

Valkyrie 1741

[Chapter 1741: Interracial Lair](#)

So after seeing the middle-aged man, what came out of their hearts was excitement, expectation, and excitement.

But Qin Chen's heart was shocked.

"A member of the alien demon race, this person is a member of the alien demon race." Qin Chen was shocked, and this person was definitely an extraordinary person of the alien demon race. At least, the breath hidden in the depths of this person gave him a kind of Yong Ye and Chiyan Demon Lord had the aura of the Demon Lord who had experienced the ancient battlefield.

In fact, the aura on the ten guards before was also very cold, and Qin Chen thought that they were alien demons at first.

But after careful perception, I discovered that although the aura on these people was very cold, as if they had practiced magic skills, there was no such alien demon aura in their souls.

However, the middle-aged man in front of him was an out-and-out stranger.

In Qin Chen's surprise, the middle-aged man seemed to have sensed something, and his eyes flew towards Qin Chen.

"Elder, this person shouldn't be our Ji family disciple, half-step Wudi can actually come to receive the baptism?" Then, the middle-aged man frowned.

"Hehe, Xianyi, don't underestimate him. Although this person is only a half-step martial emperor, but he has mastered the rules of killing and space, and with half a step of the martial emperor's power, he has defeated the nine-day martial emperor Tianjiao, which should not be underestimated." The Great Elder laughed.

"Oh?" The middle-aged man glanced at Qin Chen deeply, then laughed: "That's really amazing, it's worth baptism."

He smiled slightly, but that smile, how you look at it, how cold it is.

Qin Chen laughed, but at the moment he felt a little flustered.

"How come the alien demon people appear here in high-sounding? Moreover, the relationship with the great elder is still so good." Qin Chen was a little worried.

Although he knew about the collusion between the Misty Palace and the Alien Demon Race, and also about the Ji family's high-level role in the Law Enforcement Palace, he never thought that the Ji family and the Alien Demons were directly related.

Although the alien demons can seize human souls and disguise, they are not without any flaws. He can certainly see through the other side. With the background of the Ji family for so many years, the strong are like clouds. Will they not see the clues?

Even if the great elder can't tell, what about the ancestor of the Ji family?

In just an instant, Qin Chen thought of a possibility.

Thinking of this possibility, Qin Chen only felt a horror pouring directly into his mind, and couldn't help but tremble in his heart, "Could it be that... the Ji family and this alien demons have already cooperated?"

"Or, this ancestral land is actually a hiding place for alien demons?"

This is too possible.

The alien demons, once walking outside, are easily discovered by some top forces, but if they are hidden in certain secrets, it will be much better.

And the ancestral land of the Ji family is definitely the best hiding place. No one knows that there will be strange demons hiding in the ancestral land of the Ji family of the hidden family.

Moreover, the environment here is more suitable for the existence of alien demons than Tianwu Continent.

"I am a sheep who entered the tiger's mouth and came to their base camp." Qin Chen smiled bitterly.

At the same time faintly worried.

He is worried about Ruyue. If there are alien demons hiding here, what is the purpose of Ji's imprisoning Ruyue here? Is it just to prevent her from revealing the news in Guyu Realm?

But why would the Ji family cooperate with alien demons?

Qin Chen had too many questions in his mind.

"Everyone, I will arrange for you to rest and baptism first. It will take two days to start. You adjust your state first. Only in the best state can you be more baptized and transformed."

As the elder said, he led everyone into the depths of the castle.

"Let's take one step at a time." Qin Chen secretly said.

This old castle is like a small city, with internal passages crisscrossed and divided into many areas.

Qin Chen and the others were quickly taken to a rest area, each one in a room, very quiet.

"The baptism will be two days later. You will live here for these two days. Adjust your status, and..." The elder arranged a room for everyone, and then clapped his hands.

Suddenly, a group of guards wearing black armor walked in, each holding a blood-colored spar in their hands.

Blood crystal!

Qin Chen's eyes narrowed, isn't this the blood crystal on Yuan Beast? And each piece has the size of a fist, which is definitely the stronger blood crystal.

"I finally understand!"

At this moment, Qin Chen finally understood thoroughly.

Why did the Ji family keep bringing outsiders to the ancestral land for baptism over the years?

You must know that Qin Chen has also seen the treasure land of the Ji family. It is not endless. Although the resources bred do not need to be baptized every 100 years like the holy pool of Tianfeng Mountain, it is also ten During the year, only one or two people can be baptized at most.

Such a quantity is not enough to satisfy the Ji family. How can we satisfy outsiders?

What's more, there are rumors that as long as outsiders who have experienced the baptism of the Ji family, they will be completely loyal to the Ji family, because they will get a lot of benefits and will be grateful.

But is this possible?

The blood crystal does have the effect of transforming the physical body, but besides that, there is another function, which is to better become the carrier of the alien demons and accept the alienation of the alien demons.

Ji family, this is to help the alien demon race to collect the world's strong, so that the alien demon race can take home!

At this time, Xu Dongsheng and the others all looked at the blood crystal in front of them in confusion, and they naturally couldn't recognize what it was.

"This thing is a blood crystal, I must have heard of it." The elder smiled.

"Blood crystal?" Xu Dongsheng and others frowned first, then whispered, "Could it be the blood crystals contained in the ancient Yu world?"

"Yes." The elder nodded. "There are two treasures in the ancient Yu world. You should have heard of it. One is the crystal of space. Everyone knows its role. The other is the blood crystal. It contains tyrannical power and can increase the physical strength of the warrior. Even on the body of Emperor Wu Tian, it has an amazing effect."

"Our Ji family's baptism requires great physical strength. These blood crystals were obtained by my Ji family's efforts. In these two days, you have absorbed your blood crystals so that you can In baptism, get more reformation, otherwise, there is a risk of life."

As the elder said, he divided the blood crystals into the hands of everyone. Xu Dongsheng and other five people, including Qin Chen, each had one. Among the many powerful people in the Ji family, half got it, half did not, and Ji Ruri and Ji Ruguang But didn't get it.

"Elder, why don't we have blood crystals?" Ji Ruri wondered.

"A few of you are my Ji family disciples. They practice the special secret methods of the Ji family. You don't need to absorb blood crystals to accept the baptism, and the effect will be better. On the contrary, after absorbing blood crystals, it will damage your body." The Great Elder explained.

[Chapter 1742: You came](#)

"So that's it." Ji Ruri and the others suddenly.

Qin Chen sneered. What hurts his body clearly is that the Ji family doesn't want you to be taken away.

But even though he sneered, Qin Chen couldn't help but breathe a sigh of relief.

In this way, the Ji family is not without conscience, let everyone be taken away by the alien demons.

At least, there will be nothing wrong with Ji Ruri's direct descendants. In that case, Ruyue should have not been seized yet.

Think about it, at least the Ji Daoyuan, Ji Daoling and others that Qin Chen saw from the outside world were not taken away. If the Ji family really knew everything about the alien demons, how could they be willing to have their children also taken away. .

At that point, the entire Ji family should have become the nest of alien demons.

"Everyone, go back to the room and rest immediately. Take the time to absorb the blood crystals and try to adjust to the best condition." The elder said.

"Elder, where is Ru Yue? Do you live here too?" Qin Chen stepped forward, looking like he couldn't wait to see Ru Yue.

"It's not anxious to see Ruyue. Ruyue is the top arrogant of my Ji family. She lives in another place. After you are baptized, she will naturally take you to see her. As for now, all you have to do is to absorb the blood crystals as soon as possible. , Adjust the state." The great elder waved, turned and left.

Only Qin Chen was left on the court.

"Huh." Xu Dongsheng and others looked at Qin Chen coldly, and then all returned to their room.

"Brother Tie Niu, are you okay?" Ji Ruri said with some worry when he saw Qin Chen's expression not looking good.

"Brother Ruri, do you know where Ruyue is?"

"This..." Ji Ruri smiled bitterly: "Where did I know that this is the first time I have come to this ancestral land, but..."

He lowered his voice and whispered: "But I heard from my father that Ruyue did not practice in the ancestral land, but because he had offended the ancestor when he came back from Misty Palace, and was locked in here for thinking about it, so don't keep thinking about it. This is it, now that the elder said, you can see Ruyue after the baptism is over. If you want to come to the elder, you shouldn't deceive, and you can't wait a few days.

"Thinking about it?" Qin Chen murmured thoughtfully.

"Brother Ruri, goodbye, I'm going to practice."

Qin Chen thought of Ji Ruyue in his heart, and turned back to the house without hesitation.

"This..." Ji Ruri looked at Qin Chen during the day, and finally shook his head, and said speechlessly, "I really missed my friends!"

He also wanted to learn about the efficacy of that blood crystal from Qin Chen, after all, it was the first time he saw this blood crystal.

Everyone's stone house is very big, with tables, beds and stools in it, and even the tables are filled with all kinds of food, which is very rich.

But Qin Chen had no intention of eating, sitting on the chair, looking at the blood crystal in his hand, his eyes were a little cold.

"Unexpectedly, this Ji family's ancestor land has been captured by the aliens." Qin Chen sighed inwardly.

Over the past three hundred years, it seems that a lot of things have happened to the Ji family to make this change, but Qin Chen didn't know what happened, and he was just a little worried.

"You have to think of a way. Since Ruyue is also in this ancestral land, I don't believe I can't find her." Qin Chen stood up suddenly, just about to explore the house, and suddenly, he was surprised because he felt that spy Feeling appeared in his mind again.

"Someone is spying on me."

Qin Chen's scalp was numb.

This feeling, as if a pair of eyes were staring at him in the dark, made him feel uncomfortable.

"Can't act rashly."

Qin Chen naturally picked up the food on the table, and while eating, he quietly surveyed the surroundings, because this kind of spying was not some kind of spiritual or soul spying, but as if using a certain special means to monitor himself.

"It's prohibition!"

After observing for a while, Qin Chen finally understood the source of the sense of prying. There were a series of restrictions in this room. These restrictions were very hidden. It was through these restrictions that others were monitoring him.

Knowing the source of the surveillance, Qin Chen breathed a sigh of relief.

But why should the other party monitor themselves?

Qin Chen raised a second doubt.

Is it because you doubt yourself?

But this doubt was quickly denied by Qin Chen, it should not be.

At least he didn't realize that he had exposed any flaws, and he thought everyone was being monitored.

"Then this is the blood crystal!"

Qin Chen must come down.

Thinking of this, he immediately picked up the blood crystal and crossed his knees to the stone bed. After looking at the blood crystal curiously for a while, he began to close his eyes to absorb the power in the blood crystal in front of him.

Hum!

The blood-colored spar turned into invisible forces and began to enter Qin Chen's body, transforming his body.

"what!"

A look of pain suddenly appeared on Qin Chen's face, as if it was a bit painful because of the violent amount of blood crystal.

In fact, the power of this blood crystal did not have much impact on Qin Chen's body, because he had absorbed too much power of the blood crystal in the ancient Yu realm, and a small blood crystal would affect his spatial sacred body. There is no improvement at all.

But Qin Chen clearly knew his performance when he first absorbed blood crystals.

He hummed painfully, his body seemed to be torn apart, refining the power of blood crystals.

Gradually, the power of the blood crystal in Qin Chen's hand was slowly absorbed, and after a period of time, the feeling of monitoring also quietly receded.

"Stop watching."

Qin Chen suddenly opened his eyes.

"The Eye of Breaking the Forbidden!"

Hum!

In the center of Qin Chen's eyebrows, an invisible pupil suddenly split, and for an instant, the restriction in the entire stone room was clearly presented before his eyes.

"Sure enough, there are surveillance restrictions."

Qin Chen discovered the effect of these restrictions in an instant, and then the vertical pupils on the center of his eyebrows quietly closed.

He didn't take it rashly, because he knew it was not the time yet. It was too simple to break the restriction with his cultivation base, but the difficult thing was next, what should he do after breaking the restriction?

Before making a decision, Qin Chen must think carefully.

He was there cross-legged, closing his eyes, thinking quietly.

In the old castle.

After the Great Elder General Qin Chen and others had settled down, they were walking on a heavily guarded road in the castle at this moment.

After a while, the great elder came to the end of the passage. It was a gate. In front of the gate, there were two men in black clothes in cloaks, exuding a cold atmosphere, looking at the great elder coldly.

"Elder, you are here!" One of them laughed.

The voice was cold and sharp, as if coming out of hell, echoing in this passage, gloomy and chilling.

"I want to see the ancestor." The elder said indifferently.

"The ancestors have been waiting for you!" One of them grinned and pressed his palm on the stone gate behind him.

"Wow!"

The door engraved with obscure restrictions opened, revealing a narrow corridor.

[Chapter 1743: Soul Talisman of Life and Death](#)

The great elder keeps going.

The two cloaked men at the door immediately closed the door again.

"Hey, it seems that this time our clan will add a few more partners."

The two cloaked men looked at each other and couldn't help but laugh, their smiles savagely, like a ghost.

The great elder walks in this corridor, and there are some carvings on both sides of the walls, or thousands of troops are fighting, or black like demon-like strong men volley **** welding...

At the end of the corridor is an empty hall.

The hall is extremely gloomy, with a stone gate at the end.

The great elder walked to the stone gate and gently pressed the upper mechanism, suddenly revealing a wide passage made of blood-red ore, and the whole blood-red passage has a breath of death, which makes people tremble.

The great elder took a deep breath, and then stepped into this wide secret passage. This passage is not long. At the end of the passage is a blood-red main door, with a black border that is several feet high and nearly one foot wide. The door is faintly red and exudes a strong **** air. As if transparent, as if the whole seat is big

The doors are generally made of blood.

And behind the gate, there was a figure sitting cross-legged, showing through the scarlet light, majestic and terrifying.

The Great Elder never dared to move forward.

"Ancestor!" The elder knelt on one knee and said in a low voice.

"Elder, you are here, how about the disciples you brought this time?" A low, gloomy voice came from the inside of the gate, the terrifying phantom, rippling out the voice. The elder respectfully said:

"Ancestor, there are many talented people in the team this time, especially the two I mentioned before. One is Emperor Wu Tianjiao, and the other is even more terrifying. Emperor Bu Wu can defeat that Emperor Wu

Tianjiao, and the rules for this person's cultivation are actually the rules of killing and the rules of space. Once he breaks through Emperor Wu, his future is unlimited. "

"Space rules? Space rules are one of the most supreme rules in the mainland. Someone can feel it in the half-step Wudi realm?" A curious voice came from inside.

The elder thought for a moment and said: "The disciple is also very shocked, but this is what the disciple has seen with his own eyes. It is indeed a space rule and there is nothing wrong with it."

He hesitated for a moment, and then continued: "Ancestor, but that iron cow comes from the Luoxue Mountain Range, and seems to be a disciple of some hidden tribes in the Luoxue Mountain Range."

"The Hidden Tribe of the Falling Blood Mountain Range?" The low voice suddenly laughed, "Haha...If it were three hundred years ago, my Ji family would still care." "But now my Ji family, in charge of the law enforcement palace, is powerful. They don't dare to mess with me, don't care! But the Emperor Wu can understand the rules of space in half a step. This iron cow should also be an important figure in the hidden tribe of the Luoxue Mountain Range. What a pity, now

It is now, not three hundred years ago. "

"You, two days later, please bring them here. Remember, Tie Niu and Xu Dongsheng, take them to Room 1. As for the rest, let's go to Room 2. There will be one more time with my Ji's house. Are you here?" said a low voice.

"There are Ji Ruguang and Ji Ruri." The elder said respectfully. "The two of them?" After pondering for a moment, he sighed: "I have heard of these two people. Their talents are not weak. Unfortunately, they seem to be inferior to Ruyue. After Ruyue's little Nizi, Gu Yujie and his party have changed It's huge, if it continues to grow, I'm afraid

In the future, I can be in charge of my Ji family's mantle, but unfortunately, he is too stubborn, I don't know what to do. "

There was anger in that low voice.

The elder lowered her head and said: "Is she still reluctant to enter that place?" "More than reluctance. After learning about the cooperation between Misty Palace and aliens in Guyu Realm, she actually wanted to make my Ji family For the Misty Palace, it is ridiculous and nonsense." The phantom voice was angry: "If it weren't for her use value,

Come on, so disobedient, the old man has abandoned her long ago. "

"Why do the ancestors have the same knowledge as her, maybe when she grows up, she will naturally understand the ancestors' good intentions." The great elder Lian said. "I hope so, but don't worry. Although Ruyue has amazing talents and cultivated the Moonlight Divine Body, the restrictions are terrible. My ancestors and I have never broken it for two hundred years. Even if Ruyue is selected, at least he must enter the realm of Emperor Wu. Ability

There is a silver lining, and it will take a while. "The voice said in a low voice: "Besides, I have already sent someone to call Hong Chen to persuade her. If Hong Chen doesn't listen to her, then... Hmph, the old man's patience is also limited. "The great elder hesitated and said, "Old ancestor, it is not difficult for Ruyue to break through Emperor Wu. The reason why Tie Niu came to my Ji's house is because he wanted to see Ruyue and wanted to use the road from Daoshan. The fruit proposes marriage to the moon, with the moon

Talent, as long as you get the fruits of the great road, you must be within easy reach of Emperor Wudi. ""Oh? "The voice behind Shimen burst into a sharp light: "Haha, okay, God really helped me, Daoshan?" Hmph, that **** Ji Wuxue, didn't understand the old man's good intentions at the beginning, but he had to be an enemy of me and completely forbidden my Ji family.

The ban is very good now. He would never think of it when he died. I will use his direct line to break the ban he sealed back then. "

"Hahaha!"

In Shimen, the voice laughed madly, full of resentment, anger and hatred.

"The ancestor, the life and death soul charm on the disciple..." The elder waited quietly for a long time, and then became anxious when he heard the ancestor stop laughing.

"I understand, you are waiting... I will let it come to see you."

The phantom said in a low voice, and the voice fell, and a trace of cold aura emerged from him, a breath that made the whole body chill, permeating this passage.

"Jie Jie Jie! Great Elder, I didn't expect you to bring such two treasures to our clan this time, Great Elder, you are paying attention."

The phantom spoke again, but the voice became extremely gloomy, completely different from the previous low, as if it had instantly changed a person.

At the same time, the same figure exudes a completely different breath, not only the breath is different, the sound alone makes people shudder, and the whole body is erected, like being in a blood sea hell.

"Senior, this is what the disciple should do!" The elder hurriedly lowered his head and said with a trembling voice.

"Very good." The Xuying said coldly, and then pointed out suddenly in Shimen.

Hum!

A pitch-black finger came out from the stone gate, rippling countless ripples in the void, and then slammed on the center of the elder's eyebrows.

"what!"

The great elder suddenly screamed sternly, his eyes turned white, his face suddenly covered with countless black threads, like a ghost.

The aura on his body was actually slowly rising, becoming more and more terrifying and appalling.

After a while, the finger retracted, and the great elder recovered.

call! He was panting heavily, limp on the ground, wet with sweat, but his energy was exceptionally strong.

[Chapter 1744: Ji can't](#)

"Jie Jie Jie, you can retreat. Within three years, your life and death soul charm will not recur. By that time, your cultivation base can be further improved, but don't forget to continue to find good ones for our race Container, otherwise, you should know the consequences." The shadow said coldly.

"Yes, senior!"

The elder trembling, respectfully retired.

After the great elder left, the aura on the phantom suddenly converged, and the channel that had soared to the sky suddenly returned to calm, as if it had become the ancestor of the Ji family again.

"Your Excellency has been in my body for so many years, when are you going to leave?" A low voice sounded, the ancestor of the Ji family, he seemed to be talking to himself.

"Jie Jie Jie, Ji can't, don't worry, it's coming soon, this seat still looks down on your body." The voice of Jie Jie sounded, demonic spirit lingering.

The two different voices turned out to be the same person talking, and their temperaments were different.

"A hundred years ago, the old man remembered that you said it was fast, right?" Ji family ancestor snorted coldly.

"Ji can't, for so many years, you have used this seat to advance your cultivation by leaps and bounds, and reached such a realm. Why, now you want to put aside this seat?" The cold voice said with disdain: "This seat said that it will be soon, ordinary Body, this seat doesn't look good. The iron bull you mentioned earlier, this seat is a bit interested. After two days, this seat will take a good look at this body, it's worth developing a body like this seat, so you can always rest assured Got it."

"I hope you count it." Ji family ancestor snorted coldly.

However, he didn't have any way to store the aliens in his body, even if he had reached the peak of his cultivation today, he did not dare to fall out with the aliens.

In the stone gate, tranquility is restored.

Outside the channel.

The Great Elder's face was low while walking.

Although he can clearly feel that his cultivation and strength have improved a little, but his heart is not at all relaxed.

"Life and death soul charm!" He shook his head with a wry smile.

I'm afraid no one would have thought that he, the dignified elder of the Ji family, a person with shining power, would be controlled by others.

He couldn't help thinking of the event that completely changed the fate of their Ji family more than two hundred years ago.

In the Ji family at that time, Ji Wuxue and Ji could not respectively represent the different development directions of the two Ji family, and they all lead the Ji family to a different unknown future.

But in the end, Ji couldn't rely on the help of the mysterious power and won. Ji Wuxue has been a stranger to the Ji family from then on, and eventually disappeared on the mainland.

At that time, he was just a genius of the Ji family. He was humble, ignorant, and didn't understand what all of this meant.

But after that, the Ji family moved from behind the scenes to the front, no longer hiding from the world, but entering the main law enforcement hall, following the Misty Palace, and conquering the world.

More than two hundred years later, the Ji family has grown stronger today. It can be said that it is famous all over the world, but he feels a little sad for some reason, and even misses that era of ignorance and ignorance.

However, the Ji family can no longer look back.

In this step, whether it is the abyss or the golden light, you must go to the end.

The elder's face returned to indifference, and he walked out of the corridor firmly.

"Great Elder."

Outside the corridor, two guards saluted respectfully.

"Is Hong Chen here?" the elder asked.

"Not yet, but it should be soon." One of them said humanely.

"After Hong Chen has seen the ancestor, let her see me first." The elder said coldly.

"Yes!" The two guards bowed their heads respectfully.

At this moment, Qin Chen was sitting quietly with his eyes closed. Outside, Wan Lai was silent, occasionally guards patrolled past, and each body had a cold breath.

"The defensive strength of the guard here seems to be not strong." Qin Chen thought.

During this time, he has been perceiving the surrounding environment, but found that the defensive force here is not very strong.

Perhaps it was because there were all restrictions and there were a large number of Wudi strong patrols, and everyone came to be baptized, the other party would never have thought that anyone would want to break out here.

The only trouble is that the feeling of surveillance will be born from time to time, but this surveillance has become less and less accompanied by Qin Chen's continuous absorption of blood crystals.

In silence, time passed by.

On the second day, Qin Chen finally completely absorbed the blood crystals, and the feeling of monitoring disappeared.

"This is the time."

It was midnight at this time. After the monitoring feeling completely disappeared, Qin Chen moved suddenly, a pupil in his eyebrows bloomed, and at the same time his hands quickly displayed the power of restraint, instantly restraining the stone room. Destroy it so that the other party cannot monitor himself.

"According to the observations made in the previous two days, the watcher should have gone to rest, and will not watch again for one night, and tomorrow is the time for baptism. You must use this opportunity tonight to find Ruyue and leave here."

This was Qin Chen's plan. He shook his figure and quietly walked out of the stone room, his figure resembling a ghost hidden in the dark, silent.

If the other party changes his habit and suddenly wants to monitor him tonight, it will be useless.

Because Qin Chen had broken the restriction, the other party would only think that there was a problem with the restriction, and it was late at night, and the other party would definitely wait until tomorrow when he left before coming to repair it.

They quietly put down these restrictions, naturally, they don't want people to know that they have been monitoring people who need to be baptized.

"This is the guest zone. I came this time back then. If Ruyue was confined, it would definitely not be possible to be confined here."

Qin Chen quickly left the residential area. The guards of this ancestral land did not patrol this area rigorously, and were probably used to such plain days.

What's more, strictness is nothing.

Whoosh!

Qin Chen's figure was hidden into the void, and according to the memory of his previous life, he swept toward the depths of the ancestral land.

At this time, Qin Chen's space rules came in handy. He understood the space rules and was too knowledgeable in space. Combined with some of his seclusion techniques in his previous life, it would be difficult to find even the Wudi in the middle of Tier 9 passing by. he.

Unless it is the giant of Emperor Wu in the later period, he can get a clue about the space.

call!

Qin Chen's figure was hiding and searching in the void, but he could not feel the breath of the moon.

The ancient castle of Ji's family is too big. It is said to be an ancient castle, but in fact it is like a small city, with restrictions everywhere, and guards patrolling. Qin Chen wants to find the moon in this place, like looking for a needle in a haystack.

"No, you have to find a way. It won't work."

Qin Chen was anxious.

"The most urgent task is to find the position of Ruyue first. If it doesn't work, we can only take it away."

Qin Chen's eyes were cold. Although he didn't want to seize the house because it was easy to be found, but now, apart from this, he couldn't think of a second way.

While thinking about it, suddenly there were footsteps.

[Chapter 1745: Fulfill yours](#)

"The great elder is also true, let us tell Ji Hongchen to go to his room in the middle of the night, huh, we are not afraid of the influence, can we not wait until tomorrow? I was about to change shifts, now it seems that it is going to be another day and night."

The two guards came out from a corner, wearing black armor and cloaks. They were hidden in the darkness and could not see their faces. However, between the words, there was a trace of anger.

"Hush, be quiet, let the elder hear, be careful of your head." The guard next to him reminded.

"What are you afraid of, do you think this ancestral land is really the master elder? Here, the elder is useless, but we are all obedient to our own adults. What is the elder." The guard was still cursing.

"Well, you should complain less. Anyway, this is also the ancestral home of the Ji family. The ancestor of the Ji family sits in the town personally and really wants to deal with you. It's not a matter of a word. Don't worry about it."

"I see, shouldn't I just complain," the guard muttered.

Qin Chen was hiding in the void, and his heart was shocked when he heard the words of the two guards.

"Ji Hongchen?"

The Great Elder asked these two people to tell Ji Hongchen what to do in her room?

Ji Hongchen, Qin Chen could not be more familiar, but he was the commander of the Northern Horizon Law Enforcement Hall, in charge of the Northern Horizon Law Enforcement Hall. At the beginning, Qin Chen had confronted many of her men and was crazy wanted.

Didn't expect Ji Hongchen to return to Wuyu?

But think about it, as the Ji family Tianjiao, how can you always sit in the North Tianyu, sooner or later, you will return to the Wuyu to take charge of the Ji family's affairs.

What excites Qin Chen is that Ji Hongchen's other identity-Ru Yue's aunt!

When Ji Hongchen was in the Northern Heaven Region, he was a half-step martial emperor. Now that after so many years, with the foundation and strength of the Ji family, he will inevitably make a breakthrough, but even if he breaks through again, he rarely has the opportunity to enter the Ji family ancestral land.

After all, this place has become a staging point for the alien demons, how can it be easy for people to enter and exit.

But Ji Hongchen is here now, so there are only two possibilities, the first one is also here to receive the baptism.

But Qin Chen didn't hear the news at all. If Ji Hongchen had come to receive the baptism, then Ji Ruri wouldn't know it, because Ji Hongchen was also Ji Ruri's aunt.

If this is not possible, then there is only the second one-Kitsuki!

Ji Hongchen and Ji Ruyue have a very good relationship. Ruyue also said that Ji Hongchen is one of the people who care about her the most. Is it possible that Ji Hongchen came in because of Ji Ruyue's ancestral land?

These thoughts flashed through Qin Chen's mind, making him instantly excited.

If Ji Hongchen came for Ru Yue, he would naturally meet Ru Yue, and as long as he followed Ji Hongchen, he would naturally see Ru Yue.

Thinking of this, Qin Chen seemed to have a flash of lightning in his mind, and instantly thought of a way.

Hum!

He walked out of the void and appeared behind them suddenly.

"The Eye of Breaking the Forbidden!"

"The magic cage!"

"Spirit Storm!"

At the center of Qin Chen's eyebrows, the pupil of the third eye opened quickly, and a wave of terrifying spirit and soul surged toward the two of them like a vast ocean.

At the same time, the space rules were exerted to the extreme by Qin Chen, and in the void, an invisible barrier appeared, sealing the space for a short time.

"who?"

The two guards were Wudi in the early nine days, and their strength was naturally extremely terrifying. They reacted in the first place and wanted to cry out. However, in order to be able to capture the two in an instant, Qin Chen did not leave his hands at all, and the two of them also did not expect that they would also be attacked in the Ji family ancestral land. Before he could say anything, there were two terrible things. Power has entered him

In our minds.

"boom!"

The two of them felt dizzy, and the stormy waves were instantly rolled up in their minds, and a sharp pain suddenly emerged. "Not good!" The two of them were shocked for a moment, and finally realized that there was an enemy in the ancestral land, but at this time they wanted to resist but it was too late. Originally, Qin Chen's strength was more terrifying than them, plus With mental arithmetic and unintentional, the two

He lost his combat effectiveness in an instant.

Qin Chen waved his hand, and the two of them were immediately put away by him, and suddenly entered into the Universe's Good Fortune Jade Plate, and he himself also shook his figure, and also entered the Universe's Good Fortune Jade Plate.

In the void, Qiankun's good fortune jade dish turned into a mustard seed, hiding it.

The whole process was long, but in fact, it only took a moment to calm down here, as if nothing had happened.

After entering the jade disc of good fortune in the universe, the two of them woke up instantly.

"Where is this place?" One of them said suddenly in anger, and at the same time, when he raised his hand, a sword appeared in his hand and was about to slash towards Qin Chen.

Qin Chen snorted coldly and waved his hand. The person immediately felt an invisible force shackled him up. The whole person could not move, even the true essence in his body could not be moved.

how can that be? He was also the Martial Emperor of the early nine days, even if the opponent was a giant of the late Martial Emperor, even if he could kill him with one move, he would not be able to restrain him so easily, not to mention that the true essence in the body could not be activated.

Qin Chen's methods have completely exceeded their imagination.

"Who are you!" The two of them immediately roared: "Do you know who we are, don't you want to die? Quickly let me go, there may be a way to survive, otherwise you will be difficult in this ancestral land. Run to death."

The two were furious and struggled desperately.

Qin Chen didn't bother to pay attention to the two, but shot his gaze at the corner of the Universe Jade Plate. There, a man in black lay there, exuding a cold air, which was what Qin Chen grasped from the training camp secret. Strong stranger.

But now, this person didn't have the slightest feeling of being a strong person. During this period of time, he was researched constantly by Qin Chen, and he was almost completely dismantled.

In front of these two people, Qin Chen raised his hand, and the person was instantly pulled over and fell into Qin Chen's hands.

"Damn human beings, kill me if you have a species." The alien demon clan shivered involuntarily when he saw Qin Chen, a trace of fear flashed in his eyes, and he roared in anger.

These days, it has been tortured by Qin Chen too many times. Every time, Qin Chen attacked its soul, but didn't kill it, letting it live a life that is better than death, and would rather die.

"Want to die, rest assured, I will fulfill you." Qin Chen snorted coldly, without talking nonsense, the soul power instantly penetrated into the mind of this powerful alien.

"what!"

This alien demon clan suddenly howled in pain, and boomed, the demon energy burst out from it, and suddenly became the appearance of an alien demon, with tight muscles and roaring again and again.

"Alien demons are alien demons."

"Who is this person? Actually torturing the alien demons?" The eyes of the two guards who were captured by Qin Chen were full of horror, shaking constantly, everything in front of them completely subverted their cognition.

[Chapter 1746: Slave guard](#)

In that alien demon's mind, Qin Chen's soul power constantly clashed with a certain force in his mind.

This is the power of the forbidden soul curse that remains in its mind. In order to hide the secret, the Misty Palace not only planted the forbidden soul curse in its own minds, but even let the alien demons stay in the minds of their kind. Under the forbidden soul spell.

Now, Qin Chen is constantly trying to crack the power of this Forbidden Soul Curse.

But it still failed.

puff!

The alien screamed, the soul suddenly disappeared, and the horrible soul power burst out suddenly and suddenly rushed into Qin Chen's mind. This was a lore before his death.

In an instant, the golden parasitic seeds in Qin Chen's mind burst into light, blocking this soul power in an instant, and then swallowing this soul power into Qin Chen's own power.

"It's still a failure." Qin Chen's expression was uncertain. After so long of research, he still failed to break the Forbidden Soul Curse in the mind of this alien.

"However, it's only a bit close."

Qin Chen looked at the two people behind him with cold eyes. After so many attempts, including those of the Hall of Law Enforcement in Wuyu Yizhong, Qin Chen was only a little bit close to cracking this Forbidden Soul Curse. Yes, before, it almost succeeded.

"You...what do you want to do?" Feeling Qin Chen's gaze, the two guards suddenly showed fear on their faces. Qin Chen looked at their gazes, not at all like looking at two people. And like two prey.

Qin Chen didn't answer, but raised his hand directly, and one of the guards was taken into his hand in panic.

Then, Qin Chen urged the soul power in his mind, and the terrifying soul power rushed into the opponent's mind.

"what!"

He screamed bitterly, as if the soul sea was about to be crushed.

This time, Qin Chen quickly entered the state, constantly cracking the Forbidden Soul Curse. Boom boom boom, two soul powers collided frantically. Compared with the previous strong alien demon, this guard was weaker than the strong alien demon due to the difference in status and status. Less, this happened to be Qin Chen's sudden

Breach.

After a while, poof, that Soul Forbidden Curse was finally completely consumed by Qin Chen, and then completely swallowed by the Parasitic Seed.

"Finally succeeded!"

Qin Chen was overjoyed, but lowered his head, only to find that the guard had a dull face and his eyes were dizzy. Although his soul never died, he had become a fool.

"It's because my soul power was too strong just now, which caused this person's Soul Forbidden Curse to be destroyed, but the soul was also hit hard."

Qin Chen returned to his senses, with a hint of disappointment in his eyes.

"Soul Search!"

Although the guard had become an idiot, the memory in his soul was still there. Qin Chen immediately used the soul search technique to search for the memory in his soul.

Immediately, some information about this ancient castle was captured by Qin Chen and remembered in his heart.

"puff!"

Then, under the influence of the soul-searching technique, the guard's soul power that had already been damaged was directly annihilated, completely silent.

Qin Chen raised his head, his eyes fell on the last guard.

"You...what on earth do you want to do, let me go, let me go quickly."

The guard's face was full of horror, and he watched his companions and the powerful aliens die in front of him. The fear rose like a tarsal maggot, making his heart tremble with fear.

But how could Qin Chen let him go.

"This time, it must be successful."

His eyes were firm, and his soul power came out, quickly pouring into the mind of the last guard.

boom! This time, Qin Chen was cautious, while fighting the Forbidden Soul Curse, he even used his soul power to protect the guarded soul sea. Gradually, Qin Chen's forehead was covered with sweat, and his face was even weakened because of the loss of soul power. All

Slightly pale.

However, with previous experience, Qin Chen was very careful, and every step was perfect.

I don't know how long it took, and with a puff, the soul-forbidden spell in the guard's mind finally lost its power and was completely swallowed by the power of the parasitic seed that Qin Chen displayed.

"Success!"

There was ecstasy on Qin Chen's face. This was the first time he had truly broken the Forbidden Soul Curse, and this guard had no injuries except for a weak soul.

"Soul Seal!"

Hum!

Then Qin Chen directly cast the Soul Extinguishing Seal, planting a soul rune in the opponent's mind, and enslaving him.

"the host!"

After a while, the guard regained his clarity, and immediately saluted Qin Chen respectfully, with pious eyes.

"Good, good, finally succeeded."

Qin Chen was ecstatic, and enslaved one of the guards in this ancient castle, which was convenient.

"I have spent too long in this jade disc of good fortune in this universe, so go out first."

Qin Chen immediately put on the clothes of another guard, transformed into that person, and suddenly appeared in the passage with the guard enslaved by him.

"Go, you lead the way in front." Qin Chen communicated with the guard while instructing him to lead the way and walk towards Ji Hongchen's room.

Originally, after searching for another guard and enslaving this guard, Qin Chen already had some understanding of where Ruyue was.

But at the same time, he also knew that where Ruyue was confined, there were a lot of restrictions. If there was no token, even if he knew Ruyue's location, he would not be able to break the restrictions and rescue Ruyue in a moment.

Therefore, Qin Chen immediately made up his mind, that is to complete the arrangement of the great elder, notify Ji Hongchen, and then wait for an opportunity to act.

Under the leadership of another guard, Qin Chen and him soon came to a stone room.

Ji Hongchen was in this stone room.

"Master Ji Hongchen!" Qin Chen and the guard immediately bowed and saluted.

"Who?"

There was a cold and stern voice from the room. The voice was pleasant, but with a killing air, it was Ji Hongchen.

"I'm waiting on the order of the elder to let Master Hongchen pass by." Qin Chen and the guard said again immediately.

"Boom!"

The next moment, Shimen opened.

Qin Chen's eyes lit up and saw a handsome and heroic woman in a red martial robe walking out.

It was Ji Hongchen, who had come to a phantom before Qin Chen before.

Compared with the previous years, Ji Hongchen's breath is more terrifying, his eyes are sharper, with a temperament of not anger and prestige, and heroic.

Moreover, her cultivation base had reached the peak of the initial stage of the ninth stage, which was far more terrifying than Xu Dongsheng, and she didn't know how to cultivate.

I have to say that the lineage of the Ji family is very good. Whether it is Ji Ruyue, Ji Hongchen or Ji Ruxing, they are all big beauties. There is not a long one, each with its own temperament.

"Lead the way." Ji Hongchen glanced at Qin Chen and the guard coldly, probably because of the heavy concerns, but did not notice Qin Chen's strangeness.

[Chapter 1747: Betrayal of the family](#)

Qin Chen and the guard respectfully led the way in front.

Ji Hongchen walked behind, with a thoughtful look.

"You have to find a way to leave a mark on Ji Hongchen." Qin Chen's eyes flashed. When he walked, his hands under his sleeves quickly sketched out the Dao Manuscript, only a trace of invisible mental power quickly turned into a small restraint, staying in the void, and Ji Hongchen followed Qin Chen closely. Later, these prohibitions

Unconsciously, he quietly stayed on her body.

Because of Ji Hongchen's thoughts, he did not pay attention to the outside world at all, so that he could not detect it at all.

And that prohibition was quickly hidden, even if she had the intention to search at this time, it would be difficult to find with her cultivation base.

After passing through the corridors, the group came to the stone room of the great elder.

"Master Hong Chen, please!"

Qin Chen and the guard stood respectfully outside the door.

"Great Elder." Ji Hongchen said outside the door.

"Hong Chen, come in." The voice of the great elder came from inside.

"Boom!"

The stone room door opened and Ji Hongchen walked in.

"You two are guarding outside the door." At the same time, the voice of the great elder came from the stone chamber.

"Yes, Great Elder." Qin Chen felt joyful. He had originally thought about how to stay, but now it is just right.

With a bang, the door of the stone chamber was closed, isolating the contact with the outside world. Qin Chen immediately contacted Ji Hongchen's restraint and probed the movement inside.

In the stone room, the elder was sitting there. After seeing Ji Hongchen coming in, he immediately waved his hand and said, "Hongchen, sit down."

"Yes, great elder." Ji Hongchen sat down and said, "I don't know what the great elder called Hongchen to come late at night?"

The elder looked at Ji Hongchen with a complicated expression, and sighed: "Hongchen, if I didn't expect it wrong, the ancestors have called you over before? There is no good way for you to do with Ruyue."

Outside the door, Qin Chen's body shook. Unexpectedly, the Great Elder came up and talked about Ruyue. He pricked his ears and listened carefully.

"The elder, the ancestor did tell me, but do you have to do this? I watched Ruyue grow up. She has been the top genius of my Ji family for a hundred years. Why do we have to force her?" Ji Hongchen said with a wry smile. The elder was asked silently. After a long time, he sighed and said: "Do you think I want to do this? Our Ji family is very majestic on the surface now, in charge of the power of the law enforcement hall, but in fact, it is Precarious wind and rain

No way out. "The reason why our Ji family has been able to develop so rapidly over the years is because the old ancestors took refuge in the Misty Palace Master, and cooperated with the alien demon race, and then exchanged it back, but, accompanied by the strange demon The more cooperation among the tribe, the more our Ji family

More and more things are lost. Apart from anything else, most of the Ji family ancestral land is now under the control of those alien demons, and there is nothing we can do. "

"Furthermore, now the Mo family has been hostile to my Ji family, and the ancestors of the Mo family and ancestors have been vying for the power of the law enforcement hall. If we can no longer open the forbidden land that was banned back then, maybe my Ji family will really fall."

"But that place is very dangerous. If she has to be like the moon, she might die. In order to open this ban, how many people in my Ji family have died." Ji Hongchen bit his lip. "What can we do then? Now

that our Ji family can open the forbidden area, only Ruyue is the only one. First, she is a direct descendant of Ji Wuxue, and has not been implanted with the life and death charm, and will not be obliterated by the prohibition. Second, she is the only one in the family over the years

The person who cultivates the Moonlight Divine Body, only she has the opportunity to break through the prohibition set by Wuxue back then, reopen the forbidden area of my Ji family, and let Ji family disciples be baptized. "You have to know that there is not much spiritual liquid left in my Ji family now, and even the direct disciples can't satisfy the baptism. If you continue, my Ji family will be completely decayed sooner or later, so I can only try it. Blame, blame Ji Wuxue back then

. "The great elder showed an angry look: "Back then, Ji Wuxue blocked the forbidden land in my Ji family's ancestral land for selfish desires. For more than two hundred years, no one in my Ji family can enter, and no one can accept the Ji family. The inheritance since ancient times is really

Too much, this debt must be paid by someone. "So, this time, no matter what, you have to persuade Ruyue, otherwise, the ancestor has already said, if Ruyue is not willing, he will disregard her status as a direct line of the Ji family and let the alien demons take it away. To try to break the ban, by then

When, no one can save her. "

"The Ji Wuxue back then, betrayed the family and is dead. If she betrayed the family, she will end up like Ji Wuxue. Hong Chen, you will also be remembered by me."

The elder's tone was severe.

Outside, listening to the conversation between the two of them, Qin Chen was shocked inside. "It turns out that this is the case. The Ji family's forbidden area was actually closed by Wuxue, which caused the Ji family's disciples to be unable to accept the baptism and inheritance at all for more than two hundred years. Cooperation, leading to the present

The Ji family was very suppressed, so the Ji family desperately wanted to open the forbidden area that was closed back then. "But if you want to open the forbidden area, Ruyue is a very important figure. The reason why the people of the Ji family imprisoned Ruyue not only because they were worried about spreading things in the Guyu world, but also to sacrifice her and open this The so-called ban!

"

Qin Chen felt a chill in his heart.

The forbidden land of the Ji family, Qin Chen naturally knows, is a secret place that the Ji family inherited from ancient times. It contains some inheritances from the ancestors of the Ji family. Back then, every Ji family's direct descendant was eligible to enter the secret place for baptism after reaching adulthood. .

And according to each person's cultivation level and talent strength, the gains are different.

But now, the forbidden area of the Ji family is blocked, which naturally makes the Ji family extremely anxious.

But even if you are anxious, you can't let your family's disciples take risks, right?

"Despicable, too despicable. In order to open the so-called forbidden ground, this Ji family does not take Ju Yue's life at all. What Ji family is this?"

Qin Chen was trembling with anger.

"Moreover, Wuxue was actually killed by this Ji family. Why did the Ji family do this? Didn't Ruyue say that Wuxue fell in Death Canyon? Is it the Ji family deliberately whitewashing it?"

"Also, why did Wuxue ban Ji's forbidden land back then, and even the Rong Dao grass was placed in Daoshan outside the Ji's house. Why did he do this? Could it be that he found something?"

Qin Chen had many questions in his mind that he couldn't understand.

But he knew that there was no time to think about it too much. Elder Ji family had already said that if Ruyue didn't agree, after tomorrow, the alien demons would take her away. There are such people in the world.

Hateful, really hateful! "Today, Ru Yue must be rescued." Qin Chen squinted his eyes and said coldly in his heart.

[Chapter 1748: Enslavement](#)

"Then I will try." Ji Hongchen was silent for a long time in the stone room, and finally sighed and stood up.

"This is a token to open the confinement room. Go and persuade her now. The ancestor has already said that after tomorrow's baptism day, if Ruyue doesn't agree, then no one can blame him." The elder took out one. A token, said coldly.

Ji Hongchen took the token, sighed, and turned around out of the stone room.

"You two, take Hong Chen to the confinement room."

"Yes, Great Elder!"

Qin Chen suppressed the emotion in his heart, turned around and walked to the confinement room with the guard.

"The token is in the hands of Ji Hongchen!"

Qin Chen squinted his eyes and had to enslave Ji Hongchen, otherwise once he entered the confinement area, he would have no chance at all.

This is the best opportunity. Once you reach the confinement area, there will be a lot of guards. If you do, it will be too easy to be spotted, and once you are spotted, it will be finished.

"Master Hong Chen, go here."

Qin Chen took Na Ji Hongchen to a remote place in the old castle.

Ji Hongchen was still thinking at first. Suddenly, he raised his head and frowned and said: "Did the two of you go the wrong way? This is not the direction to the confinement area, right?"

The guard beside Qin Chen smiled and said, "Master Hong Chen, you remembered wrong, the confinement area is here."

"No!" Ji Hongchen's eyes suddenly sank, "The confinement area is definitely not here."

She has the token of the confinement area, and can have a vague sense of the confinement area. At this time, she must have gone wrong.

"Where are you two taking me?" Her eyes sank and she immediately drank coldly.

"Master Hong Chen, in fact, Master Xianyi wants to see you." Another guard said with a smile.

"Sir?" Ji Hongchen frowned, and she naturally knew that he was a high-level figure of the alien demon here, and his strength was extremely terrible. It was rumored that in the ancient times, the rotten alien belonged to the alien demon. A demon character, why does the other party want to see himself?

And at the moment when Ji Hongchen was puzzled, the guard suddenly looked at Ji Hongchen's rear in amazement: "Master Xuanyi, why are you here in person?"

"Huh?" Ji Hongchen turned his head suddenly, but found that there was nothing behind him.

"not good!"

At this moment, she immediately felt something was wrong, her whole body was erected, and a terrible breath broke out for the first time.

But at this moment, Qin Chen finally moved.

"The power of soul-killing!"

Qin Chen waited for such a long time, just waiting for such an opportunity, in an instant, a terrifying soul power suddenly poured into Ji Hongchen's mind, booming, the terrifying soul power was like countless active volcanoes erupting in an instant, in Ji Hongchen's There is a storm in my mind.

"what!"

Ji Hongchen felt a sharp pain in his mind. He couldn't help but exclaimed. He was about to retreat in a hurry, but it was too late. Om, Qin Chen directly grabbed and shot him, and the power of restraint quickly spread, and she was instantly body The power of the true yuan in the banned down.

In terms of strength, although Ji Hongchen was only the peak martial emperor in the early nine days, it was comparable to the average mid-term martial emperor, but it was a pity that she faced Qin Chen.

Under Qin Chen's sudden eruption, even Emperor Wudi, the mid-term peak of the alien demon race, could not escape serious injury. In this Ji family ancestral home, Ji Hongchen did not expect that the two people next to her would suddenly do something. Can be Qin Chen's opponent.

In an instant, Ji Hongchen completely lost his combat effectiveness, and was instantly included in the Universe Jade Plate by Qin Chen.

"Huh? What's the matter?"

Although the speed of the battle between the two sides was extremely fast, some people still sensed the fluctuations here, swish, swish, and streamed light, a team of patrolling guards, the leader coldly shouted.

"These guards are coming so fast." Qin Chen was startled, he had tried his best to keep quiet, but still alarmed the patrolling guards.

"It's okay, it's the two of us." The guard beside Qin Chen immediately stepped forward and said with a smile, while Qin Chen stood in the dark, because the two of them were wearing cloaks with their faces half hidden under their masks, and Qin Chen passed by. Disguised, dressed up as another person, the other party didn't notice anything strange at all.

"Why are you two here?" The lead guard frowned.

"Oh, we listened to the command of the elder, went to Master Ji Hongchen, accidentally made some movement, nothing." The guard laughed.

"I'm looking for Ji Hongchen for Ji Ruyue's business, right?" The lead guard frowned and said suddenly.

"Who said no, let us do this kind of thing in the middle of the night, trouble." Qin Chen also mumbled.

"Then you two be more careful. Fortunately, the restraint was not alarmed. If the restraint is alarmed, it will be more troublesome." The captain of the guard said.

"Okay, we will pay attention, then see you later." The guard beside Qin Chen smiled and turned to leave with Qin Chen.

"We also continue to patrol." The group of guards turned and left.

Feeling the other person leaving, Qin Chen couldn't help but breathe a sigh of relief.

If found, it would be dangerous.

He let the guard go to the confinement area, and he quickly entered the jade disc of good fortune in the universe.

"Who are you? Where is this place?" Ji Hongchen had recovered sober, and shouted coldly at Qin Chen.

The bottom of her heart was chills, because she found that she had lost contact with her understanding of heaven and earth, and she felt like she had fallen from the Emperor Wudi of the Nine Heavens and became a Wuwang in an instant.

Moreover, she tried to deliver news to the outside world, but she couldn't deliver it at all.

This is natural. The Universe Jade Plate is a small world controlled by Qin Chen. Here, all rules operate according to Qin Chen's will. Unless the trapped person is strong enough to break the rules in this small world, then Follow Qin Chen's arrangement.

Qin Chen ignored Ji Hongchen, showed his soul power, and began to try to enslave Ji Hongchen.

"Hey, Ji Hongchen didn't even have a soul-forbidden spell in his mind." Qin Chen was a little surprised: "I can't think of people from the Ji family who still have such treatment?"

But think about it, the Ji family is also a senior in the Law Enforcement Hall anyway, that soul-forbidden curse is used by the higher officials in the Law Enforcement Hall to control the people below, and naturally it will not be used on the Ji Family himself.

Just like in the ancient Yu world, the Misty Palace disciples like Emperor Wu Yan, there is no reason for Forbidden Soul Curse in their minds.

Without the Forbidden Soul Curse, it was naturally easy for Qin Chen to enslave Ji Hongchen.

"the host!"

After a while, Ji Hongchen regained his tranquility, and respectfully bowed to Qin Chen, his domineering and coldness no longer existed, like a docile little sheep.

"Very well, take me to see Ji Ruyue."

"Yes, master!"

The two left the Universe Good Fortune Jade Plate, and the three of them immediately walked towards the confinement area.

The confinement area was located in a separate area deep in the castle. The three of them had unimpeded access all the way, but they still walked for a while before they came to the confinement area.

[Chapter 1749: Goodbye](#)

"This is a confinement zone, idlers stop!"

Outside the confinement area, there was a strong guard, and when Qin Chen and his party arrived, he immediately shouted coldly.

"We came to see Ji Ruyue by the order of the Great Elder."

Ji Hongchen raised his hand, took out the token, and said coldly.

When the guard saw this, he let it go, and Ji Hongchen held the token and used the true essence to spur it. Suddenly, the token burst into light, and instantly connected the restriction in front, and the front stone gate opened with a bang.

Ji Hongchen and Qin Chen walked towards Shimen.

"The two of them can't go in!" The strong guard said suddenly, looking at Qin Chen and the other guard.

The confinement area is regarded as a more important place in the castle, and naturally not everyone can enter.

Ji Hongchen glanced at the guard and said: "I need these two people to help me do things, why can't I get in? What's wrong, I will bear it."

"This....."

"Why, don't I have a token, can't it work? I am here to dissuade Ji Ruyue. This matter is related to the future of my Ji family. If the task cannot be completed, who will bear the responsibility, do you?" Hong Chen said coldly.

The guard stopped talking. Although Ji Hongchen was only the early peak Martial Emperor, he was the core of the Ji family after all, and he had the token of the great elder. Moreover, it should have been ordered by the ancestor. If the ancestor is held accountable, he can take responsibility. Sorry.

Anyway, he was guarding outside the door, there would be no problem.

Thinking of this, the guard hurriedly saluted: "In that case, then... Lord Hongchen, please."

Under his watch, Qin Chen and the three walked into the confinement area.

In the confinement area.

Ji Ruyue was being held inside at the moment. She looked at the wall in front with a haggard face, her eyes blank.

"Why, why did the ancestors do something like this to cooperate with the alien demons. Those alien demons invaded my Tianwu continent back then, causing dark turmoil and serious sins, but the ancestors..."

Ji Ruyue's face was bitter, and she couldn't accept all this in her heart.

After being brought back to Ji's house from the Misty Palace, Ji Ruyue found her father in the first time, found the Great Elder, and told them what happened in the ancient Yu world, and wanted them to be passionate about the true face of the Misty Palace.

But who knew the great elder and they didn't care about her statement at all. At first, Ji Ruyue thought it was the great elder and they didn't believe in themselves, but after entering the ancestral land, Ji Ruyue didn't understand the reason.

It turned out that the Ji family he was in knew about the alien demons, and had been cooperating with the alien demons.

Although she didn't know some masters in the ancestral land, Ji Ruyue couldn't be more familiar with the aura from them, and it was exactly the same as those released by the alien demons in the ancient Yu world.

Ji Ruyue collapsed and was almost desperate. She did not expect that her family would actually do such things that are infuriating between people and gods.

Everything the alien demon people did in the ancient Yu world, she saw with her own eyes, the crime was very serious, but the family's relatives did not take it seriously, for the so-called power, they actually went with them.

Ji Ruyue couldn't accept it.

She didn't want to be baptized. She had to ask her ancestor to understand. Who knows that the ancestor didn't care about her opinion at all, but asked her to break the ban of a forbidden area. She refused to comply, and the ancestor detained her here.

In these days, at the beginning, the Great Elder often came over to talk to her with Yanyue, but gradually, he lost his patience and kept her detained here. As for the resources for cultivation, she did not lack her at all, and even gave her the best.

She practiced stupidly here, trying not to think about it, but every time she thought that Qin Chen died in the hands of these aliens, she was in pain.

She hated, hated herself for being born in Ji's family, hated herself for knowing all this cruelty.

"Shao Chen, where are you, do you know? Ruyue misses you so much, really misses you!"

Ji Ruyue murmured, tears falling from the corners of her eyes.

She had never missed a person so much. During the days when she was out of Guyu Realm, she thought every day and Yueyue. She never knew that missing someone was such a painful thing.

She smiled bitterly, and sometimes even felt that if she died in Guyu Realm with Qin Chen, how good would it be?

Then don't endure all this cruelty, don't endure this painful loneliness anymore.

Sometimes, she even wanted to die.

However, she can't let go of all this, especially Qian Xue, is it okay in the Misty Palace? Will there be any danger?

So she gritted her teeth and worked hard to practice.

Try to make yourself stronger and stronger. If she has enough strength and enough right to speak, how can she fall into this situation?

She must go out alive, whether it is for Qin Chen or Qian Xue, she can't admit defeat, she wants revenge, revenge for Qin Chen.

"Boom boom boom!"

At this moment, there was a knock on the door suddenly, and a cold voice rang, "Ji Ruyue, someone wants to see you."

The voice was cold, and it was the guard guarding this confinement area.

Ji Ruyue was awakened by surprise, and said coldly: "No."

She knew that it must be the great elder or who came again, and there was only one purpose, and that was to persuade herself to break a forbidden place in the ancestral land. It is said that it was her grandfather Ji Wuxue that was banned back then, and only her Just have a chance to break open.

She didn't want to go to that forbidden place, nor did she want to know what was in the forbidden place. She just sometimes wondered what would happen if her grandfather was still there? Will they also go with these people?

Although the family has a bad opinion of the grandfather, she has learned about the deeds of the grandfather, and in her mind, the grandfather is the true hero of the Ji family.

Grandpa Grandpa would never do such a thing as his ancestors. Even, Grandpa Grandpa said that he didn't want to go with these people, so he would ban the forbidden land in the ancestral land.

This is also the meaning of her insistence, she must not let that forbidden land fall into the hands of alien demons.

"Squeak!"

As soon as Ji Ruyue finished speaking, Shimen opened suddenly, and several figures walked in.

"I said, no see." Ji Ruyue said coldly.

"Ruyue, don't you even see me?" A cold and sweet voice sounded. Ji Ruyue turned her head and saw a woman smiling and standing there, it was Ji Hongchen.

"Auntie!" Ji Ruyue's face immediately showed a hint of surprise, but immediately, her face sank again and became cold, without any anger: "Auntie, if you are also here to persuade me, please go back. Right."

Her heart hurts slightly, why, the aunt who loves herself the most will do the same.

Seeing Ji Hongchen, she thought of Qin Chen for an instant, and her heart ached. If it weren't for her aunt, she would not have met Qin Chen in the North Tianyu. She thought of herself and Qin Chen in the inheritance of Demon Sword for the first time. Meet.

[Chapter 1750: Demon Lord](#)

Thinking of the scene where he met Qin Chen in Supreme Sword Dao for the first time, both sides regarded each other as virtual humans, fighting frantically, and even almost disappeared, Ji Ruyue couldn't help but feel warm.

She thought of the scene in the Demon Sword Tower, when she encountered danger, Qin Chen fought to save her.

How she hoped that without everything that happened later, she and Qin Chen stayed in the Demon Sword Tower forever and never came out. That would be great.

A smile bloomed at the corner of Ji Ruyue's mouth, and she smiled.

Ridiculously smiling and crying again!

"Ruyue!" Ji Hongchen looked at Ruyue, watching the painful color of tears in her smile, and a faint pain in her heart.

"I said, if you are here to persuade me, please go back, aunt, don't let Ruyue disappoint you. In Ruyue's heart, you have always been the person who loves Ruyue the most, and Ruyue doesn't want to fight with you." Ji Ruyue sobbed Said.

"Silly girl, there is something to cry, people of all ages are still crying, and the face will be lost after crying, and they are not very good."

A distressed and playful voice rang into Ji Ruyue's ears.

The voice was so familiar, it made Ji Ruyue dumbfounded.

"Little dust? No, who is it?"

Ji Ruyue suddenly turned her head and stared at a cloaked man behind Ji Hongchen, with a shocked expression and tremblingly asked.

"Xiao Nizi, can't even hear my voice?" Qin Chen walked out behind Ji Hongchen and looked at Ji Ruyue with a smile, but there was a faint pain in his heart.

Is this the Ruyue he knew? With so much burden on her body, she was out of breath because of the pressure.

"You are..." Ji Ruyue stared at Qin Chen fiercely, with excitement, shock and disbelief in her eyes...All kinds of emotions erupted in her heart, rising crazily, she wanted to restrain, but couldn't. Tears seem to be unstoppable, crazily down

Drop.

"Silly Nizi, don't cry, it won't look good if you cry."

Qin Chen touched Ruyue's face, the emotions in his heart seemed to be gushing out, but he was firmly suppressed, but tears flickered in the corner of his eyes.

"Dust...less dust..."

Ruyue covered her mouth and looked at Qin Chen in disbelief. There was no emotion in her eyes. She was so excited that she couldn't say a word, only the tears kept slipping and she couldn't stop it.

Did she read it wrong and heard it wrong?

Although the appearance of the person in front of him has changed, the breath, the voice, and the feeling are clearly less dusty.

"I'm sorry, Ru Yue, I'm late." Qin Chen touched Ru Yue's hair, her hair was fragrant and gentle as silk, but Qin Chen felt distressed and loved her, how much pressure she had endured and how much she had eaten. Of suffering.

"It's really you!"

Ji Ruyue trembled all over, plunged into Qin Chen's arms and sobbed, "You are not dead, you really are not dead!"

"It's me, I'm not dead, I'm here to save you."

Qin Chen hugged Ruyue hard, at this moment, he had no thoughts in his heart, he just wanted to hug this woman hard.

In the past, Qin Chen always thought that his love for Ruyue was just the love of an elder to a younger generation, perhaps with a little love, but that was also an appreciation, an emotion of being together for a long time.

But now, he found that he was wrong. The moment he saw Ruyue, he knew that this woman had already taken a certain position in his mind.

This is the woman he can't help but love and love.

The two hugged each other. It took a long time for Ji Ruyue to recover, looking at Qin Chen excitedly, and said, "Why are you here."

Then, with a worried look on her face, she said nervously: "Did you get caught by the elders? What are the elders doing to you?"

"No no!"

Qin Chen hugged Ji Ruyue and whispered: "I'm here to save you."

"No, you can't escape. The ancestors are here, you have no chance, and there are many powerful aliens here, you will be in danger if you stay, you go immediately." Ji Ruyue said anxiously.

She didn't want Qin Chen to fall into danger in order to save herself.

"Don't worry, I won't be reckless." Qin Chen briefly explained what happened, and said: "Now there is no time to talk too much. Don't resist, I will take you out."

"No..." Ji Ruyue wanted to say something, but was interrupted by Qin Chen: "Don't say it, if we waste time, we won't be able to leave."

Qin Chen waved his hand, and an invisible spatial force enveloped Ji Ruyue. Ji Ruyue no longer resisted, and was instantly included in the jade disc.

Then, Qin Chen took out the dead body of the alien demon who had fallen before, and after treatment, put on the clothes of Ruyue, and let him lie in this confinement room.

"go!"

Then Qin Chen and the three quickly left the confinement area.

"Master Hongchen, are you done?" the guard at the door asked when he saw it.

"Huh, what do you think? Ji Ruyue is really stubborn. Keep guarding, and I will come again tomorrow." Ji Hongchen snorted coldly.

The guard didn't dare to speak immediately, and when Ji Hongchen left, he couldn't help but snorted, "What is the air."

"You must leave here now."

If it was almost light today, Qin Chen naturally did not dare to neglect, and quickly swept away from the castle.

But not long after Qin Chen and the others left the confinement area, a man in a cloak slowly walked over, it was the mortal monarch.

"Sir!"

Seeing the rotten monarch, the guards outside the confinement area hurriedly saluted.

The mortal monarch nodded, suddenly frowned, and said: "Who has been here before?"

The guard on the field was taken aback, and immediately said: "It's Master Ji Hongchen, come to see Ji Ruyue by the order of the elder."

"Ji Hongchen? Except for her?" The mortal monarch frowned. Here, he smelled a strange breath that he had never felt before.

"There are two guards from Ancestral Land." The guards on the field didn't know what happened, and said with some doubts.

"Ancestral Guardian? Did they also go in?" Eternal Demon Lord frowned.

"Yes." The guard nodded, and asked a little anxiously: "Sir, what happened?"

A stern look suddenly appeared on the face of the mortal monarch, and said: "Don't talk nonsense, open the confinement area and let me in."

"Yes!" The guards did not dare to neglect, and hurriedly opened the confinement area.

The mortal monarch rushed in immediately, and quickly saw the figure in the confinement room, where Ji Ruyue seemed to be asleep.

"No, it's not Ji Ruyue." The guard guarding this place didn't see anything, but a divine light burst into the eyes of the mortal monarch, exuding a terrifying murderous aura.

At this moment, Qin Chen had already arrived at the ancient castle wall.

Outside the castle tower, which is nearly one hundred meters long, there are a large number of guards patrolling, most of them are Wudi in the early nine days, and there are also a few mid-term Wudi leading the team. His guards are tight, beyond any place Qin Chen has ever seen.
