

## Valkyrie 3611

### [Chapter 3611: Time to rest](#)

Everyone was shocked, what was that, the power of darkness?

Several great venerables looked at Palace Master Yaomei in anger, and even the three major decree incarnations were shocked. Staring at Palace Master Yaomei, this person actually betrayed the human race and cultivated the power of darkness, but they had never seen it before. .

The Palace Lord was extinguished, and the whole body was bursting with black light, like a demon god, like a changed person, controlling the power of darkness in the body.

But what shocked him was that he found that his body could not move anymore. A mighty force bloomed from his body, actually trying to rush into the bronze coffin.

This was not the sword ancestor taking it, but the dark power in his body, actively responding to the pitch-black cave at the bottom of the bronze coffin.

what?

Palace Master Yao Mie was furious. This was a trace of power shed from the ancestor of the Abyssal Demon in his body, recovering, to communicate the mysterious void inside the bronze coffin.

"Finally can't bear it? How long does my ancestor think you can bear it?"

A cold snort resounded and banged, the heaven and earth suddenly surging with endless chain of gods, the chain of gods clashed, and a series of terrible sword qi appeared from the void, and immediately suppressed it against Palace Master Yaomie.

"Old stuff, waiting for you for a long time."

The indifferent voice of Jian Ancestor sounded, and the infinite sword aura came out, and the black mist was filled, completely enveloping Palace Master Yaomie. In this black fog, the power of destroying the sky and the earth emerged, as if it could annihilate everything, extinguish the Palace Master, and be Trapped in it, unable to resist.

"Hahaha!"

At this moment, a loud laugh resounded between the heavens and the earth. This laugh was extremely domineering and mighty. Then, a magnificent figure from the sky walked out of Palace Master Yaomei, surrounded by magic light, like Like a demon.

"Jianzu, long time no see!"

This figure stepped out, and the world was shaking. In this burial sword abyss, infinite black energy surged, forming a terrifying void. The power of the demon race was surging into the sky, and the rules formed a series of rules. Chains, suppress one party.

Ancestor of Abyss Demon!

The star master of the Star God Palace and the three people were shocked to see the dark light and shadow in front of them. It turned out to be the ancestor of the abyss demon. In this palace master of the East Heaven Realm, there was a clone of the ancestor of the abyss demon hidden. Shocked, scalp numb.

Who is the ancestor of the abyss? How could the current power of the Yuanmo clan, the real giants in the heavens, appear here?

"The ancestor of the deep demon, I didn't expect your tentacles to reach the land of my heavens. You came for my existence in the abyss of the sword buried? Nothing..."

Suddenly, Jian Ancestor said in a deep voice, as if he understood something, "I understand, you are here for him!"

Even the Star Master and the others didn't know who Jian Ancestor said he was. At the bottom of the Abyss of Burial Sword, Qin Chen was also shocked and looked at the ancestor of the Abyss Demon. For some reason, this figure gave him a very familiar feeling, as if he had seen it somewhere before, but he searched for his memory, but Can't remember

Where have you seen it?

"I definitely met this person."

Qin Chen was very sure of his thoughts, but no matter how he recalled it, he couldn't remember it. This memory seemed to have disappeared out of thin air in his mind.

"Ancestor Jian, you old thing has been here for hundreds of millions of years. It doesn't matter, depending on your condition, you are about to die. Why bother to persist in, let me help you and end it soon."

boom!

The Lord of Abyss Demon stepped forward, releasing infinite coercion, converging the power of darkness in the main body of Yaoniu Mansion, and turning into a substantive dark figure, walking towards the sword ancestor below.

It didn't need any movement at all, the sky was trembling, the earth was cracking, the thunderclouds were surging, and the boundless darkness of thunder light had already formed, turning into an ocean-like dark giant and appeared, blasting towards the sword ancestor below. "Sword Ancestor, hundreds of millions of years have passed, see if you still have the strength to guard this place!" The Ancestor of Abyss Demon said coldly. He was obviously just a black light and shadow, but everyone looked at him, but they seemed to look up to a billion-foot-tall statue. Gods, only those who worship

Copies.

"You can give it a try!" Jian Zu sneered, hum, the voice fell, and between the heavens and the earth, the infinite black sword aura appeared, turning into a huge sword that gleamed with endless vast sword charms, every sword charm, All are like a star, infinite runes condensed, sword energy skyrocketed,

It's like splitting the heavens.

On the sword body, an ancient rune appeared, surpassing the height of the rules, as if revealing the true meaning of heaven and earth.

Qin Chen's eyes widened, what kind of sword is this? Countless sword charms surged, and each sword charm seemed to have a piece of heaven and earth. This was too strong, forming a unique world power that surpassed the Lord.

With this sword, Qin Chen felt that his soul had been taken in.

The ancestor of Yuanmo was naturally not afraid, waving his fists to greet him.

boom! boom! boom!

The two powerhouses went to war. This was terrible. The world under the sword of the \*\*\*\* of burial was torn apart by life, as if the end of the famine was coming. And in their battle, the sword burial abyss was shaking, rumbling, and the ancestor of the deep demon screamed coldly, reaching out his big hand, hum, the big hand is infinite, containing all things in the universe, and brazenly grabbing against the sword ancestor, endless Sword energy exploded, terrible abyssal monster

The power swept across, and there was the power of darkness surging.

This is too strong!

But at this moment, the star master was staring at Qin Chen, just staring at it twice, which made Qin Chen feel that his skin was about to burst.

"Junior, you were once chased by the ancestor of the abyss demon. Did the ancestor of the abyss demon come for you? Let me see, who are you for? What's the secret!"

The avatar of the star master shot, and came to Qin Chen to capture it.

"stop!"

Tian Zuo Tianzun snorted, and immediately shot, blocking in front of Qin Chen, and the two sides fought against each other, roaring. "Tianzun, what are you doing?" The star master frowned, and the mountain master of Dayu Shenshan also stepped forward, knowing that Qin Chen was the person who chased and killed the ancestor of the devil corpse. You must understand its secret, because this son is very extraordinary. From the words of Jian Ancestor before, it seems to see something

what.

"Two, what does it mean to bully a junior?" Tianzhu Tianzun killed him and hit the two strong men with a punch.

Boom boom boom!

In the critical moment of the battle between the three powerhouses, they did not help Jian Ancestor kill the ancestor clone of Abyss Demon, but aimed at Qin Chen.

Qingxue Guhua watched, feeling sad and angry, the masters of these two top powers were too much.

"Hahaha, Sword Ancestor, this is your human race, whose interests are inspiring."

The ancestor of the deep demon laughed, and a pitch-black palm protruded, grabbing and shooting towards the void in the depth of the bronze coffin. At the same time, a terrifying force was passed directly along the void.

"Sword Ancestor, you are old, you have been in town for hundreds of millions of years, and you should rest." The Ancestor of Abyss Demon said, Boom, a gloomy force revived in the depths of this sword burial abyss, from under the bronze coffin. In the dark space, there was a loud roar, as if there was something terrifying to wake up.

### [Chapter 3612: Darkness Awakens](#)

Wow!

In the depths of the earth, a terrifying aura was resurrecting, like some ancient wild animal, awakening, a terrifying force that suppressed the ages was surging and permeated the ages.

boom!

The terrifying power of darkness surged, shocking the world, and the entire sword buried abyss was trembling.

what is that?

Everyone was horrified to watch the burial sword deep underground, and in the void under the mouthful of the bronze coffin, there seemed to be something weird surging, imprisoning some kind of ancient beast.

"Huh?" Jian Ancestor changed color, and the voice became solemn for the first time. I saw countless black mists surging in this heaven and earth. In the mist, there was a terrible sword intent, crashing, and , The countless \*\*\*\* chains between heaven and earth surging, turning into one

The runes of order and order, must shock everything, and squeeze under the abyss of Burial Sword.

Wow!

The chain surged, and a mouthful of the bronze coffin was glowing. The blue light was shining and it was shocking. This scene was too scary. The countless corpses of the venerable sitting at the bottom of the sword-burial abyss were all shining, bursting out a heavenly rainbow.

"Boom boom boom!"

The terrible power turned into terrible runes, suppressed, and formed a terrible whirlpool.

This scene is too shocking, as if it can suppress a world, that rune, through the sky, if it is placed outside, almost the entire world can be sealed off, but in this sword buried abyss, it only blocked the bottom side. world.

"Boom!"

The bronze coffin shook, and in the dark void below, there seemed to be something vaguely knocking, blocked, and furious. Under the shock, the soul was shaken, and Qin Chen felt that the soul was about to be broken on the spot.

Qingxue Guhua and the others also groaned and couldn't help screaming. This coercion was too terrifying and directly descended on the soul. Even the venerables could not resist it. The soul was about to explode, wishing to disperse on the spot.

At the bottom of the sword burial abyss, infinite sword energy was surging, blocking everything, but the world was shaking, and it seemed that the sword burial abyss could not be suppressed.

"Hahaha, Sword Ancestor, don't waste your efforts. Hundreds of millions of years have passed, and your strength is getting weaker and weaker, but that one is recovering. How long can you trap it?"

The ancestor of the Abyssal Demon sneered, and the power of darkness surged from his body, connected with the power in the void below, as if forming a kind of resonance. He wanted to break the rune prohibition placed in the abyss of the Burial Sword and liberate the horror underground. Things.

"With this breath, isn't the one in the legend not dead?"

On the other side, the avatars of the three top powerhouses, Star Lord, Mountain Lord, and Tianzun, were all shocked, staring at the void at the bottom of the coffin, their avatars were strongly oppressed, as if they were about to collapse.

"Tianzun, there must be a big secret in this child, hand it over."

boom!

Xing took the initiative, and the light of the stars flickered. At this moment, he was still aiming at Qin Chen, trying to capture Qin Chen and understand his secrets.

Because the changes of the ancestor of the deep demon and the ancestor of the sword all proved Qin Chen's extraordinary.

"This is the time, what is it to bully a little baby?" Tianzun was furious, staring at the bottom of the coffin, with some guesses in his heart, because in the battle of the ancient Tongtian sword pavilion, he was still young, but he had also heard of some thing.

At this moment, he was all hairy. If the bottom of the sword-burial abyss really sealed the existence of the ancient one, as he guessed it, then, once the other party got out of trouble, he would be completely overwhelmed by nature, and it would not necessarily be broken again.

But at this time, the Star Lord of the Star God Palace was still targeting Qin Chen, without any intention of helping Jian Ancestor, so he didn't get furious. "Tianzun, go away, this person has a big secret. I am also a guardian of the heavens. I know the troubles here. I just want to know who this person is and what secrets are there. After understanding, I can wait for three people. Join forces with Jian Ancestor to attack Yuan

The ancestor of the demon clone, blocking everything. "

The Lord of Dayu Shenshan also said, stepping out, like a mountain, shocking the ages, stepping towards Qin Chen, said loudly.

"impossible!"

Tian Gong Tianzun shouted angrily, slammed over and blasted the star master's forehead with a punch. "You alone, how can you resist me and wait for the two." The star master knew that Tianzun Tianzun had to fight against the two of him, but after all it was Tianzun's blow. How dare he to give up his attack on Qin Chen, Turn to work

Tianzun's attack.

"Star God Palace Lord, Dayu Mountain Lord, you have disappointed me too much!"

boom!

Tian Zuo Tian Zun was full of dazzling rainbows and murderous aura. He alone rivaled the two strong men, but he also recruited and attacked. It seemed that one person could rival the two.

Bang bang bang!

With the shocking roar, the star master of the Star God Palace and the mountain master of Dayu Shenshan were actually blocked.

Everyone was amazed. They didn't expect Tianzhu Tianzun to be so terrible that he could fight one against two.

"Two, stop quickly, otherwise Xiaoyao Supreme will know it, and I will not spare you all." Tianzhutian said sharply.

This caused the star master of the Star God Palace and the mountain master of Dayu Shenshan to sink, and there was a surge of killing intent. "Tianzun, you have followed Xiaoyao Supreme for too long, why have you become someone else's running dog? Humph, that Xiaoyao Supreme is nothing but a barbarian who soared up from the lower realm. Although he has made great contributions to my heavenly realm, he relies on himself. Power

All the forces of my human race are ridiculous, how can the major forces of my heavenly realm listen to his orders from a lower realm. Tianzun, I advise you not to be obsessed, you should know that the top forces in my heaven are the masters of the heavens. "The Palace Master of the Star God slammed out, full of stars, stars condensed in his palm, and then exploded, and the Daewoo Mountain Master on the side also came, hum, in his body, it seemed as if a Tongtian mountain appeared one after another. , Condensed into one

The huge mountain seal.

A terrifying murderous intent erupted from Qi Hei Shan Yin, and it frantically suppressed Tian Zuo Tian Zun. The two top masters both shot. Although they know that Tiangong Tianzun is extraordinary, they are after all two. Under their level of fighting pressure, Tiangong Tianzun can protect himself, but they still want to protect a junior. Different from idiot

People say dreams.

boom! However, at this moment, a terrifying roar sounded from the ground, bang, and the void exploded, and the great sages all flew out in embarrassment, covered in blood, and Qin Chen also shattered and almost collapsed. A destructive force erodes and

Come, to crush his physical body.

In addition, the three avatars of the Star God Palace Lord were also shaking, the decree was violently glowing, and some cracks appeared on it.

The three avatars flickered, each staggering back, looking at the bottom of the buried sword abyss in anger.

boom! From the deep abyss, a pitch-black tentacle stretched out. It was dark, with no specific form visible, and was enveloped by the terrifying power of darkness. When it appeared, the world was stirring and shattering.

### [Chapter 3613: Sword comes](#)

call!

The pitch-black tentacles danced and swept directly towards the Star God Palace Lord.

what is this?

He was shocked, retreated quickly, and raised his hand to shoot out a bright starlight. In the starlight, the endless stars were disintegrating, like the big bang of the universe, raising terrible rules.

But it was useless, the tentacles were too fast and too strong, and directly exploded the endless galaxy with a boom, grabbing the dazzling clone of the Star God Palace Lord.

"Ah!" The avatar of the Star God Palace Master was originally shining with stars, just like the gods, but at this moment, caught by the dark tentacles, he suddenly screamed, and the starlight avatar continued to corrode. All the green smoke, all the rules are in the tile

solution.

This is terrible. Although it is only a clone, it is after all a clone of the Star God Palace Lord, beyond ordinary venerables, and such people as Qingxue Guhua can easily be wiped out before this clone.

But at this moment, this terrible clone, like an ant, was caught and captured. This scene is too scary, making everyone's scalp numb and chills in their hearts.

"Master Star!"

Venerable Star Destroyer trembled and said, he was frightened, and he heard a click, the starlight of the master of the Star God Palace was shattering, the rules of the rules were breaking, and countless cracks appeared on the decree, shaking violently.

boom!

Moreover, in the underground, black auras surged, and they were about to break out of the earth. Between the heavens and the earth, the gods chain aura, countless bronze coffins glowed, suppressed, but they kept shaking.

"cut!"

The sword ancestor screamed, and the endless black mist condensed and turned into a sharp sword that pierced the sky, cut down.

However, the ancestor of the deep demon moved, and the killer came and slammed a punch. The dark shadow of the fist broke through the void, as if a \*\*\*\* demon from the world reached out his palm and collided with the sharp sword cut by the sword ancestor.

"boom!"

The world was turbulent, the terrible pressure swept across, the entire sword mound was roaring, and outside the sword buried abyss, the five great demon masters and many other powerful men felt the aura below in horror, and their souls were about to burst, shivering. They don't know what's going on below, they can only vaguely see that there seems to be a collision of light and shadow, and this power is definitely not the aura of the Venerable Star Destroyer and others who fell below before, but even more over them. Force above

the amount.

Vaguely, they even heard the words "Star Lord" and "Mountain Lord"...it shocked them and had some guesses.

"Sword Ancestor, you have been sitting in town for long enough, it's time to change the way."

The ancestor of the deep demon said, rushing forward to prevent the sword ancestor from taking action.

boom! boom! boom!

The two did not have a word of nonsense, and they fought again.

The world is roaring, and the two sides are evenly matched.

But Jian Ancestor was shocked, staring at Palace Master Yaomie, knowing that this was only a clone of the Ancestor of Abyss Demon, but it was able to explode with such strength, which surprised him.

"Ancestor of Abyss Demon, how much energy did you spend on this person? How much dark power did you incorporate?"

Jian Ancestor groaned, he saw that the problem was with Palace Master Yaojie. The power of this person seemed to be integrated into the power of heaven and the power of darkness, otherwise it would never be so strong.

The ancestor of the Abyssal Demon was also secretly shocked. This Heaven-Sword Pavilion Sword Ancestor had been seriously injured in the ancient times. Sitting here, eroded by the power of endless darkness, he should have been sitting down long ago, but now, there is still such a combat power, so that Yuan The ancestor of the devil is unexpected.

boom!

The two sides fight, you come and I go, no one is at a disadvantage.

Hum!

The sword ancestor screamed, all kinds of sword aura rose up, and he slashed out with his hand. He was already standing at the pinnacle of kendo, with various rules operating as desired. The sword light was drawn one by one, turning into various heavenly powers towards the abyss Zuqi stormed.

The ancestor of the abyssal demon is not afraid, he only needs to stop the opponent, and other own underground terrifying existences take action. But at this moment, the terrifying tentacles exuded a dark aura, and the Star God Palace Lord was about to squeeze. When Daewoo Mountain Lord and Tianzun saw this, their expressions changed slightly. At this time, it was the Dayu Mountain Lord, and he did not care about targeting Qin Chen, Li With a drink, kill the dark tentacles

.

boom!

The dark mountain seal blasted out, and Tianzun was also furious, and his huge palm protruded out, blasting on the tentacles, suddenly bursts of black aura, but unable to rescue the Star God Palace Master.

The attack of the two fell on the black tentacles, as if assimilated by the black tentacles, unable to cause enough damage to it.

This makes everyone's scalp numb. This is Tianzun's shot, but it still can't be effective. How terrible are these black tentacles?

"Hahaha, Sword Ancestor, it has been hundreds of millions of years, and your human race should also be annihilated. My demon race is pursuing the harmony of heaven and earth, true detachment, why don't you insist on not understanding it?"

The ancestor of the Abyssal Demon took the upper hand and laughed loudly, "Fate has flowed, and your tens of thousands of races have fought hard for thousands of years. You still can't change the final outcome, you are out of date."

"Really? Destiny? You demons who regard living creatures as weeds, think you know destiny?"

Suddenly a divine rainbow bloomed in the rotten eyes of the sword ancestor, and a terrifying force suddenly surged out and haunted Qin Chen.

In the distance, Qin Chen felt cold all over, and instantly felt like he was covered by some mysterious power.

"Old friend, I know you are here. You should do something for the sake of the human race? You should make up for your mistakes back then?"

Sword Zu Long said, looking at the mysterious rust sword in Qin Chen's hand.

What is Senior Jianzu talking about?

Qin Chen was stunned, but just as soon as this thought fell, Qin Chen found that the mysterious rusty sword in his hand suddenly lit up.

Among them, a terrible breath is recovering.

This is the mysterious power in the mysterious rust sword.

boom! At this moment, the mysterious rust sword glowed, exuding the aura of a tyrannical sword, and a cold force merged into the corpse of a venerable in front of him. Suddenly, the eyes of the corpse of the venerable lit up, and Qin Chen immediately felt it. , Terrible

The power of, recovered from the mysterious rust sword, and merged into the body of the venerable corpse, suddenly the cold and cold air escaped, like Shura.

Could it be that the mysterious power in the mysterious rust sword revived and merged into the corpse?

Qin Chen was shocked. He had always felt a stern voice from the mysterious rust sword. Could it be that the strong man had left the mysterious rust sword?

He guessed that he could only guess like this!

"Sure enough, you still have a conscience, and the ancestor of the abyss will leave it to you."

Jian Ancestor said to the corpse of the venerable.

This corpse had been turned into a stone statue, dead and silent, but at this moment, his body was surrounded by a cold sword light, as if revived.

"Come on the sword!" This corpse said to the sky. Suddenly, a sharp sword condensed in his hand, turned into a black light and rushed out, carrying the three-foot green peak, daring to face the ancestor of the abyss demon. Swing the sword!

#### [Chapter 3614: Don't mention that name](#)

"you are....."

The ancestor of the deep demon was shocked, but his eyes were cold and indifferent. There was magic light in his pupils, ignoring the other party. All things in this world, no matter the ants, or the planet, made no difference.

The magic light in his eyes skyrocketed, and he ignored it indifferently, raising his hand and blasting forward.

He was surrounded by magic light, extremely strong, and he slammed into the sword weapon in the hand of the stone statue corpse covered by the cold air without any damage, sparks splashed everywhere. The stone statue was simple and unpretentious, exuding chills, without any stay, after the magic light hit him, it was extremely flexible, the whole person spun up, passed across the sky, and appeared above the head of the ancestor of the deep demon in an instant, and then swooped at extreme speed. Towards Yuan

The devil's ancestor's sky spirit cover pierced away.

boom!

Three black lotus flowers suddenly appeared above the head of the ancestor of the deep demon. The devilish energy bloomed three wisps of energy, evolved the three magic light rules, and rushed into the sky.

This is the way of the Abyssal Demon. He evolves at will, pouring freely, and the light of killing and cutting runs through Cangyu, dark and dazzling.

The terrifying magic light rules turned into by the way of the deep demon are incomparable. One magic light hit the ancient sword in the hand of the stone corpse, and the other two magic lights all pierced towards the stone corpse.

It was as strong as the corpse of a stone statue, and it was not completely avoided. This was the Qi of the Demon Dao, which was cultivated by the ancestor of the Abyss Demon, even if it was only a clone, it would shock the world.

puff!

One of the magic lights pierced the shoulders of the stone statue's corpse and turned it into powder, while the other lotus magic light directly hit the body of the stone statue's corpse. Bang, the entire stone statue's corpse was exploded, directly shattered, and the body was broken into pieces.

"what!"

On the court, some people trembled and screamed.

Qin Chen also clenched his fist, shaking physically and mentally.

Finally, a helper appeared, and he was killed like this? However, at the next moment, Qin Chen's eyes lit up. After the corpse of the stone statue was shattered, the terrifying cold power contained in it did not dissipate, but quickly merged into the corpse of another venerable at the bottom of the burial sword abyss. Corpse

His eyes opened with a humming, and the light of fate surged, as if to penetrate the sky and the earth, awakening again, staring at the ancestor of the abyss.

"Huh? What the hell?"

The ancestor of the deep demon was indifferent and shouted coldly. He stepped forward, surrounded by energy bodies, with various visions and powerful auras, causing the void to roar and tremble.

In one step, he arrived, and he blasted a punch, blasted a fist light that soared into the sky, and at the moment when it appeared in the distance, it turned into a magic light that obscured the starry sky with a bang.

The venerables on the field were all horrified. A random punch was a terrifying vision like Motun Tiandi, which moved their faces and had to look solidified. If they were to be beaten by this punch, they would be broken and unable to resist.

But the corpse of the stone statue that exudes a cold air is indifferent.

Chi Chi! The corpse of the stone statue is swinging a sword, which looks unpleasant, but it makes people dazzled. The light of his soul resonates and trembles. Thousands of black sword auras rise from his front and back, and every handle pierces the sky. Yu, very huge, like a supporting pillar,

It was terrifying, with a cold metallic luster.

His sword intent is very similar to Jian Zu, but he is more domineering and magical.

Qiang Qiang!

As the dark sword light in his hand swung forward, the thousands of black giant swords standing in front of him moved together, and then they slashed forward, and the void was cut open and collapsed.

boom!

The mighty magic light could not cover the void, and was cut open, the signs of order exploded fiercely, and the pattern of rules continued to bloom, extremely dazzling.

In an instant, the black sword aura was like a divine rainbow, surging horizontally and horizontally, illuminating the entire abyss, like the runes of the avenue blooming in this area, the stone statue corpse cleaved a hundred thousand swords!

This involves the avenue of swords, the rules of the world, and the suppression of the world. Every sword light is terrifying and boundless, piercing the starry sky, and its lethality is boundless!

For a while, the ancestor of the deep demon changed color, his body retreated, his palms were constantly slapped, and various black sword auras were violently bursting, corroding the void there, and the sky and the earth exploded.

This is really shocking, a corpse of a stone statue, it can actually fight with the ancestor of the deep demon to this point, who is urging it. Many people looked at the mysterious rust sword in Qin Chen's hand, and slightly changed their color. Previously, they clearly felt that this cold power came from the mysterious rust sword in Qin Chen's hand. Now, this power has awakened, but it is capable of enemy Yuan. The ancestor of the devil

Discoloration.

Even if what the ancestor of the abyssal demon came from was only a clone, after all, it was the ancestor of the abyssal demon clan, the leader of the demon clan, naturally, it was terrifying and shocked the past and the present.

I am afraid that an earthly deity that is above them will be directly exploded and wiped out.

However, it is now being resisted and fought fiercely with others.

Huh!

A wave of cold power kept surging on the corpse of the stone statue, and suddenly moved, using a very terrible sword, the sword energy cut through the void, and the black lacquer energy wave formed a magic cloud, pressing the ancestor of the abyss Below.

This is too evil.

There were bursts of bloodthirsty, killing, and violent auras, which were madly dissipating, and it was almost a demon with a sword. Compared with the ancestor of the abyss, it was equally devilish and powerful.

boom!

The demon sword aura exploded, the murderous aura was Lingran, the demon cloud evolved, and the ancestor of the deep demon was suppressed!

The ancestor of the Abyssal Demon was cold and ruthless, his complexion slightly changed, he blasted out with a fist, banged, his body was extremely gorgeous, all kinds of magic patterns gleamed, and in the end he pierced the magic cloud condensed by the terrible cold air.

However, the moment the magic cloud disintegrated, endless killing intent bloomed, strangling it continuously, and the cold air invaded its clone.

boom!

The magic light of his body surged, his body was about to burst, kicking back, and in the distance, Palace Lord Yao Mie spit out a mouthful of blood, and received a violent back shock.

Hum! Around, the murderous sword light condensed again, and countless dark sword lights blasted here as the demon cloud disintegrated, in clusters, all slashed on the body of the ancestor of the abyss, rumbling, Destroy the magic light substance in his body, darkness

Power.

"This power? It's you..."

The ancestor of the deep demon was shocked, staring at the corpse of the stone statue, as if thinking of something, his pupils bloomed with divine rainbows.

"Why, you were also recruited? Don't forget, how miserable you were when you were chased and killed by all races, and now you are actually helping you to abuse!"

The ancestor of the deep demon shouted sharply, his eyes bursting with rainbows.

"Jie Jie Jie, why bother to say that different ways are not conspiring, Devil Ancestor, you have done it to a junior over and over again, this one will be my spoils!" The stone statue corpse spoke for the first time, sullen, like Ghostly, that voice made Qin Chen feel very familiar. It was the mysterious powerhouse who had been laughing in the mysterious rust sword, trying to swallow his own power from beginning to end.

the amount.

At this moment, it was fighting against the ancestor of the abyss.

boom!

Sword Qi surged, violently cut down.

"Huh, your spoils? Don't forget, who is the person who made you so miserable? In the eyes of that person, you are nothing, otherwise you will be imprisoned for hundreds of millions of years, and now you are doing it for him... "

"Shut up, don't mention that person, when I get out of trouble, I will kill him in the future!" The corpse of the stone statue had indifferent eyes, and it was terrifying.

[Chapter 3615: Alternative road](#)

Then, it moved again, even more murderous.

Huh!

The sword light flickered, and no one saw how the stone corpse moved, and a sword struck the ancestor of the abyss.

puff! The sword light entered the body, and the ancestor of the deep demon suddenly roared, and the bright magic light rune burst on his body. This is only an energy clone, not the main body, so it is only agitating the magic light, and the light particles of the demon clan bloom, and it is terrible. Radiation power

Stirring, lingering out.

And, there is a dark breath surging.

"The power of darkness? Demon ancestor, you are really going back more and more alive, and you really smelt the power of darkness. You should know that this is not the power of our world. If you can't control it, you will be beaten back."

The cold power is cold.

"Hmph, it is strong enough, you and I know the hardships of cultivation, to the end, every step of the road has great horror, no one knows what is at the end of the road of cultivation, there are many giants falling on the road, who can Who do you laugh at?"

The ancestor of the Abyssal Demon snorted coldly and blasted a punch, with a buzz, sparks splashed all over, and the sound was harsh, like piercing gold and cracked rocks, the stone like a fist in the corpse!

However, it was a little shocking. This time, the corpse of the stone statue was not shattered.

The strange power surged on his body, resisting this fist, the black yingying light flickered, too strong.

"Ok?!"

Everyone was shocked, what kind of power is this? It seems that it is not a rule of heaven that people cannot perceive attributes.

"You also embarked on an alternative path of practice?"

The ancestor of the deep demon lost his voice, his eyes were gloomy and cold. His punch was absolutely unparalleled. It is conceivable that he would not be able to catch it when replaced by other opponents, and he would definitely be bombarded and killed! But the corpse in front of me was resisting it, and this corpse, when it was the predecessor, was only a cultivation base of ordinary venerables, it has not been corrupted for ten thousand years, and the power in the body has been exhausted. The previous stone corpse is crushed like this, but

At this moment, the other party resisted, that force, dark and strange, but terrifying.

"Being trapped for hundreds of millions of years, there should always be some thoughts!"

The corpse of the stone statue said gloomily, suddenly the sword came out, and the sword light flickered, and the black breath surged like lightning. It appeared from nowhere, and with a puff, it directly slashed on the head of the ancestor of the abyss.

when!

The terrible magic roars, everyone is horrified, and the scene before them is unbelievable. Because this sword is too fast, the light has already flashed, and now there is also a desolate sword aura that is permeating, spreading, and the nearby universe is being Split!

In the distance, the great sages were dumbfounded. Is this true? What did they see that the ancestor of the abyss was almost beheaded by a corpse?

This sword was very fierce. It smashed into the head of the ancestor of the abyss, almost slashing his head.

boom!

At this moment, the ancestor of the abyssal demon was different. The devilish energy exploded. Even if it was a clone, the demon light rose to the sky, as if a wild demon \*\*\*\* was resurrected. His eyes were cold and merciless, staring at the corpse of the stone statue.

At the same time, his pupils flickered, various energy bodies appeared around him, and black matter radiated out.

Beside him, a series of dark auras rose up, causing a strong rejection of the heavens and the earth, and strands of chains of alien gods fell down.

In front of him, the black magic lotus was everywhere, rooting in the void.

Huh! Huh! Huh!

He shot it. It was much scarier than before. The sky was full of black petals. It was the magic lotus blooming, flying out, spinning, deep and dazzling.

In such a moment, the heavens roared and the avenue trembled. Everything was under the suppression of the ancestor of the abyss, and the black petals were flying, extremely beautiful and gorgeous, but full of deadly threats.

This is terrifying and intimidating. These petals cut the abyss space, so powerful that outsiders can't stop it.

It can be seen that the void at the bottom of the abyss was directly shattered when touched by the black lotus petals, turning into powder, and its lethality could not be estimated.

You know, the void at the bottom of this abyss is extremely strong, and the Venerable may not be able to blast through it, but under the shot of the ancestor of the abyss, the void exploded, and when the magic lotus petals flew, it was destroyed in pieces.

boom!

Part of these forces swept towards the corpses of the stone statues, and part of them attacked the bronze coffins to destroy the \*\*\*\* chains on them.

"Stop him!"

Jian Ancestor spoke. On his withered and old body, the brilliance of divinity was dissipating, and the aura of life was surging and burning. The Ancestor of Abyss Demon must never be successful.

Buzzing! Thousands of swords roared, and endless black mist lingered. Every corpse in the abyss was filled with sword aura and rumbling roaring. These are the countless powerful men who fell in the Heavenly Sword Pavilion. At this moment, they are offering sacrifices. The coffin is also

It was roaring, the glow of the sun was shining, and the roaring roar, they were about to explode.

boom!

Endless sword energy, cut to the ancestor of the abyss.

kill!

The corpse of the stone statue also moved, and the aura became different. Combining with thousands of sword auras to slash towards the ancestor of the abyss, the cold aura on the corpse became more condensed, as if it were integrated.

He shot, cut out with one sword, with the power of one sword, cut through the universe, and cut away the immortality. It reached the front of the ancestor of the abyss, and various energy bodies between the two continued to collide, which was too intense.

The venerables were all shocked, dumbfounded like a clay sculpture and wood carving.

The infinite sword aura was bursting, and finally, the ancestor of the abyss could not hold on, the terrible magic light bloomed, his body was frequently hit by the sword, puff puff puff, endless glory blooming, his clone was destroyed.

Wow!

It can be seen that all the black mist sword aura in the entire world has been aroused, combined with the corpse of the stone statue, crazily chopped down on the body of the ancestor of the abyss, bang bang, the magic light rune in his body is bursting.

"hateful!"

The ancestor of the deep demon was furious. He knew that he could no longer hold on, his eyes were cold and stern, and he suddenly shot again at the abyss below, bang, this time, he burned himself, and the endless dark aura drowned everything, with a bang, a strong blast .

After doing all this, the avatar of the ancestor of the abyss disintegrated and turned into an invisible force to dissipate, and a dark magical vortex channel suddenly appeared between the heaven and the earth.

"Hahaha, there will be a period later."

The avatar of the ancestor of the deep demon collapsed and turned into a terrifying power of the demon.

"Where to go!"

The corpse of the stone statue drank coldly, urging the endless cold breath, turning into a giant sword to kill, even if it was a clone, he didn't want the other party to leave.

However, the ancestor of the abyssal demon remained silent, and at the moment he entered the magical vortex passage, he pointed out Qin Chen in the distance.

"boom!"

A terrible magic light poured out and directly blasted towards Qin Chen, with amazing power and murderous intent. The corpse of the stone statue changed color and moved. When the magic light hit Qin Chen, it resisted the magic light, bang, his body burst into a terrible roar, his body trembled, almost splitting apart.

### [Chapter 3616: Ruling Thunder](#)

"That guy is gone."

The cold breath on the body of the stone statue was even worse, and it was furious. "It's okay, it's just a clone, and has exhausted all energy. His purpose is just to bring the human race into the demon world. The human race has the power of human race and the power of darkness. , The ancestor of the abyss should have other uses. "

Jian Ancestor said solemnly, his voice was full of worries, because at the moment the sword was buried in the abyss, endless divine patterns bloomed, and the roar of anger resounded, it seemed that something was going to come from the ground. Climbing out in general.

"Crack!"

At this moment, the avatar of the Star God Palace Lord was about to be squeezed by the tentacles, the avatar was already collapsed, the tentacles flapped violently, and the burial sword abyss rumbled, trying to destroy everything.

"what!"

The star master clone roared, and he felt that the power of the stars in his body was fading quickly, and it was actually being swallowed and absorbed by the dark tentacles.

"Star Lord!"

Venerable Star Destroyer was horrified, once the Star Lord clone was destroyed, he would definitely fall into distress.

"Stop him!" Jian Ancestor said to the corpse of the stone statue. Boom, the two of them shot together. Suddenly two sword auras that pierced the sky slashed, slashing crazily on the black tentacles, and they heard a pop, black A wound appeared on the tentacles instantly, but this

As soon as a wound appeared, it was repaired at an astonishing speed, and it quickly returned to smooth and undamaged.

"Damn, that thing, the defense is too strong, you and I have only a trace of strength left, and I can't kill it at all. My body is still in the sword body, and only a remnant soul comes out."

The corpse of the stone statue said, gloomy, he was sealed in the mysterious rust sword, and he could not get out of it all.

"The seal here was destroyed by the ancestor of the deep demon, and it could not last long, now it is even more dangerous."

Jian Ancestor also said in a low voice, his voice very serious, because if he really allowed him to seal the things that had been sealed for hundreds of millions of years in the Heavenly Heavenly Sword Pavilion in this underground, the definition would surely fall into crisis that day, and disasters would come to the human race.

Boom, boom!

As the two men drank, suddenly, the bronze coffin shook violently, and two tentacles burst out from the ground, kakaka, countless \*\*\*\* patterns were trembling, the \*\*\*\* chain surged, rattling, but completely Can't trap the other party anymore.

As soon as these two tentacles appeared, they swiftly wrapped around everyone present. Boom, the avatar of the mountain lord of Dayu Shenshan was directly captured, while the other tentacle was the Tianzun who trapped Tianwork.

The clones of the two powerhouses were caught in this way, and they were unable to resist, their entire bodies glowed, and their power was constantly being swallowed.

"Damn it, if you swallow it like this again, this guy is really going to get out of trouble." The stone statue corpse and Jian Ancestor really changed color, and the two shot frantically, but one after another sword energy slashed on the black tentacles, although they kept smashing the tentacles. Cut off the wounds one by one, a black breath escaped, but these tentacles were next to

They merged quickly, ignoring their shots.

"This guy, who has been trapped for hundreds of millions of years, has been familiar with the power of our world. I have fallen too much, and cannot cause fatal damage to him."

Jian Zu said, really nervous.

"Ah!" At this moment, the Palace Master of the Star God, who was wrapped in one of the tentacles, finally let out a scream, and with a bang, his avatar directly exploded under the swallowing of the black tentacles. Broken, turned into starlight, but even a ray of starlight

They couldn't escape, and they were all swallowed and absorbed by the black tentacles.

The black tentacles are like a black hole, capable of swallowing all power.

Wow!

The black tentacles squeezed the Palace Master Blasting Star God, after swallowing his power, immediately stared at Qin Chen not far away, swished, and then grabbed Qin Chen. It is foreseeable that it will catch and capture the clones of the three top masters first. It can be seen that in the eyes of this tentacle, apart from the stone statue corpse and the sword ancestor, it can hurt its existence. The stronger the breath, the more it can be attracted. And among the many Venerables present

In the middle, this black tentacle chose Qin Chen. Obviously, in its eyes, Qin Chen was more able to attract it than several venerables.

Whoosh!

The speed of the black tentacles was too fast, and they came to Qin Chen in the blink of an eye.

"dust!"

"Be careful!"

Among the jade disc of good fortune in the universe, You Qianxue, Ji Ruyue and others shouted in horror. Qin Chen's scalp was numb, and he felt endless fear, as if he was being stared at by the \*\*\*\* of death, and his entire body was erected. In an instant, the Zixiao Dou Ligong and Ten Thousand Dao Qing Jin Dan furnace in his body burst out suddenly. , The endless sky is raging, the same

At time, the source of time is also urged, and the rules of time are surging, trying to block the opponent.

☹!

when! However, the black tentacles were too strong and too fast. The black light flashed, and Zixiao Dousiligong and Ten Thousand Dao Qingjin Pill Furnace were directly blasted out, just like flying two marbles, they could not stop the other party at all. , The endless sky fire was also detonated

, The time rule can't cause the slightest block to the other party. With a chuckle, these thick black tentacles are like a huge mountain, covering Qin Chen, a swallowing force that makes Qin Chen unable to resist, the original force in Qin Chen's body cannot stop the other party from swallowing it. , Crazy outward

Dissipate.

It should be understood that even the avatar of the Star God Palace Star Master and others cannot resist the swallowing of the opponent, how can Qin Chen resist?

"not good!"

The corpse of Jian Ancestor and the stone statue were both frightened and angry.

"what!"

Qin Chen let out a painful roar, and for an instant, he felt that he was about to be emptied, and the power in his body seemed to disappear in an instant.

"dust!"

In the jade disc of good fortune in the universe, You Qianxue and Ji Ruyue uttered in pain, tears streaming down, and they were going crazy.

"cut!"

Countless sword lights came and fell on the black tentacles, trying to rescue Qin Chen, but they couldn't cut away the opponent at all.

"Am I just dead like this?"

At this moment, Qin Chen's mind was blank, because his soul was swallowed by this terrible swallowing force and was about to be wiped out.

"Do not!"

Qin Chen roared, hum, the book of origins within his body lit up, and the chapters about dark civilizations were flipped through, and a dark force lingered from his body.

At the same time, Qin Chen activated the most terrifying bloodline in his body.

The ruling thunder light, like a vast ocean, poured out from his body.

Zi Zi Zi! The thunder light surged, and Qin Chen's whole body instantly turned into a \*\*\*\* of thunder. Suddenly, the black tentacles violently twisted, enveloping Qin Chen's place, and some scorch marks began to appear. Strong tentacles

Corrosion.

"The power of adjudication!"

Jian Ancestor was excited and murmured: "Sure enough, it was him..." "It's useless, the power of judgment in his body is too weak to resist." The stone statue corpse said coldly, a little frightened.

#### [Chapter 3617: Rusty Sword True Power](#)

Lightning surging on Qin Chen frantically resisted the swallowing of the black tentacles, and lashed out the scorch marks on the black tentacles. However, even the power of thunder in Qin Chen's body could hurt even the venerable, but faced When the black tentacles

, But it can only leave scorching marks on it, and cannot cause fatal damage.

Click!

The black tentacles suffered severe pain, and they danced frantically. Puff, Qin Chen's body was deformed, and the bones in his body were all shattered. It was too miserable, and blood spurted.

"Dust!" You Qianxue and Ji Ruyue exclaimed in agony on the jade disc of good fortune in the universe, tears streaming down their faces instantly.

"Qin Chen!" Ji Wuxue was also worried, and roared, "Let us go out and kill the enemy together."

Qingqiu Ziyi was also eager, and the small ants and small fire worms and gas-eater ants were also dancing wildly, wishing to go out and fight for Qin Chen.

But Qin Chen didn't give them a chance to go out at all.

At the same time, in the Demon Tree of the Ten Thousand Realms, two magnificent auras appeared. It was the Venerable Skyfire and the Demon Venerable Ten Thousand Souls. At this moment, they all regained consciousness and knew everything about the outside world.

"Young man, let us go out and fight the monster. That is the king of the dark creatures. You can't let it get out of trouble, otherwise, the creatures will be destroyed."

Although the two of them were just two remnants of souls, they were fighting in awe-inspiring voice, and said in a condensed voice that they were both masters in the ancient heavens, they knew something, and their expressions were serious. However, Qin Chen didn't say anything, just screamed, and didn't release everyone, because he knew that even if everyone were released, it would be of no avail. Even the avatar of the Star God Palace Lord was crushed, and the ordinary Venerable couldn't bring the other party. Come hurt

Harm, it will be swallowed by the opponent, turned into the opponent's nourishment, and strengthened.

"Young people, let us go out. I have been studying the power of darkness and the power of humans and demons for many years, knowing something that can bring some harm to it."

Venerable Tianhuo and Wanling Mozun said, with a determined attitude.

But Qin Chen shook his head because he knew that Venerable Skyfire and Venerable Ten Thousand Spirits might be able to hurt each other, but they were also dedicated to death.

If it were the heyday of Venerable Tianhuo and Venerable Wanling Demon, there might be some help, but now, Qin Chen could feel the determination of the two people's will, which is a determination to abandon life.

boom!

Qin Chen roared angrily and ran the Nine Star God Emperor Art. Suddenly, a terrifying totem power appeared on Qin Chen's body, hum, countless \*\*\*\* patterns, turned into a sky-reaching totem power, and the cover pressed down.

"Totem power, how is it possible..."

Jian Zu lost his voice and was a little shocked, recognizing the strength of Qin Chen's body, and drinking.

boom! This totem power was suppressed, and crazily suppressed on the black tentacles. Kakaka, on the black tentacles, countless small wounds appeared, but, like the power of thunder, the power of totem is strong, but Qin Chen's repair is too weak

Now, although this totem power hurts the opponent, it can't bring fatal damage to the black tentacles.

Instead, it aroused the ferocity of the black tentacles. An even more terrifying force of strangling and devouring struck, puff, Qin Chen's bones were directly shredded, covered in blood, and the ancient sacrament was extremely powerful, but under the strangulation of this strange rule, it was of no avail. Crushed,

He was \*\*\*\* and miserable.

Qin Chen's appearance was too miserable, as if he was about to be strangled into flesh.

"Boy, give me the sword in your hand!"

The corpse of the stone statue said sharply, staring at the mysterious rust sword in Qin Chen's hand, quietly said.

On the mysterious rust sword, Qin Chen's blood was soaked, and there was a faint light blooming.

"go with!"

Qin Chen yelled. At this time, he couldn't care about anything else, urging the mysterious rust sword, and instantly fell into the hands of the corpse of the stone statue.

Hum!

In the mysterious rust sword, a terrible aura surged. On the rust sword, a series of weird runes surged, blooming with mighty luster, turning into an ancient sword that reached the sky, full of pressure!

However, on the mysterious rust sword, a terrible force also emerged, trembling constantly, and wanted to get rid of it, and at the same time absorbed the cold air of the stone corpse, and re-intake it into the sword.

"Damn, I'm saving people..."

The corpse of the stone statue roared and shouted, trying to resist this swallowing force.

As if sensing the corpse of the stone statue, in this mysterious rust sword, the terrible swallowing power immediately disappeared, and it began to calm down, and there was a deep power permeating.

The corpse of the stone statue breathed a sigh of relief and boomed. He was full of cold power, holding the mysterious rust sword, and slashed down at the black tentacle.

call out! The simple and unpretentious sword light slashed down, and the next moment, on the black tentacles, a huge wound appeared in an instant, a trace of black power permeated out, and this time, the wound seemed to be eroded by some kind of power. ,actually

However, it cannot be repaired quickly.

effective!

Cut it!

The corpse of the stone statue quickly took out the sword, each sword was extremely gorgeous, leaving a wound on the black tentacles, and the sword ancestor was also shooting, the endless sword light surged, repairing the \*\*\*\* chain formation pattern here, not letting it The black tentacles continued to escape.

On the field, the great sages were all stunned, and even the avatar of the Star God Palace Lord was strangled into dregs, but Qin Chen actually persisted. Although he was covered in blood, he was still alive. Attacked by the corpse of the stone statue, the black tentacles became even more violent. Boom,

a terrifying force squeezed towards Qin Chen, the space collapsed, and a terrible force poured into Qin Chen's body. Among them, the five treasures are all in

The roar, creaking, there is a feeling of breaking.

In fact, if it weren't for the Five Secret Treasures in Qin Chen's body, even if he possessed the Space Divine Body and the Wild Ancient Saint Body, Qin Chen would have been crushed into flesh, but at this moment, the five great treasures were all roaring and resisting. Among them, the sky-repairing hammer blooms with mighty light, and the mysterious little sword suppresses everything. These two treasures, buzzing and blooming with divine light, can persist under the power of the black tentacles, but, the palace of life and death, swallow Sky jar and nameless sword canon, but

It creaked, as if to hold on.

Going further, several of his treasures will be shattered, and he will undoubtedly die at that time.

Universe good luck jade disc!

Qin Chen roared in his heart. He urged the jade disc of good fortune from the universe to release the power of space.

When the Universe Good Fortune Jade Disk was urged, with a boom, Qin Chen's body bounced out of thin air, making a terrible roar, as if a war drum was beating in his body.

"Huh?" The sages looked over in shock, what happened to Qin Chen?

At this moment, there seemed to be something in Qin Chen's body about to come back to life. "Ah!" Qin Chen roared, his chest parted, and a jade disc of good fortune from the universe suddenly appeared, exuding a breath of creation.

### [Chapter 3618: Dark assimilation](#)

Bang bang bang! You Qianxue, Ji Ruyue, Qingqiu Ziyi, Ji Wuxue, etc., all the people in the jade discs of good fortune in the universe have been thrown out, including the existence of souls such as Venerable Tianhuo, Venerable Demon of All Souls, as well as Little Ant and Little Fire and other creatures, buzz, made by the universe

The jade disc turned into everything, and the power of the space permeated out and merged into the surrounding bronze coffins and \*\*\*\* chains.

boom!

The terrifying power of space blended into the runes of the buried sword abyss, and the black tentacles had to be sealed again.

"The Origin World!"

Jianzu lost his voice, surprised and delighted.

With the space power of the Universe Good Fortune Jade Disc, the black tentacles wrapped Qin Chen's power instantly weakened by a point.

And as the corpse of the stone statue continued to shoot, countless wounds appeared on the black tentacles.

"The Devil Tree of Ten Thousand Worlds, devour it!"

Qin Chen roared. Although the black tentacles were stretched a bit, Qin Chen felt that the power in the black tentacles was still extremely powerful, and it was very likely to make a comeback. Suddenly, black tentacles swept out of Qin Chen's body. This is the Demon Tree of the Ten Thousand Realms. Compared with the black tentacles in the ground, the tentacles of the Demon Tree of the Ten Thousand Realms are extremely small, but they are like nails and hard. Plunged into the black

In the tentacles.

puff!

The endless black air current of blood spewed out, spilling Qin Chen all over.

Qin Chen snorted suddenly, only to feel that his skin felt like fire, and blood was flowing in the seven orifices. We must know that the blood of the venerable is a special supplement, which is a disaster for the low-level strong, but what level is this black tentacle? He is the king of dark creatures, naturally domineering, and the power of darkness is extremely strong, splashing on Qin Chen, Xun

Quickly invaded Qin Chen's body.

"what!"

Qin Chen roared, his whole body seemed to be burning, his skin was instantly burned, and his muscles rotted. This was the power of darkness, the power of a foreign land. Fortunately, Qin Chen's book of origins has mastered a part of the dark civilization, coupled with the power of Qin Chen's bloodline, it has a strong resistance to the power of darkness, otherwise the blood of Qin Chen will be contaminated by this dark blood. , Must be broken

The bones burned into ashes on the spot.

Because this kind of power cannot even be endured by the Venerable.

This dark power entered Qin Chen's body, and Qin Chen madly operated the Nine Star God Emperor Art to refine this dark power, and the Book of Origin also surged wildly to steal the civilization within. This is the king of dark creatures. The power of darkness that Qin Chen felt before was just some ordinary power of darkness, but this dark creature contained the most terrifying blood power of the dark race, equivalent to the human race. People in

Wang Xue, what an opportunity is this?

Once you can understand the profound meaning and civilization, the benefits are endless.

"Ah!" Qin Chen yelled, and the Dark King's blood entered his body and turned into a torrent of torrents. This power was so amazing that he felt that his whole body was about to explode, and his pain was extremely painful.

But the endless dark power is transforming his physique. The baptism of this heavenly origin power is similar. Since this dark power destroys Qin Chen, it must assimilate Qin Chen.

Rao was under such pain, Qin Chen was still carefully understanding, because this was an extremely rare opportunity.

He touched this power, and it had an amazing effect for him to understand the dark civilization in the future and to upgrade to a more realm.

Although he doesn't know what the end of the venerable is, he also knows detachment, and he also knows that the dark civilization invades the heavens. It must have its purpose. By understanding the opponent, he can defeat the opponent from the source.

Even, once the power of darkness is imprinted in his body, he can even mix into the dark clan like the Qin Mo, and steal their civilization and power.

Of course, he must not be assimilated, otherwise, once he is completely assimilated by the power of darkness, he will be expelled from the heavens. He is the darling of the heavens. If even he is blackened, it will cause huge damage to the heavens.

Click! At this moment, Qin Chen was covered with blood, his origin was burning, and his appearance was extremely miserable. He was covered with blood, and there was almost no intact flesh and blood. The bones were also shattered, really like a cripple, but the breath on his body was unprecedented.

The flaming.

"dust!"

Qianxue cried, rushed up, and boomed, above her head, an indifferent figure appeared, and all around her, the water of the nine poles appeared, smashed, and turned into terrible power to continuously bombard the black tentacles. She screamed in pain, a certain force in her body seemed to be revived, a force that stunned the world, swept out, and above her head, a supreme figure appeared, from the endless void, high above, it is an incomparably magnificent figure Female

emperor.

At this moment, this female emperor opened her eyes, as if the reincarnation of heaven and earth appeared here.

"Liu Li!"

Jian Zu was shocked, and said in silence.

It can be seen that this is not a real person, but a phantom intertwined by countless lights, but it is high above, really like a \*\*\*\* in charge of life and death.

Even Jianzu knew this person.

"Sword Ancestor!"

The magnificent figure murmured, "Unexpectedly, after countless epochs, I can still see you old friends."

"You're not dead, this woman, is your heir?"

Sword Ancestor said with excitement, what a mood she was. She was the supreme of lunar glaze, one of the female supreme of heaven in ancient times, and a figure on the true \*\*\*\* seat, and she had a close relationship with Sword Ancestor.

However, Jian Ancestor was silent afterwards, and he could see that the other party was not dead, but a will appeared, not even the remnant soul. "I have fallen a long time ago, and only one thought is left. I never thought that you had been here for hundreds of millions of years. Alas, we did too many things wrong in the past and caused catastrophes. Now this will, it should have died silently. Made for heaven

A day of contribution. "

call out!

As the voice fell, Luli Liuli Suddenly soared into the sky, and her body's power was constantly dissipating, and it turned out to be the Tao.

What does it mean? She finally showed up, even though it was just a ray of divine thought, once it worked, it would quickly pass away, but she actually didn't take advantage of this strand of will to burn out before she shot it, but directly transformed her way?

哐!

In the sky, thunderclouds are rolling, and lightning is dense.

"Ok?"

The sword ancestor and the corpse of the stone statue made strange noises at the same time. They suddenly found that the power of heaven and earth was roaring, and the power of heaven and earth above the sword mound turned into long dragons from all directions.

Bang! Bang! Bang!

It can be seen to the naked eye that a series of terrifying rules of heaven and earth are drawn from the endless void and intertwined in the sky. The Venerable has surpassed the Dao, and even the Dao has nothing to do with it. It is a rebellious person who has stolen the Dao of Heaven, and the power of heaven and earth will not be manifested before the Venerable, and it will not be controlled by the Venerable. This is not in line with common sense. , Because the way of heaven is the most taboo Venerable Master to master this essential power, out of its control.

#### [Chapter 3619: Huadao suppression](#)

This is the foundation of Heaven's suppression of the Venerable.

But at this moment, Heavenly Dao was aroused by Taiyin Liuli Supreme.

"May I transform the way of heaven, and the way of heaven will save the people."

The voice of Taiyin Liuli Supreme came from the sky, and the thunder cloud evolved, and the figure of Taiyin Liuli Supreme appeared. The breath that she exudes was vast, as if she had been resurrected.

"This is... she has transformed the Tao, transformed into the Tao with her will, merged into the Tao of Heaven, supplemented the power of the Tao of Heaven, and suppressed this thing."

Jian Ancestor and the corpse of the stone statue were shocked, understanding the purpose of Taiyin Liuli Supreme.

The venerable person is a person who is suppressed and rejected by the heavenly way, but a supreme will into the heavenly way will also bring a huge supplement to the heavenly way, and even form a terrible power, and this power is enough to suppress everything.

But in this way, Taiyin Liuli Supreme will not be able to wake up completely, and become one with the heavens.

"Hey!"

In the sky, endless thunderclouds and the power of heaven poured down, suppressing everything.

"What are you waiting for? As a human race, are you watching the disaster in the heavens?"

Taiyin Liuli Supreme stared at the avatar of Tiangong Tianzun and the avatar of Mountain Lord Dayu, who were still resisting, and said in a low voice, and his eyes also fixed on Venerable Star Destroyer and others.

"The predecessors are in front, and the juniors are willing to contribute their own strength to the heaven."

Originally, Tian Gong Tian Zun was still resisting, but at this moment, he began to burn his clone, directly transforming into the Tao, letting his body merge into the heaven.

The Daewoo Mountain Lord of Dayu Shenshan had an ugly face, and he was naturally unwilling to change the way. Although it was only a clone, once it fell, it would have a slight impact on his body.

"The current human race is really inferior to one generation. If you don't want to change the way, then I will send you to heaven."

The corpse of the stone statue said, the cold air was permeated, and there was no nonsense, and it was cut out with a sword at the Daewoo Mountain Master.

"you!"

Daewoo Mountain Lord was furious and was trapped by the black tentacles. He couldn't avoid it at this moment. He was instantly detonated. In the roar of anger, he was directly swallowed by heaven and earth. Of course, there was also a part of his power that was consumed by the dark tentacles. .

Then, the corpse of the stone statue stared at the several venerables present.

"The juniors are willing to contribute to the human race."

Qingxue Guhua walked out, resolutely and resolutely, knowing that his time is running out, he was very calm, and said to Qin Chen, "If you can live, I hope you can take care of my Qingxue family."

boom!

Then, he walked out, with the terrifying power of the venerable surging over him, and directly wanted to transform the Tao.

"No matter, the juniors are willing."

Venerable Ye Guang also came out, somewhat resolute.

"hateful!"

Venerable Star Destroyer, Venerable Jiuyu, and Zhuge Rulong had ugly faces and anger in their hearts. How could they be willing to let them become Taoists?

boom!

The three of them stepped back at the same time and wanted to leave here.

"Huh, come back."

However, how could Jianzu and the others let them go? Suddenly, a terrible force pulled over and restrained them. No matter how hard they struggled, it was of no avail, and they were drawn to the bronze coffin.

Qingxue Guhua and Venerable Yeguang were also led into the coffin.

"You are the real life, there is no need to change the way, sit in the copper coffin and suppress this thing."

Jian Ancestor said.

boom!

At this moment, another token flew out of Qin Chen's body. It was a heavenly secret order, and the heavenly secret order bloomed with a divine rainbow, falling in the formation pattern, and bursting out of heavenly power.

The several great sages all fell into the bronze coffin.

"Haha, the juniors are coming too."

Venerable Tianhuo and Venerable Ten Thousand Spirits also laughed and entered the coffin, showing their shape, and sat down.

In the dark hole, suddenly it is extremely gorgeous, the light rain is spilling, golden and extremely holy, hot and unstoppable!

Venerable Star Destroyer and several other venerables were earth-colored, with all thoughts gray, sitting on the bottom of the bronze coffin, lined up with the corpses of many venerables, waiting in place for the last moment of death. "I want to destroy the stars, cross the heavens, kill countless, arrogantly countless creatures, control the destruction of the stars, and push all opponents in the same life. Only then can I rise and succeed in becoming the Lord, but now, it is such annihilation, experience Such a death, silent

No interest, silently waiting for death, I hate it. "

Venerable Star Destroyer spoke, unwilling but helpless, his eyes were dim, his eyes dimmed, his soul light was being disintegrated, torn apart, and the Venerable's matter constantly flowed out.

He is the youngest venerable in the Star God Palace, he is invincible, he wants to be in charge of an era, but he never thought that he would just die.

Venerable Jiuyu was also sad and indignant, struggling hard, but to no avail.

They were sitting there, unable to move, the vitality of the whole body was fading rapidly, the Venerable's body was declining rapidly, and a decadent aura lingered around the body.

A generation of venerables is dying, and there is no turning point. They let their great supernatural powers, but here they can only reach the end of life step by step!

Whether they are helpless or reconciled, they let their souls flutter and the jade and stone are burned, but they are all in vain, and nothing can be changed at all.

Around them, there were one huge real body after another, many of them more majestic than them, and in terms of seniority, they were far earlier than him, they were ancient giants, and they were terrifying to death.

However, they all had already sat there and dedicated themselves.

However, those people are voluntary, but a few of them are not forced.

Zhuge Rulong was grieved and indignant. He controlled his destiny. He thought he had seen the future, but he never thought, after all, he was played with by fate.

Venerable Yeguang and Qingxue Guhua were very calm.

In the last days of life, the great sages stared at the pitch-black hole in front of it. It glowed from time to time, and it was dark and unpredictable.

At the same time, they were also looking at the terrifying creature that made them feel extremely crumpled-the king of the dark clan. From the bottom of the bronze coffin, they saw some clues. If its form were to spread, the world would be shaken.

There is such a terrifying species in the world!

Venerable Star Destroyer fell here and watched for a long time, still feeling horrified. They saw one of the greatest secrets in the world, but they couldn't bring this information back to the heavens, or even pass it beyond the abyss.

Moreover, they are burial objects, and they cannot even play a leading role.

"Boom!" The bodies of several venerables are burning, and a few of them are very free and easy. They are Qingxue Guhua, Yeguang, and Tianhuo and Wanling Demon. They are in Qin Chen's universe. A lot of repairs have been made in the disc, and they are almost recovering, but within them

But my heart didn't have any dissatisfaction, and even felt extremely peaceful and peaceful.

In the end, a few people glowed, and countless bronze coffins bloomed with divine rainbows, and a terrible force came out and turned into a \*\*\*\* chain, pulling the three major tentacles and dragging them into the abyss. The black tentacles struggled, but to no avail, booming, in the end, the endless rainbow bloomed, the bronze coffin closed, burning everything, returning the place to tranquility.

### [Chapter 3620: Lunar Path](#)

Klang Klang!

Under the abyss, the black tentacles were still dancing frantically, trying to destroy everything and rushing out.

Both the sword ancestor and the corpse of the stone statue urge infinite sword energy, and the vast sword light turns into endless power to suppress them.

Runes appeared one after another and began to repair. At this moment, on the Token of Order that day, there were many lines of rays of light. At the same time, on the Sky-Mending Hammer, there were also terrible runes, which actually corresponded to the formation pattern in the abyss of the Burial Sword. It resonates.

Boom, between the heaven and the earth, there are many lights lingering, magnificent.

This is the power of Taiyin Liuli Supreme Huadao, suppressing, replenishing the seal, and strengthening the formation.

This is amazing.

Among the bronze coffins, the great sages all calmed down, saw everything that was extremely splendid, and felt the power of the heavens transformed by the supreme lunar glaze, which contained the supreme law.

This makes them wander and indulge. Although they are Venerables, in their eyes, the Supreme Being is also the supreme existence. It is the highest path they pursue. Each Supreme has walked out of its own path, has unique control, and the world is vast. In exploration, all in search

Mi, but this evolutionary road is too difficult, and the practitioners who fell on the road have no calculations, and they are full of bones. It is a thorny road built by countless ancestors. The Supreme Dharma cannot be taught. Every Supreme has its own unique Dharma, which cannot be easily spread. But at this moment, the Supreme Dharma of Lunar Glaze is in the process of transmigration. This process is so clear that each of them can see that they were impossible in the past. See east

oo.

It is difficult to evolve ahead. They may not be able to see through it for a lifetime, but at this moment, they all feel it for themselves, because they are all integrated into the bronze coffin and combined with the heavens. If they are given a chance of life, they can be sure that they can find part of the truth and answers, see some of the roads ahead, and be able to see the Supreme Road more easily, and their strength will be greatly improved compared to the present, but they have lost.

Went for a chance to start again.

"I'm not reconciled!" Even at this time, Venerable Star Destroyer and Zhuge Rulong were still roaring in their hearts. At this moment, they had already understood that what they had to do was not to transform the Tao, but to transform them into eyes. Sitting here, standing silently for billions of years, what is this

Wait for sadness. The whole world is vast, and everyone is exploring and searching. Among the many top forces in the heavens, countless people are seeking to improve themselves, but they can't find a way. But now, they have spied a little bit and found some truth and answers.

I saw some road ahead in the future.

If they are given time, in the near future, although they don't say that they will become the Supreme, but the Earth and even the Heavens have hope, because the aura of the Taiyin Liuli Supreme Huadao is too strong, making them feel a little.

But now, they are going to sit down here, which is too bleak.

How are they willing?

When looking down at the ants, there were also dragons looking down at you.

Zhuce Rulong and the others also thought of this sentence at this moment. Sadly, they came here to take things from Qin Chen. They did see the road to the future and the endless possibilities, but they fell here because of this. desolate.

They tried to resist, but they were very weak, sitting cross-legged in this bronze coffin, turning into battle eyes, suppressing everything.

"Master!"

You Qianxue looked up at the sky.

☹!

Shocking thunderstorms, the figure of Taiyin Liuli Supreme became dimmed, and she really wanted to merge into the heavenly path. At that time, she would completely dissipate, and even a trace of will could not be left.

Fitting in with one's body is equivalent to contributing oneself to the Tao of Heaven, and it is naturally impossible to have oneself. Taiyin Liuli Supreme stared at You Qianxue with a smile. She left an inheritance in the Guanghan Palace. It was extremely difficult. For many years, no one could understand it. Unexpectedly, in this life, someone finally got her inheritance, and she also Be a successor

There is someone. In fact, her consciousness has always remained in You Qianxue's inheritance. In fact, this disciple has been paying attention, but she has never encountered a time when she needs to take action. It was only at this moment that she finally appeared, not only solved You Qianxue's hemp

Annoying, it also prevented a catastrophe in the heavens.

She was also very gratified. Although this disciple from another world had only cultivated as a holy master at the moment, following that person, she was very likely to surpass her in the future, giving You Qianxue and Qin Chen the future, she was very relieved.

"Master."

You Qianxue bowed down to Taiyin Liuli Supreme, who was regarded as her master in the heavens and gave her everything. Taiyin Liuli Supreme nodded: "In the future, you can only rely on yourself. After my will is transformed into the Tao, I will be relegated to heaven and earth. From now on, I will be silent. You have my inheritance. After the realm,

In order to exert its true power. "In the past, Master did some wrong things. It can be said that the outbreak of the dark forces is also related to some of our top masters in the heavens, because we want to be one step closer on the road of evolution. In order to be truly detached, we do Out some

The wrong thing, of course, we made up for it afterwards, and the teacher fell because of it. The merits and demerits are not important anymore. The damage I caused to Heaven in the past will be compensated by the teacher in this life. "

Taiyin Liuli Zhizun said: "As a teacher, I am leaving now, so I will give you one last bit of help."

boom!

The sky was trembling, and the power of the moon poured down and poured into You Qianxue's body.

"what!"

You Qianxue snorted bitterly, and roared, the terrifying supreme power merged into her body along with the heavenly aura, pupupu, her body, the terrifying aura rose up, as if some power had recovered. Originally, You Qianxue was only a late stage holy master, close to the peak holy master, but at this moment, the aura on her body, with a boom, stepped into the realm of the peak holy master in one fell swoop, and a trace of the noble aura came from her body Rise up

Come.

The supreme, too powerful, let You Qianxue get close to the realm of the nobleman, stepping into the half-step of the nobleman. "There are only these things that a teacher can do. In fact, being a teacher allows you to directly step into the realm of the Venerable. However, the Venerable is too important. It is a breakthrough in the true sense to go beyond the heavens. If you do this for the teacher Yes, your life is very promising

If you can be the highest, you will stay in the realm of Heavenly Sovereign, and it is even difficult to achieve the Supreme. "

"The road ahead requires you to walk on your own. I believe that with your talent, it will not be difficult for you to become the Lord next."

You Qianxue fell, her temperament more sacred and detached. She looked at Lunar Glazed Supreme with tears in her eyes, and solemnly said: "The disciple will do it." "Okay, very good, I hope you can make up for everything you did for the teacher. "Said Taiyin Liuli Supreme, she doesn't have much time left, and soon she will return to heaven and become a part of heaven.
