

Valkyrie 4391

[Chapter 4391: Battle of the Flesh](#)

Boom!

Qin Chen blasted out with a punch, fierce, like a **** of war, actually abandoning Wan Jianhe.

Fight with the flesh.

"This lunatic..."

In the distance, the eyes of the Void God Hall Master and others were round and dumbfounded.

Qin Chen is too arrogant, right? Under the bewilderment of the giant Tianzun, he abandoned the top-level heavenly treasure and used his flesh to oppose the giant Tianzun. Is he crazy? Juba Tianzun is a giant of the giant clan. The strongest is the power of the body. It is unmatched. Even the previous Wan Jianhe could not easily cut his flesh. In the same level, the body of the Juba Tianzun is invincible. , Where did Qin Chen come from?

Dare to compete with the giant Tianzun like this?

The Giant King and Feihong Supreme also stared at them, showing surprise.

Only the giant Tianzun's eyes filled with ecstasy.

This idiot actually abandoned his heavenly treasure?

"kill!"

He roared and seized the opportunity. In the flesh, runes surging out, the aura of great avenues escaped.

At this moment, if there are top powerhouses present, you can see the great avenues surging in the body of the giant tyrant Tianzun, extremely thick, like a huge pillar supporting the sky, constantly twisting and surging.

The breath in every physical avenue poured out, poured into the physical body of the giant Tianzun, and finally condensed on his fist.

Boom!

The sky is falling apart!

The giant Tianzun blasted out with a punch, and before the fist's power erupted completely, the entire void would rumble. If it weren't for this place was the place of the Human Race Council, I fear that this punch could directly blast a star field.

In the void, the fists of Qin Chen and the giant Tianzun collided instantly.

Boom!

A terrible breath swept away, rumbling, and the whole hall was full of rumblings.

I saw Qin Chen's whole person, shocked and flew out like a rag bag, instantly flying backwards a distance of several thousand feet.

However, he quickly stabilized his figure, his body surged, and he didn't even have any injuries.

what?

Everyone was stunned. Without using the treasure, at the level of pure physical body, the giant Tianzun's punch failed to blast that Qin Chen, but was blocked by him?

How can it be?

The Giant King also looked solemnly, and took a breath of air.

This guy is absolutely abnormal.

In the void, Qin Chen grinned and smiled.

"Yes, you deserve to be the deputy chief of the giant clan, but unfortunately, it's not enough. You didn't eat this little power? Will you tickle me again?"

Qin Chen grinned.

"you wanna die."

The giant tyrant Tianzun was also shocked and shocked, but at the moment when he heard Qin Chen's words, he was even more furious, and he killed him again.

"kill!"

A punch came out again.

"Huh, the power of chaos."

Qin Chen urged his physical strength, bang, and punched the giant Tianzun again.

With a bang, this time, Qin Chen flew upside down again, but this time, he only flew upside down by thousands of feet, and he has stabilized his figure, much more calmly than last time. "Hehe, I just go out for two punches, so I don't have any strength? Why, last night you played with the giant king of the giant clan too late? So your legs are weak? Alas, the giant king, although you are from the giant clan, The body is tough, but carry on

In certain activities, you still have to pay attention to your body, don't play too hot. "

Qin Chen chuckled lightly.

"you wanna die."

The giant tyrant Tianzun was completely furious and rumbling. In his body, the source of the terrifying giant instantly rose into the sky, and his eyes burst out with a light that wanted to kill.

Playing too late?

He and the Giant King are both male, what activities can you play too late?

"Zhuzi, you are deceiving too much."

The giant Tianzun was furious and roared.

In the hall, the giant king's pupils also shrank, becoming angry from embarrassment, his eyes as cold as a cold knife.

Boom boom boom!

This time, Juba Tianzun directly burned his own origin, and a series of terrifying physical power burst out, forming a shocking power sweep.

"Good to come."

Qin Chen laughed and stood up.

Others only knew that he was the inheritor of the Heavenly Sword Pavilion, and that he was a disciple of Heavenly Work, but they didn't know that his strongest was also the way of the flesh.

The Immortal Eucharist in Tianwu Continent, breaking through the rules of the Dark Sky in the Nirvana Crystal Tablet, the true dragon aura of the ancestral dragon, and the source of chaos in the Vientiane God Store.

Regarding the physical body, Qin Chen feared no one.

The giant body is strong, but can it be stronger than the true dragon?

The human race is inherently weaker than the monster race, while the true dragon race has competed for the power of the monster race's first physical race.

Compared with the flesh, Qin Chen feared no one.

Boom!

In Qin Chen's body, there were a series of sword auras, which were six reincarnation swords.

His physical body, in the six reincarnation sword roads, has long been transformed and baptized, with sword aura in every gesture.

Bang bang bang! The giant Tianzun shot again and again, flying Qin Chen away again and again, but every time Qin Chen was blown away, he gained a lot of insights. After breaking through the Tianzun, he has not fought well and has not been familiar with it. Own power, things

In fact, he was also using this opportunity to familiarize himself with his own power and improve his perception of the realm of Heavenly Sovereign.

If you really want to fight, how could Tianzun, the giant tyrant, be his opponent?

After being bombarded again and again, Qin Chen stabilized more quickly. From the beginning, he was bombarded with a fist of several thousand feet, to several thousand feet behind, to several hundred feet, one hundred feet, nearly one hundred feet, dozens of feet...

In the end, Qin Chen and the giant Tianzun punched together, and they both quit each other, only backing a few feet.

Evenly matched.

"Impossible!" The giant Tianzun roared, in disbelief, Qin Chen's ascension was too fast. At the beginning, he could still have a sufficient advantage over the physical body, but after a moment of fighting, Qin Chen had already reached a level with him. Level, this kind of growth,

terrible.

"Nothing is impossible, Giant Ba Tianzun, is this all your strength?"

Qin Chen's eyes were cold.

He is using the giant Tianzun to consolidate his realm.

"what!"

The giant Tianzun roared, boomed, and blasted out with a punch. This time Qin Chen didn't move, but it was him.

"It seems, but so."

Qin Chen's eyes flashed, and his figure suddenly disappeared.

Space rules.

Juba Tianzun's pupils shrank, and Qin Chen disappeared in his perception.

In the next moment, Qin Chen suddenly appeared in front of him and blasted out a punch.

"Block!"

The giant tyrant Tianzun's body is radiant, like the ocean.

"Time imprisoned!"

Hum!

A force of time diffused out, the power in the giant Tianzun's body was instantly suffocated, and all his movements were stopped.

It is the origin of time.

The giant tyrant Tianzun was shocked, banged, and hurriedly broke through the constraints of time, but when he reacted, Qin Chen's fist had already appeared in front of him.

boom! The terrible energy swept through, and the giant Tianzun was blown out in an instant, his face covered with blood, embarrassed.

[Chapter 4392: Crush the sole](#)

Punch!

The giant Tianzun was blasted off, blood flying across his face, the bridge of his nose collapsed and it was swollen like a steamed bun.

In the distance, there were bursts of air-conditioning.

day.

What did they see?

The vice patriarch of the Giant Clan, Juba Tianzun, who used the flesh as the most terrifying method, was blown away by a young man of Qin Chen, unbelievable.

"you lose!"

Qin Chen dropped a fist, stood in the void, and said indifferently.

Silence, silence on the court.

No one speaks.

Just look at the giant king of the giants.

The Giant King kept his face gloomy and said nothing.

"No, I didn't lose."

The giant Tianzun roared and killed again.

boom!

Immediately afterwards, he was blasted out again, a fist mark was blasted on his face, collapsed in, and his bones shattered.

Click!

The muscles on his face were quickly repaired, and the bones healed quickly.

This is the talent of the giants. Unless they are directly obliterated, the giants can easily repair many simple injuries because their physical power is too strong.

"Come again!"

The giant Tianzun did not admit defeat, but he was furious and killed again.

Qin Chen frowned slightly.

The ending was obvious, but the giant Tianzun did not admit defeat.

Qin Chen glanced at the Giant King, and the Giant King's face sank without speaking.

Qin Chen smiled coldly.

understood.

Not reconciled, not admit defeat!

No matter, then fight until you take it.

Bang!

This time, the giant Tianzun flew out at a faster speed, and the blood bloomed, and his face was almost blown up and bloody.

Moreover, Qin Chen did not stop with a fist, swish, and the space rules were displayed, Qin Chen suddenly appeared in front of the giant Tianzun.

"not good!"

The giant Tianzun wanted to dodge.

However, as the power of time passed, the giant Tianzun hadn't realized what had happened, and Qin Chen's fist had already fallen on his head.

Punch!

Two punches!

Three punches!

...

Qin Chen shot again and again, **** and bloody, the giant Tianzun was blown out fiercely like an embarrassed rag bag.

puff!

In the end, the head of the giant Tianzun was almost exploded, and the real appearance was no longer visible.

Okay, don't give up again, right?

Qin Chen's eyes were cold.

Hum!

On his body, the terrifying sword aura was condensed on his right hand, and suddenly, a strong sense of crisis came to the head of the giant Tianzun, making his entire body stand up.

This punch can threaten his life.

He had a feeling that if Qin Chen was hit by this punch, his body would most likely collapse, and even his soul would be exploded.

"My giants give in."

Perceiving this power, the Giant King changed color and hurriedly spoke.

"boom!"

With a fist, Qin Chen slammed the Giant Batianzun down into the hall, and smashed it severely on top of the hall. At the same time, his right foot stepped on the head of the Giant Batianzun and crushed it.

However, he has already closed his hand, otherwise this punch will most likely kill the giant Tianzun.

"Isn't it enough to admit defeat earlier? Why do you have to suffer?"

Qin Chen sneered, stepping on the giant Tianzun, and said proudly.

Everyone on the court was dull, and there was the sound of air-conditioning.

Arrogant.

Too arrogant!

The deputy chief of the dignified Giant clan was stepped on the soles of Qin Chen embarrassedly. This kind of scene deeply shocked everyone present.

unimaginable.

"You, let go of the giant Tianzun."

The giant king's face was blue, and he yelled and stepped forward.

Boom!

The billowing supreme aura permeated out and hit Qin Chen instantly. At this time, the formation pattern and restraint that had enveloped the battlefield had disappeared somehow, the supreme aura like a tsunami was about to hit Qin Chen...

At this moment, the Supreme Master Shen Gong's figure flickered and suddenly appeared in front of the Giant King, directly blocking this supreme power.

"Giant King, fair fight, you are like this, have you passed? Giant tribe, just can't afford to lose like this?" Shen Gong Zhizun sneered.

"The work is supreme, you who work hard dare to humiliate my giants." The giant king roared, murderous intent surging like an ocean.

Divine Work Supreme sneered, "humiliate you giants? Ha ha, have you forgotten the giant king? It's a fight, but your giants suggested it."

"you....."

The Giant King became angry from shame, but he was extremely jealous.

"The supreme divine work, even if this comparison is a proposal of the giants, your disciple of the supreme divine work is too much."

The Celestial Race Feihong Supreme snorted coldly and stepped forward.

He could see that the Giant King was stunned, exuding terrifying power, and came to the rescue. "Shut up, Feihong Zhizun, there is nothing wrong with you here? Or, you from the Celestial race want to challenge my Tianzuo disciple? I am willing to accompany Tianzuo!" Shengong Zhizun said in a cold voice, om, on top of his head, a The quaint palace suddenly appeared

, Blooming a terrible supreme breath.

"Extreme treasure!"

Both Feihong Supreme and Giant King stared at them. They already knew that the treasure hall on Shengong Supreme was an extremely powerful existence in the Supreme Treasure, and with this, they resisted the attack of the Lord of Tianhe, so they were naturally extremely jealous.

Suddenly, swords were drawn on the court, and the smell of gunpowder was extremely strong.

"I said the Giant King, you still want the deputy chief of the Giant Clan. If you don't want it, this young master will kill him directly, and the province will get in the way."

At this time, Qin Chen gave a sneer, his right foot pressed hard, and suddenly, the head of the giant Tianzun heard the sound of broken bones, and his soul was shaking.

"stop."

The giant king shouted angrily.

Qin Chen said indifferently: "I am willing to lose in the gambling, and hand over the five Supreme Heavenly Sovereign Sacred Veins, the competition is over, otherwise... die!"

"Wang!" The giant Tianzun roared, but was firmly imprisoned by Qin Chen, losing his face.

The giant king's face was pale, he raised his hand, and a storage ring flew out instantly and fell into Qin Chen's hands.

"Five Supreme Heavenly Sovereign Saint Veins, here you are!" The Giant King said angrily: "Let go of the Giant Heavenly Sovereign."

Qin Chen glanced at the storage ring, put it away, then lifted his foot, kicked the giant Tianzun away, and said indifferently: "Isn't it enough to take it out early? It made me think that the dignified giants want it's a shame."

The giant Tianzun hurriedly broke free of the restraint, the flesh and blood on his face was squirming, and he quickly repaired, and he returned to his appearance safe and sound, with shame and anger in his heart.

"Boy, I want you to die."

He roared and wanted to kill again, but a big hand pressed him directly.

Is the king of giants.

"Ashamed, go back!"

The Giant King shouted angrily, his face unhappy.

He had already seen that the giant tyrant Tianzun was not Qin Chen's opponent at all, this kid was too evil.

The giant Tianzun looked ugly, so he had to obediently step aside.

Qin Chen tossed the storage ring in his hand and smiled lightly: "This is too good to earn, the five pinnacle heavenly veins, yes, yes, who else wants to challenge, Ben Shao is willing to accompany him." He looked at the many present. The strong, the corners of the mouth outline a sneer.

[Chapter 4393: Melting Deity to Dan](#)

silence.

No one said anything.

Many strong players on the field were stared at by Qin Chen, and each of them felt guilty and bowed their heads.

Here, with the exception of the Giant King and Feihong Supreme, the others are the powerhouses of the great heavenly powers. The strongest masters, such as the Void God Hall Master, are only at the same level as the giant heavenly sovereign. How dare you come forward easily.

Who is betting on the five pinnacle heavenly veins?

"Feihong Supreme, you Celestial Race, do you want to gamble?"

Qin Chen looked at Feihong Supreme, said with a chuckle, and at the same time, his gaze fell on the pinnacle Tianzun who had been scolded by Divine Worker Supreme that day before.

The pinnacle Tianzun's face was cold, he gave a cold snort, took a step forward, and was about to speak, but was instantly suppressed by Feihong Supreme.

"To shut up!"

Feihong Zhizun said coldly, squinting at Qin Chen.

This son, evil door!

The people under his command, although the strength is not weaker than the giant heavenly sovereign, but they are not much stronger than the giant heavenly sovereign.

However, even the giant Tianzun had lost before. If his Celestial Race master made a move, it would not have much effect.

Great probability will also be defeated.

Because even he couldn't see through Qin Chen, why should he lose these five pinnacle Heavenly Venerable Saint Veins?

For the Celestial Race, even for him, the five Supreme Heavenly Sovereign Sacred Veins, it is not a small number.

He came to support the giants, there is no need to end himself.

"It seems that the Celestial Race are some timid people."

Qin Chen shook his head and said disdainfully.

"you....."

The pinnacle Tianzun was angry and wanted to step forward, but Feihong Supreme squeezed him firmly and refused to give him a chance to step forward.

"Patriarch!"

That pinnacle Tianzun's face flushed.

"It's not necessary to fight for spirit."

Feihong Zhizun said coldly, his face was also terrifying, and the work was too arrogant.

Qin Chen shook his head speechlessly when he saw that the Celestial Race was not playing like this.

I thought what kind of character the human race is, is this too silly?

Such humiliation does not come up?

I still want to earn some more Peak Heavenly Sovereign Saint Veins. After all, it is not a small amount to upgrade the cultivation base and the Peak Heavenly Sovereign Sacred Veins needed to upgrade Chendi Pavilion.

It is difficult for ordinary forces to plunder, and only these supreme forces with a strong foundation can get some.

Thinking of this, Qin Chen turned his head and looked at other people.

"Senior Lone Eagle, you are the deacon of Renmeng City. I said before that this young man is not qualified to enter Renmeng City. It's better to come up and learn from the juniors. How about?"

Qin Chen's gaze fell on Guying Tianzun, with a slight mocking smile at the corner of his mouth.

Lonely Eagle Tianzun's heart suddenly slammed, his face turned pale, startled and angry.

It was shocked that Qin Chen called himself by name. Angrily, Qin Chen didn't put himself in his eyes too much. The expression and the posture were like looking at a junior or an ant.

Suddenly, a cavity of blood exploded in his mind.

"Why, don't you dare?"

Qin Chen shook his head: "The deacon of Mengcheng, a dignified person, but that's all, I thought it was someone."

Qin Chen looked disappointed.

Suddenly, from the depths of the main hall, a stream of light seemed to flew out and fell directly into the hands of Lone Eagle Heavenly Sovereign.

what is that?

This stream of light was so fast that everyone could not see the situation clearly, only saw what seemed to be a white light.

Only the supreme powerhouses such as the Supreme Master and the King of Giants have seen some clues, that is... a pill bottle.

"War is war!"

boom!

The Lone Eagle Heavenly Sovereign who had obtained this thing seemed to have received a message, suddenly took a step forward and said sharply.

"boom!"

He didn't wait for Qin Chen to react, and a sharp claw appeared directly in his hand. This sharp claw bloomed with a divine rainbow, and every sharp claw circulated a terrifying and regular air, burst out, and directly tore the void.

"cut!"

In Qin Chen's body, the sword light circulated, and suddenly countless sword lights burst out, smashing the light of the five sharp claws. However, Heavenly Venerable Lone Eagle did not retreat. A pill suddenly appeared in his hand. As soon as this pill appeared, the sky and the earth shook, as if countless terrible supreme auras surged, and the surrounding void, All like boiling water

It's boiling.

Supreme breath?

Everyone has changed a lot, what kind of medicine is this?

Shen Gong Zhizun's pupils shrank: "Melt the deity to the pill?"

This is a half-step supreme-level pill.

Once this pill is swallowed, it can quickly increase the cultivation base of the peak celestial superior, enough to push a peak celestial to an extremely terrifying point in a short time, and briefly enter the realm similar to the half-step supreme.

Half-step supreme is actually not a complete realm, but the pinnacle Tianzun powerhouse vaguely touches the supreme realm, but cannot really break through, so it is called the half-step supreme.

In fact, it was only Tianzun, only a touch of supreme aura.

But even so, it was enough to overcome the powers that surpassed other peak Tianzun powers.

"Qin Chen!"

Shen Gong Zhizun frowned and took a step forward to make a move.

However, Om, in this void, a series of terrible restrictions and formation patterns rose up, covering Qin Chen and Lone Eagle Heavenly Sovereign, preventing the Supreme Divine Worker from entering.

Shen Gong Zhizun's expression changed. It was someone who deliberately opened up the formation, letting the two fight duel, and did not give him a chance to interfere.

hateful!

At this time, other people also noticed that this was in the depths of the Human Race Council, and the Supreme Power had intervened.

A Pill of Melting Deity, with extraordinary value, is a half-step supreme treasure, and most people can't get it out.

boom!

This melting and deification Zhidan swallowed into the abdomen, the breath of Lone Eagle Heavenly Venerable skyrocketed, and the monstrous breath surged through the eternal life on the claws.

cut!

A few sharp claws poured down and instantly enveloped Qin Chen's body.

Every ray of sharp claw light is enough to seriously hurt the pinnacle of heaven.

So strong!

Outside of the formation, many people felt this breath and sucked in air-conditioning.

"Humph!"

Qin Chen's pupils contracted and he gave a sneer in his heart. Suddenly, a sharp sword appeared in his hand. It was Wanjianhe. Boom, Wanjianhe skyrocketed, turning into a golden ocean, sweeping out mighty.

"Kang Dang!"

The two forces collided, the galaxy exploded, and eternal vibration.

"Small bugs, kill me!"

The lonely eagle roars, and its canthus is fierce, and the origin of the body burns crazily, combined with the half-step supreme aura, so that the divine power above the claws soars.

Boom boom boom boom!

Five sharp claws smashed the sword river layer upon layer, and pushed towards Qin Chen.

not good!

The Void God Hall Master and others were shocked, this blow was too terrifying, I was afraid that the pinnacle would be seriously injured or even fall.

"dead!"

The Lone Eagle Tianzun gritted his teeth, and his eyes burst into cold murderous intent, roaring down, and flowing hideous colors.

"Huh, sword power!"

Qin Chen smiled, he took a step forward, and the endless river of swords instantly converged, turning into a golden sword and appeared in his hand.

Above the sharp sword, a monstrous sword aura bloomed and cut out with one sword.

After that, Qin Chen turned around without looking back.

puff!

next moment! The sword light flashed in the void, blood flew across, the five claw lights shattered like bubbles, and the lone eagle Tianzun was instantly cut and flew out, **** sky!

[Chapter 4394: Are you desperate?](#)

boom!

Under everyone's gaze, Lone Eagle Tianzun flew out directly, and a terrible sword mark appeared on his chest. The sword mark was penetrated, almost tearing his chest apart, and a deep line appeared. Wounds.

puff!

The blood flew across, and the Lone Eagle Tianzun retreated in embarrassment. This flight flew far enough. When he stopped, even the sternum could be seen in the wound on his chest.

The whole person was pale and embarrassed.

Not only that, the surrounding void seems to be annihilated a little bit, even the reinforced space cannot withstand the horror of this sword.

Everyone on the field is dumbfounded!

One sword!

The battle is over with one sword!

At this moment, everyone around was petrified.

This is something no one thought of!

Lone Eagle Heavenly Sovereign, himself is a powerhouse at the peak Heavenly Sovereign level, otherwise he would not serve as the deacon of Renmeng City. Now, under the Deity Transformation to the Pill, he has touched a half-step Sovereign level power and has the supreme aura to escape. .

A strong like him, but he has the ability to defeat or even suppress a peak Tianzun level strong!

At this moment, he was cut and flew out with Qin Chen's sword, and he could not even take a sword.

In the field, everyone looked at Qin Chen as if they were looking at a monster.

How strong is this guy?

On the side of the Celestial Race, Feihong Supreme's gaze condensed, while the Celestial Tribe next to him tried to move around, and the pinnacle Tianzun who wanted to fight Qin Chen turned pale and inhaled cold air.

Oh shit.

This guy is too abnormal.

How could it be so perverted?

At this moment, he didn't have any anger in his heart, only some lingering palpitations. Fortunately, he hadn't challenged himself before and was stopped by Feihong Supreme.

Otherwise, he is afraid that more than 90% may lose, and when he loses the five pinnacle heavenly veins, he can suddenly become a sinner of the heavenly human race.

The five pinnacle Heavenly Sovereign Sacred Veins are also a huge asset to the supreme-level forces that have held the tribe for countless years.

Nothing to lose.

"Swordsmanship!"

Among the crowd, only Shen Gong Tianzun's eyes condensed, showing a thoughtful look.

Qin Chen actually mastered a trace of sword power, but this is... the secret of the ancient Tongtian sword pavilion? The old sword ancestor, willing to impart such supernatural powers to Qin Chen?

At this time, Qin Chen calmly looked at the lone eagle Tianzun, whose chest was rising and falling in the distance, and the blood was surging, and said lightly: "Lone eagle Tianzun, you are defeated, don't forget the five peak heavenly veins."

Lone Eagle Tianzun looked at Qin Chen, with a spiteful light bursting from his pupils.

I was shocked.

He knew his strength very well, but he didn't expect that Qin Chen's previous blow would be so terrible, and the supreme Qi after taking the Melting Deity Transformation Pill could not resist the opponent's sword.

What magical power is that?

How terrifying is Qin Chen's strength?

Therefore, at this moment, Lone Eagle Tianzun's mind was a little confused.

But after the daze, there is endless regret.

The five pinnacle Heavenly Sovereign Sacred Veins, this is not a small number, he can't take out the lonely eagle Tianzun...

Yes, I can't take it out. Although he is a powerhouse of the peak heavenly sovereign and the ancestor of a top heavenly power, the top heavenly power he is in has no more than four peak heavenly veins in total, two of which are buried in his power for offering whole

This force cultivates, and the remaining two are on him.

But there are only two.

This is why he hesitated before.

Not only him, but none of the other Peak Celestial Powers present can directly take out the five Peak Celestial Saint Veins.

Including the Lord of the Void God, the Lord of Kunpeng Valley and the others.

It can be said that the five pinnacle Heavenly Venerable Saint Veins forces that can be directly taken out by the entire Human Race do not exceed the number of five fingers, except for a few individual forces such as Tiangong.

"No, I haven't lost yet!"

Murderous intent surged in his mind, and Tianzun Lone Eagle roared.

No, he can't lose.

If he loses, he can't bet even if he sells.

"kill!"

boom!

At this moment, Lone Eagle Heavenly Sovereign roared, and there was a billowing supreme aura from his body. His whole person seemed to be burning, and a phantom figure appeared on his body.

It is the ghost of the soul.

When this scene appeared, everyone present sucked in air-conditioning and looked shocked.

The phantom of the soul burns, is this lone eagle Tianzun crazy?

At this moment, everyone was dumbfounded, the Lone Eagle Tianzun was actually burning his soul.

When fighting at their level, sometimes in order to explode power, it is normal to burn the origin. After all, the origin can quickly provide a large amount of power during the burning process, and can display top-level magical powers.

Moreover, even if the original source is worn out, it can be repaired later, and the difficulty is not too big. Assuming that there is no genius treasure, it can be recondensed only by accumulation of time.

However, the soul is different.

Burning the soul can also explode terrifying power, and even push the spiritual power of the warrior to an extremely mysterious situation, greatly enhancing the strength of the warrior.

However, the side effects of burning the soul are great. Once there is any accident, it will even cause the soul to collapse and the soul to fly away.

This is not a simple repair.

And now, the lone eagle Tianzun is burning his soul.

"Boom!" In the hall, rumbling and surging, the supreme aura on the lone eagle Tianzun surged, above his claws, the divine rainbow skyrocketed, each of the divine rainbow contained the power of terrible rules and turned into The avenue of rules, across the void, rumbling over

.

In an instant, the world in the field became illusory, the Lone Eagle Tianzun stepped forward, and the Supreme Qi directly suppressed Qin Chen.

One stroke sets the universe.

The fight of life and death.

"Interesting, are you desperate?"

Turning around, Qin Chen looked at Lone Eagle Tianzun, his eyes narrowed, full of fighting spirit.

In fact, he really wants to fight!

Want to fight very much!

However, what he wanted to fight was not the peak Celestial Venerable. Before he broke through, he could defeat the late Celestial Powerful. Now after breaking through the Celestial Venerable, his strength has advanced by leaps and bounds. Generally, the Peak Celestial Venerable is not his opponent at all.

Not to mention the spike, but it can also be directly suppressed.

And what he wants to challenge is Supreme.

He wanted to see how big the gap between himself and Supreme was.

However, although the previous Lone Eagle Heavenly Sovereign relied on Melting Deity Transformation Zhidan to enter the Half-Step Supreme Realm, it was very vain.

But now, after burning his soul, the strength of Lone Eagle Heavenly Venerable skyrocketed again.

"Well, there is still a huge gap from the Supreme, but... barely a true Half-Step Supreme."

Qin Chen nodded.

If the former Lone Eagle Heavenly Sovereign only carried a trace of supreme aura, then now, after burning his soul, in terms of strength, he has truly had the strength close to half a step supreme.

Enough to do it yourself. Thinking of this, Qin Chen immediately took the first two steps, once again running the sword under his control.

[Chapter 4395: I behead you](#)

At least a strong person of this level is required to allow yourself to try new tricks.

It's all done.

Qin Chen laughed suddenly and walked towards the Lone Eagle Heaven Venerable with his sword. In an instant, an extremely terrifying sword force swept all around.

boom!

In an instant, the surrounding void directly stirred up like boiling water. Kakaka, the void that was originally imprisoned by the aura of the Lone Eagle Heavenly Venerable, trembled violently, and kept cracking.

In the void, vaguely, there seemed to be invisible sword energy surging horizontally and horizontally.

This sword aura is very emptiness, and very small, but it is everywhere, as if every one can kill a strong and terrifying sky.

Seeing this scene, everyone in the field changed their faces!

What a powerful sword!

Not only that, there is a special flavor in Qin Chen's sword power!

Kill the world with one sword!

The momentum is like a broken bamboo!

Qin Chen acts alone, never fearing anyone, and always does what he says.

He would not have come this time in Renmeng City, but he still came.

why?

My generation of warriors has no fear of anyone.

Reversible, can kill demons, can kill gods, can be invincible!

This is the profound meaning Qin Chen comprehended from the sword power, sword repair, not afraid of the world, only chasing the original heart.

I made a sword, the world is invincible!

The more confident Qin Chen is, the stronger this sword power will be. At this moment, even with the formation and the restriction and isolation, many of the top heavenly masters on the field can't bear this sword power, retreating one after another, and even dare not look at Qin Chen.

It seemed that as long as he looked at Qin Chen more, Qin Chen would violently attack him and behead him.

Awesome!

Even the Supreme Master was amazed.

Compared with working at the Tiantian headquarters before, Qin Chen at this moment was much stronger.

This little guy seems to be improving all the time.

"cut!"

Finally, when this force was condensed to the extreme, Qin Chen cut it out with a single sword!

boom!

The sword light violently cut, the world is shocked.

The sound of a sword blasted straight into the sky.

A sword is unstoppable!

"Ah, break it to me!"

The Lone Eagle Sky Venerable roared and a claw fell crazily. At this moment, the Lone Eagle Sky Venerable was like a flat boat surrounded by squally wind and rain in the sea, because Qin Chen's sword power was aimed at him.

The violent winds and waves are countless swords.

Click!

The sword light flashed, and a regular avenue of Lone Eagle Tianzun was directly cut off, rumbling, the heavens and the earth roared, the air of the avenue was violent, and the earth was shaking.

"what!"

The Lone Eagle Tianzun was still roaring, half-step the power of the Supreme urged to the extreme, and tried his best to resist.

Block, as long as you block, you can win.

At this time, you can't retreat. Once you retreat, your energy will vent, and if you vent like a rush, there will be no chance of turning over.

Can only block.

Boom boom boom boom!

Countless avenues, like Tianzhu, came from suppression, trying to block Qin Chen's sword power.

But Qin Chen's sword power is still getting stronger and stronger!

Click! Click!

Jianguang slashed violently, shocking Jiuxiao, and the remaining four avenues were cut off one after another, as if the Tianzhu had been slashed, the heaven and the earth shook, and the power of the world was destroyed.

That sword qi continued to explode, slashing Lone Eagle Tianzun.

"what!"

Lone Eagle Tianzun roared, his face changed drastically. At this moment, he could no longer dodge, because he was completely locked in, so he could only be tough, and he shot out!

Boom!

A piece of sword light suddenly burst out in front of the two of them, and in an instant, the lone eagle Tianzun was directly cut and flew out, wow, spit out blood. This time, Lone Eagle Tianzun was even more embarrassed, and he was cut and flew far away. As soon as he stopped, his entire right arm disappeared and collapsed into nothingness. Not only that, his body was also trembling violently. Become imaginary at this moment

Illusion.

The flesh must be broken!

Seeing this scene, everyone in the field was shocked!

This is the Lone Eagle Heaven Venerable who has taken the Melting Deity Transformation Pill and burned its origin and soul!

His strength has already entered the half-step supreme realm.

Under the supreme, it is invincible.

It can be said that after taking the pill and burning the origin and soul, the Lone Eagle Tianzun has become the fourth strongest on the field, second only to the giant king, Feihong Supreme, and Shengong Supreme.

Others, such as the Lord of the Void God, and the giant Tianzun, are not his opponents at all.

But such a strong man was smashed by Qin Chen with a single sword.

The giant tyrant Tianzun's eyes were full of incredible color, and at the same time he was afraid and frightened. The power of Qin Chen's sword was more than twice as powerful as when he shot him before?

If Qin Chen used this trick before, he was afraid...

Fear!

Coolness rises directly from the back!

Not only the giant Tianzun, but also the Giant King and Feihong Supreme were shocked at this moment.

Is this really a sword from heaven?

The most shocking thing was Lone Eagle Tianzun, his body did not disappear, because he forcibly saved it with a secret method, but he was also hit hard!

The origin is damaged, the soul is damaged!

The sword just now almost killed him.

"I... lost!"

Lonely Eagle Tianzun's face was dead gray, and his heart seemed to be completely dead.

Even in the case of burning his soul, he was defeated.

ridiculous!

He has been aiming at Qin Chen from outside the Renmeng City, and looking back to think about it, it is ridiculous, he is like a clown.

What qualifications does he have to target others?

In a trance.

Huh!

A figure appeared directly in front of him.

Cang!

The golden sword was quietly placed on his neck.

With the sword aura, Lone Eagle Tianzun's neck suddenly became cold, and he felt the breath of death.

"You lost, hand over the bet."

Qin Chen said indifferently.

It seems that the half-step Tianzun level powerhouse can no longer test his true strength.

After this battle, Qin Chen had a brand new understanding of his own strength. Thinking of this, Qin Chen looked at the others on the scene, his gaze passed over a famous ancestor of the heavenly power, and at the same time, he passed in front of the law enforcement team and others who had previously blocked him in Renmeng City. Finally, at King of Giants and Feihong Supreme Commander

The strong men of the two major races passed by.

"Who else wants to challenge the young man, he can do it."

"Under the supreme, I am invincible, you are free!"

Qin Chen said lightly.

Quiet!

The audience was silent.

I am invincible, you are free!

What arrogant words!

Speaking from the mouth of a young man, it is almost unknown.

If Qin Chen dared to say this when he had just entered Renmeng City, he was afraid that it would immediately arouse the dissatisfaction of many powerful Heavenly Powers present.

But now, the needle falling in the hall can be heard.

No one has any objections.

Qin Chen proved himself with his strength and won respect.

After saying this, Qin Chen turned to look at Lone Eagle Tianzun, frowning: "Your bet has not been paid yet."

Yes!

It's a grandma, the battle is over, and the bet hasn't been paid yet.

Want to go wrong?

puff!

The golden sword was sent slightly, and the blade immediately cut into the neck of Lone Eagle Heavenly Venerable, and the blood immediately flowed out, evaporating into nothingness under the force of the rules. Qin Chen stopped the sword and said lightly: "If you don't give it anymore, I will kill you!"

[Chapter 4396: You want to pay](#)

In simple words, but with the determination to kill, if you don't give it, I will kill you.

The words fall, shocking the world.

Lonely Eagle Tianzun looked at Qin Chen in anger and despair. He could feel that Qin Chen's killing intent was real. If this lunatic, he really didn't pay a bet, he would really be killed on this man's alliance city hall. He is the deacon of Mengcheng.

Arrogant, presumptuous!

This is him.

"I give!"

Lonely Eagle Tianzun did not dare to be scornful anymore, quickly took out a storage ring from his body and threw it directly to Qin Chen.

He admitted.

Because he is also afraid of death, the stronger the person, the more afraid of death.

Snapped!

Qin Chen finally swept his storage ring, his gaze swept slightly, and suddenly, a terrible killing intent swept away from Qin Chen, covering the Lone Eagle Heavenly Sovereign. With this terrible killing intent, Qin also The sword of dust.

Puff!

As soon as the golden sharp sword was sent forward, Lone Eagle Tianzun's body became illusory again, shaking under Qin Chen's sword power, as if about to break apart.

"Are you kidding me?"

Qin Chen stared at Lone Eagle Tianzun with cold eyes.

In the distance, everyone else was dumbfounded, showing shock.

What's wrong with Qin Chen?

Lone Eagle Tianzun has already handed over his bet, why continue to make a move?

I saw Qin Chen's icy eyes, and said coldly again: "The bet is the five peak heavenly veins, and you only gave me two peak heavenly veins. The deacon of the dignified alliance city, don't you want to go wrong?"

Two pinnacle heavenly saint veins?

Everyone looked at Lone Eagle Tianzun in amazement.

Indeed, the previous bet was five, and the Lone Eagle Heavenly Sovereign only took out two Peak Heavenly Sovereign Saint Veins, which was indeed very inappropriate.

Lonely Eagle Tianzun's face flushed, shame and anger, and hurriedly said: "I really only have two of them at the moment, and three of them are left. I'll give it to you later."

Ashamed and shameless, I can't wait to find a place to go.

The dignified lone eagle Tianzun, the deacon of Renmengcheng, couldn't make enough bets after the duel. If this was passed, his face would be lost.

But compared to face, life is obviously more important.

Qin Chen shook his head, with a terrifying sword spirit on his body, "No, just five if you say five things. You can make the saint veins with one hand, and let others be fair and just."

When the voice fell, Qin Chen's sword intent became even greater.

Buzzing!

The physical body of Lone Eagle Tianzun kept trembling, as if it was about to burst under this sword aura.

"do not....."

Lone Eagle Tianzun hurriedly shouted in horror, his eyes panicked. At this moment, the effect of melting the gods to the pill had already disappeared a lot, and coupled with the damage to his body and soul, he could not withstand Qin Chen's sword attack.

"Om!"

In his hand, a treasure exuding a vast aura flew out. It was his top heavenly treasure, the sharp claw guard.

Flew into Qin Chen's hands all at once.

"This is my famous weapon, the Heaven-Tearing Claw. This thing is a top-level Heavenly Sovereign Treasure, which can be used as a peak Heavenly Sovereign Saint Vein.

"The top heavenly treasure?"

Qin Chen took the tearing claw, frowned slightly, "Who wants this broken thing?"

Broken stuff?

Everyone was stunned, this is the top treasure of heaven? That is to say, only those who are strong at the peak of the eagle, such as Tianzun, can have it. Ordinary tianzun forces can have an ordinary tianzun treasure. It is enough to get a top-level tianzun treasure. Strength

, An increase of more than 30%.

Such treasures do you mean broken things?

But when everyone understood Qin Chen's identity, all of them were speechless.

Forgot that kid is the agent of Heavenly Work Hall Master!

Heavenly Work, the top crafting power of the Human Race, almost 30% of the treasures in the entire Human Race Alliance, are all passed down from Heavenly Work.

Thirty percent, it doesn't sound like much, but this is a treasure in the entire Human Race Alliance, that is to say, not only the Human Race, but also other races including the Monster Race, and many treasures are from the work of heaven.

This is an extremely large number, and it is also the achievement of Tianwork over hundreds of millions of years.

"Acting Hall Master Qin...I don't really have the Peak Heavenly Veins on my body. I can only use this top-level Heavenly Venerable Treasure as a mortgage temporarily. Looking back, if the Deputy Hall Master Qin is willing, I can use the Peak Heavenly Veins to redeem it again. ."

Lone Eagle Tianzun trembled.

"Never mind." Qin Chen nodded, "However, it is not enough."

In addition, this top-level Heavenly Sovereign Treasure Artifact is only equivalent to three peak Heavenly Sovereign Saint Veins, five from which there is still a gap.

"I still have..."

Lone Eagle Tianzun breathed a sigh of relief, and other storage rings flew out from his body, and said nervously: "Here are my savings over the years, all kinds of rare and precious treasures, and can also be used as a peak heavenly vein. ."

Qin Chen swept across the storage ring, and had to say that as the peak Heavenly Venerate powerhouse, Lone Eagle Heavenly Venerate had a lot of treasures on him.

Although not comparable to the peak Heavenly Venerable Saint Vein, there are also a variety of top-level Heavenly Venerable materials, exotic treasures, and various other treasures, which can be regarded as useful to Qin Chen now.

For example, some ordinary treasures of the venerable, Qin Chen can't use, but many people in Chendi Pavilion can still use it, so I don't need to search everywhere.

On the side, everyone else's heart is chilling and their scalp is tingling.

The dignified Lone Eagle Tianzun, the deacon of Renmengcheng, at this moment, is like a slave who wants to redeem his life. He has gathered all the corners of his body. This posture is really too sad.

"These can be used as a pinnacle Heavenly Sovereign Saint Vein, but it's not enough..."

Qin Chenhan said.

So far, all the treasures here are only equivalent to the four pinnacle Heavenly Sovereign Sacred Veins, and there is a gap of five between them.

"I only have these. I will give you the remaining one."

Lone Eagle Tianzun was almost crying.

This is already all the treasures in his body, and it is unexpected that Qin Chen is not enough.

"If you say five items, you will have five items, and none of them can be less. Why, do you want to take credit?" Qin Chen squinted at the other party.

"But, I really don't have anymore." Lone Eagle Tianzun said in anger.

Qin Chen, it was too much.

Don't you give me this little face?

However, his voice just fell off.

boom!

The terrible sword intent skyrocketed.

puff!

The golden sword in Qin Chen's hand suddenly flashed, and with a chuckle, one of the arms of Lone Eagle Heavenly Venerable had already flew out, and the arm was quickly wiped out by the sword intent in the void and turned into nothingness.

"what!"

Lone Eagle Tianzun let out a stern roar, and one of his arms was cut off. Not only the flesh and blood contained in this arm, but also the origin of it, was also quickly cut off by Qin Chen.

Normally, for a strong man like him, even if his arm is cut off, he can easily regroup. But once the origin is obliterated, it is not so easy to repair it.

[Chapter 4397: Divine Soul Pill Master](#)

At this moment, Lone Eagle Tianzun looked at Qin Chen in anger, with a painful expression, holding the gap in his arm with his other hand, screaming in pain.

One arm is gone, including the origin.

With his current cultivation base, he wanted to reconsolidate a complete arm, and I don't know how much energy and resources it would consume.

Shit, damn!

In the distance, everyone else had scalp tingling.

The Lone Eagle Heavenly Sovereign had already given out the treasures of the four pinnacle Heavenly Sovereign Saint Veins, and Qin Chen was even unreasonable.

"The Supreme Master, your disciple who works this day, is it too much?"

boom!

The Giant King took a step forward, his supreme aura bloomed, his eyes widened, and his anger was filled with anger: "Is he a demon? Acting so recklessly, I am afraid that the demon will not be like this."

The giant king lied.

"It's me he wants to challenge."

Qin Chen coldly glanced at the Giant King, "I would like to lose the bet, why? This person has failed in the challenge, but is unwilling to pay the bet. Is the Human Race Council letting this person be the deacon? It's ridiculous. What authority is there?"

silence!

Everyone was dumbfounded.

Is Qin Chen questioning the Human Race Council?

"Take out one more Peak Heavenly Sovereign Sacred Vein, and I will let you go, otherwise... A pinnacle Heavenly Sovereign Sacred Vein, you can't reach it with one hand!" Qin Chen said lightly.

"Don't blame me for not giving you a chance. I agreed to accept the trash on your body. Actually, I don't want to kill you. Killing you is not good for me. However, since you agreed to the gambling agreement, you can't rely on the bill, you say yes?"

Qin Chen's face was very gentle, but it fell in the eyes of others, but he looked like a devil.

Madman, this guy is a madman.

Tianzun, the pinnacle of the human race that day, couldn't help feeling a chill in his heart, and couldn't help but tremble.

Fortunately, he had not succeeded before, and was intercepted by Master Feihong, otherwise, his fate would not be much better than Lone Eagle Heaven.

"Pill God Soul, save me..."

Lone Eagle Tianzun felt the killing intent on Qin Chen's body, and finally couldn't control it, and shouted in horror at the darkness deep in the hall.

"Pill Master Divine Soul?"

Everyone looked over.

Boom!

In the next moment, a terrifying supreme aura suddenly diffused from the depths of the hall.

A strong man wearing a pharmacist's robe and exuding a terrifying and supreme aura, slowly walked out of the hall, standing tall, like a god.

Boom!

As soon as this person appeared, the terrifying supreme power suddenly surged in this hall.

Divine Soul Pill Lord!

Everyone sucked in air-conditioning.

The person here is not someone else, but the Soul Pill Master, one of the members of the Human Race Council.

Divine Soul Pill Lord, one of the powerful under the forbidden land of the ancestors, and now the leader of the human pill.

At that time, the Divine Soul Pill Master was a master alchemist under the ancestors of the gods, and after breaking through the supreme, he founded the supreme power Shenyao men, which is regarded as one of the top forces of the human race.

"Your Excellency, you have already obtained these treasures, so you can just leave, why be aggressive, too much!"

As soon as this towering figure came out, he stared at Qin Chen coldly, and said coldly.

"Which green onion are you?"

Qin Chen glanced at the other party and said lightly.

boom!

Suddenly, everyone in the audience was shocked.

I was really surprised.

The Master of the Void God Hall looked at Qin Chen dumbfounded, are they so crazy?

What is in front of me is the Divine Soul Pill Lord, the founder of the Divine Medicine Gate, and the supreme powerhouse, who is actually scolded?

This is simply...

Many people pinched their arms, suspecting that they were dreaming.

It is generally impossible to dream when you reach the realm of Tianzun, and dreams can be created with their thoughts.

But now, these top powerhouses doubt if they are dreaming, which shows how strong the shock in their hearts is.

"You are crazy!"

The pupils of the God Soul Pill contracted, bursting out a cold light, and his face was gloomy as if it could drip water.

Boom!

Between the sky and the earth, there seemed to be thunder surging.

The supreme was angry, and the world changed color.

It's so perverted.

Qin Chen said lightly: "I'm not crazy, I'm just reasoning."

Qin Chen scanned the surroundings, "I have been reasoning since I came in. I believe that the Human League City, the Human Race Council, must also be a reasonable place. They wanted to challenge me, and I made a gambling agreement, and they agreed. "

"As a result, they lost and don't want to fulfill the contract? Excuse me, who is the mad?"

Qin Chen sneered and looked at the Spiritual Pill Master, and said with a sneer: "And you, the guy who ran out of nowhere, is you the one who gave the Lone Eagle Heavenly Sovereign the Melting Pill just now? Maybe, it's still you agitating The Lone Eagle Tianzun challenged me."

"and then?"

"The Lone Eagle Tianzun is defeated. As a supreme powerhouse and a pharmacist, you must have a lot of treasures on your body. You don't want to fulfill the gambling agreement for him. Instead, you don't care about his life and death until he speaks. To appear."

"As soon as I showed up, I stood up and scolded me too much, trying to make me give up my bet."

"Funny, who do you think you are? My son? I want to be used to you?"

"The sky is big and the earth is big, and the truth is the greatest. Although I, Qin Chen, come from a lower plane, I am also a reasonable person. I believe that the Human Race Council that maintains the order of my human race must also be a reasonable place."

"You have to pay the debt for him, I welcome it, but you want to come here to kill the rogue, please forgive me to send you a sentence: Fuck you! I care if you are the master of the soul pill or some master, and the king of heaven will not be able to come."

boom!

The audience boiled and exploded.

Everyone stared at Qin Chen dumbfounded, their eyes bursting.

Even the Giant King and Feihong Supreme were all dull.

Crazy, really mad.

Even the Soul Pill Lord dare to be so stunned?

It's not how invincible and invincible the Divine Soul Pill Master is, but you are just a heavenly being, so arrogant, just insulting a supreme powerhouse, are you really afraid of death?

And the Lone Eagle Heaven Venerable whose body was about to collapse by Qin Chen's arm was cut off, his body trembled even more, and his soul was about to be unstable.

I knew that Qin Chen was such a lunatic, and he wouldn't challenge him if he killed him.

Just as Qin Chen said, he challenged the other party for the Soul Pill Master, and the challenge failed. The Soul Pill Master didn't say to bet for himself, instead he watched as he was cut off.

For a time, Lone Eagle Tianzun's heart was as dead.

"you wanna die!"

Divine Soul Pill Lord was completely furious, rumbling, and an extremely terrifying pressure suddenly fell from the sky, instantly locking Qin Chen!

He looked at Qin Chen with cold eyes, with endless murderous intent boiling.

How many years have you broken through to the Supreme? Others have always treated him respectfully, and he has forgotten how long he has been. No one dared to be so arrogant in front of him.

But today, he felt this anger.

Boom!

The terrifying breath poured out like the ocean, impacting on Qin Chen, making him fly out. The power of supreme blasts the volume instantly.

[Chapter 4398: Can't get it out](#)

The Lord of Divine Soul Pill was completely furious, and the supreme might was beyond offense.

The terrifying breath swept directly towards Qin Chen.

"stop!"

The Supreme Master Shengong snorted coldly, hum, above his head, the Treasure Hall was bursting with terrible light, and colorful chains appeared to seal the void.

"Holy work, do you really want to be my enemy?"

The Soul Pill Master said in a cold voice, with murderous aura and a solemn expression.

He also heard the news that the Supreme Master of God and the Lord of Tianhe were fighting, the Lord of Tianhe was the top powerhouse in the law enforcement team of the Human Race Council, and even the Lord of Tianhe could not easily win the Supreme of God. He was afraid that it was too choking.

The Lord Shenhun Dan felt the chains in the void with his eyes cold, and he was secretly vigilant in his heart.

The breath that this hidden treasure hall exudes is indeed terrifying, and vaguely, there is an illusion of imprisoning him in the void.

Shen Gong Zhizun's gaze was calm, and he said lightly: "Shen Soul Pill Lord, this seat is just like my daily disciple, I just want to be reasonable."

"Of course, if some people are not willing to reason, I can also use other methods to make the other person have to reason."

Shen Gong Zhizun took a step forward, carrying a cold killing intent on his body. This posture was arrogant and unparalleled.

"Huh?" The main gaze of the Divine Soul Pill was condensed, this superb master, really arrogant, he was also a veteran supreme at any rate, and he did not give any face.

It seems that what the Giant King said before is really possible.

"Just rely on you?" Divine Soul Pill Master showed cold eyes, although he was quite jealous of Divine Work Supreme, but the same Supreme Power, how could he willingly admit defeat.

"Holy Master, this matter is left to me."

Qin Chen took a step forward and sneered at the Divine Soul Pill Master, "You want to stand up for that Lone Eagle Heavenly Venerable, yes, you only need to hand over a Peak Heavenly Venerable Saint Vein, I will let him go, otherwise, his life and death will I control it."

"As for face, what kind of face does your soul pill master have?"

Qin Chen held a sharp sword across the neck of Lone Eagle Heavenly Sovereign, and sneered, "Hand over the Supreme Heavenly Sovereign Saint Vein, live, otherwise, die!"

"you wanna die."

The Divine Soul Pill Lord took a step forward, booming, the supreme spirit rioted.

"Do you want to fight with me?" Qin Chen laughed. He raised his golden sword, his expression was not afraid, and he smiled lightly: "Yes, defeat me, the Lone Eagle Heavenly Sovereign's sacred vein is exempt."

boom!

As soon as this remark came out, everyone on the court was shocked.

what?

Qin Chen actually wants to challenge the Soul Pill Lord?

day!

are you crazy?

That is the supreme powerhouse, not the pinnacle heaven, nor the so-called half-step supreme.

"Qin Chen!"

Shen Gong Zhizun's face changed, and he said repeatedly.

Qin Chen, is it too big?

Although he knew that Qin Chen had gained a lot in the heavens and had broken through the realm of Tianzun, the Supreme is the Supreme. Even a half-step Supreme, it is far from being able to fight against the Supreme. Qin Chen, a Tianzun, actually has to challenge a Supreme.

Are you kidding me?

"Holy Master, this matter is handed over to me. Ben Shao has slashed the Peak Heavenly Sovereign and defeated the Supreme by half a step. I really want to know how far between himself and the Supreme is."

Qin Chen laughed, the sword intent on his body was soaring, and the sword aura reached the sky.

In fact, he had long wanted to fight the real supreme powerhouse.

Half-step supreme?

Too weak, too weak!

Only by fighting the real supreme powerhouse can you find your shortcomings!

Therefore, his fighting spirit was soaring and murderous.

"Arrogant, you want to challenge me? Do you have the qualifications?!"

The Spiritual Pill Lord was completely angry at this moment, and the anger on his body was erupting and erupting like a volcano.

What kind of humiliation is it for a Tianzun to challenge himself to be such a supreme?

If it spreads out, the entire universe will laugh at him.

It is natural to win. If you lose, even if you lose face, you can't look up again.

Although he cannot lose. "Hahaha, that is to say, Senior Divine Soul Pill Master dare not?" Qin Chen laughed and sneered, "Then you still say a fart, it's better to go back, dignified, and dare not even dare to challenge a Tianzun Yes, this Terran Council really disappoints me

hope. "

"madman!"

Everyone was horrified, Qin Chen really wanted to force the Divine Soul Pill to take the initiative, where did he come from?

"Since you are looking for death, then I will fulfill you."

Pill Master Shenhun took a deep breath, murderous in his eyes.

"However, I am the Supreme, there is only a pinnacle Heavenly Sovereign Saint Vein, too few, I want me to take action, at least a supreme treasure." The Soul Pill Master sneered.

hiss!

Everyone was shocked, a supreme treasure, this is comparable to the peak Heavenly Venerable Saint Vessel, no one knows how noble it is.

It should be noted that there are treasures such as the peak heavenly veins, and some peak heavenly forces still have them. For example, the Void God Hall Lord and others also have the peak heavenly veins, but only a few.

However, the Supreme Treasure is different.

Any supreme treasure is no small thing, enough to provoke the coveting of the supreme class, and its value is far above the peak of the heavenly veins.

It can be said that the supreme treasure, even a supreme, may not be easily taken out.

"Supreme Treasure?"

Qin Chen frowned.

"Why, can't I get it out?"

The Soul Pill Master sneered.

In fact, he only needs to take out a pinnacle Heavenly Venerable Saint Vein to pay off the debts for Lone Eagle Heavenly Venerable, but if he really took it out, then his magical medicine will be lost.

At the same time, whether he agreed to Qin Chen's challenge or not, he would be laughed at.

Supreme vs. Tianzun, no matter what the result is, it is a black spot.

Only by putting forward such a bet request, let Qin Chen retreat in the face of difficulties, and directly give up the bet, can it be regarded as saving some face.

At the level of Divine Soul Pill Lord, the contention for a lot of things is no longer so concerned. Instead, it is about face, which is absolutely impossible to lose. Both are members of the Human Race Council. If anyone loses face, they will inevitably be discussed and laughed. .

Of course, if Qin Chen could really bring out a supreme treasure, then the Soul Pill Lord wouldn't mind making one shot.

After all, the challenge was mentioned by Qin Chen, and he wasn't too rude when he came on the court. He defeated Qin Chen directly and got a supreme treasure. What was he afraid of losing some face? Maybe it will arouse the envy of countless people.

After all, compared with the Supreme Treasure, a little so-called face is nothing at all.

Qin Chen frowned slightly.

He has the heart to challenge and wants to fight the supreme, but he has no bottom in his heart. Supreme, too strong, he has seen the giant king and others' shots before, and the power can reach the sky, he has never broken through before, afraid that even a single blow may not be able to follow, now that breakthrough, his strength has been amazingly improved, Qin Chen I also have confidence in my heart, self

I dare not say that stability can win the supreme, but there is a certain degree of certainty to guarantee undefeated.

But the key point is that although there are many good things in his own body, they can't be easily taken out. This is a headache!

[Chapter 4399: Extreme bet](#)

Seeing Qin Chen hesitating, the Divine Soul Pill Master suddenly sneered. "Hahaha, a supreme treasure, don't you dare? It's ridiculous!" Divine Soul Pill Master sneered: "I am at the level, how can an ant like you try to figure it out? I am afraid that it is a supreme treasure on your body. Don't even have a device? I'm not qualified, I want to learn

To challenge the supreme, the ants who do not know the height of the sky. "

Divine Soul Pill Master looked at Qin Chen: "Tianzun is Tianzun. You only need to recognize your status and look up to the Supreme. Never try to stand with the Supreme, because you are not worthy!"

As soon as this statement came out, the other Tianzun on the court suddenly changed color.

The Lord of the Void God Hall and others, their faces were ugly.

Because they are also Tianzun.

In the eyes of Divine Soul Pill Master, the top supreme humans of the human race, are these Heavenly Venerables so unbearable? Not even qualified to challenge the Supreme? Is it just a bunch of ants?

The Master of the Void God Hall and others were angry. The Divine Soul Pill Master was indeed the supreme powerhouse and contributed a lot to the Human Race, but on the battlefield of the Ten Thousand Races, weren't these Heavenly Powers fighting for the Human Race?

Anger, unwillingness, all kinds of emotions.

Qin Chen's eyes were cold.

Don't you have a supreme treasure?

He sneered!

On his body, whether it is the mysterious rust sword, the origin of chaos, the origin of time, the sacred tree of chaos, the demon tree of ten thousand worlds, and the **** armor of Haotian, which one is not supreme? Not to mention the chaotic world.

However, these treasures cannot be easily taken out.

However, Qin Chen was unwilling to give up such an opportunity.

"Okay, I agree."

Qin Chen said solemnly.

"Qin Chen."

Shen Gong Zhizun changed color and hurriedly drank, Qin Chen was too reckless to do so.

"You have a supreme treasure?" The spirit of the soul pill master's eyes brightened.

"It's just a supreme treasure, I lack everything in my daily work, that is, there is no shortage of supreme treasure, the master of the divine work..."

Halfway through, Qin Chen suddenly looked at the Supreme Master Shen Gong: "Isn't the inverse scale of the ancient celestial robbery a supreme treasure? How about taking it out as a bet?"

Ancient celestial robbery python reverse scale

Everyone looked over.

Oh shit!

The Supreme Master Shen Gong was speechless, and was about to vomit blood in depression.

The ancient robbery python Nilin was obtained by him from Xiao Wudao of the ancient world. Although not a supreme treasure, it is indeed a supreme treasure.

He originally wanted to use the scales of this ancient celestial robber to make a defensive supreme treasure, but Qin Chen thought about it.

by!

This is too much.

Shen Gong Zhizun was extremely depressed, and Qin Chen asked himself to take a bet with the challenge of his appointment?

Excessive!

You kid, wait for me.

Of course, my heart was depressed, but the face of the Supreme Master of God was calm, rumbling, and a piece of pitch-black scales flew out in an instant.

As soon as this piece of scaly armor appeared, a strong aura of chaos was immediately transmitted from the void.

"Chaos and antiquity!"

The Lord Shenhun Dan's eyes brightened.

The Giant King on the side was angry, "The supreme workmanship, this thing is the treasure of Xiao Wudao in the ancient world, how to use it as a bet?!"

"What is Xiao Wudao?" Shen Gong Zhizun sneered: "The Xiao Family Wudao has been removed from the Ancient Realm Family. Now this thing is in the hands of this seat and belongs to this seat."

"you....."

The Giant King wanted to say something, but was directly interrupted by the Divine Soul Pill Master on the side, "Giant King, don't talk about it anymore, I agreed to this battle."

The main gaze of the Divine Soul Pill is fiery, and the scales of this ancient celestial robbery python are extraordinary at first glance. If they are obtained by themselves and refined into the body, they can have a powerful defense method.

As for who originally this thing belonged to, the Divine Soul Pill Lord naturally didn't bother to care about it.

As long as he wins, it is his.

As for him losing to Qin Chen, he never thought about this possibility.

"Hahaha, I'll give you a chance, you can do it first."

The Soul Pill Master laughed at Qin Chen and said.

About to get a supreme treasure, his heart suddenly surged with excitement.

What's the point of losing some face?

"Then I have to do it."

Qin Chen's gaze condensed, and the next moment, his figure flashed directly, booming, and a golden sword rainbow tore through the void.

Swordsmanship!

Moreover, it is a superimposed sword power of Qin Chen's six reincarnation life and death sword arts and the endless sword intent in Qin Chen's body.

Facing this level of powerhouse, Qin Chen did not urge Wan Jianhe out at all, because Wan Jianhe's top heavenly treasures would not have any effect on the supreme level powerhouse.

Moreover, at the moment when the sword power was displayed, Qin Chen suddenly urged the origin of chaos.

"Power of Chaos!"

boom!

The void between the four directions of heaven and earth, faintly as if there is a chaotic aura surging, and the terrible chaotic power drowns everything and obscures the sky.

Against a strong man like Zhan Shenhun Pill Lord, Qin Chen went all out when he shot, and he did not dare to despise it at all.

Rumble!

I saw this side of the void, and there were terrible chaotic swords surging everywhere, engulfing everything.

Seeing the power of Qin Chen's sword, the Spiritual Pill Lord frowned slightly, and a trace of surprise flashed in his eyes.

The power of this sword has surpassed the Half Step Supreme!

And this guy in front of him is just the realm of Heavenly Sovereign!

No wonder he has the courage to challenge him!

Divine Soul Pill Lord didn't think much, he took a step forward, sneered at the corner of his mouth, and punched out!

Very ordinary punch!

However, it was this ordinary punch that Qin Chen slashed out of the terrifying chaotic aura and sword light instantly shattered, and at the same time, Qin Chen retreated tens of thousands of feet away!

Boom boom boom boom!

As soon as Qin Chen stopped, the space behind him burst into pieces, and then turned into nothingness!

The power of a punch, the horror is here!

Qin Chen said with a pop, a mouthful of blood spurted out!

This time he was defeated!

Is this a supreme powerhouse? It is terrible!

The supreme power is enough to break through his defenses and cause damage to his body.

However, the corner of Qin Chen's mouth lifted slightly!

This is the opponent he wants!

The eyes of other people around were shocked.

blocked?

Qin Chen, a Tianzun, actually blocked the punch of the Divine Soul Pill Master. Although Qin Chen was also injured, his breath did not fluctuate much. Obviously, this punch did not cause any fatal damage to Qin Chen.

This shocked everyone.

In the eyes of everyone, the supreme should be aloof, facing a heavenly sovereign like Qin Chen, it should be destroyed with one move.

"Huh? You actually blocked this seat's punch. No wonder you dare to challenge me, but this is just a random blow from this seat. The ant is the ant."

At this time, the face of the Shenhun Pill Master also showed a look of surprise, and then, he sneered: "The next blow, it will not be so lucky."

When the voice fell, the Divine Soul Pill Master suddenly punched out again.

Hum! With this punch, the terrifying supreme aura on the Divine Soul Pill Master rushed to the sky, and a huge whirlpool appeared in front of him, as if the mouth of a giant beast that could swallow everything, swallowed towards Qin Chen.

[Chapter 4400: injured](#)

Boom!

At this moment, the entire void shook directly, as if to burst into pieces.

Fortunately, here is the Great Hall of the Human Alliance City, built by the ancient strong, containing terrible restrictions and large formations. If it is outside, under this fist, a whole star field will be destroyed, I am afraid there will be hundreds of millions. Life has fallen!

"cut!"

In the distance, a sense of crisis emerged in Qin Chen's heart, and he shouted with a grim expression. In his body, the aura of billions of swordsmanship rose to the sky, and he blasted away at the terrible whirlpool in the distance.

The sky full of sword energy slashed crazily on the whirlpool, booming, but the whirlpool continued to roar, but was not affected by any influence, it still banged straight.

In the blink of an eye, the vortex of fist power had already come to Qin Chen.

Qin Chen clenched the sharp sword in both hands, and his whole body burst into the sky.

Swordsmanship!

Qin Chen slashed on the vortex of fist power...

boom!

A blade of sword light shattered, and Qin Chen flew out embarrassedly, a terrifying supreme power struck in his body, and with a click, Qin Chen's body appeared cracks, and his whole body was about to be exploded.

So strong!

Qin Chen sucked in the air, the supreme power was indeed powerful, far above the power of the heavenly sovereign, and as strong as Qin Chen's physical body, he couldn't resist it at this moment, and he felt like he was about to split.

Unless he promotes the power of the true dragon.

However, once the power of the true dragon is activated, his Long Chen identity will definitely be exposed.

"Haotian Divine Armor!"

At the critical moment, Qin Chen's eyes condensed, and an armor appeared on his body, and the dark armor instantly covered Qin Chen's body.

It is Haotian Divine Armor.

Boom!

The terrifying supreme power blasted on his armor, and under this impulse, Qin Chen was directly shaken out, and the void behind him collapsed.

puff!

At the corner of Qin Chen's mouth, a stream of blood overflowed, and he held the sword in his right hand, and the blood kept flowing from the corner of his mouth!

In his eyes, there is endless fighting spirit!

With one blow, Qin Chen retreated and was injured again.

However, this time, under the Haotian Divine Armor, Qin Chen suffered even weaker injuries than the previous time.

"Awesome!"

Qin Chen wiped the blood from the corner of his mouth.

In fact, without urging the Haotian Divine Armor, Qin Chen has other ways to resist this supreme power, such as the power of the **** emperor's totem, for example, the origin of chaos merges into himself.

It may not be unstoppable.

However, no matter which method, something will be exposed. In contrast, the Haotian Divine Armor is just an armor, which is much easier to explain.

"Ok?"

Blocked again?

This time, the Divine Soul Pill Master was truly astonished. The previous punch had already displayed most of his combat power. It turned out that Qin Chen was only blasted away, and it did not bring absolute results.

How can it be?

He squinted and stared at the armor on Qin Chen's body. Previously, this armor suddenly appeared and resisted his attack. What kind of armor was this?

Supreme armor?

Not only the Divine Soul Pill Lord, but the others around, also sucked in cold air, showing shock.

"This armor..."

Shen Gong Zhizun also stared at the armor on Qin Chen, feeling a little extraordinary.

"The supreme strong, but so."

In the void, Qin Chen wiped the blood from the corners of his mouth, staring at the Supreme Master, with a sneer.

"Huh, relying on foreign objects, what is it?"

Divine Soul Pill Lord said angrily.

"Hahaha, foreign objects are also part of strength. After all, you are the supreme powerhouse, aren't you? Just this strength is really..."

Qin Chen shook his head.

A look of disappointment.

This expression made many people speechless, and it also caused endless anger in the heart of Pill Master Shenhun.

This guy is crazy.

What he didn't know was that Qin Chen was really disappointed. If the so-called supreme only had this strength, then this Divine Soul Pill Master was weaker than he thought.

"court death!"

Pill Master Shenhun was completely furious.

He was actually despised by a god?

The Soul Pill Master looked at Qin Chen coldly, and said coldly: "No wonder they are not your opponents! You are the first person in history to take my two moves with Tianzun cultivation base, but there is no such good luck below!"

boom!

I saw the emptiness of Divine Soul Pill Master's body, burning up, the void collapsed, swish, Divine Soul Pill Master's body suddenly disappeared, the next moment, Divine Soul Pill Master appeared in front of Qin Chen silently, punching Booming towards Qin Chen.

"Good job!"

boom! The same terrible sword power on Qin Chen soared into the sky. At the moment the sound fell, an invisible sword light seemed to be cut into the space, and instantly slashed in front of the Divine Soul Pill Master. He actually wanted to resist the Divine Soul Pill Master's attack. At the same time

Dan master.

"Funny!" The Spiritual Pill Master sneered coldly, indifferent to Qin Chen's attack, and motionless, a powerful and supreme aura burst out from his body, directly shaking the sword light from Qin Chen's chopping. Broken, with a punch at the same time, already blasted Qin Chen's body

on.

boom!

Qin Chen's Haotian Divine Armor rumbling loudly.

"Time is stagnant!"

At this moment, Qin Chen suddenly urged the origin of time, displaying time stagnation, an invisible force of time quietly passed in the void, and the attack of the Soul Pill Master seemed to have stagnated for a moment.

At this moment, Qin Chen suddenly appeared in front of the Divine Soul Pill Master, slashing again with a single sword!

This sword is different from before, this sword contains infinite killing power!

The Spiritual Pill Master's breath shook, and he was relieved from the stagnation of time. In fact, there was only a slight trance.

At the supreme realm, this time stagnation can't affect him too much, even only a ten thousandth of an instant.

But a master showdown, one-tenth of an instant is enough.

boom!

The attack containing the monstrous killing power has already been cut down.

The Soul Pill Master roared and pointed out.

boom!

The sword light burst into pieces, Qin Chen's figure was blown out again, and the terrifying killing momentum disappeared instantly.

However, this time the Divine Soul Pill Master also retreated several feet!

Not only that, there is a sword mark at his fingertips!

On the sword mark, a drop of blood slowly dripped.

he is injured.

Divine Soul Pill Master's face suddenly changed, becoming extremely ugly.

Qin Chen actually... hurt him!

How can it be?

This is simply impossible.

Qin Chen is in the realm of Tianzun!

Tianzun, how can I hurt the Supreme?

"impossible!"

The Lord of Soul Pill roared.

Just because he was hurt by Qin Chen to this point, once he spread out, his fame for the first time would be ruined.

He was a supreme, and he was hurt by a heavenly sovereign. What people remembered was Qin Chen's enchantment and his incompetence.

boom!

He has long hair all over the sky, suddenly flying up!

"Boy, you... angered me."

The Divine Soul Pill Master walked out step by step, and a terrible flame aura rose in his body.

It is supreme fire!

boom!

As soon as this flame appeared, it instantly swept towards Qin Chen, and this space suddenly turned into a terrifying ocean of flames, completely engulfing Qin Chen.

The supreme alchemist, the strongest, is not the cultivation base, but the fire control. The supreme was angry and burned the world!
