

Valkyrie 321

Chapter 321

As soon as he shot, Nian Shuo was cruel.

In particular, he heard Qin Batian's plan, and must immediately kill Qin Batian and send the news back to avoid heavy losses for his disciples of the Ghost Immortal faction.

The astonishing aura made the world and the earth discolored, and the many Profound Level powerhouses present were depressed and felt extremely uncomfortable.

"The strength is good, but today, you have to die."

Qin Batian roared, but he didn't shrink back at all. Instead, he gathered up his fists and blasted at the howling black ghost.

Obviously, he was preparing to face head-on with each other.

"not good."

"Master Qin Batian is too reckless."

"Then Nian Shuo is a strong half-step master!"

Many people from the great Qi country all covered their mouths, and their eyes were horrified.

They had also heard of the strength of Old Man Qin. It is said that as early as twenty years ago, he had entered the late stage of the Profound Rank.

However, no matter how strong he is, he cannot be better than Xiao Zhan, the number one master of Daqi.

But now, even Xiao Zhan was defeated by Nian Shuo, how could he be the opponent of Qin Batian alone.

The only hope is that Xiao Zhan and Mr. Qin Batian will join forces, and with the strength of the two, they may be able to compete with Na Nian Shuo.

For a while, everyone's eyes fell on Xiao Zhan.

"His Majesty!"

The blood in Xiao Zhan's body also boiled, and he hurriedly looked at Zhao Gao.

Qin Batian has resolved the border that Zhao Gao had been worried about. Now, as long as Zhao Gao gives an order, with the presence of so many powerful players in the Great Qi Kingdom, he may not be able to fight against the many masters of the Guixian faction and make the other party suffer a big loss.
but.

What Xiao Zhan saw was a pair of cold eyes.

Zhao Gao's face was gloomy, he didn't have any thoughts of doing anything at all, only the endless coldness.

Xiao Zhan's heart sank inexplicably, feeling chilling.

No one knows what Zhao Gao is thinking and what purpose he has.

All I know is that he didn't order.

"Boom!"

All thoughts were only for a moment, and at this time, Qin Batian and Nian Shuo's attacks finally collided.

Rumble!

The terrifying fist and the black ghost madly collide, and every time they collide, an astonishing explosion occurs. The ground under the two feet, without breaking open, dense cracks, spread in all directions, like an earthquake.

As everyone imagined, the scene did not happen, Qin Batian was not defeated by a single move, but stood on the spot, the mighty fist soaring to the sky, bursting out a heart-pounding pressure, and firmly holding the monstrous ghost and black spirit.

"Is it blocked?"

Everyone was overjoyed and exclaimed one by one.

Click!

However, this kind of scene did not continue. It was only delayed for a moment. Qin Batian's fist power immediately appeared cracks, and then it fell apart with a boom, and was smashed to pieces.

That monstrous ghost spirit swept once again and rushed towards the old man.

"not good."

"Master beware."

The crowd exclaimed, almost frightened, their hearts seemed to have stopped beating.

Such a terrible attack, the old man will die with one blow.

At this time, everyone was worried, only Zhao Gao's eyes flashed a glimmer of joy, but it quickly disappeared.

Everyone dared not look anymore.

but.

Qin Batian didn't show the slightest panic on his face. Instead, he sneered: "Half-step Wuzong is indeed very strong, but it may not be so strong."

When the voice fell, Qin Batian's momentum suddenly soared, almost rising to the sky.

boom!

It directly broke the peak of the late stage of the Xuan level and entered a higher level.

That trace of terrifying true power lingers, not half-step Wuzong true power, what is it?

"Half-step Wuzong, old man Qin is also a half-step master?"

At this moment, everyone was dumbfounded, one by one almost mad.

The half-step master, the entire five northwestern countries, are very few in number, which is extremely difficult to see.

In the past, only Wei Tianming, the No. 1 master of the No. 1 powerful country, was a half-step master.

Next, Nian Shuo of the Guixian faction also broke through to the half-step master.

But I didn't expect that now, their grandfather Qin Batian, who is also a half-step grandmaster?

Such a surprise made everyone open their mouths, almost able to lay eggs.

"broken!"

After thoroughly revealing his strength, Qin Batian's aura was strong, and he blasted out with a punch.

This punch, like thunder, made a loud bang, causing the air to burst and everyone's eardrums rising.

The vigorous fist power swept over the Li Gui black Qi, only to hear the popping bang constantly, the Li Gui black Qi let out a scream, and was exploded by a punch.

At the same time, an astonishing punch came straight to Nian Shuo.

"what?"

Nian Shuo was shocked and hurriedly resisted.

With a bang, he flew out all over, rubbing his legs on the ground to form a ditch nearly ten meters long, then stopped his figure, his face turned pale.

"Dignified Ghost Fairy Sect Master, but so."

With a cold shout, Qin Batian didn't hesitate, his figure rushed up again.

"hateful!"

Nian Shuo gritted his teeth and greeted him as well.

Boom boom boom!

Next, the two sides clashed frantically on this open space.

With every blow, an astonishing power erupted, shaking the ground to shatters and flying rocks.

There are many powerful people around, who dare not get too close, and back up frantically one by one, watching the two people helplessly, constantly fighting against each other, and can't get in at all.

Even the speed at which the two played against each other was somewhat unclear.

"Kuanggang bloodline!"

In the beginning, Nian Shuo was even close to Old Man Qin.

But when Qin Batian displayed his fourth-rank Kuanggang bloodline, the battle immediately fell to one side, and Nian Shuo was almost crushed and beaten and kept backing away.

If not, he is also a strong half-step master, his own defense is very amazing, coupled with the cultivation technique, is the first-class ten thousand ghosts of the Guixian faction, I am afraid that he has already lost.

Even so, Nian Shuo could only resist hastily, and back again and again.

In this scene, everyone watching was dumbfounded and dumbfounded.

No one can imagine that the previous inexhaustible overbearing, unmatched, arrogant and arrogant Nian Shuo would be so embarrassed at this moment, except for parry, there is no counterattack.

As a half-step master, Master Qin Batian's moves are open and close, with a unique charm.

What is even more exaggerated is that his true power is extremely strong, at the half-step master level, even more powerful than Nian Shuo's true power.

This is incredible.

You know, Nian Shuo is the overlord of the Guixian Sect. The Guixian Sect has been standing in the five northwestern countries for hundreds of years, and the secret techniques it possesses are even scarier than those of the Great Qi Kingdom.

However, Qin Batian was only the king of Wu in the Great Qi State, and the rise of the Qin family took only a few decades.

When it comes to exercises, martial skills, let alone the Guixian faction, there is a huge gap even with the Great Qi State.

But now, the true power of Nian Shuo's cultivation is not as good as Qin Batian.

This makes everyone feel incredible.

Strong doubts arose.

Chapter 322 Five Elements Killing Array

Outsiders are so shocked, not to mention Nian Shuo in battle.

"My Ten Thousand Ghost Art is an advanced technique at the profound level. It is the ancestor of my Ghost Immortal School. It is the treasure of the Zhenzong. It is the top of the five northwestern countries. This Qin Batian, where With such a clever technique, it's even more terrifying than my Guixian School's Ten Thousand Ghost Art?"

Nian Shuo is going crazy.

At the same level, he boasted that he would not be weaker than anyone else, so he was arrogant.

Unexpectedly, being beaten up by an old man, I can imagine the depression in my heart.

However, despite falling into the wind and being frightened and angry, Nian Shuo's eyes did not show the slightest panic.

"Why are you so self-confident?"

No one else on the scene saw this, but how could it escape Qin Chen's eyes.

According to the truth, a person rushes into the enemy's camp and finds that the other party has a better player than himself. No matter what his temperament, he will definitely feel nervous and confused.

This is the instinctive reaction of any person.

But at this time Nian Shuo didn't have this look, as if everything was still under his control.

"There must be a problem."

Qin Chen's gaze narrowed slightly, and his soul power spread out, sweeping the audience.

"This is... the Five Elements lore formation?"

Suddenly, Qin Chen's eyes condensed and fell on the masters of the Guixian faction.

I don't know when, several masters of the Guixian faction, scattered around, as if standing on the five corners of a pentagon, faintly forming a joint attack formation.

Isn't it the Five Elements lore array?

Qin Chen finally understood why Nian Shuo was still so confident in the predicament.

The five-element lore formation is a formation with terrifying offensive power, belonging to a combined attack formation.

Once formed, the attacks of the strong in the formation will merge together, not only that, but also at least double the attack power of the warriors in the formation.

This is a terrifying number.

That is to say, once this formation is formed and Nian Shuo and others take action at the same time, it is the same as two half-step grandmaster powerhouses and several late Xuan-level peak martial artists simultaneously attacking Qin Batian.

At that time, no matter what Qin Batian's cultivation level is, he will be severely injured or fall on the spot.

"Chen'er, you mean, the other party has set up a formation and wants to beat your grandfather?"

Qin Chen's muttering voice was extremely small, and even Chu Weichen on the side could not detect it, but the nearest Qin Yuechi, who was trusted by Qin Chen, heard it.

Can't help but ask in a low voice.

"In that case, you quickly send a voice message to your grandfather and ask him to be careful."

There was a slight anxiety on his face.

"Mother, don't worry, with me, the conspiracy of the Guixian faction will not succeed."

Feeling Qin Yuechi's worry, Qin Chen couldn't help but smile.

"Could it be that Chen'er can you crack it?"

Qin Yuechi looked surprised and surprised.

This is the formation laid by several profound level masters. Although she doesn't know the level, but how she expected it, it should be at least Tier 4 or above. Otherwise, it would not cause Qin Batian to trouble.

"Haha, decipher? Mother, we don't need to decipher." Qin Chen smiled slightly, but his face was very cold, "Isn't the Ghost Fairy going to murder Grandpa? If that's the case, I will let him steal the chicken. Mi, let the Five Elements Lore Array become the cemetery of his Guixian faction!"

Qin Chen looked confident.

He was a Tier 9 formation master in his previous life. Although, limited to his cultivation base, he could not arrange a very sky-defying formation, but it was more than enough to destroy others' formations.

After all, destroying a formation is much easier than building one.

Let the formation constructed by the Guixian faction become the cemetery of the Guixian faction?

If someone else said this, Qin Yuechi would definitely think the other party was crazy, but Qin Chen said this, Qin Yuechi believed it inexplicably.

After all, as a mother, there is no reason not to believe in her son.

At this time, Qin Chen didn't say anything, because he had already seen that the five-element lore formation was about to take shape. If you don't hurry, I'm afraid it will be too late.

I don't know when, several low-grade real stones appeared in his hand, and array patterns were carved into them for arrangement.

On the field.

The battle between Qin Batian and Nian Shuo had reached a very critical point.

Qin Batian's successive shots caused Nian Shuo to retreat continuously, and the long-term defense also made him unable to supply the true power in his body.

This situation is already very dangerous.

Once Nian Shuo couldn't help himself, Qin Batian's attack broke his body, and he could be injured in an instant.

After being injured, Nian Shuo wanted to resist Qin Batian's attack again, and it was even more impossible. She could only fall into a dangerous cycle and was finally killed.

This point, including Xiao Zhan and others at the scene, although they are not Nian Shuo's opponents, they can see clearly.

Can't help but clenched his fists, extremely excited.

boom!

Finally, after a long time of fighting, Nian Shuo was exhausted, and Qin Batian was knocked out by Qin Batian.

Click!

The protective real power on his body shook violently, then broke open, a terrible real power attacked his body.

With a muffled hum, Nian Shuo and so on, backed up, with his feet on the ground, stepping on more than a dozen deep pits, which stopped the footsteps.

A trace of blood slipped from the corner of his mouth, already injured.

However, after being injured, Nian Shuo not only did not panic, but a strange smile appeared on his face.

He has received Zongluo's secret voice transmission, the five-element lore array, has been set up, and can launch a Jedi strike at any time.

"At this time, you can actually laugh out?"

Qin Batian frowned and asked coldly.

Is this opponent's brain stupid, hurt by himself, and still giggling, isn't it a stroke?

"Haha, of course I have to laugh, why not laugh?"

Unexpectedly, after hearing this, Nian Shuo smiled more brilliantly, "I laugh, you are about to die, and you don't know it."

"ridiculous!"

Qin Batian raised his eyebrows and was too lazy to talk nonsense with the other party. Suddenly, his figure rushed up and punched.

He wants to take advantage of the victory to pursue and kill Nian Shuo here.

However, Nian Shuo's face didn't panic at all, calm and chilling.

At this time, not only Qin Chen, but also other strong players present felt something was wrong.

"Do it!"

At the moment when Qin Batian's attack was about to strike, Nian Shuo suddenly shouted.

boom!

At the same time, the true power erupted from his body, and his whole person was like a demon, attacking Qin Batian boldly.

Boom boom boom boom! ! !

Not only that, but the many ghost fairy sect masters who had been walking around before suddenly moved.

They were prepared, and they were extremely fast, and in an instant, they issued a thunderous blow.

Buzzing!

At the same time, countless lines of light burst out on the field, and the attacks of many strong people from the Guixian faction seemed to have an amplitude in an instant, interacting with each other, and their power doubled.

Toward that Qin Batian, he furiously attacked.

Chapter 323

"what?"

"When did the Guixian faction deploy the formation?"

"No, Old Man Qin is dangerous."

Countless exclams sounded in an instant.

It was only then that people discovered the abnormal situation on the court.

The terrorist attacks of many powerful men of the Guixian faction, like shooting stars chasing the moon, exuding a palpable aura, madly attacked Qin Batian.

Among them, even Ling Zhong, who was at the peak of the early stage of the Xuan rank, issued a blow with power comparable to a warrior at the peak of the middle stage of the Xuan rank.

And the dark middle-aged man who was originally in the middle stage of the mysterious rank, the power of a single blow was comparable to the peak of the latter stage of the mysterious rank.

The most terrifying thing was Nian Shuo's attack.

The infinite black energy, like a dance of demons, burst out an unprecedented astonishing coercion in an instant, completely suppressing the attack of Old Man Qin.

The five-element lore formation, the fourth-order top attack formation, is by no means a vain name.

This formation has been rehearsed many times by many strong men of the Guixian faction, with the purpose of dealing with difficult enemies in the battle of the sect.

Once it broke out, everyone was shocked, unable to look directly.

If this kind of attack were to fall, no matter how strong Old Man Qin was, he would probably be seriously injured or even killed.

"You are a martial artist, no matter how strong it is, what is the use? In the face of my ghost fairy faction, you are nothing, die for me!"

In the burst of shouts, Nian Shuo had a hideous face, and he could already imagine the scene where Qin Batian was bombarded into pieces after this shot.

However, what Ling Nianshuo didn't expect was that his attack was about to fall.

Qin Chen, who was outside the formation, suddenly brightened his eyes. He pinched the formation with both hands and threw it outward.

Huh huh!

The nine low-grade real stones are like luminous jade pendants, instantly falling into the formation of the seven.

"Reversal tactics!"

Qin Chen squeezed the formation mark and drank in a low voice.

Nine Huaguang, almost at the same time soaring into the sky, gorgeous and dazzling.

"not good!"

Zongluo, the master of the Guixian faction array, was the first to react and let out an exclamation, his face was full of fear, but it was too late to say anything.

Hum!

Nian Shuo and the others in the formation only felt a flower in front of them, and then they saw the attack that had originally attacked Qin Batian. At this time, they did not know why they were urging the five elements to kill each other. , Attacked.

"Do not!"

"No!"

"what!"

"Boom boom boom..."

Several deafening roars sounded at the same time, almost bursting the eardrums of everyone present.

Immediately after that, there was an extremely screaming scream.

None of the attacks of the Guixian Sect's many powerful men fell on Qin Batian, but attacked each other's comrades.

Among them, the one who withstood the weaker attack was okay, but was quite embarrassed, with broken clothes and blood dripping all over.

And the most unlucky was the Inner Sect elder of the Guixian Sect who withstood Nian Shuo's attack. He cultivated to reach the mid-Xuan level, but was directly exploded by Nian Shuo's attack and turned into blood mist, with no bones left.

Bo Bo Bo Bo...

After guiding the attack, the nine low-grade real stones placed by Qin Chen lost energy and burst into pieces at the same time.

"Damn it, how could this be?"

Seeing the miserable scene on the court, Nian Shuo yelled at the sky, and his eyes were blood red, almost crazy.

This five-element lore formation had clearly never killed Qin Batian, so why did he suffer a heavy loss here, not only injured two severely, but also lost one, which is extremely desolate.

Can't help looking at Zongluo fiercely.

"Sect Master, it is Qin Chen. He used the base of the Five Elements Lore Array to set up a big reversal array, causing our attacks to be confused with each other, so..."

Zongluo was frightened and quickly explained.

At this time, he was also quite embarrassed, his clothes all scorched, a wound on his body, and even deep bones were visible.

"You trash!"

Nian Shuo was so angry that he vomited blood, this idiot, the formation of the arrangement was actually changed by a kid.

"Are you a pig brain? Knowing that Qin Chen is a formation mage, he didn't even have any preparation?"

Nian Shuo cursed, wishing to slap Zong Luo to death.

But he also knew that even if he shot Zongluo dead at the moment, it would not help.

At this moment, except Zongluo, everyone else in the audience was dumbfounded.

Seeing that Qin Batian was about to be defeated, Qin Chen's sudden move caused the situation to change so that everyone was stunned.

Alchemist, bloodline, or formation mage, how much identity and talent does Qin Chen have, and how terrible is it?

Everyone can no longer imagine how high Qin Chen can reach in the future once Qin Chen grows like this?

at this time.

The only ugly face is Zhao Gao.

I had known that things would develop to this point, no matter how high the price was, I would never ignore Qin Chen and Qin Batian before.

Now it's too late.

"Hahaha, I deserve to be my grandson of Qin Batian!"

Qin Batian also understood the ins and outs of the matter at this time, and couldn't help laughing up to the sky.

Even more excited than he defeated Nian Shuo himself.

"Assassins of the Guixian faction, what do you have to say now that even the grandson of the old man can't compare with him, and dare to come here to go wild?"

Standing tall, Qin Batian already rushed towards Nian Shuo.

Boom boom boom!

Losing the Five Elements Lore Array, coupled with the severe consumption of real power before, Nian Shuo immediately fell into a disadvantage, and spewed blood again.

After a successful move, Qin Batian once again took advantage of the victory to pursue.

"Damn it, old Piff, do you really think that this Sect is afraid of you?"

Nian Shuo roared to the sky and swallowed several pills in one bite. The boiling blood power and ghost real power merged into his body in a domineering manner. The black real power on his body burned, and countless black threads appeared on his skin. Melting with flesh and blood, the whole body was covered with black blood patterns, like a ghost.

"The disintegration of ghouls!"

In an instant, the aura on Nian Shuo's body more than doubled, and she punched out.

Boom!

The monstrous black ghost spirit rose in the wind and turned into a dark sky, shattering Qin Batian's attack, and then came to him fiercely.

"What secret technique is this?"

Qin Batian didn't dare to be careless, his fists bloomed with an earthy yellow halo, like two huge grinding discs, constantly killing each other's ghost energy.

But the opponent's true power was so strong that the earth-yellow grinding discs made by the two big hands had no time to wear off. He shook his hands apart, and the whole person was hit hard in the chest and flew out.

At the corner of his mouth, a trace of blood spilled.

"Master!"

Everyone was shocked.

"Die to me!"

Nian Shuo was full of black energy, like a demon god, and turned to a disadvantage.

"It's a kind of body secret method. It stimulates the body's potential in a short time and makes one's own strength greatly improved in an instant, but the side effects are definitely very strong."

Qin Chen's eyes flashed, and he instantly understood the reason.

But to understand, Qin Chen knew very well that the other party had used a secret method, and in such a short time, the strength would definitely be above Qin Batian.

"Grandpa, this kind of exercise will definitely affect his mentality, I will contain him, and you will take action."

When the voice fell, Qin Chen burst out with a mental storm.

Chapter 324: Did You Ask Me?

Hum!

The invisible mental power attack instantly invaded Nian Shuo's mind.

Originally, with Nian Shuo's cultivation base, he wouldn't be hit by the 'spiritual storm' so easily, but after using the ghoulish disintegration method, his strength has improved, but his mind has decreased.

At the same time, his mental resistance was also reduced a lot, making Qin Chen's attack effective in an instant, causing him to fall into mental confusion.

"dead!"

Qin Batian seized the opportunity and punched his chest with a punch.

boom!

His chest collapsed suddenly, a deep fist mark was recessed, and a mouthful of internal organ fragments spouted out of his mouth.

"metropolitan!"

The rest of the Guixian Sect powerhouses were all horrified. Once Nian Shuo died, then they would undoubtedly all die here.

Can't help flying up, wanting to save Nian Shuo.

"Hahaha, your opponent is us."

However, Xiao Ya and Dongfang Qing, who had been reminded by Qin Chen, had already prepared this time, and the two flew up to stop the remaining strong men of the Guixian faction.

The strengths of Dongfang Qing and Xiao Ya were extremely astonishing, and one was a bloodline master and the other was a pharmacist. In terms of true strength, they were only slightly worse than Xiao Zhan.

With the two of them working together, the injured elders of the Guixian faction were simply unable to break through the two defenses.

After being punched by Qin Batian, Nian Shuo's originally dull sanity also instantly awoke, seeing the scene on the court, and he couldn't help but crack.

"You guys, go first!"

With a loud shout.

"call!"

A black pill suddenly appeared in Nian Shuo's hand, and he swallowed it in a haste.

Chi Chi Chi Chi!

An astonishing breath bloomed from him, and Nian Shuo's cultivation level rose again in an instant.

boom!

Like a demon, standing proudly in the sky.

"Wu Zong, his cultivation level has broken through to Tier 5 Wu Zong?"

Feeling the breath of Nian Shuo, even Qin Batian, who has always been calm, showed a trace of amazement in his eyes.

At this moment, Nian Shuo, black mist was constantly oozing out of the pores all over his body, and there was almost no human form.

But the breath in him was terribly suffocating.

"Ahhhh, this is all you forced me to, today you are going to die, all of you are going to die."

"boom!"

Nian Shuo could no longer see the original color of his eyes, blood-red like wild beasts, but Xiao Ya and Dongfang Qing were the first to attack.

A huge black palm print appeared between the sky and the earth, and black ghosts were everywhere. Dongfang Qing and Xiao Ya had no time to react. They only felt that the sky and the earth were dim, like a **** of death.

Under the aura of Nian Shuo's true sect, both of them were unable to move, as if imprisoned in the void.

"Spirit Storm!"

At the critical moment, Qin Chen hurried out a mental storm.

Nian Shuo's mind was dizzy, and the attack immediately stagnated. Dongfang Qing and Xiao Ya even seized the opportunity and dodged aside.

"Boom!"

Although the huge black palm did not directly hit the two of them, the strength of the edge of the palm print still shook Dongfang Qing and Xiao Ya upside down, bleeding from the corners of their mouths, and their faces were shocked.

Above the ground, a huge handprint pit emerged, several meters deep, tens of meters wide, countless rubble, splashing everywhere, shocking the many people and warriors present, backing one after another with fear on their faces.

Is this the real strength of Tier 5 Wuzong?

After swallowing a mouthful of saliva, everyone felt deep fear.

"Damn boy, sabotage this sect's plan over and over again, and this sect will kill you first today!"

With a roar, Nian Shuo frantically killed Qin Chen.

He was full of hatred towards Qin Chen. If it weren't for Qin Chen, his son would not die, nor would so many elders of his ghost fairy sect.

"Don't want to hurt my grandson!"

Qin Batian shouted angrily and greeted him.

"roll!"

"Boom!"

There was a thunderous roar, and Nian Shuo slapped Qin Batian with a palm and shot him upside down. With a thunder, he slammed into a wall on a distant street. The whole wall was torn apart and a large human-shaped pit appeared.

Qin Batian snorted, blood spurted from his mouth, his face was as pale as gold paper.

But Nian Shuo didn't feel better either. His whole skin was cracked, the black mist dissipated everywhere, and the whole person seemed to burst at any time.

The last black pill he took had extremely strong side effects. It was more terrifying than any body-explosive pill. He could only insist on his cultivation of dozens of breaths. Once dozens of breaths, he would not stop his movement. The whole person will explode and die.

In other words, he must kill the person he wants to kill in just a few dozen breaths, and leave the capital of Daqi, otherwise, there is only a dead end.

And the one he hated most among all the people present was Qin Chen.

Boom!

With a palm slapped Qin Batian, Nian Shuo's figure had already swept in front of Qin Chen, and the terrifying black palm instantly slapped it down.

"Qin Chen."

"Less dust!"

Everyone exclaimed, Zuo Li and the others, one by one, was cracked.

They couldn't think of it, they all reached this point, this ghost fairy sect Nian Shuo could even come back to life, posing a threat to Shao Chen.

The background of the top sect in the northwest is simply terrifying.

In their anger, they wanted to step forward to stop them, but it was useless. The terrible black energy swept them back and forth, let alone stepping forward to stop them. Even if they stabilize their body, they can't do it. Under the impact of vigor, all of them spurted blood.

"Less dust!"

Xiao Ya and Dongfangqing exclaimed in despair in their eyes.

"Qin Chen!"

Zhao Lingshan even desperately wanted to step forward, but was powerless. She could only watch the black palm, and the cover fell, painful tears falling from the corner of her eyes.

At this moment, her heart was broken.

Qin Chen's pupils also suddenly shrank to the size of a needle.

"Wu Zong?"

When he moved his mind, he was about to use the fifth-order true talisman from Qin Feng in the storage ring.

Originally, he could move away from this place as long as he cast the void-breaking talisman to avoid Nian Shuo's attack.

However, beside him, there are his mother and many friends, if he moves away, under the palm of Nian Shuo, he will definitely hurt others.

Therefore, he can only display the fifth-order true talisman.

The fifth-order true amulet is extremely powerful, equivalent to the full-strike of the fifth-order Wuzong, and can completely resist Nian Shuo's full-strike.

He could see that Nian Shuo's current state could not be maintained for a long time. Once blocked, maybe the other party would fall short.

And just when Qin Chen is about to inspire the fifth-order true talisman...

"Want to hurt my son, have you asked me?"

A clear, icy voice suddenly sounded behind Qin Chen.

Then, a slender jade hand suddenly protruded from behind Qin Chen. The jade hand was as smooth as jade, white and flawless, like an orchid pinching finger, gently stroked on the handprint displayed by Nian Shuo.

An unbelievable scene happened to everyone. Under the caress of this jade hand, Nian Shuo's full blow, smashed, the entire handprint was instantly torn apart, and at the same time, the whole person, like a kite with a broken line, fluttered. Going out, big mouths of black blood spurted out of her mouth.

"what?"

Everyone was stunned and looked at the master of the jade hand in a daze.

Even Qin Chen turned his head in amazement and couldn't help exclaiming, "Mother!"

The person who shot was actually Qin Yuechi, who was always weak and unable to bind chickens!

The audience was shaken and fell into sluggishness.

Chapter 325

At this moment, everyone was sluggish and didn't know what to say. The whole scene was as silent as death.

how come.....

Everyone looked at Qin Yuechi blankly, completely frightened.

Qin Yuechi, who had always appeared as a weak woman, turned out to be a warrior.

And he is still a top powerhouse with a cultivation base far surpassing Nian Shuo, at least a Tier 5 Wuzong or above.

how can that be?

"hiss!"

In the audience, the sound of inhaling air-conditioning sounded one after another, everyone was stunned and their brains crashed.

"how come?"

And the most shocking thing is Nian Shuo.

I thought that after swallowing the treasure of the inheritance-'Blood Ghost Pill', the cultivation base broke through the fifth-order Wuzong in a short time, and after beheading the enemy, he could leave safely.

Unexpectedly, in this great Qi country, there is a top powerhouse who has always lurked here and has never made a move.

It wasn't until everyone couldn't stop him that he showed his true strength.

It's ridiculous to myself, I always thought I could take advantage of the opportunity.

Just Nian Shuo didn't understand that the five northwestern countries had never had a Tier 5 Wuzong expert, why in this great Qi country, such a master was hidden, and, under Qin Chen's several crises before, he had to endure no action.

If the other party had done it early, I am afraid that he would have been beheaded a long time ago. Can he wait until now?

Nian Shuo was shocked, and there was also a group of people in the crowd who were extremely frightened. That was Zhao Feng and a group of Qin family members.

"What, Qin Yuechi..."

With his mouth wide open, Zhao Feng's eyes were almost falling to the ground, and there was an inexplicable shock.

"Mother..."

It was Qin Chen who really wanted to vomit blood. His mother had always been a master, and she didn't even know that she had all lived on dogs in this previous life?

But thinking about it, there are actually many signs.

For example, every time I make a breakthrough, my mother can see through it.

For another example, the blood spirit pool is so mysterious that even some of the top powers in the Great Qi Kingdom may not understand it, but the mother understands it so clearly.

All of this actually revealed Qin Yuechi's extraordinary.

However, the existence of Qin Chen's memory made Qin Chen not think about it, and this was concealed.

"dead!"

Under the horrified gazes of everyone, Qin Yuechi's eyes were indifferent, and his slender hands stretched out again toward Nian Shuo.

call!

The palms like mutton jade are soft and beautiful, like a nine-day fairy stretched out her palm without a trace of firework.

But it was such a palm that stretched out, but there was an endless murderous expression.

"Do not!"

Nian Shuo was horrified. Under this palm, the black true power in his body was running and solidified, as if even thoughts were about to stagnate.

He can be sure that as long as this palm is hit, he will undoubtedly die and there will be no way to survive.

"Ghost escape!"

At the critical moment, Nian Shuo screamed, and her body suddenly blurred.

"Puff!"

next moment.

Yingying's palm hit Nian Shuo, breaking Nian Shuo instantly, turning into countless pieces and scattered.

But no trace of blood was spilled.

"Is it a fake?"

Qin Yuechi frowned, but there was a sneer in her eyes.

"In front of me, want to escape too?"

The slender palm shook lightly and patted a certain place in the void.

"Om!"

The air in front of you suddenly rippled like water waves, and a black figure suddenly appeared in the sight of everyone, heading outside the royal capital, fleeing frantically, not Nian Shuo, who else?

"dead!"

The indifferent voice, like the voice of death, an invisible force submerged in Nian Shuo.

"Do not!"

Nian Shuo roared sternly all over, and there were countless cracks in his body, like a porcelain, constantly breaking.

"Hahaha, I didn't think I read Shuo, I was shrewd in my life, and would die here, but...Don't be proud of you too early, you killed me, like Qin Chen...you can't live!"

"Hundred ghosts curse!"

At the last moment, Nian Shuo's blood was burning, and a black breath of nothingness rose up from his body.

boom!

His whole person burst open, turned into countless black blood rain, and was exploded into dust.

However, the black emptiness did not dissipate, instead, it formed a hideous grimace, which suddenly poured into Qin Chen's body.

"Ok?"

Frowning, Qin Yuechi took a palm shot, and the air in front of him instantly rippled into countless ripples, spreading layer by layer, but the hideous face seemed to not exist in this world and was not affected at all.

I don't know why, for an instant, Qin Chen felt cold all over, and he felt like he had fallen into Jiuyou Hell.

"Spirit Storm!"

At the moment of crisis, Qin Chen used a mental storm, the invisible mental storm swept across and rushed over the emptiness grimace, but the emptiness grimace had no effect at all, and it turned into an invisible force to descend on Qin Chen.

Immediately afterwards, it instantly penetrated into his body.

A cold feeling spread throughout the body, and the spirit of my own energy and blood, instantly dropped a bit, and the spirit was extremely exhausted.

"This is the power of the curse?"

Qin Chen frowned.

Although this force did not directly hurt him, it always affected his spirit and consumed his will.

This is a typical curse power.

"Chen'er, are you okay?"

Qin Yuechi looked nervously, grabbing Qin Chen's right hand, a pure true power poured into Qin Chen's body, searching everywhere, but couldn't sense anything.

This power seemed to be integrated with Qin Chen's body and could not be separated at all.

"What a pure true power."

Qin Chen was secretly surprised and looked at Qin Yuechi in surprise.

The true power in Qin Yuechi's body is very pure, although it can't be compared with his own Nine Star God Emperor Art, but even in the Martial Domain, it is definitely not idle.

"This is at least a heavenly level technique, the true power that can be cultivated. No wonder it can escape my perception and make me not aware of the cultivation base. It's just that the mother is an ordinary woman in this great Qi country, how can she have a heavenly level? The technique?"

Heaven-level exercises, the true energy that comes out of cultivation, is very pure and cohesive, far surpassing ordinary true energy.

At the same time, the sky-level technique is also very terrifying for the concealment of breath. As long as the cultivation base does not exceed the opponent's strength too much, it is difficult to detect the opponent's strength.

Moreover, although Qin Chen cultivated the Nine Star God Emperor Jue, his cultivation level was too low after all, and coupled with the subconscious influence, he could not see through Qin Yuechi's cultivation level.

"No, the lord is dead, run away."

As soon as Nian Shuo died, the elders of the other Guixian faction were all frightened, flying around, trying to escape from here.

"Take down all the remnants of the Guixian faction. If there is resistance, it will be killed."

Zhao Gao, the king of the Great Qi Kingdom, finally gave the order, waving his hand and looking cold.

Chapter 326

The group of dragons has no leader, and the remaining few ghost fairy faction inner door elders, how can they be the opponents of many powerful people in the Great Qi Kingdom, all of them were intercepted and fell into siege.

However, although the inner door elders of this group of ghosts and immortals knew they could not resist, none of them tried to surrender, but resisted in blood.

Finally, after losing the two of them, knowing that things cannot be violated, they even shouted for surrender.

"This ghost and immortal faction is bold and dare to attack the genius of my great Qi country. It is unforgivable and killed them all."

Zhao Gao's eyes were cold and merciless.

Puff!

Blood flies all over.

In the end, all the masters of the Guixian faction were beheaded on the spot, **** on the streets.

Since then, many masters sent by the Guixian faction have all fallen, and none have survived.

A strong **** atmosphere haunts the streets of the royal capital.

Everyone looked at Qin Yuechi, with an inexplicable light shining in their eyes.

Everyone understood that if it weren't for Qin Yuechi's move today, let alone the master of the All-Exterminator Guixian faction, everyone present would be in danger or even fall.

The eyes of the people of the Qin family were extremely complicated.

His face changed, full of regret.

If they knew that Qin Yuechi's cultivation base was so strong, and gave them ten courage, they would not dare to expel Qin Yuechi and Qin Chen from the Qin family.

However, they didn't understand why Qin Yuechi's cultivation base was so strong, why he kept swallowing his anger, even when Qin Chen was humiliated.

"Father, are you okay?"

With all eyes in full view, Qin Yuechi walked quickly to Qin Batian, his expression worried.

"I'm fine."

Wiping off the blood from the corners of his mouth, Qin Batian's face had a trace of comfort and a trace of heartache: "Yuechi, these years, I have wronged you."

"Father's words, this is Yuechi's own decision." Qin Yuechi shook his head, and then smiled: "It's just that Yuechi didn't expect that Zhantian's son and I should have such a talent for cultivation. I think Zhantian will know it. I will be very pleased."

Speaking of Zhan Tian, Qin Yuechi's face was shy and longing like a girl.

With that glamorous face and green expression, looking at all the men present, their eyes straightened, their hearts fluctuated, and they couldn't move their eyes.

"Chen'er, come and meet, your grandfather."

Qin Yuechi waved to Qin Chen.

"Yes!"

Qin Chen stepped forward, unable to tell what it was like.

It is indeed a bit embarrassing to ask him to call an old man his grandfather, but Qin Batian's strong figure before, moved him very much.

At least he didn't feel bad about Qin Batian.

"Hahaha, you kid, I haven't seen you in these years, why, have you met? Even grandpa stopped calling?"

Seeing Qin Chen's weird expression, Qin Batian couldn't help laughing.

"Master Qin, Miss Qin Yuechi, if it weren't for the two, I'm afraid I would really be embarrassed by the great Qi country. Fortunately, the powerful enemy was punished, are the two okay?"

At this moment, Zhao Gao stepped forward, with a smile on his face, expressing condolences.

His tone was enthusiastic, as if there was nothing unpleasant with each other.

"Thank your Majesty for your concern, the old minister is still strong and can't die."

Qin Batian snorted coldly.

As for Qin Yuechi, he just glanced at Zhao Gao lightly and didn't speak.

But her holy and arrogant temperament, like a nine-day fairy, made Zhao Gao feel inferior.

If Zhao Gao didn't hate Qin Yuechi, it was impossible. Once upon a time, such a beautiful woman was also the concubine appointed to him by the first emperor.

Unexpectedly, in order to escape the marriage, the other party left without saying goodbye until he returned with Qin Chen.

Let him become a laughing stock among the emperors of the great Qi Kingdom.

In recent years, although Zhao Gao seems to be very indifferent and has never mentioned this matter, there is still a grudge deep in his heart.

But at this moment, in front of Qin Yuechi, he did not dare to be dissatisfied.

Even felt a hint of inferiority and panic.

Nian Shuo, as strong as the sect master of the Guixian Sect, is not the enemy of Qin Yuechi's palm, the opponent is far more powerful than he imagined.

This class of power, combined with a military commander like Qin Batian, could even subvert the imperial power of the Great Qi Kingdom.

Zhao Gao's heart was full of regrets. Knowing this long ago, he would never give up Qin Chen and let himself fall into this position.

"We go back to the house."

No longer paying attention to Zhao Gao, Qin Yuechi took Qin Chen and Qin Yuechi back to the mansion.

Only Zhao Gao, who was embarrassed, was blue and white, very ugly.

"Patriarch!"

"father!"

Many elders of the Qin family and Qin Yuanxiong also shouted anxiously.

Qin Family Patriarch, King of Dingwu Qin Batian, after returning to the royal capital, he didn't go back to his residence first, but instead went to Qin Yuechi's residence. What was that?

"You guys go back first, and I'll go back to the mansion after a while, stay here, how decent you are."

Turning his head, Qin Batian snorted coldly.

"Qin Yuechi, you bitch, you were able to save Feng'er before, so why didn't you save it, you bitch."

Suddenly, an angry roar sounded, and Zhao Feng rushed out suddenly, like a mad woman, rushing toward Qin Yuechi's hideous face.

"boom!"

However, before she came to Qin Yuechi, she was shaken by Qin Batian's palm, and fell to the ground with a gray face.

"father!"

"Old man!"

Qin Yuanxiong and Zhao Zhen's expressions changed, and they hurried forward to help Zhao Feng.

"Yuan Xiong, if you still don't bring Zhao Feng back to me, don't you think my Qin family's shame is not enough?"

Qin Batian shouted angrily, then looked at Zhao Zhen, squinted his eyes, and said coldly: "My family, Qin advises you, my Qin family's affairs, in the future you Zhao family will not mix things up, otherwise, stop blaming me Qin. Regardless of the past."

"you....."

Zhao Zhen's face was blue and white, but he couldn't say a word.

Right now, the people of the Qin family and the Zhao family left in embarrassment.

"Your Majesty, what shall we do?"

Several palace powerhouses surrounded the road.

"What else can I do, go back to the palace!"

With a pale expression on his face, Zhao Gao felt angry and didn't give the other side a good face.

"Little Chen, Old Man Qin, then we should also leave."

"Farewell first."

Knowing that Qin Chen, Qin Yuechi, and Qin Batian still have a lot to say, immediately, Xiao Ya, Dongfangqing, Kang Wang, Liang Yu and others were all very acquainted, and they said goodbye.

"Everyone, when you have time, Qin Chen will come to thank you personally."

Qin Chen said politely.

This time, Dongfang Qing and others wanted to help him against the enemy despite the danger. Qin Chen was naturally very grateful.

The so-called adversity only sees the true feelings, the ghost fairy faction's battle also allows him to see the faces of everyone, who is sincere to help him, naturally at a glance.

I saw that many strong men left one after another, and the crowds onlookers also shook their heads and dispersed.

However, the excitement in their hearts cannot be calmed anyhow.

Even the ignorant people know that in the five northwestern countries, the peak powers of the late Xuan level are already the top powers. In the half-step Wuzong, only Wei Tianming, the first master of the Liang Kingdom, was.

And now.

They have finally had a half-step Wuzong powerhouse in the great Qi country.

Chapter 327

Not only that, except for the half-step Wuzong master Qin Batian.

Qin Yuechi of the Qin family was actually a strong man beyond Wuzong's rank.

What a shocking thing is this?

In the northwest, where Wuzong was not obvious, Qin Yuechi could almost ascend to the top of the Northwest.

The top master of the entire Northwestern Five Kingdoms was actually in their Great Qi Kingdom, and he was still a person who had never shown his cultivation.

Everyone was shocked just thinking about it.

In an instant, everything that happened here suddenly spread like a storm to the entire capital, chanting and talking among every population.

At this time, Qin Chen all sat down in Qin Yuechi's room.

After this battle, the entire Qin Chen mansion, except for the house of Qin Yuechi, which was still well preserved, the other places were already a piece of rubble and debris and became ruins.

"Yuechi, I didn't expect you to live in such a place, Zhao Feng is too much."

Looking at this mansion located in the slums of Xicheng, Qin Batian glared at him, and his gaze was full of evil spirits.

"Father, it was my idea to live here, and the surroundings are quiet and the neighbors are very friendly, so there is no need to be so angry."

On the contrary, Qin Yuechi was comforting Qin Batian.

"Oh, let me say, you are too stubborn, you have to hide your cultivation base, otherwise, how can Zhao Feng dare to move you these years."

Qin Batian shook his head.

"Father, did you always know about the cultivation of the third sister?"

Qin Yuanzhi aside, couldn't help being surprised, Qin Ying also widened her eyes.

"Huh, otherwise, what do you think?" Qin Batian snorted coldly, "Your father, I am the kind of person who knows that your eldest brother and Zhao Feng are not used to seeing Yuechi, and then leave them and go to the frontier?"

Qin Yuanzhi opened his mouth wide.

Feelings, the old man has always known Qin Yuechi's cultivation base, so he dared to throw their wives in the royal capital, and he has been worried all these years.

"Hey, if I had not heard from you this time, my disciple of the Qin family had already reached the point of killing each other, and I wouldn't be so anxious to come back. Alas, pity my Feng'er, although he is a little overbearing, he is still not enough. Killing people indiscriminately, it must be Zhao Feng..."

Old man Qin showed a trace of sadness in his eyes.

In any case, Qin Feng is also his grandson, and he has been in the army for a long time. He did not expect this time...

The old man's eyes were a little red, and his heart felt melancholy.

"But, father, how could the third sister have such a cultivation base, this..."

Qin Yuanzhi looked shocked and couldn't figure it out.

It is true that Qin Yuechi's cultivation base is too high, and it has exceeded his imagination and understanding. If Qin Yuechi was the peak of the late stage of the Profound Stage, he would not be so shocked.

Qin Chen couldn't help but look around, with a face full of doubts.

Seeing Qin Chen's shocked appearance, Qin Yuechi smiled triumphantly, with a smile of relief on his face: "Chen'er, in fact, my mother never thought that there will be a day to show her strength in front of you, really, Mother, seeing Chen'er you are so good, mother is really happy, very happy. In fact, mother has a very high talent for martial arts, if it weren't for her talent, how could your father fall in love with your mother? As for the second brother, Have you forgotten that the third sister was the first genius in the capital at the time, and even the second brother you are not the third sister's opponent."

Qin Yuechi was in a very good mood and smiled slyly.

"Indeed, you were known as the first genius of the royal capital at the time, Third Sister, but even so, your cultivation level is too exaggerated, right?"

Even a Tier 5 Wuzong expert like Nian Shuo was killed with a single palm. Such a cultivation base was far beyond what the Five Northwestern Kingdoms could bear, making Qin Yuanzhi unacceptable.

"Besides, your cultivation level is so high, why have you never shown it, you have to hide it for so many years, you know, even if you only show half of your cultivation level, Zhao Feng can't hurt you at all."

What makes Qin Yuanzhi unable to understand the most is the fact that Qin Yuechi's cultivation base is hidden. If Qin Yuechi's cultivation base is not high, then hiding it can be regarded as a concealment, but once such a high cultivation base is revealed, who dares to touch her and use it. Are you so cautious?

"Second brother, your question is good, in fact, the reason why I hide my cultivation is all for Chen'er."

"For Qin Chen?"

Qin Yuanzhi was stunned, even Qin Chen was puzzled.

"Indeed, my cultivation level is extremely high, and I can shock Zhao Feng, but don't forget what kind of person Zhao Feng is. Long before my eldest brother married this woman, I already knew very well. With her temperament If I didn't have a cultivation base, it's okay. Once I show my strength, I'm afraid I will be more afraid of Chen'er and me, thinking that Chen'er and I will take everything from her and target Chen'er everywhere."

Qin Yuechi sighed: "What's the use of surviving in this world if you are just high in strength? At that time, Chen'er couldn't even awaken his bloodline. It can be said that I didn't have the ability to protect myself. As a mother, how can I? He guards him all the time. Once Zhao Feng poisons Chen'er while I am away, what can I do? Even if I kill Zhao Feng, can she kill me? Will Chen'er give me back?"

"So I have to hide my cultivation base. I have no cultivation base. In addition, Chen'er has no talent. Although Zhao Feng is afraid of us, he will definitely not take it seriously in his heart. In this way, Chen'er can grow up healthy and see. At this point, my heart is already satisfied."

Qin Yuechi looked at Qin Chen affectionately, a trace of kindness flashed in her eyes.

Qin Chen's heart was shocked, and his mother did this to protect herself.

"But mother, with your cultivation base, even if you go to the five northwestern countries, you should be able to mix and eat. Why should you stay here?"

Qin Chen was still puzzled.

"Mother staying here, naturally there is a mother reason, that is, waiting for your father to come over!"

In Qin Yuechi's eyes, there was a trace of yearning and a trace of shyness.

"father?"

It was the first time that Qin Chen heard his mother and his mother talk about his father. In his mind, his father was like a mysterious person, who had never appeared before, only existed in legends.

Qin Yuechi smiled faintly, and said quietly, "Yes, your father."

She raised her head, her eyes flashed with worship: "Chen'er, your father is an indomitable powerhouse and a true man. There is no other reason why the mother can cultivate to the current level of cultivation. , It's all because of your father, it's him who taught me such a set of cultivation exercises, and it's him who let my mother embark on the real road of cultivation, knowing the so-called advanced exercises of Daqi, but it's just some rubbish. That's it, how to practice."

"Actually, the practice your grandpa cultivated was also given by your mother, that is, a practice passed by your father to your mother."

At this moment, Qin Batian said suddenly.

Chapter 328 Father

"No wonder!"

Aside, Qin Yuanzhi couldn't help but suddenly.

What is the talent of his father, Qin Batian, as a son, he is not clear. If he can reach the level of Lingwu King Xiao Zhan, it may not be impossible, but it is not necessary to surpass Lingwu King Xiao Zhan and break through half a step of Wuzong. miss you.

After all, after so many years of fighting on the battlefield, Qin Batian was actually full of dark diseases. These dark diseases not only affected his life, but also consumed his spirit every moment.

It is extremely difficult for his cultivation to go further.

But before, not only did his father break through half of the Wuzong, but even the Nian Shuo Sect Master of the Guixian Sect was not his father's opponent at the same level. This seemed a little strange.

But now, Qin Yuanzhi has thoroughly understood what is going on.

Qin Chen also nodded secretly.

"In that case, the Heaven-level Cultivation Technique that my mother cultivated was actually given by my father? What kind of person is his father?"

It is definitely not something ordinary forces can do to be able to come up with such a heavenly level technique. After all, ordinary heavenly level techniques can't be concealed from the Nine Star God Emperor Art.

With a move in his heart, Qin Chen couldn't help asking: "Mother, father of the child, who is it?"

"Your father comes from a very mysterious place in the mainland. His family is huge and can be described as one of the top powers in the mainland." Qin Yuechi said: "You are still young, and you can't understand it. ."

"Mother said, is it Wuyu?"

Qin Chen blinked his eyes.

"Huh, do you know Wuyu too?" Qin Yuechi was stunned.

"My boy once saw it in an ancient book. It is said that Wuyu is the center of our Tianwu Continent, the supreme place."

Qin Chen could only explain in this way. He couldn't say that in his previous life, he lived in the Martial Domain, and he was also one of the most famous experts in the Martial Domain.

Qin Yuechi touched Qin Chen's head, and immediately shook his head: "Your father once told me about Wuyu, but he told me that he did not come from Wuyu, but another mysterious place, and his family, right The family exercise is very taboo. He passed it on to me and already violated the family prohibition. This time he left the family, it was a violation of the rules. If the family knew that he also passed the exercise to the mother, the family would be furious. Not only will he be punished, but he will also beheaded to kill his mother and you to avoid future troubles."

"This is also one of the reasons why my mother has not dared to show her strength."

Qin Yuechi sighed: "Although the five northwestern countries are remote, the sparrows are small and have all five internal organs. Forces such as the Dan Pavilion and the Holy Land of Blood are stationed. Even outside the five countries, there have been blood demon sects who have always looked forward to it. It's easy to expose your strength and spread it out. Once you are known by your father's family, it doesn't matter if you hurt your mother. If it hurts you and your father, then your mother's sin will be serious."

Qin Chen frowned, besides Wuyu, what mysterious place is there, with such a family? Could it be those big hidden families on the mainland?

However, even though I haven't been in contact with all of those big hidden families, I still know everything about them. They are a little different from the family of the father that the mother said.

"Mother, what family is my father's family? What is the family name?"

Qin Chen couldn't help becoming more curious in his heart.

"Chen'er, don't blame mother, mother can't tell you."

Unexpectedly, Qin Yuechi's expression was firm, and she was unwilling to tell Qin Chen, and she said: "Your father's family is very mysterious. If you know it, whether you know it intentionally or unintentionally, it will cause disaster if it spreads out. Moreover, your cultivation base is still low now. After you know your father's identity, you will definitely have some investigations. If you are known by the other party, I am afraid that you will be worried about your life. Therefore, Mother Shu can't tell you yet, I'm sorry. Chener."

Qin Yuechi's face was full of guilt.

"No, mother, since you don't want to tell me, that's fine." Qin Chen said.

In his mind, he recalled every bit of Niangqin and himself. In order to protect himself, Niangqin had clearly cultivated a talented person, but she was humiliated in the Qin family. She was unwilling to refute even facing the accusations of her undermates. How could Qin Chen care about the love.

But after thinking about it carefully, although the mother had never rebutted and confronted Zhao Feng and others, she had never seen fear or timidity in her eyes. Obviously, this was already a great flaw.

Unfortunately, I didn't think too much about myself.

"Chen'er, in fact, you haven't been able to awaken your bloodline for the past few years. In my mother's heart, I have already thought of protecting you for the rest of my life and passing it plainly. But I didn't expect that during the year-end entrance examination of the Star Academy, you actually awakened The bloodline is also a blockbuster, and my mother is really happy!" Qin Yuechi said, tears of excitement slipped.

Qin Chen smiled and said, "Thanks to Wei Zhen's kick, it opened the child."

"No!" Qin Yuechi shook his head: "In fact, my mother should have known that your father's blood is flowing in your body. How can you be ordinary?"

Qin Chen smiled bitterly. It seemed that his mother was poisoned by his father. He was very curious about what kind of man he could make a strange girl like his mother fall in love with him for many years.

But it is true that although this body was weaker at the beginning, no matter whether it is root or physique, it is extraordinary. Even the awakened bloodline can be called abnormal, and it may be related to his own bloodline.

"Chen'er, do you hate your mother for doing this?" Qin Yuechi sighed.

"No, how could it be, if it's not a mother, how could there be a child today!"

Qin Chen said from the bottom of his heart, in his previous life, he was an orphan. In this life, he felt the maternal love, and then he knew how great maternal love was.

Qin Yuechi suddenly looked at Qin Chen with a dismayed face, and said softly: "Chen'er, if... mother is saying that if one day, mother is going to leave, will you... resent your mother?"

Qin Chen was taken aback, then raised his head and said, "Mother, are you going to find your father?"

A trace of panic flashed across Qin Yuechi's face, but in the end, he nodded and said, "Yes, your father hasn't come to pick us up for so many years, mother is worried, is something wrong with him."

"Mother, did he forget us?" Qin Chen said.

A man, no matter how big a problem he encounters, puts his mother and child together in such a place, no matter how much he cares for more than ten years, he is not a good man.

"No, absolutely not."

As if for fear of hearing complaints about his father from Qin Chen's mouth, Qin Yuechi couldn't help but said: "My mother believes in your father, there must be difficulties. In fact, your father promised your mother back then and will pick us up in a few years. The mother and daughter left, but, more than ten years have passed, and your father has never appeared. Mother believes that your father is definitely not the kind of person who doesn't believe in words. Something must have gone wrong, or there must be some difficulties, so , You must forgive your father, he is definitely not such a person."

Chapter 329

Qin Yuechi's expression was tense. What she feared most was Qin Chen's hatred of his father.

After all, a father who left the mother and son in one place, had never seen him once in more than ten years, and would feel angry when he changed to anyone. She listened too much to such things.

"Chen'er, you must believe in your mother, your father is definitely not such a person."

Qin Yuechi gritted his teeth, the trust and perseverance in his eyes made Qin Chen couldn't help but look at him.

"Then mother, why don't you go find him?"

Qin Chen could see that his mother still had deep feelings for his father in her heart, and she hadn't forgotten it for so many years.

Qin Yuechi sighed faintly: "In fact, my mother has always wanted to find your father these years, but my mother is reluctant to take you on the road. It will definitely be dangerous all the way. My mother doesn't want you to get involved in this kind of danger, mother. I just hope you are safe, after all, the previous you..."

Although Qin Yuechi did not continue, Qin Chen also understood what he meant. Before, he had no power to bind a chicken, and he could not even awaken his blood. Qin Yuechi really wanted to leave by himself. I am afraid that within a few days, he will be already. Was killed by Zhao Feng.

But now, mother-in-law saw her own changes and understood her own strength, and then the thought of looking for her father rose in her heart again.

Thinking of the pain that his mother had silently endured for herself over the years, Qin Chen couldn't help but feel the pain.

"Mother." He showed a warm smile and said softly: "Go, my child will support you, find him, and ask him why he didn't keep his original promise and abandon us mother and child here for more than ten years. Don't contact."

Qin Chen couldn't understand such a man. No matter what the problem was, it would be a man's negligence to leave his wife here indifferent for more than ten years.

However, he respected his mother's choice and hoped that her mother could find his own happiness.

Qin Yuechi's eyes were red, and he looked at Qin Chen blankly. He didn't expect his son to be so considerate and considerate of himself.

She pressed her lips vigorously, held back her tears, and nodded vigorously.

"Yuechi, don't worry, if you leave, your father will take care of Chen'er and won't let him suffer any more wrongs."

At this moment, Qin Batian spoke from the side with a gentle voice.

"Father, thank you for your support."

Qin Yuechi's tears finally slipped down.

In fact, for so many years, Qin Yuechi would not have survived unless for Qin Batian's silent support.

Back then, she dared to leave, and later returned with Qin Chen. Instead of reproaching her, Qin Batian kept standing by her side.

But now, Qin Chen supports her and understands her again.

For a while, Qin Yuechi even felt that he was the happiest person in the world.

"Thank you, Chen'er." Qin Yuechi choked and said, "Next, my mother will point you for a period of time, and take care of some of your things. Those who dare to frame you, my mother will never let them take it easy."

Qin Yuechi's eyes flashed, revealing a sharp light, an unspeakable aura blooming from her body.

Qin Chen couldn't help but was stunned. To tell the truth, Qin Chen was a little uncomfortable with her mother who had always been weak before and now became so strong.

But he could also see that Qin Yuechi was still a little worried about herself.

"Don't worry, mother, I can handle everything well, and, in a short while, I might leave the five northwestern countries to see a broader world."

Qin Chen smiled. If he wants to grow up, he can't hide in a place like the Five Northwest Countries.

After all, there is still a sea of blood and deep hatred in him. If you don't hurry up, wouldn't it make Shangguan Xi'er and Feng Shaoyu more happy?

Qin Yuechi was taken aback, and immediately smiled: "Chen'er, you can think of it that way, you deserve to be his child. The five northwestern countries are indeed too young. Your father once heard that the

land of the northwest is on the Tianwu Continent, which is just a small land. , Even if you want to leave, you will leave after the five-nation tournament rematch. The heritage of ancient southern capital, I have heard your father say, is extraordinary, you must not miss it."

Qin Yuechi looked solemn.

"Oh?"

Qin Chen's eyes lit up: "How to say?"

"The details, my mother is not very clear, but your father said back then that this northwestern land is very weird. It should have been an important place in ancient times. Here, there are some extremely terrible relics and inheritances. Otherwise, Your father won't come here anymore. And after hearing about the ancient southern capital, he once said that the heritage of the ancient southern capital might be related to the secrets of the ancient core land in the northwest. It's just that you My father cannot stay here for long, so I have never seen it before, and my mother can't say anything."

"However, since your father said so, he must have his reason."

Qin Yuechi affirmed.

"Hehe, that's interesting."

Qin Chen thoughtfully.

It seems that I still have to participate in this five northwestern country competition.

Next, Qin Yuechi and Qin Batian exchanged another moment.

Looking at his daughter and grandson, Qin Batian was also deeply moved.

In fact, with Qin Yuechi's cultivation base, it is really easy to deal with Zhao Feng. Unfortunately, Zhao Feng, a woman who does not know, always thinks that Qin Yuechi's mother and son will **** her things, she is really short-sighted.

Thinking of Qin Feng who died, Qin Batian couldn't help but feel sorry.

For the first time, I felt that I had done something wrong when I agreed to marry the Qin family and the Zhao family.

"Yuechi, Chen'er, now I'm back, don't you live here, come home with me."

In the end, Qin Batian looked around and couldn't help sighing.

Letting their mother and son live in such a place, Qin Batian couldn't help but feel very unbearable.

"Yes, Sanmei, why don't you come back, Zhao Feng dare not do anything to you with her father." Qin Yuanzhi also tried to persuade her.

"Father, brother, forget it, you have heard that I will leave soon, not to mention, do you think Zhao Feng can embarrass me? I just don't want to enter that home again, the entire Qin family, can let I agree with you, that is, father and second brother, and Ying'er, the others, if you don't see them, I'm afraid I see disgusting." Qin Yuechi shook his head.

Qin Yuanzhi was speechless and sighed.

Indeed, with Qin Yuechi's cultivation base, he could not leave at all. The reason why he chose to leave was just that he didn't want to see those faces again.

"Since you don't want to go home, don't force it for your father." Qin Batian also sighed.

"Populus, Ying'er, let's go, I want to see, I haven't returned for more than ten years, my Qin family, how decayed."

With a cold snort, Qin Batian stood up, and after leaving Qin Yuechi and Qin Chen, he took Qin Yuanzhi and Qin Ying and turned and left.

With a sullen expression on his face, he had decided in his heart that this time, he wanted to show some people some color, otherwise the Qin family would be destroyed in the hands of the couple sooner or later.

Chapter 330: Four Ways

Qin Chen knew that this time Qin Batian returned, the whole king would surely make ups and downs.

But this kind of thing, he didn't bother to mix it into it.

Back to his room, Qin Chen sat cross-legged, and began to look inside his body.

Although the power of the Hundred Ghosts curse did not affect his body on the surface, in fact, it lurked in his body every moment and did not dissipate.

If things go on like this, there will definitely be something wrong.

"I'll take a look."

Hum!

Finely adjusting the true energy in the body, Qin Chen immediately felt that a cold force wrapped around his body and penetrated into his soul.

That kind of feeling, as if people are in a doggy day, suddenly being in a cold and humid ice cellar, feeling gloomy.

Looking inside, Qin Chen's powerful soul power immediately realized that there seemed to be strands of invisible black aura in his body, permeating every cell of his body, and even eroding to the soul level.

The strands of invisible black aura, with the ghostly aura, is a very different power, different from the spiritual power, and since it is different from the soul power, it is not true power, but a certain indescribable form of power.

"This should be some kind of curse power, the Hundred Ghosts Curse, and perhaps some unique ghost powers have been added, making this power a completely different level from ordinary power."

Qin Chen frowned.

The power of curse, he hadn't heard of it, belonged to a very special force in Tianwu Continent.

It's hard to tell where the Tao comes from. Some people say it's a variation of soul power, and some people say it belongs to the power of the third realm. In short, it is related to the power of blood, true power, and spiritual power. Soul power and other powers have something in common, but they are not similar.

"First disperse with infuriating energy."

Calming down, Qin Chen used the Nine Star God Emperor Jue with all his strength and began to expel the black curse.

Hum!

The powerful Nine Star God Emperor Jue's zhenqi circulated quickly in his body, touching the black curse power.

But Qin Chen was pleasantly surprised that his Nine Star Divine Emperor Jue Zhen Qi was actually effective against the power of the black curse and began to consume the power above.

However, before Qin Chen was pleasantly surprised, he discovered that this curse power turned out to be conscious and actively avoided.

Moreover, after it has been consumed to a certain extent, the true energy of the Nine Star God Emperor Jue, except for some suppression of the power of the curse, can no longer continue to consume it.

"It seems that the true energy of my Nine Star God Emperor Jue is not pure enough."

Qin Chen shook his head.

Qin Chen's true energy was able to kill the curse, which had already given Qin Chen a surprise, but after all, Qin Chen's true energy level was only heavenly.

Next, Qin Chen tried to use mental power, soul power, and bloodline power to eliminate this curse.

It's a pity that mental power has tried before, and it has no effect at all.

Soul power, although the strongest, reached the point of gathering souls, but like spiritual power, it has little effect on the power of this curse.

On the contrary, the power of Thunder's bloodline gave Qin Chen a surprise. As the thunder light surged, the curse power continued to melt away.

However, like the previous Nine Star God Emperor Jue True Qi, after dissolving to a certain extent, the power of Thunder Bloodline also lost its effect.

Although the power of this curse will be dissolved, it will soon be replenished, and there will be a balance between the two sides.

"It seems that the power of Thunder Bloodline is the same as Jiuxing Divine Emperor Jue True Qi, and both are effective, but unfortunately, the strength of both is too low."

so far.

Qin Chen's zhenqi is heavenly qi, and his bloodline power can only reach the second rank after so long of self-growth and promotion.

You know, the power of the blood of a general warrior is equivalent to his own cultivation level.

The fourth-order Xuan-level martial artists are of the fourth-rank bloodline.

And he is a mid-level martial artist, his bloodline is even second-grade, and he is indeed a little weak.

"So, for the present plan, there are four ways to get rid of this curse."

After turning his mind, Qin Chen thought of four ways in an instant.

The first is to improve one's cultivation.

The Nine Star God Emperor Jue is very terrifying. It only needs to be powerful enough to eliminate the curse power sooner or later.

However, this method is also very difficult.

Qin Chen estimated that in order to achieve this, at the very least, he had to break through his cultivation base to the profound level and transform his true energy into true energy.

However, he had just broken through the middle stage of the heavenly rank before, and it was extremely difficult to break through to the profound rank one after another.

Not to mention whether there is a way, even if there is such a way, Qin Chen is not willing to do it.

Heaven-level to Xuan-level is an important transition for a martial artist to upgrade from a low-level to an intermediate-level. The true energy will also be transformed into true power. This process is very important. If it is reached in a hurry, it is a weak foundation and will affect future cultivation. Because it has a huge impact, it is clear that the gains outweigh the losses.

The second way is to improve your bloodline power.

According to the previous results, this difficulty is not low.

After all, if you want to completely remove the curse power in your body, you must raise the bloodline power to at least the third rank peak, or you must enter the fourth rank.

If the pinnacle of the third rank can be eliminated, then it is still feasible and can be operated, but it can be eliminated once the fourth rank is reached, and the difficulty is even greater than the first method.

And the third method is to find a special flame.

According to Qin Chen's previous life, there is a very simple way to deal with the power of the curse, and that is to use the powerful flame power.

Whether it is demon fire, earth fire, or real fire, it has the effect of restraining the power of curses, and this restraint is very powerful.

Generally speaking, in the previous life, an alchemist with earth fire was enough not to fear the power of curse, and an alchemist with sky fire was the nemesis of the power of curse.

However, whether it is sky fire, earth fire or even a powerful demon fire, it is very difficult to find.

Tianhuo, in the entire Tianwu Continent, there are very few, even in the Martial Domain, it can cause a sensation, leading to the Wudi war.

Although there are more ground fires, it is obviously impossible to find them in the Northwest.

The only possibility is to look for high-level demon fire.

The last way is to find special sacred objects.

As far as Qin Chen knows, sacred objects can also restrain the curse, and can resolve it.

"It seems that it is not easy to eliminate the power of this curse."

Sitting cross-legged for a long time, Qin Chen already had an idea on how to get rid of this curse.

But my heart is still heavy.

These four methods, no matter which one, are extraordinary, and the difficulty is not low.

And what puzzled Qin Chen was that Nian Shuo was just a small sect master in the northwestern land, and it was indeed a bit unusual for Nian Shuo to use such a powerful curse.
