

Valkyrie 2751

[Chapter 2751: Find a place](#)

"What, Boundless Feng was hit by his sword and vomited blood, what is that trick? That's amazing!"

"If I didn't look away, the sword displayed by this child contains terrible spatial power, and there is a terrible power to wipe out the rules of the heavenly sage, and this can instantly kill the boundless wind tunnel of the Holy Origin."

"It's nothing more than slaying the Shengyuan Wind Tunnel. The key is that the Boundless Wind's Fengtian Shield was instantly smashed into flight, too strong."

"Who is he? Is it the celestial arrogant cultivated by Wan Gulou? No, even celestial arrogant does not work. With half-step Tiansheng's cultivation base, he can actually repel Boundless Feng, although Boundless Feng was caught off guard and despised him. But this is also a miracle, Saint Son, only the Saint Son of a Mansion has this ability, no, even the ordinary Saint Child can't do it, it must be the top figure in the Saint Child, the kind who inherits the mantle of the First Mansion."

"Could it be the saint son of Guanghan Mansion? Why have we never heard of it?"

The rest of the Geshitian Sages all exclaimed again and again, and suddenly all stood up, their eyes full of shock.

"This Qin Chen surprised me a lot." The real Qiu Shui was shocked again. He knew that Qin Chen was very strong, but he didn't expect that he could defeat Boundless Feng in one move. This demonstrated strength, at least it is a heavenly sage, not even an ordinary heavenly sage.

"Damn it, not this time, brat, I was too careless, come again."

Boundless Feng became angry from embarrassment, his face was dull and rumbling, he was about to make another move to find his place.

"stop!"

The other heavenly saints shouted angrily, and someone immediately stopped Boundless Wind.

"The wind is boundless, since it's a discussion, you can stop at it, why bother so much."

One of the elders coldly said, it can be seen that this person is extraordinary, his aura is almost the same as that of the real Qiu Shui, and even vaguely better, he is the leader of the many sages present.

He spoke, Boundless Feng could only grit his teeth, but didn't make any more moves.

If you continue to make trouble, you can only lose more.

"Everyone, this Qin Chen is a guest of the Wangu Tower. At such a young age, he can become a guest and mobilize the resources of the Wangu Tower. It can be seen that the origin of this son must be extraordinary. Of course, regardless of the origin, the strength of little friend Qin Chen everyone has seen it with their own eyes, and if he joins, it will definitely bring some help to our Shengu League."

Real Qiu Shui said.

"Interestingly, Wan Gu Lou and our Shen Gu League are in a cooperative relationship. Since they belong to the Wan Gu Lou, they are also members of our Shen Gu League."

"That's right, our Shengu League and Wangu Tower have been on good terms, little friend Qin Chen, before we just tested your strength, it really is no small thing."

The heavenly saints of the God and Ancient Alliance all said one after another.

It is considered to have recognized Qin Chen's strength.

In the heavens, the strong are respected. What kind of status and status are all imaginary. Even if it is the host of the Wangulou, the cultivation level is not good, it will be mocked by the people of the ancient alliance, because this is a dead spirit realm. , Are all lawless ruthless people, only looking at strength, not other.

Now, Qin Chen's strength has been recognized by them.

"Young man, since you want to cooperate with us this time, the old man agrees to your joining, but the ugly words are in the front. The ruins are very dangerous. Then you can't act recklessly. Moreover, when you encounter a strong enemy, you must obey our gods. The arrangement of the ancient league, of course, if you encounter the woman you want to find, if possible, we will rescue you, how?"

The old man who had prevented Boundless Wind said that the Heavenly Sage Rules were very thick on his body, as if it had become a substance.

"no problem."

Qin Chen didn't say much, and said neatly.

"Okay, let's go!"

A female celestial sage stood up and slowly exhaled, her breath tight.

Qin Chen counted, there were seven heavenly sages present, plus the real person Qiu Shui, plus himself, that would be eight.

The eight heavenly saints are enough to command a state, and this alliance of gods and ancients is indeed no trivial matter.

The eight masters of the Heavenly Sage level are vast and mighty, and Qin Chen is mixed in them, and he has a strange feeling. If so many Heavenly Sages go to the Tianwu Continent, what kind of picture will it look like, it is simply a **** of heaven. Down to earth, unmatched.

Even destroying a continent like Alien Demon Continent was easy and irresistible.

It's a pity that the rules of the heavens are very powerful. It's okay to fly in the lower realm. It is very difficult to enter the lower realm from the heavens.

The eight powerful masters stepped on the teleportation formation again, but before starting, everyone had reduced their aura, pretending to be just an ordinary earth sage realm, otherwise, the eight heavenly sage masters would go out at the same time, which can cause enough There was a huge storm.

After entering the teleportation formation, Qin Chen gradually became familiar with these eight people.

There are three strongest among the eight people. They are the white-haired old man named Xufeng Zhenren, who is the master of the early peak of Tiansheng, followed by the woman, called Fairy Rougu, and then Qiu Shui. The peak masters of the early holy stage are not inferior to the master of Yundong Gwangju.

For the remaining four people, the middle-aged man was named Feng Wuliang, there were three others and a very delicate-looking woman named Xie Meiren, and a real Gu and Xi Yue.

These four people are all in the early days of the Heavenly Sage, and they are probably similar to the cultivation bases of several major sects in Yunzhou, such as the Tianxu ancestor and the Tianlong real person.

However, the Heavenly Sages in the Necrotic Realm had obviously experienced more killings than the Heavenly Sages in places like Yunzhou, so he was more murderous and had more combat experience.

Once these seven people join forces, the power that erupts is absolutely terrifying.

But before, Qin Chen heard them say that when the seven people joined forces, they might not have killed half of their feet and stepped into the mid-Tian Sage Jue Xing Tian, making Qin Chen more curious about the mid-Tian Sage powerhouse.

The eight people, together with Qin Chen, left in no time.

"The purpose of these seven people should be to fight for the treasures in the desolate ancient ruins, but my purpose is different from them. I can follow them first, but once we enter the desolate ancient ruins, especially into the depths, my purpose and theirs There will be conflicts, and when that happens, you have to find a way to go deeper by yourself.

Qin Chen followed the crowd, but was thinking about it in secret.

"In the deserted ancient ruins, there are many dangers, but I have a jade disc of good fortune from the universe, there should be no problem, but the strong inside is like a cloud, if I can have the opportunity to break through to the realm of heaven, it will be even more worry-free."

For Qin Chen now, the most important thing is to break through the realm of the Heavenly Sage. Once he enters the Heavenly Sage, Qin Chen believes that his cultivation level will be fully improved, and he will be fearless when the time comes.

"Furthermore, this ancient alliance can only cooperate for the time being, and can't put all hope in their hearts. People's hearts are unpredictable. No one can believe in them except themselves."

Although Qin Chen acted with the Shengu League, he did not completely trust each other.

Boom!

I don't know how long it took, the formation stopped, and everyone appeared in a barren void.

"Arrived!"

Fairy Rougu licked her delicate tongue.

[Chapter 2752: Xing Tianpan](#)

Qin Chen raised his head and saw that a dark world appeared in front of him, and everything that came into his eyes were barren ruins, desolate and abandoned, like ancient lands and wilderness, just looking at it, there is a feeling of soul being shocked. .

All sorts of mysterious auras linger here, with the aura of the ancients, the ancients, and the ancients, with a shocking power.

The environment here is so bad that it is even worse than Yama's Secret Realm.

"If the desolate ancient ruins are really the remains of a certain tribe in ancient times, then this place was at least the dojo of a master master."

Qin Chen's heart was dark, the aura here was only stronger than Yama Secret Realm, but it was definitely a relic of some top power.

No wonder it is so dangerous that it is regarded as a forbidden place by the people of the Necrosphere. "Everyone, be careful. Entering here is equivalent to entering the desolate ancient ruins. However, this is only the periphery of the desolate ancient ruins. There is not much threat to us and the Geshitian Sage for the time being. If you want to enter the depths, you have to fly a few times. Genius

Arrivals. "

Real Xufeng reminded. "Little friend Qin Chen, you have to be more careful. This is the first time you have come to this barren ancient ruin. There are special barren ancient powers in it. The periphery is good. Inside, the barren ancient power becomes more and more intense. If ordinary earth saints rush in, Fly in, not out

Within a few days, it will be torn apart by the power in the ancient ruins. "

Qiu Shui's voice reminded.

Whoosh whoosh!

In the words, a group of people have rushed into the deserted ancient ruins.

Sure enough, a terrifying ancient power swept over, and this power was very similar to the power Qin Chen felt from the clay pot, and it was extremely domineering.

"So comfortable!"

In the deserted ancient ruins, the ancient power swept across, invaded the body of the warrior, and clashed with the celestial sage, but Qin Chen was shocked to find that after this wild ancient aura entered his body, he was unexpectedly comfortable.

"This barren ancient power is actually similar to the aura of the Immortal Body I cultivated in the Tianwu Continent. Is there any connection between my Immortal Body and this barren ancient ruin?"

Qin Chen was taken aback. It didn't feel much just to perceive the clay pot, but after entering the barren ancient ruins, Qin Chen thoroughly discovered that this barren ancient power, capable of tempering the

physical body, is in the same line as the Immortal Eucharist. Although there is a slight difference, the nature of the power, But it is very

similar.

Huhuhu!

A large amount of ancient power entered the body, and was refined and absorbed by Qin Chen's body, and then began to change, merged into Qin Chen's body, and gradually changed Qin Chen's body.

It should be known that Qin Chen's cultivation has reached the peak of the Heavenly Sage for half a step. If he wants to go further, he can only step into the realm of the Heavenly Sage, but now, this ridiculous ancient power is actually enhancing Qin Chen's physical strength.

Originally, Qin Chen's physical body had reached an extreme after being stimulated by powers such as the thunder body of the cultivation space, the immortal body, the **** and demon body of the Yama demon clan, and there was no way to enter, but under this ridiculous ancient power, it was actually again Started to improve.

"The strength of my physical body is only strong or not weak compared to the strong people at the peak of the Heavenly Sage's early days, and it can actually be improved. Is this going against the sky?"

Qin Chen was shocked, and a glimmer of anticipation emerged.

As a result, while flying by, he continued to absorb the wild ancient auras around him, but these wild ancient auras were absorbed very slowly, and there were many impurities in it, so the speed of improving Qin Chen's physical strength was also very slow, but Qin Chen was still surprised.

At his level, any slight improvement can bring him immense help. "Everyone, be careful. This time the desolate ruins have changed, and many masters from the dead spirit realm have come here. Now, in this desolate ruins, strong people gather. Even if you are on the periphery, you must be careful. An ambush by others

."

Real Xufeng continued to remind.

"Mr. Xufeng, don't be too nervous, this time we are seven walking together, who dares to ambush us?" Feng Wuliang sneered, full of arrogance.

"You still have to be careful." Mortal Xufeng shook his head and looked at Fairy Rougu, "Fairy Rougu, are you sure that Jue Xingtian has entered the depths of the deserted ancient ruins?" This Fairy Rougu, with a very delicate appearance, seemed to be shy. But after this conversation, Qin Chen has come to understand that this Fairy Rougu is in the Ancient League of Gods, but he is extraordinary, and the intelligence is very accurate, even the real Qiu Shui is right.

They are all a little afraid, the strong who once died in her hands are unknown, and they have a tracking technique that is very powerful. "Mr. Xufeng, you still can't believe me? I have already inquired. Jue Xingtian was indeed one of the first strong men to enter the deserted ancient ruins. He was the deserted ancient ruin that followed the young friend Qin Chen's beauty into the deserted ancient ruins. Later, the deserted ancient ruins There was a riot

. Nowadays, there are endless changes in the deserted ancient ruins. We want to find the treasure in the shortest time. It is best to find Jue Xing Tian. The place where there is him must be the core area of this riot. "

Fairy Rougu made a promise.

"Huh, just right, after we found that Jue Xing Tian, the eight of us joined forces. If we can take this opportunity to eradicate that Jue Xing Tian, the power of our God and Ancient Alliance in the Necrosphere will definitely increase." Feng Wuliang smiled coldly.

"Ambush Jue Xingtian, this matter will be discussed again, the top priority is to find the other party first." Xu Feng said in a deep voice. "Yes, only by finding Jue Xing Tian, can we find the place where the treasures in the deserted ancient ruins may really be unearthed. Moreover, little friend Qin Chen is here to find his beauty. Jue Xing Tian broke into the deserted ancient ruins to capture little friend Qin Chen. Hongyan, so

Besides, I might be able to rescue the other party for little friend Qin Chen. "

True person Qiu Shui also agreed.

"The deserted ancient ruins are so big, I don't know where that Jue Xing Tian is hidden? In the wild ancient ruins, the environment is harsh, and the terrain is complex and vast, and it is inaccessible. It is extremely easy to hide by the means of Jue Xing Tian. It is not easy for us to find him."

The real Xi Yue shook his head.

This real person of Xiyue, Sheng Yuan is also unfathomable, his voice is like a metal knock, and his body is full of vigorous aura, like a strong cultivating external force, with an invincible momentum. "Then you have to ask Qin Chen." Feng Wuliang smiled coldly, obviously still very dissatisfied with Qin Chen, and sneered: "He came to find his beauty, should there be some way out? Is it possible that it depends on us? Although our Shenggu League and Wangulou are cooperative

Yes, there is no obligation to find an inexplicable woman for them, right? "

Real Qiu Shui looked at Qin Chen again, "Little friend Qin Chen, I wonder if you have a way to contact your confidante? Or can you give us a little help."

"No audio at the moment."

Qin Chen shook his head. As soon as he came in, he felt it with all his strength. According to the truth, Sisi has the inheritance of the Abyssal Demon Clan. He may be able to sense that little bit, but the strange thing is that no matter how he perceives it, he can't perceive the breath of Sisi. Not saved

In general. He can only attribute this to the special atmosphere of the deserted ancient ruins, which may have shielded the Sisi atmosphere.

[Chapter 2754: Day without peace](#)

"Hmph, nothing is good." Feng Wuliang snorted coldly.

"Okay, don't say anything." Fairy Rougu smiled charmingly: "Will this fairy be unprepared?" She lifted her right hand and suddenly took out a compass, "This is a penal table specially made by this fairy, last time Jue Xing Tian fought against the lord of the leader, although the lord of the leader suffered more injuries than Jue Xing Tian, he was in retreat and was unable to go out of the mountain. However, he also left a blood of Jue Xing Tian, and this Xing Tian Pan was made by using a drop of the blood of Jue Xing Tian. , As long as there is a breath of Jue Xing Tian, you can find his approximate position, even if he is in the depths of the endless void, you can also find the square

Bit. "

As soon as the Xing Tianpan was taken out, a pointer on it spun around, finally pointing to a certain direction in the southwest, shaking constantly.

"In this direction, there can be nothing wrong."

"go!"

Everyone flew up and flew towards the depths of the deserted ancient ruins.

Qin Chen felt the wild and ancient aura passing by, constantly absorbing it, and his soul power diffused, searching for changes in the surroundings.

Vaguely, Qin Chen felt that there were horrible auras hidden in this barren ancient ruin, which made people feel gloomy.

Suddenly, Qin Chen noticed that a violent force flashed by in the ruins below his body.

"boom!"

The next moment, a terrifying monster soared into the sky, resembling humans and non-humans, beasts and non-beasts, surging with the aura of ancient times, rushing toward Qin Chen's eight people.

"Naughty animal, die!"

The real person Xiyue made a strong shot, rumbling, and there seemed to be a mountain between the heavens and the earth, and it hit the monster with a bang. The monster was hit, his whole body split, and he screamed, but he didn't die.

"Hey, Real Person Xiyue, let me take action." At this moment, the strange and extremely weird Real Person Gu suddenly grinned, and suddenly a black wind flew out of his body. No, no, This is not a yin wind, but composed of tiny insects like sand

, These bugs wrapped the monster all at once.

Rustle!

As if the sound of nibbling mulberry leaves sounded, the monster let out a scream, and then was instantly swallowed into ashes and turned into nothingness.

call!

Countless black sand-like Gu worms entered the body of Real Gu, and he exhaled, as if he were very relaxed, and there seemed to be black lines wandering under his skin, which was extremely terrifying.

"Little friend Qin Chen, this is Master Gu's natal stone worm. It can swallow blood and is very scary. Are you not scared?" Master Qiu Shui said with a smile.

Master Gu seemed to sense the voice of Master Qiu Shui, turned his head and glanced at Qin Chen, his eyes were pale, gloomy, extremely cold, without any emotion.

After the monster was swallowed, it turned into nothingness, and only a dark brown stone remained in the void, which looked like a rock, not a stone, like a crystal, and was ugly and ugly.

"Snapped!"

This stone was ingested by the real person Xufeng, he glanced at it, and then put it aside, "An ancient waste stone is useless."

"go!"

Everyone continued on.

Seeing this, Qin Chen hurriedly picked up the stone, and then followed. This stone is very ugly, with sharp edges and corners, and a rough surface. It contains a wave of violent aura power, which is more powerful and violent than the aura in the ancient ruins, but this power is completely different from the Saint Yuan in the saint's body. Do not

Same, and incompatible.

"Little friend Qin Chen, the monsters before were only unique in this deserted ancient ruin. In the realm of dead spirits, everyone called these monsters the deserted ancient tribe, because these monsters are neither like humans nor monsters, let alone The demons are very weird." Qiu Shui explained:

"Moreover, they all have this kind of ancient **** in their bodies, large or small, strong or weak, but even the weakest **** cannot be swallowed by the warrior. There was once a heavenly saint who forcibly wanted to refine one of them

The abandoned ancient waste stones, as a result, went directly to the devil, exploded and died. From now on, no one cares about these stones. "The weird thing is that after these desolate and ancient waste rocks were abandoned, they gradually turned into ashes and merged into this desolate ancient ruin. Perhaps the countless desolate ancient atmosphere in this desolate ancient ruin has not dissipated for countless years because of these desolate ancient waste rocks. Add it.

"

No wonder the people of the Shengu League don't care about this ancient waste rock at all. Qin Chen looked at the abandoned ancient waste stone in his hand and absorbed it slightly. Suddenly, a violent aura poured into Qin Chen's body. He snapped, the ancient waste stone burst open, and an ancient force in it strengthened Qin Chen's body. There is also an overriding

The violent air above almost destroyed Qin Chen's soul will.

In Qin Chen's mind, there was nowhere to scream and roar.

"not good!"

Qin Chen was shocked, the Heavenly Soul forbidden technique was used, and finally he refined this violent gas, and the suppression was dissipated, and he was scared into a cold sweat.

Fortunately, no one cares about his actions here.

"The terrifying and violent atmosphere in this ancient waste rock."

Qin Chen inhaled air-conditioning. No wonder there was a Heavenly Sage expert who went directly to the devil, exploded and died. At that moment, if he hadn't practiced the Heavenly Soul Forbidden Technique, he would have fallen into a violent rage and couldn't restrain himself.

"Why is there such a violent aura in the bodies of these ancient people?"

Qin Chen was puzzled, but couldn't understand the reason. Flying all the way, in addition to these concealed ancient monsters, Qin Chen could still feel that there are many ancient holy veins flowing deep beneath the deserted ancient ruins, but these are the holy veins of Mortal rank, and some even even rank. None at all

Impure, all contaminated by the aura of waste and ancient times. After these ancient mortal veins are taken out, they can be cultivated for the mortal and even the earthly sages, but the aura inside is too mottled, not to mention the aura of the ancients, and the martial artist wants to refine, not only cannot improve his cultivation level, but To Xin Xin

To waste power to purify, the gain is not worth the loss.

That's why no one pays attention.

Oh oh oh oh! At this moment, suddenly in the distance of the ruins, the sky suddenly darkened, a black storm swept over the vast world, countless gravels were rolled up in the volley, like a wind demon, roaring, countless voids were cut into fragmented

In the shattered layered space, Qin Chen felt a sense of destruction of heaven and earth in an instant.

"Be careful, this is an annihilation storm, half-step Tiansheng encounters, you will be strangled in it instantly, Tiansheng strong will also be injured, everyone landed, temporarily avoiding the edge." Xufeng real person moved, displayed mana, and landed Reach the ruins and try to be steady

Fixed body. Qin Chen also landed, only feeling difficult to move, surrounded by storms and gravel, every wind wave is more ferocious than the sword aura of the saint, especially the ancient aura contained in it, which can even break the law of heaven. It is the violent natural force of heaven and earth.

[Chapter 2755: When i was a three year old](#)

"It is true that he cannot be allowed to grow. This time we have a chance. We will kill him and not give him a chance to break through." The real Xufeng said solemnly.

"It's getting stronger and stronger, you see, isn't the ancient city in front of it? Is Jue Xing Tian hidden in the ancient city?"

"It's really a barren ancient city, but isn't the barren ancient city completely scrapped a long time ago, has no vitality? Why is it like it has recovered now?"

"Could it be that the resurrection of this desolate ancient capital caused the abnormal changes of the desolate ancient ruins? The root is in the city?"

The real Qiu Shui and others were shocked.

Sure enough, following Jue Xing Tian can find the place where the desolate ancient ruins have changed.

Inexplicably, Qin Chen's heart also had some horror.

Is Sisi here? Otherwise, what's the feeling in my heart?

Looking down, this is a huge and deserted ancient city, with ruins everywhere. I don't know how many billions of miles there are. The ancient city has been eroded by wind and sand everywhere, but I can still feel the glory of the ancients in the past. , Shocking the ages, the idea that cannot be obliterated is hidden in it.

This city was built in very different styles, obviously not built by humans, and left over from ancient times.

The real person Xufeng stabilized his figure, stayed in the air, and waved his hand: "Each hides aura, and the ancient city contains many mysteries. It is the only ancient city in the ancient ruins that has been preserved. For countless years, I don't know how many strong people have been there. Some were buried in it, some got some treasures and left, and they were truly barren countless years ago. It is unexpected that they will recover again. Is it true that there are rumors that there are no treasures found here?"

"This... isn't the aura here very similar to the altar aura shown in the clay pot before?"

Qin Chen felt everything about this ancient city, and he felt familiar with the altar atmosphere he had felt from the clay pot before.

So, the phantom of the altar seen in the clay pot is in this city?

Moreover, the altar was nothing. Qin Chen had a faint throbbing. This throbbing was very similar to the throbbing that he had searched for Sisi in the land of the Abyssal Demon. It was a kind of breath resonance.

"Sisi must be here."

Qin Chen's body trembled, but he just felt the throbbing, but he couldn't perceive where the breath came from.

"Don't get excited. Since the Jue Xing Tian is tracking Sisi here, then Si Si must be in this ancient city. As long as you find the Jue Xing Tian, you can find Sisi."

Qin Chen calmed down his excitement.

No matter whether the Shengu League dared to find Jue Xing Tian, Qin Chen would definitely find it.

"Attention, everyone, that Jue Xing Tian, so in this desolate ancient city, we now hide in to see if there is a good opportunity. Once there is a chance, we will set up an array of Destroying the sky, attack the opponent, and give him a fatal blow. , Let him lose the opportunity to break through, even beheaded here."

The body of the real Xufeng tightened, like a beast catching prey, and the breath on his body was perfectly hidden.

Whoosh whoosh...

Eight people flew into the deserted ancient capital one after another.

Qin Chen's speed is the most silent, like the son of space, even if it is the real person Xufeng and others, it is not a combination of breath, and he can't tell his whereabouts.

Everyone was shocked, secretly shocked.

Qin Chen cautiously felt the aura in the desolate ancient city with the clay pot. Suddenly, his body shook and vaguely felt that there was a feminine charm in the depths of the desolate ancient city.

This breath seemed to be transformed into a person's appearance, lifelike, but her face was not clear, she was a woman with fluttering clothes, gentle and charming, while walking, all beings were sinking into her eyes.

"What kind of woman is this?"

Qin Chen was taken aback.

How could he see the shadow of such a woman in this barren ancient city, and this woman is definitely not Chen Sisi, that kind of enchanting aura almost made him sink into her eyes, unable to extricate himself.

This ancient city is weird!

Everyone shuttled in the desolate ancient city and entered the city, as if entering a maze, with broken walls and broken columns everywhere, piles of rubble, broken halls, and even some incomplete ancient idols.

However, they have lost their power. There is no rule, that is, the material is relatively strong, but it is gradually weathered.

Occasionally, among the broken walls and columns, there are weathered bones. Among them, the bones of the earth saints have long been turned into ashes. The ones that can stay are at least half-step heavenly saints, and some heavenly saints. Yes, but on many bones, even a trace of the Heavenly Sacred Law cannot be found, and the ancient aura in the ancient capital is extremely strong, enough to obliterate all the power of the law.

"Strange? Why did the breath of Jue Xing Tian suddenly become weak? It seems to be leaving this ancient city?"

The Xing Tianpan in Fairy Rougu's hand suddenly oscillated a little.

"chase!"

The speed of the crowd accelerated again.

"Just ahead!"

The speed of Xing Tianpan changed again, shaking violently.

When everyone descended and reached a quaint hall with a radius of thousands of miles, suddenly the Xing Tianpan exploded, as if it had reached the limit that it could bear.

At this time, everyone saw that in the depths of the main hall stood a man with long eyebrows wearing white clothes. This man was handsome and aged between young and middle-aged. He was very elegant and gentle.

He stood in the hall with his hands behind his back, like a literati who was constructing a poem. He couldn't tell that he was a violent warrior, with such a fierce reputation in the dead soul realm.

"Jun Xing Tian!"

The real person Xufeng roared in shock, his eyes solemn.

"Everyone from the Shengu League, you have been following me all the way for so long. It's been a lot of hard work. Come, why don't you take a good rest here."

The man in white, facing Qin Chen and others on his side, had long been waiting for the crowd for a long time, and everything was clear.

Qin Chen's heart suddenly felt like something bad happened.

The seven deputy leaders of the Shengu League also stopped, their expressions uncertain, and they seemed to feel that the atmosphere was not right.

"Jue Xing Tian, why are you here? Why are you tracking you? We don't understand. Our gods and ancient alliances are here to investigate the abnormal changes in this desolate ancient city. There is nothing to say between you and me, since you Here, we won't bother."

Real Xufeng's eyes condensed, and he felt a little retreating.

"Hahaha, real Xufeng, do you think I am a three-year-old kid?"

Jue Xing Tian turned around, his demeanor was quite handsome, and he couldn't see that he was a lawless fierce.

His eyes swept across Qin Chen's eight people one by one, and those eyes were like sharp swords, slashing fiercely at everyone, as if to penetrate everyone's body, invisible.

[Chapter 2756: Cang Yuan Tu](#)

"The League of Gods and Ancients!" Jue Xing Tian shook his head: "I really can see me. The seven heavenly saints were dispatched at once. The method is indeed tyrannical, but what the **** is another half-step heavenly saint among you? In order to hunt down me, the gods and ancient alliances even this kind of ants

The general goods are dispatched? How much hatred is this against me? "

He said indifferently, there was a faint gold in his eyes, and finally fell on Qin Chen, piercing through it up and down, making Qin Chen's cultivation level clear.

Thinking that the Ancient Alliance of Gods actually sent a half-step heavenly saint in order to chase him down, he really wanted to laugh out loud. This kind of character can kill a dozen with a finger, which is simply funny.

"Jue Xing Tian, you really misunderstood. We didn't come here specifically to find you, but just passed by accidentally. But this kid, indeed came to you specially, do you still remember the charming woman you wanted to capture? Qin Chen's beauty."

Boundless Wind said suddenly.

"The wind is boundless!" The real Qiu Shui looked at him angrily.

"Oh?"

Jue Xingtian's eyes suddenly burst out with a sharp light, falling on Qin Chen, squinting his eyes.

Qin Chen looked indifferent, took a step forward, and said coldly: "Yes, Jue Xing Tian, Ben Shao Qin Chen is not a warrior in the dead spirit realm. However, the woman you chased and killed was Ben Shao's woman. She is now where?"

"Your girl?" Jue Xing Tian smiled, with indifference and killing intent in her smile: "A half-step Tian Sage's trash, dare to be mad in front of me? How can your kid, Ho De, be worthy of that class. A beautiful person? However, your courage is a little bit, a small half-step Tiansheng,

How dare to speak to me like this, compared to the hypocritical trash of the Gods and Ancient Alliance, I don't know how much better. "

"Jue Xing Tian, you are too much, do you really think that my God and Ancient Alliance is afraid of you?" Xufeng real person said angrily, taking a step forward, and there was a terrible holy yuan on his body.

boom!

Behind the real Xufeng, other people also surged with terrible murderous intent, faintly forming a terrible battle formation.

However, everyone seemed to be fighting, but in fact, the Saint Yuan inside the body was circulating, as long as there was something wrong, they would immediately flee.

Relying on their intuition, they all felt that today's situation seemed to be something wrong, and Jue Xing Tian actually knew that they were coming and seemed to be waiting in this hall. "Qin Chen, the situation is not good, this Jue Xing Tian seems to have been prepared for a long time, and I may not take care of you in the future. I have the opportunity to run away. Even if you want to save people, you must save yourself first. The person Xingtian is targeting, your girl

People, I'm afraid it has become more ill-fortuned. "

True person Qiushui secretly transmitted Qin Chen, with tension and sigh in his tone.

"Hahaha, just rely on a few of you? Today, the seven of you are here, then you will be left. This seat is just about to break through the middle stage of the heavenly sage, and there is still a little strength. Your gods and ancient alliances sent seven at once, just Become our ration."

Boom!

This Jue Xing Tian shot.

Facing the seven great heavenly sages of the Gods and Ancients Alliance and Qin Chen, this elegant man in white, Jue Xing Tian, even dared to attack first.

How domineering and mighty is this to force eight people with one person?

But Qin Chen didn't feel that the other party was arrogant, because the other party's power was displayed, and it was so shocking that there was no way to describe it in words.

Hum! Jue Xing Tian punched out, and countless qi bursts behind him, as if punishment from the heavens had come, so he called Xing Tian. The void in front of Qin Chen's eyes changed, as if the light of an axe in charge of punishment appeared, swept out and enveloped Up the whole

Main hall.

This elegant man's scheming against the sky was like moving a celestial execution ground to this hall.

Not only Qin Chen, but even the seven great heavenly sages of the Gods and Ancients League, everyone has the illusion that they will be executed on the spot when they are taken away from the desolate ancient ruins and suddenly come to the blood-stained execution ground.

This feeling is so real and beyond words.

"Be careful, everyone, this is the celestial punishment of Jue Xing Tian. Reversing the void can create an independent space, become the penalty holder in this space, and take control of our life and death. Hurry up and set up the Great Destruction Array!"

The real person Xufeng roared frantically, hum, a terrible breath surged out of his body, which were runes, and the runes wandered around, turning into sky pillars. At the same time, True Person Qiu Shui, Fairy Rougu, Beauty Xie, True Wind, True Person Xiyue, True Person Gu, and the other six heavenly sages, all of them showed strange runes. These rune cultures are Tianzhu, and On the real Xufeng

The combination of the runes finally shrouded in an endless array, and the celestial execution ground created by Jue Xing Tian suddenly shook, rumbling, and at the same time trapped the opponent in the center of the Great Extinguishing Array.

"Okay, starting from the Great Extinguishing Array, looking at how arrogant Jue Xing Tian is, this is a large formation that our God and Ancient Alliance has specially researched to deal with this Jue Xing Tian. It is designed to break his Xing Tian power. What we are waiting for is this moment."

The real person Xufeng roared and urged Saint Yuan, the countless Tianzhu large array, constantly turning, suddenly broke out with terrible strangulation power, breaking the heaven execution ground of Jue Xing Tian violently.

This is the Killing Array that the Gods and Ancients have worked hard to study specifically to deal with Jue Xing Tian. Now, the seven great heavenly lords have joined forces to restrain Jue Xing Tian's breath.

"I don't know if Jue Xing Tian can't take it down?"

Qin Chen didn't take a rush, but backed quietly, watching the changes.

"kill!"

The seven deputy leaders of the Shengu League, the heavenly sage, the holy yuan urged to the extreme, and suddenly turned into a mighty force like the sky, swept down, and with thousands of swords and swords, it is necessary to trap this extinction heaven to death in the sky destruction formation. in.

However, at this time, Qin Chen saw that a faint smile appeared on the corner of the white-clothed elegant man Jue Xingtian's mouth.

"No, you guys, be careful and get back!"

Qin Chen roared, and directly hit the Jue Xing Tian with a killing fist. The horrible fist turned into a legendary torrent and directly killed the opponent's head.

"Break it for me!" Jue Xing Tian yelled coldly, between his eyebrows, a flash of murderous intent, and a huge picture appeared from the ground. In this picture, it seemed to contain a world, evolving countless battle formations, and turned into a dense array The rainbow light, soaring into the sky, will extinct the sky

Wrapped suddenly.

Bang bang bang...

On the spot, the countless auras and patterns of the Great Sky Extinguishing Array were shattered one after another, and they were torn apart at once.

"Cang Yuan Tu!"

Real Xufeng was taken aback and hurriedly backed away.

That horror picture scroll is another top powerhouse in the dead soul realm, the top treasure of Jinghu real person.

And this real Jinghu person is also the enemy of their Shengu League. The Jinghu Taoyuan under his control has been hostile to the Shengu League, but when did this Cang Yuan Tu reach Jue Xing Tian's hands?

Amidst the real anger of Xufeng, a loud laugh suddenly sounded.

"Yes, it's Cang Yuan Tu." Next to Jue Xing Tian, there was another man of the same kind, dressed in gray, who was another real enemy of Shengu League, Jinghu!

[Chapter 2757: Three strong](#)

"Jue Xing Tian, you said that this time the God and Ancient Alliance will seize the opportunity to come here to count on you. We didn't believe it before, but we didn't expect this God and Ancient Alliance to

be so bold. Also, you were hurt by fighting against the God and Ancient Alliance. Coupled with the desolate and ancient ruins, how could the gods and ancient alliances miss such a good opportunity, but the gods and ancient alliances don't know, we anticipated the enemy's first opportunity and set up an ambush first, hahaha. It takes all the time."

The grey-clothed man in Jinghu laughed loudly: "As long as we kill these heavenly saints of the ancient alliance, then the ancient alliance will be greatly injured, and we will plunder their treasures and origins to communicate with the gods. , Breaking through the middle stage of the celestial rank is enough to completely destroy the ancient alliance."

The voice of the real Jinghu is very young, but the aura on his body is strong and terrifying, like Wang Yang, he is a top powerhouse who is not weaker than Jue Xing Tian.

"Yes, the seven heavenly sages also caught the three big fishes, the real person Xufeng, the real person Qiu Shui, and the fairy Rougu, and killed them. The ancient gods have lost their left and right arms. Wouldn't they be handled by us."

There was another loud laughter. This was an old man in black, appeared beside Cang Yuantu, staring at Qin Chen: "But, this little guy, what's the matter with Half-Step Heavenly Sage? The Shenggu League looks down on Brother Xing Tian so much? Let a waste come to die?"

The black-clothed old man was full of ridicule in his tone, obviously full of confidence and confidence.

"This time the three of us joined forces, enough to cross this place and kill everyone in the ancient alliance. But Jue Xing Tian, I heard that you are the ridiculous capital that tracked the enchanting woman into the ancient city. This woman is rumored to be extremely charming, it is possible It's a natural charming body, tusk, my empty old man has played with thousands of women in this life, but I haven't played a natural charming body yet. Then I found the charming girl in this wild city, don't forget. Let the old man play around too, quack!"

The black-clothed old man laughed excitedly, his tongue licking a mouthful of yellow teeth, extremely wretched.

But the breath on his body is vast into the ocean, and he is a powerful man who is no weaker than the real person in Jinghu. No one dares to regard him as a wretched old man.

The elegant white man Jue Xing Tian, the gray man Jinghu real person, and the black old man empty old man, the top powers of the three dead souls, appeared at the same time, all of them were earth-shaking and shocking, which can be described as terrifying.

"How is this going!"

Real person Xufeng saw this scene, his shocked soul was almost gone, a chill from the top of his head reached the sole of his feet, and there were dense goose bumps all over his body, and he couldn't believe his eyes.

Jue Xing Tian, Jinghu Zhenren, and the empty old man, these three are all enemies of the Shenggu League, when did they all unite?

Three top powers, plus a heavenly treasure, Cang Yuan Tu.

"Quick back and go!"

The real person Xufeng immediately let out a sharp roar of anger, and he didn't even have the courage to make a move.

"Want to leave now? How naive."

The real Jinghu sneered, and took a picture of Cang Yuan Tu, buzzing, the vast picture scroll, as if containing a world, suddenly soaring, sweeping the entire hall.

Suddenly, everyone present was wrapped in the vast picture scroll, and everyone urged Sheng Yuan, violently roaring and shaking, but they could not tear the slightest space and were completely trapped here.

"Cang Yuan Tu is a heavenly treasure, and, under the urging of the three of us, it contains the might of one world. It is weird if you can escape, quack, we tried our best to catch you A few big fish, let you run away, what shall we eat?"

The empty old man in black smiled grinningly, "Today, the three of us joined forces to destroy your gods and ancient alliances, eradicate a major enemy, obediently become our nourishment, and help us achieve the middle stage of the sage."

"Damn it, we got it."

Many powerhouses in the Shengu League have blue faces, their eyelids beating wildly, and their hearts sink completely, knowing how bad things are.

"Hmph, there are only three of them. I'm all a heavenly sage. I can't beat them. Can't I still run away? The only trouble is this Cang Xuan Tu, but this Cang Yuan Tu is a heavenly treasure. The three of them It can't be completely urged, otherwise, would it be necessary to design ambush here? I have already swept our God and Ancient League! Don't be scared by their bravado. The eight of us join forces and are afraid of him?"

Real Xufeng roared, pinched a treasure in secret, and shouted loudly.

"is it?"

Jue Xing Tian suddenly moved his body and grinned and killed him. He burst out and reached out with his big hands. Suddenly, a terrifying claw covered the sky and covered the sun, just like a **** drew out his claws from the sky. It takes almost no time, blinking. In time, he came to the real person Xufeng.

"Mr. Xufeng, you are the leader of the many deputy leaders of the Ancient God Alliance. Kill you first and see how others resist."

In a sneer, the big hand came directly to the head of Real Person Xufeng.

"not good."

Real Xufeng was taken aback, and the treasure he was holding in his hand appeared in front of him. It was a treasure like a mountain, somewhat similar to the Fantian Seal that Qin Chen displayed on the

Tianwu Continent. This mountain suddenly swelled with golden light. , Sweep out, resist Xiang Jue Xing Tian.

"Hahaha, Mr. Xufeng, don't make senseless resistance. You Jinshan Seal can stop others, but you can't stop me. It's almost the same as you are the master of the ancient gods."

Cang Dang!

Destroying the mountain and cracking the stone, Jue Xing Tian's big hand pressed down, the golden mountain trembled crazily, and the golden runes circulating on it continued to explode, rumbled, and then blew out with a violent tremor.

boom!

The next moment, the terrifying palm power fell on the body of the real person Xufeng, and the real person Xufeng snorted, his face turned pale, thanks to the resistance of Jinshan Yin, otherwise he would be crushed by this blow.

Amidst anger, he hurriedly backed away, but Jue Xing Tian gave him a chance to back down, a roar, murderous intent, and the power of terrifying punishment soaring into the sky, like a battle axe.

"what!"

The real person Xufeng suddenly let out a scream, his chest seemed to be smashed by an invisible giant axe, a **** mist burst out, the bones shattered, and the whole person flew out, opening his mouth and blood spurting wildly.

The strength of the real person Xufeng is the peak of the early days of the heavenly sage, not weaker than the light of the cloud, but the white-clothed elegant man Jue Xingtian is a strong half-footed into the middle of the heavenly sage, and is still in the home court of Cang Yuan , Under the shot, where is the real Xufeng opponent?

one strike!

Mortal Xufeng was seriously injured and embarrassed.

"The real Xufeng!"

All the heavenly sages, the remaining six strong men, all uttered in horror, shocked.

[Chapter 2758: Break](#)

When everyone saw that Xufeng was in danger, they immediately took action. At the moment of the crisis, they all spurred the strongest attack and killed them like crazy.

"The autumn water stretches!"

"The gods are soft and soft!"

"Natural Stone Gu worm!"

"Endless Wind Tunnel!"

"Scorpion blow!"

"Da Yue Zhenri!"

Oh oh oh!

In the main hall, the gusty wind roars, the sky is full of gu worms, and there are endless black wind tunnels, boundless autumn water mood, and various violent attacks. They are endlessly attacking and killing the three top powers of Jue Xing Tian. The gathering of the sacred elements became a lore, overwhelming the sky, and a lot of vitality was exploded into chaos in the sky, a vast expanse.

"kill!"

The other real people in Jinghu and the empty old man also shot, booming, the two powerhouses are mighty, and the terrible heavenly law is surging on their bodies. The breath of that law is like a sea like a sea, powerful, and violent shocks occur everywhere. Facing the seven great heavenly sages and Qin Chen, the killer was pained.

Suddenly, the holy yuan permeated, beset on all sides!

Bang bang bang!

Master Gu released a sky full of Gu worms, countless black wind tunnels, banging and banging, and being constantly destroyed under the attack of the three great powerhouses of Jue Xing Tian.

boom!

One of the power rushed directly to Qin Chen, it was the real Jinghu, this holy yuan, mighty and mighty, as strong as a Tianzhu, instantly descended in front of Qin Chen.

"broken!"

Qin Chen drank coldly, the Saint Yuan surging in his body, a strong punch, booming, two forces colliding, Qin Chen only felt an incomparable terrifying force impacted, khaka, his body, bones vibrated, The tiger, leopard and dragon chanted, and the muscle texture constantly fluctuated.

boom!

Amid the roar, Qin Chen was shocked and flew out hundreds of feet.

"What a powerful power, is this a strong one who has half-footed into the midst of Heavenly Sage?"

Qin Chen's eyes were dignified. The strength of this real Jinghu is indeed much stronger than that of Yun Dongguang. Perhaps above the concentration of Saint Yuan, the two are not much different, but in terms of strength, there is a surprising difference. In the Yuan Dynasty, there is a mighty destructive power, this kind of power surpasses the warriors at the peak of the ordinary Heavenly Sage's initial stage, and contains the more powerful rules of the heavens.

Although this power was only a trace, it was mighty and unparalleled, making the attack performed by the real Jinghu man more powerful than the Heavenly Sage powerhouse at the initial peak.

If it weren't for Qin Chen's physical body to be transcendent into the sacred, and he was promoted in the ancient ruins, he would be seriously injured if he was replaced by a powerful person like Yun Dongguang, who was the first peak of Heavenly Sage.

"This is... the mid-term power of the Heavenly Sage, it is more pure, and it has been comprehensively improved in terms of the Sacred Origin and the Law."

Qin Chen carefully sensed the power in it and analyzed it.

"Huh? This kid actually blocked my move, nothing happened?"

Master Jinghu stared at Qin Chen, revealing incredible light.

Then, he grinned and leaped forward.

"kill!"

Boom!

The real person Jinghu stared at Qin Chen with all his strength and urged the power of Cang Yuantu. Suddenly, the boundless and terrifying space-binding power swept over. Together with the real person Jinghu's attack, it was obvious that Qin Chen was killed in the first place. Here.

"No, everyone is trapped in the Cangyuan map now. If it's just a real person in Jinghu, or a person from Jue Xing Tian, there may be a possibility of fighting, and I am not afraid. But now, the three powerful men are joining forces. True person Qiu Shui can't resist them at all. I'm afraid they will be beheaded one by one if they don't produce a half-zhu incense. At that time, I will face the three powers alone, and if I am bound by this Cang Yuan Tu, I am afraid it will be dangerous."

"The most urgent task is to break the shackles of the Cang Yuan Tu. When the time comes, the Seven Great Heavenly Saints will be enough to deal with any of the three. With oneself on the side, it may not be possible to resist the other."

Thinking of this, Qin Chen's eyes suddenly condensed.

"Everyone, we are not the opponents of these three powerhouses, so let's break this Cang Yuan map first."

At this critical moment of survival, Qin Chen didn't care about keeping it, and suddenly roared, urging the universe to make the jade disc, hum, suddenly, in the void, the universe of making jade disc camouflaged by the Ten Thousand Pirates Cave appeared, exuding mighty power Space power.

At the same time, the nameless sword appeared in Qin Chen's hand, and his whole body revolved, cleaving the strongest sword.

Boom!

Qin Chen's body suddenly rose up, like a **** king, using the jade disc of Qiankun's good fortune to shake off the attack of the real person in Jinghu. Under the urge of Qin Chen, the jade disc of Qiankun's good fortune roared, and suddenly moved the picture in Cangyuan. Space forces exploded.

After that, Qin Chen brazenly cleaved the sharp sword in his hand, and under the power of Origin, like a violent slash of the gods, with one sword, the space barrier of Cang Yuan Tu was torn apart.

The outside air suddenly poured back.

"You guys, leave quickly. Only by leaving the shackles of Cang Yuantu will it be possible to defeat them."

As Qin Chen roared, he rushed out first.

"what?"

The seven great heavenly sages such as the real person Xufeng, the real person Qiushui, and the fairy Rougu saw Qin Chen suppressing the world and breaking the Cangyuan map, and suddenly felt the body loosened, and their faces showed incredible expressions.

They were all dumbfounded with surprise. They thought they were bound to die, but they didn't expect that Qin Chen would break the Cang Yuan Tu at the last moment!

"good chance!"

The real person Xufeng and others are also world-famous heavenly sages, top powerhouses, and extremely rich combat experience. In an instant, each burns lifespan, explodes blood, and booms. The seven people join forces to form a battle formation. At the moment that he didn't react, he rushed out of the Cang Yuan Tu and returned to the hall again.

Suddenly, the breath of the desolate ancient ruins poured down, and everyone felt extremely comfortable.

"Everyone, a good opportunity, real person Xufeng, you should have the ancient void-breaking talisman on your body, let's quickly cast the space jump technique, form a big formation, use the void-breaking talisman, and leave here."

As soon as he appeared in the hall, Boundless Feng hurriedly spread the voice.

"Yes, cast the air breaking talisman!"

No need to remind the wind, the real person Xufeng also thought of this, and suddenly a simple rune appeared in his hand. The rune burst into an astonishing atmosphere of space. Suddenly, an invisible spatial force enveloped the seven people, in the light, Several members of the Shengu League performed the space jumping technique together. Suddenly, the seven people combined and connected into a whole, wrapped in the power of space, they were about to jump out of here.

This void-breaking talisman was obtained from the ancient relics of a certain dead soul realm by their gods and ancient alliances. It can instantly break through the void of the heavens and transport people away. It is a heavenly treasure, a heaven-defying treasure used to escape.

This is also where the seven of them dared to break into the ancient ruins. Once activated, the mid-Tian Sage powerhouse could not stop it. However, because they were in the Heavenly Grade Supreme Treasure Cangyuan map before, the space was restricted and they could not be displayed. Now they can escape. The Cang Yuan Tu is undoubtedly the best opportunity.

Several people turned into phantoms, and when the power of space came, they had to teleport away.

[Chapter 2759: Reinvention](#)

"Mr. Xufeng, wait a minute, Qin Chen hasn't come in yet."

True person Qiu Shui said suddenly anxiously.

"Qin Chen, come in quickly!"

He spoke to Qin Chen anxiously.

"Huh? The technique of space teleportation!"

Qin Chen heard the sound transmission and looked in a hurry. He saw the scene of real person Xufeng displaying the void-breaking talisman. He was shocked that several people from the ancient alliance of the gods were about to leave here.

But also, facing the three powerhouses of Jue Xing Tian, the seven sub-leaders of the Shengu League are completely powerless.

"No, I can't go!"

Qin Chen shook his head, the people of the Ancient Alliance of Gods could leave, but what should Sisi do when he leaves? He hasn't found Sisi yet. Who knows where he will be teleported to with this void-breaking talisman. When he comes back, what if Sisi is found and captured by the Jue Xing Tian trio.

Just before he hesitated.

"Boom!"

The hall was trembling, and the endless roar enveloped. Jue Xing Tian and the three people were frightened and furiously killed out of the Cang Yuan map.

"Qin Chen..."

Real Qiu Shui said anxiously.

"Mr. Xufeng, hurry up and move the Po Kong Talisman, otherwise it will be too late." Feng Wuliang said anxiously, Qin Chen's life and death, he was too lazy to care about Qin Chen's death here.

"Mr. Xufeng, Qin Chen is the guest of Eternal Building. If he dies in the realm of the dead, how can our God and Ancient Alliance explain to Eternal Building?" Mr. Qiu Shui still wants to fight for it.

"Mr. Xufeng, what about the Wangu Tower? They are only cooperating with our God and Ancient Alliance. Are we all going to die here for their people?" Feng Wuliang said angrily.

There was a hint of intolerance in the eyes of the real Xufeng, but he gritted his teeth in the end.

"go!"

He did not hesitate to urge the Po Kong Talisman, and at the same time screamed: "Qin Chen, a good man, loyal enough, as long as you do not die, my **** and ancient alliance will inherit your love, you are our great benefactor, and the future Can become a great figure in the heavens!"

While roaring wildly, the real person Xufeng suddenly burned his life, rushed violently, and the air-breaking talisman suddenly glowed, enveloping the other heavenly saints, and all shuttled out.

Fairy Rougu also had a trace of unbearable on their faces. Qin Chen broke the Cang Yuan Tu forcefully and let them escape, but they directly urged the Po Kong Talisman to leave here, naturally with a trace of guilt in their hearts.

But in the heavens, that's the case. If they don't leave, they will die here. Compared to their own lives, the guilt, reputation, and accusations of the Eternal Building are not important.

Only if you are alive, there is hope.

As for Qin Chen...

Everyone sighed and shook their heads. Everyone knew that Qin Chen, as a half-step heavenly sage, had absolutely no possibility of surviving under the attack of the three great powerhouses of Jue Xing Tian and Cang Xuantu.

As real person Xufeng said, if Qin Chen really wants to survive and not die, it is undoubtedly a gift to the seven of them to recreate, and he is also a great benefactor of the Gods and Ancient Alliance. Moreover, Qin Chen can survive from the hands of the three great powers and become A big man in the heavens, that's a matter of time.

If it weren't for Qin Chen to break the Cangyuan map and give them a chance to escape, all seven of them would die here. It would be an incalculable loss to the Shengu League, and the entire Shengu League might fall apart.

Hum!

Shuttle through the void, the seven heavenly sages suddenly entered the void, escaped from the deserted ancient ruins, and traveled through desperately. The seven people united together and used the technique of space jumping. Each of them burned their life madly. Countless spaces.

Just for a moment, the seven powerhouses didn't know where they had escaped.

"Mr Xufeng, what shall we do next?"

Bang!

For a long time, the power of the void-breaking talisman was exhausted, and the seven were all shaken out of the void. All of their faces were pale, covered in blood, and looked at each other, bitter. No one would have thought that this trip to the deserted ancient ruins would be a good one. This way ended.

Looking around, they have come to the edge of the deserted ancient ruins, traversing thousands of miles.

The price is the burning life span of countless people, and an ancient sky-breaking talisman with the top celestial rank.

"Don't do anything, anyhow, we have survived, and we also know that the three powerhouses of Jue Xing Tian have united unexpectedly, and they want to take advantage of the abnormal movement of the

barren ruins to break through the middle of the heavens. Such strength is not what we can If you are killed, you must return to the alliance as soon as possible and inform the lord, otherwise, our God and Ancient Alliance will face the disaster of destruction next."

Xufeng is truly human.

"What about Qin Chen?" Qiu Shui's face was bitter.

"Qin Chen is dead, there is absolutely no chance of surviving, hey, he has saved our life, if it weren't for him, we would all have died here."

"How can we compensate?"

"What else to make up?" Feng Wuliang sneered. "It is he himself who is going to come to the deserted ruins to save his girlfriend. Now he is dead here. There is no way. It is not something we can decide. I think we can pass the news. For Wan Gu Lou, isn't Qin Chen from Wan Gu Lou? Tell Wan Gu Lou that Jue Xing Tian three killed him. He wants to have a real position in Wan Gu Lou. Maybe if Wan Gu Lou is furious, he will send a master to kill him. It's not necessarily the case that Xingtian is killed.

"Hey, this is a good idea. Now Jue Xing Tian and the three of us have joined forces. Our God and Ancient League cannot be resisted by all means, but Wan Gu Building can definitely be carried down. You can use the masters of Wan Gu Building to eliminate Xing Tian and them." His eyes brightened.

"Never, if Wan Gu Lou is really willing to send a master to come, it means that Qin Chen's position in Wan Gu Lou is extraordinary. Now that people are dying in our dead soul realm, Wan Gu Lou will definitely not let it go. we."

"What can we do then? This is an unchangeable fact, let's go, now it's useless to say anything, first go back to the ancient alliance, tell the news to the leader, and then make a decision."

"Yes, get out of here quickly, otherwise the Jue Xing Tian trio will kill Qin Chen and follow us, and we will be in danger."

"go!"

The seven great heavenly sages left one after another, disappearing into the deserted ancient ruins again.

In the hall!

boom!

After the seven powerhouses of the Ancient Alliance of Gods left, Qin Chen's body shook, and immediately rushed out of the hall with the jade disc wrapped in the universe.

He didn't want to escape from the desolate ancient city, but went directly to the bottom of the desolate ancient city to hide.

Qin Chen had already figured it out. After the seven masters of the Ancient God League left, it was extremely difficult for him to kill the three of Jue Xing Tian alone, so he hid it first, practiced secretly, and left here after he found Chen Sisi.

Qin Chen had a faint feeling that Chen Sisi disappeared in the desolate ancient city. He should have entered a mysterious place, and perhaps even got a shocking encounter, otherwise he could not explain the mysterious and charming woman he had previously sensed.

[Chapter 2760: Rush to kill](#)

He had prepared everything long ago and was able to escape smoothly.

As soon as Qin Chen rushed out of the hall, the three powerhouses of Jue Xing Tian had already been killed.

"Damn it, let the seven of the Gods and Ancient Alliance escape. Such a good opportunity to kill the seven of them and swallow their power, we are very likely to directly break through the middle of the heavenly sage here, and now it has become a void. "

The three of Jue Xing Tian were furious, their faces no longer calm, and they were frightened and angry.

"It's all this kid who can break open our Cang Yuan Tu. What treasure he displayed should be some kind of space treasure. When he was in Cang Yuan Tu, he could suppress the space of Cang Yuan Tu. Aura, is it a treasure even more terrifying than the heavenly treasure?"

The real person Jinghu is the master of Cang Yuantu, and he has also fought with Qin Chen, and he has a clearer understanding of the power of the Universe Jade Plate, his eyes are filled with greedy light.

"Can't let that kid go too."

In an instant, Jue Xing Tian reacted. With a big hand, thousands of miles were shrouded in one hand, and he grabbed it downward. The ground of the ancient capital collapsed every inch and everything was caught by his claw. in.

"The world is under my control, brat, you want to escape, it's impossible, no one can escape from me!"

The white-clothed elegant man Jue Xing Tian looked at the ground, and saw a faint shadow, burrowing into the ground. With the help of that space, countless ruins were penetrated by him.

Under this desolate ancient city, there are so many ruins, how many stone chambers, each layer of stone chambers is extremely vast, some are as large as a hundred miles, some are even as large as thousands of miles, layer by layer, deep underground, and the heavenly sage cannot Investigate clearly.

And here, under the influence of the ancient power, the perception of Heavenly Sage will be greatly reduced, otherwise such a large ancient capital would have been searched by countless powerful people.

"It's no wonder that this son was brought by the people of the Gods and Ancient Alliances. There is such a space treasure. If we can get it and study it carefully, we can use this supreme treasure to understand many space powers and unique skills. Maybe, Thoroughly search the entire desolate ancient city to find the source of the change, get adventures, and achieve supreme realm."

Real Jinghu shouted.

"Jue Xing Tian, you chase this kid, the empty old man and I will hunt down the people of the ancient alliance. There is a Cang Yuan map. Maybe we can find the people of the ancient alliance. We must not let them run away, otherwise it will leak. The secret of our joint efforts will attract the attention of other top forces in the Necrosphere, and there will be a lot of trouble."

"Well, you go to kill the people of the ancient alliance, I will catch that kid, there should be no problem."

Between the lightning and the fire, the real person in Jinghu and the empty old man flew out with Cang Yuantu, and disappeared in a flash, leaving the barren ancient ruins to chase down the seven heavenly sages.

"What a powerful force!"

Qin Chen urged Qiankun's good fortune jade disc to flee underground in this desolate ancient capital, but still felt the power of Jue Xing Tian suppressed it overwhelmingly, and it was almost no matter where he fled to, he would be caught back at once.

The underground of the desolate ancient capital is very difficult to penetrate, and there are countless desolate auras lingering around, even if Qin Chen does not have any resistance to the desolate aura, it is useless, because the material here is very hard.

Qin Chen also used the universe to make jade discs and urge the profound meaning of space, so that he could travel through the ground and fly quickly.

Of course, he also felt the power of Jue Xingtian alone behind him, but he didn't know that the real person Jinghu and the empty old man had left. He did not dare to take this risk. Once he was trapped in Cang Yuantu again, he would be in danger. Under the siege of the three powerhouses, he is also in danger.

shuttle!

Qin Chen walked through the ground, like drilling a mountain bead or mountain.

Under the ground, there are layers of stone chambers, all built by the tribe that used to be in the deserted ancient ruins, and they are extremely hard, and the methods are beyond imagination.

Every stone chamber contains more or less powerful forbidden laws, as well as the power of celestial rules, but they are all empty, obviously they have been explored.

Qin Chen didn't care. His goal was to escape from here. He faintly felt that there was some kind of breath that could resonate with the clay pot in the depths of the earth. At the same time, a powerful force faintly communicated with his body. , As if calling him, there was something similar to Sisi's breath, unable to distinguish.

Qin Chen hopes most is thinking.

As long as he finds Sisi, he can completely mobilize the power of the Universe Jade Plate, and then hide in the void, with the help of the power of the desolate ancient ruins, he can completely avoid the detection of Jue Xing Tian.

"Boy, I can't think of you, there is such a treasure of space in your body. This treasure is very likely to be the ultimate treasure of the peak of the heavenly rank. Hand it over. This kind of treasure is not something that a small half-step celestial sage can possess. Hand it over. , Can still save your life."

Qin Chen fled again and again, making Jue Xing Tian annoyed. Suddenly, he used a secret technique, a boundless force, exploded, and passed it directly. Without knowing what terrifying secret technique was displayed, he actually chased Qin Chen.

boom!

Qin Chen shook his whole body, as if he had touched some restriction. Suddenly, the wild and ancient aura around him roared and countless spaces folded. Qin Chen only felt that the space was turned upside down and instantly fell into an underground cave. It was extremely huge and full of radius. For thousands of miles, countless weird lines are outlined in the surroundings, and they are built into miracles underneath.

The void around him was very strange, as if he had come to another space, and the strong atmosphere of the ancients almost turned into substance.

Whoosh!

When Qin Chen was shaken out, the white-clothed elegant man Jue Xing Tian also landed in this cave, facing Qin Chen, a pair of eyes shot at him fiercely, trying to melt Qin Chen completely.

"Boy, you are very good, half-step Tiansheng, you have such a strength, this kind of talent, I am afraid that this is the case for the inheritance of the son? If you really want to fight, I am afraid that ordinary Tiansheng early peak power No less than you, it's a pity that you met this seat, take them out. With your talents, there should be other treasures on your body. Let this seat see if you can escape again?"

Jue Xing Tian moved forward step by step, locking all Qin Chen's breath.

"Jie Xing Tian, do you really want to kill all? My background is not trivial. You kill me, the entire dead soul domain will shake, and it will be attacked by many holy masters. As for your power, it will be destroyed once, and you , It's even harder to escape death, heaven and earth, heaven and earth, you can't escape anywhere." Qin Chen turned his eyes.

He swept away his soul power, and found that there was indeed only Jue Xing Tian around him, and the real person in Jinghu and the empty old man were not there, and he was immediately relieved.
