[Chapter 2031: a piece of cake](#)

"Who are you? I don't know what you are talking about!" The old man Da Bei looked at Fu Qiankun who appeared suddenly, his eyes were puzzled, and the corner of his mouth asked with blood.

But my heart was taken aback, and the stormy sea was rolled up.

Since he was targeted by the Hall of Law Enforcement, he has never used the name Dabei Old Man. Now a master suddenly appeared in front of him and said his name casually. How can he not be surprised?

Is this person from the Hall of Law Enforcement?

The old man Da Bei was extremely anxious, extremely nervous and uneasy, but his face was always confused, but unruly.

His eyes were calm, neither sad nor happy, and he was never shocked by the aura on Fu Qiankun's body. On the contrary, he was extremely calm, his eyes seemed to see everything through, he was very proud and looked down on life and death.

The reason why he is called the Great Compassionate Old Man is because of his comprehension of the Great Compassion. He is not happy with things or sorrow for himself, and he can unite everything. What's more, he is now seriously injured, and surrounded by the Chamber of Commerce, he will almost certainly die. That kind of disregard of life and death was naturally manifested.

If you are a master of the Hall of Law Enforcement, you will naturally be confused by his performance.

At this time, the old man of Great Compassion was ready to die. Originally, the old man of Great Compassion wanted to desperately pull a few people from the Huntian Chamber of Commerce to death, but now he has no luck in his heart. If he is stared by the people of the Law Enforcement Hall If he did, he would blew himself up. Otherwise, once he was captured by the people in the Hall of Law Enforcement, under that terrible punishment, he couldn't guarantee that he would be able to keep his heart.

It's not that he doesn't believe in himself, but the horror of the Hall of Law Enforcement, which can stop Ye Ying from crying, and he dare not have any luck.

Therefore, the old man of Great Compassion immediately surged his true essence in his body, ready to explode at any time.

"Don't be so nervous, I'm Qin Chen's friend, I'm here to save you." Fu Qiankun's eyesight saw the inner thoughts of the old man Da Bei in a flash, and he added a little respect to the old man Da Bei, and he could live and die. Anything left out is worthy of admiration.

It's a pity that Fu Qiankun's words didn't let Da Bei Old Man relax his vigilance, but made him even more nervous.

Friends with little dust? What a joke, he has heard of some of Shaochen's friends. He has never heard of someone in front of him. What's more, even if the other party is Shaochen's friend, how can he be in

Thunder City and know he is in danger? Only the Hall of Law Enforcement has such strength, tracking them down.

If Fu Qiankun said that he was a member of the Dange, the old man in Da Bei might still believe a little bit more, but he could directly talk about the friend who is less dusty, how can the old man in Da Bei believe it?

The vigilance on his face suddenly became even worse.

Fu Qiankun couldn't help being speechless, is he so like a bad guy?

Forget it, too lazy to talk nonsense with him, just take it back directly.

Thinking of this, Fu Qiankun directly grabbed Dabei old man, Dabei old man became more determined of his own thoughts, and hurriedly blew himself up in anger.

But how can Fu Qiankun escape? The True Qi in his body was instantly imprisoned, and no matter how it was mobilized, he couldn't be mobilized, and was immediately caught by Fu Qiankun.

"It's over." The old man in Da Bei was full of despair.

Then he saw Fu Qiankun turning his head to look at a group of people in the Huntian Chamber of Commerce.

Several masters of the Huntian Chamber of Commerce had already been trembling with fright by Fu Qiankun at this moment. Seeing Fu Qiankun looked over, his body trembled in a hurry, and even respectfully said: "I don't know if Master Heibei is here, I will welcome you if you miss a far Lord Heibei forgive the sins, but Lord Heibei..."

Before a few people had finished speaking, Fu Qiankun had already raised his hand and slapped it. Bang Bang Bang, the faces of several masters in the Huntian Chamber of Commerce were horrified. They didn't even have the opportunity to resist, and they were instantly exploded. After opening, they turned into a pile of blood.

"Who gives you the courage to show off in Tianlei City?"

Fu Qiankun snorted coldly, and his figure shook before disappearing.

It was not until Fu Qiankun left that there was an uproar on the court.

The master of the Black Order actually killed the master of the Chaotic Chamber of Commerce. Is this going to destroy the Chaotic Chamber of Commerce as well? Naturally, it caused a sensation again in Tianlei City.

Mansion of the Black Order.

The black slave has healed a lot of his injuries under the treatment of the mountain lord of Tiandi Mountain. At this moment, he is walking back and forth anxiously. I don't know what happened to the old man Dabei?

"Nigong slave, you can rest assured, Senior Fu will make a move, and you will definitely be able to catch it." After You Qianxue persuaded him, she stopped persuading him, because she could see that before seeing the old man of Great Compassion, how did the **** be? Can't relax.

As soon as You Qianxue's words fell, suddenly, the Lord of Tiandi Mountain, You Qianxue, and Ji Ruyue all stood up.

Whoosh!

In the hall, a figure flashed by, and he saw Fu Qiankun returning to the mansion carrying the old man with great compassion.

"boom!"

Before You Qianxue and the others could speak, Fu Qiankun casually threw the old man of Great Compassion on the ground and said indifferently: "I have brought people back. This guy doesn't believe me yet, and he wants to explode. Please persuade me."

"Old man with great compassion." The black slave rushed up all at once.

"Nigger, why are you here?" The old man of Great Compassion was in pain from being smashed. When he saw that the **** was here, he was immediately taken aback, and then his face was shocked. The **** was actually here? He was also caught?

"Great compassion, take a good look, who are these people?" The black slave smiled, and completely let go of his heart. The two of them worked hard, and they were finally safe.

The old man Da Bei was surrounded by the people of the Huntian Chamber of Commerce before, and it was definitely mortal, and this great talent went there for a while and rescued the old man Da Bei, showing that his strength is terrifying and absolutely unparalleled.

Unexpectedly, Chen Shao has developed so well in Wuyu.

"Thank you, senior, for helping me." The black slave was excitedly facing Fu Qiankun and arched his hands.

"Thank you, it's a trivial matter." Fu Qiankun waved his hand casually. For him, it was really a trivial matter.

Da Bei Old Man was extremely worried at first. Later, he saw black slaves, then You Qianxue and others, and even Xia Wushang and others, and his heart suddenly dropped. It turned out that this man was really a friend of Shao Chen.

In fact, when Fu Qiankun raised his hand to kill the master of the Huntian Chamber of Commerce before, he already had such a guess.

After some treatment, the injuries of the old man in Da Bei also gradually healed, and gradually recovered some.

He was embarrassed in his heart, and immediately came to Fu Qiankun to apologize. Others kindly came to save himself, but his own attitude made him feel a little sorry.

"You still have a lot of hidden dangers, even if it is the power of the bloodline, there are some problems." Fu Qiankun glanced at the old man of Da Bei and said lightly, then raised his palm and patted it directly on the top of the head of the old man: "Don't move. ."

Hum!

A terrifying force instantly poured into the body of the old man in Da Bei, transforming the blood of the old man in Da Bei.

[Chapter 2032: Wine bag rice bag](#)

Fu Qiankun was once the president of the Holy Land of Bloodlines, and the first person in the mainland is naturally extraordinary in terms of bloodline attainments. I am afraid that it is still in the middle of nowhere.

Now that he makes a move, he can naturally easily transform the blood in the old man of Great Compassion and make up for the defects in his body.

When Dabei Old Man was brought to the Martial Domain by Qin Chen, it was only the cultivation base of the Peak Martial Emperor. Later Qin Chen entered the Guyu Realm. Although he broke through to the Nine Heavens Martial Emperor Realm with the help of the Pill Pavilion, he actually still had it. Some problems have not been completely eliminated.

These problems could not be solved even by Ouyang Zhengqi, only Qin Chen had the solution. As a result, Qin Chen disappeared and it has been delayed until now.

But after Fu Qiankun saw it now, he readily solved it for the elderly Dabei.

boom!

The old man of Great Compassion only felt that an indescribable terrible power surged wildly in his body, his whole body was hot, and his breath rose, as if some kind of power had recovered in his body, rebirth.

Under the gaze of all eyes, the old man of Great Compassion has directly improved his cultivation base, from the original Jiu Tian Wu Emperor's initial stage, instantly to the Jiu Tian Wu Emperor's initial peak, and his strength has skyrocketed several times.

Fu Qiankun put his palms away, and said lightly: "It's almost there. I have made up for the defects in your bloodline. From now on, you can increase the bloodline power in your body infinitely. By then, you will break through the mid-term martial emperor, even the late martial emperor. What's the problem, but the next step you can go to depends on you."

The old man Dabei has talent. Back then, he was able to break through to the Martial Emperor realm as a casual cultivator in the Northern Heaven Region. It should be noted that in places like the Northern Heaven Region, even some imperial forces. The heir to a genius may not necessarily be the emperor of Wu.

The martial arts talent of the old man of Great Compassion is even more terrifying than the sons of the big powers.

Coupled with the old man of Great Compassion as a casual cultivator, he has tasted the sufferings of the world, seen the habit of the world, and mastered the artistic conception of Great Compassion, and the future achievements are naturally limitless.

But the only pity is that he missed the best opportunity to practice. Now that he is too old, Fu Qiankun only thinks that the old man Da Bei can get to the stage of the giant Wudi, but if he goes further, he can't tell, he can only watch. Personal encounters.

"Thank you, senior, for the point." The old man in Da Bei felt that his body was full of energy and blood, with endless power, and he hurriedly bowed to salute when he was overjoyed.

"I'm just going to help." Fu Qiankun waved his hand.

He also saw the unyielding spirit of the old man in Da Bei outside the Mengyue Restaurant, his attitude toward life and death, and his appreciation, so he only offered some assistance.

Otherwise, Fu Qiankun has been here for so long, and I don't see how he can give instructions to Xia Wushang and others. It is the mountain lord of Tiandi Mountain, who is dedicated to pointing others. After all, Fu Qiankun is the former president of the Holy Land of Blood, and he still has the arrogance in his heart. .

"Elder Dabe, congratulations." The black slave stepped forward and said excitedly. He is only the peak Wuhuang cultivation base now, but seeing the old Dabe grow up, he is truly happy for him.

"Black slave." The old man Da Bei looked at the black slave, moved in his heart, and sighed slightly.

The black slave's strength has improved by leaps and bounds over the years, but after reaching the peak Martial Emperor cultivation base, it still stopped. After all, the Martial Emperor is not so easy to break through, even with the help of the Dan Pavilion.

The black slave was born in the land of a hundred dynasties, and the starting point is too low. In these years, it is amazing to break through from the Wuwang to the peak Wuhuang. If you want to break through the realm of the Wudi, I am afraid it depends on chance.

"Haha, old man of Great Compassion, now that we know that there is nothing wrong with Chen, we are happier than anything else. As for other things, don't worry too much. You can only come step by step. Nine Heavens Martial Emperor, I will reach it someday." Smiled.

"Someday, it will be done soon." You Qianxue stepped forward and smiled and took out a storage ring.

Inside are the fruits of the great road and the rules left by Qin Chen, as well as the crystals of rules. With these things, it is not difficult for a black slave to break through the realm of Emperor Wu. This is also what Qin Chen deliberately left for the black slave.

After learning that Qin Chen deliberately left these things for himself, the black slave was even more moved.

"You Qianxue, will we cause any trouble by killing the people from the Huntian Chamber of Commerce? I heard that the Huntian Chamber of Commerce is the top force in Sky Thunder City, I'm afraid..." the old man Da Bei said nervously.

"What are you afraid of? The Huntian Chamber of Commerce should be terrified now. If you dare to come over, I will be the first one to spare him." You Qianxue said coldly with a cold look.

In fact, just as You Qianxue and the others guessed, after learning that the black slaves and the old man of Great Compassion were rescued by the black cultivators, the president of the Huntian Chamber of Commerce was anxious at this moment, and he had already burst into a cold sweat.

"It's over, these two guys actually have something to do with Black Xiu, how can this be?" The president of the Huntian Chamber of Commerce walked anxiously in the mansion, unconscious.

This has eliminated the power of the Moxiu Building and the Laozhong Chamber of Commerce, can he not be afraid?

What he remembers now is not that his Chamber of Commerce has lost three martial emperor masters, but the Black Xiuhui will come to the door without stopping. Their Huntian Chamber of Commerce is not even comparable to the Mo Xiu Building and the Laozhong Chamber of Commerce. If the other party is on a whim, I am afraid If they are destroyed, the Chaotic Sky Chamber of Commerce will be destroyed.

"Guild Master, this may be just a coincidence. Those two guys have already checked it out. They have no background at all. How could they have a relationship with the Black Order? Is there any misunderstanding here?" Huntian Chamber of Commerce A manager frowned and said, making suggestions.

"Misunderstanding your size." The president of the Huntian Chamber of Commerce furiously slapped the steward away.

Damn, a bunch of wine sacs and rice bags, what if it's a misunderstanding? It's not the business of those two guys anymore. What if the Black Order is eyeing their Chaotic Sky Chamber of Commerce and deliberately finds trouble with them Chaotic Sky Chamber of Commerce?

"Looking for the Skyscanner, yes, I heard that the relationship between the Skyscanner and the Black Order is good. If you can find people from the Skyscanner, maybe there will be some turning points."

The president of the Huntian Chamber of Commerce finally thought of a way, and immediately went to the Tianxunhui anxiously.

And when the president of the Huntian Chamber of Commerce was trying to calm things down, what happened today also quickly spread out in Tianlei City, causing an uproar.

Some people even couldn't help but speculate whether the black cultivator was ready to make trouble again after being quiet for a few days?

Just after everyone focused their attention on this matter, suddenly a piece of news spread wildly in Tianlei City, quickly covering the conflict between the Black Order and the Huntian Chamber of Commerce, causing an uproar in an instant.

[Chapter 2033: Not yet welcome](#)

One day, the strong of Thunder City found a mysterious thunder tunnel in the Thunder Sea. After passing through this thunder tunnel, they came to a space seal in the depths of the Thunder Sea, and in that seal, there are countless Sacred crystal and a magnificent palace.

As soon as this news came out, the entire Tianlei City was in an uproar.

At first, many people didn't believe it, but later, various images came out, among them the image of the space seal.

In the depths of the Thunder Sea, there is actually a mysterious space seal, and there are slices of holy crystals in the seal, and this space seal is in an open state, but it may be closed at any time.

boom!

Tianlei City was a sensation, and everyone was rushing to tell each other, extremely excited.

The legendary holy crystal, does this really exist? This kind of treasure, anyone can easily enter the realm of Emperor Wu as long as they get one, and those who are strong in Emperor Wu can take one step further, and even become a giant or even the pinnacle of Emperor Wu. Who is not tempted?

Just as the hearts and minds of this piece of news were boiling, another piece of news came out: It is rumored that the top powers of the Thunder City have already learned of this news, and the leaders and top masters of the top powers have been early. So has entered the sea of thunder, broke into the space seal, and went to hunt for treasure.

As soon as this news came out, many warriors who had some doubts about it could no longer hold back.

Because many masters of the top forces in Tianlei City have indeed not seen them for a long time.

Before, everyone could not doubt, or even wonder how the major forces had disappeared during this period of time, but now that this news came out, everyone immediately understood it. It turned out that the major forces had already learned this information. All went to hunt for treasure in the Thunder Sea.

All kinds of news wave after wave, with the help of the fighting in the dark, instantly detonated the entire Tianlei City.

On the first day when the news came out, only a part of the warriors left Tianlei City and rushed to the Thunder Sea, but as the news spread, almost all the warriors in Tianlei City were dispatched. The heart moved, all mad, leaving Tianlei City and rushing to the Sea of Thunder.

The bustling crowd on the street was almost instantly reduced by half at a speed visible to the naked eye.

The entire Tianlei City became empty.

Among these news, some people also warned that the sea of thunder is extremely dangerous. For some reason, many strong people lost their minds when they entered it, and finally went crazy, even the strong ones of Emperor Wu. This was the case in the past. It never happened.

But in front of the treasure, this news did not cause any waves at all. In the face of the treasure, who is not tempted?

As for the danger, the warrior goes against the sky, and he encounters too many dangers, let alone in the sea of thunder, even in the Thunder City, he is always in danger, maybe one day he will offend someone and be killed. , And what is there to fear.

For a time, as long as it is a warrior who has the ability to travel to the Sea of Thunder, swarms of people flock to the Sea of Thunder.

Moreover, after the news diverged in Tianlei City, it even spread to the entire Leizhou, and with Leizhou as the center, even spread throughout the entire Wu area.

boom!

One stone stirred up a thousand waves.

Shengjing, this is a treasure that even the peak of Emperor Wudi is tempted, who is not tempted by the legendary existence?

All the top forces in the Martial Domain were alarmed, and they sent masters to come, but the Martial Domain was too vast. The masters of these top forces wanted to come to Tianlei City, the shortest one would take, and the longest would even take several months. Therefore, in an emergency, they mobilized the masters that can be mobilized near Leizhou, let them enter the sea of thunder in the first batch.

Because of this news, the whole Wuyu completely boiled over.

When countless people in Tianlei City were excited about it, Fu Qiankun and the others were not excited at the place where the Black Xiuhui was, but rather worried.

"This news is definitely being fueled by someone." Fu Qiankun quickly made a judgment.

Because this news spreads too fast, it doesn't seem to spread naturally at all. If a casual cultivator discovers this news accidentally, it must be hidden if it can be hidden. At most, it just greets three or five friends and explores together.

After all, the more people there are, the greater the probability of getting treasures.

But this time, the news was like an explosion, spreading throughout the entire Tianlei City in an instant, and even spreading wildly outside Leizhou. This was definitely an organized plan.

But, who did this?

Fu Qiankun is very aware of the dangers of the Thunder Sea. The black shadow can even confuse the giant Emperor Wu. What will happen to these ordinary warriors entering the Thunder Sea? Fu Qiankun knows nothing better. If there are enough black shadows, I am afraid Everyone can't escape death.

If someone is really behind the scenes, who is it, and what is their purpose?

Fu Qiankun quickly contacted the people at the Tianxunhui and asked what happened.

Soon, the Skyscanner had a reply, and the Skyscanner was shocked by this incident, because the news of the space seal has been secretly blocked by several major forces, and it is impossible for ordinary warriors to know, but now the news has erupted on a large scale. A few casual cultivators couldn't do this at all, only a certain top force in Sky Thunder City could do it.

However, under the investigation of the Tianxunhui, it was discovered that this incident seemed to have some connection with Douwu, but it could not find out the obvious evidence, just some ordinary clues.

"What? Fighting the martial arts?" Fu Qiankun and others were shocked when they heard the news.

Others don't know, but they know very well that the so-called fighting will be the chess pieces arranged by Misty Palace in Thunder City on this day. What is the purpose of Misty Palace doing this?

Originally, Fu Qiankun thought that this was just a small conspiracy. It was a force in Sky Thunder City who wanted to use the abnormal changes that occurred in the Sea of Thunder to eliminate dissidents and strengthen himself, but now, Fu Qiankun suddenly felt that it was not good. I am afraid it is definitely not as simple as I thought.

The Misty Palace shot, there is definitely a huge conspiracy.

You Qianxue, who had heard the news, couldn't hold back anymore. Those who were worried about Qin Chen immediately discussed that they would go to Thunder Sea again, because if this was really the conspiracy of Misty Palace, then Young Chen would definitely be in danger. The news must be notified to Qin Chen as soon as possible.

But Fu Qiankun was still hesitating.

He knew that Qin Chen was dangerous, but Misty Palace deliberately released news. If they really went deep into the Sea of Thunder, wouldn't they fall into the trap of Misty Palace? He is fine by himself, but he can't let You Qianxue and Ji Ruyue take risks.

Just when the few people were arguing, a disciple of Chendi Pavilion rushed in with a nervous expression and said: "Several adults, two wicked people came outside, saying that they want to see the master here."

"A fierce and evil person? Is it a member of the Huntian Chamber of Commerce?" Ji Ruyue frowned and her eyes shot cold. At this time, the people from the Huntian Chamber of Commerce actually dared to come to the door.

But as soon as she stood up, seeing Fu Qiankun's expression changed, she suddenly raised her head to look at a beam at the door, where a fat black cat was standing there for some time.

"Okay, Xiaoyuezi, Lord Miao has already come in, so I won't welcome you."

A erratic voice sounded, full of laziness, the **** cat suddenly stood up, stretched his waist, and said with a smile.

[Chapter 2034: Blood forbidden](#)

Who else can this lazy, wretched look be besides the **** cat?

"Big black cat?"

You Qianxue and others all exclaimed, with ecstasy on their faces.

The **** cat turned out to be the **** cat back.

This is simply great.

If in the Chendi Pavilion, who can only make You Qianxue and the others feel at ease, then it is undoubtedly Qin Chen, as long as Qin Chen is there, they seem to have support and won't panic at any time.

But if you say who is the most mysterious, then it is the **** cat.

This **** cat was sealed in the Secret Realm of the Heavenly Demon in the past. Its origin is mysterious, almost omniscient, knowing everything, and the degree of mystery, even Lao Yuan cannot be compared with the **** cat. After all, the origin of Lao Yuan, everyone It is clear, but the origin of the **** cat, even now, is unknown.

"What **** cat? I haven't seen you for a while, you guys are itchy, don't you call the **** cat without calling the cat? What about the kid Qin Chen? Why didn't you see others and sent the cat to run around, now The cat is back, and he doesn't bring a cup of hot tea, what kind of person."

The **** cat jumped off the beam and said old-fashioned, blowing his beard and staring, very dissatisfied.

As soon as it appeared, it cursed, but everyone was very kind, and the black slave hurriedly poured a cup of hot tea for it, and said with a smile: "Mao, please!"

"Well, Xiaohei, you are still sensible, but when did you come to Sky Thunder City? After so many years, you are still only the Emperor Wu, but he is not the Emperor Wu. Your martial arts talent is a bit rubbish, so work hard. Work hard!" The **** cat glanced at the black slave, sat on the Eight Immortal Chair, and lifted Erlang's legs.

The black slave was ashamed and speechless to the nickname the **** cat gave him.

As for the cultivation base, the black slave smiled bitterly, except that there is little dust, who can improve the speed of cultivation base compared with this **** cat, this guy is simply a pervert, no, it should be a pervert in a pervert.

"Where did this black cat come from? Is it Qin Chen's spiritual pet?" Fu Qiankun couldn't help it at this time, glanced at the **** cat suspiciously, and asked suspiciously.

He could feel that after the appearance of the **** cat, the anxious You Qianxue and the others seemed to be relieved a lot.

"Damn, boy, who do you say is the spiritual pet? You are the spiritual pet, and your whole family is the spiritual pet." You Qianxue was about to explain, but before she could speak, the **** cat exploded. .

It squirted out a mouthful of hot tea, and the hairs burst, staring at Fu Qiankun, and angrily said: "Qianxue, where is this guy, drive out, you don't have any eyesight, and the cat doesn't know how to scream. Do you love the young?"

"Master Cat? Just you? He respects the old and loves the young, just a blood beast. He really treats himself as a human being." Who is Fu Qiankun? The temper is not a good one, so he said with disdain, showing mockery on his face.

"Boy, there is something you say again." The **** cat exploded, and his golden pupils stared at Fu Qiankun, revealing a trace of invisible coercion.

"Huh?" Fu Qiankun was astonished. The **** cat seemed to have some ways, and the aura from his body made him feel a bit solemn, as if his mind was covered with a cloud.

However, Fu Qiankun is a master who once crossed the Tianwu Continent. Although his cultivation base has fallen and he has not fully recovered, he is still the top powerhouse. Naturally, he will not care about the threat of a blood beast. Xiang Da Hei Mao said indifferently: "Blood beasts are blood beasts. It's the same for a hundred times."

Hum!

Fu Qiankun reached out with his right hand, and the void was directly frozen. The peak of Emperor Wu's attainments in space rules had reached the pinnacle, not to mention being the number one person in the mainland such as Fu Qiankun. The void solidified and the space seemed to be transformed into entity.

This is Fu Qiankun's intention to teach the **** cat a lesson, in his opinion, the **** cat's behavior after his appearance was too arrogant.

"Hey, you guy... such a strong spatial attainment." Shrouded by the terrifying space rules, the **** cat suddenly showed a look of surprise, looking at Fu Qiankun with a serious expression.

Seeing that Fu Qiankun's protruding palm was about to grasp it, suddenly, the **** cat's figure flashed, and disappeared into this space out of thin air, without a trace.

"What?" This time it was Fu Qiankun's turn to be surprised, and his face was shocked. Under his claws, let alone the giant Wudi, even the general peak Wudi would have to be imprisoned and could only resist, but Dahei The cat disappeared abruptly under his perception, as if there was no such void at all. How could this be possible?

Fu Qiankun's terrifying soul suddenly spread out, but no matter how he searched, he couldn't find the **** cat at all, and his heart suddenly trembled again.

This kind of concealment is terrible, how did it do it?

Suddenly, a wave came from behind him, and the void flashed, and the **** cat appeared behind him out of thin air, waved a paw, and grinned: "Boy, there are two things, but unfortunately, your cat is here."

"Hmph, I've been waiting for you." Fu Qiankun was not surprised and rejoiced. His soul power was always paying attention to the surroundings. At the moment the fluctuations spread, he had already turned to the back and blasted out with a punch. The cat's claws bombarded together.

boom!

The two forces collided and were compressed into an extremely small spot. In Fu Qiankun's view, although this **** cat had a strong hiding power, it would inevitably be blown away when hit by his own punch, so he deliberately stayed One point.

But who would have thought that after the **** cat's claws collided with his claws, Fu Qiankun felt like he had hit a heavy mountain of profound iron, a huge force struck, followed by a direct wave The vertigo that befalls the soul.

"not good!"

Fu Qiankun was shocked. Under the horror, he could no longer hide his strength, and shouted, "Blood forbidden technique, coagulation!"

Hum!

Suddenly, a horrible blood force swept out of his body, dispelling the dizziness, but his head was still dizzy, and the shock in his heart was beyond words.

Also shocked was the **** cat.

"Hey, this guy wasn't hurt by me?" The **** cat was surprised, his figure flashed wildly, and suddenly thousands of **** cats appeared in the void, all rushing towards Fu Qiankun.

Bang bang bang!

The two sides fought against each other, and in an instant, there were hundreds of tricks.

This is because both sides suppressed their power, otherwise, the Black Order mansion would have been torn down.

You Qianxue, Black Slave and others watched this scene shockedly. They all know the identity of Fu Qiankun, the former president of the Holy Land of Blood, and the first person in the mainland. Although trapped for two hundred years and his cultivation base has fallen, he is still the top of the mainland. The master, touched the existence of a holy realm in the realm.

But what about the **** cat?

Back then, when he was in the Secret Realm of Heavenly Demon, the **** cat that had just awakened was still a little jerky when facing the Skeleton Rudder Master. It has only been a few years since it has grown to this point.

This speed of promotion is even more abnormal than less dust.

[Chapter 2035: We also go](#)

You Qianxue had planned to stop him a long time ago, but was so shocked by the fight between the **** cat and Fu Qiankun that he couldn't react for a while.

boom!

The two sides fought countless tricks, the **** cat finally flashed, fell down, and cursed: "If you don't fight, you won't fight anymore, he's meowing. If your cat is not sealed, your repair will be restored, how can you be the one The kid who only touched the edge of the holy realm was embarrassed."

The **** cat was extremely upset, as if being insulted.

"You..." Fu Qiankun was shocked, looking at the **** cat in shock, and then stopped, feeling extremely shocked in his heart.

He touched a trace of the edge of the holy realm, and other people knew it was normal, because it was what Lao Yuan said himself, but this **** cat was not there at the time, how did it know?

If another person said what the **** cat said before, then Fu Qiankun must have sneered, thinking that the other party was bragging.

But after the previous fight, Fu Qiankun has already understood the strength of the **** cat. Although it is not terrifying in terms of absolute strength, its strange attack, even if it is not observed by the peak martial emperor, will be unlucky. Seriously injured.

However, although he vaguely believed the words of the **** cat, Fu Qiankun's heart was still full of disbelief.

He heard from the words of the **** cat that the other party was still being sealed, and even faintly said that if the seal were to be released, the cultivation base would even be above him.

Is the opponent a holy blood beast?

"Are you... a holy blood beast?" Fu Qiankun couldn't help but said.

"I told you, Lord Cat, I'm not a blood beast, why don't you understand it?" The **** cat turned his eyes to pay Qiankun, speechless, if it weren't for nothing, he would have rushed to teach him. After a pause, I couldn't help but jump a little.

Just as Fu Qiankun wanted to say something, there was a sudden rumbling, and the entire Black Society was shaking.

"Several adults, it's okay, the two fierce guys at the door are about to break in." The Chendi Pavilion disciple rushed in again.

The voice fell.

Buzzing!

Two extremely cold and terrifying auras permeated in an instant and broke into this hall.

Fu Qiankun's expression suddenly changed. These two forces were extremely terrifying, at least at the peak martial emperor level, and the aura was extremely cold. He was trapped in Misty Palace for two hundred years, and he couldn't be more familiar with this aura.

Is a master of alien demons!

"not good!"

Could it be that the people from Misty Palace found here?

Fu Qiankun's expression changed and his murderous aura rose, and he was about to take a shot.

"Big Black Cat, are you okay, how do I feel that there is a fight here, old devil?"

A loud voice sounded, and two lofty and domineering figures came in from the door.

The two men are burly, one of them shaved his head, dressed in black, holding a cigarette in his mouth, full of scorn.

The other is a saucy, suave, handsome man who has charmed thousands of people, but his expression is somewhat evil.

Seeing the two, You Qianxue and others were overjoyed again.

The two fierce and wicked people that the Chendige disciple said before turned out to be Mokara and Skeleton Rudder Master.

Fu Qiankun had a vigilant look, ready to take action, and immediately saw these two people come to You Qianxue and Ji Ruyue for the first time, respectfully saluting: "Yong Ye has seen the mistress, the master sent us a message before. I was talking about gathering in this black cult. I saw that the **** cat came in without moving for a long time. It seems that there was a fight. Thinking that something happened, he rushed in and asked the mistress for forgiveness."

The **** cat chuckled, "He's meowing, and the cat is having fun. I forgot you two."

Fu Qiankun is completely dumbfounded, what's the situation?

Under the explanation of the black slave, Fu Qiankun realized that these two alien demons were Mokara and Yongye who had heard Qin Chen talk about in Ji's family ancestors before. One was the strong ancient alien race and the other was The Demon Lord of the Alien Demons who attacked the Tianwu Continent tens of thousands of years ago.

"You are here just right." The arrival of Mokara and others made You Qianxue overjoyed, and even said what happened in the Thunder Sea.

As soon as she finished speaking, the **** cat exclaimed: "What, you mean kid Qin Chen went to the space seal in the Thunder Sea?"

The **** cat, who has always been very calm, suddenly showed an unprecedented dignified color on his face, as well as a hint of anxiety in his tone.

"Big black cat, do you know what?" You Qianxue hurriedly looked over: "Is there little danger in dust?"

The **** cat squinted and remained silent for a while before raising his head: "Maybe I can guess the purpose of the Misty Palace. No, I have to stop the Misty Palace. Once the purpose of the Misty Palace is achieved, it will not be Qin Chen. Is there any danger? The entire Tianwu Continent will fall. Misty Palace is seeking skin with a tiger. Shangguan Xi'er can't play with her. One accidentally, that is playing with fire and burning herself. The entire Tianwu Continent will be destroyed!"

"Big Black Cat, what the **** is going on?" You Qianxue and the others were suddenly anxious.

"Don't ask any more. I won't tell you if you ask. It's not the Lord Cat, I won't tell you, but the Thunder Sea. It's a matter of great importance. It's not the Secret Realm of the Demon Realm or the Ancient Yu Realm. The situation is serious. Lord, I don't know much, and I don't know much, but there is no doubt that the sea of thunder is not as simple as I see on the surface. I have to go personally."

"I am coming too."

"Let's go too."

Suddenly, a group of people said one after another.

The **** cat looked at everyone's expectant gazes, and suddenly had a headache. It meant to go by itself, but it also knew that even if it went secretly by itself, these guys couldn't help it, and would definitely follow.

If something goes wrong with You Qianxue and the others, kid Qin Chen will have to hack it.

"Well, you, you, and you, all follow me, and the others stay behind..."

Soon, a group of people negotiated a decision, and the **** cat took Fu Qiankun, Mokara, Skeleton Rudder, You Qianxue and Ji Ruyue with him.

In this, Fu Qiankun has no doubt that Mokara also has the cultivation base of the top peak Wudi, and the skeleton rudder master has also returned to the peak Wudi cultivation base. As for You Qianxue and Ji Ruyue, they also have the strength of the giant Wudi, and they are both capable Inheritance, you can at least protect yourself in danger.

As for the remaining people, they stayed behind under the leadership of the Tiandishan Mountain Lord. After all, there must have been someone in the Misty Palace who has come to the Sea of Thunder, and there must be a master again to protect the remaining people.

After deciding on the task, the group did not hesitate and set off on the same day to the Sea of Thunder.

Fu Qiankun and the others concealed their true identities, followed by many warriors in the Thunder City, and even behind the warriors who heard the news swarming from Leizhou and Leizhou, they entered the sea of thunder with great strength. After only a short period of time, they arrived. Before the so-called passage leading to the space seal.

[Chapter 2036: Alien skeleton](#)

"This space channel is artificially constructed."

As soon as the **** cat saw the passage, he made a judgment.

Now the problem is very obvious. No one will do such a thing except Misty Palace, and Misty Palace allows many Martial Emperors with low cultivation bases to enter the depths of the Thunder Sea without being killed by the Thunder. It cost a great price to establish a channel in this sea of thunder.

The picture is absolutely huge.

The Thunder Sea is a forbidden place in the Martial Domain. To build such a channel, at least a top-level treasure such as a seven-orifice exquisite ball must be consumed, and it must be a space-based treasure, such as the heavens and worlds of the Dan Pavilion. Do it.

Misty Palace is such a big handwriting.

"Should we give this channel to..."

Hearing the analysis of the **** cat, You Qianxue's eyes froze, and she swiped her palm down slightly, making a destructive move.

"Don't startle the snake."

The **** cat shook his head, "This passage is meaningless. It just allows more people to enter the depths of the Thunder Sea. If my guess is correct, the key is to be in the seal of the space. The passage, I will be exposed immediately, and that kid Qin Chen is even more dangerous."

"Let's take a look at what the purpose of this Misty Palace is. It costs such a big price to make such a big movement. If you want to come to the other party, you will also have arrangements in that space seal."

The **** cat's words caused everyone to nod their heads, and even Fu Qiankun had to refer to the **** cat's opinion at this moment. In this regard, he did not know much as the **** cat.

Therefore, the **** cat and others mixed in the crowd, very inconspicuous, and entered the passage with many warriors, and went directly to the location of the space seal.

And not long after the **** cat and the others entered, there were also two figures in the distance outside of Leihai.

"Master Chi Yan, are you sure there is a great opportunity for me in this space seal?"

One of them, with an eagle-faced face, asked in a low voice, a young man who looked a little vicissitudes of life.

And the person he called Lord Chi Yan was wearing a long skirt. She was actually a woman, but her figure was a little bloated and her appearance looked a little ugly.

"Hush, I said before. When you get here, be careful and don't communicate at will." The woman's eyes were a little sullen. Although her face was ugly, her eyes showed a hint of amorous feelings.

The two of them were naturally the Red Flame Demon Lord and Mo Li who had taken away the Red Face Martial Emperor.

In the past few years, the two of them have been hunted and killed by the top powerhouse of the Misty Palace, hiding in Tibet. The days are very bleak, but after a few years they have not seen each other, and the aura on both of them has become extremely scary, especially the magic, His cultivation has reached the realm of the late Emperor Wu, and even surpassed Qin Chen, You Qianxue and others, and he did not know how he practiced.

"Here, I heard from the senior leaders of our ethnic group. There is a big secret here. If the news that I got is true, then here, there must be a great opportunity for you and me."

"However, the sudden appearance of this spatial channel is strange. If I didn't guess, it is probably related to the Misty Palace. You and I have to be careful and careful. If you are found by the witch again, you and I will have to escape."

Chi Yan Demon said angrily.

"Hmph, it's not the original time. If that witch dares to reappear, you and I will join forces to destroy the witch." Mo Li said fiercely.

"Don't underestimate the Misty Palace. It was not only my seat who learned the news back then. Other high-ranking alien demons also knew the news, so proceed carefully."

Chi Yan Demon warned.

"One day, this emperor will destroy that misty palace." Mo Li said viciously.

The two of them hugged each other, dressed as Taoists, followed many warriors, and quietly entered the space channel.

When countless powerful people from outside enter the depths of the Thunder Sea.

Qin Chen, who was located in the ancient magic land, didn't know, he took Lu Zian and the others forward cautiously, and he didn't know how long he had been walking here.

All around, is the dark world, extremely desolate.

Outside of the light of the Qinglian Demon Fire, there were black shadows passing by from time to time. If it weren't for the Qinglian Demon Fire, I'm afraid they would have died for so many times.

Although he could not discern the direction in this ancient magic land, Qin Chen felt that he should be walking in the right direction, because as they moved forward, the demon energy in front of them became more and more intense, and even some previous ones appeared. A strange elixir that has never been seen before.

These elixir was definitely not a species of Tianwu Continent, they were collected by Qin Chen.

"Brother Chen, do we have to go deeper?" Lu Zian and the others said nervously, but there was no tension at the beginning, because there seemed to be no other threats besides the dark shadow in this world.

Qin Chen was about to answer, but he saw a black rhizome.

This thing is very similar to the seventh-order bone vine, but Qin Chen knew that it was definitely not, and it was a special elixir.

Qin Chen dug out the elixir without hesitation.

But then, he saw a black flower not far away, the flower looked like a grimace, with a weird smile.

"What is this again?"

Seeing this grimace, Qin Chen unexpectedly showed a trace of excitement in his heart, and his soul power fluctuated slightly.

With a move of his mind, he instantly came to the front of the black flower with a click, and then he felt as if he had stepped on something.

He looked down and saw that he was actually stepping on a bone, and this black flower grew on top of the bone.

What Qin Chen stepped on was a skeleton that was as thick as an arm. I don't know how many years this skeleton has been here. It has become very fragile, almost decayed and integrated with the soil, so Qin Chen was lightly touched. Step on it and it's broken.

The bones are very huge, obviously not like human bones, but like alien demons.

Qin Chen's heart suddenly moved, the bones of the alien demon race, could it be that this place was similar to the ancient Yu realm, a certain secret place of the alien demon race?

Qin Chen guessed in his heart that he couldn't help but look down. The skeleton had obviously been buried here for a long time. Maybe there was something in his body that could identify the place.

Thinking of this, Qin Chen immediately released his soul power.

His purpose was to check if there was anything on the bones below, but after his soul power swept the bones, Qin Chen's face suddenly showed an expression of incomparable shock.

The bones underneath are extremely huge. They are seven or eight meters tall. Not only are they not like human bones, they are even much larger than those of alien demons. They also don't look like alien bones. Before Qin Chen I thought it was the opponent's arm that was stepped on, but it was actually just a phalanx of the opponent.

What kind of monster is this?

[Chapter 2037: Mu Cangwu](#)

Notice.

Although the body of the alien demons is very tall, most of the alien demons are only two or three meters, three or four meters tall, but the body underneath is seven or eight meters high. This is definitely not an ordinary alien. Man can reach.

But, what is it if it is not an alien race?

"Lao Yuan!" Qin Chen asked Lao Yuan in a low voice.

"This is not the corpse of an alien race." Lao Yuan affirmed, "As for which race it is, I don't know."

Even Lao Yuan didn't even know.

Qin Chen was surprised.

But since Lao Yuan said that this was not the corpse of the alien demon, it must not be. As the source beast of the alien demon continent, Lao Yuan should not be wrong in identifying the corpse of the alien demon.

This place seemed more mysterious than Qin Chen imagined.

"Forget it, put away the black flowers first."

Qin Chen sighed and was about to pick the black flower, but just as his hand touched the black flower, he heard Lao Yuan exclaimed: "Be careful."

But it was too late.

This black flower that looked like a grimace suddenly turned into a black air, and it instantly poured into Qin Chen's mind.

boom!

Qin Chen saw a majestic figure standing between the sky and the earth, a huge demon with a height of seven or eight meters, with a hideous face and iron thorns. It was covered in blood and roared up to the sky.

Boom boom boom...

In sight, this was a dark wilderness. Looking around, all were corpses, one of them belonged to the human race, and blood beasts. The top blood beasts such as Qiongqi, Gourmet and other dozens of meters high fell to the ground. , The blood drifted, and only the stump was left.

A pair of cold and violent eyes appeared in Qin Chen's mind. These eyes exuded invisible power, which filled Qin Chen's mind like the sky.

Qin Chen shook violently and was shocked, because these eyes pupils were too strong, they were the strongest person he had ever seen in his previous life, and the pressure he gave him was even higher than the corpse of the demon master in the mysterious realm of heavenly devil.

Who the **** is this?

Qin Chen suffered an unprecedented shock in his heart, as if to fall into it, completely swallowed by these eyes.

"Kid Qin Chen!"

"Brother Chen!"

In the vagueness, anxious voices sounded in Qin Chen's mind, as if extremely far away and close in front of him.

"not good!"

There was a violent spirit in his mind, and Qin Chen woke up quickly. It was Lao Yuan, Lu Zian and others calling him frantically.

At this moment, Qin Chen's body was covered with traces of black demon energy, and the green lotus demon fire above his head was flickering brightly and darkly, as if it was going to be extinguished. In the distance, a head of black that originally did not dare to approach under the breath of the demon fire Shadow, eager to try, slowly approached.

But Qin Chen seemed to have been seized, standing still, demonic energy rising all over his body.

Lu Zian and the others were extremely anxious, yelling to Qin Chen in panic, but Qin Chen turned a deaf ear, as if he could not hear at all.

His spiritual wisdom has been completely bewitched.

After Qin Chen woke up, he tried his best to get rid of this fantasy, but he was shocked to find that he was stuck in this scene and couldn't help himself.

In his soul, a black air current is quickly approaching where the soul in his mind is, exuding a tyrannical atmosphere.

Seeing this breath is about to swallow him.

Hum!

Qin Chen's mind suddenly shone brightly, and the ancient book appeared.

The mysterious ancient book appeared, this time as if it had been activated, the light was bright, blooming with dazzling light, and quickly enveloping the black air current.

The black air current was horrified at once, crazily trying to withdraw from Qin Chen's mind, but under the light of the ancient book it was of no avail and was quickly swallowed up.

"I'm not willing!"

At the moment when the black air current disappeared completely, a faintly frightened roar rang out, which shook the world, and finally disappeared, and the ancient book also dimmed again and disappeared.

Qin Chen panted heavily and woke up suddenly. At this moment, several dark shadows were already very close to them. Qin Chen immediately urged the Qinglian demon fire, and suddenly the blue flame erupted again, like a scorching sun, Several dark shadows melted away and turned into ashes.

"Brother Chen, are you okay?" Lu Zian and the others were lingering, and hurriedly asked in shock when he was overjoyed.

They were almost scared to death. If Qin Chen didn't wake up at the critical moment, then they would surely be over. Even if the black shadows could not control them, there is a steady stream of black shadows in this world, and they will all Can't run.

"I'm fine." Qin Chen shook his head, still feeling lingering.

"Brother Chen, what happened before?" Rao Yuangeng asked in shock.

"It's nothing, the black flower before, seems to be the ghost flower condensed by the resentful soul remaining in the corpse. I touched the flower before, causing the resentful soul to enter the body and almost disappeared." Qin Chen said in a deep voice.

To be honest, if it wasn't for the ancient book to appear at the last moment, then he might be over.

"What the **** is that towering huge figure? And the scene of the corpse all over the field, is it a scene that happened before in this world? And how did this terrifying corpse fall here?"

All this made Qin Chen confused.

But he could feel that he was not far from the truth.

After this incident, Qin Chen no longer dared to be careless, heightened his vigilance and moved on.

What shocked Qin Chen and the others was that as they got deeper and deeper, more and more shadows that had been thought to be growing gradually became scarce, and when they reached the back, they disappeared completely.

"We haven't seen a dark shadow for at least half an hour, right?" Qin Chen suddenly frowned and asked.

"Yes, I have been observing, and indeed I haven't seen it for half an hour." Lu Zi'an also said puzzledly.

Qin Chen immediately urged the Qinglian Demon Fire to the extreme. He was not used to kill the enemy, but to detect it. The blue light bloomed and immediately enveloped the space within a hundred miles.

This is the limit that Qin Chen can achieve. If it is outside, the scope of Qin Chen's demon fire of Qinglian will be even wider.

The cyan light swept away, and Qin Chen saw that there was indeed no black shadow in the entire range of a hundred miles, which was impossible to find before.

"It seems that there is something special here, those dark shadows should be gone." Qin Chen frowned and put away the Qinglian Demon Fire. He still hasn't figured out the situation here.

And at the moment he put away the Qinglian Demon Fire, Qin Chen suddenly felt a little hairy all over, and then saw a dark shadow appearing silently not far away.

This is a human being, not the previous black shadow. At this moment, he is looking at Qin Chen and his party coldly. If Qin Chen hadn't found the other party in time, it seemed that the other party would always stand there forever. no response.

"Wood Cangwu!"

Pu Xingchang and the others also saw the dark shadows at this time, and immediately exclaimed, with excitement in their voices.

[Chapter 2038: Weird strength](#)

"Brother Mu, why are you here, the president of them?"

Pu Xingchang, in particular, was the most excited. He rushed up for the first time. He seemed to be very familiar with the shadow, and said excitedly.

"This is Mu Cangwu, the vice chairman of the Xingzhou Chamber of Commerce. He is from the same force as Pu Xingchang. He was one of the many powerful men who rushed into the space seal before..." Rao Yuangeng knew that Qin Chen did not know each other, so he explained immediately. The look was also extremely excited.

Originally, he even thought that the people who had broken in before had encountered an offense, but now he saw Mu Cangwu and he was ecstatic.

Since Mu Cangwu can survive, it is very likely that the remaining people are also alive.

Think about it, too, the people who could break in before were all the top masters in Sky Thunder City. Some of them were even more terrifying in cultivation than Feng Kang'an. Before Feng Kang'an could survive the attack of Sombra, it was inevitable. Many people also survived after coming in.

For example, President Gongsun Zhe of their Sky Excursion Association.

Rao Yuangeng had no doubt that President Gongsun Zhe could survive here. The strength of the President was far beyond his imagination.

But now that they saw Mu Cangwu, they had the opportunity to find the president, how not excited they were.

Everyone was in a state of excitement, and they didn't see Pu Xingchang facing the excitement. There was not the slightest wave on that Mu Cangwu's face, but staring at the people a little coldly, making people hairy and very uncomfortable.

"Brother Mu, what's wrong with you?" Pu Xingchang also found something wrong with Mu Cangwu at this time, and hurriedly asked.

"Be careful."

An exclamation sounded, it was Qin Chen.

But it was too late, a sharp light flashed in that Mu Cangwu's eyes, and his right hand was raised, and a jet of dark blade light suddenly burst out, and the sharp blade agitated several feet high, and it was indestructible. The extreme black almost swallowed all the surrounding light, like splashing ink.

Pu Xingchang didn't expect Mu Cangwu to make a sudden move against him. When Qin Chen reminded him to react, it was too late. In a critical moment, he could only form a barrier of true essence in front of him, and at the same time a shield appeared in front of him. The shape suddenly retreated.

Click!

The dark knife light was too fast. Before Pu Xingchang could retreat far, he was struck by a knife. First, the ear-piercing blast sounded, and Pu Xingchang's proud shield was split in an instant. With a bang, the knife light approached, and the true essence shield on Pu Xingchang's body was like paper mush under the dark ink knife light, and it was instantly torn apart.

Then there was a **** rain.

Pu Xingchang's body was torn apart instantly from the top of his head to his feet, and he died on the spot.

Countless blood splashed in the void, pulled by an invisible force, Pu Xingchang's body suddenly turned into a corpse, and fell to the ground with a thump. He was a living and spirited person before, but now he has become a corpse. Without a drop of water or blood, the face that was divided into two halves was terrified and hideous, unprecedented horror.

one move!

Just one move.

Pu Xingchang has fallen!

Rao Yuangeng and Lu Zi'an took a breath, their eyes full of amazement.

How is this possible?

As the top powerhouse of Sky Thunder City, they all knew Mu Cangwu's strength. He and Pu Xingchang were in the same position, perhaps slightly stronger than Pu Xingchang, but his strength was limited.

But now, Pu Xingchang couldn't even stop a move, and he was killed by Mu Cangwu's hands, making the two of them feel unprecedented shock.

What was even more shocking was Mu Cangwu's actions. He and Pu Xingchang were both vice presidents of the Xingzhou Chamber of Commerce. Why did Mu Cangwu kill Pu Xingchang?

Is it also controlled by the dark shadow?

But this is impossible!

It's not that they haven't been controlled by the black shadow. Once they are controlled by the black shadow, although their minds are lost, their cultivation level will not change in any way. They can't even use martial arts, and can only instinctively use their true essence to attack.

But the knife that Mu Cangwu used before was full of mystery, and it was definitely the power that the top martial arts could explode.

"dead!"

Mu Cangwu slashed Pu Xingchang with a stab, his eyes fixed on Qin Chen, and there was a cold light in his pupils, which did not seem to be controlled at all, but like a tyrannical butcher.

Then, his body moved, with a boom, like a ghost, straight at Qin Chen, slashed down like lightning.

Wow!

Like the knife that killed Pu Xingchang before, an extremely dark knife intent bloomed, swallowing Qin Chen's gaze and even his mind, turning it into endless black.

Qin Chen was furious. He didn't notice Mu Cangwu's strangeness at first, but it was too late when he found out. Although Pu Xingchang had nothing to do with him, he saw someone who followed him for a long time. When the guy fell like this, Qin Chen couldn't calm down naturally.

Hum!

The Banyue Ancient Sword was sacrificed the first time, Qin Chen didn't dare to be careless, and the Death Word Sword Art was used the first time.

Wow!

The bright sword light bloomed, and immediately collided with that dark blade light.

boom!

The sword intent and sword intent erupted, and Qin Chen only felt that a terrible force was coming. He couldn't help but stepped back a few steps, his eyes solemn as never before.

So strong!

Is this really just a vice president of the Xingzhou Chamber of Commerce? The strength is much more terrifying than Feng Kang'an before. The most important thing is that the opponent's body is extremely tough. After the two fight a move, the other party is indifferent.

What happened to this person?

Qin Chen's gaze condensed. If he could catch him, he might be able to learn everything from him, but what Qin Chen wanted to know most was the whereabouts of the president of the Fighting Club Wuyong.

This incident, no matter how you look at it, is like a conspiracy in the Misty Palace. Even if it is not led by the Misty Palace, it has a certain connection with the Misty Palace. It is just like the Alien Demon Continent in the ancient Yu world. The demons are pushing in secret.

The Fighting Martial Arts Association is a chess piece laid in the Misty Palace. Qin Chen's idea is very simple. As long as he finds a trace of the president of the Fighting Martial Arts Association, he can learn about the conspiracy of the Misty Palace and the origin of the space seal from the opponent.

boom!

Thinking of this, Qin Chen immediately shot with all his strength, fighting with this Mu Cangwu instantly.

I saw the two figures constantly intertwined, bursting out endless True Essence, and the originally dim world that boomed added a bit of color.

Qin Chen was more frightened after the war. His strongest body was his body. He had reached the eighth level of the Immortal Eucharist who had reached the state of no leakage. The strength of his body was even more terrifying than the average peak martial emperor.

But this Mu Cangwu's physical body was also extremely powerful, and under the two men's hard work, no one could do anything about it.

"Hmph, Wan Shen Jue-Wan Shen Die!"

Since the physical power could not be suppressed, Qin Chen immediately used the Wanshen Jue to strike with the power of the soul.

[Chapter 2039: Abyss Cliff](#)

Hum!

A terrifying soul power swept out, and instantly submerged into Mu Cangwu's body.

It turned out to be equally invalid.

Qin Chen was taken aback.

How is this possible?

Even the pinnacle Wudi could not be fearless when his own ten thousand gods died, what happened to this Mu Cangwu body.

"Brother Chen, we help you."

Lu Zian and Rao Yuangeng also knew that the matter was urgent, and quickly took action to help Qin Chen suppress Mu Cangwu.

boom!

But it was useless. With just one move, Lu Zian was shocked and flew out, bleeding from the corners of his mouth, surging blood, and embarrassed.

Rao Yuangeng was even more unbearable, spouting blood, and two of his ribs were broken.

The two of them were pale and suffered an unprecedented blow in their hearts.

It has only been a long time since they were weaker than them before, and Mu Cangwu, who was at most among the uncles, wounded them with one move. The most important thing was in the battle with Qin Chen.

Nowhere to be self-confident.

"Something is wrong, this Mu Cangwu is very wrong."

The successive failures caused Qin Chen's brows to frown. Although this Mu Cangwu looked normal and seemed like a normal person, Qin Chen felt that something abnormal should have occurred in the opponent.

When a normal person sees someone he knows before, how can he kill without saying a word?

"Qinglian Demon Fire."

With a heart move, Qin Chen quickly urged the Qinglian Demon Fire. Before this Mu Cangwu was not in Qin Chen's sight at all. It was when Qin Chen urged the Qinglian Demon Fire to the extreme before the opponent suddenly appeared, Qin Chen Suspected whether the appearance of the opponent might be related to Qinglian Demon Fire.

The azure blue flame instantly hovered over Qin Chen's head, and immediately burst out a dazzling light, like a scorching sun, burning Mu Cangwu.

"Zizzi..."

Mu Cangwu's face immediately showed pain, and even black smoke appeared on his body, and his eyes became crimson, staring at the Qinglian demon fire, revealing a spiteful and longing light.

"boom!"

He killed him, and rushed straight into the Qinglian Demon Fire, trying to plunder the Qinglian Demon Fire, and shouted in his mouth: "Give me... give me..."

How could Qin Chen agree?

He glanced carefully at Mu Cangwu's back. There was no black shadow attached to Mu Cangwu's body, but his state was very wrong. He just murmured: "Give me, give me..."

Qin Chen snorted coldly, urging the power of the Qinglian Demon Fire to its extreme, booming, the terrifying flame aura permeated, and the dark aura within a radius of tens of miles melted away

instantly, a piece of warmth melted, and the wood lying in the middle of the flame Cangwu let out a violent scream, his clothes burned with a bang, turning to ashes.

His arms were exposed, and his body was full of hair, and his dark hair was flying, making people shudder.

What the **** is this?

Except for the normal face of Mu Cangwu, his whole body was covered with black hair, like a monster. He screamed, unable to withstand the power of the Qinglian demon fire, and blasted the Qinglian demon fire with a bang. Surrounded, turned and ran.

Qin Chen naturally wouldn't let Mu Cangwu run away, and immediately chased him up.

"Brother Chen!"

Rao Yuangeng and Lu Zi'an shouted out anxiously, if they didn't follow Qin Chen, they would definitely die in this kind of place. If nothing else, the dark shadow could kill them.

Qin Chen hesitated for a moment, and raised his hand, and suddenly two flashes of fire pierced the center of their eyebrows.

"I'm going to chase Mu Cangwu, and you will follow. If you can't follow, this flame can also guarantee your safety for a period of time."

When the words fell, Qin Chen's figure had disappeared in front of him, leaving behind the frightened Rao Yuangeng and Lu Zian, hurriedly chasing Qin Chen.

But Qin Chen and Mu Cangwu's speed was too fast, far surpassing the two of them. In just a moment, they lost Qin Chen's figure.

"It's over."

The two of them sat on the ground, looking dumbfounded and desperate.

Although Qin Chen left them with a fire to save their lives, how long can they last? It's not as comfortable as being next to Qin Chen. The only good news is that after they went deep, the dark shadows in this area seemed to disappear completely. At least for a short time, there would be no danger.

Can it be after?

The two smiled bitterly. The two who were still quite uncomfortable at this time hugged each other to warm up and went hand in hand.

Naturally, Qin Chen didn't know Lu Zian's psychology, or even if he knew it, he wouldn't care. The two sides met together, after all, he was not a nanny, he could only look at fate.

At this time Qin Chen just wanted to stop Mu Cangwu.

But Mu Cangwu's speed was extremely fast, and Qin Chen could only approach it a little bit with all his strength. I don't know how long it would take to catch up, when three fork roads appeared on this dark wasteland. And without a moment's hesitation, Mu Cangwu rushed into one of the fork roads.

Qin Chen stopped quickly. For some reason, these three fork roads gave him a terrifying feeling of heart palpitations, as if they were three wild and wild animals with huge mouths, trying to swallow everything that entered inside.

How can there be three forks here?

Qin Chen was puzzled, and at this fork in the road, he also saw a lot of messy footprints, and even some traces of fighting.

There have definitely been people here, and more than one.

Could it be the other people in Tianlei City?

Qin Chen's thoughts turned, and he only hesitated for a while, Mu Cangwu had disappeared in one of the fork roads.

After hesitating for a moment, Qin Chen rushed in immediately, but Mu Cangwu's figure was completely gone, and what Qin Chen saw was a cliff. On both sides of the cliff was an endless abyss. On the opposite side of the cliff, there was a place haunted by black mist.

This cliff traverses both sides of the abyss, on both sides is a bottomless abyss, in the abyss, black energy is surging.

The entire cliff is about a thousand feet long.

Such a distance can be crossed with Qin Chen's cultivation level in the outside world, but here, after Qin Chen stepped onto the cliff, he couldn't fly and could only walk over it step by step.

Qin Chen gritted his teeth. There was no other place here. Obviously Mu Cangwu could only be the other person who had gone to the cliff. He was extremely vigilant and cautiously walked towards the other side of the cliff.

It was okay at the beginning, but when Qin Chen walked halfway to the cliff, he noticed something was wrong. When he looked at the cliff, he felt dizzy for a while, as if something was about to burst from the depths of his mind and disappear. , As if about to fall down.

not good.

Qin Chen was shocked immediately in his heart, and hurriedly urged the Nine Star Divine Emperor Jue to run frantically. The dizziness disappeared immediately, but the dizziness swept through again, and he couldn't stop it.

Qin Chen took a deep breath and continued to walk towards the other side of the cliff. When he reached this point, he had no chance to look back. At the same time, Qin Chen was ready to enter the universe at any time.

[Chapter 2040: Fall into illusion](#)

Qin Chen walked on this cliff step by step. In his previous life, he had traversed many forbidden places, and he had seen countless strange places, but there were really few places as strange as this cliff.

This place is very special, it looks only a thousand feet away, but in fact it seems to traverse the world, making people feel insignificant and humble.

"Where is this place? Endless devilish energy? Strange corpses, and those shadows that can control people's thinking. This is not like a place of treasure, but a place of burial?"

Qin Chen's eyes flickered, and a little bit of cold light burst out. After there was no Lu Zian and others around, he recovered his usual calmness, his eyes became extremely deep, and he no longer concealed his nature. If a master sees Qin Chen's appearance at this moment, he will be surprised, is this really just a young man? Those wise eyes seem to be able to see through everything in the world, and the aura radiating from his body is more like a goddess who has climbed to the top.

World unparalleled. "This place was first discovered by the Fighting Club, and the Fighting Club is most likely a chess piece laid by Misty Palace. If this place is really the first conspiracy of Misty Palace, it is most likely not the Misty Palace's own arrangement, but most likely it was back then. The legacy of alien demons

One of the traces, just like the ancient Yu world, the heart of the alien demons to destroy the Tianwu Continent has never died. "

"But what is the ultimate goal of Misty Palace? Is it to cultivate a master of the master class like in the ancient Yu world, or is it something else?"

Qin Chen's heart is inextricably linked. Through what he has seen and heard here, he already has some guesses, but they are only guesses. The real truth is like a cloud and a mist, without knowing the least.

At this time, Qin Chen didn't know that Shangguan Xi'er had come to the Sea of Thunder, and even spread the news of this place, attracting the entire Sky Thunder City, and even the top powerhouses of many forces in the Martial Domain.

call!

Qin Chen urged the soul secret method and tried his best to prevent him from being dizzy. The feeling of dizziness that struck one after another could not be eliminated, and he could only resist it.

"This stun power is too strong. If I hadn't practiced the Wanshen Jue and the Tianyan Forbidden Technique, even some peak martial emperors might have fallen into it and couldn't extricate themselves."

Qin Chen thought about this, and moved forward carefully, inexplicably, a very strange feeling haunted his mind, making him feel that something was wrong.

What's wrong?

Qin Chen thought hard, but couldn't think of the weird place, and his heart sank.

He is very convinced of his own perception that warriors are blessed to the soul, and sometimes intuition is even more real than what he sees and hears.

"It's Lao Yuan!"

Suddenly, Qin Chen shook, and finally found out what was wrong.

Because he actually lost contact with Lao Yuan.

"Old source..."

Qin Chen immediately transmitted the sound to Lao Yuan, but no matter how he called Lao Yuan, the Lao Yuan in the Universe Good Fortune Jade Plate remained silent, as if disappeared.

"Not good!" He was shocked immediately in his heart. Before he had time to react, he felt countless black air rushing into his mind. It was just an instant that his mind roared and even became messy. Chen unexpectedly involuntarily moved forward quickly again

Took a few steps.

The next moment he felt the cliff in front of him rupture, and there was still a little shadow of the cliff in front of him. Some were just a wilderness, and on the wilderness, huge bones stood up and surrounded him.

In the end what happened?

Qin Chen snorted, and the only trace of mental intelligence made him immediately enter the Universe Jade Plate. Fortunately, the connection between Qin Chen and Qiankun's good fortune jade disc is still there. The moment he entered the universe for good fortune jade disc, Qin Chen immediately felt the surrounding quiet, that terrifying black magic energy and countless corpses disappeared quickly. Without a trace

. "Kid Qin Chen, you finally came in." Lao Yuan's voice rang. It also found something wrong with Qin Chen in the Universe Jade Plate just now, but when it wanted to contact, it found that it couldn't contact Qin. Dust, the two are like separated

With a barrier, fortunately Qin Chen himself entered the Universe Jade Plate. Qin Chen sighed, sitting in the Universe Good Fortune Jade Plate and began to run the Nine Star God Emperor Jue and the Thunder Bloodline to expel the devil energy in his mind. In the Universe Good Fortune Jade Plate, Qin Chen can control a world with only a few breathing times. A hint of black

The devil qi was refined by him and suspended in front of his eyes. Seeing these black auras, even Qin Chen was also secretly surprised. With his true essence cultivation and powerful soul cultivation, these black demon auras could intrude into his mind silently, almost causing him to get lost on the cliff. Has exceeded the general difference

Mozu's means.

Qin Chen sacrificed the Qinglian Demon Fire, and after burning these black devilish energy, he lost a monitoring array and went out.

From the formation, Qin Chen could see clearly that this cliff is still there, where is there any break? There are no endless bones.

Everything before is just an illusion.

What a powerful magic and illusion.

Qin Chen sighed and communicated with Lao Yuan for a while, only to find that even Lao Yuan didn't know the origin of these devilish energy.

Does it have nothing to do with the alien race?

Qin Chen frowned. If it was something of a foreign demon, wouldn't Lao Yuan fail to recognize it?

After thinking about it, Qin Chen knew that it would be useless to stay in the Universe Good Fortune Jade Plate, his figure shook, and he appeared on the cliff again.

As soon as Qin Chen appeared on the cliff, the endless magical energy and illusion came one after another. The cliff below his feet seemed to be breaking and disappearing again, and wilderness and a large number of bones appeared before his eyes.

This time, Qin Chen directly urged the Heavenly Soul Forbidden Technique, and at the same time the Qinglian Demon Fire had been sent out.

"boom!"

A group of scorching flames in the sky burst out with dazzling light. In an instant, the black magic energy was forced back a little, but it was only forced back to Zhang, and the rest was still surging crazily beside Qin Chen.

What surprised Qin Chen was that under the Qinglian Demon Fire, he could clearly see that there were countless dense shadows in this black devilish energy. Even Qin Chen's scalp was numb, and the dark shadows he had seen were not one or two, but it was the first time that he saw so many dark shadows gathered together, and some dark shadows had even approached him. Behind, and he was

The gas trouble has not been discovered yet.

Under the abyss on both sides of the cliff, endless demonic energy surged, how many shadows were there? Qin Chen couldn't imagine.

Are those dark shadows crawling out of this abyss? Qin Chen couldn't understand, if these black shadows crawled out of the abyss, why would the black shadow suddenly disappear in the middle section?
