

## Valkyrie 4071

### [Chapter 4071: Crazy](#)

The Molten Heavenly Sovereign is the top master of the Demon Race. The Flame Demon Race has two major secrets. One is to incarnate the Balrog, forming a flame surrounding itself, and the other is to incarnate the Balrog. This fire beast is A terrifying monster formed in the blaze void

, Once transformed, the source of power in the body will change, becoming more violent, more terrifying, and even the source of the Flame Demon Race will burn. On the other side, the light of the stars on the right hand of Falling Star Tianzun has also become more and more condensed. Behind him, a vast nebula map emerged. The nebula map formed a constellation, and the power of the infinite constellation was integrated into the hands of the stars and bloomed. thorn

Eyes shine.

Everyone knows that Heavenly Venerate Molten Flame and Heavenly Falling Star are beginning to desperately.

"Roar!" "Roar!" The terrifying flame beast incarnation of the Molten Flame Heavenly Venerate showed countless sharp claws, with blood-colored double thorns on its back, and was wearing a layer of blood-colored armor.

"kill!"

The two great heavenly masters of the Demon Race and the Human Race joined forces to attack the Golden Dragon Heavenly Master again.

And the Golden Dragon Heavenly Venerate in the distance, looking at the even more terrifying Molten Flame Heavenly Venerate and Starfall Heavenly Venerate, only shouted two words: "Jie Mie!"

Raise the hammer.

Wow!

Countless vast golden hammer phantoms appeared in the endless time and space. Each golden hammer phantom looked like a world. The golden hammer phantom even enveloped the distant Molten Heavenly Venerable, Starfall Heavenly Venerable and so on... It's just that the phantom seems to be there. It's like another dimension.

Swing! The hammer blasted out!

Facing the overwhelming fists, claws, palms of the flame beast, and the vast starlight crit...come on!

"Boom!"

The earth-shaking roar resounded, and the surrounding area seemed to die out in an instant, but the light quickly regained the next moment.

At this moment, the Molten Flame Heavenly Sovereign and the Falling Star Heavenly Sovereign shook all over, and a terrible force rushed in, causing the blood in their bodies to surge wildly, but they did not retreat.

"This Golden Dragon Tianzun."

The Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable roared again and again, the strength of the Golden Dragon Heavenly Venerable was more terrifying than they thought, but this time, they held it, and the attack of the Golden Dragon Heavenly Venerable couldn't break their joint.

"Awesome, the demons and human races are worthy of the top races in the universe." Jinlong Tianzun stands proudly in the void, his figure is domineering, "Then, take my stronger move—"

"Quiet!!!" Jinlong Tianzun's voice rang out loudly.

"What? Isn't this Golden Dragon Tianzun's strongest trick?"

Both the Molten Flame Heavenly Venerate and the Falling Star Heavenly Venerate were furious.

Then they saw Jinlong Tianzun once again raised the golden warhammer, and there was endless fighting spirit in his eyes. The endless void that followed was crazily dimmed at this moment, but followed in the endless darkness... unexpectedly appeared the golden hammer phantom of my Su Hu glowing. The weird thing is that this golden hammer phantom makes every strong person present, including

Including Qin Chen, who was struggling to break through, felt that the golden hammer phantom seemed to be the pillar supporting the entire world.

"Is this the power of Tianzun?"

Qin Chen, who was feeling the way of heaven, felt a strong shock, and was throbbing in his heart.

Qin Chen was completely shocked by this move. The golden hammer phantom that lit up in the endless darkness was so miraculous, as if it had supported this world and the entire universe. The strange feeling deeply shocked Qin Chen's heart, and Qin Chen even felt that this Warhammer I'm afraid it can wipe out one

Fang Universe, of course Qin Chen understood that this was just an illusion, and that it was too powerful for himself.

"He..." Molten Yan Tianzun and Falling Star Tianzun were also stunned.

Silent!

Warhammer out!

boom!

The endless void returned to normal, but the Starlight Flame River formed by the combination of the Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable disintegrated, turned into a large number of countless stars, turned into countless molten Flame Demon Fire, and scattered around.

"Golden Dragon Heavenly Sovereign unexpectedly exploded the combination of Molten Flame Heavenly Sovereign and Fallen Star Heavenly Sovereign." The ten thousand clan powerhouses were shocked.

"impossible!"

The Molten Flame Heavenly Venerable and the Falling Star Heavenly Venerable were roaring. They never expected that together, they would not be able to stop the Golden Dragon Heavenly Venerable. Is it true that each of the True Dragon Clan is so abnormal?

The other tens of thousands of powerhouses were also in absolute shock, and their hearts were very complicated, and many thoughts arose.

"Little guy, come with me."

When countless strong men were shocked, Jin Long Tianzun raised his hand to Qin Chen, and without any hesitation, he was about to take him away.

"Wonderful, really wonderful."

Suddenly, a rumbling roar resounded throughout the world.

"Golden Dragon Tianzun is worthy of being a real dragon expert. I admire it, I really admire it."

boom!

Outside the ancient chin secret, a vast figure strode over, surrounded by the dreadful phantom of the sacred mountain, like a sacred mountain standing on top of the earth, suddenly smashed into this heaven and earth, causing a riot.

"However, I'm afraid this kid won't be able to take him away, because this person is the prey of my Dayu Shenshan."

This is a phantom that is as majestic as a sacred mountain.

"Luoshan Tianzun!"

"Dayu Shenshan Tianzun!"

The Venerables of the Ten Thousand Races all retreated under this breath, and said in horror.

The eyes of the Heavenly Venerates of Molten Flame and the Heavenly Falling Stars were also bright, and the person who came was no one else, but the Heavenly Venerate of Lonely Mountain of Dayu Shenshan.

"Luoshan Tianzun?" Jinlong Tianzun's eyes were cold: "Do you want to stop me?"

"Not me, but...we!"

boom!

The voice of Lone Mountain Tianzun fell, and the heavens and the earth shook violently again, and a mountain-like white bone figure appeared.

Bone Race-Spirit Bone Heavenly Lord!

"Bone Race!"

The powerful people of the ten thousand races were shocked, and couldn't help but breathe in the air.

"Hahaha, and me, don't mind if this seat comes to share a piece of the pie?" A dark ocean flooded into the secret realm of the ancient chin from outside the battlefield of ten thousand races. In the endless dark ocean, one was wearing In a black robe, a cold, watery man appeared. Around him, the vast ocean floated and sank.

Like the \*\*\*\* of the ocean, no matter where you go, the world will turn into a vast ocean.

"Sea Clan Minghai Tianzun!"

Many people present are crazy.

The appearance of the three heavenly veterans of the Daewoo Mountain, the Bone Race, and the Sea Race, caused endless roar and uproar on the scene.

It is the three big gods again. The masters of the Tianzun level are all commander-in-chief levels on the battlefield of ten thousand races, commanding a top-level power. Normally, even these sages are hard to see easily, especially the strong ones at the Tianzun level, who retreat all year round. Unless there is a big

Things are almost off the beaten track.

Not only the heavenly deity, but also some earthly deities, and even the human deities, there are very few haunts, and they are closed all year round.

This is also the reason why it is extremely difficult for ordinary people in the universe, even the pinnacle holy master, to meet the Venerable.

But now?

In an instant, three more heavenly venerables came, and they came to face the golden dragon celestially, shocking everyone.

"No! It's not just the three of them." Suddenly, a half-step Tianzun-level powerhouse palpitated, and looked up outside the ancient chin secret. In the void outside the ancient chin secret, there was a terrifying aura dormant. This is clearly a Tianzun strong. The person lurks outside, watching from afar, but never enters this ancient chin secret realm

That's it. After such a long delay, finally, many deities gathered, and the ten thousand races were shaken.

#### [Chapter 4072: Beyond your imagination](#)

Unknowingly, many gods of the ten thousand races have already arrived, descending on this world one after another.

This is a grand event. Since the beginning of the Celestial World War, ten thousand races have gathered on the battlefield of ten thousand races for years and months of battle. Over the past hundreds of millions of years, various small battles and battles have actually existed.

However, there are very few battles that use the Tianzun level. Tianzun represents the core level of a top great power. Any battle that mobilizes the Tianzun will often have a profound impact on a big power.

Because Tianzun travels not to fight for the status of the various races, or for the top treasure against the sky, or because of some enmity, there will be no other reasons.

Every Tianzun battle will cause an astonishing sensation and have a certain impact on the situation of the ten thousand races.

Because of this, there has not been a large-scale Tianzun battle on the battlefield of ten thousand races for thousands of years.

No one had imagined that this time the gathering of countless celestial venerations was actually because of the opening of the Vientiane God Store, because of a true dragon tribe, a true dragon tribe that even the earth veneration did not reach.

"The dark stars in the Vientiane God's Treasure, the vast chaotic galaxy, and the chaotic treasure, I am afraid they are even more extraordinary than our phenomena."

In the distance, many patriarchs of ten thousand races squinted, thinking of a lot in a moment.

Ordinary treasures can never attract so many Heavenly Sovereigns.

In addition to the six heavenly elders who broke into the ancient chin secret realm, the outside world, a vast aura also came, but they did not rush into the ancient chin secret realm, but hung in the void outside the ancient chin secret. .

This is an attitude.

Attention, but not ready for the moment.

And the scene here was also transmitted remotely along with some monitoring pictures. Someone set up a monitoring array here to broadcast everything here.

At this moment, the entire battlefield of tens of thousands of races, hundreds of millions of races, are watching this battle.

Ten thousand races battlefield, a certain demons camp.

The corpses were everywhere, a mess.

And in this big camp, two figures are sitting here, swallowing the billowing magic energy, countless blood and vitality are constantly pouring into their bodies and being swallowed by them.

One of them looked at eagles and birds, covered in magic light, and the one beside him was graceful and charming.

It was Mo Li and Chi Yan Demon Lord.

At this time, the billowing devilish energy rushed into Moli's body madly, but Moli's face was still full of paleness and vanity, as if he had been hit hard.

"Master Luohu Demon Ancestor, for you, my vitality is severely injured, and my origin and life have been severely damaged. Even if I swallow the demon blood and origin of this entire camp, I am afraid that it will take a lot of time to go. repair."

Mo Li wiped away a trace of blood from the corner of his mouth, his eyes staring like a cold knife. Luohu Demon Ancestor said: "In order to let this seat come out of the Vientiane God's Treasure, this is no way, but you can rest assured that this person's feelings have been written down, and it is good for you to live out of the Vientiane God's Treasure. , Absolutely beyond your imagination.

"

"Hmph, I hope that, as you said, if I hadn't had a demon gu in my body this time, I'm afraid I would have died in the passage directly." Mo Li had palpitations.

He doesn't have a treasure like the Chaos World. He wants to bring Luohu Demon Ancestor out of the Vientiane God Store alive. He has lost too many things. If he doesn't get any benefits in the future, he will lose out.

Mo Li looked up.

In the void, the scene in the secret realm of the ancient chin was reflected from an array, and this array was obtained from the corpse of a pinnacle earth veteran, the leader of this demon clan camp.

"Tianzun!"

Mo Li murmured, looking at the figure of Qin Chen in the secret realm of the ancient chin, as well as the Rongyan Tianzun and others, his eyes narrowed slightly.

"Li'er, that demon is really dangerous this time," Demon Chiyan said in a deep voice.

"With so many gods, how can he survive?" Mo Li frowned. He always felt that Qin Chen could not die so easily, but in the face of this situation, I am afraid that the gods and Buddhas can do nothing, right?

"Compared to the original ancestor, the old thing of the great and wild Ancestral Dragon is really unlucky." Demon Zu Luo squinted his eyes: "Being trapped by so many powerful people from the outside world, once he is obtained by these heavenly venerations, the consequences will be extremely miserable."

Mo Li frowned and said, "Are you afraid of Tianzun for an existence like Senior?"

Luohu Demon Ancestor sneered and said: "If it was the Heavenly Sovereign in its heyday, what would it be, but now there should be only a remnant soul left in the old ancestor dragon, losing the most powerful body, what's the use? Of course..."

Luohu Demon Ancestor raised his head and glanced at the picture in the ancient chin secret realm:

"With the existence of me, even if it is obtained by the Tianzun, there is nothing to be afraid of. The Tianzun level is still unable to refine our souls, but what if it is above the Tianzun?" Luohu Demon Ancestor was silent for a moment and said: "After all, I am just a remnant soul. Although the existence above the heavenly sovereign is also extremely difficult to refine me, but once they are obtained, I am afraid that I can only dormant and close myself to self. To prevent being consumed by them

It takes hundreds of millions of years to refine and refining. If this is the case, I am afraid that life is worse than death. "

Mo Li squinted at the scene in the sky, his eyes faint.

The next moment, he swallowed endless demonic energy and life, put away the monitoring array, and quickly left here.

To be honest, he still has to thank Qin Chen. If Qin Chen had not attracted the attention of thousands of people and attracted countless powerful people to the ancient chin secret realm, how could he dare to slaughter a large camp of demons like this?

Just as Moli expected, at this moment, all races are paying attention to every move in the ancient chin secret realm.

The arrival of the three celestial beings, the lonely mountain, the spirit bone, and the sea of heaven, caused the sea of darkness to boil again.

Jinlong Tianzun's eyes also stagnated.

"Dayu Shenshan, Bone Race, Sea Race." Jinlong Tianzun's eyes were cold, bursting with cold light.

Qin Chen's heart sank.

As time goes by, more and more powerful people gather, does he still have a chance to escape?

"go!"

Jinlong Tianzun picked up Qin Chen and was about to rush out of this ancient chin secret realm.

"Golden Dragon Tianzun, since it's here, why bother to go in such a hurry?" Gushan Tianzun laughed loudly and boomed. In his body, an ancient sacred mountain appeared. , On the mountain peak, the quaint \*\*\*\* patterns flow, really like the \*\*\*\* mountain from the sky,

Shocked, as if the entire universe was going to be pierced through a hole.

Boom!

The sacred mountain trembles, blocking Jinlong Tianzun from leaving the space.

"Dayu Sacred Mountain, Bone Race, Sea Race, are your three forces really going to be enemies of my True Dragon Race?" Jinlong Tianzun was full of golden light, like the same god, raging to the sky.

"Golden Dragon Heavenly Venerable, your True Dragon Clan kills my Bone Clan people. Today, I won't make it difficult for you to wait. If you leave the True Dragon Clan member, you can leave. Otherwise, don't blame my Spirit Bone Tian Zun for not showing affection. Spirit bone Tianzun walked slowly, every step he fell, there was death rippling, and he could see his bone-like body, a kingdom of God looming, in the kingdom of God, countless bones were praying there, and Sanskrit sang scriptures.

[Chapter 4073: Tianzun Arm](#)

"What nonsense with him, this true dragon is lawless in the Vientiane Divine Treasure. This time, the Vientiane Divine Reservoir, my Sea Clan's Spirit Turtle Earth Zun and many other powerful people do not know the life or death. The clan is going to walk for the sky today."

Minghai Tianzun coldly drank, and a blue cube appeared in his hand. This blue cube was like a polygonal diamond-shaped azure blue crystal. When it appeared, it attracted the attention of all races in the universe.

"Deep Ocean Cube!"

"The Sea Clan brought out this heavenly treasure."

"It seems that the Sea Clan is inevitable this time!"

The Venerables of all races present were shocked. Deep-sea Rubik's Cube, the top celestial treasure of the sea clan, the celestial jewel, and some top celestial abilities, but the special thing is that this deep-sea Cube is a kind of celestial treasure, and there are many types of celestial jewels. , Flight class, town seal class

, Offensive, defensive, etc., while the sealing treasure is a treasure that can block time and space and imprison the enemy.

Now that the Sea Clan had brought out the Deep Sea Rubik's Cube, it was clear that he did not give Golden Dragon Tianzun a chance to escape. Above the azure blue Rubik's cube crystals, waves of azure blue rippled out, covering the world in an instant, covering the vast expanse of time and space in the secret realm of the ancient chin, enveloping the Golden Dragon Tianzun and others. In it

.

Qin Chen, who was located in the secret realm of the ancient chin, instantly felt a terrifying domain power enveloped him, feeling like he was in a chaotic world.

"This Deep Sea Rubik's Cube is so strong!" Qin Chen was shocked. In the watermark world of this Deep Sea Rubik's Cube, he felt like he had entered the Chaos World. The rules in his body were suppressed, but this Deep Sea Rubik's Cube was still worse than the Chaos World. Too much, but even so,

It is also extremely terrifying. After all, having this treasure of the fortification class is equivalent to having an extra strong person of the same level suppressed. This effect is absolutely amazing.

The moment Jinlong Tianzun swept through the Deep Sea Rubik's Cube, he also felt this terrible amount of pressure.

boom! The golden river that originally surrounded him made a clanging sound, and the golden scales bursting out of the river burst out with dazzling golden light and \*\*\*\* patterns to resist the suppression of this terrible blue water pattern. swing

Shining rays of light.

Jin Long Tianzun originally felt the oppression on his body and instantly weakened a lot.

But even so, the Heavenly Venerable aura on his body was suppressed by about 10 to 20%.

"Deep Ocean Rubik's Cube is really powerful."

Jinlong Tianzun stared at Minghai Tianzun with an ugly expression. He had already fully urged Wanlinhe, but he was still suppressed by 10 to 20%.

If he fights alone, he is naturally not afraid, but now he is facing the five heavenly veterans, and his strength is suppressed by 10 to 20%, and his heart immediately sinks.

"Hmph, it suppressed the other party's breath of one to twenty percent, this \*\*\*\* ancient chin secret realm." Minghai Tianzun was very dissatisfied with the effect of his deep sea cube, but he also knew that this was because of the ancient chin secret realm. For the sake of China, the ancient chin secret realm is the top dangerous secret realm, where the terrifying black whirlwind disappears.

Cut, it is very difficult for his Deep Sea Rubik's Cube to suppress 10 to 20% of the breath of Golden Dragon Heavenly Venerable.

If it is in the outside world, the effectiveness of the Deep Sea Cube will increase by at least half.

boom!

An azure blue spear suddenly appeared in the hands of Heavenly Venerable Minghai. This azure blue spear combined with the Rubik's Cube of the Deep Sea, turned into a dazzling divine light, and exploded towards the Golden Dragon Heavenly Venerable.

"Minghai Tianzun!"

The Golden Dragon Tianzun roared and boomed, and his whole person instantly turned into a ten thousand-foot golden dragon, and the golden warhammer appeared in his hand, raising it high.

boom!

The void of the world suddenly dimmed at this moment, and golden hammer shadows appeared to the sky. The endless hammer shadows bloomed with golden light, merged together, and turned into a handle that seemed to be able to blow away the world. The shocking hammer shadow.

"Golden Dragon Celestial Venerable, this seat is about to learn about your top Celestial Supreme Supreme Treasure Warhammer. They all say that the true dragon tribe is capable of reaching the sky, but this seat wants to see if that is the case."

Heavenly Venerable Minghai laughed, his azure blue spear in his hand was like a comet. Along the way, the void of the ancient chin secret realm would collapse, and he immediately came to the front of Jinlong Tianzun.

"Humph."

He saw Jinlong Tianzun coldly snort, stepping forward, surrounded by the golden river, which instantly resisted the azure blue spear.

puff! The azure blue light bloomed with a dazzling divine rainbow, and it pierced into the Wanlin River in an instant, and the clanging sound was endless. The golden scales in the sky in the Wanlin River could not stop the penetration of the blue spear, like a blade split. Average fish scales, no

Counting golden scale armors collapsed and flew out, and this golden river became disintegrated.

After the azure blue river broke the block of the golden river, it blasted directly on the golden dragon Tianzun's body, snorted, and the spear tip pierced into the golden dragon Tianzun's dragon body, but after only half of the spear body, it couldn't make an inch.

what? All the people who saw this scene were going crazy. They all thought that the Golden Dragon Heavenly Venerable would use the warhammer in their hands to blast the Minghai Heavenly Venerable's blue spear, but no one thought that the Golden Dragon Heavenly Venerable would actually bear it with his flesh. Underworld

The blow of the sky-zun blue spear.

What is he going to do?

In the endless void, the warhammer with countless golden shadows in Golden Dragon Tianzun's hands finally fell at this moment.

"Zhou Mie!"

A roaring sound like a sky thunder echoed in the ancient chin secret realm, and the warhammer in Jinlong Tianzun's hand finally fell at this moment, and the endless shadows of the hammer gathered together, aiming at Minghai Tianzun and crashed down.

"Damn it!"

Tianzun Minghai suddenly changed color, and he finally understood the purpose of Jinlong Tianzun, forcibly resisting his attack with his own flesh, the purpose was to give himself this fatal blow.

The vast and boundless warhammer fell.

Silent!

哐!

The water pattern void formed by the Deep Sea Rubik's Cube bursts open at once. The golden warhammer seems to be slow, but in fact it falls extremely quickly, and instantly comes to the face of the Heavenly Venerable Minghai, who can only blast his blue color once again. War spear.

Puff!

In the void, a huge arm was thrown out, and Minghai Tianzun's figure retreated violently. His arm holding a war spear trembled, and one arm had disappeared, and he was blown out by a hammer.

With one blow, Minghai Tianzun was directly blasted by an arm.

"come back!"

Heavenly Venerable Minghai roared, trying to retract his arm and condensed onto himself, but a golden river rushed over, and instantly swept away the arm of Heavenly Venerable Minghai, and then flew to the depths of the ancient chin secret. .

"Ah!" Minghai Tianzun let out a stern roar, his eyes were crazy and cold, he was careless, thinking that there are many heavens, and the Golden Dragon Tianzun could only retreat. Therefore, he arrogantly shot, but the result is careless. He broke his arm.

#### [Chapter 4074: One against five](#)

Shame, an unprecedented shame.

Minghai Tianzun looked at Jinlong Tianzun coldly, his eyes were crazy and ferocious. From today on, he will definitely become a laughing stock among the ten thousand races. It's ridiculous. He thought he could force the Golden Dragon Tianzun back with the Deep Sea Rubik's Cube, but in fact, the Golden Dragon Tianzun tried his physical body to take him, and it was only a slight injury, and he suffered a terrible hammer from the Golden Dragon Tianzun. , Directly broke one

Arm.

A sharp contrast, a strong shame.

At the level of Tianzun, Broken Arm is not impossible to regenerate, but it needs to consume a lot of origin and strength, but more, it is still face.

"Sea Race...not bad."

Jinlong Tianzun suspended the ancient chin secret realm, staring coldly at the five heavenly beings present, "I am true dragons, although I rarely walk in the universe, but not anyone can humiliate my true dragons, the sea is unworthy."

Jinlong Tianzun's eyes suddenly brightened, two substantive rays of light directly across the sky, and a roar sounded: "Today, who wants to kill my true dragon tribe, my Jinlong Tianzun will never make him feel better!"

"Sea Clan, Flame Demon Clan, Bone Clan, Dayu Shenshan, Star God Palace, you can come up and try and see if you killed my Golden Dragon Heavenly Sovereign, or if I desperately destroyed you first!"

Jinlong Tianzun's voice was shocking, and he was already holding the hammer and roared, "Come on!!!"

Domineering.

Boundless domineering.

In the face of the five heavenly sovereigns, the Golden Dragon Tianzun does not retreat but advances, standing proudly in the void, like a god, guarding Qin Chen.

"This is my true dragon tribe, this is my tribe."

The primordial ancestor dragon roared in the chaotic world, and Jinlong Tianzun's domineering and bravery made him excited.

However, no one moved.

Heavenly Venerable Minghai, Heavenly Bone Spiritual Venerable, Heavenly Venerable Gushan, and even the already injured Molten Flame Heavenly Venerable and Starfall Heavenly Venerable, never flinched.

At this time, how can they retreat, if the five heavenly sovereigns are scared away by a golden dragon, how will they mix in the universe in the future.

"kill!"

Minghai Tianzun said with a cold voice, Boom, Deep Sea Rubik's Cube once again bloomed with terrible blue light, and it spread out in an instant, sweeping the entire world.

Gushan Tianzun also moved, turning into an ancient sacred mountain, step by step.

The Spirit Bone Celestial Venerable urged its own kingdom, countless bones protruding out of the void and turned into hideous bone hands, while the Falling Star Celestial Venerable and the Molten Flame Celestial Venerable also cast the Melting Demon Fire and Star Light to kill the Golden Dragon Celestial Venerable. Come.

"Joined to kill Jinlong Tianzun."

The five great gods roared, and the actions of the golden dragon gods were a strong insult to them, and they wanted to justify themselves.

Boom!

How terrible is the action of the five gods? It can't be described with the collapse of the earth. In the depths of this twisted time and space, countless stars turned into streamers, smashing one by one towards the Golden Dragon Heavenly Sovereign. At the same time, a wave of invisible blue realm blocked the sky and the earth, and big bones and hands came from the void, sometimes Accompanied by a

The phantom of the sacred mountain broke through the sky...

Bang bang bang...

The terrible Tianzun attack crazily landed on the Golden Dragon Tianzun, and instantly suppressed the Wanlin River around the Golden Dragon Tianzun to an extremely weak place, suppressing the Golden Dragon Tianzun in this place.

However, the Golden Dragon Heavenly Sovereign did not shrink back. Facing the five great Heavenly Sovereigns, they were also frantically resisting, never letting go of Qin Chen's figure.

"Hmph, since you don't run away, then die here. A real dragon of the Heavenly Sovereign rank can be regarded as some compensation for this seat."

Minghai Tianzun said coldly.

If Jinlong Tianzun wanted to escape for the first time, he might still have a chance, but now he is desperately trying to resist Qin Chen, and now he is caught in the attack of the five heavenly beings, and it is impossible to escape.

However, the Golden Dragon Heavenly Sovereign was too strong, and the five great Heavenly Sovereigns joined forces, only to suppress the Golden Dragon Heavenly Sovereign, and even unable to behead him for a while.

As time passed, the two parties were entangled so crazily, the entire ancient Chinese secret realm seemed to have turned into a doom.

"This Golden Dragon Tianzun..."

The venerables of the ten thousand races in the distance were shocked. For the sake of a tribe, a strong celestial being like Jinlong Tianzun did not run away from the five celestial lords, but instead worked hard here. Is it worth it?

Many people are swaying.

"Five Heavenly Sovereigns can send four people to suppress the Golden Dragon Heavenly Sovereign, and the remaining one can capture the True Dragon Clan members. Why do they all do it to the Golden Dragon Heavenly Sovereign?"

At this time, there are also some powerful people who are puzzled. "Humph." A master beside him snorted coldly: "Do you think these five heavenly venerables are really just to compete for the chaos supreme treasure of the true dragon tribe? If the golden dragon heavenly venerable doesn't appear, it has not shown that strength before, maybe it is true. , Can be like

Today, they are actually just an excuse to entangle the Golden Dragon Heavenly Sovereign. Their real purpose is to attack the Golden Dragon Heavenly Sovereign to show the inviolability of their five great forces! "

"Kill the chickens and curse the monkeys?" The man was shocked. Indeed, the Tianzun characters are extraordinary existences. Whether they are the Molten Flame Heavenly Venerate, Starfall Heavenly Venerate, and Deep Sea Heavenly Venerate, they are all outstanding among the major forces. They were previously humiliated by the Golden Dragon Heavenly Venerate, including the Bone Race and Dayu Shenshan. Same, Golden Dragon

Tianzun did not put these five people in his eyes, if these five people could not kill the golden dragon Tianzun, they would be laughed at.

Thought they were afraid of the true dragons. What's more, there must be many treasures on the body of the Golden Dragon Celestial Venerable. Not to mention, the flesh of the True Dragon Clan is a top treasure. Once refined, even for the Star Lord of the Star God Palace. The peak deity has a giant

Great benefit, naturally you will not miss it.

"not good!"

At this time, Qin Chen also saw the scene of the Golden Dragon Heavenly Venerate being continuously suppressed. He roared again and again, struggling hard, but was a little bit restrained by the five heavenly Venerates, constantly falling into passiveness.

Although the Golden Dragon Heavenly Sovereign is strong, how can it withstand the siege of the Five Heavenly Sovereigns.

"No, you can't let Jinlong Tianzun stand alone." Qin Chen roared in his heart.

"Human race boy, swallow the arm of that sea clan Celestial Venerable. A Celestial Venerable arm contains astonishing power of the Celestial Venerable. Maybe you can make your suppressed cultivation base have a breakthrough." Honghuang Zulong said suddenly.

Tianzun's arm?

Qin Chen looked at the arm of Minghai Tianzun, not far away.

"it is good!"

At this moment.

Qin Chen stood up suddenly. After the previous painstaking cultivation, his strength has risen to the extreme, but he is always suppressed by a certain kind of power. It is impossible to break through with his own strength alone, but a Tianzun arm may be able to crush his cultivation level. At the end

A straw.

Roar!

A virtual shadow of a true dragon appeared, and Qin Chen directly took the broken arm of Minghai Tianzun, and this action directly attracted the attention of many powerful people.

What is this kid going to do?

boom! The power of the Chaos True Dragon rolling on Qin Chen's body poured directly into this Minghai Tianzun's arm to explode it, but this broken arm was extremely terrifying, even if it was broken, it could not explode easily.

#### [Chapter 4075: The Great Tribulation](#)

"let me help you."

"My lord, I will help you too."

The great ancestor dragon and the blood river sacred ancestor roared together. Although they could not help Qin Chen attack the enemy, it was not difficult to refine the arm.

The arm of Minghai Tianzun in Qin Chen's hand shattered at once, and was directly shattered by a huge force. The Qi of the Rolling Heavenly Sovereign merged into every cell in his body, turning into a bloody, essence, and vitality. , Swept instantly.

boom!

At this moment, after bearing the breath of the heavenly respect, the shackles in Qin Chen's body finally made a cracking sound.

Qin Chen stood up suddenly.

He stood upright, and the entire ancient chin secret realm centered on him, shaken.

"This kid is actually going to swallow Tianzun Minghai's arm."

The tens of thousands of powerful people are going crazy seeing this scene, when is this, Qin Chen is still cultivating.

wrong!

But immediately, everyone looked up in horror.

Boom!

Above the void of this ten thousand race battlefield, there seemed to be some terrifying aura about to descend, and a sense of fear rose in the hearts of everyone inexplicably.

It seems that this world has fallen into a strange atmosphere.

what happened?

"Did you feel it?"

Outside the ancient chin secret, in the void of the battlefield of the ten thousand races, a terrifying aura lurks, and it is the heavenly deity of other races among the ten thousand races.

There are Monster Race, Zerg Race, Starry Sky Race, Giant Rock Race and so on. Almost all races that have some thoughts about Qin Chen have strong people come and hibernate here, but they did not do anything, because the battle today is not only related to the fight for the ancient chin secret realm. True Dragon Human Body

The most precious treasure on the top, it is very likely to evolve into a battle of ten thousand races.

In this ten thousand race battlefield, there has been no Tianzun level battle for many years, and this incident is very likely to become a fuse.

This also led to the fact that after the arrival of many strong men, they did not show up, but only observed secretly and observed the development of the situation.

But at this moment, they all had heart palpitations. They suddenly raised their heads and looked at the endless sky. An inexplicable breath descended, extremely mysterious, extremely erratic, and strong as Tianzun. They all had an inexplicable heart palpitations, and they were all hairy.

what happened?

Many people are guessing.

In the ancient chin secret realm, Qin Chen's whole body stood up completely, booming, the roaring dragon soul aura surged in his body, shaking the world.

"The Great Tribulation of the Earth Sovereign, come! Give me a breakthrough!"

Qin Chen roared.

A Tianzun arm is not so good for refining, but with the help of the Great Ancestor Dragon and the Holy Ancestor of the Blood River, the strength of the broken arm of the Minghai Tianzun suddenly blasted into Qin Chen's body. The Primordial Ancestor Dragon and the Saint Ancestor of the Blood River stood in the chaotic world, looking at the ancient chin secret realm outside. In the dark whirlwind, Qin Chen

urged the earth to respect the great calamity. The entire ancient chin secret realm is the world outside the ancient chin secret. I don't know many who have extended to the battlefield

In the depths of Shao Xukong, the aura of the Great Tribulation began to appear, and it began to permeate, as if the chaos that the world was shattered had come early. ?At this moment, in the chaotic world, the origins of the peak earthly respects, such as Wanyu Dizun and Jiuyue Dizun, who were bombarded by Qin Chen, suddenly exploded, turning into the original breath of the peak earthly respect, and blended into the world Among Haitianzun's arm strength, in Qin Chen

Rageously in his body, crazily poured into his body. In the chaotic world, countless powers, origins, rules, magical powers, and the long river of destiny come one after another, revolving around Qin Chen, and even the power contained in the gods such as the \*\*\*\* tree of heaven, the tree of ten thousand worlds, and the tree of chaos, Also a little bit

Are coming.

Various forces poured into Qin Chen's body continuously.

Qin Chen is the master of the chaotic world. His ascension is a grand gathering of everything in the chaotic world. As long as it is something in the chaotic world, at this moment, he has released his own breath and transmitted his power to Qin Chen.

Not only the devil trees of the ten thousand worlds, but also the dragons, the sacred fish and other creatures from the ghost galaxy, and the scorching sun turtles in the chaos galaxy, and they also bloom in chaos like the scorching sun, and they are sleeping The little ants and little fire them.

Everything in the chaotic world is gathering strength for Qin Chen's breakthrough.

boom!

In Qin Chen's body, a vast aura rose.

At this moment, Qin Chen felt that a strong shackle, a kind of blockade, was born in his body that would actually restrain Qin Chen.

Qin Chen clearly felt that his distance from breaking through to the respect of the earth did indeed have a kind of suppression, and this suppression seemed to come from the origin of this universe.

"What's going on? Why does the Heavenly Dao suppress me so strongly?" Qin Chen was shocked, and he felt this suppression for the first time. In the past, whether in the Tianwu Continent or in the four heavens, he was the son of destiny. , Tiandao has a strong support for him, although the hardships encountered in each breakthrough far exceed ordinary

A master of martial arts, however, heaven always supports him.

But this time, the origin of the heavens actually began to suppress him, which surprised him.

Is it the same as breaking through the realm of the Venerable?

The Venerable, surpassing the realm of heaven, makes the Origin of the Universe suppress any Venerable when it breaks through, and the stronger the Venerable, the stronger the suppression?

Qin Chen was suspicious, except for this, he could hardly think of other possibilities.

Qin Chen was constantly receiving various powers, breaths from the heavens and the earth, and even surpassing the heavens and the earth, beyond the things on the avenue, were also rolling in.

Heaven, Earth and Universe, they all seemed to feel that he was about to break away from his control. Suddenly, God was angry and rumbling, and a terrible thunder cloud appeared in the sky.

The endless thunder light began to appear. This thunder light was as vast as the ocean, too dense, and turned into a billowing thundercloud, suspended in the sky above the battlefield of ten thousand races outside the ancient chin secret. The breath of the thundercloud is enough to make Tianzun feel scared. .

At the same time, between the heavens and the earth, the power of the heavens condensed into regular spears, blasting down, and killing Qin Chen, one after another sneaked into Qin Chen's body, trying to pull Qin Chen down.

The world is a big prison.

The promotion of the venerable is to completely break the prison and not be bound by the way of heaven. This is not tolerated by the origin of the way of heaven. God will spurn it, and the gods will destroy you.

Qin Chen started to cause the earth to respect the calamity.

"What's that?"

The endless dark thunder rolling, the rolling black thunder circulating, formed a vast world of thunder light, rolling over the sky and the earth.

"This is Thunder Cloud, hiss. Could it be that the real dragon kid in the ancient chin secret realm broke through and formed?"

"How does this thundercloud look exactly like the thunder formed at the entrance of the hundreds of millions of li vortex formed by the Vientiane God Treasure when the Vientiane God Treasure opened?" Many powerful people stared, thoughtful, and shocked. .

#### [Chapter 4076: Black Thunder](#)

At the beginning, the Vientiane God Treasure had just opened. At the entrance of the Vientiane God Treasure's billions of miles of whirlpool, a thundercloud of terror suddenly descended, attracting the attention of countless powerful people in the world.

At that time, the masters of all races were paying attention to this place, investigating the truth of Leiyun's appearance, but they never discovered the origin of Leiyun.

Now, this terrible thundercloud appeared again.

The billowing vast black thundercloud, like a sky full of pitch black thunder clouds, hovered over the endless battlefield of ten thousand races, making everyone present feel a strong suffocation.

What was even more shocking was that this time, they saw some clues that this thundercloud was actually caused by the breakthrough of the True Dragon tribe in the ancient chin secret realm.

This is impossible.

Many people are crazy, crazy, and dizzy. "When the venerable breaks through, the thunder robbery will never be born. Lei robbery is something born when the martial artist is weak, and the way of heaven is to hone the martial artist and temper the martial body. It seems to suppress the martial artist without breaking through. In fact, Is a kind of warrior

Experience is a reward for martial artists from Heaven, and the Lord, who has already surpassed the ordinary rules of Heaven and is incompatible with heaven and earth, how could the Thunder Tribulation be born? "

Many Tianzun were shocked, and thought of a lot in an instant. When they reach the realm of their cultivation base, all powers have been regularized, and even the heavens cannot suppress them. They have to be detached, suppressed, and even stepped under their feet. It is not the heavens that can suppress them, but the supremacy of the universe. regulation

then.

But now, when the real dragon brat in front of him broke through, he actually caused such a strange thunder robbery, how could they not be surprised?

Moreover, this thundercloud aura is almost exactly the same as the one that was born not long after the opening of the Vientiane God Store. If it is said that it has nothing to do with Qin Chen, how can everyone believe it?

What is this kid?

At this moment, not only the venerables of the ten thousand races present were shocked, but the Golden Dragon Tianzun and others who fought in the ancient chin secret realm were also shocked.

at this time.

Day work camp.

Ji Wuxue, Ji Ruyue, You Qianxue and others all saw this vast thunder catastrophe through the monitoring screen.

"This thunderous calamity power has appeared again, is that true dragon tribe..."

Ji Wuxue suddenly thought of something, and they all changed their colors.

In the secret realm of ancient chin.

Wow, wow...

The heavenly aura that descended became more and more terrifying, and that terrifying thundercloud condensed in the sky, when condensed to the extreme.

Boom!

The horrible lightning flashes instantly fell like thunder dragons, blasting down towards Qin Chen frantically.

These thunder lights rolled and turned into thunderstorms in the sky. The thunder lights surging and pouring down like a vast ocean. This scene is too terrifying. The booming, endless thunders instantly penetrated the void of the ancient chin secret realm and directly fell into Qin Chen. Where.

Crackling!

In an instant, the ancient chin secret realm was all covered by a sea of thunder, engulfing Qin Chen.

"No, this kid is breaking through."

Upon seeing this, Gushan Tianzun and others changed their colors.

At this time, the true dragon clan boy was still breaking through. Even though Qin Chen would only break through, he was only in the realm of earthly respect, but for some reason, everyone felt an inexplicable horror.

"Haha, domineering."

Golden Dragon Tianzun shouted, and under the attack of the five heavenly sovereigns, he laughed happily and wildly.

His true dragon tribe is actually breaking through in this situation, this heart is really big.

However, he was also curious as to why Qin Chen's breakthrough caused the vast thunderstorm, and the breath of the billowing thundercloud made him feel a little palpitating.

"Can't let him break through."

This is the first thought of the five gods in the ancient chin secret realm.

"Falling Star Tianzun, you go to prevent him from breaking through, the four of us, trapping Golden Dragon Tianzun." Gushan Tianzun shouted sharply.

"it is good!"

Starfalling Tianzun said in a deep voice, leaving the battle group directly and rushing towards Qin Chen.

"not good!"

Jinlong Tianzun changed color and roared, "Your opponent is me."

Rumble!

The vast Wanlin River on Jinlong Tianzun's body was surging, and he madly killed the falling star Tianzun.

"Your opponent is us."

Gushan Tianzun coldly drank. In his body, a towering sacred mountain was suspended and directly suppressed. Combining the Molten Tianzun's long river of molten demon fire and Minghai Tianzun's deep-sea cube, trapped the Golden Dragon Tianzun and did not give him support for Qin Chen. opportunity.

"Boy, go to die!" Starfalling Heavenly Venerable's body was filled with stars, and countless stars condensed and turned into a huge star. The palm of his hand moved towards Qin Chen in the Wang

Yang thunder sea, but his hand just touched the sky. Suddenly, bang, tens of thousands of people gathered on the battlefield

Amidst the endless thunderclouds, as if to feel the external force of the Heavenly Lord, a black thunder as thick as a sky pillar crashed down from the thundercloud.

With a bang, the terrifying black thunder pillar crashed down, instantly exploding the giant star hand made by the Falling Star Heavenly Venerable, and beams of thunder light meandered like a thunder snake, sweeping toward the Falling Star Heavenly Venerable.

"what?"

Falling Star Tianzun changed color and hurriedly backed away.

However, the Thunder Snake still came quickly, and directly blasted on Falling Star Heavenly Venerable.  
puff!

Falling Star Tianzun vomited blood, retreated in embarrassment, and his eyes were horrified. He was hurt by this thunder?

In the distance, many people are discolored, what kind of thunder is this, and it is too terrifying? Can even Tianzun hurt?

It should be understood that the strong of the Heavenly Venerable realm has long surpassed the heavens and the earth, how could they be injured by this ordinary sky thunder, it is simply impossible, because even the ordinary heavenly origin cannot suppress them.

This thunder robbery is extraordinary.

This is the only thought in their minds.

Rumble!

At this moment, the endless thunder fell, and the secret realm of ancient chin turned into a sea of thunder, and the lightning rushed down, the thunder was like a tide, shattering everything, blazing, and the world was black.

"boom!"

The sound of thunder almost pierced people's ear drums, shattering people's souls, and the world was vast and vast, like a nine-day thunder river pouring down, as if thousands of stars fell down.

The void has been blown up and dilapidated, but it will soon be submerged, because the lightning is too flaming, and the dazzling lightning fills every inch of space.

This scene is too scary.

Even the dark whirlwind of the ancient chin secret realm was directly shattered under the thunder, and the billowing thunder swallowed Qin Chen.

"Then kid, isn't it going to die?"

Seeing the terrifying thunder here, everyone was stunned. The previous thunder light, even the Starfalling Heavenly Venerate could repel, how could Qin Chen, a true dragon kid, survive?

"Hahaha, Jinlong Tianzun, is this the guy you want to protect? Going against the sky, have you seen it? He just turned into ashes."

"boom!"

The thunder is shocking the world, the black electricity is like a tide, and it is surging. This is a world of thunder and lightning, which can destroy all things. People are frightened and the hair is terrified. In the secret realm of the ancient chin, the Starfalling Tianzun laughed wildly.

#### [Chapter 4077: Those who oppose me die](#)

"No." Golden Dragon Tianzun roared, staring at the endless thunder, the dark thunder drowned a little, forming a terrifying forbidden area, even if it is viewed from a distance, it is extremely terrifying, it is difficult for people to imagine what Qin Chen in the sea of thunder is experiencing. Catastrophe, one after another opened their eyes

I watched, but I couldn't see anything, the dark thunder drowned everything, and everyone was creepy.

This thunder, I am afraid that Tianzun can kill it.

Jinlong Tianzun stared at Lei Hai with an unwilling expression.

"Hmph, there is nothing wrong, Jinlong Tianzun, this kind of time is worried about your real dragon boy, I think you should worry about yourself."

When the Gushan Tianzun and the others came, the five great Tianzun occupied five positions respectively, and the stream of light continued to blast towards the Golden Dragon Tianzun, causing the Golden Dragon Tianzun to continuously roar.

puff!

In the void, dragon blood bloomed.

Jinlong Tianzun finally couldn't hold it anymore.

Fighting against the five heavenly lords alone is better than him, but he can't hold it.

At this moment, the endless darkness of Lei Haizhong, Qin Chen's skin was ripped open, his body was scorched, and the surging blood was flowing, and he suffered unimaginable damage.

Although he was severely injured, he was full of energy and blood, without a trace of frustration. Instead, he raised his head to the sky and fought hard.

Honghuang Ancestral Dragon and Blood River Saint Ancestor were horrified, this thunder was too terrifying, and even they were a little frightened. If they were ordinary people, they would become ashes when a lightning strikes, but Qin Chen fought in a dark ocean of thunder.

"boom!"

Another thunder wave, extremely blazing, buried Qin Chen underneath. I don't know how many thunder and lightning hit him, red blood splattered all over, and bones creaked.

"What on earth did this kid come from? Why did Breakthrough Earth Lord suffer such a thunderstorm?"

Honghuang Zulong was a little confused, worried for Qin Chen.

But Qin Chen knew that the thunder did not come from breaking through the earthly deity. He was born when he broke through the heavenly deity. It was just that he was in the Vientiane God Treasury at that time, so thunder never blasted down. Now, this thunder has come together. .

puff!

Qin Chen was blasted out, bloody, and the stubble came out, his appearance was too miserable.

"This kid, won't be killed by Thunder?"

Honghuang Zulong was horrified.

"Impossible." At this time, the master of the abyss squinted his eyes. "The master can be bombarded by any force, but it is absolutely impossible to be bombarded by thunder."

"Oh?"

The Great Ancestral Dragon and the Holy Ancestor of the Blood River looked over and saw the determined eyes of the Lord of the Abyss, thoughtfully, could it be...

boom!

At this moment, thunder light flickered, and the body as powerful as Qin Chen was also dilapidated, and it was almost pierced. Many wounds showed bones, and a lot of red blood flowed out.

However, Qin Chen's aura grew stronger and stronger.

"Hahahaha!"

Qin Chen laughed in this thunder tribulation, because the power of thunder gave him not only suppression, but also a kind of transformation. The arrival of thunder made the force of heaven that always suppressed him, in a certain There was a loosening in an instant.

"Breakthrough, Earth Sovereign!"

boom!

In Qin Chen's body, the earth-sovereign aura lingered out. In the chaotic world, a large number of chaotic origins surged, and chaotic fruits flew out.

One!

Two!

Five!

Ten!

The chaotic fruits were swallowed by Qin Chen, and it was not until Qin Chen swallowed eighteen chaotic fruits that he finally stopped swallowing.

Then there is Tiandao Yuanguo!

One!

Ten!

Twenty!

Qin Chen swallowed a total of 36 Heavenly Origin Fruits with different attributes.

Followed by a series of Venerable Holy Veins.

Wanyudi respect their origin.

The air of humility in the chaotic world.

boom!

Chaos was permeated in Qin Chen's soul sea, and a green lotus was swaying, and in the soul sea, waves of thunder light appeared. In the chaos, the green lotus floats and sinks in the thunder sea. This scene is too terrifying and contains the great road of heaven and earth.

"Breakthrough."

"My lord broke through."

The Primordial Ancestor Dragon, the Saint Ancestor of the Blood River, and the Lord of the Abyssal Demon were all excited. Even the Divine Sun Turtle was swimming in the Nether Galaxy with excitement. The entire chaotic world was also roaring at the moment Qin Chen broke through. It seems like a transformation.

When all the forces come together.

Boom!

An astonishing breath radiated from Qin Chen's body. This power was extremely terrifying, and it could almost turn the heaven and the earth directly over, turning into the smell of heaven and earth facing upwards.

God, Qin Chen's breath was trampled under his feet.

Qin Chen, trapped in the thunder robbery, suddenly opened his eyes, and his eyes directly penetrated the void, which could reverse the entire time and space.

"No one can stop me from moving forward."

"Those who follow me prosper, those who rebel against me perish!"

A stream of heavenly sounds from the chaos radiated from Qin Chen's body. This chaotic heavenly sound was an aura that surpassed the avenue.

Crackling!

After Qin Chen opened his eyes, he raised his hand. ? All the thunders are all integrated into his body. These thunder powers are absorbed by his chaos world, absorbed by his thunder bloodline, and endless thunders have entered the chaos world from the void of the outside world, and evolved in the chaos world One

An ocean of thunder.

The endless aura of the respect of the earth radiated from Qin Chen's body.

Although Qin Chen only broke through the Earth Venerable, at this moment, there was an aura similar to the Heaven Venerable, even more terrifying than the Heaven Venerable breakthrough.

Qin Chen got countless benefits this time in the Vientiane God Treasure, absorbed a lot of energy, but was unable to break through.

But at this moment, he finally reached this point.

Earth Zun!

Moreover, the billowing power was condensed into Qin Chen's body, causing Qin Chen's cultivation base to continue to soar after entering the realm of Di Zun.

Early Earth Zun!

The early peak of the Earth Zun!

Mid-term!

Mid-term peak of the Earth Zun!

boom!

Infinite power entered Qin Chen's body, and Qin Chen's cultivation continued to rise, and finally stayed at the mid-term peak level of the earthly respect, only one step away from the latter.

"The chaotic world, reunited."

Qin Chen grabbed it with a big hand, rolling power came and entered the Chaos World, and the Chaos World that had just been transformed was also improved.

The Primordial Ancestor Dragon and the Saint Ancestor of the Blood River in the Chaos World also received amazing benefits.

At this moment, Qin Chen felt that his whole body was full of power, as if the sky could be blasted through with a punch.

With every breath, Qin Chen felt that he was not bound by any rules of heaven and earth at all. In his domain, he could change whatever he wanted to change at will. Above the real heaven, he could change the rules arbitrarily.

Originally, breaking through the Lord would be able to surpass Heaven.

But Qin Chen in the Vientiane God Treasury could not feel such power well, but now, Qin Chen clearly felt it. Moreover, Qin Chen's way of destiny and his calculation ability have reached a height that no one can compare. You can see all the things in the future at a glance, and all destinies are insightful.

#### [Chapter 4078: Fly with one sword](#)

"This time is a disaster for myself."

At this moment, he felt such a message secretly, and he knew the source of his crisis this time, it was a catastrophe, passed, transformed, and if he couldn't handle it, then it would disappear.

Boom!

Qin Chen stepped out, the endless sea of thunder exploded, and the billowing black thunderclouds in the sky also suddenly converged, as if shocked by Qin Chen's breath, the endless thunder light suddenly disappeared.

"What's that?" In the ancient chin secret realm, the five powerhouses of Gushan Tianzun besieged the Golden Dragon Tianzun. At this moment, I felt the vast thunder sea exploded. From the billowing thunder sea, a figure slowly Came out, this figure, like a god, covering the sky

It makes people afraid to look at it.

"Long Chen!"

"It's the boy of the true dragon clan."

"He didn't even die?"

The billowing thunder dissipated, and everyone looked at Qin Chen who walked out of the thunder sea, and there was endless amazement in their eyes.

Everyone watched Qin Chen walk out of the heavy whirlwind of the ancient chin secret realm, and their eyes fell on the besieged Golden Dragon Heavenly Sovereign, and the falling Star Heavenly Sovereign who shot him.

"Senior Golden Dragon Heavenly Sovereign, I'm here, no one will let go of all those who besieged me today." Qin Chen said loudly, and walked step by step towards the nearest Starfalling Heavenly Sovereign, rolling in chaos. The breath of the true dragon surged, and the Haotian Divine Armor appeared on Qin Chen's body, and the sword ring and the virtual mirage bracers were all displayed.

Jian Qi swept out of Qin Chen.

"Boom!"

The endless sword qi waves are surging, and the vast ancient chin secret realm is rushing instantly, turning this ancient chin secret realm into an ocean of sword qi, and the billowing sword qi river rushes out suddenly, covering the world.

boom!

Click! The long river of sword energy displayed by Qin Chen collided with the deep-sea Rubik's cube field displayed by Tianzun Minghai, and the two forces instantly made a clicking sound. The Gushan Tianzun, Rongyan Tianzun, etc., located between this heaven and earth, all felt To this stock

The terrifying power of sword aura felt the strong resistance contained in the sword aura.

boom!

Jinlong Tianzun seized the opportunity to display the Wanlinhe, the golden warhammer in his hand exploded and shot the strongest blow, directly blasted the blockade of this field, and broke free from the blockade of Minghai Tianzun.

puff!

He spit out a mouthful of blood, dripping with blood, and the dragon scales fluttered, but finally escaped the shackles. The rolling golden Wanlin River and Qin Chen's true dragon sword aura combined to form an offensive and defensive alliance, a brand new domain space.

silence! The Heavenly Venerable Gushan, Sky Venerable Spirit Bone, Sky Venerable Minghai and others who were fighting against each other stopped, and the powerful people of the ten thousand races in the distance were also staring at this place. This scene was really unexpected. They all thought that Qin Chen has died in the thunder robbery, Jin

Long Tianzun must die, too, but he did not expect such an accident to happen at this critical moment.

At this moment, they all felt the aura of cultivation base on Qin Chen's body, vast as an abyss, and couldn't feel what realm it was at all. They only knew that the aura of Qin Chen's body at this moment was no small thing.

boom!

The true dragon sword aura was surging and surging, surrounding Qin Chen's body, forming a true dragon divine sword. This divine sword was completely condensed from the sword aura, and the terrifying evil aura and chaotic aura permeated, shocking the ages.

Hum!

His whole body, the Wanxing Bell and the Haotian Drum, were all floating, filled with vast divine might.

"Boy, you are alive, and you dare to come out so arrogantly." Starfall Tianzun roared.

"Why don't you dare?" Qin Chen said coldly, standing on the waves of Jian Qi, "The deity not only wants to come out, but also to kill you, and kill you with fear."

Qin Chen gently stroked the true dragon sword in his hand, stroking the blade with his hand, "I have killed the pinnacle earth-zun, but I haven't killed the sky-zun. I heard that the sky-zun is extremely difficult to kill. I really want to try it."

"You, you want to kill me?" The starry eyes of Falling Star Tianzun stared round, as if he heard a great joke.

"Yes, I want to kill you." Qin Chen nodded, his voice was powerful, and it spread directly.

The many venerables in this ancient chin secret realm in the distance are already dumbfounded and going crazy.

"This kid!" The \*\*\*\* elders were furious. He had fought Qin Chen, knowing that Qin Chen's strength was indeed terrifying, not the eldest, but he could repel his half-step celestial.

Now, Qin Chen has clearly broken through the earthly respect.

However, the realm of Earth Zun and Tian Zun are too far apart. Although he is also known as the Half-Step Heaven Zun, he hardly has any resistance when encountering a strong person like Star Falling Heaven Zun. Moreover, Heavenly Venerable is extremely difficult to kill, just like Golden Dragon Heavenly Venerable, when the design is aimed at Minghai Heavenly Venerable, under the circumstance that combat power has the absolute upper hand, only one arm of Minghai Heavenly Venerable is cut off. Now Qin Chen So crazy

Words made everyone in an uproar.

This kid is too arrogant. "Haha, what a joke, a joke, kill a few pinnacles and dare to say that you want to kill me, relying on you? True dragon brat, even if you have a breakthrough in strength, I will let you know that Tianzun is Tianzun. Not a god, in my eyes,

You will always be an ant. "

The falling star Tianzun roared, and the hand of the stars in his hand bloomed with the light of the stars, stepping on it in strides, and rushed directly towards Qin Chen.

Qin Chen stood coldly holding the vast sword river.

The Gushan Tianzun and others in the ancient chin secret realm did not move, but stared at Qin Chen and the Starfalling Heavenly Lord, and the many patriarchs here, as well as the many celestials on the battlefield of the tens of thousands outside, were silent and careful. Watching.

The distance between the two is fast approaching. The starlight on the falling star Tianzun swept out madly, turning into a big hand of the star to grab and photograph Qin Chen. This time, he urged his strongest power of the heavenly clan, and he was the first to rush here before. , Once shot Qin Chen, but Qin

Chen resisted, and this time, he must let Qin Chen know that he had just kept his hands careless before, and the ants would never be able to fight the Shenlong.

In an instant, the Starfalling Heavenly Venerable came to Qin Chen, at the moment when the Starfalling Heavenly Venerable's big hand crashed down.

boom! Qin Chen, who had never moved before, moved violently, and the endless chaotic true dragon aura rose into the sky. His eyes were filled with fierce light, instantly as if he had transformed into an ancient dragon, and roared out, instantly as if transformed into A gushing volcano,

Becomes violent and irresistible.

"go with!"

Qin Chen roared, urging the vast Jianhe, and slashed down frantically.

The vast void.

The giant hand of stars broke through the sky.

The true dragon sword energy condensed into heavenly sword light struck away with lightning!

"Boom!"

The two fight each other.

There was a moment between the world and the earth, and the next moment, rumbling, endless power rushed out, causing the surrounding space to directly collapse and explode.

puff!

Amidst the vast roar, the Falling Star Tianzun let out a roar of fright, and with a bang, the light of the stars all over his body burst into pieces, and the whole person was thrown away as if hit by a wild beast.

A bloodstain appeared on his chest, with a pop, and blood splattered. The Starfalling Heavenly Sovereign who had rushed violently before was directly blasted into the void, spitting out blood on his back.

One sword!

Falling Star Tianzun is injured! The audience was in an uproar!

#### [Chapter 4079: unbeatable](#)

At this moment, all the Venerables of the Ten Thousand Races were shocked, and there was a look of horror in their eyes. They looked at the scene ahead in shock, and the throat was humming, like a duck with its throat locked.

Many strong men desperately rubbed their eyes.

What did they see?

Venerable and powerful, his eyes are undoubtedly very sharp, he can see through the changes of the heavens and the earth, see through the movement of the heavens, and see through the rules of everything, it is almost impossible to misunderstand.

But at this moment, the many venerables of the ten thousand races who were present were desperately rubbing their eyes, and it was obvious that they were shocked and unbelievable.

A real dragon clan's earth-zun unexpectedly blasted off the Star God Palace Heavenly Lord such as Falling Star Heavenly Lord, the Deputy Palace Master of the Star God Palace, such a picture, how can people not go crazy, how can they not doubt.

"impossible!"

The most shocking thing was Falling Star Tianzun, he let out a mad roar, the power of Tianzun rolling in his body swept across him, and the endless light of stars appeared on his body.

Boom boom boom boom!

Stars spit out from his body. Thousands of stars floated in the sky, forming a vast nebula picture.

He was angry.

Completely angry.

The deputy palace lord of the dignified Star God Palace, the powerhouse of the Heavenly Sovereign level, first joined forces with the Molten Heavenly Sovereign, and was repelled by the Golden Dragon Heavenly Sovereign alone, and now he was wounded by a true dragon clan junior. The shame in his heart can be imagined. "Boy, you are very strong. This seat looked down upon you before, but now is the time when you are proud. This seat will let you know what is Tianzun and what is invincible, you humble ant, Even if you have some adventures,

I will never be my opponent, I will bury your body in thousands of pieces, bury your soul and body in the endless star tomb, and suffer the torture and cruel temper of eternal life! "

Boom boom boom boom!

The falling star Tianzun went crazy, and the stars drew the power of star extinguishing in his body, a breath of Tianzun's origin escaped, and the power of Tianzun rolled out and killed Qin Chen.

"Really?" Qin Chen held the true dragon sword qi and walked directly over the sword qi waves. What he had just displayed was only the true dragon sword qi in his body, which was equivalent to the secret magic power of the star hand displayed by the falling star heaven. The reason why Qin Chen can fight against each other

The power of Chaos Origin is too powerful. The origin of chaos is the origin of the universe when it was opened up. Its power is extraordinary. When Qin Chen was in the Vientiane God Treasure, although Qin Chen was able to spur the origin of chaos, he was only the realm of human respect, and what can spur is only the extremely superficial aspects of the origin of chaos. One

Power.

And now, after breaking through the earth-sovereign, the power of the Primal Chaos that Qin Chen can mobilize is far higher than before, which also caused Qin Chen to explode the power of the sky-sovereign level. However, although he had repelled the Starfalling Heavenly Sovereign before, it was extremely difficult to kill the Starfalling Heavenly Sovereign. After fighting against it, it was almost impossible for the Dragon Clan's True Dragon Qi and Chaos Origins to kill the opponent, unless Can expose other

Hole cards.

boom!

Ahead, the Starfalling Heavenly Sovereign came to kill once again, the stars all over his body burned, the power of the endless stars restrained the body, and the stars surrounded his body, like a nebula about to smash into the lonely starry sky of the universe.

Such a scene makes everyone discolored.

In the distance, countless tens of thousands of powerhouses stared at this place, knowing that Starfalling Heavenly Sovereign was really angry this time, and had already begun desperately. The four heavenly Venerates, the Heavenly Venerate of Molten Flame, Heavenly Venerate of Gushan, Heavenly Venerable Spirit Bone, and Heavenly Sea of Underworld, all watched this battle solemnly. Molten Heavenly Venerate looked at the eagle and said: "The Supreme Chaos Treasure, this child must have the Supreme Chaos Treasure. The power of kendo displayed,

The pure Primordial Primordial Primordial Primordial Chaos made the Starfalling Heavenly Venerable be injured, but the cultivation base of this child should not be the Celestial Venerable, at most it is the Peak Divine Venerable. "No matter how strong the Primordial Primordial Primordial Essence can be spurred by the Peak Earth Venerable, it is impossible to defeat the Primordial Venerable, even if it possesses the Chaos Supreme Treasure. Under the Starfall Heavenly Venerable's full shot, as long as the opponent is constantly consuming the original power, then True dragons must

Will fall..."

Halfway through what Mongyan Tianzun said, his expression suddenly froze.

In the distance, many of the ten thousand patriarchs who were discussing were all stunned, shocked to see what happened below.

Below.

In the vast river of sword aura, Qin Chen and Starfalling Heavenly Sovereign instantly fought each other, and the sword light lit up... the bright sword light, the dazzling sword light, sharp and cold!

In the sword light, there was a firelight bursting out, and in the void, there seemed to be a lotus flower unfolding, and the firelight opened like a fire lotus, bursting out dazzling light all at once.

Rumble!

The Jian River was turbulent, all invincible, like a sword dragon roaring, slashing fiercely on the palm of the star protruding from the falling star, and the light on the palm of the star burst into an instant.

"Bang!" The giant star hand of Falling Star Heavenly Sovereign was smashed by a sword and directly smashed on himself. The incredible power contained in that sword instantly impacted the thousands of stars surrounding him, booming. Boom...In an instant, thousands of stars directly reached the limit of endurance and burst into pieces. Thousands of stars burst in an instant. What a horror, countless stars instantly shattered into billions of meteorites. , Although it's just a fall

There were thousands of stars in front of Xing Tianzun, but at this moment, the falling star Tianzun faintly heard the soft cracking sound from the core of the thousands of stars all over his body.

After the long river of sword energy, a vast fire swallowed.

"Impossible, how could you be so strong..." The blood-red eyes of Falling Star Tianzun were full of shock and disbelief.

Rumble!

The falling star Tianzun fluttered directly out, as if breaking a sandbag, there was no resistance, and Tianzun's body trembled under the impact. In the rear, the void was exploded with ripples, and the fire was raging, engulfing him, roaring, he roared, endless stars burst from his body, trying to extinguish those fires, but the flames were too terrifying, he was a \*\*\*\* For a time

It can't be extinguished.

"not good."

"Shoot."

"You can't let Falling Star Tianzun die here."

The complexion of Minghai Tianzun and others suddenly changed.

boom! The Deep Sea Rubik's Cube released the power of water vapor to diffuse out, and the deep blue water flooded the world. He sneered, and saw that these sea people's water sources poured on the falling star heaven, and they even made a sneer sound. , That flame crazy

The origin of the stars of the falling star Tianzun was burning wildly, and it couldn't be extinguished for a while.

"impossible!"

Tianzun Minghai has changed color. The water source he displayed is the core water of their sea clan, the water of the Nine Profound Seas. This kind of water is the core source of his sea clan's sea area. , What fire is that? Even if it is the true dragon source fire of the True Dragon clan, the water of the Nine Profound Waters of the sea clan, the original water may not be inextinguishable.

#### [Chapter 4080: Kill together](#)

"Molten Demon Fire!"

The Molten Heavenly Venerable also instantly released a river of molten demon fire, and the black demon fire swept across it, covering the body of the Falling Star Heavenly Venerable, and wanted to extinguish the lotus fire on his body and use the fire to overcome the fire.

However, although his Molten Demon Fire relied on the powerful Heavenly Venerable aura to suppress Qin Chen's flame a little bit, it could not be extinguished at all.

"impossible!"

This time it was the turn of the Molten Heavenly Sovereign to be unbelievable. His Molten Flame Demon Fire was the fire of the Heavenly Sovereign, and could not suppress the lotus flame that Qin Chen displayed.

What kind of flame is this?

boom!

At this time, the Spirit Bone Heavenly Sovereign also moved. In his body, a white bone gas exploded, and a white bone throne emerged between the heaven and the earth, forming a kingdom of God.

"The Kingdom of Ten Thousand Bone Gods!"

In the kingdom of God, the billowing bone energy poured down, and instantly enveloped the falling star Tianzun, and the Gushan Tianzun also moved, and the billowing mountain air surged and swept out.

The four great heavenly veterans all shot together, and finally with a pop, the flame on the falling star heavenly veteran was completely extinguished.

hiss! The next moment, the sound of the inhaling air-conditioning sounded, and the flame was extinguished, and the star-falling Tianzun was extremely embarrassed. The place where his body was burned by the flame was scorched, completely losing his domineering and majestic appearance at the beginning, just like a fallen middle-aged people,

Embarrassed.

Is this still the deputy master of the Star God Palace? Is this still a strong Tianzun? He is clearly a beggar.

Moreover, the power of the stars on Falling Star Tianzun's body also became weak.

"Falling Star Tianzun, are you okay?"

Molten Tianzun changed color and stepped forward.

"My original strength has lost 8%." The Fallen Star Tianzun gritted his teeth and said.

"A loss of eight percent? How is it possible? He, is he Tianzun? Has he already broken through to become Tianzun?" The spirit bone Tianzun and others were completely shocked.

How strong is the falling star Tianzun? Eight percent of his origin is no trivial matter. Is it so easy to lose?

One move consumes 8% of his Heavenly Venerable Origin, which is too exaggerated.

This, this can definitely be done by a strong Tianzun, not even an ordinary Tianzun.

Among other things, it was the Golden Dragon Heavenly Sovereign. The previous move severely injured the Minghai Heavenly Sovereign, causing the Minghai Heavenly Sovereign to lose an arm, and the source of the Heavenly Sovereign's loss was only 2% or 3%. At the realm of Heavenly Sovereign, only the original source is exhausted and the soul is annihilated, will it fall completely. Now, Qin Chen has destroyed 8% of the original source of Falling Star Celestial Sovereign with one move. Doesn't this mean that the real dragons in front of him really kill Dead star

ability?

Many powerful people of the Ten Thousand Races in the ancient chin secret realm were shocked to see the starfalling star-falling Heavenly Sovereign whose breath was obviously declining, and this degree of decline could already be clearly felt.

"A sword will cost the Falling Star Tianzun nearly one cost source?" They were completely shocked by this scene. This... Definitely Tianzun can do it! "

Rongyan Tianzun and others looked at Qin Chen in shock.

"The Supreme Treasure of Chaos." Rong Yan Tianzun said in a cold voice. "Yes, it must be the chaotic treasure on this child, and the flames he released before, with a chaotic aura. Could it be some kind of ancient chaotic fire? The flames condensed by this kid, even the sky fire, Can't make me wait

So hard to extinguish. "

Gushan Tianzun and the others squinted. What level and strength of them can be seen at a glance. Although Qin Chen's true dragon sword aura is strong, even if it is a sword that flies down to the Star Celestial Venerable, it hurts him, but at most it can only annihilate the body of the Star Falling Celestial Venerable. About two-thirds of the origin, if

To be able to destroy 8% of the origin with a single sword, this is absolutely something the top heavenly master can do. The remaining origin that had been dissipated before the falling star Tianzun was largely dissipated to resist the terrifying chaotic lotus fire. In other words, the chaotic lotus fire was the true method of the true dragon tribe, and that Chaos Lotus Fire, percent

Above ninety, he was the treasure of chaos he obtained in the Vientiane God Store.

"Taking away the treasure of chaos."

At this moment, the eyes of Gushan Tianzun and the others burst out with cold light, and their breathing became rapid.

How many percent of the terrifying flames can be directly annihilated by them, who doesn't want to get it? Qin Chen is nothing but an Earth Venerable, and he can severely wound the Star Falling Heaven Venerable with this chaotic lotus fire, so what if they get it?

Wouldn't it be possible to let their combat power jump into the ranks of the top heavenly sages in one fell swoop?

In an instant, after seeing Qin Chen's promotion to the earth-sovereign, the great heaven-sovereigns who were burning with anger and were about to kill him, a strong sense of greed rose in their hearts, and their eyes were straight. "Kill him, take away the Chaos Supreme Treasure, and take all the treasures on him. These things are ours." Molten Flame Tianzun shouted: "He has just been promoted to the cultivation base, and his strength is still shallow. Compare me

We have so many people, enough to directly suppress him! "?" He was promoted to a better cultivation base, suppressed him, he can be refined into a top treasure, this person has such a terrible source of chaos, refined, we can all have a great harvest, kill ! "The Heavenly Lord of Gushan and Heavenly Lord of Minghai are angry

Roared.

"The Primordial Primordial Chaos can just restore the sacred artifacts of our Sea Clan to its former glory!" Minghai Tianzun also roared again and again, and moved his hands to attack Qin Chen.

"Kill him, don't leave your hands behind." Falling Star Tianzun also said in anger. He knew that he had lost his face and could not find it back. The most urgent task was to kill Qin Chen. In order to prevent yourself from losing too much.

The five existences equivalent to the level of the Celestial Master once again launched a fierce offensive against Qin Chen! "Hmph, I still dare to do it. It seems that you don't know how terrifying the deity will be after the breakthrough! The Way of Origin..." Qin Chen pushed up with both hands, and the Book of Origin in his body instantly rolled over. The chaotic origin of

, Civilizations of various origins burst out in an instant, and the huge source of chaos in the body, wave after wave.

"Senior Jinlong Tianzun, follow me to kill the enemy and kill them."

Huh! Qin Chen reached the front of Falling Star Heavenly Venerable in just one step, and patted it with one claw. At this step, across the endless void, the space is completely non-existent, and one claw collapses into the eternal, which can be seen with the naked eye. The power of one wave

The wave derives out, penetrates into the void outside the ancient chin secret realm, and pieces of void continue to collapse.

what! The star-falling Tianzun was suddenly startled, the pores of his body were tightly closed, and he almost felt that he was being stared at by the most ferocious dragon in the ancient times, breathing was difficult, and his heart almost stopped asphyxiated. beat.
