

## Valkyrie 1801

### [Chapter 1801: Life and death](#)

I saw the \*\*\*\* cat appearing in the void, his eyes faint, as if it exuded an inexplicable chill.

For some reason, Yan Mo's instinctive heart jumped when he saw this black cat, and he felt a crisis coming.

But this is clearly just a black cat. "The demon commander of the foreign demon race actually lingers in the body of the human race. It seems that your body has been completely annihilated, leaving only a soul, and this soul is still relatively broken and can only be placed on the blood of a strong human. Come and keep warm

Oneself, restore one's own soul power, and finally be able to win others. "

The \*\*\*\* cat said indifferently, akimbo, very proud.

"A beast is also here chirping?" Yan Mo's eyes were cold, but his heart was cold, because the \*\*\*\* cat's cold eyes seemed to be able to see through everything, making it feel cold. Therefore, it did not give the \*\*\*\* cat a chance to go on. Boom, with a punch, the river of blood flew across the sky, and the \*\*\*\* cat was wrapped in an instant, but the next one, a flash of void light, was covered by the river of blood. The body of the \*\*\*\* cat wrapped around, unexpectedly

Time disappeared.

"impossible."

Yan Mo was surprised that the other party had disappeared directly into his own blood river. What kind of spatial technique was this, it was terrible, no wonder he hadn't reacted at all when the other party made the move. At this time, Qin Chen had already reacted and killed again. The Demon Suppressing Cauldron spun and appeared directly on top of Yan Mo's head with a terrifying aura of Demon Suppression. At the same time, Qinglian demon fire floated like a piece of colorful clouds. , The flames are blooming, the void is covered

The burning distortion will faintly be burnt to open holes.

What was even more terrifying was that the mysterious rust sword in Qin Chen's hand, under the full blessing of Lao Yuan, cut through the void and traversed the heavens and the earth, as if to open up the world.

"Block it."

boom!

The blood-colored halo erupted, and the blood sea bead trembled crazily, lingering around Yan Mo's body, forming a blood-colored sphere, enclosing it.

puff!

Boom!

The Devil Suppressing Cauldron and the mysterious rusty sword cover were pressed down, the blood-colored sphere trembled frantically, rippling countless ripples, Qin Chen roared, his sword aura was 100,000 li, and the sky burst into a dazzling glow, but in the end he could not break that Round ball.

"Huh? It was blocked?" Qin Chen was shocked. His previous sword was enough to split a mountain range, but he couldn't split the blood-colored sphere that was only a few meters in radius?

"This is the blood sea bead, a heavy treasure of the alien demon race, but it's useless. If you continue to shoot, my source beast power can isolate it from the blood sea bead, and then it will die." Lao Yuan said with confidence. Although it can only release part of its power, it is enough, because the Demon Commander Yan Mo was not in his heyday, and he could not just seize Sheji. He is not very skilled in the body, and even the soul is weak. The reason can

It is so strong that it is completely dependent on the power of the blood sea bead.

As long as the connection between it and the blood sea bead is blocked and killed, it is only a matter of time. Yan Mo clearly understands this. It is extremely anxious and faintly feels that the connection between itself and the blood sea bead has begun to weaken under the interference of the source beast. Others are not afraid of it. Control without that

So close, then it's over. "It's still the body that Ji can't, \*\*\*\* it, even though I have robbed him now, I can't get the treasure of the Ji family in this Ji's inability body, so this body and my soul cannot be completely integrated for the time being. For one thing, naturally there is no

The law and the blood sea bead fit perfectly, otherwise I would have fallen into such a situation, and that Ji couldn't. If I had seized him ten years earlier, I would not have fallen to the present. "

Yan Mo was itchy with hatred.

"It must be replaced by another body."

Although Ji couldn't have a strong body, in order to prevent it from taking her home, Ji couldn't forcibly refine the treasure of the Ji family and integrate it into her body. Only then did Yan Mo share a body with it.

And now, although it used Ji's inability to take advantage of Ji's inability to take the body, the treasure is still in Ji's body and cannot be forced out in a short time, which also caused its strength to fail to fully display.

Yan Mo raised his head, his eyes passing on the battlefield.

It was Qin Chen first.

Qin Chen was very satisfied with his body and strength, but Qin Chen had parasitic seeds in his body, and they were still golden parasitic seeds, which were directly eliminated.

As for Mokara, Skeleton Rudder Lord, and Ancient Cangwu Emperor, they were also excluded by it for the first time. The ancient Cangwu Emperor is too weak, while Mokara's aura is extremely terrifying. It seems to be an ancient alien monster. If it were in its heyday, it would dare to compete with the opponent, but now it is in a weak state. , Not sure

Take it away. If you really take away the opponent, you may not succeed, but you will be seriously injured. As for the Skeleton Rudder Master, it seems a good choice to have the Demon Lord's breath, but the opponent's soul power is clearly fused with the Demon Lord's corpse. It's okay to swallow the Demon Lord's breath with bloodthirsty techniques, but if you want to rely on the soul alone Power to take home and

The skeleton rudder master whose corpses have been fused together will not have a high success rate.

Once it fails, it is bound to fail.

Then there is only Naji Ruyue.

In the end, Yan Mo focused his attention on Ji Ruyue. Although Ji Ruyue's cultivation level was not high, his strength was extremely terrifying. The key was the inheritance of the Ji family, and the future was unlimited. Moreover, the opponent's soul will definitely not be very strong. It is the easiest to seize the house. Once the house is successfully seized, and then completely merge the blood sea beads, even if it is not the opponent of this group of people, they can find a way to leave here and wait for their strength to recover. Report again

Qiu, this is the best choice.

"Humph!"

Thinking of this, Yan Mo Burning Ji couldn't have the blood in her body, so she spurred the sea of blood with all her strength, and exploded with a blast of blood, blocking Qin Chen's attack for a moment, and then turned into a \*\*\*\* streamer and rushed towards Ji Ruyue.

"No, Kisaragi, be careful!"

Qin Chen exclaimed and ran after him.

"Huh, is it time?"

Yan Mo sneered, muttering words in his mouth, and between his eyebrows, a black scorching sun rose, shining thousands of black blood.

Hum!

An invisible and terrifying soul impact suddenly disappeared into Ji Ruyue's mind.

"Life and death soul seed!"

Yan Mo screamed, after the terrifying soul power entered Ji Ruyue's mind, it immediately turned into countless ghost-like soul marks, eroding towards Ji Ruyue's soul sea.

Yan Mo made a big move. The soul seed of life and death is a terrifying soul method of the alien demon race. It can plant a soul seed in the opponent's mind. Once it succeeds, it can instantly seize the soul seeded person.

[Chapter 1802: Amethyst](#)

Of course, Yan Mo could completely take the soul out of the body and directly capture She Ji Ruyue, but the reason why it didn't do so was really frightened by Qin Chen. In case Ji Ruyue also had a parasitic seed in her mind, causing it to fail in seizing her home. With so many powerful enemies on the side, it would be difficult for it to return to Ji Neng's body.

Therefore, it is the best way to use the soul-seed of life and death to explore the way first, and then seize the house.

boom!

The terrifying soul power instantly came to Ji Ruyue's mind, and below was the dazzling soul sea. What made Yan Mo ecstatic is that although Ji Ruyue's soul power is more than ten times stronger than the ordinary human race Wudi, there is no parasitic seed in his mind. .

Moreover, Ji Ruyue's soul sea is incomparably pure, this physique is the best carrier for the birth of soul.

"Hahaha, God helped me too."

Yan Mo was overjoyed, booming, and immediately the soul power entered the blood sea bead, and the blood sea bead rushed out of Ji Wu's body, turned into a \*\*\*\* streamer, and rushed towards Ji Ruyue.

"Little Qin Chen, it wants to take She Ji Ruyue." Lao Yuan said coldly.

"The gods are dead!"

Qin Chen was anxious, and the Wanshen Art was used to its extreme in an instant, and the fifth stage of the Wanshen Art that had not been completely mastered was displayed in an instant.

Suddenly, a terrifying soul storm appeared in the void, and the sky full of soul attacks turned into thousands of strands, rushing over in an instant to stop Yan Mo.

"What a strong soul power, this kid is even so strong in soul power, but unfortunately, he wants to stop me, it's worse." Yan Mo sneered, Qin Chen's soul attack is indeed very strong, I am afraid that even the middle demon like the skeleton rudder master It may not be easy to parry, but who is it? One of the four great demon marshals, the strongest of the alien demon race is the soul attack, how can you care about a human warrior

Soul attack?

What's more, its soul is now stored in the sea of blood, without fear of Qin Chen's attack.

"Wait, as long as I take away this person, it will be your end."

Yan Mo sneered in his heart, and even communicated the soul mark left in Ji Ruyue's mind to win her home. And at the moment when the soul mark was activated, a purple crystal suddenly appeared at the center of Ji Ruyue's eyebrows, and the crystal was filled with purple light. In an instant, a purple streamer appeared, and the soul mark was wiped out and cut off. Yan

The connection between Mo and Ji Ruyue.

At the same time, a misty purple light emerged and began to trace back along the soul mark.

"What? What power is this?"

Yan Mo was frightened and furious. This power suddenly broke the connection between it and Ji Ruyue, making it lose the opportunity to seize the house. What made it even more terrified was that this power was still coming in quickly.

It hurriedly wanted to withdraw its soul power, but it was too late, and the purple light blasted on the sea of blood in an instant.

"what!"

Yan Mo screamed, the sea of blood shook, the blood swelled into the sky, and the soul power shook violently, and suffered huge injuries, even more severe than the trauma that Qin Chen suffered from being swallowed by the parasitic seeds.

Fortunately, the purple light only flashed, and then retreated, not taking advantage of the victory to pursue it.

"good chance!"

Qin Chen keenly seized this opportunity, and the nirvana of the gods had swept across, Yan Mo screamed again, the blood sea bead trembled, and its breath instantly became weak. It was frightened and wanted to return to Ji Can't body.

But how could Qin Chen give it this opportunity, a huge black cauldron appeared in front of the blood sea bead, it was the Zhenmo cauldron, and it was suppressed fiercely towards Yan Mo.

Hum!

The dark ancient tripod exuded the aura of suppression of eternity, suppressing the demon tripod, originally suppressed the heaven and earth demons, had natural restraint on the alien demons, and quickly stopped Yan Mo from retreating.

"Kid Qin Chen, let me come and swallow it!"

At the same time, Lao Yuan yelled in excitement, and a terrible swallowing force was born, directly starting to swallow the sea of blood in front of him!

"what!"

Yan Mo screamed, feeling that a trace of his soul power was being swallowed by the other party, and his soul became weaker and weaker.

It was horrified in its heart, how could it have fallen to this level, once its soul power was completely swallowed, then it would be completely finished.

At this moment, Yan Mo had lost the idea of killing Qin Chen and the others. At this moment, there was only one thought in its mind, that is, escape.

At the moment of crisis, Yan Mo urged the sea of blood with all his strength, and immediately, the blood rushed to the sky, and he actually tore through a gap in this solid secret void, trying to escape from this ancient city.

"In front of the emperor, how dare you run away?"

The \*\*\*\* cat appeared, silently, and slapped a paw on the sea bead of blood. Yan Mo screamed again, leaving him with only soul power. He was dizzy and almost passed out in an instant.

boom!

In the end, Lao Yuan released a terrible devouring force, and the jade disc of good fortune from heaven and earth was suspended in the air, swallowing Yan Mo's soul completely.

Tricky!

In the void, the blood sea bead swiftly rotated, and was held up by the \*\*\*\* cat. In the jade disc of good fortune in the universe, Lao Yuan seemed to have been greatly supplemented after swallowing Yan Mo's soul, his aura immediately skyrocketed, and at the same time a pure soul power diffused from the jade disc of good fortune in the universe, feeding back. Qin Chen's body

.

"Kiritsu, are you okay?"

Qin Chen's figure flickered, and instantly came to Ruyue's side, and asked concerned.

"I'm fine!" Ruyue shook her head. At the critical moment, Amethyst appeared and rescued her. At this moment, the \*\*\*\* cat flickered and appeared next to Qin Chen, looking suspiciously at the amethyst that just emerged from the center of Ruyue's eyebrows, showing a thoughtful expression, and said: "Don't worry, Lord Cat, I was here just now, why not

Your daughter-in-law will be taken away from the house, haha, I want to take away the housekeeper in front of the cat. "

"However, there is a baby in that guy's body."

The \*\*\*\* cat turned around and looked at Ji's incapable body in the void. With a wave of his paw, Ji couldn't disappear in an instant with his soul extinguished. There was only one jade, suspended in the air. The \*\*\*\* cat waved his hand and grabbed it. In the hands.

"this is....."

Qin Chen looked over in surprise. As soon as this Yu Jue appeared, Qin Chen knew that this thing was unusual. "This should be the treasure of the Ji family, and the ancestors of the Ji family should rely on this. They haven't been taken over by Yan Mo in these years." The \*\*\*\* cat grinned, and then said to Qin Chen: "The matter here is still It's not finished, you want to leave these people

What to do? "

The \*\*\*\* cat glanced at the many powerhouses left in the ancient city, and the eyes of the Emperor Wu showed fear.

"Master Yan Mo is dead!"

"The ancestor is dead!"

Whether it is the great elders and other members of the Ji family, or the powerful people of the alien demon race, such as the mortal monarch, there is a color of horror on their faces, and their livers and guts are cracked.

Qin Chen's eyes were cold, and he said coldly: "All the members of the alien demon race have been killed. As for the people of the Ji family, if you can not kill first, let's not kill first." The Ji family, anyhow, is also a top power. A certain effect.

### [Chapter 1803: Life saved](#)

Qin Chen's words immediately set the tone of the entire Ji family.

"what!"

The screams of screams resounded throughout the ancestral land. Without the protection that Ji couldn't, how could these people stop Qin Chen's shots, one after another fell. "Hahaha, cool, so cool!" Mokara laughed, extremely excited, it was full of black light, the ancient demon aura was unbridled release, the powerful devouring power permeated out, like a black hole, swallowing its surroundings  
Other differences

The soul power of the powerful demon.

On the other side, the Skeleton Rudder Lord is the same, madly devouring the breath of the powerful alien race, and strengthening his power.

Suddenly, except for the three big aliens who possessed the cultivation of the late Emperor Wudi, including the mortal monarchs, the other aliens screamed and exploded, were swallowed up, and turned into nothingness.

It can be seen to the naked eye that the auras on Mokara and Skeleton Rudder are soaring wildly, and the two of them linger with the devil energy, like the demon lord who came out of purgatory, the devil's mighty power.

In the end, the gazes of Skeleton Rudder Lord and Mokara fell on the bodies of the three men. "No, don't kill us!" The Divine Demon Lord and the other two Great Demon Lords said in horror, with fear in their eyes. In the face of death, they chose to surrender for the first time: "I am willing to be loyal to all of you, and stand up for you adults. , To death

Unswervingly. "

They said with trepidation, in the face of death, surrender immediately. They are all people who have died once. The first time they fell during the battle between the two continents. Only their soul power was preserved. Now, if they are killed again, they will be wiped out and completely fall. Impossible twice

Resurrected.

Therefore, they pleaded for the first time, and, finding the target, knelt down in front of Qin Chen, begging again and again.

"Oh? The three of you said, why would Young Master Ben keep you?" Qin Chen laughed, but stopped.

He was interested and didn't mind giving the three alien demons a way out, provided that the other party could impress him.

"My lord, after I can saddle up for the adults and fight the world, I will never betray them for the rest of my life." Divine Demon Lord said in fear. Once, how proud it is to be a strong man, when Qin Chen and the others first came over, the mortal monarch stood there, and the breath that emanated from it could make them change color, but now, such a strong man is so. Kneeling in front of Qin Chen

, There is no so-called dignity, how ridiculous is this?

The other two powerful aliens also nodded frantically, in order to survive, they can give up everything, including-dignity!

"But, you are alien demons, but I am human!" Qin Chen smiled.

"This doesn't matter, aren't these sire's subordinates also alien demon people? We can do what they can do." The dead alien demon looked at the skeleton rudder master and Mokara.

"Master, don't listen to these three guys, just kill them."

At this time, the Skeleton Rudder Master was unwilling, revealing a cold light.

Damn, this guy said that, he wanted to compete for his position in front of his master, how could this work?

Qin Chen laughed: "I'm not satisfied with this reason, are there other things?"

"Yes, yes, we are all late martial emperors, and our strength can continue to recover, we will definitely bring a lot of help to the adults." The trembling demon king said again.

Qin Chen shook his head: "It's not tempting. As long as Ben Shao kills you and lets you be swallowed by Ben Shao's men, their strength will naturally increase, isn't it the same?"

The Skeleton Rudder held his chest straight, and the performance was obviously saying that the owner was right. "My lord, we have another purpose." The Divine Demon Lord was already desperate, but suddenly, thinking of a possibility, he immediately raised his head and said: "My lord, the Ji family is not just an independent family. , But in law enforcement

The hall is a high-level person and is inextricably linked to the Misty Palace. If you guessed right below, although you also have an alien subordinate, it should have nothing to do with Misty Palace, right? "

"Oh, why do you say that?" Qin Chen smiled.

"If the adults are from the Misty Palace, they won't be so reckless to break into the Ji Family Ancestor Land to rescue Ji Ruyue, because, as long as the Misty Palace says a word, the Ji family ancestors dare not let others go, so why take this risk?" The strange demon said respectfully.

"And if the lord is not from the Misty Palace, then it means that the lord and the Misty Palace must be hostile." Speaking of this, the evil demon has restored some composure, and said: "If the Lord's previous order is to kill us all Now, naturally there is nothing to say, but the previous order of the adults was to leave the life of the Ji family martial artist and to take all the members of our alien demons.

Killed, so that the adults obviously still have a certain affection for the Ji family, in other words, the adults must have their own purposes if they keep the Ji family. "But adults should understand that the backstage of the Ji family is the Misty Palace. Once the Misty Palace finds something strange, come to the Ji family and rely solely on the people of the Ji family to cover everything, because the Ji family is a member of our clan. Base camp, how can there be no respect for me

Guard? "And now, not only has a position in the Hall of Law Enforcement, but also the first person among the strong of the Ji family's alien demons. If you stay here, you can join hands with the Ji family to continue to plant you in the Misty Palace for the lord. In, will not let the misty

Palace was suspicious. "The more the rotten monster said, the brighter his eyes.

What a person fears most is not lack of strength, but worthlessness.

It prides itself that it has this value.

"Oh?" Qin Chen listened, his eyes brightened, but he nodded slightly.

What the Demon Lord said before, he really did not expect that if someone from the Misty Palace comes, only the people of the Ji family will appear, but there are no foreign demons present, it will indeed arouse the suspicion of the Misty Palace.

"Well, your life is saved."

Finally, Qin Chen said.

The mortal monarch was ecstatic, and the other two alien demons were also extremely excited. Only the Skeleton Rudder Lord and Mokara were crying.

Originally they were ready to swallow these guys, but now it's all right, it's gone. The loss in my heart hadn't fallen yet, but I saw Qin Chen snapped his hands, puff, puff, two sword lights flashed on, and the other two powerful alien demons hadn't realized what had happened, their bodies were snapped open. Two horrified souls soaring into the sky at the same time

Rise. "What are you two waiting for?" Qin Chen said to the Skeleton Rudder Master and Mokara. The two of them were overjoyed and shot one after another. Each of them grabbed one of the souls into their hands. Struggling with horror, I was killed by Mokara

And the skeleton rudder master swallowed one after another.

call! Visible to the naked eye, the aura on the bodies of Mokara and Skeleton Rudder Master instantly swelled, and the soul power of the two skyrocketed in an instant.

#### [Chapter 1804: New owner](#)

In such a short period of time, he was able to recover to the later stage of Wudi cultivation. The two alien demons used to be at the middle level of the demon. Their soul power is naturally terrifying, and they are opposed to the master of Mokara and Skeleton. The words belong to a big supplement.

"My lord, what are you..."

Looking at the other two powerful aliens who were killed instantly, the mortal monarch shivered and said with trembling.

"To deal with the people in the Misty Palace, you are enough, but I don't have so much energy to enslave too many insignificant people."

Qin Chen said lightly.

The rotten demon shook his head and his eyes were dizzy.

Irrelevant person?

The two alien demons who were killed just now were both powerful in the later stage of Emperor Wu's level. When they were placed on the Tianwu Continent, they were definitely giants.

But in Qin Chen's eyes, he turned out to be an insignificant person. Does this human race kid want to be such a tiger?

But it didn't dare to refute it, but lowered its head for fear that Qin Chen would also attack it. Fortunately, Qin Chen did not do this. Instead, his pupils shrank, and at the center of his eyebrows, an empty pupil opened, with a buzzing sound, a wave of invisible soul fluctuations instantly entered the mind of the evil demon. Quickly turned into a ban and fell

Come.

"It's soul restraint."

The rotten demon's heart trembled and did not resist, but there was a glimmer of cold light in his eyes.

In its view, Qin Chen had just broken through the Nine Heavens Martial Emperor. Although his cultivation base was strong, his soul might not be as strong as the alien demons. Later, he could pretend to be enslaved and wait for the opponent to relax his vigilance before finding a way to escape.

Can not be enslaved, naturally no one wants to be enslaved.

But when the mortal monarch felt the restraining power, its face suddenly changed. Because, let alone he doesn't resist, this soul restraint force is too terrifying, even if it wants to resist, it can't resist at all. What's more terrifying is that some of the methods used in this soul restraint are their strange demons. Restraining hand

law.

The mortal monarch took a breath, completely lost the thought of resisting.

"Fortunately, this person has golden parasitic seeds. Sooner or later, he will be enslaved by my alien race. Maybe I will be able to regain my freedom until that day."

After sighing, the Divine Demon Lord was too lazy to resist, letting Qin Chen's soul restrain it.

After a while.

"the host!"

The rotten demon's expression suddenly became extremely respectful. He stood up, and his whole body completely surrendered to Qin Chen and became his servant.

"Master, what about these people?"

Then Mokara looked at the great elder and others.

Looking around, there are only dozens of martial emperor powers left in the entire Ji family ancestral land, all of them are direct descendants of the Ji family. Among them, the great elder and one old elder are the heads.

To Qin Chen's surprise, Xu Dongsheng and the others did not fall, and recovered a life, but at this moment they all watched offensively. "My lord, I have no choice but to wait." The elder was covered in blood and looked terrified. He knelt down and cried at Ji Ruyue and Ji Hongchen: "Juyue, Hongchen, it seems that all of us are Ji family. For the sake of disciples, please spare us.

"

Qin Chen showed a slight look of disgust, and the Emperor Wu of the dignified later stage knelt down so simply to survive, didn't he feel blushing?

"Brother Tie Niu, I was wrong, please forgive me." Xu Dongsheng also knelt on the ground, said in horror. People are like this, but there is not much difference between a person and him. When competing with each other, he can show unprecedented hostility, but when the same person can control his life, death and destiny, he will become flattering and servile. ,complete

There is no hostility.

"I have no choice?" Ji Ruyuehan said: "Is there anyone forcing you to do this? Look at what you guys have made the Ji family look like?" "Ruyue, we don't want to. If you don't believe me, ask Hongchen, these are all It's the ancestor's order. We don't dare not obey it. Moreover, those alien demons planted life and death soul charms in our bodies. Every once in a while, we have to accept

A baptism, otherwise it will be painful, not only us, including your father, as long as the Ji family breaks through the Martial Emperor's direct line, they will be planted with the Soul Talisman of Life and Death, and they will not be able to resist. "The Great Elder wailed.

"Life and death soul charm?" Qin Chen frowned. "Kid Qin Chen, they do have life and death soul charms in their bodies. The life and death soul charms are a means for alien demons to control other species. They must be suppressed every once in a while, otherwise, once a soul charm breaks out, it will It's painful, but the soul wants

To die after undergoing seven or seventy-nine days of sacrifice is an extremely cruel soul-refining technique of the alien demon race. "The voice of the \*\*\*\* cat rang.

Qin Chen swept away his mental strength, and he found a strange soul charm in the souls of the great elder and others.

These soul charms contain terrifying aura, each of them is extremely complicated, making Qin Chen a little dazzled, very delicate. Moreover, Qin Chen also found that these soul charms are very difficult to

crack. It seems that something like a key is needed. Otherwise, if you rush to crack it, it will be like the soul prohibitions in the minds of the law enforcement hall, making people fall on the spot. submerged Off.

"Big Black Cat, is there a solution?" Qin Chen frowned. The \*\*\*\* cat grinned: "This kind of soul talisman is very difficult to get rid of. Once planted, it will not be unlocked if anyone touches it except the person who casts the talisman, even those with a higher level of cultivation. , But it's different if there is an old source,

Lao Yuan is an ancient source beast, and its power can easily dissolve these life and death soul charms. "

"What kind of difficulty is it?" Qin Chen asked again.

The \*\*\*\* cat obviously knew what Qin Chen was thinking, and said with a smile: "The difficulty of planting is very simple, whether it is Mokara or Yongye, you can easily plant it."

This is a way.

Qin Chen nodded. He had been thinking about how to control this group of Ji family. Naturally, using the Soul Destruction Seal would not work. It was not because there were too many people and the soul strength was not enough. With Qin Chen's current soul strength, he could completely plant it.

But this is too complicated. Planting too many Soul Destruction Seals will interfere with Qin Chen's soul. Although the intensity is not great, Qin Chen does not want to waste energy on this.

But this life and death soul charm opened a brand new channel for him.

Next, Lao Yuan began to remove the Soul Talisman of Life and Death in these people's minds, and then Qin Chen asked Mokara and Skull Rudder Master to plant a Soul Talisman of Life and Death again.

Since then, the lives and deaths of all the strong in the Ji family have all controlled Qin Chen and their hands, and let the people of Misty Palace check it, and they will never see any problems. "From today, Ruyue is the new Patriarch of the Ji family, I think no one has any opinions?" Qin Chen said directly to all the people on the court.

#### [Chapter 1805: No-leakage state](#)

The great elders smiled bitterly. Who still has an opinion. Let's not say that their lives are controlled by Qin Chen and the others. Just like Ruyue gaining the inheritance of the Ji family forbidden land and being able to control the entire ancestral land's bans, they can't compare. Of it.

Moreover, Qin Chen's origins are very mysterious, coupled with Ji Ruyue's talent, the future of the Ji family may not be better.

At this time, how dare the great elders oppose Ji Ruyue and Qin Chen?

"I'll see the Patriarch." Suddenly, the elders knelt down in a dense crowd, looking at the Ji family disciples below, Ru Yue's face was a little panicked: "Little dust, I..."

She never thought that she could be the head of the Ji family, her dream did not lie here. "Ru Yue, although you are the Patriarch of the Ji family, you may not need to handle everything. Moreover, you

have the inheritance of the ancestors of the Ji family. The future of the Ji family should be led by you. Otherwise, you want to watch Ji There are so many people here,

Was it destroyed in the troubled times? Qin Chen said.

He understands Ruyue's intentions, but this is also Ruyue's responsibility. If the Ji family wants to develop in the future and want to fight against Misty Palace, Ji Ruyue must be in charge.

"I understand." Ji Ruyue took a deep breath and looked at the many Ji family disciples who were kneeling down below, an inexplicable arrogance emerged in her heart.

The greater the ability, the greater the responsibility!

At this moment, she deeply understood the meaning of this sentence.

and.....

Ji Ruyue glanced at Qin Chen. She knew that there might be a grudge between Qin Chen and Misty Palace. Before, she was just an ordinary disciple of the Ji family, and she might not be able to help Qin Chen much.

And once she becomes the head of the Ji family, she will have the ability to give orders to the entire Ji family, and only in this way can she help Qin Chen more.

Even if it was for Qin Chen, she had to carry forward the Ji family.

"Get up all." Ji Ruyue said indifferently, her face restored arrogance, a kind of female emperor's aura came out slowly, making the elders and others involuntarily surrender from the depths of their hearts.

They are also wondering why they feel this way.

Even Ji Ruyue didn't know that after she got the inheritance of the Ji family, she would instinctively make all the geniuses of the Ji family obey her orders in terms of blood pressure.

Because of the previous battle, the entire Ji family ancestral land was in a mess. Then, under the order of Ji Ruyue, everyone moved and began to rest the Ji family ancestral land. At the same time, although he had subdued everyone in the Ji family, Qin Chen understood that there was still a lot to do if he wanted to completely control the Ji family, especially since the Ji family still has many forces outside, and there are still many strong people in the law enforcement palace. The relationship here requires

Sort out carefully.

Moreover, the next move of the Ji family should also be arranged quickly.

Fortunately, with the help of the Great Elder and Ji Hongchen, neither Qin Chen nor Ruyue need to be too busy.

Fortunately, Ji Ruri and the others hid in the ancient castle of the ancestral land before, and they have never fallen, all of them are intact.

This made Qin Chen breathed a sigh of relief. After all, Ji Ruri is a member of Ruyue, and if something happens, Qin Chen will also blame himself.

However, in order to prevent the wind from leaking, their minds were naturally planted with the Soul Talisman of Life and Death, which naturally cannot be saved. Against such a behemoth as Misty Palace, naturally there can be no slack.

In the black castle.

At this moment, Qin Chen was with the \*\*\*\* cat and others.

"Master, don't you know that the subordinate was called dangerous at the time. At that time, several masters from the Hall of Law Enforcement came together, and the subordinate was almost found out. If it weren't for the subordinates to excite the spirit and run fast, you might see You are not the master."

The Skeleton Rudder master talked about the affairs of the first day, while the emotion burst into fullness.

"It's okay, Yong Ye, don't make up stories there." Mokara waved his hand, disdainfully.

"Mokara, what are you talking about, how can I call it a story." Skeleton rudder master is depressed, this Mokara is too interesting, he is complaining to his master, and must interrupt himself.

"Isn't it? What you deal with is just a few branches of the Law Enforcement Hall, and you are not dealing with the largest camp in the Hall of Law Enforcement in One World. Master, let me tell you that the subordinates complain..." Mokara While talking about the Skeleton Rudder Master with disdain, he yelled again: "The subordinates are attacking but the most important branch of the Law Enforcement Hall in the whole world, and almost died to come back to see you, the master. I'm dead, don't

It's tight, but if you don't see the master, the old devil will be a ghost and uneasy! "

Qin Chen was speechless, who said that the alien demons were upright, one could pretend to be miserable than the other.

Too lazy to pay attention to the two, Qin Chen looked at the \*\*\*\* cat directly: "Big black cat, is my current physical body a realm of non-leakage?"

The parasitic seed has always been a stone that presses Qin Chen's heart, and if you want to get rid of the control of the parasitic seed, the soul power must achieve the state of leaving the soul, and if you want to achieve the state of leaving the soul, the physical body must first reach the state of no leakage.

However, even though Qin Chen physically broke through the eighth level of the Immortal Eucharist, he still didn't know whether he had stepped into the state of no leakage.

"You?" The \*\*\*\* cat stared at Qin Chen for a moment, then shook his head: "Not yet."

"not yet?"

Qin Chen was surprised. He had already cultivated to the eighth level of the Immortal Saint Body. In terms of physical strength, he was close to the peak Martial Emperor, yet he hadn't reached the state of no leakage?

When will it be achieved?

Is it necessary to break through the ninth level of the Immortal Eucharist?

Qin Chen couldn't help but sink. He was able to cultivate the Immortal Eucharist to the eighth level. He had already broken the martial arts record of the Tianwu Continent cultivation technique. But if he wanted him to break through the ninth level, he wouldn't dare. Imagine.

When the physical body reaches his current state, any improvement will become extremely difficult, and it will not happen overnight.

When he can really break through the ninth level, I am afraid that the parasitic seed has already taken him away.

"The reason why the state of no leakage is called the state of no leakage actually does not only refer to the strength of the body." The \*\*\*\* cat said: "On the strength of the physical body, your body is enough, but what you lack now is integration. ."

"Fusion?" Qin Chen frowned. "Yes, the so-called non-leakage means that the blood and the flesh are completely fused together, forming one with each other, so that the flesh is completely free of any defects, and the power of the blood is integrated into every part of the body. At this point, the soul can heal

Spread all over the body and truly separate the soul from the body. "In other words, the realm of non-leakage allows your soul to blend into any cell of your body, so that you can avoid the seizure of parasitic seeds. "The \*\*\*\* cat explained: "And now you have enough physical power, but the bloodline power,

However, he is still in the blood, failing to blend into the whole body, and naturally cannot be regarded as the realm of perfection. ""Fuse the power of blood all over your body?" Let every cell be the carrier of the soul? "Qin Chen murmured thoughtfully.

#### [Chapter 1806: Ji Family Zhibao](#)

"boom!"

In the hall, Qin Chen urged the power of blood, trying to let the power of blood flow into his body.

Crackling! The endless destruction thunder light surging, but no matter how Qin Chen does it, the power of these thunder blood veins only appears in various parts of the body for a short time. Once it does not actively operate, the thunder force will instantly converge and return to the blood vein.

.

"too difficult."

After some attempts, Qin Chen shook his head bitterly.

The so-called power of the bloodline itself exists in the bloodline, and if you want to integrate it into the flesh, this is simply not something ordinary people can do.

"Big Black Cat, is there no other way?" Qin Chen frowned and asked. "There are many ways, but everyone is different, but I feel that although your bloodline is powerful, you have not really understood the essence of it, and you can't manage it freely. When will you understand it, To let the blood

The power is truly integrated into the whole body. As for how to understand, I can't teach you, I can only rely on yourself. "The \*\*\*\* cat shook his head.

"Understand the essence of blood?"

Qin Chen smiled bitterly.

This is definitely an extremely difficult process. At least, you must first raise your bloodline power to the extreme, otherwise, the bloodline power is not perfect, how to talk about understanding?

"Fortunately, at least there is a direction. Now the only thing missing is time."

Qin Chen sighed silently. While his own strength was rapidly improving, the parasitic seed's improvement far exceeded his expectations. What he lacked most now was time.

"By the way, \*\*\*\* cat, you should return that thing." Since it was temporarily impossible, Qin Chen didn't continue to think about it, but said to the \*\*\*\* cat.

"What is it?" The \*\*\*\* cat was taken aback, suddenly feeling bad in his heart.

"What do you mean?" Qin Chen looked at it with a smile.

"The emperor doesn't know anything, let's not talk about it, the emperor is tired and ready to rest." The \*\*\*\* cat felt chilly and turned to run.

"Wow!"

Qin Chen stopped it and gave it a blank look, "It's okay, you can always bring things here, don't pretend to be garlic, I'm talking about the Ji family Zhibao." "He's meow, this is the emperor who finally got it. My treasure, your kid is too much, always thinking about my treasure, whether I have a conscience." The \*\*\*\* cat jumped up and his beard was blowing. It knew that this kid Qin Chen was uneasy.

What kind of heart. "I didn't let you take out the blood sea bead. That blood sea bead is a great treasure of the alien demon race. You can take it if you take it, but what do you want it to do with the Ji family's great treasure? It's something from the Ji family. Naturally, the important thing is returned to the original owner.

To Kisaragi. "

"What is the Ji family's thing, when it comes to the emperor's hands, it is the emperor's thing." The \*\*\*\* cat's eyes rolled, "unless you change it."

"Okay, I'll exchange something in the future. You can return the Ji family treasure first." Qin Chen was speechless, and the \*\*\*\* cat was too greedy for money. He had already agreed to give it the blood sea bead, but he didn't expect it to be. not enough.

The blood sea bead is so powerful that it is definitely a treasure.

"That's what you said, give it to you." The \*\*\*\* cat was too lazy to talk nonsense with Qin Chen, rolled his eyes, and threw it straight over. It also knew that this Ji Family Zhongbao would not be handed over and it would have trouble in the future.

"It's really innocent of the opposite sex," it muttered.

Qin Chen took Yu Jue, and the aura of rhyme burst out immediately, which was definitely some kind of strange treasure.

After getting Yu Jue, Qin Chen went to Ruyue's room again.

"Ah, Little Chen!" Ru Yue was communicating with Hong Chen and the Great Elder, and when she saw Qin Chen coming, she hurriedly stood up.

"Ru Yue, Little Chen, then I will go back first." Hong Chen and the Great Elder glanced at them ambiguously.

Ji Ruyue's face suddenly turned red.

"Ru Yue, I will put this on for you..." After Ji Hongchen and the others left, Qin Chen took out Yu Jue.

Ji Ruyue and Qin Chen met to resolve the crisis in the Ji family. She was filled with joy. She had forgotten everything. Now she saw that Qin Chen wanted to give her something, and it was still some kind of jade pendant. His cheeks were slightly red, and he was about to speak, but saw this. Pieces of jade jue.

Suddenly, Ji Ruyue felt a certain invisible connection between herself and this Yu Jue.

"Little dust, this is..." she said in shock, this Yu Jue actually gave her a very familiar feeling, and she knew at a glance that this Yu Jue was definitely not a simple thing, it was not trivial.

"This is the most precious treasure of your Ji family. It used to be out of Ji's hands, but now it is natural to return to the original owner." Qin Chen said with a smile.

"My Ji family's treasure?" Ji Ruyue was surprised.

"Yes, this jade jue should be of great benefit to your Ji family, let me put it on for you." Qin Chen put the jade jue on Ruyue.

After Yu Jue was put on, Ji Ruyue immediately felt an extremely comfortable feeling. It seemed that at this moment, the impurities in her body had disappeared automatically. The soul is constantly consolidating, and the perception of the rules of heaven and earth is even more clear and thorough.

"It is indeed a good thing." Qin Chen said with a sigh. Although Ji Ruyue didn't say anything, he had already felt Ji Ruyue's feelings from Ji Ruyue's hands.

"Little Chen, where are we going next after dealing with Ji's affairs?" Ji Ruyue and Qin Chen talked for a long time, and now she put on Yu Jue, only then did she remember to ask Qin Chen's plan.

Because she knew that Qin Chen would definitely not stay at Ji's house forever.

"I want to go to the Misty Palace to find Qianxue." Qin Chen said, what he is most worried about right now is Qianxue. Sisi should have no problem in Illusory Demon Sect, but Qianxue is too dangerous.

"Are you going to Misty Palace?" Ji Ruyue's expression changed.

She naturally heard about the power of Misty Palace, even though her Ji family was a hidden family, in charge of the law enforcement palace, it was extremely terrifying and powerful to the outside world.

But before, Ji Ruyue also learned a lot. The reason why the Ji family was in charge of the Law Enforcement Palace was all because of the arrangement of the Misty Palace. In the eyes of the Misty Palace, her Ji family was actually a dog of the Misty Palace. Ke Mo Like home, I have to listen The order from the Misty Palace.

As for the fight between the Ji family and the Mo family, it was like two dogs fighting for food.

If the Ji family's ancestral land is a valley and dangerous, then the Misty Palace is an abyss that can swallow everything. Ten Ji's past can be swallowed without the bones.

"There is little dust, this is too dangerous." Ji Ruyue looked nervous.

"Don't worry, I have my own plans." Qin Chen said, "I will let Ji Hongchen take me in at that time, nothing will happen."

"I want to go with you too." Ji Ruyue hurriedly said: "You can't leave me anymore. If you leave me, even if I am alone, you have to go." Ji Ruyue firmly looked at Qin Chen, she Knowing that no matter how she persuaded, Qin Chen would not let Qianxue leave her alone, but she would also go to Misty Palace together.

#### [Chapter 1807: Mo Family Attacks](#)

"Okay." Qin Chen held Ruyue's face, "If I go, I will definitely take you there, but for now, I will finish handling the Ji family's affairs."

The Ji family must deal with it well, this is related to Qin Chen's next plan.

The first thing to do is to control the Ji family powerhouse outside the ancestral land.

Just one day later, the ancestral land of the Ji family was almost restored to its original state under the rest of many strong men.

At the same time, the great elder began to issue orders, ordering the senior officials of the Ji family to come to the Ji family ancestral home, and there were important things to announce.

Ji Daoling and others who received the news were naturally very confused.

But the great elder had orders, but he didn't dare not follow it.

Therefore, Ji Daoling, Ji Daoyuan and others soon entered the Ji family ancestral land.

As soon as they entered the ancestral land, everyone felt that the atmosphere here was a bit weird.

"Huh? What's the matter? Why are there suddenly fewer strong people in the ancestral land?"

Both Ji Daoling and Ji Daoyuan have entered the ancestral land several times. Every time they came, there were many strong people patrolling the ancestral land. But this time, there were very few people guarding the ancestral land. This made everyone wonder and a little puzzled. .

"What the \*\*\*\* is the elder?" Someone frowned.

"No, it seems to have just experienced a battle here." Suddenly, Ji Daoling frowned and said in a deep voice.

This drew everyone's attention.

Ji Daoling carefully looked at the ancient castle of the ancestral land, his eyes became more and more certain, and said: "Yes, there has definitely been a battle here."

Although the ancestral land has been rehabilitated, it is naturally impossible to rehabilitate the ancestral land in such a fierce battle, and even the breath of thunder and blood in the air has not been completely dissipated.

"Could it be that after the powerful men from the Bloody Mountains were brought in by Ji Delong, they clashed with their ancestors?" Ji Daoling couldn't help taking a breath.

This is not impossible. The three people's attitudes were arrogant and lawless. Even the strong Mo family dared to kill at will. It is impossible to guarantee that there will be no conflicts in the ancestral land. After all, what the so-called baptism is, they also have a little understanding. "The three guys from the Luoxue Mountain Range are really terrifying. They can make such a noise in my Ji family ancestral land. Unfortunately, no matter who it is, as long as they enter my Ji family ancestral land, they will never want to escape." Ji Daoling sneered. , But a little

Not nervous.

There is an ancestor, no matter how strong the opponent is, it is impossible to escape, but it is surprising that the opponent can destroy the ancestral land under the ancestor's hand.

"This time the great elder called us, it should be for this matter." Ji Daoling and the others nodded, suddenly had a guess in their hearts, and then under the leadership of a strong man, they entered a hall in the ancient castle.

"Ok?"

As he entered, Ji Daoling's eyes suddenly became cold, and he saw Ji Ruyue sitting high on a chair in front of the main hall, and Ji Hongchen was standing beside Ji Ruyue.

"Ji Yue?"

Ji Daoyuan was taken aback for a moment, and his face changed drastically.

But Ji Daoling and others showed angrily in an instant: "Ji Ruyue, who made you sit on this, get me down."

He spoke immediately and said angrily.

Because the hall where everyone is now is a discussion hall in the ancestral land of the Ji family, above that high position, only the head of the Ji family is qualified to sit. "Ru Yue, aren't you being confined? Where's the great elder?" Ji Daoyuan asked in a hurry. What Ru Yue did was so bold that he dared to sit in the position of the Patriarch like this. Knowing that it must suffer more

Severe punishment.

"Kuritsu, come down quickly." His anxious face turned pale.

"Second brother, don't worry, Ru Yue is now the Patriarch of the Ji family, so naturally he is qualified to sit here." Ji Hongchen laughed from the side. "Haha, Hongchen, your brain is not good, she is the head of the Ji family? A little disciple of the Ji family dare to call herself the head of the Ji family, Ji Daoyuan, you think you have raised a good daughter, and Ji Hongchen, what do you mean by standing there?"

Want to look down on me and wait? I will definitely report this matter to my ancestors. At that time, it will be useless even if there is a great elder guarding you. "Ji Daoling said in a cold voice.

Is Ji Ruyue Patriarch? What a joke, he didn't believe it when he was killed. Today's Ji family, the Patriarch can only be born among the third-generation leaders such as him and Ji Daoyuan, and if you want to become Patriarch, the cultivation of Emperor Wu in the mid-term is a minimum. Ji Ruyue is a half-step Wu Emperor Tianjiao. I won't be her head

.

"Come here, bring me the two of them." Ji Daoling said coldly.

"Whizzing!"

Suddenly, two Emperor Wu who obeyed Ji Daoling rushed over.

"stop!"

But before they could take action, a rumbling cold shout sounded, and then, many powerful Ji family walked out from both sides and came into the hall, the leader is the great elder.

"Elder, you came just right, then Ji Ruyue and Ji Hongchen didn't understand the rules, so what should be the crime if they sit on the throne of Patriarch?" Ji Daoling squinted his eyes and said with cold light in his eyes.

If he didn't take such a good opportunity, wouldn't it be a waste of such an opportunity?

Unexpectedly, the great elder ignored him at all, and saw that after many Ji family powerhouses came to the hall, they knelt down on one knee, saluted Ji Ruyue respectfully, and said loudly: "Subordinates, I have seen the Patriarch!"

The loud voice echoed in the hall like thunder, shaking everyone dizzy.

"what?"

Ji Daoling was dumbfounded, Ji Daoyuan was also stupid, and the other powerful people in the Ji family also opened their eyes wide, each of them dumbfounded.

Are they hearing voices? What did they hear that the great elder called Ji Ruyue as the Patriarch? My God, it must be that they have been practicing too hard, which has caused a nervous confusion.

"Elder, what are you doing?" Ji Daoling said in anger, incredible in her eyes.

"Ji Daoling, haven't seen the Patriarch yet?" The Great Elder stood up and shouted coldly.

"Patriarch?" Ji Daoling gritted her teeth, his eyes turned red all of a sudden, "What kidding, he is the Patriarch? Where is the ancestor? I want to see the ancestor."

"Snapped!"

Before his voice fell, he saw a red light flashing, and the whole person was flew out, and instantly fell to the ground, but it was Ji Hongchen who made the shot.

hiss!

Everyone looked dull, Ji Hongchen slapped Ji Daoling away, are they dizzy?

Ji Daoling was the Wudi at the mid-term peak, and Ji Hongchen, but at the early peak, how could it be possible to fly Ji Daoling?

"Senior Mokara, please take action." Ji Ruyue stood up and said to one side.

"Don't say this to the mistress, the subordinates can't afford it, Jie Jie Jie." A figure walked out, it was Mokara, who flickered and appeared in front of many Ji family powerhouses. Got out.

Those Ji family powerhouses hurriedly wanted to resist, but were subdued by other Ji family powerhouses around them in an instant, and they could only watch them being planted with life and death soul charms in their bodies.

However, Ji Daoling and a few of his men were not planted with the Soul Talisman of Life and Death, and they roared out of nowhere: "Elder, what are you doing, let me go, I want to see the ancestors."

"Don't even think about seeing the ancestors, you can see him in hell, but it's not the time yet. Take it down." The elder sneered and Ji Daoling was taken down immediately.

And when Ji Ruyue rectified Ji's house.

"Where are the members of the Ji family? Get out of here." Outside the Ji family mansion, a roar sounded, and then, endless battleships appeared, the mighty and mighty team of the Mo family, descending to the Ji family in Jizhou.

#### [Chapter 1808: Bloodbath Ji Family](#)

boom!

In the sky, battleships appeared, like mountains, rolling over, hovering over the Ji family mansion, and even the endless sky was shaded and plunged into darkness.

"Who is making noise in my Ji's mansion."

Below, a strong Ji family rushed out, angrily and fighting spirit boiling.

What's going on these days? How come some cats and dogs dare to come over and run wild? Just after running a few monsters from the Falling Blood Mountains, some people came to the wild again, are they all impatient?

But when they saw the densely packed battleships in the sky, they all sucked in air-conditioning, their faces turned green.

It's the Mo family, and it's the top powerhouse of the Mo family, with such a huge momentum, is this going to go to full-scale war with the Ji family?

The leading powerhouse turned around and was about to run, otherwise, would he stay and die? Now that everyone in the Ji family and others are not there, he can only go up to death.

"Just stay with me when you come."

The Mo family powerhouse drank coldly, and then with a bang, he shot, the black palm pressed down like a giant mountain, and instantly bound all the Ji family warriors who rushed out in his hands. Hundreds of Ji family powerhouses were instantly imprisoned in this void, struggling fiercely, but it was useless. This void was already sealed, as if they were captured by emptiness palms, and they could not move at all. This is the power of the great power.

Now that the Ji family's direct lineages have all entered the ancestral land, what remains in the mansion are only some peripheral warriors, and the strongest of them is only the early martial emperor. In front of this old man who shot, even the courage to resist can not rise.

"Where are the members of the Ji family? Get out of the old man, don't you want the lives of these people?"

The old man shouted coldly, his anger roared, surging through the sky and earth like thunder, shaking the entire mansion trembling. As for those Ji family powerhouses, they were trembling with fear, because they had already recognized who the leader of the old man was, Mo Duanming, the great elder of the Mo family, the later giant Wudi, and the great elder were not there. They all went up. I'm afraid also

Can't escape death.

"Elder Mo Duanming, the elder of my Ji family is not here. You are too presumptuous to do this. Do you want to start a full-scale war with my Ji family?" Some Ji family masters sneered coldly and sent the news back immediately. Ancestral land. "Haha, Ji Dewei is not there? Then let the two boys, Ji Daoling and Ji Dayuan, get out. Don't tell the old man, they are not here either." Mo Duanming sneered, his heart burned with anger, unable to restrain himself, because he got the news. Him

Mo Wuji, the best of the three generations, brought a group of disciples such as Mo Qianyuan to the Ji's house to ask for justice, but he fell into the Ji's house. How could he not be angry? Although the Mo family and the Ji family have always been hostile and vying for each other, in fact, there is a sense of measure between each other. After all, everyone is in charge of the law enforcement hall under the misty palace. Nothing good

Place.

But who knows that the Ji family is so arrogant that even Mo Wuji dared to kill him. This is the leader among his three generations of disciples of the Mo family, who is expected to inherit the character of the Patriarch in the future. If this breath is swallowed, how will the Mo family be in the future? Domain based?

Therefore, the elder Mo Duanming came to kill at the first time, with a mighty momentum, and wanted to ask for justice.

The Ji family expert showed a wry smile on his face and said: "Ji Daoling and Master Ji Daoyuan really went to the ancestral land!"

"Then let your Ji family send someone who can speak up. If you don't give the old man an explanation today, the old man will level your Ji family."

There was a strange expression on the other party's face, and said: "Elder Mo Duanming, all the people in my Ji family who can take care of things have gone to the ancestral land, and only I will wait. It is better to wait a while, I Inform them immediately."

When doing something else, when did the Ji family be afraid of the Mo family, the other party bullied it so much and just did it.

But now that the elders are not there, everyone still understands the principle of protecting oneself.

Damn, none of the Ji family seniors are here?

Are you \*\*\*\* kidding me?

Mo Duanming was completely angry. This Ji family regards him as a three-year-old child. How could it be possible that none of the Ji family seniors were in the mansion and all went to the ancestral land. The so-called ancestral land is the core place of a family. In normal times, who would take it easy? Go in and think he

Does the Mo family have no forbidden land?

"It seems that the Ji family doesn't want to have a good talk, so don't blame me for being impolite. Okay, everyone is ordered to attack the Ji family's mansion. I want to see if there is any in this Ji family. People are here." The voice fell, buzzing, I saw many battleships above my head, one after another bright glowing rays, a palpitation breath filled out, countless energy gathered together, forming a line on the top of the battleship. The horrible energy beam,

To launch a fierce attack on the Ji family mansion below.

This is the real yuan gun on the battleship, with infinite power, equivalent to an attack of the Emperor Wu.

boom! In the next moment, the true essence cannons on dozens of battleships were fired at the same time. The rainbow light was shining, the true essence stirred, and turned into a terrifying flood of true essence, which instantly blasted on the large formation outside the Ji family mansion. The entire array shook violently, sending out an amazing

Explosion.

After the gunpowder smoke passed, the formation returned to calm, and finally blocked the attack, but the shield was obviously weaker and obviously consumed huge energy. "Huh? Ji's family hasn't sent anyone out yet, it's too much." Mo Duanming originally wanted to provoke a bit, but seeing this

situation, the Ji's family hasn't appeared yet, so he became even more angry. I look down on people too much, I really thought he didn't dare

Do you?

"Listen to my orders, continue to attack, don't break this Ji family mansion, don't stop." Mo Duanming was angry, murderous, and shouted loudly.

On the battleship overhead, countless energies gathered, and it was about to bombard again. Suddenly a cold snort sounded, boom, and then, a terrible pressure filled the Mo family's many powerhouses in an instant.

Whoosh whoosh!

In the distance, streamers appeared one after another, and it was Qin Chen and others who had received the news and appeared in the sky above Ji's house for an instant.

"Mo Duanming, you are so courageous, you dare to come to my Ji family mansion to go wild, do you want to die?"

The leader was the great elder, yelling with anger and arrogance. Behind him, Ji Daoling and others appeared one after another, angrily.

It was too much. So many people from the Mo family came to his Ji family mansion in a mighty manner. Obviously they didn't put his Ji family in their eyes. How could the Ji family bear it? "Ji Dewei, you are really good. My Mo family, Mo Wuji, came to your Ji family to ask for justice, but fell here. There is no bones left. Today, the old man is here to ask for justice. If your Ji family doesn't handle it today Please my Mo family, my Mo family

You must bloodbath your Ji family. "Mo Duanming's spirit was shocked, and he shouted coldly.

"Bloodwash my Ji's house?" Your Excellency has a big tone. "There was a cold drink in the crowd, and a peerless beauty walked out slowly, it was Ji Ruyue, with cold light in his eyes.

### [Chapter 1809: Movuch](#)

"What are you, a junior, go back." Mo Duanming looked at Ji Ruyue, his eyes swept away, showing disdain.

"presumptuous."

"Bold!"

"Mo Duanming, are you going to die?"

The crowd yelled, one by one, murderous auras, and the burst of murderous aura rushed into the sky, smashing the white clouds in the sky.

Ji Ruyue was the new head of her Ji family, and Mo Duanming dared to say that about Ji Ruyue, which naturally caused everyone's indignation.

"Why, a junior, can't the old man be scolded?" Mo Duanming sneered, but he was a little surprised. I don't know why these people are so excited, just a small junior.

But immediately, his gaze condensed, because he found that Ji Ruyue stood in a very special place, in front of everyone, like stars holding the moon. What was even more shocking was that he glanced at it, but he couldn't see it. Ji Ruyue's cultivation base.

How is this possible?

He is a giant of the late Emperor Wu, how can he not see the cultivation of a junior, it is strange!

"Junior? Senior elder Mo Duanming claims to be a senior, how about playing against my junior?" A sneer sounded, and at the same time, a red shadow came out with a graceful figure, but it gave people a sense of killing.

It is Ji Hongchen.

She walked out coldly, gazing proudly, looking down at a group of powerful Mo family, sneered at the corners of her mouth, looking forward mockingly, while staring at Mo Duanming, the elder of the Mo family, without any fear.

"It's up to you?" Mo Duanming sneered, glanced at Ji Hongchen, and took a deep breath again, because he found that the aura on Ji Hongchen's body was very condensed, which actually made him a little heavy.

Moreover, the opponent's cultivation has already entered the realm of the mid-term Wudi, which can be called abnormal.

"This Ji Hongchen, it is rumored that a few years ago, he was not the Emperor Wudi of the Nine Heavens. He served as the head of the Law Enforcement Hall of the Northern Heavens. Two or three years ago, he was lucky enough to break through and become the Emperor of the Nine Heavens. After this time passed, he actually entered the realm of the middle Wudi. Up?"

Mo Duanming's eyes were solemn, and the strength of the younger generation of the Ji family made him secretly awe-inspiring.

The Mo family and the Ji family have fought for so many years. If it weren't for the Misty Palace on their heads, they would have been on fire. Now that the younger generation of the Ji family is so good, he naturally feels pressure.

"Why, don't you dare?" Ji Hongchen sneered, "Dignified Mo family elder, won't you be afraid of me, Ji Hongchen?"

Mo Duanming was angry and his face was as dark as the bottom of a pot. He naturally didn't fear Ji Hongchen or even put her in his eyes. However, now that the opponent is calling for a fight, he can't be timid, but if he makes a move, even if he wins, will also spread out a name of bullying.

With a move in his heart, he immediately had an idea, turned his head to look at a middle-aged red-haired man, and spoke through the voice. Then, he sneered: "Since your Excellency wants to learn from each other so much, then my Mo family will naturally not be shy, but you are not worthy to start with the old man and deal with you. My Mo family has someone else."

"Fairy Hongchen, I challenge you!" The red-haired middle-aged man immediately walked out and shouted to Ji Hongchen.

Ji Hongchen sneered, when is this, Mo Duanming actually still holds her own identity, in the ancestral land, she hasn't fought against the late Emperor Wu, but when Mo Duanming said so, she naturally wouldn't break it.

"Since someone wants to die, this emperor naturally makes him wishful." Ji Hongchen said coldly, not paying attention to the red-haired middle-aged man.

"Wu Chi, you must be measured and can't kill." Mo Duanming said to the red-haired middle-aged man. Although he came to find justice, he didn't want to go to full-scale war with the Ji family. The Misty Palace was furious. Can't afford it.

The red-haired middle-aged person knows that this is the explanation of the great elder. As long as he doesn't kill people, he doesn't need to be measured. He nodded and said respectfully: "Yes, great elder."

Then, he stepped forward, showing a frivolous smile, looked up and down Ji Hongchen, and said: "I heard that Fairy Hongchen has not yet been married, and it happens that Mo Mou is still alone. You and I complement each other!"

Ji Hongchen glanced at each other with disdain, just this kind of stuff, also worthy of complementing himself?

Everyone in the Mo family is full of confidence in the red-haired middle-aged man. Although this person is frivolous, he is actually one of the few guardians in the second generation of the Ji family. His talent is shocking.

It's just that he is not used to working in the Mo family, so not many people know him in the Mo family, but in fact, he is a well-known expert in the Mo family. Mo Duanming can let him take action at this time, which shows that the other party Strength.

"Three moves!" said the red-haired young man proudly. If he goes all out, even Emperor Wu can fight one or two moves in the later stage. The limit of three moves already gives himself great leeway.

Everyone in the Ji family looked at Mo Wuchi lazily. They naturally knew Ji Hongchen's strength. If they would attract the attention of Misty Palace because of killing Mo Duanming, they would cause the Ji family to be exposed to danger. They are such nonsense.

Others in the Ji family who had not been able to enter the ancestral land were nervously watching Ji Hongchen. Although they also knew Ji Hongchen's strength, Mo Wuchi was after all the top powerhouse of the Mo family. Would Ji Daoling and Ji Daoyuanqiang be Mo Wuchi's opponents?

I hope it can hold up to three moves. If you are defeated by one move, the Ji family will be in danger and have to give the Mo family an explanation.

Ji Hongchen smiled and said, "Since you have said three tricks, let's do three tricks."

Everyone didn't know what he meant, only Ji Ruyue and the others understood that Ji Hongchen would defeat the opponent in the third move.

"The first trick!" The red-haired young man made a move. He pointed it out from a distance, and boomed, a small flame gushed out and turned into a arrow of anger, blasting towards Ji Hongchen, extremely fast.

The blood of blazing fire is flowing in his body. The reason why his hair is red is not because it is dyed, but because he is naturally close to the fire element and is good at fighting fire. The power of this fire arrow is terrible.

Ji Hongchen sneered coldly, and blew it at the angry arrow. Boom, a real yuan spouted from her mouth, and with a puff, the fire arrow went out.

Ji Hongchen sneered and said, "Today is not my birthday, so don't let me blow the candles."

"what?"

Everyone's eyes were about to burst, and no one thought that Ji Hongchen's strength was so strong that he could blow out Mo Wuchi's attack in one breath, which was unacceptable.

Mo Duanming was also startled, and said coldly: "Mo Wuchi, stop playing, be serious."

Mo Wuchi's face was cold and surprised, but he didn't take it too seriously. The first move was just a test. He turned his claws with both hands and said: "Then come and pick up my second move."

Boom, a powerful aura surged out of his body, his spine bulged, as if it turned into a big flame dragon.

#### [Chapter 1810: But three tricks](#)

"Chilong roar!" He shot, and pressed both hands out, and the monstrous flames suddenly condensed and turned into two giant flame claws, which are nearly ten feet long, toward Ji Hongchen's suppression.

This flame dragon is very condensed, and every flame power has turned into pieces of flame scales. This is the presentation of the rules of flame, which is very terrifying.

Moreover, a number of avenue symbols appeared on the dragon's claws, and the power of the rules flowed, making people feel palpitation.

Worthy of being the top powerhouse of the Mo family.

Ji Hongchen smiled indifferently, and the red cloak spread out, covering Mo Wuchi in.

boom!

This cloak was actually a heavy treasure, manifesting the rules of the avenue, covering the sky and the sun, wrapping the two of them.

Under the endless red color, no one could see Mo Wuchi, even Mo Duanming was no exception, showing a hint of shock.

And many people from the Mo family stared, and they couldn't help but think, if they were to fight against Ji Hongchen, how would they be besieged by the scarlet?

Bang!

In just a moment, Mo Wuchi broke out the red cloak, and Mo Duanming couldn't help but feel that he was thinking too much, and other people also felt that he was making a fuss. Mo Wuchi so easily Kill it, if they make a move, it shouldn't be too difficult.

But the corners of their mouths just burst into smiles, but the next moment, they all freeze again, their eyes shrinking slightly.

Because Mo Wu Chi killed it, but the attack route was deviated. It was originally going to Ji Hongchen, but now it is killing the Mo family team behind, roaring and falling with both claws.

boom!

An ear-splitting roar sounded, followed by a series of depressing screams. Many warriors of the Mo family were too late to respond. They were injured and became a mess. One of the early Wudi was accidentally exploded and turned into ashes. The casualties were heavy.

Only then did Mo Wuchi discover that something was wrong, and hurriedly stopped the attack, but at least nearly ten people in the Mo family were injured, and one person fell and was miserable.

"How come, I obviously shot at that Ji Hongchen."

Mo Wuchi's face was ugly, and his heart was frightened.

His second move naturally came back to no avail.

Mo Duanming couldn't help but sucked in the air. He saw that after entering the red cloak area, Mo Wuchi was disturbed by powerful mental power. He couldn't even figure out the direction, because he was attacking Ji Hongchen, which caused it. Such consequences.

He couldn't help but be shocked. If Ji Hongchen was able to resolve Mo Wuchi's attack, even if Ji Hongchen was strong, he would be able to accept it.

But you extinguished an attack by blowing your breath, and easily interfered with Mo Wuchi's shots with mental power. It was like teasing Mo Wuchi. How could this make him not surprised? Is the Ji family disciple already so strong? ?

Unfathomable!

"Third move!" Mo Wuchi roared, only feeling dull and pale.

Two consecutive moves were easily resolved by Ji Hongchen, and even caused the fall of his own family disciple. Naturally, the inner anger had nowhere to vent and could only be directed at Ji Hongchen.

boom!

He roared and began to accumulate big moves. The flames all over his body rose and crackled. His clothes were burned to ashes, and a piece of red crystal armor was exposed inside. The endless flames burned. The whole figure turned into a big day, burning blazingly. .

Burn all mountains and rivers!

This is his most powerful move, burning essence and blood, enough to burn the sky and destroy the earth, and strike a shocking blow. It can be said that with this attack, he can even seriously injure the Wudi at the mid-term peak.

Of course, in this state, he can only last for three breaths at most.

"Kill!" He rushed towards Ji Hongchen, roaring loudly through the world.

Ji Hongchen didn't dodge, but when Mo Wuchi pounced, she moved suddenly, booming, her claw protruded out, and her sharp claws seemed to penetrate the void, breaking Mo Wuchi's defenses in an instant. Mo Wuchi's flame scales on the surface of her body burst into nothing in her hands.

puff!

Ji Hongchen's claws appeared in front of Mo Wuchi's neck and instantly pinched Mo Wuchi's neck. The terrifying true essence erupted, Mo Wuchi suddenly screamed, and his bones were shattered.

"Don't kill people."

At this moment, Ji Hongchen heard a voice in his mind. It was Qin Chen. He reminded in secret that Ji Hongchen sneered and shook Mo Wuchi away. His bones shattered, and his limbs were drooped like a dead man. Without a trace of combat power.

"Three moves." Ji Hongchen said coldly, "This is what your Mo family calls the strong? But three moves!"

Everyone realized that this was what Ji Hongchen had promised to do.

With her strength, Mo Wuchi could be defeated by one move.

Mo Duanming's eyes could not help flashing a trace of anger, he quickly hugged Mo Wuchi, felt his body, and found that Mo Wuchi was only seriously injured, not falling behind, and he was relieved.

However, although it did not fall, the bones all over his body were shattered. Even if the Mo family had the god-defying medicine, it would be impossible to heal without ten and a half months.

His eyes couldn't help but cold, the other party could obviously keep his hand, but he was so cruel when he started. What does this mean?

Demonstration?

How did he know that if it hadn't been for Qin Chen's reminder, Ji Hongchen would have killed Mo Wuchi with one move, which was the result of keeping his hands.

He looked at the Ji family elder coldly, and said coldly: "Ji Dewei, what do you mean? Do you want to rip my face with the Mo family?"

"What do you mean?" The elder was confused and laughed: "Mo Duanming, today you came to my Ji family to be wild. My Ji family can't let you insult, right? Sending a disciple out to fight, is there a problem? As for tearing your skin and wanting to tear your skin, it's your Mo family, right?"

"Hmph, your Ji family killed my Mo family Mo Wuji, don't you want to turn your face?"

"Mo Wuji, we have never killed the Mo family!" The Grand Elder denied it.

"It wasn't your Ji family who killed it. How did you die?" Mo Duanming trembled with anger.

"You ask me, I ask who to go, anyway, it was not the Ji family killed, old man Mo, if you want to come to the wild, just say it, don't make any excuses." The elder sneered, who would admit that no one saw anything.

"you....."

"What am I? Do you have evidence? If you have evidence, take it out and hand it directly to the Hall of Law Enforcement. Let Misty Palace get you justice. If there is no evidence, don't talk nonsense." The elder sneered and said.

Mo Duanming took a deep breath. He really has no evidence. If there is evidence, he would have taken it out. It is really impossible for the Mo family to think that when Mo Wuji comes over, the Ji family will be so ruthless and kill directly. The whole army will be destroyed. Nothing left.

"Old man Mo, your Mo family came to my Ji family to go wild, I won't say much. Today, don't let the great elder take action. This emperor is here. You can let the Mo family come here, even if it's you. Ming shot, this emperor is next too. If you can defeat me, my Ji family will recognize it. If you are not an opponent, just go wherever you go. Don't talk nonsense here. My Ji family has no time to play with you."

At this time, Ji Hongchen spoke up, very proud, looking at all the strong men of the Mo family, aloof and empty.
