

Valkyrie 3021

[Chapter 3021: Little Demon King](#)

The Monster Race is different from the Human Race. It is extremely murderous and protects shortcomings. If the prince of the tomb knew who killed its subordinates, he would definitely not give up.

"What's the trouble?" Qin Chen disapproved. "In the ruins, fish and dragons are now mixed. Whoever kills it is not necessarily true. If you die, you will die in vain. Moreover, as long as no one sees it, who knows how this guy died? of?"

Qin Chen haunted the power of the Yaomie Mansion, simulating the aura of Yao Wuming. Suddenly, there was a flash of Yaomie aura in the stone chamber, and the phantom of World Mountain was also flashing.

The Book of Origins, mastering various civilizations, and simulating a fascinating atmosphere, is very simple. Qin Chen smiled coldly: "Hmph, this time, even if the Crown Prince finds here, he will only think that it is Yao Wuming's hand. If he has the ability, he will find Yao Wuming to take revenge, and let the demon race and Yao Mie It's a good idea for the people in the government to be hostile.

"

The old pangolin refining in the Zixiaodousi Palace, the law of demonic energy, essence, supernatural powers, especially the wild blood, once again benefited Qin Chen, and integrated into Qin Chen's book of origin, making Qin Chen's breath More powerful.

The power of the ancient holy veins also began to moisturize Qin Chen's physical body. Since Qin Chen stepped into the half-step overlord realm, the ancient body was like a big stomach king, and he was dissatisfied with how he absorbed the holy energy of heaven and earth.

Hum!

After all the pangolins were refined, Qin Chen's ancient body became stronger, and the remaining power was also integrated into the demon sword by Qin Chen, strengthening the power of the demon sword. "Okay, very good. With this ancient sacred vein of the Heavenly Sage's top grade, the sacred aura I have temporarily cultivated is enough, but if I want to break through, this sacred vein alone is not enough." Qin Chen Perceiving the improvement of the ancient body, faintly

Ming Wu.

"Go, continue to follow the leader of Shenzhao, and look for the inheritance of Venerable Tianhuo by the way." Qin Chen's body was shaken, flew out of the stone room, and continued to fly deep into the ruins.

It was during this moment of stay that the breath of the god-zhao guru was in his perception, and it was a little fuzzy, which showed that the god-zhao guru had entered the deepest depth. "What the **** is the purpose of this god? He has been going deep, with his holy master's knowledge, he will not be unable to perceive the ancient sacred veins in the void, but he didn't stop at all, he was full of mind, did he know Venerable Skyfire True

A place of inheritance? "

Qin Chen was puzzled, he urged the rules of space, and he was unimpeded and very happy along the way.

Moreover, with his tracking, the surrounding heaven and earth holy aura and heavenly fire aura became more and more intense. It can be seen that he has been approaching the core without taking any detours and waste.

"It seems that it is really a good idea to leave the master of the gods, otherwise although I can perceive the deep call, I will definitely take some detours. The master of the gods saves me at least half of the hard work."

Qin Chen no longer paid attention to the ancient sacred veins hidden in the surrounding void, because these were all sesame seeds, and the gods and gods pictured them were definitely watermelons.

And not long after Qin Chen left the stone room.

Whoosh whoosh! In this stone room, a group of masters suddenly came in. The young man headed by him was wearing golden clothes and a golden crown. His breath was very powerful. He was actually a top master who mastered a trace of the way of the Holy Lord. The real magic was him. Eyebrow

The heart actually had a golden vertical eye. This was not a soul eye that was cultivated using spiritism like Qin Chen, but a real eye.

"Prince Golden Crow, there was an extremely terrifying high-grade ancient sacred vein in this stone room just now, which was actually taken away." Beside this young man in golden clothes, a burly figure with a single horned center Master of the year. "Where is the iron scale pangolin?" The three-eyed young man in golden clothes glanced at the entire stone room. "How can this thing be so ridiculous? It's a pathfinder, and everyone is gone?" During the speech, the gold on his brow Eye pupils opened, a piece of gold

The phantom of lingered in the stone room, the breath of the golden sun lingered, and the space in the stone room began to diffuse a **** atmosphere, and three vague figures appeared.

"what!"

In the fuzzy picture, a scream passed from it.

"The iron-scale pangolin has encountered a poisonous hand!" The face of the Emperor Jinwu Prince became extremely cold: "Which human race is this? Who dares to kill my Jinwu people, I will destroy his ten races!"

"Prince Golden Crow, the supernatural power of your Golden Crow Xuan Ling's big sun eyes is getting more and more complete."

An entourage exclaimed. "The iron-scaled pangolin is dead. You don't have to be angry, Prince Golden Crow. He is just a slave. He has some ability to travel through the void. It's not a pity to die. As Prince Golden Crow you, I want to put yourself under your command. The person you drive

Too much. "

Another flattering way of the monster overlord.

Next to the Golden Crow prince, there are also several entourage overlords, whose cultivation base is also similar to that of Shao Jikang. They are all overlords of the generation, outstanding among the demons, and the top talents.

Among the Yaozu, at least it is also the top figure of a group, the overlord of the world.

However, now beside Prince Jinwu, he is a small entourage.

Of course, the benefits of being a small entourage with characters like the Golden Crow Prince are better than being the top prince of your own race, and the benefits are much greater.

The imperial mausoleum demon clan is an extremely terrifying force among the demon clan, and the ancestor of the golden crow prince clan is a great power among the demon clan.

"Yes, Prince Golden Crow, look at who killed the iron scale pangolin, and then completely kill those who dare to challenge the majesty of my imperial clan." "Prince Golden Crow, I think you don't need to waste time, you The main opponent is the Little Demon King of the Ten Thousand Demon Mountain Clan. I heard that he has also entered the ruins. We have to seize the opportunity to find this kid, and then kill him. There is no evidence for death.

. "Behind the Prince Jinwu, another demon overlord said.

"Huh! Little Demon King!" Prince Jinwu sneered again and again, killing intently: "This kid has been against me over and over again, and the Ten Thousand Demon Mountain Range will compete with my imperial tomb for the power of the demon clan. I heard that this kid has been preached by his father. This made his cultivation base advance by leaps and bounds. This time, he wanted to obtain the inheritance of the human race Skyfire Venerable, and found a way to restrain my Golden Crow clan. It's ridiculous, my Golden Crow clan, possesses the Celestial Demon Clan Zhenghuo. This inheritance of the Skyfire Venerable is just right for this Prince, this time he came here, this ruin just happened

For his cemetery. "Hehe, this Little Demon King probably couldn't imagine that, the Golden Crow Prince, your Golden Crow Xuanling Big Sun Eye has reached this level, you can seize the good fortune of the human race, gain the inheritance of the human race Skyfire Venerable, and even break through the Holy Lord here. Realm, then

Killing the Little Demon King is easy. "Another Yaozu master pleased.

"That's right." Prince Jinwu's complexion eased a little, and he nodded, while the pupils of his eyes bloomed with golden light. Suddenly, the moment when the deduced fuzzy figure was about to form, it exploded. In the void, a cold snort resounded: "Who is it, dare to deduce my shining and obscure aura, which trash of the demon clan, I killed an ant, and dared to deduce this seat, looking for death, offending me Yao Annihilation Mansion, no matter what race, is

Ten tribes will be killed by my Yao Annihilation Mansion. "There was a cold stern shout from the figure.

[Chapter 3022: Hall of the Lord](#)

boom!

The voice fell, Yao Wuming's breath suddenly dispersed, and the voice completely disappeared.

"Yao Mie Mansion Yao Wuming? This person actually killed a disciple of my imperial tomb demon clan. What a damn!"

Prince Jinwu's expression turned blue for an instant, and a cold light burst into his eyes.

"Yao Wuming? Prince Golden Crow, I have heard of this person. He is the top saint son of the Human Race East Heaven Realm Yao Mie Mansion. He is a top master in the human respect."

"The rumor of Yao Mie Mansion is very arrogant and domineering among the human race, and it is a difficult character."

The eyes of the demon clan masters of several imperial tombs flickered. "Hmph, I don't care about him as a master of the human race. I dare to treat my imperial clan like this. After killing the iron scale pangolin, he is still so arrogant. I must chase after Yao Wuming. I will kill him alive. The Holy Lord of Human Race can't save it

he. "

The prince Jinwu roared again and again, bursting out of the stone chamber, and began searching.

Deeper in the ruins of the passage.

"Dust, you..."

Chen Sisi and Qin Chen flew by, and suddenly saw Qin Chen standing still, making a sound in his mouth, which turned out to be Yao Wuming breath and sound. "The Golden Crow Crown Prince of the imperial tomb is here, looking for the murderer. We killed the pangolin, just to blame Yao Wuming, so that the demon clan of the imperial tomb will fight against Yaomie Mansion." Qin Chen's eyes flickered as he refining Got the pangolin and got the other side

A trace of memory, knowing that Huangling Demon Clan is an extremely terrifying race among the demon clan, if Yao Mie Mansion's people can provoke such a big enemy, that would definitely be good news for Qin Chen. Moreover, from the memory of the pangolin, Qin Chen also understood that this imperial tomb Jinwu Prince was actually a very arrogant and violent person. He was not a good thing. In order to cultivate his foundation, he would do everything possible. Therefore, Qin Chen was framed. Ren

He's psychological burden.

"You are..."

Chen Sisi looked at it and couldn't help shaking his head, but was shocked that Qin Chen had imitated the unfamiliar breath and voice in a flash. This method was simply amazing. "Dust, you can frame it for a while. In the memory of Senior Nine-Tailed Fairy Fox, the Demon Race of the Imperial Tomb is an extremely terrifying force among the demon races. Among them, there are powerful forces. If you expose it, there will be A lot of trouble." Chen Sisi reminded

Tao.

"Don't worry, I have my own measures."

Qin Chen smiled faintly. After being framed, his figure shook and immediately turned into a streamer and continued to follow him away.

As the two of them continued to deepen, Qin Chen felt that the power of the surrounding flames became stronger and stronger. Suddenly, a vast open space appeared in front of him, and a vast space appeared before Qin Chen's eyes.

And in the depths of this space, there is actually a large hall, which is extremely large, like a small world, vast and magnificent, half embedded in the ruins, exuding the breath of ancient vicissitudes. Qin Chen and Sisi took a deep breath. They didn't expect that there was such a large hall in the ruins. However, this hall was very simple and well hidden. If it weren't for the leader of Shenzhao to lead the way, Qin Chen followed all the way, thinking what

It will take a lot of time to find here.

"Squeak!"

At this moment, the soul-seeking worm in the jade disc of good fortune in the universe suddenly agitated, as if feeling the breath of the hall in front of him, conveying various messages. Qin Chen's heart moved, there was an aura that excites the spirit-seeking worm in this hall. I remember that when the spirit-seeking worm appeared in the first two times, or when he was looking for the Chaos Sea Vein and Yama Demon Hall, Qin Chen deliberately ordered this. Once, without waiting for Qin Chen to come down

Ling, the Spirit Seeker became agitated by itself, and it was obvious that the treasures in this hall were even above the Yama Demon Hall.

Is it the temple of Venerable Skyfire?

Qin Chen guessed in his heart, but his figure did not stop, and brought Chen Sisi to the front of the hall. Above the hall, the breath of flames lingered, filled with restraints.

"Dust, in addition to the **** of the gods, there seems to be a lot of human masters here before."

Chen Sisi said suddenly. "Well, did you feel it too? In addition to the **** master, there are at least a dozen master masters passing by here." Qin Chen squinted his eyes, which is indeed very strange, because he came along with the **** master. Almost nothing on the road

What a waste, and he was also one of the first human masters to break into the ruins.

According to the truth, no one should come here sooner than him, except for the gods and gods, but there will be the breath of other human races.

"There is only one possibility. These people should have been brought here by the Master Shenzhao." Qin Chen squinted his eyes, and he couldn't think of other possibilities except for this one.

"He brought it here?" Chen Sisi was stunned and frowned. "Why did he do this?"

If this place is really the treasure of Venerable Skyfire, it would be better for the God Master to sneak in by himself. How could he bring others in with him?

"I don't know the specific reason, but I think it shouldn't be a good thing."

Qin Chen smiled coldly. He remembered that the Master Shenzhao deliberately went to guard the mountain and Yaowuming and they met. If the Master Shenzhao had no other thoughts, he would not believe it.

"Come on, you follow me."

Qin Chen sensed the aura in the hall in front of him. There were astonishing restrictions all over the hall. An entrance must be found. If he rushed through, he would be inevitable.

But Qin Chen was not afraid at all. He took Sisi's hand and urged Zi Xiao Dou Li Gong in his body. Suddenly, Zi Xiao Dou Li Gong burst into light. The next moment, the restrictions outside the hall suddenly An entrance appeared.

Huh!

Qin Chen entered the passage with Sisi, a scorching flame suddenly rushed toward his face.

Qin Chen stood in this hall. The whole hall was extremely magnificent. He didn't know what material it was forged. It was made of flames and was very strong. Even the current Qin Chen could not cause any harm to this hall.

Qin Chen and Chen Sisi stood in this hall, observing the surrounding pillars, they had discovered many powerful restrictions, and they were absolutely not allowed to act rashly.

This place is already at the core of this ruined land. Forbidden laws are getting more and more severe. It can be described as shocking the world, killing every step, if you don't pay attention, you will get involved in it, and there is no place to bury you.

However, Qin Chen was fearless, urging the Heavenly Soul Forbidden Technique and Zixiao to rate the palace. At the same time, the aura of several great heavenly fires also permeated, and immediately, the restriction in front of him began to become clear.

In addition, Qin Chen also sacrificed a jade disc of good fortune from the universe, a breath of emptiness, lingering around his body, hidden in his body, and then he walked boldly in this hall with confidence. Countless destructive and terrifying flame prohibitions did not seem to have discovered him, and could not cause him any harm at all.

[Chapter 3023: Holy Line](#)

Qin Chen felt the breath of the **** of the gods, while slowly deepening, trying to figure out the deduction, Qin Chen found a huge forbidden method, like a spider web, extending in all directions, this hall is an excellent place for cultivation, the tigers embrace the dragon, and the feng shui Treasure land

It is a pity that this ruin is too big, and the Venerable Human Race created it, even if Qin Chen's power is increased by a hundred times, it is only a smashing tree.

"Heaven and earth are boundless, Xuanhuang revolves, ten thousand dharmas are unified, and Buddha walks freely..." Qin Chen walked step by step, seemingly chaotic, but in fact, there is mystery everywhere. This hall was like a maze. Qin Chen slowly moved forward along his own calculations. Suddenly it seemed that he had touched some mechanism. The whole hall rumbling, ninety-nine and eighty-one huge pillars began to rotate, and a figure appeared before his eyes. From the cave

"The **** of the gods should be here." Qin Chen walked in. There was an empty space in front of him. Sure enough, the aura of the Taoist race was flowing. Qin Chen urged the space rules to hide in the void, carefully deepening, and suddenly, The light ahead, Qin Chen found himself coming

In a large hall, the hall was extremely sacred, and in the most central position, there was a group of vast rays of light.

The light flowed, and an astonishing breath erupted, and the terrifying heaven and earth sacred aura lingered, making Qin Chen immediately feel that his whole body was extremely comfortable.

"Holy Lord Sacred Veins!"

Chen Sisi was shocked, and what was in front of him turned out to be a holy vein.

"That's right, it's the holy vein of the holy master." Qin Chen also looked excited. This holy master's holy vein, like a wandering dragon, entangled in this hall, constantly haunting the aura of the holy origin, which can be seen. This holy line of the Holy Lord is very complete, than Qin Chen's in the Lord of Yama

The Holy Master's Saint Vein obtained here is much more complete.

"Okay, okay, if I get this Saint Lord Saint Vein, the resources in it will be enough for me to step into the realm of the overlord of the late Heavenly Saint."

Qin Chen was overjoyed, and he didn't expect that the Master Shenzhao had given him such a surprise.

"Dust, look, they are the gods of the gods." Suddenly, Chen Sisi yelled to remind Qin Chen. Qin Chen turned his head and saw that there was a group of strong men beside the holy veins, and the leader was the gods. Leader.

At this time, following the master of Shenzhao, there are more than a dozen master masters, one by one looking at the Saint Master's Saint Veins ahead, revealing the light of ecstasy.

"Hahaha, Brother Shenzhao, you really didn't lie to us, there are really treasures here, and it's still a holy vein of the Holy Lord."

"I have made a fortune, this is the Holy Master's Holy Vein, and only a master-level master can have it. If I get this Holy Master's Holy Vein, my cultivation base will be increased tenfold!" "All this is thanks to Shenzhao. Brother, if it weren't for Brother Shenzhao to lead us here, I wouldn't have come here so soon, hiss, as long as I collect this holy vein of the Holy Master, I'll wait for it to break through to the peak overlord realm together.

Feeling a trace of the way of the Holy Lord, when the time comes, it will be enough to compete with the top masters of the great heavens, such as Zhuge Xu, Yao Wuming, and Donghuang Jueyi, to compete for the inheritance of the Supreme Fire. "

This group of overlord masters, one by one, was extremely excited, all excited, and at the same time someone flew up, they were going to collect this holy vein. "Everyone, be careful, this Holy Lord's Saint Veins has restrictions, if you rush in, you will be attacked. However, in the memory of my previous life, there is a way to open this restriction. Let me act first. Break this prohibition, everyone

Can be absorbed. "

Shenzhao teacher stepped forward and reminded.

"Oh, there is such a thing? You guys, let me wait a little bit, and wait until Brother Shenzhao breaks the restriction, it won't be too late for me to collect it together." An eagle-eyed old man said. "Yes, this Saint Lord's line is enough for so many of us present to break through together. Everyone does not need to worry. Now that there are many dangers in the ruins, we are alone and have no chance to compete with the top talents of the major forces. only

Only by joining forces can we win the treasure. "

"Haha, then we will look at the head of the brothers and horses with the gods, let the brothers of the gods lead us to fight against the major forces." A burly middle-aged man also said loudly.

Immediately there were waves of approval from the field, and everyone nodded.

"Dust, the goddess teaching has broken the restriction, should we..."

Chen Sisi's eyes were cold, and he made a beheading movement to Qin Chen.

"Don't worry." Qin Chen flashed his eyes and sneered: "I don't believe that this divine son is so kind, and there is a saint master's vein, do you really think these people can bear it?"

Qin Chen sneered, he knew nothing more about people's hearts. In the main hall, before coming to the holy vein of the holy master, the leader of the gods and gods continued to display a series of holy yuan runes in his hand. These runes have evolved a series of obscure and mysterious runes in the void, which are integrated into the holy veins. Of the prohibition of the main sacred vein

in. The master Shenzhao still showed a strenuous expression on his face. Obviously, the use of this magical power extremely consumed the power in his body, but with his urge, above the restriction, a dazzling light broke out in an instant, om, for a moment After that, one

Dao restriction gap appeared above the holy vein, and then a strong breath of holy vein gushed out.

When the prohibition was opened, everyone felt a strong breath of the Holy Vein, and this breath even made everyone present feel a sense of paradise.

Everyone is a little frightened, is this the Holy Line of the Lord? The breath that came out of them has already made them happy, and many people are already ready to move. "Everyone, Brother Shenzhao has opened the restriction for us and consumed so much power. How about letting Brother Shenzhao

take a rest?" The eagle elder said, and then came carefully to the weak breath, his face was a little pale, obviously. use

The overpowered Shenzhao teacher said softly in front of him: "Brother Shenzhao, how about it? I have a bottle of Shenzhao pills here. If you don't dislike it, you can continue to take it. It can repair the energy that Brother Shenzhao has seriously consumed."

As the old man said, there was already a bottle of pill in his hand, and before the mouth of the bottle was opened, there was a refreshing and refreshing breath permeating out.

"Thanks a lot." The **** master smiled and took the pill, but just as his hand touched the pill, an evil light suddenly flashed in the eyes of the eagle-bird old man. In the pill bottle, a colorful centipede flew out, snapped

It bit on the wrist of the **** of the gods. "You..." The face of the **** photo master changed drastically, he slapped his palm, and slapped the colorful centipede into flesh with a slap, but his whole person also shook quickly and sat on the ground.

[Chapter 3024: Seven Souls](#)

"Wen Shanxiong, what are you doing?" Shenzhao Master said in anger, lying on the ground feebly, as if poisoned.

The other people's expressions changed, and they all yelled in anger. Several of them felt something was wrong, and even shook their bodies. They rushed up, trying to **** the **** of the gods from the old man of eagles.

It's just that they just moved, and before that they said that they wanted to show their heads as the burly middle-aged powerhouse, they suddenly moved, shot from the back of several people, and slammed on the backs of several people.

"Wow!"

These few people didn't even think that there was someone next to them. In their anger, they wanted to resist but it was too late. After being hit by the punch of the burly man, they vomited blood and flew out, screaming miserably.

One of the overlord was even bombarded, half of his body exploded, turning into countless blood mud, and the whole person fell to the ground in pain and groaning. And at the moment that burly man took the shot, banging, two more shots in the crowd, the other master masters who did not take shots did not expect that there were two accomplices in the crowd, and they were immediately at a loss and were shocked. Fly out,

All vomited blood, embarrassed.

Suddenly, the four of them joined forces and seriously injured the vast majority of the people present. Only a few two or three people reacted and were not injured, but they were also furious.

"Wen Shanxiong, Wu Jianlong, what are you going to do?"

Some experts on the scene said in anger, and their faces were blue.

"What?" The old eagle smiled, "What do you say? Of course it is to swallow this holy vein of the holy master. It would be too violent to distribute the holy vein to you guys. Only I am eligible to enjoy it."

"Hahaha."

The burly middle-aged men also sneered.

"Damn, Wen Shanxiong, you are too despicable, do you think you can fight against the rest of us with a sneak attack?" The uninjured overlord masters said harshly, and then together with the injured The overlords gathered together and looked at Wen Shanxiong angrily. Although many of them were injured, they had an absolute advantage in number.

, I really want to work hard, it is still unknown who will die. Who knows that Wen Shanxiong doesn't care at all, and the few people around him also sneered: "Hahaha, don't you think that this is just a little trick, don't you have a back hand? You feel the Saint Yuan in your body? , See if it works

Up. "

As soon as his voice fell, the faces of the other overlords present changed. One of them looked at Wen Shanxiong in anger, and said, "You, what did you do?"

More than a dozen overlords present found that their bodies were weak and weak, and the Saint Yuan in their bodies was so stagnant that they could hardly move. "What do you do? This seat secretly released the ecstasy ambergris. This kind of spice is obtained from an ancient relic. Even the peak overlord may not be able to hold it once it smells it. The cultivation base will be greatly reduced. , How can you guys get

Can you stop it? "Na Wen Shanxiong sneered.

"Wen Shanxiong, we have never complained. If you do this, it's nothing more than wanting the Holy Lord's Holy Veins here. It's better to keep us alive. I will never care about you." One of the masters said in a deep voice.

"I have never complained? Brother Seven Swords, what's the matter with the Seven Kills Sword Formation in this void?" Wen Shanxiong sneered, suddenly shot, banging, and a hidden sword formation immediately appeared in the void in front of it. Murderous.

The master's face changed. "Hmph, your mind, you think I don't know if I can't wait, if I can't wait, it's our turn to be killed, right?" Wen Shanxiong sneered, even his brothers would turn back in front of the treasure. Summoned by the Son of God

Wherever there is so much trust for people who meet in the water, everyone might want to monopolize this holy vein.

At this moment, everyone's heart sank, knowing that it is difficult to be good. In fact, as Wen Shanxiong said, there are not only a few of them who are secretly preparing to do it, but they are taking advantage of it.

"Brother Wen, what shall we do now?" the burly man asked.

The eagle bird's eyes flashed: "First collect this holy vein of the Holy Master, and then come back to clean up these guys."

When the voice fell, the eagle-bird old man turned around and was about to collect the Saint Lord's Saint Vein.

But his body had just turned around, hesitated, I don't know when, a figure has appeared behind him, pierced out of a palm, and inserted it into his chest.

"what!"

The old eagle roared in pain, and looked at the figure in front of him in fright. The figure turned out to be the godzhao son who was poisoned by him. "Wonderful, really wonderful, you guys, really wolfish ambitions, good intentions, brought you to hunt for treasure, but you want to kill this seat, alas, it is rare for this seat to want to be a good person. regret

what. "

Shenzhao's master pierced the eagle bird with one hand, shook his head and sighed, and said, there is no sign of poisoned and weak.

"No, it's impossible... you are poisoned by my seven-soul colorful bugs, and the peak overlord will have no soul and weak body. How can you be nothing at all."

Wen Shanxiong roared in disbelief.

"Seven-soul color monster is indeed an ancient alien species. It's a pity that I want to count to this seat, but I am still a bit short." The **** of the gods said with a grin: "Do you think that this seat is bringing you here, do you really want to let you treasure? Naive!"

boom!

On top of the master of Shenzhao's fist, the light was shining, and with a bang, that Wen Shanxiong burst into pieces in an instant. In his body, the origin of various laws, the avenue of magical powers, and the majestic blood, all of a sudden, splashed out and splashed. Sky.

call!

The **** of the gods took a sharp breath, and immediately, countless blood and laws all poured into his body, and his body began to be filled with luster.

"Brother Wen!"

The faces of the burly middle-aged men changed. After looking at each other, they roared and rushed up together, rumbling, and at the same time they reached out their big hands, and slammed the master of Shenzhao.

"Want to deal with me? I will endure you till now and die for me!"

There was a trace of the holy master's aura surging from the **** of the gods, and the way of the holy master came in, smashing the attack of the three at once, and at the same time the whole person was like the same demon god, and suddenly rushed into the three of them.

"The Way of the Holy Master, you..." The three burly middle-aged men's complexions changed drastically, and when their figures shook, they would retreat violently, but how could the **** master give them a chance to retreat, puff puff, his hands danced, The terrible atmosphere of faith permeated, the light of the holy master's way filled the hall, instantly piercing the three of them, beheading them into blood mist, and instantly swallowing and absorbing them.

[Chapter 3025: Kamiteru last day](#)

"what!"

The three masters of the overlord were bombarded by the master of Shenzhao, and the essence and blood in their bodies were all absorbed, swallowed, and integrated into their bodies by the master of Shenzhao.

The original pale face of the Godzhao Guru actually became ruddy. "Comfortable, so comfortable, human essence and blood are indeed the best supplement for my body of the Holy Master. As long as enough human race Tianjiao essence and blood are swallowed, my body of the Holy Master can recover faster. At the peak, when the time comes, my cultivation

Able to advance by leaps and bounds. "

The master Shenzhao showed a hideous face, and a faint green light burst into his eyes. This horrible scene made the rest of the overlords who were in the Ecstasy Ambergris stunned. Everyone looked at the master of the gods in horror, the gentle and elegant master who wanted to share the treasure with them, suddenly. Turned into a

Devilish.

"Brother Shenzhao, we didn't kill you. Please forgive us. We promise that we will never say anything about this here. We don't want this Holy Lord's line either."

All the people said in horror.

"Spare you? This seat has worked so hard to bring you here, thought it was for you to play? In fact, you have always been the prey of this seat." Godzhao master suddenly rushed into the crowd, Puff puff puff, he reached out with his big hand, and squeezed all these human masters. Suddenly, the blood mist filled his body, and the infinite blood and vitality poured into his body, in the power of faith.

Under the transformation, it became pure power, supplementing his mutilated body.

"Comfortable, so comfortable." The master Shenzhao clearly felt the exhausted vitality in his body and began to be replenished. Unfortunately, his body was the body of the Holy Lord in his previous life and wanted to recover to its peak. Status, I don't know how many human masters will be swallowed

The essence of blood, at least, requires several holy master figures of the same level. And these overlord Tianjiao, although they are all Tianjiao figures, and their vitality is extremely strong, even if the old eagle bird looks old, in fact, they are also Tianjiao figures in their own forces, with infinite potential. Such an overlord can absorb one.

, It is equivalent to absorbing ten common overlords of ten thousand realms.

The vitality of so many people gathered together, and the gods immediately recovered a little bit of the strength in the body of the leader.

"It's a pity that Yao Wuming is not here. Otherwise, such a world-famous arrogant will swallow him, and it will be more amazing than swallowing dozens of overlords. It's all to blame for Qin Chen, **** it, and undermine the grand plan of this seat."

Master Shenzhao gritted his teeth, surrounded by blood, absorbing these blood and life little by little, and a faint green light burst out of his pupils. "When I fully absorb these vitality, and then refine this holy vein of the Holy Master, at least I will be able to recover to a half-step holy master cultivation base. By that time, with the attainments of the previous life, this seat will be enough to sweep the entire trial ground. One last stroke into the holy master realm

Realm, with the inheritance of Skyfire Venerable and Wanling Demon Venerable, Happy Heaven! "

God according to the teacher said with a ferocious smile.

"Xiaoyao Tianjie, it depends on whether you have this opportunity..."

Suddenly, a magnificent voice resounded.

The next moment, the void beside the **** master master flashed, and a figure appeared here at some unknown time, holding a black sword, and stabbing it suddenly.

"It's you, Qin Chen... When were you here?"

The **** of the gods broke out in anger and banged, and a terrifying blood burst out of his body, with a hideous face, knowing that he was in the most critical moment. However, before the power in his body was fully released, he looked up and saw a beautiful woman appeared in the distance in the void. This woman was so glamorous and indispensable. She lightly glanced at it, and immediately, Everything is gone

, Let people completely sink into it.

"Faith!" The leader of Shenzhao was terrified, and this terrible power of charm swept over him. Normally, he is the soul of the Holy Lord, and no one can confuse him, but the woman in front of him, unexpectedly appeared behind him. The tail fairy fox is far above

The aura of the Holy Lord above him diffused over.

"Demon Race Nine-Tailed Fairy Fox!"

Shenzhao Guru looked terrified, a terrible power of faith poured out of his body desperately, his body bloomed with the light of the soul, and his soul was burned before the blink of an eye. The current soul of the **** of the gods is only a very broken part of his previous life. Under the attack of Qin Chen's mysterious rust sword, he had already suffered heavy losses and his vitality. Now he is activating the soul secret technique again, and it is very likely that the soul will be injured. ,

Falling into a coma, or even a great loss of cultivation, even the overlord state cannot be maintained.

But he is very aware of the current situation, if he does not work hard, it will inevitably be more dangerous.

The soul burned, and Shenzhao Guru immediately got away from the charm, but before he could react, he felt a clear breath of time permeating the void.

"Time magic!"

In an instant, Qin Chen displayed his strongest supernatural power.

"Not good." The leader of Shenzhao shouted, blood oozing from his eyes: "Shenzhao forever, abandon me!"

boom!

In his body, a vast force swept out, and he was about to break away from Qin Chen's time supernatural powers like before in the monster world.

But how could Qin Chen give him this opportunity.

"The origin of time, the power of time, and the manifestation of supernatural powers shine through the past and the present!"

The origin of time that had been dormant in Qin Chen's mind was finally revealed by Qin Chen for the first time.

Hum!

That vast power of time suddenly circulates, accompanied by the breath of the years, it is more than ten times more powerful than Qin Chen's alone using time magic!

Suddenly, the thinking of the **** of the gods came to a standstill, and everything in the world fell into stagnation.

puff!

At the next moment, Qin Chen's mysterious rusty sword had already pierced into the chest of the master of Shenzhao, screaming, cold power filled the whole body of the master of Shenzhao, freezing his body, and countless powers were all covered by the mysterious rust sword. Swallow.

And the soul of the **** of the gods, under this cold and cold force, finally woke up.

"The origin of time, you actually have the origin of time, it's no wonder that you can master the magical powers of time..." Shenzhao is desperate. If he had known that Qin Chen had the origin of time, he would never be so careless. The origin of time, it is the supreme origin of the world. One, the treasure that even the pinnacle holy master has spied, if he can get it,

He even hoped to snoop a trace of the Way of the Venerable.

But now, it's completely late.

The icy meaning of the mysterious rust sword madly swallows the power in the main body of the gods, and at the same time, it also swallows the soul in his mind.

"Leave this for Ben Shao!" Qin Chen screamed, and slapped it out with a palm. The Heavenly Soul Forbidden Technique was operating, and with a bang, he took out the remnant soul in the head of Shenzhao. He wanted to master Shenzhao. The method of reincarnation has transformed his soul-refining technique.

[Chapter 3026: Natal soul light](#)

Hum! The mysterious Rust Sword in Qin Chen's hand was shaking violently, filled with a gloomy force, and he was going to rebel against Qin Chen's will and devour the soul of the **** of the gods. Obviously, the soul of the **** of the gods is also to the mysterious Rust Sword. A big supplement

Things.

"Huh, do you dare to disobey Ben Shao?"

Qin Chen's twin pupils bloomed with cold light, and the book of origin bloomed in his body. At the same time, the origin of time was spurred, and the atmosphere of the mysterious rust sword was immediately suppressed under the sky soul forbidden technique.

The next moment, Qin Chen put the mysterious rust sword into the jade disc of good fortune in the universe, and his pale complexion recovered a little, and he did not give it a chance to show off.

"Dust, are you okay?"

Chen Sisi flew up quickly and said nervously.

"It's okay!" Qin Chen shook his head and breathed a sigh of relief. As his strength increased, his suppression of the mysterious rust sword became stronger and stronger. When he first mobilized the power of the mysterious rust sword that year, he couldn't even control it. Staying in your own thinking and almost losing your mind,

Bewitched and devoured by the mysterious rust sword.

But now, although he still can't fully control the mysterious Rust Sword, he can resist this cold force in front of him.

Boom!

The mysterious rust sword converged, countless cold air dissipated, and Qin Chen's big hand was already pinching the neck of the **** master.

This ancient saint master, a distinguished figure, grabbed Qin Chen's hands like a dead dog, struggling to breathe, and all the power on the body of the saint master was swallowed up, leaving only a remnant soul, even There is no strength to curse.

However, Qin Chen could feel that this Shenzhao Master was still brewing a way to escape. To escape from here, a trace of strange power flowed slowly in his body, making Qin Chen feel unpredictable.

"Humph!"

Qin Chen sneered, urging the Universe Good Fortune Jade Disc, and he entered the Universe Good Fortune Jade Disc with Chen Sisi.

Qin Chen's world is in the Universe Good Fortune Jade Plate, controlled by Qin Chen's thought, as long as he enters the Universe Good Fortune Jade Plate, he doesn't worry that the Master Shenzhao will escape here.

Sure enough, as soon as he entered the jade disc of good fortune in the universe, the master of Shenzhao showed anger in his eyes, because he found that he could not communicate the power in the body, and even the power of the remnant soul could not be induced, completely becoming a useless person.

All the laws and origins controlled by him in the heavenly realm have no effect here. This is because Qiankun's good fortune jade disc is Qin Chen's own world. The rules here are completely different from those in the heavens. The **** of the gods will naturally not be able to use them freely. If the **** of gods is in his heyday, Qin Chen might not dare to bring him here.

Because the power of the Holy Lord is irresistible, but now it is only in the state of the remnant soul, no one can escape from here.

"This...what is this place!" Qin Chen's hand relaxed a little, and Shenzhao's furious voice was heard: "This kind of aura is not the heaven at all, or even the place of ancient trials. Is it true? Small world? You have a small world in your body? You

Who is it? "

The Master Shenzhao didn't expect that he brought so many people here all the way, and finally absorbed the essence and blood of many overlords, and restored the cultivation base a little. The next moment, Qin Chen had a secret calculation. Especially after Qin Chen's time origin and the jade disc of good fortune were exposed, the master Shenzhao was frightened and angry. The treasures revealed on Qin Chen's body were too terrifying, as well as the way that he had blocked him in the land of the ancient demons. Devil tree, every

A treasure shocked him, the ancient saint master. "Hmph, who am I? You don't need to know anymore. All you need to know is that you will not escape death today if you fall into the hands of Ben Shao. However, Ben Shao doesn't want to bother too much. If you can take you Tell Ben about some secrets

Shao, Ben Shao might consider leaving you a whole body. Qin Chen said lightly. "You... Qin Chen, do you dare to kill me?" If God knows it, it will definitely leave you dead without a place to die. By the way, you should come from Guanghan Mansion. With my understanding, people in Guanghan Mansion can't cultivate a arrogant like you at all, even if you are a god.

The same is true of the Holy Master of Light at work, so you must have many secrets in your body. If I spread these secrets, you will have no place to live in the heavens. "

"Spread it out?" Qin Chen smiled: "Do you think you still have a chance to leave alive?" A sneer was sketched at the corner of Shenzhao's mouth: "Qin Chen, do you think you can sit back and relax by trapping me here? You may not know. This seat has long been in the teaching of the gods, has the life soul light, set up a **** light, even if you kill me, I can still be reborn on it, and have the original memory, any magical power, can not obliterate this belief Memories, unless you have the legendary soul forbidden technique, you can obliterate this seat from the roots of faith and soul, otherwise, you can't

Can kill me! "

"Natural soul light? Dust, this person can't be killed!" Chen Sisi was also taken aback when he heard this, and suddenly remembered something: "Kill him, he will really be reborn in the gods, this kind of natal soul light, I learned in the memory of the predecessor of the nine-tailed fairy fox that it is a very terrifying magical power.

It is similar to the method of dividing souls, but this method is extremely difficult and cannot be controlled by ordinary forces. "She continued: "I remember seeing a book in Guanghan Mansion before. In the cold sky, there was once a peak overlord who had offended a saint child who was taught by God and secretly beheaded and even displayed his soul. The way of annihilation, but none

All the soul memories can be erased, and the saint son should be reborn. Later, the gods used the power of the entire sect to uproot the power of the peak overlord, the whole family was wiped out, blood flowed into a river, and millions of deaths were wounded. . "Although I also have the way to annihilate the soul, this divine light of the divine teaching is very peculiar. It is said that it can communicate the power of faith and has the means of reincarnation. Once he is really reborn, our secrets will be exposed. Then, That's numb

annoyed. "

Chen Sisi looked wary. There are too many secrets in Qin Chen's body that cannot be exposed. Once exposed, it will inevitably become the target of the entire heavenly saint masters, which is dangerous. "Hahaha, what this little Nizi said is right, but you actually have the inheritance of the nine-tailed fairy fox, and you seem to have the power of the demon in your body. If you guess right, you also have secrets, maybe even is a monster, or

It is the spy of the demons planted in our human race. If this seat spreads this secret, you guess what the consequences will be. "Shenzhao Master laughed loudly.

[Chapter 3027: Destroy the Soul Lamp](#)

Shenzhao's timidity, panic, and disappearance completely disappeared, becoming Zhizhu holding it, sneered again and again.

"Qin Chen, you are also a world-famous arrogant. If I guess correctly, you can find this seat quickly. You must have used a means on this seat, or even deliberately let this seat escape, right? I understand..." Suddenly, Shenzhao Guru's eyes flashed: "No wonder you appeared in the guardian mountain before. You should have followed me too, damn, this seat should have thought of it long ago, and it will not be so easy to be tricked by you before, but you follow I come,

You should also want to get some news about the ruins of this Venerable from this seat, and yes, since you know that this seat is the ancient **** of the gods, you will naturally not miss this opportunity. "Shenzhao Guru's eyes flickered, and a lot of auras flashed: "If this is the case, then we are not without hope of reconciliation. In this way, if you let me go, let us both clear up, and we will treat it as if nothing happened. You can join hands with you to get the inheritance of Venerable Tianhuo. You have also seen the holy veins outside. You should know that this seat is not nonsense. Following this seat, you and I will be the first to find the inheritance of Venerable Tianhuo. A holy vein, just an appetizer

That's it, how? "

The **** according to the guru talked eloquently, as if at his own home court, restored the confidence and pride of the ancient god.

"You are so confident that I will not kill you?" Qin Chen sneered. "No." Shenzhao teacher smiled confidently: "You kill me, and I will be reborn. When that happens, your secret will be revealed. Cooperate with me. This is your only choice and the best choice. I See you are also the top heaven in the whole heaven

Pride, one of the best roles, you should not be clear about this trade-off. "

"Hahaha."

Qin Chen smiled suddenly, and the next moment a cold light burst into his eyes.

"Do you think that with my life and soul light remaining in the gods, I can't kill you? This young master will let you see how I will kill your soul and make your soul completely extinguished. God look in the mirror, come!"

Qin Chen shouted sharply and raised his hand abruptly.

Boom!

Among the jade discs of good fortune in the universe, a simple mirror appeared, blooming with the light of faith, and it suddenly enveloped the head of the gods and gods, and the power of faith fell down.

"God looks in the mirror, and you have been refined by you, how is it possible?"

Seeing this God's Mirror, the master was shocked and shocked. This is his holy master's treasure, which was actually refined by Qin Chen. How could it be possible that only those who master the art of faith can refine the God's Mirror, what does he do? Arrived?

"Book of Origins, Page of Faith!"

Qin Chen sneered again and again, the horror aura permeated from the Book of Origins in the body, and the Shenzhao Mirror was immediately shining on the master of Shenzhao.

"Heaven Soul Forbidden Technique!"

At the same time, Qin Chen opened a vertical eye between his brows, and a weird soul wave filled out at once, forming a weird talisman, and suddenly submerged on top of the head of Shenzhao. Suddenly, the divine mirror began to shine, a mysterious power of faith, communicating the void, in the divine mirror, it appeared in the distant time and space, inside a big religion, on top of a soul hall, there is a faith The beacon, slowly

combustion.

In that divine light, what is ignited is the natural soul light of divine light.

This is his natal soul branding magic lamp!

"The origin of time, the void of communication, the long river of years, the surviving forever, the magic tree of ten thousand worlds, running through the ancient and modern, the way of the deep demon, turning into a demon, go..." Qin Chen pointed out, and suddenly, in the jade disc The Devil Tree of the Ten Thousand Worlds surged, and a power of the Deep Demon in the darkness diffused out of Qin Chen's body, entered the Divine Mirror, and followed the void of time and space, leading to that time.

At the end of the God according to the teaching headquarters.

Qin Chen wanted to directly attack the natal soul lamp of the Shenzhao leader of the Shenzhao Sect through the power of the Shenzhao Mirror and the time, completely obliterating his soul and preventing him from being reborn. "Ah, how could this be? You...you can travel through time and space and use the mirror to kill my life and soul!" The master of Shenzhao paled: "And the devilish energy in you, what are you? Who? Are you a spy of the Demon Race? No, but you are obviously the body of the Human Race, the soul of the Human Race, how can you have the power of the Demon Race? You are the Holy Demon Race? No, even the Holy Demon Race can't do it. The way of the deep demon, how can you have the great way of the deepest demon race,

who are you? "

The master of Shenzhao screamed in fright and saw Qin Chen using the way of the deep demon, following the mirror of Shenzhao, he had already descended into the main soul hall of Shenzhao.

"Qin Chen, stop, if you have something to discuss, don't!"

The **** of the gods is going crazy.

Boo! But Qin Chen was indifferent, the power of the deep demon's way came directly, and suddenly penetrated into the natal soul lamp, with a bang, the natal soul lamp of the gods and gods, the natal soul light, which remained in it, also disappeared. Vanish

no.

"withdraw!"

Qin Chen raised his hand, and immediately, the infinite power retreated, Shenzhaojing returned to his calm, Qin Chen's face turned pale, obviously this blow consumed a lot of his power.

However, the soul of God according to the master's life, and therefore turned into nothingness.

"what!"

The **** of the gods screamed in pain, and the soul fluctuated violently in his mind, and the whole figure was like a ball that had been sucked out of breath, suddenly slumped down, and his eyes were blank.

He watched Qin Chen communicate with time and space, and through the power of faith in the mirror, he killed his own soul light, and his whole person was lost and completely lost confidence. "Who are you? You can't be so powerful. I am the ancient holy master. I have seen too many masters in the heavens. Even some ancient tianjiao in the heavens have seen a lot, but I have never seen you like this. Powerful people, Ji Mozu

With the power of the human race, even among the demons, there is no such evil disciple..."

The **** of the gods murmured, and he fell to the bottom of the valley.

"Shenzhao Master, don't worry, your life and soul has been obliterated by Ben Shao, now it's your turn, you die, and all your troubles are gone."

Qin Chen smiled coldly, and grabbed the head of the leader of Shenzhao with one claw. "No, don't!" The **** master screamed hysterically: "Qin Chen, if you don't kill me, I can give you enough benefits. As an ancient holy lord, I have infinite treasures and I know this sky fire. The Secret of the Lord, if you

Don't kill me, I am willing to share all the secrets with you and take you to accept the inheritance. "

"The inheritance of Venerable Tianhuo belongs to the young master, and at this time, you are still playing tricks. You think the young master will believe you?" Qin Chen's smile made the gods and masters feel more and more afraid .

[Chapter 3028: Going to break through](#)

"Why did you want to seize the ancient demon corpse before? To become a demon clan, you must have a plan, and here, you must have many methods, but by this time, you have not said anything. A character like you, Even if Ben Shao forcefully asks, you will definitely set up conspiracies and tricks. It's better to kill you directly. Once Ben Shao refines you, you will be able to realize a trace of the Holy Lord's way in your body. I realized the power of the Holy Lord in advance, and extracted your

Soul memory, all secrets are also known. "

"No, it's useless, that secret, in the depths of my soul, you can't explore it." Shenzhao guru roared wildly: "I can surrender to you and become your slave, as long as you don't kill me..."

However, Qin Chen ignored him, already holding his head with his palm, and using the Heavenly Soul Forbidden Technique, he began to extract his soul memory.

Qin Chen couldn't believe a word of old things like gods and gods. "No, I want to guard against the sky, I will live forever!" Shenzhao guru shouted up to the sky, "In the ancient war, I laid out such a strategy, just to achieve the supreme position, I will be a figure destined to become a venerable person. May fall to you

I'm not reconciled in the hands of the Lord, this seat is in control of faith, and there will definitely be a glimmer of life. "

An astonishing force burst out of his body, and he broke away from Qin Chen's control and wanted to rush out of the universe.

"Humph!"

Qin Chen snorted coldly, and the Devil Tree of Ten Thousand Worlds turned into countless tentacles and swept away, and at the same time it drew the jade disc of good fortune from the universe, and solidified all the time and space.

Click!

The **** of the gods was frozen in the air, unable to move. "Ming stubborn." Qin Chen sighed, and with a move, the leader of Shenzhao was caught in his hand again. This time Qin Chen did not talk nonsense with him, but directly urged the universe to make jade discs and ten thousand world demons. The tree, immediately tentacles one by one, will God

Bound by the master of the gods, the breath of the magic tree of the ten thousand realms suddenly poured into the body of the master of the gods.

boom!

The **** shattered the body of the ancient saint master of the leader, and the remnant soul was also torn apart in an instant, but under the control of the Ten Thousand World Demon Tree, the memory soul did not disperse.

"All memories, merge into my body! All magical powers, into my body! All laws, merge into my laws! All strengths to make up for my body!" Qin Chen opened his mouth, jetting out a billowing sky fire, Qibao glazed glass tower and purple The Xiaodou rate palace was all urged, and at the same time, it activated the sky-repairing hammer in the body, and performed the sky-repairing technique. The body of the godzhao guru burst out and began to melt, a trace of the holy lord.

The avenue floated out.

Although Shenzhao's ancient body of the Holy Lord has no power, the perception of the Holy Lord and the core of the Holy Lord's body will not dissipate because of this. It is refined by Qin Chen's sky patching technique and integrated into his body. in.

Suddenly, in Qin Chen's mind, there was a wave of holy master aura.

Now these holy master auras are all cheaper than Qin Chen.

In Qin Chen's mind, various laws emerged, which was equivalent to beginning to comprehend the way of the holy lord, half-step the realm of the overlord, and perceive the way of the holy lord.

"Is this the way of the holy master?" Qin Chen seemed to see a voice that opened up the world. Any holy master is a person who masters the rules of the heavens to the extreme, and is a top master with perfect understanding of the laws of the heavens. Although Qin Chen In many laws, there are extremely deep

Comprehend, but has not yet reached the perfect state.

But now, the process of perceiving God according to the rule of the Holy Lord is a kind of baptism process, which made him realize a baptism of the Holy Lord.

In fact, with Qin Chen's current cultivation base, if he forcibly swallows a true Holy Lord, it will inevitably be in big trouble. It's not because the sky patching technique cannot be swallowed, nor is it because Qin Chen's cultivation level is not enough, but the origin of the Holy Master has reached perfection. If it is integrated into Qin Chen's body, it will interact with Qin Chen's own law and strength. , Conflict,

Anti-going is the main thing.

This is not a good thing. When the power absorbed from the outside is far above the power of one's own perception, it will become devilish.

But now, in the body of the Holy Lord of the gods, he has long lost all his power. In fact, there is only a trace of the most basic origin, but this trace of origin happens to be what Qin Chen needs most now.

Hum!

In Qin Chen's body, an overlord's aura slowly bloomed.

Qin Chen took a deep breath. The strength of the **** according to the leader was indeed strong. After comprehending the way of this person's holy master, Qin Chen had reached the half-step overlord's cultivation base, and he had an impulse to break through on the spot.

"Dust, are you going to break through the overlord?!"

Chen Sisi looked excited and excited, even more excited than Qin Chen: "Now there is a holy master's holy vein outside, it should be enough for you to break through the realm of the overlord."

Qin Chen nodded, eh, he appeared outside the Universe Good Fortune Jade Plate, and the whole person suddenly entered the restriction. As soon as he raised his hand, he immediately picked up the holy master's holy vein, and wanted to take it into the universe. Among the good luck jade disc.

However, this Saint Lord Saint Vein was very majestic, and with Qin Chen's current strength, it was impossible to capture it all at once.

"Hmph, Ten Thousand Realms Demon Tree!" Qin Chen snorted coldly, urging the Ten Thousand Realms Demon Tree, and immediately, countless tentacles protruded from the jade disc of good fortune in the universe, sigh, sigh, pulled this holy main vein, booming With a sound, half of the holy veins of the holy master were drawn into the jade disc by Qin Chen

, And the other half are located outside of the jade plate.

In this way, Qin Chen could not only use the time passing in the jade disc of good fortune from the universe, but also directly absorb the Holy Veins of the Holy Lord.

Then, Qin Chen used the Dao Dao forbidden technique to complete the sacred vein prohibition, and threw out the formation flags, wrapping the jade discs of the world's good fortune in the formation flags, blocking the time and space breath. Sitting cross-legged.

call!

Qin Chen opened his mouth and inhaled, and suddenly, the holy energy that rolled into Qin Chen's body was like a vast ocean.

And when Qin Chen faced a breakthrough in this hall.

Outside this Venerable Palace.

Whoosh whoosh!

A group of figures appeared in the ruins outside this palace, apparently many masters, also groped into the depths of the ruins, and found this Venerable Hall.

"Zhuge Xu, your destiny calculation technique is really amazing. You can find this hall so quickly. Such a majestic hall should be the residence of Venerable Skyfire."

A black figure said proudly, the cold breath of the whole body was the number one arrogant of the Western Heaven Realm, the Eastern Emperor.

And beside him, there is Zhuge Xu, the first arrogant of the Southern Heaven Realm. "This is indeed the palace of Venerable Skyfire, but what treasures are inside it has not been calculated yet. However, I can be sure that there must be a holy vein in it, because I have smelled the holy vein Breath

However, in this hall, there is at least a holy pulse of the Holy Lord urging. "The rune surrounded Zhuge Xu, pinching his fingers, his eyes flickering.

[Chapter 3029: Heaven and earth](#)

This group of people are the masters of the Western Heaven Realm and the Southern Heaven Realm. Zhuge Xu of the Southern Heaven Realm was a master of the Zhuge family. Zhuge's family was most famous in the Heaven Realm for the calculation of the heavens. Their family had a special bloodline, mastered the art of fate, and was good at innate calculations. Even in the ancient world, Zhuge

People of the family are rumored to be able to predict the future and change their future path. Because of this, the talents of the Southern Heavenly Realm and the Western Heavenly Realm came here second only to the leader of Shenzhao and Qin Chen. Along the way, there are many branches among the ruins. Only those who are good at calculations and understand the forbidden formation can be in the shortest In time

Came to this place.

Hum!

When this group of people came to the front of the main hall, all restrictions immediately appeared on it.

Dong Huang Jue's eyes flashed, and a pitch black ball suddenly appeared on his body, and he was about to forcibly break into it. "The Eastern Emperor is absolutely unique. Don't be reckless. Venerable Skyfire's residence is no small thing. Although on the way, I have calculated that there are many adventures and treasures here, but the fortunes and misfortunes are unpredictable. This prohibition, one Accidentally

May kill me and wait. Let me observe. "

Zhuce Xu hurriedly stopped the opponent and stepped forward. Suddenly, a talisman bloomed from him, filled with the light of his debut, his pupils scanned the restriction in front of him.

The bans began to appear clearly before his eyes.

"Heaven and earth are sealed, calculate Promise, open!"

As soon as Zhuge Xu pointed it out, an invisible talisman filled out immediately, covering the hall. Suddenly, the hall flashed and a passage began to appear on the prohibition.

"go!"

Zhuce Xu stepped out first and entered it. In an instant, many masters in the Southern Heaven Realm and the Western Heaven Realm also flew out one after another, followed closely, and entered the passage.

Boom!

A majestic hall appeared in front of everyone, and a faint breath of the holy vein of the holy master lingered around, looming. "Huh? I found it right. There is indeed the Holy Lord's Holy Vein here. As long as we enter the depths, we can get close to the Holy Lord's Holy Vein. Into the realm of the holy master, in this way, get

The inheritance hope of Lord Skyfire is even greater. "

Zhuce Xu stood in the hall, his eyes flickering, and he began to look around.

"Brother Zhuge, it seems thanks to you this time, otherwise it would not be so easy for us to just want to come in." Donghuang smiled. "It's okay. I just took advantage of it. Moreover, we can't underestimate others. In the world, there are many capable people. We can find them here. Other people are naturally the same, but we just need to be ahead. One point, that

It is equivalent to leading a level. "

Zhuce Xu smiled faintly. "That's also true. Brother Zhuge has the skill of innate calculations, and the fallen **** contract in this seat has some restraint on all races. You and I work together to seek good fortune and avoid evil. This time you will definitely be able to gain a lot. I heard that Yao Wuming has other forces, and there are also many masters, and even people from other races such as Yaozu. We might as well enter the depths of this palace, find the formation hub, wait for them to fight each other, and then control the entire palace in one fell swoop. , To wipe out all those who disobey us

Here, you can also blame the Demon Race. "Dong Huang Jue laughed. Zhuce Xu frowned, "There is no need to do more to blame others. After all, this time there are also masters from the Demon Race here. Nothing else, just in the ruins. The strong demon who casts the devil's beard should not be underestimated, if

We have murdered many people in the tribe, don't we strengthen the momentum of the demons?

"Brother Zhuge's words are very bad. "Dong Huang Jue coldly smiled: "If you can't obey the human race I'm waiting for, then it can't be considered a human race. Our human race is because of too many internal struggles that allow the demons to take advantage of the loopholes. Therefore, you and I will win the inheritance of Venerable Skyfire this time, let everyone surrender to us, and those who obey us will prosper against us. Only by destroying all those who are not convinced can the other tribesmen be completely united together. I am also breaking and standing for the sake of my human race.

Future considerations. "

"This matter, let's talk about it later, everyone, follow me, in this palace, there are many restrictions, and it is still dangerous. Let's find the Holy Line of the Holy Master before talking."

Above Zhuge Xu's head was a talisman that passed the sky, and the images of Zhouyi's eight trigrams evolved in his eyes, and the passage in front of him began to become mysterious.

Whoosh!

He flickered and began to lead the team into the depths of the hall.

And when Zhuge Xu and the others entered the depths of the hall.

Whoosh whoosh!

In the hall, a master of different auras also arrived.

"Huh? This is... the palace of the Human Race Skyfire Venerable?" The leader is the Golden Crow Prince of the Demon Race Imperial Tomb. With his eyebrows and pupils opened, he can see all kinds of flames blooming between the sky and the earth, and the flames are incomparable Rich, but the fire in this large hall is the most rich, like the heavens

The big day is average, vast and majestic.

"It seems that the inheritance of Venerable Skyfire is most likely in the depths of this hall."

Prince Jinwu flashed his eyes and said coldly.

"Congratulations to Prince Golden Crow. With his keen awareness of flames, I can find this place the first time. I think other people should still search for all kinds of holy veins in the ruins. Huh, I really lost the watermelon and picked it up. sesame."

An old demon clan smiled flatteringly, with a respectful look.

"That's natural, this prince is the three-eyed golden crow, the demon prince, how can anyone else find this place so quickly...it's not right...there is a human atmosphere."

Suddenly, Prince Jinwu's eyes were cold, he had already smelled the breath of a human master here.

"Could it be that the human masters have already made the first step?"

The expressions of other Yaozu masters also changed.

"No matter how much it is, go in first." The demon clan prince Jinwu dared not stay anymore, banged, his figure shook, and he was about to enter the hall immediately, but his body had just touched the hall, suddenly, buzzed. , The forbidden bloom above the hall, suddenly gushing out of surprise

Human flame.

boom!

The entire ruins were rumbling and roaring, and a breath of fire broke out.

"what!"

One of the monster overlords was too late to react, and was immediately swept by the flames, and even his whole body began to burn, and he couldn't extinguish it no matter what.

"Damn it, **** it to this prince!" Prince Golden Crow took a deep breath, and immediately, an endless flame entered its body. You can see that in its body, there is actually a group of flames like the scorching sun. The flame on the overlord of the clan was only then extinguished, but the whole person was already seriously injured and burned into black coal.

[Chapter 3030: Good job](#)

"What a terrible flame? Is this the way of flame of Venerable Skyfire? Sure enough, if I can control it, then I will be able to awaken the fire of the Golden Crow and burn all enemies in a flash."

Prince Golden Crow lost a general, but he did not regret the slightest, but was excited again and again, and the corner of his eyes flashed with excitement.

"There is flame prohibition here, follow me." Prince Golden Crow opened his third eye, and the flame prohibition in front of him was transformed into many runes. After being peeped through by it, an entrance appeared. Entered, and the group of monster masters also followed the Golden Crow Prince, one after another

Entered into the hall.

However, the change here has also alarmed many masters in the entire ruins.

Everyone raised their heads in amazement, looking at the distant depths of time and space where the flames burst out, one by one revealed a light of excitement.

"This kind of flame? Could it be that Venerable Skyfire's treasure appeared?"

Whoosh whoosh!

All the strong men who originally searched for the holy veins around the ruins, and even fought hard, stopped one by one, but hurriedly soared to the sky and swept towards the place where the flames burst.

In a cave.

"Ah!" The screams of screams sounded, and you saw the dark moustaches, piercing through many human masters, these masters struggled in pain, and among those moustaches, there were a few cold bodies. The master of the demons, the leader, is exactly

The person who used the devil's whiskers swallowed up the power of the surrounding human races.

What is shocking is that around these human races, Yao Wuming is standing there, and his body is also full of terrifying black aura, which is actually the power of darkness.

"Yao Wuming, you turned out to be a running dog of the Demon Race, you must die!"

These human race masters screamed screamingly, the aura on their bodies was getting weaker and weaker, and the source of their bodies was quickly swallowed, gradually turning into corpses, completely disappearing.

The blood-colored eyes of the strong demon beard turned into pitch black once again, licking his tongue.

"Yao Wuming, you did a good job this time."

The master demon beard said with a grinning smile.

"It is my honor to be able to serve Master Tu Moyu." Yao Wuming said respectfully, his eyes gleaming.

This demon beard master is exactly the famous Son of the Dead Demon Race among the Heaven Demon Race, Tu Moyu.

"This time, you are also for the dark breath?" Tu Moyu smiled grimly, raised his hand, and suddenly, a black breath filled out. As soon as this breath came out, the heavens of heaven began to tremble, as if they had encountered a natural enemy. .

"Dark breath, is this the dark breath?"

Yao Wuming looked at this dark aura with excitement. It was a power that was completely different from the magic way, and it could even corrode the heavenly way of the heavens.

"Yes, this is the dark aura. If you want to absorb it, do it as soon as possible, otherwise, once the heavenly realm perceives this, it will drop the thunder penalty and other people will notice it." Yao Wuming touched excitedly. The dark breath suddenly entered his body. Immediately, a strange dark power surged through Yao Wuming's body. The breath in his body suddenly lifted

It has more than doubled.

Moreover, Yao Wuming actually had a vaguely touched the realm of the Holy Master, as if the Holy Master was only a few steps away from him.

"Good... so strong!"

Yao Wuming couldn't help but shocked. Tu Moyu snorted: "Hmph, what is this, you are just absorbing the dark breath, and when you can use it freely, you will understand the power of this dark breath. Under this dark power, Once you cast the taboo

Skills, your various strengths will be increased to an astonishing degree, but once you are exposed, you will also be targeted by the heavenly realm of heaven, so you must be extremely careful, even if you use it, you must make quick decisions. "

"Understood, Master Tu Moyu." Yao Wuming said respectfully. At this time, he had already understood why the demons suddenly launched a war in the heavens back then, and were able to oppose the ten thousand tribes and destroy the entire heavens.

Even the Lord Palace Lord was willing to cooperate with this demons just to get the power of darkness.

Because this power of darkness is completely a power above the heavens. With this power, anyone can be detached and cannot resist the temptation. Yao Wuming has a feeling that as long as he gets enough darkness to step into the realm of the holy master, it is easy, but in that case, the holy master's way he condenses is not the holy master's way in the heavens, but a combination of the power of darkness. The way,

In the future, if you want to break through, you must absorb more darkness.

But what? No matter what method you use to enter the Tao, as long as you can make a breakthrough, it will be worth it! In this world, strength is respected.

"Master Tu Moyu, I don't know what I need to get more power of darkness?" Yao Wuming said, squinting his eyes, his plan flashed, secretly planning.

"Do you want more power of darkness?" Tu Moyu looked at Yao Wuming with a faint smile, "I advise you to dispel this idea."

"Why is this?" Yao Wuming was taken aback, glanced at the several masters of the Demon Race present, and an inexplicable aura flashed in the depths of his eyes. "Yao Wuming, you are not planning to do something against us and kill us so as to gain the power of darkness? Anyway, I have been killed here, and no one knows after going out." Tu Moyu suddenly sneered. : "However, I advise you, also

It is better to dispel this thought. "

"What the Lord Tu Moyu said, how can this seat have such thoughts, Master Tu Moyu, you have misunderstood." Yao Wuming was surprised and hurriedly explained.

To be honest, he really has this mindset, and cooperating with the Demon Race does not mean that they have taken refuge in the Demon Race. Everything is for profit. "You don't need to explain. I know exactly what your human race is. Not only you, but even if your Palace Master of the Yaomie Mansion cooperates with our demons, it's not to take refuge in our race, but to get it from our race. The power of darkness, sudden

Venerable Po, so that he can complete his plans. "Jian Yao Wuming still wanted to speak, and Tu Moyu waved his hand: "You don't have to deny it. Our demons are different from your human races. Our demons have one thing to say, and they are more direct. For the benefit, there is nothing to be ashamed of. You human race, you have to look for

A just reason, no matter what your purpose is, as long as you can cooperate, that is our ally. And the reason why I told you not to report this thought is for your own good! "Yao Wuming's eyes condensed, for his benefit?
