[Chapter 1651: Ancient city](#)

"Kid Qin Chen, what are you going to do next?" The **** cat appeared beside Qin Chen and said lazily.

"Let's learn about the current situation in the Martial Domain first." Qin Chen was a little worried. At this time, it has been more than half a year since the space he was trapped in collapsed, and the people of the major forces have left Guyu Realm for almost half a year. , A lot of things will inevitably happen, for the present plan, first find a place

Fang understands the situation.

What he is most worried about now is Qianxue and the others. I don't know how Qianxue and the others are now. After all, Qianxue and Ji Ruyue are both members of the Law Enforcement Palace. If they are targeted, they will also be in danger, which worries her the most.

"go!"

Thinking of this, Qin Chen did not hesitate, tore open the void directly, and his whole body stepped into it in one step and disappeared instantly. Although Qin Chen did not completely break through to the realm of Emperor Wutian in Nine Heavens, he has completely controlled the rules of space and entered the Dao with the rules of space. He can travel through the void like a powerful emperor. He even travels through the void faster than the ordinary nine days.

Emperor Wu will be more terrifying, I am afraid that only Emperor Wu in the late stage of the ninth stage can be compared with it!

Of course, this was also the reason why Qin Chen's cultivation base was too weak. Once Qin Chen completely stepped into the Nine Heavens Wudi realm, even the later Wudi's speed and void mastery would not be as good as Qin Chen.

Hum!

In the turbulent flow of the mighty space, Qin Chen shuttled quickly, his body shape like electricity, constantly moving forward.

In his past and present life, it was the first time he traveled through the void. The feeling of one step of a thousand miles gave him an unprecedented sense of novelty, but this novelty was covered by the worries in his heart, and there was not much mood to care about it for the time being.

Qin Chen is extremely familiar with Wu Yu. Although 300 years have passed, many changes have taken place in Wu Yu, but many have remained the same.

And what Qin Chen is going to is the nearest large city to Guyu Realm-Guhua City! Those who can be called large-scale cities in the Martial Domain are basically all the emperor-level forces in charge, but now Qin Chen is obviously unable to return to the pill pavilion. Once he returns, he will inevitably be targeted by the major forces. You can only inquire about Wuyu from other channels

News.

Before clarifying the current situation in Wuyu, he must not let himself be exposed.

The Martial Domain is extremely vast, even if it is a powerful emperor, it often takes a lot of energy and time to go from one place to another.

While traveling through the void, Qin Chen did not take time off either, but carefully studied many things obtained from the ancient Yu world.

Needless to say, the Tiankong Wanzhuan formation is easy to control with Qin Chen's formation skills and understanding of it, but this does not mean that Qin Chen can easily display it. The Tiankong Wanzhuan array is a treasure of the tool hall. Wuyu knows many people. Once he displays it, it will definitely attract the attention of others. Therefore, Qin Chen has been thinking about how to rebuild the Tiankong Wanzhuan array. Practice it to make it complete

Change the original appearance to prevent others from seeing its true colors. This modification may be difficult and almost impossible for individuals. Even if the Vice-Hallmaster of the Hall of Apparatus comes, there is no way to start, but for Qin Chen, it is not impossible. Things are just remodeled

Cheng is more troublesome.

In addition to the Tiankong Wanzhuan formation, Qin Chen is also more concerned about the golden talisman paper left by the golden body Wuhuang and the seven orifice exquisite **** left by the red face Wuhuang. For the golden rune paper, Qin Chen has not studied much at present, only knows that it is some kind of treasure from ancient times. Under Qin Chen's sacrifice, it can only be used as an attacking real treasure at present. As for its core Effect, Qin Chen temporarily

Have not been able to research it out yet.

As for the Qiqiao Linglong Ball, Qin Chen needs extreme caution.

This is the treasure of the Misty Palace, and it contains the restrictions left by the Misty Palace, which outsiders cannot use at all. Of course, these restrictions are not an obstacle to Qin Chen, but once they are used, it is easy to attract the attention of Misty Palace.

But the Seven Orifices Linglong Ball has another amazing effect, which is to communicate with the disciples of the Misty Palace and lock the position of the strong ones in the Misty Palace.

This is very important to Qin Chen, so Qin Chen's headache is how to transform this exquisite ball of seven orifices like a sky-controlled ten-thousand-turn array, so that it can play a role in his own hands without being imprisoned by the misty palace. People noticed.

In this way, Qin Chen hurried along while studying.

Ancient Hua City, the only super city within a 100,000 li radius, Qin Chen had settled here in his previous life, so he was very familiar with it.

When he came here that year, the ancient Chinese city was already very prosperous, with people coming and going, and it was very lively.

After more than three hundred years, Qin Chen came here again, only to find a very solemn atmosphere lingering in the ancient city. At the gate of the city, everyone lined up, and the inquiry was very strict.

"what happened?"

Qin Chen frowned. He remembered that Guhua City was a very open city. People came and went, and there was no need for registration at all, but now it gave people a feeling of wind and rain coming, very serious.

One by one, guards armed with sharp blades guarded the door, staring fiercely, murderously, and strictly checking every citizen entering and leaving the city.

"It should be something."

Qin Chen shook his head, not caring, and quickly landed in a dense forest outside the city.

Guhua City is a large city with an emperor rank power in its place, and the entire city is covered by a formation. If he enters rashly, he will inevitably alarm the emperor rank powerhouse inside. Qin Chen does not want to attract the attention of many people.

"Change your face first!" Gently urging the true essence, the muscles on Qin Chen's face suddenly flowed. This is the benefit of the Immortal Eucharist, which can easily change the shape of flesh and bones, and it is very real. Compared with other masking disguise techniques, this direct object

The most difficult way to make sense of change is to snoop.

Of course, in the face of truly top-notch powerhouses, this disguise technique does not work. At the level of Emperor Wu, you can check other people's breath on the body, and even check the secret technique of soul, even if the body is not changed. use.

But in the ancient Chinese city, more than enough.

After a while, a slightly more mature young man walked out of the dense forest and walked to the gate of the city. It was Qin Chen who had changed his appearance.

"Oh, these days, the three major forces in the ancient Chinese city have been fighting endlessly. The historians, the Caijia and the Zhang family have fought, making the sky angry and complaining, making it inconvenient to enter and leave the ancient Chinese city." Someone in front complained. "It's not because this place is the closest to Guyu Realm. Half a year ago, it is said that regular fruits appeared in Guyu Realm, which caused many powerful people to come and find a way to enter it. These guys must be stationed whether they come or leave. Our Guhua City has made a mess of it."

[Chapter 1652: Show identity](#)

"The ancient city is pretty good. I heard that the major forces in the Martial Domain have jointly attacked the Misty Palace, and the results have suffered heavy losses. Each has become a tortoise. Now the Misty Palace is in charge of the Law Enforcement Palace, and many emperor-level forces in the Martial Domain are required to express their views. Everyone is panic

Yes, I think the three major families are not doing well now. "

"It's messed up, now Wuyu is completely messed up."

"Hehe, who said that the three big families are uncomfortable? How did I hear that a certain family has hooked up with Misty Palace and is about to join Misty Palace?"

"Where did you hear the news?"

"Hush, you dare to talk about this, don't you want to live it?"

"Stop talking, stop talking."

Many people talked about it, making Qin Chen's eyes condensed.

The major forces in the martial arts jointly attacked Misty Palace, and the result was heavy losses?

When did this happen?

Moreover, the three major families of this ancient China city want to seek refuge in Misty Palace, is it true?

Qin Chen wanted to ask aloud, but held back.

First, these guys are just ordinary people, and the news they know is half-knowledgeable and may not be very true.

Second, don't ask too much detail at the gate of Guhua City. When you arrive in the city, no matter what you want to know, there will be channels.

After a while, Qin Chen came to the gate of the city.

At the gate of the city, a group of guards stared at Qin Chen coldly, staring at him.

"Show your identity! What is the purpose of coming to Guhua City?"

One of the guards glanced at Qin Chen and shouted directly.

"The disciple of the Xuanyuan Empire, come to experience it." Qin Chen casually reported his identity, and at the same time took out an identity card of the Xuanyuan Empire from the storage ring and shook it casually.

This was naturally obtained from the disciples of the Xuanyuan Empire in the ancient Yu world.

It's just that when his report came out, all kinds of whispering voices suddenly heard around him, and the look in his eyes became weird.

The Xuanyuan Empire used to be very strong in the Martial Domain, but after a battle in the Misty Palace, Emperor Xuanyuan fled in embarrassment and took the lead in withdrawing from the team conquering Misty Palace, his reputation has plummeted.

"Haha, it turned out to be a disciple of the Xuanyuan Empire." The guard suddenly showed a smile without a smile, and said with disdain: "Since you are a disciple of the Xuanyuan Empire, please report your name, register your origin and identity information."

"I am a member of the Xuanyuan Empire, do you dare to investigate? Do you want to die?" Qin Chen looked at them coldly and shouted angrily.

My heart is doubtful.

In the past, in this kind of power, as long as the identity of the top power is reported, where is the registration information needed, and it is too late for the other party to respectfully. What's wrong now? Could the Xuanyuan Empire stun a small emperor-level force?

He reported the name of the Xuanyuan Empire just because he didn't want the other party to be too entangled. After all, if he made up an identity casually, it was too easy to be investigated, but he didn't expect it to work.

"I don't care what power your Excellency is. Since you come to my ancient China city, you must abide by the rules of my ancient China city and let you do whatever you want." A guard sneered.

"What kind of thing is the Xuanyuan Empire? Right now, the Wuyu Palace is in charge of the Misty Palace, and the Hall of Law Enforcement is patrolling the world. Could your Xuanyuan Empire people behave unruly? No more nonsense, you're welcome."

"Have you heard that, I'm not going to report my identity soon."

Many guards sneered around and sneered. The short guard at the front pointed Qin Chen with his finger, and his finger was almost poking Qin Chen's face.

Qin Chen originally wanted to deal with it, but when he heard this, he was too lazy to talk nonsense, so he slapped it out.

Snapped!

Before the short guard at the front had time to react, he was shot and flew out and fell into a daze.

"you....."

"Bold!"

"I dare to be arrogant in my ancient Chinese city."

"court death!"

A group of guards furiously showed their weapons, staring at Qin Chen with murderous eyes.

Qin Chen put his hands behind him, and these people didn't even enter Wu Huang, so it was naturally impossible for him to look at them.

"Big brother, be him!" a guard yelled.

The eldest brother hesitated, but said: "Give that kid a chance. As long as he tells his identity, we think he has a good attitude and spare his life." The head of the guard looked darkly angry. Someone dared to do this to them in the past, and they were hacked to death with a slash, but recently many masters have come to Guhua City. If Qin Chen is a disciple of a big family in the Xuanyuan Empire, they can't handle it.

.

Although he heard that the family seemed to be in contact with the Hall of Law Enforcement recently and wanted to seek refuge in the Misty Palace, he had only heard that the high-level affairs were nothing but wind, and if he made a mistake, then he could not eat.

"Boy, lucky you."

"If you changed someone, it would have chopped you into hundreds of dollars."

These guards said one after another. "Just because you are worthy to ask me for information? Get out of the way." Since Qin Chen made a move, no matter where he would care, this ancient Chinese city is only the weakest imperial power, even the ancestors of the three major families have come out. He is not afraid, let alone the other

Then, it is clearly towards Misty Palace, maybe it has been bought by Misty Palace.

He was just inquiring about the news, even if the other party was really connected with Misty Palace, Qin Chen didn't care, he was not afraid of ordinary Misty Palace experts.

"Fuck, what are you, give you some color, don't you know the sky is thick?" a guard yelled.

"Big brother, this kid is just looking for death on his own, let's do him." Several guards were ready to move, and were very aggressive.

"Okay." The lead guard thought for a while and nodded. Since Qin Chenfei wants to die, he has to be fulfilled.

More than a dozen guards surrounded Qin Chen one after another.

Although they were very domineering, they didn't dare to underestimate Qin Chen. After all, Qin Chen slapped one of them with a slap just now. Although it was a sneak attack, his strength was quite strong.

"Kill!" They danced their weapons together and slashed towards Qin Chen.

Qiang Qiang Qiang Qiang, Qin Chen does not dodge, of course these weapons are all cut on his body, but let alone his body, the clothes he wears are all made of top-quality materials. Could it be that several pinnacles of Wu Wang can blast through?

Not only did they fail to wear through, but the true energy bounced back one by one, puff puff puff, suddenly five people were chopped up by their own weapons, and others vomited blood and retreated, blood spurting out, extremely embarrassed.

But luckily, at least not dead.

"What!" Everyone on the field was so scared that their faces turned green, how could they have thought that such a small youth could be so terrifying in strength.

Qin Chen spread his hands: "It's none of my business." Indeed, he didn't do anything at all, just because these people were too weak.

More than a dozen people looked at Qin Chen with devilish gazes, only to feel that they trembled, and the courageous people would be incontinent.

call out! The leading guard directly took out a ringing arrow and rushed into the sky.

[Chapter 1653: Taikoo Restaurant](#)

"Who is going to run wild in my ancient China city."

Suddenly a horrible breath came, booming, and there were some masters patrolling near the city gate, and they rushed in an instant when they saw the ringing arrows.

These breaths are obviously much stronger than the guards, each of which is of the Wuhuang level.

The leader among them was a mid-term martial emperor, who immediately asked the group of guards.

"My lord, it's this kid who refuses to show his identity and is still fighting here." The leading guard said in anger, and instantly came to the end.

"I didn't do it. Before, they were weak and hurt themselves." Qin Chen waved his hand and said solemnly.

"What nonsense are you talking about, you didn't do anything, how could our people get hurt." An early Wu Huang shouted angrily.

"If you don't believe me, ask them." Qin Chen pointed at the pedestrian at the gate of the city.

Everyone nodded one after another. Many of them were gloating. Among these people, many people who frequented the ancient China city were afraid of being questioned these days, but they did not dare to resist.

There are also some casual cultivators who try their luck in the ancient Yu realm. The strongest is only the Wuhuang powerhouse. Facing the emperor-level forces of Guhua City, they also dare not arrogant, but they are also suffocated in their hearts.

These martial emperors quickly figured out the ins and outs of the matter, and suddenly became out of breath.

Are these subordinates waste? To catch a kid, instead of catching it, he hurt himself. Even an idiot is not so stupid.

"Hehe, your Excellency really comes from the Xuanyuan Empire?" A Wu Huang said gloomily. "That's natural. They have seen the identity token just now. My Xuanyuan Empire is the top power in the Martial Domain. When is it your turn to take care of you rubbish? This time I have nothing to do, I don't want to care about it with you. Get out of the way and let me enter the city

, Otherwise be careful that my Xuanyuan Empire destroyed your ancient Chinese city. "

"hiss!"

Everyone sucked in air, rubbing their teeth.

This kid is really bold, even if the Xuanyuan Empire is very strong, but this is the ancient Chinese city, you have to keep a low profile.

This is too slapped.

Since Qin Chen pretended to be enough, these guys and Xuanyuan Empire were not good things anyway.

"Hehe, your excellency is so arrogant, then let me weigh your weight." At that time, Emperor Wu made a move and grabbed Qin Chen's shoulder.

Suddenly, the true essence swept through, turning into a cage, and it was necessary to wrap Qin Chen in it, and firmly grasp it down.

If he could easily handle it, he would have to teach Qin Chen a lesson. What is so great about the people of the Xuanyuan Empire, their ancient Chinese city is about to take refuge in Misty Palace, and would they care about a defeated opponent?

Of course, he didn't dare to kill Qin Chen. After all, the Xuanyuan Empire was the top power in the mainland. In case it angered the opponent and came strong, the Misty Palace had no time to make a move, they would be the unfortunate one.

During that period, Emperor Wu never spoke, just watched quietly.

He was more vigilant than others, Xuanyuan Empire, this was a bit tricky, so he wanted to wait and see for a while.

If the opponent is defeated and a lesson is given, it will also raise the prestige of their family, but if his men lose to Qin Chen, then he has to weigh it.

Under the gaze of everyone, they saw Qin Chen facing the blow, not dodge or avoid, and kept under his feet, as if he hadn't seen it.

"Looking for death!" At that time, Emperor Wu was intent on killing instantly, his hand was less than an inch from Qin Chen's shoulder, and he was absolutely sure that he would seriously hurt Qin Chen.

Without hesitation, he probed his hand and grabbed it.

"Ah-" screamed.

Everyone thought that the person who screamed should be Qin Chen, but the result was completely unexpected.

In the early days, Emperor Wu held his left wrist in his right hand, and his face was full of pain.

He hit Qin Chen's shoulder with one blow, but it seemed to hit the profound iron, and because he was angry, the shot was harsh and heavy, and he wanted to teach Qin Chen a lesson by directly using his five fingers. Bumped.

Ten fingers connected to the heart, of course it hurts to the bone.

"Ah!" At the beginning, Emperor Wu screamed miserably, and tears were about to flow out.

Qin Chen waved his hand and said, "Everyone has seen it. This is the self he hurt himself." Then he turned his head slightly and said to the person, "Is it all right?"

All right?

It's okay, a woolen thread, of course something is happening!

However, in the early days, the emperor Wu was more horrified. The opponent stayed still and let him hit with a single blow, but the result was that his phalanx was broken. What amazing strength was this?

"hiss!"

The others also sucked in air-conditioning, feeling that they couldn't believe their eyes.

In the early days, Emperor Wu was nothing but a master in the Martial Domain. This young man seemed to be young, only about 30. If the two sides defeated the other in a battle, perhaps everyone would understand. .

But now?

Qin Chen remained motionless, allowing the opponent to take action. On the contrary, the strong man in Gu Huacheng was seriously injured. This... was a bit crippled.

At such an age, but with such strength, what cultivation is this?

During that period, Emperor Wu's face also changed, and his whole body was hairy.

Originally, he wanted to test Qin Chen, but now, he didn't even have the courage to test.

If he changed his shot, he couldn't take Qin Chen down, but he wanted to humiliate himself.

This kind of genius, even in the Xuanyuan Empire, is definitely a genius in a big family, a big influence, and their ancient Chinese city, I am afraid that they can't afford it.

"Can I go in now?" Qin Chen said with a smile.

"Since you are from the Xuanyuan Empire, you can naturally go in, please come in, please come in!"

During that period, Emperor Wu wiped cold sweat, and said in a chatter.

If he asks the family for instructions, he can naturally send a master to take Qin Chen down, but the family is currently in contact with the Hall of Law Enforcement. If these trivial matters arouse family dissatisfaction or expose things, then the gain will not be worth the loss. "It's so good. In the future, when you see people in my Xuanyuan Empire, just open one eye and close one eye and check some rubbish. Even people in my Xuanyuan Empire dare to check. I think you are impatient. , This is also the little master who has a good temper, and he changes to someone

It is possible to destroy your ancient city directly. "

After the words fell, Qin Chen entered the ancient China city proudly.

"Damn, what a madness, your Xuanyuan Empire is so awesome, you haven't run away in embarrassment."

In the middle of that period, Emperor Wu held his anger in his heart, and then said to the people outside the city gate: "What do you look at, the **** this guy is talking about is you. Please line up for me and report your identities one by one. Blame me for being polite."

"Find a restaurant to find out the news first."

After entering the ancient China city, Qin Chen found the most luxurious restaurant in the ancient China city and walked in.

Taikoo Restaurant.

It was full of guests and crowded. As the top restaurant in Guhua City, the fees here are naturally very high, but the things are also excellent. Qin Chen has tasted it in his previous life. The taste is really good. I didn't expect that the Taikoo restaurant would still stand here after three hundred years.

[Chapter 1654: Taikoo House](#)

Because there have been many Wuhuang emperors looking for opportunities in Guhua City recently, there are naturally a lot of people, sitting full, even the corners are full of people.

"Guest, I'm sorry, we are full here today."

A waiter came over and said politely.

"Is the Taikoo Residence full?" Qin Chen said.

The man was surprised. Looking at Qin Chen, he never thought that a foreigner from Qin Chen would know Taikooju.

"Since the son knows Taikooju, he should also know the rules of Taikooju?" The waiter respectfully said, with a more respectful look.

"Take me over." Qin Chen didn't say much, took out a real stone card and said lightly.

The waiter nodded, took the real stone card, swiped it gently from the side, and the real stone card suddenly lit up, among which millions of middle-grade real stones had been removed.

Taikoo Residence, once you enter, you only need one million middle-grade real stones for the entry fee, which is a metamorphosis.

"Master, please come with me!"

The waiter in front handed back the real stone card, and then took the lead, leading Qin Chen to the back of the Taikoo restaurant.

Taikoo Restaurant occupies a very large area. There is a large restaurant in the front, and at the back, there are pavilions and pavilions everywhere, beautiful, and there is a somewhat ethereal mood.

These pavilions and pavilions are very cleverly built, and if there is an array master here, you can see that the layout of these pavilions is by no means ordinary placement, but according to a certain array layout, ordinary people inadvertently enter. , Must get lost.

Under the leadership of the waiter, Qin Chen passed through the pavilions and soon came to a beautiful classical building.

The waiter stopped and said, "My son, the villain can only be brought here, and then there will be someone to receive him." Then he bowed back.

Sure enough, from the front of the building, a maid in a long skirt came over. She was graceful and graceful. She smiled sweetly, with a gentle smile on her mouth, and said: "This son Is it the first time to come to Taikoo Residence?"

"That's it."

Qin Chen nodded. Although he had been to Taikooju in the previous life, he was the first time in this life, and it was naturally the first time.

"That's it?" The maid covered her mouth and smiled: "The son is really funny, please come with me."

Under the leadership of the maid, Qin Chen stepped into the building in front, buzzing, an invisible wave filled him, Qin Chen suddenly understood that he had entered the range of the Primordial Residence's formation. As soon as he entered, Qin Chen found that many people had gathered here. They were all young talents, but their aura was quite terrifying. Obviously they were all aristocrats and young people in this ancient city, and of course there were some older middle-aged people. , Each cultivation base

At the Wuhuang level, there are basically no people who can see Wuwang's cultivation.

Qin Chen looked forward, and in the hall of the building in front, a dark passage stood there, which looked a little strange. However, Qin Chen knew that this passage was a very famous passage in the Taikoo restaurant. It was guarded by strong men. Many warriors in the hall just paid a million middle-grade real stones and entered this place. It has not been considered real. come

Taikoo House. If you want to enter the Taikoo Mansion, you must pass the test of the Taikoo Pass. Only those who can walk out of the passage within the specified time are eligible to enter the Taikoo Mansion. The losers can only be invited out. As for the million real stones, Naturally not

Give it back. "This son, if you want to enter the Taikoo Mansion, you must pass through this Taikoo Pass. Once you pass, someone will bring your son into the Taikoo Mansion, but if you can't pass within the specified time, you can only ask the son to go out. ,I

Our Taikoo Residence will not return it, so please forgive me. "The maid said with a smile, like a spring breeze.

"I also heard that the beauty in the middle of the ancient times is like a cloud, so I came to see it. Who knows it's so troublesome?" Qin Chen frowned and said with a grin: "What kind of ancient passage, Ben Shao, it's not easy to break through."

Since he had pretended to be a member of the Xuanyuan Empire, he naturally wanted to be more real.

"Where is the stunned green color?"

"The tone is arrogant, who do you think you are?"

"Heh, if this Taikoo passage is so easy to pass, there won't be so many people."

Many people looked over and sneered.

These people are all celestial arrogances and powerhouses in the ancient Chinese city, and many of them are top powerhouses from outside forces. They heard about Taikoo Residence and came to see them.

However, Taikoo's verification is very strict, and its background is profound. It is rumored that there is a top power behind the Taikoo restaurant. Even the people of the three major families of the ancient China city are quite jealous, which shows that its profound background.

"This archaic channel contains different powers of profound meaning, which contains aggressiveness. After ordinary people enter, they need to be deciphered. The shorter the time, the better the nature, and also the stronger the talent."

Qin Chen slowly stepped forward, and saw someone stepping into the Primordial Passage one after another. He saw that someone had just entered, but was directly blasted out, severely injured, and then led to leave, embarrassed.

Of course, there are also strong men who walked out from the other side of the tunnel and passed the test.

"Quite soon, it's only half of the time, so I walked out of it." At this moment, only an exclamation was heard, and a young man with extremely talented talent attracted a lot of admiration.

"It's Mo Liuxin from the Mo family, it's no wonder." Someone said, suddenly everyone showed a daze.

Mo Liuxin was the Tianjiao of the Mo family, another big city tens of thousands of miles away, and that Mo family was also an emperor-level force, so naturally it was no small thing, and Mo Liuxin himself had a great reputation in this area, and was a figure on the Tianjiao list.

Martial arts powerhouses are militant and so strong. Emperor-level forces like Guhua City will inevitably have a list of Tianjiao and Powerhouses, which will enlist the top talents and powerhouses of the entire Ancient China City.

In addition, many emperor-level forces in this piece have united, and there is also a list of Tianjiao. Every genius is proud of failing to enter the list of Tianjiao of his own power, and he is also struggling to enter the higher-level Tianjiao list.

Mo Liuxin is just the genius on the list of the nearby emperor-level forces and the Tianjiao.

"It's still not the previous Shi Shaokuai. Shi Shao broke through before, but it took only two-thirds of Mo Liuxin's time." Humane said. "Hehe, Shi Shao is naturally different. It is the first arrogant of the three major family historians in the ancient China city. In the entire ancient China city, apart from the first patriarch of the Cai family and the Zhang family, other patriarchs, even I have no qualifications to give Shi Shao shoes

Right. "

"Yes." The man smiled and nodded. At this moment, another figure stepped into the Primordial Passage.

This person is Qin Chen.

He was not in the mood to listen to other people's flattery and communication. His purpose in coming to Taikooju was to inquire about the news. He had been to Taikoo House in the previous life, and naturally knew that this place was the most informed.

[Chapter 1655: Sixteen Breaths](#)

After Qin Chen entered the Primordial Passage, he instantly felt a strong pressure from all directions, and then he saw a terrifying flame streamer blasting towards him. This flame streamer contained terrifying power, as if it was ever-changing and contained.

The profound meaning of endless flames, like a sea of flames, wanted to envelope Qin Chen.

This is flame profound meaning.

One of the Five Element Profound meanings of the Flame Profound meaning attribute, the Five Elements Profound meaning, is one of the most practiced by the Tianwu Continent Warriors. It is the simplest. Compared with the spatial Profound meaning, it is far worse, but it is also extremely difficult to cultivate to the extreme.

"Boom!" Qin Chen raised his palm and slammed a punch directly. He didn't realize the flame profound meaning, not that he couldn't, but it was unnecessary. He had studied the flame profound meaning in his previous life, but this kind of profound meaning was not his. Majoring in the first life, naturally it will not consume too much

More energy.

But this does not mean that Qin Chen didn't understand the profound meaning of flames. After a punch, two terrifying forces collided in the void and collapsed together, and then a flame of flame circulated around him.

Although this kind of profound meaning is terrible, it is still a bit weak for Qin Chen now, and he can easily refine it.

"boom!"

Suddenly, another breath struck, and a terrifying coercion enveloped Qin Chen.

"boom!"

Qin Chen shot again to resolve it.

After several attacks, the entire Taikoo Pass became quiet.

Qin Chen smiled slightly, his figure flickered, and he passed through directly and walked out of the ancient passage.

The strong man guarding outside the passage was taken aback, looked at Qin Chen, and seemed to be sluggish for a while, and then said: "Sixteen breaths, pass the Primordial Passage, and obtain the Primordial Residence qualification."

"Sixteen breaths?" As soon as these words came out, countless people around him focused on Qin Chen.

"How is it possible?" Someone exclaimed.

The rest of the people also looked at Qin Chen in shock, where did this kid come from, how terrible it was. The time of sixteen breaths was much faster than the previous history. Could it be that it was also the world-famous arrogant of a certain imperial power? ?

"Where did this son come from?"

"Unbelievable."

There was an exclamation.

Qin Chen was taken aback, too soon?

He has deliberately slowed down, but he didn't expect it to be too outstanding.

"Ben Shao said earlier that this archaic passage is very simple and nothing great." He chuckled lightly, with a very disdainful look, very contemptuous: "Basically, except for garbage, it should be able to Go through."

The faces of the people who had been shocked suddenly looked a little ugly.

This person has a good talent, but he is a bit arrogant. He should be able to pass everything except rubbish. Isn't it **** that can't be said?

"I wonder which force your Excellency is from?" someone said.

"Xuanyuan Empire!" Qin Chen chuckled lightly.

hiss!

Suddenly there was a sound of air-conditioning around.

Many of them, although they are also from the emperor-level forces, are only ordinary emperor-level forces in the martial arts, and they are far from the top martial arts powers such as the Xuanyuan Empire by more than a thousand miles.

No wonder this son's strength is so terrible, it only took sixteen breaths to pass the assessment.

Qin Chen's achievements made everyone believe in his words.

Not far from Qin Chen's side, Mo Liuxin hadn't left yet. His gaze fell on Qin Chen, showing a bit of curiosity. He thought he was already fast before, but he didn't expect that someone could be so fast. Degree.

Moreover, the other party came from the Xuanyuan Empire, if you could make friends, wouldn't it be a big tree that would definitely help one's position in the family by then.

I saw him fluttering, walked to Qin Chen's side, and said, "Don't Liuxin underneath."

Qin Chen glanced at the other party and said, "Is there anything wrong?"

Mo Liuxin's face suddenly showed embarrassment, and under normal circumstances, he reported his name, and the other party should also say his name out of politeness.

But who ever thought that Qin Chen had such an attitude, and his heart was suddenly angry. However, Mo Liuxin can be regarded as from a big family, holding back his anger, smiling and complimenting: "Hehe, Mo Mou had passed the examination when he saw the Sixteen Breaths of Xiongtai, and he was indeed extraordinary in strength and savvy, and he deserves to be from the Xuanyuan Empire. , It is so

Mo Mou admires that since he was a child, Mo Mou admired the Xuanyuan Empire very much, especially the Lord Xuanyuan, and admired him. I wonder if Xiongtai can appreciate his face and make friends? "

"It turned out to be close, not interested." Qin Chen turned around and left. He still couldn't see the other party's purpose, but because of his own value.

"Master please!"

Qin Chen passed the test, and someone came to welcome him. He was brought into the back of the hall. What caught Qin Chen's eyes was a towering pavilion, towering straight into the sky, beautiful, majestic, and dignified, and it was quite ancient.

This is Taikoo Residence, in the middle of this Taikoo Residence, you can overlook the scenery of the ancient wind city, and it is magnificent.

"Find me the best position." Qin Chen said to the maid.

"Don't worry, son, please come with me."

As she said, her figure flashed and swept towards the front loft, and at the same time, an invisible cloud of smoke was born from under her feet, seeming to welcome each other.

Qin Chen smiled slightly, followed the maid, and the two of them quickly came to the top attic, one after the other.

I saw that the attic was hollow, with a high platform in the middle, and around the high platform, there were magnificent rooms, divided into layers, and there were only a hundred rooms in total, each of which was very elegant and extremely dusty.

The maid introduced Qin Chen into one of the rooms. The antique decoration in the room, with a faint fragrance lingering, surrounded by formations, was extremely private. On one side of the loft, you can see the scene of the ancient wind city outside. It is refreshing and happy when you climb up and look at it. On the other side, it faces the central high platform, like a bleacher. Scene, very refined

To.

"Master, please take a seat." The woman said, introducing Qin Chen into the chair in the room, and all kinds of wine and delicacies had already been put on, and they were extremely enjoyable.

"You can also enjoy it. If you need an order, you can write down the content on this screen, and I will send it later." The woman smiled slightly at Qin Chen, then bowed and exited.

Qin Chen looked around and smiled slightly.

This Taikoo Mansion is exactly the same as it was three hundred years ago, almost unchanged. He sat down peacefully, perceiving the surrounding attic, which was full of formations, but how could he withstand Qin Chen's detection, only to see that there were already people in most of the attics, each with extraordinary aura, is there any The strong man at the peak of Emperor Shaowu

, Sat there quietly, his body exuding a tyrannical breath.

Of course, there are some young Tianjiao, and they are all powerhouses of Wuhuang level, but they are all in their early thirties, or even older. This class of characters should come to be the Tianjiao figures among the nearby emperor rank forces.

[Chapter 1656: Not a good thing](#)

Qin Chen picked up the wine glass and drank lightly, knowing that the main show had not yet begun.

"Huh!"

At this time, the space fluctuated, and the **** cat suddenly appeared, with fiery eyes looking at the wine in front of him, and he picked it up to eat.

"He's meowing, Lord Cat, I'm an ascetic monk in there. It's good for you to eat and drink here."

While talking, the **** cat stuffed the plate in his mouth, and almost stuffed the plate in.

This Taikooju's food is indeed very delicious. The ingredients alone are extraordinary. How can the **** cat eat this kind of food in Guyu Realm, and the mouth is full of oil at once, and the food is full of it. The whole thing is clean.

"Boy, a little more." The **** cat said with dissatisfaction. At this moment, on the high platform in the middle of the attic, smoke suddenly haunted everyone's eyes, and the entire high platform began to be filled with smoke. Qin Chen seemed to be unable to see other places, only On the high platform

, There, a group of women in white clothes appeared, gathered together, only dim figures could be seen, but their figures were very enchanting.

"Huh?" Qin Chen raised his brows. At this moment, he actually felt that all his attention was drawn to the high platform, where it seemed to be close at hand. The clothes fluttered, and many women in white clothes moved at the same time, dancing lightly, wearing a light veil, and turning around in an instant. Although they could not see their faces, the pair of smart eyes appeared in everyone's eyes at the same time, causing Qin Chen. Can't help but suddenly move

Moved.

A group of women are obviously stunning, each with graceful looks, thin, plump and thin, and those extremely charming eyes, as if staring at him, no matter who Qin Chen looks at, it seems that the other person is also looking at him at the same time. Very attractive.

"Damn, your kid is drinking flower wine." The **** cat's eyes were round, and the empty flask in his hand fell, and his beard was erected with anger: "It's not the cat, I said you, those in the ancient Yu world This little Nizi was heartbroken for you, the first thing you did after you came out was to drink flower wine, you said

Are you worthy of those little girls? "

"You men really don't have a good thing."

puff!

Qin Chen almost didn't spit out a sip of the old wine. What do they call a man? Is this **** cat a woman? Really.

"I'm here for my own purpose. Go back quickly and don't affect my work." Qin Chen said speechlessly.

"Why, I'm so embarrassed?"

"Okay, okay." Qin Chen smiled bitterly, "Do you still want to eat, if you want to eat, go back quickly, I'll give you more, and you will fall down if you don't want to eat."

"You still want to bribe me, your cat, am I that kind of person?" Big Black Cat said indignantly, "Remember, this is what you said, a little more, there are still so many people in there, don't Just enjoy it alone."

When the voice fell, the **** cat disappeared again, returning to the jade disc of good fortune in the universe.

Qin Chen was speechless, and quickly ordered a lot of dishes and wine and sent them to the Universe Jade Plate, which shocked the people of Taikooju. Have the guests in this room not eaten for a few days? One person orders more than ten people.

Of course, the people of Taikooju are just a little bit more ill, but they still have professionalism. Qin Chen's gaze returned to the high platform, and saw that the dance of a group of women in white became more and more sexy. With the dance of these beauties, the **** and perfect body appeared in front of everyone, dancing gracefully, with water snake-like waists. Wiggling, every

An action is all tempted to the extreme.

Qin Chen could even feel the heavy breathing sound from the surrounding attic, and everyone stared at the high platform.

And those pairs of eyes seemed to look affectionately at each person in turn, making blood spurt.

At this moment, Qin Chen seemed to have only this beautiful dancing figure in his eyes and mind, and couldn't tolerate the rest. The blood in his body was boiling, another terrible impulse.

"Magic!"

A thought came into Qin Chen's mind in an instant. When he reached his strength, his concentration was so powerful that even Chen Sisi, who was born with a charming body, couldn't charm him, let alone these women.

However, Qin Chen knew that he could easily resist these charming tricks, but it didn't mean that others could resist it. I'm afraid that the entire field would be completely immune to these women's influence, and he was alone.

These women, obviously each practiced a very charming magic, and every movement moved people's hearts and made people impulsive.

"Three hundred years ago, although the Taikoo Mansion was accompanied by beauties, it did not practice charm magic at all. It seems that after three hundred years, the Taikoo Mansion has also advanced with the times."

"But this is good, these women should know more news." Catering is not only to accompany guests to dinner, their news is also the most informed, as long as one is called to cater, they can get information from her. If you ask how well-informed you are, these beauties are probably no weaker than the three big families in Guhua City

How many.

Sure enough, after the song was finished, a slender mature woman walked out and came to the high platform. "Everyone, after enjoying the dance, we will auction it next. As long as you see any beauty in our Taikoo Residences, you can make a bid. The highest bidder will be served by the beauty. Fragrance, beauty

This is a great blessing in life with a woman. "

"Everyone who can come here is the world's arrogant, heroic hero. Of course, heroes need beauties to accompany them. How can they drink alone?"

Mature women are full-bodied and are very emotional.

"I don't know which hero wants to bid?"

As soon as the woman's voice fell, Qin Chen yelled, "Which beauty is the 'head food'? Ben Shao made a decision."

The so-called 'head food' is naturally the leader among all women. Whether it's appearance or dance, it will be one in a million.

Head eating is naturally the object of everyone's mind.

Of course, there are a lot of people competing for 'head food' every time, and the auction price will definitely be the highest.

"Who is that, I want to fix my head without bidding?" Dissatisfied voices came from around.

This is too arrogant. Before the auction, the first food has been ordered. Is this to keep them from competing?

"It seems to be the genius of the Xuanyuan Empire."

"The one who passed through the Primordial Passage with Sixteen Breaths? The sound is really a bit similar."

"Hmph, this person is too arrogant, do you think I have no one in ancient China?"

Mo Liuxin said dissatisfiedly, stirring up other people's emotions.

"This son, we don't have a head-to-head here. Of course, the girls will naturally have high and low levels of eroticism. You need your own eyes!"

The plump woman on the high platform chuckled.

"Then I want this one!" Qin Chen raised his hand, buzzing, an invisible force spread out, and instantly fell on a woman, taking off the veil from her face, the white veil, like a Fei Lian quickly entered the attic where Qin Chen was.

[Chapter 1657: Fetch from the air](#)

"Fetch things from the air!"

Qin Chen showed this hand, and some people suddenly exclaimed.

Using True Essence to ingest things from afar, as long as the emperor is strong, no one can't do it, but in this Primordial Residence, there are all over the formations, wanting to take the veil on the face of others without hurting others, let alone How much true yuan was used to leak.

These methods can't be done casually. If you want to do this, all people who have mastered the true essence can do it.

"This person is really terrible."

"Can the genius of the Xuanyuan Empire be so strong?"

Qin Chen's hand shook many people immediately.

But soon, everyone was attracted by the woman on the high platform.

I saw this woman, only seventeen or eighteen years old, wearing a white ice silk gauze, slender figure, pink face, peach cheeks, and sparkling red lips. She was definitely a beauty in a million.

In particular, she has a pure temperament on her body, which makes her heart moved at the first glance and cannot be removed.

"It really is a soft thing!"

Everyone sighed secretly.

The woman in the Taikoo House was about to take off her veil before making a bid. When Qin Chen made such a move, the other women naturally took off their veils.

Suddenly, like a hundred flowers blooming, dizzy people's eyes, each one is stunning and beautiful.

Although the woman Qin Chen selected earlier is as gorgeous as the others, each has its own merits, but she has a unique pure temperament, which immediately makes her stand out from everyone else and become more dazzling.

"That kid, the vision is good."

Many people were surprised, but they didn't expect Qin Chen among the crowd to choose the head food this time.

This kind of vision can't be said to be not old-fashioned.

"It seems that the genius of the Xuanyuan Empire is also an veteran of the flowers, otherwise, how could one suddenly choose the location of the Kao from the flowers."

Someone sneered, obviously extremely disdainful.

"Okay, I would like to invite you to bid for people you like." On the high platform, the plump woman smiled.

"I'll take that girl, and I will issue three million middle-grade real stones."

Some people fancy head food and directly offer three million.

"I pay four million."

There was a voice sounded, somewhat old, with a licentious voice.

"I give out four and five million."

I have to say that everyone's eyes are good, they all took a fancy to that girl, and they offered prices, which were very strong.

"Ben Shao said, this girl is too young, you still dare to **** the young man?" Qin Chen sneered and said loudly: "Ben has 10 million middle-grade real stones."

"hiss."

At this moment, everyone was shocked again. When they opened their mouths, there were 10 million middle-grade real stones, which directly doubled.

Does this guy understand the rules? How can there be such bidding?

Ten million middle-grade real stones, this... is not a small amount. In fact, for the emperor Wu Huang, although ten million is a lot, but not too much, it depends on where it is used. This is just to choose a companion. In simple terms, it is a companion to increase face for men. , This price is no longer

Low.

And this kind of bidding method is completely unruly.

For a while, the shouting sound weakened in an instant, and it seemed a bit silent.

"Huh, no one looks at me, do you really think I have no one in ancient China?"

A cold snort sounded.

"I gave out 11 million."

The voice was cold and arrogant, high up, angering Qin Chen.

"It's Master Shijia."

"It seems that Young Master Shi Jia is dissatisfied that this kid has run wild."

The crowd boiled.

"If there is a good show, even if it comes from the Xuanyuan Empire, this is the ancient Chinese city. If there is a tiger, he has to lie on his stomach, and if it is a dragon, he has to hold it."

Someone sneered.

Among them is Mo Liuxin.

"Eleven million? The three big family princes in the dignified ancient Chinese city, just this kind of confidence? Only one price increase is so little, how about sending a beggar?" Qin Chen sneered.

The rumor is that this historian wants to collude with Misty Palace, where Qin Chen will save face.

"I pay 20 million."

He spoke very boldly and directly added 10 million.

no way.

Qin Chen is too rich, and the treasures he has obtained in the ancient Yu world are countless, not to mention the historians, even if the ancestors of the historians come, they can't compare with Qin Chen in terms of financial resources.

Qin Chen counted, and he was only a middle-grade real stone, at least tens of billions, the key was that he couldn't use it at all. At his level, the absorption of middle-grade real stones is no longer effective, at least it is high-grade real stones. Qin Chen is estimated to be able to lose tens of billions of real stones in one practice. This 20 million middle-grade real stones seems to him. , That's really Mao

Drizzle, just pocket money.

But it falls in the ears of other people like a blockbuster.

20 million?

Directly increase the price by 10 million.

Is there such a price?

"Why, do you still increase the price?" After Qin Chen paid the price, he ridiculed: "The hillbilly, if you have no money, just pretend to be generous in front of your master. Your little money, from the perspective of your master, there are only a few It's just steel."

"you....."

Master Shi Jia was vomiting blood with anger, his face flushed.

"Haha, Shi Liang, have you encountered hard stubble."

There was laughter, and everyone heard it. They were young and old in the Cai family.

"Brother Shi, you have to fight for our Guhua City."

Another voice sounded, and everyone sucked in air-conditioning again. This was the Zhang family's oldest.

It seems that all the young and old of the three major families of Guhua City are here.

These days, the three families of Guhua City are clearly fighting, but the young and old in each family still have the intention to come here to drink and eat?

This.....

Everyone felt something was wrong.

There must be a reason for this.

"Boy, don't be too crazy, I'll give out 25 million." Historian Da Shaohan said.

"Yeah, this time is not bad, I actually added 5 million."

Qin Chen said with a smile, "Unfortunately, it's still too small, just like nothing, Ben Shao doesn't bother to play with you, and pay 50 million."

"puff!"

Everyone vomited blood.

It's just a catering, and it's 50 million?

Fifty million is not too much for a pinnacle martial emperor, but the martial emperors' money is not picked up. Shi Liang's face flushed. Just when he hesitated to open the price, a person next to him said, "Master, master, as long as you complete the task of wooing the Taikoo Residence, you will leave everything to your disposal, Master. time,

I am also concerned about this Taikoo Julu. It can be seen that the backstage of this Taikoo Residence is an existence that even the Hall of Law Enforcement must care about, at least one of the top forces in the martial arts, so the price is not lost. "

"I pay 60 million." Shi Liang said coldly when he heard this.

He has forgotten that he brought the task.

"Does the historian want to win over the Taikoo abode, and this historian really colluded with the Hall of Law Enforcement? And there is actually a top power behind the Taikoo abode?" What Shi Liang didn't know was that they thought they were surrounded by formations. In fact, Qin Chen heard all the communication in his ears, his eyes condensed suddenly.

[Chapter 1658: Painful](#)

If this were the case, then he couldn't let this Shi Liang succeed.

"One hundred million!"

Qin Chen smiled lightly and spoke again.

Wow!

This time, there was an uproar on the court, shaking for it.

One hundred million, this is one hundred million.

A real stone of one hundred million middle grade is not a small sum for a martial emperor. Is it worth it just for a companion?

"This kid won't be here for the first time. I don't know the rules here, right? To accompany food is to accompany food. Does he want to get crooked?"

"In the past, ten to twenty million head foods are almost the same. This has doubled!"

"The wealth is rich, the people of the Xuanyuan Empire are really rich."

The crowd was shocked and talked.

"I give out 200 million!"

Shi Liang gritted his teeth and almost roared.

"Five hundred million!" Qin Chen directly increased the price without any hesitation.

No way, he has nothing else, just a lot of money.

"puff!"

The crowd was completely speechless.

Prodigal, this is simply a prodigal.

"Then what **** is less, do you add it?"

After Qin Chen made the offer, he still did not forget to provoke the other party, especially the word shit, and emphasized his tone.

Everyone is fainted, this guy is simply a lunatic.

However, even though this person is a member of the Xuanyuan Empire, the Xuanyuan Empire is powerful, but after all, he is on the site of the ancient China City, so arrogant, isn't he afraid of being beaten on the streets by others?

I'm still too young to constrain.

The veins on Shi Liang's forehead skyrocketed, although he came with a mission, and hundreds of millions of middle-grade real stones were nothing to an emperor-level power, but it was a bit too much to spend on such a food.

"You're cruel, just a foodie, what about letting you?" Shi Liang hummed coldly, pretending to be cool, and threatened to let Qin Chen. "If you don't have money, you have no money. Why do you want to make it?" Qin Chen sneered: "What else are the three major powers of the ancient China city, the poor ghost, but that's right, what top power can the small ancient China city produce? Take out one or two hundred million middle-grade real stones, it is estimated to be the best

."

When Qin Chen said this, Shi Liang's expression became even more ugly, and he almost couldn't help but increase the price again, but in the end, he still held back.

These days, the three major families of the ancient China city compete with each other. In order to become the only power in this ancient China city, it consumes a lot of money. It is worthless to spend so many middle-grade real stones on this small companion.

"Boy, if you have the ability, you just keep going crazy."

With a cold snort, Shi Liang suppressed his anger and stopped bidding.

"Five hundred million, the young man is really proud, and the slave family is also an eye-opener. Guests please wait in the room for a while, and we will send them there soon."

The plump woman said with a smile, and the beautiful woman on the side also looked at the attic where Qin Chen was. She was dazzling in her beautiful eyes, and she was obviously curious about the son who spent 500 million to photograph her.

Next, the auction continues.

However, the remaining people are not as high-profile as Qin Chen, and the prices they offer are not that amazing. Basically, they are all in a few million middle-grade real stones, expensive, that is, 10 to 20 million middle-grade real stones. The price transaction is just for fun.

Soon these women left, and a group of dancers appeared again on the high platform. This group of dancers were pure dancers, singing and dancing, singing and dancing, singing and dancing.

Of course, other people who want to accompany the Taikoo Mansion will also arrange it, but not in the form of auction.

"It is estimated that the woman will be delivered soon. I don't know how much she knows about the Misty Palace."

Qin Chen drank in silence, watched the dancing poses of the beauties on the high platform, and meditated silently. Suddenly, soft footsteps sounded behind him, and before he turned his head, a soft and boneless body was instantly attached to his back, Qin Chen shuddered suddenly, a blood stream flow in the body, surging out of thin air

.

It was the beauty that was photographed here.

"My son, drink!"

The soft voice sounded, and the delicate body behind him moved away and came to him to pour wine for him. A pair of perfectly slender, white jade-like jade hands with lotus root arms, holding a white jade cup, accompanied by a very nice fragrance, holding the amber-colored wine in front of Qin Chen, the head is slightly exposed, and those big watery eyes lift up, what Qin Chen saw

Then, there was a trace of surprise in my heart again.

This is a pair of extremely beautiful eyes, pure as jade, but they are ashamed to be let go, and they can be picked up, especially with the power of charm, which makes people unable to hold themselves.

Those eyes seemed to have a magical power, which made the man's eyes unable to look away.

"What a powerful charm technique, this is not some ordinary charm technique, it has an extraordinary origin."

Qin Chen secretly said in his heart that such a magic technique was even touched by him. If he were to be an ordinary man, it would be difficult to control.

When did Taikooju have such amazing women?

The other party was close at hand, and his skin was soft and snowy, as if he could pick up a kiss when he gently stepped forward. This kind of strong visual impact was a hundred times stronger than on a high platform before.

Such a beauty is right in front of you.

This money is worth it!

Qin Chen smiled faintly, his mind was empty. He had seen too many women. In terms of appearance, this woman was indeed top-notch and more innocent, but her charm was too strong and she was clearly unable to control it freely, allowing people to see through.

And like Chen Sisi, who was born with a charming body, that kind of charm is not intended to be released, but spontaneously, which is much stronger than this woman.

Qin Chen took the wine glass and smiled slightly and said, "Thank you girl." "Yixin originally served the son, so don't say thank you." The woman's voice was soft and her beautiful eyes were unparalleled. She gently embraced Qin Chen's arm. Leaning weakly on Qin Chen's body, with the gentle pillow of his head there, Qin Chen could feel

Received the fragrance and softness of her body.

"Have you practiced charm skills?" Qin Chen said with a light smile, and the other party's temptation was radiating all the time, which was heart-pounding.

"Well, pure yin female power." The woman said softly without concealing it.

"Is the son coming to Taikoo Residence for the first time?" The woman raised her head, her beautiful eyes looked towards Qin Chen, so pure and flawless.

Qin Chen nodded slightly and said with a smile, "It's my first time here."

"That's right? Hey, the son is really funny talking, is it because I didn't pass the assessment when I came to Taikoo Residence before?" The girl covered her mouth and chuckled, speaking very directly, generously, and not contrived, which is even more exciting.

"Perhaps." Qin Chen didn't explain.

"The young man can feel it. Those who come to Taikoo Residence for the first time are all unhappy." The woman smiled softly, touching her heart. "What's wrong? There is such a beautiful woman, how can it be so painful? This is a beautiful thing in the world!" Qin Chen was puzzled, looking at the beautiful woman, what the other party said was a bit interesting.

[Chapter 1659: Pure Yin Female Gong](#)

"Although I am waiting to accompany the food, I only serve the young man. Others are not allowed. Don't get me wrong. I think that the young girl can do whatever he wants under the auction. Wouldn't it be painful to live?" Woman covering his mouth and chuckling, it stops when he clicks, and his speech is pleasant and touching.

Obviously knowing that Qin Chen came for the first time, for fear of his misunderstanding, she explained first, but her voice was beautiful, and she smiled carefully, which would not make people feel uncomfortable.

Qin Chen was stunned. The food was only to accompany him, but he wouldn't let him touch him? This is indeed painful.

No wonder those people looked like this at the time of the previous auction, and some even said that he had misunderstood. This was what he said.

But think about it, if such beauties can do whatever they want with only a few hundred middle-grade real stones in the past, it would be too cheap. If they are just accompaniment, they can still say the past.

"Why don't you speak anymore? Isn't it disappointed?" The girl leaned on Qin Chen and said softly, so pitiful and loving.

"If you think too much, beauties are suitable for viewing. If they are allowed to be played, this son will not look good." Qin Chen chuckled, not to mention that he could not use his hands, he would not be like that. I came here just to inquire about things. I didn't think much about other things.

"Really? The son did not speak before, and Yi Xin thought that the son was angry." The girl said softly: "In fact, the woman in the Taikoo residence can only dedicate to one man in her life. Although I practice magic, but pure Yin Female gong is different from ordinary gong methods. Once you break the body, your cultivation will also feed back to the other person. If you encounter a bad person, it will be really miserable, so please forgive me."

The woman's smile was weak and pitiful, telling the truth.

It was true that Qin Chen spent 500 million middle-grade real stones to photograph her. If he had some thoughts, but now he knew that he could not touch it randomly, and he was afraid that Qin Chen would get angry.

Taking care of guests' emotions is something they are born to master.

"This magic skill is so domineering?"

Qin Chen's heart trembled slightly. He could feel that although the other party had deliberately said it, it was not false. This pure yin female skill may indeed be the case. It is very overbearing. Once broken, he will achieve the other party and ruin himself. It is indeed very cruel. .

"Girls don't need to mind too much, this son is a person who loves beauty and will never force a beauty to do something she is not happy to do." Qin Chen smiled.

While feeling sigh, he also saw the other party's purpose and gave him a reassurance.

"The son is really a gentleman. It is a blessing for Yixin to meet the son." The girl was grateful. Shui Lingling's big eyes looked at Qin Chen, her bright eyes were moving, as if she could speak, she poured a cup. Liquor, delivered to Qin Chen's mouth, softly said, "Master, Yixin respects you."

Qin Chen drank with a smile.

Then, he looked at Yi Xin and said: "However, Ben Shao can't understand. Your cultivation is also the peak of the Martial King. You are still young. Both talent and lack of beauty are extremely outstanding, but you have cultivated such magic skills. , For a man to ruin the cultivation base, why bother?"

Under the sky, there are many magic arts, but most of the charm arts are to absorb men's essence and cultivation for their own use. This is reasonable, and the pure Yin female arts in the middle of the ancient times are actually dedicated to themselves.

"Naturally, it is helpless. If I had a choice, how would I be willing to practice this kind of exercise? Once I practice, I will either be alone for life, or entrust my life to other men. But men in the world have a weak nature, so how many are worth it? Entrusted for life?"

The girl sighed faintly, in the simplicity, it seemed to be full of vicissitudes, and it was pitiful.

"But in this world, not everyone is born with a good life, like a son, born in a family, with a distinguished identity, but a weak woman like me, it is not easy to survive, if there is a reason, how can you join the Taikoo residence? To accompany the food dancer."

Yi Xin looked at Qin Chen lightly, and talked softly, as if to his lover, whispering and narrating tenderness.

This feeling made Qin Chen even more soft-hearted, and this pure yin female skill was full of charm all the time.

"What's more, if you really can meet someone who can entrust you for life, even if you lose your cultivation base? If the pure Yin female power is dissipated, you can still practice from the realm of Wuwang, not just a waste, lucky sister, if you can Joining those truly top powers, you will have no worries about food and clothing all your life, and you will have a good end." Yi Xin continued.

Her eyes are shining. At this point, the little girl's expectation for love is blooming, her eyes are especially sacred, and she makes people feel compassionate, and she wants to protect her, even if she is crushed, she will not be hurt in the future.

This magic is terrible!

During the conversation, Yi Xin smiled lightly, her gentle hand grasped Qin Chen's fingers, and the fingers were connected, causing Qin Chen to gently embrace her.

Looking at the beautiful body in his arms, and then at the dancing of many beauties on the outside high platform, Qin Chen's heart gave birth to waves.

Although the women of Taikooju gave their first time to their beloved ones, how easy is it for Yi Xin to marry into a big family with great power?

The tianjiao powerhouses of various forces may have their hearts on such occasions for a while, and may even fall in love with them for a period of time, and make promises, even if they do not dislike their origins, and want to protect one of them, but sometimes, the origin of a large force, many Things are not up to them.

It is such a simple matter for a disciple of a big family to marry a wife. They must be right. Even though the women of the Taikooju have high talents, no matter how beautiful they are, they have never lost their lives to anyone. After all, they have served many men here.

For the big powers of the big family who love face, how can they let the leaders of their power marry such a woman, and under family pressure, even if they resist again, I am afraid that they will be abandoned by the beginning and the end.

"What is the son thinking?" Yi Xin raised her head to look at Qin Chen, and said softly.

"Actually, relying on outsiders is not a good destination. Happiness is something you need to fight for by yourself. It is always inferior to rely on others."

"The girl's talent is so high and magic skills are so powerful. Why not join the top powers like the Magic Demon Sect, but come to this Primordial Residence to make a living. The Magic Demon Sect is also the top force of the Martial Domain, and enter it with your cultivation. I will be able to shine without asking others."

Qin Chen said softly, as if making plans for her.

Yi Xin's eyes flashed, and then she smiled bitterly and shook her head: "The son is joking. How can Yi Xin be qualified to join the Magic Sect, and that kind of force, I guess Yi Xin can't afford it?"

As she spoke, her voice was soft, as if she was full of weakness in life, weak and distressed.

"That's not necessarily." Qin Chen shook his head, and smiled softly: "Ben Shao has also seen a girl in the magic sect, and even had the honor to see a witch in the magic sect. It is indeed very talented, but compared to a girl, there is not much difference. Like the Guyu Realm near this ancient Chinese city, with the girl's current cultivation base, if she were in the Phantom Demon Sect, she would have been selected to enter the Guyu Realm three years ago. Now, I am afraid that she would have become a powerful Martial Emperor."

"The son has seen the Witch of the Demon Sect?" Yi Xin was surprised, her eyes flickering, and she raised her head.

"Why, does the girl know the witch of the Demon Sect?" Qin Chen smiled and asked casually.

"How can Yixin know the Lord of the Witches of Demon Sect? That must be something that Yixin can't compare. The son said, he must be pleased with Yixin, and Yixin is actually very clear." The girl lowered her head slightly, like It is infinite joy.

"No, this son always likes to tell the truth." Qin Chen smiled, he sighed, and said: "But it's been a long time since this young master has heard about the Witch of the Demon Sect. The Guyu world has caused such a stir, and I don't know. How is she now?"

Qin Chen said unintentionally, sadness in his eyes, like an infatuated man, looking back at his lover.

"My son does not have to be too sad. In this trip to the ancient Yu world, although the Misty Palace was rebellious and framed the major forces and caused them to be almost extinct, the witch of the Illusory Demon Sect is safe and sound, and her cultivation base is advancing, she must return to the Illusory Demon Sect. , Will definitely cultivate it!" Yi Xin said quietly.

Qin Chen secretly breathed a sigh of relief, is Sisi really safe and sound?

"This place is so close to the Guyu Realm, and the news about this experience in the Guyu Realm must be the most informed, right? I wonder if the girl knows some secrets, but my son is quite curious." Qin Chen raised his glass and smiled slightly. Tao.

Yi Xin lightly covered her red lips and said with a smile: "Does the son refer to the secrets of Lord Witch?"

"If there is, this young man is naturally interested. For example, this young man is also very curious about how the misty palace framed the major forces, and he also heard that there are many beauties and girls under the misty palace and law enforcement palace. You can have a good talk with my son." Qin Chen said with a smile.

"The son is a person who loves beauty." Yi Xin chuckled.

"Otherwise, the young man photographed the girl, but he can only drink and chat, and can do nothing. Since the young man does not have the charm to impress the girl, it is better to let the girl explain the general trend of the world for him, so that the young man can enjoy it. Beauty service." Qin Chen said with a smile.

A faint smile formed at the corner of Yi Xin's mouth: "The son is not that kind of person."

She smiled, and while pouring wine for Qin Chen, she talked about some interesting anecdotes in the ancient Yu world that she had heard. Qin Chen intentionally or unconsciously brought the topic to the top of the major forces, naturally, the recent events in the martial arts During the conversation between the two, it was easily obtained by Qin Chen.

After understanding the ins and outs of the matter, Qin Chen was surprised.

Unexpectedly, he came out less than half a year late, and so many major events have already happened in Wuyu. The major forces have joined forces to be invincible to the Misty Palace, and even the ancient Fangjiao was destroyed by the Misty Palace, a strong mess.

"The Xuanyuan Empire, Qidian, and Ancient Fangjiao joined forces to attack the Misty Palace headquarters. In the end, Emperor Xuanyuan was seriously injured and escaped. However, the other two forces and the entire army were destroyed. Shangguan Xier and Feng Shaoyu really performed a good show. ."

If Qin Chen had some doubts about Shangguan Xi'er and Feng Shaoyu's quarrel before, now, he is completely convinced that Shangguan Xi'er and Feng Shaoyu have fallen out with each other on the face, but they are secretly colluding. Embarrassed.

The destruction of the Qidian and the ancient Fangjiao was undoubtedly calculated by Feng Shaoyu, and eventually fell into it. As for Qidian Muxun, the deputy head of the palace, it should have been seized by the alien demon and became the puppet of the Misty Palace. .

In an instant, Qin Chen sketched the ins and outs of the matter in his mind.

"However, Feng Shaoyu is really ruthless. In order to perform the show, he actually abandoned many of the Xuanyuan Empire powerhouses he led by half. These vicious methods are really similar to his style."

Qin Chen muttered in his heart.

The only thing Qin Chen didn't understand was that Feng Shaoyu had no reaction to his son being beheaded by Misty Palace.

But thinking that Feng Shaoyu could abandon so many warriors in his empire, a son might not be a big deal to someone like Feng Shaoyu who only cared about himself.

"Although Feng Shaoyu and Shangguan Xi'er did not fall out, after the Guyu Realm and that battle, Misty Palace and Xuanyuan Empire must have hated each other. As long as the hatred between the two parties grows, I will look at the Xuanyuan Empire. And how can the Misty Palace be alleviated."

At the same time, Qin Chen slightly guessed something from the reactions of the major forces.

"In the Holy Land of Blood, there must be an insider from Misty Palace."

Qin Chen affirmed in his heart that, with the strength of the Misty Palace, it was no easy task to assassinate the president of Fu's bloodline holy land Qiankun. Qin Chen clearly knew that Fu Qiankun was terrifying, and that he was a strong man in his previous life that even he needed to respect.

If Fu Qiankun is really framed by the Misty Palace, then there must be spies of Misty Palace among the high-levels of the Bloodline Holy Land. This is unquestionable. This time, the Bloodline Holy Land took the initiative to leave the conquest of the Misty Palace, which further verified this point and made Qin Chen feel better. Affirmative.

"If there is a chance, I will go to the Holy Land of Bloodline to find out the black hand behind the scenes. Originally the opponent was hidden, and it may be extremely difficult to find the opponent. This time the conquest of the Misty Palace, the opponent will definitely show some feet, and it is difficult to find it. , It will be much easier."

Apart from the Holy Land of Bloodline, Qin Chen has a feeling that there should also be people from Misty Palace in other forces. For example, if he had not seen through the conspiracy of Misty Palace in this trip to Guyu Realm, he would have taken those few away. The alien demons of the powerful are beheaded.

It is true that these people have left the ancient Yu realm and joined the major forces. By then, the control of the major forces by the Misty Palace will be even more terrifying.

Following Yi Xin's confession, Qin Chen had a clear understanding of the situation in the entire continent.

Although he had never participated in the ancient Yu world, his understanding far surpassed those of the top forces in the Martial Domain, and he spied some truths.

What made Qin Chen breathe a sigh of relief was that the people in Pill Pavilion and Bloodline Holy Land seemed to be still alive. You Qianxue and Ji Ruyue should be fine after leaving the Guyu Realm. Now Qin Chen's only worry is Shangguan Xi. If Er He Feng Shaoyu focused on him, it would inevitably bring danger to You Qianxue.

Whether it is that he and Qian Xue are both from the Northern Horizons, or the two's performance in the Guyu Realm, there is no impermeable wall in this world. Although Qin Chen has paid attention to it, people will always see some clues.

It's just that Qin Chen didn't ask too much, although he was a little worried about Qianxue and Ruyue.

After all, this Taikoo Mansion is only in Guhua City. Women such as Yixin may know a lot about the general situation of the world, because they often accompany food and have some understanding of the gossip news of some other forces, but they can know the inside of Misty Palace. The matter must be unaware.
