[Chapter 1811: Win with one blow](#)

This made Mo Jia suddenly furious.

The big elder of the Ji family is nothing more than talking. You, a junior of the Ji family, dare to despise their Mo family so much. Whoever gives you the courage, everyone is trembling with anger.

"Okay." Mo Duanming was also angry, looked behind him, and said: "Who would like to discuss with this one?"

There is no human interface. Judging from Ji Hongchen's performance just now, he is definitely the top mid-term peak Wudi, extremely powerful. Although the Mo Family is a top-level power, there are a lot of strong, and there are many mid-term martial emperors, but there are not many top mid-term peak martial emperors, not to mention that even so, it may not be sure to win Ji Hongchen.

No wonder the Ji family dare to be so arrogant, a second generation has already caused headaches for everyone in the Mo family.

Mo Duanming's face was a little embarrassed, but no one wanted to make a move?

What an identity he is, is it impossible to deal with Ji Hongchen himself!

Mo Duanming snorted displeasedly, the dignified Mo family elder didn't even have this face?

"Elder, let me come!" At this moment, a cold snort sounded, a middle-aged man, very wild, he bowed slightly to Mo Duanming first, and then looked at Ji Hongchen.

Mo Duanming's complexion suddenly looked better. This middle-aged man was the strongest of the second generation of the Mo family. His name was Mo Wufeng. Just like his name, this man was a martial idiot. The force of force is stronger than the few third-generation heirs of the Mo family, and can be recognized by him.

Mo Wu went crazy and stabilized.

Ji Hongchen smiled coldly and said: "Come on, I hope you get beaten by the guy before."

Mo Wu mad showed a hint of warfare, "If you think of me as Mo Wuchi's little white face, you are wrong."

boom!

When the voice fell, a terrible fighting spirit broke out from his body, and his fighting spirit rolled over, and the whole person suddenly became a **** of war, trying to poke a hole in the sky.

Everyone took a breath of air, as expected to be called Wu Feng. This fighting spirit was too terrifying. Many people backed back and shivered under this fighting spirit, feeling boundlessly small.

"Oh? It's interesting!" Ji Hongchen smiled coldly, raised a finger, and said: "One move."

Hiss, everyone took a breath.

Are you going to take Mo Wu Crazy with one move? Where is the courage!

On the contrary, Mo Wu was crazy and smiled, and said: "Then one trick!"

He stared at Ji Hongchen, his true essence revolved, and a knife-shaped mark appeared on his brow, and an ancient coercion spread out, making everyone's heart seem to be pressed against a big rock, which was extremely uncomfortable.

He used a big move, this is the power of blood, which can arouse the power of the ancient ancestors and increase his combat power by a large amount.

Win with one blow!

Ji Hongchen cut his hands behind his back, allowing the opponent to prepare a big move, without any intention of blocking it, and no plan to enlarge the move.

mad!

Everyone said in their hearts that it was Mo Wu crazy, even if it was changed to Mo Wuchi to face him, they had to raise 10,000 cautions, even if they were piled on the Ji family's Ji Daoling, Ji Daoyuan and other second-generation outstanding people, there are also The sure victory is that if you are a female stream, if you don't go all out, it must be an instant bombardment.

"Crazy Demon Knife!" Mo Wu yelled madly, put his hand on his forehead a little, slam, that knife-shaped imprint turned into a mad knife and cut it out, suddenly, the surrounding void condensed and was mad The intent of the sword was enveloped, and people nearby only felt chilly, as if moved, they would be torn apart by the intent of the sword and split in half.

Hiss, this is just a feeling of knife intent, and the power is so terrible, so if you really want to be hit by this crazy sword, is there a way to survive?

This knife is indescribable.

But Ji Hongchen smiled coldly, patted a palm leisurely, but just hit the tip of the sword.

So accurate! So fast!

Everyone exclaimed in their hearts, but immediately shook their heads. The intent of this crazy knife is so terrifying that you are still greeted with bare hands. Isn't this looking for death?

Flap, the mad knife shattered immediately, but the terrifying mad sword intent also passed into Ji Hongchen's body, trying to tear her body apart.

Mo Wucrazy couldn't help showing his arrogance, this was what angered him.

Boom, a terrible coercion soared from Ji Hongchen's body, crackling, as if something broke in her body, a purple halo flashed, that terrifying knife intent instantly collapsed, the next moment, Ji Hong Chen's palm continued to be photographed, turning into a purple palm print, like a mountain peak suppressing Mo Wu crazy.

Mo Wu was shocked, and the area covered by this palm was too large. He couldn't dodge it at all, so he had to explode with all his strength and punch into the sky.

Bang bang bang, a punch on that palm, but it had no effect at all. The purple halo surged and stopped all the attacks, and then the giant palm fell unstopably, bang, Mo Wu crazy figure immediately Disappeared. When Ji Hongchen raised his palm, Mo Wucrazy was already on the ground, his bones fractured and he was dying.

Sure enough, only one move was used.

It's as strong as Mo Wufeng, who has been preparing to release the strongest attack for a long time, but it was evened out by one move. How big is the difference in strength? You know that Ji Hongchen didn't make any preparations at all, just slapped casually.

Is this guy a giant of the late Emperor Wudi?

At this time, Mo Duanming's face completely changed, a little pale, moved by it.

He could see that Ji Hongchen's strength had exceeded the limit of the mid-term Wudi, at least stepped into the late-term Wudi state, otherwise it would be impossible to be so strong and could defeat Mo Wucrazy with one move.

But Ji Hongchen's cultivation is clearly only the mid-term peak?

Prior to the shot, Ji Hongchen's cultivation base was completely revealed. With his eyes, he would never be mistaken. It was definitely the mid-term peak, but he had the strength of a giant.

Oh my God, is it possible that the Ji family is going to produce another world-famous arrogant like Ji Wuxue?

Back then, Ji Wuxue came out of the Ji family and swept across the martial artist of the same level. The Mo family was overwhelmed and dazzling.

Now, another Ji Hongchen appeared.

"I'll fight you personally!" Mo Duanming said coldly.

Even if there is no face anymore, Mo Duanming must be able to do it, otherwise, he can only take the people of the Mo family and leave, making the Mo family a laughingstock of the Martial Domain, and it is difficult to gain a foothold in the Hall of Law Enforcement.

"Hehe, I've been waiting for you for a long time." Ji Hongchen smiled.

"Arrogant!"

Mo Duanming's eyes were cold, but his mood was a bit heavy.

He is not worried about Ji Hongchen. No matter how strong Ji Hongchen is, it may be his opponent. The only thing he is worried about is that the Ji family has such a genius, what will the Mo family do in the future?

Why don't you start to destroy her first?

Mo Duanming's eyes flashed, and a spiteful thought rose from his heart, and then, he looked at Ji Hongchen, unexpectedly smiled.

The Ji family was too naive, and wanted to use this Ji Hongchen to build up his prestige, so he took this opportunity to completely abolish this Ji Hongchen to avoid future troubles.

Thinking of this, Mo Duan moved quickly.

boom!

He killed him and slapped Ji Hongchen with a palm, trying to take advantage of it and behead him.

[Chapter 1812: exile](#)

As soon as Mo Duanming came up, he shot with all his strength, hum, a terrible shock, as if the sky was about to collapse.

In the sky, the mighty fist power swept across, rushing into the 33rd layer, trembling in the void, about to split, bursting out endless divine glory.

Worthy of being a giant of the late Emperor Wu, with a punch, the power is far more terrifying than the previous Mo Wu Madness.

"Okay, if the great elder takes action, this son will undoubtedly die." The Mo family was excited and trembling.

"Good job!"

On the other side, Ji Hongchen laughed, her hair fluttered, and she was not afraid. She also slapped her palm, facing Mo Duanming's attack, banging like a tsunami hitting the reef, and the terrible attack rolled up a thousand stories high. Soaring into the sky, shaking the clouds in the sky.

Two terrifying attacks collided frantically, uttered a violent roar, and finally quickly disintegrated and returned to nothingness.

After the blow, Wan Lai was silent, and many people were shocked by the strong energy, but they stared at Ji Hongchen in amazement.

Although Ji Hongchen had shown great strength and easily defeated Mo Wuchi and Mo Wucang, no one thought he could fight against the great elder Mo Duanming.

Mo Duanming, the elder of the Mo family, has been the emperor of the later Wudi for nearly a hundred years, and his strength is enormous.

But now? Ji Hongchen actually blocked Mo Duanming's blow, and still used the cultivation base of the mid-term peak Martial Emperor.

This... shocked the world.

Is there going to be another evildoer similar to Ji Wuxue in the Ji family?

"How can this Ji Hongchen be so strong?" Mo Duanming was also shocked and shocked. In his opinion, even if Ji Hongchen was strong, he would be no more than the mid-term peak martial emperor. It is impossible to talk about the strength of the true essence and the late martial emperor of his old brand. On par.

But after the fight, he was shocked. Ji Hongchen's true essence was indeed not as terrible as his, but the opponent's true essence contained an inexplicable power. This power was so pure that he could stand up against him and was not weak.

"This seems to be... a certain kind of magical power of the Ji family. Doesn't it mean that the Ji family's forbidden land has been banned for hundreds of years? Has it been opened recently?"

The Mo family and the Ji family have fought for so many years, and naturally they know the Ji family very well, and faintly distinguished that this should be the forbidden power of the Ji family's ancestral land.

"No, if you continue to grow up from this son, once she breaks through the realm of the late Emperor Wudi, no one in my Mo family will be the opponent of this son in the future. Today, I will kill it!"

Mo Duanming was shocked, his eyes froze, he moved again, booming, and rushed over for the first time.

Hum!

In his hands, there was a flash of sunlight, like a huge black and white grinding disc, slowly sweeping, it was Mo Family's stunning yin and yang grinding disc.

The black-and-white grinding disc has the power of unpredictable rules, combined with the power of Mo Duanming's bloodline, bursting out a shocking blow.

"So strong!" Everyone was shocked.

Under the yin and yang two-color grinding discs slowly crushed, the heaven and the earth seemed to be merged into this grinding disc, the heavens and the earth would collapse, turn into dust and return to chaos.

"Is this the real strength of the Mo family elder?" Ji Hongchen murmured, having to say that Mo Duanming's blow made her feel the pressure, and the whole person became extremely small under this black and white grinding wheel.

But the next moment, she moved, hum, the blood in her body surged, and at the same time, a kind of detached mood rose up in her body, Ji Hongchen, detached from the red dust, Yuhuangxian, this is her way, not ordinary.

boom!

The two have fought each other. For a time, the light of the avenue is condensed, and it is extremely bright. The two forces collide, and they are madly attenuated by each other. This is not only a confrontation of strength, but also a confrontation of rules. The power of confrontation.

Puff puff!

The black two-color grinding disc speeds up its rotation, crushing the power of the red dust, but in the same way, part of the power is also wiped out by the power of red dust. Then, the two forces bombard each other on each other, and the two fly out hundreds of them. Meter.

The further battle between the two sides still ended equally, which made Mo Duanming's face a little more solemn.

It is the first time that Ji Hongchen has encountered such a powerful enemy. If it hadn't been for her to absorb a lot of Forbidden Earth Spirit Liquid, her physical body had been transformed, and the bloodline and physical body had been combined, and the Spirit Liquid had transformed her true essence, just by her own mid-term peak. For her cultivation base, just the previous blow would cause her to be seriously injured or even fall.

However, she was not afraid, but was full of fighting spirit.

The forbidden area and his party allowed her to open a brand new door. Her ancestors of the Ji family came from the heavens, the Ji family, with the blood of the heavens, were the proud sons of the heavens and the earth, the darlings of the avenues, and were only the elders of the Mo family, Ji Hongchen. Why are you afraid?

Her whole body was burning with blood, and her temperament became more detached, as if she was going to go back vaguely. Then, she took the initiative to attack, her figure walking in the void, the red cloak swept across, with countless avenue runes and Sanskrit, for a moment Sweep out.

This is so fast, Mo Duanming was caught off guard, and suddenly looked embarrassed, but he was worthy of the Mo family's elder, the late-stage giant, flustered and not chaotic, with two fists in succession, different fist techniques, with different The rules quickly turned into a rule barrier, preventing Ji Hongchen from getting close.

After just a few moves, he slowed down and adapted to such an attack.

Such resilience made Qin Chen secretly nod, the top elder of the top power, the late-stage giant, as expected, with rich experience and real materials, able to quickly adapt to the battle and find his own rhythm.

Otherwise, how can you stand out in the family competition and become the supreme elder?

"It's time for me!" Mo Duanming let out a long roar, spit out abruptly, turning into countless avenues of rainbow light, and squeezed towards Ji Hongchen.

The rainbow light of this great avenue is extremely terrifying, and there are endless rules shining in it, one by one the great rune beating, containing the attack of the heavenly origin, the destructive power is simply unimaginable.

Everyone was shocked. It turned out that Mo Duanming not only successfully defended Ji Hongchen in a haste, but was also preparing for the next counterattack, otherwise such a powerful attack would never be released.

The hearts of everyone in the Ji family were raised. Such an attack was too sudden. Can Ji Hongchen stop it?

Ji Hongchen turned a blind eye to killing Mo Duanming. As soon as Daohong came to her body, purple light filled her body, releasing a heart-palpating breath, and a magic technique that seemed to travel through the past and the present was released.

"exile!"

Ji Hongchen drank low, like a fairy high above, banishing the world. In an instant, the void seemed to disappear. Together with the great rainbow light displayed by Mo Duanming, it disappeared in the smoke and clouds, as if it had never appeared before.

This is a magical force, as if it can banish everything in the world, not because it exists in the world.

Everyone around looked stupid, how did Ji Hongchen block Mo Duanming's attack before?

The methods Ji Hongchen used earlier completely exceeded their imagination.

[Chapter 1813: Soul Slayer](#)

Elder Mo's family also changed color, his avenue attack seemed to have been swallowed by this world, and disappeared without a trace in an instant.

Among the crowd, only Ji Ruyue and Qin Chen had their eyes flashed, and they understood the reason. This should be the inheritance given to Ji Hongchen by the ancestors of the Ji family. Such magic techniques could not be created by the martial artists of Tianwu Continent.

In the forbidden area, although the ancestors of the Ji family gave Ruyue all the inheritance, Ji Hongchen also got some inheritance. Although it was only a very subtle part, the ancestors of the Ji family were strong in the heavens. The so-called inheritance, How could it be simple?

"kill!"

Ji Hongchen coldly drank, and had already reached Mo Duanming's front, waved towards the opponent.

"Shield of Yin and Yang!" Mo Duanming snorted, hurriedly recovered from the shock, and moved his hands to the front. The black and white road rules rose up, sealing Ji Hongchen's punch.

Ji Hongchen frowned. She actually failed to blast Mo Duanming's defense with a punch. The opponent was indeed very strong.

Mo Duanming took advantage of the situation to counterattack, two black and white beams shot from his eyes, sweeping towards Ji Hongchen's door.

Yin Yang Demon Eye!

This is the evolution of Mo family's unique yin and yang eyes combined with the magic pupil technique of the alien demon race, which can break through all things and is unmatched.

"Hmph, too imaginary eyes!"

Ji Hongchen also snorted coldly, and in his pupils, there was divine light blooming, and under the cold breath, two terrible attacks were also shot out.

This is the result of the Ji family's secret technique Taixu Eye combined with the magic pupil technique of the alien demon race, and the power is equally amazing.

In particular, the Taixu Eye of the Ji family can peek into the mystery of all things in the world, with infinite power and great fortune.

Puff!

The two magic light eye techniques collided, and the soul level was clashing. The two snorted together, blood overflowing from the corners of their mouths, flying upside down.

Everyone saw that their breathing had stagnated. In just a few breaths, Ji Hongchen and Mo Duanming had switched offense and defense several times. Every time it was the turn of the attacker, everyone thought that the other person would not be able to carry it. Live, but the opposite turned out to be the opposite. Not only did the man take it, he even took the opportunity to launch a counterattack.

These two terrible people are really strong.

It is expected that Mo Duanming is so strong. The great elder of the Mo family has been in charge of the Mo family for more than 100 years. The Emperor Wu has a history of 100 years after the breakthrough. Over the past 100 years, he has studied magic skills and improved his cultivation. Belongs to the real giants on the mainland.

But how could Ji Hongchen be so strong?

He is only a second-generation figure in the Ji family, and he is still a junior in the second generation. In terms of seniority, he is not as good as Ji Daoling and Ji Daoyuan. It has only been a few years since the breakthrough of the early Emperor Wudi, but the cultivation level shown now is not weaker than Mo Duan. Ming this veteran giant.

This is totally unreasonable!

"Too strong, just a junior, kill!" Mo Duanming was angry, his hair turbulent, like a devil, om, he was filled with black light, and the cold air swept through him, like a demon coming out of purgatory, revealing the face of the devil.

He couldn't take Ji Hongchen for a long time, but was injured. He was completely angry, his combat power soared in an instant, and he was madly killed.

Boom!

Ji Hongchen also moved. The two of them made a move, fighting against hundreds of thousands of moves in an instant.

The people around changed color and retreated one after another, but the Mo family's two battleships had no time to escape. They were hit by the soaring true essence, and they squeaked. In just an instant, they exploded, blasted, and turned into the sky. The rain of fire fell and turned into two huge fireballs, pouring out huge energy.

The raging fire, as if to flood the whole world.

The two played against each other with a thousand moves, Mo Duanming's heart slammed, his brown hair rushed to the sky, a dark sword appeared between his eyebrows, and he slashed towards Ji Hongchen.

"This is Soul Destruction Sword!" Someone said in amazement, his face pale.

Soul Extinguishing Sword, this is not a real treasure, but a secret technique. It is rumored that Mo Duanming obtained it from an ancient ruin, and the entire Mo family can only be practiced by him.

Because when he entered that ancient ruin, he had received an ancient soul light, and that soul extinguishing sword was transformed from that soul light. Other people would not be able to cultivate without this soul light blessing.

Back then, Mo Duanming relied on this secret technique to sweep the invincible among the strong people of the same level in the Mo family, and became the great elder who truly took charge of the Mo family.

It's just that this secret method is too vicious, and it damages the soul a lot, so Mo Duanming didn't use it easily.

But at this moment, he was unable to defeat Ji Hongchen for a long time, and finally displayed it.

As long as anyone is slashed by this Soul Destroying Sword, even the ancestor at the later peak will have his soul damaged and suffer heavy injuries, let alone a younger generation like Ji Hongchen.

As soon as the Soul Extinguishing Sword came out, everyone felt panic and uneasy, as if a sword was resting on their necks. This was a deterrence at the soul level and made them want to take defense involuntarily.

The black sword cut through the sky and slashed towards Ji Hongchen in an instant.

Ji Hongchen unfolded his cloak, turned it into a sky, and wrapped the soul sword.

But, hoo, this black sword was unaffected, slayed out of the cloak, and continued to slay.

This is transformed by soul light and is not affected by material forces such as true essence.

"Die!" Mo Duanming looked fierce, showing his acknowledgment. As long as Ji Hongchen dies, then Mo Wuji's matter will be over, and Mo Wuji will be exchanged for a future top martial emperor of the Ji family, no loss!

"Hong Chen!"

Elder Ji's complexion changed slightly, exclaimed, his figure shook, and he was about to make a move in a hurry.

But at this moment, Ji Ruyue stopped him: "Elder, you are worried about watching." She quietly transmitted the voice, without any worry in her tone.

Seeing that the black sword was about to strike Ji Hongchen, Ji Hongchen's gaze suddenly shot out two cold lights, would the soul attack? Do you think she is afraid!

Hum!

A purple light flashed, Ji Hongchen's eyebrows also split, a purple streamer appeared, and, above this streamer, there were even traces of lightning lingering.

At the beginning, Ji Hongchen refined a lot of forbidden spirit liquids, and obtained the inheritance of the Ji family ancestors. When accepting the inheritance, the Ji family ancestors not only destroyed the soul-killing mark that Qin Chen planted in her mind, but also It is to temper her soul.

In addition, Qin Chen had fought the thunder calamity in the ancestral land before, and Ji Hongchen was also on the side. He was baptized by the thunder calamity, and naturally brought a trace of thunder calamity in his soul.

Naturally, there is no fear of anyone.

"come!"

With a thought in her mind, the purple soul light turned into a flying knife, intertwined with the black soul extinguishing sword.

boom! boom! boom!

The power of the two souls fought in the void, because they are both souls, and they can fight each other. It is a different kind of battle, but the level of danger is even more serious than a physical battle, because once the soul is injured, the damage to itself is devastating. of.

[Chapter 1814: Run away in embarrassment](#)

boom!

At the same time, Ji Hongchen and Mo Duanming also fought together again, and they were divided into two battlefields.

The chills that everyone saw were straight and horrified. If they were on the court, they would have been beheaded by the two people. But now, the two of you come and go, and they are not divided.

Ji Hongchen and Mo Duanming both performed unique tricks one after another, but no matter how they made their moves, they were still unable to completely suppress the other person, resulting in an unexpected difficulty in distinguishing their level.

Ji Hongchen is strong in the inheritance of the ancestors of the Ji family, and her soul and body have been transformed. This makes her far surpass the many strong people in Tianwu Continent. After all, that is the baptism of the strong in the heavens, and few people have ever received it. ?

Mo Duanming has a realm advantage, plus he has had an adventure and practiced hard for so many years, he has the absolute upper hand in strength.

The two have their own strengths, and they just offset each other, and the battle is inextricably difficult.

The two of you come and go, and both want to suppress each other. At this point, it is no longer a matter of the two families. It is a torture of their own heart, a test on the road.

True yuan soars into the sky, rules shine in the world.

The two sides once again fought hundreds of tricks, extremely dangerous.

finally!

With a bang, the two of them shook their bodies and moved away.

Both of them were a little embarrassed, their auras floating, but the physical battle did not tell the victory or defeat, but the spirits gave each other a note.

The soul and the body are in the same line, and Mo Duanming's face suddenly turned pale, he spit out a mouthful of blood, and his expression was extremely weak.

Ji Hongchen also trembled slightly, and his face turned pale, but her spirit had received the tempering of inheritance, but she was better than Mo Duanming. Although she was injured, her ability to carry blows was even better than Mo Duanming.

"what?"

Mo Duanming had a sharp pain in his mind, holding his chest, suppressing the blood qi in his body, watching this scene in disbelief.

Then, as soon as he moves, he will speak again.

"enough."

A cold shout sounded, and it was Elder Ji Dewei who snatched it out and sneered: "Mo Duanming, you dignified Mo family elder, even a junior of my Ji family can't defeat it. Do you still have to fight?"

"You..." Mo Duanming's face was pale and red, but his fighting spirit remained undiminished.

"Hehe, your Excellency will continue to fight, right? If I wait for a shot today, do you think you have a way to survive? Give you a chance, get out now, my Ji family will spare you the sin of disrespect, otherwise, you don't go !"

The great elder sneered and stepped out, and all the powerhouses of the Ji family immediately surrounded him, and Ji Hongchen also sneered coldly, and his momentum rose again.

Boom!

Ji Hongchen previously won the two consecutively and fought against Mo Duanming. Without falling wind, the Ji family's aura was stronger than ever before, and the spirit of the Mo family was suppressed. Everyone in the Mo family was unchanging, showing shocked faces and their faces were pale. stand up.

Especially seeing Mo Wuchi and Mo Wucrazy who had been seriously injured, and Mo Duanming with blood stains on the corners of his mouth, the Mo family disciples were more panicked and shivered.

Because they knew that this place was the residence of the Ji family, if they continued to fight, even the great elder would be defeated. Under the fierce Ji family, could they survive?

"Elder?"

A strong Mo family said cautiously, that expression had clearly begun to retreat.

Not only him, but most of the Mo family powerhouses shivered, with a trace of fear in their hearts.

"Hey!" Mo Duanming glanced at the Mo family behind him, his eyelids trembled, and he sighed

inwardly. He knew that his failure to take down Ji Hongchen had caused the Mo family's heart to dissipate completely. Continue to fight, only

Is asking for trouble.

"Ji Dewei, this matter won't just be forgotten. Your Ji family killed my Mo family Mo Wuji. In this matter, my Mo family will definitely ask for justice."

Mo Duanming put down a harsh word, then turned around and shouted coldly: "Let's go!"

The Mo family, who had originally been aggressive and mighty, got on the battleship one after another, and left in disgrace.

Seeing the Mo family leaving in embarrassment, everyone in the Ji family cheered, like a Chinese New Year, with a warm atmosphere.

The Ji family and the Mo family have fought for so many years, you come and I have each one's own injuries, and when you beat them so much, your heart is naturally happy.

"When I go back this time, the Mo family should be gone for a while, but I must be reluctant to let it go." The Great Elder looked at the leaving figure of the Mo family and said quietly. "Hmph, this time, let them go, if you come next time, see how I teach him." Ji Hongchen sneered, a little annoyed that he could not win Mo Duanming, or it was not long for him to break through. Failed to transfer the Dong

Xi thoroughly understood and understood, otherwise, even if it was one level short, he would still be able to kill that Mo Duanming.

"Haha, next time, I don't think it will be next time." At this moment, Qin Chen appeared and said quietly.

"Huh?" Ji Ruyue and others looked over.

It was Qin Chen's idea to let the Mo family and them leave before, otherwise, would the Great Elder and the others be willing to let Mo Duanming and the others leave unscathed? At least he should teach the other party a tough lesson, and raise the power of the Wei family.

But now listening to Qin Chen's words, it seems that he didn't intentionally let the Mo family and the others leave.

"Do you think we just let them go? It's such a good opportunity, wouldn't it be a pity not to find a chance to swallow this Mo family." Qin Chen laughed when he felt everyone's eyes.

"Little dust, what do you mean?" Ji Ruyue asked.

"It's not that the Mo family can't have an accident, but it can't happen on the Ji family's turf. This will attract the attention of Misty Palace, but if the Mo family returns to their own turf, it won't be enough." Qin Chen said with a smile.

"But in this way, won't Misty Palace still suspect our Ji family? After all, the Mo family came out to deal with our Ji family." Ji Ruyue was puzzled. "If the Mo family is attacked by an unknown person, the Misty Palace will naturally suspect that the Ji family is on the head, who made the Ji family and the Mo family a mortal enemy? But if the attack is not an unknown force, but the famous mainland A top power in

What will happen to the fruit? "Qin Chen said with a smile.

"A well-known top power?" Ji Ruyue was puzzled.

Skeleton Rudder's eyes lit up and said: "Master, you don't want us to pretend to be a heavenly organization to come out of the mountain, right?"

It gets excited, and the Heavenly Dao organization takes action, then it can improve its strength again.

"Heavenly Dao Organization?" Ji Ruyue looked over in confusion. She had been Guan Zudi for too long, so naturally she had never heard of this organization.

But it was the great elders on the side that they couldn't help being astonished, the Heavenly Dao Organization, what do you mean, is it that these people actually made the legendary Heavenly Dao Organization?

Fortunately, the other people around have been dispersed, leaving only a few Ji family cores such as the Great Elder, Ji Daoyuan, Ji Hongchen, otherwise the news will spread and the entire continent will be a sensation.

"The Heavenly Dao Organization, of course not." Qin Chen shook his head. The Heavenly Dao Organization finally fell silent. If it happened to appear at this time, under the wrath of Misty Palace, it would inevitably scrutinize all the nearby forces, and the Ji family was no exception.

"It's not the Heavenly Dao organization, is that?" Skeleton Rudder was puzzled.

Qin Chen suddenly looked at Gu Cangwu Emperor with a smile, and slowly said four words-Xuanyuan Empire!

[Chapter 1815: Star Mine](#)

Here is a lot of mountains, towering majestic, and dense.

Among the stretches of mountains, the mountains reach the sky, straight into the sky, here is a famous mountain range in the triple sky, called the Bianjue Mountain, although it is not a forbidden place in the martial arts, it is usually inaccessible, and ordinary warriors will never dare to take it lightly near.

But today, a group of figures appeared outside the mountains, wearing the armor of the Hall of Law Enforcement, with murderous aura.

"Gu Cang, are you sure there is a residence in the Xuanyuan Empire?"

Among this group of people, the leader is a young man who looks very young, but it is Qin Chen.

Beside him, there are masters such as Mokara and Skeleton Rudder Master, with their eyes radiating cold and fighting spirit. In addition, there are also a group of Ji family masters who are easy to follow. "Master, there is indeed a secret location in the Xuanyuan Empire in this Overbearing Mountain Range. The Tianxing Mine produced here is an important strategic resource. The Xuanyuan Empire discovered it a hundred years ago and secretly dug it for hundreds of years. Was sent here

The place has been stationed for a while, so the subordinates will know about this place. "The ancient Cangwu Emperor respectfully said.

"Sky Star Mine!"

The Great Elder and others who followed took a breath of air.

This is a strategic level material.

Tianxing Mine is a very special mineral. It can not only be used to make treasure soldiers, but also can be used to make formations and real treasures. It may even be used in alchemy. It is a very rare material.

Because the output of Tianxing Mine is very scarce, its price has always been extremely expensive, and it is rarely circulated on the market. Once discovered, it is often hidden by a certain top power, and it is rarely seen outside.

Even the Ji family does not have many Star Mines in the clan.

Qin Chen was also secretly surprised. He didn't expect the Xuanyuan Empire to have discovered the Sky Star Mine in this overwhelming mountain range. This was really luck.

"In addition to the Tianxing mineral veins, due to the suitable environment of the Bianjue Mountain Range, the Xuanyuan Empire also has a medicinal field here, dedicated to cultivating top elixir, which is also guarded by the strong." The ancient Cangwu Emperor said again, very sure.

"Except for these two places, I know some of the small residences of the Xuanyuan Empire in the Martial Domain, but I don't know much about the others." Although the ancient Cangwu Emperor has amazing talents, he is qualified to enter the Guyu Realm, and For the late Emperor Wu, but because of his cultivation, he naturally didn't know much about the secrets of the Xuanyuan Empire. The reason why he knew the situation here was because of his

Master once stationed here.

Therefore, when Qin Chen asked him, he immediately revealed the information about this place. "Very well. I heard that because of the Heavenly Dao organization, the Xuanyuan Empire and the Hall of Law Enforcement have long been like water and fire in the first and second heavens of the Martial Domain, and they are fighting a lot. However, it has always been just a little bit of trouble. Hall of Law Enforcement and Xuanyuan

Put a fire on the empire. "

Qin Chen laughed coldly, and then, his face changed, his temperament suddenly became gloomy, and he turned into an old man with wrinkles on his face, with a crossed knife scar on his face.

"How? How is this young man?" Qin Chen turned his head with a smile.

Elder Ji family suddenly took a breath, "You..."

Qin Chen's appearance was exactly the same as Mo Hongzhi, an old veteran of the Ji family, and it was difficult to distinguish true from false. How is this done? This kind of disguise technique is too terrible, right? The key point is that Qin Chen's temperament has also changed, becoming extremely similar to that person. Even the Ji family elder who often deals with the Mo family can't tell for a while.

come out.

What shocked the great elder even more was that Qin Chen didn't seem to have seen the old elder of the Ji family, how could he imitate it so vividly?

After the change was successful, Qin Chen put on a mask, and then said: "You also hide it, don't let people see the clues."

"Yes!"

Suddenly, the Ji family masters also concealed their auras one after another, becoming like Mo family. Of course, compared with Qin Chen, there is still some gap, but it is not very elegant. It is impossible for the other party to recognize it in a hurry.

As for the Skeleton Rudder Master, they are not to mention, the alien demons imitating the human power are already familiar with the road, and they are much more proficient than the great elders.

"Let's go, let's go to the Mo Family Law Enforcement Hall to fight the autumn wind!"

Amidst the light laughter, Qin Chen and the others rushed into the Barrier Mountain Range.

Under the leadership of Emperor Gu Cangwu, Qin Chen and the others quickly came to a certain position in the depths of the Overbearing Mountain Range.

"Master, it's nearby, but the subordinates don't know where it is." Ancient Cangwu Emperor stopped and said respectfully.

After all, he had only listened to his master casually speaking at the beginning, and had never been there in person, so he didn't know the specific location.

"How to find this?" The great elders frowned. The Boundless Mountain Range is too vast. Even if the area has been determined, it is not easy to find a hidden place in this area.

What's more, this place is the important place of the Xuanyuan Empire, it will inevitably be hidden extremely well, and it will definitely not be easily discovered, otherwise it will not be exposed for a hundred years, and there is no information about the intelligence of the Law Enforcement Palace.

"Leave the rest to me."

Qin Chen didn't care about it. He waved his hand and immediately the little ants and little fire appeared, and also the spirit-seeking bugs appeared at the same time.

After experiencing the thunder tribulation of life and death, the aura of the little ants has become more and more terrifying, and the whole body is full of thunder. Even the strong elders and other strong people have a trace of fear.

Qin Chen lightly transmitted the voice, Xiao Yi and Xiao Huo immediately understood the task, and soon flew out excitedly.

After only half an hour, Qin Chen suddenly raised his eyes and laughed: "Found it!"

After a while, Qin Chen and his entourage came to a mountain col.

"It's here?" The Great Elder said suspiciously.

Looking at it, it is very peaceful, with dead trees standing tall and falling leaves, there is nothing special, just an ordinary dense forest. Qin Chen smiled lightly, put the little ants away, and then blasted them out with a fist. In a moment, there was a bang, and the terrifying space rules were pervasive. The dense forest in front was bombarded and shook violently. The next moment, countless arrays Light

It lights up, revealing a huge formation.

"There is a formation." The Great Elder exclaimed.

Then I saw that behind this formation, there was actually a magnificent resident, and there were many strong people hiding here, and they were immediately alarmed.

"who?"

The powerful Xuanyuan Empire made a sound of anger and flew out one after another. Among them, the leader, full of murderous aura, was a giant of the late Martial Emperor, sitting here, thunder appeared.

"Hahaha, who? Naturally the people who killed you, the evil beasts of the Xuanyuan Empire, dare to fight against my law enforcement hall. Today, my law enforcement hall will bloodbath this place. If you don't keep one, let me kill!" Qin Chen yelled. , The voice was old, with arrogance and domineering, the first one charged up.

[Chapter 1816: Fire Sword Emperor](#)

Boom!

Qin Chen shot frantically, and in just an instant, the formation was broken and rushed into the crowd below.

"kill!"

puff!

The blood rushed to the sky, and the true essence was mighty. In an instant, several people were beheaded, blood splattered, and they died.

"It's a person from the Hall of Law Enforcement, how dare you move my Xuanyuan Empire resident to seek death!"

The Martial Emperor giant of the late Xuanyuan Empire screamed in anger. He killed him immediately, banging, and a flame war knife appeared in his hand. The war knife quickly became a hundred feet long, burning monstrous flames, like a heavenly sword, and it slammed towards Qin Chen. Cut it down, but the power is terrifying, the void trembles, and even the world seems to be split by a knife, shaking violently.

"Hahaha, just rely on you!"

Qin Chen was not afraid, and blatantly killed the past. The two men fought wildly, and the fierce killing intent drowned the world.

And after Qin Chen intercepted the late Emperor Wu giant, Skull Rudder Master and the Ji family also killed them.

"Jie Jie Jie!"

They laughed wildly, each wearing a ghost mask, like a wolf into the flock, wantonly shot.

"what!"

The screams sounded so terribly, it was too tragic. In an instant, more than a dozen people fell and blood flew across.

Although this place is the center of the Xuanyuan Empire, there are only two mid-term martial emperors, and a few early martial emperors, and most of them are the martial emperors who are mining here.

But based on these people, how can they be the opponents of Skeleton Rudder Master? This was a massacre at all, and no one of the powerhouses in the entire Xuanyuan Empire could resist it.

"You despicable villains!" The Emperor Xuanyuan Empire Fire Blade Martial Emperor roared with murderous aura, his hair pricked up with anger, and endless fire broke out all over his body.

He wanted to rush out of Qin Chen's encirclement for the first time, and go down to help, but it was useless. Qin Chen's strength was too strong. Under Qin Chen's interception, he could only watch the martial arts under his command continue to fall. Chenghe turned into corpses all over the ground.

"I'm fighting with you!"

Fire Saber Martial Emperor roared and boomed, endless flames burned in his body, and his whole person instantly turned into a burning man, killing intently, and slashed madly.

"Fire Wave Killing Technique!"

Boom boom boom!

The endless waves of fire swept through and turned into a monstrous sea of fire, wrapping Qin Chen layer by layer, and instantly increased his strength by nearly twice, making Qin Chen inevitable.

Click!

A flame of fire passed by and rubbed on Qin Chen's face, and the mask on his face suddenly cracked, revealing an old and hideous face.

"Mo Hongzhi!"

Fire Saber Wudi was furious and roared: "It turns out that it is your Mo family."

Chuzhou, where the Mo family is located, is far away from the overwhelming mountain range. The intelligence force here is also the strongest. When he guarded this place, the emperor said that we must be careful of Mo family and don't be discovered by the people of Mo family. This place, therefore, the Emperor Wu of the Fire Saber knew the Mo family masters well.

Now that he saw Qin Chen's appearance, he was suddenly frightened and angry, and finally found the real culprit.

Also, besides the Mo Family, what other force can gather the power of Misty Palace, gather so many powerful people, and launch such a fierce attack on their Xuanyuan Empire residence in a short time?

"Mo family, my Xuanyuan Empire will never spare you." Fire Blade Martial Emperor roared angrily. He looked down. The valley was in a mess, with heavy casualties, and there was no possibility of victory. The whole person rushed into the sky. To escape from here.

At the same time, he secretly induced a transmission jade slip on his body, and suddenly a message was transmitted out for the first time.

"Ok?"

Qin Chen felt the sending of this message, and suddenly laughed and succeeded.

"Want to go, have you gone?"

He sneered, and the Tiankong Wanzhuan formation quickly showed up, turning into a large formation covering the world. With a bang, the figure of the Fire Saber Wudi hit the top of the formation and was actually bounced. When he came back, his face changed suddenly.

"What kind of formation is this?"

He was shocked, the formation that could stop him, could it be the peak formation?

Before the anger in his heart could fall, Qin Chen already had a black long sword in his hand, and he immediately killed it.

"Jie Jie Jie!"

Seeing Qin Chen's actions, Mokara and the others also acted unscrupulously. In an instant, several top powerhouses had wrapped the Fire Saber Martial Emperor with murderous aura.

"Who on earth are you? Isn't it the Mo family?"

Emperor Huo Dao Wu was furious. He hurriedly wanted to send a message again, but found that he couldn't send it out at all. This world was completely blocked.

"Die!"

Qin Chen didn't bother to talk nonsense, so he acted immediately...

boom!

The battle was over if only half a pillar of incense was reached, and the entire Xuanyuan Empire resident was defeated, and all the strong fell, including Emperor Huodao Wu.

This is natural. With Qin Chen and the others working together, it would be ridiculous if even a late Martial Emperor couldn't hold it.

"Let's go!"

After sweeping the battlefield, finishing the layout, and looting the entire valley, Qin Chen and the others turned and left and quickly disappeared into the void.

In the quiet valley, only a strong **** atmosphere permeated, and it lasted for a long time.

At this time, Chuzhou.

Boom!

Above the endless sky of Wuyu Triple Heaven, battleships passed by, like black clouds, with mighty and fierce flags.

This is the battleship of the Mo family, sailing all the way to Chuzhou where the Mo family is located, majestic and majestic.

"This **** Ji family is too arrogant. If we don't kill their arrogance, how will my Mo family gain a foothold in the Martial Domain in the future? How can I manage things in the Palace of Law Enforcement?"

Mo Duanming was furious, furious among the battleship at the forefront. By his side, some high-ranking members of the Mo family were trembling, their heads down and their faces ugly.

No one could have imagined that this trip to the Ji family would end in this way.

"Elder, don't be angry. No one can predict what happened today. I didn't expect that the Ji family was born with such a talented arrogant. It is incredible. This Ji Hongchen, the old man, has heard of it before. There is talent, but there is no Is it so perverted?"

An old man appeared, his face was full of wrinkles, and he was very old, but his eyes were piercing and gleaming. Looking around, there was a shimmering light, which made people shudder, as if there was a terrifying beast dormant in his body, which contained explosive power of terror.

This person is a veteran of the Mo family, and is also at the level of the late Emperor Wudi.

As soon as he appeared, the other Ji family leaders bowed their heads even more.

"Hong Zhi, you were in a battleship at the time, so you didn't know what you were aware of. Ji Hongchen was very terrifying. His cultivation was not as good as me, and his true essence was far behind. But there was a mysterious power in his body that was terrifying. It's the old man who felt a trace of palpitations." Mo Duanming said with some palpitations. He was really afraid of Ji Hongchen, especially the purple mysterious power. When he came into contact with it, his heart was faintly afraid.

[Chapter 1817: See you off](#)

"Oh? Mysterious power?" Mo Hongzhi frowned, "Could it be the power of the alien demons?"

"It's not like it!" Mo Duanming shook his head, "The power of the alien demon is not clear, it is impossible not to recognize it, but it is somewhat like the power of the Ji family's ancestors."

"Ji family ancestral land, are you sure?" Mo Hongzhi suddenly turned around: "It is rumored that the forbidden land in Ji family ancestral land has been sealed by Ji Wuxue back then? Is it unblocked?"

The faces of the two suddenly became serious.

But this is a big deal.

As a hidden family, the Ji family had a great reputation in the martial arts back then. It relied on the forbidden area of the Ji family and was able to continuously give birth to strong people.

Later, the Ji family's forbidden land was sealed by Ji Wuxue, which also caused the Ji family's young and yellow not to pick up. Even if the Mo family can now fight against the Ji family, but two or three hundred years ago, the Mo family was still a little worse than the Ji family. One of the most important reasons for being able to catch up was that the Ji family lost the help of the forbidden land.

But if the Ji family's forbidden land is unblocked, then the problem will be troublesome, which is also a big deal for the Mo family.

"This matter, we must tell the ancestors, let the ancestors decide, and the Ji family killed Mo Wuji, we must not just let it go, we must ask for justice." Mo Duanming said with squinting eyes, The tone is cold.

Mo Hongzhi also nodded and said coldly: "Yes, if that Ji Hongchen really got the baptism of the Ji family forbidden land, then this person must not stay, otherwise in the future my Mo family wants to be in the law enforcement palace and Na Ji family It will be extremely difficult to resist the court ceremony. After decades, I am afraid that everyone in the Mo family will be able to stop her."

There was a cold light in both eyes.

Boom!

But at this moment, the battleship shook violently as if it had hit something.

Mo Duanming and Mo Hongzhi stood up suddenly, and the others also stood firm and hurriedly looked outside.

Outside of the battleship, an invisible array of light permeated and appeared in the void, completely sealing off the void, forming an array of Everbright Nets, and the countless battleships of Mo's family hit the array of Everbright Nets. So shaken.

"Who would dare to set up such a formation in Chuzhou to block the void, it is too presumptuous."

Mo Hongzhi snorted coldly, Chuzhou, the site of his Mo family, where a void formation was set up by someone, he didn't even know about it, it was inexcusable.

Whoosh whoosh!

Suddenly, a famous expert appeared in the Mo family battleship, ready to forcefully break through these void formations.

But before they could take action, in the void not far away, a group of people suddenly walked out, with masks on their faces, and coldly looked at the battleship team of the Mo family. These people have not done anything yet, but the powerful The momentum has swept over.

The strong men on the Mo family battleship were shocked at once, because the aura of these people was too terrifying. There were more than a dozen people, all of them were Wudi strong, and they did

not look like ordinary Wudi, that terrible aura, faintly making the void tremble, it is clear that only the top martial emperor can possess the aura.

"Who are you? Do you know who we are? Don't you dare to stop our team?"

The strong men of the Mo family sneered coldly, their eyes were gloomy, their Mo family was the top of the Law Enforcement Palace, and Chuzhou was their Mo family's site. How dare these people run wild on their Mo family's site, do you want to die?

"You? Isn't it the Mo family?" The leader on the opposite side suddenly laughed gloomily, his voice was cold, with a trace of chill, which made people feel very uncomfortable.

"I don't know if I don't get away." The strong Mo family scolded.

"Hahaha." This group of people laughed, laughing wildly, and while their figures were swept, they had already surrounded the Mo family's battleship faintly, blocking all their escape routes.

"Your Excellency, it seems that the visitor is unkind. I don't know what the Mo family has offended you, so you might as well say it. I will apologize to you for the Mo family."

At this moment, Mo Duanming and Mo Hongzhi walked out of the battleship. They didn't scold them in angrily. On the contrary, they folded their hands and said, squinting their eyes, cold light flashing.

They seem to be stable on the surface, but their hearts are sinking. Chuzhou is the site of the Mo family. No one in the world knows. This group of people dare to intercept them here. Not guarding.

Needless to say, this group of people who appeared suddenly was naturally Qin Chen and his party.

After they attacked the residence of the Xuanyuan Empire in the Overbearing Mountain Range, they rushed to Chuzhou for the first time and set up a large void formation on the only way to the Mo family to intercept.

And when he saw Mo Hongzhi appear, the great elder took a breath of air in the crowd and couldn't help but glance at Qin Chen. How could he not know that Mo Hongzhi was in the battleship team of the Mo family? Moreover, Qin Chen deliberately disguised Mo Hongzhi earlier, was it a coincidence, or did he see something?

"Haha, there is no need to apologize. I am waiting to see you off today. I hope you will go all the way." Qin Chen smiled gloomily.

"See you off?"

"Hahaha, of course, to see you off on the road to hell, hands-on."

Qin Chen sneered. He moved for the first time, and his body turned into a stream of light, and a terrifying aura burst on his body. At the same time, a flame of power rose from his body, and a war knife appeared in his hand, which was cut out with a single knife. , The flame of a hundred-meter-long blade suddenly burst out, and it is about to split the world.

Boom!

The light of the sword fell, and the flames swept across the sky. Mo Duanming's face changed, and he slapped it out with a palm. Suddenly, the light of the endless avenue rose, and the power of rules permeated, turning into a shield of yin and yang, intercepting in front of him.

Boom!

Knife light surged, fire light flooded the sky, terrible power swept away, and the void suddenly filled with wrinkles and ripples like cloth, spreading outward.

On the other side, Mokara also moved, hum, he was full of cold and cold aura, and a black halberd appeared in his hand. The halberd stirred, and instantly smashed towards Mo Hongzhi, banging, and the two clashed together instantly.

At the same time, the Skeleton Rudder Master, Gu Cangwu Emperor and others also started to find the target and attacked strongly.

puff!

In just an instant, several people fell, and the sky was bloody, screaming torn apart, turning into blood mist.

"You..." Mo Duanming roared, with murderous aura and boom, the black and white yin and yang grinding discs were circulating in his hands, and he was about to crush him towards the skeleton rudder and the others.

"Hahaha, your opponent is me."

In the void, a sneer sounded, and without waiting for Mo Duanming to take action, a terrifying flame force surged down, like hundreds of volcanoes erupting at the same time, the flames soaring into the sky.

In the flames, sharp blade lights flashed, and endless blade intent surged directly onto Mo Duanming's head.

[Chapter 1818: Tiandiquan](#)

The horrible flame knife slashed down, Mo Duanming was cold and his hair was erected. He only felt that the **** of death was approaching. At the critical moment, he did not care about the skeleton rudder master and the others. He could only form a yin and yang shield in front of him, rushing defense.

.

boom!

The light of the knife burst, and the yin and yang shield shook violently, creaking under the strong flames of the sky, and almost broke apart.

"Fire rules? Who the **** is your excellency? Why do you want to start with my Mo family!" Mo Duanming shouted angrily, chilled and cracked.

To be honest, before Qin Chen and the others did it, the first thing he suspected was the Ji family.

Did the Ji family secretly send a master to stop it?

But now after the fight, his face suddenly changed, because the opponent was definitely not from the Ji family.

The Mo family and the Ji family have fought for so many years, and they have been working together in the Hall of Law Enforcement. Naturally, they can't understand the masters of each other.

Perhaps the ordinary Emperor Wu didn't necessarily understand it so clearly, but the giants of the later Emperor Wu were definitely not missing, and they all knew the bottom line.

There is a saying that the person who knows you best may not be the person closest to you, but may be your enemy.

But now, as soon as Qin Chen made his move, Mo Duanming was sure that the opponent was definitely not a member of the Ji family, and the Ji family definitely did not have such a superb sword brother who practiced fire rules.

"Who are you?"

Mo Duanming roared with murderous aura. He couldn't figure out, besides the Ji family, which other power in the world would like to target his Mo family, set up a net of heaven and earth, and smash him.

"Who am I? Humph, your Mo family is extremely vicious. You use the power of the law enforcement temple to indiscriminately kill the innocents against me, and ask who we are. Today, so many of you don't want to live, all of you will die."

The flame blade light swept across, and the endless flames turned into flame dragons, roaring, frantically rushing to Mo Duanming.

Moreover, among the dragons, the light of the sword flickered, the intent of the sword was vertical and horizontal, and it was incredible, covering the entire space of Mo Duanming's body, not giving him any chance of escape.

As the emperor alchemy master, Qin Chen's control of flames is naturally terrifying, not to mention that he also has things against the sky such as Qinglian Demon Fire on his body, simulating the fire sword martial emperor's shot, it couldn't be easier.

"It's not that easy to kill me, Mo Hongzhi, let's kill it."

Looking at the Mo family disciples who were constantly falling around, Mo Duanming's eyes were red, and he roared angrily, trying to rush out of the protective circle of this void formation.

This is the territory of Chuzhou. As long as you rush out of here, once you notify the Mo family, there will be masters coming, no matter who these people are, they will have to die here.

"Get out? Is it that simple?"

However, the masked man seemed to know that his thoughts were average, and did not give him a chance to rush out. The flame blade gas turned into a cage, and the power of the space was aroused to completely block the void.

"hateful!"

"The big magic plate of yin and yang!"

Mo Duanming roared, the essence and blood in his body burned, and the blood veins rose up, a huge yin and yang grinding disc appeared, rumbling and rotating, squeezing out the endless flame blade energy, and blasting towards Qin Chen fiercely.

"Humph!"

Qin Chen drank coldly, squeezing the sword with both hands, and snapped out hundreds of knives in an instant.

"Flame Wave Sword Technique!"

Boom boom boom!

The endless fire wave swept through, turned into a monstrous sea of fire, blocking the crushing of the yin and yang millstone, but at this moment—

"Yin Yang Demon Eye!"

Two black and white lights suddenly shot out of Mo Duanming's pupils and appeared in front of Qin Chen suddenly.

Qin Chen evaded hastily, but it was too late. He watched the black light beam blast on his mask, revealing a domineering face.

"Fire Sword Emperor Wu, you are Fire Sword Emperor Wu!"

Mo Duanming was shocked, and his eyes revealed disbelief. Isn't Huo Da Wu Emperor a master of the Xuanyuan Empire? How could he be so bad at him?

Mo Family is in charge of the Hall of Law Enforcement and knows many masters in the world. At this moment, his heart is shocked, the flame wave sword technique, isn't this the famous sword technique of the fire sword Wudi?

"Hmph, I didn't expect you to see through the truth. It seems that you must die today."

Qin Chen's savage eyes were fierce and mighty, and the flames burned crazily on him, and then he coldly shouted: "Brothers, don't hide it, try your best. Now that they are recognized, they must not be allowed. One person escaped."

"Yes, my lord!"

As his voice fell, the ancient Cangwu Emperor and the others sneered coldly, hum, and an emperor's breath suddenly appeared on the ancient Cangwu Emperor, and at the same time, he fisted out.

"Tiandi Fist!"

Boom!

The emperor light shone, shocking the world, and the ancient Cangwu Emperor blasted out with a punch. Suddenly, nearly ten Mo Jiawu Emperors were involved, screaming and bursting open, and they fell one after another.

"Tiandi Fist? This is the stunning fist of the Xuanyuan Empire!"

Mo Duanming's heart was chilling, and he roared: "Fire Blade Martial Emperor, my Mo family and your Xuanyuan Empire have always kept the water in the well. You actually acted on my Mo family, aren't you afraid of the sanctions imposed by the Law Enforcement Palace and Misty Palace?"

He was anxious, and in a short moment, his Mo family had already lost at least half of the strong, and these people were the mainstay of their Mo family!

Qin Chen's eyes were cold, and he said grimly: "It's okay if you don't say it. I'm even more angry when you say it. The Law Enforcement Palace and Misty Palace recently chased and killed my Xuanyuan imperial disciple. They even told me that the well water does not offend the river water. Today, no Destroy your Mo Family, let me how the Xuanyuan Empire will gain a foothold in the Martial Domain in the future."

While talking, Qin Chen shot frantically, not giving Mo Duanming a chance to breathe.

"Fire Blade Martial Emperor, do you think you can kill us? The **** Xuanyuan Empire, dare to do something to my Mo family, and my Mo family is determined to upset your Xuanyuan Empire."

Mo Duanming roared, he looked around, and many of the Mo family's martial artists suffered heavy casualties. They had fallen a large number of them. His heart was filled with fright and anger. At the same time, he secretly urged a life and death rune on his body, and immediately sent a message, breaking through. The blockade was passed back to the Mo family ancestral land.

He was extremely anxious. Now that the news spreads back, there must be some time before the rescue comes. Can he hold on?

"Soul Destruction Sword!"

He roared, an invisible soul sword appeared at the center of his eyebrows, slashed frantically towards Qin Chen, and displayed a certain kill.

"Ok?"

Qin Chen felt the news from the other party, and suddenly laughed, and he succeeded here too.

"In this case, there is no need to waste time."

"The gods are dead!"

boom!

The aura on Qin Chen's body suddenly changed. In the center of his eyebrows, countless souls attacked frantically, and accompanied by the power of thunder and tribulation, smashed, and thunder light surged, instantly smashed on the soul-killing sword, actually smashing the soul-killing sword The cleavage flew out in embarrassment.

puff!

Mo Duanming spouted a mouthful of blood.

[Chapter 1819: Fall one after another](#)

The power of the monstrous soul is permeated. Looking around, Qin Chen stands proudly in the sky, and his whole person is like the same god, exuding endless power.

"Brothers, don't waste time, just do it and kill them."

After Qin Chen flew Mo Duanming's Soul Extinguishing Sword, while throwing out the Sky Control Ten Thousand Revolving Array, the entire void was double-blocked, and even a single message could not be transmitted.

Then, Qin Chen slapped the black gourd, buzzing, a large number of gas-eater ants and fire-refining insects appeared crazily, turning into two clouds, and swept toward the countless Mo family powerhouses below.

Now that Mo Duanming has been asked to spread the news, now is the time to start the killing, and the speed is fast, otherwise the Mo family rescue soldiers will come, then all the previous arrangements will be wasted.

"Jie Jie Jie, you can finally kill me. I just suffocated me." All I heard was a fierce laughter. It was Mokara. Black gas emerged from its body, and the chaotic black mist was filled with it. Mo Hongzhi was evenly matched, and his strength suddenly rose sharply. He blasted out with a punch and directly shook Mo Hongzhi into the air.

Qi and blood surged, and blood spurted out of his mouth.

"This is... the breath of the alien demon?"

Mo Hongzhi's vitality surged, trying his best to suppress the true essence, looked at Mo Kara in anger, and said in shock.

"You are not from the Xuanyuan Empire, who are you anyway?"

Mo Duanming also watched this scene in horror, revealing an unprecedented horror.

On the battlefield, the Skeleton Rudder Master and the others no longer conceal their cultivation bases, and make all-out efforts. With the terrible killing intent falling, the Mo family powerhouses who could barely resist before fell crazily.

"Mo Duanming, I haven't seen it for a long time, why don't you recognize your old friend?" An old voice sounded, with excitement, making Mo Duanming feel extremely familiar.

"Ji Dewei, it's you bastard!" Mo Duanming was taken aback for a moment, but immediately recovered his senses, revealing a frightened expression.

At this moment, his face completely changed, he turned out to be a member of the Ji family, how could this be possible? How could the Ji family suddenly appear so many strong people? And the alien demons would actually take action for the Ji family? The Mo family is also at the top of the Hall of Law Enforcement, and there are alien demons in the family. Naturally, it is clear that although there are alien demons in their two major families, these people are only hiding by living in their family. Their owner

As a secret base.

In fact, their Mo family can't mobilize the masters of the alien demon race at all, and although there are more masters of the alien demon race on the Ji family, in fact, they can't mobilize the alien demon race people.

Moreover, in order to prevent exposure and leakage of information, many top forces in the mainland have discovered the existence of aliens. People of aliens rarely walk outside, and it is impossible to accept foreign missions.

But now, there is a stranger from the alien clan taking action for the Ji family, which is completely beyond Mo Duanming's imagination. "Ji Dewei, what do you want to do? Don't you be afraid of the Misty Palace sanctions if you do this? Stop it quickly, there may be a chance to recover, otherwise, even if you kill me, you will not escape the Misty Palace's punishment, your Ji family The whole family will sink,

Was razed to the ground. "

Mo Duanming said in anger, cold sweat broke out all over his body, trying to stop Ji Dewei's shot.

"Hahaha, the punishment of Misty Palace? It is the people of the Xuanyuan Empire who killed you. What does it have to do with my Ji family?" The elder said with a smile, his heart happy.

The Mo family and his Ji family have been fighting for so long, like a dog-skin plaster, it is so refreshing to have seen them look so embarrassed and frightened. "Ji Dewei, you have such a poisonous heart." Mo Duanming trembled all over, and a chill appeared in his heart. He hurriedly urged the rune of life and death again in secret, wanting to pass the news, because he had clearly pointed out the previous news to the family. Sneak attacker

He is from the Xuanyuan Empire.

But the next moment, his face changed, because he found that his message could not be sent at all, and the world was completely blocked.

"Mo Duanming, don't waste your energy, this place is where you are."

The great elder sneered, made a strong shot, and shot a series of terrifying streams, instantly flooding the crowd, and series of terrifying attacks fell on everyone in the Mo family.

"Boom boom boom!"

At the same time, other people also shot, countless streamers shot out, and there were bursts of violent roars, accompanied by desperate screams.

In an instant, this place became a **** on earth. I don't know how many people were killed. The blood immediately dyed the world bright red.

"Elder, save me!"

"Old Hong Zhi, I don't want to die!"

In the sorrowful screams, there were screams of fear, but it was useless and no one kept their hands. From the moment they set foot on the battleship against the Ji family, their solution was doomed.

Everyone is responsible for their own decisions.

In just a moment of effort, the screams ceased, and apart from a strong **** atmosphere, only Mo Duanming and Mo Hongzhi remained in the world.

"kill!"

Ji Hongchen, Great Elder, Ji Ruyue, Mokara and Skeleton Rudder Master all moved and quickly slew to Mo Hongzhi.

"what!"

Mo Hongzhi screamed. Under the attack of so many powerful people, his soul was instantly wiped out and fell on the spot.

In the end, only Mo Duanming was left on the court.

"kill!"

When Ji Dewei and others were killed, Mo Duanming was already stretched to face Qin Chen alone, not to mention being surrounded by so many powerful men, and he was dying of blood.

"Don't rush to kill him first."

Qin Chen suddenly said something, with a hesitation on his face, wondering if he would enslave Mo Duanming.

After all, as the elder of the Mo family, Mo Duanming knows a lot, and this person is a later martial emperor, once enslaved, it can be regarded as a help.

The only trouble is that keeping Mo Duanming will have some unspeakable impact on the birth of his plan. After all, everyone else is dead, and Mo Duanming does not know whether he is alive or dead, which will attract the suspicion of Misty Palace and the Mo family, leading to extraneous branches.

"Try to enslave first."

Qin Chen's eyes flashed, and a terrible soul power swept down, and with a boom, it directly rushed into Mo Duanming's mind.

What shocked Qin Chen was that his soul power could not leave a mark in Mo Duanming's mind.

"There is a soul light in this person's mind that can shield all external souls from erosion. Your soul power is too weak, so you can't suppress this soul light and leave a mark." Qin Chen's mind suddenly sounded Lao Yuan's voice .

"Soul Light? It's the Soul Destroying Sword!" Qin Chen was taken aback, then came over, shaking his head slightly.

I was thinking of enslaving this person, but since enslavement can't be done, this person can only die.

"dead!"

Qin Chen pierced out with a sword, and the void flashed, the sword light directly penetrated Mo Duanming's mind, crushing his soul sea in an instant.

Whoosh! At the moment when Mo Duanming's soul was annihilated, a soul light burst out of his mind and rose into the sky!

[Chapter 1820: Hurry up](#)

"It's that soul light!" Lao Yuanlian said!

"Come!"

Qin Chen raised his hand and grabbed it with a big real yuan hand, but the soul light directly penetrated the big real yuan hand and couldn't catch it at all.

Seeing the soul light is about to rush out of the encirclement-

"Meow!"

The **** cat appeared, swiping a paw, and the soul light suddenly seemed to have seen the cat's mouse, and hurriedly fled in another direction.

"The cage of ten thousand gods!" Qin Chen's eyebrows burst out with a large amount of soul power, forming a net of heaven and earth, covering the soul light. What shocked Qin Chen was that his soul power could not stop this soul light. In the net, although the speed of the soul light is reduced

, But still able to escape.

"Kid Qin Chen, don't catch it with your soul power. Your soul power is far inferior to it. It's equivalent to catching the Dapeng with a spider web. Can you catch it? With your demon fire!" The **** cat rolled his eyes.

Qin Chen repeatedly displayed the green lotus demon fire, and suddenly a weird blue lotus flame appeared in the void. The flame bloomed and turned into a green lotus cage, wrapping the soul light in the middle.

As expected by the **** cat, the soul light felt the breath of the green lotus demon fire, trembling suddenly, did not dare to move, and was suddenly included by Qin Chen in the jade disc.

Since then, the battlefield has completely calmed down. Looking around, the entire Mo family powerhouse has been wiped out, and no one has survived, only the strong **** aura permeates, like purgatory.

"Less dust!"

When Ji Ruyue came to Qin Chen's side, her face turned pale and said.

It was the first time that she had done this kind of thing, killing so many people, and she couldn't calm down for a while. "Ji Yue, you must remember that you are now the head of the Ji family, and the future

of the Ji family, between your thoughts, sometimes people need kindness, but in the face of enemies, you must never be kind." Qin Chen touched. Ruyue's face, staring at her pupils,

Road slowly.

Ji Ruyue nodded and said: "Little dust, don't worry about me, I actually understand it."

"That's good." Qin Chen said.

"Okay, don't get tired and crooked, Lao Yuan, work!" The **** cat suddenly appeared next to Qin Chen, shouting to Lao Yuan in the jade plate of Universe Good Fortune.

"Okay, let's start!" Lao Yuan said, and then, an invisible force diffused from the jade disc of good fortune in the universe, and instantly enveloped the entire battlefield. The next moment, Qin Chen and the others on the battlefield completely disappeared. Including the alien demons released by Mokara

The breath was also thoroughly purified, and the cold air was swept away.

"Get it done, let's go!"

Qin Chen naturally wouldn't waste the dozen or so huge battleships on his head. After putting them away, a group of people quickly disappeared into the void and hurried away.

Hum!

Thousands of miles away, Qin Chen and others appeared before a teleportation array that had been arranged long ago. The light flashed in the void, and Qin Chen and others disappeared instantly using the teleportation array.

Kacha, and after they left, the originally arranged space teleportation array burst open and turned into powder, disappearing with the wind, leaving no trace.

In Qin Chen, they had just left the battlefield for a while.

Whoosh whoosh!

Suddenly a few streams of light swept over in the distance. These were a few Wuhuang strong men who felt the movement here and hurried over quickly.

If Qin Chen and the others go one step later, they will definitely meet these people head-on.

I saw these few people, with extraordinary aura, obviously a certain not weak power in Chuzhou, looking at eagles and birds, quickly came near the battlefield.

"Huh? There was a clear roar just now, why did it disappear all of a sudden?"

The leader was a burly man, frowning and said, his voice has not yet fallen, suddenly someone exclaimed, his voice was full of fear and amazement: "Big brother, look here."

The burly man shook his body and quickly came to the place where his subordinates were. He was pale and trembling. He looked at a valley ahead in amazement, his body trembling like chaff, horrified.

"Zhao Si, what's the matter?"

"Looking at you being scared like this, wouldn't it be hell?"

"Hahaha!"

Several other people rushed over when they heard the movement, and said with a smile, but Zhao Si didn't realize it, but trembled, his eyes full of horror.

The burly man frowned, and the others were stunned. They even looked at the valley. At this look, their expressions were frozen, and there was a look of fear in their eyes.

I saw a corpse in the valley ahead, filled with blood, like purgatory, making people burst into endless chill from the depths of their feet. What frightened them even more was that those people were all wearing Mo family costumes, and they exuded a terrifying aura. Obviously they were the top masters of the Mo family. The aura that some of them exuded after death made them feel terrified. even

I want to kneel down.

"Emperor Wu is the Emperor Wu of the Nine Heavens, the top of the Mo family."

"How come? How could the people of the Mo family die here? Who killed them?"

"It's terrible. So many powerful people in the Mo family died here. After that, Chuzhou will be in chaos. Who is so bold?"

The faces of these people were horrified, they couldn't even speak, and they trembled.

"Brother, what shall we do now?" Someone said tremblingly.

"What can I do? Go, hurry, don't let people know that we have been here, hurry."

The burly man in the lead was horrified and said that this matter was too big, no matter who the killer was, no matter who the dead people were, as long as they were involved, they would be like an ant, unable to get involved.

Thinking of this, this group of people quickly turned around and left, but at this moment--

Boom! Suddenly, the endless sky seemed to be dark, the sky seemed to suddenly come from day to night, and a suffocating aura came. A dozen powerful auras swept over. Everyone was wearing Mo family costumes with expressions. A touch of killing

color.

As soon as this group of people appeared, they landed in the sky above the valley and looked coldly at the valley below. Suddenly, the killing intent was awe-inspiring, as if there was a ghost crying, black blood appeared between the sky and the earth, and the endless cloudy wind screamed wildly.

Flop!

This power is so terrible. The few people who came before felt that their bodies were about to split. The true essence in their bodies was suppressed and unable to move. They knelt down instantly, prostrate on the ground, their bodies trembling, and they didn't even have the courage to raise their heads. .

There was endless fear in my heart.

"Great Elder!"

"Hong Zhi!"

There was a roar of fright and anger. It was a few of the dozen people in the sky. Under the furious sound, thunder and slamming sounded from the sky. The world was about to collapse. Within a thousand miles, countless creatures were kneeling on the ground. , Screamed endlessly.

"Ah!" The Martial Emperors who were close to the valley also screamed, their bodies shattered and blood emerged, their bones crunching, and their bodies bursting open.
