

Valkyrie 1751

[Chapter 1751: Can't leave](#)

Many of these guards were silent and did not say a word, but some people were talking and seemed very relaxed.

"Whenever someone from the Ji family comes in to be baptized, we have to come and patrol together." One of the patrolling guards was walking, talking and laughing.

"Actually, when we are here, we found that someone was going to escape, so we just grabbed it. It was not us people, but the thing." One of the guards pointed to his finger.

"You mean no space ban?"

"Of course, this air-free ban guards the entire castle. If someone dares to leave the castle, the air-free ban will easily find out. Then we can take action." Some patrol guards are very relaxed.

It is impossible to escape secretly!

Forcibly escape, it depends on the strength. Those who have that strength, these guards are going to die.

suddenly--

The sky outside the ancient castle lit up with a misty light, and the bright glow of the sun trembled twice, and all the patrolling guards immediately awakened.

"Someone wants to escape!"

Dozens of guards wearing armors and cloaks in the vicinity rushed directly towards the place where the fluctuations occurred. They clearly discovered that three figures appeared in the void—

Ji Jia Ji Hongchen, and two ancient castle guards wearing cloaks.

"Damn it, how come the restrictions on this Ji family's ancestral land have become so much stronger, there are restrictions in the restrictions, how many restrictions these alien demons have placed here."

One of them was Qin Chen. He looked up at the bright colorful restraints around him, his mouth was bitter.

Can't escape!

Qin Chen originally wanted to silently break the restrictions outside the ancient castle and leave here quietly, but when he secretly broke the restrictions, he realized that the restrictions here were too complicated.

The original Ji family's ancestral ban was not considered to him. He was sure to break it without making a sound in a short period of time, but who knew that after this ban, the alien demon race also arranged layers of bans.

The prohibition overlaps the prohibition, which is too complicated.

If Qin Chen was given enough time, he might be able to break through these restrictions one by one, but it would be too difficult for Qin Chen, who had not broken through even Emperor Wu now, to break through such a short time.

At this moment, a large number of Ji family guards flew in densely, all staring at this, flying in the sky.

"Ji Hongchen?" When these guards saw Ji Hongchen's appearance, they were taken aback, and one of them immediately said loudly: "Why do you touch Wukong Restriction?"

Qin Chen looked at the group of guards in front of him. The auras on these guards weren't very strong. Many were just Martial Emperors in the early nine days, but there were also some mid-term Martial Emperors, but the point was that there were too many.

"A group of Nine Heavens Martial Emperors!" Qin Chen smiled bitterly.

Forcibly escape, no more.

Even if he can break through the siege of these people, he will quickly alarm the strong elders in the castle. He can now defeat the mid-term peak Martial Emperor, but he has no confidence in the late Martial Emperor giants.

"I, Ji Family, Ji Hongchen, ordered by the great elder, I have important things to leave immediately. I didn't want to disturb you. Now you still get out and let me leave the ancestral land first." Ji Hongchen said loudly.

The head of those guards said indifferently: "Master Ji Hongchen, you are also a strong Ji family. Naturally, you know the rules of the ancestral land. Unless we are ordered, we will not let any outsiders leave."

"I have important things." Ji Hongchen said angrily, and took out the token: "This is the token of the Great Elder!" "Sorry, Lord Ji Hongchen, this is not a token to leave the ancestral land, please Master Ji Hongchen, Wait for a while, we have sent someone to inform the elder, if the elder really ordered, wait for the message from the elder, I will let you leave.

open. "One of the guards said.

"Informed the great elder?" Qin Chen was anxious. If the great elder got the news, he would definitely be puzzled because he did not order Ji Hongchen to leave. Once he checked the confinement area, he could find the anomaly immediately.

"It must not be delayed, it must be resolved quickly."

He sent a message to Ji Hongchen, and Ji Hongchen immediately said angrily: "I am the Emperor Wu of the Ji family, can't I leave? I immediately open the restriction, otherwise, I will stop blaming the emperor for being polite."

"Ji Hongchen, if you want to leave forcibly, you can't blame us, ancestral rules, you won't be ignorant."

The leading guard said coldly without giving up.

Although they are also Ji family guards, it is not Ji Hongchen who listens, but the ancestor of the Ji family. In other words, sometimes the words of the great elder are not omnipotent here.

Of course, when they saw that it was Ji Hongchen, they didn't want to make a move.

Because Ji Hongchen is a direct line of the Ji family.

Once the war starts, they may be able to take down Ji Hongchen, but if the opponent is evil, Ji Hongchen will have a way to rectify them in the future.

Qin Chen was irritable: "Soft or hard is not good, if you forcefully break through, it is estimated that a large number of strong people will appear in the entire castle!"

It's not that he doesn't want to forcefully break through, but with his current cultivation base, it will take a lot of time to break the restriction forcibly. In such a long time, the elders who are old enough have arrived.

Just when Qin Chen was anxious and was about to think of other ways--

"Stop them!"

A cold stern shout suddenly came from a distance: "They took Ji Ruyue away and stopped them."

Boom!

At the same time, a cold breath came from a distance like a meteor, quickly approaching here.

The aura was cold, like a **** demon, exuding an aura of violence and terror.

"No, it's the strong alien demon who was discovered!"

Qin Chen was shocked. If the other party could not find out about Ruyue's situation, he could still negotiate with Ji Hongchen's identity, but he didn't expect that the other party would discover Ruyue's situation for the first time, which would be troublesome.

Can't leave!

Qin Chen understood his situation in an instant. It was impossible to kill him. The opponent came too fast. Before he was killed, he was bound to be surrounded. Once he was caught, everything would be exposed.

"go!"

With a thought, Qin Chen and the three of them rushed down the old castle while everyone hadn't reacted.

"Stop them!"

Whoosh whoosh!

The guards were taken aback for a moment, and immediately surrounded the three of Qin Chen. Boom, and at this moment, the body of the mortal monarch is like electricity, and it bursts out, and black

demon energy suddenly rises from it, with a buzzing sound, this piece of void seems to be imprisoned, terrible The power of Qin Chen quickly wrapped

Come.

At the same time, those guards quickly approached Qin Chen.

"Damn it!" Qin Chen felt a chill, and immediately let another guard rush towards the Divine Demon Lord, and a dark long sword suddenly appeared in his hand, towards the first few who surrounded him. Emperor Wu Tian slashed out with a sword.

[Chapter 1752: Hide again](#)

call out! The brilliant sword light fills everything, and the brilliant sword light runs through the world with unmatched terrifying power. The nine-day martial emperors only feel like they are in an endless sword light. The sword energy has not yet arrived, and the body is already there. As if to

Like cracking.

In order to rush out for the first time, Qin Chen instantly displayed his strongest sword move, the sword energy containing the ultimate killing intent, and everything, even the void was cut through.

"What kind of swordsmanship is this?"

Several Nine Heavens Wu Emperors had only time to come up with such a thought, and then Qi Qi was chopped up, puff, blood blooming in the void, withering like flowers.

With one sword, five nine-day martial emperors fell instantly, and their amazing sword aura slashed out, forcing countless martial artists to retreat. Even the guard captains of the mid-term martial emperor level did not dare to be light-hearted and retreated in terror.

"Don't be fierce, die for me!"

There was a roar in the distance, it was the mortal monarch, the black devilish tentacles turned into the sky and black energy, and the cover was pressed down for a moment, and the guard who rushed towards him was not in sight.

The guard's cultivation base was nothing more than Emperor Wu in the early nine days, and it was a giant at the level of Emperor Wu in the later stage. How could the ancient demon lord of the alien demon race care about a small early Emperor Wu.

Don't talk about antagonizing it, you can't even stop it for a moment.

But the purpose of Qin Chen sending this person out was not to stop the rotten monarch.

"burst!"

At the moment when the black devilish tentacles were about to fall, the guard burst into tears, and the true essence inside his body surged and exploded in an instant.

boom!

A deafening roar resounded through the world, and astonishing True Yuan fluctuations swept across the sky like a splendid firework bursting out of the dark castle sky, and the bright light filled everything in an instant.

"It's now!" At the moment when the violent True Yuan fluctuations swept through, Qin Chen suddenly included Ji Hongchen in the Universe Fortune Jade Plate, and then his figure shook, and the space secrets were used, and the space rules were used to the extreme, buzzing. , Disappeared directly on the castle

air.

Whoosh whoosh!

At the moment Qin Chen disappeared, countless Martial Emperors who had been driven away by the violent roar and sword aura surrounded them one after another.

"What about people?"

They looked forward suspiciously, and in the blink of an eye, Ji Hongchen and the other guard had disappeared?

When they were shocked, the void burst, and the mortal monarch finally came here.

"What about people?"

It looked at the empty emptiness, and there was a look of anger in its eyes. Only for a moment, the other party disappeared from under its eyelids?

"Sir, we don't know!" The guards on the field said tremblingly, and they were also completely stunned.

"Trash!" The mortal monarch roared, and a terrifying murderous aura suddenly erupted from his body. In an instant, he shook several nine-day martial emperors around him, spurting blood from his mouth, his eyes were cold and invisible. The spirit power spread out quickly, in the void

Search frantically.

However, nothing was achieved.

The opponent disappeared abruptly from under his eyelids.

how is this possible?

The rage demon lord showed a look of fright and anger. Qin Chen made a move just now. It also saw that the strength was indeed terrifying, but it seemed that it was not at the level of the Martial Emperor in the later stage.

As for Ji Hongchen, he knew better, he was a strong man in the Ji family. Although his talent was amazing, he only had the cultivation level of Emperor Wudi at the early stage.

These two people, no matter which one can escape from its palm, even if the guard with the sword can escape, with Ji Hongchen's cultivation base, how can he escape here in such a short time?

Doesn't it understand at all?

Boom!

And when the evil demon king was frightened, many powerful people in the ancient castle were also awakened by the movement here, and a breath swept over, swish, swish, a famous strong, followed Appeared above the castle.

Among them is the Great Elder.

"Rotten Demon Lord, what happened here just now?" As soon as the Great Elder appeared, he frowned and said.

The people of the alien demons fought and fought in the ancestral land of his Ji family. Is it too much?

"What happened? Great Elder, look at what you did!" The Divine Demon Lord coldly glanced at the Great Elder, his tone full of sarcasm and coldness.

"The Demon Lord, you tell me clearly, what do you mean." The Great Elder was furious, and the Lord Demon was too arrogant.

"Speak clearly?" The Divine Demon snorted, "Did you let Ji Hongchen go to Ji Ruyue?"

Could something happen to Ruyue? The elder was shocked and said, "Yes, what's the matter? I asked her to persuade Ru Yue, what, is this also illegal?"

"Then you may not know, Ji Ruyue has been taken away by Ji Hongchen, right? It was Ji Hongchen who worked here before, but he killed a lot of people." The evil demon sneered.

"What? Impossible!" The great elder said in shock, his expression unbelievable, but deep inside, he was a little nervous inexplicably, it is impossible for the mortal monarch to make fun of this kind of thing.

"Impossible? Ha ha, you still think about how to explain to your Ji family ancestors when you look back!" The mortal monarch coldly snorted, and then said coldly to the many ancient castle experts who quickly arrived: "Then Ji Hongchen and others , Haven't left here yet, definitely still here

In the old castle, search for me, even if you dig three feet of ancestral land, you must find them. "

"Yes!"

Whoosh whoosh!

Accompanied by the order of the mortal monarch, the entire ancient castle powerhouse moved, like a prehistoric behemoth began to recover, searching crazily inch by inch in the castle.

"Hmph, I want to see where you can go." The Evil Demon sneered.

The entire ancestral land has multiple restrictions and blockades. Even the late Emperor Wu who has mastered certain spatial rules cannot break out, let alone Ji Hongchen. It is certain that these people are nearby.

And when many powerful people were frantically searching, a figure suddenly appeared in the room area where the baptized person was.

It is Qin Chen!

"Damn it, I can't escape, I can only hide it first."

Qin Chen quickly returned to his room, changed his appearance and breath, put on his own clothes, sat cross-legged on the bed, and then quickly repaired the previously broken restrictions.

And just as soon as he repaired the restriction, a force of spying swept over through the restriction.

"so close!"

Qin Chen was shocked, only a little bit, the problem of his room restriction would be discovered by the other party, but now, from the feeling of the other party's prying eyes, Qin Chen realized that the other party should not have found any abnormality.

"Everyone is coming out." At this moment, outside the residential area, an angry sound rang, followed by a series of footsteps, and a group of aggressive Wudi guards had already surrounded the residential area.

[Chapter 1753: Baptism in advance](#)

"What's the matter, it's too noisy outside, so let people not rest?"

Qin Chen pretended to have just been awakened, muttered, and under the surveillance of the spy, opened the door with an unhappy expression and walked out.

Squeak!

In the room by the side, Ji Ruri, Xu Dongsheng and others also walked out, with a look of dissatisfaction.

"What happened?"

"It's not time for the baptism yet?"

"Why is it so noisy?"

Everyone murmured and walked out, but when they saw that the residential area had been surrounded by a large number of guards, everyone was shocked, knowing that something major must have happened.

Especially these guards, with murderous and angry faces, if it weren't for a major event, it wouldn't be this look at all.

"Something happened in the ancestral land. Now, we are going to search your residential area. Everyone is standing in the yard, constantly moving around, otherwise it will be killed."

The leading guard sighed coldly. The cultivation level of Emperor Wu of the mid-term peak was undoubtedly revealed. Everyone's heart sank, but they didn't dare to be rash, and stood in the middle of the courtyard.

Then, they watched a large number of guards rush into everyone's room in the residential area and started searching.

"Captain, no."

"Neither here!"

"I didn't find it here either."

The residential area is very clean, there are no people living in it, and there are not many places to hide people, so everyone quickly searched it back and said that nothing was found.

"This..." The leading guard frowned, and then he received news that the people who had been monitoring the residential area had not found anything abnormal during the previous surveillance.

However, the leader is convinced that the only place where there are outsiders is the place most likely to be fished in troubled waters.

"This senior, what happened? Could you tell me to wait?" Ji Ruguang walked out and asked.

When this statement fell, everyone looked over, and they were all very curious about such a battle. They determined that a major event had happened in the ancestral land and wanted to know the truth.

"It's nothing, it's just that some accidents happened in the previous ancestral land, where the guards made a taboo, and the result was hidden. We are now searching for this person." The leading guard said lightly.

"Just because of this?"

Everyone looked at each other with an expression of cheating.

"Then can our next baptism continue?" Ji Ruri asked.

"Yes!"

This is what everyone is most concerned about, and they can't help but speak up.

The head of the guard frowned and said: "I don't know about this, but don't worry, this matter has been notified to the ancestor. In this way, you wait here first, and the ancestor should be ordered down soon."

"Then trouble seniors." Everyone said.

"A little thing, after all, everyone is doing things for the Ji family." The head of the guard smiled slightly, and then said, "But for the time being, I'm wronged everyone to stay here."

Qin Chen's heart sank: "Have you asked the ancestors to go? Some trouble!"

Qin Chen glanced around. There were many guards surrounding the residential area, and there were shouting and breaking sounds from time to time outside.

"This Ji family ancestral land, how come so many masters, this is the martial emperor powerhouse who has been in this area of Jizhou for three hundred years, has it been drawn here?" Qin Chen was helpless.

You must know that even in some of the top forces in the martial arts domain, you can usually see the martial emperor strong, and the nine-day martial emperor is very rare. As for the mid-term martial emperor, all belong to the high-level, and they are usually hidden in secret realms.

But in this Ji family ancestral land, there were a bunch of martial emperors in the early stage, and there were also many martial emperors in the middle stage.

How terrible is the Ji family's hidden forces over the years?

I'm afraid it's not just the forces of the Ji family that are hidden here. There are many people in the Ji family, who should have been drawn from all over the mainland through the Hall of Law Enforcement, and then controlled by the alien demons.

The only thing Qin Chen hopes now is that after this happens, Ji's family will stop the so-called baptism and let everyone go.

Although this is a little impractical, it is the easiest way for him to leave.

moment--

"Huh?" Qin Chen's expression changed.

I saw in the distance, a group of people headed by the Great Elder and the Divine Demon Lord flew in parallel.

"The mortal monarch did not search for Ji Hongchen, why did he come here? And also brought the great elder!" Qin Chen was puzzled, but Ji Ruri and others had smiles on their faces, seeing the great elder like watching To the backbone.

"Elder, what happened just now?" Ji Ruri and others asked loudly.

As soon as the great elder fell, the great elder smiled and said: "Something happened just now, but it is also good news."

Qin Chen was taken aback, good news? "There was a little accident earlier, which caused the entire ancestral land to be closed. In order to prevent everyone from encountering danger, the ancestors decided to let everyone go to the baptism now. The baptism process is very fast. After everyone has received the baptism, the ancestors Poop

Let me send everyone away. "The Great Elder smiled.

Qin Chen couldn't help but freeze.

"Everyone is here to receive the baptism. Now that the ancestors care about everyone, the time for the baptism in advance is good news." The elder smiled, and the evil demon king and others also looked at Qin Chen and others with a smile.

But Qin Chen was terrified by their eyes.

He is now anxious to leave the ancestral land immediately, where he still thinks about what baptism is going to receive, not to mention what the purpose of the baptism is, Qin Chen couldn't be clearer, he wanted to say a rebuttal, but he could not speak.

Why would they be taken to be baptized suddenly during the search, and the Great Elder and the Divine Demon Lord would come together, Qin Chen was a little suspicious, the other party might have suspected the group of them.

Once there is any change in oneself, it will inevitably attract the attention of the evil demon king and others.

"Haha, great."

"Ancestor is wise."

Ji Ruri and the others were all excited, Xu Dongsheng and others also showed excitement, Qin Chen naturally laughed and said in agreement. "Then let's go." The elder suddenly smiled, and then, under the leadership of the elder, a group of them walked towards the core of the castle. The passages crisscrossed here, and guards on patrol were everywhere. More strict

. "The ancestors also cared about everyone, so they let everyone receive the baptism in advance. Therefore, after the meeting, everyone's baptism place will be separated. Ji Ruri and Ruguang, you guys who have practiced the secrets of the Ji family are together, and the rest People together though place Different, but the effect of baptism is the same. Xu Dongsheng, you, as the warriors of my Ji family, can accept the baptism, but you have to thank the ancestors for the grace. "The great elder smiled and said to everyone. Xu Dongsheng and others even flattered a few words, but Qin Chen's heart was secretly cursing, that ancestor was not at all comfortable with himself, this group of idiots, they are still thanking others after being sold. , How can it be so stupid.

[Chapter 1754: Chill in my heart](#)

Qin Chen cursed secretly in his heart, the ancestor was not at all comfortable with them, and it is estimated that the next step is to give it to the alien demon.

Walking this way, Qin Chen also paid attention to the surroundings.

But the closer to the core, the stricter the patrol. Moreover, there is a great elder leading the way in front of him, and the mortal monarch is also guarding.

escape?

difficult!

"Wow!"

The door engraved with weird patterns was opened, revealing a corridor covered with scarlet spar. There were also a large number of reliefs on both sides of the corridor. Qin Chen and others walked along this corridor to the end.

Qin Chen didn't want to appreciate the relief.

At the end of the corridor is the main hall. The great elder walked to the front of the main hall and quickly opened a mysterious and wide passage. The passage made of blood-red ore exuded a palpitating breath.

"It's so cold!" Qin Chen frowned, as if a stray wind was blowing, and his body trembled involuntarily.

Xu Dongsheng and the others were also a little surprised and doubtful. The elder smiled and said: "The place where my Ji family is baptized is naturally more mysterious. You can follow along." Then, he should go in first.

The rotten monarch stood at the end of the team, and Qin Chen and others had no chance to retreat, so they could only naturally follow.

At the end of the underground passage, a dark stone gate appeared. At the stone gate, the elder stopped. "Rich like the sun, like the light, come here." The elder said, Ji Ruri and the others came over. The elder pressed his right hand on the stone gate, and a click sounded like a mechanism was touched. The entire stone gate suddenly opened, revealing

Up a channel.

A refreshing breath permeated from it.

"Is this Ji's spiritual baptism?"

Everyone felt the breath from the stone gate, and each had some expectations and some surprises. The breath that escaped made the true essence in their bodies eager to move, and the cells seemed to undergo transformation.

If you go directly to the spiritual pond for baptism, how much gain will you get? If you are lucky, it is even possible to break directly?

"Is there really Ji family spirit fluid here?" Qin Chen felt the breath, slightly surprised.

Earlier, he eavesdropped on the conversation between the great elder and Ji Hongchen. He thought that Ji's spiritual liquid was gone, but he didn't expect there to be some.

However, the aura of these spiritual liquids is very thin, much weaker than in the previous life, it should be the only spiritual liquid left in the Ji family. The aura of the Ji family's spirit fluid in the previous life is much richer than this, at least ten times more than that. It's no wonder that the Ji family resents Wuxue so much. If the Ji family who loses the spirit fluid is equal to losing the qualification to train excellent disciples, Want to be in law enforcement

As the palace fought against the Mo family, the pressure naturally increased.

In fact, Qin Chen had received some Ji family spirits in his previous life. When he came to Ji's house that year, with his status as an emperor-level pharmacist and bloodline master, he was naturally hospitalized by the Ji family. Then, at Ji Wuxue's request, he also received some spiritual fluids, in order to see how he could Do you find a cure

Methods.

But in the end it still failed, so he was very familiar with the breath of Ji Jia Lingye.

"As the sun, as the light, you guys go in and baptize in this stone room. When the baptism is over, I will come and take you." The elder said lightly.

"It's the ancestor." Ji Ruri and Ji Ruguang's daughters of the Ji family suddenly walked in, and then the Shimen slammed shut, isolating everyone's perception.

"The rest, come with me, you are in another stone room." The elder smiled and said, and then continued to lead the way.

Everyone didn't take it seriously. Although they were surprised that Ji Ruri and others were not in the same place for baptism, they could understand the practice of the Ji family. After all, Ji Ruri and others were direct descendants, and the training they received was definitely the best. .

The Great Elder continued to lead the way, and the Divine Demon Lord still followed closely behind.

"What to do? What to do?" Qin Chen was anxious, but couldn't find a way.

Soon, everyone came to a black stone gate again.

At this time, the mortal monarch came up, his right hand was on the stone gate, buzzing, a black halo flashed, the whole stone gate opened with a click, and a cold breath filled it in an instant. .

Why is it different?

Everyone was a little surprised. When this breath filled everyone, goose bumps appeared on everyone, as if they were being stared at by some wild beast.

"Everyone, this is the place where you receive the baptism. Everyone, let's go in. We will wait outside the door for you to finish the baptism." Divine Demon Lord smiled and said, but this smile looked extremely cold in Qin Chen's eyes.

"It's the breath of the alien demon, yes, there are definitely strong aliens in it, waiting to seize us." Qin Chen's heart was cold.

"Elder, why is there no spiritual fluid aura in this stone room? It's still cold and makes people feel very uncomfortable." Qin Chen couldn't hold back anymore. He knew that if he didn't speak, he would be really in danger.

Xu Dongsheng and the others also showed doubts. The strong are intuitive, and they can feel that this stone room is very different from the stone room that Ji Ruri and the others entered before. This stone room gives them a very uncomfortable feeling. "Hehe, Little Brother Iron Cow, don't be irritable. Just go in and you'll know. The coldness is because the baptism of the spiritual liquid is very violent, and you have absorbed the blood crystals. In order to make your baptism more thorough, this The interior of the stone chamber is actually

It is made of Xuanming Stone, which will naturally be a little cold, but the actual effect is the same. "The elder said with a smile. "Of course, I might as well tell you that the spiritual liquid you receive baptism will be thinner than Ji Ruri and others. After all, Ji Ruri and the others are direct children, so they can't perceive it when standing at the door. To the breath of spiritual liquid, but after you enter

Then I know, I hope you can understand. "

Then, the elder explained again.

When he said this, Xu Dongsheng and others nodded their heads, accepting this explanation in their hearts.

In fact, they had already prepared in their hearts.

Although the great elder said that they received the same baptism as Ji Ruri and others, no one actually believed that. After all, it was exactly the same. Why should we separate everyone? However, as outsiders or ordinary members of the Ji family, they can also understand the practice of the elders. The treatment enjoyed by the direct line will naturally be better than them, but no matter what, those who have received the baptism of the Ji family have cultivated. Up

The rapid progress is true, and everyone can understand it.

"Thank you for the cultivation of the great elder, if so, then Dongsheng went in." Thinking of this, Xu Dongsheng was the first to walk in, and he was very calm in front of the great elder. As long as the performance is good enough, are you afraid that you will not be trained in the future?

[Chapter 1755: Altar of Reincarnation](#)

That is like this iron cow, an outsider who wants to get the same training, the idea is really naive.

After Xu Dongsheng entered, the others were naturally not to be outdone, and after expressing gratitude to the elder, they walked in one after another.

Only Qin Chen stood at the door, his face a little ugly. "What to do? How to escape?" Qin Chen was very anxious. Many powerful people around him were watching over him, and there were also two late stage martial emperors, the Great Elder and the Divine Demon Lord, and Qin Chen faintly felt that the ancestor of the Ji family Probably also in secret

Observing, even if he burst out his full strength, it is difficult to escape.

"calm down!"

Qin Chen tried hard to find a chance to escape, but after thinking about it, he found that there was no way at all. This seemed to be a dead end.

"What's the matter, Brother Tieniu? Don't you want to see Ruyue? As long as the baptism is over, I will take you to see Ruyue. Why don't you go in?" The elder looked at Qin Chen with a smile, and asked suspiciously.

"This...the great elder, I always feel that the aura in this stone room is very uncomfortable." Qin Chen said, and even more felt that this great elder's treacherous, this great elder knew it was a deception and a trap, but now he is still deceiving himself.

"Uncomfortable? Little brother, aren't you sick? Why don't you let me see if there is anything wrong with your body." The Divine Demon Lord walked up and said gloomily.

"Haha, it's nothing, maybe it's just a psychological effect." Qin Chen smiled awkwardly, but he was anxious and anxious in his heart. Naturally, he couldn't let this rotten monarch explore at will, who knows if it will detect anything.

"It seems that it won't work if you don't go in, you can only act on the occasion." Qin Chen gritted his teeth in secret, but said with a smile on his face, "If this is the case, then I will go in first."

After speaking, he stepped into the stone room.

Boom!

After Qin Chen walked in, the door of the stone chamber suddenly fell and closed completely. "Hmph, this kid's intuition is really sharp, he deserves to be someone who walked out of the Falling Blood Mountains." The kind smile on the face of the evil demon instantly disappeared, becoming a bit cold and sullen, and then looked at the elder. "Elder, you brought such a genius here this time, the ancestor is very satisfied, but no matter how satisfied you are, the fact that you let Ji Ruyue escape, the ancestor said, after they are enslaved, We must thoroughly investigate the entire ancestral land, and will not let go of an inch, if we find

After that Ji Hongchen and Ji Ruyue, please don't get angry anymore in the future. "

The Grand Elder's expression turned a little ugly, and said: "Don't worry, I know the overall situation is important."

"That's good." The Divine Demon Lord sneered, not giving the Great Elder face at all.

The elder was secretly angry, but said nothing.

When Qin Chen and the others walked into the stone room, they saw that the whole stone room was like an altar. In the stone room, there was a black and cold atmosphere, like walking in hell, and there was a hint of coolness.

"Is this the place to be baptized? Where is the baptismal liquid?" Xu Dongsheng and the others looked around and were a little confused.

Only Qin Chen's gaze fell on the pitch-black altar in the center.

"Om!"

The altar exudes black magic energy, and a cold force quickly swept across the crowd, and everyone suddenly felt dizzy in their minds, as if their bodies were about to be stripped.

"Jie Jie Jie!"

At the same time, countless ferocious voices rang out in the void, and magical sounds penetrated through the stone chamber and passed into everyone's mind, making people feel painful and unhappy.

"What the **** is this place?"

Everyone screamed in pain. If they hadn't realized that this place was not a place of baptism at this time, it would be too idiotic. It is impossible for an idiot to cultivate to the realm of Emperor Wu. Standing in the crowd, Qin Chen looked at the altar in front of him in horror. He thought this place would be the same as in the ancient Yu world. There were some alien demons in the coffin waiting to seize the house, but he only found out after entering. Not at all, it's just this

What an altar.

And the cold breath erupting from this altar was even more terrifying than any alien demon he had ever seen.

"what is this?"

Qin Chen was shocked, these magic sounds filled his brain, even he felt dizzy, as if his mind was about to explode.

He could feel that a terrifying breath of alien demons was slowly recovering in this altar, about to rush out.

"Old source!"

Qin Chen immediately communicated with the old source in the jade disc of good fortune in the universe and awakened it.

The **** cats are not there, and now only Lao Yuan can answer all this.

When Qin Chen communicated with Lao Yuan, Ji Hongchen and Ruyue also saw everything in the outside world, and they showed horror.

This is the so-called baptism? This is clearly a dark purgatory.

"Boy, you call me?"

Lao Yuan had been replenishing his strength in his deep sleep. After being awakened by Qin Chen, his gaze penetrated the universe and the jade disc, and instantly fell on the altar in the center of the stone room, and his eyes suddenly showed shock.

"The reincarnation altar, it turned out to be the reincarnation altar, boy, where are you?" Lao Yuan said in shock.

"What is an altar of rebirth?" "Altar of rebirth is a unique means of rebirth for the aliens, because the souls of aliens are much stronger than your humans, so unlike humans, as long as aliens don't have a soul Annihilation, even if the body is broken, it may not really die

, But will be sealed in this world, and the reincarnation altar can destroy these physical bodies, but the alien demons who still have their souls in this world will take them over and reincarnate. "

"This is a very important ritual for the aliens." Lao Yuan said solemnly: "But if you want to set up an altar of reincarnation, ordinary aliens can't do it at all. Only the demon master can do all this. Because only the power of the devil can attract the spirits of alien demons who are sealed in various battlefields.

soul. "

"Devil Lord, do you mean that there is a Demon Lord here?" Qin Chen was shocked. The demon Lord, that is the top terrifying figure in the alien demon race, and is in charge of the existence of countless powerful aliens in the alien demon race. Back then, in the heavenly demon secret realm, the dead body of the demon master possessed such terrifying power, one The Really Alive Demon Lord

How terrible is it? Qin Chen didn't even dare to imagine that he was definitely a powerhouse beyond the rank of Tianwu Continent.

"I'm only saying that the power of the Demon Lord can create this reincarnation altar, not that there must be a Demon Lord here. For example, the Demon Blood Classic of the most precious ancestor of the alien demon race in Guyu Realm can also make the reincarnation altar. What's more, there are rules for the operation of heaven and earth. Ordinary Demon Lords may not be too oppressed by this Tianwu Continent, but people like Demon Lord level will inevitably be suppressed by the rules of this world. Even here, they will be like me. Generally, one can only recuperate, and cannot really make a move, otherwise it will inevitably be suppressed by the rules of this world." Lao Yuan said solemnly.

Chapter 1756: Big tonic

"Then how can we destroy this reincarnation altar?" Qin Chen said solemnly. "This is very difficult. Unless I personally do it, your current cultivation level cannot be destroyed at all, but if I do it, I won't say that it will exhaust all the strength I just recovered, and it will also alarm the establishment of this reincarnation altar. People, by that time,

I'm afraid you will be more dangerous. "

"Then I can only let the other party seize the house?" Qin Chen was nervous. What he is afraid of is naturally not being taken away by the aliens. Qin Chen has parasitic seeds in his body. It is impossible to be taken away by the aliens. But once the baptism is over, everyone will be taken away. Only he is safe and sound. Will definitely be the first time

Exposed.

At that time, what is the difference between him and his being seized? Lao Yuan also knew Qin Chen's situation at this time, but he laughed when he saw it: "Destroy the reincarnation altar? Why do you want to destroy it? For you humans, the souls of alien demons are the most terrifying hazard and can be easily taken away. Give up the soul of the strong man

, But for my old source, this is a great tonic. "

Lao Yuan's voice was full of laughter, which came into Qin Chen's mind.

"Tonics?" Qin Chen stunned. "Perhaps you don't know that alien demon people can swallow my source beast's essence and blood to improve cultivation, and my source beast can also absorb the soul of alien demon people to restore strength." Lao Yuan was very happy: "If there is something here. Countless physical and soul intact differences

Demons, maybe my old source is still a little worried, but it's just the soul drawn from the altar of reincarnation. To my old source, it is a great tonic. You don't have to worry about anything, just watch it.
."

"Really?" Qin Chen was still a little dazed.

But he can only be a dead horse as a living horse doctor, and up to now, he has no other way, it is better to make a big fuss, the big deal, let Lao Yuan take action and expose it.

Thinking of this, Qin Chen suddenly felt cruel: "Lao Yuan, just do it."

"Haha, well, here comes it!"

Oh oh oh!

As soon as Lao Yuan's words fell, the altar of reincarnation suddenly became overwhelmingly cloudy, and saw a series of terrifying black magical airs drawn out from the void, and flew out from the altar.

"Jie Jie Jie is a human body."

"Hahaha, a human body that has been purified by blood crystals."

The ferocious laughter sounded, these black magical energy turned into the hideous faces of the alien demons who made their debut, and after seeing the many human martial emperors on the field, they showed ecstasy.

"What the **** are these?"

Xu Dongsheng and the others were all terrified and wanted to retreat in amazement, but under the cold breath, they couldn't even move. They could only watch these ferocious black shadows rushing towards them.

"Ah, **** Ji family!"

"Elder, I am also a Ji family disciple, no!"

"Damn, the Ji family is too despicable, beast!"

There was a screaming howl in the stone room, everyone was desperate, and they also understood what they were about to face, that is, being seized by these black shadows.

At the same time, the strongest force among these hideous shadows also focused on Qin Chen for the first time.

"Jie Jie Jie, although this body has the lowest cultivation base, it has the strongest talent. It belongs to this demon lord."

After this terrifying alien demon soul sensed Qin Chen's flesh and blood, he was extremely excited, and rushed towards Qin Chen for the first time. Along the way, several alien demon souls who had been eyeing Qin Chen retreated and gave way to a passage. Lost steering.

The different demons pay attention to the ranks of superiority and inferiority the most. The strong ones fancy things, the weak ones naturally dare not compete.

boom!

This force is very terrifying. It is clearly a powerful demon king, and at least a middle demon king like Yong Ye and Chi Yan. It enters Qin Chen's body in an instant, and the cold power spreads. Time wrapped Qin Chen's mind.

"Jie Jie Jie, it's really unexpected. This person's soul power is so strong. After swallowing, the cultivation base of this seat will definitely recover a lot, and God will help me."

The alien demon king was ecstatic, but hadn't waited for it to seize the house.

Om, Qin Chen's mind was above the sea, and a golden parasitic seed suddenly appeared, the golden light was flourishing, and the demon lord's soul power was shrouded in it in an instant. "Parasitic seeds, how can there be golden parasitic seeds in this person?" This alien demon clan demon was shocked, frightened and frightened. He was so frightened that he rushed out of Qin Chen's mind in a hurry, and at this moment, A terrifying force suddenly took over

Kun's good fortune jade dish diffused out and entered Qin Chen's body.

Lao Yuan made the shot!

boom!

The qi of the source beast blasted on that terrifying alien demon soul in an instant.

"The power of the source beast, where did the power of the source beast come from?" The alien demon soul was almost frightened, screamed, and suddenly burst, the cold soul power was instantly released by Lao Yuan The power is swallowed and pulled into the jade disc of good fortune, but there is also a part of the power of the soul, parasitic

The seed swallowed, and then turned into pure soul power, feeding back into Qin Chen's mind.

Qin Chen only felt that his mind was empty, as if he was about to become a flying fairy.

How strong is the soul power of a middle-ranking demon of the alien demon race? Even a small part of it was strong and terrifying, enough to make Qin Chen's soul power a huge nourishment.

"Hahaha, comfortable!"

Lao Yuan was excited in the jade disc of good fortune in the universe. It stood up and buzzed. A ten-fold terrifying force of the source beast swept out in an instant, covering the entire stone room.

"Do not!"

"The power of the source beast?"

"Where did the source beast come from?"

In the stone room, the countless souls of the alien demons who were on the battlefield of the Human Race Martial Emperor were all shocked, terrified, and shocked for an instant. In the next moment, the power of these terrifying source beasts instantly enveloped them, ah, countless screams resounded through the stone room. These previously extremely excited and mighty souls of alien demons were drawn into the universe by Lao Yuan. Jade dish

It was swallowed by Lao Yuan in an instant and became a tonic in its body.

At the same time, some pure soul power fed back and entered Qin Chen's body, strengthening Qin Chen's soul power.

After all, Qin Chen brought it to this place, and it can't eat alone, right?

"Haha, boy, these are the benefits given to you by Lao Yuan, and this little Nizi, is this your woman? Lao Yuan asked her to make up for it."

Even Ji Ruyue has received a lot of nourishment from soul powers. These soul powers have been refined by the old source, so that Ji Ruyue's soul aura has increased a lot in an instant, and it has multiplied.

Even Ji Hongchen received a lot of benefits because of his presence, and his soul power was at least increased several times.

And the reincarnation altar obviously didn't know what was happening outside, and the light was shining. It could only feel whether there were any bodies on the court being robbed. After discovering that there were still many human bodies, it continued to introduce the soul of an alien demon.

As a result, the soul of a powerful alien from the Demon Race was continuously drawn out, and when it came out, it was directly swallowed by Lao Yuan, strengthening the power of it and Qin Chen and others. In just one stick of incense, Lao Yuan had swallowed the souls of at least dozens of powerful alien demons, and these souls were still being attracted continuously.

[Chapter 1757: Really cool](#)

Huhuhu! The altar of rebirth, like endless, constantly attracts a large number of alien demon souls. The souls of these alien demons are strong or weak, and the strongest is even equivalent to the skeleton rudder master and the red flame demon. Jun this level of median

Demon Lord.

If they lose their body and successfully resurrect, once the cultivation base is restored, it will be a huge disaster for the entire Tianwu Continent.

But now, this group of powerful alien demons was being swallowed madly, without any resistance at all, they were swallowed by Lao Yuan.

It can be seen from the naked eye that the aura on Lao Yuan's body has become more and more powerful. This feast of fullness is more refreshing than it has been hard for decades, and the excited eyes are narrowed.

"Haha, kid Qin Chen, Xiaohei said that there will always be benefits to following you, Lao Yuan, I didn't believe it before, but now I am convinced."

Lao Yuan grinned, as if he had made a fortune, not to mention how proud he was.

As the reincarnation altar continued to attract soul power, the aura on the reincarnation altar quickly faded, and it was obvious that the power in it was constantly being consumed.

In the end, with a buzzing sound, after a full stick of incense, the energy in the reincarnation altar was finally exhausted, the black light converged, and quickly dimmed.

"call!"

"Cool, it's really cool!"

Lao Yuan let out a big laugh, and his body became more and more dense. It can be seen that in its body, the faint red light flashes, emitting a heart-palpitating breath.

And Qin Chen also came to a clear sense, and only felt that the soul power was unusually strong and thick, and the surging soul sea was surging and profound. At the same time, his mind was extremely clear, and his perception of heaven and earth had directly increased by more than 30%.

This is the benefit of strong soul power. Soul power is equivalent to comprehension. Anyone with strong soul power will have a deeper understanding of the world and the faster the rules of comprehension.

"Unfortunately, no matter how the soul power grows, it will be limited by the body and cultivation."

As long as Qin Chen does not break through the Nine Heavens Martial Emperor in one day, or his body reaches the state of no leakage, then the current soul power will only change in quantity, not quality.

Of course, Ji Ruyue and Ji Hongchen had even greater gains this time.

The soul power of the two of them can only be regarded as stronger than the strong of the same level, but after this improvement, the soul power has reached the limit of its own level, and the speed of cultivation and perception has increased by many times compared with the original.

"Om!" I saw the true essence circulating in Ji Ruyue's body, exuding an astonishing aura, and, with the power of rules appearing all over her, there was a posture to directly break through the nine-day martial emperor.

The same is true for Ji Hongchen, as his breath flows, he is faintly entering the realm of the mid-term Wudi.

After the reincarnation altar stopped, the cold and cold atmosphere in the stone chamber also disappeared. The body was originally unable to move, and the people who had lost their minds came to wake up.

After realizing that they had not been seized, the faces of everyone showed ecstasy.

"Someone was helping us just now, who was it?"

Everyone turned their heads. At that time, they clearly felt that they were about to be taken away. At that critical moment, a very mighty force appeared, driving the alien demons away and saving them.

"who is it?"

"Who is helping us?"

The hearts of Xu Dongsheng and others were agitated, but immediately afterwards, an expression of anger appeared on their faces.

"Ji family, the **** Ji family, even set up such a trap to deceive us. The so-called baptism is basically to let a foreigner take us away, so vicious."

Xu Dongsheng and others turned their heads, staring at Emperor Wu of the Ji family on the court, showing an angry look.

boom!

The terrible breath reverberated in the stone chamber, forming two distinct sides, which exploded at the touch of a touch.

"Everyone, we are victims just like you."

The Emperor Wu of the Ji family was frightened and hurriedly said, his body was also shaking, and his whole body was chilling.

This is a kind of cold that rises from the bottom of my heart. Both of them are the children of the Ji family, but they also let them come here and be taken away by people of other races. Is there any humanity in such a family? Looking back now, with the exception of Ji Ruri and Ji Ruguang and other Ji family descendants, these people had already discussed and were abandoned. As for the previous blood crystal, the other party prepared it early to make it more convenient for the monster. Tribe

Tool of.

ridiculous!

sad!

Many Ji Family Wu Emperors are sad and angry. Although they are not the Ji family's direct line, but they can grow into the Nine Heavens Wu Emperor, which one does not enjoy the family's vast resources and is full of a sense of belonging to the family?

But now, everyone is chilling. The so-called training in the past is basically raising pigs. Once they break through the Emperor Wu, they will be sent to the foreigners to seize the house.

The gratitude that was once disappeared in an instant, and some were just anger, endless hatred.

"Family?! Heh!"

One of the Wudi Ji family laughed at himself, tears falling from the corner of his eyes, and he was so grateful for the Ji family for so many years, and even willing to give everything to the Ji family. But how did the Ji family treat them?

"Everyone, what should we do now?" Someone trembled and immediately attracted everyone's attention.

Yeah, what do you do next?

After the anger, fear emerged in the hearts of everyone who calmed down.

They are now in the stone room, and the great elders are outside the door. Soon after they come, they will come to check the results. If they find that they have not been taken away, can they still survive?

As soon as this thought came out, everyone felt cold, trembling, and scalp numb.

The Ji family would never let them pass on the news. As a result, there were only two, either killed or seized again.

"Killing us directly, it should not be. If we all die here, how will the Ji family deal with the diplomatic representative." Someone said: "Can't say that we all fell during the baptism process? If this is the case, it will definitely be cited. Doubts from outsiders."

Everyone nodded, really so.

So doesn't it mean that their only result is to be taken away again?

"Hmph, as long as we destroy this altar, maybe we won't be able to take us away." Qin Chen said at this time.

"what!"

Everyone's eyes lit up, yeah.

"Destroy this altar."

Xu Dongsheng's gaze was cold, and he immediately moved his hands. Boom, the pitch-black war sword appeared in his hand and slashed directly at the altar.

With a bang, the black halo on the altar was completely unharmed.

"What are you doing in a daze, do you want to continue to be seized?" Xu Dongsheng yelled at everyone.

In the next moment, everyone took action, and more than a dozen Wudi strong men joined forces at the same time. The power was amazing, and the reincarnation altar that thundered and trembled. The poor reincarnation altar, even the late Emperor Wu could not be damaged during the strong period, but now it is the moment when its energy is exhausted, and the weakest moment, under the joint efforts of everyone, the entire reincarnation altar suddenly rumbling, and countless prohibitions on it shine. Shaking endlessly.

[Chapter 1758: how do you feel](#)

"Good opportunity." Qin Chen Zhengchou had no chance to destroy this reincarnation altar, and he immediately shot and blasted out with a punch. In this punch, there is the power of endless space rules, and Lao Yuan also has a trace of strength. In it, blasted on the altar together with the sky

Above.

Boom!

There was a loud noise, the restriction broke open, and the entire altar was instantly cracked and cracks appeared.

"kill!"

At this moment, Qin Chen directly urged the cultivation technique of the alien demon race, and a cold force poured into it, and the power of the rules of the alien demon race was accompanied by it, instantly pouring into the reincarnation altar.

With a click, the structure of the reincarnation altar was instantly destroyed. This kind of destruction is different from the external damage, but even the inside is torn apart. It is almost impossible to repair it.

call! After smashing the altar, everyone's faces showed a cheerful color, but after that, they all laughed bitterly. Even if they destroyed the reincarnation altar, they could only say that the Ji family did not have a chance to seize them, but thought To escape here safely

, But still impossible.

"Everyone, if you want to escape, it's not impossible."

At this moment, a rumbling voice suddenly rang in the stone chamber.

"Who, who is talking?"

Everyone looked around, trying to find out the source of this old voice.

"You don't need to look for it. You can't find the old man. As for who am I? Haha, the old man saved you just now, why did you forget so quickly?"

Everyone on the field was shocked. Someone said in shock: "Are you the one who killed so many alien demons for us just now?"

"It's the old man!"

"Senior is there a way for us to escape from here?"

Previously, Lao Yuan killed so many souls of alien demons in an instant, which made these people believe in Lao Yuan so strongly that they asked, showing ecstasy. "Hehe, there is a way, but it is not absolute. After the Shimen opens, the old man will take action to block the Elder Ji family and others for you. However, it can only be blocked for a moment. You can seize the opportunity and move towards different directions. Direction to escape

Escape, there may be a glimmer of life, other than that, the old man cannot guarantee other things. "

Everyone's complexion changed, it turned out to be this method, even if this person can block the Great Elder and them for a moment, but there are so many strong men in the entire castle, can they escape?

What's more, there is a restriction and blockade in the ancestral land, with their cultivation base, it is impossible to break the restriction, right? "The old man has already saved you and won't let you be taken away. Why, do you still want the old man to give you desperate failure? This is an opportunity. As for whether you want it or not, the old man will not care. Okay, outside. Shimen is about to open

, The old man will let you have a trace of alien demon breath, pretending that you have been taken away, so that you have time to react. "

The words fell, screaming, a demon aura was born out of thin air in the stone chamber, which permeated everyone, and the aura of many martial emperors on the field suddenly became gloomy, as if they were taken away by a foreign demon.

"Okay, everyone go out."

The old voice also disappeared.

"What to do?" Everyone was a little nervous.

"You can only do as the senior's orders, even if you can't escape, it's just a death, it's better than nothing."

Soon, everyone made a decision and went to Shimen one after another. Someone banged directly on top of Shimen with a punch, and Shimen was shocked.

"Huh, the race has recovered so soon?"

Outside Shimen, the mortal monarch laughed.

After the general alien demons seize the home, it takes at least one or two hours to adapt to the body and devour the memory of the martial artist. Unexpectedly, it was only an hour or so this time, and someone had already completed the seizure.

The right hand reached the Shimen, and immediately, the Shimen opened with a boom.

"So many people?" Seeing a group of martial emperors behind Shimen, the mortal monarch could not help but was taken aback. It was really rare for so many people to win their homes at the same time.

I saw a lot of Martial Emperors filed out, all exuding a cold breath, the power of a different demon race.

Qin Chen was also among the crowd naturally, and his body exuded the aura of a foreign demon. He didn't need to pretend, he had cultivated the exercises of a foreign demon himself, it couldn't be more like it.

"The great elder is not there anymore." Qin Chen's heart was overjoyed when he saw that there were only rotten monarchs and a few strong men on the field.

Without the great elder, the probability of success has increased a bit.

"Everyone, how does it feel to be resurrected?" The evil demon lord laughed, "This seat of evil, I must have heard of this seat, there should be many people."

The rotten monster smiled and looked at everyone.

But these more than a dozen emperors were expressionless.

"Ok?"

Raging Demon Lord frowned, why didn't it feel right?

But these more than a dozen emperors were extremely nervous, until a voice rang in their minds, "Everyone, run away."

next moment!

escape!

Boom boom boom...

In an instant, everyone broke out, turned into streamers, and rushed towards the exit of the passage frantically.

Almost in an instant, everyone rushed to the end of the passage, frantically rushing to the gate at the end of the passage.

"what?"

The mortal monarch is unbelievable, what are these guys running? "You stop them!" Instructed the strong men behind them, and the strong men swiftly chased Qin Chen and the others, and the evil demon shook his body and rushed into the stone room. The heart-piercing roar resounded

The entire stone room.

"what!"

boom!

The Divine Demon Lord rushed out with a look of anger, full of devilish power and frightened, what did it see? The altar of reincarnation was actually destroyed.

That was the altar of reincarnation created by the adult after exhausting his efforts. It was related to the plan of their alien demons. But now, the altar of reincarnation is destroyed. How can it not be angry?

What makes it even more shocking is that the reincarnation altar is so powerful that it cannot be destroyed by ordinary people. Who on earth destroyed the reincarnation altar? And why is there no residual energy on the altar of rebirth?

How will it explain to the adults next? The frightened Demon Lord turned into a streamer, and rushed out like lightning, and then it saw that at the gate of the passage entrance, an astonishing roar sounded, and several powerful men who had been chasing out were flying backwards. Come here and hit the channel stone wall

Someone even spouted blood.

At the same time a terrible force swept over from outside the door.

"Humph!"

The mortal monarch snorted angrily, shaking the power away with a palm, and at the same time his body shook involuntarily.

"There are masters!" The evil demon's eyes were cold. Its subordinates are all mid-term martial emperors, and the martial emperors who can be selected for baptism are basically those who have just broken through the nine days of martial emperor, even the strongest one. It's just the initial peak, how could there be such a strong strength?

[Chapter 1759: Top Wudi](#)

"Is it the person next to Ji Hongchen? Yes, it must be him!"

The mortal monarch's eyes flashed, his speed suddenly increased, he rushed out of the passage for the first time, and then he saw that on the sky of the castle, dozens of figures were scattered like a celestial flower, bursting wildly in all directions. Come, want to rush out of the castle.

"Want to escape the old castle? Too naive." The evil demon sneered and quickly ordered: "Everyone, stop them, and you must not let one person run away. At critical moments, you can kill them."

"Yes!"

Whoosh whoosh!

The changes here have already alarmed many strong men in the castle. For a time, countless strong men appeared in the castle, and they quickly chased and killed more than a dozen Wudi in the sky.

Seeing all this, scattered among the crowd, Qin Chen's eyes quickly swept outside the castle without any fluctuations, and he quickly approached the restraint above the castle.

"As long as this mortal monarch or great elder level powerhouse does not look at me, I will have enough chance to escape from here."

Qin Chen is very sure. After leaving the ancestral land, he only needs to find a place, enter the universe jade disc, hide it, and with the strength of the Ji family ancestral land, if you want to find him in this vast and deserted mountain range, it is like looking for a needle in a haystack. .

Qin Chen had also known this prehistoric mountain range outside the ancestral land. It was a secret realm left over from the ancient times, leading to an unknown land. In this endless wild mountain range, there are countless predatory animals.

Although the Ji family established the ancestral land here, the ancient castle was actually left by the ancient ancestors of the Ji family. With the strength of the Ji family today, they dare not leave the castle too far, otherwise once they enter the depths of the prehistoric mountains, There will be no escape.

In fact, in the past countless years, the Ji family has organized many teams to enter the depths of this secret mountain range, but every time, they returned without success.

More than two thousand years ago, the ancestors of the Ji family at that time personally led 80% of the top experts of the Ji family into the depths of the mountains in order to discover this wild mountain range, but in the end, all these people disappeared in the mountains. Can come out alive.

From then on, the Ji family did not dare to enter the depths of this mountain range again, just guarding the place of the old castle.

Therefore, Qin Chen's only hope now is to break out of the ancestral land, lurking in this wild mountain range, and when things calm down, find a chance to escape.

The most important thing is to rush out of the ancestral land first.

"call!"

Qin Chen was in the shape of electricity and rushed to the sky above the ancestral land for the first time. At this time, several guards had quickly approached him.

"kill!"

A black spear appeared in Qin Chen's hand, furiously fighting these guards, the spear turned into a black flood dragon, and the angry roar and roar actually blocked the attack of these guards abruptly.

"fast!"

While fighting, Qin Chen quickly cracked the restriction secretly, but he did not break the restriction directly, but secretly laid down all the flaws, and then suddenly attacked when he could break the restriction, otherwise he would easily be the first. Time is watching.

"what!"

In other places, those Martial Emperors were not as comfortable as Qin Chen. In just a moment, four Martial Emperors were severely wounded and directly captured, and two of them were even directly attacked because of their resistance. Beheaded.

But not everyone has the power to resist. Xu Dongsheng is holding a black saber and his sword aura skyrocketed. Together with the two peak martial emperors in the early stage of the ninth stage, he smashed a path through the crowd and fled frantically.

"Which one of these people is the one who made the shot just now?" The Eternal Demon Lord did not rashly shot, but hovered in the air, staring coldly at the surrounding martial emperors, exuding a hint of chill.

The other party deliberately broke into the Ji family ancestral land, and together with Ji Hongchen rescued Ji Ruyue, and even destroyed the reincarnation altar of its alien demons. The mortal monarch does not believe that the other party is only rushing, and must have a plan. It must ensure that it is foolproof and does not give the other party any opportunity to escape.

At present, the most concerned about the evil demon is the three parties, one is Qin Chen, with half-step Wudi's cultivation base, it is unexpected that a team of guards can be blocked.

And the other one is Xu Dongsheng, with two Martial Emperors who are also from outside forces, united strongly against a team of guards.

Finally, the two early peak martial emperors of the Ji family, equally strong and terrifying, fleeing everywhere.

Among the three parties, the previous master is most likely to be hidden, making it the most concerned.

At this moment, a figure flashed, and it was the great elder who appeared beside the deadly demon. He looked at the battle in the sky with some shock, and lost his voice: "What happened to the deadly demon?"

"What happened? Are you embarrassed to ask?" The evil demon turned his head, his eyes were cold, and he said coldly: "Elder, who are there among the baptizers you brought this time? Why are there top martial emperors? Didn't you even notice?"

"Top Martial Emperor?" The Great Elder was startled, "How is this possible?"

"Impossible? Huh, please keep this matter and explain it to the adult. I will tell you that because of the people you brought, the reincarnation altar of our clan was destroyed, and Ji Ruyue's escape is related to this group. People are related, dare you say, there is no reason for you?"

The mortal monarch is exuding a coldness, and the devilish tentacles danced frantically, fiercely ferocious: "The elder, it's not that you Ji family is dissatisfied with my tribe's occupation of your Ji family ancestors. He deliberately dispatched masters to pretend to be baptized, but in fact, he was prepared. Destroy the altar of reincarnation of my race, right?"

"It's absolutely nothing." The great elder was so scared that his cold hair stood up and hurriedly said: "This matter absolutely has nothing to do with the old man, the old man dare to swear."

He didn't dare to recite this pot, otherwise even the ancestor might not be able to keep him.

Although the ancestors are the biggest in the Ji family, they are actually restricted, especially regarding the altar of alien reincarnation. Even the ancestors dare not remain indifferent.

"It has nothing to do with you? You'd better pray that this is true, otherwise, I think you, the great elder, will be the end." The evil demon snorted coldly, no longer paying attention to the great elder, his eyes fixed on the sky, flashing cold. Light.

The great elder was annoyed, but at the same time, his scalp was numb, and he looked up to the sky. The evil demon said that there is a top martial emperor here? How is this possible? These people are all personally selected by him.

The only new addition is the Iron Bull from the Fallen Mountains.

However, that Tie Niu has not even reached the Nine Heavens Emperor Wu, how could it be the so-called top Emperor Wu?

What's the problem here?

The great elder stared at the sky, not daring to neglect in the slightest.

"Boom!"

At the moment above the sky, the fight between Qin Chen and the team of guards has become white-hot, and a mid-term Emperor Wu immediately rushed up when he saw the confrontation here.

[Chapter 1760: Five Elements Extinction Array](#)

"Get out of the way and let me take this kid."

In that mid-term, Emperor Wu was a burly man, holding a purple gold giant hammer, silently, he smashed down at Qin Chen frantically.

"No, I can't hide it."

Qin Chen knew that he could fight with Emperor Wu in these early nine days, and he could also be prevaricate with his amazing talent. After all, when he was in the Ji family mansion, he had defeated such Wu Emperor Tianjiao Xu Dongsheng.

But if he could block even the mid-term Martial Emperor's attack and was unscathed, even an idiot would be able to see the problem. At that time, the eyes of the Divine Demon Lord and the Great Elder would be completely focused on him.

"Broken!" Qin Chen roared, fully igniting the restraint. Suddenly, booming, the ancestral restraint in front of him fluctuated in an instant, and an invisible mask appeared in front of everyone, and that mask seemed to be in Qin Chen's position. The dot was broken down.

puff!

The small dots spread rapidly, instantly turning into a pitch-black hole, exposing the outside space, and at this moment, the great hammer of the mid-term Emperor Wu had already hit Qin Chen near.

"dead!"

Qin Chen held a black long spear in his hand, his eyes burst and shot out, with a bang, and the void was directly pierced into a long fold, and the void was wrinkled like a cloth.

And the spear, like electricity like fog, pierced the head of the mid-term Wudi in an instant, exploding the head of the mid-term Wudi who was frightened.

With one shot, a mid-term Wudi died.

"it's him!"

The evil demon king showed his hideous eyes, and rose up into the sky in an instant. He rushed towards Qin Chen with a murderous look, and roared, "Boy, I finally found you."

"What? How could the strength of that iron cow be so terrible?" The elder's eyes widened, and he instantly understood that Qin Chen's so-called identity and origin must be false. His purpose of joining the Ji family was definitely to enter the ancestral land. .

"Does Ruyue's disappearance really have something to do with him?" The elder recalled that after Qin Chen joined Ji's family, he had been inquiring about Ruyue's news. At this moment, he completely understood it, but what he didn't understand was Qin Chen and Ji Hongchen again. What is the relationship.

Moreover, Qin Chen once entered the Daoshan Mountain and obtained the fruits of the Dao Mountain. According to Daoshan's restrictions, only warriors below the nine-day Emperor Wu could perceive Rongdao Grass. Is this Qin Chen a half-step Wudi?

All kinds of accidents made the Great Elder unable to turn around for a while.

"go!"

Qin Chen broke through the ancestral land restriction without any hesitation. He was about to rush out of the ancestral land as soon as he dashed out.

"Boy, do you think you can escape? The Five Elements Extinction Array, get up!"

With a roar of rage, the mortal monarch suddenly raised a bright glow outside the ancestral land. The five-color light was like a sky, shrouded in the sky and wrapped outside the ancestral land.

Moreover, the five-color halo swept down, like a blazing flame from the sky, swept towards Qin Chen, suppressing everything.

"Boy, you are the one who tried to leave here with Ji Hongchen before? This seat has already activated the extinction array outside the Ji family's ancestors to prevent accidents. Today, even if you lay your wings, you can't escape. Let's talk, Ji Hongchen and Where did Ji Ruyue go?"

The rotten demon king burst into black magic energy, suddenly transformed into a demon head, blocking Qin Chen's retreat.

"The Five Elements Extinction Array?" Qin Chen's eyes were cold. No wonder the mortal monarch was so leisurely and had no plans to make a move. It turned out that such a large array was arranged in addition to this restriction, but, Can you stop yourself with this big array alone?

"I don't know what Ji Hongchen and Ji Ruyue belong to. I just don't want to be taken away by your alien demons. I will leave me quickly, otherwise I will be known by my family and I will definitely not be able to get around you."

While talking, Qin Chen was in the shape of electricity, and he rushed directly into the flames of the five elements transformed by the Great Extinction Array.

"Huh, you are still pretending to be there, just because you want to escape the Five Elements Extinction Array? This is the ninth-level peak of your human race. Even the late Emperor Wu cannot escape. I think you are still a province. Save it."

While sneering at the evil demon, a black halberd appeared in his hand, the halberd turned into a black light, rolled up the endless black flame, and wrapped it towards Qin Chen.

"roll!"

Qin Chen didn't bother to talk nonsense with this guy, the black spear in his hand disappeared, and the mysterious rust sword appeared. At the same time, the mysterious rust sword had already been sacrificed.

Facing this rotten monarch, Qin Chen didn't dare to be careless, and immediately displayed his strongest weapon and trick.

Hearing Qin Chen's words, the evil monarch was furious. What made him even more angry was that Qin Chen actually did it first. The black long sword in Qin Chen's hand had already turned into a black one hundred feet long. The sword gas exploded.

"Boy, die."

The black flames of the halberd in the hands of the mortal monarch soared and turned into a black flame dragon, roaring and hacking out with all his strength.

"boom!"

The pitch-black sword light collided with the black flame halberd of the Eternal Demon Lord, violently shaking the void around the two, as if to split apart.

The black sword light collapsed, and the flame dragon transformed by the opponent's black flame halberd also made a crackling sound and began to collapse. Even the cold power on it was quickly dissipating.

"How is this possible?" The Divine Demon Lord was so furious that it was hard to imagine Qin Chen could block his own blow.

After the fight, he felt even more clearly that Qin Chen's true essence was not yet Emperor Wu's true essence.

Is there such a pervert among humans?

What makes it even more shocking is that after Qin Chen defeated its attack with a single sword, he rushed directly into the Five Elements Extinction Array, and countless five-color flames fell on his side, but it seemed that he had encountered an invisible layer. The diaphragm is normal, like a fish swimming in the water, without any influence at all.

"This son is using the Five Elements Extinction Array to escape!"

The mortal monarch was shocked, and the Five Elements Extinction Array was the guardian array outside the Ji family ancestor, and it was the ninth-level peak formation.

Between the heavens and the earth, people who know this great formation are extremely rare, but it seems that Qin Chen not only knows this formation, but can also find the weakness of this formation, which has to make it feel terrified.

And below, the great elder was even more stunned.

In the distance, Xu Dongsheng also watched this scene in amazement. Is this still the kid who had fought him in the Ji family residence?

With the strength Qin Chen showed just now, I am afraid that he can be killed by two or two moves, but before he was defeated by fighting him in the resident for so long, it was just that the opponent had another purpose.

So, in the stone room before, the old voice was also deliberately disguised by this kid?

For an instant, Xu Dongsheng was discouraged and suffered an unprecedented shock in his heart.

"Boy, stay with me!"

The Divine Demon Lord uttered a violent rage and was completely angry. If it allowed Qin Chen to slip away under his nose, it would be hard to escape punishment.
