[Chapter 4001: Looting treasures](#)

Within a few steps, Qin Chen arrived at the treatment of eight thousand miles, and Qin Chen's right hand with chaotic energy directly caught and photographed the Haotian Drum.

"You dare!"

Upon seeing this, Jiuyue Dizun roared and furiously attacked.

He doesn't know how Qin Chen urged the Haotian Drum before, but he must not let the Haotian Drum fall into Qin Chen's hands. This is the treasure of his Dayu Divine Mountain. If it is lost here, he will definitely be attacked by Lord Shanzhu. Punish. With a loud "boom", a giant hand grabbed the Haotian Drum in Qin Chen's hand. This giant hand grabbed it, and the rules fell like a waterfall, just this giant hand. Can crush everything, under this giant hand, not to mention the earthly respect

, Even the top land respect did not dare to resist it, the power was too amazing.

Many people realized that Jiuyue Dizun was desperate, and he would never let the Haotian Drum fall into Qin Chen's hands, otherwise, Dayu Mountain Master would have to kill him.

Suddenly, the Haotian Drum that fell into Qin Chen's hands was called by the Jiuyue Earth Sovereign, and trembled, trying to fly away from Qin Chen's hands.

Qin Chen didn't even glance at the slain Jiu Yue Di Zun, but coldly shouted at Demon Li, "Mo Li, don't use your Hundred Demon God Formation, trap these guys, do you still want to enter that dark star? Now? This is the best opportunity."

"you....."

Hearing Qin Chen's words, Mo Li suddenly opened his eyes. How did Qin Chen know that his great formation was called the Hundred Demon God Formation? However, after Qin Chen said so, he would naturally not hesitate, because he also saw that this was the best opportunity. Although he could obtain part of the source of chaos from Qin Chen's suppression, he wanted to enter the dark stars. I have to leap over Wan Yi Di Zun

People, now Qin Chen is working with Wan Yu Di Zun and others, now is undoubtedly the best opportunity. With a loud "boom", the Hundred Demon God Formation descended from the sky. When the Hundred Demon God Formation fell, it instantly turned into a vast array. The Hundred Demon Gods walked out of the void and enveloped the eternal ages, turning into a vast array of Jiuyue. The earth respects stop them

The more than a dozen peak earth statues in the area are all trapped in this huge vast array.

The Hundred Demon God Formation, the Hundred Demon Gods turned into one body, became a trapped heavenly formation. In an instant, the many peak earthly respects who had tried to prevent Qin Chen from absorbing the origin of the chaos were all trapped in this terrifying formation.

"Boom...boom...boom..." However, unlike those of the Sea Clan, these apex earth sages are so easily swallowed by the Hundred Demon God Array. If this Hundred Demon God Array is in its heyday, let

alone this. The pinnacle of Earthly Sovereign, I'm afraid that the strong Heavenly Sovereign can instantly obliterate it, but

Today's Hundred Demon God Formation is extremely broken and can only exert one billionth of its power.

Suddenly, there were waves of crashing sounds from within the Hundred Demon God Formation. There is no doubt that many peak powers such as Jiuyue Dizun and Wanyu Dizun wanted to rush out of this Hundred Demon God Formation. Under their impact, the sound was deafening, followed by a loud "boom", and the Venerable's power was raging. Although the endless Venerable's power was raging in the Hundred Demons and Gods array, he felt the power of the Venerable from outside. People can't help but shiver

Wow, fear inside!

The entire Hundred Demon God Array roared and shook violently.

More than a dozen zeniths of all races, how powerful is this?

"It's a top-ranked treasure, definitely a top-ranked treasure. Some of the trapped ten thousand clan powerhouses still hold top-ranked treasures." Someone shivered and said with a pale face.

In addition to the Wanyu Dizun and the Jiuyue Dizun, there are bound to be other Peak Divine Sovereigns who hold the top venerable treasures. Now more than a dozen Peak Divine Sovereigns are mobilized together. What a terrible thing is this, such power can be Sweep everything in the world! ? However, even if the trapped Pinnacle Earth Sovereign possesses the top venerable treasure, it will not be possible to attack from the Hundred Demon God Formation for a while. You must know that the Hundred Demon God Formation is the treasure of the ancient Chaos God Demon Luohu Demon Ancestor. Device, even if it is broken, it will never

Not easily blasted.

"go!"

Mo Li snorted, his face turned pale, and he was struggling to control the Hundred Demon God Formation, and he was almost unable to hold on, his figure flew in the void, and he wanted to enter a deeper void and into the dark stars. Qin Chen ignored Moli's actions, and saw Moli used the Hundred Demon God Array to seal Wanyue Dizun and other peak earthly statues, the chaotic aura fell on his body, silky strands, like a spring silkworm spinning, wrapped layer by layer. With Haotian Drum, Haotian

The drum was still trembling, trying to escape Qin Chen's control.

The Haotian Drum itself is a heaven-defying thing. It was once the treasure of the mountain lord of Dayu Divine Mountain. Although it has been given to the Jiuyue Earth Sovereign, it still has terrible prohibitions and cannot be easily refined.

It is precisely because of this that when Haotian Drum is suppressed by Qin Chen's chaotic aura, it will still resist, trying to break away from Qin Chen's control.

If it weren't for the chaotic aura, Qin Chen wouldn't be able to control it for too long, let alone suppress it. Moreover, Qin Chen didn't have much time, and the Hundred Demon God Formation could not trap the top powerhouses such as Jiuyue Dizun for long.

"The Art of Patching the Sky!"

Qin Chen simply urged the technique of patching the sky, and urged the power of the dark king's blood. When this terrifying force fell on the Haotian Drum, the Haotian Drum suddenly calmed down. You know, the blood of the Dark King is extremely against the sky, a powerful king of the dark forces, who has been suppressed by the ancestors of the Heavenly Sword Pavilion for hundreds of millions of years, and is still immortal. It can be seen that its power is terrible. This power is even the power of the power of the Star God Palace Lord. The clone can be destroyed, more

Not to mention a touch of branding.

"No, the Haotian Drum was seized..." In the Hundred Demon God's formation, Jiuyue Dizun suddenly lost the connection with Haotian Drum. He was immediately shocked, his face changed greatly, and he knew that something terrible had happened.

Qin Chen didn't have much time, and instantly put away the Haotian Drum, and rushed to the Wanxing Bell!

This treasure is also a top treasure, how Qin Chen didn't covet it.

Hum!

Chaos Qi surged, Qin Chen urged the Chaos Qinglian Qi to suppress the Wanxing Clock, and at the same time, the Dark King's Blood circulated quietly again.

"Ah... my Wanxing Clock!"

In the Hundred Devil God Formation, Wan Yu Di Zun let out a stern roar, he felt that his Wan Xing Clock had also completely lost contact with him.

Putting away the two great treasures, Qin Chen kept his figure, swish, and quickly went deep into it.

Eight thousand and one hundred miles.

Eight thousand five hundred miles.

Nine thousand miles!

Qin Chen even surpassed Mo Li and entered the place of nine thousand miles for the first time.

The whole process was completed in one go, and even many powerful people such as Yuanhun Dizun had no time to react.

"Damn, this guy."

Mo Li was speechless, the Wan Yu Di Zun and others trapped by him actually gave Qin Chen the greatest advantage.

boom!

And this is, the Hundred Demon God Array shook violently, and it seemed to be unable to hold on.

"Come!"

The magic screamed, and the Hundred Demon God Formation was suddenly absorbed into the body.

"Damn it, two stinky boys, return my treasure." Wan Yu Di Zun and Jiu Yue Di Zun looked furious at the moment, seeing the Haotian Drum and Wan Xing Clock disappear, they could no longer care about other things, lost their reason, and turned towards Qin. Chen and Moli madly kill.

[Chapter 4002: Chaos Vortex](#)

Boom boom boom!

At this moment, Wanyu Dizun and Jiuyue Dizun are going crazy, they two have lost Lord Star Master and the treasure given them?

The Wanxing Bell and the Haotian Drum, one of the treasures of the Star God Palace Master when he was young, had condensed the power of the Star God Palace Master for many years, and had already become extraordinary, and there was even the breath of the Star God Palace Master when he was young.

This thing, carrying the mission of Venerable Wanyudi when he was young, is one of the most famous treasures in the Star God Palace.

And the other Haotian Drum is no trivial matter. The Haotian Drum is the ultimate treasure of the Daewoo Mountain Lord. It contains the special power of Dayu Divine Mountain, symbolizing the totem power of Dayu Divine Mountain, and its status is endless. No matter which one of these two treasures, they are extremely unusual. Although these two heavy treasures are not the heavenly treasures, otherwise the Star God Palace Lord and Dayu Mountain Lord will not be shelved and stay in the two top powers. In the treasure house, because

For these two treasures, the help to the Star God Palace Lord and Dayu Mountain Lord was not much. Anyway, this is also the treasure used by the two top power holders before they broke through Tianzun. too much.

More importantly, these two treasures can be activated by the Supreme Earth Venerable, which is far more suitable for powerful people such as the Ten Thousand Venerable Treasures. These two treasures were bestowed by the Master of the Star God Palace and the Lord Dayu before they entered the Vientiane God's Treasury. The purpose is to allow them to protect their own power in the Vientiane God's Treasury. But now , Wanxing Bell and Haotian Drum

It was taken away by Qin Chen.

If this is to let the Star God Palace Master and Dayu Mountain Master know, they must be killed.

At this moment, Wanyu Dizun and Jiuyue Dizun were crazy, rushing to Qin Chen frantically, and the chaotic energy surged, and Wanyu Dizun and Jiuyue Dizun continued to approach Qin Chen.

Not only the Wanyu Dizun and the Jiuyue Dizun, but also the Ghost and Insect Divine Venerable, the Giant Eye Divine Venerable, and the other peak Divine Venerables, all looked frightened and murderous. These apex earth sages from many top powerful races in the universe were actually trapped in the big formation by two juniors. Although under their bombardment, the other party finally couldn't bear to put away the terrible demon gods formation, but Let these peaks

The earth lords looked angry, and they were all angry.

"What kind of treasure is that?"

The eyes of the Yuanhun Earth Venerable and the others bloomed with faint light, and their hearts were shocked. The peak Earth Venerables that could trap so many in an instant, many people were moved by it, and even the leaders of the big clan sank in their hearts.

You know, there are other top races who have been trapped before. Although the Wanxing Dizun's Wanxing Bell and the Jiuyue Dizun's Haotian Drum are trapped, there are also pinnacles with the top sage in their hands. The treasure.

These pinnacles are holding the top treasures, what a terrible destructive power, but in this short period of time, they still failed to break this demon array.

In the end, Mo Li couldn't bear to take the initiative to put away the Hundred Demon God Formation.

A treasure of the top venerables, in the eyes of this group of peak elders, they are invincible soldiers, but they still can't break through the demon-god formation in a short time. One can imagine how terrifying this demon-god formation is. .

Therefore, not only were Wan Yu Di Zun and the others moved, there were also many top powerhouses who were madly killed, but their eyes were fixed on Mo Li. Obviously, the purpose was for the Hundred Demon God Array on Mo Li.

"Huh, go!"

Upon seeing this, Qin Chen and Mo Li both sneered, without any worries, but continued to move forward.

At this moment, they have already arrived in the region of nine thousand miles, less than a thousand miles away from the dark star, and there is no need to worry about them being killed in a short time.

Just when Qin Chen and Mo Li were about to move forward, suddenly, there was a loud boom, a violent roar, and the endless chaos originated into the sky. At this moment, strands of chaotic origin suddenly rushed into the dark stars, and these strands of chaotic origin rushed straight into the void like a divine sword, intertwined in the void, forming a magnificent scene, terrifying Chaos Tide

Xi is swept in like a vast ocean.

"What happened?" The sudden change made everyone present couldn't help being surprised, and immediately looked into the depths of the dark stars. Qin Chen looked back and saw the source of this chaos soaring into the sky, his eyes condensed immediately. He stood nine thousand miles away from the dark stars, and his eyes bloomed with divine light, vaguely seeing, in the darkness. Among the stars, there are

A chaotic vortex appeared, and in that chaotic vortex, there seemed to be a chaotic world, and there was a code that seemed to be shocked by the original universe, which shocked Qin Chen's heart.

"Human race boy, there should be the inner space of this dark star. If the chaotic jade bi is above this dark star, then it must be in this inner space."

Honghuang Zulong saw the whirlpool and immediately shouted to Qin Chen.

On the other side, magical rainbows bloomed in Moli's eyes, and it was obvious that Demon Ancestor Luohu must have told him the truth.

"go!"

Qin Chen looked excited. This chaotic vortex appeared for the first time. Qin Chen naturally did not want to miss this opportunity. After the chaotic vortex appeared, Qin Chen immediately urged the chaotic green lotus in his mind and walked towards the chaotic vortex. .

There was a loud "bang", and the sky collapsed. At this time, Wan Yu Di Zun and others had already killed a few hundred miles away from Qin Chen, the stars in their bodies were shining, and the power of running the Venerable's origin was coming.

Inside, there are other top-level races who are the apex of power. What a horrifying aura is that a pinnacle earthly respecter is holding a top treasurer's treasure! The majesty dances wildly, like a furious god. It's not to blame him for his anger. As the leader of the top power, he has the top treasures in his hands and he was still a night away.

This is definitely a great shame for him.

"Little beast, hand over the Ten Thousand Star Clock, otherwise this seat will never forgive you!" Wan Yu Di Zun's whole body flickered with stars, like a god, roaring, the sound of the roar shattered into the void.

"Let's go!" Qin Chen ignored Wan Yu Di Zun at all, screamed in his heart, and in an instant, Qin Chen rushed towards the chaotic vortex.

boom!

A terrible chaotic tide bombarded Qin Chen. After a distance of nine thousand miles, this chaotic tide contained a terrible impact, causing Qin Chen to snorted, and a creaking sound came from his body.

But Qin Chen did not stop in the slightest, the chaotic green lotus reflected in the sky above the soul, resisting the force of the chaotic tide, and even the source of the chaos did not even care to absorb it, and approached the chaotic vortex a little bit. Because no one knows how long this chaotic vortex will last. In case of missing it, Qin Chen is afraid that he will never find a chance again.

[Chapter 4003: is it you](#)

Click!

There was a tearing sound from Qin Chen's body, and his body was trembling violently under the chaotic air.

However, Qin Chen gritted his teeth and gradually moved forward.

The chaotic tides in front of him kept coming, making Qin Chen seem to have fallen into the world of countless volcanic eruptions.

One step at a time, one step at a time, in this stone, fire and electricity, Qin Chen made every step extremely difficult, but he walked extremely firmly, without any reason to back off.

boom!

The attacks of Wan Yu Di Zun and others disappeared one after another in the void. At this moment, Qin Chen had reached the depth of nine thousand five hundred miles, and their attacks could not be resisted that far in this chaotic tide.

Even if they attacked forcibly, they would be directly shocked by the chaotic tide that blasted off immediately, leaving the dark star area, so they could only endure the anger and move forward.

"Little beast, even if you escape to the end of the world, this seat will kill you!" Wan Yu Di Zun and Jiu Yue Di Zun walked towards Qin Chen with difficulty, while shouting at Qin Chen who was a little closer to the whirlpool.

The two of them not only need to take revenge, but also to take back the Wanxing Bell and Haotian Drum in their power, otherwise, they will lose these two treasures and become sinners of the Star God Palace and Dayu Shenshan.

Boom boom boom!

When the chaotic vortex appeared, many people found something was wrong, and Yuanhun Dizun and others also stood up and walked towards here. They have been in this area of eight thousand li for many days, and they have not been sure that they can enter the dark stars, but now they see that Qin Chen and Mo Li are desperately walking towards the chaotic vortex, and they are already very close. again

I couldn't help it anymore, and they started moving.

The powerhouses of ten thousand races are all approaching the dark stars.

Qin Chen is undoubtedly the closest one.

Click!

His body was crumbling in the chaotic tide, and gaps began to appear on his body. The rolling chaotic origin was absorbed by the chaotic green lotus in his mind, but it was too late to stop the chaotic origin from impacting.

His dragon body is beginning to shatter.

"Human kid, hold on." Honghuang Zulong said nervously.

He could feel that Qin Chen's body had reached a limit. The Chaos Vortex was already very close to Qin Chen, and there was only a little distance left. It only took Qin Chen to cross over to enter it.

But it was here that Qin Chen's footsteps stopped, and he couldn't make any further progress.

"what!"

Qin Chen roared, the true dragon scale armor on his body began to shatter little by little.

This Chaos Tide is too terrifying, as strong as Qin Chen, and can't hold on anymore. If he hadn't had Chaos Qinglian in his mind to suppress the eternal age, he would have been crushed.

what?

Many people in the outside world were shocked. Qin Chen's strength was obvious to all before, and even Qin Chen could hardly resist it. How terrifying is this chaotic tide?

"No way."

Qin Chen felt that his body was about to be completely shattered. He had a feeling that if he really entered this chaotic vortex, he would be torn into dust by the chaotic vortex in an instant, and disappeared.

Moreover, in the dark, a strong sense of crisis fascinated Qin Chen's mind, as if there was something extremely terrifying in the chaotic vortex, as long as he entered, it would be swallowed.

Don't enter, never enter.

This kind of lingering feeling kept echoing in Qin Chen's mind.

This made Qin Chen's heart palpitations. It was an intuition. Qin Chen believed in his own intuition. Once, it was this intuition that saved him countless times. Could it be that this time, there is really something he can't do in this chaotic vortex? The danger of contending?

Back!

Qin Chen's heart was awe-inspiring.

This is the basis for his survival. If it weren't for this intuition, he would have died in the heavens many times.

But when Qin Chen was about to retreat, suddenly, in the vortex of chaos, a figure appeared vaguely.

This was an extremely graceful figure, unable to see its face, but like an orchid in the empty valley, and like a dark lotus blooming in the abyss, extremely pure, giving Qin Chen a strong sense of familiarity.

"Is it Sisi?"

Qin Chen was excited. This figure was exactly the figure of a demon woman he had seen before entering the Vientiane God's Treasury. She was born out of the sky, flying across the sky, like a frightening magnum, across the sky, And then disappeared.

That kind of familiar feeling, although Qin Chen has never seen the other's face, the figure makes Qin Chen feel that this is definitely someone he is familiar with.

That kind of magical aura made Qin Chen extremely intoxicated.

"Sisi?"

Qin Chen vibrated and looked at it with extreme eyes. This woman was in the chaos, her figure was misty and her figure was graceful. Although she couldn't see her true face, she felt more familiar as she looked at it. There was a kind of spiritual fit and connection.

But the aura on this woman stunned the eternity, emerged in the chaos, suppressing the sky. This woman just loomed in the chaotic vortex. Although her figure was hazy and she couldn't see her true face clearly, Qin Chen could feel that she was beautiful and hard to describe, as unreal as she came from the end of the fairy road. Creatures, perfect

, Can't pick out the slightest flaw.

The clothes are dancing, volleying on the sky, the beauty is extremely beautiful, and the beauty is peerless!

Moreover, she has a devilish aura, and she is like a cruel-hearted female demon. The fusion of immortal energy and demon aura is a perfect combination, and she is unparalleled in the past, present and future.

Qin Chen opened his eyes wide and wanted to see the other person's face clearly, but he couldn't really see it, because the other person's figure was always covered with a layer of mist, covering everything, making it impossible to see through.

She is in this chaotic vortex.

"Sisi, is that you?"

Qin Chen muttered, his body trembling with excitement, tears in his eyes.

At this moment, not only Qin Chen, Mo Li, Yuan Hun Di Zun and others, but also saw a woman in the chaotic vortex, above the world, floating like a fairy.

There was a woman in this dark star.

Who actually entered this dark star before all of them?

Wan Yu Di Zun and others shocked.

"This person....."

On the side of the Demon Clan, Yuanhun Dizun's eyes narrowed.

"It seems to be her..." Yuanhun Earthzun's figure shook. By his side, the peak Earthzun of the top demon races, such as the Dead Demon Race, Saint Demon Race, and Sky Demon Race, also shook their bodies, because they too I recognized this woman, she was the one who walked out of the abyss of the Demon Realm.

.

That figure was just a flash, and then disappeared completely, as if it had never appeared before.

But Qin Chen knew very well that there was definitely a figure flashing by before.

Hum!

The chaotic tide is surging, and the sudden appearance of the chaotic vortex is slowly shrinking at this moment, as if it is about to dissipate here. If you don't go in again, I'm afraid there will be no chance.

[Chapter 4004: Into the whirlpool](#)

"Sisi!"

Qin Chen gritted his teeth and his eyes instantly became determined.

"boom!"

Even if there was a strong crisis in his mind, Qin Chen still moved, gritting his teeth and rushing towards the chaotic vortex.

At the next moment, Qin Chen's figure was suddenly swallowed by this chaotic vortex.

"Damn, that chaotic vortex is going to disappear."

Behind Qin Chen, Mo Li gritted his teeth.

"Boy, hurry in."

Demon Ancestor Luo Hu said anxiously: "When this vortex disappears, you are thinking of entering the dark stars. I am afraid it will take a lot of effort."

"go!"

Demon Li roared, his pupils bloomed with a certain magic light, the power of the magic gu surging in his body, the power of the demon ancestor Luo Hu constantly resisted the power of chaos for him, he approached the chaotic vortex step by step, and finally at the moment when the vortex closed, Also entered.

With a bang, the next moment, the vortex closed, and a terrifying force of the original source of Chaos swept away, causing the people not far away to spit out a mouthful of blood, looking frightened.

Damn, they didn't even get into this whirlpool.

In the whirlpool, Qin Chen felt a powerful force sweeping over him. After Qin Chen recovered his senses, there was a vast void in front of him.

Different from the place before this, here is a void, it seems that they have been teleported to another world, here, there is no life, no things, only endless void.

Moreover, in the void, lingering in the air is the power of the source of chaos.

"Where are we going next?" Qin Chen couldn't help asking as he looked at the endless void in front of him.

Honghuang Zulong also frowned. All the chaos in the world here, like the unopened world of Hongmeng, couldn't discern the direction.

"Go forward and follow the power of chaos. If I guess right, chaos jade bi is definitely here."

Qin Chen perceives the chaotic aura in this world based on the words of the great ancestor dragon, and slowly walks forward, the origin of chaos scattered in the world.

Qin Chen followed the power of the Primal Chaos across the void for a long time, and finally saw a dazzling, gleaming silver light, dazzling and seductive. ? When Qin Chen saw the scene in front of him, he couldn't help being shocked. A hanging chaotic source fell here like a waterfall. Here, a hanging chaotic source gathered a vast and endless river of chaos, boundless, Look around, see

Not marginal.

The long river of chaos is rippling with silver waves, which looks extremely dreamy. It seems to be a silver ocean, but it is like an endless gathering of chaos. The gleaming light is not so real and gives people a dreamlike feeling.

"Where is this place?" Seeing the chaotic silver light rippling in front of him, Qin Chen was moved by it. It is incredible that such a place exists in the world.

And, where is Sisi?

"I don't know." Honghuang Zulong shook his head with deep eyes, looking at the rippling chaotic river in front of him, such a vast and endless chaotic river, whether it was born from the heavens and the earth, or was created by others. And know.

"I have never been here, but with so many sources of chaos, there is only one possibility, that is, the chaotic jade wall is here. If you look for it, you will definitely find it." Honghuang Zulong said.

"Where should we go now?" Qin Chen looked at the Chaos River in front of him, not knowing where he was going. The vast river in front of him seemed to be the entire sky, making it impossible to see the end. "Wow!" When Qin Chen asked, as if the sound of water sounded, a huge flame beetle leaped up, and this high leaping flame beetle set off high waves, and the chaotic atmosphere spilled, making people feel like hearing beads. The crisp sound of the falling jade plate

.

"The Divine Tortoise of the Fiery Sun..." Qin Chen couldn't help being moved when he saw this flame beetle leaping high. He didn't expect to encounter the Divine Tortoise of the Fiery Sun here.

When this Divine Sun Turtle entered the dark star, he immediately disappeared. Qin Chen thought he was somewhere in the dark star, who knew he had entered the dark star.

This also shows that above the dark stars, there are obviously places to enter the interior.

"Wow..." The tortoise of the strong sun swims in this chaotic river, very happy, leaping high, diving in deeply, and swimming to the distance of the chaotic river with great speed.

"Keep up with it!" Honghuang Zulong said excitedly.

"The Tortoise of the Fiery Sun is a natural god, following him, it is possible to find the Chaos Jade Bi."

Hearing the words of the ancestral dragon, Qin Chen immediately turned into a real dragon, spurred by the thousand-year light, and chased after the place of the **** turtle of the strong sun.

In this chaotic river, the Tortoise of the Fiery Sun was extremely fast, but Qin Chen's thousand-year light would not lose to the Divine Tortoise of the Fiery Sun here, and he caught up with the Divine Sun Turtle in the blink of an eye!

"Follow him!" Honghuang Zulong said.

Without his reminder, Qin Chen kept urging Thousand Years of Light and followed closely behind the Tortoise of the Fiery Sun, no matter whether the Divine Tortoise of the Fiery Sun was jumping or diving, he could not get rid of Qin Chen.

"Can the God Tortoise of the Strong Sun take where we are going?" Qin Chen couldn't help asking as he watched the God Turtle of the Strong Sun swimming at extreme speed.

Honghuang Zulong nodded and said: "Absolutely, the blazing sun turtle is not as simple as a flame beetle. He is a **** nurtured here and contains the luck here. Don't underestimate him!"

In this way, in this chaotic river, Qin Chen chased after the giant Tortoise of the Strong Sun, and the God Turtle of the Strong Sun was swimming extremely fast, taking Qin Chen deep. When Qin Chen was chasing the tortoise of the Fiery Sun in the Chaos River, Moli also entered this void, but unfortunately, his luck was not as good as Qin Chen's, waiting for him to be guided by Luohu Demon Ancestor. In this chaotic river, Qin Chen and Lie Yang

The turtle has long since disappeared.

He could not find Qin Chen, and could only search aimlessly in this chaotic river.

And when Qin Chen and Mo Li entered the dark stars, the void outside didn't know how many people went crazy, or how many people went crazy. "Little beast, unless you don't come out, you will never be spared!" There was a wild roar in the void. In the end, even Wan Yi Di Zun and Jiu Yue Di Zun also gave up, even if they get closer, they can't find the Chaos Vortex, even darkness.

The stars can't go up.

They all stopped at more than nine thousand miles, and they were unable to move under the chaotic tide.

At this moment, they can only continue to sit cross-legged here, absorbing the power of the chaotic origin, and wait until they have absorbed enough chaos to enter the dark stars.

Maybe it's good luck, but that chaotic vortex will appear again.

"There is definitely a big secret in that chaotic vortex, and there are heavy treasures." Wan Yudi's eyes were cold and murderous. Although they could not enter, as long as Qin Chen came out, they would surely be targeted.

[Chapter 4005: Crystal Wall Island](#)

In the long river of chaos, Qin Chen controlled the power of chaos and turned into a stream of light, following the tortoise of the strong sun.

boom!

The God Tortoise of the Fiery Sun was swimming in this chaotic river, freely, without paying attention to Qin Chen who was following behind him.

When Qin Chen saw this, his eyes flickered slightly, staring at the Chaos River below.

This vast and boundless river of chaos is actually all condensed from the source of chaos. The source of chaos that was diffused by the tides of chaos on the dark stars is most likely just a spray of water leaked from here.

If the source of the chaos outside is a strand of water, then the Chaos River in front of Qin Chen's eyes is an endless ocean, vast and boundless, and there is no other shore to see.

The gap between the two is too great to be reasonable.

Qin Chen lowered his head, looked at the Divine Sun Turtle, and sighed in his heart. No wonder this Divine Sun Turtle was so powerful that even the strong of the Earth Sovereign level could not be moved, and it was easily crushed into slag.

Living in this vast river and sea filled with the origin of chaos all the year round, how can the earthly master obliterate the capture? I'm afraid that even if Tianzun came, he might not be able to capture him.

call!

The billowing chaos origin turned into strands of smoke, pouring into Qin Chen's mind, the chaotic green lotus in Qin Chen's mind, swaying in the aura of the chaos origin, reflecting the ages. I don't know how long it has passed. Suddenly, Qin Chen saw that in the depths of the vast Chaos River, a black mist appeared unexpectedly. This mist had a strange and deep dark atmosphere, lingering around the world, causing Qin Fierce in the dust

Surprised.

Wow! After the Divine Sun Turtle approached this mist, he did not go deep into the mist, but hovered above the Chaos River. Turning his head, those clever eyes looked at Qin Chen, and there was an inexplicable meaning in his eyes. The next moment he turned around,

After sinking into the Chaos River, a wagging tail disappeared, and I didn't know where it went.

"This Tortoise of the Strong Sun knows that I have been following." Qin Chen said in surprise. "The God Tortoise of the Strong Sun is alive, and naturally knows everything you do. It's just that the God Turtle of the Strong Sun is mild-tempered and usually won't take action. As long as you don't annoy him, you don't have to worry about safety." Honghuang Zulong doubted: "But This blazing sun turtle will actually take you

Bring it here, so to speak, there must be something weird in this place, and it is the weirdness that the Sun Turtle wants you to know. "

Qin Chen's eyes condensed, and the Divine Tortoise of the Fiery Sun weirdly brought him here, there must be his purpose.

Qin Chen stepped forward and came directly to the surface of the misty river. The billowing dark mist covered everything, and there seemed to be something in the dark mist.

"This is... the power of darkness?"

Qin Chen touched the dark mist with one hand and his eyes condensed. The dark mist exuded a cold breath, which was extremely similar to the power of darkness. No, it was the power of darkness.

It's just that this power of darkness is different from the power of the Dark King's blood that Qin Chen has absorbed from the Abyss of Burial Sword. It seems to be a power of darkness that combines other powers, giving people an incomparably pure feeling.

"How can the power of darkness appear here?"

Qin Chen was shocked.

The dark forces are the most terrifying force that invades the universe. Could it be possible that someone from the dark race has entered the chaotic galaxy in the depths of the Vientiane God?

"If the Chaos Jade Bi is here... No, the Chaos Jade Bi will never be given by the Dark Clan."

Qin Chen could not think too much in his heart, and his figure had suddenly entered this mist.

Oh oh oh!

In the mist, sounds like howling ghosts sounded, and the sounds of demons crying and howling ghosts continuously poured into Qin Chen's mind, causing Qin Chen's mind to be dizzy and completely lost contact with the outside world.

Entering this dark mist, Qin Chen felt as if he had fallen into an endless abyss.

Qin Chen completely lost his sense of surroundings.

"This force is indeed somewhat unique."

Lord Long's voice came with solemnity.

"This is the power of darkness." Qin Chen said solemnly.

"The power of darkness?" Honghuang Zulong wondered. "You don't know the predecessor of the ancient dragon. The universe today is in crisis, and the source of the crisis is the dark forces outside the universe. This dark force cultivates this dark power. They use this Power, bewitcher

Clan, let the demons be their lackeys and fight the universe for them..."

Qin Chen briefly talked about the situation in the world today.

"Invasion of dark forces from outside the universe? Bewitching the demons?" Honghuang Zulong frowned, "I don't know what the dark forces you are talking about are, but although this force is special, there is a breath of the origin of our universe in it. ..."

"Impossible." Qin Chen shook his head, "How can the power of darkness be repelled and oppressed by the universe and heaven?" "I don't know that, but in my opinion, this power does have a ray of it. The

power of the origin of the universe, but now I only have a remnant soul, it may be that I perceive it wrong." Honghuang Ancestral Dragon only has a remnant soul, and the body is not

Now, some are not convinced enough.

Qin Chen was puzzled, but he also knew that now is not the time to entangle this, the most urgent thing is to find the Chaos Jade Bi.

It's just that in this dark mist, Qin Chen completely sinks here, almost without the slightest perception.

"Hmph, I don't believe it, these dark mists can completely obscure the aura of chaos origin."

Qin Chen urged the chaotic green lotus in his mind, and Qin Chen was overjoyed immediately, because he sensed a strong chaotic aura faintly in the depths of this dark mist, attracting himself.

"Sure enough."

Qin Chen was excited, and moved forward slowly, the power of rolling darkness lingered around Qin Chen, and wisps of darkness slowly entered Qin Chen's body.

This trace of strength was slowly absorbed by Qin Chen's Dark King Blood.

I don't know how long it has been.

Qin Chen saw the dark mist billowing in front of him, and Qin Chen saw that an island appeared in the billowing dark mist. The island was a crystal wall, which was very similar to the chaotic jade with a map. .

"Chaotic Jade Bi."

Hong Huang Zulong said excitedly.

This small island is agglomerated by large pieces of chaotic jade, among which there must be chaotic jade, because only chaotic jade can give birth to so many chaotic jade.

Chaos Jade Bi, must be at the core of this Chaos Jade Island.

"Chaos tree." At the same time, Qin Chen also saw that a fruit tree lingering in the chaos aura was located in the center of this chaotic jade island. It was the chaos tree that Qin Chen and the others had seen before and later entered the depths of the Vientiane God Hidden.

[Chapter 4006: Condensed Chaos World](#)

Whoosh!

Qin Chen swept straight towards the chaotic island.

Huhuhu!

And at this moment, the power of darkness around the island suddenly surged, and then Qin Chen saw that in the endless darkness, a graceful figure loomed.

"Sisi?!"

Qin Chen's figure was shocked, and he looked over again. This graceful figure was filled with the power of darkness, and countless powers of darkness poured into her body, even the power of the king of darkness in Qin Chen's body. Are all motivated in some way.

"No, why does Sisi have such a strong dark power?" Qin Chen was startled, his eyes burst out with cold light, when did Sisi become a person of darkness? This kind of pure dark power is purer than any dark power Qin Chen has seen, and it is not even weaker than his Dark King Blood

force.

boom!

Qin Chen quickly swept towards the figure, but when Qin Chen approached the opponent, the power of the billowing darkness surged in, making Qin Chen unable to approach at all.

In the dark, a terrible force is surrounding.

"Boy, there is weirdness here, this person is refining some kind of treasure, first refining the chaotic jade." Honghuang Zulong seemed to sense something wrong, and said in a deep voice.

Qin Chen looked at it intently and saw the billowing light surging above this figure, and a twisting black light shrouded in front of this woman, which was profound and contained endless terrifying dark rules.

boom!

The origin of the billowing darkness entered the woman, and there were glazed rays of light in the woman's body.

This force was extremely terrifying and gave Qin Chen a strong shock and oppression.

"go!"

Qin Chen's eyes were cold, and he made a decisive decision and swept directly towards the Chaos Jade Island.

Approaching the jade island of chaos, the aura of chaos surging in, Qin Chen immediately felt a strong shock, and even this jade island of chaos could not be approached, how to absorb this chaotic jade bi.

He slid his hand, and his rolling power went to capture Chaos Jade Island, but he couldn't capture it at all.

"Boy, the chaotic jade bib can't be picked up by you like this. Without the approval of the chaotic jade bib, even in the heyday of this seat, it will not be able to be picked up at all. Only you, this space of good fortune, may be possible. ."

A move in Qin Chen's heart immediately spurred the jade disc of good fortune from the universe. When the jade disc of good fortune from the universe was urged, it rumbling, and the chaotic jade island in the distance shook violently.

"Haha, Human Race kid, work hard."

Honghuang Zulong is overjoyed.

Qin Chen urged the Universe Good Fortune Jade Disk with all his strength. When the Universe Good Fortune Jade Disk was fully activated, the whole chaotic jade island shook, and was slowly attracted by the Universe Good Fortune Jade Disk.

Wow!

The chaotic jade on countless chaotic jade islands vibrated, and a jade bi blooming with the aura of chaotic origin flew over, and then entered Qin Chen's universe jade disc.

Rumble! When this chaotic jade wall entered Qin Chen's jade disc of good fortune from the universe, the whole jade disc of good fortune from the universe suddenly roared. Before Qin Chen understood what was going on, the jade disc of good fortune from the universe vibrated violently, and everything in it World one

Then it shook, and the entire universe jade disc began to vibrate violently.

The origins of chaos surging out from the chaotic jade bi, and quickly merged into every corner of the jade disc.

The roar of the jade disc of good fortune in the universe became louder and louder, and even thunder blasted in between. The dragon, the ant, and the small fire hurriedly hid under the magic tree of the ten thousand realms, and dared not move.

As soon as Qin Chen wanted to find out what was going on with this jade disc, he felt his own soul buzzing. At this moment, his soul seemed to leave his body and merge with everything involved in the jade disc. . The rumbling continued, but Qin Chen's consciousness gradually separated from his body. Before Qin Chen was horrified to take measures, a clear world appeared in his consciousness. This world seemed to be a blank piece of paper. Blank paper

Ask him to perfect and then form.

Qin Chen subconsciously imagined the world he wanted. He had just thought of a river, and an endless river appeared in this blank world. The water was surging and stretched far away. At this time Qin Chen has come to understand a little bit, and he no longer thinks about the other things. Among his divine knowledge and consciousness, mountains, forests, lakes, rivers, seas, ice mountains and snow peaks... are gradually spreading here like bamboo shoots. Blank place

appear.

As his consciousness slowly extended, the stars of the universe, the sun, the moon, and the stars... gradually formed around the jade disc.

Rumble!

In addition, various laws have also appeared, naturally derived.

The power of the laws was established from nothing in this jade disc of good fortune, and the atmosphere of the universe and the rule world slowly filled the entire universe...

This chaotic world has thunderstorms, ice and snow, and cloudy, sunny and perfect...

The five elements alternated with spring, summer, autumn and winter, the day and night that were derived, and the ground, water, fire and wind...

All of this was slowly formed by Qin Chen's consciousness at the beginning, but afterwards, it was the natural formation of this world without any pause or stop.

"Hahaha!"

The predecessor Honghuang Zulong laughed in it, chaotic world, he actually saw the birth of a chaotic world. The power of the rules and the laws of heaven and earth gradually made Qin Chen a little clearer, and his consciousness stretched out again, wanting to spread his world even more, but when his spiritual consciousness touched the universe Good fortune jade disc edge that

When there was a vague chaotic jade core, his sea of consciousness was painful, and terrible chaotic cores rushed into his mind. The next moment, he could no longer hold on, and his will was completely blank. Xiaoyi and Xiaohuo, who had witnessed the complete formation of the Universe Good Fortune Jade Plate, were completely stunned. They clearly saw the Universe Good Fortune Jade Plate from a small world to form a vast world containing the Great Dao of Heaven and Earth, forming a chaos.

Mongolian world.

"The boss opened up the world of chaos?" The little ant took a breath and muttered, "We are also chaotic creatures."

When the chaotic world was formed, they were also surrounded by amazing chaotic power. This was the world of this chaotic world. The little dragon also reacted at this time. It clicked its mouth, as if it was still reminiscing about the world opening process. It was closer to transformation than the little ants and little fire. Boom, the little dragon began to slowly transform at the moment when the chaotic world was formed. open

Begin to transform into a real dragon. Little Ant and Little Huo were very excited. They have witnessed the opening of this chaotic world. They are not only the great creatures, but they may also possess a kind of magical power to open up the world.

[Chapter 4007: Hongmeng breath](#)

boom!

The development of the billowing chaos, the chaotic jade wall merged into the world, forming a vast and eternal world, the power of that horrible chaos origin has made all the creatures in the jade disc of good fortune of the universe have undergone unprecedented transformation.

Roar! A real dragon soars into the sky. This is the little dragon. The power of the real dragon rolling on his body is surging. His dragon soul has awakened. At this time, the origin of the chaos caused its body to transform at an astonishing speed, turning into a real dragon, rolling Hong Huang Longwei, in his

The body blooms like a dragon god.

Xiaoyi and Xiaohuo, their bodies were surging with chaotic auras, and they all changed, a kind of temperament, subtle changes from their bodies. This is the aura of the cosmos, the opening of the universe, the first force at the birth of a world, and the most powerful force in the world, like the

ancestral dragon, like the demon ancestor of Rahu, in ancient times, when the universe was opened, they Slave

Stepping out of the chaos, waking up from the majesty, carrying the destiny, and achieving a realm that countless creatures cannot reach in the future.

Because they are primordial beings.

It is the existence born from heaven and earth at the beginning of the universe.

Now, Xiaolong, Xiaoyi, and Xiaohuo have all been baptized by this force.

It is true that Qin Chen's jade disc of heaven and earth cannot be compared with the universe, but it has already taken shape.

"Hahaha, Chaos World, it really is Chaos World."

The primordial ancestor dragon stood proudly in this jade disc of good fortune, with the billowing aura of grandeur surging on him, looking up to the sky laughing.

His eyes have never been colder than ever, unprecedentedly determined, unprecedented excitement and unprecedented excitement. For hundreds of millions of years, he sinks here, even though his soul is slowly repaired, forming a terrible soul lake, and even surpassing the ancient peak period in soul power, but... he can only be trapped here, billions For years, sinking here

A strong, but deadly place.

He is invincible, he is immortal, his soul is immortal, he will not die, but what use is this? Countless epochs, countless years have passed, this place has become a prison, a cage that imprisoned him, he is a prehistoric ancestor dragon, a supreme existence, actually? Just a sad prisoner, trapped here without any escape

The possibility of taking off.

Now, he finally saw hope.

Like a traveler who has been wandering in the endless darkness for a long time, like a lone boat that has been wandering on the sea for a long time and can't find a shore, at this moment, he finally sees hope and a ray of light shining out of the endless darkness.

Chaos world!

This is a world that can carry the lake of his soul, and allows him to leave this lonely starry sky, leave this dead world, the loneliness of countless epochs, today is finally coming to an end, the ecstasy in his heart can be imagined,

"Hahaha!"

Rumble!

The sky vibrates, the thunder is rumbled, the ground, water, fire and wind are slowly formed. The formation of the world is a long process, and it is by no means an overnight process.

Little ants and Xiaohuo are full of auras, they are silent in this world, but they soon wake up, think of Qin Chen, and hurriedly said: "Predecessor of the ancient dragon, the boss seems to be in a coma, and his body seems to be wrong. ."

Xiao Huo also reacted at this time, because when the Chaos World was formed, Qin Chen's will seemed to fall into a deep sleep. "Senior Honghuang Ancestral Dragon, what's going on?" Xiaohuo asked eagerly. It has no idea at all. At this time, it doesn't slander the Honghuang Ancestral Dragon. It has always followed Qin Chen. Once Qin Chen There is a problem, it is really anxious

Up. Xiao Yi also hurriedly said: "I remembered a legend. It seems that after a great power called Pangu opened up a world in ancient times, he died. Now the boss has also condensed into a chaotic world, with the boss's cultivation base, Is it a bit hard?

Can't hold it? "

"Senior Ancestral Dragon, you must think of a way." Xiao Yi and Xiao Huo hurried around, but they couldn't think of a better way.

Hong Huang Zulong also recovered from the surprise at this time, the perception fell on Qin Chen, and he also felt that Qin Chen was wrong.

"He is running out of vitality, he must be rescued as soon as possible. Once his vitality is exhausted, even the top things will not be able to save him."

"Vitality is exhausted, why?" Xiao Yi and Xiao Huo were still asking anxiously. Honghuang Zulong said in a deep voice: "Did you feel that the law of heaven and earth on the jade discs of the universe is perfected? Not only is the law of heaven and earth, but even the rules of the universe are gradually beginning to be perfected. If I hadn't guessed, this is

Qin Chen was not strong enough, but forcibly opened up the chaotic world. He had to merge with the laws of heaven and earth to perfect the power of this law. "

After finishing speaking, Honghuang Ancestral Dragon didn't wait for himself to finish speaking, and a wave of chaotic power permeated from his dragon ball, and quickly merged into the chaotic jade wall at the center of this chaotic world.

Rumble!

The power of the dragon soul lingering in the body of the great wild ancestor dragon nourished the chaotic jade bi, this is he is using his own power to support the formation of the jade disc. The reason why Qin Chen fell into a coma was that although the Universe Jade Disc was integrated into the chaotic jade bib to form a chaotic world, it took too much power to open up the chaotic world, and it was impossible to do it with Qin Chen's cultivation base. Come on him

His soul will naturally fall into silence.

And now, Qin Chen's soul has fallen into a very critical situation. The Primordial Ancestral Dragon is the primordial soul of the universe. He can use the primordial power of his dragon soul to help Qin Chen perfect this chaotic world.

"Damn, this time I lost a lot." Honghuang Zulong said depressedly.

Although he consumed his own primordial power to maintain the formation of the chaotic world, the vitality in Qin Chen's body was still slowly dissipating, although the dissipating speed was much slower, it did not stop.

"Senior Honghuang Zulong, this doesn't seem to work." Xiaoyi and Xiaohuo were anxious.

Honghuang Zulong said in a deep voice: "It's really not possible. Although I have prevented the vitality consumption in his body, he has already worn too much. I have thought of another way."

"What is it?" Xiao Yi and Xiao Huo asked eagerly without waiting for Honghuang Zulong to finish. "The anger of this world!" Hong Huang Zulong said: "He opened up the chaotic world, causing his own vitality to weaken because all the power in the body was used to blend into Qin Chen's body, but we can form this world. Power enters

In his body, he was repaired. "After finishing speaking, Honghuang Ancestral Dragon was about to pour into Qin Chen's body with his own power from the beginning.

[Chapter 4008: She is not Sisi](#)

Rumble!

Not only the great ancestor dragon, little ants and little fire, but also creatures such as the magic tree of the world, the tree of heaven and the gods, and the little dragon in the Nether Star River. Dust in the body.

Hum!

In the void, Qin Chen's body suddenly emerged with a sense of majesty, and at the same time, Qin Chen's vitality began to slowly repair.

The chaotic jade bi was transformed into a magma spar, condensed in the void, forming a scorching sun, suspended in the jade dish of the universe. The power of Hongmeng entered Qin Chen's body, and Qin Chen's original withered and dissipated life breath became stronger and stronger. After a short time, Qin Chen returned to its original state again, while the Ten Thousand Worlds Demon Tree and other things became more and more sluggish. In the chaotic world, they

The benefits obtained are also extraordinary, and will naturally recover in the future.

The most depressing is the great ancestral dragon, he almost used his ancestral power, this is the source of his cultivation for hundreds of millions of years, this time it is cheaper than Qin Chen.

Roar!

In Qin Chen's body, the breath of the true dragon was filled, and the shadow of the true dragon appeared.

Moreover, the endless black fog above the Chaos River also entered Qin Chen's body under Qin Chen's transformation. This was the power of darkness.

This made Honghuang Zulong frowned, because he always felt that something was wrong with the power of darkness, but at this time, he couldn't care about that much. After a stick of incense, Qin Chen

opened his eyes, and he found himself suspended in this chaotic black mist, the power of billowing darkness turned into a cocoon, wrapping him up, and the power of darkness continued to enter. In his body, the darkness is fused

King blood. Moreover, in the jade disc of good fortune of heaven and earth, countless terrifying powers are constantly pouring into his body, and vitality is constantly nourishing his meridians and soul. The magic tree of the ten thousand realms and the **** tree of heaven have obviously withered a lot, the little ants and the little ones Fire they also have some one

After a moment of pause, even the aura of the predecessor of the Great Ancestral Dragon was a little weak, and he immediately understood what was going on.

Qin Chen quickly prevented the Ten Thousand Realms Demon Tree from continuing to nourish and stood up. Feeling that Qin Chen was fully restored, the Demon Tree of the Ten Thousand Worlds exuded a pleasant aura, and immediately absorbed the surrounding chaotic aura frantically.

"Haha, Human Race kid, you finally wake up." Honghuang Zulong smiled.

"Boss, you are awake." Xiao Yi and Xiao Huo also shouted excitedly, but they were so tired that they fell asleep immediately after saying these words.

Qin Chen's heart was full of touch. He could feel that the vitality of Little Ant and Little Huo had become very weak and damaged a lot. If he did not wake up, Little Ant, Little Huo, and Little Dragon would even fall.

Only then did Qin Chen feel the world he opened up. When the world opened up, he felt the process of formation of the heaven and the earth, and he had a new understanding of the avenues and laws, such as the laws of space. He originally mastered a lot of space laws, and it was also one of his top laws, but at the moment when the chaotic world was formed, because of the formation of space laws, he re-understood the formation of space laws. At this time, his mastery of space laws and various magical powers more

The addition is handy.

Even Qin Chen vaguely felt that he had mastered the teleportation. Although this was only a feeling, Qin Chen could feel that if he was really willing to urge him, as long as he was given time, he would definitely be able to master the teleportation.

However, Qin Chen did not continue to feel too much, the chaotic world was formed, and he had gained too much, but no matter what kind of gain, it was far inferior to the gains of Qiankun's good fortune jade disc from a small world to a chaotic world.

At this moment, the chaotic jade wall formed the origin of this chaotic world and was completely integrated into this world. Qin Chen constricted his mind, and had time to check his re-formed chaotic world. The feeling of being completely connected to the mind and mind surged to his heart, so that he could know any movement in the chaotic world without having to scan with the consciousness.

.

At this moment Qin Chen knew that his chaotic world had truly merged with him and became an independent world, and unless he died of life and death, no one could take away his chaotic world.

The mountains and rivers are surging, the sun and the moon contend for glory, and the eternal formation. The grass, the tree, and everything in these worlds are obviously formed by the chaotic world itself, and it incorporates some of Qin Chen's insights. This is a wonderful pair. Human picture. The only thing lacking is some creatures, but Qin Chen's chaotic world is far behind the universe after all. If he wants to be able to give birth to creatures on his own, Qin Chen's cultivation is still too far behind, and it may require constant transformation of the chaotic world. Maybe only there

What a slight possibility.

Wow! The Ten Thousand World Demon Tree and the Heavenly Path God Tree happily grow here, absorbing the power of Chaos. Originally, these two treasures have grown to the extreme in Qin Chen's Universe Jade Plate, and their growth has almost stagnated, but now, Magic Tree of Ten Thousand Worlds

There was an aura of excitement from both the heavenly path and the sacred tree, which was obviously a huge benefit.

Seeing the Demon Tree of Ten Thousand Worlds and the God Tree of Heaven, Qin Chen couldn't help ringing the Chaos Tree still on the Chaos Jade Island. Now his Universe Jade Plate has been transformed into the Chaos World, I wonder if I can put it away. Where is the tree of chaos?

Of course, he was just thinking about it. At this time, it is not the time to think about how to win the treasure, but...

"boom!"

A terrible chaotic aura rolled over Qin Chen. After a long time, he opened his eyes and did not continue to perceive the chaotic world, nor did he look at the chaotic tree, but at the figure in the dark mist.

"Sisi?"

Qin Chen's heart was throbbing, this figure floated in the mist, and there was a vast dark aura rolling on her body. Her temperament was extremely arrogant. Although she could not see her face, she gave people a feeling of being a thousand miles away.

It seemed that this was not a woman, but a piece of ice, a piece of ice without feelings, exuding the devilish air of eternal calamity, like a sleeping tyrannical demon.

"She is not Sisi!"

Qin Chen can be sure that this person is definitely not Sisi, because no matter how you change, a person's temperament will never become like this. Sisi is a special existence in Qin Chen's mind, and she is the most unique in this world.

Even if the person in front of you can't see his face clearly, even if the darkness is surging, it is impossible for Sisi.

But why, this person gave him an extremely familiar feeling?

This kind of feeling, embedded in the soul, is so clear that it seems to have reverberated around me in countless dreams. This is an extremely important person in my life. Qin Chen walked in step by step, and a wave of dark power with endless tyranny surged on the figure. This was the dark rule, but it was different from the normal dark rule.

[Chapter 4009: Goodbye Wan'er](#)

"Are you a member of the Dark Clan?" Qin Chen frowned, recalling everything he had experienced, except for the dark tribe masters suppressed by Venerable Skyfire and All Souls Demon Venerable, and the ancestor of the Abyss of Burying Sword, Tongtian Sword Pavilion. Outside of the dark royal family's strong man, Qin Chenji

Almost never saw other masters of the dark race.

So who is the person in front of you? The billowing dark demon energy surged on this person like a demon. Qin Chen approached step by step. In his body, the blood of the King of Darkness also absorbed the dark mist here, causing the power of darkness in Qin Chen's body to continuously increase. , Contains a kind of return

The original power of this traceability.

Step by step!

Qin Chen got closer.

In the endless darkness, a beautiful face gradually appeared in front of Qin Chen.

When Qin Chen saw the side face of the other party, Qin Chen was struck by lightning, and his whole body was shaken. There was an incredible expression in his eyes, as if he had seen someone who shouldn't be here.

"Waner!"

Qin Chen said in shock, his eyes filled with unprecedented astonishment and surprise, which was like a bolt from the blue sky.

The figure surrounded by the power of darkness in front of him was actually the Sect Master of Illusory Demon-Shangguan Wan'er, who was brought into the gate of the Demon Realm by the Soul Divided by the Lord of Abyss Demon and disappeared.

Why is she here? And the power of darkness?

Qin Chen clearly remembered that in the Tianwu Continent, the Lord of Abyssal Demon came as a clone, and Shangguan Wan'er was willing to enter the gate of the Demon Realm and sink into Infinite Purgatory in order to save herself and Sisi.

Over the years, Qin Chen has worked hard to improve himself, and he also plans to go to the Demon Realm to rescue Wan'er. This has always been the biggest regret in his heart.

In this life, after experiencing so much, Qin Chen has matured a lot and felt relieved to Wan'er a lot.

Although Wan'er and Shangguan Xi'er deceived herself together in the previous life and kept them from herself for a long time, all of this was Shangguan Xi'er's conspiracy, and Wan'er was only a **** of Shangguan Xi'er.

In the years of the previous life, it was this woman who replaced Xi'er, silently accompany her, for countless days and months, she was in love with her.

Qin Chen thought that he had loved Shangguan Xi'er in his previous life, but finally realized that it was Wan'er that he was in love.

The love is deep, the hurt is painful!

Wan'er back then was just a simple person. Although she and Xi'er were twins, they had no parents. She was always taken care of by an aunt and her sister, Shangguan Xi'er, so she was used by Shangguan Xi'er. Who knows that in the end But fell in love with myself.

This is a pathetic person, a pathetic person, and even a hateful person.

After Shangguan Xier and Feng Shaoyu framed Qin Chen, Shangguan Waner finally awakened, broke with Shangguan Xier, and resolutely entered the Death Canyon to find Qin Chen's traces, and even wanted to live and die with Qin Chen.

But as a result, she failed to find Qin Chen's body, and unexpectedly survived in Death Canyon, obtained the Demon Heart Stone, and her cultivation base was transformed.

Although she is alive, but Xin is dead.

She was in pain, thinking that she didn't die even when she entered the Death Canyon. Everything was Qin Chen's guidance, and it was God who wanted to make atonement for herself.

From the moment she walked out of Death Canyon alive, she changed. She ruined her appearance and became the master of the magical magic on the mainland, and became the terrifying demon known to the world's strongest. .

The purpose of her survival is to avenge Qin Chen, kill Shangguan Xier and Feng Shaoyu, and avenge Qin Chen.

She has experienced so many pains that ordinary people can't understand. She cultivated the ruthless road and turned herself into a walking dead without emotion.

But in the end, when she knew Qin Chen was still alive, she smiled.

She faced Qin Chen speechlessly, or even dared to face Sisi, and finally pulled the Lord of Abyss Demon, fell into the gate of the Demon Realm, and entered the Infinite Hell. This was the last thing she did for Qin Chen.

"Waner!"

Qin Chen stepped forward, murmured, with incredible expression in his eyes.

Why is Wan'er here?

Didn't she enter the Infernal Purgatory? What happened after entering the demon world?

Qin Chen wanted to know all this.

boom!

Qin Chen approached.

But at this moment, Shangguan Wan'er opened her eyes suddenly, what kind of eyes are they like, with dead ashes, with despair, with ruthlessness, without any emotional fluctuations, like a living dead.

Qin Chen's heart trembled suddenly, is this the Shangguan Wan'er he knows? Her appearance has been restored, even more beautiful than in the previous life, like a night flower blooming in the dark, so aloof, so determined.

"Trendy boy, be careful."

Suddenly the ancestral dragon uttered an urgent cry.

boom! When the voice fell, all demons surged between the heaven and the earth, and the endless dark demonic energy was like the ocean, surrounded by Shangguan Wan'er, setting off her like a dark demon god, towering in the dark sky.

She has a peerless face and is wearing a black long dress. With the surging of the dark devilish energy, the black dress is naturally restrained in the float, and she inadvertently outlines a moment of enchanting and exquisite embossment.

"Who are you, ruin my practice."

An icy voice without a trace of emotion came from Shangguan Wan'er. She has a beautiful face, her skin is like fat, and her delicate lips are like cinnabar, especially her bright eyes. There is a trace of unfeeling in the cold, without any emotion.

The hollow black silk-like black long skirt outlines her slender waist, making her bumpy figure more and more soul-stirring.

Qin Chen was shocked, and was shocked by Shangguan Wan'er's words.

She, don't know yourself?

"No matter who you are, you will have to die if you come here." Shangguan Wan'er moved, she was like a demon **** coming out of an endless abyss, the power of the billowing darkness condensed in her palm, like a dragon roar, like Tian Beng, these dark forces formed unique rules in her body, sweeping towards Qin Chen

Come.

boom! The sky is falling apart, and the power of this billowing darkness is too terrifying. It is the first time that Qin Chen has felt such a terrifying power of darkness from a strong person who is not a dark clan. If it had not been for Qin Chen to know Shangguan Wan'er, he would be very familiar with her, even Must be

Because the woman in front of her was a dark demon who came out of the dark clan.

"Human kid, what are you still doing in a daze?" Honghuang Zulong shouted at Qin Chen. When the power of darkness struck, Qin Chen was still in a daze, and did not immediately fight back.

Because he is still confirming whether Shangguan Wan'er really forgot about herself. Normally, when her attack completely falls, there will always be some clues. But Qin Chen was disappointed, even when the endless dark magic power was about to swallow him, Shangguan Wan'er still had no expression on her face, as if she was about to kill just an insignificant person.

[Chapter 4010: What have you endured](#)

"Ugh!"

With a soft sigh, endless anger emerged in Qin Chen's heart. He didn't know what happened to Wan'er, but after she entered the Infinite Demon Prison, she absolutely experienced everything she had never imagined.

boom!

The power of chaos in Qin Chen's body was surging, and it collided with the power of darkness that Wan'er was scrolling. The sky and the earth shook suddenly, and the terrible dark magic wave collided with the power of chaos, causing a shocking roar.

Fortunately, this is the place of chaos within the dark stars, otherwise the outside world will be screaming and roaring just with this blow.

Above the long river of chaos, Mo Li was searching everywhere at this moment. He flew over the river of chaos. Although there was a billowing chaos source below, he turned a deaf ear to it.

Because he wanted to find the source of this chaos.

He knows that only at the source of this chaotic origin can one obtain the most important treasure here. As for this vast chaotic origin, it is nothing but the sesame seeds inside this dark star.

However, he has been flying here for a long time, but he hasn't found any clues for a long time. On the contrary, he seems to be lost. "Damn, that kid Qin Chen entered this world before me. Has he already found the core of this world? If you let him find it, it will be troublesome." Mo Li's face was extremely ugly, every time he only needed to know where Qin Chen is

, He is always unlucky, which makes his heart feel a little guilty.

"Senior Demon Ancestor Luohu, can't you do anything?"

Mo Li asked.

"This place, I also entered for the first time, but I always feel that there is something wrong with the atmosphere of this world, be careful." Luohu Demon Zu said.

As soon as his voice fell, there was a bang, and there was a sudden wave in the distance between the world and the earth. He raised his head sharply and vaguely felt that there seemed to be some movement in the depths of this chaotic river.

He was overjoyed in his heart, and flew away frantically towards the place where the fluctuations came.

In the darkness and mist, Shangguan Wan'er had cold eyes without a trace of emotion, and she kept fighting Qin Chen. The fluctuations Moli felt were the fluctuations that they fought against.

Boom boom boom!

The vast Primal River of Chaos rolled up the stormy waves, and clashed and intertwined with endless darkness and fog.

"Wan'er, don't you know me?"

Qin Chen kept fighting against each other, constantly shouting, and at the same time secretly shocked in his heart. Because the aura exuding from Shangguan Wan'er is very mixed, not only the aura of dark power, but also the original power of demons and human races. Normally, even if these three powers appear together, they will not May be perfect
