

Valkyrie 3841

[Chapter 3841: Golden bull](#)

This thing comes from a magical secret realm in the universe and possesses unpredictable power. Once refined and mastered the artistic realm, there will be new improvements in flying speed and escape methods.

After experiencing the chasing and killing of the man in black, Qin Chen was also a little palpitated. If it weren't for a camp of casual cultivators, he might be really dangerous.

But if he refines these thousand years of light, if he encounters such a thing again, the probability of escape will definitely increase a lot.

Qin Chen's soul permeated directly into the thousand-year light, and suddenly, a unique artistic conception poured into Qin Chen's mind. Qin Chen felt as if he had turned into a light, he wanted to blend into this world, and join this world. Two for one.

Of course, this was just an illusion, but the breath and artistic conception contained in this thousand-year light made Qin Chen intoxicated.

This thing is extraordinary!

No wonder it can be auctioned at the black market auction, and will auction such a high price.

It's just that the perception of this thousand-year light is extremely difficult, because this thing is different from such treasures as the Druid's Heart, which can be directly refined, but it needs to feel the power in it, and understand it from the outside to the inside. Feeling, to master.

Even with Qin Chen's talent, he can't fully comprehend it overnight. But think about it, if this thing is so easy to understand, it would not have been so easy for Qin Chen to be auctioned at the black market auction. This is because many masters know that although the Millennium Light is rare, it is definitely not. Simple

Comprehensible.

In fact, in the hundreds of millions of years in the universe, there are not a few masters who have received thousands of years of light, but the masters who can truly comprehend it, form a magical power, and integrate into their own strength are extremely rare and countless.

After Qin Chen understood, he was not arrogant or impetuous.

He just retreats in the cave and doesn't care about external affairs. He just retreats and summarizes the previous battles, comprehends the treasures such as the Millennium Light, and improves himself.

One day, Qin Chen was practicing in retreat.

Suddenly, his cave mansion shook violently, as if someone was slapped violently, the whole cave mansion was crumbling, and there was an illusion that it would burst on the spot.

"what happened?"

Qin Chen opened his eyes, walked outside the cave, and saw a few powerful men with extraordinary auras, patted the many casual repair camps around, awakening many warriors inside.

"You guys, go, from today, you will be under the command of the golden bull demon, and you will follow them to clean up the camp and move your cave mansion over. Did you hear that?"

Not far away, several venerable gazes were cold and stern, and their auras arrogant, and they yelled at the casual cultivators in the surrounding cave mansion, arrogant and high above them.

These people have extraordinary auras, and they are all venerable masters, come from all races, and have extraordinary postures. They scolded, gave orders, and gave orders.

There is no doubt that in the casual cultivation camp, many martial artists have low cultivation bases, and there are pinnacle holy masters, most of them are half-step venerables, and of course there are many venerables.

It's just that the vast majority of those who came to the casual repair camp had no background, and they all went on their own, and at most they joined forces in twos and threes, and they were very free.

But now, these venerables are preparing to unite with the casual cultivators here, join their camp, and in the form of orders, many martial artists who are practicing in retreat like Qin Chen are awakened and forced to distribute.

This naturally caused a lot of people's discomfort.

However, what surprised Qin Chen was that no one actually resisted. These venerables seemed to be very powerful in this area. The expressions of those who were alarmed were a bit embarrassing, but they all obeyed the orders and hardly resisted. of. "Where did these guys come from? Such a big tone? Didn't it mean that the casual repair camp is very free and does not need to follow orders? How can you recruit subordinates like this?" Qin Chen was also awakened when he saw an old soldier next to the Dongfu , Immediately to him

Frowned and asked.

This person was the veteran who had explained to him at the beginning, and he had been selected with Qin Chen's Dongfu before. He was also a sensation at this time. Seeing this group of people, his face was very ugly. Hearing Qin Chen's question, he couldn't help smiling bitterly: "These guys are under the command of Lord Golden Bull Demon. Lord Golden Bull Demon is a famous master in this casual repair camp. His strength is extraordinary. Although the casual repair camp is very free, but Some strong people still

Will form gangs and organize their own troops. After all, in places like military camps, warriors of the same level often fight with each other. Whoever has more subordinates will naturally have strong confidence. This is a common occurrence. "

The veteran said as he cleaned up the cave mansion, "Oh, it's really unlucky this time. I was actually taken by this group of people. It seems that I will be a coolie in the next days."

The veteran said bitterly.

"No one cares? Isn't this just bullying the newcomer?" Qin Chen frowned. The veteran shook his head and said: "On the battlefield, the strength is respected. Besides, they just pull us to work as coolies. In fact, it is difficult to get ahead if you don't form a clique. It's not he who will recruit you, or someone else will collect it. Have to rely on one side, this

There is no alternative. "

"What if you don't go?"

Qin Chen's eyes sank. He was not interested in fighting with these guys. Now he has a lot of things to be busy, but he doesn't really want to develop in the casual cultivation camp. The veteran's face changed, and he hurriedly waved his hand and said, "I can't say this. Here, you can't tolerate your unwillingness. If you dare to say the word 'no', this group of people will never give up, because this is a feast. To save their face and be hostile to them

. "

Qin Chen listened, did not say anything, just wanted to re-enter the cave.

"You seem to be unconvinced, come here!"

In the distance, the venerables seemed to feel the conversation here. One of them was a burly venerable, holding a giant hammer and staring like a sand bowl, beckoning to Qin Chen, pointing Qin Chen to let him pass.

Next to Qin Chen, the veteran's face turned pale. Although the other party shouted at Qin Chen, his legs were a little weak and trembling, he could hardly stand upright.

"Why?" Qin Chen asked calmly without being afraid of him.

"What are you doing? Starting today, you are carrying weapons for me." The burly man said, with a single horn on his head. He didn't know which race he was from, and his nose was spraying rough air.

Isn't this a servant? Qin Chen sneered and asked him to carry weapons. Who did he think he was? Geshitianzun? Do not pee to see your own virtues.

"Why?" Qin Chen looked at him.

"Just rely on my sky blasting hammer!" As the one-horned burly man spoke, the giant hammer in his hand soared and reached Qin Chen.

He saw it, and Qin Chen was very dissatisfied. He had seen a lot of thorns like this in the casual repair camp. He had to teach him a lesson before he knew how to grow. Moreover, he has to kill the chicken and the monkey.

[Chapter 3842: Pantian](#)

There are so many casual cultivators here watching, he just wanted to teach some thorns, just to give the other casual cultivators a chance to kill the chickens and monkeys, unexpectedly Qin Chen came to the door directly.

He hasn't seized such a good opportunity?

Therefore, he immediately shot, the huge black warhammer was like an ancient mountain, with a towering breath, it directly fell in front of Qin Chen.

Yan Ran, he was also very restrained, did not exert his full strength, for fear of smashing Qin Chen to death.

In this casual repair camp, it is normal to fight each other, fight against each other, and form cliques, and it is okay to even beat people up. This is the acquiescence of the rear leaders.

But killing people is no good, you will be punished.

Therefore, he was very restrained and just wanted to teach Qin Chen a lesson.

boom!

The warhammer erupted into the sky, and the momentum was so amazing that it alarmed countless camps around, and they all looked. With a bang, Qin Chen wouldn't be jealous. On top of the warhammer, his body remained motionless, his eyes burst like a rainbow, like a javelin, and then under the eyes of everyone, his fingers glowed, and he patted the warhammer directly with his palm. Bombed the warhammer

Above, the fire suddenly shook the sky and thunder roared.

With a bang, many casual practitioners around were unable to hold their figure, and their bodies retreated wildly. Under the impact, their buttocks fell to the ground, looking very embarrassed.

However, when everyone saw the impact center, everyone changed color.

hiss! They heard the sound of inhaling air-conditioning one after another, and everyone saw that under the warhammer, Qin Chen, who had previously challenged the burly man with a single horn, stood still, and the ground under his feet burst out like a spider web with cracks in the palm of his hand. , Indifferent eyes,

Abruptly accepted the opponent's attack.

This makes everyone discolored. Everyone present was stunned, and the burly man with long horns was also in a daze. He didn't use any force because he was afraid of smashing Qin Chen to death with a hammer, but he never thought about this inconspicuous kid. So perverted,

He abruptly blocked all his warhammers.

"Unexpectedly, you guy is still a master. My eyes are awkward." The one-horned burly man has a blue face and his eyes are like copper bells. "However, with your strength, you are also here to show off. Look at my hammer."

boom! The one-horned burly man was angry in his heart, his eyes surged with anger, and he slammed his warhammer back, and saw the billowing waves of air erupt on his warhammer, and terrible runes appeared. Glow in the void, evolved

The roar of the avenue.

"Lie down for me."

The one-horned burly man roared with a thunderous and banging sound. Many casual repairmen in the surrounding camps were so scared that they sat down on the ground. In the void, the giant hammer swept across, bringing the world to ruin. The imposing manner is really amazing.

This hammer is going down, I am afraid that an ordinary venerable will be killed, smashed into flesh on the spot.

"Hanger, be careful not to kill people." The other venerables beside the burly man changed their colors and looked a little anxious. Why did you let this **** go? This guy has a soaring temper, and often can't control his emotions, in case he really smashes this kid to death,

None of them can please, even if there is a golden bull demon supporting them, they will be punished.

Freedom in the casual training camp is freedom, but the punishment after making a mistake is also extremely severe.

"boom!"

It's just that this one-horned burly man can't hear anything at this moment. The warhammer in his hand soars, and it has once again rushed to Qin Chen. The void in front of Qin Chen's eyes is roaring and trembling.

Qin Chen sneered, but was not nervous at all. In his eyes, there was a divine rainbow blooming, and he shot again. This time, his fingers shone, and there was a shocking aura surging, and he immediately caught the blast down. Coming warhammer.

boom!

With terrible roars, I saw Qin Chen grasping the warhammer in his right hand, violently, and the roaring loudly, Qin Chen suddenly grabbed this warhammer into his hand.

Everyone present was stunned, and the burly man who was full of fighting spirit was also stunned, staring blankly at his empty right hand, what's the matter? Why did his own warhammer suddenly run into that kid's hand?

"That's what you can do? But so!"

boom!

Then, people saw that the skinny young man swung his warhammer and hit it at the head of the burly man. At this moment, the veteran next to Qin Chen ran away and fled. He felt that Qin Chen was too capable of tossing, and it was really a wrong decision to move the Dong Mansion by his side. It was even under the command of Lord Golden Bull Demon. Dare to fight is definitely not good stubbornness.

It's too scary, so hurry up and stay away. Red war flames surged all over his body, and the exclusive burly man on his head went crazy when he saw this. He did not expect Qin Chen to be like this. He was snatched by the opponent's weapon and then hit by the opponent with a weapon. To myself, what is this

Humiliation?

Although this belonged to his previous carelessness, such a miss still made him feel like he lost the face of Lord Golden Bull Demon. He was under the command of Lord Golden Bull Demon, with great strength and invincible strength.

Especially, the guy on the opposite side was too arrogant and bold. He smashed his head with his warhammer weapon. This violent temper was even more ruthless than him.

He really wants to be overthrown, how can he be mixed in this camp in the future?

"You guys don't move, this kid is angering this guy, and this guy is going to take his head off and kick it."

The one-horned burly man roared, full of blood, and crashed into the sky like a bull with murderous aura. The momentum was really amazing.

Because, he is really angry. He Pantian, a celebrity in this big camp, was actually taught so by a recruit. If it passes out, he can't afford to lose this person. He is in the team of Golden Bulls. Here, also lose face.

Therefore, he was very angry, and must teach Qin Chen a lesson, where is this stinky recruit? Don't you know the name of your Pantian?

He muttered so much, full of blood and energy, and grabbed the warhammer, ready to retake it hard, recover his face, and teach the person.

No matter how the weapon was lost, he should be taken back, and then he will be taught the other party severely to regain his reputation.

Even, he doesn't allow other people to help, otherwise how to find the place?

However, this time he miscalculated, the boy in front of him, unlike him, would be taken advantage of by his opponent. Qin Chen stared at the burly one-horned man, sneered at the corner of his mouth, and hit him with a hammer. . On this warhammer, there was no particularly shocking aura blooming, it was just rounded by Qin Chen, riveted enough strength, and it fell down like this.

[Chapter 3843: The hardest place](#)

"Dang!" I heard a piercing sound of gold and iron, and there were a lot of casual cultivators around, covering their ears, and then I saw that the hand of the burly man was blocking the warhammer, but the next moment, Just? Hear a clicking sound, this one is burly

The big man's arm bends over in an instant.

It was broken by a hammer.

hiss!

Seeing the broken arm, everyone sucked in air, and felt that their teeth were sore. Although the one-horned burly man was beaten, everyone felt cold.

It's so cruel, it hurts to look at it.

"Wow!"

The one-horned burly man also uttered a scream, his eyes were almost bursting, and he was holding his right hand in pain, the light on his arm was blooming, resisting the pain, he jumped on the ground.

This is simply too painful.

Also, why is this kid so strong?

"The body is quite strong!"

Qin Chen abused his voice. This is a fact. His previous hammer used a lot of strength. Not to mention the broken arm of ordinary people, it is estimated that half of his body was bombarded, but this burly man with a single horn, but he has to say, The body is very tough, and the steel is doing kung fu

Not weak.

"Come again!"

No matter how painful the other party is, Qin Chen dismantles his cave and scolds himself for carrying weapons, how can he bear it?

And Qin Chen knows that this is a casual cultivator camp, where the strong is king and strength is respected. No one speaks to you in this place. The only way to avoid riots and bullying is to show strength. Stop being afraid of others.

So, he shook the hammer again and fell down again.

"you....."

The burly horned man's eyes widened, and he yelled in horror, but he didn't dare to resist it with his hands. At this critical moment, he unexpectedly exposed the empty door and used the horn on his head to block Qin Chen's huge hammer.

"when!"

He heard a harsh roar. At this moment, everyone saw that Qin Chen's giant hammer hit the horn on the head of the burly man, the sound was clear and loud, and sparks were flying everywhere.

"Really strong!"

Qin Chen said in surprise.

It should be understood that with this blow, he used almost the same strength as before, and this warhammer is not a common product, and it is so powerful that it can break the arm of this burly man with one hammer.

I never thought that the horns on top of this person's head were sparks all over the place, and the horns remained motionless, and there was a magical light blooming, extremely hard, like falling iron, outrageously strong, It was actually blocked.

"Boy, my unicorn is born with the essence of heaven and earth. It is the hardest part of my body. Huh, you want to break through?"

The burly man was uncomfortable, dizzy, but still said proudly.

This is his strongest weapon, naturally proud.

"The hardest part of the body?"

Qin Chen smiled, his eyes faint, "Then I want to see how hard your hardest place is."

When the words fell, Qin Chen stood up, smashing the warhammer and smashing it down.

"Smelly boy, bring it to me." The one-horned burly man Pantian roared, his eyes blazing like a volcano, flames erupted from his nostrils, his entire body erupted, and his hair was erected.

He went to grab the warhammer again, and he must find his dignity back.

"Blast your pig's head!"

Qin Chen shouted, smashed his head and covered his face, and directly greeted him as a slave. It was too arrogant. He picked up the warhammer and hit it. No matter what his origin, he would fight enough before talking.

when! when! when!

For a while, sparks splashed on the head of the burly man with a single horn, and the expression on his face was distorted. When the hammer fell, the muscles on his face jittered, and he jumped all over his body when he hit him, and he was going crazy in pain.

At first, this burly man with a horned horn still endured the pain and wanted to maintain his posture, so his arm glowed, like a **** or devil, trying to **** the warhammer, but after a few hammers, it was really painful and he turned and ran.

"Eat another hammer!"

Qin Chen moved the warhammer and chased the opponent to fight.

Of course, Qin Chen also knew the rules, and didn't use all his strength, just to teach the other party.

puff!

There was a roar, and the burly man was lying on the ground without moving, holding his head in his hands, and rolling all over the floor.

"Boy, you stop."

"court death!"

"Pantian, are you okay?"

"on!"

The faces of several venerables around the burly man with a single horn were blue and ugly. Although the man who was beaten was a burly man with a single horn, but in the eyes of outsiders, they were all their own people. Pantian was bullied and their faces were also Matt.

boom!

A few people glowed, each of them was a master of the venerable, their aura was too flaming, like a divine flame blooming on their bodies, a breath that made everyone discolored erupted.

Boom boom boom! These people moved together and rushed up together. They saw that Qin Chen was extremely strong, so when he came up, they all displayed their own methods, and they saw several people in mid-air, their breath moving and combining. Together, forming a battle formation

Like, he came to Qin Chen.

Murderous intent was fierce, vast and majestic, a few people stared at Qin Chen with cold eyes, even with murderous intent, they were really angry and wanted to teach Qin Chen a tragic lesson.

Here, as long as they don't kill people, even if they beat people half to death, it doesn't matter. Naturally, someone will clean up. Therefore, they are very arrogant, using the combined attack technique, and instantly come to Qin Chen.

"Hmph, it seems that you want to beg."

Qin Chen sensed the killing intent in the eyes of the few people, his eyes were cold, and he moved the giant hammer to bombard them.

"It's ridiculous, praying as a car." The few people sneered, with sarcasm in their eyes. The boy in front of him did have some strength, but unfortunately, he was too naive. He thought that he could resist a few of them by himself. It was ridiculous. When I didn't run, I actually resisted, no doubt

Is seeking a dead end.

Several people looked at each other, with murderous aura in their eyes, and decided to teach Qin Chen a vicious lesson. At least he would have to lie down for more than a hundred years, so that the people in this camp would know that they were not easy to mess with.

"Hey!"

A few people screamed, squeezed their hands, boomed, and the power of the few people gathered together and instantly turned into a dazzling rune. This rune is extremely huge, heavy like a sacred mountain, blooming with dazzling light, and it is towards Qin Chen. Smashed down hard.

They boasted that Qin Chen would be seriously injured if he didn't die.

"open!"

Qin Chen's eyes burst into the rainbow, his eyes were cold, he moved the warhammer, and slammed it out. The terrifying warhammer and the dazzling rune would collide with each other.

Rumble! The earth-shaking roar resounded, and the camps nearby almost burst open. If it weren't for this entire large camp, there were terrible formations guarding it, and this world would be blasted into nothingness.

[Chapter 3844: Where's the pervert](#)

Cang Dang! The void roared and roared, Qin Chen spurred his physical strength and blasted out with a hammer. In everyone's horrified eyes, he saw the dazzling rune click, first there was a crack, and then, there was a pop. The rune burst directly,

Countless streamers blasted in all directions, making the nearby large camp a mess.

All the casual cultivators around, stared at this scene blankly, as if they were petrified, their eyes were silly.

How many sages joined forces, but didn't even take that kid down?

what?

The venerables were even more shocked in their hearts. They joined forces with one blow, and the power was so powerful that even the masters of the venerables were capable of fighting, but now they were bombarded.

"It was you before, but now it's Lao Tzu's turn."

Qin Chen coldly drank, picked up the warhammer, and immediately rushed forward, his body like a streamer, as fast as lightning.

"not good!"

The expressions of several venerables changed drastically, and they were about to make another shot immediately, but how could Qin Chen give them a chance, and he fell on the spot.

Dangdang!

For a while, like iron strikes, there were endless noises, and sparks continued to splash, and these venerables were stunned and furious.

"You..." A venerable person was furious. Just about to speak, he was hit on the head by Qin Chen with a hammer. His head was broken and he grinned with pain.

"Boy, you know we are..."

Another venerable spoke in anger, and before half a word, he was hit by Qin Chen with a hammer and convulsed while lying down.

No matter what their identities, Qin Chen had seen the murderous intent in the opponent's eyes before. Although there was no way to kill in this camp, these guys definitely came with the purpose of making him uncomfortable. How could Qin Chen be soft.

Just be arrogant in front of yourself, no matter what your origins are, first smash it.

Nearby, all the people in the casual repair camp were dumbfounded. They were all dumbfounded, like a wooden chicken, with their mouths wide open and their eyes rounded, and they couldn't speak.

This is under the command of Lord Golden Bull Demon, one of the famous organizations in this large camp, is the top master below the command level, and is unparalleled in this large camp.

Over the years, it's not that no one has resisted their enlistment, but the results were miserable and were repaired on the spot. Therefore, few people dared to resist anymore. Anyone who followed was followed, so why bother to seek a dead end?

Otherwise, they are really good-tempered and bully? Let them help to listen to the call? Try another person, the fight has already started, and it's endless.

But now?

This kid didn't know where he ran out from, just like a savage, just carrying a big hammer, chasing these people with a full camp, this scene is really amazing.

Where does the pervert come from?

This is the consensus of everyone, is it the top talent of a certain race?

However, the vast majority of Tianjiao have backgrounds and powers, so why would they come to their casual repair camp?

Although they don't know exactly where Qin Chen came from, the strength that Qin Chen showed at this moment shocked them, but compared to Qin Chen's strength, what shocked them was Qin Chen's actions.

Dangdang...

Qin Chen kept making moves, chasing Pan Tian and the others to beat, his posture was very wild, and everyone was discolored.

"This, I'm afraid it will kill people, right?"

"That is under the command of Lord Golden Bull Demon. If you are killed here, the sky will collapse."

Many people were shocked. They were thinking of watching the excitement, but now they can't stand it anymore, because Qin Chen's methods were so harsh that he beat this group of people to their heads.

Finally, after completely suppressing a few people, Qin Chen threw the blood-stained sledgehammer to the ground with a clang, and said coldly: "Go away, don't let me see you guys again."

After speaking, Qin Chen turned to return to his cave.

The venerables just lay on the ground like this, very embarrassed.

"Boy, I want you to die!"

Boundless humiliation rose from their hearts, these venerables roared, stood up abruptly, roared again, roared, and a few people threw out their most terrifying fist at Qin Chen.

Suddenly.

Rumble!

Countless fist shadows condensed and turned into a hazy black shadow rushing towards Qin Chen. Under the fist shadow sensation, the world shook, and the void shook. This was their furious blow, against Qin Chen's back. Bombarded.

They thought in their hearts that the previous losses were just their carelessness. They all tried their best to make Qin Chen's blood pay for this blow.

"Ok?"

Qin Chen turned his head, his eyes were cold, and a divine rainbow burst into his eyes.

"It seems that you haven't learned your lesson yet."

Shaking his head lightly, Qin Chen raised his right hand and blasted it with a punch.

boom! With this punch, countless energies around the world were attracted and concentrated on Qin Chen's right fist. Although the attacks of these venerables were preemptive and incredibly fast, under Qin Chen's punch, It's like a baby facing success

Young people.

boom!

Qin Chen hit the opponent's attack center with a punch, and the huge force directly shattered the shadows of a few people. Then, the terrifying fist power struck the chests of a few people fiercely along the void.

Crunch!

The distorted voices of several people's chests rang out, and they all spewed a mouthful of blood, thrown away fiercely, and fell heavily into the distance. A deep groove appeared in their chests, and a clear blast appeared. Fist mark.

The gap is too big.

Punch.

Several people fled together and were seriously injured.

fear!

At this moment, only fear emerged in the eyes of a few people.

"Get out of here, you must leave here immediately, otherwise, it will not be as simple as the previous lesson."

Qin Chen didn't bother to look at a few people anymore and turned back to his cave.

"go!"

These venerables looked in horror, and they no longer had the courage to fight Qin Chen anymore. They supported each other and left one after another.

Looking at the backs of these people leaving, many people around looked at Qin Chen who returned to his cave mansion in amazement. At the same time, they felt that Qin Chen was too naive and dared to stay here.

Offended Lord Golden Bull Demon's subordinates, and continue to stay, isn't this looking for death?

"Young man, you don't run yet, you just injured the commander of the Golden Bull Demon, stay here, the kid, the Golden Bull Demon come to your trouble."

The veteran didn't know when he ran back again, and reminded him outside Qin Chen's cave.

When the voice fell, the veteran slid away and ran away without knowing where he went again in the blink of an eye.

Qin Chen shook his head, ignored the man's warning, and was about to take out the Thousand-Year Light and continue to feel.

But suddenly, Qin Chen frowned.

Huh!

Qin Chen's figure shook, and suddenly disappeared into the cave.

next moment.

boom! A terrible impact blasted down, exploding his cave into fragments in an instant.

[Chapter 3845: Sword Qi Dragon](#)

"It's Lord Golden Bull Demon."

Everyone exclaimed, Qin Chen raised his head and saw the sky above the camp, a golden head with bright fur, burning terrifying aura, and a giant bull beast with a pair of horns standing proudly in the sky, coldly looking down.

This is a bull with golden flames burning all over, the whole body is golden, and there are terrible roads surging, like a gold building, exuding a terrible aura.

"The pinnacle of humanity? And, it's definitely not an ordinary pinnacle of personality."

Qin Chen's gaze condensed, the surging power in the body of this powerful bull clan was distorted, like a vast ocean, giving Qin Chen the feeling that it was even more terrifying than the Venerable Jueshan of Dayu Shenshan.

However, as soon as the opponent came up, he exploded his own cave, making Qin Chen's eyes gradually cold.

"Boy, was you the one who hurt this seat just now? You are so courageous, you kneel down to beg for mercy, you can spare your life, otherwise..."

In the void, the golden bull demon's eyes were cold, and there was surprise in his eyes. It was obviously an accident that Qin Chen was able to escape his own attack and left the cave at the moment his own attack arrived.

His voice rumbling, like thunder, echoed between the heaven and the earth, blooming with terrible murderous intent.

Beside this golden bull demon, the guys who had been taught by Qin Chen before were very embarrassed, looking at Qin Chen angrily, with a look of excitement.

Because they knew that once the golden bull demon made a move, no matter what the origin of the boy in front of him, he could not escape.

"Destroy my cave?!"

Qin Chen looked cold: "It should be you who should kneel down and beg for mercy!"

"court death!"

The golden bull demon was angry, and boomed, the hoof stepped out like a vast ocean, pressing down towards Qin Chen cover, above the hoof, the golden light of the sky was blooming, the hoof stepped on, as if to bomb the world. Explosive, the power is amazing.

boom!

The terrible pressure came down, and instantly enveloped Qin Chen, surrounded by countless dense golden threads, suppressing Qin Chen's world.

"Huh, you are the one who is looking for death."

Qin Chen's eyes were cold, and the dragon spirit in his body was suddenly urged. Qiang Qiang, he saw Qin Chen's body surface, a series of dragon scales emerged, and quickly crawled over Qin Chen's whole body, like an armor, holding Qin Dust wraps the whole person.

boom!

Moreover, within Qin Chen's body, the dragon energy burned instantly.

A shocking dragon's roar echoed between the heavens and the earth, with a loud sound, Qin Chen's right hand turned into a sharp claw, and a layer of cold light appeared on the surface instantly. The sharp claws made the surrounding space natural. Split.

At this moment, Qin Chen's aura suddenly soared, causing the surrounding space to be twisted and torn directly, and his power was not weaker than the golden bull demon.

boom!

The next moment, that hoof collided with Qin Chen's claws, and the sky shook loudly. Everyone couldn't look at where they were fighting, and they all backed away in horror, with a look of horror in their eyes.

I saw that Qin Chen's claws were extremely hard, rooted to the sky, as if covering the sky, tearing all the golden silk threads displayed by the golden bull demon, and then exploded with a punch.

"Dragon Qi? Are you a member of the Yalong tribe?" The golden bull demon looked shocked.

Before Qin Chen, in his perception, his aura was very weak, not so terrible, but now, the other party broke out a real blood aura, transformed into a dragon body, and instantly burst out a sky-defying aura.

Dragons have extraordinary status among all races.

Even if it is only Yalong, among the monsters, the Yalong clan is also one of the top races in the monsters.

Others also looked at Qin Chen in shock. It turned out that this person is the Yalong clan. The so-called Yalong clan is not a race, but a clan. All people with dragon blood can be called the Yalong clan. .

This is an extremely terrifying clan among the monsters, and even some of the top powerhouses in the monsters were born from this clan.

"kill!"

Qin Chen ignored it, and suddenly rushed out, facing the golden bull demon. In this casual cultivator camp, you must not keep a low profile. If it is too low-key, you will be bullied. The only way is to Fight against each other.

"Roar!"

Qin Chen roared, the dragon scales all over his body shone, the glow was shining, and his right hand poked out, five dragon claws, roots like sharp swords, and a sword aura with a handle in front of Qin Chen. Suspended. Densely dense sword auras gush out from Qin Chen's claws, a full ninety-nine sword aura surrounds Qin Chen's body, and that sword aura contains the imprint of a powerful law, when Qin Chen's powerful dragon aura After being poured into it, buzzing...every

The power of a sword qi was so great that it turned into a sharp sword that pierced the sky, and came to suppress the golden bull.

"What kind of supernatural powers are you?!" The golden bull demon was shocked when he saw this, and the power was too scary.

"However, it can't hurt me, I'm looking for death!"

The golden bull demon roared and turned into a huge golden bull god. The two sharp horns on his head soared into the sky, and a golden rainbow burst out, as if carrying two mountains on his shoulders, rushing towards Qin Chen.

"Humph!" Qin Chen snorted coldly, spurring many divine swords, and saw countless sky-reaching giant swords slashed down, hacking, smashing **** the golden bull demon, and suddenly, the golden road on the golden bull demon Ze and the road lines are trembling violently and trembling wildly

.

"Ok?"

Qin Chen frowned, the might of his divine sword unexpectedly failed to tear the defense on this guy's body, the fighting power of this golden bull demon was really strong.

"Hahaha, kid, you can't hurt me."

The golden bull demon roared, the golden light on his body turned into a hole, and then gathered together, merged into his horns, and penetrated towards Qin Chen.

"is it?"

Qin Chen waved his hand suddenly. Ninety-nine sharp swords burst out countless ancient auras in an instant, and then a giant dragon exuding endless domineering aura appeared in mid-air. These ninety-nine sharp swords are like ninety-nine joints. Connected section by section constitutes the giant

The spine of the dragon, but the golden bull has gritted his teeth.

Everything was too sudden. I thought there was someone who dared to violate his authority, so he attacked Qin Chen. I didn't expect Qin Chen's strength to be so amazing. After burning his breath, he was no less powerful than him, and even concealed himself. And show

His supernatural powers are even more terrifying!

"Ahhhhh..."

The golden bull demon gritted his teeth and roared, "Damn boy, what about the Yalong clan? This seat has been here for many years, from the bull demon clan, why would you be afraid of you."

"Die!"

The golden bull demon rushed towards Qin Chen.

The void on this side solidified in an instant, and at the beginning of the battle, both of them used a void blockade almost simultaneously. "Sword Dragon Xiaotian!" Qin Chen shook his body and dodged in an instant, while looking at the huge sword-shaped dragon from a distance.

[Chapter 3846: Jufeng Dizun](#)

Roar!

The dragon roared silently and angry.

The slain golden bull demon also roared almost at the same time, displaying the secret technique of talent, and a terrible golden shock swept through it, directly impacting Qin Chen's mind.

"Hmph, I'm not even afraid of the soul attack of the earth-sovereign, how can I be afraid of your attack..." Qin Chen's eyes were indifferent, and he abruptly withstood a blow from this golden bull demon's talent secret method. Although this golden bull demon is strong, But after all, it was only the pinnacle of humanity, far inferior to the black-clothed human being. Qin Chen took the blow abruptly without any damage.

He indifferently watched the first encounter between the dragon and the golden bull demon.

These sword auras that he mastered, the dragon phantom attack that evolved out.

"boom!"

The dazzling light lit up.

This sword-shaped dragon just doesn't move. When it moves, it turns into a dazzling sword light, tearing through the void, and directly descending on the golden bull demon.

"Roar!"

The golden bull demon roared and moved the golden horn above his head.

boom! The unmatched penetrating power made the golden bull devil's mind instantly dizzy. The golden light on the golden horn was dimmed, and then the dragon's tail slammed the golden bull devil's chest, banging, and the whole body was faintly shattered. Sword Qi comes through

, And at the same time a golden light faintly appeared on the surface of his body, which was his precious armor of body protection.

"No, it's impossible!"

The golden bull demon looked at Qin Chen who was calm and proud not far away in anger.

With one blow, he was actually injured.

A trace of blood spilled from the corner of his mouth. And around, many people in the casual repair camp were stunned. What they saw, the Golden Bull Demon was actually injured. He is one of the top masters in this casual repair camp except for the commander, with great power. , I lost here

in.

In the previous several wars, the team under the command of the Golden Bull Demon commanded over a million masters in the casual repair camp and made great achievements.

In fact, the Bull Demon Clan, where the Golden Bull Demon belongs, has a very high status on the Ten Thousand Clan rankings. He came here only for gilding, experience only, unexpectedly, and now finally encountered a hard stubble.

Qin Chen felt the weakness of the golden bull devil aura, but he nodded secretly: "It's almost as I expected."

In terms of cultivation base, the golden bull demon at the pinnacle of human respect is far superior to him. Moreover, the opponent belongs to a prehistoric alien race with extraordinary aura. In the case of unable to display the Haotian Divine Armor and operate various special magical powers, Qin Chen may not be able to easily control the opponent Beheaded.

However, even without these things, Qin Chen, who evolved into the body of a dragon under the power of the terrifying gene of the Nirvana Crystal Stele, could still hurt the opponent.

Especially Qin Chen merged into the six reincarnation sword body and displayed endless sword intent. The sword intent of the heavens combined with the dragon energy in Qin Chen's body, which made Qin Chen's strength not weakened much after transforming the dragon body.

In addition, Qin Chen's will is extremely terrifying, so that Qin Chen can injure the opponent with one blow.

Void!

Qin Chen coldly looked at the other party: "The golden bull demon, kneel down and beg for mercy, there is a way to survive."

In the same way, this time he changed the target, leaving others dumbfounded. Let the golden bull demon kneel down, is this kid crazy? There are rumors that Lord Golden Bull Demon has a profound background in this casual cultivation camp. He is here only for experience. The Bull Demon clan is worried about his safety and will naturally join the leader of the casual cultivation camp.

Line transaction.

"you wanna die."

The golden bull devil gasped heavily in his nose and roared.

boom!

He came to Qin Chen to kill.

Qin Chen stayed still, booming, and the dragons evolved from the sword light chased out again and again, and the tails of the dragons slapped again and again, causing the golden bull demon's aura to continue to wear away.

After that, Qin Chen jumped and stood on the back of the golden bull demon, grabbing his horns with both hands, forcing him to kneel down.

"what!"

The golden bull demon roared in anger.

"Enough, stop."

But at this moment, a cold voice resounded, rumbling, and a figure suddenly appeared in the distant sky and the majestic world.

This figure appeared, and the void between the heavens and the earth vibrated violently, and the surrounding heavens and earth rumbling and roaring, as if unable to withstand his pressure.

Earth Zun!

"Jufeng Earth Zun!"

All the casual cultivators on the scene saluted this person respectfully, with horror in their eyes.

The person here is just one of the giants of this loose-cultivation camp, the strong man of Earth Sovereign, Jufeng Earth Sovereign.

"Finally appeared?"

Qin Chen stared at this Jufeng Earth Zun, his eyes blooming with a hint of light.

This Jufeng Dizun is the figure behind this golden bull demon, and sure enough, the other party has been paying attention here. "It turned out to be Senior Jufeng Dizun. I don't know why Senior asked the juniors to stop. This golden bull demon is a master of the casual cultivation camp. He oppresses the recruits here. The juniors can't pass it. By the way, I have to teach you a lesson." Qin Chen arched his hands and said

Said: "Since Jufeng Dizun has spoken, the younger generation will give the senior a face."

"get out."

Qin Chen kicked the golden bull demon fiercely, kicked him out, and slammed into the camp, groaning painfully.

"you....."

Jufeng Dizun's gaze was cold, Qin Chen gave him face on the surface, but in fact gave him a prestige on the spot. This is really bold.

However, as the commander of the Earth Sovereign, he is naturally not good at attacking Qin Chen in full view.

"It will be the time when the Vientiane God Hidden on the battlefield of the ten thousand races was born. Recently, the strong on the battlefield of the ten thousand races are like clouds, and they are scattered in the camp, and they are not allowed to go to war. Offenders and military laws are dealt with.

Jufeng Dizun coldly glanced at all the people present, and suddenly disappeared.

"let's go."

The golden bull demon also took his subordinates and left in embarrassment, looking at Qin Chen with annoyed eyes.

The masters of the other casual repair camps around also looked at Qin Chen with trepidation, and stepped back. Everyone knew that this fellow had already caused the dissatisfaction of Jufeng Dizun.

"It seems that this casual repair camp can't stay for too long."

Qin Chen glanced at the depths of the San Xiu camp, his eyes flashed: "But the aura I showed before should make the other party dispel his suspicion?"

At this moment, in a large tent in the depths of the scattered repair camp.

Several terrible auras sat on a long chair.

These people burst out with a breath of heaven, and the Pangu clan masters who had previously fought against the earth-zun of the black-clothed man were also here, and they were all the earth-sovereign leaders of this casual cultivation camp.

"Everyone, what do you think?"

An old man opened his mouth, and his body was full of breath, blurred. "That kid is from the Dragon clan, and he should have nothing to do with the previous Krypura clan guys." The Pangu clan master said in a deep voice, "The Krypura clan master, I have already inquired about it, in the nearest black market. Here, there is a member of the Kryptonite tribe, it should be him."

[Chapter 3847: Qin Chen's vigilance](#)

"The people of the black market? Why do the people of the black market come to my casual repair camp?"

An earthly deity said solemnly, his voice rumbling, hidden in layers of mist, his figure looming, and the snorting, the void of heaven and earth seemed to be burning. "Who knows, the Kryptonites are a neutral race, but my casual cultivator camp is not for him to come as he wants, and to leave as he pleases." Another earth-zun coldly snorted: "There are so many things to talk about. Is the dragon boy the Kryptonite before?"

Who is Earth Zun looking for? "It shouldn't be. This Yalong tribe has nothing to do with him, and although this person is strong, it is completely incomparable with the masters of the Krypura tribe. If the master of the Krypura tribe is chasing and killing this person, it is impossible to be so safe and sound. "plate

The ancient master said solemnly.

These earth sages are all commander-level figures in the casual cultivator camp. Before the black-clothed elders chased and killed Qin Chen, although the leader of the scattered cultivator camp did nothing, it does not mean that they are completely disregarded of this matter. .

There is absolutely no secret in this person who can make a person of their same level chase and kill so and so violently. "Isn't there anyone else in him?" Jufeng Dizun's eyes were cold, "We secretly encouraged the Golden Bull Demon and others to investigate carefully in this casual repair camp. Tentatively, but so far

So far, nothing has been achieved. "

"Could it be that the person who was chasing and killing the man in black did not enter my casual cultivation camp?"

A well-known commander has many doubts in his mind.

"It's possible."

"It's a pity that the jade slips registered before were directly crushed by the Kryptonite guy, otherwise it would be so troublesome."

One after another voices reverberated in this camp.

"Finally, it will be the day when the Vientiane God Treasure will be opened soon. I'll leave it soon, so it's better to guard this place."

"A small episode, if it's normal, you can spend more time looking it up, but now, there is no need to waste time here."

The Pangu clan master said indifferently, Boom, his figure dissipated directly here.

In the next moment, this breath disappeared instantly.

"Asshole!"

Jufeng Dizun's eyes were endlessly cold, and the other leaders said they wouldn't check if they didn't check, but the golden bull demon he supported was so insulted by the boy of the Yalong clan before, and went straight down. His line was tantamount to face loss.

"Where are the Yalong masters."

Jufeng Dizun became angry from shame, and the Bull Demon clan has a special relationship with him, so he will support the Golden Bull Demon.

In this casual repair camp, all the elders are restrained by the Human Race Alliance. They come from different races. In this casual repair camp, they serve as the leader. One is to accumulate contacts for their own race, and secondly, they can also earn merit. .

And each of the thorns in this casual repair camp, such as the golden bull demon, seemed to rise on their own, but in fact, there were people behind them.

Every commander almost supports a certain strong man, everything is for benefit. In order to investigate the guy chased by the Kryptonites, the other people under the command did not encounter any problems. Only the golden bull demon he supported was repaired, which not only affected his prestige in the casual repair camp, if the bull demon was allowed The people of this clan know, more

It slapped him in the face.

"Yalong!"

There was endless icy chill in the eyes of Jufeng Dizun.

In the casual repair camp.

"Look, that is the Yalong guy who repaired the golden bull demon before."

"It seems that there is one more ruthless person in our camp."

"It's not trivial to be able to humiliate Lord Golden Bull Demon so much."

"However, I haven't heard of this person's background, dare to be so cruel to the golden bull demon, is he not afraid to offend the leader of the camp?"

"I heard that every thorn in this casual repair camp is actually backed by a leader."

Qin Chen walked in the camp of the casual repair camp, and all the casual practitioners around saw him, they were all talking, with shock in their eyes, and they retreated.

In the battlefield of ten thousand races, the strong is respected, and a master of the Yalong tribe who can repair golden bulls and demons, no one dares to provoke easily.

Originally, many people like this master would not only not provoke them, but they would even come forward and make friends.

Who doesn't want to be friends with the strong? But what Qin Chen did to the Golden Bull Demon before has caused many people to stay away. Once they make friends with Qin Chen, it is tantamount to openly antagonizing the Golden Bull Demon. If the news reaches the Golden Bull Demon, how can they Can continue to work here

The camp is mixed.

After all, the golden bull demon is the local snake of this casual repair camp, and has been developing here for many years.

"In that case, the Jufeng Earth Venerable should be the commander behind the Golden Bull Demon."

Qin Chen heard the discussion around him, his face expressionless, but he sighed in his heart.

Originally, he was also going to stay in this casual cultivator camp for a while, and then follow this casual cultivator camp to the Vientiane God Treasure, after all, there must be masters in this casual cultivator camp who went to the Vientiane God Treasury. In addition, Qin Chen also received news that in addition to the pre-existing quota tokens for all major alliances and forces, the Vientiane God Treasury also has other means to obtain quotas when it is opened. This also causes that all forces will Very much

Many experts go.

But now...

This casual repair camp is afraid that it can't stay.

Before Qin Chen clearly felt strong anger and dissatisfaction from the eyes of Jufeng Dizun. "How can there be such a coincidental thing? Not long after I entered this casual repair camp, the golden bull demon directly recruited his subordinates, and, as far as I know, he recruited his subordinates, as well as the strong from several other regions, and , This time solicited, all

A newcomer who just entered the casual repair camp not long ago. "

Qin Chen was very vigilant in his heart. To survive until now, Qin Chen not only relied on his strength, but was also more vigilant than ordinary people.

"The Pangu clan master forced the black-clothed man to retreat. Many leaders in this casual repair camp did not seem to take this matter to heart, but now it seems that they have secretly taken action."

"Fortunately, I shouldn't expose myself now, I just showed the Yalong breath, and that Longwei must not be released."

Qin Chen thought in his heart, his eyes cold.

Longwei belongs to the true dragon family, and although the true dragon family is the top race in the universe, it is also a neutral race like the Kryptonite race.

It is normal for a Yalong master of the Yaozu to join the Sanxiu camp, but a neutral true dragon who joins the Sanxiu camp will immediately attract attention. This is definitely a problem.

"Go find another cave mansion." Qin Chen pretended to be okay, and walked to the depths of the casual repair camp.

[Chapter 3848: Follow in secret](#)

Qin Chen's previous camp cave had been destroyed by the golden bull demon. Fortunately, there were a large number of camp cave houses in this loose repair camp, and Qin Chen quickly found a new cave.

"The top priority is to refine the thousand-year light first."

In the cave, Qin Chen shut off all perceptions from the outside world, immersed in the refining of the thousand-year light.

In the commanding camp in the depths of the casual repair camp.

A pair of cold eyes stared at the location of the cave where Qin Chen was.

"That kid, in this situation, still has a leisurely sentiment to enter the cave mansion to practice, just like a okay person?"

Jufeng Dizun frowned.

"This son, there is absolutely a problem."

For some reason, he always felt that there was something wrong with Qin Chen, but he didn't know what it was.

"My lord, the golden bull will see you."

At this time, outside the camp, one of his servants respectfully asked to show him.

"Let him in."

Jufeng Dizun said coldly, and then sat on a chair.

After a while, the golden bull demon walked in from outside the camp, saluted the Jufeng Land respectfully, and then said: "Commander of the Jufeng Land respect, you have to be my master."

The golden bull demon was very depressed, but he obeyed the order of Jufeng Dizun before he went to recruit the newcomer, but who had thought that his reputation was greatly damaged.

"I know about this, you can go back."

Jufeng Dizun was very upset and said directly.

The golden bull demon was startled, but he dared not say anything, but was extremely disappointed in his heart, and turned around to leave the camp.

"These days, you stare at that kid, and if that kid does anything, let me know as soon as possible."

When the golden bull demon walked to the entrance of the camp, the cold voice of Jufeng Dizun came.

The golden bull devil's heart suddenly showed ecstasy, and said excitedly: "Commander, this matter will be handed over to his subordinates."

After speaking, leave directly.

"Master Golden Bull Demon, what did the leader of Jufeng say?"

As soon as the golden bull demon returned to his camp, a group of people stepped forward nervously.

"Huh, the leader of Jufeng asked us to stare at that kid." The golden bull demon sneered at the corner of his mouth, and his eyes showed cold excitement: "You guys, stare at that kid, and let me know if you have any action."

"Yes, my lord."

The group of Golden Bull Demon's subordinates were also very excited, and they left immediately. Although Jufeng Divine Venerable didn't say anything, everyone knew that Jufeng Divine Venerable asked them to stare at Qin Chen.

"Hmph, offend us, and see how your kid died when he turned around."

In this camp of loose cultivators, the Jufeng Dizun naturally couldn't do anything to Qin Chen, but once the opponent left the camp, it was hard to say.

The personnel in the casual repair camp are complicated, and there are often some hostile races joining together, and there will be some disputes and battles outside the market, as long as it does not happen in the camp, no one will take care of it.

In the camp where Qin Chen is.

The halos continued to bloom on Qin Chen's body, and as Qin Chen breathed, the halos flashed darkly on Qin Chen's body.

In Qin Chen's body, a section of light surged in his body, and it was constantly undulating along with Qin Chen's breathing.

In the end, this ray of light was completely integrated into Qin Chen's physical body, and completely integrated with his body's cells. From a distance, Qin Chen's body seemed to be transformed into a light, and the whole person became transparent. At first, the flesh and blood and meridians in his body were looming, but in the end, Qin Chen's body was completely transparent, like Became one

A light man.

"Thousand-year light!" Qin Chen's body has a faint transparent halo, and the flesh is completely integrated with this light, as if every cell of the flesh has turned into a light, a force with an endless emptiness. In Qin Chen's body, this

The power is very secret, but powerful and unpredictable.

Qin Chen closed his eyes, immersed in the power. "It deserves to be a treasure from the primitive secret realm of the universe." Qin Chen sighed softly. Thousand-year light, rumored to come from a primitive secret realm in the universe, constitutes this thousand-year light, which is the power of space remaining after the universe has operated for hundreds of millions of years. Formed a

The intercepted millennium light.

Thousand-year light is very scarce, but extremely tyrannical, the cosmic secret realm is so dangerous that most people cannot easily break into it.

After comprehending the thousand-year light, Qin Chen instantly understood the cosmic space artistic conception contained in the thousand-year light, making Qin Chen's body instantly seem to be fused with this cosmic space.

Of course, this was just an illusion, but it represented Qin Chen's understanding of the artistic conception of the universe and another breakthrough.

Hum!

Qin Chen walked in this cave. After he evolved this thousand-year-old light power, the cosmic space on the battlefield of ten thousand races instantly became much weaker.

"If I had felt this thousand years of light before, the black-clothed man would not want to chase me down, I am afraid it would not be so easy. Even if I don't enter this casual cultivator camp, there is still a chance."

Qin Chen sighed.

Although the perception of these thousand years of light did not directly improve his cultivation level, the deeper the perception of the universe, the more terrifying Qin Chen's strength naturally became, especially when he was fleeing.

With Qin Chen's previous grasp of the universe, it is difficult to escape the tracking of the master of the earth.

But after mastering these thousand years of light, Qin Chen was able to integrate with the void more perfectly during the flight, and even better conceal his aura. This would naturally make his survival in the battlefield of ten thousand races more secure.

"It's time to leave here."

Qin Chen's eyes flashed and he walked directly out of the camp. He didn't hide his figure, and flew straight out of the casual repair camp.

"My lord, that kid left the cave and seems to have gone outside the camp."

As soon as Qin Chen walked out of the cave, he was watched by many people and quickly passed the news to the golden bull demon.

"Staring at him, I will immediately inform Master Jufeng Dizun."

The golden bull demon said excitedly, shook his figure, and swept towards the depths of the camp.

Whoosh!

Qin Chen left the camp from the other direction. After arriving outside the camp, Qin Chen quietly moved the way of fate in his body.

"It seems that the man in black has already left?"

The way of destiny worked, but Qin Chen did not perceive the slightest aura of the earth-sovereign in black.

Qin Chen's heart was completely let go, which showed that the other party should have left.

Whoosh!

After that, Qin Chen flew directly towards the wasteland of the ten thousand race battlefield.

"Go, follow up."

In the camp behind Qin Chen, a group of people sneaked up. The battlefield of ten thousand races, the wasteland is boundless, Qin Chen holds a jade slip in his hand, which records the location of the secret realm of the Vientiane God Store. This time he is going to go directly to the Vientiane God Store. According to the information he received, wait for him. When they arrived, the Vientiane God Treasure had already been opened.

[Chapter 3849: Don't let me meet you again](#)

Whoosh!

Above the endless wasteland, Qin Chen swiftly swiftly, his figure is like electricity, between the heaven and the earth, the mighty atmosphere of the ten thousand race battlefield circulates, barren and primitive.

Qin Chen flew straight towards the place where the Vientiane God was hiding.

Now it is too late for the Hui Wala tribe, and must go to the Vientiane God Treasure as soon as possible.

"Where does the kid go alone?"

"No matter where he goes, we just have to follow. The Golden Bull Demon has already notified Jufeng Earth Zun that he has arrived, and the kid cannot escape death."

Behind Qin Chen, several powerful men followed Qin Chen cautiously, a map appeared in their hands to check.

But just after they entered a mountain col, they were suddenly startled, and they saw that Qin Chen suddenly stopped after entering the mountain col.

"The kid stopped?"

"What happened?"

"No, he saw us."

Not far away, those strong men who followed Qin Chen secretly saw Qin Chen in the mountain col suddenly turned his head, stared at it, and stared at them instantly.

Suddenly, endless horror appeared in the eyes of these powerful men, and it would be natural for them to follow Qin Chen. But if they want to do something with Qin Chen, how dare they?

"Resolve these troubles first."

In the mountain col, Qin Chen's eyes were cold.

He had known that these guys had been following him in secret, but for Qin Chen, these guys in front of him were nothing. The only thing that worried him was the man in black.

Hum! Qin Chen raised his hand, booming, a mighty dragon aura burst out of Qin Chen's body, roaring, he saw invisible sword auras rising in the endless void, these sword auras circulating wildly, and then in the world Horrible

The sword light long river.

In the river of sword light, all sword qi surges, densely packed, like a vast ocean, directly crushing the masters who followed Qin Chen.

"Block it!" There was endless panic in the eyes of several of them, and they roared, roar, roar, and each of them showed their own magical powers, and a master with a long black horn directly spit out A black knife pill, knife pill

The black blade light was surging, and a sky was formed instantly.

There was also a master with white hair on his face, and a white battle flag appeared in his hand. The white flag was hunting and hunting, covering the sky and the sun, and there was a universe inside, as if it contained a world.

There is also a master, whose body is directly turned into a black hole, blooming with endless swallowing meaning.

Rumble!

All kinds of treasures surged, rising into the sky, blooming with all kinds of light, these powerhouses, one by one with savage eyes, wanted to stop Qin Chen's attack.

I saw their attacks quickly merged together, and a terrifying pressure broke out, and the power of one was increased several times. They have been on the battlefield of ten thousand races for so long. They are naturally quite experienced. They know how to take action in a crisis. Relying on their individual strength is naturally not good, but once they join forces, they can explode amazingly. Prestige can.

They only need to wait for the Jufeng Divine to arrive, and they will be safe, and it is not far from the casual repair camp. It can be said that as long as the Jufeng Divine gets the news, they will be able to arrive as soon as possible in extreme time, and they will naturally be there. Unharmful.

"Block!"

boom!

These powerhouses shot frantically, raising their strength to the extreme in an instant.

"Huh!" Qin Chen's eyes were cold, staring at the group of masters in front of him. On his left and right hands, two rings appeared instantly, one was the sword ring of the evil spirit, the other was the ring of the war spirit, the endless evil spirit sword. At the same time, the monstrous Jianhe

There was also a strong flame of war.

The entire Jianhe seemed to burn instantly.

boom!

The terrifying Jianhe Gailuo immediately collided with the attacks released by those strong men.

Bang bang bang!

The heavens and the earth shook, and the many sword pills, white flags and other treasures displayed by those powerful men were swept by the Taotian Sword River and shook suddenly. Suddenly, many treasures were directly suppressed, and they could not withstand the slightest attack by the Taotian Jianhe.

"Do not!"

These people screamed in anger, their eyes rounded, and their bodies were swept away by the endless sword river, and disappeared. In the void, the power and blood of the Dao Dao sages filled the air. Qin Chen took out the black market order and instantly absorbed the merits of these sacreds, and then raised his head. Vaguely, Qin Chen felt that the distant sky was a terrible The breath is coming quickly

.

"Jufeng Earth Zun!"

Qin Chen's eyes were icy chill, "Don't let me meet you again next time." Qin Chen's whole figure flickered, and quickly escaped into the void. He moved the power of space and his body glowed, between reality and illusion. At that time, Qin Chen turned the law of thunder in his body, banging, turning his whole person into a thunder light, and suddenly disappearing

Fang Tiandi.

boom!

Not long after Qin Chen left, a terrifying figure suddenly appeared in this mountain col.

This person was full of icy chills, and his eyes stared into the void, like the eyes of a **** of death, with an absolutely overbearing aura.

It is Venerable Jufeng.

Venerable Jufeng came to this world, staring at the many auras in the mountain col, suddenly a cold chill burst out of his eyes.

"not good!"

Jufeng Dizun's face suddenly became difficult to look.

Whoosh!

Immediately after that, another golden stream of light swept over, and instantly descended in the mountain col. Seeing the Jufeng Divine Venerable standing here, his face couldn't help but reveal a little doubt. "Master Jufeng Dizun, where's that kid?" The person who came was the golden bull demon. When he saw the empty mountain col, his face changed suddenly. He took out a piece of jade slip in his hand and kept sending out messages, but he didn't care about him. How to send a message, all

There is no answer at all.

"No need to post, your subordinates should be dead."

Jufeng Dizun said coldly, booming, he reached out with his right hand, and suddenly, the aura that had dissipated between the heavens and the earth slowly appeared again, and you could see that a river of swords appeared in the void.

This is just a phantom, a phantom of the avenue remaining in this void.

But it is enough to verify what happened here before.

The face of the golden bull demon suddenly became difficult to look, and he said in disbelief, "Master Jufeng Dizun, the kid has just left the cave, I will inform you as soon as possible. In such a short time, how could that kid..."

The golden bull devil's heart was surging in disbelief, how long was he arriving late? Those of his men have already fallen? Moreover, what about the masters of the Yalong clan? The golden bull demon even looked at the Jufeng Earth Venerable. Although Qin Chen was not here, the golden bull demon knew very well that as long as the Jufeng Earth Venerable was willing, the kid could not escape here.

[Chapter 3850: Glimpse into nothingness](#)

"Huh, want to escape the chase of this seat? It's ridiculous, just because this seat is still worried that there is no reason to shoot against that kid, since that kid dared to kill the warriors in the Sanxiu camp, no one can say anything about this one against him. Gossip."

Jufeng Dizun closed his eyes, and suddenly, an invisible force followed the body of Jufeng Dizun and swept away in all directions.

Hum!

This force, with mighty pressure, swept in all directions at an astonishing speed. "

"A glimpse of nothingness!"

The golden bull demon's eyes condensed, his expression shocked.

Appeared, this invisible power is exactly the famous Void Peeping Law of Jufeng Dizun. Under the Void Peeping Heaven of Jufeng Dizun, within a radius of millions of miles, it is impossible for anyone to avoid the Jufeng Dizun. Tracking.

In the void of this party, an invisible breath continued to spread outward, ten thousand li, one hundred thousand li, one million li...

This powerful force swept away, and instantly enveloped millions of miles of heaven and earth.

Within a million miles, almost all the breath appeared in the mind of Jufeng Dizun.

"My lord, did you find it?"

The golden bull demon spoke, killing intent surged in his body, Qin Chen actually killed his men, and his heart was naturally killing intent.

He just asked about it regularly. In his opinion, Master Jufeng Dizun was almost impossible to fail.

"Ok?"

But Jufeng Dizun frowned, and in his perception, there was no Qin Chen breath at all.

"impossible!"

Jufeng Dizun opened his eyes, with an incredible expression in his eyes.

"boom!"

Another terrible breath filled his body, covering a million miles of void at an astonishing speed.

No, still not.

No matter how he probed, there was no trace of Qin Chen in these millions of miles of heaven and earth.

"Could that kid have run out of this million miles of nothingness?"

Jufeng Dizun was unbelievable, and the speed of this kid was too terrifying.

"I don't believe it anymore."

boom!

Jufeng Dizun continued to urge the Void Peeping Heaven Dafa, the towering breath, surging crazily, continuously expanding outward.

Two million miles!

Three million miles!

Five million miles! After a distance of more than a million miles, the power of Jufeng Dizun's Void Peeping Heaven Dafa will quickly weaken, and it is possible to perceive scenes farther away. However, in many cases, it cannot be absolutely mastered and may be stunned. , But in Kyoho

From Zun's point of view, it is impossible to blind his perception with Qin Chen's strength.

However, after the Void Peeping Heaven Dafa of Jufeng Dizun was released to the limit of five million miles, Qin Chen still could not be found.

"impossible!"

Jufeng Dizun opened his eyes, and his heart sank completely.

He probed carefully for a long time, and finally had to admit that Qin Chen had broken away from his perception and disappeared on the battlefield of ten thousand races.

"Humph!"

Jufeng Dizun gave a cold cry and rumbling. This mountain col burst into pieces, countless rocks turned into a stream of pitch-black particles, which instantly dissipated, and Jufeng Dizun looked around angrily.

"Master Jufeng Dizun."

The Golden Bull Demon asked nervously, and he also saw something was wrong.

"That kid has already run away, go, go back!" Jufeng Dizun coldly shouted.

"Run... ran away?"

The golden bull was stunned.

"Master Jufeng Dizun, that kid is definitely still nearby. The subordinates will inform you as soon as possible. In such a short time..." the golden bull demon said anxiously. "It's meaningless." Hurricane Dizun glanced at the Golden Bull Demon dissatisfiedly, his eyes cold, "The Vientiane God Treasure is about to open, and I have to leave soon, otherwise we will not be able to make the first wave of entering the Vientiane God Treasure team. Waste too much time here

between. "

Jufeng Dizun also doubted whether Qin Chen had treasures hidden nearby. It was almost impossible to escape from his emptiness in such a short period of time.

However, Jufeng Dizun finally gave up.

Even if Qin Chen was nearby, it would be difficult for him to find the other party without any clue in this vast world. What's more, when the Vientiane God Cang was opened, he had no time to waste here.

The Jufeng Earthzun turned around, stopped speaking, and flew directly to the Sanxiu camp, while the golden bull demon looked angry. In desperation, he could only follow the Hurricane Earthzun back.

Whoosh!

In the endless void, Qin Chen is between reality and illusion.

"The Jufeng Earth Zun should have gone back."

Perceiving the disappearance of that invisible power, Qin Chen breathed a sigh of relief.

"Fortunately, there is a thousand-year light, otherwise, it is really possible to be discovered by the giant peak earth."

Qin Chen flew in the void, swiftly rushing towards the Mystery of Vientiane God Hidden.

Zerg camp.

The Wala tribe's camp is lively at the same time, but it also has a murderous atmosphere.

"Gu Limo, when you went to collect the Black Gold Zerg, didn't you have any news from adults?" Stabbing Sky Qiong rubbed his eyebrows, his body was terrifying killing. When they returned to the Wala clan camp, they immediately launched an attack on the Black Gold Zerg. In the Zerg, the annexation of the two races is extremely common. After the loss of Camilla and other powerhouses, It only took a few days of work

Husband, Stabbing Sky and they completely annexed the Black Gold Zerg into the Wala Zerg.

In addition, Stabbing Sky and the others have been looking for Qin Chen's traces these days, waiting for Qin Chen's return, but these days have passed, but there has been no news of Qin Chen, making Stabbing Sky and the others worried.

However, they also had no way to contact Qin Chen, they had to wait.

"I hope my lord will be fine."

Even if they had annexed the Black Gold Zerg, coupled with the harvest in the black market, their overall strength of the Wala Zerg was now doubled, but they were not excited at Stabbing Sky Qiong and Gu Limo.

Wait, they can only wait, or... tell Tu Tian and Tu Moyu adults, as two adults, maybe they can think of a solution.

Stabbing Sky Hesitated for many days, and now finally couldn't wait any longer and decided to do so.

Still, he was just about to contact the dead demons.

at this time.....

boom! An incredible power came to their Wala camp in an instant, and diffused away. Suddenly, their entire Wala camp was shrouded by this terrifying force, completely covered in it, and the whole world was completely covered. Be controlled

.

The masters such as Stabbing Sky Qiong and Gu Limo were all restrained by this invisible force.

"who?"

There was a trace of horror in the eyes of Stabbing Sky, such a terrifying power, is definitely an earthly master. They rushed out of the camp with difficulty. At this moment, the entire Wara tribe's camp was mobilized, and countless Wara tribe armies were full of terrible auras, and they obviously knew that a powerful enemy was coming.
