[Chapter 3171: Nine poles of water](#)

At this moment, the whole world seemed to be rippling among the endless snow-capped mountains, the goddess descended, and countless snowflakes scattered in the sky, this beautiful woman stood proudly in the heaven and earth, like the goddess descending, shocking everyone's hearts .

She was wearing a white dress, like the nine-day goddess who descended from the sky, with a temperament of banal, she did not look like a person in this world.

Too detached.

Her skin was snow white, but it was not lifeless snow white, but with a mellow divine light, there was a hazy radiance all over her body, which made everyone want to worship her feet.

Moreover, the aura on her body is extremely terrifying, just so curled up, like a fairy who does not eat the fireworks in the world, otherworldly.

Who is this?

Everyone was shocked and stunned, their eyes staring straight, attracted by the temperament of this goddess, in this vast battle, this woman suddenly appeared in the sacred place of Yaochi, set off by endless battles, appeared Extraordinarily stunning.

"Qianxue!"

Qin Chen's heart trembled suddenly, blurted out, excited.

This woman turned out to be Qianxue.

After a few years of absence, the aura on Qianxue's body has become more and more detached, and the supreme power lingers around her, like a nine-day mysterious girl.

"What? Is this woman Qin Chen's friend?"

Palace Master Xueyang and the others were shocked when they heard Qin Chen's murmur. Such a slanderous woman was actually Qin Chen's woman?

But also, apart from that enchanting evil like Qin Chen, who else is worthy of such a beautiful woman?

"Hahaha, kill!"

"We are worried that we can't find Qin Chen's weakness. Right now, we are just grabbing his woman and forcing him to catch him with all his hands."

Suddenly, Palace Master Xueyang and the others were all excited and crazy, and they rushed down like lightning, reaching out their big hands, trying to capture Qianxue.

Qin Chen suddenly changed color. When Qianxue entered the heaven realm, he had just broken through the holy realm. In the past few years, even if he had obtained the inheritance of the Guanghan Palace Master, how far would he improve?

Like Murong Bingyun and Wei Siqing, it is estimated that they are already in the sky, how can they withstand the attack of so many master masters?

Qin Chen's face changed, and he was about to rush up to help him.

But how could Palace Master Ren Wang give Qin Chen such a chance? He laughed, and immediately killed him, the magic rune in his hand was spurred to the extreme, boom and boom, and the divine light poured down continuously, giving Qin Chen no chance at all.

Seeing that Palace Master Xueyang's three protruding palms were about to hit You Qianxue. suddenly.

Qianxue, who had closed her eyes tightly, suddenly opened her eyes.

boom! It seemed that there were two divine rainbows, bursting out from the clear eyes, hum, Qianxue suddenly appeared a stream of water all over his body, these water currents, flowing quickly, facing the three palace masters enough to tear the sky. Terrible attack

Changing the color, he just gently stuck out his slender palm.

Immediately countless currents of water entangled, and this current contains heart-palpitating power, as if it were the king of water between the world and the earth, the mother water.

The slender palm was soft and white, and fragile as if it could not withstand a single blow. It could hold the heavy water flow, but gently resisted the huge palm that opened up to the sky.

Boom.

A huge explosion sounded, the endless coercion diffused, and it was suppressed by You Qianxue, but You Qianxue's figure did not move.

Only her black silk was flying all over the sky, and the white dress on her body was dancing with it.

Her palm, which controls countless water currents, blocks the huge and towering **** palm, just like a bird in front of a giant, so vulnerable.

But no matter how the three of Palace Master Xueyang did their best, their complexions were flushed, and the **** palms like the ocean, but they could not fall down. Instead, they were disintegrated by the vast water, bursts and bursts. .

At this time, the breath of You Qianxue's body was finally completely exposed.

The avenues of the Holy Lord lingered around her, exuding the breath of the Holy Lord.

Holy Lord?

Qin Chen's friend in front of him, this woman turned out to be a holy lord?

Many people who knew the origins of You Qianxue, such as Wei Siqing and others, were also taken aback!

wrong! The three of Palace Master Xueyang perceived them carefully, but they shook their heads, because although You Qianxue exuded the aura of the Holy Master, in fact, she only mastered the way of the Holy Master, operated the laws of the Holy Master, and displayed the Holy Master. The coercion, but she really

The cultivation base, like Qin Chen, was only at the peak of the holy master.

Only half of his foot entered the realm of the Holy Lord, and there was still a lack of final breakthrough.

As soon as this truth came out, they couldn't help making them even more terrified and more difficult to accept.

by! It's enough for Qin Chen's abnormality to appear in the whole world, and the reason why Qin Chen is so terrifying, Palace Master Xueyang and others have also learned about it. After all, Qin Chen has the inheritance of the sky fire and has the sky fire. Disaster

Underworld fire, Zi Xiao led the precious treasures in the palace, including the weird black sword in his hand, in addition to that, Qin Chen, who had obtained the inheritance of the demon fire from Venerable Skyfire, was also far beyond the ordinary holy lord under the control of Heavenly Dao.

That's why it showed such strength.

But where is this quiet snow?

I have never heard of it at all, and I have not even entered the heaven trial. Why is it like that Qin Chen has such a strength against the sky?

All of them sounded in their minds what the Holy Master Feihong had said before, Palace Master Guanghai possessed a mysterious inheritance, once it was obtained, it was enough for all of them to get amazing breakthroughs and improvements.

Before Palace Master Xueyang, they just regarded this as a story deliberately made up by Holy Master Feihong in order to cooperate with them. Now it seems that it is really the case.

At least, they couldn't understand the weird current surrounding You Qianxue at this moment. Even when You Qianxue was born before, that scent in the darkness, even their master masters had the urge to kneel and worship.

"kill!"

The three of Palace Master Xueyang roared, rumbling, and continued to attack You Qianxue frantically. But it was useless. They discovered to their horror that no matter how they made their moves, they would be resisted by the terrifying current of water exuding the highest aura around You Qianxue. Their Holy Master's might, before the current, was firmly suppressed. it seems that

A terrifying treasure beyond the realm of the Holy Lord. "This is the water of the Nine Extremes... the mother water that was born when the world was opened up, the Chaos was born, and the water of the nine extremes can only be mastered after Master Taiyin Nine Great Dao, cultivated into the Taiyin void spirit body, and the soul is condensed into the glazed lotus. To be able to control

The Way of Fear! "No one noticed, at this time Palace Master Guanghan was shaking with excitement, his eyes were horrified, and he murmured.

[Chapter 3172: Can't hold it](#)

In addition to Palace Master Guanghan, among all the creatures present, there was one who recognized the Nine Extremes of Water.

It's a **** cat.

"Damn, it's the water of nine poles."

Among the jade disc of good fortune in the universe, the **** cat almost jumped out, his eyes staring.

"Hey, kid Qin Chen, what kind of inheritance your wife has gotten? You actually master the water of the nine poles." The **** cat sucked in a cold breath: "Tsk, this is the mother water that was born when the world was opened. Ordinary people can't grasp it at all. It's similar to your time origin. Of course, the two are completely different powers.

Even ordinary venerables are not qualified to have it. "

The **** cat was turning around among the jade discs of good fortune in the universe, and with that expression, he could not wait to rush out to **** the water of the nine poles from Qian Xue.

"dust!"

You Qianxue resisted the three major palace masters, then turned to look at Qin Chen.

There is endless nostalgia in his eyes.

"Qianxue!"

Qin Chen smiled.

Qianxue's strength also made him completely relieved.

But the Lord Niu can't worry about it.

"What are you doing in a daze, do you want to get something for nothing? Quickly take down the woman."

The holy master of King Ren was anxious. His purpose of getting the three major palace masters out of the battle was to cause trouble for Qin Chen, but now the three of them can't even hold a woman. What is the reason?

After being so reprimanded by Palace Master Ren, the three major Palace Masters are all suffering.

You can try it? The nine-pole water in Qianxue's body was extremely terrifying, and their attacks could not penetrate the opponent at all. The Holy Lord of King Ren had a rune given by the Holy Lord of Destruction, but what about them? Nothing, but You Qianxue's strength is terrifying, so immediately let them

I have a headache. Moreover, Palace Master Yuming's body was rubbed by the water of the Nine Extremes before, and ice was formed in the place that hit it immediately, and the terrifying power of Tai Yin invaded, even the cultivation base of his early peak Holy Master, Can't be refined easily, it's almost a ghost

Up. Originally thought that they could jump out of the battle group, could dominate and slaughter in Guanghan Mansion easily, distracting Qin Chen, then as long as Qin Chen is not careful, everyone can take the opportunity to take the opportunity to kill the other party, but Wan Never expected, Qin

Chen's woman unexpectedly left, and she was as perverted as that of Qin Chen, so that the three of them were completely unable to release their hands.

Whoosh whoosh!

The terrible Nine Extremes of Water was constantly swept in, which made them a headache and did not dare to approach.

They stepped back one after another, and then shot again, boom and boom, one by one, big hands appeared, and they patted You Qianxue.

Holy Lord Nioh almost died of anger, what good is it for you to fight so far apart? At first glance, the woman's strength is very terrifying, and she must be approached and inflicted severe injuries with continuous heavy blows in order to injure her.

You are so far apart, are you tickling her?

Qin Chen laughed, completely relieved, his figure shot out, and he didn't even notice the attack on Qianxue by the three of Palace Master Xueyang, and launched a fierce attack on the Holy Lord of King Ren.

His desolate body is incomparable, and he is not inferior to the Lord of Niu, and even worse. Therefore, although the rune attack of the Lord of Niu caused him a headache, there is currently no fatal danger.

Bang bang bang, although he was smashed into a crooked shape, he was killed without any injuries, and he slashed towards the Lord of King Ren. The Holy Lord of King Ren snorted, his eyes were cold, the matter was over, he was in no mood, no time to care about with Palace Master Xueyang and the others, he could only fight Qin Chen with all his strength, he saw how Qin Chen cut with one sword. Kill Palace Lord Tianshan and Holy Lord Feihong

Yes, naturally I dare not resist the mysterious black sword.

But he also has strong self-confidence. He is the true early peak holy master, and he also possesses the power of a rune. Couldn't he still suppress Qin Chen?

The Holy Lord of the King of Ren fully urged the magic runes and confronted Qin Chen head-on. His realm was higher, would he still be afraid of Qin Chen?

boom! boom! boom!

The two moves are reckless, the collision of each other's sacred elements makes a loud noise that shakes the world and the earth, and the evil spirits gushing out of the rust sword, are all turned into

substance, the mysterious rust sword is black, and the magic rune is blue, like The two oceans are facing each other.

The Holy Lord Nioh shot with all his strength, his gaze was dazzling, and the rules of the Holy Lord seemed to be part of his body, and everything was extremely terrifying between his actions and gestures. Then he urged the power of the runes, and he was a **** of war.

Qin Chen held the sword in his right hand and clashed with the opponent without any counsel.

He is indeed inferior to Shengyuan, but he is tyrannical and afraid of being a hairy?

Moreover, every time Qin Chen was bombarded by that magic rune, he felt the power in it.

The power of rules in the mid-sage.

Although Qin Chen received the inheritance from Venerable Skyfire, it was only an inheritance, knowledge, real power, and Qin Chen needed to go forward and feel it himself. Therefore, while Qin Chen waved the mysterious rust sword with his right hand, his left hand formed various terrifying magical powers, the rifted divine marks, the origin magical powers, the ancient extreme magical powers, and various rules, space rules, time rules, killing rules, eternal rules,

The rules of destruction, the rules of catastrophe, and all kinds of powers were constantly enlightened and flashed out by him.

You should know that the civilization and rules that Qin Chen mastered in his body are too scary and endless. Each rule of cultivation to the extreme corresponds to a great way that allows people to become a holy master. However, Qin Chen did not want to use any single rule to break through the Holy Lord. He knew a lot, and knew that if a single rule broke through, although it would be stronger and more specific, it would also cause a certain degree of restraint on himself. , He and ordinary

The warrior is different. He masters the book of origin, possesses various civilizations, and must form a perfect heaven by himself. Therefore, he killed many holy masters, and will not completely absorb their origins, but only perceive their power, extract the essence of their origin rules, and bred their own avenues. Only with this avenue can break through the holy masters ,

Can truly be called perfect. Under the fierce battle, Qin Chen obtained the inheritance of the Skyfire Venerable, the Ten Thousand Spirits Demon Venerable inheritance, and mastered so many great avenues, absorbed so many of the origins of the holy master, so that he had mastered the ultimate understanding of the great avenue. , There is no control

Live the cultivation base, the urge to break through.

This is also reflected in his body, the light of the Holy Master is constantly rising, and the breath of the Holy Master is boiling.

"Huh? This kid actually cultivated in battle, trying to break through the realm of the Holy Master?"

The holy master of King Ni was shocked.

Damn, is this still a human?

"Hmph, you want to break through the Holy Master to resolve the crisis of this seat, thinking too much? Breaking through the Holy Master requires too many resources. With your cultivation base, you can't hold a single Holy Master's vein?" Holy Lord Renwang sneered.

[Chapter 3173: Completely terrified](#)

"Who said I am going to break through the Holy Master now?" Qin Chen smiled faintly: "Besides, the Holy Master's Saint Veins on this young man's body are not enough now, but he killed you, directly annexed your Royal Mansion, and asked Han Tian. Isn't it enough for other mansions?"

"You..." The saint master of King Ren's heart was chilled, and his entire body was erected, because he woke up in an instant. If he loses, and Qin Chen obtains the holy veins of their major residences, it is really possible to break through to the saint. The main realm, when the time comes, this kid will

How strong will it be?

"kill!"

The Lord of Nene couldn't hold back completely, and rushed forward with a roar. The Holy Lord of Ren Wang is more aggressive because he knows that Qin Chen is comprehending and trying to comprehend his own way of the Holy Master in battle, so he has to interfere with the opponent, because Qin Chen is walking and it is quite dangerous. The consequences are quite possible

If you are afraid, it is small that you can't break through. Once you get into trouble, don't you give yourself a chance to kill the opponent?

But Qin Chen is extremely calm, madness? This doesn't exist in him.

At the same time as he realized, a lot of thunder light appeared on his body.

This is natural. The Lightning Rule is the law of blood in Qin Chen's body. It is similar to the law of natal life. As he is about to break through the great event of the Holy Master and merge into the Way of Heaven, it is impossible for the Lightning Rule not to appear.

"this is....."

Feeling the law of thunder on Qin Chen's body, Palace Master Guanghan's eyes condensed again, revealing a strange light.

"It's this power, it's this power."

Palace Master Guanghan was trembling.

Although she had seen the law of thunder on Qin Chen's body, she didn't realize it too deeply at the time, but now she felt that she was immediately clearer and more excited.

However, the Holy Master of King Ren frowned, he naturally did not see the special thunder law of Qin Chen, after all, the power of thunder and lightning is extremely destructive, not to mention the power of thunder cultivation in the heavens, but it is not without it.

Hum!

When the Thunder Rule appeared, Qin Chen's body began to undergo earth-shattering changes.

Klang Klang, in the sea of knowledge, all soul marks are undergoing transformation.

Qin Chen's soul was the first to change, and the aura that exuded seemed to be able to shake the eternal sky, and his body also began to undergo a strange transformation, as if he had awakened a certain mysterious power.

Boom, a thunder roar suddenly sounded in the sky, as if a catastrophe was forming, but when he raised his head, there was nothing.

This is amazing. Qin Chen hasn't broken through the realm of the holy master. He just condensed a rudiment of his own holy master's way. But as soon as it appeared, it moved the world and roared, showing how terrifying the rudiment of the holy master's way is. Up.

In this world, there is no strong way of heaven, only the way that suits you is the strongest way.

Suddenly, Qin Chen felt a trace of comprehension in his heart. There was a sense of extreme hunger and thirst in his body, as if he was about to absorb infinite power, a kind of holy master's way, to be quietly formed.

"not good!"

Qin Chen immediately stopped his breakthrough. He has a feeling that if he directly impacts the way of the holy lord and does not have enough holy lord holy veins, because his physical body cannot absorb enough power, he will directly devour his own blood, life, origin and even soul. At that time

At that time, he will be dissipated on the spot, with no bones left.

The breakthrough of the Holy Lord is dangerous, and it cannot be broken through casually.

It is not the time yet.

Qin Chen stopped his perception immediately, and now he had enough insight and only owed resources, which was another important purpose for him to return to the heaven.

"ended!"

Although Qin Chen did not hit the realm of the Holy Master, Qin Chen could feel that the light of the Holy Master in his body became more brilliant, the temperament of the whole person became more and more detached, and the strength was also amazingly improved.

Obviously there was no breakthrough, but Qin Chen felt that way.

He raised his head, looked at the Holy Lord of King Ren coldly, and said indifferently.

"Huh, it's just arousing the Tribulation of the Holy Master, and it didn't even break through. What's so self-confident." Holy Master Ren Wang sneered.

Isn't this kid's brain broken through cultivation?

Hush, Qin Chen's figure rushed out, turned into a thunder light, and the terrifying power was activated, he instantly came to the front of King Ren Wang, the mighty way of the holy master exuded from his left hand, wrapped in his fist and blasted past.

This punch was so fast that the Holy Master of King Ren was shocked. Qin Chen's speed increased so much?

Amidst the anger, the Holy Master of King Ren immediately urged the magic rune, roared, and burst out a terrifying light to counter Qin Chen.

Bang! The two forces collided, and under the fierce roar, the divine light was burst open by Qin Chen in an instant, but Qin Chen's body did not move, urging the rules of time, and the void suddenly became chaotic, and Qin Chen's fists were strange. Appeared in Ren

In front of Wang Shengzhu.

"not good!"

The Lord of Niu was shocked, but it was too late.

boom!

He was shocked and flew out immediately, and the sacred body was radiating light. It was not that he was about to show off his might, but that his body was cracked, causing the origin to overflow.

Palace Master Xueyang and the others felt the situation here while fighting, and could not help being shocked, one by one. Although Qin Chen had killed the holy master before, he did not have the element of sneak attack, and he still urged the strange black sword in his hand, relying on the weapon of the gods, this time is different, Qin Chen is a frontal attack, and it has exploded. The rest after the light of the rune

Wave attack.

With a single punch, the Lord of Niu was beaten to death. Although he was not dead and could not be compared with the lore, it was still inexplicable.

How could strength suddenly increase so much?

Qin Chen was very satisfied. He moved his arms, only to feel the strength and blood boiled, making him uncomfortable.

Although his cultivation level has not broken through, his realm has improved, his understanding of the way of heaven has improved, and the power of the rules he has displayed is naturally stronger.

"I will sacrifice you first."

Qin Chen tried an attack, and again swung the mysterious rust sword to kill the past, asking him to cut off the head of the King of Ren.

"Help me!"

The holy master of the king screamed, the blood of the king broke out in his body, his voice was horrified, and he fully urged the rune.

puff!

The divine light was burst open by the mysterious rust sword, but it also stopped Qin Chen's attack a little bit. At the same time, an inexplicable sword energy penetrated and immediately left scars on King Ren's body.

The soul under the Holy Lord of King Ren is almost gone, he has never encountered such a dangerous situation, and he is so embarrassed.

Whoosh!

Qin Chen missed a sword, and once again slashed.

Whoosh whoosh!

At this time, Shenzhao Guru and others hurried over, hurriedly helping.

"A sea of blood is floating!"

Moreover, the blood sea transformed by Palace Master Xueyang suddenly engulfed the Holy Master of King Ren and wanted to leave here. They were completely terrified, and did not dare to continue fighting Qin Chen.

[Chapter 3174: Is it funny](#)

However, they immediately knew what despair was and what it meant to be self-defeating.

Qin Chen couldn't resist at all, his left hand burst out with shocking power, the power of terrifying rules poured down, and his right hand swung the mysterious rust sword to cut all rules and power.

The terrifying power instantly plunged into the sea of blood.

"what!"

Palace Master Xueyang roared, and his whole body was full of blood, appearing from the sea of blood. This time, his injuries were more serious, his whole body was seriously injured, blood was showing on his body, and he couldn't stop it.

And a cold force began to pour into his body continuously.

"Since you want to die, kill you first!"

Qin Chen sneered, booming, he attacked forcefully, turned into thunder, and slashed towards Palace Master Xueyang. Immediately, the others hurriedly shot to save Palace Master Xueyang, thinking that it was time for his lips to die and his teeth were cold.

Especially Palace Lord Ren Wang immediately urged the magic rune to target Qin Chen.

However, Qin Chen urged the corpse of the war clan once again at this time, and a terrifying figure stood in front of Qin Chen, abruptly resisting this attack for him.

And the mysterious rust sword in Qin Chen's hand had already taken advantage of this opportunity to knock down again.

"Do not!"

Palace Master Xueyang roared, desperately resisting, turning into a sea of blood rising, but after Qin Chen's left hand repeatedly used his magic fist, after a few punches, Palace Master Xueyang could not resist immediately, and his figure appeared as he retreated.

call out!

The sword light flashed, and Palace Master Xueyang's head instantly rose into the sky, separated from his body, and flew high in the air.

Boom!

Suddenly, the terrifying blood saint master avenue surging between the heaven and the earth, blood rained.

Qin Chen held the mysterious rust sword with a cold expression.

The remaining Palace Master Ren Wang and the three three holy masters were all horrified. The four of them joined forces to stop them, but they let Qin Chen easily kill Palace Master Xueyang. What does this mean?

If Qin Chen were to target them, they would not be spared.

With such thoughts for a lifetime, they sweated all over.

No one wants to die, especially the Holy Lord, who is aloof and in charge of a mansion, that is the strongest person in charge.

Despair completely emerged in the heart of King Ren, and they looked at Qin Chen, then at You Qianxue, and then at the corpse of the war clan, and their hearts were suddenly terrified.

Up to now, many holy masters have joined forces, and the opponent's strength is getting stronger and stronger, and their people are getting less and less fighting. Several people originally had illusions, but now they are completely desperate.

Suddenly, several people looked at each other, suddenly all turned around and fled.

They don't want the secrets of Qin Chen anymore, nor do they want the treasure and inheritance of this person. Qin Chen's enchanting is indescribable, so don't take his idea.

"Is there such a good thing?" Qin Chen said coldly, sticking out his left hand, and the space rules were immediately displayed, entangled in several people.

Imprisoned!

Suddenly, the three holy masters' body shapes were all a meal, and at the same time, Qin Chen's time rules were once again displayed, confining the void, causing the bodies of several people to stagnate.

However, this stagnation gave Qin Chen a chance to directly block the three of them.

Whoosh whoosh!

Qin Chen, Zhanzu Corpse, and You Qianxue instantly trapped each other.

"Everyone, we fought with them, one after the other."

The Holy Lord of King Ren roared, his eyes were blood red, and he roared at the Lord Shenzhao and Palace Lord Yuming.

"kill!"

Shenzhao Guru and Palace Master Yuming all urged the strongest combat power, burning their blood and lifespan one by one, to rush out here, because they also knew that everyone was now in the most dangerous situation.

On the other hand, the Holy Lord of Niwang was urging the runes, and he didn't make a move with the Guru Master Shenzhao. Instead, he seized the opportunity and rushed to the corpse of the warrior, trying to repel the corpse of the warrior and flee here.

boom!

The light of the rune blasted the corpse of the war clan back into a space, and there was a place that slipped through the net, and the Lord of Niang seized this opportunity and escaped.

"you....."

Shenzhao Guru and Palace Master Yuming were frightened, and never expected that at this time, King Ren would actually use them.

But think about it, it's a matter of life and death. The couple who were originally with Linniao have to fly separately. They are just a cooperative relationship. Who doesn't want to live?

"Shenzhao Master, Palace Master Yuming, this seat will avenge you." Palace Master Ren shouted, and rushed out of the encirclement.

"Can you run away?"

However, a devilish voice sounded, and Qin Chen, who was still guarding the other side, had already appeared in front of King Ren.

"Not good!" The Holy Master Ren Wang was so scared that his soul was almost gone. He turned around and wanted to rush out from other places. He just turned around, and a palace appeared in the void. It was the palace of Zixiao Dousing, instantly suppressing it. Coming down, with a bang, shook the Lord of Nene

Go backwards.

"Kill!" Qin Chen urged the mysterious Rust Sword, seized the opportunity, the sword vigorously dazzled the sky, and instantly penetrated the Holy Lord of King Ren.

The Lord of Nene looked at the mysterious rust sword that penetrated his chest blankly, his expression was frightened, and blood was flowing from the corner of his mouth. Originally, the ordinary Lord's

weapon penetrated his body, but the Lord's body was so powerful that it was only seriously injured at best, but the mysterious rust sword was extraordinary, and immediately permeated the astonishing cold devouring power of its debut, and began to swallow it. his

Soul and blood.

"I....."

The Holy Lord of the King of Ren stared at Qin Chen blankly, his eyes gradually dimmed, he did not expect that he would die in the hands of a young man like Qin Chen.

Wow!

The mysterious rust sword tasted the blood of the king of the king, and became even more fascinating, devouring the power of the king of kings.

"Huh, enough!"

Qin Chen said lightly, drew out the mysterious rust sword, and then directly included the body of the holy master of the king of benevolence into the jade disc of good fortune in the universe.

This is a good thing, how can it be wasted?

At this moment, the remaining Shenzhao Guru and Palace Master Yuming were shocked and terrified. Even the Palace Master Ren Wang who possessed the magic runes was beheaded. Can they both run away?

They understood deeply that in front of Qin Chen, they didn't even have a chance to escape.

Endless fear and regret spread in their hearts.

Knowing this, how dare they hit Qin Chen's idea?

But now it is too late to regret, even if they are willing to beg for mercy, will Qin Chen let them go again?

What if you let it go?

Guru Shenzhao and Palace Master Yuming looked at each other, and unexpectedly began to beg for mercy.

The two looked in horror, begging for mercy again and again, only begging Qin Chen to let them go. They were willing to obey Qin Chen's orders and look forward to Qin Chen's head in the future.

This stunned everyone.

Palace Master Guanghan also stared at the sky blankly, and asked Han Tian two master masters, it turned out to be like a teenager begging for mercy...This picture is too beautiful to watch.

"Haha, forgive you?" Qin Chen smiled, but his smile was very cold, are they funny.

[Chapter 3175: Life and death](#)

First of all, he didn't believe that the gods and teachers would sincerely surrender themselves. Once they waited for the two to get out of trouble, they would inevitably turn back, unless he could enslave

them with their souls. Of course, as long as the two of them are willing, Qin Chen may not be able to leave a mark on their minds, but even if they are willing, Qin Chen is not willing to do so, because the heavenly soul forbidden technique is too special. Masters can enslave others

, But often relying on the soul to far surpass each other.

Once the people of the heavens know that a warrior who is a half-step at the peak of the holy master can actually enslave the two holy masters at the initial peak of the holy master, the shock caused will even be on the inheritance of the heavenly fire.

At that time, the top figures in the heavens will notice themselves and will come to them.

What's more, if they didn't arrive in time, these guys would have to do something to Qianxue.

How can anyone who dares to move his own woman live?

"kill!"

Qin Chen made a bold move regardless of their begging for mercy.

"Ah, we are fighting with you." Godzhao and Palace Master Yuming are crazy. If they can live, the two are naturally willing to abandon their dignity, but they never expected that Qin Chen would rather kill them than accept them. Surrender, which makes their self-esteem and heart suffer

Arrived an unparalleled setback.

Damn, both of them are the holy masters of the initial peak, are they so unwelcome? And if you subdue them, you will not only get the two of them, but even the power behind them.

But Qin Chen refused.

The two of them were extremely crazy at once, and could only fight with all their strength. The Holy Master naturally has the dignity of the Holy Master. Both the God Master and Palace Master Yuming have exploded with the strongest power, burning their lifespan, and fighting with blood.

Of course, those who can achieve the Holy Master are the strong among the strong. Ten thousand masters in the late stage of the Heavenly Saint may not be able to have a Holy Master. This shows the difficulty of achieving the Holy Master, let alone the first peak of the Holy Master. .

The two of them regretted it now, not only that they regretted their own interests and offended Qin Chen, but also regretted that they had not brought all the masters in their forces, otherwise they would never be so embarrassed.

The two great holy masters are doing their best to fight, roaring like thunder, even if they die, they also want to pull Qin Chen back, this is the dignity of the holy master.

Unfortunately, their bravery was only a flash in the pan. Qin Chen was not even afraid of the previous great holy masters joining forces. Now with Qianxue's assistance, how could he be killed by these two?

Qin Chen suppressed the killing forcefully, just hundreds of moves, and the two holy masters gave their heads one by one.

Wow!

The sky shook, countless blood of the Holy Lord fell down, and the sky above Guanghan Palace seemed to have turned into a sea of blood.

Heaven is shaking, as if screaming.

Holy Lord, that is a top master who has mastered a certain avenue to the extreme and merged with the heaven and heaven. The more holy Lords, the stronger the nature of the heavens. Now nine Holy Lords have fallen all of a sudden, and the heavens of the heavens seem to be crying. .

The terrifying ways of the Holy Lord ran horizontally in the sky, giving the countless Guanghan Mansion experts below, boundless shock.

Above the sky, Qin Chen was bathed in the blood of the Holy Lord, his eyes closed slightly, calming the killing intent in his heart.

This time, no one flees, and the nine saints have all fallen, how tragic it is.

Qin Chen's body is not tall. He stood quietly above the sky, accompanied by You Qianxue, behind him, the corpses of the war clan towered high. In this battle, the body of the war clan was bombarded like traces.

The air of death in the body has also been wiped out a lot, and it can be regarded as a lot of trauma.

However, the final record is also amazing, and it can even be called an ancient history, which can be recorded in history.

Everyone stared blankly at Qin Chen, who stood proudly in the sky, like a demon god, eternal life would never forget such a scene.

At this moment, Qin Chen left a mark in everyone's hearts and became a lifetime memory.

"Is this the disciple who works for me? Is it the young man whom Master has drawn me to pay attention to? It is really tough!"

In the distant sky, a figure appeared silently. It was the Holy Light of Heavenly Work. He didn't know when he arrived, standing proudly in the void, watching Qin Chen's final slaughter. There was a vague excitement on his face.

In his eyes, a trace of light flickered.

escape!

As for the many masters of the Renwang Palace brought by the Renwang Palace, they were already desperate at this time.

One after another, warships turned their heads in embarrassment and fled frantically. They wanted to escape from here. When the speed was higher, I didn't know how fast they would go.

Everyone's heart is full of fear.

Qin Chen didn't pursue it, and the people from Guanghan Mansion had to deal with these shrimp soldiers and crabs.

"Holy Lord Ke Yi, these people will be handed over to you, all beheaded, none left!"

Sure enough, Palace Master Guanghan looked at Holy Master Ke Yi and said coldly.

These people are all people who have attacked Guanghan Mansion before, how can they escape safely like this?

"Yes, Lord Palace!"

Holy Master Ke Yi trembled all over, feeling the endless chill. Although he did not betray the Guanghan Palace in the end, his heart was shaken at the moment when the Holy Master Feihong wooed him and the entire Guanghan Palace fell into a desperate situation. If it were not for Qin Chen's strong appearance, he would not know that he could Whether in Feihong

Betrayed under the bewitching of the Holy Lord.

Therefore, this is the punishment of Palace Master Guanghan, and it is just the beginning.

However, Lord Ke Yi did not have any dissatisfaction in his heart. Some were just fortunate. If he had agreed to the request of Lord Feihong, what would be the face of him?

In a single thought, it is life and death, and he truly understands it.

"kill!"

He drank coldly, took many masters of Guanghan Mansion, soared into the sky, and began to hunt down a large number of masters of King Ren Mansion, to redeem his merits.

Above the sky, Qin Chen stood proudly there.

Above the head, there are countless Guanghan Mansion masters chasing and killing the battleships of the King's Mansion. The battleships exploded, and countless strong men screamed and fell, forming a scene of iron and blood.

Below, there are broken ruins. Under such a fierce battle, the entire Guanghan Palace is ruined and broken, many places are directly broken, countless spaces are destroyed, and buildings are collapsed and need to be rebuilt.

People searching for materials among the ruined walls and rescuing the wounded are images of hope and life.

But Qin Chen was between the two. He put away the corpse of the war clan and looked at Qian Xue.

With eyes facing each other, their hearts trembled.

"Qianxue!" Qin Chen murmured.

"dust!"

Qian Xue also whispered, her eyes red, and she said a thousand words without saying.

The two hugged tightly, and they were reluctant to separate for a long time.

Below, Wei Siqing, Qin Tingting, Li Wanxue, and countless saints all stared at this scene in a daze, feeling a little sad, sad, and empty in their hearts, as if they had gone, silently blessing. Perhaps only such a woman can be worthy of that stunning man, who is like the dazzling sun.

[Chapter 3176: Closed-door meeting](#)

The battle ended, Guanghan Mansion completely calmed down, and entered the post-war rest.

Many places in Guanghan Mansion were turned into ruins, and there were ruins and broken walls everywhere.

But the people of Guanghan Mansion who survived, felt like a fire was burning in their hearts.

Victory.

Faced with the joint attack of the five top forces, Renwang's Mansion, Xueyang Mansion, Shenzhaojiao, Tianshan Mansion, and Yuming Mansion, their Guanghan Mansion was victorious, and they had a great victory.

Guanghan Mansion has risen!

It can be expected that once this battle spreads out, what kind of sensation will it cause throughout the whole question?

In the past, Guanghan Mansion, in the whole Wenhantian, could only be regarded as a middle level, or even a lower level, because no one knew that Palace Master Guanghan had actually been quietly promoted to the initial peak of the Holy Master, half of his foot entered the mid-term Holy Master. To the point.

But even so, Guanghan Mansion was only a middle-to-higher force in the entire question of Hantian, but after today's battle, Guanghan Mansion will be completely famous and become the number one power of Question Hantian. .

What an honor is this?

From today, no matter what the future is, the Guanghan Mansion at this moment will surely arouse great attention in the heavens.

In the void, Qin Chen took Qian Xue's hand and walked down the void step by step.

In the Guanghan Palace, Wan Lai was silent, and everyone looked at this pair of godlike couples with admiration in their hearts.

"Master!"

Qian Xue came to the Guanghan Palace Master and said with a slight smile.

"Qianxue, you...very good!" Palace Master Guanghan looked at You Qianxue with satisfaction, with excitement in her eyes: "Also, don't call me master from now on, because I am not qualified to be your

master. In the future, you can call me Senior Sister, because before you came to my door, in fact, I am also a representative

The teacher only accepts apprentices. "

Palace Master Guanghan sighed, in fact, she hadn't taught Qianxue anything. Everything Qianxue cultivated was mastered from the Taiyin Liuli Supreme Inheritance, and with her cultivation level, she couldn't teach a disciple like Qianxue at all.

"Senior Sister!" Qian Xue said with a smile without pretense. She also understood everything after receiving the inheritance of Luli Liuli Supreme. In fact, Palace Master Guanghan just got an ordinary inheritance of Luli Liuli Supreme, and she truly became. lunar

A disciple of Liuli Supreme.

It can be said that he is the true descendant of Luli Liuli Supreme, and Palace Master Guanghan is just a closed disciple.

However, after all, Palace Master Guanghan started before himself, and because of Palace Master Guanghan, he was able to obtain the Supreme Inheritance of Lunar Glaze. It is not an exaggeration to call it Senior Sister.

"Qin Chen!"

Whoosh whoosh!

At this time, Zhou Wusheng and others all flew up, looking at Qin Chen in shock, with excitement in their faces.

Boom!

And a terrible aura came, it was the Holy Lord of Heavenly Work.

"My Minister!"

Qin Chen saluted immediately. It was precisely because of joining Tianzuo that he could find Qianxue and the others, and they were qualified to enter the land of trials in the heavens. It was a grace that Tian worked for himself.

"Eh, no gift!" Holy Master Yaoguang hurriedly stepped forward. He didn't dare to accept Qin Chen's great gift. Before Qin Chen's strength, even he was shocked. If he came instead, he would mostly be the Holy Lord of King Ren. The battle was a tie, but Qin Chen forcefully beheaded the Lord of King Ren, thinking

With such a terrifying evildoer from the heavenly work he led, the Lord of Light was both gratified and hairy. "Palace Master Guanghan, I'm sorry, I'm late!" Holy Master Yaoguang said with a wry smile: "I had known that the Lord of Nene and the others were so despicable, I should stay and teach them a little lesson, but it's fine now. If you are here, I'm afraid I'll watch

Less than such a wonderful scene, now everyone is happy, haha, I don't have to violate the rules of the work of heaven. "

"Huh." Palace Master Guanghan snorted coldly, but didn't say anything. Although she knew that Yitian's work was special, even if Holy Master Yaoguang was here, she couldn't directly intervene in asking Hantian's affairs, but with the two of them. Friendship, with the character of the Lord of Light,

I'm afraid it will definitely be shot at a critical moment.

Fortunately, now, everything is unpredictable.

Soon, various affairs began to be dealt with one after another, and Qin Chen and others entered the Guanghan Palace and discussed them.

Although the war is over, in fact, the crisis has not abated, and it will even become more terrifying. "Qin Chen, although we won this time, you know that the crisis in our Guanghan Mansion is actually greater, but the crisis in our Guanghan Mansion is okay. Now, if you ask Hantian, there are almost no forces that can sanction us, but You are more dangerous

In danger. "

This time it was a closed-door meeting. There were only a few people in the center of Guanghan Palace. As soon as Guanghan Palace Master entered the meeting room, he said in a deep voice.

"I know." Qin Chen smiled slightly: "Because the terrifying combat power I showed will attract countless eyes from the heavens. The Tianjiao at the peak of the holy master can kill the holy master at the initial peak. No one wants to kill. I, get the secret from me, even if I

It may become the pillar of the human race in the future. "

Holy Master Yaoguang and Palace Master Guanghan were shocked, Qin Chen actually knew.

"Moreover, not only the many human masters in the heavens will stare at me, even the demons in the demon world will also stare at me, wanting to put me to death, because once I grow up, it will bring a huge threat to the demon. "

Qin Chen continued.

The Lord of Light and Palace Lord of Guanghan looked at each other, Qin Chen's eyes were indeed very vicious, because what Qin Chen faced next was not only some human masters with sinister hearts, but also demon masters.

Once the Demon Race gets this news, it will definitely target Qin Chen and strangle this human genius. Palace Master Guanghan was relieved by Qin Chen's temperament. At least Qin Chen was not very naive, "Do you know Qin Chen? According to the information I know, this time I asked Hantian's many forces to act on my Guanghan Mansion. , In fact, they are not in Wangfu

In fact, there are other forces behind the action. "

"I know!" Qin Chen nodded.

Palace Master Guanghan looked over, do you know this too? "I also know that this force is actually the Yaomie Mansion. This time it is directed at our Guanghan Mansion. On the surface, it is the Renwang

Mansion, but it is actually the Yaomie Mansion in the Eastern Heaven Realm. Sacred Master of Heaven Extinguishing Mansion."

Said again.

hiss!

Palace Master Guanghan couldn't help taking a breath, Qin Chen knew a lot.

She also learned from Wei Siqing and the others that Renwang Mansion had actually colluded with Yaomie Mansion a long time ago, and that Yaomie Mansion wanted to integrate the Eastern Celestial Realm and rule all of the Eastern Celestial Realm. "I have also reported Tianjiao to this matter, but there is not enough evidence to prove that Yaomie Mansion is involved, and Tianjiao cannot impose sanctions on Yaomie Mansion, and it is impossible to obtain support." Yaoguang Holy Master said.

[Chapter 3177: Reciprocity](#)

"It's normal. You should also know that Yao Mie Mansion has actually colluded with the Demon Race? However, there is still no evidence." Qin Chen laughed, "My Minister, did you submit the news to it, but soon Highly laminated

Controlled down. "

"how do you know?"

Holy Master Yaoguang was shocked. This time he went to the headquarters not only to find a way to help Qin Chen, but also to submit some information that Zhou Wusheng and the others had obtained from the trial land, but the senior management team did not accept it.

Qin Chen didn't explain. From the words of Ancient Sacred Tower Qi Ling, Qin Chen knew that some of the high-level Tiangong had actually been invaded by the demons. Such a matter would naturally not be dealt with without evidence.

What's more, Heavenly Work seems to be aloof and is the top power of the Heavenly Realm, but in fact, it does not have the right to directly impose sanctions on the Heavenly Realm.

However, the words of the Holy Lord of Light also made Qin Chen more certain that Heavenly Work was indeed infiltrated by the Demon Race just like the ancient holy tower artifact spirit said. Otherwise, even if there is no evidence, it will not be directly suppressed.

"I want to know, how does Tianjiao deal with me?"

Qin Chen looked at the Holy Master of Yaoguang, what he wanted to know more was the attitude of Tian's work.

"Disposal?" Holy Master Yaoguang frowned, and said: "You are the disciple of my daily work. Naturally, my daily work cannot do anything to you. What's more, the celestial trials, no matter what happens, the major forces can't hold them accountable. , Our daily work is even more impossible to chase

After all, it's just a matter of colluding between you and the demons. It's a bit troublesome, but my work is also suppressed. "

"But Qin Chen, I really want to know, did you collude with the Demon Race?" Holy Master Yaoguang looked over, his eyes burning.

"What do you think, Lord Minister?" Qin Chen looked at the other side lightly.

"call!"

Holy Master Yaoguang breathed a sigh of relief, "I knew that you would not be a spy of the Demon Race, those guys are too idiot, if you are really a spy of the Demon Race, how can you be so public!"

Qin Chen was full of black lines.

I didn't say anything, so you can be sure that I am not a spy of the demons, and I have made up so much of my brain?

"Hmph, that's just a deliberate spread of deliberately spread by some deliberate people who covet the inheritance of the venerable Qin Chen." Palace Master Guanghan was angry.

"Qin Chen colluded with the demons? Celestial Trial?" You Qianxue looked over in confusion.

She had just left the customs, and everything about Qin Chen in the heavens was not very clear.

Palace Master Guanghan immediately explained what happened to Qin Chen in the heavens.

"Dust, you found Sisi!"

Qianxue was suddenly excited, "Where is she who thinks about her?"

After the three of them dispersed, she and Ruyue joined Guanghan Mansion, but Sisi was nowhere to be found. She had been worried all the time, and now she heard the news of Sisi, how not excited.

Qin Chen smiled bitterly and shook his head: "Sisi has obtained a special inheritance in the trial of the heavens. I don't know exactly where it is now."

"Junior sister, do you know that person?" Palace Master Guanghan looked at You Qianxue in surprise. She thought Chen Sisi and You Qianxue didn't know each other, but she didn't expect that they knew each other.

"Naturally, Sisi is my sister and Ruyue. How could she be a demon?"

Qianxue's eyes were cold: "Sisi does have some demon ways in cultivation, but she will never have anything to do with the demon clan."

Tianwu Continent has been invaded by foreign demons all the year round, and has antagonisms with the demons. Although Sisi has cultivated the demon way, she has also been inherited by the master of the abyss, but it is impossible to rely on the demons.

But these things, she naturally would not tell outsiders.

Seeing Qianxue so determined, Palace Master Guanghan and Holy Master Yaoguang also believed extremely firmly.

"By the way, Qin Chen, in the place of trial, did you kill Donghuang Juyi? Zhuge Xu? Yao Wuming and others?"

This matter also caused turmoil in the heavens, and the Lord of Light was also very curious.

Qin Chen nodded.

hiss! The Holy Master of Yaoguang couldn't help but breathe in the air, Qin Chen was too crazy, even though all the major forces could not directly investigate everything that happened in the trial land of the heavens, but the East Emperor's absolute ranks were also all the majors. The power of the world, Tianjiao, just killed

, It's strange not to be targeted.

"No wonder Yaomie Mansion is targeting Guanghan Mansion!"

Holy Master Yaoguang shook his head.

"It's just a few rubbish, kill it, kill it."

Qin Chen said lightly, there were other reasons between himself and Yao Mie Mansion, but Qin Chen would naturally not explain these things. "If you are like this, the major forces will definitely stare at you, and Yaomie Mansion will definitely not give up. Now the news of your return will definitely spread. At that time, if you stay in Guanghan Mansion, it will be more dangerous. Although Master Tell me that once you return to work in Heaven, you will disappear and go to other provinces to experience. It is best not to return to the headquarters of Tian, because the goal will be very big. But I think that some elders are right, instead of being in Heaven. Dangerous experience, you might as well go to work directly

Headquarters, or enter the secret realm of Tiangong headquarters, in our Tiangong headquarters, no one can kill you. "

"Your master told me not to go back to work?" A ray of light flashed deep in Qin Chen's eyes, and then disappeared in a flash.

"Yes, Master said so." Holy Master Yaoguang nodded.

"Then who made me go back to work?" Qin Chen asked again. The Lord of Yaoguang felt that Qin Chen's tone was abnormal, and he couldn't help but wondered: "It's the elders of our Tianzhu headquarters. They also care about you, and they specifically inform me that once you show up, they can take you back to the Tianzhu headquarters to hide. Even as long as

I call them, and they will send Tianzhuan escorts to **** you and protect your safety. "

"How many elders?"

Qin Chen's eyes flashed with brilliance.

Even the news that he had crossed the ninth floor of the ancient sacred tower, the ancient sacred tower artifact spirit had to conceal it. It can be seen that Tianjiao's internal chaos, if you really go to the Tianjiao headquarters, will it really be safe?

By the time I am unfamiliar with my life and place, I am afraid that I will be even more dangerous at the Tiangong headquarters, and I won't even have a chance to escape.

If there is a spy from the Demon Race in the headquarters, casually kill yourself in the secret realm, and create another accident, it would be too easy.

What seems to be the safest place is actually more dangerous.

Those elders who desperately want to go back to the headquarters are probably the ones with problems.

"Tianwork headquarters, the disciples will not go to it yet." Qin Chen said.

"Then you are going to prepare next..." Palace Master Guanghan and Holy Master Yaoguang both looked over in confusion. In their opinion, returning to the working headquarters is the safest and safest way.

"Evasion is not a disciple's style."

Qin Chen's eyes were cold, and a cold light bloomed.

Yao Mie Mansion has been staring at himself so impolitely, how can he be worthy of the other party? Of course, the top priority is to improve one's own strength first.

[Chapter 3178: News sensation](#)

What Qin Chen lacked most at the moment was the resources, the Holy Line of the Lord. Although Qin Chen had obtained many ancient sacred veins in the trial grounds, the true Holy Lord's sacred veins were very rare. With Qin Chen's current cultivation base, he wanted to break through the Holy Lord, the ordinary Heavenly Sage. Mai did not help him at all, only

Only with the holy vein of the Holy Lord can he improve at the fastest speed.

Of course, in the Zixiao Doulu Palace, the vastness is endless. After Qin Chen controlled some of the functions of the Zixiao Doulu Palace, he also slightly sensed that there must be a few holy veins hidden in the Zixiao Doulu Palace.

After all, this is the only treasure of Venerable Tianhuo, it is impossible to have only the holy vein that Qin Chen got from the beginning. But let's not say that Qin Chen can't find out the Holy Master's Saint Vein in the Palace of Zi Xiaodou. Even if he can find it, Qin Chen won't use it, because Qin Chen can feel it and wants to motivate Zi. Xiaodou rate palace, must consume a lot of holy yuan

, The most important reason why I can spur Zixiao Dou Li Gong is because of the terrible power contained in Zi Xiao Dou Li Gong.

The only way Qin Chen wanted to obtain the Saint Master's Saint Veins was to go to the major forces and plunder their Saint Master's Saint Veins.

"What, are you going to the Renwang Mansion and other major forces to plunder their resources?"

Holy Master Yaoguang and the others were all surprised at this.

"No, it's not me, but us." Qin Chen said lightly, looking at Palace Master Guanghan: "I only need the Holy Master Saint Veins of the major forces. As for the many forces in the major forces and the infinite territory, then You need Guanghan Palace Master to take over. Of course, my Chendi Pavilion will assist the Palace Master.

Expansion in the entire heaven! "

Palace Master Guanghan was taken aback.

Asking her to take over several major forces such as Renwang Mansion, Xueyang Mansion, Shenzhaojiao, and Yuming Mansion, she couldn't even think about it before.

However, when Qin Chen mentioned it, her heart was immediately moved.

"Palace Master Guanghan, I know you have always forbore, but forbearance can only keep you lurking. If you really want to break through and improve, you must continue to plunder resources. Martial artists practice like a boat against the current, and you will retreat if you don't advance." Qin Chen said.

Palace Master Guanghan thought for a while, and finally smiled. "Okay! Qin Chen, then I will follow you and the junior sister." Palace Master Guanghan showed a smile, she suddenly thought of the thunder on Qin Chen's body, if her guess is true, follow Qin Chen is crazy, what's the matter?

Worried about it.

Moreover, even if it fails, what can be considered? She has been forbearing before, what is the result of forbearing? It's not because of the oppression of Hantian's many forces, unless she can break through the middle stage of the holy master, but if she wants to break through the middle stage of the holy master, a lot of resources are also needed.

It is simply impossible to provide.

"Interesting, interesting."

Holy Lord Yaoguang was also a lawless Lord, and when he heard Qin Chen's words, he also smiled, showing excitement.

Qin Chen did what he said, booming, and the next day, Guanghan Mansion was summoned by Palace Master Guanghan, and a team of strong men headed for the Mansion of Ren Wang. This was their first goal.

And when Qin Chen and the others went to the Renwang Mansion, everything that happened in Guanghan Mansion spread at an alarming speed in Wenhantian, and the speed of news transmission was much faster than Qin Chen and the others thought.

boom!

One stone stirred up a thousand waves, and the whole question of Hantian was a sensation.

The five major forces attacked Guanghan Mansion. What an astonishing news this was. In an instant, the whole question of Hantian shook, and everyone was stunned.

"Have you heard? The Holy Lord of the Renwang Mansion took the four major powers of Shenzhaojiao, Xueyang Mansion, Yuming Mansion, and Tianshan Mansion to attack Guanghan Mansion, but none of them survived."

"I also heard about it, but how is this possible? The five major forces, no matter which one, is enough to be comparable to Guanghan Mansion, there is nothing worse than Guanghan Mansion, any power can suppress Guanghan Mansion, and even the whole army destruction."

"I heard that King Ren Mansion was based on Qin Chen's reason for colluding with the Demon Clan. The Guanghan Mansion that attacked, according to the truth, should have been prepared. How could it be in Guanghan Mansion?"

"Could it be someone who works in heaven did it?"

"It seems not. The news I got is that Qin Chen returned and joined Palace Master Guanghan to kill several great palace masters?"

"How many great palace masters Qin Chen killed? Which Qin Chen?"

"Apart from Qin Chen in the trial of the heavens, what else can there be?" "How is this possible? No matter how high the cultivation base is, Qin Chen is only a half-step character of the Holy Master, even if he has the inheritance of Venerable Tianhuo. , It's impossible to break into the realm of the Holy Lord in such a short time, even if he breaks into the realm of the Holy Lord

, Palace Lord Ren, they are all the holy masters of the initial peak. We asked Hantian's peak powerhouse how could so many people die in the hands of that Qin Chen? "

For a while, all kinds of news spread, and the whole question was boiling.

Especially after knowing that Palace Lord Ren Wang and others were beheaded by Qin Chen, each one was stunned.

There is only one thought in everyone's mind: how is it possible?

For a moment, when I asked the rest of the forces in Hantian, they all madly activated their intelligence department, wanting to find out what happened.

Moreover, this news was also centered on Wenhantian, and it spread wildly towards some surrounding heavens.

When asked Hantian, all the major forces were shocked by the news.

The army of Guanghan Mansion, under the leadership of Palace Master Guanghan, quickly approached King Ren Mansion.

In a certain battleship, Qin Chen entered the Universe Jade Plate and began to collect the spoils. After the powerhouses such as the Palace Lord of King Ren, the Holy Lord of Feihong, and the Three Elders of Ren Wang were beheaded by Qin Chen, Qin Chen only collected their corpses into the Universe Jade Plate, but did not explore their spatial treasures at all. At that time, Qin Chencai

Start exploring when you have time.

Immediately, pieces of space treasures began to be searched out by Qin Chen.

Boom!

From those spatial treasures, many treasures, pills, materials, various resources, and even magical powers appeared, and many holy veins were converged by Qin Chen.

If anyone sees this scene, they will go crazy. Because Qin Chen searched for too many treasures, he saw that in the body of these holy masters, pieces of the most precious treasures flew up, among which the ordinary heavenly holy treasures were all refined by Qin Chen's universe jade disc, turned into vitality, merged into

In the jade disc of good fortune.

A set of powerful Half-Step Heavenly Sacred Treasures is the best of Half-Step Sovereign Treasures. There are a full set of eighteen pieces. Together, it can be close to the Sage Treasures. It is an extremely amazing spatial treasure.

It is a pity that Qin Chen instantly refines the jade discs that are made by Qiankun. In fact, such treasures also had a lot of effects on the black slaves, but if you want to improve the jade disc, you must absorb the treasure of space, and Qin Chen has no way.

[Chapter 3179: Nominee plan](#)

Rumble!

Except for the three elders of Nioh, all the treasures flew out from the corpses of the Feihong Lord, Palace Lord Tianshan and others. This Palace Master Tianshan, Holy Master Feihong and others are all once the masters of a mansion. How many treasures are there? Everyone has been in business for many years, has mastered the power of each government, plundered everywhere, everyone's body is a treasure house, and now everything is clear

Washed out, was looted by Qin Chen, all melted, and impurities were removed, which greatly strengthened the jade dish of good fortune. Qin Chen found thousands of ancient sacred veins from several great palace masters alone, all of which were high-grade heavenly sage veins, and some half-step sacred master level ancient sacred veins. Combined, there are hundreds of them

.

What's more terrifying is that the origin of the Holy Master contained in their body, with the principles of the Holy Master, the roots are like chains, crystal clear, and contain the most powerful essence of these Holy Masters.

Boom!

These principles of the Holy Master began to be used by Qin Chen to make up the sky, a little bit of refinement into the body, to realize perception, and soon, Qin Chen's attainments in the way of the Holy Master continued to deepen, and his eyes flashed with wisdom. The light comes.

Not only Qin Chen, but Yao Wuming and others were also summoned by Qin Chen, sitting cross-legged one by one, refining these holy master laws with each other. I saw Qin Mo, Yao Wuming, Su Quan, Tu

Moyu, Lingyuan, and Murong Bingyun sitting cross-legged, their bodies shining with the aura of various holy laws, and above their heads, there were a series of saints. The way of the Lord is constantly surging, almost everything

Stepped into the realm of the Holy Lord. In fact, it is true. The inheritance of the magic fire, the original power of the magic tree of the world, and the avenue of the holy master that absorbed these palace masters made Yao Wuming the principle of the holy master in each of them, Have reached a peak

Feng, as long as there are enough Saint Master Saint Veins, Qin Chen will be able to allow everyone to enter the Saint Master realm at the same time.

On the side, You Qianxue was dumbfounded when seeing these masters.

She never imagined that Qin Chen would have enslaved so many masters and even members of the Demon Race among the jade discs.

What surprised her even more was that Murong Bingyun was also here.

"Bingyun has seen Sister Qianxue." When Murong Bingyun saw You Qianxue, he immediately came up to salute.

"Dust, have you enslaved Murong Bingyun?"

Qian Xue frowned. Murong Bingyun was also kind to her. It was Murong Bingyun who spoke at the beginning and let Palace Master Guanghan accept her and Ruyue. She even gave Murong Bingyun a jade slip to communicate with Qin Chen. Never thought that Qin Chen would actually take Murong Bing

Yun also received the Universe Good Fortune Jade Disc, and the aura on Murong Bingyun's body also entered the realm of the peak of the holy master.

She instinctively thought that Qin Chen had also enslaved Murong Bingyun.

"Oh, she and I have not been enslaved, but I left a soul mark in her body, and also allowed her to absorb the origin of the Devil Tree of the Ten Thousand Worlds. If she dares to betray me, huh."

A cold light flashed in Qin Chen's eyes. He was not worried about Murong Bingyun's betrayal at all. As long as the other party dared to betray, the consequences would naturally be extremely miserable.

You Qianxue breathed a sigh of relief.

"Qianxue Xiaonizi, this kid Qin Chen always cares about you, you have to take a closer look, when you are away, this kid has incurred a lot of peach blossom debts, alas, I can't stand it anymore."

The **** cat suddenly appeared beside You Qianxue, shook his head and said.

"Senior Big Black Cat." You Qianxue was extremely surprised: "Why are you here?"

"Hehe, not only Senior Black Cat, but also the black slaves are here." Qin Chen laughed, and immediately called out the black slaves who were placed in other places on the Universe Good Fortune Jade Plate.

Seeing Qianxue, everyone naturally had an excited conversation. For the time being, Qin Chen was not ready to let the black slaves take charge of the Chendi Pavilion. Instead, he first used time to accelerate

the improvement of everyone's strength in the Universe Jade Plate. After everyone entered the realm of Heavenly Sage, Qin Chen would let them. To take charge of Chendi Pavilion, to

At that time, he should have conquered the entire Wenhantian. The black slaves could use Wenhantian's resources to quickly expand Chendi Pavilion with the support of Palace Master Guanghan.

Boom!

Qin Chen distributed some of the armors that he had obtained from the main body of many palaces to everyone. Suddenly, all kinds of armors and treasures appeared on everyone, even the lowest, it was half a holy master level.

With these treasures, as long as the black slaves break through to the realm of Heavenly Sage, they will be able to confront some half-step holy masters. In addition, Qin Chen also infiltrated some of the original laws in the main body of many palaces into the bodies of the black slaves. With these laws of the holy master, the black slaves can also feel the holy master in the earliest time. Rules, will say

Uncertainty is also expected to enter the realm of the Holy Lord.

Of course, the black slaves and their cultivation bases are still very low, so Qin Chen just broke into a holy master's law, and after processing, otherwise they will directly burst their bodies.

For them, Qin Chen was also broken. Of course, the black slaves can also be considered attentively during this period of time. They practiced crazy, and under the blessing of many sacred veins, their strength has been amazingly improved. Many

Under the resources, it won't take long before they can enter the realm of Heavenly Sage.

Qin Chen was full of emotion, thinking that when he broke through the realm of the heavenly sage, he had gone through untold hardships, and it was extremely difficult to obtain a heavenly sage vein at that time.

But now the black slaves can directly enjoy the half-step baptism of the holy vein of the holy master, and there are even palace master-level holy master rules for them to practice directly, the difference is too big.

Of course, even if the black slaves enter the realm of Heavenly Sage, they will only manage the Chendi Pavilion in the future. As for the help of combat power, Qin Chen still put more on Yao Wuming.

Now Yao Wuming and the others could not return to their respective domains. They were all enslaved by Qin Chen, and there was a slight change in their souls. Qin Chen couldn't guarantee that after letting them go back, they would not be seen by the masters of their respective forces.

Especially when Tu Moyu and Lingyuan returned to the Demon Race, they might even face masters of the Demon Venerable. Who can guarantee that the Demon Masters would not be able to see the clues in their souls.

Unless they can break through to the realm of the Holy Lord.

After each of them stepped into the Holy Lord, their souls merged with Heaven's Dao, and they were transformed. Of course, the slavery left by Qin Chen would not disappear, and would be completely integrated with their souls following everyone's breakthrough.

At that time, Qin Chen said that even if he was a master, he might not be able to see the strangeness in the minds of several people. When they returned to their respective forces and developed secretly, they would definitely bring him a lot of help.

This is Qin Chen's plan. He wants to cultivate his own agents among the major forces in the heavens, until one day, he truly controls the many forces in the heavens.

[Chapter 3180: Refining](#)

Of course, in addition to Yao Wuming and others, this time there are also masters such as Wei Siqing and Zhou Wusheng who will go to the major forces. Qin Chen's plan is to train them all to become master masters.

Wei Siqing's talents are weaker than those of Yao Wuming, and they consume more resources.

But this is an important part of Qin Chen's agent plan.

You must know that the current Celestial Human Race is very weak, which also leads to the prohibition of various forces of the Human Race from fighting among the higher levels of the Celestial Realm. For example, people in one Celestial Realm cannot attack another Celestial Realm, and can only compete with each other within one Celestial Realm.

Even Palace Lord Ren and the others attacked Guanghan Mansion, they had to find a reason, otherwise they would easily be sanctioned by the high level of heaven.

Qin Chen beheaded the palace lord of King Ren and several other great palace lords. Once the news reaches the top of the heavens, it will definitely attract attention, because Qin Chen's doing so will greatly damage the interests of the human race.

Holy Lord, too rare.

Any holy lord is an important property of the human race and cannot be killed easily.

But if Qin Chen can cultivate a new Holy Master, it would be different. Once Zhou Wusheng and the others can enter the realm of the holy master, it means that although Qin Chen killed many palace masters of the human race, a new holy master was born. This way, the power of the human race will not weaken too much. Plus the reason, even if

The high level of the heavens would not say anything.

This was also what the Lord Yaoguang told Qin Chen. The high-levels of the Celestial Realm are not actually concerned about the struggle between a certain Celestial Realm. What they are concerned about is just the hope that the strength of the Human Race will become stronger and stronger. As long as Qin Chen can show enough talent and strength, it is reasonable. Case,

It doesn't matter how many holy masters beheaded.

boom!

Among the jade discs of good fortune in the universe, Qin Chen exerted his best efforts to accelerate the years. Everyone was immersed in the sentiment, especially the black slaves. Qin Chen urged the Demon Tree of the Ten Thousand Worlds and began to instill the Demon of the Ten Thousand Worlds in their bodies. The origin of the tree.

Although the Demon Tree of the Ten Thousand Worlds is the most precious treasure of the demons, in fact, the humans and demons in the celestial world do not separate their families. In fact, regardless of the human race, the demons, the demons, or other races, they are all races conceived in the celestial world. When the heavens opened up.

The origin of the Devil Tree of the Ten Thousand Realms contains the power of the origin when the heaven was opened, so that the black slaves can also feel the power of the opening of the heaven.

Buzzing!

I saw that after the black slaves accepted the origin of the Ten Thousand Worlds Demon Tree, there was actually a special power circulating in their bodies.

"this is....."

Qin Chen immediately looked over in surprise, frowning.

Qin Chen unexpectedly felt that the black slaves had a special power in their bodies, but before Qin Chen asked Ao Lie to absorb the origin of the Demon Tree of the Ten Thousand Realms and break through the realm of Heavenly Sage, it seemed that there was no such abnormality.

Is it because the Devil Tree of the Ten Thousand Worlds has also been promoted?

wrong!

Qin Chen shook his head, obviously not because of this.

"Could it be that the black slaves are all from the Tianwu Continent? It is because they have the aura of the Origin Continent?" Qin Chen carefully sensed the past, his eyes condensed, and sure enough, the aura in the black slaves and their bodies are the same as each other, not only the black slaves possess, Fu Qiankun, Mo Yuanbai, Lin Tian, Zhang Ying, Zhao Lingshan, and Zi Xun also have them, and even Gu Zun

All in the body.

This kind of power is slowly transforming their bodies, so that their bodies, under the breath of the Demon Tree of the Ten Thousand Realms, are actually absorbing the power of the Holy Masters of several great palace masters.

This discovery shocked Qin Chen.

The black slaves are only peerless earth saints now, so they can absorb the power of the saint master?

He was worried that the black slaves could not bear the terrifying power of the power of the Holy Master, so he only introduced a trace of the power of the Holy Master in their body, but he did not expect such an unexpected gain.

The way of the holy master is actually the way of the heavens, and the so-called holy masters are the characters who have reached the ultimate in comprehension of the rules of the heavens. In the heavens, let alone a peerless earth saint, even a heavenly saint may not be able to absorb the power of the holy master, because the terrible experience of the holy master's way is enough to burst their physical bodies unless it is the peak of the later stage. God's sage can

Take this step into the realm of a half-step holy master. But the black slaves are from the Tianwu Continent and have been recognized by the origin of the Tianwu Continent, and the origin of the Tianwu Continent is actually the same as the origin of the heavens. Once the black slaves are in the realm of the earth, they can already try to absorb the power of the Holy Master.

.

"In that case, as long as the holy realm masters recognized by the origin of the Tianwu Continent can absorb the rules of the holy master-level masters? Just how much?"

This discovery shocked Qin Chen inexplicably and was extremely excited.

"Dust, what's wrong with you?"

Seeing Qin Chen stopping the practice, You Qianxue looked over in doubt, her beautiful eyes gleaming.

"It's okay, just found something."

Qin Chen took a deep breath. If this is true, it will undoubtedly be of great help to him. In this way, the entire Tianwu Continent, as long as they have enough resources, have the hope of becoming the Holy Master.

However, before him, the ancient heavens and the Tianwu Continent were also the Source Continents, so why didn't the holy realm masters born in them lack this ability?

Suddenly, Qin Chen thought of another place, slightly puzzled.

Is it because of the Devil Tree of Ten Thousand Realms? Or is there any change in the origin of Tianwu Continent?

Or, what other reason?

Qin Chen couldn't understand, but he was also very shrewd. If he didn't understand, he didn't think about it anymore.

Rumble!

With this discovery, Qin Chen stopped converging and began to forcibly refine these palace master masters.

Among the jade discs of good fortune in the universe, Zixiao Dousiligong was swiftly mobilized, and flames filled out, and the faintly large array was mobilized, exploding with a breathtaking breath.

In the Palace of the Purple Clouds, the Great Sun Golden Flame, the Nether Sky Ice Flame, the Qinglian Demon Fire, the Yin-Yang Soul Fire, the Purple Immune Real Fire, and the Calamity Fire, many flames burn, and there are many corpses of the Holy Lord , Was placed by Qin Chen in the palace of Zi Xiaodou.

Qin Chen is actually refining the corpse!

Zixiao Dousui Palace, in ancient times, was the alchemy furnace of Venerable Skyfire, capable of refining Venerable Divine Pill.

Now, under Qin Chen's urging, although it is impossible to refine the Venerable Grade pill, the Holy Master master can still easily refine it.

In fact, Qin Chen possesses the sky-repairing technique, which can directly refine the origins of Palace Master Tianshan and others, but after refining in this way, some of the medicinal power cannot be fully utilized at all, and even some people cannot forcibly refine it. For example, Zhou Wusheng, Xu Yue, Wei Siqing, Wu Ling and others, Zhou Wusheng and Wei Siqing are okay, they are all half-step holy master pinnacle masters, possessing the power of magic fire in their bodies, and can slowly refine the holy master-level rules, but Wuling and others couldn't do this at all.
