### [Chapter 3561: Chaos Crystal](#)

Otherwise, facing this pair of sword intent forces that have already produced antibodies, and even the Demon King, who instinctively masters the sword intent, Qin Chen will have a headache.

"kill!"

Qin Chen slayed his opponent of the Demon Shadow King, shook his figure, and shot again to help You Qianxue and Qingqiu Ziyi.

Crackling!

Countless lightning surging.

Puff!

In just a moment of effort, the two Demon Shadow Kings were also beheaded by Qin Chen, and it was impossible for Qin Chen to solve the opponent so easily if they were replaced by a half-step demon.

"Ding!"

When the three-headed Demon King died, three black spars fell and fell to the ground.

"what is this?!"

Qin Chen stretched out his hand to suck, and sucked the black spar into his hand.

"Is this the chaotic magic crystal condensed in the Demon Shadow King?"

Qin Chen has seen some vague records from the materials of Ancient Daozong. The black magic crystal contains special power, which seems to be the crystallization of sword intent combined with demon energy. It is bred by these magic shadow kings. Ordinary magic shadows cannot be condensed. Only the body of the magic shadow king can be bred. This chaotic magic crystal, In the shadow king

There is no entity in the body, and it can be dispersed and agglomerated like the Demon King at any time, but when the Demon King dies, the Chaos Demon Crystal cannot be dispersed and becomes an entity.

This chaotic demon crystal was once obtained by masters from the sword mound, but it is rumored that this chaotic demon crystal contains an astonishing meaning of chaos, and even a terrible chaotic sword intent. It is a top-quality material.

It is rumored that forging into the Saint Soldiers can make the Saint Soldiers have a special evil nature and cause a strong shock to the enemy, but it cannot be directly absorbed by the Warriors.

The peak saint master who once cultivated the magic way absorbed the power in this chaotic demon crystal, and was eroded by the chaotic will in it, and turned directly into a madman, turned into a different kind of demon, and exploded on the spot and died, very damaging and overbearing.

Later, even if a master got this chaotic magic crystal, he did not dare to swallow the power in it.

But Qin Chen's eyes brightened at this moment.

"Chaotic Demon Crystal, this thing should be formed by the power of the Demon King's whole body, and contains the most original power in the Demon Shadow's body. If I can absorb it, maybe I can understand the true composition of these Demon Shadows." Qin Chen said in his heart. In meditation, he has never understood the formation of these magical shadows. If they are just condensed by magic energy, they will be easily swallowed by the magic tree of the ten thousand worlds, but the fact is that although these magical shadows will be restrained by the tree of the ten thousand worlds, just in some kind

It's only a degree of suppression, and it can't be killed directly, which makes Qin Chen quite puzzled.

"You two be careful and protect the law for me. I will refine this chaotic magic crystal and see the power in it."

Qin Chen said to You Qianxue and Qingqiu Ziyi, which immediately caused the two of them to be frightened, but they also knew that it was difficult to change what Qin Chen decided, so they stopped talking, just looked around vigilantly .

Immediately, Qin Chen found a seemingly safe place nearby and began to refine the chaotic magic crystal.

Boom! Suddenly, a terrible chaotic will and a magic light will rushed into Qin Chen's body with sword intent at the same time, puff puff puff, these forces rushed across Qin Chen's body, and quickly invaded Qin Chen's mind. To Qin Chenjin

Line erosion.

"The Art of Patching the Sky!"

Qin Chen lowered his heart, secretly startled in his heart, and immediately urged the sky-repairing technique. This chaotic power could destroy and corrode even his ancient body, making Qin Chen quite surprised.

However, Qin Chen could use the technique of patching the sky without fear of its power.

The art of patching the sky is circulating and analyzing the origin of this chaotic power.

suddenly.

Hum!

The Book of Origins in Qin Chen's body suddenly surged, and a chapter of dark civilization appeared, a force of darkness condensed from that power of chaos.

"This is... the power of darkness."

Qin Chen was taken aback. He finally understood that the power contained in this demon shadow actually contained the power of darkness. It was no wonder that he could not be suppressed by the Demon Tree of the Ten Thousand Realms, but was suppressed by his own power of thunder.

However, this power of darkness seemed to have undergone a certain change under the changes of hundreds of millions of years, otherwise it would be impossible for Qin Chen not to see it.

Huhuhu!

At this moment, the book of origin in Qin Chen's body swiftly swept, quickly refining the chaotic sword intent, devilish energy and the power of mutated darkness, combined with the sky patching technique, into Qin Chen's body.

Crackling!

Furthermore, the thunderous blood surging in Qin Chen's body cleared the most evil part of this dark power, leaving only the purest place.

Qin Chen's body became even more tyrannical under this force, as if it had received some kind of supplement.

"This chaotic magic crystal actually has the effect of improving my physical body, and it has improved my ancient body. As long as I get dozens of chaotic magic crystals, it can even directly increase the strength of my physical body to a stronger level. "

Qin Chen was shocked. The higher the barren ancient body is, the harder it is to improve. A chaotic magic crystal can increase Qin Chen's barren ancient body by one percent of its strength, making Qin Chen extremely shocked. You must know that his physical body is trying to improve. What ordinary materials can do,

But this chaotic magic crystal did it.

Qin Chen analyzed it carefully, and only then discovered that what really played a role should be the mutated power of darkness. Qin Chen's body had received the baptism of various powers, but had never been baptized by the power of darkness.

"So, am I using the power of darkness to improve myself?"

Qin Chen frowned. If so, he would rather not use the power of darkness to improve his physical body. Compared with the physical body, Qin Chen did not want the power of darkness in his body to destroy the heavenly realm.

Hum! Qin Chen revolved the Heavenly Dao, the origin flowed, and the environment like a small Heavenly Dao had formed in his body, and he was relieved. The power of the Heavenly Dao in his body does not reject this force. It seems that this dark force is present. After mutation, already

Becomes no longer hostile to heaven.

It's just that there is some rejection between the two.

"As long as it is not hostile, then there is no problem."

Qin Chen was excited. He had found a way to improve his physical body before he entered the true core of the sword mound. If there were dozens more, his strength would definitely increase astonishingly.

Qin Chen immediately absorbed the remaining two chaotic magic crystals into his body, and sure enough, the strange power of darkness caused his physical strength to be slightly improved again.

Taking a breath, Qin Chen stood up with a smile on his face.

"Never mind this, continue to search for Chaos Demon Crystal, try your luck, and see if you can meet other Demon Kings." At the level of Qin Chen, any slight improvement is extremely difficult, and now it is hard to find one. The way, Qin Chen was naturally ecstatic.

### [Chapter 3562: Venerable Broken Sword](#)

The three of Qin Chen continued to move forward. Then, the three of Qin Chen found several Demon Shadow Kings, who were beheaded by Qin Chen and obtained several Chaos Demon Crystals.

It's a pity that things like Chaos Demon Crystals are too scarce, and only some top Demon Shadow Kings can condense them. Normal Demon Shadows simply don't exist, and it is difficult to obtain them in large quantities.

But what surprised Qin Chen was that there were quite a few Demon Kings in this mountain range.

"This canyon is weird. Why can so many Demon Kings be born here?"

Putting away the chaotic magic crystal in this alien demon king, Qin Chen frowned. The chaotic demon crystal is often born under extremely special circumstances. It must be at the level of the demon king, but the demon king in this canyon Isn't it too much?

"This canyon is weird."

Combining the terrifying sword intent that Qin Chen felt from the stone wall before, Qin Chen came to a conclusion that there should be something special in this mountain range that affected the environment here.

"Master, we may be looking for the wrong place. The Liger Demon Lord and others shouldn't pass by this place, otherwise, they should also be trapped by this line of heaven." Qingqiu Ziyi said. Qin Chen nodded, he had discovered this a long time ago, but Qin Chen can be sure that the masters of the five great monster sects also passed through this area, but they did not enter the mountain line of the sky, and took another road. , So they should be

Know some things here.

Otherwise, will not deliberately bypass.

"Everyone be careful."

Qin Chen said in a deep voice, as they deepened, the sword aura on the stone wall became more and more terrifying.

Suddenly, Qin Chen raised his head, his pupils suddenly condensed.

"Dust, look!"

You Qianxue also exclaimed. Qingqiu Ziyi also raised his head. At this moment, they have come to the end of this line of heaven. What they saw before them was a broken sword that stretched through the sky. This broken sword was actually a hundred meters in size and stood between the sky and the earth, half broken. Great sword deep thorn

Into the underground of this mountain, majestic and simple.

At this time, above the broken sword, there was still a fierce aura, as if it had not been destroyed even after hundreds of millions of years.

"Venerable treasure!" Qingqiu Ziyi took a breath of air, Qin Chen and You Qianxue were also shocked, there was a broken sword here, and from the broken sword, Qin Chen actually felt a powerful venerable Power, this broken sword is definitely a treasure of the venerable, when

The sword of an ancient venerable.

Otherwise, it won't be stored here for hundreds of millions of years, exuding such a fierce and terrible energy.

"I understand, the canyon of this line of sky should have been split by this broken sword, a sword."

Qingqiu Ziyi said suddenly. Qin Chen and You Qianxue also nodded, their expressions changed slightly. They could see that the position of the broken sword was directly opposite this line of sky. It was very likely that it was a strong man who possessed this broken sword. , Formed such a terrifying first-line sky field

Jing, this also explains why there is such a terrifying sword intent on this line of sky. The strong man who urged this terrible broken sword back then must be a venerable figure. His sword, how terrifying, split this high mountain range, the entire mountain range was split, forming a sword-like canyon, and the stone wall The remaining sword intent on the sky is not for hundreds of millions of years

Zeng dispersed.

The sword intent that has not disappeared for hundreds of millions of years.

Qin Chen was shocked, whoosh, his figure flew up.

Venerable kendo master, is the kendo master of the ancient Tongtian sword pavilion? In ancient times, there was a peak battle here. The masters of the Tongtian Sword Pavilion and the demons fought, turning the center of the Tiandang Mountain Range into a forbidden place in the Southern Heaven Realm, where the sword tomb is located. Is the ancient sword

The master of the court.

Qin Chen flew up, trying to get close to Broken Sword and feel the power in it, and You Qianxue and Qingqiu Ziyi also followed closely.

Hum!

Suddenly, for no reason, a terrifying and fierce aura filled Qin Chen and the others from Broken Sword's direction.

The three of them turned pale and couldn't help but back up a few steps.

puff!

Unexpectedly, Qin Chen was inferior to Qingqiu Ziyi and You Qianxue, spouting a mouthful of blood, spilling into the void.

"Young Master!" Qingqiu Ziyi exclaimed, looking at Qin Chen worriedly, but his eyes were a little surprised. Qin Chen's kendo attainments are the strongest among the three. How could he not resist the momentum emitted by this broken sword? On the other side, You Qianxue was also pale,

He insisted, his sword intent surged, but he didn't vomit blood, which was better than Qin Chen.

"Master, be careful, the sword intent on this broken sword has not disappeared for hundreds of thousands of years, and it has remained. It should have been our approach before, triggering the induction of this broken sword, and we can't get close anymore, otherwise the broken sword remains. Power will send us

Attack and crush our souls. "

Qingqiu Ziyi said solemnly.

"There is indeed a terrible sword intent in this broken sword, which hasn't dissipated for hundreds of thousands of years." Just now, Qin Chen knew that it was sword intent. After all, he himself is a sword master and understands better than everyone else. I have also mastered the terrifying eternal sword intent and the killing sword intent. It is precisely because of this that the two

Under the confrontation of sword intent, Qin Chen's sword intent was suppressed at once, causing him to spout a mouthful of blood. Judging from the records, if this place is really the battlefield of the ancient Tongtian sword pavilion masters and demons, then this place should have been destroyed for hundreds of millions of years. It should have existed in ancient times, and this broken sword should also stand here for countless. Wannian

.

Qin Chen and You Qianxue glanced at each other, and couldn't help being shocked. After so many years, the heavens were shattered and condensed again. The terrifying sword intent in this broken sword has not dissipated. How terrible is this?

The most important thing is that this residual sword intent, the breath that radiates, directly suppressed Qin Chen's own kendo power, how strong is the owner of the broken sword and this broken sword?

Qin Chen didn't know, he couldn't even imagine.

It should be known that Qin Chen was inspired by the nameless sword canon and sword card, and the rules of sword intent had reached the level of merging into the heavens. However, under the sword intent of the opponent for hundreds of millions of years, he still felt an irresistible feeling.

"Eternal, this is called eternity."

Qin Chen had a faint insight in his mind. The sword intent he grasped, claiming to be eternal sword intent, only contained an eternal mood, but it could not be truly eternal.

If Qin Chen used the eternal sword intent to make a move, under his deliberate intention, the sword intent could also remain in the void. For ten years, a hundred years, a thousand years, or even ten thousand years, there might be a trace of sword intent remaining on the stone wall. Not necessarily. But the sword intent of this ancient kendo master has gone through hundreds of millions of years, and it still exists, and it is so terrifying, what is eternity? This is true eternity.

### [Chapter 3563: Eternal sword](#)

My eternity is nothing but the way of eternity. The true eternity is eternal. This is eternity.

In Qin Chen's heart, there was a brand new understanding for a while.

Buzzing!

A terrifying sword intent filled his body, as if he had received an epiphany.

Perhaps, this is the real horrible Swordsman, right? Without entering the sage, there is no way to understand the terrible realm.

Ok?

A different color suddenly appeared on Qin Chen's face.

Staying in the jade disc of good fortune in the universe, the mysterious rust sword, which had not been moving, suddenly shook slightly at this moment, as if something was attracting it.

Jingle bells!

The mysterious rust sword trembles lightly among the jade disc of good fortune in the universe, as if feeling the power of breaking the sword, it has a certain resonance.

"Could it be..."

Qin Chen thought of a possibility, could it be that the mysterious Rust Sword is related to the Heavenly Sword Pavilion? Or is there some connection with this broken sword?

Qin Chen has always felt very strange about the origin of the mysterious rust sword. It was discovered by Qin Chen from the fossils unearthed in the secret realm of Shengluo on the Tianwu Continent. It was attracted by mysterious ancient books and was finally selected by Qin Chen. The Saint-Luo Secret Realm was left by an ancient civilization in the ancient Tianwu Continent. Qin Chen always thought it was a local force in the Tianwu Continent. Later Qin Chen knew that in the ancient times, there had been wars in the Tianwu Continent, and many treasures were actually

The masters of the ancient heavens remained.

Is this mysterious rust sword related to the Heavenly Sword Pavilion? Or is it just because they are both swords and stimulated by each other's sword intent, did they move?

Qin Chen wondered, secretly guessing.

"Dust, you said this Venerable Sword has always been here, why is no one taking it?"

At this moment, You Qianxue said suddenly. This is really, the land of the sword mound is a forbidden place in the southern heavens. Many masters enter, and the sword intent of this sword is terrible. If you say that the average peak holy master, even the half-step venerable Qingqiu Ziyi can't collect it. Approaching, for fear of being killed by sword intent

, I'm still talking about the past, but for countless years, the venerable masters in the Southern Heaven Realm must have entered it, but they did not collect the broken sword, which is indeed a bit weird.

Could it be said that this Broken Sword cannot even be collected by a master master?

Qin Chen's figure shook, and he was about to approach Broken Sword to understand it carefully.

"not good!"

Just when Qin Chen just left, he was wary, and his whole body retreated violently.

Boom!

The ground below was cracked by a huge gully, and the black streamer burned blazingly, burning the ground of the mountain range into black crystal grains, which was amazing.

From a distance, a black light burst out from the ground.

Not a pure Shadow King, but a different kind of Shadow King.

boom!

A pitch-black ravine was left in the void, and darkness surged.

"It's dangerous. If you were slow just now, it would be dangerous." In mid-air, Qin Chen narrowed his eyes and looked at the alien Demon Shadow King who was attacking him.

This alien demon king is not a human being, but a demon lord cultivated by a praying mantis. The attack just now was an attack from his sickle-shaped forelimbs, shaped like a knife.

"This mantid demon master has black magic light wings behind it. Is it the Flying Mantis clan? Master, be careful, the Flying Mantis clan is very fast and is one of the fastest races of the same level in the monster clan."

Qingqiu Ziyi and You Qianxue all flew up.

"This underground..." Qin Chen's attention did not fall on the flying mantis, but instead looked at the underground where the other party rushed out. In this underground, you can see that there is a huge corpse lying there forever, lingering all over his body. The power of darkness, only part of it can be seen

His body, his eyes open to the sky, hideous and terrifying.

This turned out to be a corpse of the ancient Dark Clan.

At this moment, this corpse was actually nailed to the ground by the broken sword, and it has not decayed for hundreds of millions of years. Qin Chen suddenly understood at this time, it is no wonder that there will be more Demon Kings born in this mountain range. It turned out to be a master of the

dark clan who was once killed here. His body was nailed to death here, but it was continuously distributed. Mutated black

The power of darkness, demonizing the shadows here, can form so many shadow kings. It's no wonder that some of the masters of the Southern Heaven Realm did not pull up this broken sword. First of all, this precious sword is broken, even if it is obtained, it is still broken. Secondly, this broken sword contains a terrible sword intent and hastily shot it. , Will suffer this sword

Even the Venerable Master's backlash would be in danger. And most importantly, under this mountain range, there is a corpse of the Dark Clan buried. Once the broken sword is collected, the aura that has been suppressed for hundreds of millions of years will explode. Once it is invaded by the power of that mutated darkness, Even a master

, Also have to be careful, a carelessness may be invaded by the power of darkness and demonized into a magic shadow.

And when Qin Chen understood.

"hiss!"

The figure of the alien demon king transformed by the flying mantis shook, and its speed suddenly rose. It had survived for a long time underground, and was corroded by the power of the dark clan. It was already demonized and killed violently.

call out!

Its body shape is extremely fast, and everywhere it passes, the void produces ripples, like a paper knife, it is fast, even faster than Qin Chen.

"Dust, be careful!"

"Master!"

You Qianxue and Qingqiu Ziyi exclaimed at the same time, and rushed forward one after another.

"Empty Thunder Sword Domain!" A dark green demon sword appeared, Qin Chen thought, the demon sword shot out, and countless sword lights formed a mighty sword domain, shrouded the past, combined with heaven and earth magical powers, integrated into the powerful space rules, The overwhelming attack towards the flying mantis clan

Like a demon king, let the opponent be trapped in this void, unable to approach it.

Jingle bells!

The two forelimbs of the Alien Demon King, like two huge sickles, waved at random to create a black light curtain. Numerous sword qi hits on it, and they were immediately battered and cut off.

"Heaven and earth magical powers, split!"

The space rules are urged, and the square space is twisted and compressed, turning into a mirror, sealing the alien demon king in, and then bursting into pieces, a series of spatial knives, frantically cutting the body of the alien demon king.

"Power of Thunder!"

Moreover, in the shattered void, thunder rays emerged, scoffing and burning the body of this alien Demon Shadow King.

"This alien demon king is also restrained by the power of thunder." Qin Chen showed a hint of joy. The place where the alien demon king was cut by the power of space was soon flooded with black streamer and healed, but was affected by the power of thunder. Burning land, but it is difficult to heal completely, even if he has an immortal body, it will let him

The physical trauma is extremely severe.

laugh!

After all, the alien demon king is very powerful, and while being attacked, he also cut out a black streamer.

Qin Chen quickly raised his sword to block.

boom! The black streamer erupted, and Qin Chen was knocked out for seven or eight miles, and a \*\*\*\* mist burst out from his mouth.

#### [Chapter 3564: Sword breaking sky](#)

"It's so strong, I'm afraid it has surpassed the level of the peak saint master and entered the level of the half-step venerable." The alien demon king is just the corpses of some powerful men who have fallen in previous lives, without their own consciousness, and there is no difference in cultivation. , This flying mantid demon lord, when he fell in his previous life, he should have been at the level of the peak saint lord, but he was immersed in the corpse of this dark clan

After being infected, the power of darkness on his body has been very evil for countless years, and his cultivation level has not changed, but in terms of combat effectiveness, I am afraid that he has approached the half-step venerable level.

"Fortunately, I have the power of space and the power of thunder, at least I can suppress it slightly."

The empty thunder sword domain urged it to its limit. The huge sword pressure made the space of the sword grave stronger. The movement of the alien Demon Shadow King waving his forelimbs gradually became more difficult and slower than before.

Whizzing!

At this time, Qingqiu Ziyi and You Qianxue also shot, their attacks fell on the flying mantis, and the speed of its bombardment suddenly slowed down.

boom!

However, the breath of this alien demon king connected to the demons of the dark clan beneath the ground, rumbling, and the entire mountain range seemed to tremble, erupting with a terrifying roar.

"Break it for me!"

The green demon sword was replaced by the mysterious rust sword, and Qin Chen struck it diagonally. The mysterious rust sword is the mysterious rust sword. After appearing in Qin Chen's hands, the sword aura burst into the sky, rumbling, and a cold force surged wildly in the mysterious rust sword, turning into a dark and cold sword light. Lasing out, pouting one

The sound, the sword strength inspired by the mysterious rust sword caused one of the forelimbs of the Flying Mantid Lord to be corroded and crushed.

Hum!

At this moment, the flying mantid demon master also went mad, and a few thin wings behind his back suddenly shook loudly. Then, a black thread flew over.

"Not good!" The speed of the black silk thread was too fast. Qin Chen couldn't completely escape, and cut into Qin Chen's left arm. Suddenly, blood flowed across Qin Chen's left arm. The black silk thread almost cut Qin Chen's left arm. Broken, but it was terribly absorbed by Qin Chen's ancient body

The strange black force resisted it.

"It's amazing, this thread actually contains the ultimate dark power." Qin Chen sucked in the cold air, and ordinary dark power could not hurt him, but the flying mantis's attack was extremely concentrated. The power of darkness almost caused Qin Chen to suffer a big loss. This kind of power can cut even space, if not

It was Qin Chen who broke through the late Saint Lord before setting off and absorbed the Chaos Demon Crystal. This blow was very likely to seriously hurt him.

Chi Chi Chi Chi!

The ancient body surged, and Qin Chen's cut left arm quickly recovered.

"dust!"

You Qianxue rushed forward and shouted angrily. The Nine Extremes of Water surrounded her, entwining this alien Demon Shadow King.

"Qianxue be careful."

Qin Chen hurriedly yelled, the flying mantis demon master was bound by the water of the Nine Extremes, and immediately struggled with anger, blasting, and bursts of black magic light burst out, blasting towards You Qianxue.

Jingle bells! You Qianxue stepped out of the sword, and hurriedly blocked countless black streamers. These black streamers contained the most terrifying dark power. They were about to invade You Qianxue's body. At a critical moment, the supreme power in You Qianxue surged wildly, turning this darkness

The force is excluded.

"I'm coming!" At the same time, Qingqiu Ziyi snorted and buzzed. There were endless charms in her eyes, which caused the flying mantid demon master to be puzzled for a while, and the chaotic will was dizzy. For a moment, Qingqiu's slender palm in purple clothes has been pressed

On the body of the flying mantid demon master.

puff!

The power of the demon surged, and the flying mantid demon master was suddenly exploded into a gap, wriggling a terrifying dark aura. The flying mantid master roared, and the power of darkness surged crazily, and several thin wings vibrated behind it. It stared at Qin Chen, and the flying mantid master shot out, drawing silky traces in the void. Suddenly appeared in front of Qin Chen

.

Shoo!

It waved its forelimbs and slashed towards Qin Chen frantically, and the void was cut down like thin paper, vulnerable to a blow.

"Thunder ruling!"

Qin Chen yelled sharply, staring coldly, urging the mysterious Rust Sword, and slashed out with a sharp sword.

boom! The shining thunder light splashed, and the flying mantid demon master came fast and went faster. The two forelimbs like a sickle were instantly cut off and corroded under the thunder light. At the same time, braving the terrible thunder sword, they pierced quickly. Into the opponent's body,

Burning black smoke.

The flying mantid demon master uttered a shrill roar, swish, and retreated violently, trying to retreat into the ground.

Moreover, from the underground, a cold dark force suddenly surged out to answer the countermeasures.

"Where to go." Qin Chen yelled and buzzed. On top of his head, Zi Xiao Dou Ligong suddenly appeared, carrying an endless aura of Heavenly Fire, and violently suppressed it. At the same time, the heavens and the earth's magical powers also suddenly operated, turning this world of heaven and earth. Imprisoned, Qin Chen urged the mysterious Rust Sword, once again

Cut out with one sword.

Puff! This flying mantid demon master was instantly cut apart by Qin Chen's sword. The next moment, Zi Xiao led the palace to bloom with terrible power, and the cover fell with a bang, exploding the flying mantid demon master, endless sky fire Surging from the palace of Zixiaodou rate

Coming out, billowing and burning, combined with thunder light, instantly turned this flying mantid demon master into nothingness.

Ding!

A chaotic magic crystal fell down and was taken into Qin Chen's hands.

boom!

In the next moment, a cold and violent aura rose into the sky from the ground, rushing towards Qin Chen.

"What? Isn't the dark clan still dead?" Qin Chen sucked in the air and retreated wildly, but the power of darkness was too fast, like lightning, to envelop Qin Chen, and Qin Chen would be affected by the darkness. The power was enveloped, and suddenly, the broken sword that pierced the ground suddenly surged out

A whole body of sword intent, boom, sword intent soaring into the sky, clearly visible in this sword mound, the terrifying sword intent penetrated deep into the ground, and suddenly an invisible roar was sent out in the ground.

The power of darkness that enveloped Qin Chen quickly backed away, furious, as if it was about to return to aid, completely restrained, and once again returned to calm.

Above the broken sword, the terrifying sword intent diffused, and the terrible runes surged, and then quietly calmed down, just like the unchanging appearance hundreds of millions of years ago.

And at the same time that the broken sword burst out of sword intent, in the deepest part of the sword grave, it seemed to resonate, and a terrible force surged out, bursting out with golden light.

"That's... deep in the sword grave!"

Qin Chen looked at the depths of the sword grave with a solemn expression and a look of horror on his face.

"Dust, are you okay?"

You Qianxue and Qingqiu Ziyi flew up, looking at Qin Chen nervously with a worried expression. "I'm okay." Qin Chen shook his head and looked at the broken sword that pierced the ground. The broken sword was simple and ingenious, but in Qin Chen's eyes, there was a terrifying aura of fighting the sword to cut through the sky.

#### [Chapter 3565: Sword Tomb Forbidden Area](#)

If it hadn't been for the terrifying power that Broken Sword had erupted before, then he would have been in danger before. The power of darkness was too terrifying, causing Qin Chen's heart to feel palpitations.

Hum!

Qin Chen felt that the mysterious rust sword in his hand was trembling. It resonated, making sword sounds, and seemed to be talking to the broken sword. Above the broken sword, sword intent surged and responded to each other.

This time, the mysterious rust sword, the cold power, did not erode Qin Chen, just staring at the broken sword, as if looking at an old friend.

"Let's go, it is not suitable to stay here for long!"

Qin Chen waited for a moment, and after the breath of the two swords calmed down, then he put away the mysterious rust sword and sighed. No wonder this Broken Sword has always stood here, immortal for hundreds of millions of years, because the strong men buried here are too terrible. If it hadn't been for this Broken Sword to sit here, I am afraid that the Dark Clan underneath would not know how big a crisis it was. , As before

The abyssal demon secret realm in the Thunder Sea of Tianwu Continent is average, and the dark shadow of the abyssal demon can confuse all the masters who enter the abyssal secret realm.

If the broken sword does not stand here, I am afraid that the power of the dead dark clan will escape, enough to make all the masters who enter the scope of the sword mound be swallowed by the demon, and become the unconscious demon king. Qin Chen even had a feeling that the reason why the human beings who had entered the sword grave did not take away the broken sword was not because they didn't want it, but because they couldn't collect the broken sword, the terrifying sword that the broken sword had exploded before. Meaning, all through the sky,

Even the Venerable could be killed and seriously injured.

This is definitely a \*\*\*\* soldier of the ancient top powerhouse, surpassing ordinary venerables.

"go!"

Qin Chen and the others stood up one by one, left this mountain range, and swept towards the depths of the sword grave. At the same time that the broken sword exploded with a terrifying aura, Qin Chen felt that in the depths of the sword tomb, there seemed to be a force bursting out, bursting out of golden light. There, perhaps the true core of the sword tomb, and also the top five. The demon masters go

The place.

Qin Chen took You Qianxue and the three people quickly approached, and from a distance, golden light burst out, and Qin Chen and the others finally approached the true core of Jian Tomb this time.

"That's..." When Qin Chen and the others got closer, they were shocked to see that in the depths of the sword tomb, an infinitely huge ancient tomb appeared in front of everyone. It was a vast and infinite cemetery palace. In addition, a group of masters have gathered, but

They all retreat far away, and in the ancient roads of this cemetery palace are engraved with scary golden light paths, spreading to the depths of the ancient tomb.

The horrible light before, should have erupted from the golden light path in this ancient tomb.

"Dust, look, there are so many swords here!"

As you got closer, You Qianxue was shocked and Qin Chen stared, because he also saw that this ancient tomb is not a human cemetery, but a sword cemetery. It is on the golden road of this ancient tomb. , With countless swords inserted.

As soon as the three of Qin Chen approached, they were immediately shocked by the sight in front of them, Qingqiu Ziyi and You Qianxue also had their expressions shaken, and their mouths opened wide.

In the sight, there are swords everywhere, in the sword mound, high and low, swords are inserted in the low places, and swords are inserted in the high ground. Almost every few steps, a sword is inserted into the ground. Looking around, the entire sword mound can't see the head at all, a sword mountain and a sea of swords.

And in the depths of Jianshan, there is an ancient tomb. These sword lights are inserted around the ancient tomb. The golden passage is densely packed and shocking.

"They are all saint swords, and some top saint master saint soldiers, too many!"

Qin Chen sensed the breath of these swords and said, his expression shocked.

There are too many precious soldiers here, almost innumerable, which shocked Qin Chen. Are so many swords really just a sect? Too many people can't see their heads at a glance. They are really like sword graves, which shocking people.

So many sword saint soldiers got to the outside world, it is definitely an astonishing number and treasure.

You Qianxue shocked: "After countless tens of thousands of years, ordinary swords should not be able to survive. Even the holy soldiers will change. Why the swords here don't seem to be damaged." Qin Chen frowned: "If I guess correctly, the swords in the sword mound have already felt each other through the passage of time. They can nourish each other with sword aura, and the other party will nourish them with sword aura. There are thousands of swords here. Thousands

Dao Jian Qi hovered around and became the best nourishment for these swords. Therefore, after countless tens of thousands of years, the sword here has become sharper and will not be damaged. "Qingqiu Ziyi said: "It should be more than that. Have you seen these golden ancient roads?" Exudes an astonishing aura. If this place is really the place of the ancient Tongtian sword pavilion, then in this cemetery, a steady stream of power can be emitted.

Enough to nourish these swords and keep them in their peak state forever. "

"With so many magical soldiers, there should be a lot of masters who have entered the sword grave? Why is no one to collect?" You Qianxue shocked.

So many sage soldiers, placed in any major power, are extremely astonishing wealth, so no one covets it? Qin Chen said: "It shouldn't be that no one is going to collect it, but the people who dare to collect it should be dead, just like the broken sword before. If this is really the ruins of the Tongtian Sword Pavilion, how can people easily take it away? The precious soldier? Even the Venerable

Staring at it, I am afraid I will die. "

Even if the behemoth like the Tongtian Sword Pavilion is destroyed, it is definitely not difficult to kill the venerable.

Otherwise, the top forces of the heavens have already swept this place, and would not regard this as a forbidden place, just like the virtual sea, do you really think the masters of the heavens have not explored it? It just doesn't have enough strength to explore.

Before risk and life, not everyone can take it lightly.

"Look, the demon masters of the five major demon sects are all here. It seems that this place should be the core of the sword grave."

Qingqiu Ziyi raised his head and said. Qin Chen also looked up and saw the mountains in the distance. There were a lot of people standing, looking at this tomb. The five great monster masters were here. Their expressions seemed indifferent, but in fact they were also Staring with excitement

Those luminous ancient roads were shocking and a little excited.

In addition to the five major demon masters, Qin Chen also saw other masters nearby. Among them, several masters stood together. The aura on his body made Qin Chen very familiar, and he had a sharp feeling.

One of the masters was full of blood and light, like a demon god, and the other master was a ghost bat, huge in figure, shrouded in darkness.

There is also a master, with a terrible light on his body, towering majestically.

"Dust, those should be people from the Tianyuan Sect and the Blood Shadow Sect."

You Qianxue said solemnly.

Qin Chen squinted his eyes and said, "It should be them." The Sect Master and others of the Tianyuan Sect did not participate in the attack on Ancient Dao Sect, but entered the sword grave first, and they encountered it here.

### [Chapter 3566: Ghost Bat Patriarch](#)

However, seeing the other party, Qin Chen didn't show anything special. At this time, it was not a time to fight casually here. In addition to the five major monster sects and the Tianyuan faction, there were other masters.

For example, Qin Chen saw all the giants standing upright and standing tall. Standing in the mountains, they were extremely conspicuous. They were the masters of the giants.

"The giant tribe should be one of the top forces in the Tiandang Mountains."

The Giant Tribe is one of the top forces in the Tiandang Mountain Range. It was nothing special when we rushed here in the first time. The leading giant master was covered in golden patterns that haunted the road, just like the golden giant.

In addition, there are some top masters, sparsely, surrounded by this mountain range.

"Ok?"

When Qin Chen and the others arrived, the five demon masters stared at them, and when they saw Qin Chen, they nodded slightly.

"Brother, these three guys actually arrived. It seems that the strength of these guys is not weak, they can come here." The Silver Eye Wolf King said solemnly.

"Big Brother, before the Broken Sword Canyon where I was waiting, there seemed to be a sword aura soaring to the sky. Someone should have alarmed the terrifying Broken Sword. I'm afraid it was these three guys who had disturbed Broken Sword and didn't die?" King Green Elephant frowned. They had all seen the sword aura erupting from the terrifying Broken Sword before. As long as the masters who had penetrated the Tiandang Mountain Range in the Broken Sword, they knew that their five demon masters did not dare to pass through that line of heaven and earth. , But detour here

Earth, Broken Sword exploded with a terrifying sword intent before, and it was clearly shocked by others. According to time calculation, it must be Qin Chen.

Under normal circumstances, if Broken Sword is alarmed, someone will inevitably fall, so even their five major demon masters dare not pass there, but now Qin Chen and the three are unscathed, which naturally shocked them.

How did the other party do it?

"The strength of these three people is extraordinary and they are by no means ordinary. We are here for the inherited treasures in the sword mound. If there is no conflict, we should not have extra branches."

The Liger Demon Lord squinted and said, he thought Qin Chen and the others were extraordinary earlier, but now it seems that these three are indeed extraordinary.

"Someone is here again, these three people are very unhappy."

The arrival of the three Qin Chen also attracted the attention of others, frowning and saying.

Here, the abnormal movement of the sword tomb has attracted many people from all over the place. The mountain range outside the sword tomb has become extremely lively. At a glance, there are masters everywhere. But the vast majority of people here know each other. For example, the Five Great Demon Lords and the Tianyuan Sect sects are all facing each other far away. There are also giants and some of the top forces near the Tiandang Mountains, who have never dealt with them. But I have also heard of it

, But Qin Chen and the three people were very face-to-face, making everyone confused.

Especially the You Qianxue and Qingqiu Ziyi around Qin Chen, although their appearance is hidden, their figure is still amazing, their pupils shrink, looking at the two, they don't seem to come from the mortal world.

Master Tianyuan Sect Master has seen so many beauties, and he is dedicated to pursuing the way of the strong, and is rarely attracted by women, but at this moment, they are all shocked and moved.

"Sect Master Yunxiao, as far as I know, that Gu Daozong is suddenly tough, it seems that a young master has come, surrounded by beautiful women, is it them?" The leader of the Blood Shadow Sect squinted and said.

"Didn't I already send someone to Gudaozong? Didn't they solve it?" Sect Master Extreme God frowned.

"Just ask."

The master of the ghost bat clan said gloomily, surrounded by cold light, with sharp eyes, and coldly said: "Which power are you?"

Qin Chen looked at the ghost bat patriarch. The cold power surrounding the ghost bat patriarch actually vaguely touched the realm of the nobleman, and it was indeed much stronger than the ghost bat masters who attacked the ancient Daosong.

Qin Chen bowed his head, ignored the other party, looked at the tomb of the sword tomb below, and looked at the golden ancient road, without speaking. This shocked the masters of other forces. This ghost bat patriarch is also regarded as one of the top powerhouses in the Tiandang Mountains. He has an extraordinary cultivation base. He has reached the limit of the peak holy master tens of thousands of years ago, trying to touch the realm of the nobleman. , Now the ghost bat

After joining forces with Tianyuan Sect, Extreme God Sect, and Blood Shadow Sect, it has become a giant in the Tiandang Mountains.

In today's Tiandang Mountain Range, except for the five great monster sects, people from other forces dare not fight against the ghost bat clan and other forces. Now Qin Chen ignores the ghost bat patriarch, which naturally arouses everyone's surprise.

"Boy, do you speak to you?" The patriarch of Guibat's eyes fell gloomy for an instant, and he said in a gloomy cold voice, and there was a dark light on his body.

"Noisy, the trash of the ghost bat tribe, didn't you see that this young master was investigating the land of the sword grave? No time to talk nonsense with you." Qin Chen said directly.

what?

Everyone was so shocked that their scalp was numb, and all of them were dizzy. This guy was so courageous that he dared to talk to the ghost bat tribe like this. Isn't he really afraid of death?

What is the origin of this son?

"You... are looking for death!" The patriarch of the ghost bat roared, his body full of poisonous gas, and he could no longer hold back. No matter what Qin Chen's origin, he dare to talk to him like this. How to establish a foothold in the Tiandang Mountains.

call!

A terrible toxin quickly approached Qin Chen. It was the poison of Ten Thousand Bats. As soon as it came up, the ghost bat patriarch displayed the top toxin of the ghost bat tribe, and he wanted to teach Qin Chen a lesson.

Because he also saw that Qin Chen's cultivation base was extraordinary, different, and directly displayed top toxins.

"It's the poison of bats!"

"The patriarch of the ghost bat is murderous."

"The poison of the bat is the top toxin of the ghost bat clan. Once it invades, it will spread rapidly and cannot be resisted."

Many masters exclaimed. However, before the toxin arrived, Qin Chen's eyes suddenly froze, and a terrible poisonous rule lingered in his body, grabbed it with a palm, and instantly, an invisible force wrapped this. The poison of a bat

The bat poison was twisting crazily and was instantly refined by Qin Chen. "The poison of the bat? Shame, this kind of toxin also wants to hurt this young master? Your ghost bat clan had a master who also wanted to use this toxin to kill this young master, but unfortunately, he was directly killed and refined by this young master. Waste, you want to try it too

? "

Qin Chen said with a sneer that the poison of the bats in Qin Chen's hand was continuously twisted and refined.

"what?"

Everyone was taken aback and looked at Qin Chen in amazement, while the Sect Master Yunxiao of the Tianyuan Sect and the others condensed their eyes, staring at Qin Chen firmly.

"Did you kill my ghost poison deputy chief of the ghost bat clan?" The ghost bat chief said with a cold voice, his expression furious.

#### [Chapter 3567: Bold thief](#)

"Oh? Is that the deputy chief of your ghost bat clan? Unfortunately, too weak and vulnerable." Qin Chen said lightly.

"So, you are the new master of Gu Daozong? No wonder what happened to my ghost bat clan members when you can come here?" The ghost bat clan chief said in anger, a trace of badness emerged in his heart.

"Naturally it is all dead." Qin Chen said lightly.

"Boy, you are looking for death, killing for your life, it is justified!"

The ghost bat clan was dizzy. It was not easy for them to reproduce the ghost bat clan. This time the deputy clan leader took many masters to the ancient Dao Sect, and they all died in the hands of Qin Chen. This is undoubtedly a huge loss for his ghost bat clan.

"Go to hell!"

Suddenly, the patriarch of the ghost bat flew out, and the whole person shook his body before he came to Qin Chen. The thunder was too fast to cover his ears, and he turned into a black streamer, and immediately turned upside down and gloomy.

"Bat wing lore."

The patriarch of the ghost bat clan cultivated the way of shadows. Between shots, like shadow light, the top domain of shadow attributes has been condensed, and when one wing hit, it turned into a lore.

"Looking for death!" Qin Chen snorted, and suddenly shot, punched out, banged, and suddenly, the killing fist filled the sky, turned into an endless fist and rushed out, colliding with the patriarch of the ghost bat clan.

boom! Two terrible forces collided, endless killing fists lingered, and rushed into the body of the ghost bat master, and Qin Chen was attacking, spurring the heavenly poison entropy fire, the terrible poison rules linger and transform. As a billowing poisonous force, along

The terrible killing fist directly poured into the body of the ghost bat chief.

Fight with poison! The shadow blow displayed by the ghost bat chieftain was instantly broken by Qin Chen's killing fist. Then, countless poison rules poured into his body and began to corrode his body. In a moment, he let out a scream. There is a way out of my body

Road poisonous smoke and poisonous fire, the body's continuous blue smoke dissipated, screaming.

"What is the poison of myriad bats? It is too weak. Use the poison in front of this young master. You are still a little tender." In Qin Chen's palm, the entropy of the sky poison was roaring, and a raging flame appeared. The body burns like a torch candle, screaming, tearing the silence of the sword tomb, passing it out, so that everyone can hear it,

One scalp numb.

This is the patriarch of the ghost bat clan, a master of poison in the heavens, who was hit by this young man and flew out, and his body burned with poisonous fire, painful, hell?

"Bold thief!"

With a loud noise, the leader of the blood shadow sect blazed with anger, and the top powerhouse's majesty was ignited, and his body was forced in front of Qin Chen with one step, his palm was lifted, and he was suppressed in the air.

"Blood and the same life."

I saw the Holy Yuan on the palm of the leader of the Blood Shadow Sect, condensed into a pattern, like the original blood shadow \*\*\*\* map, bloody, like the emperor of the world covered with a jade seal, with indestructible power, to suppress Qin Chen .

"dust!"

"Master!"

Upon seeing You Qianxue and Qingqiu Ziyi, their faces changed and they wanted to come up to help, but Qin Chen waved their hands to stop them from taking action. Then Qin Chen didn't even look at it, his palms condensed into the shape of a dragon, transforming into the hands of a real dragon, and the rules of the dragon suddenly appeared on him. The dragon's true energy evolved into the dragon civilization, and in the dragon civilization, it still carried The rules of blood,

Unmatched in might. This blood rule is that after Qin Chen refined the Palace Master of the Blood Sun Palace, the Blood Sacred Son and others, he mastered the blood rule himself, before refining the deputy leader of the Blood Shadow Sect, and mastered the blood shadow \*\*\*\* map. , Immediately evolved a new blood rule

, Integrated into the book of origin.

Suddenly, the rules of blood condensed, the heavens and the earth, the blood was boiling, the blood and the true dragon's aura condensed, and the blood civilization was vividly interpreted. A strange blood shadow \*\*\*\* figure appeared in Qin Chen's palm.

At this moment, Qin Chen seemed to have become the creator of the rules of blood, the supreme \*\*\*\* who mastered the ways of blood.

"Bloodshadow \*\*\*\* map, how can you master my bloodshadow sect's supernatural powers." The bloodshadow sect leader exclaimed in anger.

Boo!

The two palms intersected, and the leader of the blood shadow sect was shocked and flew out, his clothes were torn by the blood light, he became naked, his blood boiled, enveloped himself, embarrassed. "Bloodshadow \*\*\*\* map, is it amazing? It's just one of the tens of thousands of avenues of heaven and earth. If you can master it, others can't master it?" Qin Chen shook the head of the bloodshadow sect with a palm, staying still, standing tall. Unmoving like a mountain, he showed the style of a peerless powerhouse: "This young master obtained the blood shadow \*\*\*\* map from a deputy leader of the blood shadow sect. This person brought a group of blood shadow sect disciples to our sect. The door was wild, and the young master directly exploded his body, refined the rules, no bones left, should

Should it be yours? If you don't want to die, retreat obediently, otherwise this young master will kill you with you and directly refine you. "

Qin Chen said coldly, with strong self-confidence, domineering and mighty in his tone, and every master around him felt a great fear, as if directly facing a peerless master. Killing God.

The five great demon masters including the Liger and Tiger Demon Lord were also taken aback. He knew that Qin Chen was powerful, but he never expected that the power would reach this level.

The leader of the Blood Shadow Sect is shaken off with a palm, what kind of cultivation is this?

It is important to know that the leader of the Blood Shadow Sect, in the Tiandang Mountains, is also the top ten powerhouse.

"I really didn't guess wrong. The breath on my body this time looks like a late saint lord, but it is actually a mess. It's no wonder that I also felt a trace of heart palpitations before. If there is no need, this son cannot be an enemy."

The Liger Demon Lord sighed. He had thought that Qin Chen was extraordinary before, but now it seemed that he was really strong, and his strength was enough to compete with his half-step venerable.

On the side, the four demon masters of Silver Eyed Wolf King, Blue Elephant King, Jinwen Xuepeng, and Jiaomukui were all horrified, secretly frightened, the leader of the blood shadow cult, but their old opponents were so vulnerable?

"You!" What was most shocking was the leader of the Blood Shadow Sect who started with Qin Chen. His face was solemn, his body shook, and a light of blood enveloped himself, especially when he heard Qin Chen bombard and kill him. After many masters, the look in his eyes is more like wanting

Bloody, murderous.

He was very angry, wishing to go desperately with Qin Chen immediately, but reason pulled him.

The strength Qin Chen showed just now was not inferior to him. Moreover, You Qianxue and Qingqiu Ziyi beside Qin Chen also had extraordinary auras, and they were obviously strong. Although a small late-stage saint master can't figure out why he can have such a tyrannical combat power, at this moment, he will not rush to make a move.

### [Chapter 3568: Tengen Shinto](#)

"It seems that you have learned well, that's all, this place is the land of the sword tomb. Everyone is here for the sword tomb. If you are sensible, that's it. The young master doesn't have the time to pay attention to you. Young master can't help but kill you

killed. "

Qin Chen's tone was domineering, tyrannical, and superior.

Immediately let the blood shadow sect leader and the ghost bat patriarch's face be blue, white, and all of them were extremely angry. "Junior, you are too arrogant, relying on your strength and tyranny, you are so arrogant in this sword mound, don't you know that we are the local masters in the Tiandang Mountains, you are a strong foreign dragon, so arrogant here, Is it too much?

Everyone, this person's words and deeds do not put the masters of our Tiandang Mountain Range's many top forces in the eyes, whether it is tolerable or unbearable. "The Sect Master of the Supreme God Sect squinted his eyes and spoke, and when he spoke, he buttoned a big hat on Qin Chen, hoping to make Qin Chen the opposite of the many forces in the Tiandang Mountains, his Supreme God Sect, the Blood Shadow Sect and the Ghost Bat Clan , All united with the Tianyuan faction to attack

Dao Sect, if the masters of the Blood Shadow Sect and the Ghost Bat Clan were dead, then the masters of his Extreme Shenzong would probably be ill-fated. "Huh, what are you? Dare to talk to me like this? Oh, I remembered, you should be the master of that Supreme God Sect, your Supreme God Sect also sent someone to invade my Old Dao Sect, it should be your Supreme God Sect What is the name of a deputy suzerain?

Extremely a holy lord, unfortunately, he is too weak, he was blown up by this young master, and his body was broken. Why, you are not reconciled, and want to try it? That young master is as you wish! "

This Supreme Shenzong Sect Master knew that Qin Chen was terrible, so he didn't make a move, but just said there to make all the forces in the Tiandang Mountain Range fight against the enemy and target Qin Chen. Where do you know, just after he finished speaking, Qin Chen glanced horizontally and shot over

him. In an instant, a huge will enveloped him. With a bang, he blasted with a punch, and the terrifying fist suddenly surged. , Came directly to this Supreme God Sect Master

The top of his head.

Qin Chen actually said that he would take the shot and directly obliterate it. It was arrogant, as if he were the master of the Tiandang Mountain Range, and he didn't care about everything, so he killed the other party first.

The killing fist surged with endless murderous intent, and in the vast fist light, a series of terrible killing runes condensed, and they were bombarded against the Supreme God Sect Master. "Presumptuous!" The face of the supreme \*\*\*\* Sect Master, the top peak saint master, turned green, and he felt the tyrannical power, and immediately propped up his hands, hitting the torrent of the extreme world of heaven and earth. , Is actually the extreme of self-cultivation

The spirit of God will tear Qin Chen's fist.

Qin Chen's eyes flashed and he screamed in his heart, "Origin's supernatural power!"

In the killing fist, a source of power rose up, evolving the origin of the heavens, the reincarnation of all things, and bombarded away with that extremely god's energy.

boom! The spirit of the Supreme God burst, the body of the Supreme God Sect Master shook, and his body made a roar like fried beans. The power of origin poured out, with a terrifying killing mood, flowing out of the mouth and nose of the Supreme God Sect Master. Blood coming, body

The shape retreated, was directly injured by the bombing, and his expression was hideous.

"Humph, heaven and earth magical powers, Shengyuan refining."

Dao Sheng Yuan inside Qin Chen shot out, an invisible space force sealed the void, trapping this Supreme God Sect Master, unexpectedly trapped him to death, refining, and exploding in full view. It's not that he is fierce, but that he needs to stand up. Qin Chen has calculated it a long time ago. This time he came to the sword tomb with many dangers. There are several dangers approaching, and there is a force of destiny among them. Is the ancestor of the Zhuge family

Ge Rulong had already stared at himself. Compared with Zhuge Rulong, these Supreme God Sect and Blood Shadow Sect are nothing. Therefore, Qin Chen must stand up and let the other party fear him and not stumbling him, otherwise once he is entangled by this Supreme God Sect and other forces, he will wait. Zhuge Rulong and other masters arrive

Come, then Qin Chen is truly in danger.

Therefore, instead of hiding in a low-key manner, Qin Chen might as well directly show his strength, so that many people are scrupulous, so that the power masters of the Tiandang Mountains will be jealous, and he will not be bad for him, so that he can seize the opportunity.

Besides, the three of Qin Chen are indeed outsiders, and if they don't show some strength, they will easily be targeted by others, and it may not be necessary to besiege them first.

"No, come help me!"

The Supreme God Sect Master was trapped by Qin Chen's heaven and earth magical powers, and he only felt that he was trapped in a cage that he could not break free, and the rolling power poured out, he was shocked and roared.

According to the truth, his Supreme Divine Sect Master is one of the top masters of the Tiandang Mountain Range, always motionless, majestic and noble, but at this time, he still couldn't help being frightened.

The masters of the other forces in the Tiandang Mountains saw this scene, and they all mentioned in their hearts, including the masters of the golden giant clan, they also had their dignified eyes, but no one did it. Qin Chen was too fierce.

Just at this time, the abnormal change emerged.

"Your Excellency is going wild in front of the many forces in the Tiandang Mountains, it's too much!"

Along with the cold drink, Qin Chen immediately felt a powerful force, and it swept across in an instant. It was the Sect Master Yunxiao of the Yuan Sect that day, and finally moved. This is an old man with a fairy wind and a bone and a white beard. He has never made a move before. Now, he frowned and suddenly moved. Well, he is in the shape of electricity, and a whisk appears in his hand. This whisk is waved. Out, a terrible

The power of the Saint Yuan gushes out, turning into surging waves, and the river is turbulent. In the long river of Saint Yuan, countless rule runes emerge, and the chain of order is blooming, interpreting the understanding of heaven and earth to the extreme.

Moreover, in this power, there is still a vague breath that is above the heavens.

It is the power of the Lord.

The Sect Master Yunxiao of the Tianyuan Sect was actually a top powerhouse who touched the realm of the nobleman.

With this blow, he directly broke through the void and slashed at Qin Chen to destroy everything.

"Master, be careful, this person has already touched a trace of the power of the venerable, which should not be underestimated."

When Qingqiu Ziyi saw this long river of Saint Yuan, he was shocked. In his body, a vast demon power spread out and gathered into a long river of terrifying demon power, to resist the light of Sect Master Yunxiao.

"Huh? Where did the demon masters come from?" Sect Master Yunxiao originally made a sudden move, with the idea of a secret attack, but he did not expect Qingqiu Ziyi to suddenly make a move, exploding with terrible demon power to resist him, and this The power of a demon, in terms of realm cultivation, is not at all in him

under.

"Tianyuan magical powers, there is no blocking!" In the long river of Saint Yuan, there was a cold voice, booming, the long river of Saint Yuan was split into two in the attack, half of which was blocked by the

attack of Qingqiu Ziyi, and the other half, unexpectedly Penetrating the void, with unpredictable means, pounced on Qin Chen to kill him on the spot.

### [Chapter 3569: A bunch of cocks](#)

Crackling!

The light of the Heavenly Origin is so powerful that all the space domains around Qin Chen controlled by them were suddenly split apart, making a cracking sound.

At this moment, Qin Chen felt a terrifying force, about to invade himself.

"Tianyuan supernatural power? What kind of power is this?" Qin Chen's eyes flashed. It is no wonder that this Tianyuan Sect can become the leader of the four sects of Blood Shadow Sect, Supreme God Sect, and Ghost Bat Clan, not only because he is backed by the Zhuge family, but also The important thing is that the strength of the master of Yunxiao is also superior to the others.

Above the hand. Even the liger demon lord of the five great demon sects had a dazzling gaze and a deep scheming secretly. He always thought that the sect master of the Tianyuan faction was about the same strength as the blood shadow sect masters. Who knows, he even touched a trace of respect. The power of

I am almost the same.

Seeing that power was about to pour out, Qin Chen's eyes flashed, and his figure retreated, to avoid the erosion of this attack.

"Want to retreat? No one can retreat under this suzerain!"

In the long river of holy light, the icy voice of Sect Master Yunxiao came, and the long river of holy yuan followed like a shadow, rushing over and blasting towards Qin Chen, without blasting a person, never going back.

"Huh! Arrogant, wanting to kill me, where is it so easy, do you think it's your Lord?"

Qin Chen's face was calm from beginning to end, without a trace of fear, but a sneer, and a sharp sword suddenly appeared in his hand when the Holy Light struck.

Green Demon Sword!

cut!

The green sword light surges, the power of the demon is permeated, and a sword aura that reaches the sky rushes out, with an eternal mood. In addition, in this sword light, there is also the light of origin flashing, suddenly violent Gushing out.

Boom!

The sword light collided with the Shengyuan River, and the sky collapsed and the earth broke and roared. The terrifying river of holy light displayed by the Sect Master Yunxiao suddenly uttered a violent roar, and it was cut and exploded in an instant, and the Shengyuan rolled and splashed around.

puff!

Moreover, the sword light flickered, smashing the river, and rushing out, there was still a slight sword light that had not been extinguished, and came to the front of Sect Master Yunxiao.

Sect Master Yunxiao immediately shot, the jade blossom blooming in his palm, the chain of order gleaming, squeezing the sword light, but his figure stepped back a few steps, his face was blue and white.

what?

He was secretly startled, looking at the palm of his hand, there was blood overflowing, and he was cut, revealing an incredible color. "Tianyuan Sect Master? Sure enough, there are two things. It's no wonder that the Tiandang Mountains are so arrogant. Why, your four major forces want to take action against this young master together? Just come up, it doesn't matter, before entering this sword grave, this young master will kill him. .

"

Qin Chen said coldly, holding the green demon sword, his eyes cold.

In a few words, he wounded the ghost bat patriarch, the supreme \*\*\*\* sect master, and the blood shadow leader, and repelled the sect master of Yunxiao, giving people an invincible, unparalleled domineering temperament.

"Hmph, the dignified Sect Master of the Tianyuan Sect, that's nothing more than that. The sneak attack is ridiculous!"

Qingqiu Ziyi's eyes were cold, he took a step forward, and his face was ugly. This Tianyuan Sect's Yunxiao Sect Master had two sons. The previous Sacred Light River actually split into two, so that she could not stop all of them, and she was immediately unhappy, and she wanted to do it forcefully.

"Huh!"

You Qianxue also moved, with the power of moonlight surging on her body, and the cold power surrounded her. The four of the opponent's wheels attacked Qin Chen before, do you really think there is no one on their side? Feeling the aura on Qingqiu Ziyi and You Qianxue, the complexion of Sect Master Yunxiao and others changed. He had already felt that the aura on Qingqiu Ziyi's body was very powerful, and it was not weaker in terms of cultivation. He, and Youqian

Xue looked similar in cultivation base to Qin Chen, but the cold breath made him change color and he felt a little palpating.

As for Qin Chen, not to mention, after a previous attempt, he secretly attacked, not only failed to take the opponent, but the opponent cut his palm.

When did the Tiandang Mountain Range suddenly appear such three top masters? Not only did he have never heard of these characters in the Tiandang Mountain Range, but the entire Southern Heaven Realm was also extremely rare. Why did he suddenly help Gu Daozong?

Could it be said that these three people come from a certain top power in the heavens, and they also know the history of Ancient Daoism?

Sect Master Yunxiao's expression was cloudy and uncertain, and his heart felt cold. He had already retreated a little, and he really wanted to start. Although he had four masters on his side, he might not be the opponent of Qin Chen's trio.

"Sect Master Yunxiao, what shall I do when I wait?"

The Supreme God Sect Master, the Blood Shadow Leader, and the Ghost Bat Patriarch all returned to the Yunxiao Sect Master, their faces were blue, and they secretly asked.

They were murderous and wanted to compare Qin Chen's life and death, but they were all a little afraid and timid, and didn't dare to rush into action. "You don't have to work hard with these guys. The ancestor Zhuge will know what's happening here. These three people have unknown origins and their identities are probably extraordinary. In my opinion, it's better to put them aside for the time being. Anyway, this sword grave forbidden area seems to have happened. Some kind of

Changes have been opened up. Instead of waiting to take action and risking my life to fight, it is better to wait for the ancestor Zhuge to come and let the ancestor decide. If the ancestor Zhuge kills these three people at that time, it will not be much like me. Associated. "

Sect Master Yunxiao said through a voice transmission, his eyes gloomy.

"It can only be so..."

The Supreme God Sect Master glanced around and saw the forces of the Golden Giant Race, the Five Great Demon Sects, etc., not being inspired by his own words, he couldn't help but gritted his teeth.

If the forces of the Tiandang Mountain Range joined forces, he would have done it too, but now there are only their four major forces, and even if they have broken their teeth, gnawing on this bone is undoubtedly asking for trouble.

"Humph!"

Thinking of this, Sect Master Yunxiao and the others all snorted coldly, looked down at the land of the sword grave, but did not pay attention to Qin Chen, and did not plan to fight Qin Chen at all.

When other people around saw this scene, they couldn't help being dumbfounded. The Tianyuan Sect and other forces actually admitted to counseling. Although Sect Master Yunxiao said nothing, they were so run by the other party, but they didn't say a word. This is clearly a kind of counseling.

"dust!"

You Qianxue also spread the voice.

"A bunch of cocks!"

Qin Chen snorted, his voice was not too loud or too small, and it clearly spread to everyone's ears. Seeing that Sect Master Yunxiao and the others were silent, he did not continue to take action. Instead, his eyes quickly fell on the golden ancient road of the sword tomb below, too lazy. Fight against them.

Their true opponents are not them.

Sect Master Yunxiao and the others heard Qin Chen's words, their faces were blue with anger, their eyes were gloomy, but in the end they still didn't say a word and could only admit counsel.

"The tomb, the golden ancient road, and the sword tombs seem to be an array of swords. Is it some kind of test?!" Qin Chen was suspended in the void, looking at the land under the sky, the vast palace, majestic and majestic, the whole film In front of the palace tomb, the sword forest was like rain, densely packed, and in the sword forest, there were golden ancient roads spreading, and for a while, it reminded Qin Chen of the demon sword inheritance of the Demon Sword Sect in the northern Tianwu continent. Assessment of the Way of Hundred Swords!

### [Chapter 3570: Camp step by step](#)

However, compared to the Dao of Hundred Swords in the inheritance of the demon sword, there are only nine golden old roads outside of the sword mound, representing the art of the nine poles. Nine is the largest single digit and represents the limit. .

That's why the emperor is called the Ninth Five-Year Lord. And these nine golden ancient roads are all shining at this moment. When you look at it carefully, you can see that there are flashing array patterns on this ancient road, and at the same time, layers of terrible array pressure are dissipated. Among them, there is a flickering sword pattern, anyone who wants

It is impossible to break open this palace tomb with external force.

If you guessed correctly, if you want to enter this tomb, you must enter it along this golden ancient road and pass the test of this golden ancient road.

However, the assessment difficulty of this golden ancient road is also extremely difficult. If this place is really the inheritance of the ancient Tongtian sword pavilion, then the inheritance that can stay here is by no means comparable to ordinary assessment. At this time, everyone present was staring at this golden ancient road. These nine golden ancient roads are all spacious and stand side by side. On each golden ancient road, there are endless and complex stripes, all of which are formations and contain. The breath of kendo rules,

At this moment, the golden ancient road glowed, finally stabilizing, and calmed down, sparkling with a startling breath, leading to the endless depths of the tomb.

Whoosh!

Everyone came down and studied these golden sword roads. There were countless arrays of lightsaber aura on them. They wanted to crack them so that they could step into the tomb palace ahead.

"Nine golden ancient roads, each golden ancient road is entangled by sword aura, and contains the rules of the sword, they are all different."

Qin Chen looked at the golden ancient road with a dark expression. The swordsmanship of the Tongtian sword pavilion can be described as reaching the peak. The fusion of swordsmanship and formation has a sense of intimacy with the truth, making Qin Chen unable to see the way to crack it.

"The golden ancient road, one step at a time, the murderous intent becomes more and more severe as you step out. Looking at this sword road posture, I am afraid that you will have to pass through a thousand methods of murder to step into the grave of the tomb.

At this moment, a strong formation in a certain force slowly spoke, and it was shocking that one had to walk through the path of a thousand murderous formations to reach the other shore and step into the tomb.

"There are nine golden ancient roads, and at the end of each ancient road is the entrance to the tomb of the sword tomb. Then, entering these nine intersections, will the experience you encounter be the same?" At this time, someone whispered.

"It's very likely." Someone whispered, with a slight condensed expression, and said, different golden ancient roads are likely to lead to different places.

"This road to kendo should not be a simple cracking of the formation, but the more important thing is to understand the rules of heaven contained in the rules of swords. Otherwise, many of them are not swordsmen, and they may not have mastery in kendo."

Qin Chen spoke slowly, and the three of them descended, standing in front of a certain golden ancient road, looking at them. The nine ancient roads contained terrifying formations, and different kendo powers flowed. Not only Qin Chen, but the vast majority of the various forces in the Tiandang Mountains are watching the changes, or looking for opportunities around the tomb, but no one has stepped into the sword forest, and they all vaguely know the sword forest. The terrible murderous intent in

.

"Huh? The people of these five demon sects actually moved." While Qin Chen was still studying this formation carefully, he suddenly saw the five powerful ligers and tigers of the five demon sects calm down on this golden ancient road. At the moment, he stepped onto a golden ancient road at the same time and studied the rules on this road

, To crack this ancient way.

"The monster race probably doesn't have a strong formation ability, nor is it a swordsman who practices swordsmanship. Was it the first to break the formation?"

Qin Chen was taken aback.

The masters of other forces were also surprised. No one expected that the five great monster masters would be the first to set foot on this golden ancient road.

Hum! When the five great demon masters set foot on the golden ancient road, the golden ancient road suddenly glowed, Qiangqiang, on both sides of this golden ancient road, countless sharp swords in the sword forest were shaking and bursting, with terrible sword auras. Swept and blended into the golden ancient

On the road, facing the five demon masters madly swept in.

In an instant, the glittering golden sword aura soared into the sky, vast and boundless, and slashed madly at the five demon masters.

"Hands!" The Liger Demon Lord shouted, at the moment when the golden ancient road burst into light, the eyes of the silver eye wolf king's eyebrows suddenly burst with silver light, and the golden blood penguin, Jiao Mu Kui, and the blue elephant king screamed. , With their own vast demon light blooming, and this golden sword aura

Confronted together, and the Liger Demon Lord shot, taking advantage of the moment when the golden sword aura was resisted, analyzing the formation and sword aura rules on this golden ancient road.

boom!

The formations and sword qi rules on these golden ancient roads were instantly cracked, and the five demon masters moved forward quickly. The five demon masters walked on a golden ancient road at the same time, and they easily cracked the forefront of the killing formations, and continued to move towards the golden ancient road. At the same time, the five people alternately deduced and advanced step by step. , Is the main force

, And the four demon masters including Silver Eye Wolf King cooperated.

"The cooperation of these five demon masters is amazing." You Qianxue's eyes widened, her expression condensed slightly, and the five demon masters cooperated and advanced smoothly.

This shocked everyone, unexpectedly.

"These five demon masters seem to be very familiar with the ancient golden road. Have you seen that when this golden ancient road has never attacked, the five demon masters have already resisted, as if they had already known some information about this golden ancient road. "

Qin Chen whispered.

Others have also seen this. It doesn't seem like the five great monster masters have set foot on this golden ancient road for the first time. Have they ever entered this sword tomb?

Everyone was surprised. At this time, everyone's eyes were fixed on the ancient golden road. Could it be that the five great demons were the first to crack this ancient road?

However, the facts have proved that this golden ancient road is definitely not so easy to crack.

"Brother, I don't know the formation rules behind this road."

On the golden ancient road, the five demon masters ignored everyone's surprise, but set up camp step by step. Finally, after walking two-thirds, they began to struggle. "It's okay. Back then, I waited for more than ten brothers to break through the sword mound, but I did my best to get here. Unfortunately, I still couldn't crack it. Even a few brothers fell here because of this. Today, so many thousands of years have passed, I wait It's not at the beginning, for

For the future I have been waiting for, and for the brothers who fell here that year, this time I am waiting to cross this golden ancient road. "The Liger Demon Lord yelled, his eyes murmured, as if he had gone back to the past, back to the time when they first came to the Tiandang Mountains. Many brothers

rushed through the sword mound to try to crack the golden ancient road, but in the end, the loss was heavy.
