[Chapter 3041: Ban opened](#)

hateful!

Seeing Zhuge Xu leaving directly, Donghuang Jue looked ugly. There was such a treasure in front of him, but Zhuge Xu had let it go, and he would definitely not believe the omen.

"Brother Zhuge, this holy master's holy veins are about to be opened, why bother to leave." Donghuang Jue couldn't help saying.

"Brother Donghuang, if you want to stay, you stay by yourself, I can only leave, sorry." Zhuge Xu never looked back. The Heavenly Talisman is the treasure of their line. According to Zhuge's generational admonishment, once if there is a big bad omen, you must leave, otherwise it will inevitably go back or even fall. This is the admonition of their Zhuge family, because

The big evil omen is not only related to individuals, but even to the luck and lifeblood of the entire family.

The trick of destiny is the foundation of their Zhuge family, and any disciple must abide by it. Violators are taboo.

"The Eastern Emperor is absolutely a big man, Master Zhuge has left, what shall we do?"

Many Saint Child Overlords of the Western Heaven Realm flew up one after another, staring at the East Emperor. "Huh, what's the big evil? My Donghuang absolutely doesn't believe in this evil. Everything in the heavens speaks by strength. With enough strength, the big evil can be turned into a good luck. As long as you get this holy vein, this seat can Break through to half the fastest speed

Holy Master Bu, at that time, if you go to plunder the inheritance of Venerable Skyfire, who can fight against this seat? ! "

Donghuang Jue a cold snort.

"My lord is wise."

The overlord Tianjiao of the Western Heaven Realm all said loudly.

"Immediately set up the formation and forcefully break this restriction. I have to see what this so-called big omen is." Donghuang sneered.

"Ugh."

Above the sky, Zhuge Xu led the disciples of the Southern Heaven Realm, and he couldn't help sighing as he watched Donghuang Jueyi stay in the hall.

His reminder was enough, but Dong Huang absolutely couldn't believe him.

After Zhuge Xu left, Yao Wuming also saw the towering palace and a deep altar above the sky sky, and even before that palace, he saw a familiar figure.

That figure was Tu Moyu of the Dead Demon Race, and Yao Wuming was shocked that Tu Moyu was not before the altar inheritance of the Demon Race All Souls Venerable, but instead swept towards the mysterious palace of the Human Race Skyfire Venerable.

Yao Wuming immediately felt something was wrong in his heart. Tu Moyu, a demon clan, would be before the inheritance of Venerable Skyfire? Recalling what Tu Moyu did before, Yao Wuming's heart immediately stunned. Does Tu Moyu know the method of plundering Venerable Skyfire's inheritance? All the other party's preparations are for the inheritance of the Venerable here, so he enters the land of Venerable Skyfire,

There is definitely his purpose.

Thinking of this, Yao Wuming couldn't hold back anymore. He shook his figure and immediately flew towards the place where the Venerable's inheritance was. Once Tu Moyu's plan was succeeded and his inheritance was obtained, his All plans fell through.

"Master Yao Wuming, are we giving up this Holy Lineage of the Holy Lord?"

Baihua Fairy, Shao Jikang and others said anxiously.

Holy line of the Lord? Just give up?

"It's not a renunciation, but the inheritance of Venerable Skyfire is obviously more important than this holy master's sacred vein. That venerable inheritance is a must-have for this seat. Compared to the venerable inheritance, that holy master's sacred vein is nothing.

Yao Wuming's voice fell, already submerged within the bounds of the vast heavenly palace. "Should we continue to follow Lord Yao Wuming?" Shao Jikang's eyes flickered, and he couldn't help but secretly transmit his voice. For Yao Wuming, the inheritance of the Venerable is obviously more important. You can abandon the Holy Line of the Holy Lord, but for people like them , The Holy Lord

Mai is also an unimaginable opportunity. Unexpectedly, the Baihua Fairy glanced at Shao Jikang and couldn't help but sneered: "What can we do if we don't follow Master Yao Wuming? Do you want to compete for the Holy Line of the Holy Lord alone? Don't forget that there is Donghuang in the hall. An absolute top master,

Having lost Lord Yao Wuming, I am afraid that you are not qualified to fight Donghuang Jueyi and them.

"Fairy Baihua's words immediately irritated Shao Jikang, his heart was cruel, and he gritted his teeth:

"Yes, without Master Yao Wuming, we would never be able to compete with Donghuang and them, but if this continues, we will never have the qualifications to compete.

"

"But if I can get this line of the Holy Lord, I will be eligible to compete with Lord Yaowuming, and even for the inheritance of the Venerable. Whoever wants to compete with me for this opportunity, you can follow us." Shao Jikang said with great ambition. .

"This..." When many people heard the words, they were moved and hesitated.

Shao Jikang didn't care about these people's thoughts, and his figure shook, he turned and returned to the outside of the hall, hiding.

There were also many Guangyuetian masters who followed Shao Jikang and dived into the void. Obviously, Shao Jikang's words had already moved them.

"Master Shao Jikang, are we hiding here?"

Seeing Shao Jikang hiding in the void, these people couldn't help but say. "Don't be anxious, everyone, have you seen that, in addition to the East Emperor, there are many masters hidden in this void, and there is no plan to leave. If we rush forward, we will be completely exposed. It won't take it

We stay here to find the opportunity to obtain the Holy Line of the Holy Master, wait for the moment when the Holy Line of the Holy Master appears, and then secretly make a move to win the treasure. "

Shao Jikang's words drew the approval of many people, all of them were hidden, staring at the front hall.

In the front hall, many masters have left one after another, but there are also some masters who know that the inheritance of the venerable is extremely difficult to obtain, and they stay here one by one, wanting to compete for the holy vein.

"Hmph, a group of ignorant people." Dong Huang Jue looked at the group of people behind him, sneered again and again, and brought many masters from the Western Heaven Realm, constantly attacking the restriction in front of him.

How can he not know that the purpose of these guys is the Holy Master's Saint Veins before him, but these guys are too naive, wanting to plunder the Holy Master's Saint Veins from his hands is no different from this person's dream. Donghuang Jueyi currently has no time to act on them, but once some of them want to fight for the Holy Line of the Holy Lord, don't blame him for being polite. When he breaks through the half-step Holy Lord, he will inevitably become a trial in the whole heaven. The highest on the battlefield

Level master.

Rumble! Although the restraint of the Saint Lord's Saint Veins is extremely strong, under the bombardment of the East Emperor, cracks gradually began to appear. Everyone looked at it with excitement, and felt that the cracked restraint was full of richness. The breath of the holy veins of the Holy Lord pervades

Came out.

"It's on, it's on."

Everyone opened their eyes wide, just as the restriction was about to be opened.

boom! The restraint that had been tightly closed suddenly trembled violently, and an infinite and terrifying aura permeated from the restraint. The next moment, the entire restraint exploded.

[Chapter 3042: Outrageously](#)

In an instant, an astonishing explosion occurred in the entire hall, and a terrifying aura swept across like the ocean, like a volcanic eruption, hitting everyone present.

"No, go back."

This force is too terrifying, no one can imagine that such a terrifying coercion will erupt when this prohibition is opened, and the entire hall trembles violently and shakes violently under this blow.

Puff puff! Countless overlord masters vomited blood and flew out one by one, their faces were shocked. The power of this restriction was too terrifying. Even their overlord masters could not easily stop them. In an instant, the many masters who originally surrounded the hall, one

All of them were injured, the corners of their mouths were bleeding, the blood was floating, and they were even a little unstable. "What a terrifying aura, what is in this prohibition? Is it a stunning treasure?" Donghuang Jueyi also felt this terrifying power in horror. His whole body was surrounded by several black spheres, more than other disciples. Too much better, then the impact falls

On him, although it made him a little shocked, he was completely resisted by his black sphere.

Shao Jikang and others, who were hidden in the void in the distance, also watched this scene in shock. Fortunately, they had avoided far away before, hiding in the distance, otherwise the power of the previous terrifying impact would definitely make them seriously injured.

"Attention, everyone, the Holy Vessel of the Holy Lord is about to appear, ready to do it at any time."

Shao Jikang took a deep breath and said excitedly, staring at the center of the explosion, the aftermath dissipated, ready to take action at any time.

As the roar dissipated, suddenly, someone's eyes condensed, revealing a look of horror.

"Look there, there is a person in that holy vein."

Someone exclaimed.

"Someone?"

The others also looked at them one after another, and then all their eyes were horrified, and the endless roar dissipated. Amid the restriction, a figure rose up, exuding a terrifying aura.

This figure stood between the sky and the earth, and the whole body bloomed with terrible murderous intent, and the breath surged like a vast ocean, and the whole person was like a god, looking down on everyone.

He opened his eyes and thundered, like two bolts of lightning traversing the sky, looking coldly at everyone present.

The many overlords present were all shocked, as if being stared at by a wild beast, there was an inexplicable fear.

"Someone, I didn't think there was someone in this restriction."

"Sure enough, Yao Wuming of the Eastern Heaven Realm was right. There were actually people in this restriction."

"Is this person the Qin Chen? The master of the Eastern Heaven Realm? The accomplice of the demon girl before?"

"Where is the Holy Lord's Sacred Veins? Where is the Holy Lord's Sacred Veins?"

The endless roar dissipated, and many overlords looked at the restriction in anger. Except for Qin Chen, the place was empty and there was nothing, all of them showed anger and disappointment.

And the figure that emerged from the restriction was Qin Chen who had absorbed the Holy Master's Saint Veins and truly entered the realm of the overlord. At this moment, Qin Chen, the infinite power flowing in his body, the aura of the Dao Dadao surrounds him, does not step into the overlord, never knows what the Dao aura is, but at the moment when he truly entered the realm of the overlord, Qin Chen finally understand

What a hegemony.

In his body, a strong atmosphere of the Great Dao permeated, forming an unmatched domineering atmosphere, shocking the ages.

Moreover, at the moment when he stepped into the realm of the overlord, Qin Chen's soul was also sublimated, and in the midst of it, he felt two faint soul pulls, and it was looming in this demon world.

"It's Mokara and Skeleton Rudder Master." Qin Chen's heart was shocked. These two souls were not pulled by others. It was the soul imprint that he left in the minds of Mokara and Skeleton Rudder. Before breaking through the overlord, the soul did not change. , The various forces of this monster world affect Qin Chen's perception

, Qin Chen never felt it, even the aura of the clone was sensed when he came to this ruined place.

Now that the soul has been transformed, Qin Chen finally sensed the breath of Mokara and Skeleton Rudder.

"Mokara, the master of the skeleton rudder, and the clone are in this trial land. So, the phantom of the **** cat that I perceive before is not an illusion? The **** cat is also inherited by this lord. In?" Qin Chen was very excited. He has been in the heavens for almost three years, but in the accelerated years of making jade discs in the universe, he has experienced how many years he does not know. The breath of these acquaintances,

How not excited in his heart.

Can't wait to tell Sisi.

But when his soul was swept away, he was shocked, because Sisi was not in the jade disc of good fortune in the universe, and at the same time, there was no phantom of Sisi in this prohibition.

Before Qin Chen was completely immersed in the transformation of his soul, he didn't know when Sisi left. Then Qin Chen saw the many overlords in front of him, and their naked eyes.

But among these people, there is no trace of Sisi at all.

Where did Sisi go?

Qin Chen's heart sank immediately.

"Who are you? And what's the matter with the demon girl you are talking about? Speak quickly!" Qin Chen suddenly looked at these overlords in front of him, and a cold chill burst from his eyes. After coming out, in an instant, the temperature of the entire hall seemed to have dropped by tens of degrees in an instant, and a cold breath permeated and enveloped

Everyone present.

Qin Chen felt that the demon women these people mentioned before were actually Sisi.

What happened before?

"Hmph, your Excellency still has the face to ask, colluding with the Demon Race girl, now I have reason to suspect that Your Excellency and the Demon Race also have an unclear relationship." "You are the Qin Chen? It is really you who entered this restriction, no wonder Before, the witch desperately tried to stop me from entering this restriction. So, the Holy Master's Saint Vein in this restriction was also collected by you? Don't talk nonsense, and hand over the Holy Master's Saint Vein.

Come, otherwise you can blame me for waiting. "

"What nonsense with him, captured him, and asked him to hand over the Saint Lord's Saint Vessel. This collusion with that Demon Race Witch is not a good thing to me."

The groups of masters all drank coldly, their eyes were cold, and there was a hint of cold light in their bodies.

"Witch? Is it possible that Sisi has exposed the Tao of the Abyss?" Qin Chen's heart sank completely. What has Sisi experienced in the end, even the Tao of the Abyss was displayed? Sisi knows very well that as long as she releases the Tao of the Abyss, she will immediately become a public enemy of the heavens and fall into a very embarrassing situation.

In the earth, it will even hurt yourself.

Before the most critical moment of life and death, Sisi would never reveal the way of the abyss.

"What did you guys do to Sisi?" Qin Chen's heart was completely cold, and he didn't bother to ask anymore. He pointed out his right hand and pressed down against the many overlords in front of him. Since he couldn't ask anything. Come, then search their souls so that you know what happened here before

What. In anger, Qin Chen acted boldly.

[Chapter 3043: Red Tiger](#)

Boom!

In anger, Qin Chen's big hand directly grabbed and photographed the master closest to him, his posture as if an eagle was catching a chicken.

Qin Chen's posture immediately angered everyone present. Facing so many of them, this kid, instead of being timid, took the initiative to take the initiative. This posture did not put them in his eyes. The most

angry is naturally the overlord master who is enveloped by Qin Chen Shengyuan's big hands. This person has short red hair and a scorching evil spirit immediately rises from his body, turning into a dark evil tiger, roaring. , Broke out

A shocking **** light.

"Boy, you are so arrogant that you dare to despise this seat so much. This seat will let you see what it means to die."

The red-haired overlord roared, and the holy yuan in his body boiled, directly burning the origin, and he saw that the fierce tiger swelled in size, and the aura of the great road was revealed, and the power was incredible. This person seemed reckless, but was actually very vigilant. He immediately burned his origin and exploded with his strongest power, facing a master who walked out of the sanctuary restriction of the Holy Master, especially the terrible woman before. Master, this

No matter how stupid a person is, he will not be careless.

Roar!

This red fierce tiger exploded into the sky and flew straight at Qin Chen.

boom! But the next moment, everyone's expressions were frozen, and they saw Qin Chen's big hands protruding out, very simple, but it seemed to contain the strongest road in the world, crashed down, and heard a pop, the whole head The fierce tiger was pinched instantly

When he opened, the evil spirits all over the sky burst, and even the team's effort to stop Qin Chen couldn't do it.

Qin Chen's palm penetrated the tiger, and directly lifted the red-haired overlord like a chicken.

Everyone around was stunned. This red-haired overlord was named Chi Lian, and he was also a well-known master in the northern celestial realm. Although he was not the top expert such as Yao Wuming, he was also a top-ranked overlord in a certain heaven. Trap, wait for it

Section, how not shocking.

"stop!"

"Lazier dare!"

"kill!"

The other masters around their faces changed when they saw it, and they roared one by one, rushing in violently, rumbling, and various attacks turned into a vast river in the void, swept over.

"Humph!"

Qin Chen snorted coldly, calmly, ignoring these attacks, squeezed his right hand violently, and immediately inserted it into the head of this master with red hair. Suddenly, five cavities appeared on the top of the master's head, and he let out a scream. .

"Soul Refining Dafa!"

In the center of Qin Chen's eyebrows, an immense power of the soul burst out, and he immediately penetrated into the soul of this master. In an instant, a surge of all kinds of memory information was caught and grasped by Qin Chen.

When Qin Chen saw the memory of Chen Sisi in this person's mind, Qin Chen's eye sockets instantly moistened.

"Sisi, you are too stupid." Two drops of tears rolled down from the corner of Qin Chen's eyes. He saw what Sisi had done for himself. In order to make his breakthrough with peace of mind, he faced so many top players. , Even when he was seriously injured, he never stepped back, even willing to

He stayed here forever, even the way of the Abyssal Demon was exposed.

Sisi, why are you so stupid? You are so stupid.

Seeing the scene where Sisi was besieged by so many masters and finally disappeared and disappeared, Qin Chen couldn't help it anymore, letting tears roll down his eyes.

The man does not flick when he has tears, but he is not sad.

Endless anger surged from Qin Chen's body, like a billowing fire, swallowing his whole body.

Rumble! At this moment, countless attacks from the overlord swept through Qin Chen like a torrent. Many attacks crazily fell on Qin Chen, but Qin Chen remained motionless, not even dodge, and let these attacks fall on him. , But nothing

Sincerely. The surface of his body is filled with wild and ancient auras, and the whole body is blooming with the luster of the ancients, like the same ancient giant, towering majestically. After the vast attacks formed by many overlords fell on Qin Chen, they were instantly annihilated, and they were never given.

Qin Chen caused the slightest harm.

"What?" Everyone looked at this in amazement, one by one in horror, what did they see? Faced with their attacks, Qin Chen didn't even move. What's more terrifying was that after so many combined attacks from masters fell on this person,

His defense can't be broken.

Is that human being?

Everyone was dumbfounded, almost unable to believe their eyes.

"It's you, it was you who besieged Sisi before, that brought Sisi into crisis."

Qin Chen's heart was very painful, he looked at these people angrily, his eyes were blood red, he didn't dare to think about the scene that he had encountered at the moment, because the thought of his heart was painful, these people would have to pay for it. cost.

"boom!"

With a crackling sound, Qin Chen instantly squeezed the red-haired master in his hand, and the infinite source and rules of the overlord suddenly turned into a series of angry dragons, which were converged into his body by Qin Chen.

"You people, all have to die!"

An icy voice came from Qin Chen's mouth. The next moment, Qin Chen moved suddenly.

Huh! The void flashed, and he suddenly appeared behind a master master. Before the master master could react, a cold palm penetrated his chest like a sharp blade. I'm wearing it tightly

In the air.

"What?" Everyone was horrified, Qin Chen's speed was too fast, and it was too fast for them to react.

"Death!" An icy voice came from Qin Chen's mouth. His whole person was like a **** of death. His right hand shook suddenly and with a bang, the overlord who had been penetrated by him suddenly exploded and cracked. In, there was not even any resistance

Power.

It's not that he doesn't want to resist, but that he can't resist at all.

"One!"

Qin Chen said coldly, his body suddenly disappeared.

puff!

The next moment, another overlord screamed, and a palm came out in the void, pinched his head, and squeezed him severely, and the infinite source law was quickly refined and absorbed by Qin Chen.

"Two!"

"boom!"

"Three!"

"Four!"

Qin Chen slaughtered frantically, his figure shuttled in the void, and his voice echoed between the heavens and the earth like death's foretelling, making everyone's heart chill and feeling endless fear.

In the blink of an eye, dozens of overlord masters fell and were beheaded on the spot, and everyone couldn't even notice where Qin Chen was.

"Rewind, rewind, and exit here."

"Lunatic, this man is a lunatic."

"Be careful, everyone join hands." All kinds of frightened voices resounded, and many masters showed fright on their faces and joined forces to flee here.

[Chapter 3044: Crown of the Dark Emperor](#)

It's just that they changed their expressions as soon as they moved, because they were horrified to find that the void all over their bodies had been frozen. Their bodies seemed to be locked tightly. They were trapped in the hall. Escape this

in.

"No, this void is frozen!"

"It's such a powerful space supernatural power, with my space attainments, it is impossible to break it at all."

"What kind of perversion is this son?" Many of the overlord masters have changed color. Several of the top peak overlords couldn't help but roar, because even they can't tear Qin Chen's space confinement, a master level master. , The space confinement of the exhibition can actually

Blocking so many overlord masters in their presence is simply unimaginable.

"Kill him, you must kill him."

At this moment, there was such a thought in everyone's heart that if they did not kill Qin Chen, then it would be them who died here.

"The Eastern Emperor is definitely a big man. This son is fierce. Why don't we join forces and kill him? Otherwise, with the strength of the Eastern Emperor, I am afraid I will die here."

There were shouts of anger, and they were all the top peak overlords who stayed here. These people felt the crisis and immediately united together to jointly kill Qin Chen and look for life.

"I will die here too, ridiculous!" Dong Huang said coldly, his eyes flickering. He hadn't done anything before, apparently calculating and analyzing Qin Chen in secret. "Don't you see that the Eastern Emperor is absolutely a big man? The purpose of this son is to kill other weaker overlords first, and then concentrate your strength to kill me, etc. If the Eastern Emperor is a big man, you are ignoring it. , You will inevitably fall

Fall here. "

"is it?"

Donghuang definitely sneered, "Set up an array!"

Hum! As soon as his voice fell, the surrounding masters of the Western Heaven Realm moved together, booming, and more than 20 overlords soared into the sky, forming a vast array. A cold breath suddenly filled the air. Confined in the space of dust, form

Became an independent area.

"Boy, the Holy Master's Sacred Vessel is really strong. I can't think of a kid who has just stepped into the realm of the overlord. It's so strong. Unfortunately, in front of this seat, you will eventually have to die. Obediently hand over everything you have. ."

Three pitch-black spheres suddenly appeared on Dong Huang Jue's body. The spheres rolled, shaking Qin Chen's space confinement, and coming strong. "The Eastern Emperor of the Western Heaven Realm

is absolutely unique. You were one of the masterminds who worked on Sisi before. Originally, this young man wanted to give you a chance to let you die later, but since you are so anxious to find death, then this young man will do it. You. No one can hurt this young woman

, Anyone who dares to hurt this girl must die. "

Qin Chen, who was killing all quarters, turned his head suddenly, looked at Donghuang Jueyi, and struck him with a punch, sweeping with powerful thoughts. "Do you think that you can defeat me? You are just a little overlord, a realm away from me. I am the peak overlord, a figure who has mastered a trace of the way of the holy lord. This seat will let you know, you and me. What is the gap between

Big. "Dong Huang Jue sneered, and rose to the sky, booming, endless black light bloomed on him, and, in the large formation formed by the combination of more than 20 overlord masters in the western heavens, an unimaginable force landed. Down and instantly blend into

In his body, the aura on his body exploded several times in an instant.

"Falling God Contract!"

Boom!

Donghuang Jueyi seemed to be arrogant, but as soon as he came up, he displayed his strongest trick, and a dark aura spread out, exploding the void that Qin Chen imprisoned.

"The Way of the Holy Lord? It's not the real Holy Lord, and it's rampant in front of me!"

Qin Chen sneered, more wild ancient energy rushed out of his body, and all the cell spaces began to show their power, turning into heads of wild ancient gods, roaring and shaking, sending out a flood of gods.

"The ancient gods!"

Qin Chen used the power of the ancients to kill with a punch, and immediately the black aura on Donghuang Jueyi began to disintegrate and was bombarded by layers.

"What kind of supernatural power is this?" Dong Huang Jue was shocked in his heart, his face changed wildly, and his body trembled. A black crown flew out of his body. On the crown, there was a dark gem that turned into The sky curtain intertwined with the dark roads resisted Qin Chen

s attack.

"It is the Crown of the Dark Emperor of the Eastern Palace!"

Many masters exclaimed and looked at the black crown with surprise.

"That's right, it's the Crown of Dark Emperor!"

The Eastern Emperor gave a sneer. The Crown of Dark Emperor was the half-step holy lord's supreme treasure of the Western Heaven Realm. It had a prestigious name in the Western Heavenly Realm, and this half-step holy lord's supreme treasure was even more terrifying than ordinary holy masters. It's not because the Crown of the Dark Emperor is stronger than the Divine Lord's Supreme Treasure, but because the East Emperor's current cultivation base can completely release the power of the half-step

"No, you see, the power of this **** in the mirror seems to be insufficient. Although it is a treasure of the Holy Master, the power of the Holy Master has completely disappeared, and the aura may not be stronger than the Crown of Dark Emperor."

"Sure enough, can it be said that this Shenzhao Mirror is the treasure that Qin Chen found in this trial site? It is said that in ancient times, a leader of Shenzhaojiao fell here. So, the most precious treasure of Shenzhaojiao disappeared here. ?"

"Anyway, the God Mirror is a treasure of the Holy Lord, which should not be underestimated, but I heard that the power of God Mirror Education is extremely special, and this God Mirror Mirror is even more so. Even if this child has the God Mirror Mirror, how can it be urged? moveable?"

This group of people was extremely frightened. "God is looking in the mirror. I never thought that you would get such a treasure from the Holy Master. Unfortunately, it is useless. The treasure of the Holy Master depends on who is urging it. With the power of your overlord, it is impossible to urge the treasure of the Holy Master. The Crown of Dark Emperor who cannot resist this seat

. "

Dong Huang Jue yelled and said, black light burst out of his eyes.

"The Dark Emperor is here!"

Buzzing, buzzing... On his body, among the countless acupuncture points, a stream of blood rushed out, behind a devil-like phantom, rising slowly, on the center of his brows, head, ears, and nostrils , In the mouth, there are countless black qi, these black qi

, Formed a god-like phantom, and the dark emperor's crown immediately rotated, and the black light flourished, falling on the head of the black phantom.

The phantom of the ancient Dark Emperor.

"Everyone, help me!"

With a loud roar of the Eastern Emperor Jue, the power of many masters in the Western Heaven Realm immediately gathered and merged into the body of the Eastern Emperor Jue Yi, making the dark emperor's crown even more radiant.

The Eastern Emperor is unique, he is the descendant of the ancient dark emperor. This summoned the ancient dark emperor, shocking everyone.

"It turned out to be the phantom of the ancient dark emperor, how did this Eastern Emperor Jueyi cultivate?"

"Even the ancient dark emperor was summoned by him. This way, it is enough to push the power of the dark emperor's crown to the extreme."

"Okay, the Dark Sovereign appears, that kid is going to be dangerous."

"We also joined in, urging the Dark Emperor Void, and beheading that kid."

Many masters roared, inputting power, urging the Dark Emperor phantom, and bursting out a more powerful aura. In particular, the masters of the seven pinnacle overlords have all displayed their strongest power and integrated into the dark emperor's crown. They want to kill Qin Chen, the huge dark emperor's crown, which is several times more powerful than just now. , Turned into the sky, directly enveloped

Cover it up and kill Qin Chen!

"What the ancient dark emperor is nothing more than a phantom, the woman who dares to move my Qin Chen, let alone a small phantom, even if the ancient dark emperor comes in person, this young master will explode, eternal sword energy , Kill it for me!" Facing the obliteration of the Dark Emperor Void! Qin Chen roared to the sky again, screaming again and again, his body was raised, his aura was rising steadily, he grabbed it with a big hand, and a series of sword aura appeared out of thin air. It was the eternal sword aura of the eternal sword master, and he had never grasped it before.

After breaking through the overlord, Qin Chen finally grasped a trace of eternal mood.

Rumble!

With the eternal sword air surpassing the sky, Qin Chen is like an immortal sword god, a **** who walks in the world, without everything, can override him, and the ancient Dark Emperor suppressed, he tore the other party.

In his body, the wild ancient aura was filled with craziness, it seemed that a wild ancient **** had really come, waved his sword aura, and cut it off.

boom!

The phantom of the dark emperor's crown exploded, and the light of the dark emperor's crown dimmed, and the aura of the holy lord exploded in half a step. Qin Chen unexpectedly blasted the dark emperor's crown abruptly.

"What kind of sword energy is this, how can this be so strong?"

"The ancient dark emperor phantom was detonated by him, what energy can suppress him?"

"What kind of pervert is this guy?"

"No, we have to work hard. We must lead our respective forces to kill this kid, otherwise we will all be in danger."

Those few leader-level pinnacle overlords only knew Qin Chen's abnormality at this time, and the half-step Holy Master Supreme Treasure that they had jointly urged was all killed by a single sword.

Is this still something human can do?

They roared, Qi Qi rushed forward, the seven pinnacle overlords, standing in the position of the seven stars, at the same time displayed their supernatural powers to prevent Qin Chen from beheading the Eastern Emperor, because the Eastern Emperor must die one by one. , They are also dangerous.

"Die to me!" Qin Chen's eyes were cold, and under the urging of the ancient body, like a god, he slammed into the big formation of the overlords of the Western Heaven Realm. Was shocked and flew, and the Donghuang Zeyi finally couldn't resist

, Qin Chen exploded with a punch in fright.

Wow!

The blood spurted out of his mouth, his body cracked with countless wounds, and he flew out, his body was dissipating, and he was seriously injured.

Moreover, the power of the seven pinnacle overlords was also shaken by the power that Qin Chen shed.

"What kind of power is this, so powerful! The seven of us teamed up with a blow, and we were all shaken away. We couldn't stop him at all!" Among the seven, a pale-faced master said in anger. This person is a descendant of the Bone Sage. After the inheritance of a fierce Lord Bone Sage in the ancient times, his face changed again and again, and he roared: "I don't believe it! The True Way of the Bone Sage, the Supreme Bone Sage, come! Me!

With the way of Bone Sage, summon the ancient Bone Sage to sweep the heavens! "

Boom! On top of his head, a dark cave was opened, and the boundless bones were filled out. In that bones, the palm of an upright Bone Sage master stretched out. It was he who was communicating with the mysterious Bone Sage based on the Supreme Divine Dao. Power,

Come to suppress Qin Chen.

This is a special skill he has inherited from the Bone Saint.

"kill!"

Carrying a billowing murderous aura, he beheaded towards Qin Chen. "What bone saint, kill me!" Qin Chen stared, extremely fierce, majestic, and incomparable. He stepped out in one step and covered the sky with his big hands. "No one can stop me, and those who stop me will die immediately! What bone saints will die for me!

"

Between his big hands, the boundless bones were completely evaporated, and the Bone Sage power that was transmitted in the dark, the book that episode was imprisoned in the void, because this is only the power of the Bone Sage's inheritance, not The true Bone Saint comes.

Qin Chen strode forward, carrying the divine light with a fist, and smashed the Bone Saint phantom to pieces.

Then, looking at the Bone Saint Heir, the sword was raised, and the void was cut.

Huh!

A long river of sword aura appeared right away, and the bone saint heir jumped up and tried his best to avoid it, but he could not dodge the edge of the eternal sword.

"Eternity is like a sword, there is no one in eternity!" Qin Chen uttered a long roar, and the eternal sword aura passed by, instantly cutting the ancient sacred master bone sacred shadow and the peak overlord level bone saint heir into two. The rain of blood was sprinkled, very stern.

[Chapter 3046: Dark World Reincarnation](#)

Qin Chen thoroughly unfolded his supernatural power. Facing the attack of a peak overlord in the heavens and the descendant of the Bone Sage, he blasted the opponent's connection with the Bone Sage with a single move, sealed the Bone Sage's phantom shadow, and then the sword energy was horizontal and horizontal, and directly turned into the eternal sword energy long river cut Kill and bring the powerful bone saint heir

Cut in half.

This move is a mess of sharpness and vigor.

Eternal sword aura and origin supernatural power are combined to display a sword skill.

Eternal sword aura, unparalleled in the ages, combined with the magical powers of the origin, represents the eternal artistic conception from the endless origin.

No matter how powerful the Bone Sage Heir is, he can't resist Qin Chen's eternal sword river.

Qin Chen created the magical powers of Origin, which can integrate various martial arts and sway them at will. Under the urging of the core operation of Origin Road, Qin Chen cuts everywhere and is invincible.

"He actually beheaded the Saint Heir!"

"The Bone Saint Heir, so powerful, was cut with one move, and even the connection between the Bone Saint Heir and the Bone Saint was sealed." "The phantom of the ancient Bone Saint was smashed by a single sword. Exercising his true power, how powerful is this Qin Chen? Who is it? How could there be such a terrifying person in this world? He hasn't won the inheritance of the venerable.

Killing the pinnacle overlord master, unbelievable? "

...

All the Tianjiao Overlords present almost split their eye sockets. The powerful Bone Saint Heir, just cut it with one move. He originally thought that Qin Chen was not well-known, but a little guy from the Eastern Heaven Realm who didn't know where he came from. I thought that they had no

The counting master and the Eastern Emperor of the Western Heaven Realm joined forces, and they were unable to bring down each other, but were killed by the other in an instant.

This contrast is so sad that people vomit blood. "Quickly rescue the bone saint heirs, the Eastern Emperor must be one. Quickly take action and suppress this demon, otherwise we will all have to be buried here. You have mastered the way of the saint, and you can certainly resist this demon's combat power. , We look for opportunities, one hit kills!

"

One of the Seven Peak Overlords is fierce and roaring. The corners of Dong Huang's mouth were bleeding, and his face was so serious that it was about to drip. He saw that Qin Chen in front of him was extremely fierce, and he was definitely a top expert who was not weaker than him. If this continued, the consequences would be real. Is unbearable

Imagine.

"The crown of the dark emperor, the reincarnation of the dark world!" Donghuang Jueyi's body suddenly grew a lot taller, and once again went crazy, like an ancient demon god. The crown of the dark emperor on his head was shaken, and he suddenly slashed out of darkness. The power of reincarnation, countless rounds of dark reincarnation sun, appeared in the world

In the meantime, the light of darkness interweaves back and forth, besieging Fang Qinchun.

"Okay, okay, this is the reincarnation of the Dark Realm, the ancient world in the legend, the great man of the Eastern Emperor was able to push the Crown of the Dark Emperor to such a point, he is worthy of being the descendant of the Dark Emperor, who has mastered the way of the Holy Lord. Master!"

A peak overlord was surprised again and again, and then faced Qin Chen: "Break the army and kill the way!"

"Kill, join hands to slay this demon!" The other five peak overlords also roared together, killing them fiercely. On the contrary, Qin Chen's strength aroused their fierce hearts. They can fight against so many Heavenly Sages. In, become the pinnacle overlord, standing proudly among countless saints who have entered this place

On top of it, naturally they have their own beliefs and avenues, and they will not change easily.

For a time, countless clusters of galaxy attacks violently killed Qin Chen.

And the descendant of the Bone Saint who was cut in half got a chance to breathe. He even urged the Saint Yuan, the body began to gather, and between the roars, the breath of the Bone Saint was filled, and the bones of his body were shining. , To gather together.

In the entire hall, the holy yuan was rolling, dark light, flames, scorching sun, reincarnation...

Qin Chen once again withstood an unprecedented attack.

"It's ridiculous, the person I killed can no longer condense the flesh, eternal sword aura, what is eternity? It will last forever, no matter what your power, it is impossible to repair it under the eternal power." Qin Chen faced so much He was not afraid of attacking, instead, he raised up to the sky again, sneered again and again, and there was endless ancient aura, landing into his body, at this moment, his true incarnation became a **** of the ancients, ruling

Origin, master eternal, unparalleled overlord.

"Eternal sword qi, originated from supernatural powers, and destroyed!"

Qin Chen urged his sword light, his voice tore apart the holy yuan, like a heavy hammer of a great road, striking every creature.

Boom! He is like a humanoid tyrannosaurus, and like a holy lord ruling destruction, walking in the air, directly rushing out, dancing with his hands, cutting out the infinite eternal sword aura, and shaking the light of the dark world and countless attacks. Cracked everywhere, exploded everywhere

open.

As for the masters who attacked him, Sheng Yuan fell to nothing, hitting the void, unable to touch his body at all.

As for the successor of the Bone Saint, he urged the Saint Yuan frantically to run the inheritance of the Bone Saint to reconsolidate his body, but the surface of his severed body, the eternal power operation, did not give him a chance to merge.

"It's useless, under the eternal power, even if the bone saint comes, it is impossible to escape death. What are you, you can escape the eternal sanction."

Qin Chen rushed to the Bone Sage Heir who was trying to fuse, grabbed it with a big hand, and with a click, wiped out the power of the Bone Sage inheritance that this person was running, and that pure power instantly entered Qin Chen's body.

"Bone Saint? It really deserves to be the ancient Saint Lord, this power is simply a supplement!"

Qin Chen sneered again and again, and the Book of Origins revolved, refining the power of this person. At the same time, the palm of his hand squeezed the opponent, and a blazing fire was emitted from the big hand, and the huge power directly penetrated into the body of the Bone Saint Heir.

"Refined for Ben Shao."

Qin Chen directly refined this person.

"You are doing this for my life and refinement, no... I am the descendant of the Bone Saint, ten thousand years later, if you want to sweep the overlord of the heavens and become the supreme Lord, how can you die here?"

The bone saint heir screamed bitterly and struggled unwillingly.

But under Qin Chen's manipulation and refinement, it was of no avail.

boom!

In an instant, his whole body exploded, and the power of the Bone Sage entangled on the dark origin law, exuding a frightening atmosphere. Qin Chen immediately urged the art of patching the sky, swallowing that power into his mouth, all the inheritance of the Bone Saint was instantly refined by him, crackling, condensed, and became a page of civilization in his book of origin. The power in the body is also more

Add cohesion. This was the ancient Bone Sage's law, strength, and to Qin Chen now, it was considered a small supplement. The various magical powers and secret techniques in the body of the Bone Sage's descendant appeared in Qin Chen's body and were fully accepted.

[Chapter 3047: Pinch to death](#)

This shows that the book of origin is terrible. If you change to another master, you can't swallow a master of the same level at all. Even if you force it, you can only absorb part of the opponent's power. As for the laws, secrets, etc., many are Can't really

Is mastering.

But Qin Chen is different. The Book of Origins in the Body can condense many civilizations. Coupled with the sky patching technique, all of the opponent's power, perception, and understanding can be integrated into his body and become his power.

In addition, many laws and strengths in the opponent's body were also absorbed by Qin Chen, and deposited in Qin Chen's barren ancient body for future promotion.

It is already so difficult for Qin Chen to break through to the realm of the overlord, and it will be extremely difficult to continue to break through in the future, and the supernatural powers and avenues of these peak overlords are also considered tonics for Qin Chen. Support the explosion.

"Damn it, the Bone Saint Heir has been refined by him, beast!"

"Devil, this guy is a demon at all, and now I suspect that this guy, like the evil woman before, is a spy of the devil."

"Kill him, you must kill him. There must be a big secret in him. If you swallow him, we will make more money than getting a holy vein."

The remaining six pinnacle overlords were all split, and once again carried out a lore on Qin Chen. This time, they no longer fight alone, but shout out loudly, integrating the power of all the overlords present. Suddenly, everyone absorbs the many overlord forces of their own camp, and then the six people unite again, and together with the Eastern Emperor Absolutely

The Tianjiao of the West Heaven Realm where one was, launched a fierce attack on Qin Chen.

Especially the previous peak female overlord was even more fierce, with madness on her face.

Seeing that Qin Chen swallowed the master bone saint heirs of the same level as them, everyone knew that if they didn't work hard at this time, they would all die.

Be sure to seal the other party and wipe out a little bit.

"Okay, fight it, everyone burns their souls and fights him desperately."

Donghuang Jue roared, and a terrible breath surged in his body, like a sleeping dragon about to wake up.

His soul directly began to burn.

"Desperately? If you die, I won't die."

Huh! Before Qin Chen waited for Donghuang Jueyi to truly burn his soul, he stepped over. In an instant, the space was condensed and folded under his feet, as if the distance between the two had disappeared in an instant. Qin Chen's body Shape, suddenly appeared in the east

In front of Huang Jueyi.

Then, Qin Chen cut out with a big hand, and a vast sword aura rose into the sky.

collapse!

Before Donghuang Jueyi had time to display his strongest power, he was slashed out by a sword, his clothes exploded, and his body was shattered, and he spouted blood again.

The Eastern Emperor is absolutely unique, a top celestial overlord who has mastered the way of the holy lord, possessed half a step of the holy lord's treasure, and burned the soul, was actually beaten by Qin Chen.

"kill!"

The six pinnacle overlords, all of them are peerless talents. Although they were horrified after seeing this scene, all of them keenly seized the opportunity and displayed a lore on Qin Chen, killing them from behind. Come.

However, Qin Chen suddenly turned around, and the aura of the ancients condensed in his body, turning into the phantom of a **** of the ancients, and actually resisted the attacks of the crowd and stepped forward in one step.

Boom!

All the attacks hit Qin Chen one after another, and they were scattered invisible.

"It's too weak, your attack is too weak, you can't even hurt my physical body, and you're too proud of it, it's ridiculous, you all died for me."

Qin Chen rushed into the crowd of six pinnacle overlords.

boom!

He was in the shape of an ancient sacred mountain crashing wildly, and in the process of sweeping out, he instantly blasted into an unknown number of ordinary overlords, turning into blood fog, and then, in front of the ferocious peak female overlord before, his pupils watched indifferently. she was.

"what!"

That crazy pinnacle female overlord, backed back again and again, and displayed stunning supernatural powers, but a huge shadow enveloped her body, was grabbed by Qin Chen, and she squeezed, puffed, squeezed to death!

Qin Chen pinched the impossibly peak female overlord to death. These peak overlords, all of them are the proud sons of heaven, peerless talents, killed from countless saints, but now, like a chicken and dog, Qin Chen seems to be walking between heaven and earth. A peerless god, no one can

After a round in his hand, no one can contend with his peerless majesty.

"He actually pinched Luo Jinan from the Tiannan tribe to death!"

"Heaven, this is a monster!" Everyone was horrified, their confidence was suddenly broken, Luo Qinan, the pinnacle overlord, these characters, Saint Yuan tyrannical, a perverted evildoer, was pinched to death by Qin Chen. Now, this kind of shock hurt Dong Huangjue more than Qin Chen.

One is even more shocking.

"Retreat, everyone retire!"

"Join together, blast through the blockade, flee here, spread the news that this person is colluding with the demons, and join the many masters of the Trial Land to kill him and destroy the whole house."

At this moment, Qin Chen finally left an invincible influence in everyone's minds. Many masters all roared, despair emerged in their hearts, and they did not dare to confront Qin Chen.

Whoosh whoosh!

This group of masters, rising into the sky, joined hands to form a terrible torrent, about to break through the space blockade of the hall and escape from here.

"Can you escape?"

Boom!

Qin Chen stepped out again and reached the peak overlord man in brown clothes. It was this man who was roaring, saying that he would unite all the masters and destroy himself.

The brown-clothed man's face was horrified, and suddenly transformed into desperate anger, he was assassinated with a sword, and his soul and blood were burning.

However, just as soon as he came out, he was slashed by Qin Chen with another sword, and his body was fragmented, unable to resist a round.

The billowing supernatural powers were violently absorbed by Qin Chen, entered his body, refined under the Zixiao Dousui Palace and the sky patching technique, and melted into Qin Chen's power. Qin Chen's might and power was revealed at this moment. Every time he killed a person, his aura increased by one point. At this time, the several peak overlords here had already been killed by him. What kind of bone saint heirs, Tiannan Luo Jinan, and

This kendo pinnacle overlord was all killed by Qin Chen. Every master was almost a peerless talent, but he could only serve as Qin Chen's appetizer and a stepping stone.

"Do not!"

The other masters were horrified and yelled in panic. "Hmph, you so-called human masters are fighting each other for treasures. Today, this young man will walk the way for the sky and kill you. Aren't you arrogant before, and you are fighting for this young man's holy vein? I will let you know now what it means to seek a dead end."

[Chapter 3048: Penetrate the void](#)

In succession, Qin Chen killed many masters, and all entered his body, refining one by one, and the huge essence was constantly rolling, and his strength increased to a level that no one could imagine.

"Go! Go!"

All the overlords are left, and they are finally completely desperate. Originally, the master master who could walk here, which one is not Tianjiao? The heart is firm and has a glimmer of hope of becoming a holy lord. They are all the top arrogants in the heavens who have experienced countless hardships. It can be said that there is no fear in the heart.

Negative emotions, mentally powerful and firm. But now, Qin Chen completely defeated their pride, their will, they did not expect that they were so fragile, all their pride was crushed, and they became ants, which can be pinched to death at any time, so they

Fear, the momentum fell into a slum.

Just as the tree fell and the hunger scattered, the hundreds of overlords left in the hall, under the leadership of the peak overlords, all developed their peerless supernatural powers and wanted to escape.

Boom!

In Qin Chen's gaze, murderous intent appeared, and with a sudden grasp, his palm expanded, boundless territory, boundless derivation.

The rules of space spread endlessly, and there was still a raging fire in the sky, burning everything and covering the entire hall.

The many overlords in the hall could not escape his control no matter how they escaped, as if the little bird was caught in a big net, struggling.

"Space is closed, the palm of the sky is captured, the sky is burning, and no one can escape. You are all sinners who have been blinded by greed and hurt Sisi, one by one, all of them will die."

Qin Chen's spatial power blocked everyone, the blazing sky was burning, and the eternal sword aura was crisscrossed, and an overlord suddenly screamed and screamed in terror.

"No, forgive me, kill me, the heavens will not let you go, and the forces I belong to will not let you go, I am waiting to know it is wrong." One of the peak overlords roared, his mind collapsed, and he began to beg for mercy. "Don't ask for mercy, he is a demon. If he dares to kill so many of us, he will definitely not die. We are all heavenly arrogances. How could we die here. Joining forces to resist, there must be a chance to be found." Another peak overlord suddenly He became tough, his eyes gleamed with Ming Wu, and there seemed to be a sign of breakthrough. He deserved to be a peerless talent. In a dangerous situation, he actually began to break through. Like Donghuang Jueyi and others, he must master that trace. The way of the Lord, got

Ming Wu!

It's a pity that Qin Chen immediately focused on him. With a big hand, the sword energy was vertical and horizontal. The peak overlord who had broken through was cut to death first, and his flesh and blood were distorted and turned into countless laws of origin. in vivo.

The remaining peak overlords also exploded one after another.

Screaming again and again.

As for some ordinary overlords, they were killed directly under the sword aura, and then burned by the sky fire and turned into nothingness.

What kind of a miserable picture?

Hundreds of overlord masters were imprisoned by Qin Chen, beheaded and refined, and the essence of the body turned into a billowing dragon, which was absorbed by Qin Chen, forming an extremely tragic appearance.

So many masters were completely wiped out by Qin Chen, all killed, turned into their own essence.

How abnormal is this? How incredible is it? Every pinnacle overlord master is a superb figure among the overlords, but was killed and refined by Qin Chen, whose realm is not as good as them. Donghuang Jue almost fell out of his eyes. He had just been stunned by Qin Chen's sword, and his anger was exhausted. It took three full minutes to recover. After recovering, he saw the sleeping car begin to slaughter. , Kill all the overlords

Clean, refined and refined into the body, evolving the vision of a vast god.

"How is this possible? Is it so powerful? Is this the overlord? The overlord realm, with such power? This is still a human?" His IQ can't imagine how Qin Chen is so cruel and ferocious. Just a moment, he took the eight peaks. Overlord masters and their strong men were all beheaded and refined? Powerful as a bone saint, Luo Jinan resists

Can't help it? The continuous play of burning soul and blood is so vulnerable in front of him.

At this moment, Donghuang Jueyi also had a retreat, not daring to compete with Qin Chen for the edge.

Qin Chen is too strong, even though he is a master who has mastered the way of the Holy Lord, he is a realm above him, according to the truth. It is impossible for the overlord to contend with the strong who masters the way of the holy lord, but Qin Chen has broken this truth.

He seems to be the terminator of truth, and any laws and principles do not apply to him, creating amazing miracles.

"East Emperor Jue One, now it's your turn!" Qin Chen's voice conveyed, countless visions were incorporated into the body one after another, and the huge rage of vitality also settled down, which showed that he was completely suppressed. The eight pinnacle overlords and all the origins of many overlords have stabilized

, Completely refined.

The vision disappeared. Qin Chen stood as calm as water, standing in the hall, looking at Donghuang Jueyi: "You are the pinnacle overlord who masters the way of the holy lord. Originally, you can become a supreme man, become a master of the holy lord, and even dominate the heavens. One side, unfortunately

, You actually did something to my woman, nine heavens and ten earth, heaven and earth, there is no place for you anymore, today, this young master will kill you, let you know what despair is. "

Qin Chen said coldly, walking towards Donghuang Juyi step by step. "Want to kill me, it's useless. You can't kill me, but you are going to die because you colluded with the witch and swallowed so many celestial masters. As long as I send the news back to the celestial realm, you will be chased by the celestial infinite masters. , Then, anyone

I can't save you, hahaha, the master of the Western Heaven Realm listens to orders. "

"The dark emperor's crown blends into my body, reverses Yin and Yang, and travels through the void."

Boom!

The Eastern Emperor uttered a loud roar, and the Dark Emperor's Crown instantly merged into his body, and then turned into a black rainbow light, engulfing the few remaining masters in the Western Heaven Realm, and was about to rush out of here.

The entire void was emptied under his body, Qin Chen's space was sealed, and the half-step holy master treasure, the Dark Emperor's Crown, suddenly penetrated and pierced away.

"Did you go?"

Qin Chen's eyes were cold, and the corner of his mouth was sneered. In his pupils, the breath of time diffused out, and an invisible force of time enveloped the void.

The people of Donghuang Jueyi were suddenly imprisoned in the void, unable to move. Their bodies were still in a shuttle posture, motionless, but their thoughts were still running, and they were all frightened.

"The power of time is just the power of time."

They screamed in horror.

"Yes, it's the power of time." Qin Chen seemed to know what they were thinking. He suddenly appeared behind Dong Huang Jueyi, snorted, poking his right hand out, like a sharp sword, directly piercing Donghuang Jueyi's body. , Penetrated the first heavenly arrogant of the Western Heaven Realm into the void.

[Chapter 3049: Bloody sky](#)

Originally, Qin Chen's time rules could only imprison a certain person during the moment of activation, but now, after breaking through the overlord, the time rules in Qin Chen's body have also been improved. During the display, the void is imprisoned, let this Fang Tian

The passage of time in the earth stopped, and the Donghuang immediately dealt a fatal blow.

"what!"

Dong Huang Jue was pierced through the void and screamed miserably, the original law in his body began to collapse, and a mighty force poured into his body, and began to swallow the power and magical powers in his body.

The power in his body began to slowly disappear, being swallowed a little by Qin Chen, refined, and turned into Qin Chen's own power.

Countless blood ran across the sky, and in the blood, golden dragon-like hegemony laws surged, extremely large, showing the aura of the saint master's way that swept through the prehistoric ages, and every hegemony law was extremely powerful.

But these overlord's laws were all converged into the body by Qin Chen, and they were crazily refined by the Zixiao Dou Li Gong and the technique of patching the sky, making Qin Chen also feel a trace of the aura of the saint master's way.

"As expected to be the Tianjiao who has mastered the way of the Holy Lord. This rule of the hegemon is much stronger than the ordinary Tianjiao, but in front of this young master, there is only one dead end." Qin Chen said with cold eyes, on the master of the Holy Lord. Dao, this Donghuang Jueyi is much weaker than Shenzhaojiao. The Shenzhaojiao is the reincarnation of the holy lord. His mastery of the heaven and earth road has reached the point where he can reach the peak, but the Donghuang is the only God.

The way, but he had just realized that he had mastered the Holy Spirit Realm, and it was undoubtedly more suitable for Qin Chen, who was now in the Overlord Realm.

By devouring analysis and absorbing the way of the Holy Master within the East Emperor Jue Integrity, Qin Chen can also feel a trace of the breath of the Holy Master, which will also be of great benefit to him in the future mastering the way of the Holy Master.

Rumble!

The thick rule of the overlord, with the faint aura of the way of the holy master, was extracted by Qin Chen like a pillar of heaven and integrated into him. "No, what kind of power is this, why is it devouring the power in this seat's body? Am I dreaming? This peerless talent, who will never come out forever, practice hard in the Western Heaven Realm, tearing the law every day, and then Reuniting the body, talent

Cultivation to the point where I am today, among the overlords, I am the first. Why would I be defeated by you? This seat should be invincible. "Dong Huang Jue roared again and again, struggling fiercely, trying to break free from Qin Chen's restraint, but Qin Chen's palm was confined to the void, like a holy lord's capture, irresistible, and the boundless will of heaven, landing down, confining his body to death. Let him not move at all

Got.

"Where did so much nonsense come from."

Qin Chen's eyes were fierce, and the ancient energy in his body poured directly into his body.

Boom!

Donghuang Jue had his whole person, being swarmed by Qin Chen's violent power, his face, body, limbs, and neck bulged like an inflated toad.

"Ah! Crown of the Dark Emperor, help me leave!"

Donghuang Jueyi was dancing with his limbs, struggling desperately, madly urging the Dark Emperor's Crown to escape from here, the Dark Emperor's Crown madly urging him immediately brought a trace of oppression to Qin Chen.

"Quick, save Donghuang absolutely!"

Only some of the remaining Western Heaven Realm overlords also roared and shot together to rescue the Eastern Emperor. But Qin Chen did not move at all. These ordinary overlords did not even have the qualifications to break his defenses. Qin Chen was naturally fearless. Only the Dark Emperor's crown made Qin Chen throb, but his body immediately filled with a breath of sky-repairing hammer.

In an instant, the Dark Emperor's Crown was like an ant that was frightened by the Shenlong, suddenly quiet and unable to move.

"What kind of breath is this?" The Eastern Emperor was desperate. The breath escaping from Qin Chen's body had firmly imprisoned his Dark Emperor's crown, unable to mobilize any power at all. He still wanted to struggle, but to no avail, even more terrifying ancient air poured into him.

Of the body.

With a bang, Donghuang definitely exploded and turned into countless flesh and blood, and the pillar-like rule of hegemony actually flew away spiritually.

However, Qin Chen opened his mouth and inhaled, all the overlord laws that flew out through the air were all sucked into his mouth and entered his body.

The entire Eastern Emperor was absolutely one, and he was taken into his body, swallowed, and refined.

"And you!"

Qin Chen reached out with a big hand and once again enveloped some of the Western Heaven Realm masters in this life, bang bang bang, these masters exploded together, Qin Chen was all incorporated into his body in the screams.

Countless screams were conveyed from Qin Chen's body, as if his soul had fallen into purgatory, and he was so miserable after receiving the torment of the eternal flame, so tragic that people with incomparably determined minds would have goose bumps in their bodies. Come. This is the Eastern Emperor Jueyi and many Western Heaven Realm masters who were taken into the body by Qin Chen, entered the Palace of Zixiao Dousui, and then smelted. Not only was Zixiao doubling the palace, Qin Chen even used part of the power of the sky-repairing hammer in his body.

The source has reached the highest power and smelt.

Living and directly melting, Donghuang Jueyi finally felt the pain, and even in his soul, he felt regretful, regretting the enemy of Qin Chen.

He was invincible, and he never dreamed that Qin Chen was so tyrannical that he would kill all the masters in the entire hall. "No, don't kill me, I am willing to surrender to you, to be your slave, and to serve you. As long as you let me go, I can sacrifice my soul and surrender to you. I am still useful. I will become the Holy Lord in the future. Character, will definitely bring you many

The help of killing me will only make you offend many forces in the Western Heaven Realm, which is not cost-effective. "

In the palace of Zi Xiaodou, the soul of Donghuang Jueyi let out a final roar, he was begging for mercy, willing to surrender Qin Chen in exchange for life. But Qin Chen's expression remained unchanged and his eyes were cold. If the Eastern Emperor hadn't dealt with Sisi and subdued this person, it would be harmless, but this person dared to do something with Sisi, and he was still the culprit. Thinking person,

Qin Chen would never let him live.

puff!

The sky fire burned, and the soul of East Emperor Jueyi was completely extinguished and turned into pure soul power, which was absorbed by Qin Chen. Under the operation of the Book of Origin, various dark emperor breaths appeared, and then Qin Chen grasped it.

"Receive!" As soon as Qin Chen raised his hand, he took the dark emperor's crown into his hand. A billowing power emerged from his body, and the dark emperor's magical powers were revealed. The emperor's momentum soared into the sky, more than what Donghuang had done before.

During the exhibition, it will be even more terrifying. After swallowing the Eastern Emperor Jueyi, Qin Chen mastered the magical powers of the Eastern Emperor Jueyi, and could naturally spur the Dark Emperor's crown.

[Chapter 3050: Serve adults](#)

At this moment, except for Qin Chen in the entire hall, the rest of the overlord masters fell, not one left, and a tragic aura haunted everywhere.

Qin Chen stood here like the same demon head, looking up at the flame palace and dark altar above the sky in the distance. "This is the place of inheritance of Venerable Tianhuo and All-Spirit Demon Venerable? Why is the palace so similar to the Palace of Purple Clouds. It's no wonder that the Palace of Purple Clouds was changed before. Could it be a replica of the Palace of Venerable Tianhuo? This is the heritage palace of Venerable Tianhuo

Palace, is the palace of Zixiao Dousui in the true sense? "

Qin Chen felt the connection between the two, thinking about it, he was basically affirmed now that the Palace of Purple Clouds is definitely a replica of the palace inherited by Venerable Skyfire. So, he and Venerable Skyfire still have some sources. In particular, Zixiao Dousui Palace is not only a Heavenly Fire Supreme Treasure, but also an Alchemy Supreme Treasure. At present, his imitations are only Heavenly Holy Supreme Treasures. At most, it can refine heaven-grade Holy Pills and refine enemies. Powerless, but if

Having obtained this real Zixiaodou rate palace, as long as he can spur a little bit, he can easily refine the top master, and even the Holy Master can refine it after he has made a breakthrough.

If combined with the technique of patching the sky, how powerful will this Zixiao Dousui Palace be? Qin Chen was a little excited to think about it.

However, Qin Chen is more worried about Sisi now, because he has already taken in the memories of these masters, knowing that Sisi disappeared because of the sudden appearance of the treasures of the two venerables and was taken by an invisible light. Up.

What the light was, even Qin Chen couldn't tell, he didn't know whether Sisi was alive or dead.

"Sisi, where are you on earth? Are you among the precious treasures of the Venerable?"

Qin Chen murmured, rising to the sky, no longer wasting time, and rushed towards the heritage of the two great venerables.

And in a secret void outside the hall, Shao Jikang and other masters of the Eastern Heaven Realm were hiding in a secret void at this time, all fearful and pale.

"How could this be?"

"Dong Huang Jue one person was defeated by him? Swallowed into the body and began to refine? Is this true? Not an illusion? My eyes are sure that there are no flowers?" "What happened? Dong Huang Jue Yi The adult was pierced with a punch by him, then grabbed the body, directly sent into the holy yuan, held up to explode, swallowed into the body? Why is it so fast? Even a half-step holy lord can't take the Donghuang so quickly

Overwhelmingly defeated! "This Qin Chen is too strong. It's really abnormal. It's much more terrifying than the Divine Son. When did we see such a demon in the Eastern Heaven Realm?" Donghuang is absolutely a big man, he is a master with the same fame as Master Yao Wuming, he just beheaded it.

? "

All of them were frightened, carefully hiding in the void. They were originally prepared to find the opportunity to secretly compete for the Holy Vessel of the Holy Master, but now they are so scared that their souls are almost gone, fear in their hearts, and they don't even have the courage to escape.

"Master Shao Jikang, what should we do now? Do you want to escape?" "Escape? Are you looking for death? The Eastern Emperor Jueyi of the Western Heaven Realm can't escape even while urging the Dark Emperor Crown. You and I can avoid this Qin Dust chasing? He doesn't seem to find us yet, just hide here carefully, don't let him find out, wait for him

After leaving, we will go again. "

"Look, Qin Chen has left the main hall. This is... going to Venerable Skyfire's palace."

"Great, he is leaving."

Shao Jikang and the others watched Qin Chen's figure sway, disappeared from their sight, and left directly, all of them relieved, and the tight body also relaxed, only to realize that the cold sweat was dripping from behind. "Let's go, we will go to Master Yao Wuming right away. We must tell him what happened here, and work with Master Yao Wuming to find out his secrets. This person is too strong. He must have some kind of shocking secrets. If Can get from him

Secretly, the strength of each of us can skyrocket. "

"Furthermore, he also killed the Eastern Emperor Jueyi. If we tell the West Heaven Realm this news, we will definitely get a lot of rewards."

An overlord calmed down, his eyes flickered, and said excitedly.

He was terrified before, but now seeing Qin Chen leave, he immediately gave birth to various schemes. "Good idea, what is the inheritance of Venerable Skyfire? Such a chance can only be obtained by a few people, but if we can kill this Qin Chen and know the secret of Qin Chen, then even if it is not comparable to Venerable Skyfire's inheritance, Allows us to have

It is very possible to enter the realm of the Holy Lord in the future if the breakthrough is felt! "

"That's right, with the power of the overlord, I was able to kill the Donghuang Juyi who had a trace of the way of the holy lord. I don't even say that I have seen this method before, and I have not even heard of it. There must be a shocking secret in this person. ."

Many of the overlords present were all excited.

"Really? Take Ben Shao's secret in exchange for your glory and wealth. Has this wishful thinking ever asked Ben Shao?"

Suddenly, a cold voice rang out in the void. The overlords who were triumphant and thought up all kinds of strategies, their expressions froze all of a sudden, as pale as if they had seen a ghost.

"you....."

The crowd turned their heads in amazement and saw not far away, a figure standing proudly there, looking at them indifferently, it was Qin Chen.

"You...didn't you leave?"

An overlord trembled and lost his voice.

"Huh, can the mere concealment of the void technique escape Ben Shao's perception?"

Qin Chen's eyes flashed, and he rolled over with a palm. Suddenly, a huge palm appeared in the void, and the rumbling cover was pressed down.

"No!" This group of overlords concealed in the void jumped in horror one by one, rising up, like countless birds being startled from the tree, fleeing in all directions, but Qin Chen's giant hand, like a sky, is majestic. Stubborn, full of breath

Man, with a bang, imprisoned all the overlords in the void and photographed them severely.

Puff puff!

These overlords burst open one by one, and were sucked hard by Qin Chen.

In the blink of an eye, they died clean, but Shao Jikang and a beautiful woman did not fall. After Qin Chen's vast palm was pressed, they did not kill them, and the two were safe.

The two watched as the masters around them exploded one by one, touched their bodies in horror, and murmured, "I...not dead!"

"Puff!"

Then Shao Jikang knelt directly, "Brother Qin, no... Master Qin Chen, spare my life, I am willing to follow you and obey your orders."

"Master Qin Chen, a fairy in Xianguang, willing to follow the adult, serve the adult, look forward to the adult, and ask Master Qin Chen to keep me alive." The beautiful woman also trembled, and she was so pitiful that she even took her clothes off her body. They all pulled a point, revealing the white neck and shoulders, looming, full of temptation.
