

Valkyrie 4461

[Chapter 4461: I am invincible](#)

Boom boom boom boom!

The void oscillated, many attacks struck, Qin Chen chuckled lightly, his body was straight, and the magic talisman above his skin surged and boomed, and the mere physical force shook the void.

His pupils bloomed with a magical rainbow, and he walked forward step by step. Under these many attacks, his figure remained motionless.

This shocked everyone, is this guy a demon or a god? How could his physical body be so strong?

The demon body was towering, Qin Chen did not retreat in his eyes, took a step forward, and suddenly a magic knife appeared in his hand.

"It's over."

Qin Chen smiled lightly, then waved his right hand.

Magic knife out.

boom!

The knife shines!

In the next moment, a monstrous knife shadow burst out, turned into a vast ocean, and exploded in all directions.

"Boom!"

Countless swords gleamed across the ocean, and the attacks united by the nine demon generals immediately collided.

Suddenly, the roar rang through the world, the two collided, and the terrible attack formed by the nine demon generals instantly fell apart.

In the next moment, countless knives penetrated away, slashing on the nine demon generals, and flying away all the nine demon generals like rag bags.

Boom boom boom boom!

The bodies flew upside down, smashing into the four sides of the courtyard, on the ground, on the walls, and on the pavilions, there were some pits everywhere, and the nine demon generals were lying there in embarrassment, covered in black magic armor. All shattered, and the body was bloody.

But Qin Chen stood quietly in the void, holding a magic knife, like a **** of war, invincible.

"Why, do you want to continue fighting?"

Qin Chen smiled and looked at the many demon generals in front of him: "But next, I won't be so lucky. If you do it again, this seat will be a killer."

Qin Chen wore a gentle smile on his face, as if he was not the one who had previously shot.

The nine great demon generals looked ugly, and stood up shaking one by one. The first demon commander resisted the severe pain and shouted angrily, and wanted to step forward, but before he could make a move, a terrible sword intent surged in his body.

puff!

He spouted a mouthful of blood, and only then discovered that the Demon Source in his body had been extremely damaged and tattered. If he tried to make a move again, I was afraid that the Demon Source would collapse before Qin Chen took it, and he would completely become a useless person.

"Okay, you all retreat." The Black Rock Demon snorted coldly and raised his hand. Suddenly, black streamers fell into the hands of the nine great demon generals.

This is a black ball-like thing, exuding a gloomy atmosphere, somewhat similar to a medicine.

Qin Chen's pupils shrank, because he could see that this was not an elixir, it seemed to have the same power as a certain dark origin, and this origin contained the aura of the dark race.

"Thank you Lord Demon for the reward."

The nine demon generals saw the dark ball, but their faces all showed surprises, and then crushed the ball one by one, a trace of black breath instantly entered their bodies.

Qin Chen immediately felt that the injuries of these nine great demon generals were slowly repairing, and the repairing speed was quite fast, and the effect was about the same as the human top-level pill.

Qin Chen frowned.

After the Black Stone Demon Lord finished his reward, he squinted his eyes and looked at Qin Chen, his eyes flashed with brilliant light, and he chuckled, "You are very good."

Qin Chen smiled and said: "Thank you for your praise, Lord Blackrock Demon Lord, but now Lord Demon Lord should know that this seat is not bragging, right?"

The nine demon generals around heard that, although their injuries had been repaired a lot, each of them was still pale and somewhat ugly.

With a single blow, they defeated the nine major demon generals. Qin Chen said that he was invincible among the demon generals, but it was not nonsense.

Moreover, they don't have too much resentment towards Qin Chen in their hearts. In the Sea of Chaos Gods and Demon Sea, strength is everything. No matter how powerful you are, others will only treat you as a hero. If you don't have strength, then you will die.

With the strength Qin Chen showed earlier, he has this qualification.

What's more, the First Demon Generals knew that Qin Chen must have kept his hands before, otherwise their nine great demon generals would suffer countless deaths and injuries.

Black Rock Demon Lord looked at Qin Chen's confident smile, and said with a chuckle: "There is indeed some strength. Under this Demon Lord, it's no problem for you to claim to be the number one Demon General, but you claim to be invincible among the Demon Generals, but you're a bit overwhelmed. Do you know that in other demon kings, there are demon generals who have already reached the heavens?"

"Oh?"

Qin Chen smiled.

Not surprisingly.

Because it has been more than a day since he came to Demon Heart Island, he naturally knew that under this chaos God Demon Sea Demon Lord, there were eight great demon kings, and each demon king had another 18 demon kings.

The number of demon kings and demon kings is fixed, and unlike demon kings, the number of demon kings under each demon king's command is different, which can be more or less, but the total number of demon kings is only so much. This also means that a new demon will be born, and a demon will inevitably go down.

For example, the original No. 1 Demon General, even if he breaks through the Heavenly Lord, he wants to become the Demon Lord, but he has to challenge the weakest of the Eighteen Demon Lords, and only after defeating him can he become the new Demon Lord.

Regardless of whether he wins or loses, as long as the remaining one does not die, he can only retreat and become a demon general. Therefore, there is also a **** among the demon generals.

Not even a few.

Black Rock Demon Lord looked at Qin Chen's calm expression and chuckled lightly: "You don't seem to be surprised at all?"

"What's so unexpected about this?"

Qin Chen smiled and said: "Since the Black Stone Lord Demon Lord, you said that there are also Tianzun among the demon generals, but the highest of the Demon Lords under Lord Demon Lord is only half a step Tianzun. Does this mean that Lord Demon Lord is nearly 18 demons in the strength of Lord Jun, isn't that strong?"

Blackrock Demon Lord's face became cold: "Aren't you afraid that I will kill you?"

"I believe that for a talent like me, Lord Demon Lord should be reluctant to do it!" Qin Chen smiled.

The Black Stone Demon Lord looked at Qin Chen and said, "It's my business whether you can move your hands or not. What this Demon Lord wants to say is that your strength is really good, but there are Heavenly Venerable characters among the other Demon Lords. It's not correct that you previously claimed to be invincible among demon generals. It is better for young people to be humble."

Qin Chen smiled and said, "Master Demon Lord does not have to arouse me. Regardless of whether there is a heavenly respect among the demon generals of other people's demon Lords, I will always be invincible. They are free!"

With these arrogant words, even if the other nine demon generals had been subdued by Qin Chen's strength, the corners of their mouths twitched.

Too much beating.

Black Stone Demon Lord squinted her eyes, this time she stared at Qin Chen very carefully: "Are you very confident?"

Qin Chen shook his head and said, "I'm not confident, I'm just telling a fact."

"Well, this demon lord wants to see if you are arrogant or really capable."

boom!

After the words fell, the Black Stone Demon Lord moved suddenly, and a strange black thread suddenly appeared on her body. For a moment, these black threads seemed to have escaped into the void, and the figure of the Black Stone Demon suddenly disappeared.

The faces of the other magic generals and magic servants on the field all changed.

Master Blackrock Demon Lord actually did it himself, how high is that demon dust?

The thoughts in their hearts hadn't had time to fall, and with a bang, the Black Stone Demon Lord had already appeared in front of Qin Chen, as fast as a flash of lightning, and this speed caused all other demon generals to change their colors.

too fast.

Neither their naked eyes nor their demonic senses had time to capture them, but they were afraid that they would be beheaded by Lord Blackrock Demon Lord in an instant.

After the Black Stone Demon Lord appeared in front of Qin Chen, he pointed to Qin Chen, the emptiness was blurred, and there was no time to react.

Just listen to the boom.

In front of Qin Chen, a blade of light suddenly appeared, the blade of light rushed into the sky, and it actually blocked the black stone demon's finger. Amidst the earth-shaking roar, Qin Chen took three steps backwards, and the black stone demon did not have this finger. It won.

"Ok?"

The Black Rock Demon Lord changed his color, and Qin Chen's quick reaction actually blocked his move.

"Come again!"

The Black Stone Demon Lord drank low and boomed, her figure disappeared again, and the next moment, it seemed that countless demon shadows appeared in all directions of Qin Chen, and many demon shadows pointed at Qin Chen.

This blow was several times stronger than the previous finger.

boom!

At the moment when the Mantian Finger Shadow was about to hit Qin Chen, countless blade lights burst out of Qin Chen's body, immediately exploding the Mantian Demon's finger.

In the void, Qin Chen still took three steps backwards, but the second attack of the Black Stone Demon Lord still returned without success.

"interesting."

The Black Rock Demon smiled, but this time, the meaning in her smile was even deeper.

Boom!

A terrible breath of Heavenly Lord suddenly swept out of her body. The terrible Heavenly Lord's pressure was instantly suppressed. The nine demon generals and many demon servants who were still standing in this courtyard knelt down together, Under this Heavenly Venerable Realm, there was no resistance at all.

"I admit your self-confidence to be able to catch this demon king's trick."

The Black Stone Demon chuckled lightly, but it contained terrible murderous intent.

In an instant, Qin Chen felt like he was in a purgatory of demons. In the purgatory, countless enchanting women wanted to pull him like an endless abyss, like a dream.

"With soul attack?"

Qin Chen smiled, his eyes flashed, and the magic knife in his hand suddenly moved.

boom!

The light of the sword skyrocketed, and the illusion in front of him was shattered. At the same time, the Tianzun realm that was suppressing Qin Chen's body was a pine, and Qin Chen's knife was slashed against the attack of the Black Stone Demon Lord.

With a bang, the blade light surged, smashing the Black Rock Demon Lord's attack in an instant, and a terrible impact swept across, Qin Chen kicked and stepped back three steps back again.

And on the fingers of Blackrock Demon Lord, a little blood drop appeared.

He was actually injured by Qin Chen.

At this time, the other demon generals also looked up, seeing this scene, their hearts were violent, as if they were rolling up a stormy sea.

Lord Mojun was actually injured?

day!

What strength is this magic dust?

He saw the black rock demon's face gloomy, and the atmosphere on the court instantly became extremely terrifying. The black rock demon's eyes were deep, coldly looking at the blood beads on his slender white and tender fingers like green onions, his face was uncertain, as if The tranquility before the storm, no one knew her inner thoughts.

Just when everyone thought the Blackrock Demon Lord would be thunderous and angry.

Puff!

The Black Stone Demon suddenly laughed, and suddenly, the entire courtyard was blooming like a hundred flowers, and it became warm in an instant.

"Awesome, you are the first Demon General who can hurt me." The Black Stone Demon Lord looked at Qin Chen and smiled: "Now I am a little convinced that you are close to invincible among the Demon Generals."

"Almost invincible?"

Qin Chen chuckles: "Master Demon still doesn't seem to believe me."

Blackrock Demon Lord smiled and said: "You can't do everything, and you can't be too full, right? In this world, who dares to be invincible easily? There will always be a day of being beaten."

Qin Chen shook his head: "I don't think I will."

Blackrock Demon: "..."

She said speechlessly: "You know, I only used 30% of my strength just now, and you can't hold it anymore. It can be seen that if this demon king is doing his best..."

Qin Chen said: "The Demon Lord is mighty!"

Blackrock Demon: "..."

What Qin Chen wanted to say in his heart was, what about 30% strength? Against you, he didn't even use one percent of his strength.

The first time the Black Stone Demon Lord made a move, Qin Chen took three steps back with a full force.

For the second time, Black Stone Demon Lord made a shot, and after adding 20% of his power, Qin Chen took three steps back.

For the third time, the Black Stone Demon Lord took a full shot, and Qin Chen still took three steps back, and the Black Stone Demon Lord himself was injured.

People with intentions should be able to see something, but Blackrock Demon Lord's nerves seem to be a bit big.

Blackrock Demon Lord looked ugly and said: "What you just said was a bit perfunctory."

"Haha, how about Lord Demon Lord again test the strength of his subordinates? See if the subordinates are invincible?" Qin Chen smiled.

[Chapter 4462: Magic Island Conference](#)

"No need." Blackrock Demon Lord suddenly smiled slyly: "No matter whether you are invincible or not, you are all the demon generals under my Blackstone command, and that's fine."

Raised his hand.

A ball of devilish energy suddenly appeared in the hands of the Black Stone Demon Lord, and it swept towards Qin Chen. It was the kind that had been rewarded to other demon generals before, but it was obviously more powerful than those **** before.

"This is a reward for you. Remember, from now on, you will be the number one magician under my command."

"And you!" Blackrock Demon Lord looked at the other demon generals: "You guys, take a good rest, and follow me to the Eternal Demon Island tomorrow!"

"But the Magic Island Conference is about to begin?"

The faces of the other magic generals all showed ecstasy.

"Yes, you are all injured, and you don't want to go back to recuperate. When the time comes to lose the face of the demon on the Eternal Devil Island, you will not blame me for being polite." Blackrock Demon said coldly.

"Yes!"

The other magic generals were surprised.

"Okay, I'm tired, you all retreat."

The Black Rock Demon Lord yawned and stretched his waist. With that gesture, seeing the other demon generals in a daze, he hurriedly bowed his heads in fright.

See no evil.

Some things will lose your head when you see them.

Only Qin Chen, who was smiling but not smiling, stared at the Black Stone Demon Lord motionless, his eyes froze, with a hint of appreciation in his eyes.

"Master Demon's figure is really good."

He smiled.

When these words were made, the court suddenly became silent, and everyone's expressions changed drastically. Is this Qin Chen looking for death?

"Magic Chen, you dare to desecrate Lord Demon Lord." The demon servant who had offended Qin Chen before saw that Qin Chen's strength was so terrifying, and he was appointed as the first demon general, his face was suddenly extremely ugly.

Seize the opportunity at this moment and immediately attack.

This person even dared to blaspheme Lord Demon Lord, the crime is unforgivable.

The other magic generals also changed color.

This magic dust is too speechless, right? Although Lord Demon admires you, you dare to say something like this to Lord Demon Lord. Are you really afraid of Lord Demon Lord killing you?

For a while, everyone shivered, with cold sweat behind their backs, and their cold hair stood up.

In this tense atmosphere, he saw the Black Rock Demon smile lightly, and said with a light smile: "Is it just good?"

Uh?

The atmosphere of the original killing was swept away in an instant, everyone was stunned.

Is this... really Lord Demon Lord?

Why is it like a person has changed?

Could it be...

The nine great demon generals all looked at Qin Chen, and there was an inexplicable light flashing in their eyes, full of profound meaning.

"Okay, all back."

The Black Stone Demon Lord didn't wait for Qin Chen's answer, but said something lightly.

Immediately, the nine demon generals hurriedly turned and left, not daring to stay here for a while, and Qin Chen also gave a light smile and turned and left.

After seeing Qin Chen and other ten great demon generals disappeared, the demon servant who had been taught by Qin Chen immediately stepped up and said bitterly: "Master Demon, that demon dust is too arrogant. According to the subordinates, Just gouge his eyes and let him..."

boom!

Before her voice fell, the Black Stone Demon suddenly slapped her backhand, slapped her out, and fell to the ground embarrassedly, half of her face swollen and bloody.

"Master Demon?"

She looked at the Black Rock Demon in horror, and she didn't know why the Black Rock Demon suddenly acted on her. She was obviously doing it for the adult.

"Things that do not live or die, it is not your fault that you have no ability. If you have no ability to instigate discord in front of this demon, it is a dead end. Does this demon need you to teach you how to do things?"

"Take it down and put it in the demon prison."

Blackrock Demon said coldly.

"My lord, my lord is spared, my lord!"

In the frightened cry of the magic servant, he was immediately taken down by the other magic guards on the side.

"Devil Island Conference!" Black Rock Demon Lord pondered for a moment, and suddenly smiled, "This time I changed the first Demon General, this Demon Lord should have gained something, right?"

The figure shook, and the Demon Lord of Black Rock had disappeared.

Outside the Mojun's Mansion.

The other nine great demon generals walked out with Qin Chen, but, whether it was the original first demon general or the other demon generals, they were all respectful at this moment, standing behind Qin Chen, not daring to overstep the slightest.

Qin Chen turned around and looked at the other magic generals, and many magic generals suddenly bowed their heads respectfully.

Qin Chen smiled lightly: "You are all the demon generals under Lord Demon Lord. Don't be so careful. When I first came to this chaotic sea of gods and monsters, I don't know much about some things, but I want to ask you demon generals."

"The first demon general, please give your orders."

The original first demon general, now automatically became the second demon general, even respectfully said.

"This Magic Island Conference? What is it?" Qin Chen smiled. The second demon general respectfully said: "My lord, this demon island meeting is a meeting held by the eternal demon king in the demon sea area to convene all the demon kings under his command. Every time the demon island meeting, all the demon kings will have their confidants. Man, go to see eternity

Devil. "

"Is it equivalent to a pilgrimage?" Qin Chen nodded.

This chaotic sea of gods and demon kings is divided into eight great demon kings, and the territory controlled by each demon king is infinite. The demon king is the top powerhouse under the demon lord's command and can be regarded as a prince.

The second Demon General said: "Similar to a pilgrimage, but not only a pilgrimage, because every Demon Island meeting, in addition to meeting the demon king, at the same time, there will also be a qualifying match of the 18 demon kings under the command of the demon king to decide a new one. The order of the eighteen demon kings."

"I understand."

Qin Chen suddenly, equivalent to the rank of a new demon general, "I don't know how many ranks of the eighteen demon kings, Lord Blackstone?"

This information is not clear to most people, and only the top demon will know.

"This..." The Second Demon General hesitated and said: "Rank sixteen."

"Uh." Qin Chen was stunned, frowned and said: "In other words, the ranking is down?"

"Hush!"

The faces of the other nine demon generals present all changed, and the second demon general was so scared that cold sweat came out of his forehead.

"Master No. 1 Demon Lord, Lord Demon Lord, has always been very dissatisfied with his ranking. You say that, be careful of her..."

"What are you afraid of, there is nothing shameful about ranking 16th, at least not ranking 18th, and facts are facts, can't you tell them? You say yes?" Qin Chen looked at the other demon generals.

The other magic generals kept silent one by one, and kept silent one by one.

This is not easy to answer.

If one is not connected, it will kill you.

"Okay, don't make it difficult for you. In addition to the ranking of Demon Lords, there should be others in this Demon Island Conference?" Qin Chen looked over.

He could see that when Blackrock Demon Lord said to take them to the Demon Island Conference, these nine great demon generals were all surprised.

There is no need to be so excited to follow a sixteenth-ranked demon to participate in this kind of conference?

"The first demon general is wise, in addition to the ranking of the demon king, every time the devil island conference, if there is a demon king who wants to become a demon king, they can initiate the demon king challenge, so it is the most anticipated conference for many top demon generals. It's one of them."

"Secondly, if there are demons who stand out at the Demon Island Conference and perform brilliantly, they can be summoned by Lord Eternal Demon Lord, and they can get the opportunity to enter the dark pool."

"This is what I expect most."

The second demon will be excited.

"Dark Pool?" Qin Chen was puzzled.

"The Dark Pool is a magic pond located in the Demon Sea Holy Land under the command of Lord Demon Lord. This magic pond contains terrifying dark power. Entering into it, it can wash the flesh, purify the devil soul, and have reborn, earth-shaking changes." Detailed explanation: "The Dark Demon Source that Lord Demon previously rewarded me is a by-product extracted from the dark pool, but it can repair the wounds of my demon race, no matter the soul or the body, it is ingenious. ,

and so....."

"As long as it is a magic commander, no one does not expect to enter the dark pool for baptism."

"After the Demon Island Conference, as long as the demon generals who stand out will have the opportunity to be led by Lord Demon King to go to the center of the Demon Sea and enter the dark pool for baptism."

"This is what I expect most."

The second demon commander said very clearly, and Qin Chen also understood it.

Dark pool?

Qin Chen's eyes flashed, vaguely guessing.

Right now, Qin Chen and many demon generals bid farewell.

Returned to his demon general's mansion.

After that, Qin Chen once again entered the chaotic world.

"Mo Ye, come and see, what exactly is this thing?" Qin Chen took out the dark magic source and said to the master of the abyss.

The Lord of the Abyssal Demon immediately stepped forward, perceiving for a moment, and said: "Back to the master, this should be the source of the magic seed fused with the power of darkness. Moreover, this power of darkness is very strange, and it seems to have been perfectly integrated with the magic power of my demons. Are together." Wanling Demon Venerable and Skyfire Venerable also stepped forward, perceiving carefully, and said in a deep voice: "Qin Chen, it is true, and the power of darkness in this dark magic source is very secretive. If you are not careful Perception, not perceiving at all, this kind of power can be fast

Quickly increase the strength of a powerful demon and bring about changes. "

"What's the change?"

"I won't know the details later." Wanling Mozun and Skyfire Venerable shook their heads.

Qin Chen nodded.

Huh!

He appeared in the mansion, the next moment, he crushed the dark magic source instantly, and with a bang, he saw strands of dark magic energy that instantly entered Qin Chen's body.

boom!

This dark demon energy contained powerful power, trying to improve Qin Chen's cultivation base, but how could Qin Chen's cultivation base be improved by this dark demon source? The power in Qin Chen's body did not even fluctuate. It has calmed down.

However, a faint dark power began to enter Qin Chen's soul, trying to quietly imprint it in the depths of Qin Chen's soul.

"Huh? The power of darkness?"

Qin Chen sneered. In his body, the power of the Dark King's blood shook slightly, and the power of darkness was shattered and swallowed instantly, turning into nothingness.

Is this dark magic source just for cultivation?

"Mei Yaoqing, come in."

As soon as Qin Chen raised his hand, he did not swallow all the dark magic source, but left half of it, and transmitted the sound.

After a while.

Mei Yaoqing walked in.

"My lord!" Mei Yaoqing bowed and saluted in front of Qin Chen, revealing her graceful posture, eye-catching. Although what happened in the Demon Sovereign's Mansion has not been fully disclosed, the fact that Qin Chen became the new first demon general still passed to Mei Yaoqing's ears. Even the previous first demon general and many other demon generals I once sent someone to send a generous gift,

It also shocked Mei Yaoqing.

This made Mei Yaoqing more devoted to Qin Chen.

Qin Chen raised his hand and handed the remaining half of the dark magic source to Mei Yaoqing, saying: "This dark magic source was rewarded by Lord Demon Lord. Now I reward you, you can absorb it here."

"Rewarded by Lord Demon? This..."

Mei Yaoqing hesitated.

"Let you absorb it and you will absorb it." Qin Chen raised his hand, banging, the dark magic source shattered, and strands of power instantly entered Mei Yaoqing's body.

"boom!"

A terrifying aura burst out of Mei Yaoqing's body, and the cultivation base of the original half-step Dizun instantly gained a trace of growth.

With a bang, the terrible devilish energy stirred, Mei Yaoqing couldn't bear this terrible force, and the robes on her body shattered instantly, revealing an extremely seductive body.

But Qin Chen didn't move, it was just that his divine sense entered Mei Yaoqing's body, and everything in her body was clearly clear. The magic power in that dark magic source is improving Mei Yaoqing's cultivation base, and at the same time, that dark power has also quietly merged into Mei Yaoqing's soul, lurking down, extremely secretive.

[Chapter 4463: Eternal Magic Island](#)

If it hadn't been for Qin Chen's constant stare, even he might not have been able to detect the movement of this dark force for a while.

With a "bang", Mei Yaoqing's body was suspended in the air, unable to catch any traces, her aura was reduced, and she fell on the ground with a shy expression, and said excitedly, "Thank you, sir."

The posture is like a flower that anyone can pick.

She had already broken through to the realm of the earthly respect, how not excited.

"Why thank me, your cultivation is still too weak, come here."

Qin Chen raised his hand, and suddenly the Mei Yaoqing, who was not wispy, was picked up by Qin Chen and lay in Qin Chen's arms, his hot body was close to Qin Chen, and his whole body was extremely hot.

Qin Chen didn't move, but he put his palm on top of Mei Yaoqing's head, and with a boom, a rolling magic power instantly entered Mei Yaoqing's body.

This also brought a trace of the power of the Devil Tree of Ten Thousand Realms.

Boom!

The aura on Mei Yaoqing's body skyrocketed again, from the early stage of the Earth Zun to the peak of the early Earth Zun, and even higher.

Moreover, the aura of the Devil Tree of Ten Thousand Realms suddenly entered the soul sea of Mei Yaoqing.

Qin Chen's promotion of Mei Yaoqing's cultivation base was false, and he spied whether his soul change was true.

I saw that there was an inexplicable dark power lurking in the soul of Mei Yaoqing, and it was instantly discovered by the Demon Tree of the Ten Thousand Worlds. The power of darkness burst out, and it was about to blast away the power of the Demon Tree of the Ten Thousand Worlds.

"Huh, kill!"

Qin Chen sneered in his heart and easily wiped out this dark power, but there was a trace of doubt in his heart.

This dark power is like a parasite, pinned in the soul of Mei Yaoqing.

"Go ahead."

As soon as Qin Chen raised his head, Mei Yaoqing was shaken out by Qin Chen, and a cloak was draped over her, making the vacuum of Mei Yaoqing's beautiful body looming.

At this moment, Mei Yaoqing had already broken through the middle stage of the earthly respect, and even set off in the later stage of the super earthly respect. The Demon Clan's cultivation method is extremely domineering and easy to improve, but it can easily lead to devastation. However, with Qin Chen's cultivation base and the magic of the Ten Thousand Realm Demon Tree, let alone the later stage of the Earth Zun, even the Tian Zun, he can let the other party reach, and there is no after

Suffer.

However, this is not necessary.

"Thank you, sir."

Mei Yaoqing knelt down on the ground, like a slave girl, looking at Qin Chen, whose eyes were clear and like a gentleman, she couldn't tell what it was like in her heart, but there was a faint sense of loss, and she was rippling in her heart.

Isn't it beautiful?

Why don't adults ask for themselves?

As long as the adult speaks, no matter what you ask yourself to do, you are willing to do it.

"What? Something?" Qin Chen couldn't help frowning when Mei Yaoqing hadn't left.

"Ah, the subordinates retire!"

She exclaimed, not daring to stay long, and hurriedly put on her cloak and turned away.

After Mei Yaoqing left, Qin Chen was holding his chin and frowning.

"Strange, what is the purpose of this dark force so hidden?"

Qin Chen couldn't understand.

This is the Devildom.

If it is in the human race, the power of darkness is so concealed that it is understandable, because in other places, once the origin of the universe feels the power of darkness, it will suppress it.

Moreover, once the human race finds out who has the power of darkness in cultivation, it will definitely be obliterated.

But here is the Demon Realm. The Demon Race possesses the power of darkness. It should be a normal thing. Why be so careful?

Is there anything hidden in this?

Qin Chen pondered silently, this matter is indeed very strange.

In the middle of the night, Qin Chen stood in the Third Demon General's Mansion, looking up at the round of Demon Moon in the sky.

This is the second day he came to the Demon General's Mansion, but he will leave tomorrow for the Eternal Demon Island.

"Who?"

Suddenly, Qin Chen gave a low cry and turned to look at a corner not far away.

"My lord, it's a subordinate."

A soft cry sounded, and then, a woman walked out, Mei Yaoqing, whose figure became more and more beautiful and soft under the moonlight, and with the unique charm of Illusory Demons, like walking in a painting Fairy coming out.

"It's you? What are you doing here?" Qin Chen said.

"My lord, my subordinates can't sleep, so I walked out and saw the beautiful moonlight, so I thought of my hometown. I didn't expect to disturb the adults and hope that the adults will forgive me."

Mei Yaoqing bends down in panic and salutes, revealing a mass of snow-white, trembling.

Because it was accidental, it added a touch of tenderness and pity.

"Get up."

Qin Chen raised his hand, and an invisible force immediately held up Mei Yaoqing.

Qin Chen pondered for a moment, and said, "Mei Yaoqing, you and I can also meet each other. Tomorrow I may leave the Black Rock Demon Heart Island and accompany the Demon Lord to the Eternal Demon Island."

Mei Yaoqing's expression stagnated, and she trembled: "When will you return, my lord?" She has naturally heard the reputation of the Eternal Demon Island. It is the holy land of this eternal sea, and the center of the Eternal Demon Lord. It may not be available to ordinary people. Opportunity to go to such a place, now, the demon king wants to take Qin Chen to go, maybe even

You will see Lord Demon.

Characters like Demon King, even in her phantom demon clan, are considered to be strong.

"I don't know, maybe I won't come back." Qin Chen said calmly.

He came to the Demon Realm not to be a chaotic sea of gods, but to find Sisi, but she could not appear too abruptly, without any foundation, which led to the suspicion of the strong demon clan.

He must have an identity, an identity that can withstand scrutiny, and the countless chaotic gods and demons in the loose repairs gave him this opportunity.

That's why he will become a demon general under the command of the Black Rock Demon Lord, staying here, otherwise, how can he waste all this time here?

And leaving this trip, I am afraid that he will never come back.

Mei Yaoqing's eyes dimmed suddenly, and Qin Chen's words seemed to catch her off guard.

Sir, are you leaving?

And once you go, you might not come back?

Mei Yaoqing didn't know what her mentality towards Qin Chen was. When she first met, she was afraid that Qin Chen would enslave her, but now, after becoming Qin Chen's subordinate, she is the most relaxed and happiest these days. when.

But all this is so short, is it going to end so soon?

"My lord, will you take me away?"

Mei Yaoqing said with a trembling voice.

For some reason, she wanted to follow Qin Chen.

Qin Chen was silent.

Mei Yaoqing's heart sank silently. Sure enough, didn't the lord have this plan?

She smiled bitterly.

Even in the Illusory Demon Clan, she was sought after by thousands of people, and many strong people would fall in love with her, but Qin Chen was the only man who looked at her without any indecency, only calm and indifferent.

Tempting.

"With your current strength, it is enough to sit in this third Demon General's Mansion, and I will keep the contents of this third Demon General's mansion and leave it to you for safekeeping. As long as this is still under the rule of the Blackrock Demon Lord, it should be No one dares to target you."

Qin Chen raised his hand, hum, Mei Yaoqing had the soul restriction in her mind, and Qin Chen lifted it instantly.

"From this moment on, you are free, whether you are willing to stay in Blackrock Devil Heart Island or leave, it is your freedom."

Qin Chen said lightly.

He thought for a while, but still did not kill Mei Yaoqing.

Although this person is also a Demon Race, Qin Chen still did not take it seriously.

Mei Yaoqing was silent for a moment, knowing that Qin Chen was serious, and nodded.

However, she felt stunned in her heart, as if she had lost something, empty. She watched Qin Chen turned and left, and the figure gradually disappeared.

Mei Yaoqing's eyes were slightly moist. At this moment, she felt a feeling in her heart that she might meet with an adult again, but she didn't know when or what day.

This man who suddenly appeared in her life, after conquering her heart, suddenly disappeared like a meteor, very short.

Early the next morning, Qin Chen received the order from the Black Stone Demon Lord and came to the Demon Lord's Mansion.

At this moment, outside the Demon Lord's Mansion, the nine demon generals have gathered again.

After a night of rest and recuperation, all the strength of the nine great demon generals was restored seven or eighty-eight. I have to say that the dark magic source does have amazing effects in terms of healing.

A group of people entered the Demon Lord's Mansion under the leadership of the demon servant.

"Let's go!"

Standing in the courtyard, the Demon Lord of the Black Rock was still charming and handsome.

She spoke, and a group of people rushed to the sky and disappeared into the Black Rock Demon Heart Island.

Eternal Demon Island, this Demon Island is the most expansive and strongest Demon Island in the Demon Realm of Chaos God Demon Sea. On this Demon Island, the king of this sea area lives-the Eternal Demon King.

This demon island is like a world, inhabited by countless powerful existences and countless resources in this sea area, commanding almost one-eighth of the sea area of the sea of chaos and demon, vast and boundless.

now.

On the edge of the Eternal Magic Island, there are constantly strong people flying by, and dusty.

These powerful men came from chariots, or rides on sea monsters, or drove demons, or took airships. They were extremely majestic and terrifying. Because immediately, it will be the Eternal Demon Island's Demon Island Conference. At that time, the eighteen demon kings under the Eternal Demon King will lead their powerful men to the Eternal Demon Island. The people living here have long known this, are used to it, and know them. Why come

.

This is an extremely rare event on the Eternal Magic Island.

Above the Eternal Magic Island, a group of strong men walked in the air, it was Qin Chen and his group.

"Haha, I came to the Eternal Magic Island again. The last time I came here, it seems that it was three thousand years ago. This Eternal Magic Island really hasn't changed at all. There are still so many people."

The demon general said excitedly, looking excited.

Qin Chen looked down, and sure enough, on this Eternal Demon Island, there were so many powerful people, there were so many demons, more than a hundred times more than the Black Rock Demon Heart Island? Thousand times?

And the number of strong is completely different.

"Who would miss the Magic Island Conference? You have to be cautious. Every Magic Island Conference is an opportunity for many people to step up. We will definitely be the goal of others."

The Black Stone Demon said lightly, his voice was cold.

"Don't worry, Lord Demon, I will do my best to fight for the Lord."

The second demon commander sternly said with a firm expression, and the other demon generals also drank low, and their fighting spirit was boiling.

"Hahaha, Blackrock Demon Lord, you know that you will lose the position of Demon Lord in this Demon Island Conference, so are you mobilizing?"

At this moment, a ridiculous chuckle suddenly resounded, and from the distant sky, a group of powerful men came from the demon.

boom!

This demon is influenced by the three-headed sea monsters. These three-headed sea monsters have extraordinary auras. All the way, they burst out terrible magic energy, walking in the sky, like the devil descending, walking on the world, with incomparable majesty.

These three-headed sea monsters, like a dark dragon, burst out with devilish energy, and it seems that the person who came is not good.

And on top of the chariot, there is a middle-aged man wearing a crown, wearing a magic armor, holding a magic halberd, a magic power soaring into the sky, vast.

This murderous aura caused all the demons except Qin Chen to see them with solemn expressions and pale faces.

Seeing this demon lord, the black stone demon's eyes bloomed with cold light, he couldn't help but snorted, obviously he knew the other party.

"let's go."

The Black Rock Demon Lord was too lazy to pay attention to the other party, and turned around to leave.

"Hahaha, Blackrock Demon Lord, why bother to leave so anxiously? Why, seeing this Demon Lord, I am a little embarrassed not to look directly at him?"

The middle-aged demon expert chuckled lightly, stood up on the chariot, and suddenly a more terrifying demonic energy rose into the sky.

"Hahaha!"

Behind this powerful demon clan, many powerful people suddenly burst into laughter, looking at the black stone demon lord one by one, showing abuse.

"Blood Flood Demon Lord, take care of your stinky mouth."

The Black Stone Demon Lord changed color, screamed loudly, and boomed, and there was a terrible magic power blooming in his body.

"Who is this person?" At this moment, Qin Chen frowned and asked, his eyes sharp.

Chapter 4464: Blood Dragon Demon Lord

This demon is so arrogant, don't you know who belongs to the Blackrock Demon Lord? The second demon commander next to him even said: "The first demon commander, this person is the blood flood demon lord. He has never dealt with the black stone demon lord. In the previous session, this person was ranked 12th among the eighteen demon kings. , Once pursued Lord Blackrock Demon Lord, but he was

Lord Demon Lord refused, so he was very dissatisfied, and repeatedly asked Lord Blackrock Demon Lord trouble. "

"Oh? Blackrock Demon Lord still has suitors?" Qin Chen frowned.

The second demon: "..."

He couldn't answer this. Oppositely, the Blood God Demon Lord saw that Heishi Demon Lord was annoyed, but he laughed and said, "Black Stone, you are so beautiful even when you are angry. You really deserve to be the woman I Blood God loves, but this time I am here. I heard that this sea area was born over the years

There are a lot of powerhouses, Blackstone, you are only ranked sixteenth in the Demon Lord, the Demon Island Conference is bound to be dangerous, it is better to follow me, for Fuding can protect you. "

"Hahaha, Lord Blackrock Demon Lord, you are from Lord Blood Flood Demon Lord, right?"

"Quack, my lord Blood Jiao is the twelve demon kings, powerful in the sky, and majestic in nature. If you follow, you will go to the bridal chamber tonight, and I promise to make you want to die, eat the marrow and know the taste."

"At that time, the Blood Dragon Devil Heart Island and the Black Rock Devil Heart Island will be a family, and I will surely keep your seat in the Devil Island Conference as the master of the **** dragon."

"Hahaha!"

"Jie Jie Jie!"

Behind the Blood Flood Demon Lord, a group of powerful people laughed loudly. As the powerful demon generals under the Black Rock Demon Lord, they naturally have to share the worries for Lord Demon Lord.

"you guys....."

The Black Rock Demon Lord became angry from embarrassment, and a terrifying demon power from the heaven swept out of his body.

Boom!

The void shook, and a terrible magic light burst out immediately, suppressing the group of demon generals under the command of the **** dragon demon in the distance.

But before the magic light fell, the Demon Lord Blood Flood snorted and stepped forward.

Boom!

He saw the magic light bursting out of the Black Stone Demon Lord, instantly being scattered by the Blood Flood Demon Lord.

"Heishi, why, before the Magic Island Conference has started, I just want to practice with you here?"

The Blood Flood Demon Jiao snorted, and there was no fear in his eyes.

He is the twelfth Demon Lord, and in terms of strength, he is far above the Black Stone Demon Lord, and naturally he is not afraid of the opponent.

"Hahaha, Lord Blood Flood, that Black Rock Demon Lord should be trying to test the depth of Lord Blood Flood, so she couldn't help being angry. After she learned about Lord Blood Flood's massiveness, she would be extremely happy and couldn't wait. "

Behind Xue Jiao, a magic commander with feather feathers on his body laughed loudly. His eyes were narrowed, showing an extremely obscene color, and he laughed lasciviously.

The eyes of the Demon Lord of Black Rock burst into cold light, and the words of these guys are simply too filthy.

"You, dare to insult the Lord Demon and look for death." The second demon commander couldn't help but looked furious. With a bang, the magic armor on his body exploded with magic power to the sky, and a magic spear appeared in his hand. The dark magic light flows upward, with terrible rune power, towards the body with feathers

The magic will burst away like a lightning strike.

The magic spear pierced the sky, exuding vast murderous intent, like a vast ocean, overwhelming the sky.

He used to be the first demon general of the Black Rock Demon Lord, and he admired the Black Rock Demon Lord, but now that the Lord humiliates his officials, he is a demon general and naturally does not allow his adults to suffer such humiliation.

"Humph."

Seeing this, the demon general with some feathers on the body of the blood flood demon king suddenly snorted and raised his hand, causing the many demon generals behind the blood flood demon king to retreat, with a sneer on his face, and step forward. Step out.

With a bang, the magic light of thousands of feathers soared into the sky, and every feather, like a magic sword, pierced through the sky and slashed on the ocean-like magic spear like lightning.

With a bang, the magic spear displayed by the second demon commander was suddenly smashed out, and the vast ocean of demon energy was instantly torn apart, and it seemed fragile to withstand a blow.

A fierce and terrifying breath came violently, causing the second demon general to snorted, stepped back, his face turned pale, and a trace of blood overflowed from the corner of his mouth.

what?

The other demons under the command of Blackrock Demon Lord are all discolored.

Before Qin Chen's arrival, the second demon commander, the Black Wind Demon Commander, was the first demon commander on the Blackstone Demon Heart Island. He was able to reach the sky and was only one step away from Tianzun. Its strength had long made other demon generals. All convinced.

But now, their first demon general of the Blackstone Demon Heart Island was instantly repelled by the demon general under the command of the Blood Flood Demon Lord, and all of them were suddenly discolored.

How could this **** dragon demon ruler be so strong?

This is not the Blood Flood Demon Lord, but this is a demon general under his command? The Demon General with pitch-black feathers on his body knocked back the second Demon General, the Black Wind Demon General, with a single blow, but his hands kept moving, and mockery was outlined in his eyes. He stepped out step by step, bang bang bang, in the void, waves of magic light rippled like a magic hammer

Generally knocked in the heart of every magic general.

"Huh, seek your own death."

boom!

This demon general sneered and raised his right hand. In a short time, countless dark feather-like magic swords appeared in the void. The magic sword quickly turned into an unmatched sword formation against the black wind demon general.

After this shot fell, the void was imprisoned, and the Black Wind Demon would be completely locked by the billions of Demon Swords, and could not move at all. He could only watch the Mantian Demon Sword violently slash down at him, breaking him to pieces.

Upon seeing this, the black stone demon's face changed a little, and he shouted angrily:

"Presumptuous."

boom! She stepped out, trying to stop the opponent, but her figure just moved, and the **** demon king also shook her body, roaring, and the sound of the dragon sing resounded, and she saw the **** demon king's figure suddenly appeared. Fang Tiandi, the terrifying pressure of Tianzun suddenly swept out

.

With a bang, the void trembles, and the Blood Flood Demon Lord stops the Black Stone Demon Lord, and chuckles: "Black Stone, you and I are both Demon Lord characters. I will wait for the subordinate Demon Lords to learn from each other. Isn't it right for you Demon Lord to take action?" He chuckled lightly, with a calm attitude, and laughed loudly: "The Black Wind Demon General has always been the first Demon General under Black Stone. The Black Ling Demon General is also the No. 1 Demon General under this seat. The two of them can learn from each other. Warm-up before the start of the Magic Island Conference, do you think

What? "

"you....."

The Black Rock Demon Lord is angry, his eyes are cold, where is this Black Ling Demon to warm up? This is clearly to behead the Black Wind Demon General here. If the Black Wind Demon General cannot withstand it, then he is bound to be in danger, not only losing, but even dying.

Boom boom boom! He saw the black feather demon sword cut down in the sky, and countless cracks appeared on the body of the black wind demon. With a bang, he was shaken out, and the demon blood surged, and the black feather demon gathered countless demon feathers on his body and turned into A magic sword that reaches the sky, yes

The Demon General of the Black Wind was madly cut down.

"Black Wind Demon will be careful."

The rest of the demon generals, Qi Qi screamed in horror, and wanted to step forward to help, but the power of the demon sword was too terrifying. They rushed forward with their cultivation base, fearing that they would be far inferior to the black wind demon general, and would be torn in an instant. Into smash.

But the Black Stone Demon Lord was stopped by the Blood Flood Demon Lord, unable to intervene at all, and could only watch the Demon Sword cut down.

Seeing that the Black Wind Demon was about to be hit by the Demon Sword in an instant, suddenly, well, a figure suddenly appeared in front of the Black Wind Demon Commander, turning into a sword with his palm and splitting it out with one palm.

boom!

In the void, a pitch-black palm sword appeared soaring to the sky, rolled out, and instantly collided with the Demon Feather Giant Sword.

Hearing a bang, the terrifying impact was swept away in an instant, and the devil feather giant sword condensed by the black feather demon commander instantly fell apart and turned into countless demon energy.

The devilish energy was violent, and the black ling demon would instantly back up a few steps, looking forward in surprise.

"Ok?"

The Blood Flood Demon Lord and the other demon generals under his command also looked over in shock.

Someone actually blocked the blow of the Black Ling Demon General.

On the side of Blackrock Demon Lord, many demon generals showed ecstasy.

This shot was not someone else, it was Qin Chen.

"Master First Demon General."

Including the Black Wind Demon General, all were excited.

They almost forgot that the first Demon General of the Black Stone Demon Heart Island is no longer the Black Wind Demon General, but Qin Chen.

With Qin Chen, they put their hearts down in an instant. This is a top expert who defeated their nine great demon generals with one person's power, and can even have a few tricks against the Lord Blackrock Demon. His strength is extraordinary.

Blood Flood Demon Lord's gaze condensed, staring at Qin Chen coldly, and in a moment, a terrible murderous intent spread out, "Black Stone, when did you have such a master?"

He could block a blow from the first demon commander under his command, the Black Ling Demon commander, and this person's strength was no small thing.

"Magic dust?" The Black Stone Demon Lord was also overjoyed, and even gritted his teeth and ordered: "Kill me the demon commander under the Blood Flood Demon Lord."

"By him?"

The Black Ling demon condensed his gaze, with blood blooming, took a step forward, and was about to do it.

But Qin Chen yawned and said, "Master Black Rock Demon Lord? Can anyone kill anyone on this Eternal Demon Island? We have been on the road for so long, so we should not fight and kill, and find a place to rest earlier. Great."

As soon as these words came out, many demon generals were dumbfounded. This demon general actually disobeyed the orders of the Blackrock Demon Lord?

"Heishi, you demon commander doesn't seem to listen to your orders?" The **** dragon demon's original angry expression was startled for an instant, and he burst into laughter.

"you....."

The Black Stone Demon became angry from embarrassment, and was also very angry.

"Master Blood Flood, let your subordinates kill this guy and cheer for Master Blood Flood." The Black Ling Demon snorted coldly when he saw it, buzzing, blood bursting out from his body, countless **** secret patterns, quickly On top of the feathers that merged into his body, crashing, all over the sky, blood-black feathers suddenly appeared,

It turned into a blood black devil sword, bursting out of shocking weather.

The power of this demon sword is more than several times stronger than before, with a terrifying breath of Heaven blooming.

This blow, let alone a half-step Tianzun-level demon commander like Black Wind Demon General, I am afraid that even a powerful person at the Tianzun level can be traumatized.

"Boy, die!"

The Black Ling Demon Commander screamed and boomed, and the **** black demon sword slashed at Qin Chen frantically.

Qin Chen actually blocked his blow before, which naturally made him extremely annoyed and found the place back.

Seeing that these magic swords were about to strike Qin Chen.

Abruptly.

"Hmph, who is going wild on the Eternal Magic Island."

Boom!

In the distance, several towering figures suddenly attacked and appeared here instantly.

These are a few powerful men with terrifying aura on their bodies and wearing silver and black magic armor. Among them, the leader is burly in shape, with scaly armor on his body, and the magical power soars into the sky. When he appears, the terrifying breath of heaven suddenly surges.

He appeared on the battlefield, and fisted away at the Black Ling Demon General.

Boom!

The countless blood black magic swords condensed by the black ling devil were instantly exploded under this terrible fist power, and countless shards of magic power splashed, and the black ling devil retreated, snorted, and the corners of his mouth suddenly overflowed A stream of blood.

"Blood Flood Demon Lord, Black Rock Demon Lord, you two are not so courageous, you dare to go wild on the Eternal Demon Island? Are you afraid of being punished by Lord Demon King? Humph!"

The burly Demon Race Heavenly Sovereign blasted the Black Ling Demon General with a fist, then looked at the Black Stone Demon Lord and the Blood Flood Demon Lord with cold eyes, and snorted coldly.

Seeing this person, the faces of the Black Stone Demon Lord and the Blood Flood Demon Lord changed slightly, and the two instantly separated from the confrontation, and then arched their hands at the burly Demon Race Heavenly Lord. Black Rock Demon Lord said, "It turns out to be the leader of the ancient party."

[Chapter 4465: Is it a man?](#)

Black Rock Demon Lord coldly snorted: "You don't know anything, this seat has no intention to do anything on this Eternal Demon Island, but this **** dragon demon must act recklessly and break the rules of the Demon Island. This seat can only be accompanied."

"Hahaha, Black Rock Demon Lord is laughing." Blood Flood Demon Lord smiled at the leader of the ancient Fang: "Gu Fang Commander, it's not that serious. This Demon Island Conference is about to start. This seat and Black Rock Demon just happened to meet. Warm up with each other."

This ancient leader is the leader of the magic guard of the Eternal Magic Island.

In Chaos Demon Sea, in addition to the Eighteen Demon Lords, there will be other masters under the demon king.

These masters can't serve as Demon Lord, and some will leave here and go to other Demon Sea areas to find opportunities to become Demon Lord.

Some will stay and become demon generals under the command of some top demon kings.

Also, they will stay on the Eternal Devil Island, become a demon guard, or serve as the leader of the demon guard, and have considerable power.

But compared to the eighteen demon kings who have real power, it is much worse.

And this ancient commander is a Tianzun-level demon guard commander on the Eternal Devil Island.

Normally, masters such as Blood Flood Demon Lord and Black Rock Demon Lord are not afraid of each other at all, but the opponent is also the leader of the Demon Guard of the Eternal Demon Island anyway, belonging to the people of the Demon Lord, and the demon Lords will naturally not offend easily. . "Hmph, you can learn from each other, just find an uninhabited sea, no matter how you fight, this leader will not control it. However, this place is the Eternal Demon Island, and it will be the Demon Island Conference soon. I hope the two demon kings will converge yourself Don't make a noise

When it comes to Lord Demon Lord, and the Lord Demon Lord is angry, don't blame this commander for not reminding him. "

The ancient leader snorted coldly.

"let's go."

When the voice fell, he took the Devil Island Demon Guard behind him, instantly turned and left, disappearing into the sky.

"Heishi, you are lucky today. Go back and think about it, how can you agree to this seat, otherwise, at the next Demon Island Conference, hum!" The Blood Dragon Demon Lord laughed and got on the chariot again with a group of subordinates. Left one after another.

Before leaving, the black ling devil looked at Qin Chen with cold eyes, and then put his right hand across his neck, and with a forceful cut, a decapitator came with a penetrating smile at the corner of his mouth.

Qin Chen yawned when he saw this.

bored! Looking at the back of the **** dragon and the group of people leaving, Qin Chen's eyes flashed with cold, really thinking that he couldn't kill the black demon general? It's ridiculous, just too lazy to do it, leaving his head on the head, if you don't know what is good or bad, you will take it off next time.

The other person's head.

After the Blood Flood Demon Lord and his party left, the court instantly recovered calm.

"Devil Chen, the Demon Lord asked you to kill that guy earlier, why didn't you do it?" The Black Stone Demon Lord came to Qin Chen, angrily said.

On the side, the Black Wind Demon General and others also gathered around, looking at Qin Chen with a puzzled expression.

Although they didn't know whether Qin Chen could kill the Black Demon General under the Blood Flood Demon Lord, they had at least one battle.

But before, Qin Chen hardly made any moves.

But Qin Chen smiled and said, "Master Black Rock Demon Lord, that Black Ling Demon General is too strong, and this seat may not be his opponent, so he deliberately didn't make a move."

"Really? Don't you pretend to be invincible among demon generals?" Blackrock Demon Lord coldly snorted.

"Uh."

Qin Chen touched his nose, "You can be invincible when you should be invincible, and you can be invincible when you shouldn't be invincible. Besides, this is the Eternal Devil Island. You always want to give the Eternal Devil a bit of face, don't you think?"

"Humph." The Black Stone Demon snorted and stared at Qin Chen: "Have you already sensed that the ancient leader was on the side? That's why you didn't make a move on purpose?"

Qin Chen was startled, this little girl is very smart!

With a smile on his face, he said, "Hehe, even Lord Demon couldn't perceive the arrival of the leader of Gu Fang in advance. How can a subordinate demon general sense it?"

Black Rock Demon Lord looked at Qin Chen suspiciously, and coldly snorted: "Continue to pretend, no matter what the reason you didn't say before, you must kill that guy for me in this Devil Island conference, otherwise, I will ask you ,go."

The Black Rock Demon took the lead and left.

Qin Chen shook his head speechlessly, and a group of people immediately followed the Black Stone Demon and left.

After a while, Qin Chen and others arrived at the station of the Eternal Demon Island Black Rock Demon Lord.

As one of the Eighteen Demon Lords of the Eternal Demon King, the Black Stone Demon Lord naturally has a station on the Demon Island. After entering the station, the demon guard stationed here will come to serve him immediately.

The Magic Island Conference has two days to go before it begins. During this time, Qin Chen and the others need to be stationed here.

Because of the Demon Island Convention, the current Eternal Demon Island is full of powerful people like clouds. The Black Wind Demon Commander has been here before, and they are familiar with some places, so they invited Qin Chen to play.

Qin Chen naturally refused, and the Black Wind Demon General and others could only leave by themselves.

Said to be the Eternal Demon Island, this place is actually similar to the Terran City. Among them, there are many restaurants and restaurants, Goulam Demon Pavilion, and there are places for fun everywhere, no different from the Terran Kingdom.

It is rare to come here, the Black Wind Demon General and others will naturally have a good time, and there are also many places for selling Demon Demon Weapon, as well as various special treasures, attracting many Demon powerhouses.

Seeing the Black Wind Demon leaving them, Qin Chen turned around and was about to leave, but saw Black Stone Demon Lord walking over.

"Why don't you go out and play with them?" Black Stone Demon Lord stared at Qin Chen and asked.

"Not interested." Qin Chen said. The Black Stone Demon Lord sneered and said: "Pretend to be serious, you know that there are countless demon women from the chaotic sea of demon gods in the hottest Demon Fairy House. They know how to serve men. Any man can enter the Demon Fairy House. Forget the trouble completely

Annoyed, fascinated, as if ascending to the nine heavens, would you not like it? "

Qin Chen said, "Still not interested!"

Qin Chen couldn't help frowning. Now he found that he had a headache when he encountered a female demon like the Black Rock Demon Lord.

Because women are too moody and gossip, wanting to ask everything. Blackrock Demon Lord stared, and continued: "Then you know, two days later is the Magic Island Conference. Above the Magic Island Conference, many powerful people within the Eternal Magic Island will compete on the same stage. The annual Magic Island Conference Many magical generals will die. No one

I don't know if this is the last two days of their lives. "

"This is also the reason why the Demon Lord will let the Black Wind Demon out, because the Demon Lord cannot guarantee whether they will still be alive after the Demon Island Conference is over, why not let them be happy while they are alive? same."

Qin Chen looked suspiciously at the Black Stone Demon Lord, and said silently, "Master Demon Lord, you seem to know this Demon Immortal Ju very well. If you are interested, just go by yourself, don't pull the subordinates, sorry, I am very busy. "

"Are you still a man?" Blackrock Demon Lord said angrily.

Qin Chen smiled and said: "If Lord Demon wants to know if I am a man or not, I can test it personally. This seat can fulfill Lord Demon. There is no need to spend all your energy and use these methods."

Qin Chen smiled, turned and left.

"This guy....."

Seeing Qin Chen's leaving back, Black Stone Demon Lord's eyes flashed, but in the depths of his eyes, there was a strange look.

Back in his room, Qin Chen's eyes flashed after seeing Black Stone Demon Lord leave, and the next moment, his figure suddenly disappeared.

The Demon King is a high-level figure in the Chaos God Demon Sea. Under the Demon Lord, there are eight great demon kings.

Qin Chen had some doubts on the Black Rock Demon Heart Island, trying to find the answer on this Eternal Demon Island.

Therefore, he shook his figure and went straight into the depths of this eternal magic island.

With Qin Chen's current strength, walking on this eternal magic island is almost like entering an uninhabited state.

After investigating the Eternal Demon Island for a while, Qin Chen directly came to the Demon King's Mansion in the center of the Demon Island.

"Ok?"

Qin Chen just wanted to break into the Demon King's Mansion and suddenly seemed to feel something. He shook his figure and went straight into the Demon Island.

Below the Demon Island, there was a billowing Demon Sea, and Qin Chen dived into the Demon Sea and kept going down.

boom!

In the deep sea of Chaos Gods and Demon Sea below this Eternal Demon Island, there is a vast magic array.

There was a terrible power of darkness lingering in this magic array, and the power of darkness spread out along the bottom of the chaotic gods and demon sea, and a full eighteen black array patterns disappeared into the endless void, leading to an unknown place.

"Eighteen passages?"

Qin Chen frowned, looking in the direction where the eighteen powers of darkness had disappeared, his eyes flashed.

He watched carefully, and saw that among the eighteen dark passages penetrating into the endless void, there was a continuous flow of magic source power surging and entering the depths of this eternal magic island. In the array.

And the power in this magic array seemed to converge to another place along a certain special path, deep into the void, without any clues.

"Eighteen passages, could it be the Demon Heart Island duel field leading to the Eighteen Demon Lords?" Qin Chen's eyes flashed, and he thought of the duel in the Black Rock Demon Heart Island duel field. The devil source of the dead would be destroyed. The things that have been swallowed by the duel

field, for countless years, the source of the magic that has been continuously swallowed, will inevitably converge somewhere.

It may be this eternal magic island.

And the power in this eternal magic island magic array is very likely to lead to another place.

Could it be that the place where the God of Chaos, the Demon of the Sea is located?

"Go in and take a look."

Qin Chen's figure shook, he was about to enter the magic formation, but his figure just moved.

boom!

In that magic formation, a vast and supreme aura burst out, a terrifying power of the demon clan suddenly swept away, one by one, deep and primitive runes appeared, accompanied by a dark power, suddenly moving towards Qin Chen Bombarded.

"The Supreme Array?"

Qin Chen changed color.

He never expected that the magic formation in the depths of the Eternal Magic Island was actually a supreme magic formation.

This dark force was as flexible as a poisonous snake, quickly winding towards Qin Chen.

"Exit!"

Qin Chen drank low, pointed out, banged, two forces collided in an instant, and suddenly a terrifying dark force would invade Qin Chen's mind.

This dark power was close to the supreme level, and suddenly burst out, causing terrible fluctuations in the surrounding deep sea.

"Hmph, the power of the Dark King's blood-suppression, Ten Thousand Realms Demon Tree, close!"

The power of the Dark King's blood in Qin Chen's mind suddenly burst, suppressing the power of darkness for an instant, and then the magic tree of the ten thousand realms in the chaotic world urged, with a boom, the power of darkness was instantly swallowed into the chaos In the world.

The next moment, the entire deep sea suddenly calmed down.

"who?"

But the fluctuations here have attracted attention.

In the distance, a few terrible breaths approached quickly.

"go!"

Qin Chen originally wanted to take a good look here, but now he could only leave first, and suddenly disappeared.

The power of darkness is not terrible, and the Supreme Demon Array may not be able to trap him, but this array must not be laid by the Eternal Demon King of this Eternal Demon Island. Based on Qin Chen's understanding of the Chaos God Demon Sea, a demon king has no ability to lay the Supreme Demon. Great array.

It is very likely that it was placed by the demon master of this chaotic **** and demon sea, and even... it has a certain relationship with the ancestor of the deep demon or the dark forces.

Qin Chen naturally did not dare to be careless.

Not long after Qin Chen disappeared.

Huh!

Several powerful demon clan experts with terrifying aura suddenly appeared here, all of them were quite powerful Tianzun experts, exuding a cold aura.

These demons looked around, but found nothing.

"strange."

They frowned, just as they were about to continue investigating.

boom! A terrible breath came directly here.

[Chapter 4466: Righteous Army](#)

In the void, the vast magical energy surged.

A figure of the demons exuding a terrifying aura appeared here, booming, billowing demonic energy blasted into the sky, and instantly enveloped the world.

"I have seen Lord Eternal Demon Lord."

These powerful demon gods salute one after another with respectful expressions.

The person here is the strongest of this Eternal Magic Island, the Eternal Demon King.

The Eternal Demon King was majestic and majestic. He glanced around, then stared at the people present, and said coldly: "What happened here?"

"Returning to Lord Eternal Demon King, I didn't even know it. There seemed to be some fluctuations in the demon veins here before. After I waited out, I found nothing."

These demon gods respectfully said, a few of them looked at eagles and birds, their devilish auras filled their gazes, and their bodies seemed to blend in with the surrounding environment. They were obviously strong men who had been stationed here all year round.

"Not found?"

There was a look of doubt in the eyes of the Eternal Demon King. Boom, in his body, a terrible demonic energy lingered away, and this demonic energy quickly merged with the world.

In an instant, I saw endless magic light erupting from the depths of the entire Chaos Gods and Demon Sea, and terrible magic charms rose up. This supreme array made a rumbling roar, and a dark breath escaped and crushed. Sky.

If someone stood above this big formation and looked at it at this moment, they would be able to see that the devil origin aura exuded from this supreme demon formation, which seemed to cover the entire chaotic sea of gods and demon, and the depth of it was unknown.

In this endless darkness, a palpitating dark breath permeated, faintly flashing, as if covering the entire chaotic sea of gods and demons, faintly, unable to feel the end.

Rumble!

Even the Demon Realm Heaven Dao above the Chaos Gods Demon Sea Demon Realm exudes a weird power, which constantly resonates with the great formation in this Chaos Gods Demon Sea.

The eternal demon frowned and thought, carefully perceiving it, and after a long time, he was able to reduce his breath.

With a bang, the endless darkness aura disappeared and the power of the demon world was restored.

"eccentric."

The Eternal Demon murmured, because he had never felt anything from this supreme array.

But just now, he did feel a strange fluctuation.

Is it an illusion?

"My lord, what was going on just now?"

Several powerful demon-zun Tianzun experts hurried forward to inquire.

The Eternal Demon snorted coldly: "It shouldn't be a big deal, you don't have to worry about it."

"But just..." Tianzun of the Demon Race still wanted to speak. But the Eternal Demon King instantly interrupted, "It's nothing, there should be some problems with this demon source formation just now. This great formation is personally arranged by the power of the Yuan Mozu, the master of my demon world, and the demon master personally controls it. , If what appears

Accidents will surely alarm Lord Demon Lord. With the strength of Lord Demon Lord, if there is any change, he will be notified as soon as possible. "

"In this chaotic sea of gods and demons, who can do anything on top of this demon source formation? There is no control and restriction, even if the supreme-level powerhouse dare to rush to this demon source formation, I am afraid that it will be the demon master. The adults sensed it instantly."

The demon gods all nodded, and the Lord of the Demon in the Chaos Gods and Demon Sea was in their hearts, that was an invincible existence. Since Lord Eternal Demon said that, they all calmed down. But there is still a demon **** who said carefully: "My lord, I heard that the demon realm righteous army who claimed to be under the demon **** princess had been destroying the plans of the ancestors everywhere in the demon world. It has become a lot crazy. It seems to come out near the sea

There are traces of the righteous army, the fluctuation just now, will it be..." The eternal demon sneered: "This seat knows what you are worried about, huh, what the righteous army under the demon princess is just a group of unwilling to be demon ancestors The ants that your lord shines on. Under the leadership of Lord Mozu, my demons are now Yu

The first race of the universe, the guys who claim to be the righteous army, are traitors to my demon world, the ants. If they dare to come and make trouble on the Eternal Demon Island of this seat, this seat will let them have no return. "

boom!

The eternal devil exudes endless terrible magic energy, murderous aura boiling, and cold eyes. "Alright." The Eternal Demon King yelled: "You continue to guard this place, and it will soon be the Demon Island Conference. Every Demon Island Conference is a prosperous age in my chaotic sea of gods and demon, and also the master of the devil. Important things that adults care about, be sure

No surprises. "You have been guarding this place for some time. If there are new demon kings and strong men on my eternal magic island in this magic island conference, after this magic island conference, this seat will take you to the dark pool again. It's for you to be baptized

Reward. "

Hearing this, the faces of these demon gods all showed ecstasy, and they hurriedly saluted, "Thank you, Lord Eternal Demon Lord."

The eternal demon nodded, and immediately, with a boom, his body shook and disappeared suddenly.

And these powerful Demon Race Heavenly Sovereigns shook their bodies and suddenly disappeared, as if they had merged into this supreme array and disappeared, and the deep sea quickly recovered calm.

After all these people have left.

Hum!

In this void, a figure quietly emerged.

It was Qin Chen.

He didn't leave before, but has been lurking here. With Qin Chen's current cultivation skills, under the blessing of the Ten Thousand Realms Demon Tree, as long as he is careful, under the supreme, almost no one can find him. trace.

Qin Chen stared at the demon source formation below, and did not continue to do it this time, but coldly said: "Sure enough, the great formation in the Chaos Gods and Demon Sea belongs to the ancestors of the Chaos Gods and Demon Sea. Arranged by the Demon Lord."

If he hadn't reacted in time just now, once this great formation was fully activated, then he would definitely be discovered by this chaos, demon, sea and demon master, and it would be troublesome.

What made Qin Chen more excited was another message he had just heard.

Demon Realm Righteous Army!

This Demon Race Righteous Army seems to claim to be under the command of some Demon God Princess.

"Tian Huo, Wan Ling, is the Lian Xin Luo who took Sisi away, is it the Demon God Princess they call?" Qin Chen asked nervously. Wan Ling Mo Zun and Tian Huo looked at each other, and said solemnly: "Qin Chen, Lian Xin Luo is indeed the Demon God Princess, but I have never heard of this righteous army. Back then, the Demon God Princess Lian Xin Luo was trying to suppress the Dark Lord. Yuan, incarnate into Tao, divine soul

Ju San, leaving only some remnant souls and ideas at most, it should be impossible to cultivate a righteous army. "

"Yes, maybe someone is acting under the banner of the Demon God Princess, because the Demon God Princess Lianxin Luo, in this Demon Realm, is still somewhat prestigious." Venerable Tianhuo also said.

Qin Chen frowned.

Could it be that the righteous army of the Demon Race is just that others act under the banner of the Demon God Princess?

No matter what, this is a clue. If the righteous army is really under Lian Xinluo, then maybe they will have some news about Sisi.

As long as you find them, you can naturally get some information from Sisi.

Qin Chen's eyes were sharp.

He glanced at the Demon Origin Array below, although he wanted to figure out the specific situation of the Demon Origin Array, but now, he dared not act rashly.

In case, what happened to the ancestor of the deep demon.

Then he is in trouble. "If you want to figure out this Demon Origin Array, I am afraid that at least it will be possible to become a Demon King. There seems to be a special restriction on the Eternal Demon King just now, so that he has a certain control over the Demon Origin Array. Should be able to know

More information. "

"Magic Island Conference?"

Qin Chen's eyes flashed. As long as he became the Demon Lord at this Demon Island Conference, he could approach the Eternal Demon King. At that time, he could go to the Demon Lord's Land and enter the dark pool for baptism and figure out the truth here.

Thinking of this, Qin Chen's figure suddenly disappeared.

This time the Magic Island Conference, he is bound to win.

Night.

Qin Chen quietly returned to the resident of Black Stone Demon Lord.

As soon as he entered his room, his figure was stagnant, and he saw the Black Rock Demon sitting in his room, with Erlang's legs tilted, and a mocking smile on his mouth, looking at him coldly.

"Didn't you say that you are not interested in Moxianju? Why did you turn your head and went?"

Blackstone Demon Lord sneered, his expression disdainful.

Qin Chen touched his nose: "Master Black Rock Demon Lord, is this my personal business? And your lord, you broke into my room in the middle of the night, isn't it good?"

"Your room?" Blackrock Demon laughed: "This is the seat of this seat, and everything here belongs to this seat."

"Uh."

Qin Chen was stunned, really so.

"But even if everything in this station belongs to an adult, it's not good for you, as a woman, to trespass into your subordinate's room late at night?" Qin Chen smiled.

But there was a headache in my heart, this Black Stone Demon Lord, it was really troublesome.

While letting him go to Moxianju to be happy, while he was angry because he left late at night to go to Moxianju, this woman really didn't understand what she was thinking.

"not good?"

Black Rock Demon Lord suddenly stood up and walked towards Qin Chen step by step.

She has a graceful posture. She changed her clothes at the moment, her thighs were covered by a piece of black silk. Her devilish figure made it difficult to breathe.

A faint fragrance came, and the Black Stone Demon Lord came to Qin Chen, looking at Qin Chen with a pair of beautiful eyes, glowing like a water wave, and said coldly: "As a demon general, you are all of this demon. , What can this demon lord have to avoid?"

She exhaled like blue, and the warm fragrance from her mouth hit Qin Chen's nose. The faces of the two were only a few centimeters apart, and Qin Chen could even see the pores on the delicate nose of the Black Stone Demon.

"This enchantress!"

Qin Chen frowned and took a step back.

If it wasn't for the Black Stone Demon Lord to attend the Demon Island Conference, Qin Chen even wanted to turn around and left.

Sure enough, women are moody, no matter what race they are, they are the same, troublesome. "You are so courageous, how dare you to retreat when this demon is talking to you? Do you have respect for this demon?" Seeing Qin Chen retreat, the black stone demon suddenly lost the sense of warmth. But suddenly became noble and glamorous, in an instant

Temperament changes, his expression is sullen.

"Master Demon Lord is a rare beauty. Demon Chen can only retreat just because he can't bear Master Demon Lord's beautiful beauty and is respectful."

Qin Chen said with a smile.

"Are you really respectful, why can't this demon be able to tell?" The corner of the black stone demon's mouth outlines a arrogant arc, and one step closer: "If you are really respectful, how can you back off after being astonished by my appearance? ?"

Qin Chen touched his nose and said with a smile suddenly: "If Lord Demon likes his subordinates to take the initiative, it is natural that the subordinates should be respectful and obedient."

When the words fell, Qin Chen suddenly stepped forward and approached the Black Stone Demon Lord. He did not know when with his right hand, he had already grasped the slender hand of the Black Stone Demon Lord, and at the same time opened his mouth and kissed the Black Stone Demon Lord.

"you....."

A cold light flashed in the eyes of the Black Stone Demon Lord, and suddenly there was a terrible demon energy erupting in her body, and with a bang, the amazing demon energy instantly turned into a sharp blade and slashed towards Qin Chen.

On the surface of Qin Chen's body, there was also a surging of terrible demon energy, which turned into a demon armor to block the demon energy, and at the same time continued to approach the Black Stone Demon Lord with a smile.

"you wanna die!"

The Black Stone Demon Lord was frightened, this Demon Chen was so bold, it was the first time anyone dared to treat him this way when she grew up. In shame, she lifted her right hand and slapped Qin Chen with a palm, but she was fast, Qin Chen was faster, and her left hand was lifted up, grabbing the right hand of the Black Stone Demon Lord, unable to move.

[Chapter 4467: Afraid of being killed](#)

boom!

The two of them were energetic, smashing the wall, and appeared directly in the courtyard.

"Master Mojun doesn't like his subordinates like this?"

Qin Chen said with a smile, and pressed the Black Stone Demon Lord on the stone table in the courtyard.

"you....."

The Black Rock Demon Lord became angry from embarrassment, and only felt that his body was weak and weak, and his strength was completely unable to be used.

"Haha, Master No. 1 Demon General, today you didn't go to Demon Fairy House but you really suffered a big loss. In order to celebrate the opening of Demon Island Convention, the last seven of the top ten cards in Demon Fairy House appeared today. , The top three are also..."

At this moment, the black wind demon generals were waiting for the demon generals to laugh loudly from outside the courtyard. The next moment, the nine major demon generals appeared in the yard drunk.

Then, the nine demon generals were all agitated, and their eyes became round.

Cang Dang!

All the wine bottles in his hand fell to the ground.

He was drunk and woke up most of the time.

What did they see?

The First Demon Lord actually pressed Lord Blackrock Demon Lord on the stone table.

day!

This.....

The bodies of the nine demon generals shook violently, and the stormy waves were rolled up in their hearts. The next moment, the nine major demon generals looked at each other, and the whole body was full of agitation.

They saw something they shouldn't see, should they be silenced?

"Ahem, have we returned to the station? Why is the sky so dark today? I can't see my fingers, I can't even see the road?"

The Black Wind Demon stumbled towards the courtyard in a drunken way.

Said that he could not see the way, but he could find the exit but it was very smooth.

"Uh, I drank too much today, my eyes are a little dark, Black Wind Demon General, where are you? People? Why can't I see it?"

"Hey, look, there doesn't seem to be a magic moon in the sky today, is it my dizziness?"

"I'm drunk, I can't see anything."

The nine demon generals stumbled and ran out of the yard one by one, faster than the rabbits.

Outside the yard, the nine demon generals looked at each other, shaking all over.

The First Demon Lord is actually playing wall dong with Lord Blackrock Demon Lord? what on earth is it?

Lord Blackrock Demon Lord is the most popular Lord Demon Lord within the Eternal Demon Island. Many people are interested in Lord Blackrock Demon Lord, including some top demon Lords, but Blackrock Demon Lord has never had any treatment for those Demon Lords. Any good face.

That Blood Flood Demon Lord is one of them.

But today...

The postures of the Blackrock Demon Lord and the First Demon General made them have to reverie.

No way?

With the eyes of Lord Blackrock Demon Lord, can you actually see the first demon general?

Although it is unbelievable, the facts are right in front of him, so that the nine demons have to be so doubtful.

What is the charm of this first demon commander that can actually seduce Lord Blackrock Demon Lord?
do not care.

Go, go quickly, there is no way to stay here, and stay here, they are afraid of being killed.

It wasn't until he returned to his room that the Nine Great Demon Generals breathed a sigh of relief, and found that his back was completely wet and chilly.

"boom!"

In the courtyard, the Black Stone Demon became angry and urged the power of Heavenly Sovereign to shake Qin Chen away.

She looked at Qin Chen shamefully, this **** made her lose such a big face in front of the subordinate.

"Why is the Lord Black Stone Demon angry? Didn't I get closer to you as you wished?" Qin Chen said with a smile, raising his hand and smelling the palm of the black stone demon Lord's jade hand before, and said with a smile. : "It's so fragrant!"

"You!" Heishi Demon's face flushed, almost mad.

"Well, it's getting late, and the subordinates are going to rest. If Lord Demon Lord doesn't mind, the subordinate bed is always open for adults."

Qin Chen said with a smile, and turned back to his room.

Heishi Mojun's face was blue and red, and he snorted coldly, looking at Qin Chen's back, his expression cold and ugly.

However, her eyes gradually became serious.

Earlier, when she was crushed by Qin Chen, although she was ashamed and because Qin Chen was the number one demon commander under her command, she had not tried her best to break free, but she still displayed a strength that exceeded 60%.

But Qin Chen, even at her 60% strength, didn't even move, which made the Black Stone Demon Lord's eyes flicker.

"The strength of this son is indeed extraordinary. At this Magic Island Conference, I am afraid that I will surprise myself."

Blackrock Demon murmured.

"Hmph, because you will continue to contribute to this demon, this demon will spare you this time."

With a cold snort, the Black Stone Demon Lord found a reason for himself and hurriedly turned and left.

In the next two days, Qin Chen practiced silently in his room.

Entering the Demon Realm is full of dangers, he naturally does not give up any opportunity to practice, and constantly improves his strength.

The Black Wind Demon General didn't dare to go out to have fun after waiting for others for these two days, and stayed in his own room obediently.

Blink.

It's the day of the Magic Island Conference.

Early in the morning, the Black Stone Demon Lord summoned Qin Chen and other ten major demon generals.

"Today is the day of the Demon Island Conference. You wait with me to meet the Eternal Demon Lord. Remember, you must not be reckless at the Demon Island Convention. This is not the Black Rock Demon Heart Island. It angered the Eternal Demon Lord. Not for you."

"set off."

The Black Stone Demon Lord glanced fiercely at Qin Chen, and immediately led the way to the Eternal Demon Palace.

Qin Chen smiled carelessly, and stepped out, following the body of the Black Stone Demon Lord, standing behind her to the left, and heading towards the Demon King Palace where the Central Eternal Demon King was located.

Outside the vast and majestic Central Demon King's Palace, there is a huge Demon Temple Square. At this moment, there are many powerful Demon Race powers gathered there, each with a terrifying aura, standing in different camps.

When the Black Stone Demon Lord led Qin Chen and other demon generals, many people raised their eyes and fell on the Black Stone Demon Lord. As a beautiful demon Lord, the Black Stone Demon Lord was naturally quite eye-catching.

It's just that some people look at her with wary eyes, but some people look unscrupulous.

"Blackrock Demon Lord, hahaha, you finally came, how are you, have you figured it out? Follow me with the blood scorpion, and promise to make you delicious and spicy."

As soon as the Black Stone Demon Lord fell, a loud voice sounded. It was the Blood Flood Demon Lord, staring naked at the Black Stone Demon Lord with an undisguised gaze, with a greedy smile at the corner of his mouth.

Beside him, the Black Ling Demon General and other strong men are all smiling lustfully.

The Blackrock Demon looked ugly.

Just don't wait for her to speak...

"Blood Flood Demon Lord, you are a crude person, and you are qualified to remember Black Rock Demon Lord?"

At this moment, a strange sound of yin and yang sounded, making the **** dragon demon's face sink, and he turned to look.

But I saw that he was a powerful demon with an extremely strange appearance, sitting there, obviously a man, but with red lips, making his whole body crumple.

Seeing this person, the blood scorpion demon's face suddenly changed slightly.

"Blackrock Demon Lord, you are really getting more and more beautiful." The yin and yang strong demon clan's eyes fell on Blackrock Demon Lord, his eyes were extremely strange, he did not conceal the greed in his eyes, and he enjoyed it. Looking at every part of Blackrock Demon Lord's body, the greedy eyes seemed to be black

Stone Demon Lord swallowed it in one bite.

The Black Stone Demon Lord showed a more disgusting look and glanced at the man coldly.

This person is the eighth Demon Lord Moon Owl Demon Lord, lecherous, and indeed extremely powerful. He is a demon, even above the Blood Flood Demon Lord ranked twelve.

Black Rock Demon Lord has no doubt that if this person catches the opportunity, Moon Owl Demon Lord will tarnish her severely, therefore, she must be strong and become stronger than Moon Owl Demon Lord.

The demons don't talk about rules, and power is rules.

"The expression in his eyes is getting more and more flavorful." Moon Owl Demon Lord licked his mouth, his eyes were even more demon. He has been coveting a powerful woman like Blackrock Demon Lord for a long time, and must be more flavorful than those women who only know how to please men.

.

"Dead ladyboy, don't stare at me with your disgusting eyes, or I will kill you one day." Blackrock Demon Lord stared at Moon Owl Demon Lord and said. "Hey, dying under the pomegranate skirt, and being a ghost, if you can die under the pomegranate skirt of the Black Stone Demon Lord, this Demon Lord will die well, when the Black Stone Demon Lord will let me have fun overnight, how will I let you kill?" Moon Owl Demon Lord said with a smile

Without concealing his voice, the demon monarchs here looked indifferent and didn't care about the conversation between the two at all. They seemed to be used to it.

There are other demon monarchs talking around, and they all have a vague intention to release each other.

The aura of a deity is extremely powerful, and the weakest among the demon kings is the strongest of the Tianzun level.

Not only the Demon Lord, even some of the Demon Lord's demon generals, there are masters of the Tianzun level, and there is more than one.

This made Blackrock Demon Lord's complexion slightly change.

This time, the Magic Island Conference was even more dangerous than the previous one.

The reason why she was able to survive the coveting of powerful men such as Moon Owl Demon Lord and Blood Flood Demon Lord was not only because of her strength, but also because of her status as Demon Lord. As the same Demon Lord, Moon Owl Demon Lord and others dare not do anything to her easily, otherwise they will be punished by the Lord Eternal Demon Lord, but if she loses the identity of the Demon Lord at the Demon Island Conference, then, from that Demon Lord From the moment she lost her identity, she

It will inevitably become the prey of powerful men such as Moon Owl Demon Lord, and life and death will no longer be by oneself.

Therefore, she must defend her position as the Sixteen Demon Lords in the Demon Island Conference.

Never let go. Obviously, powerful men such as Moon Owl and Blood Flood Demon also knew this, and they all looked at Blackrock Demon Lord with naked and greedy eyes, treating her as prey, which made the Black Wind Demon behind Blackrock Demon Lord. Will be waiting for the magic commander, there is one in my heart

Shen felt the shocking pressure.

At this moment, communication is everywhere on the main hall square.

But at this moment, the people suddenly quieted down, and a group of strong men stepped forward in the distance. The headed person was extremely majestic, exuding a terrifying aura and amazing strength.

It is the third demon under this eternal demon king, the fierce demon.

The demon kings who can rank in the top three among the eighteen demon kings are undoubtedly the most powerful three people below the demon king, and the most terrifying three people in strength.

This person's breath is very different and extraordinary, his figure is majestic, his eyes are extremely cold, and he glances over the crowd in an instant, like a volcano about to erupt, suppressing everyone.

Even those who are as powerful as Moon Owl Demon Lord dare not speak at will, because even if it is their strength, just being swept by the eyes of the third Demon Lord, there will be patches of goose bumps on their body.

"Half-step late Tianzun."

Qin Chen's eyes narrowed.

This third demon monarch was actually half a step later Tianzun cultivation base, but it exceeded Qin Chen's expectations.

If the third demon are so strong, then how strong are the first and second demon kings, and what cultivation is the eternal demon king?

Just thinking about it, in the void in the distance, there are strong people coming forward, and everyone's eyes are full of awe. The one headed is a burly person, full of infinite power, his eyes are so majestic, no one dared to look at him when he swept over the others, the troll demon lord, the second demon lord, ranked higher Before the fierce demon, it belonged to the troll clan

Strong, butcher-level figure.

When this person became the second demon king, he had washed a sea area with blood, causing blood to flow into a river in that sea area, staining the sea of blood for hundreds of thousands of miles.

There are countless people who died in his hands.

The troll demon king stopped there, his aura was amazing, and it made people afraid to look directly.

"Half-step late Tianzun."

Qin Chen breathed a sigh of relief.

He discovered that although the strength of the Chaos God Demon Sea was stronger than he thought, it did not exceed expectations.

Just thinking.

Boom!

I saw another fierce aura sweeping in the distance, and I saw a strong man with a cold stature sitting on a golden carriage. An aura that far surpassed the second and third demon kings, instantly swept the world.

[Chapter 4468: Bloody battle](#)

In front of the chariot, he is the magic commander under his command, carrying the chariot, and what is shocking is that the leading magic commanders are all Tianzun cultivation bases.

This majestic figure descended here and landed on one side of the square with a loud roar, his eyes swept across the crowd, and no one dared to look at him.

This person, the first demon!

No one knows his name anymore, everyone only knows that since they arrived in the waters of the Eternal Demon Island, this person has been the first Demon Lord under the Eternal Demon King, and has never changed for countless years.

No one has ever been able to challenge his position as the first demon king.

So, gradually, everyone forgot his name.

He doesn't need a name, he is the first demon king, and the first demon king is him.

The first person under the eternal demon king.

There are even rumors that this first demon king once challenged the position of the eight great demon kings under the devil lord's command, but unfortunately, he failed, so he assumed the position of the first demon king under the eternal demon king.

boom!

He fell, with a terrible breath blooming on his body, sitting high here.

The audience was silent.

The Eternal Demon King does not often appear, so this represents the first Demon Lord of his right arm, and represents his will, which also leads to the majesty of the First Demon Lord, irresistible.

"Late Tianzun."

Seeing the aura on the first demon king, Qin Chen's eyes condensed suddenly, and he sucked in air.

This first demon king turned out to be the late Tianzun.

This has exceeded his expectations.

"Is this Chaos God and Demon Sea so strong?"

Qin Chen frowned.

From the knowledge of the Lords of Abyssal Demon, this Chaos God Demon Sea was just a chaotic place for casual cultivation. Although there are many strong people and there are strong people from the entire Demon Realm gathered, it should be inferior to those at the top level. Top race.

But now, only a demon ruler under the command of the eight great demon kings under the command of the demon lord is a late-stage heavenly sovereign, but it has completely exceeded Qin Chen's expectations.

The late Tianzun is actually nothing to Qin Chen today. If he reveals his strength, he can easily kill him.

But what Qin Chen cares about is the strength of the entire Demon Race.

It should be noted that in the human heavens, even in the secret realm of the Tiangong headquarters, a late-stage Tianzun can be called a top powerhouse, such as the Kuang Lei Tianzun, not even the late-stage Tianzun.

Normally strong, such as Chaos City Lord, but only the late Heavenly Sovereign.

Only among the top ancient clan families such as the Ji family and the Xiao family in the ancient world, there were more celestial beings in the later stage, and the masters were all peak celestial beings.

In Qin Chen's view, even if there are late stage gods in this sea of chaotic gods and demons, there should not be many, such as the eight great demon kings.

But now, just a demon king is actually a late-stage Tianzun powerhouse, although this person is rumored to have challenged the position of the eight great demon kings, it still surprised Qin Chen.

"This chaos and demon sea powerhouse is like a cloud. If a demon king is a late-stage Tianzun, then the demon king level powerhouse is very likely to be stronger."

"If this level of strength is placed in the human race, I am afraid that it will at least be able to fight the entire ancient world."

"This is just a sea of chaotic gods and demons."

Qin Chen took a deep breath.

The strength of the Demon Race is really strong. No wonder it can fight against the Human Race for hundreds of millions of years, and use the power of one family to fight against the Ten Thousand Races.

Just being a sea of chaotic gods and demons is no small thing.

"Mo Ye, is this Chaos God Demon Sea always so powerful?" Qin Chen frowned. "Master, this is not the case. When the subordinates left the Demon Realm, this Chaos God Demon Sea was much weaker than it is now. When the subordinates left the Demon Realm, the cultivation base was already at the pinnacle of the Heavenly Venerable Realm. This chaotic sea swept across.

In Chaos Gods and Demon Sea, the strongest cultivation base should not be close to the subordinates. "

"But now, if the subordinates didn't guess wrong, the demon master who unifies the chaos and demon sea must be supreme."

The Lord of Abyss Demon said solemnly. "Qin Chen, that's right. Back then, the number of loose repairs in the Chaos Gods and Demon Seas was like a cloud, countless, but the cultivation level was average, but now... Could it be that there have been accidents in the Chaos Gods and Demon Seas over the past countless years? Otherwise why? There will be so many strong people

Born? "

Wanling Mozun and Skyfire Venerable also frowned.

"accident?"

Qin Chen's eyes flashed.

"Could it be related to the dark pool?"

Qin Chen suddenly thought of the great demon formation in the depths of this chaotic **** and demon sea, as well as the weird dark power, and the mysterious dark pool, and couldn't help but move.

If this is the case, it makes sense. "If the demon source formation is indeed related to the ancestors of the deep demon and the dark clan, it means that the ancestors of the deep demon and the dark clan must have some arrangements in this chaotic sea of gods and demon. Perhaps this is the chaotic **** and demon sea. Reasons for the emergence of many top powerhouses

Where. "

At this moment, Qin Chen became more and more curious about this chaotic **** and demon sea and the dark pool.

"I want to see what this dark pool is, it can cause such a big change in this chaotic God and Demon Sea, and give birth to so many powerful men."

Qin Chen's eyes narrowed.

boom!

In his body, the power of destiny was flowing, vaguely, as if he had discovered a great secret of the demons.

"boom!"

But at this moment, in Qin Chen's contemplation, suddenly, a terrifying breath came from heaven and earth.

I saw a towering figure in the distance between the heaven and the earth, instantly descending.

"Hahahaha."

A hearty laughter resounded through the world. This was a towering figure. As soon as it appeared, the entire magic island was roaring, as if it resonated with him.

"See Lord Eternal Demon Lord."

Seeing the visitors, the strong present were all excited and saluted, and looked respectful.

"Everyone, free!"

boom!

This demon-like figure stepped forward and came to the square in an instant. On the square, the formations surged, and a throne of the demon king rose to the top.

The eternal demon sat on it, towering high between the heavens and the earth, like a king, looking down on their subjects.

"It's the day of the Magic Island Conference. I am afraid that there will be many more powerful people in this king. I don't know how many strong talents will emerge today, giving this king a big surprise."

The Eternal Demon laughed loudly.

Chaos Gods and Demon Sea, the competition is extremely fierce, don't look at the eight demon kings high above, but there are many secret fights between each other.

From the demon general, to the demon lord, to the demon king, and then to the demon lord, the competition is fierce. There seems to be an invisible mechanism that constantly urges them to practice and become stronger.

Because once they relax, they will be taken over by latecomers and become losers.

The result of failure is most likely death.

Different from the competition within some races, perhaps it was just a fame dispute between Tianjiao, and a place like Chaoshen Mohai performed vividly and exquisitely, and no one dared to relax.

Therefore, in the annual Devil Island Conference, the Eternal Demon King is also very much looking forward to how many strong people will be born under his command, because the more strong people, the more stable his position will be.

"I will not let the Demon Lord down."

Many powerhouses roared together, roaring to the sky.

"Very well, today's Demon Island Conference, regardless of the outcome, whether there will be a new Demon Lord to win, this Demon Lord promised that the excellent ones will inevitably have the opportunity to enter the dark pool and the opportunity to meet the Lord Demon Lord.

"You need to know that the Demon Realm is not peaceful now, and Lord Demon Lord needs a large number of powerful people to join. This is an opportunity for you, an opportunity to work for Lord Demon Lord, but this opportunity cannot be grasped, it depends on you. "

Eternal Demon King Hong said.

As soon as this remark came out, the audience boiled over.

"Thank you, Lord Demon."

Countless powerful demons were all excited, and their fighting spirit burst forth in an instant.

The opportunity to join Lord Demon Lord's command, God... This is probably more exciting than entering the dark pool.

Lord Demon Lord is the real master in the vast sea of chaotic gods and demon. Being able to work for Lord Demon Lord is the lifelong dream of countless chaotic gods and demons.

At this moment, Qin Chen was in the crowd, his divine consciousness had completely fallen on this eternal demon king.

Before in the demon source formation, Qin Chen concealed his figure, so he did not dare to pay too much attention to the eternal demon king. At this moment, the divine consciousness surged and secretly looked.

At this look, Qin Chen's heart suddenly shook.

The pinnacle Tianzun strong!

As expected, this eternal demon king was actually a peak heavenly powerhouse.

This.....

With such strength, it is already comparable to the powers such as the master of the virtual temple, Ji Tianqi, the master of the ancient family Ji family.

Are the eight demon kings under the command of the chaos gods and sea demon lord already so strong?

If this is the case, the strength of the Demon Race is probably beyond the expectations of many humans.

"However, why does the breath on this eternal demon king give me a weird feeling?"

Qin Chen thoughtfully.

On the throne.

When Qin Chen's consciousness swept past the eternal demon, that eternal demon also frowned slightly.

For some reason, he had a vague feeling of being spied on.

"Could it be that there are strong people passing by here?"

boom!

On the eternal demon king, the sky-shaking demon aura rose up. This demon aura contained a strange dark aura, which burst out instantly, swept the world, and frightened countless powerful men below, trembling.

What's wrong with Lord Demon?

Qin Chen was also surprised.

This eternal demon can actually perceive his prying?

impossible.

It was just a pinnacle Heavenly Sovereign, although it was strong, with Qin Chen's current strength, the opponent should be absolutely unaware of it.

"No, it's the weird power of darkness."

Qin Chen suddenly found the clue.

"No wonder I think the aura on this eternal demon king is weird. The devilish aura on this person is so weird that it contains the attributes of the power of darkness."

"The power of darkness is the power of a foreign race. According to the truth, it should be an auxiliary power. Even if it is the demon energy of the demon clan, it should also be distinct, but the dark aura on this eternal demon king seems to have been fused with him. One."

"Could it be that the Demon Race has mastered the method to completely integrate the power of darkness?"

Thinking of this, Qin Chen frowned suddenly.

At this moment, the Lord of the Abyss, the Lord of All Souls, and the Lord of Skyfire also felt the anomaly in the Eternal Demon King, and their colors changed.

Combining the power of darkness is what the ancestor of the abyss demon has always wanted to do. For this, ancestors of the abyss have made many attempts, has he succeeded?

If this is the case, it is no wonder that the strength of this chaotic **** and demon sea will increase so quickly.

With dignity in his heart, Qin Chen immediately withdrew his spiritual consciousness and restrained his breath.

I saw the eternal demon king's devilish consciousness swept into a storm, but no matter how he perceives it, he has never perceived any top powers approaching.

"Could it be just an illusion?"

He whispered.

Take back the devilish energy.

Immediately afterwards, suddenly raised his hand.

Boom!

He saw a magic light and was blasted into the ground instantly by him.

I saw a series of light patterns shining, radiant and boundless, and in an instant, a terrifying array appeared under the vast square.

One after another, the world suddenly appeared, like a ring.

This is the duel stage.

There were waves of Jin Ge killing air. At this moment, everyone seemed to be not on the square, but on the battlefield. The endless murderous aura surged, the magic light was overwhelming, and the heaven and the earth seemed to show a sea of dead blood.

The Magic Island Conference has opened.

There are a total of eighteen arenas, appearing in the world, like a battle of blood.

"Everyone, the blood battle is on, let this king, take a good look at your performance, eighteen demon kings, come on stage."

Eternal Demon King Hong Sheng said.

"Wow!"

Suddenly, the audience was a sensation.

"on!"

The Black Stone Demon screamed, leading Qin Chen and the others, and instantly flew towards the third-to-last platform among them.

Not only the Black Stone Demon Lord, but the other Demon Lords also swooped up and went up one after another. A total of 18 Demon Lords, with their own Demon Generals, occupied 18 blood stands. The first thing to start is the battle of defense.

[Chapter 4469: Come up if you want to die](#)

boom!

In the endless killing array, eighteen demon kings and their respective demon generals came to the stage one after another, standing proudly on the blood-colored platform.

Qin Chen glanced at it and saw it at a glance.

There are a total of eighteen blood battle platforms. Each blood battle platform has a demon under the command of his own demon leader. Moreover, the blood battle platform on which the demon king has a certain order, from front to back, is the first demon. Jun to the eighteenth demon.

Qin Chen and the others were in the **** battle platform, ranking sixteenth in many **** battle platforms.

The **** battlefield of the first demon is almost dependent on the throne of the eternal demon, the farther away, the lower the ranking.

Here, everything is related to strength, even if the arena is the same, it is very distinct.

"Old rules, the Magic Island Conference starts from challenging the Demon Lord. The Demon Lord ranked first to twelfth can not participate in the challenge for the time being, and the Demon Lord from the thirteenth to the 18th, anyone in the audience can challenge. The winner will become the new demon."

"However, the challenge of the demon lord is extremely difficult. If you want to become a new demon lord, you must first defeat the demon generals under these demon lords. Good luck to all of you, and hope that among you, you will be able to give birth to someone who makes this king refreshing."

The Eternal Demon King Hong Sheng said, with an indifferent smile at the corner of his mouth.

Immediately, the top twelve demon kings all stood peacefully on this arena, and looked at the bottom six demon kings indifferently, standing high and staying out of the matter.

This battle does not require them to act.

Because only the bottom six demons will be challenged.

The weak will be challenged. This is the truth between heaven and earth.

"Black Rock Demon Lord, in the past few years, there have been many casual cultivation experts in my Chaos God Demon Sea. They are all waiting eagerly to become a new Demon Lord, depending on whether your subordinates can stop the first round of Demon Lord. challenge?"

At this time, the Blood Flood Demon Lord smiled and said, his eyes fell on the Black Rock Demon Lord, "If you promise to be the woman of this seat, this seat can agree to let the Dark Feather Demon under my command join you in the Black Stone Demon Heart Island. Becoming a demon under your command, you can block many challengers for you, otherwise, with your ranking of sixteen demon kings, I am afraid it will be hanging."

Blood Flood Demon Lord laughed.

The laughter was very wanton and arrogant, but no one spoke on the court, not even the Eternal Demon.

The Demon Lord's competition is so fierce, as long as he acts within the rules, even if he is a Demon Lord, he will not participate.

"roll."

Blackrock Demon Lord said angrily.

"Things that do not live or die, when you kneel down to beg me." The Blood Flood Demon Lord sneered, but he was not angry, but his eyes grew colder.

At this moment, on the square, there are already strong people walking out.

"I will challenge the Eighteenth Demon Lord."

Roar!

Accompanied by a terrifying roar, this is a burly strong man with a cultivation base that is extremely terrifying. With a roar, he instantly turned into a demon whale and came to kill the eighteenth demon king.

"Devil Whale Clan?"

Many people breathed in air-conditioning, no wonder this person dared to challenge him, he turned out to be a strong man in the magic whale clan.

The Demon Whale Clan is the native race of the Chaos Gods and Demon Sea, and it is a dominant race. In the ancient times, it can be regarded as the overlord in this Chaos Gods and Demon Sea.

However, as more and more demons from all over the world enter the Chaos Demon Sea, the Demon Whale Race has long lost its status as the overlord of the Chaos Demon Sea.

Now, this powerful demon whale clan, as soon as he came up, he burst out with a breath of heaven, roar, the huge demon whale, against the demon generals under the eighteen demon kings on the last ring, strongly attacked.

"kill him!"

The eighteenth demon king is a dark-faced middle-aged demon, he screamed when he saw it, showing a fierce look.

He was prepared for this.

Regardless of the first round of the Demon Challenge, the bottom six demon kings can challenge, but almost all those who try to become the demon king, the first challenge is the last eighteen demon king.

Because, regardless of the current cultivation level of the eighteen demon kings, at least in the last round of the Demon Island conference challenge, he ranked 18th, indicating that the strength of all the demon kings is the weakest, and will naturally provoke the most challenges. .

"Yes!"

There is no need for the Eighteen Demon Lord to speak, the demon generals under his command have already stepped forward.

boom!

The magic lights of all colors rose into the sky, turning into magic waves and swept out.

However, the next moment, with a boom, the endless wave of demon bursts into pieces, and many demon generals under the command of the eighteen demon kings were suddenly blasted out under the attack of this vast demon whale powerhouse, vomiting blood one by one, and fell into the ring.

what?

This scene stunned everyone.

The many demon generals under the eighteen demon kings were also shocked.

They were defeated by one blow.

After falling off the ring, he naturally lost the qualification to continue defending the ring.

"It's Tianzun!"

"Hey, this strong man of the Demon Whale Clan turned out to be a Tianzun?"

Suddenly, the sound of inhaling air-conditioning sounded, and everyone looked at the strong man of the Demon Whale Clan. On the towering body, the weather burst out, and the pressure of Tianzun level swept out, like a god.

Tianzun.

This is inevitable, unexpected, but reasonable.

Any strong man who dares to take the stage to challenge will not dare to make a move without two brushes.

Under normal circumstances, if the Demon Island Conference did not reach the level of the Celestial Lord, I was afraid that it would have already taken refuge in a certain Demon Lord and became his demon general. How dare you challenge the position of the Demon Lord?

For example, the original first demon commander of the Black Stone Demon Lord, the Black Wind Demon Commander, is a half-step Tianzun cultivation base. Before reaching the Tianzun, he will not challenge the position of the Demon Lord, because if he rushes up, it must be death.

"Very good, it's no wonder that I dare to challenge this seat. It turns out to be a strong Tianzun. Unfortunately, not all Tianzuns can become Demon Lords."

I saw the eighteenth Demon Lord, roared, a halberd appeared in his hand, and he swung a halberd at the strong man of the Demon Whale Clan.

The strong man of the Demon Whale Clan shouted angrily, and his figure was facing up.

Boom!

The halberd shadow that reached the sky fell, shaking the sky and the earth, and instantly shook the strong man of the Demon Whale Clan flying backwards.

But the strong man of the Demon Whale Clan was not blasted off the ring, nor was he killed. The magic light on his body burst into the sky, and a series of magic charms bloomed out, quickly turned into armor, and killed again.

what?

Everyone changed color, this strong man of the Demon Whale Clan actually blocked the blow of the Eighteen Demon Lord?

Everyone opened their eyes wide and stared.

"kill!"

The strong demon whale clan shouted angrily and slammed.

Boom!

Suddenly, the two sides fought, and terrible magic light soared into the sky. Above the eighteenth ring space, the earth-shattering magic power continued to erupt, and they collided crazily.

I have to say that these eighteen demon monarchs are extraordinary in strength. Even if they failed to knock back the powerful demon whale clan, they still suppressed the opponent and took the absolute upper hand. The halberd swung down, and the demon suddenly Countless wounds appeared on the body of the strong whale clan, blood splattered.

However, the Demon Whale Clan has always been known for its vitality, and during the roaring, the two powerful men continued to fight together.

This shocked everyone, this first battle was so shocking and exciting, then how passionate the next battle will be?

And at the moment.

Below the ring, there are other strong people rising into the sky.

"Hahaha, let me challenge the position of the Seventeen Demon Lord."

A loud laughter sounded, and another strong demon race rushed to the seventeenth ring in an instant. This person was covered in pitch-black armor, holding a machete, and seeing the defense was extremely shocking.

As soon as he came up, the aura of Tianzun instantly bloomed, and the scimitar cleaved, and countless knives turned into a vast ocean, and slashed towards the demon generals under the command of the seventeen demon kings, like a storm.

Boom!

The man's scimitar opened and closed, and the magical commander under the command of the seventeen demon kings was suddenly smashed out one by one, vomiting blood and flying upside down, unable to resist.

The scimitar demon master repelled many demon generals under the seventeenth demon king, and went straight to the seventeenth demon king.

The Seventeen Demon Lord had a ferocious look, roared, and rose into the sky to guard his dignity.

Boom!

Amazing battles, on top of the seventeenth ring, also happened.

This shocked many people on the court.

Unbelievably, there was another Tianzun strong, and at a glance, it was obvious that this person was not a Tianzun who had just broken through, but had been in the realm of Tianzun for many years and had extraordinary strength.

How can so many new powerhouses appear in the Magic Island Conference this time? Shocking.

When everyone was shocked.

"Interestingly, the eighteenth demon king and the seventeenth demon king were given the opportunity by you, so let's challenge the sixteenth demon king!"

A cold voice suddenly sounded, the sound was extremely harsh, like a finger sliding on the glass, which made the whole body extremely uncomfortable. The next moment, a ghost-like figure suddenly swept towards the ring and rushed straight to the sixteenth where Qin Chen was. Demon Lord arena.

Huh!

The speed of this sound was so fast that it was almost too late to react. It was almost in the blink of an eye before it rushed to the ring.

next moment!

Hum!

In the void, a sword light swept across, but it was an extremely hideous demon Raksha, holding a sharp sword and slashing with one sword.

boom!

Accompanied by his sword, a terrible sword aura surged, murderous aura, as if it could split the world.

"No, Lord Demon, be careful."

The Black Wind Demon General exclaimed from the others, not daring to be careless, and hurriedly raised his weapons, soaring into the sky.

Boom!

With the previous experience in the eighteenth and seventeenth arenas, the Black Wind Demon suspended all of them, knowing that the person who shot is very likely to be a master of the Tianzun level, one by one, like a big enemy.

The Black Wind Demon General and other powerful people, the demon source in his body completely erupted, even if he fought his life, he still had to resist the attack of the demon Rakshasa.

Just don't wait for them to fight against the challenger.

Suddenly, a figure suddenly appeared in front of them all.

It's Qin Chen.

"You all retreat, here, leave it to me."

Qin Chen said indifferently.

next moment!

Wow!

A dark magic knife appeared in Qin Chen's hand.

The magic sword came out, and a sword energy that reached the sky, instantly swayed the world.

"Devil swordsman? Ridiculous."

Qin Chen sneered, released the knife, closed the knife, and then landed directly on the ring, his eyes indifferent.

next moment.

Boom!

The terrifying sword intent in the void skyrocketed in an instant, turning into a river of sword qi and demon. It instantly wrapped the demon Rakshasa and heard a bang. The sword light cut by the demon Rakshasa instantly shattered and melted. For crushing.

At the same time, the body of the demon Rakshasa was shattered. In his horrified gaze, Qin Chen's sword energy swallowed everything, completely engulfing the demon Rakshasa, and beheaded it into nothingness.

puff!

In the void, blood mist bloomed, slowly drifting away.

At the same time, with a cry, the half-broken body of the sword fell down and landed on the ring, losing its luster.

With a stab, before everyone had time to feel the strength of this challenger, this person was already beheaded by Qin Chen, with no bones left.

This scene stunned everyone present.

"Everyone, who else wants to challenge Lord Blackrock Demon Lord?"

On the ring.

Qin Chen's eyes were indifferent, looking at the many powerful men in the audience.

"If you want to die, come up."

Qin Chen's eyes were stern, extremely domineering, like a god, giving people a feeling that they couldn't be seen.

boom!

Instantly shake the audience.

Everyone is dumbfounded, this...

The battle ended too soon.

Even the many powerful demon kings who watched the theater in the rear showed a hint of surprise, frowning and looking at Qin Chen.

No one noticed that even the Eternal Demon King looked at Qin Chen, and he expressed a slight huh, and then deep in his eyes, a meaningful smile appeared.

When did the Blackrock Demon Lord actually recruit such a master?

interesting!

[Chapter 4470: Break the rules](#)

Killing a swordsman at the Heavenly Venerable level with a single blow, Qin Chen was not surprised, but stood quietly on the ring, his coat robe hunted and fluttered in the gust of wind, leaving the world alone.

Qin Chen is like a swordsman who has been forgotten by the world, once again showing his edge.

Lonely, standing proudly, surpassing the sky!

For a while, the other strong men in the audience were shocked, and no one dared to come on stage again.

On the twelve arena, the Blood Flood Demon Lord suddenly stood up, looking at Qin Chen with cold eyes.

This kid is so strong. With his strength, he could tell at a glance that the Demon Rakshasa who shot before is also a strong Tianzun, but it should be a newcomer to Tianzun, and because the demon generals under the Blackrock Demon Sovereign were fighting at the beginning, Caused him not to make a full shot

.

As a result, Qin Chen seized the opportunity and killed him instantly.

It can be said to be dead unclear.

If the Demon Rakshasa had been cautious from the beginning and shot with all his strength, he would definitely not be beheaded so easily. "This kid, there are indeed two things. No wonder he dared to challenge me before, huh, if it weren't for this person, the other demon generals under the command of the Black Stone Demon Lord would not be able to withstand the demon Rakshasa. Consume a lot

Stamina, now...huh! "

The Blood Flood Demon Lord was angry, his eyes were ferocious. "My lord, don't worry, this person will be handed over to his subordinates. If the Black Rock Demon can safely go to the second round, the subordinate will let this person know that he will offend me and wait. By then, the Black Rock Demon will definitely surrender at the feet of the adults. Side, become your slave

."

The Black Ling Devil licked his tongue, his eyes were ferocious, and the Tianzun on his body was released without hesitation.

He had long regarded Qin Chen as his prey.

"That's right, if the Black Rock Demon Lord walks to the second round alive, it will be more interesting. I will let him kneel at my feet to confess."

The Blood Flood Demon Lord said grimly.

On the other side, Moon Owl Demon Lord also licked his tongue and looked at Qin Chen interestingly.

Qin Chen slayed a challenging Demon Lord with a single blow, so that the other experts under the ring were ready to challenge the position of the Demon Lord. They were all in their hearts. He took the 16th-ranked Black Rock Demon Lord from his own challenge. The seats are swept away.

Although the previous battle was too fast, they were not sure how strong Qin Chen was.

But no matter what, Qin Chen is at least a strong Tianzun, and with the addition of the Black Stone Demon Lord, there are at least two strong Tianzuns in the Sixteenth Ring, and the average strong naturally dare not challenge easily.

boom!

At this moment, the challenge on the eighteenth ring is nearing its end.

"kill!"

The body of the Eighteen Demon Lord quickly bulged, as if it turned into a human-shaped tank, the halberd in his hand quickly soared, and the powerful man who aimed at the Demon Whale Clan slashed down.

Boom!

With a shocking roar, the strong man of the Demon Whale Clan had withstood the constant fighting, and finally couldn't bear it. With a bang, half of his body was directly exploded, blood raining, falling into the ring, and losing the challenge.

However, the Eighteen Demon Lords were reluctant and squirming, like lightning, and went straight to the strong demon whale clan, and an invisible Tianzun domain suddenly enveloped him.

This powerful demon whale clan was shocked and roared, an invisible magic light spewed out from his body, and at the same time his body retreated, trying to break through the eighteen demon king's Tianzun realm and escape from the ring.

As long as he goes outside the square, he will survive.

But how can the Eighteen Demon Lords give him hope of survival? He is hideous and hideous, with heavy magic lights like the sky, reappearing, allowing the strong of the Demon Whale Clan to smash into a field, but he is always under his control.

Finally, puff...

This powerful man of the Demon Whale Clan was slammed on the head by the Eighteen Demon Lords and exploded on the spot, blood flying across.

The soul of the strong man of the Demon Whale Race suddenly soared into the sky, his face was terrified, and he said in amazement: "Eighteen Demon Lords, forgive me..."

The Eighteen Demon Lord looked cold, and said coldly: "Since you dare to challenge this seat, you should have the consciousness of being shattered."

boom!

The demon halberd skyrocketed, like a mountain, crashing down, splitting the soul of the strong demon whale clan, and shattering the soul on the spot.

Within the scope of the blood battle platform, the monstrous magic formation surging, visible to the naked eye, the flesh and blood power and soul of this powerful demon whale clan after the body burst is shrouded by an invisible force in this large formation, slowly swallowing and dissipating Between heaven and earth.

"Roar!"

The Eighteen Demon Lord fell on his **** battle platform, and roared, "Who, who dares to come up, I will accompany you!"

The shocking demonic energy is soaring, killing intent is boiling!

Sixteenth ring.

Qin Chen's pupils shrank.

"This **** battle platform..." Qin Chen glanced around calmly, and clearly felt that under this **** battle platform, a terrible magic array surged, and all the strong who fell here, no matter their origin, Essence is still soul, everything will be slowed down by this battlefield

Absorb and dissipate without a trace.

"This **** battlefield seems to be a battlefield, but in fact, it is the same as the duel field of the Blackrock Devil's Heart Island, and it also has a swallowing formation."

"Hmph, these so-called challenges still seem to replenish energy for the magic source array of this chaotic God and Demon Sea."

Qin Chen's eyes were cold.

In that case...

"It seems that no matter how many people are killed, this eternal demon will not mind, and even hope that as many people die as possible."

Qin Chen glanced at the high eternal demon, and had an idea in his heart.

At this time, the challenge on the seventeenth ring had come to an end.

This person chopped the scimitar, covered in blood and boom, in the body, there was the origin burning and boiling.

boom! He shot with all his strength. This knife, obviously with all his strength, was able to sever the light of the stars, engulfing the force of a thousand jun, traversing the void, slashing down, visible to the naked eye, a piece that was billions of feet long. The knife is crushed down, as if to be the whole

The squares were all split apart.

The Seventeen Demon King also knew that it was the critical moment, roar, he roared, above his fist, a fierce iron armor, with sharp bone spurs protruding out, a bone shield appeared in his left hand, and the shield was used to block the knife, and at the same time he punched the challenger in armor A punch came out.

Boom! The knife and shield collided with a click, and the bone shield on the left arm of the Seventeen Demon King instantly shattered. At this time, the right fist of the Seventeen Demon King had already blasted on the body of the strong demon clan with a click. , His chest, armor shattered, blood sprayed splash.

However, this person has a hideous face, regardless of the body that was hit, holding a knife in both hands, and slashing with all his strength.

boom!

The Seventeen Demon Lord roared, and his left arm was directly smashed to pieces. The broken body instantly flew out, fell into the ring, and sprayed blood.

Lost!

Below the ring, many people were shocked.

The Seventeen Demon Lord was cut off the ring, according to the rules, falling off the ring is considered a successful challenge.

"Roar!"

The armored demon strong man holding a machete, roared up to the sky, bleeding from the corner of his mouth, blood red in his eyes, and his expression excited.

He succeeded and became the new Seventeen Demon Lord.

"No, I'm not defeated yet!"

Under the **** battle arena, the Seventeen Demon Lord who was blasted off the ring was unwilling, roared, and rushed to the strong scimitar again.

However, his figure just moved.

Suddenly a big hand appeared. This big hand, with its devil qi surpassing the sky, was vast and boundless. It directly pinched the Seventeen Demon Lord. It was the Eternal Demon King, just like pinching an ant.

"Master Eternal..."

The Seventeen Demon Lord was squeezed tightly, and he woke up from the madness, trembling all over, and said in horror: "My lord is forgiving, the subordinates have no intention of breaking the rules..."

When he fell into the ring, he was regarded as a loser. When he shot again, he had already broken the usual rules, and his heart was suddenly terrified.

However, the Eternal Demon King did not give him a chance to speak at all. Before the words were finished, with a bang, the Eternal Demon Lord directly squeezed his giant hands and snorted. The original Seventeen Demon Lord suddenly screamed, and his body was instantly squeezed and exploded. , The soul gathers and disperses.

"It is the first thing to do things under the command of this king."

The Eternal Demon said coldly.

The audience was silent and silent.

"continue."

The eternal demon said coldly, withdrawing his big hand of devil energy, and staying high.

Next.

The battle continues.

A famous expert has challenged one after another, most of them, the challenge is the eighteen demon king and the new seventeen demon king.

The Eighteen Demon Lords themselves were full of scars. After resisting a few challengers, they were finally wrapped up in the flesh by a strong man of the Demon Zhang clan, and they burst open instantly, leaving no bones.

Eighteen demon kings, change owners!

Immediately afterwards, the Scimitar Demon Clan, who had just become the Seventeen Demon Lord, was also beheaded on the spot by the next challenger, blood flowing into a river.

Seventeen demon kings changed hands again.

Not only the Eighteen Demon Lords and Seventeen Demon Lords, but also the Fifteen Demon Lords and the Fourteen Demon Lords, are all challenged, but the overall strength of these two great demon Lords is obviously stronger than that of the Seventeen. .

The challenger who came up was easily defeated and never dared to challenge again.

Therefore, the most fierce battlefield is the seventeenth and eighteenth demon kings.

The blood battles of these two great demon kings, almost every few opponents, will rotate one, which is extremely bloody.

But it mobilized the emotions of everyone on the court.

It ignited the enthusiasm in their hearts.

This is the Magic Island Conference, the Magic Island Conference that is splattered with flesh and blood every time.

"This demons is really crazy."

Qin Chen couldn't believe it.

Tianzun powerhouses, no matter what race they are in, are considered top powerhouses.

But here, the battle is dead to the end. Once the challenge fails, it is either dead or disabled.

There are even more dead and fewer disabled.

Such loss made Qin Chen unbelievable.

Although there is competition among human races, such competition is only to mobilize everyone to practice. Unlike this demons, every challenge is a **** battle.

And the eternal demon king, also aloft, said nothing, seemed to be happy to see such a tragic fight.

This is abnormal.

For some reason, Qin Chen always felt that such a mechanism as the God of Chaos Demon Sea seemed to have been born specifically for fighting, allowing a famous demon clan powerhouse to fall and nourish the demon source formation below.

But isn't the Mozu afraid that the strong will dry up like this?

How can a Tianzun be born so well?

Any race, Tianzun, can be called a strong person. How can it be so easy to give up if it is too late to protect? Fall?

Because the birth of Tianzun is too long, but here, Tianzun seems to be without money.

"No, the number of Tianzuns born in the Sea of Chaos Gods and Demons is also very abnormal. Just now, at least nearly ten Tianzuns have fallen, and it is this time the Demon Island Conference."

Qin Chen's brows were solemn, and he glanced at the Black Wind Demon General.

Even the Black Wind Demon Generals under the command of the Black Stone Demon Lord boasted that he could become the Heavenly Lord within a hundred years.

The speed of emergence of the strong is too amazing. And Qin Chen also learned from Mei Yaoqing that outside the Chaos Gods and Demon Sea, the number of other demon powerhouses born is actually not many, and it is normal. Only this Chaos God and Demon Sea thinks that the duel is against the demon. Island convention, coupled with fierce competition

Struggle, the strong will be born continuously.

This is also the reason why Mei Yaoqing and other powerhouses outside of Chaos God and Demon Sea will be attracted to Chaos God and Demon Sea.

Because in Chaos God Demon Sea, it is easy to become stronger.

"Is it because of competition?"

Qin Chen thought, "No!"

He shook his head.

Although competition can lead to more powerful players, it will never be so exaggerated.

"It's the Dark Pool!"

Thinking of the characteristics of these stronger people, Qin Chen's heart moved.

Whether it is the Black Wind Demon General, many powerful demon kings, and all Tianzun powerhouses, they all have one obvious thing in common, that is, they have entered the dark pool and have been baptized.

Any strong person who enters the dark pool for baptism will be significantly improved in strength.

"In that case, the dark pool is the real key!" Qin Chen suddenly understood.
