

Valkyrie 1951

[Chapter 1951: Deepened misunderstanding](#)

"Xier, listen to me to explain..."

Feng Shaoyu hurriedly explained that he also felt something was wrong. Tianmen Sect attacked the Misty Palace and insulted Murong Bingyun. There must be something wrong with it.

But just as he was just about to explain and defend, a black shadow flashed across the sky abruptly, and while his mind was shaking, a black shadow pierced his body.

"what!"

The timing of the black shadow's sneak attack was so ingenious that he could not react at all for a while. In a rush, he could only dodge to the side, but he still couldn't make it. He snorted, blood spattered, and the magic was strong.

"It's you, all this is the conspiracy of your alien demon." Feng Shaoyu saw the attacker, and suddenly became angry. He was also an alien demon. If it were not a alien demon, how could Xi'er follow him? See it like this.

Since accepting these alien demons, Xi'er has changed and he no longer knows him.

"you wanna die!"

Feng Shaoyu was furious, and the sword of the emperor was lifted out, and the sword light rushed into the sky, turning into an invisible sword energy violently rushing down towards the black shadow.

boom!

The sword energy soared to the sky, cutting through the eternal age, and under Feng Shaoyu's sword, the void burst, instantly splitting the black shadow in half, but shortly after, the black shadow condensed again and turned into a human form again.

"Feng Shaoyu, you killed my alien demons and destroyed the Mo family cemetery. Now you are destroying the Ji family ancestral land, which is equivalent to destroying my alien demons residence, destroying my alien demons reincarnation altar, today I will not kill you, Tianli Unbearable."

The black shadow said ferociously, and then hundreds of black magic energy burst into his body, and the tentacles were dense, instantly wrapping Xiangfeng Shaoyu.

"Just rely on you, people, people, ghosts, and ghosts, give me death!" Feng Shaoyu held the sword of the emperor, bursting out of the emperor's air from his body, majestic, towering in the sky, facing the black devil energy in the sky. The tentacles cut off frantically.

Boom boom boom!

Feng Shaoyu casually took a sword. There were no amazing moves and no changes, but the power that broke out was unprecedented. Under this sword, the world would mourn for it, the power of rules, the power of heaven and earth. Not to mention, all the power dissipated under this sword and was suppressed.

With the sound of "Puff...", the countless dark tentacles were instantly cut off, without any suspense. Under this sword, the large number of tentacles that were enough to explode a giant Wudi suddenly exploded, without a trace. Resist.

The sky's tentacles were cut off, and all the black devilish energy suddenly turned into feud, floating and scattered.

The sword of the emperor, Feng Shaoyu is holding the sword of the emperor, the saber of the ancient emperor, with one sword in his hand, the world is invincible.

This is the horror of the Emperor's Sword. Once it really breaks out, it can suppress everything. All power must be dissipated. Under this Emperor's Sword, no matter what power it is, it must be slaughtered.

With a sword severing the tentacles in the sky, Feng Shaoyu coldly walked forward, the imperial energy erupted in the Emperor's Sword, and once again approached the shadow, with a sword slashed over.

This sword is more dull and silent, as if it does not contain any special power, but when this sword is cut down, all the brilliance between the heavens and the earth disappears, as if the night is instantaneous, and all the light sources are flooded. In that sword.

Unstoppable!

"Holy Land?"

The shadow was shocked, looking at Feng Shaoyu.

"No, it's not a holy realm. The power of this heaven and earth has been restricted. For the time being, it is impossible for anyone to step into the holy realm. You just touched the threshold of the holy realm."

The black shadow was concentrating, looked at Feng Shaoyu carefully, and finally said savagely.

"Hmph, it's enough to kill things like you, neither human nor ghost."

Feng Shaoyu sneered. Although he was injured, he was very proud and his eyes were squinting. He is the king of the earth, the master of the world, and the most powerful emperor on this continent.

His sword fell, the world was silent, and everything was going to collapse.

"If you don't reach the holy realm, you are also arrogant in front of this seat." The black shadow yelled, booming, and the magical power was overwhelming. It turned into a huge black shadow as high as a hundred meters, like a purgatory asura walking out of hell, with a palm facing the sword of the emperor. Caught away.

Hum!

The extremely quiet Huaguang bloomed, and countless buzzing sounds rang, and more black tentacles emerged than before, densely packed, filling the world in general and blocking the sword of the emperor.

Feng Shaoyu didn't care about these black tentacles that suddenly appeared, and he didn't even blink his eyelids.

With a sound of "clang", the sword of the emperor burst into endless rainbow light. With the sound of a sword sound, countless tentacles were smashed to pieces, and they collapsed silently.

Then, the sword of the emperor was cut on the huge black palm.

Cang!

The sword light surged, and the black giant hand surged wildly, being cut apart layer by layer, but only halfway through it, it stopped in the air and could no longer cut down.

what?

Feng Shaoyu was startled, and raised his head slightly in amazement.

"Jie Jie Jie, relying on you, too weak." The black shadow laughed and boomed, an invisible soul breath swept through Feng Shaoyu's mind.

"The Great Order!"

Feng Shaoyu let out a low roar, and immediately centered on him, an invisible emperor's breath swept away, blocking the soul impact.

Bang bang bang!

But the soul impact was terrifying, still madly impacting, causing the barrier formed by the Great Emperor to tremble constantly.

The two sides immediately stalemate here.

"Stop it all."

Shangguan Xi'er couldn't stand aside for a while, and she gave a cold scream, sticking out her delicate hand, and the stars bloomed, preventing the two sides from fighting.

boom!

When the three forces collided, Feng Shaoyu and Soi Ying suddenly retreated, their faces turned pale, and they snorted.

At the same time, Feng Shaoyu felt a sharp pain from the place where he was injured earlier.

"Huh? This power?"

His face changed drastically. He was accidentally attacked by a dark shadow before, but now, at the wound, a strange force is about to seep into his body, cold and strange, even he has changed color.

"You..." Feng Shaoyu pointed his sword at the opponent, showing an angry look, clang, the sword light flickered, and he wanted to shoot again.

"enough."

Shangguan Xi'er yelled angrily, and immediately shot to stop Feng Shaoyu.

"Xier, you..."

Feng Shaoyu looked at Shangguan Xi'er in fright and anger. At the same time, he felt that power was attacking his body frantically.

"Okay, very good!" He didn't care about anything else. He glanced at Shang Guan Xi'er angrily. In his eyes, there was a trace of unspeakable emotion, without saying anything, he turned and left.

"Shao Yu!" Shangguan Xi'er snorted.

"Palace Master, let me kill him." Black Shadow snorted coldly, and was about to chase Feng Shaoyu, but was also stopped by Shangguan Xi'er.

"enough!"

Shangguan Xi'er said angrily, her chest rising and falling, her eyes flickering, hateful.

[Chapter 1952: Is it wrong](#)

"Who asked you to do it just now?" Looking at Feng Shaoyu's back, Shangguan Xi'er looked at the dark shadow angrily.

The dark shadow was taken aback, and a cold aura bloomed on his body, and said coldly: "Shangguan Xi'er, Feng Shaoyu killed my alien demon, and even destroyed my alien demon at the reincarnation altar of Ji's house. Go, it should be Feng Shaoyu that you want to question."

"What? The reincarnation altar was destroyed?" Hearing this, Shangguan Xi'er was shocked. She was also present at the layout of the reincarnation altar. Naturally, she knew the role of the reincarnation altar. No wonder this alien demons would be so furious.

"Even if the reincarnation altar is destroyed, you shouldn't do it today. Now that Feng Shaoyu is furious and left, do you think my Misty Palace and Xuanyuan Empire really get together?"

"Shangguan Xi'er, I told you a long time ago that this Feng Shaoyu is a white-eyed wolf who is unfamiliar with him. Even if the Xuanyuan Empire really wants to do it, so what? As soon as my clan powerhouse comes out, I will destroy Xuanyuan. Empire, it's easy." Sombra snorted coldly.

"Presumptuous!" Shangguan Xier's face was furious, and she narrowed her eyes and said coldly: "Do you know who you are talking to? If it weren't for this emperor, how can your alien demons have today?"

"Shangguan Xier, this seat also tells you that although you have a great favor to my alien demon, you have also received a lot. If it were not for my alien demon, how can your Misty Palace have today? You and I are a cooperation Relationship, not master and servant."

The shadow snorted coldly and turned to leave.

"Asshole!" Shangguan Xi'er cursed angrily, her chest rising and falling, and the waves were magnificent, showing her inner anger, and there was a faint cold chill blooming in her eyes.

She didn't say much, just turned and fell towards Ji Jiazuo's land.

"Huh, Human Race, if it weren't for you to have some usefulness, how could this seat lie with you?" A dark shadow appeared, staring at Shangguan Xier's back, revealing a cold light.

As soon as Shangguan Xi'er landed in the ancestral home of Ji's family, the evil demon Lord and Ji Daoyuan and others came forward to salute, and respectfully said: "I have seen the Empress!"

"Get up all."

Shangguan Xier looked at the Ji family ancestral land, which was almost in ruins, with a hint of irritation in her heart.

This time, Misty Palace lost too much.

"Where are Ji Dewei and them?" Shangguan Xier frowned and asked.

"Back to the Empress, the elders have not yet come back, they should be still on the way." Ji Daoyuan gritted his teeth and said angrily, "The Empress, this time my Ji family has suffered a heavy loss, and the Empress will avenge my Ji family and destroy it. Xuanyuan Empire."

"Yes, destroy the Xuanyuan Empire."

"I also ask the Lady Empress to order us to come out of the mountain, lead the Hall of Law Enforcement, and destroy the Xuanyuan Empire."

Many Ji family powerhouses all said angrily, that hatred soaring to the sky, making people shudder.

Shangguan Xi'er only felt big for a while. If she agreed to the Ji family's request, there would really be no room for relaxation with the Xuanyuan Empire. At that time, the hatred of her subordinates would both suppress her and Feng Shaoyu. Not down.

"This matter, the emperor has his own decision. What you need to do now is to reorganize. Now that the Mo family is gone, Chuzhou where the Mo family is located, the emperor will give it to you first. You will bring Chuzhou together as soon as possible. Without error."

The most important task Shangguan Xi'er gave to the Ji family was to reorganize and raise the strength again. Of course, the Mo family's territory was also handled by the Ji family.

Ji Daoyuan and others had no choice but to respond, but the anger on their faces remained undiminished, and they were extremely unwilling.

Shangguan Xier knew that he had to stop the conflict between Misty Palace and Xuanyuan Empire from intensifying as soon as possible, and after arranging Ji's house, he left here as soon as possible.

And the black shadow, after instructing the mortal monarch and others to continue to recover their strength, also followed Shangguan Xi'er and left.

After a while, Ji's family ancestors suddenly calmed down.

But not long after Shangguan Xi'er and the others left, Om, in the depths of this Ji family ancestral land, a few streams of light suddenly came, and instantly fell into the ancestral land.

"Less dust!"

"Great Elder!"

Ji Daoyuan and others hurriedly saluted, and the people who came were Qin Chen and Ji Dewei.

In fact, they had rushed back to the Ji family ancestor land as early as a day ago, but they did not appear on purpose. Instead, they hid in the depths of this wild land, watching from afar.

Therefore, because of the obscuration of the predominant aura here, and Qin Chen has been hiding among the jade discs of good fortune in the universe, Shangguan Xier, Feng Shaoyu and others have never noticed them.

They did not appear again until the battle was over.

"Little dust, what you expected is right. Shangguan Xier did give us the site of the Mo family and asked us to rectify it as soon as possible. What should we do next?" Ji Daoyuan asked urgently.

Qin Chen's methods made them admire him, and he had already cast the ground on his five bodies.

"Hehe, then as Shangguan Xier said, just close the Mo family's territory. As for other things, don't worry about so much for now. This time, our Ji family's loss is not small. We must restore power as soon as possible. And firmly control the Hall of Law Enforcement in your hands." Qin Chen said with squinting eyes.

"Aren't we doing something against the Xuanyuan Empire?" Ji Dewei and Ji Daoyuan both asked in surprise.

I saw the conflict between Shangguan Xi'er and Feng Shaoyu before. The two sides seem to have reached the point of arrogance. As long as a fire is added, the two forces may really become feuds, even if Shangguan Xi'er and Feng Shaoyu suppress it again. To no avail.

"Don't." Qin Chen shook his head, his expression serious.

"Why is this?" Everyone was curious.

"Things are not that simple. Although the conflict between Shangguan Xier and Feng Shaoyu has increased, it is very likely that the two sides will immediately cease the war. If we continue to act, we will definitely be seen." Qin Chen said.

Everyone was taken aback.

Is Shao Chen mistaken?

Will the two major forces immediately cease the war? How is this possible?

"What you listen to me is that, next, keep a low profile, try not to get out of the way, and improve your strength as soon as possible." Qin Chen said solemnly.

He knew very well that the gap between Shangguan Xier and Feng Shaoyu was largely due to his secret push.

However, Feng Shaoyu and Shangguan Xi'er have known each other for so many years. No one is an idiot. It is very likely that they have already noticed the abnormality. If you continue to push at this time, you will most likely expose yourself and Ji family.

This is definitely not Qin Chen's original intention.

Moreover, the previous fight between Shangguan Xier and Feng Shaoyu also made Qin Chen secretly startled. Three hundred years later, the strength of the two had actually increased to this level, touching the threshold of a sacred realm.

This gave Qin Chen a strong sense of fear.

He must not expose himself before he is fully prepared.

The most urgent task is to improve one's strength as soon as possible.

Moreover, after he attacked Tiandi Mountain, there are still many gains that have not been counted.

[Chapter 1953: Power](#)

Qin Chen temporarily stopped other plans. After instructing the Ji family's affairs, he did not stay in the Ji family's ancestral land, but once again entered the prehistoric mountain range, and instantly entered the Universe Jade Plate.

"How's it?" Fu Qiankun looked over immediately.

"Everything went well, but Shangguan Xi'er and Feng Shaoyu's cultivation base..." Qin Chen couldn't help but feel heavy in his heart when it came to the two cultivation bases.

Fu Qiankun's expression was also a little heavy, and he faintly touched that kind of power, but Shangguan Xier and Feng Shaoyu obviously went further.

At this time, Lao Yuan suddenly said with an urn: "Don't worry. Although the two human races have touched the realm of the holy realm before, they really want to enter the holy realm, but it is not so easy, and as long as they have not reached the holy realm. , There is still hope of victory, not to mention, it is difficult for them to enter the holy realm."

Lao Yuan's voice is heavy, but very confident.

"Oh?" Qin Chen couldn't help but look over, Lao Yuan seemed to know something.

Also, Lao Yuan was in the Continent of Alien Demon Race, that was definitely a terrifying existence beyond the emperor rank.

"What do you think is the holy realm?" Lao Yuan asked suddenly.

This stopped Qin Chen and Fu Qiankun.

Qin Chen is highly accomplished and versatile in each department, but the only one is above the martial arts, which is slightly lacking.

And the holy realm is even the legendary cultivation base, capable of breaking through the void and stepping into the heavens, but what a holy realm is, Qin Chen has never understood.

Fu Qiankun is naturally in the clouds.

"The holy realm is the transcendence realm. This is a realm above Emperor Wu. It can break through the void with force. But Emperor Wu can also control the rules of the world and tear the space. Why can't it be broken through the void? What's more, In your Tianwu Continent, Emperor Wu is the power to

master the power, and Emperor Wu is the power to master the rules, so what about the Holy Realm? Do you know what power you master?" Lao Yuan continued to ask.

This question is very big, and there are probably very few people in the world who can answer it. However, Qin Chen practiced the Nine Star God Emperor Jue and often received help from Lao Yuan, but he could vaguely understand it.

"Holy realm, what should be mastered is a unique power, equivalent to the origin of this world, above the power of rules." Qin Chen guessed.

This is felt from Lao Yuan. Lao Yuan is in Alien Demon Race Continent, which definitely surpasses the existence of the emperor level, and it is naturally raised and contains the endless rules of Alien Demon Continent, but when it shoots, it displays The power that came out was not the power of the rules of the alien demon race.

It belongs to the origin power of the source beast.

Qin Chen could feel that even though this force was greatly suppressed in Tianwu Continent, it could also explode astonishing power.

Lao Yuan looked a little surprised. Although he asked a question, he didn't think Qin Chen could answer it. It was taken aback for a moment, and then said: "Although your understanding is not completely correct, it is still the same."

"The so-called holy realm is indeed beyond the level of the continent's rules, and is a more magical essential force between heaven and earth, rather than calling rules."

"However, every world has a unique power. This is the prerequisite for the birth of every plane, and the holy realm gains the Dao, transcends the outside, and can control this unique power."

"Once you leave this world, your strength will slowly dry up and you will fall into the Holy Land."

"This is also the main reason for such alien demons, although their cultivation is amazing, but in terms of strength, they have not completely surpassed you."

Qin Chen was astonished. He didn't expect this. The original Saint Realm would leave the original world and his cultivation would slowly fall.

He suddenly nodded and said: "It's like an ordinary person, without food supplies, the body will slowly weaken."

"This analogy is very vivid." Old Yuan nodded, "So, if you want to break into the holy realm, it is useless to rely on cultivation alone. You must grasp a trace of the original power of this world and override the rules before you can truly enter the holy state. Realm, reaching the so-called Wupo Void, because his power has surpassed the level of the rules of this world."

"In fact, this guy by your side should have already touched the edge of the Holy Realm." Lao Yuan looked at Fu Qiankun.

"Lao Fu?" Qin Chen was surprised. He looked over. He remembered that when Lao Fu and the Lord of the Heavenly Emperor Mountain fought each other, the power he displayed was indeed very strange. It was a deeper power, even Qin Chen. Also felt a trace of heart palpitations.

Only because Fu Qiankun was tortured in Misty Palace for two hundred years, his blood was taken away, his injuries had not been completely healed, and he had never shown the same strength as Shangguan Xi'er and the others.

In this way, as long as Fu Qiankun is healed from his injury, can he fight Shangguan Xier and the others?

"I did vaguely touch the threshold of the Holy Realm, but compared to Shangguan Xier, it should be a lot worse." Fu Qiankun gave a wry smile.

"In fact, Shangguan Xi'er should have touched a trace of the holy realm as early as two hundred years ago. Back then, a traitor appeared in my bloodline holy land. He brought in Shangguan Xi'er and others, and secretly attacked him. I didn't check it. He was captured by Shangguan Xier and taken directly back to Misty Palace."

"So, Shangguan Xier's research on the holy realm should be much deeper than mine." Fu Qiankun shook his head.

Qin Chen was shocked, Shangguan Xi'er had already touched a trace of the holy realm two hundred years ago, it was really terrifying.

This is already very senior.

But why does Lao Yuan say that Shangguan Xi'er wants to enter the Holy Realm, so it is difficult?

"Because the source of this world should have been destroyed." Lao Yuan said solemnly.

Qin Chen was shocked, what is going on? Even Fu Qiankun looked surprised.

The origin is destroyed, what does it mean?

"I am born in the world of different demons, so I know that heaven and earth are not invincible. Once the continent is destroyed, the power of the world will also be destroyed and disappeared. Do you know why my foreign demons want to attack Tianwu continent?" Lao Yuan asked suddenly.

"Why?" Qin Chen was stunned.

According to Lao Yuan, different heavens and earths have different origin powers, so even if the alien demons have captured the Tianwu Continent and wiped out all the human races, they will not be able to absorb the origin power of this continent, and their cultivation base will slowly fall. Is there any point in attacking Tianwu Continent?

"That's because our Alien Demon Continent has been attacked by stronger planes. It should be a strong celestial realm. As a result, the origin of our Alien Demon Continent has been traumatized. Therefore, the alien demon talents have no choice but to attack the Tianwu Continent. I just want to use the origin of your continent to save the origin of our foreign demon continent. As long as you seize the origin of your continent and nourish the foreign demon continent, the origin of the foreign demon continent will be restored."

As soon as these words came out, Qin Chen and Fu Qiankun shook wildly, and the Alien Demon Continent was actually attacked by a strong man in the heavens?

[Chapter 1954: Mountain Lord Surrender](#)

At this moment, Qin Chen's mind suddenly showed the image he saw when he broke through the realm of Emperor Wu. Above the endless sky of the alien demon continent, several towering figures shot and killed many powerful men in the alien demon continent.

Could it be that these terrifying figures are the people of heaven? "Although the holy realm is a higher level above Emperor Wu, the holy realm is actually divided into strengths and weaknesses. The power of those celestial realms, each of the cultivation bases, must surpass the powers of our foreign demon continent. It's just a few demon master level powerhouses, and me and other source beasts

, To compete with the weakest of them. "Lao Yuan said quietly, seemingly shocked.

"hiss!"

Qin Chen sucked in air-conditioning. Are the heavenly people so strong? The level of the Alien Demon Continent is even higher than that of the Tianwu Continent, but the top demon master and the source beast in the Alien Demon Continent can only fight with the weakest person among them. It is terrifying to think about it.

But also, if the heavens really exist, then the powerhouses in the heavens must come from the Wupo Void of all continents. These people are all powerhouses in the holy realm, and their cultivation bases are terrible, which makes sense.

Moreover, Emperor Wu is also divided into early stage, middle stage, and late stage, so the sacred realm power is naturally divided into levels.

"Lao Yuan, how many levels are there in the Holy Realm?" Qin Chen couldn't help asking.

Lao Yuan shook his head: "I don't know either."

Qin Chen couldn't help being speechless, only thinking that Lao Yuan was quite funny.

"I have only been to the two continents of Alien Demon Continent and Tianwu Continent, and I don't know much, but as far as I know, there are countless continents in the starry sky, and countless powerful existences." Lao Yuan said.

Qin Chen nodded. This is natural. Since there is the Tianwu Continent and the Alien Demon Continent, there are naturally other continents. Qin Chen does not think that the Tianwu Continent is the only one in the universe.

He is more concerned about the damage to the origin of Tianwu Continent.

Who destroyed it? "I don't know this. I can vaguely feel that the origin of this heaven and earth has been damaged. That's why it is difficult to give birth to a strong man in the holy realm. Therefore, if you want to enter the holy realm, you must find this heaven and earth. The origin of it, so I said it

It is difficult for the first two to break through the holy realm. "Old Yuan said.

"Where is the origin of the mainland?" Qin Chen asked.

"It's hard to say that the origin of the world is everywhere. Normally, you can't find it at all, especially the human races on the Tianwu Continent, who have never reached the Holy Realm by themselves and have not mastered the power of the origin. It is naturally more difficult to find the origin of the continent. ."

"On the contrary, there is still some hope for the sacred realm powerhouse of the alien demon race, but the source of the sacred realm powerhouse of the alien demon race is different from that of the Tianwu Continent, so normally speaking, the difficulty is not less than that of you." "However, what I didn't expect was that the alien spirit masters of the alien demon race actually managed to transform themselves and master the rules of this world. If they were really allowed to do this, they would master the rules of your world. , Based on their repair

, If you want to find the source, maybe there is a slight possibility. "

Lao Yuan's words made Qin Chen's heart gloomy.

Unexpectedly, there are so many twists and turns inside.

"In that case, Shangguan Xi'er and the alien demon are cooperating, and they want to find the origin of the mainland?" He asked.

"Yes, if I guess right, the condition that the alien demon people gave the two people is that after finding the power of the origin, when the origin of the Tianwu Continent is swallowed, they will also extract the power from the core of the origin of the mainland together. "Lao Yuan said. "At that time, they can easily enter the holy realm, or even reach a more terrifying realm. By then, even if the mainland loses its origin and destruction, the strong in the holy realm can transcend everything, travel in the void, and even Wu break the void, naturally. Need to depend on

This continent is gone. "

Qin Chen's body trembled, his eyes showed cold light, Shangguan Xi'er actually destroyed the entire continent for her own detachment? Lao Yuan sighed: "Destroying the continent is a deep sin. Although my source beasts come from the alien demon continent, we don't want to go with those alien demons and save our own continent at the cost of destroying other continents. Tao is different, not related

Conspiracy. "

"They must be stopped."

Qin Chen said coldly, with cold eyes.

If the Tianwu Continent is really destroyed, then his brothers and relatives will also fall, even if he can surpass himself, but the relatives and friends are gone, what is the meaning of life?

The Mountain Lord Tiandi Mountain, Ji Ruyue, You Qianxue and the others also heard what Lao Yuan said, and couldn't help being shocked.

Unexpectedly, the alien demons invaded the Tianwu Continent, and there was such a reason. "Give you one last chance, surrender to me, or die." Qin Chen turned around and looked at the mountain lord of

Tiandi Mountain coldly. Since he threw the mountain lord of Tiandi Mountain into the jade plate of heaven and earth, he has been too lazy to control him. But now, he is in a bad mood,

I didn't bother to entangle him slowly.

Moreover, Qin Chen's soul power is not enough now, and he does not want to control the life and death of the other party with the Soul Destruction Seal. After all, this will consume a lot of soul power, which will be a huge consumption for Qin Chen.

The big deal, just kill it directly.

A refreshing chill directly enveloped the Lord of Tiandi Mountain.

The Lord Tiandishan's face changed, and finally he let out a long breath, "I, willing to surrender."

He also heard everything Lao Yuan had said, and his heart was shocked. In this jade disc of good fortune, he thought about running away, but this is Qin Chen's world, how can he escape?

Later, he also learned from Qin Chen and others that Feng Shaoyu and Shangguan Xi'er were actually acting, and they also colluded with the legendary alien demons.

Bit by bit cognition broke his mind. Knowing that Shangguan Xi'er and his purpose were now known from the old source, he finally made up his mind.

At first, he doubted whether Lao Yuan and Qin Chen were acting, but from Qin Chen's performance, he faintly felt that everything the mysterious monster said was true.

The inner defense finally collapsed completely.

He knelt down and surrendered to Qin Chen.

When he said this sentence, for some reason, his heart was inexplicably loose.

Some decisions, although the process is tormented, but after they are actually made, they are enough to let people completely offload all the burdens, as if they have gained a new life.

"it is good!"

Qin Chen nodded and breathed a sigh of relief.

If the Lord of Tiandi Mountain doesn't agree, he can only kill the opponent.

Qin Chen immediately displayed a life and death soul talisman, controlling the life and death of the mountain lord of the Tiandi Mountain in his own hands. Compared with the immortal soul seal, the life and death soul talisman did not consume much soul power, and the impact would be relatively small.

Next, Qin Chen opened the secret realm of Tiandi Mountain again, and suddenly a wave of rules lingered away, flooding the universe with jade discs. This Tiandi Mountain's rule secret realm gave Qin Chen a big surprise, because after being swallowed by the Universe's Good Fortune Jade Disc, the Universe's Good Fortune Jade Disc, which has never changed, has expanded again, and the space is full of countless things. The power of the rules has made the world of the jade disc of good fortune of the universe more perfect.

[Chapter 1955: Weird retreat](#)

Qin Chen, who was hit, immediately began to practice in this jade disc.

Fu Qiankun, You Qianxue, and Ji Ruyue were all touched, and they practiced in retreat.

Qin Chen first stabilized his realm and increased the power of rules. His control of the power of rules was not perfect. Now that he has a large number of rule stones in the secret realm of rules, he naturally needs to increase the power of rules as soon as possible so that he can be promoted to Emperor Wu. Mid-term.

A large amount of regular power entered Qin Chen's body, and Qin Chen's regular power increased at an astonishing speed.

One day, two days...ten days...

As time flies, Qin Chen and his team are practicing with all their strength. They have self-knowledge, and if they want to deal with Misty Palace and Xuanyuan Empire, they must first improve their strength.

When Qin Chen worked hard in the jade disc of good fortune in the universe.

Emperor Xuanyuan Feng Shaoyu overthrew the Mo family and attacked the Ji family. The news that Shangguan Xier was injured and escaped was also spread across the mainland like a gust of wind.

The Tiandi Mountain was destroyed, the Mo family was destroyed, and the Ji family's vitality was greatly injured. The news of this kind of news caused a sensation, and the entire Wuyu region was greatly shaken. This is a good opportunity. Over the past two to three centuries, the Xuanyuan Empire and Misty Palace have been expanding wildly, which has long made many veteran forces on the mainland quite jealous. Now both sides are dead and alive and suffering heavy damage. For other major forces, But one

A rare opportunity.

let's hit.

Play as much as you like.

It's best that both sides lose out, and it is better to fight to the death.

The major forces are looking forward to it and praying secretly.

But just when all the forces thought that the Misty Palace and Xuanyuan Empire would inevitably endure endlessly and expand the battlefield, the Misty Palace and Xuanyuan Empire retreated strangely.

The two sides seemed to have a tacit understanding, no longer clashing, but soon retreated to their own forces.

What is going on here?

The major forces are at a loss and a little confused.

They are getting ready to watch the show. The bench is moved and the seeds are ready, but the show is no longer performed. Isn't this a shame?

In other words, my pants are all taken off, you show me this?

"shrewd!"

"Shangguan Xier and Feng Shaoyu are both capable people."

But some savvy people sighed, thinking that they had captured some reasons.

The reason that Shangguan Xier and Feng Shaoyu retired at the same time should not have reached an agreement, but that they both felt a crisis, an external crisis.

Therefore, they were able to retreat at the same time with such precision, because during this period of time the fighting between the two sides should make each other understand, and if they continue to fight, if they want to annex each other, the two forces will have to pay a huge price.

Even if it succeeds in the end, it will be severely injured and lose its status as a leading force in the mainland.

Therefore, when the Misty Palace and Xuanyuan Empire retreated at the same time, no one thought there was any collusion between Shangguan Xier and Feng Shaoyu, but both were terrifying and caught the crisis almost simultaneously.

Sure enough, it is a great man.

And this result naturally made Ji's scalp numb.

Especially Ji Dewei, he was afraid for a while.

His original proposal was to take this opportunity to continue sneak attacks and detonate the conflict between the Xuanyuan Empire and Misty Palace.

As a result, Qin Chen stopped him.

At that time, he still didn't understand, but now it seems that less dust means less dust, and his vision is much stronger than him.

If he had really taken this opportunity to continue attacking the Xuanyuan Empire, he would naturally draw Shangguan Xi'er's attention during a retreat. If the Ji family wanted to hide it, it would be difficult, and Shangguan Xi'er would definitely see the clues.

So hanging!

Ji Dewei couldn't help taking a deep breath.

Just a little bit, the Ji family was about to be exposed.

After dying of this heart, Ji Dewei completely abandoned this idea, and led the many powerful men of the Ji family to start a vigorous annexation work.

Although the Ji family's mansion and ancestral land were destroyed this time, its core personnel did not actually lose much. Therefore, under the strong dispatch of the Ji family, many forces that originally belonged to the Mo family were annexed.

A month later, Mojia Chuzhou, adjacent to Jizhou, had all fallen into the hands of Ji family.

Although the Mo family was completely destroyed, all the children who died were the direct descendants of the Mo family. The Mo family was able to take charge of Chuzhou. In Chuzhou, there were actually many forces who followed his orders, and the Mo family also had a certain power in the Law Enforcement Hall.

Now that the Mo family was destroyed, these forces were naturally included in the Ji family's command and became the forces of the Ji family.

Some of these forces were not convinced and wanted to resist. Taking advantage of the opportunity of the Mo family's destruction, they wanted to fight for more rights and wanted to negotiate terms with the Ji family.

However, Ji Dewei was not too lazy to talk to the other party, directly killed the chicken and the monkey, led the Ji family master, without saying a word, bloodwashed these powers on the spot, and immediately let the rest of the powers stay silent, no longer dare to talk nonsense, and surrendered.

In just over a month, the Ji family's power has more than doubled, and a large number of masters have invested in the Ji family and become the Ji family's subordinates.

And when the Ji family was in full swing.

Wang Qiming and others, who were brought back by Emperor Wudi and others, also received the fruits of the Great Dao and the rules brought by the **** cat, broke through the realm of Emperor Wu, and also learned about Qin Chen's situation.

After learning that Qin Chen was not dead, they were all excited, and then secretly vowed to improve their strength as soon as possible to help Qin Chen.

After discovering that Wang Qiming and others had broken through, Emperor Wudi of Crazy Blade was also ecstatic, and immediately gave the greatest degree of instruction.

Although Emperor Wudi of Crazy Blade and the others are not the most powerful in Wanbaolou, and they do not have the most resources, each of them only teaches one disciple. They have traversed the world for so many years, and their resources are countless.

You let each of them train a few disciples, which may be hard to reach, but only one is more than enough.

Since then, various resources have been smashed on Wang Qiming and the others, and Wang Qiming and their strength are also increasing at an astonishing speed.

Phantom Demon Sect.

Phantom Abyss Grotto!

In the dark grottoes, there are gusts of wind, which is the most terrifying forbidden place for the magic demon sect, and the purgatory where the disciples of the magic demon sect are the most frightened.

Generally, only the disciple who has committed the most terrible crime will be sent to the Phantom Demon Abyss Grotto, and once in the Grotto, life and death will be involuntary, and will endure the suffering of ten thousand demons.

It is rumored that a deputy sect master of the Illusory Demon Sect committed a serious crime and entered the Illusory Demon Abyss Grotto to be tortured. As a result, he couldn't bear it for three months, so he was directly annihilated and turned into dry bones.

This is the longest time the Phantom Demon Sect has been tortured.

The dignified triple Wudi giant couldn't bear it for three months. How long can ordinary people bear it?

In particular, the saint of the Illusory Demon Sect had entered the Illusory Demon Abyss Grottoes as early as a year ago, and now there is no news. The entire sect believes that the saint has already fallen. But Chen Sisi's news has long since become the prohibition of Illusory Demon Sect, because no one has just discussed it publicly and can only keep it in his heart.

[Chapter 1956: The saint is not dead](#)

At the entrance of the Phantom Demon Abyss Grotto, a trace of black magic energy flows as usual, exuding a maddening evil aura, shocking any human strong approach.

call!

I don't know when, two figures quietly appeared here, with a graceful posture, all over the world, falling outside the grotto, looking into the deep grotto.

It is the Mysterious Sovereign of Phantom Martial Emperor and Phantom Demon Sect.

The Sect Master of Illusory Demon Sect looked faintly, standing at the door of the grotto, shooting into the depths of the endless grotto, as if expecting something, there was endless meaning in his eyes.

One year has passed, and one year has passed.

Chen Sisi was still deep in the grotto and never came out. According to the one year she had agreed upon, now, even a long time has passed, but Chen Sisi still has no news.

"Sect Master, the saint must be dead already." Phantom Wuhuang said with a light sigh.

She looked at the Sect Master of Phantom Demon Sect, with unspeakable meaning in her heart, and endless regrets emerged. To be honest, she was in awe of the Sect Master of Illusory Demon Sect. After coming out of the Ancient Yu Realm, the Sect Master of Illusory Demon Sect regarded her as the object of cultivation of the sect with all his strength. In just over a year, she has been since the beginning of Emperor Wudi. Realm, strode to

The mid-term Wudi realm.

Such a breakthrough is simply beyond the understanding of normal people.

The Phantom Martial Emperor, no, it should be said that the Phantom Martial Emperor deeply knows how much resources he has cultivated from the sect, so he is also full of gratitude to the lord.

But what she couldn't understand most was the attitude of the Sovereign Lord towards the saint.

She is one of the disciples closest to Lord Sovereign, and she deeply knows how much Sovereign Lord cares for the saint. For more than a year, Lord Sovereign will come to Illusory Demon Abyss Grottoes every day, and now I don't know how many have been there. It's time.

But more than a year has passed, and there is no news of the saint in the Illusory Demon Abyss Grottoes. This is a place where even the giant Emperor Wu will die if he enters. How can the saint be a half-step martial emperor survive?

This puzzled Emperor Wudi Phantom and didn't understand why Sect Master Mingming had his heart attached to the saint, but he watched the saint go to death, and stopped here every day.

"No, Chen Sisi is not dead." Sect Master of the Magic Demon Sect suddenly said.

Phantom Wudi was startled suddenly.

What did the lord say? The saint is not dead?

She was a little stunned. This was the only time the Lord Sovereign had spoken to her in more than a year, but how could this be possible? In such a dangerous place, even the giant Emperor Wu couldn't hold on for three months. How could the saint persist for more than a year without dying?

What's more, according to the agreement of the suzerain, the saint can be exempted from all guilt as long as he stays in the grotto for a full year. Now one year has passed. If the saint is not dead, why not leave the grotto?

"Master Sect Master, how could the saint not die?" Phantom Wudi said in shock and excitement.

For Chen Sisi, the Phantom Wudi was full of respect. For Chen Sisi, she almost fell to the ancient Yu world. Even if she broke through the Wudi, the respect for the saint remained unchanged.

If Chen Sisi was not dead, she would naturally be happy in her heart, but how could the saint not die?

This time, Sovereign Illusory Demon did not answer her, but looked faintly into the depths of the grotto.

The people in the sect had long thought that Chen Sisi was dead, but she could feel that Chen Sisi was not dead yet, and the person she chose was still in the depths of this grotto, not dead.

Moreover, she has come once a day for more than a year. Today, she has a strong heart and faintly feels that today will be a different day. That's why she suddenly spoke before.

At this time, in the deepest part of the Phantom Demon Abyss Grotto.

The black magic aura here is extremely rich, as if it has turned into substance, countless resentful souls are roaring and howling, that terrifying magical aura, even if a nine-day martial emperor enters it, it will be instantly given by this magical power Fuzzy will. In a forbidden area in the deepest part of the grotto, a magic vortex appeared between the sky and the earth. The vortex was extremely huge, with the size of thousands of meters. Around the huge vortex, there were countless small vortices, which were rotating together. .release

Unleashing an amazing magical energy, it gathered in the middle of the largest vortex.

And in the middle of this huge vortex, there was a dark figure sitting cross-legged, and she exuded a chilling chill, as if this was not a person at all, but a demon that had been frozen for thousands of years. head.

Around the whirlpool, countless resentful souls rushed up frantically and rushed into the black shadow, but the black shadow remained motionless, even if the endless resentful souls kept surging, it was always like a pitch-black rock.

This black figure has absorbed it for a long time.

Abruptly--

"Kaka Kaka..." A burst of cracking sounds sounded, as if something had broken, a breath of earth-shattering was suddenly released from the black figure, and the black magic energy around it seemed to be violent. A huge vortex of tens of thousands of meters appeared

, The infinite black magic energy is like a waterfall, crazily pouring into her body.

"Jie Jie Jie!"

"Quack!"

The resentful souls in the entire Phantom Demon Abyss Grotto were all violent, as if they smelled a **** shark, they rushed over frantically, followed by the magic vortex waterfall, rushing into the body of the black shadow frantically.

But the figure remained motionless, and a terrifying breath continued to climb from the black figure's body.

Rumble!

At the same time, a terrible cloud formed in the sky above the Phantom Demon Sect, and the endless thunder light surged and fell down in an instant.

It's a catastrophe!

Boom boom boom!

The violent tribulation fell, and the endless thunder light fell, smashing into the black shadow, and the black shadow stood up, revealing a terrifying white face, so beautiful, this kind of beauty, thrilling, and instantly crushed people's hearts.

It was such a beautiful woman, but her eyes were extremely cold, full of ruthlessness, as if she had seen all the joys, angers, sorrows and joys in the world, parting life and death.

What a pair of indifferent eyes and pupils, it makes people feel painful when they look at them, and they want to protect her, but don't want her to suffer any harm.

Under the endless calamity, the indifferent woman rushed into the sky. She did not retreat but moved forward, her pale jade hand protruding out, and with a bang, she grabbed the thunder in her hand and burst out.

terrible!

She was walking barefoot in this thunderstorm world. Tiangong was furious, and thunder dragons appeared one after another and threw down.

boom!

But this fair-skinned woman was fearless, walking among the Thunder Dragon, waving her hands, the world collapsed, and the Thunder Dragon was surrendered by her.

She is like a demon who has walked out of purgatory, fearless of the anger of God, wanting the devil to devote everything.

And if someone looks down from high in the sky at this moment, they will see that the endless resentment and devil energy in the entire Illusory Demon Abyss are all boiling, and they are not afraid of the catastrophe, surging crazily, lingering around this woman. , To block everything for it.

"Lei Jie, you see, Lord Sect Master, it's Tian Lei, isn't it the saint who hasn't died yet." Outside the grotto, the Phantom Wudi suddenly became excited and said in a speechless voice, tears rolled down and he couldn't help himself.

[Chapter 1957: Heart evil](#)

In the depths of the Illusory Demon Abyss, there is nowhere to go, there is no vitality at all, and there is no living thing, and it is filled with endless resentment and devilish energy. This is the devil emperor who is terrified even by the powerful.

But now, a terrifying thunder robbery erupted from the depths of Illusory Demon Abyss.

Someone is crossing the robbery?

Apart from the saint, Emperor Wudi couldn't think of the second possibility.

She was agitated, her body trembled, tears rolled down all of a sudden, the saint was really not dead, really not dead.

Rumble!

In the distant sky, the endless light of thunder poured out, and when you looked around, you could see that the dense thunder dragon seemed to be violent, roaring and falling down, shining a azure blue from the depths of the originally dark Illusory Demon Abyss.

Crackling!

Even after an endless distance, the Phantom Martial Emperor could still feel the terrifying of this thunder, the power of this thunder, even her mid-term Martial Emperor would be shocked, as if the end is coming, there is an unstoppable illusion.

"It's terrible, how can there be such a terrifying thunder disaster in this world?"

It's not that Emperor Wudi Phantom had never experienced thunder. In fact, she broke through the realm of Emperor Wu, but she was only in the realm of Guyu, which could be regarded as not long ago.

And the thunder tribulation she had crossed in the first place was terrifying, but now compared with the thunder tribulation in front of her, it was like a small river and a big river, hills and mountains, without any comparability.

"Master Sect Master, can the saint really survive such a terrible Thunder Tribulation?" The Phantom Martial Emperor's originally ecstatic heart was suddenly poured into a basin of cold water, and it instantly cooled down.

The Sect Master of Illusory Demon Sect never said a word from beginning to end, but looked calmly at the Thunder Tribulation in the depths of the Illusory Demon Abyss. With her cultivation base, she was fully capable of entering the depths of the Illusory Demon Abyss to investigate the situation.

But she didn't move. She stood quietly at the entrance of Illusory Demon Abyss, staring into the distance, her eyes extremely calm.

The Phantom Martial Emperor did not notice that the jade hand of the Sect Master of the Phantom Demon Sect in the black robe was deeply clenched at this moment and pinched tightly, obviously not as calm as her face showed.

Boom boom boom!

In the center of the endless calamity, a series of terrible thunder lights fell. This is a thunder dragon roaring, thunder light blooming, shining the world into a dazzling and azure blue, thunder and lightning roaming, this is a thunder forbidden zone.

Chen Sisi coldly looked at the thunder light between the sky and the earth. She was barefoot, standing proudly in the sky, with endless indifference in her eyes, and between the waves, the thunder dragons burst and could not leave any traces on her body.

call!

Endless resentment and demon energy poured into her body, but the dark demon energy made her more coquettish. "Roar!" A roar sounded, and a hundred-meter-long Thunder Dragon fell, five claws, thunder light burst, and Chen Sisi, but the Thunder Dragon never caught Chen Sisi's body, but was exploded from Chen Sisi's body. Black magic

Block it.

Chen Sisi probed her hand, with a bang, the Thunder Dragon exploded, and the light of thunder poured down, setting her off like a goddess.

After that, it was endless thunder spear.

Densely dense, like mountains like forests, rushed down crazily, but Chen Sisi burst into explosions.

These thunder lights, as if they could not hurt her at all, were unmatched under the cover of the endless spirit and devil aura.

After a long time, the thunder light finally dissipated, but the dark clouds in the sky were still condensed, as if becoming more gloomy.

"Is this thunder tribulation not over yet?" Phantom Wudi said with some palpitations, looking up at the endlessly suppressed sky and breath in the distance.

After Thunder Tribulation, shouldn't it be the transformation of cultivation base and breakthrough? Why hasn't the power of this calamity dissipated?

"Heart Demon Tribulation!" The Sect Master of the Illusion Demon Sect was a little shocked, his face showed a trace of solemnity, and his voice trembled.

She was nervous, but not afraid of the endless thunder tribulation before, because if Chen Sisi really managed to withstand the purgatory torture of the Illusory Demon Abyss Grotto, it would not be easy for the thunder tribulation to kill her.

But heart and evil are different.

The Sect Master of Illusory Demon Sect knew very well why Chen Sisi entered the Illusory Demon Abyss Grotto. There was a person living in her heart, and this happened to be the most terrifying place of the Heart Demon Tribulation.

The person with the deepest obsession is also the person most difficult to resist the demons.

Sure enough, the invisible wind swept down, and the invisible will of heaven and earth fell and poured into Chen Sisi's body, silently, moisturizing things silently.

This is the power of the heart demon brought by the will of heaven and earth, which is irresistible and can only be endured.

The ghostly eyes of Chen Sisi instantly became confused, lost focus, and fell into an endless illusion. Chen Sisi's will at this moment has fallen into an illusory space, where birds and flowers are scented, where the seasons are like spring, a small river, a wooden house, a group of chicks, in front of the wooden house, there is a field of ridges, and a handsome man is wearing coarse cloth.

Weeding there.

"Little dust!" Chen Sisi stood on the ridge in a daze, looking at the man's familiar back, two lines of tears rolled down from the corner of his eyes.

"Sisi, are you here?" The man put down the **** in his hand and turned his head slightly. After seeing Chen Sisi, he suddenly smiled brightly. "Why are you crying? Tell Lang Jun, who is bullying you?" Seeing the tears in the corner of Chen Sisi's eyes, the man suddenly panicked, and hurried up, carefully wiped away the tears in the corner of her eyes, and said distressedly: "Don't be afraid. Don't be afraid, there is a man,

No one can bully my lady. "

Lying in that gentle embrace, breathing the familiar taste, Chen Sisi couldn't stop the tears at the corner of his eyes.

"Don't cry, don't cry." Qin Chen panicked, and couldn't help but wipe the tears on Chen Sisi's face with his hands, but he didn't know what happened and was anxious.

Chen Sisi looked at Qin Chen in a daze, and muttered, "Little dust."

"What's the matter?" Qin Chen hurriedly lowered his head, caring, his eyes were affectionate and profound, making people want to just lie in his arms like this, forever, don't stop. "Sisi, from now on, we will be here. You and I will never be separated. Everything in the outside world has nothing to do with us. We work at sunrise and rest at sunset, giving birth to a bunch of fat babies, OK?" Qin Chen said with a smile, stupid, making people

Affectionate.

With a chuckle, Qin Chen's body halted, and the smile on his face instantly solidified. He lowered his head and looked at him blankly, only to see Chen Sisi holding a dagger in his hand, piercing his heart fiercely.

"Sisi, you..." Qin Chen looked at Chen Sisi in disbelief. He slowly stretched out his right hand, and kept spitting blood in his mouth. His eyes were innocent, impersonating, and stunned, as if he hadn't expected Chen Sisi. Will kill yourself. "Why, why are you..." Qin Chen murmured, there was no question in his voice, no anger, some just confusion, just doubts, he didn't understand why his favorite, he wanted to kill himself.

[Chapter 1958: Witch Chen Sisi](#)

"sorry Sorry!"

Chen Sisi cried.

"what!"

She roared!

God, why are you doing this to me? Young Master Chen is dead, he is dead.

Chen Sisi knelt on the ground, crying in pain. She knew that this was an illusion, this was a catastrophe, and this was the legendary Heart Demon Tribulation. She was born with a charming body and exquisite bloodline. How could she be covered by the Heart Demon Tribulation.

So she knew that this was an illusion at the moment when the Tribulation of the Heart Demon came, it was not true. But how much she hopes that she can believe in no matter what, in this heart demon, stay with Shao Chen forever, love, even if the soul sinks forever, even if she can never get out of the illusion again, Doesn't matter

.

She just wants to be with Qin Chen.

But she can't!

"Mission Palace, Alien Demons!"

Chen Sisi roared, with endless anger in her voice.

Xiao Chen's grievance has not been reported, how can she sink here.

Feelings are even more ruthless.

If she wants revenge, she cannot be sentimental. Why does she endure endless pain and sink into dark purgatory? Isn't it just to become stronger, to take revenge?

Whoever stops her is her enemy.

Chen Sisi's eyes instantly became indifferent, the kind of indifference that felt like death.

Puff puff.....

She raised the dagger in her hand and stabbed it at Qin Chen in front of her with one knife, two knives, three knives...

She stabbed and screamed, tears rolling frantically.

In the magical abyss.

Overcast in the sky, Chen Sisi was suspended in the sky blankly, with blank eyes.

She has maintained this position for a long time.

Lines of tears rolled down from the corners of her hollow eyes, and she had already burst into tears.

Suddenly, she snorted and wowed out a mouthful of blood, completely awake from the calamity of the heavenly devil.

The dark clouds in the sky finally dissipated, and a strong to the extreme heaven and earth qi poured down, crazily poured into her body.

Rumble!

Chen Sisi's cultivation level immediately improved at an astonishing speed.

Early stage of the ninth stage!

The peak of the ninth stage!

Even her cultivation base is still improving.

boom!

Chen Sisi's cultivation level didn't finally stop until the middle stage of the ninth stage.

The wounds on her body were completely healed, and the endless spirit of evil spirits and demon energy poured into her body, and the demon energy in the entire Illusory Demon Abyss was swept away and became extremely clear.

But in Chen Sisi's body, countless resentful souls howled, she would endure this kind of pain day and night.

One year!

ten years!

a hundred years!

A thousand years!

As long as she lives for one day, she will endure such pain for one day, until one day, these resentful souls completely swallow her soul, and she will not give up.

But Chen Sisi was fearless, allowing her endless demonic energy to crazily twist in her body. These demonic energy and resentment provided her with terrifying power, but also caused her to sink into the abyss and endure endless pain.

The sky calmed down.

Everything disappeared.

From now on, a witch-Chen Sisi was born between heaven and earth!

After the catastrophe, the cultivation base was calm, Chen Sisi was suspended in the air, motionless, she stared at her right hand in a daze, shaking slightly.

In Heart Demon Tribulation, she used this hand to stabbing her favorite man to death.

Even though she had already escaped from the Tribulation of the Heart Demon at this moment, Chen Sisi still had inexplicable meaning in her heart, and her right hand trembled slightly.

Her eyes gradually became cold, and her right hand gradually calmed down.

Then, she turned around and left like a okay person. She shook her body and came to the entrance of the Phantom Demon Abyss Grotto in a moment. She saw the master of the Phantom Demon Sect and the Phantom Martial Emperor at the entrance. There was no surprise or surprise on her face. Some were just indifferent, as if there was nothing in this world. Ren

What can arouse her interest.

"metropolitan!"

Chen Sisi stepped forward and bowed slightly, the voice filled with calm and indifference, which made the Phantom Martial Emperor's heart tremble.

She looked at Chen Sisi. Although her face was still that face, the feeling Chen Sisi gave her was completely different from before. It was a kind of coldness that was thousands of miles away.

If the previous Chen Sisi was full of charm and made people want infinite care, then Chen Sisi now is like a dark pool, and she feels terrified.

"Very well, you succeeded and completed our agreement." The Sect Master of the Magical Demon Sect was pleased. She didn't seem to care about Chen Sisi's changes.

"Thank you for the cultivation." Chen Sisi said again. "No, you don't need to thank me, everything is achieved by your own efforts. If you don't have this strength, then you will die here. I won't even collect the corpse for you." Sect Master Illusory Demon said lightly. The Phantom Wudi's heart jumped, but

Dare to make any statement. What surprised Emperor Wu Phantom was that when Chen Sisi heard this, his face did not fluctuate at all, as if this person had no emotions at all. The only thing that could be felt was that the terrible magic contained in her body made Emperor Wu Yi not be dare

Close, want to stay away.

"No, I still have to thank the Sect Master for his cultivation. If it's not the Sect Master, I don't even have the qualifications to enter here. It is the Sect Master that you gave me this opportunity." Chen Sisi said.

The Phantom Wudi was startled, isn't it a punishment to enter the Phantom Demon Abyss Grotto? How could it be an opportunity?

The Sect Master of Illusory Demon Sect shook his head, "Although this is an opportunity, it is also a kind of pain, a kind of pain that can't be escaped forever."

At this moment, there was finally a wave of fluctuations in the eyes of the Sect Master of Illusion Demon Sect, as if feeling sorry for Chen Sisi. "Heh!" Chen Sisi laughed. She chuckled, but there was no expression on her face. This kind of smile was rather creepy, "Is it painful? What is this pain? For that matter, I even I'm not afraid of death, but also of pain

, Now that I am alive out of the Phantom Demon Abyss Grotto, Sect Master, you should fulfill your original promise, right? "

"This is natural." The Sect Master of the Phantom Demon Sect nodded and suddenly said to the Phantom Martial Emperor: "Phantom, you go back first."

"Yes." Phantom Wudi was frightened and turned to leave.

It was not until after leaving the Illusory Demon Abyss Grotto that she sighed for a long time. For some reason, she saw Chen Sisi now, and there was fear in her heart, as if facing the lord, she couldn't breathe.

"Are all the people who came out of the Illusory Demon Abyss Grottoes so scary?" She had lingering fears, she didn't dare to think more, and left in a hurry.

"This is the information from Misty Palace over the past year." Sect Master of Illusion Demon Sect raised his hand, and suddenly a jade slip fell into Chen Sisi's hands. Chen Sisi immediately released a wave of soul power and poured into the jade slip. After a while, she already knew about some recent events in the mainland.

[Chapter 1959: Thunder Sea](#)

"Master Sect Master, haven't you said that Misty Palace and Xuanyuan Empire are in one group at all, and there will be no conflicts?"

The jade slip recorded all the actions of Misty Palace during this period, and naturally there was the recent violent conflict with the Xuanyuan Empire. "This is also strange to me." The Sect Master of Illusory Demon Sect was suspicious, and she said coldly: "I'm sure that Shangguan Xier and Feng Shaoyu are definitely in collusion, but for some reason, this time Misty Palace and Xuanyuan There will be a lot of trouble between the empires

This is so big, and the trouble has reached this level, even the Tiandi Mountain and the Mo family have been destroyed, and the Ji family has suffered heavy losses. This does not seem to be acting. "

Regarding this matter, the Sect Master of Phantom Demon Sect was also very confused.

"The intelligence said that Ji's family suffered heavy losses and was almost wiped out, but there was no news about Ji Ruyue. What happened to her?" Chen Sisi suddenly asked.

Sect Master Illusory Demon was taken aback for a moment, but she didn't expect Chen Sisi to ask this. She suddenly thought of the information she had seen before. Ji Ruyue seemed to be the same as Chen Sisi, who had fallen in love with the man named Qin Chen.

"It should be fine. As far as I know, Ji Ruyue also broke through the realm of Emperor Wu in Ji's house, but as for the specific situation, it is not clear."

"Didn't Ji Ruyue seek revenge from Misty Palace?" Chen Sisi's tone was doubtful. "Vengeance?" Sect Master of the Illusory Demon Sect sneered, "The Ji family, originally a running dog of the Misty Palace, how can Ji Ruyue disobey the meaning of the family if Ji Ruyue is only a son of the Ji family? Sisi, you have to remember, the so-called love It's just self-deception

People are nothing. Without anyone in this world, the world will still operate without any change, and people will be the same. "

"No." Chen Sisi said suddenly, "Ji Ruyue should not betray Chen Shao."

"Who knows?" Sect Master Illusory Demon sneered. She was a little dissatisfied. At this moment, Chen Sisi still has illusions about love. Isn't she cultivating or ruthless?

"Where is You Qianxue?" Chen Sisi said suddenly.

"The Misty Palace was attacked by a mysterious strong man a few days ago. It is said that he was a master of the Xuanyuan Empire. He suffered heavy losses. The whereabouts of You Qianxue and many strong men are unknown, and even the Holy Medicine Garden was destroyed. It should be dead."

The Sovereign of Illusory Demon knew why Chen Sisi asked You Qianxue, and she also knew the identity of You Qianxue, who was a friend who experienced life and death with Chen Sisi and the others in Guyu Realm, and was also Qin Chen's confidante.

Chen Sisi's eyes were sullen, his figure shook, and he said in a daze: "Qianxue is dead?" Sect Master Illusory shook his head and sneered: "Don't think too much about it. After you left Guyu Realm, You Qianxue didn't do anything. Obediently follow Misty Palace. People went back and became the core disciple of Misty Palace, enjoying a lot of resources, and

And he also worshipped an alien spirit master of the alien demon race as his teacher, but unfortunately, under the mysterious master's sneak attack, his whereabouts are now unknown. Together with the alien spirit master, even the body was not found, basically dead. "

The Sovereign of the Phantom Demon Sect knew everything about Misty Palace, far beyond the news that the outside world had received.

Chen Sisi was silent. After a while, she said: "I want to go to Ji's house, can you do anything about Sect Master?"

"No." Sect Master of Illusion Demon Sect interrupted Chen Sisi directly.

Chen Sisi suddenly raised her head. Suddenly, a terrible killing intent erupted from her body. It was as if countless ghosts were howling and howling of terrible souls. Chen Sisi's eyes were terrifying and terrifying.

"You promised me that as long as I survive, you will help me deal with Misty Palace." Chen Sisi said coldly.

boom!

The horrible devilish energy swept out of her body and turned into a devil.

puff!

But the magic energy just came in front of the illusion demon sect master, she raised her hand to block it, and these demon qi seemed to be unwilling, accompanied by the endless resentment aura, constantly rising, to break through the illusion demon sect master's block.

The Magic Sovereign glanced at Chen Sisi in shock, revealing a look of shock. Although she easily blocked the breath of Chen Sisi, she felt that this demon aura was terrifying, enough to affect the powerhouse of the giant Wudi level.

It should be noted that Chen Sisi has just broken through the realm of Emperor Wu, although his cultivation has soared to the mid-stage realm, but in fact it has not been consolidated at all. "Awesome, this Illusory Demon Abyss Grotto really didn't disappoint me." The Illusory Demon Sect Master's eyes were full of brilliance and wonder. After a long time, she said: "Retract your breath, you have misunderstood. This sect is not trying to regret it. But with you now

In his state, he can't go to Ji's house yet. "

"When will I have to wait?" Chen Sisi said angrily. He said before that he only needs to come out of Illusory Demon Abyss, but now that it is not possible now, she obviously thought that the Illusory Demon Sect Master was delaying.

"Don't worry, what this Sect Master said will never fail." The Illusory Demon Sect Master snorted coldly, and suddenly a terrifying invisible force struck Chen Sisi's body shape, snorted, and his eyes became clearer. "Although you have broken through to the mid-term Martial Emperor, your strength is comparable to that of the giant Martial Emperor, but if I'm not wrong, your soul has been suffering from the pain of devouring the soul of ten thousand demons. Those resentful souls and demonic energy can improve your cultivation. For but

Will torture you and gnaw your soul until it completely swallows your soul. "

"I don't care!" Chen Sisi said coldly. "But I care." Illusory Demon Sect Master stared at Chen Sisi, "I finally cultivated you, so naturally I can't let you die right away. There is no solution to the devils soul in your mind. I want you to go first. Place, where, will be big

Suppress the power of all demons in your mind. If you are lucky, you can no longer be swallowed up by the power of these evil spirits, and your cultivation will be consolidated. Only then will this suzerain truly fulfill your promise. Promise of. "

"otherwise....."

The Illusory Demon Sect Master stared at Chen Sisi coldly: "Do you think you can fight Misty Palace with your current cultivation base?"

Chen Sisi did not speak.

a long time.

She just said: "Where!"

"The Sea of Thunder!"

Sovereign Phantom Demon said lightly, "With the power of thunder in the sea of thunder, you can suppress all evils and charms and suppress the power of all demons in your body. At that time, your future will truly be unlimited."

There was a hint of excitement in the voice of the phantom master.

And when Chen Sisi walked out of the magical abyss alive.

In the Ji family ancestral home, Qin Chen finally raised his cultivation base to the extreme of the initial peak.

But he didn't dare to continue practicing, because in his mind, the golden parasitic seeds were throbbing, exuding a terrible breath.

And a trace of rhizomes spread and penetrated into his soul sea, apparently reaching the very late stage. The parasitic seeds are preparing for the final seizure.

[Chapter 1960: Find a way](#)

Buzzing...

The roots of the parasitic seeds wandered deep in Qin Chen's mind. If anyone could see the parasitic seeds in Qin Chen's mind, they would definitely feel terrified.

Because the roots spreading from the parasitic seeds are like iron nematode-like parasites, slowly infiltrating Qin Chen's soul sea, wanting to take root with his soul.

Qin Chen had to stop practicing.

He has a feeling that if he forcefully breaks through the mid-term Martial Emperor, it will inevitably trigger a parasitic seed change. There is about a 30% probability that this golden parasitic seed will seize him.

He dared not take this risk.

Although the Parasitic Seed really wants to seize him, Qin Chen is not without the ability to fight back. Whether it is the Heavenly Soul Forbidden Technique or the mysterious ancient book that always appears at the moment of crisis, Qin Chen always feels that he will have something to do with Parasitic Seed. suppress.

But he dare not gamble.

Before the real crisis, he was unwilling to take his life to risk his leisure.

So he could only abruptly stop to continue practicing, and even stopped the breakthrough to the mid-term Emperor Wu.

This feeling made him very uncomfortable. Obviously he was very hopeful that he could hit the mid-term Wudi realm, but because of the parasitic seeds, he had to stop. The parasitic seeds now finally began to affect his cultivation.

Qin Chen knew very well that before solving the problem of parasitic seeds, it would be difficult for him to have the opportunity to enter the realm of the mid-term Wudi.

In order to solve the golden parasitic seeds, the **** cat gave two methods in total. One is the town boundary beads, but since the town boundary beads were taken from the heavenly demon secret realm, Qin Chen has been secretly inquiring, but There is no audio at all.

Qin Chen naturally gave no hope for this.

The only way left is to separate the soul from the body. Qin Chen, who has obtained the Heavenly Soul Forbidden Technique, has a deeper understanding of the separation of the soul from the body, and the perception is clearer, but the perception of the soul alone is not enough. If you want to separate the soul from the body, you must first remove the body. Practice to the realm of no leakage

.

But Qin Chen had no idea how to cultivate to the realm of no leakage.

He opened his eyes and couldn't help sighing slightly.

"Little dust, what's wrong with you?"

Although You Qianxue and Ji Ruyue have also been in retreat, they have a trace of perception that has been paying attention to Qin Chen. At this moment, seeing Qin Chen sigh suddenly, they immediately stopped retreating and looked over.

"It's nothing, it's a matter of parasitic seeds. I feel that this parasitic seed is becoming more and more threatening to me." Qin Chen said solemnly.

"Are the parasitic seeds in your mind about to explode?" You Qianxue and Ji Ruyue were both taken aback. They naturally knew what the so-called parasitic seeds were. Qin Chen nodded, but didn't say much, but penetrated the perception into You Qianxue's mind. When he saw this, he was shocked, because You Qianxue was only one step away from the mid-term Martial Emperor, and compared to him Come, the parasite of You Qianxue

The seed actually shrank a lot, and that silver parasitic seed shrank into a ball, not only did it not look like it was trying to seize You Qianxue, but it seemed to be carrying out a difficult defense.

How could this be? "There is a special force in this person's mind that is constantly suppressing the development of parasitic seeds. In contrast, the parasitic seeds in your mind are not suppressed by any force, and naturally develop more smoothly. What's more, your mind The middle is gold

The color parasitic seed is more than dozens of times stronger than the parasitic seed in this person's mind? Nature is different. "

At this time, Lao Yuan's voice rang.

Qin Chen was overjoyed in his heart, yes, Lao Yuan, as the source beast of the Foreign Demon Continent, had an extraordinary understanding of parasitic seeds. Maybe there was a way to eliminate the parasitic seeds in his mind.

So he immediately asked Lao Yuan for advice.

What disappointed Qin Chen was that Lao Yuan did not have any good solutions. As it said before, if the parasitic seed in Qin Chen's mind is just like the silver parasitic seed, it might still have the ability to decipher it. .

But Qin Chen's mind was the golden parasitic seed. This was the core seed that could only be born from the Chaos Devil's Nest in thousands of years. Even the powerful Demon Master also needed to be afraid, how could it be easily cracked.

Seeing that Lao Yuan had no choice, Qin Chen was a little disappointed at once, but think about it, if Lao Yuan had a way, it would have said it.

It seems that he can only raise his body to the state of no leakage. After learning about Qin Chen's situation, Fu Qiankun and others also gathered around and were very concerned. Naturally, Qin Chen did not hide his clumsiness. He told the whole story. After all, Fu Qiankun was the president of the Holy Land of Blood. What's uncertain

Method.

"You mean, if you want to crack this parasitic seed, you must first reach the realm of divine soul separation, and if you want to reach the state of divine soul separation, you must first reach the non-leakage realm of the physical body?" Fu Qiankun said in surprise.

Qin Chen nodded, "Brother Fu, do you have any idea?" "The realm of no leakage, I have read it in an ancient book. To do this, the power of blood must be completely integrated with the physical body, which is extremely difficult. Gao, even in ancient times, there are very few masters who can do this.

Fu Qiankun frowned and said thoughtfully.

"Yes, that's it."

Qin Chen smiled bitterly, because the **** cat said the same. To reach the state of non-leakage, he must completely merge his body and blood, but Qin Chen couldn't do this.

He was also the top bloodline master in his previous life, and he couldn't do this. It shows how difficult it is to reach the state of no leakage.

In fact, knowing this is due to knowing, but wanting to do it is not a simple sentence. For example, to break through the realm of Emperor Wu, everyone knows the way to master a rule, and even the easiest way is to master the power of the rule to which the bloodline belongs, but even if you know it so clearly, it is still not one to break through the Emperor Wu.

An easy thing.

"What is your bloodline?" Fu Qiankun asked suddenly.

Qin Chen stretched out his hand, and immediately, a wave of thunderous force dissipated, and a series of thunder arcs flashed, with an aura of destruction, so that the Lord of the Heavenly Emperor Mountain and the others couldn't help feeling a trace of shock and horror.

"Thunderblood?" Fu Qiankun said with some surprise. This is definitely one of the rarest bloodlines in Tianwu Continent.

Thunder, representing punishment and destruction, but also representing vitality, inclusive of all things, is definitely one of the top bloodlines. "If you want to integrate your blood and your body, you can't just rely on cultivation. It's better to have such an environment, but you are actually of Thunder blood. This is a bit troublesome. On the mainland, there are not many places with Thunder. ...Not to mention able

The place for you to practice. "Fu Qiankun said, stopped suddenly, and suddenly turned to look at Qin Chen: "The Sea of Thunder!" "
