl didn't say it was bad. You are a big man, what's wrong with Haw.

"It's nothing bad, that's it, the shopkeeper, two Tianzi-class guest rooms."

Zhuo Qingfeng moved the real stone from his body as he spoke.

Two rooms are six million middle-grade real stones.

"Let me do it."

It is naturally impossible for Qin Chen to let Zhuo Qingfeng pay for it. As for Zhenshi, he is more than ten times more than Zhuo Qingfeng.

Soon, all six million middle-grade real stones were counted.

"Well, sir, this is your letter. Just remind a few people that only two people can enter a training room. Once a third person appears, the training room will automatically close and the inn will cancel yours. Resident qualifications, the remaining real stones will not be returned!"

Qin Chen nodded, this rule is normal, obviously to prevent someone from bringing friends in.

Just as a few people were about to enter, they saw a young man rushing in, saying: "The shopkeeper, give me a Tianzi-class guest room!"

"Tianzi-level guest rooms?" The shopkeeper shook his head: "I'm sorry, the last two Tianzi-level guest rooms have just been rented out." As he said, he glanced at Qin Chen.

[Chapter 1098: Young masters](#)

Qin Chen's heart moved slightly, no, such **** things would happen?

The young man glanced at Qin Chen, then smiled all over his face, and stepped forward and said: "This Xiongtai, can you transfer your Tianzi guest room to Xia Xia, Xia Xia's surname Xu, Xu Jia in Demon Sword City? Disciple, it's better to make friends, I can give you 10% more real stone."

Qin Chen smiled. He thought that this guy would use real stones to smash himself with wealth, not to mention ten times, at least twice as much, but only ten percent more.

Ten percent is 300,000 middle-grade real stones, and he can afford to live in a Tianzi-class room, like a person who lacks 300,000 middle-grade real stones?

I have to say that this guy named Xu is a bit stingy.

Of course, Qin Chen wouldn't change it even if he was given a double price. He was not a person lacking real stones.

"Sorry, we also need this room very much, you should find someone else." Qin Chen said, shaking his head.

"Friend, please give me a face. I really need this room in the next place. I only need to let out one room for me. Or, I will increase by 20%, which is really not good. You can increase by 30%."

The young man didn't give up, he kept bargaining with Qin Chen, hoping that Qin Chen could transfer it.

Naturally, it was impossible for Qin Chen to agree. It would be fine if he often cultivated here, but it was rare to stay here for only a month. They didn't want to miss such an opportunity.

After all, to such talented disciples as Qin Chen and You Qianxue, time is much more important than real stone.

The young man turned around in a hurry, but he didn't threaten Qin Chen, and he would do what he said if he didn't transfer.

Qin Chen and the others are also speechless. Isn't it just a guest room? Do you need to care so much? There are no Tianzi-level ones, at least Xuanzi-level ones. Although the effect is much worse, it is also four times faster, just one month. Where can the time go?

Too lazy to pay attention to each other, just when Qin Chen and the others were about to leave.

"Xu Zixuan, are you done?"

A high-profile voice sounded, and a young man was seen walking in. He was clearly walking towards the first young man, but as he walked, his eyes were aimed at You Qianxue, and he was intently looking straight. Hooked, it's almost impossible to shed Harazi.

You Qianxue showed an unpleasant color, frowned, and the other person's eyes were too naked. The first young man was called Xu Zixuan, with an awkward look on his face, and said to the young man who came: "You young masters, I'm really sorry, the last two Tianzi-class guest rooms have just been booked. Why don't we change one? Or live in a Xuanzi-level guest room? A dream of Qianqiu Xuanzi-level room is also ten

It is luxurious, not inferior to other inns. "

The young man known as Zhu Shao glanced at Xu Zixuan with suspicion, and said, "Xu Zixuan, you didn't want to save money and deliberately lied to me, did you? Xuanzi-level? That's an inferior guest room. Is Zhuji the one who lives in the inferior guest room? Blind your dog's eyes!"

"Masters, how dare I!" Xu Zixuan flushed, wiped cold sweat, and said: "If you don't believe me, you can ask the shopkeeper here. There are indeed no vacancies."

The shopkeeper also cooperated. The visitor was a guest. Although the other party said that their mysterious character-level guest room was inferior, he was not angry, but said: "Yes, this young man, the last two Tianzi-level rooms The guest room has already been reserved by these guests."

He also didn't say that there are still five rooms at the Xuanzi level, nonsense, this person said that the Xuanzi level is for inferior people, so if you sell it yourself, isn't it all right? Anyway, during the inheritance of the Demon Sword, there is no need to worry about no one in the room. "How do you do

business in the inn? There are no rooms, so don't you have any money?" The young master's expression suddenly became gloomy, and then looked at Qin Chen: "You guys, let me give you a room. As for the price, just open it, and then ask him for it, and ask him for all his consumption.

Pay the bill. "

He pointed to Xu Zixuan, his face showing arrogance.

This is shown to You Qianxue, how about it, brother is awesome, live in an inn, don't have to spend money on your own, others pay for yourself directly.

Qin Chen sighed. Maybe he didn't read the almanac when he went out this time. Why did he meet stupid people everywhere? This person has a strong sense of self-existence, right?

Xu Zixuan was taken aback. Although he had a small amount of money, the Xu family was considered to be a small family in Demon Sword City, but he didn't have enough money to let others ask for prices.

He hurriedly laughed and said: "Don't be kidding me! My friend, how about helping me, I will add 50% more real stone to you."

Speaking of this, his flesh hurts. He has already inquired. Qin Chen has booked a room for a month. The price is 3 million middle-grade real stones, plus 50%, that is 4.5 million middle-grade real stones. If it is not this The family helped support this time, and he couldn't even pay for the room.

"Xu Zixuan, why are you so stingy? Don't let this beauty laugh, let alone lose my Zhuji's face!" Zhuji snorted coldly, looking very dissatisfied.

Can't you be generous when you bargain in front of beautiful women? Do you want to pick up my business?

Who loses face?

Xu Zixuan smiled bitterly. His Xu family is just a small family in Demon Sword City. There are many predators in Demon Sword City. His Xu family is not ranked at all. This time, it is also to get the business of the family, and the family sends itself to accompany these young people. Find a place to live.

In order to flatter Zhuji, he chose a luxury hotel like Meng Qianqiu, which is considered top-notch in Demon Sword City. He himself has never stayed in once, and who knows there is no room.

In order to show off in front of the beauties, Zhuji is making a lot of prices, but he has to pay real money, so how can the small body of the Xu family be able to afford it?

"Zhu Shao, in fact, I know another inn, which is not worse than this dream, and the location is better. Why don't we go there and have a look?" He spoke kindly to Zhuji.

"Another inn? No, my youngest will live in this dream. You just took my youngest to find at least four or five inns, all of which have no rooms. Go to the next one. What if there is no room? It's not hard for Ben Shao to run around with you?"

Zhuji snorted coldly, with a look of dissatisfaction: "You also said that your Xu family is a local snake in Demon Sword City. Even this little thing can't be handled well. If you don't live in this dream today, this

young man will really have to talk to his father when he goes back. , Does your Xu family have the ability to run my business?"

"Don't forget, there are some forces in this Demon Sword City who want to flatter my family. As long as this young man just let it go, do you believe that at least seven or eight families are going to come and lick it?"

Zhuji looked arrogant, seemingly random, but clearly pointed out how noble his identity was. See, I'm the young master of the dignified family, and many families kneel and lick the existence, following me, and drinking spicy food, is equivalent to directly squeezing into the upper class of Demon Sword City.

[Chapter 1099: Mouth is too cheap](#)

Xu Zixuan's expression suddenly changed. If it made everyone unhappy, without this list, his family would be in Demon Sword City, and life would be even more difficult.

Hurriedly turned his head to look at Qin Chen, and pleaded: "A few friends, I'm really sorry, can you be accommodating, and I am willing to compensate several people with double the money."

This time, he was really bleeding, spending an extra 3 million middle-grade real stones, which meant that the Xu family would make a lot less on this business.

However, he couldn't help it. In order to curry favor with others, his voice even brought a hint of pleading.

You Qianxue couldn't stand it anymore, and she sympathized with Xu Zixuan. It was indeed very difficult for people at the bottom. Sometimes, she couldn't help her.

Immediately said to Qin Chen, "Qin Chen, why don't you let them have one?"

Anyway, it's only a month. When they want to experience it, they can also go to Zhuo Qingfeng's room to experience it. Or, with the addition of these three million middle-grade real stones, they can afford to live in a more high-end inn, and they can spend more time at most Look for it.

Zhuo Qingfeng also laughed and said: "There is little dust, so it's nothing to let them. When the time comes, you two will live in the celestial character room. Brother Nangong and I will live in the Xuanzi room. For the two of us, there is not much difference. Earned three million middle-grade real stones without losing money."

Nangong Li also laughed: "It's worth three million middle-grade real stones. It's not a decimal. It looks like we are going to make a fortune."

He was also joking, Chendi Pavilion enters the fight for gold every day, and all their major forces have joined in, and each has a share. How would you care about this little money?

Originally, Qin Chen would never give in to people like Zhuji, but listening to You Qianxue and Zhuo Qingfeng's words made his heart soft.

After all, Xu Zixuan has always spoken softly and politely since he came in, but he hasn't been arrogant and domineering, and said: "Okay, let you have one."

"Thank you, thank you!" Xu Zixuan was overjoyed and thanked him, obviously relieved. Zhuji saw in his eyes, but he snorted, and said, "After doing it for a long time, I'm also a peasant pariah who sees money. I'm pooh, pretending to be reserved in front of this young man, what the hell! Boy, let you make this for nothing! A lot of money, don't hesitate to roll over and kneel and thank Ben Shao, hehe, if you can

This little girl will play with Ben Shao, and Ben Shao can give you 3 million more! "

Qin Chen had already taken out the key. Hearing this, his face suddenly sank, and a cold murderous aura rushed out of him.

This guy's mouth is too cheap, it's just begging.

Are you cheap?

I have already given away the guest room to you, so you can go secretly proud of it, it is cheaper, you are better, you still have to slander others and treat others' kindness as donkey liver and lungs, ha ha!

That's all right, you dare to insult You Qianxue, do you really think that others have no temper?

Qin Chen stared at Zhuji, and said coldly, "Swallow what you said just now!"

Zhuji had trouble making troubles, not because of Qin Chen's upset, but You Qianxue.

He can be regarded as a person from a big power, and he has seen countless beauties, but it is the first time to see someone like You Qianxue who wants a figure and a temperament.

In particular, You Qianxue has an inexplicable temperament, like a fairy from above, making him startled and unable to restrain himself.

If Qin Chen is a local predator in Demon Sword City, maybe he still doesn't dare to think about it, but no matter how you look at it, Qin Chen and the others are like foreign warriors.

The foreign warriors, no matter how powerful, are at most king-level forces, and his families, although not top-notch among the king-level forces around Demon Sword City, are considered small and famous, and have never been afraid. Who.

More importantly, he had never heard of Qin Chen, the top geniuses in the surrounding forces of Demon Sword City. He had never heard of them. He wanted to be a disciple of some inconspicuous little force who came to Demon Sword Heritage to try his luck. , Otherwise you will be so excited because of the three million middle-grade real stones?

What does this represent?

It means that he can get that beautiful woman.

Just thinking about it, Zhuji's saliva was about to flow down. Seeing Qin Chen daring to be arrogant with himself, he was not surprised and rejoiced. Zhengshou had no chance to express his identity. Isn't it the best opportunity now?

He immediately dismissed a smile and said proudly, "Let the young master apologize? What are you, do you know who this young man is? You deserve it?"

Qin Chen was so angry that he laughed back. This man was so arrogant that he was almost boundless. He smiled coldly, and immediately took a step forward, and with a bang, a terrible killing intent erupted from him, and said with a smile: "Believe it or not. Your mouth?"

"Hey, hey, you have something to say, don't hurt your peace!" Xu Zixuan hurriedly jumped out to persuade him. He is a businessman and makes money with peace. Moreover, this matter is indeed done by Zhuji too unnaturally. Everyone has kindly surrendered the guest room. Why are you being aggressive?

Really think that they are made of mud, so you can do it?

"Xu Zixuan, **** me away!" Zhuji said fiercely and disdainfully: "What are you, you are also a peacemaker here? This is the first time someone dared to apologize to this young man when he grew up so big!"

At this moment, the shopkeeper couldn't stand it, walked up, and said to Qin Chen, "How many, do you want to help? A few of my guests have a dream, and I have an obligation to protect the safety of the guests."

He has a low tone and full of confidence. It is not without background that he can open such a big inn in the core area of Demon Sword City. How can he allow others to make trouble here?

Qin Chen smiled faintly: "Thanks a lot, but Ben Shao still thinks it's better to do it yourself for those who taught me."

When the voice fell, Qin Chen's big hand had already been caught.

Demon Sword City has the rules of Demon Sword City and cannot help but fights, but it is absolutely not allowed to kill. Moreover, there is a little conflict between young people. It is normal, especially these days are the days when the inheritance of Demon Sword is about to begin.

But one thing is that it is strictly forbidden for the strong to arbitrarily act on the weak, unless the weak take the initiative to provoke, and it is strictly forbidden for the elders to act on the younger generation.

Because there are too many young geniuses from the major forces in the Sky Demon Sword City, every time the Demon Sword inheritance is opened, it is a grand event in the Demon Sword City. There are countless geniuses who come to gather. If there is a conflict between the geniuses, they will move out one after another. Backstage, isn't the entire Demon Sword City messed up?

Therefore, the junior's matters are resolved by the junior himself.

Qin Chen knew this, so he could do it without scruples. As long as he didn't kill people, the people of Demon Sword City would not interfere.

"Young man, thinking he has some strength, he doesn't know that the sky is high and the earth is thick, he is looking for death!" Zhu Ji sneered, pressing it out with one hand, and patted Qin Chen. Regardless of his arrogance, there is a dandy boy, in fact his martial arts talent is not weak at all, in his twenties, he is already a martial king in the early stage of the seventh stage, otherwise, he would not come to participate in this demon sword inheritance. Nor will he become one of the heirs of the families, and have the right to decide the family business.

[Chapter 1100: My mouth](#)

In Zhujia, Zhuji's cultivation is definitely the best person, so he is so confident that he dares to provoke Qin Chen.

In terms of identity, he is the family of Fengliancheng, in charge of the veins of the Fenglian Mountain Range, and many small families in Demon Sword City are the target of cursing.

In terms of strength, he himself was also a martial king in the early stage of the seventh stage, he was young and had an extraordinary cultivation base.

Naturally developed the arrogant second generation ancestor character.

Now, how dare Qin Chen do something at him?

Suddenly, the anger rose from the heart, and the initial stage of the seventh-stage Wu Wang's cultivation base was completely released. On the palm of his hand, the splendor bloomed, and the whole hall was like a stormy sea and gusty winds.

He made up his mind to teach Qin Chen a vicious lesson, and then let the beauty of the other party embrace him.

How did he know that Qin Chen didn't mind him at all, not to mention that Zhuji was only the Martial King in the early stage of the seventh stage, what about the Martial King in the late seventh stage?

Generally, the strongest ancestor among the king-level forces is also the cultivation base of the peak of the late stage of the seventh stage, even if it is taken by the ancestors of these families, it is a matter of slap.

boom!

A palm fell, the violent wind that had been blowing in the hall instantly disappeared, and the wind was calm in an instant. At the same time, the palm power displayed by Zhuji had been crushed by him instantly, and he pinched his neck directly.

"impossible!"

Zhuji was being carried like a chicken, his eyes were round, and he was struggling frantically, but it was only in vain. In Qin Chen's hands, he was a weak chicken. The true essence in his body kept bulging, but he couldn't break through. The **** of Qin Chen.

"Friend, stop, stop, if you have something to discuss!" Xu Zixuan is anxious like an ant on a hot pot. In case Zhuji is injured, it is okay for his Xu family to lose the business of the family, if it provokes revenge from the family, Then the Xu family will be miserable.

But he didn't dare to do it at all. Even Young Master Zhuji was subdued by one move. He went up, probably not even able to hold on to one move.

The genius Martial King in the early stage of the seventh stage, just like this was subdued by one move, what kind of genius is this kid? Isn't it too strong?

I was frightened and angry in my heart, what do you say, Master Zhuji, who is so good to provoke others? People have already given up the guest room, but you are still aggressive. Now, let's be a lesson!

But he couldn't watch Zhuji being taught. Once Zhu Clan blamed him, his Xu Clan couldn't bear it, so he could only beg for mercy, and reported Zhuji's background so that Qin Chen would not go too far and let him go. Don't make things big.

How could Qin Chen listen, just staring at Zhuji, and said: "Your mouth is so stinky, did you grow up eating shit? If you say tear your mouth, then tear your mouth!"

After thinking for a while, Qin Chen took out a handful of real stones from the storage ring, "You have money, are you rare?"

All these real stones were stuffed into Zhuji's mouth.

How hard is real stone? All the teeth in Zhuji's mouth were broken in an instant, and Qin Chen was not satisfied with it, so he picked up another one and continued to stuff it in.

"Hmm!"

Zhuji screamed in pain, how could the real stone with his mouth full? The mouth was choked, blood flowed down the corners of the mouth, but Zhuji was unable to resist and could only hiss in pain, like a ravaged little wife.

When the guests in the surroundings saw this scene, they all laughed out loud, even the shopkeeper couldn't help but laugh.

Zhuji's face flushed immediately, and he only felt hot on his face, wishing to find a place to sew it down.

Since he was a child, he has never been so embarrassed before, and while he was embarrassed and angry, he wanted to slash Qin Chen with a thousand swords.

"It looks like you are not convinced?" Qin Chen said coldly, snapping, slapped the backhand.

Zhuji's mouth was stuffed with real stone, and his sore mouth was about to explode after this slap in the face.

Qin Chen didn't stop, snapping, slapped back and forth with dozens of slaps. The blood in Zhuji's painful mouth shot out like a fountain, only knowing that he was yelling, his pain was about to pass out.

In the end, Qin Chen threw Zhuji on the ground, stepped on the back of Zhuji's head with his feet, and crushed his face into the floor tiles.

"Remember, in the future, don't think that you can be arrogant and domineering if you have a few small dollars. It's better to be a low-key person and get out of it."

A kick on Zhuji's body instantly kicked him out of the inn and rolled onto the street outside.

"Let's go, let's rest."

Clapping his hands, Qin Chen was like driving away a fly, and led by the waiter into the inn.

The waiters all looked at Qin Chen with shocking eyes. This was too fierce. It straightened people so miserably. Even in the inn, they often saw conflicts, but it was the first time to see the lessons. .

I am afraid that the other party's mouth is already rotten.

Qin Chen didn't care about it. Within the rules, he ignored anyone, even if the family ancestor behind Zhuji made the move, how could he get him?

As long as it wasn't the Martial Emperor of the Demon Sword Sect, he was fearless.

"Masters!"

On the street, Xu Zixuan rushed out and quickly took Zhuji into his clothes.

"Mouth, my mouth!"

Zhuji whispered, speaking vaguely and spurting blood in his mouth.

Xu Zixuan was not afraid of getting dirty, and even pulled out the real stones in Zhuji's mouth piece by piece.

Such a tragic scene, and at the gate of the core area of Demon Sword City, immediately attracted the onlookers of many pedestrians, and they all laughed.

I saw the **** real stones from Zhuji's mouth were picked out, as if there was no end, the real stones in front of him piled up in a pile after a while.

"Fuck me, what kind of mouth does this guy swallow so many real stones?"

"This taste is too strong, right?"

"I'll do the math, hiss, at least a hundred. Is this guy's mouth an anus? Is it too stuffy?"

"Awesome, too amazing."

"I think this person made trouble in a dream before and was taught a lesson."

"Hey, don't look at what place this is. This is a dream. If you can open an inn here, which one is easy to meet, this son is probably a genius outside of Demon Sword City. The city is in the wild."

The crowd talked a lot, mostly in cynicism.

Zhuji's face was flushed, and his face became pig liver-colored. He only felt sullen and unable to vent. He wanted to go crazy, and his eyes burst into flames.

Angrily said with a leaky mouth: "Asshole, I am at odds with you. If you don't avenge it, I will swear not to be a man!"

"Masters, forget it." Xu Zixuan quickly persuaded. He is a native of Demon Sword City and naturally knows the rules of Demon Sword City.

If Zhuji wanted to deal with Qin Chen, he would definitely not be able to find the elders of his family, and he would stop him even if he dreamed of it, because this violated the rules of Demon Sword City, and only the geniuses of the same age were found.

But judging from Qin Chen's ability to subdue Zhuji with one move, how many geniuses can suppress Qin Chen at this age?

Probably at least one of the top king-level powers, or even the emperor of the king-level powers?

At this time, the demon sword inheritance is about to open, which emperor's proud son is okay to help you revenge? Not to mention that Xu Zixuan doesn't have such a face, Zhuji might also be hanging.
