

Valkyrie 3831

[Chapter 3831: Soul shock](#)

"Hurry up!"

At this moment, Qin Chen's scalp was numb, and his spirit was unprecedentedly high. In his mind, the rules of space were running wildly, feeling the weakness of the void blockade.

Even the way of destiny in Qin Chen's body was quietly moved, using the power of destiny to find the vitality of his own destiny.

"Swish swish!"

I saw Qin Chen's body constantly flickering in the endless void, dense silk threads crazily entwining him, but he was always evasive.

"It's impossible..." The man in black looked at this scene in disbelief. This space blockade is one of his unique methods. Although it is not invincible at the same level, as long as it is below the ground, is the pinnacle of humanity, will be easily blocked, the root

Ben was unable to escape. But Qin Chen was constantly looking for gaps and loopholes in his space blockade. At the moment when his void blockade took shape, he could easily escape, causing him to escape at the most dangerous moments. A means,

While shocking him, he was also amazed.

"This son is really interesting."

The man in black took a deep breath, and then sneered: "If you let you run away under the eyelids of this seat, how can this seat be in this universe in the future?"

"boom!"

At this moment, this black-clothed man Earth Venerable, although there is still some distance from Qin Chen, he can't directly speak to Qin Chen, but his figure is standing far away, his eyes are cold, and his mouth suddenly opens towards Qin Chen.

"call!"

An invisible attack blasted directly towards Qin Chen at a speed like a burst of light.

Rumble!

This is a black invisible light wave, and there is no substantial existence, even when it penetrates the extinguishing storm, there is no physical contact at all, as if it does not exist between the heaven and the earth.

But Qin Chen felt a strong heart palpitations instantly.

Soul attack!

This soul attacked faster, faster than the bright light, and extremely flexible.

"not good!"

Qin Chen's face changed suddenly, but he couldn't dodge at all. The speed of his soul attack was too fast, and he could only grit his teeth and take the blow.

The man in black in front of him is a master of the earth, a top master whose soul has truly been transformed. Moreover, this person should be a special race, and the soul aura on his body is very unique. This soul attack should be his innate magical power.

Such a blow, the power formed is absolutely shocking.

It should be understood that just in terms of soul strength, the master of the earth is stronger than the peak of the human.

In addition, this person is a special race, combined with the soul attack of the talented supernatural powers, in terms of power, it is more than a hundred times stronger than the ordinary peak person.

Even if the strength of Qin Chen's soul is extremely high, it is only strong or not weak compared to some peak human beings, but the strength of the soul secret technique of this respect is completely overpowering Qin Chen.

"expensive....."

It seems silent.

But this soul attack burst out, but Qin Chen's cold hair was erected, and a strong heart palpitations emerged from the depths of his heart.

"Haotian Divine Armor!"

Hum!

On Qin Chen, a black armor appeared instantly, covering his body, and in Qin Chen's mind, the Heavenly Soul Secret Art was also used, rumbling, and his soul sea surged, quickly turning into a defensive formation. .

boom!

Finally, the moment Qin Chen was covered by the Haotian Divine Armor, the soul attack had already hit Qin Chen.

puff!

The Haotian Divine Armor surged with invisible light, quickly eliminating the power of this soul impact.

10%!

20%!

30%!

50%!

Seventy percent! Normal peak humans attack, this Vast Sky Divine Armor can directly weaken by 90%, leaving only 10% of its power, but when the Vast Heaven Divine Armor's attack is weakened to 70%, this soul is finally weakened. The attack is full of defense,

Directly submerged into Qin Chen's body.

30%!

Even the remaining 30% of power is still much stronger than the ten% power of a pinnacle. When the attack fell on Qin Chen's body, Qin Chen felt that every element of his body's original strength had been subjected to a terrible attack, and every cell was shaking. This was a vicious means of directly attacking the life force in the body. ,want

To destroy all the life force in Qin Chen's body, that is to destroy Qin Chen's soul.

Rumble!

Qin Chen's physical body resisted part of the soul shock, and the remaining soul shock quickly spread to Qin Chen's mind, directly submerging into Qin Chen's mind, exploding his mind into nothingness.

"Block me!"

"Block!"

"Block!"

Qin Chen roared in his heart, with strong will consciousness and soul burning, running the heaven soul forbidden technique to resist the remaining 30% of the soul power.

In addition, in Qin Chen's body, a void of karma fire emerged. Boom, the void of karma fire formed by the fusion of many sky fires suspended Qin Chen's mind and turned into a terrifying sea of fire to resist the soul impact together.

Under the Heavenly Soul Forbidden Technique, Qin Chen's soul became a firm state, and the fire of emptiness was constantly surging, and every cell in the body was resonating, and the genetic power transformed by the mysterious technique in that cell also It all resonates.

These many forces combined to lock Qin Chen's body, no matter how fierce the black-clothed Man Earth Venerable's attack methods were, he just resisted a wave of shocks.

boom!

Finally, the terrifying soul attack power was constantly annihilated by Qin Chen's many powers, and finally, completely dissipated and turned into nothingness.

Qin Chen abruptly took the attack on the soul of this black-clothed man with supernatural powers.

"It's dangerous!" Qin Chen was cold and sweaty. The opponent's soul attack was too strong. Even if only 30% of the soul attack remained, it was still infinitely powerful. If it weren't for him to practice the Heavenly Soul Forbidden Technique, if it wasn't his Very determined and experienced

The baptism of the six reincarnation sword roads.

If it weren't for the Void Karma Fire, or even if it weren't for the special technique of the Crystal Stele of Nirvana, his genetic level had been transformed, making his physical defenses stronger and his soul stronger.

In the previous blow, he might be dangerous.

"Hmph, your sire's methods are also very ordinary? As a land respecter, but he shot at a junior in this seat, hiding his head and covering his face, and if he had the ability, he would report his real name."

Qin Chen rushed away from the soul attack, sneered in his mouth, but at the same time he kept moving, turning into a stream of light to want to escape.

He knows that a master of the earthly master must have many methods. His current strength is to resist an earthly master. Unless he really desperately exposes his identity and takes out all his cards, he may have a ray of life, otherwise he will die. .

Moreover, even if you cast all your hole cards, you may not be able to win unless you break through the Lord.

Lord!

Lord! Qin Chen roared in his heart, after this escape, he must break through the realm of venerable!

[Chapter 3832: Forbidden space](#)

But now, he doesn't have to fight, the only way is-escape!

Whoosh!

Under the power of space, Qin Chen quickly escaped in a large amount of light like a stream of light.

"What? Blocked it?" The man in black was shocked. He had previously displayed his talented and supernatural power to attack. From his point of view, it was easy to win Qin Chen, even if it was an ordinary earthly person, it might not be easy under his soul attack. Resist, but in front of me, this one is clearly not a place

Venerable, even the guy whose breath is extremely vague to Venerable, actually blocked it.

This.....

impossible!

The black-clothed man Di Zun roared in his heart, unable to believe everything in front of him, he stared at Qin Chen, is it? It's no wonder that the one who wanted him to come, the method of this son is really terrible, what is the origin?

He stared at Qin Chen, but couldn't perceive which clan Qin Chen came from, but his gaze fell on Qin Chen's armor.

"This thing..."

The Black Man Dizun's eyes condensed. When the Haotian Divine Armor appeared at first, he didn't care much, but at this moment, he carefully sensed the black armor, but he couldn't feel the aura and rank of the black armor at all.

"Human is the most precious?"

Impossible, Ren Zun Zhi Bao couldn't resist his natural and supernatural powers at all.

"Could it be... the supreme treasure of the earth? And, the treasure of the soul!"

The man in black was shocked in his heart.

Because among the treasures of the venerable class, the defensive treasures are the most precious, and in the battle of the venerable level, the attack of the soul is a very cruel method, so the most precious treasure of the soul is also extremely precious!

It is the king of defensive treasures.

Like the inner armor, it weakens the soul attack, but the degree of weakening is actually not high. Many defensive treasures have the effect of resisting the soul treasure, but the effect is often not as good as the material defense.

But the armor of the person in front of him absolutely blocked most of his soul impact before.

Such a treasure, even an earthly deity like him would be greedy and go crazy!

He is a master of soul attack, and he naturally knows the preciousness of soul defense.

"Boy, you don't conceal it, just show your true face and show your true cultivation if you have a kind."
The black-clothed man's eyes were fiery, and the voice rumblingly shouted.

Seeing Qin Chen turned into a streamer and escaped, this black-clothed man was drinking coldly, and in his eyes, divine rainbows bloomed.

Rumble!

The world on this side oscillated again.

In order to keep Qin Chen, the man in black showed his other great secret method at the same time.

"Forbidden space!" The man in black is very decisive, even if he knows that Qin Chen can't pose a threat to him, he still displayed another great skill of his own for the first time, because he didn't want to give Qin Chen any escape. Opportunity, once let him escape here,

All that will be done.

"call....."

The void tens of thousands of miles around was silent for an instant, completely plunged into the realm of the law of the man in black.

Qin Chen also fell into it.

"Forbidden domain space? Is this the domain space of the law mastered by this man in black?" Qin Chen was shocked.

The venerable person has transcended the realm of heaven and possesses his own unique domain, while the venerable person is even more terrifying. It can cover his domain and form his own forbidden space.

The rules in this kind of space will be the world of rules controlled by this Venerable.

Through the control of the rule field, the power of the rule field can skyrocket. Of course, in terms of the blocking effect on space, this forbidden space is definitely weaker than the previous void blockade of bright light, because that kind of blockade is a complete blockade of the void and space of one side, and the forbidden space is just formed belong

Venerable's own domain world.

It is equivalent to creating a kingdom of God.

In this world, the people trapped in it will be suppressed, but will not be blocked in this void.

"Light of Annihilation!"

The man in black stared at Qin Chen indifferently.

"Chichichichi..."

In the endless forbidden space, the operation of the rules was weird and unpredictable. Qin Chen wanted to escape, but he seemed to be chained and became extremely heavy.

At the same time, a series of annihilation lights appeared out of nowhere around Qin Chen. These annihilation lights, like black holes, completely surrounded Qin Chen's body, and began to frantically surround Qin Chen.

"Fuck!" Qin Chen's body shot out a rumbling regular chain of gods, and wanted to block it, but these annihilation lights were extremely powerful, like miniature tornadoes, very flexible, avoiding Qin Chen's explosion and shooting The power directly bombarded Qin Chen's flesh

body.

Bang bang bang!

The Haotian Divine Light on Qin Chen's body continued to bloom, and the power of this annihilation light was resisted by the Haotian Divine Armor, but there was still 20 to 30% of the power that directly penetrated into Qin Chen's body.

In Qin Chen's body, Sheng Yuan was consumed quickly, his physical body suffered a severe shock, and his internal organs were shaking sharply.

Even this light of annihilation will directly annihilate his holy essence and even the origin.

The origin is slowly becoming smaller.

"Directly annihilate my holy origin and origin?" Qin Chen was shocked.

This kind of attack is simply impossible to guard against. Fortunately, Qin Chen's physical body is extremely powerful. He has six reincarnation sword bodies and has obtained the power of gene-boosting by the mysterious technique of the Nirvana Crystal Stele. He has integrated his origin into all cells, so the light of Annihilation cannot Direct attack

To the origin of Qin Chen.

Moreover, in the jade disc of Qin Chen Qiankun's good fortune, there are many venerable holy veins.

"Refining!"

Rumble!

A large amount of the Venerable's holy vein breath was quickly refined by Qin Chen and merged into his body, supplementing the source of his loss, making his source always in a state of prosperity.

Chi Chi Chi Chi...

The body's original body is continuously reduced, consumed, continuously restored, continuously reduced, and restored again...

"This is the master of the earthly master? Isn't it close, just a long-range domain attack is so terrible?"

Qin Chen desperately used the space rules, relying on his own speed in the forbidden space to keep a distance. At the same time, Qin Chen also felt the annihilation in the opponent's domain rules.

And this kind of breath is similar to that of Annihilation Storm, both with a hint of destruction.

"I said why this guy could catch up with me so quickly in the Destruction Storm?" Qin Chen was so angry that he vomited blood, and the power of the rules controlled by the other party had a certain resonance with the Destruction Storm. This caused the other party to track him, although Annihilating the storm can annihilate most of Qin Chen's breath, but it cannot completely obstruct the opponent

Tracking speed.

Can't escape in an obliterating storm.

Qin Chen's eyes flashed, swish, and fell directly into the world below, rushing towards the ten thousand race battlefield.

"This kid didn't even die..." The man in black was stunned. Although his trick was useless against the masters of the same level as him, it was definitely a killer move for those peak people.

[Chapter 3833: Double treasure](#)

This is a move created by combining the domain of its own rules.

Under his forbidden space, even the pinnacle of humanity can only be obediently restrained, then beheaded or captured.

It is definitely a trick for group killing.

"Although the origin of this child is constantly being consumed, it has been maintained in a state of heyday. There should be something in his body that supplements the origin, such as pills, or holy veins."

The man in black suddenly guessed a possibility.

However, although the Holy Vessels and Pills can repair the origin, refining requires a process, unless the kid in front of him consumes the origin not fast.

In other words, the harm he caused to him was not serious.

Otherwise, if one's own light of annihilation can directly cause serious injury to the opponent, no matter how fast the opponent can repair it, it will not be able to make up for the loss.

"It must be that piece of armor again..."

The man in black looked at Qin Chen with fiery eyes. He didn't think that with Qin Chen's strength, he could resist his own light of annihilation, so the only possibility was that the armor could withstand most of the annihilation for him. Light attack.

This is a double treasure that combines material defense and soul defense. Thinking of this, the eyes of the man in black dizun lit up instantly, with a trace of madness: "This person's origins are not even known to him, so he asked me to track and capture, so the treasures on this person should also be Don't know, as long as it can kill

For him, then, this piece of armor on him will definitely fall into my hands. "This time the Vientiane God's Treasure is opened, and there must be a lot of elders to enter. It is extremely difficult for me to take the lead. Even the Vientiane God's Treasure is so dangerous that it is stronger than me, and there is a risk of falling, but if I can get this Piece of treasure, then I'm here this time

In the Vientiane God Treasure, it is bound to be able to occupy a certain advantage, and even get more treasures..."

The black man Dizun was moved.

Before, he chased Qin Chen in order to repay the favor and help that one. After all, that one had a special identity and could not chase down people in the black market. Once verified, he would inevitably be dissipated, and he would not even be able to enter Samsara.

But now, the man in black Earth Zun was completely moved.

Killing Qin Chen, the benefits he will get will be unparalleled.

"Kill!" A glimmer of cold light passed through the eyes of the man in black, and then he suddenly opened his mouth. Two black lights spewed out from his mouth. The two black lights were like two black dragons, twined and exploded. To the distant Qin Chen.

boom! These two black lights look extremely inconspicuous, very ordinary, like two ordinary black lights, there is no terrible coercion, but wherever they go, all the annihilation storms disappear out of thin air, and the void is torn apart. Gully

Come.

"Danger! Danger! Danger!"

Qin Chen felt extreme danger in his heart, and a strong feeling of palpitations directly penetrated into his mind, causing his entire body to stand up in an instant.

"What kind of attack is this?"

Qin Chen was shocked, looking at the two twining black lights bursting out in amazement, his heart was chilling.

"If I were hit by these two black lights, even if I had the Haotian Divine Armor, I would definitely be seriously injured." Although Qin Chen was extremely confident in his body, his perception was extremely keen, and he even mastered the way of fate. He, the feeling of some crisis, unprecedentedly clear, made him vaguely feel the attack of these two black lights,

It has exceeded his current capacity.

This is definitely an attack that can threaten his life, and even the most terrifying attack he has ever encountered.

When the man in black came up, he made a total of four moves.

The first move was a void blockade, but Qin Chen's reaction was extremely keen, and by virtue of the spatial law, he did not let the other party succeed. Otherwise, once Qin Chen fell into the space blockade and was close by the other party, it would be over.

The second trick.

It's a soul attack!

The power was extremely terrifying, but Qin Chen relied on the means of the Haotian Divine Armor, Void Karma Fire, Heaven Soul Forbidden Technique, and strong will pressure to resist.

As for the third trick, it is forbidden space. This is a domain space, a means of group attack. If facing a large army, it is similar to the armies of the Wara tribe, as long as this man in black performs this trick, all the warriors who are shrouded in his forbidden space, will fall directly

Off.

Even the pinnacle can't resist it.

But Qin Chen still resisted.

Now, this man in black has performed the fourth trick.

This fourth move is definitely a top method that he and real masters of the same level can only use.

In terms of power, these two black lights are hundreds of times stronger than the annihilating black lights in the forbidden space before!

"not good!"

Qin Chen felt cold.

"This move is too strong. I can't resist it by relying solely on the Haotian Divine Armor and physical defense, unless I display other hole cards." "If I use the time rule, I might be able to avoid the first blow, but these two The black light does not disappear after a single blow. This kind of attack does not hit the target, and can even be tracked continuously, unless I always use the time origin, but

The stimulus of the time origin is extremely costly. When I cannot maintain it, I will still be hit, and at that time, my time origin is also exposed. "

Qin Chen's mind flashed, and the origin of time could not solve this crisis.

"If I use the Demon Tree of Ten Thousand Worlds, with the defense of the Demon Tree of Ten Thousand Worlds, perhaps I can also resist these two black lights."

Immediately afterwards, Qin Chen thought of the Ten Thousand Realms Demon Tree.

"But once I display the Demon Tree of the Ten Thousand Realms, the news is transmitted, even more terrifying than the original source of time...The Demon Tree of the Thousand Realms is the ancient treasure of the Demon Race that the Abyss Demon Race is looking for."

"In addition, the mysterious rust sword and other things, let alone whether they can withstand the opponent's attack, but it is also possible to expose my identity."

Qin Chen felt a chill in his heart, and various thoughts flowed quickly.

He thought of several ways, but they were not very suitable.

"Perhaps, only show that..."

Qin Chen felt cold in his heart.

"This black armor is definitely the top treasure, and it is the dual earthly treasure of material and soul defense. It must be..."

While flying towards Qin Chen, the man in black Dizun stared at Qin Chen coldly, with fiery greed in his eyes.

"As long as you kill him, all the treasures on his body will be mine, the double treasure of material and soul..."

The man in black looked expectantly at the two black lights that burst towards Qin Chen.

"Die, as long as you die, all your treasures are mine!"

The man in black is a master of the earth, and he is very confident of his attack.

"No matter how capable this child is, it will definitely fall under my attack!"

"Die, die!"

People in black are full of expectations.

Silent!

Two black lights entangled and burst out, but they approached Qin Chen extremely fast, and came to Qin Chen in an instant.

"It's not that easy to kill me." Qin Chen suddenly roared ferociously at the moment when two black lights approached him.

[Chapter 3834: Should be dead](#)

"This is what you forced me."

boom!

When the two black lights quickly approached Qin Chen, Qin Chen's eyes suddenly burst into cold light.

The next moment, Om, a misty breath appeared on Qin Chen's body. As soon as this breath appeared, the world seemed to be infected by this force, as if it was about to corrode.

The power of darkness! Qin Chen directly urged the power of darkness in his body. A black aura quickly spread from his body. His whole person instantly became extremely hideous. The power of darkness permeated, and the original aura in Qin Chen's body was full of Skyrocketing, here

In an instant, it increased several times.

"The power of darkness?"

When the power of this black aura emerged, the man in black suddenly widened his eyes in shock, and cold light burst into his eyes.

"The Demon Race is indeed a member of the Demon Race Alliance, and definitely the core figure in the Demon Race Alliance. The aura of the power of darkness is so strong that it is by no means an ordinary Demon Race Alliance disciple can be bestowed."

The power of darkness is not considered a secret on the battlefield of the ten thousand races. This is because Qin Chen dared to release it directly. In order to win over the masters of the Demon Alliance, the Yuan Mozu almost gave the power of darkness to many people who joined the Demon Alliance. . However, the power of darkness is also divided into levels. The power of ordinary darkness can even be obtained by some disciples of the Yaomie Mansion. It is the most ordinary power of darkness. In addition, there are some top darkness powers, only True core talent

Reachable.

For example, Palace Lord Yaomie. The power of Palace Master Yaomie is not very strong, but he is after all the top Palace Master of the Eastern Heaven Realm, one of the people in power. He can join the Demon League, which will greatly benefit and help the Demon Race into the rear of the Human Race. , So extinguish the darkness that Palace Lord gets

The power belongs to the more top dark power. As for Qin Chen's dark power, many of them came from the powers bestowed by the demons, but that was before, and after the land of the sword grave, Qin Chen's dark power aura came more from being Tongtian sword pavilion is suppressed in the deep buried sword

The blood in the king's body of the dark clan in the depths of the abyss.

The power level of darkness represented by the blood of the Dark King is definitely the top of the power of darkness.

Maybe they couldn't feel the breath in the Stabbing Sky of the Wala Clan, but this black-clothed man could clearly feel it.

boom!

The power of darkness surged on Qin Chen's body, and his entire vitality skyrocketed in an instant, blasting away at the two black lights.

In an instant, the two forces collided silently.

puff!

The void on the battlefield of the ten thousand races became unstable, two terrifying forces collided, and the endless aura of divine power was overwhelming, making the surrounding space domain unstable.

Chi Chi Chi Chi!

Under the naked eye, the two forces collided quickly, like snow under the scorching sun, quickly melting, and the dark power on Qin Chen's body was constantly annihilated under the two terrifying black lights.

"Block, block me!"

Qin Chen roared in his heart, these two black lights were terrifying, even if Qin Chen urged the power of darkness, he could not completely resist the invasion of the two black lights. This is natural. Although the power of darkness is powerful, it can instantly increase the combat effectiveness of any warrior, but it is also based on his own strength. Today's Qin Chen is not even the venerable. Even if his strength is increased several times, he can't fight with him. This black

Confrontation between human and earth.

However, the power of darkness allowed the power in these two black lights to be wiped out enough before bombarding Qin Chen.

Chi Chi Chi Chi!

The two black lights and the power of darkness dissolve extremely quickly. It is a long time to speak, but in fact, the power of darkness in Qin Chen's body was eliminated in just an instant.

And those two black lights, under the power of darkness, weakened by about one-third the size.

Thirty percent, a full thirty percent of the black streamer was directly annihilated.

Qin Chen's expression changed, he urged the power of darkness, but only annihilated 30% of the black light. It was obvious that the black streamer was terrifying.

It's just that Qin Chen at this moment can no longer take care of that much, because the remaining 70% of the black streamer has already hit Qin Chen fiercely in the next.

boom!

Qin Chen's whole figure was like a cannonball, and he was blasted out heavily. Even though the terrible black streamer was wiped out to one-third, the power contained in it was still terrifying, and it hit the Haotian Divine Armor. on.

"Chichichichi!"

A large amount of black streamer was resisted by the Haotian Divine Armor, but it was still close to 30% of the remaining black light's power and submerged into Qin Chen's body.

Click!

Qin Chen felt the bursts of cracking sound in his body, and this force directly acted on the cells of Qin Chen's physical body to crush Qin Chen's cells.

This is an extremely terrifying force.

"what!"

"Block, block me!"

Under the two black lights, Qin Chen was blasted away fiercely, with a black light aura burning on his body, but he roared crazily in his heart, and the six reincarnation sword bodies and various body training exercises were all released.

Rumble!

Various powers rose in Qin Chen's body, but that power still had to rush into Qin Chen's origin and crush Qin Chen's physical body.

The power of God Emperor Totem!

In the depths of Qin Chen's body, an obscure and hidden totem light burst into light, slowly rotating to resist this terrible force.

boom! In a few seconds, these two black lights were directly annihilated, and the void was ploughed into two dark traces, as if they were burnt, and Qin Chen was blown out by the two black lights, from endless Fly directly into the sky

It had to hit the ground on the battlefield of ten thousand races, and a dark hole was hit on the hard ground of the battlefield of ten thousand races.

Until then, those two slaps finally dissipated after the annihilation power was exhausted.

"Huh, what about the power of darkness? Your cultivation is too weak, and you can't resist the shots of this seat." After a short while, booming, a towering figure appeared in the void, it was the man in black, he One step forward, before arriving at the pitch-black hole on the battlefield of ten thousand races, without any hesitation, his figure shook, and he entered the underground.

in.

"Should be dead?"

The black man Di Zun stared coldly at the cave below.

He knew the horror of the blow he had just now, let alone Qin Chen, even if he was an earthly respecter, he didn't dare to be light-hearted, and he had to concentrate on dealing with it. , It is impossible to resist. The ravines in the ground are extremely deep, and the man in black is constantly swept toward the ground. The rocks around the tunnel that was bombed out have already crystallized. It can be seen that the previous blow was terrible, and the tens of thousands of meters above the ground In the place, a huge pothole appeared. In the pothole, there were some broken pieces of armor, exuding a scorched atmosphere.

[Chapter 3835: Been tricked](#)

"That armor is broken?"

The black-clothed man Dizun's face suddenly became difficult to look, and he informed him to stop Qin Chen's people. He clearly told him to stay alive. The reason why he wanted to kill Qin Chen directly was to take away the mysterious armor from Qin Chen. .

But if this armor is bombed, then even if he kills Qin Chen, what's the point?

Whoosh!

He quickly picked up an armor scattered in the pit, squeezed it lightly, and clicked, the armor fragments broke apart and turned into ashes.

"No, it's not the armor on that kid."

The face of the man in black suddenly changed, and endless anger emerged in his eyes. The defensive power displayed by Qin Chen's armor before was at least the level of the sage, even if it was shattered, these treasures were not easily crushed by him, but the armor fragments he picked up now were clearly just a rubbish. Broken

Fragments of human armor.

Isn't that kid dead?

There was a cold light in the eyes of the man in black, and there was endless anger, this kid, so bold, dare to lie to him.

boom!

A terrible aura burst out from the body of the man in black, and the hard rock at the bottom of the battlefield of the surrounding tens of thousands of races suddenly burst, and a terrifying spirit aura spread out, searching for the direction of Qin Chen's departure.

It was just that his spirit had just diffused out, and he felt a black bead in the rocky soil under the ground. After receiving the spirit of the man in black, the bead suddenly lit up.

On this black bead, mysterious runes lit up, giving the man in black a terrifying feeling.

boom! The next moment, the entire black bead burst open, rumbling, from the small black bead, a terrible lethal breath was shot out, and a terrible black poisonous gas permeated out. If there are countless injustices

The soul drifted before his eyes.

A series of terrible poisonous powers quickly spread towards the man in black, and tried to penetrate into his body, making his mind a little dizzy.

"what!!!"

The man in black was shocked.

His figure hurriedly backed away, and his body was quickly covered with a layer of dark light film, which wrapped his whole person in it.

Rumble! The black bead exploded, an attack that destroyed the world and the earth exploded, causing the rock formations within a thousand miles of surroundings to burst directly and turn into dust, and the impact was transmitted layer by layer, even nearly thousands of miles. Distance

The bottom of the elimination.

However, these shocks, after bombarding the light film on the man in black, did not cause the slightest damage to the man in black, and even the light film on his body did not fluctuate.

"Asshole!!!"

An angry roar passed from the center of the explosion.

A figure emitting a dazzling black light all over the body stood at the core of the explosion, surrounded by black air currents.

"Damn, he damn!!!" The little black eyes of the man in black were full of madness.

"Blood poison bead, it turned out to be just the blood poison bead of the pinnacle human respect level, and it scared me."

The man in black said madly.

He felt a strong humiliation in his heart, the terrifying lines produced by the black bead's explosion, and the toxin that made him a little dizzy, made him think that the black bead was some kind of terrible secret treasure that could harm him.

But when the black beads burst completely, he discovered that the black beads turned out to be blood poison beads. Although the blood poison bead can be regarded as an extremely powerful treasure, the level of this blood poison bead is only the pinnacle human respect level. For him, a master of the earthly respect, even if the blood poison bead explodes directly in his hand, Impossible to give him birth

Life injury.

But he was suddenly frightened by this blood poison bead, and frightened him with all his strength to resist.

"Damn, damn!"

The eyes of the man in black were full of madness. Because of his suspicion, his reaction was much slower, and it also gave Qin Chen time and opportunity to escape. Although he was only shocked for a moment, there were only a dozen breaths in total. Even if he was deceived by armor fragments before, it was not very long, but he was humiliated by the fact that he was a master of the earth. So a guy

To play.

How could this humiliation make him bear it.

"Boy, do you really think you can run away? I'm going to break your body into pieces!"

The man in black screamed, and a black crystal ball suddenly appeared in his hand. The crystal ball turned black, and gradually, a faint aura began to emerge.

"What's the matter? Why is that kid's breath suddenly weakened so much?"

Dizun in black was shocked. This black crystal ball can preserve the breath of others. Once locked, he will watch him closely. It is almost impossible to escape his palm. But now, the breath on the crystal ball has changed. Got weaker.

This shows that the other party will gradually get out of his track.

The only good thing is that, at least for now, the crystal ball can still capture the faint breath of that person.

"Damn boy, bastard, I won't let you run away."

The man in black turned into a stream of light, and swiftly dashed towards Qin Chen's place, banging and banging, and wherever he passed, the rock formations under the ground were continuously exploded, turning into dust and dissipating.

At this moment, in the endless depths of the earth, Qin Chen was fleeing frantically.

"escape!"

"escape!"

"escape!"

Qin Chen's figure is like electricity, traveling crazily underground, his face is covered with blood, he is very embarrassed, blood dripping, and even the bones in his body are broken a lot, which is extremely miserable.

"It's dangerous, this black streamer is too powerful? It was almost finished just now!"

Qin Chen's eyes were ferocious and indifferent, with palpitations still in his heart. Under the resistance of the power of darkness, the Vast Sky God Armor and many other treasures, the two black streamers almost blasted him seriously. At the last moment, it was the **** emperor totem in his body that resisted the last thing for him. Power so that he has no

It was too embarrassing.

However, Qin Chen never dared to confront the man in black again.

For a long time, Qin Chen only fought him at a distance, but after several times, Qin Chen almost fell, but he didn't have the ability to hurt the opponent, so he could only parry frequently.

"Earth Zun, this is Earth Zun..."

Qin Chen was crazy in his heart. Although he didn't know what level this black-clothed man Earth Sovereign was in, Qin Chen deeply felt that he was too far away from being truly on the battlefield of ten thousand races. .

"Let's go, scattered repair camp!" Qin Chen stared at the location of the scattered repair camp on the map, feeling anxious in his heart. He didn't know whether the armor fragments he deliberately left in the pit and the blood poison beads processed by him could How long have you deceived the opponent, but with the opponent's strength, you can find that you have been cheated in a very short period of time, and then chase and kill him as soon as possible.

[Chapter 3836: Be cruel to yourself](#)

Therefore, Qin Chen must hide in the scattered repair camp before the other party arrives again, otherwise Qin Chen can't guarantee that when he is chased by the black-clothed man, he will have the ability to escape the other party again. Tracked down.

escape!

Qin Chen swept wildly in the ground.

At the same time, waves of Nether Star River water appeared in Qin Chen's hands, washing away his breath.

"Ah!" As soon as the water of the Nether Star River fell on Qin Chen, he made a sneer. If Qin Chen was not wearing the Haotian Divine Armor, the skin and flesh of Qin Chen would be directly corroded, but even so, Qin Chen The body is still like a needle

, Came the endless pain.

Qin Chen looked crazy, endured the pain, and urged the power of darkness to pour the Nether Star River on himself again and again.

"The Nether Star River water can isolate all powers. No matter how the black-clothed Man Earth Venerable tracks me, I don't believe it. After I have been thoroughly baptized by this Nether Star River water, he can still perceive my breath."

"what!"

A trace of the Nether Star River falls on Qin Chen, and it is Qin Chen's fault, otherwise ordinary pinnacles can be directly corroded into nothingness.

I don't know how long it has passed, but after Qin Chen washed his whole body, Qin Chen's whole body was no longer human.

If others were to see Qin Chen's current appearance, they would definitely be shocked, cruel, too cruel. Washing himself with Nether Star River water, others didn't hurt him seriously, instead he hurt himself seriously.

This kind of appearance that he even dared to fix it was enough to make anyone fearful.

boom!

Qin Chen quickly approached the casual repair camp, and finally fleeing frantically, getting closer and closer to the casual repair camp.

At the same time, Qin Chen also felt that the breath behind him was getting closer.

"Damn, is that guy a follower? Chasing so fast?"

Qin Chen even used the energy to suckle, and kept burning the blood, life and dark blood, feeling resentful in his heart.

Why do you have to be chased down wherever you go? When I was in the Void Tide Sea, I was chased by the Undead Demon Venerable, and I was chased by Venerable Jueshan on the battlefield of the Ten Thousand Races, and now he was chased and killed by such an Earth Vener who didn't know where it came from. It was enough.

Now, the hunt has finally come to an end.

Qin Chen concentrated, feeling the boiling breath in the distance, the vast breath, boom, he rushed directly out of the earth, and then saw that on the towering black battlefield in the distance, one after another densely packed with tents, with no end in sight.

It is a casual repair camp.

In some areas, in some tents, the blood rushed into the sky, and the pressure was too terrifying, enough to deter one party.

Moreover, Qin Chen saw that there were many people coming from various places one after another. Some took the teleportation formation and directly teleported to arrive. Some flew by and entered the camp, and there were also races that came in twos and threes. .

These races, strangely shaped, obviously come from different races, human races, monster races, wing races, giant races, orcs, golden fish races, etc., and they have all kinds of appearances.

Moreover, in the camp, people are constantly coming in and out, which is very lively.

This is the casual repair camp, all races from the universe can join, as long as it is a race in the human race alliance, they can enter the casual repair alliance, and even neutral races can come.

However, as long as you enter the casual repair camp, you will temporarily join the Human Race side and fight the Demon Race side by default. If you dare to turn back, all races will be cast aside, and the top human race masters will directly suppress and obliterate their race.

This is the rule of the ten thousand race battlefield.

Qin Chen came, excited, and finally arrived.

He sank and didn't rush out. With his appearance, if he dared to enter the casual cultivator camp with a high-sounding appearance, he would definitely be targeted, because he was too miserable and lost his intention to cover up.

Qin Chen took a deep breath, and instantly entered the universe jade disc. This was the most critical time, and he must be fully prepared.

boom!

The Void Karma fire surged and began to burn Qin Chen's body, mainly to completely eliminate the **** qi and the breath of his body. Then, Qin Chen faded all the strength and began to urge the natural power and dragon qi in his body.

A shocking dragon chant sounded, and Qin Chen, who was still scarred, quickly climbed onto the dragon scales. After a while, Qin Chen had turned into a dragon, and his body was full of waves. The demon atmosphere. Qin Chen did not release all the true dragon aura in his body, because the dragon clan is one of the top races in the universe. This is too conspicuous. On the contrary, Qin Chen made his aura become weaker, like a Yalong in the Monster Race

Family.

It's just that Qin Chen originally had injuries on his body, and now his breath is a bit weak, but it's okay. There are often battles in the battlefield of ten thousand races, and the casual practitioners of ten thousand races who came to join with injuries on his body are countless and not very conspicuous. .

After doing all this, Qin Chen appeared underground again, and then seized the opportunity to quietly appear outside the casual repair camp and walked towards the casual repair camp swaggeringly.

"Haha, this is the battlefield of ten thousand races? It really is vast."

"Ranxiu camp, very good. This is the first stop of the rise of my San-Med Clan in the universe. From now on, I want the name of my San-Med Clan to resound in the entire universe."

"What nonsense, hurry into the big camp, am I still waiting without seeing the uncle?"

One by one, shouts of curses and conversation sounded, and the entrance outside the casual repair camp was very lively.

Qin Chen was in the crowd and also registered.

"Which race?"

"Monster!"

"Huh? The Yao Clan and Yalong clan? Which line does it belong to?"

"Human Race Southern Heaven Realm!"

"Damn, what are you doing to the four great heavens of the human race? Now the four great heavens of the human race, the Western Heaven Realm is about to become your own demon race's own land. In a few million years, I am afraid that the southern heaven will also be your demonic race."

I don't know which member of the clan who registered, and said verbally.

Qin Chen was anxious, but calmly.

"Okay, your Yalong identity can be regarded as a high-level bloodline in the monster race. This is your token. Take it. If you lose it, you won't make it up."

After receiving Qin Chen's holy vein, the guy threw a token directly.

Qin Chen didn't talk nonsense and walked directly into the big camp.

But after Qin Chen had just completed the formalities and entered the camp, a terrifying breath suddenly descended at the entrance of the casual repair camp. Suddenly, many people around the camp gate changed their complexions greatly. They all looked at the black figure that suddenly appeared in horror. The aura that filled their bodies suppressed them one by one, almost kneeling on the ground, all in horror.

Gaze over. This person is the man in black Earth Zun.

[Chapter 3837: Pangu](#)

"Running camp?"

The face of the man in black changed slightly, and a black crystal ball appeared in his hand, and the sky above the black crystal ball was empty, and there was no breath.

"Damn, that guy's breath is gone."

The face of the man in black was extremely ugly, and his heart sank instantly.

He never thought that Qin Chen could avoid his tracking, and even the aura in his crystal ball would be eliminated.

How can that be? His tracking technique is extremely terrifying. It is a special supernatural power belonging to his clan, let alone Qin Chen. Even a master of the earthly respect, he can't easily escape his lock, but now, Qin Chen's breath is indeed disappeared from his tracking

, No matter how he urged, he didn't feel the slightest.

"hateful!"

The black-clothed man Di Zun stared coldly at the casual repair camp.

"The purpose of this kid here must be to enter the casual repair camp. There is a mixture of fish and dragons, not a clan. When he comes here, he can hide and avoid my tracking. It's a deep calculation."

The Black-clothed Man Dizun recalled the route he had followed all the way, and his heart was instantly cold. He instantly understood that from the moment he chased Qin Chen, Qin Chen had already settled the purpose of coming to this casual cultivation camp. .

"Damn, I have been tracking that kid, and at that kid's speed, it is absolutely impossible to escape my tracking, so that kid should have just entered this casual repair camp not long."

Thinking of this, the man in black raised his hand suddenly, directly captured the nearest registered person, and said coldly: "Have you ever seen a seriously injured person who entered your casual repair camp? in?"

"My lord, what are you doing? I don't know what you said!"

The man didn't know which race it was. He had two hairy ears, and his eyes protruded outside. He said in horror, struggling in pain, while the others around saw this scene and they all retreated in horror.

Some other registrants nearby were even scared and hurried away.

The aura exuding from the black-clothed man Earth Zun made all of them discolored and dared not approach.

"Fine, I'll look it up directly."

The man in black had an angry look in his eyes, and he was about to pick up the person's register for inspection.

Qin Chen stood far in the depths of the camp, watching this scene with a group of startled soldiers, his eyes were cold, but his heart sank slightly.

This man in black is so ruthless, he can directly check the list of the casual repair camp. During this period, although many races have entered the casual repair camp one after another, the combined number of them is at most tens of thousands. In and out.

If the other party investigates one by one, he may still suspect himself.

Should the people in the casual cultivating camp let this black man be respectful?

Qin Chen looked anxiously at the depths of the casual repair camp, such a huge camp, he didn't believe that there would be no masters here.

Qin Chen's only worry now is that this man in black does not know which power it belongs to. If he is also a master in the casual cultivation camp, it will be troublesome.

The earth sages of the casual repair camp may be qualified to check the list of incoming and outgoing.

However, Qin Chen had no other way. He could only bet that the other party was not from the casual repair alliance.

And just when the man in black was about to pick up the registration booklet.

suddenly--

"enough!"

A cold voice sounded.

boom!

From the camp deep in the loose repair camp, a terrifying breath blasted out frantically. At the same time, a towering breath came over the sky, suddenly descending on this world.

Boom!

The two terrible breaths collided, and immediately, the jade slip booklet that registered the entry and exit records was directly exploded and turned into powder.

The void gradually calmed down.

Two powerful figures face each other far away. One figure is the earth-sovereign man in black with overwhelming aura, and the other figure is a giant strong man exuding a similar aura. This giant strong man, wrapped in a heart-palpating atmosphere, holds a giant axe and his eyes are cold. Look black

Dressed and respected.

"Who is your excellency? Why trespass into my casual repair camp!"

The giant is holding a giant axe, and on the giant axe, there is an aura that explodes from the sky, transforming into a towering mountain, towering over the sky and the earth, erupting a horrible atmosphere of splitting the sky.

There was a burst of exclamation from around Qin Chen, and many soldiers in the casual repair camp started talking excitedly.

And Qin Chen also understood that this giant powerhouse was one of the top masters in this casual repair camp, the earthly master of the Pangu tribe.

The Pangu tribe is a fairly powerful race in the universe, and it is also the top race in the universe's ten thousand races list, with extraordinary strength.

The master of the Pangu tribe, the man in black, the earthly respect, facing away.

Both of them are masters of the earth, and their breaths are colliding crazily.

"This seat is a neutral race person!"

The man in black shouted coldly, with a rumbling voice, and instantly took out a token in his hand, representing a token of neutral racial identity.

"Krypton!"

The giant master of the Pangu tribe said solemnly.

Kryptonite?

Qin Chen felt cold in his heart, and finally knew the origin of this guy.

It is a pity that the opponent is a neutral race. If it is a Demonic Alliance race, and as a hostile force, dare to break into the casual repair camp, then a big battle will inevitably break out, but since it is a neutral race, it may not be necessary.

But think about it, if the opponent is a member of the Demon League, I am afraid that he would not dare to directly break into the casual repair camp.

"This seat is chasing and killing a person. He broke into your casual repair camp before, so this seat must be searched." The black man said coldly.

"search?"

The giant of the Pangu tribe looked icy cold: "This place is the site of my casual repair camp. It is impossible to search for you from the Kryptonite tribe, and leave quickly. For the sake of your neutral race, the previous offense, I won't be held accountable, otherwise..."

boom!

On the giant axe in the hands of the Pangu tribe giants, a great battle spirit erupted. This battle spirit turned into a towering giant axe that pierced the sky. The black giant axe, like a dark mountain, exudes the mighty power to cut everything. . "Pangu tribe, you want to stop me?" The black man Dizun glared at the Pangu giant master in the distance, staring at the sky-reaching black giant axe, the Pangu tribe, the ancient prehistoric race, this giant axe is not a treasure. Shadow, but innate supernatural powers,

He has the power to open up the world, even he dare not look down.

"I am the leader of the casual repair camp, so naturally you are not allowed to run wild in my casual repair camp." The Pangu clan giant said coldly. "It's just to check the list of entries and exits. The person who broke into your casual cultivation camp has an important relationship with me. What if I have to check it?" The black man Di Zunfeng's angry eyes flashed with cold light, and the surrounding The black air flow became more turbulent.

[Chapter 3838: Envoy of Qilan](#)

The Pangu Clan Giant Earth Zun said indifferently: "Venerable Krypura Clan, this is my advice to you. This is the casual cultivation camp. If you dare to break in, you will definitely die. Also, don't just do it for a while. Yes, bring you the disaster of the Kryptonite tribe,

If you want your Kryptonite tribe to be exterminated, you can try it. "

boom!

Following the words of this ancient giant earth-zun, vaguely, behind the big camp, there was a horrible aura surging up, suppressing the world.

It is the respect.

And there is more than one.

"Asshole!"

"hateful!"

The man in black gritted his teeth.

He was really angry.

Who is he? He is dignified, and he is definitely not without background, but his background does not work here.

As a high-ranking earth-sovereign, he rarely suffers. Even if he suffers, he is usually planted in the hands of a master of the same level. He dealt with Qin Chen...Although he made several severe moves, only the last move was to kill him. Heart, but failed.

His mistake caused a boy who was far worse than him to escape from his hands.

Unwilling, extremely unwilling!

There is endless anger!

And what makes the black man Di Zun even more annoyed is the loss of the treasure in his hand, and the unfinished task, which makes his heart's endless irritation turn into anger, raging to the sky.

"Pangu Clan Zun!"

The man in black roared, his voice rumbling, but with endless unwillingness.

"Ok, you are fine."

Whoosh!

The man in black did not say anything. He turned and left. No matter whether Qin Chen is in this casual cultivator camp or not, he cannot really break in, unless he wants to tear his face with the Human Alliance, but As the Pangu tribe said, he did this, not only caused trouble to himself, but also brought disaster to his Krypura tribe. Although his Krypura tribe is also quite famous in the universe, but The top clan like Human is too far away

, Let alone confrontation with the Human Alliance.

The Pangu Clan Dizun coldly watched the black-clothed Dizun leave, snorted coldly, then glanced at the chaotic entrance, and coldly said: "Clean up here."

"Yes, my lord!"

Many people present respectfully said immediately.

Whoosh!

The Pangu Clan Dizun's figure flashed, and instantly returned to the depths of the camp.

"Leave? This ancient clan powerhouse didn't go deep into it?" Qin Chen murmured, somewhat surprised. In his opinion, such a master in the black clothed man has caused such a big incident. As a master in the casual cultivation camp, why should we carefully investigate it? At least, we should also investigate whether there are black clothes in the camp. Severe Injury

That person never thought that the Pangu clan master would have left like this. "Friend, are you new here?" An veteran on the side glanced at Qin Chen and said with a smile: "The elders of the Krypura clan did not kill in the casual repair camp. What did the adults in the camp investigate? Not to mention Krypton. The Dha La is a neutral race. What if it annoys the other party to join the Demon League? As for

whom the black-clothed man Earth Zun is looking for, the adults are not interested in knowing, as long as they can enter the casual training camp, they are the people in the camp. The adults only need to maintain the camp order, other adults

We don't care about it. "

The veteran explained.

Is it too free here?

Qin Chen sighed, it's no wonder that people of such a race want to join the casual repair camp, because here will not be restricted like joining other forces, this is also the favorite place of many powerful people.

"Find a place for healing first."

Qin Chen thought in his heart, he dare not leave this casual cultivator camp now, who knows if the earth-sovereign man in black is guarding outside, once out of the camp, the earth-sovereign masters in this camp will not interfere outside the camp. Thing.

"hateful!"

"Damn it!"

"Asshole!"

Outside the casual repair camp. In a vast valley, the man in black roared and roared, rumbling, a terrible shock swept from his body, the surrounding mountains were all shattered, and the entire valley was filled with countless black auras. Violently collapsed under the impact of

Collapse, shake.

"Don't try your best to bring you the disaster of the Krypura tribe!"

"If you want your Kryptonite tribe to be annihilated, you can try it!"

The words of the Earth Zun of the Pangu tribe still echoed in the mind of the Earth Zun in black at this moment, making his eyes crimson, like crazy.

"A mourning dog who has joined the Human Race Alliance is nothing more than an arrogant dog."

The man in black roared, venting his anger.

After a long time, he stopped venting, panting, his eyes were cold, and his breath gradually calmed down.

"Om!"

At this moment, a summons order on his body lit up.

The man in black suddenly got a headache: "This is the one who summoned me. It's really a headache. I couldn't complete the task. How can I explain it?"

Di Zun the man in black had a headache, and finally sighed, it seemed that he could only tell the truth.

"There will be no results if you stay here, the kid is afraid it's impossible to come out again."

Whoosh!

With a sigh, the man in black flew over and headed towards the black market.

"wrong....."

But suddenly, the black-clothed man in the flyby suddenly recovered.

There is an extremely serious problem here. "That kid is with the Wara Zerg, and is called an adult by the Wara Zerg. That is to say, that person should belong to the Demon League. Whether it is a Zerg or a Demon Clan, it is a member of the Demon League. The people of the alliance

Can you enter the casual repair camp of this Human Race Alliance? "

The man in black Di Zun was a little stunned.

This extremely obvious flaw, he was anxious before, but he didn't notice it for a while.

"But the last breath of this child did disappear around here. Apart from entering the casual repair camp, there is no second possibility."

What is going on here?

There was a mess in the black man Di Zun's heart, completely clueless.

"Fine, go back first."

He shook his body and disappeared here in an instant.

In the valley where the Black Gold Zerg and the Sky Ghost Clan had fallen, there was a mess at this moment. A enchanting woman in a red dress stood proudly, with a mask on her face, covering her face.

If Qin Chen was here at the moment, even though this person was wearing a mask, he would definitely be able to recognize it at a glance. This person is the woman who was auctioned at the black market auction house.

She was walking in this valley and was investigating something, but before leaving, Qin Chen had completely cleaned the battlefield here, and all she could spy out were simple traces.

boom!

And at this moment, a figure wearing a black robe suddenly appeared here, walked out of the void, and slowly landed in front of the woman in the red mask, who was the man in black.

"I have seen the envoy of Qilan." The man in black respectfully said to the woman in red.

[Chapter 3839: Three possibilities](#)

The woman in red is obviously only the pinnacle, but the man in black respects her very much.

"What about the Nawara people?"

The woman in red saw that the man in black came back alone, her face suddenly changed slightly, and she said solemnly.

"Emissary Qilan, the Wala tribe has escaped."

"Escaped?"

The red-clothed woman suddenly turned her head, her eyes burst out with a sharp glow, coldly staring at the black-clothed man: "With your strength, there shouldn't be any problem with the Navara tribe, right? Let those guys escape?"

The face of the woman in red became extremely ugly.

After Qin Chen left, she had already notified the black-clothed man to intercept for the first time, but she never thought that the Navara people would run away.

The anger in my heart can be imagined.

The man in black frowned, but he respectfully said: "Emissary Qilan, the Navara people are nothing, but the leader of the Navara clan is not as simple as you think." Immediately, the black clothed man said Zun told the other party exactly what he had experienced after tracking him, including how Qin Chen designed to kill the people of the Black Gold Zerg and the Sky Ghost in this valley, and how he later escaped his tracking.

Of course, I omitted some content that I wanted to swallow the treasure alone.

"What? That kid is so strong that he can escape from your hands?"

The woman in red lost her voice and was shocked. Although she knew Qin Chen was extraordinary, she didn't expect to be so extraordinary.

She knew the strength of the black-clothed man's earth-zun. She told him to come because the person was extremely powerful in tracking. Generally, even ordinary earth-zun could not escape his tracking.

"Are you sure that kid has entered the casual repair camp?"

The woman in red looked at the man in black, with a suspicious expression in her eyes: "This person is clearly a member of the Demon Clan, otherwise how can he lead the Wara Zerg, and why can he enter the Human League's casual cultivation camp?" This is also what I am puzzled by." The man in black frowned: "This person is in charge of the Oara tribe, obviously either from the Zerg camp or from other demons camp, but when I was tracking this person, This person has indeed disappeared

Apart from the camp, apart from the possibility of entering the casual repair camp, there is almost impossible to have other possibilities, I'm sure of this. "

If Qin Chen hadn't entered the casual repair camp, he would never escape his perception, which he was very confident.

The red-clothed woman's eyes flickered, although she also couldn't believe that people from the Demon League dared to enter the casual repair camp, but the black-clothed man should not lie in front of her.

"So, there are only two possibilities."

The red woman's eyes burst out of her eyes, and she said: "The first possibility is that the kid is a member of the Demon League, but by some means, he escaped the recognition of the casual repair camp, so he entered in the casual repair camp." "But this possibility is not very big. After all, the casual repair camp is the big camp of the Human Alliance. Although it is not an important camp of the Human Alliance, it is not so easy to break into the spies. People are chased by you, helpless to enter

Among them, it is not deliberate and premeditated before. "

"As for the second possibility..."

The red-clothed woman's eyes suddenly burst out with a cold light: "That kid himself is a member of the Human Alliance, but he has hidden in the Wala clan by some means, so he can safely enter the casual repair camp. Not seen through."

"If it's this one..."

The red-clothed woman's eyes were cold, which showed that the Human Alliance had instead infiltrated a spy in the Demon Alliance. The earth-sovereign in black obviously also thought of this possibility, and he was shocked, but he was still puzzled: "Emissary Qilan, according to the second possibility you said, this person turned out to be the Human Race Alliance to enter the Demon Race Alliance. Spy, but why did he add

Into the Wala? "

The Wala tribe is just a small race under the Zerg tribe in the Demon League. If there is such a method, it would be too overkill. "This is also something I can't figure out." The woman in red shook her head, her eyes flickering, "Perhaps, there is a third possibility, that is that this person has not actually entered the casual repair camp, but has escaped your pursuit and perception. , Make you mistakenly think that you have entered the loose repair formation

In the camp, you will be confronted with the Pangu master, so that he can get a chance to escape. "

The man in black smiled bitterly: "I would never approve of this speculation, but comparing your first and second guesses of Qilan messenger, how come I think this might be more reliable." The woman in red He also shook his head. Indeed, whether the human race into the demon spy, or the demon into the human spy, it is not that simple. On the contrary, the third one may have been impossible, but because of the first and second Guess

, It becomes more likely. "Emissary Qilan, besides that, I have another doubt?" The man in black suddenly raised his head to look at the woman in red, his eyes deep: "Emissary Qilan, you are the messenger of the black market, if the black market wants to capture that kid , Some are master shots, even

It is absolutely necessary not to give the other party a chance to leave the black market. I wonder why Qilan messenger wants me to act? "

"What do you want to say?" The woman in red looked at the man in black suddenly, her eyes cold.

"The black market has never interfered with any warrior's behavior in the black market, but Qilan Messenger, your current actions..."

"Are you doubting me?"

boom!

The red-clothed woman stared at the earth-zun in black with cold eyes, a terrible murderous intent exuded from her body, covering the earth-zun in black.

The man in black smiled slightly, and his smile was very calm, "Emissary Qilan, you laughed, how dare I doubt you, it's just a little doubtful."

He had already decided in his heart, the more emotional Qilan messenger was, it explained the matter, and the closer she was to her guess.

This matter, it is very likely that Qilan messenger did it privately, otherwise, how could he be notified of the action?

With the strength of the black market, some of them are masters, let alone the boy before, angering the black market, even if Tianzun wants to leave the black market, it is not an easy task.

"Hmph, I do things in the black market, naturally, I have the rules of the black market, I advise you to stop thinking about it." The woman in red said with a cold voice.

"Envoy Qilan, don't worry, with the friendship between you and me, I naturally know what to say and what not to say, what do you say?" The man in black laughed.

The red-clothed woman felt cold in her heart, she was really unable to eat fish, and she was very fishy. "Are you sure they killed the people of the Black Gold Zerg and the Sky Ghost here before?" The woman in red changed the subject.

[Chapter 3840: Golden Eye Zerg](#)

"It's true." The man in black respectfully said.

"Wow!"

The woman in red stepped out into the valley and felt carefully.

Hum!

In her body, phantoms walked out one after another, and these phantoms were all like real people, lifelike, searching around.

"Thousand Shadows!"

The eyes of the man in black shrank, showing envy.

Some races are indeed natural darlings.

This Thousand Shadows tribe is one of them. A Thousand Shadows tribe can split into two identical clones when they reach adulthood. The fall of any one clone will not affect the other clone.

Two clones are equal to two lifespans. This is a magical power that no matter which race is extremely envious.

Even, it is rumored that the top Thousand Shadow Clan can evolve several clones with autonomous souls, which is equivalent to multiple lives. In addition, when the Thousand Shadow Clan fights, it can also transform into multiple shadows with their own combat power. Avatar.

This woman in red became a black market auctioneer because of her identity as a thousand shadow clan, and was favored by the black market.

"Except for the aura of the formation, there is not much aura."

The many phantoms of the woman in red have carefully explored the valley for a long time, but still haven't found more useful information.

"Emissary Qilan, what shall we do next? Emissary Qilan, if you have a relationship with the casual cultivator camp, you can secretly enter the casual cultivator camp to find out." The black-clothed man Dizun asked. He is about this valley. He had no idea at all. Before the lady in red arrived, he had passed by when he was chasing Qin Chen. At that time, he could not find any clues. Now that a long time has passed, naturally

No traces will be left.

The man's experience is so sophisticated, leaving almost no flaws.

"Ranxiu camp?" A trace of hesitation appeared on the face of the woman in red. That is the territory of the Human Alliance. As a black market messenger, it is not difficult for her to find a relationship in such a camp. However, in the vast camp, she has no information about the other party, even if she can find a relationship, and Such as

How to check the identity of the other party?

This incident was done privately by her, and everything was for the secret of that kid fishing in the Nether Star River. Once too much was exposed, let the adults know that her fate would be extremely miserable.

"Forget it in the scattered repair camp, but, I remember that you have a good relationship with the Evil Eye Earth Venerable of the Golden Eye Zerg!"

The woman in red looks at the man in black.

"Evil Eyes?" The man in black said solemnly: "This person has indeed experienced the secret realm on the battlefield of ten thousand races with me. It can be regarded as some friendship. Could it be that you want to..." "Congwala Zerg" Start." The woman in red has confidence in her eyes: "The casual repair camp is so big, it is not easy to find this person, but this person has a good relationship with the Wala tribe, and the Wala tribe must know his true identity. ,and so

, We can start from the Wala tribe. The corner of the woman's mouth in the red dress sketched a sneer:

"The Golden Eye Zerg is the second line of the Zerg, and its status is far higher than that of the Wala tribe. As long as there is an evil eye to come forward, the Na Wala tribe will not dare to protect that fellow. Out of that person's identity, then, this

It is clear whether a person is a man or a ghost. "

"Then let me inform the Evil Eye Dizun." The black-clothed man Dizun's eyes lit up, which is a good way.

"Very good, but you know what to say, don't reveal my identity." The woman in red looked over.

"I know it naturally, but you promised me, Messenger Qilan..."

The woman in red sneered: "Don't worry, when have I broken my promise?"

"Hehe, then I can rest assured, if that's the case, then I will leave first, you just wait for my good news."

The man in black smiled, his figure shook, and suddenly disappeared between the heaven and the earth. The woman in red looked at the place where the man in black had disappeared, then scanned the valley around her eyes, her eyes gloomy, and she whispered, "That kid, how did you catch so many alien species in the Nether Star River? Get this ability

, Then I..."

There was endless fanaticism in the eyes of the woman in red.

"Hmph, no matter if he hides, he took one of the tokens of the Vientiane God Treasure at the black market auction, and he will definitely enter the Vientiane God Treasure by then. I don't believe it, you can still appear."

The figure of the woman in red immediately exploded and disappeared in this world.

In the casual repair camp, Qin Chen naturally didn't know that the Wala clan had been targeted by the opponent.

The casual repair camp is very free. Newly entered warriors can find their own cave and camp at will. There are not many rules.

After Qin Chen settled a cave, he immediately placed many restrictions and began to sit cross-legged.

Rumble!

In his body, terrible qi and blood surged, and thunder roared like an ocean, surging with energy.

The surging qi and blood constantly repaired Qin Chen's injuries, especially the special techniques in the Nether Crystal Stele. The gene power formed by his body made his body repair at an astonishing speed, even causing Qin Chen I was surprised.

"Good repair ability."

Qin Chen was shocked. Under the operation of that mysterious technique, Qin Chen could even clearly feel the repair of his physical body. Some cells and wounds were even healed at a speed visible to the naked eye, making Qin Chen himself shocked and inexplicable.

This is simply too strong.

It should be understood that this is a wound that was blasted by the master of the earth, and some of the injuries were poured out by the Nether Star River, which is extremely difficult to repair.

But that mysterious gene power seemed to be able to reach his deepest level, making his body rumbling, his muscles and bones rumbling, like a tiger, leopard and thunder.

The breath of a great road filled Qin Chen's body.

In addition, a wave of dragon aura surrounded Qin Chen's body, with golden brilliance, glowing rays of sunshine, and inexplicable strength.

If it hadn't been for Qin Chen to set a ban in his cave, such a movement would surely be passed on and attracted the attention of many people.

Qin Chen didn't know whether the earth-sovereign in black had left. After a full half month, Qin Chen's injuries had almost recovered before he opened his eyes and stopped closing his door to heal his injuries. However, Qin Chen did not leave the camp. He now only waits for the opening of the Vientiane God Store. Although the opening of the Vientiane God Store is just recently, there is still a period of time before Qin Chen decides to stay in this camp. Until the opening of the Vientiane God Store

, Go directly to Vientiane Godzang.

As for the Wala people.

Although this is a flaw, in fact, the people such as Qi Tianqiong don't know their true identity, plus the dead demons behind, there shouldn't be any major problems.

Huh! Qin Chen stopped to heal his wounds, and a beam-like treasure appeared directly in his hand, which was the thousand-year light he had bought from the black market auction.
