

## Valkyrie 3851

### [Chapter 3851: Who gave you the courage](#)

Over the Wala camp, a towering figure descended over the Wala camp. This is a Zerg master, he is thousands of meters tall, he is completely dark, with cicada-like wings behind him, and has a pair of golden eye pupils, and two dark red curved horns on the top of his head. The golden eye pupils seem to see through the whole piece. Wala camp,

Make the surrounding space shudder.

boom!

All areas of the entire Wala clan camp, no matter that space, are bound by a terrible force.

"Golden Eye Zerg!"

"This is the Evil Eye Earth Venerable of the Golden Eye Zerg!"

"How could he come to my Wala clan!"

In the Wala clan camp, masters such as Gulimo, Konemo, and Qi Buman all showed horror.

The Golden Eyed Zerg, this is an extremely terrifying Zerg in the Zerg tribe. It is much stronger than the Wrath Zerg, and it is not above one level at all, and the Evil Eyed Zerg has amazing strength and unpredictable magical powers.

When these Zerg masters arrived, they immediately gave them an extremely strong shock, and they did not dare to move. Not to mention the power of the Evil Eye Divine Sovereign to reach the sky, he alone has the power to destroy his Oara clan. Even if they have the ability to resist, they dare not resist at this moment, because once they offend the Golden Eyed Zerg clan, it is not like Offend the Black Gold Zerg

, With the status of the Golden Eyed Zerg, the Wala tribe can be difficult to move among the Zergs, be excluded by all the Zergs, and eventually be obliterated.

"I have seen Master Evil Eye Dizun, but I don't know if Evil Eye Dizun has come, my Wala clan has missed a long way to welcome him. Please forgive me."

Stabbing Sky Qiong hurriedly stepped forward and saluted respectfully, but he was nervous, because he had never met the Wala tribe and the Golden Eyed Zerg tribe, and I don't know why the other party came.

"Are you the leader of the Wala Clan Stabbing the Sky?"

Standing in the void, the Evil Eye Divine Master instantly controlled the situation of the entire camp. His golden pupils coldly fell on the body of the sky piercing sky, as if he could see through the heart of the sky piercing sky.

"It's under."

Stabbing Sky Qiong respectfully said, but his heart sank, and the other party said his name. This gesture was not like passing by accidentally, but as if he came deliberately.

"Wala Zerg!"

A trace of coldness passed through the Evil Eye's Golden Eye.

"Humph!"

boom!

The time and space around Stabbing Sky Qiong was bound fiercely, as if an invisible giant grabbed Stabbing Tianqiong and squeezed tightly, trying to break the whole body.

"what!"

This is the power of the earthly respect, directly descending on the stabbing sky, making the stabbing sky feel a terrifying force coming, and there is pain in the whole body.

But he didn't dare to resist, he just said in horror: "I don't know where the Wala tribe has offended Lord Evil Eye, Master Evil Eye, and I would like to ask Master Evil Eye to express."

"Huh, I don't know where you offended this seat? I heard that you Wala tribe colluded with the human race and betrayed my Zerg. When you saw this seat, you didn't quickly hand over the other party and honestly explain your problems."

Evil Eye Dizun coldly shouted.

"I don't know what you said, Lord Evil Eye?"

Stabbing Sky Qiong said in pain, but his heart sank, because he knew that something happened when they followed Qin Chen's order, but how did Master Evil Eye Divine know?

Stabbing Tianqiong's heart was frightened, and the news that Qin Chen came to his Wala clan, no one knew about it except his Wala clan. According to the truth, this Evil Eyed Dizun was even more unlikely to know.

wrong! In addition to his Wala tribe, the Black Gold Zerg and others in the black market also know some news of Qin Chen. It is just that Camilla of the Black Gold Zerg has died, and even the entire Black Gold Zerg has been incorporated by their Wala tribe. Only know

The one who said this should be the master of the earth who tracked them.

Could it be said that Lord Demon Chen escaped the tracking of the Lord, so the Lord used the Evil Eye Earth Lord to inquire about Lord Demon Chen's identity?

As soon as this thought came out, Stabbing Sky Qiong's heart instantly became transparent.

The adults should be fine.

For some reason, guessing at this possible piercing sky firmament felt an instant relief.

"Don't know what I said?"

Evil Eye Dizun's eyes were cold, "In front of this seat, do you dare to play tricks?"

Chi Chi Chi Chi!

A terrible force of the earthly sovereign entangled in, stabbing the sky and even burning the energy of the venerable to resist, but the surrounding constraints continued to skyrocket and increase, and that failed and continued to improve.

Chi Chi Chi Chi...

Stabbing Sky Vault continued to wear away under this pressure, and the strength of the Venerable in his body rapidly decreased.

The intense pain made Stabbing Sky Qiong look hideous, but he just said, "I really don't know what you said, Lord Evil Eye."

"Hmph, do you really think I dare not kill you?" Evil Eye said in a respectful voice, "Sting the sky, you are not afraid of death, think about everyone in your race, is it worth it for a fellow of the Human League? You wala It's not easy for the clan to grow to this point. As far as I know, you just annexed

Black Gold Zerg, there is still a long way to go, as long as you hand over that guy's whereabouts and tell his origins, this seat will let you go. "

"Sir, Evil Eye, I really don't know what you are talking about."

Stabbing Sky Qiong gritted his teeth and said, "If I know, I know everything, but I don't know anything now, what do you want me to say?"

"Okay, very good, it seems that you would rather your Wala clan be annihilated than to hand over that person."

Evil Eye Dizun coldly snorted, and his eyes suddenly looked at Gu Limo and other venerables of the Wala tribe, who were the backbone of the Wala tribe.

"boom!"

I saw a monstrous breath and instantly wrapped them.

"what!"

Gu Limo and other masters suddenly roared in pain, and in front of the Evil Eye Earth Venerable, they couldn't even resist. "The patriarch of the Wala tribe doesn't know each other, but I think you, as the venerable of the Wala tribe, are afraid that you don't want to see your tribe being annihilated because of an outsider. As long as you tell the origin of that guy, I will let you go. "The evil eye is cold and cold Tao.

"The patriarch is right, I really don't know what you mean, sir. My Wala tribe does not collude with the people of the human alliance." Gu Limo said in pain.

"It seems that you are toasting and not eating fine wine."

Evil Eye Dizun was completely angry, rumbling, he suddenly raised his hand, and immediately, a horrible black evil spirit entangled from his hand and turned into a billowing black cloud, covering Gu Limo and them.

"Since you are unwilling to say, then I will search for your souls, but you should know that it is extremely difficult for you to search for your souls with your cultivation base. It is very likely that you will be astonished on the spot, but that is what you forced mine."

Evil eyes respectfully said coldly, this black power instantly enveloped many venerables of the Wala tribe.

"You...Stop it!"

Stabbing Sky Qiong furiously said, seeing that the evil-eyed earth-zun was about to search for the souls of Gu Limo and them.

suddenly.....

"Hmph, your Excellency is so courageous. Without the permission of this seat, you have to search for the soul of the Oala Zerg under this seat. Who gives you the courage."

Boom! Between the heaven and the earth, a cold anger sounded, and immediately afterwards, the endless devilish energy came and enveloped the world.

#### [Chapter 3852: Mako Adult](#)

"who?"

The Evil Eyed Zun suddenly turned his head, rumbling, and he saw the distant sky, a mighty breath descending, and boundless demonic energy surged like a vast ocean, sweeping toward the Evil Eyed Zun.

"Devil?"

Evil Eye Dizun's heart was shocked. Although he was a master of the Golden Eye Zerg clan, he was much weaker than the Demon Clan, and he could not easily offend any Demon Clan.

The Demon Race is the top race in the Demon Race Alliance, and their Zerg, although they are also one of the peak races in the universe, their status in the Demon Race Alliance is far from comparable to that of the Demon Race.

Stabbing Sky Sky was also shocked and looked up. Above the endless sky, a stream of light swept across. This is a figure shrouded in demon energy, exuding a vast atmosphere of demon.

And beside this person, there was also a figure with a monstrous demon flame on his body. The vast divine might swept away, and he was also an earthly respecter, but this earthly respecter followed the young demon in front of him. , Respectful.

"Dead Demons."

Stabbing Sky Sky's expression became excited. Although he didn't know who the person in front of him was, he could feel the strong breath of the dead demons from the opponent.

The Dead Mozu is his immediate boss of the Wala clan.

"Dead Demons?"

Evil Eye Earth Zun also exclaimed, his eyes showing solemnity.

The Dead Demon Race, that is the top race in the Demon Race second only to the Abyss Demon Race, let alone his Golden Eyed Zerg race, even the pinnacle race among their Zerg races, they may not dare to confront the Dead Demon Race.

boom!

With the arrival of the master of the Demon Race, a similarly terrifying wave suddenly appeared, and at the same time enveloped the entire Wala Clan camp. The terrible power that originally restrained the Stabbing Sky Sky and them collapsed instantly and burst into pieces.

call!

Under the gaze of everyone, the young dead demon clan master and the earthly master master behind him flew all over, and went straight to the sky above the Wala clan camp.

"Who are you, who gave you the courage to do something against the Wala tribe under my command?"

The young master of the dead demon clan stared at Evil Eye Dizun, his eyes cold. "This Lord of Evil Eye is a member of the Golden Eye Zerg, and who is your Excellency?" The Lord of Evil Eye took a deep breath, and his heart was angry. Although the person in front of him is only a human being, he is a member of the dead demons. , Not to mention that this person is still watching around

A master of earthly respect, his aura, suppressed, changed his color, and he did not dare to move.

"Who am I? You moved me and asked who I am?"

The young master of the dead demons said coldly. "Master Demon, do you want the old slave to take this person for you?" The master of the earthly master behind the dead demon race took a step forward, rumbling, every inch of space in the entire void was shaking, and the evil-eyed earthly master was in control before Every inch of time and space is plundered

, Obviously the master of the dead demon race is vying for control of the time and space around the evil eye.

"Master Demon?"

Evil Eye Dizun looked at the young man of the Dead Demon Race in shock, this person turned out to be the demon son of the Dead Demon Race? It's no wonder that there is a master of the earth to follow.

The demon is equivalent to the heir of the dead demon clan, such an identity is no small thing.

"Master Demon? Could it be Master Tu Moyu?"

They were excited and excited one by one, no wonder they would stand up for them, it turned out to be Lord Tu Moyu, so their Wala clan must be safe and sound. "It's this demon, huh." The young master of the dead demon clan's eyes were cold, and suddenly moved. He slapped him towards the Evil Eyed Zun, his face changed drastically, and his body exploded quickly. A terrible breath, avoid the magic

Yu's attack was just that his breath had just exploded, and the earth-sovereign behind Tu Moyu gave a cold snort, and a terrible aura suddenly burst out of his body.

boom!

Void trembles, a terrifying demon aura descends, and a terrifying dark power fills up, the billowing dark aura surges, and the Evil Eye Earth Zun is instantly bound.

Snapped!

Tu Moyu slapped Evil Eye Dizun severely with a slap, and immediately flew him upside down, a trace of blood overflowing from the corner of his mouth.

"Dead Demons!"

The evil-eyed earth-sovereign uttered an angry roar and boom, and the power of the worms in the body spread out, and the terrible earth-sovereign's might shook, and suddenly opened a crack in the dark power that bound him, and the monstrous aura shot into the sky.

shame.

Endless shame.

As a master of the Golden Eyed Zerg, he was slapped by Tu Moyu alone. The anger in his heart can be imagined. The sky and the earth suddenly fell apart, and there was a feeling of doomsday destruction.

"Evil Eye Earth Sovereign, do you want your Golden Eyed Zerg clan to be annihilated?"

Tu Moyu remained silent, just staring coldly at the Evil Eye Di Zun, without a trace of fear, some of his eyes were just cold.

"you....."

A trace of anger flashed across the golden eyes of the Evil Eye Dizun.

The Demon Child of the Dead Demon Race is the future heir of the Dead Demon Race and an extremely important figure in the Dead Demon Race.

If you kill this person yourself, once the Death Demon Race becomes angry, I am afraid that it will be exactly as the other party said, and the entire Golden Eyed Zerg Race will be destroyed.

The footsteps of Evil Eye Dizun suddenly stopped, his eyes were angry, but he did not dare to move.

"Hmph, thank you for not doing it, otherwise, today will be your death date."

Behind Tu Moyu, the elder of the dead demons sneered gloomily.

The expression of contempt made Evil Eye Di Zun extremely angry, and his heart suffered endless humiliation.

He had forgotten that he had treated the Wala people in the same way before.

Whoosh!

Tu Moyu went straight to Stabbing Sky, and said lightly: "Are you the Wala Clan Stabbing Sky?"

"It's the subordinate."

Spike Sky Qiong hurriedly took Gu Limo and others to kneel down.

Wow!

Tens of millions of Zerg knelt down together, with an amazing aura. "Who is this demon, you should know, where is that adult? Where did you go?" Tu Moyu's eyes were a little disappointed, he? He came here precisely for Qin Chen, but in this Wala clan camp, But he did not perceive Qin Chen's

breath. "Master Tu Moyu, the subordinates of that adult don't know where he went. When I came back from the black market, I was targeted by a mysterious master. That adult waited for me to lead away the mysterious master alone. There is still no news, and this golden pupil

The Evil Eye of Zerg came for that adult too..." Stabbing Sky Qiong said hurriedly.

what?

Tu Moyu's face suddenly changed, and his master was chased down? What exactly is going on?

He immediately grabbed the piercing sky and yelled.

Thorn Sky Qiong hurriedly reported what happened in the black market to Tu Moyu. Many things that happened in the black market before were confidential, and he naturally couldn't openly talk about it.

"Master he was chased by the earth-zun? And this evil eye earth-zun actually came for the master?" Tu Moyu's heart suddenly became frightened, swish, his body flickered, and he suddenly appeared in front of the evil eye earth-zun, Huh, lifted his palm, and slapped again towards the Evil Eyed Zun.

#### [Chapter 3853: Endless whirlpool](#)

"You..." Evil Eyed Dizun didn't know what Stabbing Sky Qiong had talked with Tu Moyu, only knew that it seemed to have something to do with an adult, and then saw Tu Moyu angrily shot at him. The monstrous anger shocked Evil Eye Di Zun's heart, even

Don't even dare to resist.

With a bang, the Evil Eye Earth Zun was once again slammed out, and with a bang, a puff of original demonic energy poured directly into his body, shaking him out, and spit out a mouthful of blood.

He looked at Tu Moyu in amazement. Although the aura on Tu Moyu's body was only a human being, the power that burst out was extremely terrifying.

"Say, did you send you here?" Tu Moyu said coldly.

"I don't understand what you said!" Evil Eye Dizun said in anger.

"I don't know what to say? Are you still installing garlic here? Viciously respected, the horse sent me an order to mobilize the army of the dead demons on the battlefield of ten thousand races and slaughter the golden pupil zerg race." Tu Moyu said coldly.

"you....."

The eyes of Evil Eye Dizun suddenly rounded.

"Yes!"

The elder of the dead demon clan behind Tu Moyu respectfully said, and then took out the transmission information, and then proceeded with the transmission. "Can you tell me now? Why are you investigating the adult of the Wala tribe? Who sent you? What is the relationship between you and the earth-sovereign who hunted down the adult in the black market?" Tu Moyu's eyes were cold: "I only give you one chance, if you make a mistake

In a word, there will be no more Golden Eye Zerg in this world. "

Tu Moyu's tone was indifferent, and his voice was not loud, but Evil Eye's heart was chilled.

This kind of deterrence is the most terrifying, because he knows that the Tu Moyu in front of him definitely has this strength, this is the devil of the dead demon race.

"The lord..."

Evil Eye Dizun was horrified, and he knew at this time that all this was caused by the guy he came to find.

Moreover, the demon of the dead demon race can be called an adult, this...

Stormy waves surged out of Evil Eye Dizun's heart. He didn't expect that there should be such a strong background behind that person, and what kind of person would it be that the dead demon clan demon could be called an adult.

"Yi Guyi..." Evil Eyed Dizun roared in his heart, full of endless anger at the black-clothed man, and hurriedly explained: "Tu Moyu Demon, is the windy Zun of the Krypura clan. "

"Feng Dan Di Zun?" Tu Moyu said coldly.

"Yes, this person went to a certain secret with me back then. He is a good friend of mine. He lives in the black market all the year round. He came to tell me not long ago that the Wala had betrayed my Demon Alliance and turned to a master of the Human Alliance... .."

Evil Eye Dizun should have said everything he knew.

"Running camp?"

When Tu Moyu heard that the man in black could not catch up with Qin Chen, Qin Chen fled into the casual repair camp, so he asked the evil eye to inquire about Qin Chen's identity, Tu Moyu was relieved.

"Krypton!"

Tu Moyu's eyes were cold, and he respected the evil eye: "Remember, you must not tell anyone what happened here today. If you leak a little bit of news, your Golden Eyed Zerg will never want to gain a foothold in the universe, go away. ."

Evil Eye Dizun looked ugly, turned around and left here.

"Master Demon, the Vientiane God Treasure will be opened soon. I must set off as soon as possible, otherwise, I am afraid that I will not be able to catch up with the first batch..." The dead demon clan old man came to Tu Moyu and said respectfully.

"Then go to Vientiane God Store." Tu Moyu hesitated. He knew Qin Chen's identity. He naturally knew that Qin Chen would be fine if he entered the casual repair camp, and he also learned of Qin Chen from the mouth of the stabbing sky. I also got a token from Vientiane Godzang, and the owner must have gone to Vientiane too

God hides.

"If someone else dares to deal with your Wala clan in the future, then the identity of the demon will be revealed. This is the token of the demon."

Tu Moyu handed Stabbing Sky Qiong a token, and then immediately disappeared into the sky following the old man of the dead demons.

Stabbing Sky Qiong held the token and looked excited. He knew that with this token, his Oara tribe would surely rise, even if it was the top race among the Zerg tribe, he would not dare to insult them easily.

"Dead Demons!"

boom!

In the endless void in the distance, Evil Eye Dizun roared, and his whole body surged with murderous aura.

Humiliation, endless humiliation.

"And Gu Yi, you really killed me..."

The Evil Eye Earth Sovereign roared, if it weren't for the Fengshan Earth Sovereign, how would he be so humiliated today? Who would have thought that this small Wala clan would have such a profound background.

"Go to Vientiane Godzang first, and wait for me to break through Tianzun one day...huh..."

Evil Eye Dizun's eyes were cold.

In the battlefield of ten thousand races, many masters in various camps set off one after another to go to the Vientiane God Store.

In the endless void, Qin Chen was flying quickly, his figure was like electricity, and he was looking at some of the materials hidden by the Vientiane God, all of which he obtained from the casual repair camp.

"The Vientiane God Zang is so dangerous..."

From these materials, Qin Chen obtained some information about the previous Vientiane God Store opened, and couldn't help taking a breath.

"It's completely a place of the law of the strong." Qin Chen couldn't help sighing.

For a full half a month, Qin Chen learned the information while rushing.

Finally, half a month later.

In the boundless world, in a certain area deep in the battlefield of ten thousand races, Qin Chen approached the place where the \*\*\*\* hiding in Vientiane was.

"This is near the location of the Vientiane God Store."

Qin Chen raised his head and saw terrible storms surging in the void in front of him. In the middle of the endless storm, there is a huge vortex, the diameter of the vortex is about hundreds of millions of miles, and it is scattered with endless dazzling colorful light, so that the surrounding space has been completely distorted, and the pressure generated by the vortex channel is ordinary Strong

Will be crushed into nothingness.

"Vientiane God hiding passage!" Qin Chen whispered.

This is the Vientiane God Treasure Channel. Originally, there was no whirlpool here. Once a whirlpool appeared, it meant that the Vientiane God Treasure was about to open.

It's just that this channel has not been opened yet. When the vortex turns into an endless black hole, it is when the Vientiane God Cang is truly opened.

Before Qin Chen got close to the vortex, he felt terrible auras in the void around him.

"Someone is lying in wait in this endless storm."

Qin Chen's eyes narrowed.

Vientiane God cherishes the tokens very much. Every time it is opened, many top forces in the universe will have tokens.

The number of tokens combined with the ten thousand races is an extremely alarming number, otherwise the black market would not auction off the excess tokens of its own power.

A black market can take out ten dollars. The combination of many black markets in the universe, the sold tokens are also an amazing number.

But even so, there is no one in the Ten Thousand Clan battlefield who can really get tokens. Many masters of the forces will enter it uniformly, but some people who get tokens will enter by themselves.

Especially some ordinary races, after obtaining the token, will not follow the large forces. After all, the time for the cosmic races to reach the Vientiane God Zang varies. This also caused some masters who failed to obtain the Vientiane God Treasure Token to hide out of the Vientiane God Treasure, secretly kill those who entered the secret realm, and plunder the tokens from them.

#### [Chapter 3854: Powerful of all races](#)

"Unexpectedly, this Vientiane God Store is so dangerous, just entering it is dangerous."

Qin Chen stood proudly in the void, his gaze flashed, now that the Vientiane God Store has not yet opened, Qin Chen naturally does not rush into it.

"Wait for the Vientiane God Store to open first."

Qin Chen's figure flickered, and suddenly disappeared here, hiding in a void.

And it didn't take long before Qin Chen left.

Whoosh whoosh!

Several figures with masks on their faces and terrifying aura suddenly descended on the place where Qin Chen had been before.

"Should someone be here just now?"

There was a strong aura in these people, searching everywhere, but after a while, they found nothing.

"Hmph, I didn't expect that guy reacted so quickly, he left here the first time."

"It's a pity, that kid came alone, and he might have a token to enter the Vientiane God's Treasure."

"Alas, among the major forces, the talents or the strong who can get the token are basically all come together. We If you want to get the token, you can only ambush these guys who got the token by chance, and you must be a little guy. When can you get a token?

Block token. "

"It's a big deal after the Vientiane God Treasure opens, and I wait to enter the Vientiane Trial. If I can pass the trial, I can also enter the Vientiane God Treasure."

"That's all. Unfortunately, there are so many treasures in the Vientiane God's Treasure. There are many high-end phones that have tokens to enter the first time. Even if I pass the trial, I will enter later. There is basically nothing good in the periphery. "

These guys searched for a long time, and finally disappeared here in a flash.

On a black barren mountain tens of thousands of miles away from the vortex of the entrance of the Vientiane God Treasure, Qin Chen waited silently in the barren mountain cave, cross-legged.

He stared at the vortex of the Vientiane God Store in front of him, the splendid vortex exuding the aura that made the capital tremble, giving Qin Chen a strong shock.

This is the ancient chaos secret realm, which is not trivial. It is weird and unpredictable. Qin Chen's heart is also full of expectation. Just looking at the entrance vortex of the Vientiane God Treasure gives Qin Chen a sense of vastness as if staring at the rotation of the universe.

Before this feeling, only the breath of the ghost galaxy in the black market could be compared with it, but the two were completely different.

Qin Chen was intoxicated in the endless whirlpool.

With the passage of time, Qin Chen vaguely felt a terrifying breath approaching the Vientiane God Store.

These auras quickly approached the Vientiane God Treasure, and it seemed to Qin Chen that it was close, but it seemed very far away.

"This Vientiane God Treasure is really amazing."

Qin Chen knew that these people felt very close to him, but in fact, they were extremely far away, because the entrance vortex of the Vientiane God Treasure seemed to be only hundreds of thousands of miles away, but in reality, these hundreds of thousands of miles spread across countless areas.

It should be noted that the battlefield of the ten thousand races is extremely vast and vast. But anyone who wants to enter the Vientiane God Treasure only needs to be in a specific place on the battlefield of the ten thousand races, and then he can see this vast entrance vortex. These rapidly approaching breaths seem to be nearby, but they are actually very powerful. May be outside the endless territory

The other end of the clan battlefield.

When the Vientiane God Treasure is completely opened, the entire space of the battlefield of ten thousand races will be folded, and anyone located in any special place in the territory can enter it.

This is very similar to the sky trial at the time. When the trial starts, no matter which one of the four heavens in the southeast, northwest, or celestial realm is located, Tianjiao can enter it for the first time.

one day!

Two days!

Three days! When Qin Chen stayed here for the tenth day, rumbling, the entrance of the originally endless vortex of the \*\*\*\* hiding place suddenly trembled, and a trace of black power spewed out from it, carrying the chaotic atmosphere of the opening of the universe. , Put this without

The brilliant rays of light swallowed completely in an instant.

"The Vientiane God Store is open."

On the barren mountain, Qin Chen stood up suddenly.

At the same time, there was an aura of excitement surging in the surrounding space.

Whoosh whoosh!

A figure of a master appeared, looking excitedly at the entrance of the Vientiane God Hidden.

Boom!

After a while, the Vientiane God Zang completely turned into a dark black hole entrance.

"go!"

Qin Chen saw that in the endless void, silhouettes appeared one after another, and some of them flew directly towards the entrance of the Vientiane God Treasure.

"He has an entrance token on him."

"Kill him, take the token."

Boom!

Suddenly, at the entrance of the Vientiane God Reservoir, many powerful people immediately slew out, and they shot strongly at the figure rushing towards the entrance of the Vientiane God Reservoir.

Although these masters are actually located in the endless hundreds of millions of spaces on the battlefield of ten thousand races, no matter where they are, there will naturally be other people in ambush, killing them all at once.

In front of the Vientiane God Treasure, there is no difference between the camps, and there will be mass killings between the same camps, just to get the opportunity to enter the Vientiane God Treasure, and being killed here will not be punished by their respective alliances.

"Kill, take the token."

Qin Chen also slew out from the barren mountain, roaring, there was dragon spirit surging around him, following the masters who appeared nearby, pretending to chase after him.

Just when countless battles started near the tens of thousands of miles away.

boom!

Suddenly, in the endless world, a terrible aura fell.

These breaths are too terrifying, one of them directly descended on a location near Qin Chen, and the vast coercion made Qin Chen look over in horror. Then, Qin Chen saw the black hole vortex that hovered in the sky for hundreds of millions of miles, spreading countless spaces, and there appeared a series of towering figures. not heavy

Stacked.

"Look, it's the strong team of Human Race..."

"There are also giants."

"The monster race is here too."

"That's the demons!"

Amidst the exclamations, the many powerhouses who had fought at the entrance all stopped in shock.

"Strong people of all races." Qin Chen said softly.

Rumble!

I saw groups of teams in various voids, entering the vortex of the Vientiane God Store, and behind those teams, there were terrifying figures standing proudly.

There are giants that reach the sky.

A winged man with colorful wings on his back.

There are two floating between the sky and the earth, seeing through the eternal blood-colored pupils.

There is also a figure with his back facing all beings.

These are the top masters of all races, seeing off the teams of all races in the Vientiane God Treasure.

These powerhouses are all terrifyingly strong, just a ray of aura coming, and the suppressed world is surging, trembling forever.

"Tianzun? Or... Supreme!"

Seeing these figures, Qin Chen felt terrible pressure.

"That is, the human race team." Qin Chen looked at the human race team. The mighty human race team formed a team, all from the top human race forces.

#### [Chapter 3855: That eternal figure](#)

Forces such as Heavenly Work, Star God Palace, Dayu Shenshan, etc., according to their strengths, have fixed quotas for entering the Vientiane God Treasure, and most of the tokens are obtained by people from this top power.

"I don't know if Wuxue and the others are inside?" Qin Chen looked at the human race team too far away. He could only perceive slices of breath, but couldn't see everyone. This is the top master of each race shielding his subordinates. Everyone's breath is not known to people of rival races who are there

Entered the Vientiane God Treasure to avoid being targeted and ambushed.

In addition, all races have masters of the Earthly Sovereign to lead the team. The strongest one is the Peak Earthly Sovereign, who enters in order to seek to enter the realm of the Heavenly Sovereign, acting as a protector.

It can also be regarded as the back hand left by the strong of all races for the genius of all races.

"go!"

Qin Chen also moved.

Whoosh!

He mixed in the shocking crowd and approached the entrance of the Vientiane God Reservoir.

"That kid..." Someone noticed Qin Chen and approached quietly, because they felt that there was something wrong with Qin Chen, and seemed to sneak into the Vientiane God Treasure.

"Ok?"

Qin Chen sneered in his heart when he felt those people, just about to accelerate, but suddenly, his figure froze suddenly.

"That's..." Qin Chen raised his head and looked at the opposite of the entrance to the black hole of hundreds of millions of miles. A fairy-like figure soared into the sky. This figure was graceful and boundless, graceful and graceful, without seeing the specific face. The devil is enveloped, the figure is lonely, not

Follow the demon's team to enter, but alone, independent of the world.

She walked in the void like this, the demons all stared at this person and quietly sank into the black hole of the whirlpool.

Qin Chen was shocked. Although he hadn't seen the other party's face, at this moment, there was a very familiar feeling.

This made his mind tremble.

Qin Chen stared at the figure entering the Vientiane God Treasure.

"Is it her?"

Qin Chen muttered in his heart.

boom!

At this moment, a series of terrifying auras surged in, directly covering Qin Chen.

"kill!"

"Why is this kid stunned?"

"Like an idiot, it's really looking for death in a place like this."

Accompanied by the sound of sneer, terrible attacks swept down in an instant, like a huge ocean, with a roar, directly enveloped Qin Chen.

Qin Chen woke up instantly from the endless whisper.

Roar!

A roar like a dragon's roar resounded throughout the world, and a roaring true dragon phantom rose into the sky under all eyes. The terrifying dragon might chant, and those terrifying attacks that swept Qin Chen were blown away.

"court death!"

Between the world and the earth, a terrifying dragon-shaped phantom emerged, like a dragon, rushing to the many masters sneaking on Qin Chen.

"True dragon is overwhelming."

"It's the true dragon family!"

"No, go back!"

These people roared in horror, and backed madly one by one, banging, blood spurting wildly, and in an instant, the two were directly exploded into blood mist, and the other two flew out in horror, looking at Qin Chen with horror. All blood dripping.

"Ok?"

The movement here instantly shocked many masters in this world, one by one looked over.

"True Dragon!"

Many strong men burst into divine rainbows in their eyes, showing surprise in their eyes.

The true dragons are the top races in the universe, and they are rarely seen. I didn't expect to see a master of the true dragons as soon as the Vientiane God Store opened this time.

Qin Chen was stared at by countless lights, coldly glanced at the remaining two strong men who attacked him, and then went straight into the whirlpool.

Hum!

On Qin Chen's body, the token lit up, enveloping Qin Chen, and as the black vortex passage entered into it and flew toward the inside of the passage, the oppressive force became stronger and stronger.

Boom!

Amid the tremor and roar of the space caused by the pressure, Qin Chen directly disappeared into the depths of the passage.

Vientiane God Tibetan.

This is an ancient wasteland with ruins everywhere, terrifying primitive ancient trees growing, and lush greenery.

In the sky, a black vortex suddenly appeared, and then a dragon-shaped figure flew out from it. The fierce and domineering aura made the heart tremble, and it spread directly from this person.

"This is the Vientiane God Store!"

Qin Chen stood in the air, looking away.

The black vortex that appeared behind Qin Chenchen dissipated instantly, and behind him was the vortex channel, which was in mid-air.

"The boundless boundlessness." Standing in the air, Qin Chen felt the endless pressure acting on him. This terrible pressure far exceeded the heavens and also exceeded the pressure on the battlefield of ten thousand races.

Rumble!

Qin Chen's body was strongly oppressed.

Qin Chen landed slowly, stepping on the forest full of dead leaves.

Although the Vientiane God Zang is only a secret realm, a small world, it is actually quite vast, and the pressure here is extremely high, and the depth of it is unknown.

Rumor has it that no one has ever entered the deepest place in the Vientiane God's hideout, because the more you go in, the greater the danger.

Even the pressure from the deepest part of the Vientiane God Hidden is enough to cause the physical body of the general venerable to collapse and directly turn into nothingness. This strong pressure makes the space tremble, and it is even impossible to display all kinds of space magical powers.

Can't fly away! Unable to space transfer!

Therefore, the crisis in the depths of the Vientiane God's Treasure is extremely terrible. Once they meet, they will never die. The vast majority of the strong people generally only venture outside. Only the strong like the Earth Sovereign can enter the depths of the Vientiane God's Treasure.

"??? The pressure is so heavy, my true dragon's body contains boundless strength, and I actually feel so strenuous." Qin Chen walked carefully step by step, staring around.

In a moment, he walked out of this forest and walked to the foot of the mountain.

In the distance is a vast wasteland. Qin Chen moved forward while carefully sensing the energy aura. According to the information he had obtained, this Vientiane God Treasure contained chaotic energy. Others might have come for the treasures in this Vientiane God Treasure, but Qin Chen is to break through

The realm is here.

Absorbing the aura of chaos and feeling the primitive aura of the wilderness in the Vientiane God Store is what he needs to do most.

Hum!

Between heaven and earth, a trace of inexplicable power surged.

This is an extremely primitive power that entered Qin Chen's body, causing every cell of Qin Chen to cheer for joy, and the originally stagnant power gradually loosened.

"Sure enough!"

Qin Chen was excited.

It's a pity that this kind of breath here is too rare.

"You should enter the depths of the Vientiane God Hidden. If you are here, I don't know how long it will be to absorb enough power."

Qin Chen frowned.

Whoosh!

He immediately flew in the Vientiane Divine Treasure, in this Vientiane Divine Treasure, Qin Chen flew extremely slowly.

suddenly--

boom!

A wave of energy passed a long distance to Qin Chen.

"That is....."

Qin Chen suddenly raised his head and looked away.

boom! Qin Chen instantly turned into a stream of light, and the speed soared, but as the speed got faster, the resistance also increased.

## [Chapter 3856: Space zone](#)

Below is an endless wasteland.

Qin Chen flew quickly, approaching the place where the wave passed.

"Well, that's..."

Qin Chen looked up, and instantly saw the silhouettes of several powerful men fighting on the rolling hills in the distance. Rumble, these people were all top masters, and the aura of terrifying venerables filled.

Whoosh.

Qin Chen fell quickly.

"Seven venerable masters." Qin Chen looked around. One of them was obviously a monster, with a huge body and mighty momentum, while the other was a mixed race, including masters from the Sea Clan and the Starry Sky Clan.

Qin Chen made a judgment instantly, "One side is the Monster Race, and the other side is the alliance of many races such as the Sea Race and the Starry Sky Race."

In the universe, there are many tens of thousands of races, and the number of ordinary venerables of many races is not necessarily much less than that of human races, demons, and monster races, but they do not have supreme rulers.

This has also led to the fact that the overall strength of these races is far inferior to the peak races, and in many cases, in order to have sufficient confidence to trade with the peak races, these races will also find ways to unite.

For example, in this Vientiane God Treasure, if they use a separate race to fight against forces such as the human race or the monster race, it is difficult to get benefits, and the only way is to unite.

Several major races unite, because the outer location of the Vientiane God Treasure is random. As long as the strong men of these major races can meet in this Vientiane God Treasure, they will have the ability to fight against the peak races such as the Human Race and the Demon Race.

"In addition to the union of the Monster Race, the Sea Race, and the Starry Sky Race, there are other venerable races staring around."

Qin Chen glanced at it.

Obviously because of the fighting here, many powerful people of various races who have just entered the Vientiane God's Treasury are attracted. In addition to themselves, there are other waves, but everyone is just watching from a distance without intervening.

Although Qin Chen hadn't sensed the master of the earthly master here, it was just because he was still outside the Vientiane God Treasure, which was extremely vast, but once he entered the depths of the Vientiane God Treasure, gradually, the chance of encountering the strong would increase.

"Bone tribe, Kata tribe, one-eyed tribe... um... The masters of the earthly exalted are approaching, they are just two human-exalted treasures. We have already got one. Let's go, let's let go of the sea tribe and the starry sky tribe for now. Of the four guys."

A master with four blood wings on his back transmitted voice.

"A true dragon master?" There is a fish fin on the other side of the cheek, and the Fierce Sea Clan holding a trident also glanced at Qin Chen, "Let's go!"

The monsters and the true dragons have something to do with each other.

The Yaozu has always thought that the true dragon is also a member of the Yaozu. In fact, in ancient times, the true dragons did belong to the monsters, but later split from the monsters. In addition, although the number of true dragons was scarce, several top masters were born, which finally made the true dragons famous in the universe.

Get up and eventually become one of the top races in the universe.

But despite this, in the eyes of outsiders, the true dragon tribe and the demon tribe still have a very deep relationship.

Whoosh whoosh!

Several venerable masters of the demon race flashed across the streamer and left quickly, while the three awkwardly veterans of the Starry Sky Race and the Sea Race also glanced around and flew away immediately. The masters of the Monster Race, the Starry Sky Race, and the Sea Race left, and the Bone Race and other powerful men who were attracted by the movement also looked at each other away, and then quietly dispersed and left, because there was something more terrifying in the distance. The breath is approaching, obviously

Is the master of the earth.

In the early days of entering the Vientiane God Treasure, everyone was naturally very vigilant. No one wanted to kill at the very beginning and endure endlessly. "Sure enough, it's the same as what I got in the information." Qin Chen slowly flew over the wasteland. "Although there are many crises in the Vientiane God's Treasure, and there are strong people from all ethnic groups, many of them are hostile forces, but there is no here. Enough treasure to suck

Introduce, or have full confidence, the general strong will not easily make a move. "Only when treasures are found, will they fight each other, but the Monster Race, Sea Race, and Starry Sky Race just retreated in time after fighting against each other, and there is no breath of top treasures. Obviously, they should only find ordinary treasures, so everyone

Very restrained. "Here is different from the battlefield of ten thousand races. On the battlefield of ten thousand races, all races are hostile forces. The purpose is to weaken the opponent's strength, and everyone will bring at least a large army. Once the opponent's legion is destroyed, Will get no

Less contribution value.

But here, those who come in are often the masters of all races, and there are no half-steps, but they are extremely rare.

Everyone is here to improve their cultivation level and obtain treasures. In the absence of sufficient benefits, everyone will not easily make a move.

There are many treasures in the Vientiane God's Treasure, and every treasure is born, there will be movement and birth. The higher the level of the treasure, the greater the movement, and even the heavenly treasure will appear.

The greater the movement, the higher the level of the treasure. Qin Chen hardly felt too much movement of the treasure just now. Obviously, it was only a human treasure at most, so everyone was restrained.

But if there is an earthly treasure, I am afraid that everyone will not leave so easily.

"It is said that there are so many treasures in the Vientiane God's Treasure, and I didn't expect to see it as soon as I came in."

Qin Chen sighed.

"Ok?"

Suddenly Qin Chen saw the void in the distance, and there was a void wave, "This is... the space belt in the Vientiane God Treasure, I don't know where this space belt leads."

According to the information obtained by Qin Chen.

There are many space belts in the Vientiane God. Here, the space pressure is extremely high, the space teleportation array is difficult to activate, and the speed of the Venerable's flight will be sharply reduced by ten thousand times.

However, it can be brought into the depths of the Vientiane God through these spaces, which can save a lot of time. Of course, there may also be dangers. "Many strong men among the Vientiane Gods, in many cases, will choose a certain place to ambush, instead of running stupidly, it is easy to encounter enemies falling, but instead staying in a certain place, hiding themselves, and sensing the unearthed treasures. Breath, or

Those who practice cultivation, once there is a treasure, they will rush away as soon as possible. "

Qin Chen didn't come here for treasures, but if he was for cultivation, he also needed to enter the depths of the Vientiane God Hidden, if he was only on the periphery, it would be a waste of life.

"go!"

Whoosh!

Qin Chen directly entered this spatial belt.

Now Qin Chen is still in the outer area of the Vientiane God Hidden. If he wants to enter the faster and absorb the more chaotic energy, he needs to go deeper.

A wave of spatial fluctuations passed over Qin Chen's body, and Qin Chen felt dizzy. Then, his eyes lit up, and what appeared in front of him was a low ancient mountain forest.

"Huh? The chaotic aura here has really improved a lot." Qin Chen felt the surrounding area, his eyes brightened.

#### [Chapter 3857: Speed Shuttle](#)

Qin Chen flew into this ancient low mountain forest. This mountain range is about tens of millions of meters high... But in this universe, it already belongs to the extremely low mountain range, and some ancient forest trees grow around it. The original breath of vicissitudes.

Qin Chen walked among the mountains and forests, sensing the chaotic atmosphere around him. "The Vientiane God Store is extremely special. The environment here, after a venerable person falls, will be corrupted and annihilated into dust within ten thousand years, but the ancient trees here can grow extremely well, even if the dead leaves fall, within a short time it will not dissipate.

"

Qin Chen looked at the ancient trees thousands of feet high around him. There is no doubt that if these ancient trees fell into the lower realm, such as the Tianwu Continent, a piece of sawdust would be a top treasure, and could be refined into a top-level magic weapon.

Not to mention being in the lower realm, even in the ordinary heavenly realms of the four great heavenly realms, they are also top treasures.

Qin Chen understood this, but would never collect it.

boom!

With a punch, Qin Chen directly exploded an ancient tree. This ancient tree was exploded, and countless sawdust and leaves were flying everywhere.

Qin Chen took a piece of sawdust and tried to collect it in the jade dish of Universe Good Fortune, but Extraordinary couldn't get it. Instead, the piece of sawdust in Qin Chen's hand was directly turned into ashes and dispersed, returning to the heaven and earth hidden by the gods. "Here, one mountain and one tree, one grass and one stone cannot be taken out. Only the treasures unearthed here can be taken out. According to the data records, this is most likely because of the treasures here, many of which are most likely to be in countless experience

Many of the masters who entered here are left behind by themselves as foreign objects. "Furthermore, this Vientiane God Treasure is very special. It has the power to open up the original universe and contains chaotic air. The remaining treasures here represent the treasures that have gone through hundreds of millions of years. Under the nourishment of chaotic air, they can be upgraded, like is the most precious

, After hundreds of millions of years, it can become the treasure of the earth. "

Qin Chen thought silently, perceiving the divine artifact here, walking among the mountains and forests, observing everything.

"First find a place to retreat and practice, and see what the original energy of this place is, how the chaos is."

Qin Chen swiftly came to a stone wall in the mountain range, and then the sword aura in his body lingered out, instantly turned into a terrible sword light, and directly blasted into the stone wall.

Rumble!

The entire stone wall was thrown away at any time, and Qin Chen was about to dig a cave as a retreat.

puff! Sword Qi flies, broken stones splattering, the rocks in this Vientiane God Store are extremely hard. If it is the ten thousand realms, Qin Chen can blast away an ancient sacred mountain with a single thought, but here, Qin Chen displayed the six reincarnation sword auras. But only a little bit

Caves.

And just before Qin Chen was about to dig out the cave, suddenly, a sound of gold and iron crossed, Qin Chen's sword aura seemed to hit an extremely hard object.

With Qin Chen's strength, even the rocks in the Vientiane God's Hidden would be directly broken into pieces, but this hard thing instantly blocked Qin Chen's sword energy.

"Ok?"

Qin Chen looked down.

A pitch-black sharp corner emerged from the rock wall, with debris of the rock still remaining on it, only one head was exposed. Qin Chen felt it carefully, and the pitch-black sharp corner was somewhat unusual.

"No way?"

Qin Chen's eyes widened.

"My luck is so good, can I dig a cave to find treasure?"

Many treasures are hidden in the Vientiane God Treasure without movement. This is in many records, but Qin Chen didn't expect that he could dig up treasures by digging a closed cave.

Is this too easy?

Qin Chen squeezed the black pointed corner with his right hand, and at the same time, a terrible sage's power entangled in his body, and the power of countless sages turned into a huge black palm, and the black pointed horn was pulled out forcefully. .

Click!

Wow!

The black sharp corner was buried in the rock, and Qin Chen pulled it out little by little. In the end, a large piece of rock fell, and this black sharp corner appeared in front of Qin Chen's eyes.

This is a treasure like a black flying shuttle that is several feet away. On this black flying shuttle, there are a series of weird patterns and runes. These runes are very old and clearly not the techniques of this era.

This is obviously a treasure.

"Respect the most precious?" Qin Chen was a little shocked by the breath emanating from the black sharp corners. The ancient secret patterns around the sharp corners exuded a faint aura, which made Qin Chen understand instantly that this should be a person. Zunzhibao, and it's not bad among people Zunzhibao

Kind of.

Qin Chen was also very happy and excited to get a piece of the most respected treasure at random.

No wonder the masters of all races in the battlefield of all races want to enter this Vientiane God Treasure, and indeed they can gain a lot here. Qin Chen branded his soul imprint on the black flying shuttle, and the treasure suddenly became his, and a wave of messages was passed on. The black sharp horns also shrank quickly, eventually becoming the size of a palm and falling into Qin Chen. In the hands, exudes a faint air

interest. "Hey, it turned out to be a soul attack type treasure, called the Flying God Shuttle. This thing is driven by the soul power, spiritual power, and the power of the venerable. Once it explodes to the extreme, it can penetrate the void and attack people. Except for the terrible penetrating power

Besides, it also has a soul-level attack..."

Qin Chen was pleasantly surprised. The power of this treasure was really good. Although it was incomparable to the improvement of Qin Chen by the war spirits and rings, it could also increase Qin Chen's strength a lot, which was equivalent to an additional attack method.

"Haha, just dig a hole to find the treasure. Then I only need to get one treasure every day in this Vientiane God Treasure. When I go out, don't I send it out?"

This kind of treasure that can be obtained at will is very cool. Of course, Qin Chen just thinks about it, in fact, it is impossible.

But Qin Chen dug a few more pits around, and searched for it nearby. It took a long time to find that there were no treasures in other places before giving up completely. It seems that there should be only this one here.

After that, Qin Chen directly entered the cave and sat cross-legged.

Rumble!

The concentration of the Chaos Qi here is much higher than that in the surrounding area, Qin Chen practiced cross-legged, and suddenly the aura poured into Qin Chen's body.

Qin Chen immediately felt that the cultivation base he had been imprisoned had finally loosened.

Qin Chen's eyes were overjoyed and he was completely immersed in the cultivation.

call!

Between the heavens and the earth, a trace of chaotic power merged into Qin Chen's body, causing Qin Chen's body to continue to swell with a terrifying vibe.

Qin Chen was excited, knowing that he had come to the Vientiane God Treasure this time. The world environment of the Vientiane God Treasure was very suitable for him to cultivate. It was just around the corner.

one day!

Three days!

A month!

Two months!

In the blink of an eye, Qin Chen came to Vientiane Shenzang for more than three months.

But he was still a little short of the realm of the venerable, and the concentration of the chaotic energy of the heaven and the earth here seemed to be gradually not enough.

Does it have to go deeper?

Just as Qin Chen frowned secretly--

A special breath permeated.

"this is....."

Qin Chen stood up suddenly.

"Essential treasure?" Qin Chen's eyes instantly showed excitement.

#### [Chapter 3858: Giant Rocks](#)

Such a strong breath gave Qin Chen a strong heart palpitations, which was obviously a certain kind of heavenly treasure.

"Moreover, this breath seems to be very close."

Qin Chen was excited. It happens that he is only a trace away from Breakthrough Venerable, and the chaotic air here is obviously not enough. He must go deeper, and get a piece of Earth Venerable Supreme Treasure by the way. After breaking through the Venerable, he will break through the depths of the Vientiane God. Very helpful

.

"Wow!"

Qin Chen rushed out of the cave in an instant, burned the aura in his body, and crazily approached where the aura passed.

boom!

Qin Chen's figure has been mobilized to the extreme in this Vientiane God Treasure.

"The aura is quite strong, it should be the Supreme Treasure of the Earth."

Qin Chen had seen the aura of broken earthly treasures at the black market auction, so he still knew something about it.

"Huh? What a formidable aura, is it an earthly treasure?"

In the distance, a burly giant wolf of the Bone Race was spreading green flames all over his body, and two masters who were 100 meters tall and had black rock scales on the surface flew directly together.

"The breath of the birth of a treasure!"

"It's a treasure, and it's most likely an earthly treasure."

Several teams in the surrounding area hurried away quickly, and as the breath spreaded, some of the distant peak humanity teams, also in twos and threes, quickly flew to the depths of the breath.

Qin Chen quickly approached the breath. "The aura is quite strong!" Qin Chen was both surprised and delighted. What was delighted was that the aura was so strong. It was definitely an earthly treasured artifact, and it should not be weak. What was shocking was... such a breath, even if he could be the first. Time to get treasures, terrible will also cause

A fierce battle.

After all, this is not a place where the Vientiane God hides very deep, but it is not at the outermost periphery. Maybe there are masters of the earthly respect realm nearby. Once there are masters of the earthly respect, then you will be in trouble.

"It seems that it must be as soon as possible..." A sharp light flashed across Qin Chen's eyes.

call out!

Flying over the low mountains and forests, Qin Chen quickly came to the sky above a valley.

"That's it!" Qin Chen quickly felt the place where the breath came from, and immediately swooped away. It was a deserted valley. The valley was filled with the breath of ancient times. It was very primitive, and there were many miasma currents, and in the misty miasma, a piece of black armor that was nearly ten feet high was slowly rising. Float up while

Toward all directions released a strong aura.

"Is it a shield?" Qin Chen fell outside the valley and didn't enter the valley for the first time. At the same time, he saw the inky black armor that rose slowly, and he couldn't help but be pleasantly surprised. Although the black armor could not be seen in its entirety, But such a strong breath, and on the surface

It looked like a black shield.

The shield is the treasure of defense, and the treasure of defense has always been the top of many treasures.

A defensive treasure of the earth, its value is absolutely extraordinary.

"I am the first."

Qin Chen glanced around, and instantly released the Fire Refining Insects and the Gas Devouring Ants, and instructed: "Little Ants and Little Huos, you send your hands to explore the reality of this miasma."

"Yes, boss!"

The small ants and the small fire swiftly and quickly controlled the members of their subordinates, and they entered the valley of miasma. The billowing miasma was swallowed by the fire-refining insects and gas-eater ants. Some of the fire-refining insects and gas-eater ants turned into ashes instantly. dissipate.

"It's very corrosive."

Qin Chen's face changed.

Today's Huo Refining Insects and Gas Devouring Ants are incredibly powerful. Even the apex masters such as Mo Yuntian among the Sky Ghost Clan, may not easily be able to resist the gnawing of Little Ants and Little Fire.

But this valley miasma can actually swallow the little ants and some of the little fire's subordinates, and corrode them, this kind of power is absolutely extraordinary.

However, after some gas-eater ants and fire-refining insects turned into ashes and fell, many miasma was still swallowed by the gas-eater ants and fire-refining insects, and some information poured into Qin Chen's mind.

Sure enough, the power of this miasma is extremely terrifying, and even the pinnacle can't resist it easily, and certain special methods must be used to disperse it.

Other venerables may not have the means to resist these miasma, but Qin Chen possesses the Heavenly Poison Entropy Fire, has inherited the Heavenly Poison Pill, and is naturally not afraid.

After understanding the attributes of these miasma, Qin Chen put away the little ants and little fire, and then shook his body and quickly rushed into the valley.

Chi Chi Chi Chi!

Immediately, a faint smoke began to rise from Qin Chen's body, and a strong sense of corrosion and toxins poured into Qin Chen's body.

Humph!

Qin Chen snorted coldly, spurring the true dragon's aura, roaring, the true dragon's might surged through Qin Chen's body, and the endless karma fire in Qin Chen's body circulated the atmosphere of the sky poison entropy fire, and the poisonous civilization surged. Repelled this miasma into the body.

Zi Zi Zi!

Although the surface of Qin Chen's body was still filled with smoke, the poisonous mist penetrated into his body and stagnated, unable to enter his body.

"I'm the first one. As long as I pick up this black armor piece, this treasure will be mine."

Qin Chen quickly turned to the black armor piece. At this time, in the mid-air in a distant direction, a black skeleton wolves with the power of darkness and two giant rock clan masters with a height of 100 meters and black rock scales on their bodies are flying quickly. , They also watch

When it came to that black nail piece that emerged in the valley, there were many obscure and deep lines flowing on that piece of armor, blooming with a vast breath.

"It's the Supreme Treasure of the Earth!" This Bone Race and Giant Rock Race powerhouse was also suddenly excited.

"Boy of the dragon race, put down the treasure, otherwise you will never die!"

"It's the guy from the true dragon clan, everyone, be careful, the master of the true dragon clan is not weak."

The speed of the skeleton wolf and the giant rock clan masters increased, and a breath of heaven exploded from all over their bodies, and they suddenly roared with voice transmission.

When the voice came, Qin Chen didn't bother to look at the other person, and quickly approached the black armor piece, and his palm fell directly on the black armor piece, and power began to penetrate into it.

"Huh?" As soon as Qin Chen's power penetrated in, Qin Chen felt that the entire black armor piece and the entire valley were one, and it could not be refined for a while.

"No, this treasure hasn't been born yet." Qin Chen was startled.

In this Vientiane God Treasure, some treasures are born, and it takes time. If the treasures have not been completely born, they cannot be directly refined and controlled under normal circumstances. They must wait until they are completely born before they can be controlled.

"Okay, great, this treasure shouldn't be completely born yet." The masters of the Bone Race and the Giant Rock Race were overjoyed when they saw it. They guessed it, and the skeleton giant wolf even released a cold ridicule.

"Go, let's break in and take the treasure."

Boom boom boom! The masters of the Bone Race and the Giant Rock Race screamed and rushed directly into the valley.

#### [Chapter 3859: Black scale armor](#)

It's just that as soon as they entered the valley, there was a sharp pain and sneer. The miasma in the valley quickly entangled them, burning the wounds of their debut, and a dizziness that reached the soul. Power makes it

Our minds are dizzy.

"No, the miasma in this valley is poisonous."

"How can this guy survive this miasma?" The black bones on the skeleton giant wolf's body were quickly corroded out of blue smoke, and it suddenly roared, murderous in the scarlet eyes, and the black bone power on the body. Diffuse, trying to resist the invasion of this miasma, but this miasma is too

It was terrible, but a little bit of his power penetrated into his body.

The two masters of the giant rock clan also roared, and the rocky scales on their bodies were corroded.

"No, quit first."

The skeleton giant wolf of the bone tribe and the master of the giant rock tribe roared, turned around and withdrew from the valley, the injuries on their bodies eased somewhat.

"Damn it."

The three of them looked at Qin Chen in the valley angrily. They could plunder the treasure for the first time before the treasure was born. But now, they can't even enter the valley, so how can they plunder the treasure?

"Guys from the True Dragon Race, hand over the treasure to prevent you from dying!" The skeleton giant wolf of the Bone Race said coldly, his eyes full of murderous intent.

"Humph!"

Qin Chen snorted coldly, ignoring the three masters, but holding the pitch-black armor piece, constantly instilling strength, and waiting for the treasure to be unearthed the first time, he gave it to the sacrifice.

"You are looking for death, thinking that hiding in the valley will help you?"

The skeleton giant wolf of the Bone Race roared and blasted, and a jet of power of the venerable was bursting out of its body, and the power of the venerable turned into a giant claw through the sky, and it immediately caught Qin Chen in the valley.

And the two giant rock clan masters also coldly snorted and shot together. Immediately, two terrifying stone qi between heaven and earth quickly condensed, and then condensed into a pair of towering giant fists, and blasted towards Qin Chen.

"Huh?" Qin Chen looked over, his face changed slightly, and he snorted coldly. On his body, an invisible black armor appeared instantly. It was the inner armor, covering the flesh. The Haotian \*\*\*\* armor was too obvious, he couldn't. Exposed, and the inner armor can be covered

Covered on the flesh, in the clothes, it is not easy to be spied out.

Moreover, the real dragon aura in his body swept out like an ocean in an instant.

Roar!

A huge phantom shadow of a real dragon appeared around Qin Chen. Then, sword auras rose into the sky, surrounded by sword auras from the heavens, forming a river of sword aura, which was displayed to the skeleton giant wolf and the master of the Juyan clan. The attack rumbled away.

Rumble!

In the valley, the sky-shattering roar resounded, and Qin Chen continuously urged the terrifying true dragon sword aura, collided with the attack, with a roar, the attack of the skeleton wolf and the attacks of the two giant rock clan masters were instantly exploded. Come.

"This guy from the True Dragon Race really has two tricks."

"Damn it, failed to break his defense?"

Both the skeleton giant wolf and the giant rock clan masters had sharp eyes, their eyes flickering, and Qin Chen's strength was somewhat beyond their expectations.

And the true dragon aura that Qin Chen had concealed everything, and also made them unable to see the black armor for the time being.

Qin Chen always paid attention to the black armor piece.

Black armor pieces are slowly emerging, most of the body has already appeared, a very long section has appeared, and it is about to be born. "You must survive this last period of time. This defensive treasure is mine." Qin Chen secretly said. Although his Haotian Divine Armor is strong in defense, it is too obvious. If he gets this defensive treasure, he will encounter When it's dangerous, Qin Chen

Will be more confident of confrontation.

Of course, Qin Chen was also vigilant, the masters of the Bone Race and the Giant Rock Race were not simple, they were all peak humans, and there were no ordinary masters who could break through here.

But Qin Chen was still confident enough.

"kill"

The three masters of the Bone Race and the Giant Rock Race moved simultaneously.

"True Dragon Sword River!"

"Ten thousand ways to the sect!" Qin Chen also roared, and took the initiative to make a move, rumbling, a series of true dragon sword qi rushed out of Qin Chen's body, and a series of sword qi contained the sword intent to reach the sky, and Every sword intent is different, some with killing, some

With death, some with destruction, some with heat like fire, and some with temperature as strong as water.

Different sword auras contain different sword intents. When the densely packed tens of thousands of sword auras merge together, a vast river of sword auras rushes out vastly and directly slashes towards the three bone races. And the master of the giant rock clan.

"So strong sword spirit?"

"How can this true dragon master understand so many kendo secrets?"

"Dragons are not humans. I have never heard of dragons having such profound knowledge in kendo."

These three masters were shocked. The average dragon race relies on strong power, terrifying flesh, and the dragon's unique true dragon pressure to fight, but like Qin Chen in front of them, they still urge the sword energy and supernatural powers. Seen for the first time.

"True dragon guy, you are looking for death." The skeleton giant wolf roared, turning into a stream of light, and its size quickly became larger, as if it turned into a hill, with pitch-black claws sticking out.

And the master of the giant rock clan also roared, a huge flame hammer appeared in one of his hands, and a mace with pitch black exuding the breath of the weather appeared in one of his hands, and he slammed directly at Qin Chen.

"Roar, die!"

Qin Chen also roared, urging endless sword energy.

Wow!

The long river of sword qi is as long as ten thousand meters, really like a long river. In the long river, the dense sword qi is the current, whizzing to the three masters of the bone clan and the giant rock clan.

boom!

The attacks of these three masters directly collided with Qin Chen's sword qi river in the void.

Qiang Qiang!

Sword Qi was like a forest, and the masters of the three big bone races and giant rock races were all taken upside down. In mid-air, the feet of these three big masters stamped on the void several times, and they just stopped in the void.

"Damn true dragons!"

The giant rock clan master and the skeleton wolf roar.

"The waste of the Bone Race and the Giant Rock Race."

Qin Chen urged the river of sword qi, sneered, the river of sword qi turned into a sword light that pierced the sky, slashing down frantically towards these three masters.

Klang Klang...

Strikes again and again. Although the masters of the Bone Race and the Giant Rock Race are flexible, they cannot control the space at all in the Vientiane Gods. This also makes them can only use their shapes to dodge, but they are not as flexible as the swordsmanship. Being bombarded on the body for the second time, the power of the venerable in them was constantly consumed, and their bodies were shaken.

#### [Chapter 3860: Three teams](#)

"Ah, what should we do? We can't rush in, we can't kill this kid."

"This long river of sword energy is too fast, completely blocking all the offensive routes I waited for."

"I'm injured, the sword intent contained in this river of sword aura is terrifying!"

The three masters communicated with each other, roaring in anger, but there was no other good way.

They also seized the opportunity to attack Qin Chen, but the strongest of the True Dragons was the physical defense, and their attack could not break Qin Chen's defense in a short time.

As long as the defense is not broken, Qin Chen will be invincible.

In addition, they couldn't even enter the valley, could not launch a fatal attack on Qin Chen, and could only stand in a stalemate here. "Huh? Experts from other races are coming." Suddenly, a master from the Giant Rock clan said through a voice transmission: "Let's fight for a while, and wait for the masters from other races to arrive. Then everyone will join hands to kill the real dragon guy first. Now, as for the treasure, no one can fight for it

Later, we will have a chance. "

Originally, they didn't want other people to discover that there were treasures here, but at this time, when they saw masters from other races approaching, they were suddenly overjoyed.

Sure enough... a team flew in each of the other two directions.

"Huh? A master of the prison clan, and... a master of the Raksha clan?"

Qin Chen looked at it intently, and his heart sank. The masters of the prison clan and the Raksha clan do not have the powers of the earthly respect level, but they are all of the peak human respect level. If they meet alone, Qin Chen will naturally not be afraid. Together, once you do it yourself, Qin

Chen was not sure that he would be able to carry it down.

Regardless of the others, while suppressing the three masters of the Bone Clan and the Giant Rock Clan, Qin Chen generally observed the slowly rising black armor pieces.

Gradually... the black armor piece seems to be completely unearthed.

"Ok?"

At this time, Qin Chen was shocked to discover that this black armor piece did not seem to be a shield made of sacrificed materials. He saw lines on it, but the lines did not seem to be imprinted and refined. It was born like this.

Moreover, on this piece of armor, there was a very gentle breath that made Qin Chen's heart palpitating.

"This breath seems to resonate with the true dragon aura in my body."

Qin Chen was shocked.

What exactly is this?

At this time, the distant team was approaching more and more quickly.

"Quick, soon to be born." Qin Chen anxiously looked forward to: "Quick, quickly, he must be born before more masters arrive."

Qin Chen was nervous and anxious.

In the distance, two teams approached quickly, one of the prisoners, and the other only of the Rakshas.

After the two teams came here, they only glanced at them, and then quickly made a judgment, and then their eyes condensed in the valley, on the black armor covered by the dragon Qi on Qin Chen's body.

"Earth Zun Supreme Treasure, absolutely the Earth Zun Supreme Treasure."

"True Dragons? This is the true dragon master who suddenly murdered outside the Vientiane God Tibet?"

"Well, it's just one person. I actually dare to appear in such a high-sounding manner. The true dragons are indeed the top race in the universe, but there is nothing to be afraid of."

In Vientiane Godzang, no one has a heart of fear. For the treasure, let alone the true dragons, what about the masters of the demons or the top powers of the human race? As long as there is an interest, it must be done.

"The treasure is still in the process of being unearthed, the real dragon guy hasn't completely obtained it yet, come on!"

"While the true dragon clan and the bone clan and giant rock clan masters are in a stalemate, we quickly grab the treasure."

The prisoners and the masters of the Raksha tribe who came, instantly figured out the situation on the scene, knowing the rare opportunity one by one, and flew towards Qin Chen Valley desperately.

"Hmph, let them suffer a bit first."

The masters of the skeleton giant wolf and the giant rock clan saw that the prison clan and the Raksha clan masters were going to 'pick the fruit' as soon as they came up. They sneered without reminding them, and watched the two teams enter the valley for the first time.

"Ah!" Suddenly an angry roar sounded, and the miasma in the valley instantly enveloped them, causing them to begin to show signs of corrosion, bursts of blue smoke, a toxic force that can reach the soul. To flood them quickly

In the body.

"The miasma is very poisonous in this valley."

The masters of these two races screamed in anger, retreated madly, exited the valley for the first time, and then looked at the masters of the Bone Race and the Giant Rock Clan in anger. They obviously understood that the Bone Race and the Giant Rock Clan had deliberately failed to tell them.

"Hey, this treasure..." At this moment, one of the prisoners was a dozen meters high with a bat-like wings behind him. He looked at the black armor beside Qin Chen intently, watching his One side of his eyes showed a shocked look: "This black piece of armor,

Why do I seem to have seen it somewhere? "

"Hurry up!"

Qin Chen was extremely anxious.

Although this black piece of armor is almost completely unearthed, it has not yet fully appeared. At this moment, including the masters of the prison and Raksha clan, eight top masters have arrived, which is beyond the limit Qin Chen can handle. .

"Hahaha, it's too late."

The skeleton giant wolf of the Bone Race laughed loudly: "True Dragon Race guy, this treasure is destined to not belong to you."

"That's not your turn."

Qin Chen snorted coldly, his eyes cold.

boom!

Qin Chen urged the animation of the long river of sword aura. At this moment, the river of sword aura quickly surrounded Qin Chen's body and turned into a long river of defense, enveloping this valley.

"bring it on!"

Qin Chen snorted coldly, he was obviously about to stick to it.

Although the sword Qi River is extremely powerful, the three pinnacle humans that deal with the Bone Race and the Juyan Clan are about the same, but now there are so many human masters on the field, and the sword Qi River is obviously unable to resist, Qin Chen can only defend. .

As long as the black armor piece is unearthed, it will succeed.

"Don't talk about you apex people." Qin Chen coldly snorted in his heart: "Even the master of the earth, it is almost impossible to break my defense directly."

Moreover, in Qin Chen's body, the Haotian Divine Armor was ready to move. As long as the opponent's attack was too powerful, Qin Chen would prompt the Haotian Divine Armor for the first time, boasting that these guys could never break his own defense.

The sky was full of sword aura, like a long river, covering together and wrapping Qin Chen, the prison clan and other masters could not even see Qin Chen at all.

"kill!"

"kill!"

"Capture the treasure!"

"It's this guy from the true dragon clan who is looking for death by himself."

"Other teams and masters are coming too, let's hurry up." Suddenly, the three teams on the scene shouted angrily. A total of eight masters of the peak human respect level launched an attack on Qin Chen in the middle of the valley.
