[Chapter 1961: Member company](#)

"The Sea of Thunder!"

When Fu Qiankun uttered this word, Qin Chen also thought of this place, and immediately said with excitement, his eyes lit up instantly.

How did I forget this place. The Sea of Thunder is one of the most terrifying forbidden places in the Martial Domain. It is filled with Thunder and is a Jedi. It was formed tens of thousands of years ago, and it may even be earlier, because since humans have historical records Time, the Sea of Thunder

Already exists in the Martial Domain. In this sea of thunder, there is thunder surging everywhere. It is said that it is the sea. In fact, there is no drop of water at all. It is full of endless thunder and thunder. The more you go in, the stronger the power, to the deepest place, even Even the powerful emperor of Jiutian entered

Among them, the thunder will also be blasted into powder.

But because the power of thunder has the effect of refining the flesh of the martial artist, there are still many strong people in the martial arts who will experience and temper the flesh in the periphery of the sea of thunder.

But every year, countless strong men will fall into it, resulting in a lot of treasures inside.

In his previous life, Qin Chen had naturally entered the Sea of Thunder, but he had undergone a physical baptism on the periphery without going deep.

In this life, he has the bloodline of Thunder. He wanted to go to the Sea of Thunder for a while, but because of the fight with Misty Palace, he forgot about it.

"correct."

A simple scroll suddenly appeared in Qin Chen's hand. On the scroll, a sharp aura bloomed. It was the mysterious scroll obtained from the ancestors of Tianlongzhai when he was in the Northern Heaven Region.

At that time, the people of the Law Enforcement Palace madly chased the ancestors of Tianlongzhai in order to **** this mysterious scroll from him. According to the ancestors of Tianlong, this scroll was obtained by the ancestor of Tianlongzhai, Tianlong Wuhuang in Martial Arts Pieces of treasure.

Qin Chen also asked the Ji family later that this mission was directly issued by the Misty Palace, and their Ji family didn't know much about it. At that time, the Misty Palace ordered Ji Hongchen to complete the task. Later the mission failed and Ji Hongchen was almost punished.

As for why the Misty Palace looted the scroll of Tianlongzhai, Ji Hongchen herself didn't know, and she didn't even know why Misty Palace knew this scroll in the hands of Tianlongzhai.

Qin Chen penetrated the soul power into the scroll, still unable to pry into the secret of the scroll. There were some weird patterns outlined on it, which were neither like a map nor some kind of secret technique. Qin Chen did not have any at present. Clues.

"Perhaps, I can find some answers in the Thunder Sea." Qin Chen muttered.

"Then go to the sea of thunder, where, maybe you can find a way to blend your blood and flesh to enter the realm of imperviousness."

Just do it. Since Qin Chen made the decision, he didn't hesitate. After arranging everything in the Ji family the next day, he was ready to go and headed directly to Thunder Sea.

The Sea of Thunder is located in Leizhou in the Second Heaven of Wuyu.

Leizhou is a very remote place in the Second Heaven of Wuyu, where the real energy of the world is very thin, and the materials are also very scarce, so it is also inaccessible, and there are few warriors.

Qin Chen and his party rushed to the road with all their strength, and it took half a month before they rushed from the Third Heaven to the Second Heaven without disturbing the Misty Palace.

After arriving at the Second Heaven, Qin Chen continued to Leizhou. Because Leizhou was very remote and the journey was very far away, it would take Qin Chen and the others at least a month to reach the Sea of Thunder.

Qin Chen and the others' first destination was not directly the Sea of Thunder, but the very famous city Tianlei City on the edge of the Sea of Thunder.

Because of the peculiarities of the Thunder Sea, although the entire Leizhou is inaccessible and very shabby, the Tianlei City located outside the Thunder Sea has gathered countless geniuses and strong men, all preparing to enter the Thunder Sea to cultivate and find adventures.

Every year, countless strong men will fall in the sea of thunder, but similarly, countless strong men will rise in the sea of thunder and frighten one party.

This is the uniqueness of the Martial Arts Forbidden Land, even if it is dangerous, it is still full of endless charm for all warriors.

On this day, outside Tianlei City, a woman wearing a black veil appeared.

"Is this the Sky Thunder City?" The woman muttered, looking up at the city.

"Sir, do you want to stay in a store?"

"Haha, I'm here again. If you want to buy Thunder Crystal, you can find me." "If you are looking for an old man, you will not lose money. The old man has been operating here for decades and knows the best of Thunder Sea. Is it the safest map in the sea of thunder, or which area has fallen by the Wudi strong, the old man is clear

."

As soon as the woman wearing the black veil fell, many brokers gathered around and shouted.

The black veiled woman frowned and looked at the crowds around her. There was a trace of disgust between her eyebrows, but because she was wearing a veil, she was not seen by these people.

Just when the woman was impatient and ready to speak.

"Get out of the way!"

"Keep away."

A few cold shouts sounded, and from behind these brokers, a few extraordinary people walked.

Seeing these people, the brokers who surrounded them all changed their faces and hurriedly backed away, as if they had encountered a cat or mouse, full of vigilance and timidity. "Is this your first visit to Tianlei City? It is in charge of the Chamber of Commerce in Leicheng. Our Chamber of Commerce in Leicheng is one of the top chambers of commerce in Leicheng on this day. Whether you come here to inquire about any news or purchase Lei Jingshi, Or maybe I want to loot something

Things, just looking for our Liaozhong Chamber of Commerce, there is nothing that cannot be solved. "

The leader was a middle-aged man, smiling and saying, his eyes flickered, he was very shrewd, and he could see the extraordinary of the woman in front of him at a glance.

This black veiled woman exudes an aura that is thousands of miles away. Although she can't see her face clearly, the body that is shrouded in the black robe still exudes a graceful posture, making her eyes glow. Secretly stunning.

Naturally, this person was Chen Sisi who came to Thunder Sea from Illusion Demon Sect.

"roll!"

Chen Sisi scolded directly, not too lazy to talk nonsense with the other party.

"what did you say?"

The middle-aged manager frowned.

"I said go, didn't you hear it?" Chen Sisi's cold voice, without a trace of emotion, made the middle-aged manager's inexplicable heart chill.

But at any rate, he was also in charge of the Chamber of Commerce, so how could he just get out of the way because of a word from the other party?

On this day in Leicheng, someone was so arrogant towards the Liaozhong Chamber of Commerce. If he backed away, where would they put their face on the Liaozhong Chamber of Commerce?

The middle-aged manager suddenly squinted his eyes and said coldly: "Your Excellency, I would advise you, this is Tianlei City, not..."

He whispered, his whole head flew out before he finished speaking, because it was so sudden that he even saw his head leave his body and fly directly into the sky.

"Noisy!" Chen Sisi retracted his palm and said coldly, calm and breezy.

[Chapter 1962: Tu Li Wudi](#)

Flop!

After saying this, the head in charge fell completely, his eyes widened, and he stared at Chen Sisi. Obviously, he didn't expect to fall here like this until he died.

"It's dead, it's dead."

"This guy actually killed the manager of the Laozhong Chamber of Commerce, doesn't she want to live?"

"Where did the stunned young man come from? Can the people in the Chamber of Commerce in the Liozhong Chamber of Commerce be killed at will? It's over, this woman is completely over."

The crowd that had surrounded Chen Sisi completely exploded. They looked at Chen Sisi regretfully, and there was only one sign in their eyes, that is, Chen Sisi was over.

"You're done, you're sure to know, you dare to move people in our chamber of commerce."

"No matter what your background is, in Tianlei City, if you dare to touch my staff in the Chamber of Commerce, you will definitely die."

"Don't kneel down and beg for mercy."

The several martial artists of the Chamber of Commerce in the Chamber of Commerce who followed the steward were frightened and angry.

A signal flare appeared in one of the hands, and the flare was lifted off, exploded in the sky, illuminating the sky. "Speaking of loud noises, don't you guys listen?" Chen Sisi slammed his hand, puff, a pitch-black devilish air burst out of her hand, only to hear the sound of puffpuffpuff, the black magical energy penetrated in an instant. These people, string these people together

Together.

Blood was constantly emerging from the few people, looking at Chen Sisi in horror, there was endless fear in their hearts, and they all regretted it.

They are too idiots. The other party kills even the steward. They want to be arrogant, and they have to wait for the rescue to be arrogant again. What arrogance is now.

Unfortunately, they have no chance to regret.

Poof, withdrawing the devilish energy, Chen Sisi expressionlessly looked at the others on the court indifferently. With a clatter, everyone around them all backed away, looking at Chen Sisi in horror, lest the devil stare at him, one of the old men stiffened, because he felt a cold air enveloped him, Chen Sisi

Staring at him, slowly walked over.

"Senior forgive me." With a puff, the old man suddenly knelt down. He was only Wu Huang's cultivation base. In terms of strength, he was not much different from the middle-aged manager of the Chamber of Commerce in the Chamber of Commerce, and the female demon in front of him killed Li with one move. The manager of the Chamber of Commerce, this level of strength, is definitely Emperor Wu

The strong, he simply can't afford it.

"You just said that you have the map and intelligence of this Thunder Sea? How much?" Chen Sisi said lightly.

"Huh?" The old man was taken aback, but he immediately reacted, and hurriedly took out a jade slip, and said: "This jade slip contains the map and information of the Thunder Sea. Please also seniors to accept it." Chen Sisi After receiving it, I scanned it slightly, and there really was a map and intelligence of the Thunder Sea, but the map was very simple and the intelligence was not very detailed, and he frowned, "Didn't you say that there is the safest map? How is it so simple?"

"The old man was shocked, and hurriedly explained: "Senior, the sea of thunder is full of crises. Although the map in Xiayu Jianzhong is very simple, it is already the most complete map available underneath, and the sea of thunder is swimming in the sea of thunder. , Every few years

The dangerous situation inside will change, and there is really no more complete map underneath, so I ask Senior to calm down. "

The old man was really terrified.

Chen Sisi frowned. She didn't expect the sea of thunder to be so dangerous. She put away the jade slip and said, "How many real stones are this jade slip?" "This is for the filial piety to the predecessors, and the predecessors are invited to accept it." Money, he just wants to survive now. As for the real stone, he didn't dare to ask for it. Even the manager of the Chamber of Commerce was killed. Don't kill him in rage.

Thank goodness.

"The emperor has no habit of harvesting things for nothing." Chen Sisi said coldly, and with a wave of his hand, a storage ring had fallen into the old man's hands.

The old man was taken aback, his perception penetrated, and he suddenly discovered that there were a thousand top-grade real stones in the storage ring, and when he looked up, Chen Sisi had disappeared. He suddenly looked at the storage ring in his hand in disbelief. Not only did he not die, he actually got a thousand high-grade real stones. Although one thousand high-grade real stones is not too much, it is not a lot, and the map of the sea of thunder he Can copy a lot

, One thousand high-grade real stones is definitely not a lot. After Chen Sisi got the jade slip, he didn't even bother to enter the city of Thunder, and went straight to the position of the sea of thunder. She didn't come here for trading and practice, but to use the power of thunder in the sea of thunder to suppress her body. in

Naturally, he didn't need to enter Sky Thunder City because of his spirit of evil spirit and devil.

At the moment when Chen Sisi left Tianlei City, with a bang, a terrible rainbow light burst out of Tianlei City, and it instantly fell on the gate of Tianlei City. This was a middle-aged man with a burly figure and scars on his face. man.

Although this person has a burly figure, it doesn't feel like that kind of stunned head and blue eyes. The triangular eyes are slightly narrowed, and it feels very cold.

A cold and violent murderous aura escaped from this person, who was clearly a powerful emperor. Seeing the people coming, the crowd on the field began to discuss again. Many people were frightened. They obviously knew this burly man, because this man was a master of Wudi from the Laozhong Chamber of Commerce. He was called Tuli Wudi. Spicy and full

Blood, the warrior who once died in his hands is unknown, and he has a prestigious name in Tianlei City.

After seeing a few corpses lying on the ground, Emperor Tu Li's face changed suddenly, with a boom, he directly captured the old man in front of him, and said sternly: "Say, who is it? Who killed my staff? People from the Chamber of Commerce."

The old man felt bitter in his heart. How could he be so unlucky that he had just ran away a female demon head, and now he was targeted by Emperor Tu Li again.

He looked terrified, trembling, and hurriedly told the previous story.

"What? It's a woman who just ran away?" Emperor Tu Li threw the old man to the ground, shaking the old man to spit out a mouthful of blood on the spot, and after he asked clearly the direction of Chen Sisi's departure, he took a step. Stepped out, disappeared into the void in an instant, chasing madly towards where Chen Sisi left.

past.

Emperor Tu Li didn't notice at all. On this day, in the void outside Thunder City, there was a woman wearing a black robe and shrouded in black gauze. "Sisi's character has become a lot more ruthless, but she hasn't reached true ruthlessness. If she can fully understand the way of ruthlessness, her future will be unlimited." The woman said quietly, and then she shook her head slightly. The form flickered and disappeared, chasing Chen Sisi's place.

[Chapter 1963: Leizhou Bandit](#)

Emperor Tu Li followed Chen Sisi frantically all the way, but he was only the peak Martial Emperor in the early stage. How could Chen Sisi catch up with him? Therefore, after tracking for a long time and found that there was no trace, he had to return to Tianlei City bitterly.

. "Huh, it seems that no one knows the prestige of the Chamber of Commerce in Liaoning. Not long ago, those two guys dared to play tricks on the Chamber of Commerce in Liaoning. Now someone dares to kill my disciple of the Chamber of Commerce in Tianlei City. Ma orders, these three guys are wanted , If you don't capture these three guys back, I'm afraid no one will know the reputation of the Chamber of Commerce. "

Emperor Tu Li was furious, and after returning to the Laozhong Chamber of Commerce, he immediately ordered his disciples to want each other in the Thunder Sea.

Qin Chen naturally didn't know what was happening here. At this moment, he was rushing towards the Sea of Thunder.

A few days later, Qin Chen had already entered the area of Leizhou.

As soon as I entered Leizhou, the climate here became bad. The real Qi of the whole Leizhou was extremely thinner than the outside world, and there were not many people living here, as if it were a wilderness. Qin Chen knew this a long time ago. Because of the Sea of Thunder, Leizhou is very barren and almost inaccessible. However, because of the uniqueness of the Sea of Thunder, the masters of the entire Tianwu Continent will come here to experience and practice. mine

Very prosperous in the sea of Ting.

This is an extremely strange situation, but it is also an extremely common situation.

And Qin Chen also knew that the entire Leizhou was very chaotic, with bandits everywhere, and even some top experts would ambush here to slaughter and rob passing pedestrians.

Qin Chen's figure turned into a stream of light, shuttled in the void, he did not achieve the ultimate speed, because while rushing, Qin Chen was still cultivating, constantly feeling his own blood.

But even if he didn't exert his full power, Qin Chen's speed had reached a terrifying point, like an invisible light and shadow, passing through the sky and the earth in an instant, almost without a trace.

Even if there is no trace to be found, Qin Chen will be exposed under the strong perception. At this moment, a perception has been swept over Qin Chen, and even brushed past Qin Chen unscrupulously.

This perception is extremely powerful and extremely powerful, Qin Chen's perception immediately swept the opponent, and he saw not a single person, but a group of people. This group of people surrounded several martial artists, and they were frantically attacking those warriors. Among this group, there was one mid-term martial emperor, five early and early peak martial emperors, and nearly twenty late and peak martial emperors. , As for the later period

Below Wu Huang, there are none.

This is definitely an extremely scary team.

However, the strength of those who were besieged was not weak. There was also a mid-term martial emperor and three early martial emperors. After Qin Chen saw the opponent's true treasure, he suddenly showed a look of surprise. The true treasure should be a treasure of a certain formation, which could combine the strength of the four of them. It was very special. How can I resist

Attack of this group of strong men.

However, no matter how peculiar the real treasure is, after all, the cultivation base of these four people is quite different, and the number of them is not large. Under the joint attack of so many powerful people, the real treasure will obviously not last long, and it is even possible at any time. Will be defeated.

Qin Chen glanced around and ignored the other party. There were too many things like this, but there were too many in places like Leizhou.

Other places in the Wuyu region are entrenched by major forces, and if they are still stable on the surface, then in Leizhou, because of the inaccessibility of people, no one wants to occupy it, there are more such struggles, and they can't be managed.

"That real treasure is indeed a treasure, it should be a ninth-level real treasure, but unfortunately, it won't last long." Qin Chen shook his head, shook his body, and turned to leave here. "Hahaha...I have been in Leizhou for hundreds of years. This is the first time I have seen and met us without wanting to escape. I also discussed the real treasure level, okay." A man who was nearly two meters tall laughed and he had already gotten from that group. Came out of the people and stopped

In front of Qin Chen. "Don't worry about other people's real treasures. Your Excellency is so young, and you are already a powerful emperor. I think he should come from a certain big power. There must be a lot of treasures on his body." Lou Hu stopped Qin Chen and looked. By Qin Chen's age, obviously

Some were surprised, suddenly laughed arrogantly.

Although Qin Chen changed his face, his appearance was only in his thirties, not very old, and he would naturally attract the other party's surprise.

The few people who were struggling in the True Treasure saw someone coming, and at first they were a little surprised, but they saw that it was just one person, and after only an early Wudi, they suddenly showed disappointment and could only grit their teeth and persist.

"Are you Leizhou bandits?" Qin Chen frowned and said. He thought that the two sides were fighting against two big forces, but now he knew that the bandits were robbing.

"I realized that I dared to walk alone in Leizhou, ha ha, you are very brave." Lou Hu stared at Qin Chen and sneered.

"Broken Tiger, don't talk nonsense with him, just a small thing, kill him, don't let him run away, don't linger there." The Emperor Wu who was in charge of the attacking formation in the middle of the attack coldly shouted, obviously a little dissatisfied with Louhu nonsense.

That Louhu nodded and said, "Boss, don't worry, this kid is handed over to me, how can it be impossible for him to run away." As he said, a huge tiger-headed knife appeared in his hand, and he grinned and said, "You Do you know why the boss called me Broken Tiger? Because I fight with people, not only like killing people, but also like breaking people into pieces, so I called

Broken Tiger..."

Qin Chen didn't wait for him to finish speaking at all, and slapped it out with a palm, killing his fist!

Suddenly, a terrifying fist of hundreds of feet long appeared in the void, with a bang, the fist burst directly, and instantly destroyed Louhu's voice, mixed with a terrifying killing intent light straight down, and it was missing. Many killings.

After Qin Chen mastered the killing fist, he has always felt that he is more skilled in the killing fist. Although his killing intent is smaller, his power is even more terrifying.

When the killing intent fist method fell, the void was immediately flooded with endless fist power. Lou Hu was just an early stage martial emperor. He actually fell into this killing intent instantly, completely bewildered by this killing intent rule.

"It's so beautiful." He even said in awe, but before his words fell, his whole person burst into pieces and instantly turned into endless blood, let alone shattered, even a piece of intact meat was never found.

[Chapter 1964: Silent Grey](#)

boom!

After Qin Chen killed the Tiger Wu Emperor with a single move, there was no pause. When he raised his hand, another terrible killing intent swept out, and directly swept the many masters who besieged the four Wu Emperor strong.

Qin Chen is the kind of person who doesn't offend me and I don't offend anyone. If someone offends me, I will return it twice. Since he has already done everything, Qin Chen will naturally not keep any more hands.

What's more, killing one is killing, and killing a group is killing. To deal with these Leizhou bandits, Qin Chen has no psychological pressure.

So after he killed Lou Hu with a single move, the terrifying fist suddenly turned into a long rainbow and swept towards the many emperors.

"What a beautiful rainbow." These bandits were all attracted by the artistic conception contained in this fist. The brilliant light filled the sky and the earth. All the bandits exclaimed. Even the four Martial Emperors who were persistently resisting showed a look of wonder. By this mysterious secret

It attracted the past.

"No, duh!"

But the leading mid-term peak martial emperor's cultivation base was not weak, and he quickly reacted, his mood was not right, this was not a rainbow, this was a light of killing intent, a ray of killing intent that almost confuses him.

A layer of fine tremor rose from his body, and he shouted loudly. The terrifying Di Yin instantly awakened everyone, showing a look of horror. They were all bewildered, so terrible magical powers, okay. Terrible killer move. The leading mid-term peak Martial Emperor was even more shocked. As the mid-term peak Martial Emperor, how could he not know that the greater the supernatural powers, the more terrifying the murderous intent, and once the murderous intent was hidden, it would be the perfect magical power integrated with the rules of heaven and earth. ,once

Being involved in this kind of supernatural power, the soul is destroyed, and there is no room for resistance.

Like the previous Broken Tiger, he was killed as soon as he met him, and he didn't even know he was dead until he died.

Cold sweat came out, and at the same time, a group of real grey treasures like flames had been sacrificed by him. The terrifying hot gray was like a bomb, and it burst apart when it was sacrificed by the leading mid-term peak Wudi. It was just a breathing time, and the surrounding void was surrounded by this terrifying gray flame.

The overwhelming gray flames tumbling at the same time, crazily covering Qin Chen.

The brilliant killing fist and the gray flame collided in an instant.

boom! The two forces collided crazily, and Qin Chen immediately felt a scorching aura sweeping over him. Although his previous punch did not use his full strength, it was enough to kill a mid-level martial emperor, but because of this gray flame, he was One trick

However, he could not kill the opponent, but was stopped by this gray flame.

Qin Chen was taken aback at the extinguishment of gray flames, he recognized at a glance that this gray flame was an extremely terrifying type of earth fire, and it was also the seventh-ranked nirvana of the earth fire rankings.

And Qin Chen affirmed that the opponent's Silent Grey Flame had been refined to the very late stage, and even some simple spiritual wisdom had been born, otherwise it would be impossible to have such spirituality, as if a brand new life.

This is an extremely powerful flame, not only that, Qin Chen rarely sees anyone directly using ground fire as a main attack on real treasure, except for himself of course. But the bandit leader dared to regard Nimbling Grey Flame as an attacking real treasure. Obviously he was not only confident in his own flames, but he had definitely reached a very deep realm on top of the flame rules, at least comprehending a very powerful The fire

Flame supernatural power.

Originally, Qin Chen wanted to kill the opponent with his killing fist, but when Jieli Grey Flame appeared, Qinglian Demon Fire had already jumped in Qin Chen's mind, and wanted to come out to attack Jixi Grey Flame.

In fact, even if Qinglian Demon Fire did not respond, Qin Chen planned to use the flames to teach this self-righteous bandit.

A cyan lotus flame blasted out in an instant, and the cyan lotus flame hit the large gray flame without a sound. After a breath, there was a sharp whistling sound. The large swaths of Silent Grey Flame seemed to have met a terrifying natural enemy, and immediately retreated. At this time, the breath of the green lotus demon fire skyrocketed from a lotus flower. For a piece

The cyan ocean surged up like waves.

"What kind of flame is this? Is it the third-placed azure sky in the earth fire rankings? No, even the azure sky is not so terrible. My dying gray flames have been elevated to the extreme realm by me, and it is impossible to be so fragile. ..." The bandit leader was playing with fire, and he was obviously very familiar with flames. He was shocked when he saw the cyan flame displayed by Qin Chen crazily suppressing his dying gray flames, and then he seemed to think of something, he said in amazement, "Could this cyan flame pass

The fire of the sky? "

Except for the sky fire, he could not think of other possibilities, otherwise any flame would not be able to suppress his dying gray inflammation so easily.

This is the legendary sky fire.

The bandit leader was suddenly excited, and at this moment, a strong greedy color appeared in his eyes, staring at the Qinglian demon fire in front of Qin Chen.

But he also knew that the top priority was not to covet this mysterious sky fire, but to resist the attack of the sky fire. If he couldn't block this terrible flame, then he would peel off even if he was not dead.

So he immediately shouted coldly, "Set up an array!"

Buzzing buzzing...

Many martial emperor bandits who had besieged this formation of true treasures gathered around one after another, and they formed a weird formation. This formation immediately gathered the power of these people together, and then concentrated on the bandit leader.

It can be clearly felt that the aura on the bandit leader has at least doubled in an instant.

Qin Chen couldn't help sighing. These bandits really wanted money but not their lives. It was all this time, and they still hadn't figured out the situation and were still coveting the Qinglian Demon Fire on him.

At this time, the other Wudi who besieged the magic treasures also reacted quickly, and two of them flew quickly, wanting to assist the bandit leader to do something against Qin Chen.

With the departure of these two people, the Emperor Wu who besieged the Zhenfa Zhenbao suddenly left only two people and some Wuhuang bandits.

The space in front of the True Formation Treasure was instantly opened, and the pressure was suddenly reduced. The mid-term Wudi who presided over the True Treasure of the Formation immediately swept Qin Chen's side and took it back.

Then the mid-term Emperor Wu who presided over the real treasure of the formation suddenly exploded with a force far beyond the previous one, and even took advantage of this brief gap to kill out of the encirclement of the bandits.

"Go!" Then he let out a low voice, and turned to leave without looking back at the other three Emperor Wu, wanting to rush out.

[Chapter 1965: Demon fire boost](#)

They turned too fast, and instantly passed through the gap between the bandits surrounding them, but disappeared without a trace in their breath.

Most of the bandits' main forces were all eyeing Qin Chen at this moment, resulting in only two martial emperors targeting these four martial emperors, facing the sudden eruption of four martial emperors who wanted to escape, one of the two Time didn't even stop, and watched them run out.

"Damn it, these fat sheep were about to be caught, and they ran away."

The two emperors were anxious and frustrated, but they knew that it was impossible for them to catch up with the four of them. The cold eyes fell on Qin Chen instantly, and after a flicker, they joined the encirclement of Qin Chen. .

Suddenly, Qin Chen, who was only passing by in this void, became a target of public criticism, surrounded by all the bandits.

Does this work?

Qin Chen suddenly became speechless. He was just passing by. Now he was clearly helping the other party to attack the Leizhou bandits. The pressure on the magic treasure was reduced. The other party did not help counterattack, but fled instead.

He immediately gave a cold snort. What he hates most is this kind of ungrateful people. If he didn't want to make a move just now, Louhu's cultivation level would definitely not stop him. He stayed, except for not caring about this group of people. There are also factors that want to help after learning that these people are Leizhou bandits.

Unexpectedly, it has verified that good people are not rewarded. It seems that sometimes you really cannot be a good person.

Of course, Qin Chen was not a good person, at least this Silence Gray Flame made Qin Chen feel the value he left behind.

"Humph, you let go of the four fat sheep that should have belonged to us. Today, I will take you to make up for our loss." The bandit leader urged his true energy frantically, his face was extremely hideous, and he tried his best to block Qin Chen's green lotus fire. As long as he blocked this round, he could unite his men to attack and besiege Qin Chen. At that time, he didn't believe that Qin Chen could block the attack of so many people with a small sky fire.

But even if he urged the nirvana gray flame again, the Qinglian Demon Fire completely swept in the nirvana gray flame, and a panic wave of life emanated from the gray flame, and Qin Chen actually felt his Qinglian demon. The fire has improved a lot at this moment.

He immediately understood that the level of the Qinglian Demon Fire far surpassed that of Nirvana Grey. Although Nirvana Grey is also an extremely terrifying flame, it seemed a little insufficient in front of the Qinglian Demon Fire, especially Qin Chen. The control of the flame was far greater than that of the Leizhou bandits, causing the Qinglian Demon Fire to swallow the nirvana gray inflammation all at once.

No matter how strong the Qinglian Demon Fire is, Nirvana Grey Flame is a peak-level ground fire anyway, and the most terrifying feature of Qinglian Demon Fire is its growth. Therefore, after swallowing the Nirvana Grey Flame, it immediately gains a huge Promote.

The reason why the Qinglian Demon Fire was terrible in the past was the nourishment of Qin Chen's Nine Star God Emperor Jue Zhenyuan, but now, Qin Chen clearly felt the origin of the Qinglian Demon Fire had improved.

Since obtaining the Qinglian Demon Fire, it was the first time it had swallowed a flame of this level.

At the moment when Qinglian Demon Fire swallowed Silent Grey Flame, Qinglian Demon Fire's breath suddenly rose, and it rushed towards this group of Leizhou bandits with a thud like a fire wave.

At this time, this group of Leizhou bandits was completely dumbfounded, because they didn't expect that the boss's Silent Grey Flame could not stop the cyan strange flame, and was swallowed instantly.

"Quickly, stop it!"

At that mid-term peak, Emperor Wu hurriedly yelled, and all the facial features on his face squeezed together. Suddenly all the bandits were panicked, roaring, and deafening roar, countless streamers and attacks directed towards Qinglian like raindrops. Yaohuo blasted over.

And there are countless real treasures in it.

Qin Chen sneered. The reason why Emperor Wudi at the mid-term peak was able to block the Qinglian demon fire was entirely because he just acted casually and didn't use his full power at all.

Of course, another reason is that there were other people here before, and Qin Chen didn't want to expose a particularly terrifying cultivation base before even the Thunder City arrived. After all, although Leizhou is barren, there are still many strong people hiding here, even misty. The palace and other forces definitely have a secret presence.

And now that no one is there, Qin Chen doesn't care at all, and he doesn't have the mind to continue playing with the other party. He immediately issued an order to the Qinglian Demon Fire, letting Qinglian Demon Fire take full action.

Unexpectedly, as soon as this mental power came out, the Qinglian Demon Fire would actually emit a wave of eagerness, and in that wave, there was also a wave of clearer consciousness.

"Qinglian Demon Fire gave birth to consciousness?" Qin Chen was taken aback. He didn't expect that after Qinglian Demon Fire swallowed Silent Grey Flame, he actually gave birth to a consciousness. No, he was not yet conscious, but There is already a faint tendency to give birth to spiritual wisdom.

Qin Chen was overjoyed. This was an unexpected gain. If Qinglian Demon Fire was born with spiritual wisdom, it would definitely represent the essence of Qinglian Demon Fire had been improved.

boom!

The Qinglian Demon Fire broke out, and the true treasures and attacks burst instantly under the Qinglian Demon Fire's package, and then they were burned into ashes. Many bandits all showed horrified expressions on their faces, but In the next moment, the terrifying Qinglian Demon Fire had completely enveloped them.

Burned by the horror of Qinglian Demon Fire, these Martial Emperor bandits didn't even have a chance to scream, and instantly gasified and turned into nothingness.

"Do not....."

Not only the Wuhuang strong, even those Wuhuang strong, they are just a little better than the Wuhuang strong, the blue flame instantly penetrated their defenses, poured into their bodies, and even the regular power was Burning distortion.

Their faces were full of horror, and their hearts were full of regret. If they could come back, they would never choose to provoke Qin Chen. But now it was too late, and in silence, their bodies had already

gasified. Before they died, they all looked at their leader in horror, hoping that their leader would be able to rescue them.

But what they saw was the figure of their leader who didn't turn back. The bandit leader himself was practicing the fire technique, and he knew the terrible Qinglian demon fire more clearly than others. He was the moment the demon fire broke out. I realized that with my own strength, I couldn't stop this terrible flame, so when I instigated my brothers to do it, I displayed a black buckler, and at the same time, my figure quickly retreated.

laugh!

The black buckler burst out with black light and countless runes, but in an instant, the entire buckler was distorted and liquefied, and then instantly vaporized. At the same time, the four martial emperors of the early and early peaks were also vaporized.

[Chapter 1966: Little gain](#)

Because of the blocking of this round shield, the bandit leader immediately found a chance to escape. With a sway, he immediately escaped into the void, trying to escape into the void turbulence. At this time, he no longer has the courage to confront Qin Chen. Although Qin Chen's aura is only the peak of the ninth initial stage, the power of the green lotus demon fire alone is enough to swallow him, naturally there is no Any resistance

Courage.

Want to go?

Qin Chen sneered, raised his hand to collect the Qinglian Demon Fire, and then stepped in. The whole figure seemed to have crossed the endless distance in an instant, and came to the leader of the bandit in an instant. With a bang, the bandit leader covered his head and left, fleeing frantically. He didn't expect Qin Chen to come to him in an instant, and he slammed into Qin Chen's body. The whole figure seemed to have hit an immobile. Like a mountain, dizzy

Dazed, the bullet went out all at once. Then he realized that Qin Chen had come in front of him. He was terrified in his heart. He couldn't believe what he saw. Before Qin Chen was far behind him, he came to him in an instant. In front of

What kind of speed is this?

But he ignored the shock. After being shaken by Qin Chen, a dark ring appeared in his hand for the first time. As soon as this ring appeared, it buzzed, and suddenly split the void. Qin Chen slashed over.

boom!

A gray and dark shadow of hundreds of meters long swept down all of a sudden, and the densely dense shadows of killing intent were like layers of void killing lights, completely confining the void around Qin Chen.

The bandit leader was very surprised and surprised that Qin Chen actually took back the cyan sky fire on his body. This kid is simply idiot. Does he think he can deal with himself with the cultivation of his early peak Martial Emperor? If Qin Chen used the Qinglian Demon Fire, he might still be a little bit scared, but

Qin Chen actually put away the Qinglian Demon Fire now, what would he wait for if he didn't find a chance to kill the kid? As long as he kills, he can take away the sky fire from Qin Chen, to

At that time, the strength can definitely be improved. In ecstasy, this bandit leader was also extremely fierce, and a dazzling flame appeared above his head. This is the power of his flame bloodline, which urged his combat power to the extreme in an instant, all integrated into the dark circle in his hand. Above

.

Suddenly, a gray killing intent gleaming with endless fire light immediately wrapped Qin Chen.

"Hahaha, brat, let you and I pretend to be forced to kill you, and the treasures on your body belong to my Emperor Grey Flame Martial Art. Don't worry, I will take good care of the mysterious sky fire for you."

At first, the bandit leader was worried about Qin Chen's terrible methods, but when he found that his gray light had completely enveloped Qin Chen, Qin Chen hadn't reacted at all, he was completely relieved.

Puff puff.....

The countless gray scorching killer lights were like layers of void killing intent, and they swallowed Qin Chen in an instant.

"Hehe, it is estimated that this kid is already dead and can't die anymore. It's just a small initial peak Martial Emperor. With a little treasure, he is also arrogant in front of my Grey Flame Martial Emperor.

The bandit leader sneered and said, and at the same time looked into the Void Killing Mansions, wanting to see his trophies, then his eyes widened suddenly. Amidst the endless gray killing intent light, a figure slowly walked out. He walked out of a large amount of killing intent. The killing light burst out of the dark circle slashed on his body, unexpectedly did not bring him any A little bit of damage, as if

The breeze is blowing.

how is this possible?

With such a violent blow, let alone a small initial peak Martial Emperor, even if it was a mid-term peak, no, even a late Martial Emperor giant, he realized that he might just stand here, let him attack at will, and be able to make no shots. Harmless.

But no matter how hard he could believe it, everything in front of him shocked the bandit leader. His entire body was erected instantly, and he almost fainted.

"It's interesting. This gray killer man has the power of space to kill, and there is a hint of killing mood in it, and it has also been integrated with the flame rules, and it can barely hurt the general giant Wudi."

As Qin Chen walked out of the gray glow, he commented that he could actually avoid the killing glow, but the reason why he didn't hide it was that he found that Emperor Huiyan Wudi's attack was quite interesting and wanted to experience it for himself.

After all, with Qin Chen's eighth-level defense of the Immortal Saint, let alone a small mid-term peak Wudi, even the giant Wudi can hardly hurt him. Today, only the late peak Wudi can match Qin. Eligibility for the dust battle.

After the comment fell, Qin Chen had no intention of continuing to fight. He raised his hand and took a photo of the bandit leader.

"Senior forgive me, forgive me!" If the bandit leader didn't know that he had grabbed the iron plate at this time, then he was too idiot, so he called out in horror, but Qin Chen ignored his begging for mercy. The rules of invisible space envelop the opponent while killing

With the slam fist intent, he blasted the bandit leader into powder, leaving no trace of flesh and blood.

Putting away the storage ring on the bandit leader, Qin Chen shook his figure and disappeared into the void suddenly, as if nothing had happened here.

Although he was intercepted by Leizhou bandits, Qin Chen also delayed a moment, and had little influence on him. Instead, he received a lot of storage rings, and the Qinglian Demon Fire was promoted again. . Among the six Wudi storage rings, there is nothing else, but there is a pile of high-grade real stones, which is a full 80 million high-grade real stones. In addition, there are some thunder crystals unique in the sea of thunder, but The number is not large, and Qin is the most

Chen was surprised that there were still many elixir and elixirs in the lead bandit's storage ring.

The quantity of these medicines and elixir is very large, absolutely exceeding the quantity carried by the normal Emperor Wu. I don't know where the other party snatched them from or smuggled them.

It can be said that these materials made Qin Chen a little bit of money.

Of course, Qin Chen even emptied the Holy Medicine Garden of Misty Palace, and later took away the treasures of the entire Tiandi Mountain and Mo Family, but he didn't pay much attention to these materials.

Continuing on the road, a few days later, a vast city appeared in front of Qin Chen. It was the largest city in Leizhou and the center city of Tianlei City closest to the Sea of Thunder.

With a swish, Qin Chen suddenly landed in front of Tianlei City.

A faint **** breath immediately rushed into his nostrils.

"Huh? It seems that there has been a battle here. It should have been a few days ago?" Qin Chen only glanced at it and found that there should have been a battle here. It really is Tianlei City, although Qin Chen came to Tianlei for the first time in his life. Although he had been here once in his previous life, he naturally knew that although Tianlei City was the largest city in Leizhou, it was also extremely chaotic and could not be compared with the central cities of other states.

[Chapter 1967: Wait a minute](#)

"This is the largest city in Leizhou, Tianlei City?" Ji Ruyue and You Qianxue also stood beside Qin Chen at this time, and said somewhat unexpectedly. The place in front of me really doesn't look like a real huge

city. There are almost no walls. It seems to have just built a market on a wilderness, and the buildings inside look very dilapidated, as if it has gone through countless years.

The weather is average, scarred, and there is a sense of desolation.

Would such a city be the famous Sky Thunder City? "Hehe, don't underestimate this day of Thunder City. The reason why this day of Thunder City is so broken is only because there is no unified management. But because of the sea of thunder, the strong in this day are absolutely Than anywhere else in the mainland

Not to be underestimated. "Fu Qiankun said solemnly.

"So powerful?" Both Ji Ruyue and You Qianxue were a little surprised. Will there be so many powerful men in this broken city?

Fu Qiankun explained: "In fact, this is normal. First, the Sea of Thunder is one of the top forbidden places in the Martial Domain. Although it is not clear how it was formed, it is rumored that its origin is related to the legendary heaven." Second, compared to other top forbidden places in the Martial Domain, such as Death Canyon and Forbidden Land, the Thunder Sea is extremely dangerous at its core and has never been visited before, but its periphery is relatively safe and can be quenched after entering. Refining the flesh is martial arts

The holy land of countless warriors. "

Fu Qiankun still knew Tianlei City very well, and even he himself had been here twice to temper his body. Both Ji Ruyue and You Qianxue were a little surprised. If so, it is really possible. After all, any place in the Martial Domain that can temper a physical body is extremely rare. Perhaps before breaking through Emperor Wu, many people didn't pay much attention to the physical body.

Rebuild as. However, after breaking through Emperor Wu and many people have mastered the rules to a certain level, it will be difficult to make progress. This card will last for several years, more than 10 years, or even decades, and those who have fallen into a bottleneck Will do everything possible from other

To improve their own strength, want to get a glimmer of opportunity.

On this day, Thunder City is naturally an excellent place.

Almost the vast majority of Emperor Wu will come to this sea of thunder after his cultivation reaches a certain level.

In comparison, places like Death Canyon and God's Forbidden Land are full of crises. Even the peak of Wudi can easily fall by accident. Everything depends on luck. Although such places are more famous, people who dare to go are more famous. less.

As soon as Qin Chen and his party fell, a group of people immediately surrounded them and sold their maps, jade slips, news and so on to Qin Chen and them.

"We don't need it, you all let it go." Qin Chen and Fu Qiankun didn't pay attention to these warriors who were peddling outside, and walked directly toward the sky thunder city.

"Little Chen, didn't we come here to buy maps? Why don't we buy them from those outside?" You Qianxue wondered. She remembered Qin Chen said that the reason why they came to Tianlei City first was to buy new ones from Thunder Sea. map. "Hehe, the map is the least gold-rich thing, but it is also the gold-rich thing." Qin Chen smiled: "Those who sell maps and news outside, the maps and news in their hands should all be compared. Ordinary map

And news, it can be said that everyone knows the kind, but the maps that really mark some new dangerous places and news can only be purchased by some top chambers of commerce or organizations in Tianlei City. "

Qin Chen explained to You Qianxue and Ji Ruyue, and said at the same time: "You must be careful here, don't reveal your wealth. Places like Tianlei City are very chaotic. Once someone is targeted, there will be countless Trouble." Although Tianlei City rarely participates in the battles among the major forces on the mainland, it is definitely a behemoth in itself, because there are too many strong people here, which also leads to many forces taking root here, although it is not visible in the outside world, But on this day Leicheng

They are kings on one-third of one acre of land, and they don't even have any influence. You Qianxue and the others can't stay in the Universe Jade Plate forever, so Qin Chen released them, but there are necessary reminders to prevent them from being spotted inexplicably, although the four of them have changed their appearance. , but

Still have to be careful.

As for Fu Qiankun, Qin Chen wasn't worried at all, this old man had even more experience than himself.

You Qianxue and the others nodded immediately.

After the four walked into Tianlei City, You Qianxue and Ji Ruyue were immediately shocked by the pedestrians coming and going around. There were a lot of warriors here, and some warriors still smelled of blood, and their expressions were very harsh.

It seems that the people in Leizhou are like this, very fierce, and the aura of killing is stronger than that of people in any state in the martial arts.

"Let's find a place to live first." Qin Chen said, just as he was about to take a closer look, a group of people passed by. The leader is an eagle-eyed warrior, the peak martial emperor's cultivation base, and two women beside him, and those two women seem to be one master and one servant, and the woman behind is very respectful bowing her head and supporting the one in front. Women. The one who was fucked

The women who supported them were all cultivated by the mid-term Emperor Wu. Such cultivation was obviously only for the sake of nobility.

And that servant's cultivation base is not low, and he also has the cultivation base of the early Wuhuang, this combination feels very strange.

Although the cultivation base of the Emperor Wu Huang in the mid-term was higher than that in the initial period, it should not be strong enough to let another person serve him as a slave, so Qin Chen couldn't help but look at it more.

At this look, Qin Chen's eyes were dull for a moment, as if he had seen something unbelievable, his eyes condensed suddenly.

"Little dust, what's wrong with you?"

After You Qianxue saw Qin Chen's expression, she was suddenly a little surprised, and Fu Qiankun also looked at it weirdly, because he found that Qin Chen's state was something wrong.

The eagle-eyed martial artist and the woman saw Qin Chen staring at them, and suddenly looked back coldly, and said coldly: "What are you staring at my wife?"

You Qianxue and Ji Ruyue also felt a little weird. Qin Chen's gaze was indeed a bit too far, but they could see that the aura that Qin Chen was staring at was not the wife of the eagle-eyed warrior, but the one beside her. servant.

"Why, don't we look at it? Where do we look, do you still want to control?" Fu Qiankun snorted, this eagle-eyed warrior is too domineering, right.

A sharp look flashed in the eagle-eyed martial artist's eyes, but after he glanced at Fu Qiankun, he seemed to feel that Fu Qiankun was not easy to provoke, so he didn't continue to speak, just turned around and left. Just when the three of them were about to leave, Qin Chen suddenly said coldly: "Wait a minute."

[Chapter 1968: Goodbye old friend](#)

"Wait a minute!"

Qin Chen suddenly stopped the opponent sharply.

When the eagle-eyed warrior heard Qin Chen's words, his aura suddenly skyrocketed. He stared at Qin Chen coldly and said, "What? Do you want to stop me from eagle painting? Young man, this is Tianlei City, don't be yourself Trouble yourself."

All of You Qianxue also looked at Qin Chen suspiciously, because they knew that Qin Chen was not that kind of reckless person, but what Qin Chen did now made them feel confused. What's wrong with Shao Chen?

And they knew Qin Chen too much, and even faintly heard a hint of excitement in Qin Chen's voice.

Qin Chen did not answer the eagle-eyed warrior, but looked at the maid-like woman and said, "Are you Xia Wurou?" The maid in the blue dress trembled all over, and immediately raised her head. She immediately saw After Qin Chen found out that he was a stranger who did not know him at all, there was doubt and trepidation in his eyes. It was obvious that he did not recognize Qin Chen.

Shi was a little scared and said: "You have admitted the wrong person."

Sure enough, it was Xia Wurou. Qin Chen would never have imagined that the princess Xia Wurou of the Great Xia Dynasty would appear here. He suddenly became a little excited: "Xia Wurou, why are you here?"

Can he not get excited? Xia Wurou had gone through the Black Death Swamp with him at the beginning, and he had also entered the Secret Realm of Heavenly Demon together. He had a good relationship in the Land of Hundred Dynasties, and remembered that he also joined the Chendi Pavilion. "Is she Xia Wurou?" You Qianxue was also taken aback, and hurriedly looked forward. She also knew Xia Wurou, but the appearance of the woman in front of him had been destroyed, and there were even some scars, which looked a little ugly and fundamentally Can't see the original face

Up.

But You Qianxue believed that Qin Chen would never admit the wrong person, so she suddenly said in shock: "Xia Wurou, why did you become like this?"

"Your name is Xia Wurou? Didn't you say that your name is Dou Siluo? You lied to us before?" The master-like woman suddenly showed a hint of coldness and said coldly.

"No...no lady, they admitted the wrong person." The blue skirt maid looked even more terrified and hurriedly denied it, and then said to Qin Chen and the others: "Sorry, you really admitted the wrong person."

She tried her best to keep her calm, but her eyes and body language still betrayed her.

Qin Chen naturally knew that he would not admit his mistakes. What he saw was not his face, but his breath. The breath of the person in front of him was definitely Xia Wurou, his appearance could change, but a person's soul breath would not change.

But why would she not admit it?

Suddenly, Qin Chen reacted violently, now that both he and You Qianxue have changed their appearances. They are not the original appearances at all. Xia Wurou didn't know him and You Qianxue at all. How could he recognize them, so he hurriedly argued.

"Xia Wurou, look at who I am!" Qin Chen immediately changed his expression. At this time, he didn't care about revealing himself, because he had too many doubts in his heart.

When Qin Chen revealed his true face, Xia Wurou trembled, and suddenly cried out in shock: "Pavilion Master Qin..."

"Oh? It seems that you really know each other? Or the pavilion master?" The woman looked at Qin Chen coldly, then at Xia Wurou coldly, and said with a sneer: "Hiding the head and revealing the tail is nothing. good stuff."

Snapped!

She immediately slapped Xia Wurou fiercely, and blood spilled from the corners of Xia Wurou's mouth. "After I go back, I will ask my father to check, what is the origin of you guys, huh!"

With her slap, Xia Wurou's face flushed immediately, and her heart trembled with fear.

"Go, let's talk nonsense, I'll chop you off and feed the blood skull python." The woman who was served by Xia Wurou then gave a cold snort.

"Yes..." Xia Wurou's surprise suddenly disappeared without a trace, and immediately lowered his head again and replied in fear.

The anger in Qin Chen's heart suddenly rose. Xia Wurou was a member of his Chendi Pavilion, and she fell to this level. Others hit Xia Wurou's face in front of him, and the scene in front of him was even Not as good as a maidservant.

He didn't wait for a few people to leave, his figure flashed, and he stopped in front of them.

"What do you want to do?" The eagle-eyed warrior suddenly stepped forward and had already sacrificed a treasure soldier, a sun and moon double hook, a top imperial soldier.

Qin Chenli didn't bother to pay attention to him, and suddenly stepped out, and stretched out his hand to pull Xia Wurou from the mid-term Wuhuang woman, and said with a sneer, "If you want to fight, stop talking nonsense."

The woman in the mid-term Wu Huang looked at Qin Chen in amazement, Qin Chen pulled Xia Wurou away from her just now, she didn't even have the ability to resist. "You're looking for death!" The eagle-eyed warrior named Yingtu had killing intent on his body, and the sun and moon hooks in his hands were also buzzing excitedly, but Qin Chen found that his momentum was great, but it was not true. Of hands-on. His momentum is more oppressing Qin Chen

, But he obviously overestimated himself, and Qin Chen remained motionless under his momentum. Qin Chen saw that the eagle-eyed warrior had no plans to do it, so he was too lazy to do it. He hasn't figured out the specific situation yet, so he didn't do it. The most urgent thing is to figure out why Xia Wurou appeared here, otherwise just just now. that

The woman's slap on Xia Wurou was enough to inspire Qin Chen to kill them instantly.

"Take this pill." Qin Chen glanced at Xia Wurou, and immediately found that there were many dark diseases in Xia Wurou's body, and even some dark diseases were very serious. He immediately took out a A healing pill was handed to her.

As soon as this pill came out, a strong medicinal aroma suddenly escaped from the air, as if the true energy in the body was about to move.

"What kind of medicine is this?"

The eagle-eyed martial artist and the woman in the middle stage of the Martial Emperor both looked at Qin Chen in amazement. Qin Chen's previous shots had already shocked them. When they saw Qin Chen taking out such a distinctly high-grade pill, they felt I was shocked immediately.

The two of them have deep backgrounds, and Leicheng is not afraid of anyone on this day, but their own strength can only be regarded as average, so they have been reluctant to take action.

In places like Tianlei City, if you don't have enough strength to make a mess, you are looking for death. If they are accidentally killed, no matter how deep their background is, they will die and will not survive. "Pavilion Master Qin, you go quickly. This woman is the daughter of the vice president of the Liozhong Chamber of Commerce. You provoke her in Tianlei City and have already gotten into big trouble. You two, go quickly..." Xia Wurou did not go. He took the medicine, but looked at Qin Chen anxiously,

Busy secretly spread the message. "Liaozhong Chamber of Commerce?" Qin Chen frowned. He vaguely knew that this should be a top chamber of commerce in Sky Thunder City. In places like Sky Thunder City, resources were almost divided by the top powers. The Chamber of Commerce is also one of the best.

[Chapter 1969: slave](#)

But Qin Chen even dared to stun the Misty Palace and the Xuanyuan Empire, so would he care about the Lieutenant Chamber of Commerce? If it's a big deal, just fight, who are you afraid of?

"You take the pill first." Qin Chen said. His tone was majestic, and Xia Wurou couldn't help but swallowed the pill. In a short time, a warm force entered her limbs and limbs, and Xia Wurou even hummed comfortably, only feeling unprecedentedly comfortable , Even Xiuweidu

Improved a lot, and broke through to the mid-term Wuhuang realm in one fell swoop. This is natural. What Qin Chen gave to Xia Wurou was a nine-rank emperor pill. Although it was only a relatively elementary healing pill, it was an unprecedented nourishment for Xia Wurou's body. After the illness, naturally suddenly

broken.

The eagle-eyed warrior Yingtu and the mid-term Wuhuang woman saw this scene, and their faces suddenly showed shocked expressions. What level of pill would be the pill that Dou Siluo could directly break through.

And this person took out such a pill in his hand, obviously he had more than one pill. A look of greed suddenly appeared in the heart of this eagle-eyed warrior. He found that after a long time, Qin Chen didn't even sacrifice his weapons. Instead, he put away the yin and yang hooks, and snorted coldly: "Your Excellency, this person is from us. Sky Thunder City spent a lot of money to buy

What do you mean by taking the slave you bought? "

slave?

Qin Chen glanced at Xia Wurou, and anger suddenly appeared in his heart. He didn't expect Xia Wurou to be a slave.

The status of slave is found anywhere in Tianwu Continent, and almost every family has its own slave, but slaves are more subordinate than slaves.

In fact, in Tianwu Continent, it is strictly forbidden to buy and sell slaves, because even in the world of martial artists, even if the weak eats the flesh, the slave is too ethical, so it is severely resisted by Tianwu Continent.

But because the slave trade does have such a part of the demand, some places in the mainland will be secretly traded in slaves, and on this day there are slave houses in Leicheng.

But Qin Chen didn't expect Xia Wurou to be a slave.

Qin Chen's face suddenly became cold, he stared at the eagle-eyed martial artist coldly and said, "Get out."

The eagle-eyed warrior couldn't believe it when he heard Qin Chen tell him to roll, but it took a while to react, and said coldly to Qin Chen, "You tell me to roll? Do you know where this is, who are we?"

He shook his body, stopped Qin Chen, and said coldly: "You robbed the slaves we bought, and you dare to be so arrogant. If you don't hand over your storage rings today, don't want to leave."

The eagle-eyed warrior Yingtu suddenly sent a message after speaking, and then stared at Qin Chen coldly: "Hand over the storage ring, there is still a way to survive. If you don't hand it over, none of you will want to live today. "

The movement here also attracted the attention of many people around, and they were shocked.

"Isn't that Yingtu, the manager of the Liozhong Chamber of Commerce? Someone dared to clashed with him in Tianlei City?"

"Hey, the woman next to Yingtu seems to be Xiongying, the daughter of Chairman Xiongmao of the Liozhong Chamber of Commerce, right? How did they get together? Xiongying seems to have a husband, right?" "Hey, isn't it? Haven't you heard that Miss Xiongying from the Liozhong Chamber of Commerce has a very strong taste, but many people are the guests of the scene, who don't know how many green hats the man wears to her, the man she married is just a facade. It is said that

He was a little white face, and because of President Xiongmao, after knowing about his wife, he didn't dare to pit a word, hehehe, nothing more. "

"Shhh, keep quiet, don't you want to live anymore?"

Yingtu's face was pale when he heard that, he did have a leg with Xiongying, but although the man in Xiongying was useless, he didn't need to be afraid, but he always wanted to save face for each other, so he didn't want to rush into conflict with Qin Chen before. But now after seeing Qin Chen take out a top-level pill, he suddenly became greedy, and he was too lazy to scrupulously so much. If he could really grab a lot of top-level pill for the Liozhong Chamber of Commerce, Chairman Xiongmao Not only won't punish him, even

Will be extremely satisfied with him.

"Pavilion Master Qin, go quickly..." Xia Wurou said anxiously again. She was very excited when she saw Qin Chen, but she never wanted to make Qin Chen tired because of herself.

"The people in the Chamber of Commerce in my bureau want to leave, is there such an easy thing?" At this moment, a cold snort sounded, and a warrior of the early Wudi cultivation came over, and said with murderous intent.

Yingtu saw this early Wudi, no longer being cautious before, and immediately pointed to Qin Chen arrogantly, "These guys dare to **** someone from Miss Xiongying, and they are still very arrogant here, and even let Miss Xiongying go away, too. They're presumptuous." "Take them off, and strip this **** naked and hang it on the top of Leicheng City on this day. Anyone can insult. As a slave of the young lady, you should Suffered such a fate." The mid-term that has been silent

The Wuhuang woman suddenly said viciously.

Qin Chen's heart suddenly fell cold, and endless killing intent broke out, "You are looking for death!"

This person dared to treat Xia Wurou like this, even if the other party only had this idea, the killing intent in Qin Chen's heart could no longer be suppressed, so he just punched it out.

puff!

During that period, Wu Huang Xiongying was immediately exploded and turned into a **** fog, without even knowing how he died.

All the people watching around took a breath of air, and their scalp was numb with surprise.

The originally arrogant Yingtu and the arrogant early Martial Emperor also froze. They never thought that Qin Chen would be so fierce and powerful, they would kill Xiongying in one move, even they were unable to. The reaction came.

"You...you actually killed Miss Xiongying..."

Yingtu only felt cold all over, and after a long time, he pointed at Qin Chen tremblingly, and said tremblingly.

The early Emperor Wudi on the side was also terrified and trembling. Xiongying was a disciple of the vice-chairman of the Liaozhong Chamber of Commerce Xiongmiao. He was noble and was a young lady from the Liaozhong Chamber of Commerce, but he was actually killed. In front of them both.

There was endless fear in their hearts. Although Xiongying was not killed by them, Xiongying died in front of them. If they did not give Vice President Xiongmiao an explanation, neither of them would survive.

In fright, at that initial stage, Emperor Wu didn't want to say anything anymore, and he directly sacrificed a black copper whip true treasure and rolled over to Qin Chen. The regular posture clearly meant that Qin Chen was bound in an instant. , Brought back to the Laozhong Chamber of Commerce. In the early days of this person, Emperor Wu's cultivation base was in the eyes of ordinary people as the Nine Heavenly Emperor Wudi, but in Qin Chen's eyes, he was really indistinguishable from the ants. Qin Chen didn't even sacrifice any weapons, and just kicked it out.

[Chapter 1970: Negro orders](#)

In the early days, Emperor Wu's eyes were extremely frightened. After he came here after receiving the call, he first saw the daughter of Vice President Xiongmiao, Xiongying, begging for mercy. He was still ecstatic in his heart, thinking it was a flattering Xiongmiao. Good opportunity for the vice president.

But now he had no such thought in his mind at all, he was just extremely furious. At this moment, there was only one thought in his mind, and that was to capture Qin Chen and take Qin Chen back to the Chamber of Commerce to be handled by Vice President Xiongmiao, otherwise he would never What's the end?

He couldn't be more clear about the cruelty of Vice President Xiongmiao.

So when he shot, he used all his strength, and immediately countless whip shadows exploded in the void, turning into layers of whip shadows, wrapping Qin Chen layer by layer. This whip shadow contained an astonishingly regular avenue that could be blocked. Void, imprisoning everything.

Even if the strong man who was also the early Emperor Wu was under his true copper whip, as long as he did not escape and was wrapped in the first time, he would never want to escape. He was extremely confident about this.

It's a pity that he met Qin Chen today. As soon as his copper whip was brought out into the air, it became dull, as if there were 10,000 invisible walls blocking the whip shadow, becoming slow, even not moving at all. .

This person has stayed in Tianlei City for decades. Of course, he is not a person without knowledge. As soon as he saw this scene, he knew that he had entered the other party's regular avenue. The other party's regular avenue had a sense of control over space, and he was suddenly shocked. Cried out: "You are also a Martial Emperor..."

He looked at Qin Chen in disbelief. Qin Chen seemed to be in his thirties. He was a Martial Emperor, and he was even more terrifying than himself.

But before he finished speaking, he saw a big foot kicking his chest. He wanted to avoid it, but he couldn't avoid it. Even if he wanted to fall down, he couldn't do it, because he has been completely wrapped in Qin Chen's space rules.

"Space rules? You unexpectedly..." This person uttered in horror, hurriedly trying to say something, but Qin Chen kicked his chest before he could finish.

"Boom." There was a muffled sound.

In the early days, Emperor Wu was kicked out immediately, exploded into a cloud of blood in the air, and even the soul was directly exploded. If it weren't for a cloud of blood that hadn't been dispersed in the void, no one would have known here just now. There is also an early Wudi level powerhouse standing.

The martial artists who were watching all around took a breath, their expressions were shocked, they didn't dare to come near here, they all looked at Qin Chen in horror.

What a domineering kick, what a terrible strength.

The previous blow by Qin Chen killed Xiongying, although everyone was surprised, but they still had no special feeling, because Xiongying only had a mid-term martial arts cultivation base, but Qin Chen actually kicked an early martial emperor with just one kick. It's simply discolored.

"How dare you kill Lord Wu from the Chamber of Commerce in my office, you..."

Eagle-eyed martial artist Yingtu looked at Qin Chen in anger, with unprecedented fear in his eyes. Knowing that he had put on an iron plate, he was frightened and angry, fearing how he would explain to the Chamber of Commerce next.

It's a pity that he has no chance to explain to the Chamber of Commerce. Since Qin Chen killed even the early Emperor Wu, how could he let go of this eagle paint? What's more, this eagle paint has seen his true face, and Qin Chen said directly. With a bang, Ying Tu burst open and turned into blood mist before he even begged for mercy.

Xia Wurou stared at Qin Chen blankly. He didn't expect that Qin Chen would directly kill a few people from the Laozhong Chamber of Commerce. In his heart, Qin Chen was shocked by the strength and fear.

"It's time for me to make a move. Haw has been so long." Fu Qiankun said lazily on the side: "If the Chamber of Commerce really wants to trouble us for this little thing, it's going to be the same. The Chamber of Commerce is gone."

Fu Qiankun said with a domineering look, he also has the confidence to speak like this, who was afraid of the once dignified president of the Holy Land of Blood, the top existence in Tianwu Continent?

Xia Wurou looked at Fu Qiankun in surprise, but he didn't expect Fu Qiankun's tone to be so loud.

The other onlookers also took a breath of air, and looked at Fu Qiankun in amazement. Who are these guys, with such a big tone, even those who came out of the top forces in the martial arts, dare not just say that they have killed the staff. China Chamber of Commerce? This is a tyrant of Thunder City.

Qin Chen blanked his eyes and Fu Qiankun. He was different from Fu Qiankun. He was too lazy to do it without doing it, but since he did it, he wouldn't be afraid of anything.

"Find a place to rest first."

Qin Chen led Xia Wurou and others to a restaurant not far away. The restaurant was very luxurious. Seeing Qin Chen and others coming in, the shopkeeper hurriedly bowed to greet him. Before Qin Chen told him, the guy would take Qin Chen away. People were led to the best box in the restaurant.

The shopkeeper of this restaurant obviously saw what had happened before. No matter whether Qin Chen and others were really emboldened or reckless, facing such a person who even dared to do something with the Chamber of Commerce, their restaurant didn't want to cause this trouble.

"Xia Wurou, why are you here? Aren't you in the land of a hundred dynasties?" Qin Chen set up a restriction as soon as he came in, and then hurriedly asked, this is the one thing he most urgently wants to figure out. , Why Xia Wurou would become a slave of Tianlei City.

Xia Wurou said eagerly, "I'll talk about this later, Pavilion Master Qin, hurry up and steal it away. What you killed just now was the powerhouse of the Liaozhong Chamber of Commerce. The Liaozhong Chamber of Commerce is the top class in Leicheng this day. Force, if you offend him, they will definitely send masters, and then you will not be able to leave."

"Little girl, don't worry, since we have made the move, we naturally won't be afraid of the Liaison Chamber of Commerce." Fu Qiankun laughed.

"Yeah, Xia Wurou, don't worry, then if you dare to come, Shao Chen will let them kneel back." You Qianxue also comforted, with a gentle smile, and the girl naturally has a hand in comforting the girl. .

"You are... You Qianxue?" Xia Wurou heard You Qianxue's voice at this time, and said in shock. She felt that the aura on You Qianxue's body was extremely terrifying, and it felt like a deep pool.

"But you finally recognized me." You Qianxue laughed: "Quickly tell me why you are here, and you have become a slave to the chamber of commerce."

"Actually, we came here by following the command of the black slave." Xia Wurou finally relaxed some emotions. Seeing Qin Chen and the others' unscrupulous appearance, although I don't know why they are so confident, they finally spoke.

Hearing Xia Wurou's words, Qin Chen suddenly stood up, "What? Did you follow the orders of the black slaves?"
