

Valkyrie 1191

[Chapter 1191: The real murderer emerges](#)

In the entire square, everyone was silent, and they all looked mad, like a clown-like water Yueqing.

At this time, he actually wants to blame Qin Chen? He also said that the bloodline curse was caused by Qin Chen. Is he funny?

The bloodline curse is the curse power released by a warrior before his death, and not all the bloodline power of the warrior can release the curse. Only special ghost bloodlines like Shui Yueqing have such characteristics.

And once the bloodline curse is released, it cannot be blocked or eliminated at all.

This Han Li possesses the blood curse of Shui Yueqing, and he actually said that the man was not killed by him, and that Qin Chen released him to him. Does he treat everyone on the court as idiots?

"Han Li!" The third elder suddenly shouted and awakened Han Li. He took a step forward and looked at Han Li with murderous intent, and said angrily: "Say, why did you kill Shui Yueqing."

Shui Yueqing is his most proud lover. He has the heart to train to become the son of the Demon Sword Sect and inherit his mantle. If it falls normally, it will be fine.

But now, he was beheaded by a disciple of his own sect. How could this make him not angry? The anger erupts like a volcano and cannot be suppressed. "No, the third elder, Shui Yueqing was not killed by me. Although I was afraid of him and wanted to find a chance to kill him, I really didn't kill him this time, Du Qingcheng, yes, Du Qingcheng, you tell the elders, people are not me Killed, when you were with me, you should know." Han Li looked towards

Du Qingcheng desperately pleaded.

Du Qingcheng's expression suddenly changed. Although he was the arrogant of the Tianluo Dynasty, he was not afraid of Demon Sword Sect, but he didn't want to get involved in this kind of thing. It would be too wrong to kill him.

Sure enough, the eyes of countless powerhouses in the Demon Sword Sect all fell on him, revealing a gloomy look. How could Han Li kill Shui Yueqing and Yang Ling alone, this Du Qingcheng might be an accomplice. Du Qingcheng panicked, and hurriedly said: "Everyone, Shui Yueqing's death has nothing to do with the younger generation. As for whether Han Li killed it, the younger generation doesn't know. The younger generation heard the roar elsewhere, and hurried over with Han Li, but Han Stand up faster than Du, so when Du arrives, the root

I didn't see the scene of the fight, I only saw Han Li alone in the ruins, holding Shui Yueqing's treasure in his hand. And...and..."

"And what?" Yan Jiu yelled coldly, his eyes were cold, and the whole body was chilly.

"Furthermore, the younger generation heard Shui Yueqing yelled "Han Li...you unexpectedly..." before he died, followed by Shui Yueqing's screams. The other juniors really didn't know what the younger

generation said, The sentence is true. If there is a false statement, I would like to be struck by lightning and die!"

Du Qingcheng hurriedly explained.

"Master Sect Master, the reason why the disciples suspected Han Li was also because Junior Brother Shui called Senior Brother Han's name before he died."

"I heard this sentence too."

"When I was waiting to go, there were indeed only Brother Han and Du Qingcheng on the court, and Brother Han was still holding Brother Shui's precious soldiers."

Others also said one after another.

"No, Lord Sovereign, I didn't kill Junior Brother Marine, I really didn't kill him." Han Li was panicked and he was already incoherent.

"Sect Master Yan is really good at teaching such a disciple, and he likes to plant and blame others, Hong Ying really admires it." Hong Ying sneered from the side.

Yan Jiu was also furious in his heart, and finally cultivated four seed disciples. One died and the other committed such a serious matter. If he didn't kill him, how could he explain to so many people on the court? But if he kills him, a genius that has finally been cultivated, should he give up like this?

He also hesitated in his heart, and was extremely angry. After a while of anger, he furiously said: "Come here, take Han Li down, strip away the identity of the seed disciple, and go to the prison!"

When everyone heard his order, they all sneered. Han Li made such a mistake, not only caused the Demon Sword Sect to offend the Hall of Law Enforcement, but also almost arrested the wrong person. It was just such a consequence, which was really shocking.

But think about it, how can Han Li behead such a genius at will? His Demon Sword Sect was also reluctant.

"Sect Master Yan, now that the truth has been found out, Qin will not stay here much and bid farewell." Qin Chen smiled lightly, but didn't say anything, just arched his hands.

"No, you can't go, you are the murderer who killed Junior Brother Shui, how can you go?" Han Li roared and rushed towards Qin Chen.

"presumptuous!"

You Qianxue shouted angrily, clang, the sword was unsheathed, and a sharp sword light was lit up, and with a chuckle, Han Lizhen returned with a blood stain on his chest.

"What a fast sword!"

Everyone was secretly surprised, You Qianxue's strength was indeed terrifying, no wonder that the woman in white clothes was recommended to enter the Hall of Law Enforcement.

Han Li was cut into the air by a sword, and immediately shaved his head, like a lunatic, and pointed at You Qianxue ferociously: "And you, you are also a murderer, Lord Sovereign, grab them, grab them, and this woman in white. They are all murderers, they are the murderers."

Deprived of his status as a seed disciple, and unable to pursue the position of the ancestor, Han Li suddenly lost his mind and was confused.

"Bold." Hong Ying was furious, dare to say that Ji Ruyue is a murderer, do you want to die?

"Sect Master Yan, this is how your Demon Sword Sect deals with the murderer who framed others?" Hong Ying said sternly, "I will report this matter to the commander and personally investigate your Demon Sword Sect to see if there is any illegal behavior."

Yan Jiu's heart trembled, watching the crazy Han Li's eyes show cold light, he sighed and then stretched out his palm suddenly, slapped Han Li down instantly, with a pop, blood flew across, Han Li burst into pieces. The screams turned into blood mist, and there was no bones left.

Before he died, he finally recovered his mind for a moment, staring at Qin Chen, unwilling!

"The disciple of the Demon Sword Sect, Han Li, killed his fellow disciple and framed others. The sin is unforgivable. Cut!"

An icy voice echoed in the square, Yan Jiu's face was blue, and he waved his hand and said, "Everyone, my Demon Sword Sect is about to change, so I can't entertain you anymore. Goodbye."

Immediately with many demon sword sect powerhouses and disciples, they left one after another, and they all left in an instant.

When Yan Nineteen left, the others would naturally not stay, and soon, the crowd in the entire square dispersed.

Qin Chen and others also returned to the inn.

"Qianxue, are you really going to join the Hall of Law Enforcement?" Qin Chen looked at You Qianxue and said solemnly. Joining the Hall of Law Enforcement means that You Qianxue will enter the sight of Misty Palace, and it is hard to say that it is a disaster or a blessing for You Qianxue.

[Chapter 1192: Ancient Yujie](#)

You Qianxue looked at Qin Chen without speaking, but Qin Chen could feel her determination.

"Little dust, I want to help you. I don't want to shelter under your wings forever. I also want to be able to fight side by side with you and face crises with you in the future." You Qianxue's eyes gleamed: "And joining the Hall of Law Enforcement, It is an opportunity."

Qin Chen was startled slightly and looked at You Qianxue.

At this moment, he suddenly remembered that afternoon.

That afternoon in the Demon Ancestral Mountain Range, he saw You Qianxue for the first time, and You Qianxue, who was a disciple of Ling Tianzong at that time, was so arrogant, like a nine-day fairy.

He remembered the scene in the blood spirit pool where he accidentally broke into the side of the girl's blood spirit pool and was chased and killed by You Qianxue.

It's still vivid.

Over the years, You Qianxue has followed her, constantly growing, always following her own footsteps, and never giving up.

"Silly girl!"

Qin Chen's hand gently stroked You Qianxue's cheek: "You don't need to be like this!"

He, Qin Chen, is not a man who relies on women, not in his previous life, not even in this life.

"Do not!"

You Qianxue touched Qin Chen's hand and pressed it on her face, "Qin Chen, you don't understand, I am willing, I am willing to all of this, I am willing to pay for you, and I am willing to work hard for our future."

"In the future?" Qin Chen smiled.

He suddenly understood You Qianxue's heart.

"Since you want to join the Hall of Law Enforcement, then I will not stop you. Since the Hall of Law Enforcement can control the order of the entire continent, it must have its uniqueness, but you must remember that in the Hall of Law Enforcement, you must not expose any of my News." Qin Chen said solemnly.

You Qianxue's participation in the Law Enforcement Hall is actually nothing. Although the Law Enforcement Hall is controlled and the Misty Palace, on the surface, it is a law enforcement agency united by many top forces in mainland China. Joining the Law Enforcement Hall does not mean that you have joined the Misty Palace.

Instead, they can get in touch with many top powers.

And if you join with You Qianxue's talent, you will definitely get a lot of resource training, and you can also get a lot of information that you can't get.

And can also inquire about the news of Zhenjiezhu by the way.

Without the town boundary beads, the parasitic seeds in their minds will continue to grow, and as their strength improves, they will become more and more dangerous.

"Don't worry, I know what to do."

You Qianxue smiled, she could feel Qin Chen's concern for herself.

Bang bang bang.

Just then, the door of the room was knocked.

what happened?

Qin Chen frowned and opened the door, only to see the shopkeeper standing at the door with a look of embarrassment: "Qin Shaoxia, I'm sorry to bother you. It is this lady who has to open the door underneath, and there is no way for the small ones."

The inheritance of the Demon Sword is a major event in Demon Sword City. The shopkeeper of the inn naturally went to see it. Under normal circumstances, he naturally didn't dare to offend an arrogant such as Qin Chen. Didn't see that Han Li of Demon Sword Sect was killed by Qin Shaoxia?

Although Yi Meng Qianqiu has a bit of background in Demon Sword City, how big a background can it be compared to Demon Sword Sect? Qin Chen was not even afraid of Demon Sword Sect, he naturally had to be careful.

But this time, he really couldn't help it.

Behind the shopkeeper, Ji Ruyue walked out and looked up and down Qin Chen and You Qianxue, with a strange expression on his face: "You two sleep in a room?"

You Qianxue's face flushed suddenly.

Qin Chen coughed: "What are you doing here?" "I said you are too unconscionable. Can you come out alive without my help during the day? It's really kind and not rewarded!" Ji Ruyue glanced at Qin Chen. "Furthermore, now You Qianxue has promised to join me in the law enforcement hall, can't I come to You Qianxue? I think you are wicked,

Don't want to abduct people from my law enforcement hall. "

Ji Ruyue said and walked straight into the room.

Qin Chen's face was full of black lines.

"Several people, I'll go down first." The shopkeeper can't stay any longer, standing here is like going to jail.

This fairy-like white-clothed woman is a member of the Law Enforcement Hall. He, a small shopkeeper, dare not even provoke the Demon Sword Sect. How can he dare to offend the Demon Sword Sect?

"The environment is good." Ji Ruyue glanced at the room. "Tonight, You Qianxue and I will live here."

Damn, treat this as your own home?

"Why?" Qin Chen snorted coldly.

"Because I will return to the headquarters of the North Tianyu Law Enforcement Hall tomorrow. Sister Hong Ying will guard here. Of course You Qianxue has to go to the Law Enforcement Hall with me to report on her duties. You would not think that sister Hong Ying agreed to join her. Have you joined?" Ji Ruyue looked at Qin Chen like an idiot.

"I'm leaving tomorrow?" You Qianxue exclaimed. In this way, don't she and Qin Chen have much time together?

Originally, she wanted to go to Pill Road City with Qin Chen first, and then to the Hall of Law Enforcement.

"That's natural, I tell you, the ancient Yu world will be opened soon, you have to go to the Hall of Law Enforcement to make preparations, and you can't delay time." Ji Ruyue said.

"Guyu Realm?"

Qin Chen lost his voice.

"Have you heard of it?" Ji Ruyue looked over in confusion.

"I just heard it slightly." Qin Chen said.

Ji Ruyue glanced at Qin Chen, only to hear a little, what a lie?

Qin Chen's cunning she has seen too much, the guy who can turn the Demon Sword Sect deceived around, his words, half-believing it is good enough.

And it is obvious that the cultivation base is so terrible, but deliberately concealed it, there must be ghosts.

Of course, Ji Ruyue didn't bother to open it.

Just as Ji Ruyue guessed, how could Qin Chen just hear about Gu Yu Realm!

Guyu Realm is an extremely rare space secret realm in Tianwu Continent. There are space wind blades and space cracks everywhere in it, which is dangerous, and it is also an extremely powerful secret realm.

In it, the powerful king of Wu can quickly perceive the rules of space, master the profound meaning of space, and use this to step into the realm of Wuhuang. It can be said that it is a place where countless peak Wuwangs are flocking.

It's just that this secret realm is controlled by many top forces in the mainland, and it is extremely difficult to enter it. After all, which force does not want to let the King of Wu enter the realm of Emperor Wu?

Even some emperor-level forces hoped that their Wu Wang could enter the ancient Yu world.

The most important thing is that not only the strong King Wu, but also the strong King Wu are also eligible to enter the ancient Yu world. At the same time, because they can better perceive the profound meaning of space in the ancient Yu world, the powerful Wu Huang of the major forces also has the right to the ancient Yu world. Furiously.

It can be said that this is a secret realm that is enough to make the peak Wuwang and Wuhuang go crazy.

In the previous life, Qin Chen had entered the ancient Yu realm and was very familiar with the scenes inside. It was because of his insight into the profound meaning of space in the ancient Yu realm, that he later stepped into the Eighth Martial Emperor in one fell swoop.

Such a secret realm has a huge attraction to Qin Chen. Once he can enter it, it can save Qin Chen several years but decades. After all, the speed of comprehending the profound meaning of space in the ancient Yu world is unprecedented.

[Chapter 1193: Tianshengchi](#)

When Ji Ruyue talked about the horror of the ancient Yu world, You Qianxue suddenly exclaimed.

There is such a secret realm in this world?

No wonder there are so many geniuses and strong men among the higher forces compared to the five countries and the land of a hundred dynasties? The resource gap between each other is too far.

For example, the Demon Sword Inheritance, the Ancient Yu World, and the warriors in the land of a hundred dynasties, may not have the opportunity to meet in this life, how can they compare with the geniuses of those top forces?

And, not only the gap in these tangible resources, but the gap in many intangible resources is even more terrifying, such as the teaching of the strong and the experience of the predecessors.

This has also led to the fact that the higher you go, the more geniuses, and the lower you go, the fewer geniuses.

"I'm only at the mid-level of the seventh tier, am I eligible to enter the ancient Yu world?"

Immediately, she hesitated. From Ji Ruyue's narration, she also understood the rarity of the ancient Yu realm. It was not only the countless martial kings of the late seventh stage who tried their best to enter the ancient Yu realm. Secret Realm, how could she, a Martial King who was at the peak of the seventh-tier mid-stage, be eligible to enter

?

Even if she is a member of the Hall of Law Enforcement, right?

Under the world, there are too many Martial Kings at the seventh-tier peak, and there are not enough places at all. How could it be possible to let the Martial King from the mid-tier seventh-tier peak in and waste the quota?

"When will Guyu Realm open?" Qin Chen asked suddenly.

What You Qianxue said is indeed a reality.

As far as he knows, if you want to enter the ancient Yu realm, the cultivation base of the late seventh stage is the most basic criterion. Without the late seventh stage, no matter what forces it is, it is impossible to send people into the ancient Yu realm.

This is a matter agreed upon by the major forces, and no one can destroy it.

In fact, it is only reasonable for the Wu Wang who is at the peak of the late stage of the seventh stage to enter the Guyu Realm. As for the half-step Wuhuang, let alone, basically as long as the half-step Wuhuang is strong, once it enters the Guyu Realm, it will break through the Wuhuang. The probability is almost as high as about 50%.

This is also the reason why many top forces are so attached to Guyu Realm.

"About a year later, I don't know the exact time yet, but it's about a year or so." Ji Ruyue said.

Only one year?

Qin Chen's heart sank.

This is not easy.

Although You Qianxue's cultivation reached the peak of the middle stage of the seventh stage, it was only in the demon sword inheritance that just ended. A few days ago, her cultivation was only the peak of the early stage of the seventh stage.

Originally, Qin Chen wanted to let You Qianxue step into the late stage of the seventh stage, or even the peak of the latter stage of the seventh stage, before the opening of the ancient Yu realm. In this way, entering the ancient Yu realm would be logical.

But who knew that it was only about a year since the opening of Guyu Realm.

In one year, it was actually quite difficult for You Qianxue to break through to the late seventh stage.

After all, You Qianxue's recent breakthrough speed is too fast, and his foundation is not stable. If he has enough materials, he can indeed refine many pills to make You Qianxue force a breakthrough.

But in this way, it will affect the foundation of You Qianxue's practice. Even if he enters the ancient Yu world, it may not be a good thing.

Unstable foundation, forcibly upgrading the cultivation level, will seriously affect the future of the warrior. Can she enter the realm of Emperor Wu in a short time, but Emperor Wu?

Emperor Wu Tian is the highest in the mainland.

If you want to step into the Nine Heavens Martial Emperor, you must not have any defects in your practice. Once a problem occurs, it will be difficult to make up for the gods and ghosts. Even Qin Chen's restoration of the previous life's cultivation is enough to allow anyone to step into the realm of the eighth-level peak martial emperor. .

But if you want to break through to the Nine Heavens Emperor Wu, you need the martial artist's own opportunity, foundation, and talent, which are indispensable, and can be restored by human resources. "Qianxue, if the ancient Yu realm really opens in a year, you might as well stay with me. I will find a way to make you break through the late stage of the seventh stage within half a year, and use the remaining months to consolidate, but If you can't, even if you are qualified, don't enter the Guyu Realm.

It's not a good thing that King Wu rushed into the ancient Yu world, forcibly comprehending the profound meaning of space, and breaking through the realm of Emperor Wu. Qin Chen thought for a moment, and said in a deep voice.

It took You Qianxue for more than half a year to break through the late stage of the seventh stage. It was difficult to say, but easy to say. As long as he arrived at Alchemy City, he had enough resources, it was not a difficult task.

The rare thing is how to find those top resources, so that You Qianxue's breakthrough will not be unstable.

This is what Qin Chen wants to consider now.

"You can make You Qianxue break through the late seventh stage within a year?" Ji Ruyue looked at Qin Chen in shock.

Who is Qin Chen so confident?

This is not a veteran martial king powerhouse, but a world-famous Tianjiao, allowing a Tianjiao character to break through in a short period of time, and its difficulty is more than a star and a half higher than that of a group of veteran martial kings.

Where does he come from?

But thinking of Qin Chen's performance in the inheritance of the Demon Sword, Ji Ruyue was surprised again.

This abnormality is not only terrifying in cultivation, it is even an eighth-level formation master, but also mixed with the people of the Northern Heaven Domain Dan Pavilion, maybe it is a genius cultivated by the Dan Pavilion.

With the power of Pill Pavilion, it couldn't be easier for a Martial King to break through.

However, even if Dan Ge took the shot, I'm afraid it wouldn't be better to arrange for You Qianxue himself.

"I said, You Qianxue will follow me tomorrow. I have a way to make her break through the seventh stage in a year." Ji Ruyue said proudly.

"It's not just a matter of breakthrough." Qin Chen shook his head.

Ji Ruyue said indifferently, "I know what you are worried about. It is nothing more than an unstable foundation. Don't worry. I dare to do this. I will never harm You Qianxue. Not only will it allow her to break through, it will also not let her foundation. Unstable."

Qin Chen was still frowning and thinking, but now he looked over in shock: "Can you do it?"

Even if he has a headache, can Ji Ruyue do it?

Ji Ruyue was very proud of her. It was the first time she saw Qin Chen shocked, her heart was so happy, she proudly said: "That's natural." She said, "You don't know, this time is just the day when the Misty Palace accepts disciples. After the new disciples of Misty Palace get started, every top Tianjiao will have the opportunity to enter the Heavenly Sacred Pool of Misty Palace for baptism. My aunt happens to have two places. You Qianxue tells me back to the North Tianyu Law Enforcement Hall headquarters.

After taking the job, I will beg my aunt to give her one of the quotas. As long as I speak, my aunt will definitely agree. The baptism in the Heavenly Sacred Pool will take half a year. After half a year, You Qianxue will definitely be able to break through the late stage of the seventh stage and catch up with the ancient Yu world. Turn on. "

"Heavenly Sacred Pool?" Qin Chen was startled. This is also an extremely powerful baptism holy place in the Martial Domain. It is opened once every ten years and can only accommodate a small number of

geniuses for baptism at a time. It is more effective than the blood spirit pools of the five countries. , Stronger than countless times.

Chapter 1194: Sword Emperor

In his previous life, Qin Chen had also baptized in the Heavenly Sacred Pool. After the baptism in this pool, both the erysipelas and the hidden diseases in the martial artist's body would be eliminated, and at the same time the potential would be raised to a peak.

In addition, You Qianxue has a parasitic seed, and after entering the Heavenly Sacred Pool, the effect will be even more terrifying. Not only can it enter the late stage of the seventh stage without suspense, but there will never be any foundation instability and hidden danger.

If You Qianxue can really enter the Heavenly Sacred Pool, then it is indeed much better for You Qianxue to follow Ji Ruyue than to follow herself.

However, the Heavenly Sacred Pool is extremely rare. In the previous life, controlled by several top forces in the Martial Domain, could Ji Ruyue really bring her in?

Can't help but say: "Your aunt can really let You Qianxue enter the Heavenly Sacred Lake? The Heavenly Sacred Lake is controlled by several top forces in the Martial Domain. Each time there are only a small number of places, even your Ji family, it is impossible for an outsider to enter casually. Right?"

Ji Ruyue glanced at Qin Chen weirdly, and Qin Chen was all hairy.

Did you make a mistake? Ji Ruyue gave him a white look and said: "What year are you in the old almanac? One hundred years ago, Tianshengchi was already in the Misty Palace and became a forbidden place in the Misty Palace. Now it is all over the world. , Only people from Misty Palace can enter Tiansheng Lake. My aunt and Misty Palace are very close.

Mi, as long as she thinks, all this is not a problem at all. "

"Otherwise, why do you think I am in a hurry to take You Qianxue away tomorrow? My aunt has just been busy with important matters in the past two days. I took her to the Beitianyu Law Enforcement Hall. I took her to see my aunt. By the way Bring it into the Heavenly Sacred Pool, don't let my aunt come forward, don't even think about it."

"The Heavenly Sacred Pool has become a forbidden place in the Misty Palace? How could those big forces agree?" Qin Chen was shocked.

This is a sacred place cultivated by geniuses. In the past, for a quota, several top forces had to hold a big competition. Only the winner can enter it. Now they are all taken away by the Misty Palace. How is this possible? Ji Ruyue looked at Qin Chen's gaze even more weird: "The Misty Palace Empress ruled the world, and the mighty power shocked the world. Back then, several top powers naturally agreed, but in the battle of Tianfeng Mountain, the female emperor defeated several powers with one person. The seven top martial emperors, and several major forces in the martial arts domain have no choice but to silently

Acknowledge this, otherwise do you think that several major forces kindly gave way to Misty Palace? "

Shangguan Xi'er alone dominates the seven martial emperors of the top powers in the martial arts? Actually won?

Qin Chen's heart shook, and only felt cold all over, and cold light burst into his eyes.

Three hundred years later, Shangguan Xi'er has become so terrible, incredible!

He felt unprecedented pressure in his heart.

"Qin Chen, what's the matter with you?" Ji Ruyue looked at Qin Chen suspiciously. For some reason, she felt Qin Chen feel inexplicably cold.

"It's okay."

Qin Chen was taken aback, and shook his head.

"If it's okay, you can go out. Let me live with You Qianxue here tonight." Ji Ruyue smiled slightly: "My aunt has a weird temper. I still have many orders to talk to Qianxue today."

After saying this, Ji Ruyue drove Qin Chen out directly, and then slammed the door shut.

Qin Chen stood at the door, his eyes deep.

Three hundred years later, Shangguan Xi'er was so strong, and the top martial emperor of the seven powers alone, what kind of cultivation level was this? And it was 100 years ago, now a hundred years later, how strong is she?

Emperor Wudi?

Shangguan Xi'er is so strong, what about Feng Shaoyu?

Qin Chen was shocked at first, but then he was full of invincible fighting spirit.

No matter how terrible they become, they rise from the dust in this life, and one day, they will stand in front of the two and claim everything that belongs to them.

Qin Chen clenched his fists and pierced his nails into his palms, but he didn't notice it.

"I must improve my strength as soon as possible. I will set off to Dandao City tomorrow."

Qin Chen's face was solemn, and after speaking with Zhuo Qingfeng and Nangong Li, he reopened the room and stayed.

On the other side, in the Demon Sword Sect, Yan XIX and others were carefully inquiring about everything in the Demon Sword inheritance.

"In that case, this time our Demon Sword Sect's highest level was only entered the fifth floor, and the four people who entered the sixth floor should be the white-clothed woman from the Law Enforcement Hall, Qin Chen, and Ye Wuming from Qingyun Jianzong, and that You Qianxue?"

Sitting on the sword chair, Yan Jiu's face was blue, and the whole body was chilly. Below him, many disciples of the Demon Sword Sect were trembling and pale.

It was fortunate that Xu Yan and Leng Xingfeng stood aside respectfully and were not affected.

"Huh, I didn't expect that this time, two people actually activated Supreme Swordsmanship. As for the swordsmanship stele, it was understood by the kid Qin Chen. Even on the sixth floor of the Sword Intent Tower, the kid took advantage. Damn it. , Don't you all feel humiliated?"

An elder roared, his face was pale, and his sharp sword intent rushed across the hall, making a clanging sound.

Many disciples below lowered their heads, their faces were ashamed, even Xu Yan and Leng Xingfeng's faces were a bit embarrassed.

The inheritance of the demon sword of the dignified Demon Sword Sect was actually dominated by outsiders, leaving them faceless.

In fact, without a horizontal comparison, just judging the results of this session, Leng Xingfeng and Xu Yan activated 93 kendos and entered the fifth floor of the Jianyi Tower. They are no weaker than the strongest of the Demon Sword Sect back then. The Spirit Sword Emperor.

It is dazzling and brilliant.

But compared with Qin Chen and the others, it suddenly became bleak.

"Let me say that Shui Yueqing may not be killed by Han Li. The murderer may be among them." An elder snorted coldly.

"Okay." Yan Jiu's face sank, and one hand was raised: "This matter is related to the Hall of Law Enforcement. I don't want to mention anything that has already passed. Have you heard?"

"Yes."

Many elders bowed their heads, eyes angry, but helpless.

The matter is related to the Palace of Law Enforcement, and people like them dare not make trouble.

"Master Sect Master, should we just forget it? The inheritance of my Demon Sword Sect's Demon Sword was unexpectedly reaped by others, and our Demon Sword Sect can only swallow his breath? Wouldn't it be laughed at by others?" The elder is not angry.

"Who says we can only swallow?"

Suddenly a rumbling voice sounded, and a gray-robed old man suddenly appeared in the main hall, his eyes were like a sword, shooting out a terrifying sharp light.

"Ancestor!"

Seeing this person, many elders on the field looked shocked and hurriedly bowed to salute, and even Sect Master Yan Nineteen of the Demon Sword Sect bowed their heads in salute.

This person is the ancestor of the Demon Sword Sect, Fengyun Sword Emperor.

He exudes a strong sword aura, stabbing Yan Nineteen and the others so that the cold hair is erected, and he is actually a martial emperor in the middle of the eighth stage.

"You all retreat."

The old man came to the sword chair, sat down directly, and said coldly to the many disciples below.

Many disciples hurriedly retreated. "Leng Xingfeng, Xu Yan, you two stay." Fengyun Sword Emperor said.

[Chapter 1195: Test strength](#)

Leng Xingfeng and Xu Yan stopped and stood respectfully on one side.

The Sword Emperor of Wind and Cloud is the ancestor of the Demon Sword Sect and the strongest person in the Demon Sword Sect. He is also the former master of the Demon Sword Sect and the master of the current master Yan XIX.

It is precisely because of the Sword Emperor of Wind and Clouds that the Demon Sword Sect has such a powerful position in the Northern Horizons. This person took a fierce shot when he was the Sect Master. The strong who once died in his hands are unknown in the entire Northern Horizons. They are quite famous.

It's just that, in recent decades, the Sword Emperor of Wind and Clouds has been in retreat and rarely manages the affairs of the Demon Sword Sect. Everything has been entrusted to his disciple Yan Nineteen to take care of it. He has not appeared in many elders for many years. Before.

But for Demon Sword Sect, this person is undoubtedly the most terrifying person in Demon Sword Sect.

Not only because of his status, but also because of his invincible strength in the middle of the eighth stage.

"Master, why are you here?"

Yan Jiu said respectfully, his face flushed and his head covered with cold sweat.

Although he has served as the Sect Master of the Demon Sword Sect for many years, he is still extremely nervous and nervous in front of the Fengyun Sword Emperor, just like a little disciple who had just started. Fengyun Sword Emperor coldly snorted, and said: "Why did I come? Why did you say I came? I have been in seclusion for so many years, and you are the Demon Sword Sect that you manage? Not only did you kill the seed disciple in the Demon Sword Inheritance, but also It's caused my Demon Sword Sect to lose face in front of the many forces in the Northern Sky Region.

Lord, are you competent? "

Yan Nineteen hurriedly knelt on one knee and said, "The disciple failed to take charge of the sect, and I will ask the teacher to punish him."

"Hmph, let's talk about the punishment, you two, first come up and let the emperor have a look."
Fengyun Sword Dynasty Leng Xingfeng and Xu Yan looked.

The two hurried forward respectfully.

"You two are the remaining two major seed disciples of my Demon Sword Sect? The Tianjiao who broke into the fifth floor of the Jianyi Tower?"

Leng Xingfeng and Xu Yan hurriedly saluted and said: "In front of the ancestors, the disciples dare not call themselves the arrogant."

"Hmph, I dare not say, what I dare not say, the old man entered the Demon Sword Inheritance back then, only activated 92 kendos, I heard that some of you activated 93? Which one?" Fengyun Sword Emperor Look over.

He was old, as if he was about to die, but when his eyes came and went, Leng Xingfeng and Xu Yan only felt that there were two sword lights surging through the sky in their minds, as if they were covering the day, and his whole body trembled, and there was something to kneel down and worship. impulse.

Leng Xingfeng took a step forward and said, "My ancestor, I am a disciple."

"Oh? Not bad." Fengyun Sword Emperor nodded with satisfaction: "Back then, Senior Spirit Sword Emperor only activated ninety-three kendos, and eventually became the peak Martial Sovereign in the middle of the eighth stage. You can reach the results of Senior Spirit Sword Emperor. Not bad."

"Thank you ancestors for the praise, the disciples dare not compare with the ancestors of the Spirit Sword Emperor."

Fengyun Sword Emperor coldly snorted: "Is there anything you dare not, you young people, hypocritical, arrogant, and defiant, I am afraid that I will not even look at the old man? Do you dare to call it?"

Leng Xingfeng's forehead was in a cold sweat, this ancestor spoke too straightforwardly. In fact, he didn't really care how much Sword Emperor Fengyun looked at him. Sword Emperor Fengyun was strong, just because he was a strong man of the older generation. In Leng Xingfeng's heart, his future was by no means limited to Tier 8. In the middle stage, his goal is to sprint into the late stage of the eighth stage and spy on the supreme Emperor Wu

realm.

This is his life pursuit.

If you don't enter the Emperor Wu, don't see the way of heaven, what about going against the sky? Reaching the pinnacle of martial arts?

Of course, I can't say that in front of the ancestors.

Xu Yan saw the Sword Emperor Fengyun boasting about Leng Xingfeng, feeling very uncomfortable and extremely jealous.

"You are not bad too." Fengyun Sword Emperor looked over, "I heard that you activated ninety-two kendos? Is the same as the old man?"

Xu Yan hurriedly said: "The disciple did activate 92 kendos, but he dare not compare with the ancestor."

"Hmph, hypocrisy, you two use all your strength to attack the emperor, let the emperor see your strength, remember..."

Two fierce sword lights burst into the eyes of the Sword Emperor of Wind and Clouds, and he said: "You must use your best, because it matters whether you can become the next son of my Demon Sword Sect."

Is the ancestor testing himself?

Xu Yan and Leng Xingfeng glanced at each other, and their eyes burst into a strong fighting spirit.

"Follow the will of the ancestors!"

boom! boom!

The two of them stood up instantly, a monstrous sword aura erupted from their bodies, and the sword aura rushed into the sky, and roared in the hall. There were many elders who only had the peak of Wu Wang, and even half-step Wu Huang's elders, suddenly felt a suffocation, I feel difficult to breathe.

how is this possible?

They were shocked.

Before Xu Yan and Leng Xingfeng entered the Demon Sword Inheritance, they were only Martial Kings at the peak of the seventh-tier mid-stage. After only one inheritance, both of them broke through to the late-stage seventh.

That's fine.

But now the sword intent released by the two is so strong that even they have difficulty breathing, and the ranks of the two are actually not as good as theirs. Does this mean that the two are even older than theirs in the understanding of sword intent Are the elders of the next generation stronger?

how can that be?

The key is that both of them are so terrible, so how terrible are Qin Chen and the woman in white?

"Very good." Fengyun Sword Emperor nodded in satisfaction, "The fusion attribute sword intent, you two, really broke into the fifth floor of the sword intent tower, and not just outside the fifth floor of the sword intent tower, you should enter When you arrive at the core area, you will stay longer than the emperor back then. You two will take action."

"Yes!"

The two nodded, hum, a sword appeared in their hands at the same time, and at the same time the power of the blood on their bodies rose to the extreme in an instant.

Above Leng Xingfeng's head, an invisible force condensed, arrogant and superb, like a peerless swordsman, standing proud on the top of the mountain, invincible in the world.

And Xu Yan was filled with a light red halo, the halo swept across, and there was a heavy feeling, like a vast plain, endless.

This blow is related to which one of them can become a sect, and no one dare to be careless. After urging the combat power to the extreme, a sword slashed out.

Boom!

The sword light surged, like a thunderbolt on a sunny day, and the sky burst out with a roar, and the two sharp swords came to the chest of the Fengyun Sword Emperor suddenly like a stream of light.

"Good coming." Fengyun Sword Emperor laughed, with both hands sticking out. Above his palms, there were vigorous spatial fluctuations flashing through, and the power of each space formed ten halos, which were blocked in front of the two sharp swords.

Puff puff.....

The sharp sword with the ultimate sword intent cuts through the front three layers of halo in an instant, but after that, the sword light immediately became slow, as if caught in a mire, and the speed became slower and slower.

finally.

Leng Xingfeng cut through eight layers of halo, while Xu Yan only cut through seven layers. The sword light exhausted the last trace of strength and broke apart.

[Chapter 1196: Xufeng Sword Emperor](#)

Both of them turned pale. The Sword Emperor Fengyun showed a hint of admiration on his face, saying: "The previous defense of this emperor is equivalent to the defense of a martial emperor in the early stage of the eighth stage, that is to say, you two have the strength to hurt the emperor of the eighth stage. It's a pity, it's a little too close. If you can break through ten percent of the guard, it means you

'S destructive power can really hurt a martial emperor in the early stage of the eighth stage. "

"so smart?"

"This is too strong."

"Leng Xingfeng and Xu Yan should have just broken through the late stage of the seventh stage, right? They actually hurt the strength of the first stage of the eighth stage martial emperor?"

"incredible!"

The hall was buzzing and vibrating, and the faces of many elders were shocked.

With the cultivation base in the late stage of the seventh stage, the Martial Emperor in the early stage of the eighth stage could be injured, the shining tianjiao is the shining tianjiao, strong and terrifying. "But you two shouldn't be too happy too early. This just shows that you have the strength to hurt the Martial Emperor of the eighth rank. The real Martial Emperor, who controls the profound meaning of space, will not evade and let you hurt so easily. Here? Really want to start, the other side kills you like a chicken." Fengyun Sword Emperor mentioned again

Wake up.

"Disciples, remember." Leng Xingfeng and Xu Yan hurriedly bowed.

"It's a pity!" Fengyun Sword Emperor was filled with a terrifying killing intent, and two sword lights burst into his eyes. "It's a pity that this time, my Demon Sword Sect should have four genius disciples, but now, only left is left. Two."

"This grudge must be reported!"

Click!

Under the killing intent, the top of the Demon Sword Sect's palace was directly torn apart by the invisible sword energy, and the bluestone slab under his feet was split like a spider web and shattered layer by layer.

The Sword Emperor of Wind and Cloud seemed to be in a terrifying storm of sword energy, no one could approach him.

"Xufeng Sword Emperor." He said.

"Subordinates are here."

Fengyun Sword Emperor walked out from behind a tall and thin old man wearing a black robe, standing there like a lone sword, just standing there makes people feel cold and sharp.

This person is the great elder of the Demon Sword Sect, the Wuhuang Emperor of the eighth stage, Xufeng Wuhuang!

"Xu Feng, you immediately clean up, leave with Qin Chen and his party, and then halfway..." Fengyun Sword Emperor wiped his neck with his hand, his murderous intent boiled over him.

"Master, you...Is this wrong?" Yan Jiu was shocked, Master actually wanted to secretly kill Qin Chen and others.

Fengyun Sword Emperor disdainfully said: "What's wrong?"

Yan Jiu Lian said, "Master, that You Qianxue has already joined the Hall of Law Enforcement. If you kill them, wouldn't it be against the Hall of Law Enforcement? The Hall of Law Enforcement is blamed, and our Demon Sword Sect is afraid of a catastrophe!" Did we find out that we did it?" Fengyun Sword Emperor sneered, squinting his eyes and said: "Xu Feng naturally can't do it within the scope of my Demon Sword City, aren't they from the North Tianyu Dan Pavilion? Want to go to Dan Pavilion, Must pass the Tianluo Dynasty. If Xufeng makes a move in the Tianluo Dynasty, he will

After the person beheaded, and then leave in time, who knew it was the killer of our Demon Sword Sect? "

"This....."

Yan nineteen was stunned.

Fengyun Sword Emperor's method is really feasible, as long as you leave the Demon Sword City and go to other forces before doing it, how can others kill them?

"Hmph, anyone who dares to offend my Demon Sword Sect will definitely endure the anger of my Demon Sword Sect."

In the hall, Fengyun Sword Emperor's cold shout rumblingly echoed, killing intent permeated.

The other elders also laughed gloomily. Do these guys think it's great if they fawn on the Hall of Law Enforcement? Hmph, as long as they are secretly killed by other forces, and they won't be admitted if they come, who can know that the murderer is them?

Or wise ancestor!

Qin Chen and the others naturally didn't know that the Demon Sword Sect had killed them, but with Qin Chen's character, even if they knew it, they wouldn't care about it.

Early the next morning, Qin Chen and several people came to the teleportation formation in the center of the Demon Sword Sect.

Because of the end of the Demon Sword Inheritance, the Hall of Law Enforcement has also been unable to find the two murderers, causing the teleportation formation in Demon Sword City to open early.

Because the teleportation array has been closed for a long time, today is the first day it opened. Early in the morning, the teleportation array was crowded and crowded.

However, everyone was waiting for the people from the Hall of Law Enforcement to leave first. Before Hong Ying and the others left, the people in charge of the teleportation array would not dare to send others away.

"Little dust, then I will leave with Ji Ruyue. After I join the Hall of Law Enforcement, I will definitely find you in Dandao City as soon as I have time."

You Qianxue looked at Qin Chen reluctantly.

"Okay, don't kiss me and me here, haven't you seen so many people around you watching?" Ji Ruyue shouted from the side.

You Qianxue turned his head, and sure enough, many warriors around were looking at this place, and his face suddenly blushed.

"Little dust, then I'm leaving." You Qianxue reluctantly followed Ji Ruyue into the teleportation formation.

"Sister Hongying, you don't actually need to **** us. We will go directly to the headquarters of the Law Enforcement Hall in the North Heaven Domain this time, and nothing will happen!" Ji Ruyue faced the unwavering Red Yingdao.

Hong Ying shook her head and said, "Miss Ji, the commander has ordered that your subordinates must **** you back. Before even Chi Lian-sama was almost in danger, the subordinates dare not take any risks."

"Auntie is also true." Ji Ruyue curled her lips, and then said coldly to Qin Chen: "Boy, you are from Dan Pavilion? This young lady remembered! Next time I meet, this young lady can slap to death with a slap. you."

Qin Chen said lightly: "Then I'll wait." But his gaze only fell on You Qianxue.

His inattentive appearance immediately made Ji Ruyue violent with anger, and his teeth were itchy with hatred.

Brat, wait for me.

She exasperated.

"Turn on the teleportation array." Seeing that Ji Ruyue didn't speak any more, Hong Ying commanded, the teleportation array was turned on immediately, buzzing, white light flashed, and the three of them had completely disappeared in the teleportation array.

After Hong Ying and others left, the warriors of other major forces also left angrily.

"Your name is Qin Chen? I remember you."

Before leaving, Chen Sisi of the Tiannv Gate came to Qin Chen and smiled sweetly, then stepped into the teleportation formation, disappeared instantly, leaving only a faint fragrance, with endless aftertaste.

The gazes of everyone watching Qin Chen were almost breathing fire.

This is the saint of the Celestial Gate. She actually said that she remembered him. This is the dream in the hearts of countless young men in the North Tianyu.

"Brother Qin, we are going back to the sect. See you next time if we are destined." Ye Wuming and Ye Wudao bowed their hands to Qin Chen, and then left the Demon Sword City.

They have gained a lot from the inheritance of the demon sword, and they need to go back to retreat and digest and absorb them well.

Du Qingcheng gave Qin Chen a cold look, and then left.

"Let's go too."

Seeing a famous genius leave one after another, Qin Chen and the three also stepped onto the teleportation formation and paid 300,000 middle-grade real stones, and the staff on the side immediately began to operate.

Hum!

When the light came on, Qin Chen frowned suddenly: "Huh?" He seemed to feel someone spying on himself, and he immediately looked at the corner of the teleportation hall.

[Chapter 1197: Someone is following](#)

"Little dust, what's the matter?" Zhuo Qingfeng asked in confusion, his eyes followed Qin Chen's gaze, but there was nothing there, nothing.

"It's nothing."

Qin Chen shook his head, then the teleportation formation was activated, and the three of them disappeared in the teleportation formation.

"It's my turn."

The next warrior immediately stepped forward, but before he could step into the teleportation formation, a figure suddenly appeared in front of him and entered the teleportation formation a step ahead of time.

"Stop, do you know if you jumped in?"

The warrior was furious and shouted loudly.

Damn, does anyone dare to intervene in his team and look for death?

"Ok?"

The figure turned his head, with a mask on his face. Under the mask, there seemed to be two sharp blades bursting out of his pupils, and the horror breath instantly pierced his heart.

boom!

The warrior only felt that he was in the center of the storm, his body seemed to be torn apart in the next moment.

"Senior, please invite you first."

He hurriedly said with trembling, the other's eyes seemed to kill him, Wu Huang, definitely a strong one, dare to insult a Wu Huang?

Fortunately, the Emperor Wu didn't pay attention to him, but took a cold look at him and disappeared into the teleportation formation.

The warrior's legs softened and he almost fell to his knees, only to realize that the clothes behind him had already been soaked with cold sweat.

In the teleportation formation, Qin Chen and the others only felt dizzy in their minds, and the feeling of head-heavy passed through. The whole figure seemed to be in a void of space. I don't know how long it took. When the eyes lit up, the three of them appeared in a vast hall. Among.

"Arrived?"

Nangong Li opened his eyes and looked around. It was the first time he took the teleportation array. The feeling of weightlessness made him very curious.

"This is the teleportation center outside Canglan Valley. Canglan Valley is also an emperor-level force in the Northern Heaven Region, and belongs to one of the transfer stations for our trip." Zhuo Qingfeng smiled.

The teleportation arrays among the many emperor-level forces in the Northern Heavens are basically small teleportation arrays, and the distance of each transmission of the small teleportation array is not too far, so they must teleport five times from the Demon Sword Sect to Dandao City. Passing several imperial-level forces to reach it.

"The imperial power Blue Valley? How does it compare to the Demon Sword Sect? Who is strong and who is weak?" Nangong Li asked curiously.

Zhuo Qingfeng hurriedly hissed and said with a serious expression: "President Nangong, you must never ask such questions in the future, otherwise it will be easy to provoke these imperial forces."

Nangong Li was stunned and suddenly stunned.

The imperial powers compete fiercely with each other. Once Zhuo Qingfeng says that the Demon Sword Sect is strong, he will arouse dissatisfaction with the people of Canglan Valley, and if he says that Canglan Gu is strong, he will unknowingly offend the demon. Jiancheng.

Therefore, it is absolutely a taboo for ordinary people to talk about the imperial power at will.

"This is just a teleportation center outside Blue Valley. Our next stop is Tianyu City. Before that, we must go to the teleportation array in the center of Blue Valley to teleport to Tianyu City."

"Isn't Canglan Valley's teleportation formation here?" Nangong Li said in amazement.

He thought that once he got here, he could directly teleport away.

"Of course not here." Zhuo Qingfeng laughed.

"Why is this?" Nangong Li was shocked.

They are all teleportation arrays, why separate the two places? Wouldn't it be more convenient to take the new teleportation array directly to the next destination?

Zhuo Qingfeng smiled and said: "In fact, this question is very simple. Will you build the teleportation formation in the core area of your own power? If the Demon Sword Sect and Blue Valley are hostile forces, the master of the Demon Sword Sect can only take the teleportation formation. Do you think it's safe to enter the core area of Blue Valley?"

"What's more, ordinary warriors who ride the teleportation array continuously within a day will also cause damage to their body. This is not far from the teleportation hall of the Blue Valley. At our speed, the day is almost there, and it is just a rest. "

Nangong Li just came to a sudden, Zhuo Qingfeng said, there is indeed some truth, no one can guarantee that the two forces at both ends of the teleportation array will always be friendly, and the major forces must avoid risks.

"Let's go."

After leaving the teleportation center, Qin Chen and the three quickly swept towards the teleportation hall in Canglan Valley.

Not long after Qin Chen and the others left, Om, a figure flew out from the teleportation center, and immediately followed where Qin Chen and others had left.

A day later, the three Qin Chen came to the Blue Valley Teleportation Hall. After paying the transmission fee of 300,000 middle-grade real stones, the three of them once again came to the teleportation center outside the Tianluo Empire.

The teleportation center of the Tianluo Dynasty was established in a mountain range outside the imperial city, and it took Qin Chen and the others two days to enter the imperial city.

"After a while, you go directly to the Tianluo Dynasty imperial city, I need to leave a bit." During the flight, Qin Chen suddenly said something to Zhuo Qingfeng.

"Little dust, You Qianxue went to the Hall of Law Enforcement, and she will definitely receive better training. You don't actually need to worry too much."

After seeing Qin Chen leaving Demon Sword City, he has been depressed. Zhuo Qingfeng thought that Qin Chen was still worried about You Qianxue, and couldn't help but comfort.

Halo, what and what.

A cold sweat broke out on Qin Chen's forehead, and the voice transmission said: "Someone is following us."

"Someone is following us?" Zhuo Qingfeng and Nangong Li were suddenly startled.

"Don't look back, don't look around, just pretend to be okay, that person has been following us since he and Demon Sword City, and he is still a Martial Emperor."

A Martial Emperor was following them, Zhuo Qingfeng and Nangong Li were even more surprised, what did the other party want to do?

If someone else said it, they would definitely not believe it, but Qin Chen said it, they were extremely convinced.

"Little dust, who is following us? Could it be someone from the Hall of Law Enforcement?" Zhuo Qingfeng hurriedly spoke.

"It's not clear yet, but it shouldn't be from the Hall of Law Enforcement. You will go directly to the imperial city later. I will deal with this person."

Qin Chen said while transmitting the sound: "You two go to the imperial city and wait for me first. There is still something to do, so leave."

When the voice fell, Qin Chen immediately changed his route, and quickly swept toward the depths of the mountain range beside him. After shaking his figure, it instantly turned into a black spot and disappeared into the distance.

"What shall we do now?" Nangong Li said anxiously.

A Emperor Wu followed them, can Shao Chen handle it? "Don't worry, I can only come according to Chen Shao's arrangement. Shao Chen must have his intention to do this, and with Chen Shao's strength, it is not easy for a group of Wu Huang to kill him. Instead, we stayed. It's cumbersome, that's why we can leave us." Zhuo Qingfeng said calmly, and the two immediately turned towards the emperor.

The city continued to fly away at extreme speed.

Now in the clouds.

After seeing Qin Chen and Zhuo Qingfeng separating, Emperor Xufeng Wu Huang, who was about to take action in a moment, was taken aback.

"Strange, how did the three of them separate?" A trace of doubt emerged from Emperor Xu Fengwu's eyes.

[Chapter 1198: Are you coming](#)

As far as he knew, the destination of Qin Chen and his entourage was Alchemy City, and to go to Alchemy City, he had to go to the teleportation array of the Tianluo Dynasty.

But now Qin Chen was separated from Zhuo Qingfeng and Nangong Li, which made Emperor Xufeng Wu wonder.

"This person won't find me?" A thought came to his mind.

"wrong."

Immediately he shook his head again. If Qin Chen found him, it would be even more unlikely that he would leave alone. Instead, he should head to the Tianluo Dynasty imperial city as quickly as possible.

And because he was afraid of the strong of the Tianluo Dynasty, he naturally did not dare to fight outside the imperial city, only in this way would the opponent be safe.

But now Qin Chen's flying direction is clearly a relatively remote mountain range. Why?

"Hmph, no matter where this person is going, he can't escape death."

His eyes flashed, Emperor Xufeng Wu made a decision in an instant, and followed Qin Chen first. After he was going to kill Qin Chen first, he would kill Zhuo Qingfeng and Nangong Li.

Setting such an order was not a casual decision of Emperor Xufeng Wu, but for two reasons.

First, Qin Chen was the genius who activated Supreme Sword Dao and broke into the sixth floor of the Jianyi Tower. His primary goal was Qin Chen.

Second, Zhuo Qingfeng and Nangong left in the direction of Tianluo Dynasty imperial city. They clearly took the teleportation formation. He could intercept them at any time. Qin Chen didn't know where he was going. Leaving his sight, he was afraid that the other party would hide.

Therefore, kill Qin Chen first, and then kill Zhuo Qingfeng and Nangong Li.

Thinking of this, Emperor Xufeng Wu Huang chased Qin Chen directly.

Qin Chen sensed the approaching breath behind him, and smiled coldly: "It seems that I guessed right. This person will definitely chase me down first, and then deal with Zhuo Qingfeng and Nangong Li. So, Zhuo Qingfeng and Nangong Li The president should be safe."

In that case, I will accompany you to have fun.

A cold light flashed from the bottom of Qin Chen's eyes.

Whoosh!

In the mountains, Qin Chen's body quickly moved forward.

He must lead the opponent away from here, this place is only two days away from the Tianluo Dynasty imperial city. The Tianluo Dynasty is an extremely terrifying emperor-level force in the Northern Heavens. In terms of strength, it is much stronger than the Demon Sword Sect.

Therefore, he must not let the fight between himself and the other party alarm other people, so as not to spread it out and attract the attention of the law enforcement hall, so he must go to a secret place that will not be discovered at all.

Emperor Xufeng Wu originally wanted to shoot Qin Chen immediately. After killing him, he went to chase Zhuo Qingfeng and Nangongli, but he could see Qin Chen continue to go deep into the mountains, and after flying more and more remotely, he immediately changed his mind.

"Hey, the emperor was originally worried that doing something here would disturb the masters of the Tianluo Dynasty. I didn't expect this kid to go to such a remote place, so better, that the emperor could kill him wantonly without being discovered."

Emperor Xufeng Wu Huang grinned from the sky, in his opinion, the closer Qin Chen went to the depths of the mountain range, the closer he was to the **** of death.

Where did he know that Qin Chen had the same idea.

Whoosh!

Finally, after flying thousands of miles, Qin Chen found a valley, deep in the mountains, there were luxuriant branches, a barren, and inaccessible.

His eyes suddenly brightened, this place is good, relatively hidden, and it just happened to be the graveyard of that person.

At a height of a thousand meters above Qin Chen's head, Emperor Xufeng Wu Huang hid his breath and followed Qin Chen.

"This kid, the flying speed is so fast, if I hadn't followed carefully, maybe I would be lost if I was not careful." Xufeng Wuhuang was secretly surprised.

Qin Chen's flying speed was too fast, even though he was only the Martial King of the late seventh stage, but in terms of speed, compared to the average half-step martial emperor, he was only strong or weak, and he almost threw him away.

Couldn't this guy really found himself?

Emperor Xufeng Wuhuang frowned. Before he had time to think about it, he found that Qin Chen had stopped in a valley in front of him. He laughed at himself immediately. It seemed that he was thinking too much. No matter how strong he is, how can he find his track.

"Forget it, it's here. Feng Shui is good."

Too lazy to conceal it, Emperor Xufeng Wuhuang smiled grimly and landed instantly.

"En?" In the valley, Qin Chen suddenly moved his ears, and a faint sneer appeared at the corner of his mouth, "Is it here?"

He didn't dodge, standing in the valley leisurely, calm and relaxed.

When Xu Feng saw Qin Chen's leisurely appearance, he couldn't help but sneered. This kid, I don't know what a person is doing here, I'm afraid he doesn't know yet, is it his end?

After a few breaths, Emperor Xufeng Wu Huang turned into a sword light, and fell behind Qin Chen with a sigh.

"Your Excellency, are you finally willing to show up? After following me for several days without saying hello, it's a bit too much, right?" Without waiting for Emperor Xufeng Wu to speak, Qin Chen, who had turned his back to him, suddenly turned around. With a faint smile on his face, there was no surprise on his face.

what?

Does the other party know that he has been following him?

Emperor Xufeng Wu was shocked, his face changed drastically.

how is this possible?

Along the way, I have condensed my breath very subtle, let alone a small seventh-stage late martial emperor, even if it is another eighth-stage early martial emperor, if you don't be careful, you may not be able to discover yourself. What about this kid? found?

There was a thump in his heart, and he said coldly: "Oh? Boy, do you know I am following you?"

Qin Chen smiled faintly: "You are so obvious, can I not tell?"

"Hahaha, boy, knowing that the old man is following you, do you dare to come and run here?" Xufeng Wuhuang gave a grinning smile.

Qin Chen still smiled faintly: "Is there anything I dare not? Come here, and hide your face, if Shao Ben is right, you should be a master of Demon Sword Sect? Follow Shao Ben all the way, yes Shocking and Ben Shao's talent, will you be Ben Shao's servant?"

"How do you know..." Xufeng Wuhuang was shocked.

"How do you know that you are a master of Demon Sword Sect?" Before he could finish speaking, Qin Chen laughed: "It's not easy. Although you cover your face, the sword aura on your body is so strong. The three characters of Demon Sword Sect are attached to his face, who else can be from Demon Sword Sect?"

The identity was actually guessed?

Now that Qin Chen recognized it, Emperor Xufeng Wu Huang was too lazy to conceal it, and he lifted the mask on his face, revealing a sharp and ferocious face, and said with a grinning smile: "Boy, you're good, you can guess the identity of the old man. , But this saves the old man in trouble." He was high up, his eyes were proud, and he looked at Qin Chen as if he was looking at a dead person, and said: "Let's talk about what you have gained in Supreme Sword Doctrine, take it out. ; Also, the exercises on the kendo stele are also handed over completely, and then the scenes on the sixth floor of the Jianyi Tower are given to

The emperor described it, if the emperor is happy, he might be able to spare your life, otherwise..." Xufeng Wuhuang gave a grin, and the whole body exuded an icy chill.

[Chapter 1199: Forgive you](#)

Qin Chen still had a faint smile at the corner of his mouth, and said, "Aren't you curious about how I found you? Also, you are only a martial emperor in the early stage of the eighth stage, so you must think that you have less bookends?"

Somehow, seeing Qin Chen's faint smile, Emperor Xufeng Wu suddenly felt a sense of anxiety. He shook his head, and left the sense of anxiety behind, and said coldly: "Boy, do you think If you pretend to be a fool, I will let you go? Tell me obediently and spare your life."

A sword intent gushing out of Emperor Xufeng's body instantly enveloped Qin Chen, his eyes were cold, the corners of his mouth sneered, and he tortured Qin Chen.

He could kill Qin Chen at any time, but he still wanted more of Qin Chen's inheritance from the Demon Sword, otherwise, would he follow so hard?

"You are so sure that I will agree?" Qin Chen said lightly. After hearing this, Emperor Xufeng sneered and said mockingly: "Don't you understand? Whether you are willing to speak out today or not, you can't keep what you have, but if you are willing to speak out, I can consider giving you a chance, otherwise, I can guarantee that your end will be miserable. "

"It seems that you are very confident." Qin Chen laughed.

"Okay, don't talk so much nonsense, hand it over honestly." Xufeng Wuhuang said gloomily.
call!

Perceived from his body, he swept across a hundred li, and within a hundred li, there was no one, and his heart was immediately relieved.

This kid is pretending to be a fool. Seeing that he is so emboldened, the emperor thought that there was a master to help secretly, but it turned out to be just pretending.

Qin Chen still had a faint smile: "Since you want it so desperately, and you are chasing it all over, if I don't satisfy your desire, then even I myself will feel a little sorry."

Qin Chen's words immediately made Emperor Xufeng Wu's heart ecstatic, and he was shocked: "What, you really got the treasure in the Demon Sword Inheritance, come on, what's in it?"

The supreme kendo is the most powerful kendo in the demon sword inheritance. The speculation that there are treasures in it has always been a rumor in the demon sword sect, but it really exists.

Originally, he chased and killed Qin Chen just as a routine matter. Who knew that there was a treasure, so he didn't surprise him.

"Quickly tell, what treasure did you get, hand it over."

Qin Chen still smiled calmly and said, "I don't have any treasures, but I got an article on the technique."

As he said, Qin Chen suddenly stretched out his right hand, and a cloud of sword energy appeared in his hand. The sword energy condensed and merged into the void, forming an exercise technique in an

instant. The words in front were exactly the same as the first few sentences obtained by their Monster Sword Sect.

That line of sword tactics appeared, and the valley suddenly filled with astonishing sword intent, Xufeng Wuhuang only felt that the sword in his hand was shaking, as if he was about to break through the air.

What kind of exercise is this? It's so scary?

Emperor Xufeng Wu was shocked. The sword intent in his body was eager to move just because of the formation of sword energy, and there was an urge to break through. Once he successfully cultivated this exercise and fully controlled it, what changes would happen?

Maybe it will reach the peak of the initial stage of the eighth stage, and even enter the middle stage of the eighth stage.

Arcana.

Definitely a treasure!

"Have you seen enough?" Qin Chen just showed the Sword Jue slightly, then immediately retracted it, and said with a smile.

"You, hand over the exercises quickly, I will spare you not to die!"

Emperor Xufeng Wuhuang roared angrily. Before he could see enough, Qin Chen actually took the exercises back, **** it, **** it.

After hearing the words of Emperor Xufeng Wu, Qin Chen couldn't help but laugh, his face still light and breezy: "You want to spare me not to die, but I didn't say that I would let you live."

boom!

His killing intent bloomed, and his eyes instantly became cold.

No matter what the purpose of Emperor Xufeng Wushu was, since he had already acted on them, Qin Chen would naturally not let him leave alive, so he dared to target his forces and suffer the consequences. "Why, don't you think you can kill the emperor if you get this kendo technique in the Demon Sword Inheritance? Hahaha, kendo technique is not something you can master, but it takes a lot of time to practice. You think you can fight me with a kendo technique you just got

? Whimsical! "

Qin Chen was too lazy to talk nonsense, and said lightly: "Don't you understand? The reason why I came here is to wait for you. By the way, I forgot to tell you that Shui Yueqing..."

Before Qin Chen finished speaking, Emperor Xufeng Wuhuang's face suddenly sank: "What, what did you say? Did you really kill Shuileqing?"

Shui Yueqing is one of his most talented disciples. He has always been raised as a son, so this time the ancestor will send him out, but he did not expect that Shui Yueqing would fall in the inheritance of the demon sword. Was killed by Han Li who was also a seed disciple of the sect.

Now that Han Li is dead, although he is angry, he has nowhere to vent.

But now, Shui Yueqing's death was actually related to Qin Chen, and his killing intent suddenly soared, like an explosion.

"You guessed it, that Shui Yueqing was indeed killed by Ben Shao, not only him, but also Yang Ling was also killed by Ben Shao, but unfortunately, your Demon Sword Sect is too idiot, not only really believes that Shui Yueqing is Han Li. This young man also admires him for being killed, and for such a simple righteous extermination!" "Bastard boy." Xufeng Wuhuang's original calm expression disappeared instantly, his eyes were red, his murderous intent rose, and his face was cold and gritted his teeth and said: "Smelly boy, I changed my mind. Today I will not only kill you, but also cut off the flesh from your body piece by piece, so that you can taste the most painful thing in the world.

thing. "

When the words fell, Emperor Xufeng Wu suddenly shot out his sword, booming, a horrible sword light appeared instantly, and then burst open, turning into a sword light cage, shrouded Qin Chen, this is to imprison Qin Chen in his sword. Under the light cage.

Qin Chen still had what he wanted, and he couldn't die now, not to mention, without torturing Qin Chen thoroughly, how could he let Qin Chen die so easily.

The brilliant sword light, like a net of heaven and earth, was about to envelop Qin Chen.

At this moment, a large black cauldron suddenly appeared in Qin Chen's hand, and the cauldron shook and blasted out instantly.

"Huh, the bug trick, do you think this will stop the emperor?" Xufeng Wuhuang sneered, and countless sword lights instantly fell on the Zhen Devil Cauldron.

Puff puff puff!

The sword light that was enough to cut a mountain top smashed the Demon Surgery Cauldron, and it suddenly seemed to have hit a vast ocean, and the stone sank to the sea, disappearing invisible.

"what?"

Emperor Xufeng was shocked, what kind of treasure is this? Can actually block his own attack.

No wonder this kid is so emboldened, it turned out to be a treasure with such a strong defense.

But do you think you can fight yourself this way? ridiculous!

[Chapter 1200: Identity exposure](#)

boom!

Emperor Xufeng Wu's eyes froze, and his aura became even stronger. A sword light that was several times stronger than before appeared in his hand and slashed severely.

The sword light was broken before, just because he was afraid of killing Qin Chen by mistake, so he deliberately restrained his strength.

Knowing that Qin Chen has such a powerful defense treasure, he naturally had to break Qin Chen's defense first, and then tortured him severely.

boom!

The terrible sword light shattered everything, the surrounding mountains and forests rioted, and the void seemed to be split by this sword. Amid the huge roar, the Sword Demon Cauldron was suddenly smashed and thrown away, with a rumble, shattering a mountain.

And the sword light of Emperor Xufeng Wu also burst open, and the dense sword light once again turned into a large net of sword light and shrouded Qin Chen.

"Boy, just because you want to fight against the emperor, it's ridiculous!"

"Really?" Qin Chen smiled slightly, seeing Emperor Xufeng Wu's Jianguang network about to engulf him.

At this moment, a black figure suddenly appeared in front of Qin Chen and stopped in front of Qin Chen.

Boom!

Emperor Xufeng Wu Huang only felt that his sword light hit a piece of hard profound iron and was instantly shattered.

what?

Emperor Xufeng Wuhuang retreated involuntarily, then raised his head and looked at the sudden black shadow in surprise.

At this look, Emperor Xufeng Wu could hardly believe his eyes, blinked vigorously, staring at the black shadow in front of him.

It turned out to be a black-robed skeleton two or three meters high. The skin all over his body was like black scaly. The blood-colored pupils looked at him coldly. In the hands of the black skeleton, there was a white bone whip. Beside him.

Then, a scene that made Emperor Xufeng Wu even more horrified happened. The black skeleton grinned at him and said with a grin: "Boy, do you dare to shoot against the deity, don't you want to live?"

The voice fell, a terrifying cold coercion was like a mountain, and it was severely suppressed on Xufeng Wuhuang.

The terrifying breath of the emperor made Emperor Xufeng Wu's eyes rounded instantly.

"This is... a puppet? A martial emperor-level skeleton puppet?"

"No, why do I feel a breath of life in him? Not a puppet, what the **** is it? Could it be a master of magic? When did such a master of magic appear in my northern sky?"

Emperor Xufeng Wu Huang looked at Qin Chen in anger, his face shocked.

Before coming, he had thought about countless possibilities, how he abused and killed Qin Chen, he had never thought about what threat a Martial King of the late seventh stage could pose to himself.

however.....

At this moment, Emperor Xufeng Wu finally understood.

He finally understood why Qin Chen was so confident and why he would talk to himself. This was not an idiot at all, but because he really had such confidence.

He regarded Qin Chen as something in his bag and wanted to plunder the treasures from him, but he never thought that Qin Chen also regarded him as a prey and could hunt him at any time.

However, he didn't understand why Qin Chen could follow this skeleton-like magic master around him, and this master could do it for him in a critical moment.

You know, the masters of the magic road are often cruel, don't care about the life of the martial artist, and often kill extremely heavy, let alone follow a young man.

Could it be that Qin Chen was controlled by this master of demon way, who was behind the scenes?

Emperor Xufeng Wuhuang thought of such a possibility in an instant, and his eyes were cold. Only in this way could he explain that this person would act for Qin Chen. Qin Chen was originally his puppet, and he naturally wanted to keep Qin Chen.

It's just that, where did this master of the magic road hide before, he hasn't found it yet?

Emperor Xufeng Wu made such a guess in his heart, but the next moment, his guess was instantly overturned.

After the black skeleton powerhouse appeared, he didn't shoot him again, but respectfully saluted Qin Chen: "Master, what are you going to do with this guy?"

the host?

Emperor Xufeng Wu is completely stupid at this moment, he can't understand all this at all, what's the matter? Isn't Qin Chen controlled by this master of the magic way? How to look at the attitude, on the contrary, the master of the magic way is Qin Chen's subordinate, who is enslaved by Qin Chen?

And the owner?

A master martial artist called a master martial artist, what happened to this world?

Could it be that Qin Chen was the world's arrogant arrogant of some demon power?

Yes, it must be so.

"It's no wonder you are so emboldened, very good, but the emperor wants to understand, your strength."

Shocked in his heart, the sneer on Emperor Xufeng Wu Huang's face remained undiminished. Under the violent figure, he suddenly slaughtered the Skeleton Rudder Master.

As the sword emperor of the Demon Sword Sect, how could he be shocked by the emperor's martial emperor? Not even the Mo Dao Wu Huang.

Swordsman is one of the most terrifying among many warriors, and Xufeng Sword Emperor uses his sword to enter the Dao, so he is naturally extremely confident in his own strength.

boom!

Holding the treasure, the Sword Emperor Xufeng instantly fought with the Skeleton Rudder Master.

Rumble!

Terrible true essence bloomed on the two of them, and the white bone whip continued to collide with many sword lights with the black magic energy, and the two fought wildly.

Although the Skeleton Rudder master broke through the Emperor Wu, it didn't take long after he entered the Emperor Wu. In terms of cultivation, he and the Emperor Xufeng Sword Emperor are only in the same position, and as a swordsman, Emperor Xufeng Wuhuang is more powerful than the Emperor of the same level. To be slightly better, countless sword lights linger around him, setting off him like a sword god.

But the Skeleton Rudder Lord is not weak. He is a strong alien, and his strength is also stronger than that of the human martial emperor of the same level. What's more, after his body absorbs the body of the demon Lord, his bones are extremely hard, even better than the average. Imperial soldiers must be strong.

Qiang Qiang!

I saw countless sword lights slashing on the skeleton rudder master, enough to severely wound the ordinary eighth-stage martial emperor, but it could not hurt the skeleton rudder master, but it splashed countless sparks.

But the Skeleton Rudder Master's attack rolled out, but Xufeng Wuhuang didn't dare to take it hard, so he could only dodge and retreat again and again, and his heart was suddenly frightened.

Where did this person come from? How could he be so strong?

He was furious, his murderous intent boiled, and countless sword lights were continuously lit up. These sword lights formed an ocean of sword lights and surged in.

"Jie Jie Jie, little trick of carving insects."

The Skeleton Rudder master grinned, and the bone whip was thrown out, and countless sword lights suddenly burst, and the terrifying demonic energy shook the Emperor Xufeng Wu.

"The Emperor Wu who uses the bone whip?"

Amidst the anger, Emperor Xufeng Martial Emperor suddenly seemed to have thought of something. His face changed suddenly. He looked at the Skeleton Rudder Master in horror, and said in anger: "You...you are wanted by the Law Enforcement Hall..."

Only then did he wake up, it turned out that they were the people wanted by the Hall of Law Enforcement.

"Jie Jie Jie, I seem to be even more intolerant of you." Skeleton rudder master grinned and whirled, the black magic energy on his body suddenly increased, obviously to completely kill Xufeng Wuhuang here.

"Damn it."

Emperor Xufeng Wu was horrified, his gaze turned and instantly fell on Qin Chen.

kill!

With a roar, Emperor Xufeng Wu directly went to Qin Chen. For today's plan, Qin Chen must be captured first to quickly end the battle.
