

Valkyrie 4471

[Chapter 4471: Qualifying](#)

"But, what is the reason for the ancestor of the deep demon to do this?"

Qin Chen frowned again.

"The constant birth of the strong, and the constant fall of them."

This seems to be an odd cycle.

"There must be something hidden in this."

Although he didn't understand the ultimate goal of the ancestors of the deep demon, Qin Chen was certain that the demon clan was definitely in this chaotic sea of gods and demons, setting out the overall situation.

Finally, after many fierce battles, the **** battlefield returned to calm.

No one has come up to challenge again.

And on the **** battle arena, blood is everywhere, two **** demon gods, standing proudly on the seventeenth and eighteenth arena, become the new demon king.

Roar!

Countless strong people below roar fiercely.

This is the attraction of the Demon Island Conference, each time a new Demon Lord will be born.

The two demon kings waved the weapons in their hands and roared to the sky, extremely excited.

"Very well, the defensive challenge is over, and next is the qualifying match."

Hum!

Above the throne, the Eternal Demon King raised his hand, and immediately, the countless rays of light enveloped the blood battle platform rose instantly, including the blood battle platform where the twelve demon kings were in front, and lit up at the same time.

boom!

The audience was boiling, and finally it was the most passionate battle.

Challenges such as the 17th and 18th Demon Lords battles, although fierce, but for the many powerful players present, it is only an appetizer. The real meal is a qualifying match for all the Demon Lords.

This is the truly exciting battle.

The battle of the top demon is what they look forward to most.

"Is it finally the main show?"

Qin Chen chuckled, looking forward to it for a long time.

"Magic dust, defend the match, we persisted, the following strategy is to defend the position of the Sixteen Demon Lord."

At this time, the Black Stone Demon Lord came to Qin Chen's side, summoned the top ten demon generals, and said in a deep voice, "With the strength of my waiting, it should be no problem to hold the position of these sixteen demon kings."

"Is it just defending?"

Qin Chen smiled, with a hint of war intent in his eyes.

"What do you want to do?" Blackrock Demon Lord frowned.

Qin Chen smiled and said, "I'm afraid, Lord Black Rock wants to hold the position of Sixteen Demon Sovereign safely, but some people will disagree at this Demon Island Conference."

"You mean..."

The Black Stone Demon Lord turned his head and followed Qin Chen's eyes to see where the Twelve Demon Lords' blood battle platform was located. The Blood Flood Demon Lord was staring at him with a sneer, with a mocking smile outlined at the corner of his mouth.

This made Blackrock Demon Lord's heart sink.

There is no doubt that even if they just want to keep their position, the Blood Flood Demon Lord and the others will not easily agree.

"I can only act by chance. With the strength of this seat, hum, if the Blood Flood Demon Lord wants to easily repel this seat, it will not be so easy."

Black Rock Demon Lord said coldly, a terrible killing intent filled his body.

She can become the Sixteen Demon Lord, not by beauty, but also by killing. Although the Blood Flood Demon Lord is strong, she is not weak. If you really want to fight, there is no fear.

The Black Stone Demon couldn't help but glance at Qin Chen, and he was relieved. This time, thanks to the presence of Qin Chen as a top-level demon general, otherwise she would still be a little stressed in her heart, but with Qin Chen, plus her, the two joined hands, not to mention the previous terms. , Hold the position of the Sixteen Demon Lord,

She prides herself on nothing wrong. "This second round is the demon ranking. Any demon king in any position can challenge other ranked demon kings. All the demon kings will lose, regardless of life or death. The lower demon king challenges the upper demon. You have two chances, you lose twice in a row

After that, you cannot continue to challenge. If you win, you can continue to challenge until you lose. "

"In this round, the demon generals under the demon ruler can also challenge the position of the demon ruler behind his demon ruler ranking. If they can defeat any demon ruler alone, they can win the demon ruler row in which the demon ruler is located. Position and become the new demon king."

"Now, this king announced that the Mojun Ranking Tournament has begun for this Modao Conference."

Accompanied by the eternal demon's scream, with a bang, endless magic light rose up on this square, and the blood-colored magic light penetrated the sky, setting off this square like Shura Purgatory.

The rules of qualifying are simple. The low demon can challenge the high demon. There is no limit to the position of the challenge, but there are only two chances of failure.

If you fail twice, you lose the qualification to continue the challenge.

At the same time, the demon generals under the command of the high-level demon can also challenge the low-level demon. If they win, they can occupy the position of the low-level demon.

Each time of the Magic Island Conference, in the Magic Lord Qualifying Tournament, is the time of greatest change.

Because the demon generals under the command of the top demon kings have extraordinary cultivation bases, and they can always occupy the positions of several lower demon kings.

As the voice of the Eternal Demon fell, the atmosphere on the court instantly became extremely solemn and solemn.

All the demon kings looked around vigilantly, except for the first, second, and third demon kings who were calm and composed, one by one, as stable as a mountain, the other ranked demon kings looked cold and scanned the surroundings.

Because, in each of the Demon Qualifications, except for the top three Demon Lords, almost any Demon Lord in any ranking will be challenged, without exception.

Able to rise, who doesn't want to improve their status?

In Chaos God Demon Sea, the higher the ranking, the more chances and resources they get, and even the benefits of entering the Dark Pool later. No one is unwilling to fight for it.

In this solemn atmosphere, for a while, no one moved.

"Black Ling Demon General!"

Where the Twelve Demon Lords were, the Blood Flood Demon Lord glanced at the Black Ling Demon Commander with a grinning look, pointed at the location of the Black Stone Demon Lord, and chuckled.

"Subordinates understand."

The Black Ling Demon also laughed.

He understood what the adults meant.

This is to let him take action, target the Blackrock Demon Lord, and let the other party know the fate of not taking his Lord Blood Flood.

"Wow!"

He saw the Black Ling Demon General swayed, and immediately flew up and swept straight towards the Sixteen Demon Lord's blood battle platform.

"It is said that Lord Black Stone Demon Lord is a hero of the female middle school. I am extremely admired in Xia Hei Ling, and today I want to learn about Lord Black Stone Demon Lord's brilliant tricks."

The black-collar demon lord laughed and said, the dragon walked and the tiger stepped, the magic light bloomed in his eyes, and he stepped forward. The posture was arrogant and shook the world.

"this is....."

Seeing this, many people were immediately excited. They all knew the grievances between the Blood Flood Demon Lord and the Black Rock Demon Lord. Is the Blood Flood Demon Lord going to deal with the Black Rock Demon Lord?

It was really exciting to encounter such a shocking scene as soon as I came up.

"This blood Jiao..."

On the stage of the Sixteen Blood Battle, the Black Stone Demon looked ugly, and his heart was angry.

The Blood Flood Demon Lord is too arrogant, thinking that sending a demon general can shake his position? I underestimated myself.

"Magic dust, you come to guard me..."

The Black Stone Demon Lord turned his head to look at Qin Chen, and said, but before he finished speaking, he saw Qin Chen whizzing and flew straight up.

"Master Blackrock Demon Lord, Black Wind Demon Lord, everyone, let's go!"

Qin Chen flew up and strode forward.

"Go? Where to go?"

The Black Wind Demon General was a little startled, they were defenders.

"Magic dust?"

Blackrock Demon Lord also frowned, what the **** is he doing?

Just listen to Qin Chen with a chuckle: "Master Black Stone Demon Lord, what's the meaning of guarding, the position of the sixteen demon Lord is not in line with your identity, and your position should be higher."

boom!

When the voice fell, Qin Chen suddenly appeared a magic sword in his hand, the magic sword burst into magic light, and instantly swallowed out a terrible light, step by step toward the blood battle platform where the twelve demon king blood flood demon king was.

This kid...

In the audience, many people were shocked, the demon general under the command of the Black Stone Demon Lord, so crazy!

What is he doing? Don't guard the 16th Demon Lord's ring well, and actually leave the ring and walk towards the blood battle arena where the Twelve Demon Lord Blood Flood Demon Lord is. Is he going to challenge the Blood Flood Demon Lord's position as the 12 Demon Lord?

"Hei Ling, kill him!"

Seeing this, the Blood Flood Demon Lord said angrily.

"Yes, my lord!"

The Black Ling Demon General suddenly charged with a terrible magic power, rumbling, and the sky-shaking roar resounded throughout the world, and you saw the sky full of black feathers, floating the world.

Wow!

These lines of feathers seemed to cut through the heavens and the earth, and when combined, they instantly turned into a black demon sword that reached the sky, slashing towards Qin Chen violently.

boom!

The black sword rain, like a vast ocean, covered the sky and the sun, completely enclosing Qin Chen.

"Boy, die."

Hei Ling devil outlines a mocking smile at the corner of his mouth, his face is hideous, countless feather swords are like sharp blades, madly cutting to Qin Chen's body.

Seeing that the sky full of sword aura was about to be slashed violently, Qin Chen sketched a mocking smile at the corner of his mouth, raised the magic knife in his right hand, and crashed down.

"Hmph, it's too naive to block the attack of the magic feathers in this seat."

The Black Ling Demon sneered, his sword aura becoming more and more terrifying.

The other audiences were also shocked. They could feel the terrible attack of the Black Ling Demon. Moreover, the Black Ling Demon would act first, urging the power to the extreme long ago and condensing it to a peak state.

Under normal circumstances, any master should know when to temporarily avoid the edge.

For example, what Qin Chen should do most now is to retreat first to avoid the attack of the Black Ling Demon General, rather than rushing forward like this idiot and seeking his own death.

Everyone could already imagine the scene after this blow, and the arrogant Qin Chen would surely be instantly cut into countless pieces of flesh and blood, and to pieces.

In the excitement of everyone's eyes, the magic knife in Qin Chen's hand has already met the sky full of sword aura that the Black Ling Demon slashed violently.

If you slow down the time flow by 10,000 times, you can clearly see that after touching the magic knife Qin Chen chopped out, the black feather demon commander's sky-filled feather sword aura was shattered immediately. Open.

Because there is too much black feather sword energy between the world and the earth, dense and dense, like the ocean, a feather sword is shattered, and another feather sword is smashed up immediately, but it is also broken and fragile. Vulnerable.

If the flow rate of time increases a little bit, you can hear the "ding, ding, ding," crisp sound.

And if the flow of time was normal, everything would be like an electric flint, Qin Chen slashed down with a thud, bursting into pieces like the sky full of feathers and sword aura in an instant.

The sword energy like a long river was instantly torn open a huge gap by the sword energy that pierced the sky, and it was split in an instant. Countless sword qi was wiped out, and countless sword qi crazily exploded, shooting in all directions.

Puff puff!

The sword aura shot wildly in the sky, and slammed to other blood battle platforms. Upon seeing the strong magicians in the blood battle platform, their faces changed slightly, and they rose to the sky and shot strongly, directly smashing the sword energy that came out .

And their bodies, also under this sword aura, retreated one after another, and their complexions changed drastically.

This sword spirit is so strong.

Even a small path shot out was enough to shock them, not to mention that it turned into a vast river of swords.

But such a terrifying river of swords burst into pieces instantly under Qin Chen's magic knife.

The countless inverted Black Ling Sword Qi swept madly towards the Black Ling Demon General, and the Black Ling Demon General changed his complexion greatly.

"what!"

The black feather demon will roar, and the pain is deep into the bone, he is actually injured by his own attack.

"Boy, I want you to die!"

The Black Ling Devil roared and boomed, and a more terrifying sword aura rose into the sky in his body.

However, he is fast and Qin Chen is faster.

Cang!

The knife flashed.

The pitch-black blade light, like the sky, instantly passed the throat of the Black Ling Demon General.

Uh uh uh! The Black Ling Demon would cover his neck, and blood spattered from his palms instantly.

[Chapter 4472: Not return yet](#)

boom!

After Qin Chen's knife passed the throat of the Black Ling Demon General, the terrifying sword aura contained in Qin Chen's knife finally made a terrifying roar.

With a bang, the sword's energy rushed into the sky, and a magic knife phantom appeared directly in the void behind the Black Ling Demon Commander, and the void seemed to be smashed under the knife.

"you....."

The Black Ling Devil was holding his throat, looking at Qin Chen in disbelief, blood gushing out of his neck, he couldn't stop it.

According to the truth, at the realm of Heavenly Sovereign, the body is almost composed of energy, and it is impossible for the blood to stop. But at this moment, the black demon commander who was slashed by Qin Chen could not stop the blood gushing out of his neck. , Even his physical body began to slowly annihilate from the neck.

"Do not!"

The black ling demon horrified his eyes, and he could feel that a terrible force was pouring into his body along the wound on his neck. Under this force, his physical body continued to collapse, and the source of the devil was there. Annihilated.

What is this power?

He turned around in horror, looked at the Blood Flood Demon Lord on the Twelve Arena, and tried to find the Blood Flood Demon Lord's help. However, he could only turn around, without even saying a word, and the whole body burst into pieces in an instant. Under everyone's eyes, above the height of this **** battle platform, a little bit of it turned into nothingness, and annihilated with the wind.

boom!

A Tianzun level powerhouse, just burst into pieces, turned into powder, dissipated in the wind, nothing was left, and turned into nothingness together with his soul.

As soon as Qin Chen raised his hand, an invisible force was born, instantly swallowing the source of magic in the Black Ling Demon and turning it into nothingness.

Although this Black Ling Demon General is not a top-level powerhouse, he is also a master of Heaven. His origin is of great benefit to the Lord of All Souls and Lord of Skyfire. It also nourishes the Devil Tree of the Ten Thousand Worlds. Naturally, small effects cannot be wasted.

And such a move shocked everyone present.

"Boy, you are so courageous, you dare to kill my **** magic commander, you are looking for death!"

On the twelve arena, the Blood Flood Demon Lord reacted, and an angry sharp light burst into his eyes, and the whole person stood up suddenly and roared.

boom!

In his body, a terrible demon energy rose to the sky, and the demon energy turned into a vast ocean, surging on the twelve blood battle platform, like a demon prison.

He never expected that the first demon general under his command, the Black Ling Demon General who was expected to take the position of the eighteen demon kings, would be killed by Qin Chen so easily. Ling Mo will rush forward and start his hand.

The loss of a master like Black Ling Demon now is also a huge loss for him.

Originally, relying on the Black Ling Demon General, his Blood Flood Demon Lord was also preparing to fight for the top ten demon king rankings. The two Heavenly Venerable Masters, plus other demon generals under his command, might not be able to make the top ten.

But now, the Black Ling Demon is dead, and he wants to attack the top ten demon kings, it is almost impossible, the top ten demon king, which subordinate does not have a heavenly master? How can he fight alone?

Thinking of this, he couldn't hold back his killing intent anymore, bang, and his whole person rose up into the sky, grabbing Qin Chen in an instant.

With a bang, I saw a huge blood claw appear between the sky and the earth. Above this blood claw, the power of cold demon energy exudes, like a magic dragon protruding his claws in the endless sky, as if it can cover the world. It was torn and pressed straight down towards Qin Chen cover.

The **** demon king under the anger, this is to rely on his own cultivation base to directly obliterate Qin Chen.

This... does not break the rules.

The high-level demon may have one chance to attack the low-level demon, but only once. No matter whether you win or lose, you will lose the opportunity to continue to challenge upward.

This is also for balance.

Otherwise, wouldn't the high-ranking demon be able to easily slaughter the lower-ranking demon? Like the first demon king, if the high demon king can freely attack the lower demon king, the first demon king is enough to kill all the other demon kings, allowing his own demon kings to occupy all the positions of the demon kings.

Therefore, this opportunity to shoot is particularly precious.

Therefore, when everyone saw that the Blood Flood Demon Lord under the anger actually shot Qin Chen, all the strong people present changed their colors slightly.

Blood Flood Demon Lord this is tantamount to giving up the opportunity to go forward and choosing to kill a demon general to vent his anger.

This is too big for a small loss, right?

What they didn't know was that the Blood Flood Demon Lord knew very well that he lost the Black Ling Demon Commander and had lost the opportunity to continue to challenge the position of the higher Demon Lord. It's better to kill Qin Chen directly to relieve his heart. hate.

Between the heavens and the earth, huge blood claws appeared, and the cover fell, covering one heaven and the earth. The breath that broke out, confining the four directions, was as strong as the heavenly powers. Under this breath, they had difficulty breathing and couldn't move.

The Blood Flood Demon Lord, the Twelve Demon Lords, his prestige has already shocked the entire Eternal Demon Island for hundreds of millions of miles. At this moment, everyone looked at Qin Chen with pity.

No matter what terrifying strength Qin Chen had shown before, now that the Blood Flood Demon Lord made a move, everyone knew that Qin Chen was bound to die.

Such a talented arrogant is about to fall here, and everyone's eyes show a different look, with ridicule, sneer, disdain, and compassion.

"dead!"

The Blood Flood Demon Lord roared, and his attack was about to hit Qin Chen.

at this time.

"Magic dust, get out of the way!"

An angry voice resounded through the world, booming, behind Qin Chen, a black stream of light suddenly appeared, and suddenly appeared in front of Qin Chen.

It was the Black Rock Demon Lord, with terrible magic light blooming on her body, and above her right fist, a demon shadow faintly appeared, blasting at the **** demon claws.

Boom!

The two terrifying forces collided, and the Black Stone Demon Lord stood proudly in front of Qin Chen, his figure still, and he abruptly withstood the blow of the Blood Flood Demon Lord.

Whoosh whoosh!

Moreover, on the sixteen blood battle platform, a wave of magic light rose to the sky, and it was the Black Wind Demon General and others who quickly came to Qin Chen's side, and the same enemy was angry.

Faced with the attack of the Blood Flood Demon Lord, the Black Stone Demon Lord did not evade, and resolutely appeared in front of Qin Chen, blocking the blow for her.

"It's Blackrock Demon Lord."

"She actually shot."

Seeing the Black Rock Demon Lord took action, many demon experts in the audience were shocked and shook their heads one after another.

Idiot, too idiot.

"The high-ranking demon king can only make one shot against the lower-ranking demon king. Before, the Blood Flood Demon Lord chose to kill the Demon Dust Demon General. In other words, as long as

the Blood Flood Demon Lord was allowed to kill the Demon Dust, the Blood Flood Demon Lord General
There is no right to do anything to the Blackrock Demon, otherwise it will break the rules."

"But now, the Black Rock Demon Lord actually took the initiative to block the blow for her demon generals. Doesn't she know that if she does this, the Blood Flood Demon Lord is fully qualified to act on her, she is seeking her own death? Road."

Some powerful demons shook their heads, only thinking that Blackrock Demon Lord was too idiotic.

The next demon commander is just dead, and as soon as the demon dust dies, she is safe, but now she takes action, it means that the blood flood demon lord has every reason and is qualified to deal with the black stone demon lord and all her demon generals. Shot.

Originally, only one would die, but now, Blackrock Demon Lord Island, I am afraid that all of them will die here.

"Naive!"

"moron!"

The voices resounded above the blood battle platform without any cover up, they were very naked.

This is the Sea of Chaos Gods and Demon. Here, there is no emotion, and some are just benefits. In the eyes of many powerful people, the demon generals under the command of the demon are just subordinates, just slaves, and death is not a pity.

"Blackrock Demon Lord, get out, do you have to be an enemy of this seat?"

Seeing that the Black Stone Demon Lord took action, the blood-sweeping demon lord was furious at first, but then, a shocking ecstasy burst into his eyes.

Blackrock Demon Lord, this is his own death.

boom!

He stepped out, and in his body, a magical energy lingering from the sky lingered out, and you could see that a terrifying dragon shadow appeared above his head, like a demon dragon overlooking the world and controlling everything.

The Black Stone Demon Lord had cold eyes, looked at the Blood Flood Demon Lord coldly, and said in a deep voice: "Devil Chen is a demon general under the command of the Lord. If you want to kill him, I asked the Demon Lord to agree or disagree."

The Black Stone Demon Lord said in a deep voice, a magic light burst out in his body, without retreating.

"Hahaha!" The blood scorpion demon lord stepped forward, his killing intent became stronger and stronger: "It's just a demon general, ants, you know, if you stand up for him like this, you will die by then?"

"Since you have taken action, the Demon Lord will give you one last chance to kneel down and submit to this Demon Lord, or you people on the Black Rock Demon Heart Island will all have to die..."

Blood Flood Demon Lord said solemnly, domineering.

The Black Rock Demon Lord cast his eyes down, his face was ugly, and said: "Blood Flood Demon Lord, life and death is a fate, your subordinate demon general challenged this demon Lord's subordinate demon general to fail. It is a normal confrontation, so why bother? How about your identity as the Twelve Demon Lords?"

"Hahaha..." Blood Flood Demon Lord looked up to the sky and laughed: "Black Rock Demon Lord, do you think this is possible?"

boom!

The terrifying magic wave in his body burst out directly, and the **** magic wave swept through everything like a vast ocean.

"Kneel down and surrender me, otherwise, die, choose one of the two, don't blame this demon for not giving you a choice."

The reckless and arrogant voice of the Blood Flood Demon Lord resounded through the world, causing the Moon Owl Demon Lord far away to bloom with a cold light in his eyes.

At this moment, the Blood Flood Demon Lord has completely let go. Since it is impossible to impact the position of the higher Demon Lord, then it is not bad to win the Black Rock Demon Lord.

The Black Stone Demon's face was cold, his eyes gloomy.

Now, it's a little troublesome.

Just as she was thinking about how to speak, she heard a chuckle, which suddenly sounded from behind her.

"Master Blackrock Demon Lord, there is no need to hesitate for so long..."

It was Qin Chen who flew forward from behind the Black Stone Demon Lord.

"What are you doing out? Do you die? Don't return."

Black Rock Demon Lord shouted angrily, said.

This idiot, Qin Chen dared to come up at this time, didn't he know that the reason he did it was to save him?

However, Qin Chen smiled at the Black Stone Demon Lord, then looked at the Blood Flood Demon Lord, and said with a chuckle: "Blood Flood Demon Lord, I have a third suggestion!"

"what?"

Blood Flood Demon Lord looked cold.

"Kill you, wouldn't everything be gone?" Qin Chen laughed lightly and looked at the Black Rock Demon Lord: "What do you say, my lord?"

"kill me?"

"Hahaha!"

The Blood Flood Demon Lord suddenly looked up to the sky and laughed, as if he heard an extremely funny joke.

The Black Stone Demon also looked at Qin Chen in disbelief. This fellow, at this time, is still coming up to make trouble. Does he know what he is talking about?

The other powerful demons present were also stunned, this kid, is he not an idiot? Killed the blood **** demon? The young people nowadays don't know that they have great strengths.

If the Blood Flood Demon Lord was so easy to kill, how could it occupy the position of the Twelve Demon Lord.

But in the eyes of everyone watching the idiot, Qin Chen smiled suddenly, and then suddenly moved in the eyes of everyone's mocking.

boom!

His figure transformed into an electric light, and in an instant, he appeared in front of the **** dragon demon king, and the magic knife in his hand had already been cut out like lightning.

"boom!"

The light of billions of magic swords burst out frantically, and Qin Chen suddenly appeared in front of Qin Chen with a magic sword light that penetrated the sky.

"Magic Dust..."

The Blackrock Demon screamed in anger.

She was instantly filled with anxiety, what is this magic dust doing? He actually took the initiative to act on the Blood Flood Demon Lord, doesn't he know how strong the Blood Flood Demon Lord is as a twelve demon king?

[Chapter 4473: Magic tree change](#)

At this moment, Blackrock Demon Lord's heart was full of anxiety and tension.

She can already imagine the fate after this blow. With Qin Chen's strength, it is impossible to break through the defenses of the Blood Flood Demon Lord, and if a hit is missed, the Blood Flood Demon Lord can completely kill Qin Chen with a backhand. .

This idiot, he managed to make a move, why did he want to die?

Furious and anxious in his heart, the figure of the Black Stone Demon suddenly turned into an afterimage, and he rushed to stop Qin Chen.

However, Qin Chen's speed was too fast. With a single shot, the blade's light shone, like a pike, suddenly cut out, came prepared, so that the Black Rock Demon Lord who had not had time to react for a while had no time to stop it.

boom!

The light of the sword suddenly came to the front of the **** demon king.

"Hahaha, you idiot, are you looking for death?"

Not only was the Black Rock Demon Lord shocked, but the Blood Flood Demon Lord was also dumbfounded at this moment?

This Demon Dust Demon General dared to take the initiative to do something on himself, God...

You don't know the sky is too thick, right? At this moment, Blood Flood Demon Monarch even forgives Qin Chen a little. This guy is a fool at all. Relying on his own strength, he is lawless, not afraid of heaven and earth, thinking he is invincible, but he doesn't know.

What kind of position he is in, dare to do something to himself, the Twelve Demon Lord.

What an idiot looking for death.

The Blood Flood Demon Lord sneered, and he was angry at an idiot before.

Thinking so compassionately in his heart, the movements in the hands of the **** dragon demon kept on, booming, a mocking smile was drawn from the corner of his mouth, and his big hand directly stuck out, grabbing and shooting at Qin Chen.

The blood-colored claws covered the sky and the sun, like a curtain of sky, and instantly collided with the knife light that Qin Chen split.

The Blood Flood Demon Lord could even imagine the result, the sword light of the Demon Dust Demon General in front of him was directly caught and exploded, and then his whole person was also squeezed and exploded by himself.

Thinking of this, Blood Flood Demon Lord's heart was filled with excitement. He wanted to obliterate Qin Chen in such a way that all the powerful people on the Eternal Demon Island would know that he would offend him.

boom!

Finally, the blood-colored claws of the Blood-Flood Demon Lord caught the light of the knife that Qin Chen had split.

"Hahaha! Break this seat!"

The Blood Flood Demon Lord looked up to the sky and laughed, and he was about to catch the light of the knife that Qin Chen had split directly, but when he grabbed it hard, his face suddenly changed color.

Because when he grabbed it, the light of the knife Qin Chen cleaved didn't even move. What made him even more shocked was that the blade light contained an extremely terrifying power, which burst into his claws like a storm, and was so strong that he could not resist it at all. , There were numerous cracks suddenly

Pattern.

"what?"

The eyeballs of Blood Flood Demon Lord suddenly rounded.

boom!

In the next moment, the **** claws of the **** demon king burst open, and the screams resounded through the weather, and the **** demon king's claws were shattered, and the whole person was instantly blasted out, embarrassed, and blood was thrown into the void .

"what!"

The blood scorpion demon screamed with horrified eyes.

"Magic dust...return..."

Huh!

At this moment, the Black Stone Demon Lord finally came to Qin Chen, and with a thud, a terrifying aura erupted from her body, trying to resist the attack for Qin Chen, and at the same time looked nervous and looked forward.

The next moment, her eyeballs went round instantly, and she stopped halfway through her words, her expression dull, as if she saw something unbelievable, she was stupid.

day!

What did she see?

Instead of being bombarded and killed by the Blood Flood Demon Lord, Qin Chen severely wounded the Blood Flood Demon Lord with a single knife and flew out.

"I...you..."

The Demon Lord of Black Stone looked up at Qin Chen, then turned to look at the Demon Lord Blood Flood, who was making a stern roar, then turned to look at Qin Chen, and at Demon Lord Blood Flood who continued to roar, his mind was completely stunned. .

who am I?

where am I?

What just happened?

Blackrock Demon Lord's mind was dumbfounded.

Not to mention the Black Rock Demon Lord, all the powerful Demon Race on the court are stupid, staring at everything in front of them dull.

"This son..."

Even the strong like the First Demon King flashed their eyes.

And the eternal demon aloft also showed a surprised smile.

"interesting!"

The Eternal Demon murmured, chuckling.

"Master Blackrock Demon Lord, what's wrong with you?"

Above the boundless killing formation, Qin Chen chuckled lightly and pinched the Qiong nose of the Black Stone Demon Lord, which awakened her from shock.

In the distance, when the Moon Owl Demon Lord saw this scene, his pupils suddenly shrank, and a chill appeared.

"You, what did you do?"

Blackrock Demon Lord said stupidly. "What did you do?" Qin Chen said with a light smile: "Master Black Rock Demon Lord, you are not fascinated by the handsome appearance of your subordinates, are you? The subordinates are not talking about it, just kill the blood flood demon. Jun, just solve everything? Don't worry, then

The Blood Flood Demon Lord is not dead yet, Master Black Rock Demon Lord, wait a while, and your subordinate Ma Rang will make you the new Twelve Demon Lord. "

Qin Chen said as he stepped forward.

boom!

In the body, the sword aura that pierced the sky frantically slashed, rushing into the sky, shocked that the entire **** battle array was roaring.

"what!"

On the opposite side, the Blood God Demon uttered a terrifying roar.

His eyes were blood red and his face was full of anger.

What did that kid do to him? He actually abolished one of his arms in full view. At this moment, the blood-snake demon's face turned red, and endless anger emerged in his heart.

For many years, since he became the Twelve Demon Lord, he has never encountered such a shame.

At this moment, he actually reminded him of the scene when he was still weak and struggling in the sea of chaos and demon.

"you wanna die!"

boom!

The Blood Flood Demon Lord roared, his body suddenly enlarged, and he heard a bang, and a huge blood-colored flood dragon appeared in the sky and earth.

This is the body of the Blood God Demon Lord.

Scarlet Demon Jiao!

The body of the Demon Flood Dragon is extremely majestic, tens of thousands of miles long, winding the sky, as if covering the sky, this huge body of the blood flood, spreading like a mountain range in the sky is undulating and tossing.

If it weren't for the space in this **** battlefield formation, it was an independent space, and the square would simply not be able to accommodate so many powerful men.

Roar!

The blood-colored demon flood roared, slaying madly at Qin Chen, blood-colored scales bloomed with blood, and on the scales, there was a wave of magic patterns surging, and the power of darkness was escaping. breath.

"Sure enough, many of the strong in this chaotic sea of gods and demons have the aura of darkness on their bodies."

Qin Chen's eyes flashed, which further confirmed his guess that the reason why there are so many powerhouses in this Chaos God Demon Sea is most likely because of the dark pool.

boom!

The Blood Flood Demon Lord opened his mouth wide, and suddenly a terrifying **** magic light burst out of his mouth, and immediately came to Qin Chen.

Where the **** magic light passed, the void vibrated, and countless spaces were annihilated and shattered continuously under this force.

"It's the magical light killer of the Blood Flood Demon Lord!"

"This is the innate supernatural power of the Blood Jiao clan, using every bit of power in the body to gather together to form a terrible lethal attack."

"The Blood Flood Demon Lord relied on this trick to kill the Demon Lord who was originally ranked twelve and became the new Twelve Demon Lord."

Seeing this trick, many veteran demons on the court all stared, showing shock.

They thought of the battle in which the Blood Flood Demon Lord became famous, and the power that ruined the world and the earth, now that it is palpitating.

"Be careful!"

The Black Stone Demon Lord looked shocked, and she shook her figure and suddenly appeared in front of Qin Chen.

Buzzing buzzing...

In the body of the Black Stone Demon Lord, a series of magic patterns rose up and gathered in front of her. Her hands crossed her chest and turned into a terrible magic light shield, which was about to resist this move for Qin Chen.

However, before she was able to accumulate energy, she suddenly put an arm around her waist and pulled her directly behind.

"Master Blackrock Demon Lord, you just need to watch the show carefully. Here, you don't need to act."

Qin Chen laughed softly, and the magic knife in his hand appeared again, booming, the terrifying sword aura suddenly cut out.

I saw a sword aura that pierced the sky, frantically exploding, and smashed like lightning on the magic light killing cannon fired by the blood flood demon lord.

"boom!"

The earth-shaking roar resounded.

An ecstasy was revealed in the eyes of the Blood Flood Demon Lord.

This idiot, didn't he know that his Moguanguang Killing Cannon couldn't be resisted at all? The more confrontation, the more violent the power in it, and only passive resistance like the Blackrock Demon Lord can reduce the power in it.

Although passive, this is the only way to survive.

The twelve demon monarchs that were ignorant of this back then made a counterattack that inspired the terrifying power in the magic light killing cannon, to pieces.

Today, another person is about to die by his own trick.

However, the ecstasy in the heart of the Blood Flood Demon Lord had not had time to fall.

His eyes rounded suddenly.

boom! I saw that after Qin Chen slashed the magic penetrating light that he spit out, countless terrible forces exploded, but Qin Chen's sword light, as always, was as powerful as a bamboo, as if entering a man's realm. The magic light he spit out

The cannon tore apart and came straight to him.

"what?"

"impossible!"

The Blood Flood Demon Lord stared with fright and furious eyes, and stared at Qin Chen's magic knife, slashing on his huge mouth.

puff!

The blood mist spattered, and the sword surged into the sky.

The huge body of the Blood Flood Demon Lord was directly annihilated by this knife, and became illusory, leaving only the soul suspended in the air.

With a stab, the flesh of the **** dragon demon was shattered.

Wow!

In an instant, there was a shocking uproar from the audience, and countless strong men stood up and looked at the front in disbelief.

"You...impossible, how could you be so strong?"

The Blood Flood Demon Lord only had his soul left, but the incredible expression in his eyes was still extremely strong, and he roared to the sky, he was going crazy.

Qin Chen is only a demon general, why is he so strong?

He is unwilling!

"Nothing is impossible, to tell you the truth, this seat is invincible."

Qin Chen said indifferently, the magic knife in his hand fell once again, and with a boom, the soul of the blood dragon demon lord had no time to dodge, and Qin Chen had already been slashed by Qin Chen and his soul was scattered.

Hum!

The terrible devouring power was born, and the powerful soul and origin of the blood-surgeon demon king was instantly swallowed by Qin Chen and collected into the chaotic world.

After the power of the Blood Flood Demon Lord was sucked into the chaotic world by Qin Chen, this power was instantly swallowed by the Demon Tree of the Ten Thousand Realms.

boom!

The Ten Thousand Realms Demon Tree swayed, and Qin Chen immediately felt pleasantly surprised that his Ten Thousand Realms Demon Tree had obviously improved at this moment. The power and dark aura in the **** dragon demon lord's body have greatly supplemented the devil tree of the ten thousand worlds. A trace of dark light blooms on the tree of the ten thousand worlds. Qin Chen vaguely felt that the aura on the tree of the ten thousand worlds changed. Get deeper, become more

The thick added.

Wow!

The leaves surging in the sky, the power on the Ten Thousand Realm Demon Tree, and the suppression of the power of darkness have also been significantly improved.

hiss!

This surprised Qin Chen.

What's going on, why can the power of the Blood Flood Demon Lord improve the Ten Thousand Realm Demon Tree so much?

At this moment, Qin Chen's eyes flashed, and his heart was ecstatic.

The promotion of the Ten Thousand Realm Demon Tree has always been the most troublesome place for Qin Chen. As a holy artifact of the Demon Race, the power of the Ten Thousand Realm Demon Tree is extremely terrifying. In ancient times, it is rumored that the Demon God also enlightened it.

It's just that in the human race before, because it can't absorb the power of the demon race, the promotion of the ten thousand world demon tree has been relatively slow. But now...

[Chapter 4474: Very dangerous](#)

When Qin Chen used various methods, such as Primordial Chaos, to nourish him when he was in the territory of the human race, the Demon Tree of the Ten Thousand Worlds had already reached the point of being close to the supreme level.

However, the Demon Tree of the Ten Thousand Worlds is a sacred item of the Demon Race. It is only possible to use the power resources such as Chaos Origin to raise it to the extreme. growing up.

Now that he came to the Demon Realm, Qin Chen clearly felt that the promotion of the Demon Tree of the Ten Thousand Realms had accelerated a lot, especially after absorbing the blood, origin and avenues of some powerful demon clan experts.

But this improvement is still slow after all. But now, after devouring the origin of the **** dragon demon king, the demon tree of the ten thousand worlds has actually improved visible to the naked eye, and a trace of darkness blooms on the tree of the ten thousand worlds, as if alienation has occurred, The pressure on the power of darkness

The system has also been amazingly improved.

This surprised Qin Chen.

He looked at the many demon kings present and couldn't help but move in his heart.

Absorbing the original power of the Blood Flood Demon Lord can make the power of the Ten Thousand Realm Demon Tree have a noticeable increase. If the other Demon Lords here are killed, then, will the improvement of the Ten Thousand Demon Tree be even more amazing?

Thinking of this, Qin Chen couldn't help feeling his heart.

On the high platform at this time.

After seeing Qin Chen's actions after killing the Blood Flood Demon Lord, the Eternal Demon King's eyes flashed and frowned slightly.

now.

The entire **** battle was silent, and many strong men recovered from the shock, their eyes were slightly cold.

Invincible?

This is crazy!

Does he know what he is talking about?

In the eternal demon lord, in front of the first demon lord and many demon lords, he was a junior who claimed to be invincible, knowing the height of the sky, hum.

Qin Chen naturally ignored the gazes of others around him, but turned and smiled at the Black Stone Demon Lord: "Master Black Stone Demon Lord, let's go."

The voice fell, and with a swish, Qin Chen landed directly on the **** battle platform of the Twelve Demon Lords.

The other demon generals under the Blood Flood Demon Lord's command all took a step back and looked at Qin Chen in horror, turning around and leaving the blood battle platform one by one.

but.....

boom!

Qin Chen slashed out with a slash, and the sword energy rushed into the sky, and the remaining demons under the Blood Flood Demon Lord's command would be wiped out instantly, with no bones left.

Those guys before, have mocked the Blackrock Demon Lord, mocked him, **** it!

At this time, the Blood Flood Demon Lord and the Black Wind Demon Commander also all landed on the Twelve Blood Battle Stage, all in a daze.

They, will they become the twelve demon kings?

Even the Black Rock Demon Lord himself was a little dazed, feeling like he was dreaming?

It's too easy to become the Twelve Demon Lords, right? "Master Black Stone Demon Lord, what is the position of these twelve demon Lords?" Qin Chen looked at Black Stone Demon Lord with a chuckle and said, "I don't know if Lord Black Stone Demon Lord is satisfied or dissatisfied with this position. If he is not satisfied, his subordinates will replace Black Rock Demon Lord. Lord Jun find a better position ."

Qin Chen raised his head and looked at the eleven blood battle stands in front.

"No matter which position you like, Lord Blackrock Demon Lord, as long as you speak, your subordinate will take it for you, because you know that your subordinate is invincible on this **** battle platform..."

Qin Chen said with a smile.

boom!

As soon as this statement came out, the audience was furious, and everyone looked at Qin Chen angrily.

This kid is not bad for defeating the Blood Flood Demon Lord. He has some strength, but he is also too crazy.

The Black Wind Demon General and others also looked at Qin Chen speechlessly, only feeling a little faint.

The first demon commander became more domineering.

Obviously, when he was on the Blackstone Demon Heart Island before, he only said that he was invincible among the demon generals.

Now that I have arrived at this Eternal Magic Island, in this Magic Island Conference, in this **** battlefield, I actually said that I was invincible here.

Black Wind Demon General, they only felt that their legs were a little soft and trembling.

This pretense is too much and will be struck by lightning.

Didn't he know that there are strong men like the First Demon Lord here? What Qin Chen said is equivalent to talking about the First Demon Lord. This... I'm afraid it's not looking for death!

"Hush!"

The Black Stone Demon was also taken aback, his slender white hands hurriedly covered Qin Chen's mouth, so that he would stop talking.

Otherwise, the hatred will be too deep.

"Master Black Stone Demon Lord, what is it for?" Qin Chen took away the tender hand of Black Stone Demon Lord and said with a smile.

"What I said just now, don't say it anymore."

The Black Rock Demon hurriedly transmitted the sound, and she had already felt countless killing intents passed from her surroundings. On the top eleven blood battle stage, many people looked over with bad eyes, with a cold chill.

Qin Chen smiled and said, "Why can't you say more? This is just a fact. Here, the subordinates are invincible!"

Suddenly, the surrounding chill became even worse.

The eyes of the Blackrock Demon also showed despair. Does this guy do not understand human words? With a little strength, he doesn't know that the sky is high and the earth is thick. Don't you know how to keep a low profile?

The strength Qin Chen demonstrated before was indeed terrifying, but no matter how strong he was, he would never be invincible on this **** battlefield. He said that, he would only pull hatred for himself.

really.....

"Jie Jie Jie, interesting, a little demon commander actually claims to be invincible, the frog at the bottom of the well, I don't know the height of the sky." A mocking voice sounded, everyone turned their heads and saw the Moon Owl on the Eighth Blood Battle Platform. A demon general under Jun's command was looking at this with mocking eyes: "Blackrock Demon Lord, it is very dangerous to have such a general under your command.

Those who know, know that it is this kid who doesn't know the heights of the sky, the person who doesn't know, thought it was the Demon Lord Blackrock, don't you put all the Lord Demon Lords in your eyes? "

The magic commander of the Moon King this month took the first two steps and sneered at the corner of his mouth: "Boy, you said you are invincible, do you know what invincible means?"

The Demon Lord of Black Rock couldn't help but look cold when he saw the Demon Lord under the command of Moon Owl talking.

However, with her character, she surprisingly did not argue.

"Magic dust, ignore him."

The Black Stone Demon turned his head to warn Qin Chen.

She knew very well that the Demon Lord of Moon Owl was asking Qin Chen on the surface, but actually wanted to bring Qin Chen and her into the pit so that they would be dissatisfied with other Demon Lords.

Because of Qin Chen's previous sentence, no matter how they answered, it would arouse public anger, which is really unwise!

The best way is to ignore it.

However, Qin Chen turned his head and glanced at him with a smile, his eyes narrowed slightly.

boom!

A blade of light burst out suddenly, like lightning, so fast that it was too late for people to react, and in an instant, it was cut on the head of this demon general.

With a bang, Moon Owl Demon Lord's first demon commander's figure was directly blurred, his body collapsed, leaving only a void of soul.

The eyes of the first demon commander of the Moon King this month were wide open, and his eyes were full of disbelief.

Was it seconds?

Was he actually beaten by the opponent?

At this moment, his mind was completely down, and he even forgot to think, only unbelievable emerged.

He was the first demon commander of the eighth demon king, the strong man of heaven, and he was actually seconded!

Not only him, but everyone else present was also stunned, never expected Qin Chen to make such an appearance.

"Don't you want to know what invincible means? This is invincible!"

Qin Chen's voice fell, and the magic knife slashed out again, with a blast of blade light, instantly engulfing the person's soul, crushing his soul instantly, and dispersing his soul.

Another Tianzun level first demon general was directly beheaded.

It's just that the demon general of the Heavenly Sovereign level was cut to death, and after his original power was absorbed by the Demon Tree of the Ten Thousand Realms, it was far less advanced than the Blood Flood Demon Lord.

This made Qin Chen frowned.

Could it be that only by killing and absorbing the origin of the Demon Lord level powerhouse, can the Ten Thousand Realm Demon Tree rise rapidly? Qin Chen was puzzled, but he kept moving his hands. He put away the magic knife, shook his head and sighed, "Hey, the strength is so weak, I actually asked if I know what invincibility means or where the courage comes from. The mother of his master, Moon Owl Demon Lord

Did you give it to Sissy? "

The words fall.

Everyone in the audience is petrified!

One by one looks horrified.

What did they hear?

The first demon under the command of Blackrock Demon Lord actually said that the eighth demon Lord Moon Owl Demon Lord is a sissy?

Doesn't he know that these three words are the most taboo of Moon Owl Demon Lord?

Everyone knows that Moon Owl Demon Lord is a bit perverted, neither male nor female, and yin and yang imbalanced, but no one has ever dared to say these three words in front of him, because those who dare to say these three words are already dead. Even some Demon Lords ranked above Moon Owl Demon Lord did not dare to say that easily, because Moon Owl Demon Lord went crazy, extremely terrifying, although other higher ranked Demon Lords were not afraid , But I don't want to provoke it for no reason.

A madman.

And now...

There was silence on the court.

"Magic dust, you..."

The eyes of the Black Stone Demon also showed horror, his face suddenly turned pale, and he stamped his foot severely.

Although she also disliked Monarch Moon Owl, she did not dare to say such things in front of Demon Lord Moon Owl. Qin Chen said that he completely offended Monarch Moon Owl. This guy is absolutely going crazy.

Sure enough, Qin Chen's words fell.

boom!

On the eighth blood battle stage, Moon Owl Demon Lord suddenly burst into the sky, rumbling, terrible magic energy surged in the sky like a tsunami storm, like a demon opening his blood basin.

"Boy, what are you talking about?"

The ferocious, icy, piercing and sharp voice resounded like a Yaksha roar from heaven and earth.

Moon Owl Demon Lord stared at Qin Chen's sullen eyes, bursting with anger.

"Isn't it?" Qin Chen looked at the Moon Owl in a puzzled way, "Dignified Demon, talking about yin and yang, not male or female, not a sissy, what is it? Oh, by the way, I heard that the human race specifically treats this One type of people is called shemales. In my demons, should I call them moon?"

Owl, are you a demon? "

"Ahem, no, this way, it seems that there is some disrespect for the monster race!"

Qin Chen said with a chuckle.

Everyone was dumbfounded.

Madman, this magic dust is a madman.

At this moment, even the First Demon Lord, the Second Demon Lord, and the Third Demon Lord looked over, squinting, and seemed to know Qin Chen for the first time.

Even if Qin Chen killed the Blood Flood Demon Lord and killed a Heavenly Venerable Demon Commander before, they had never looked at Qin Chen carefully, but now, they were really interested in Qin Chen.

Dare to say this to the Moon Owl Demon Lord, this person does have some courage.

Moon Owl Demon Lord is not an ordinary Heavenly Sovereign, but a mid-term Heavenly Sovereign powerhouse, even close to the mid-term peak Heavenly Sovereign, and the methods are fierce, far from a reckless man like Blood Flood Demon Lord.

He said that, with the temper of the Moon Owl Demon Lord, that would definitely go crazy.

In fact, Moon Owl Demon Lord has gone crazy.

boom!

Moon Owl Demon Lord rose into the sky, his cloak spread out like a curtain covering the sky, completely covering the sky.

An aura of coldness swept wildly between the world and the earth. Even if they were not in the aura of the Moon Owl Demon Lord, many powerful men felt from a distance and felt Senhan's killing intent.

"Boy, how many years have you been, you are the first person who dared to talk to me like this, don't worry, I won't kill you easily. For a plaything like you, I won't kill you anytime soon. This seat will imprison you, with arrows piercing your heart, soul

When burned by the demon fire of this seat, the body will be boiled into lamp oil by this seat, and it will be lit daily, and will never live forever. "

Moon Owl Demon Lord roared fiercely, with a bang, his figure was like a bat, and he attacked Qin Chen directly.

"Monarch Moon Owl, stop!"

The black rock demon changed color and hurriedly rose into the sky.

"Go away!"

boom!

The Moon Owl Demon Lord waved his hand, and the devilish energy on the Black Stone Demon Lord suddenly rose and fell, and his face turned pale. However, she remained motionless, still standing in front of Qin Chen.

[Chapter 4475: It's a second](#)

Moon Owl Demon Lord looked at the Black Rock Demon Lord, and said coldly: "Black Rock Demon Lord, don't worry, wait until this seat captures your subordinates first, and then you will be captured, this seat must be in front of your subordinates. Face, let you torture you to death, let him know that his

In the eyes of this seat, the master is just a plaything. "

The words fell, and the cloak on the Moon Owl Demon Lord had completely covered the Twelve Blood Battle Platform, and it was suddenly pressed down.

boom!

On the cloak, a series of terrible formation patterns rose, countless simple and bright magic charms flickered, circling quickly, forming a vast array.

The cloak of the Moon Owl Demon Lord turned out to be a top-level Tianzun magic weapon, named Zhentian Banner, which was instantly suppressed.

Seeing that the town Tianfan was about to completely envelop the Twelve Blood Battle Platform.

suddenly!

laugh!

A sharp knife light lit up, and the towering and vast sky Zhentian banner was torn apart in an instant, and the knife light containing the terrifying magic way came to the front of the Moon Owl Demon Lord.

boom!

The void is boiling, and you can vaguely see that in that blade of light, countless demon avenues are surging. In this knife, hundreds of top avenues of demon races have evolved in an instant.

"It's good to come, the mere sword qi can kill the **** dragon demon king, do you think it can kill this seat too?"

Although Yue Xiao Demon Lord was surprised that Qin Chen's sword was terrible, he actually tore his Zhentian banner, but his expression did not move at all. In his body, Jie Jie Jie, countless demons rose into the sky, trying to kill Qin Chen knife. The power of the avenue on the air.

However, the sword energy Qin Chen cleaved suddenly exploded with a force against the sky.

boom!

Countless demon owls were torn in an instant, and under this sword gas, it melted instantly like the white snow under the scorching sun. Then Qin Chen's knife, as if slashing through the endless void, instantly smashed into the frenzied eyebrows of the Moonlord Demon Lord.

puff!

The blade's intent surged, burst out in an instant, and directly submerged into the body of Demon Lord Moon Owl.

boom!

Moon Owl Demon Lord's body shook suddenly, and his body suddenly became illusory, and annihilated a little bit in the void.

At the same time, the vitality in his body was wiped out and disappeared in an instant.

"I....."

The body collapsed, and Moon Owl Demon Lord had only one soul left, his eyes widened in disbelief, and there was a dull expression in his eyes.

What am I...

Was it a slash?

At this moment, Moon Owl Demon Lord's mood was broken, desperate, and even more incredible.

Not only him, but the entire blood battle platform square, all the powerful demons are also dumbfounded, all dumbfounded, one by one seems to be a ghost, his eyes are round and his mouth is wide, like cerebral palsy.

With a bang, the Zhentian banner covering the Twelve Blood Battle Arena shattered instantly, revealing the figure of Qin Chen on the Blood Battle Arena.

Qin Chen held the magic knife and shook his head slightly: "This guy is so arrogant, how strong do you think this guy is? Who knows that he can't even take a single knife."

"Hey!" Qin Chen sighed, "Dare to be arrogant even with this strength?!"

Qin Chen shook his head with a look of mockery and disdain.

Below, many people were stunned.

Even the eighth demon Lord Moon Owl was killed by this magic dust in a single second, God, what strength is the magic dust under the command of the Black Rock Demon Lord?

At this moment, many powerhouses present were shocked, and their eyes showed incredible.

Even the first demon monarch, the second demon monarch, and the third demon monarch showed a look of shock, and the whole person stood up suddenly, his expression moved.

The Moon Owl Demon Lord, the eighth Demon Lord, who can reach this ranking, are not the ones waiting for leisure.

Generally speaking, under the Eighth Demon Lord, the ranking of the Eternal Demon Island will often change, but before the eighth Demon Lord, the ranking changes are often extremely difficult, and it is rare for the strong to enter at once. Among the first eight demon kings.

But now, Qin Chen not only broke into the first eight demon kings, but also dropped the Moon Owl Demon Lord in a single second. Such strength was enough to change anyone's color.

Even on the high throne, the Eternal Demon's eyes condensed, showing a solemn color for the first time, frowning slightly.

The demon commander under the command of the Black Stone Demon Lord was a little too strong.

He squinted his eyes and stared at Qin Chen coldly, his eyes flickering.

"you you you....."

At the moment above the **** battle formation, Moon Owl Demon Lord only had an illusory soul left. Looking at Qin Chen in horror, the illusory soul was trembling slightly.

He was actually dropped by a single second?

At this time, Moon Owl Demon Lord, where there is still the slightest arrogant and crazy color, and some are just endless fear.

Whoosh!

Then, without waiting for Qin Chen to speak again, Moon Owl Demon Sovereign's figure shook, and suddenly swept away from the **** battle formation.

"Want to go?" Qin Chen chuckled, "Since you have started, why bother to leave?"

The voice fell.

boom!

Qin Chen slashed out again, and a jet of dark sword light came to the front of Demon Lord Yuexiao.

"I surrender."

Moon Owl Demon screamed in horror.

"Admit defeat? Hahaha, if surrender is useful, what is life and death called?"

Qin Chen chuckled, but his hands kept moving.

"Stop him for me."

Moon Owl Demon Lord looked terrified, and roared at the other demon generals under his command on the eighth blood battle platform below. But his voice fell, on the eighth blood battle platform, there was no demon commander at all to intercept it. The remaining demon commanders of the Moonlord Demon Lord, all of them looked scared, and when they shook their figure, they turned around and left, swish. , One by one

Outside of the **** battle, he escaped. Even the Lord Moon Owl Demon Sovereign was beaten by a single second, wouldn't these Demon Generals go up to die? Combining with the fate of the other demon generals under the **** flood demon lord, those demon generals under the moon owl demon lord no longer dare to stay in the blood battle arena anymore.

Give up the challenge directly.

After all, living is more important than the status of the eighth demon king.

Qin Chen glanced at these demon generals and couldn't help being speechless. As expected, there was only interest between the demon generals of this chaotic sea of demon sea and the demon king. He saw that his demon king was no longer good, and each one slipped faster than the rabbit.

Forget it!

Qin Chen shook his head. Since these guys ran away, Qin Chen didn't bother to kill.

"Damn, these two and five boys."

Seeing that all the demon generals under his command ran away one by one, and none of them were willing to take action for him, Moon Owl Demon Lord trembled with anger. If he had a physical body at the moment, he would definitely vomit blood three liters on the spot.

But this is not the time to be angry. In panic, Moon Owl Demon Lord ignored the demon generals and flew madly towards the second demon Lord Troll Demon Lord's location. At the same time, he said in horror: "Troll Lord Demon Lord, save me !" To become the eighth Demon Lord, Moon Owl Demon Lord naturally also has some friends on the Eternal Demon Island. Although his relationship with the Troll Demon Lord is also normal, he is the only one who can save him on the scene, so at the moment of life and death, Moon Owl is extremely decisive, the first time

Asked for help from the troll demon.

"Okay, stop it, you have to go around and be forgiving, young people, it's better to be a little reserved, sharp and easy to pass."

Seeing Moon Owl Demon Lord rushing to him for help, the Troll Demon Lord suddenly stood up, and he immediately made a roar, and said in a deep voice.

As he spoke word by word, the invisible demon energy between the heaven and the earth shook, and it was obvious that during the conversation, it aroused the demon realm of the heaven and earth.

In the eyes of the Troll Demon Lord, since he had spoken, Qin Chen naturally would not do anything to the Eighth Demon Lord.

Moon Owl Demon Lord's heart also filled with ecstasy, and the Troll Demon Lord really spoke for himself, a kind of ecstasy from death that instantly filled his mind.

He was full of ferocious hearts, and roared: You are waiting, when this seat regains the body, he will definitely kill you, and the Black Black Stone Demon Lord beside you, this seat will ravage her severely and to death.

However, the ecstasy in his heart has not had time to fall.

puff!

The sword intent Qin Chen violently slashed didn't stop, and it cut straight into the center of his eyebrows.

With a bang, Moon Owl Demon Lord's soul shook directly, his eyes widened in disbelief, and he looked at Qin Chen in disbelief.

why?

He didn't understand, why even the second demon king, the troll demon king, spoke, and the demon dust actually dared to kill him.

Isn't it afraid of the anger of the troll demon?

With a bang with endless regret and anger, Moon Owl Demon Lord's soul burst directly into pieces, and he kept his eyes open until he died.

As soon as Qin Chen raised his hand, Moon Owl Demon Lord's soul and origin were instantly absorbed and swallowed by him, turning into nothingness.

Afterwards, Qin Chen felt pleasantly surprised that after devouring the origin of Moon Owl Demon Lord, the Ten Thousand Realms Demon Tree had once again been promoted.

Wow!

The branches of the Ten Thousand World Demon Tree surged, exuding an astonishing breath, and once again there was a slight improvement.

This made Qin Chen ecstatic.

Sure enough, only by devouring the origin of the Demon Lord level figure can the Ten Thousand Realms Demon Tree improve faster.

Thinking of this, Qin Chen put away the magic knife, inserted his fingers into his ears, and dug it out forcefully, and said to the second demon monarch, the giant demon monarch, "What did you say just now? I didn't hear it before. pardon?"

silence!

The audience is silent!

Everyone was dumbfounded and looked at Qin Chen in horror.

fierce!

It's too fierce.

At this moment, all the strong present do not know what to say? Just stared at Qin Chen blankly. Originally, today was the Magic Island Conference, the day when the Eighteen Demon Lords on the Eternal Magic Island were re-ranked, and it was an extremely rare event on the Eternal Magic Island, but because of the appearance of Qin Chen, today's Magic Island Conference has completely become Qin Chen's personal show

.

No one has challenged the other demon kings anymore. At this time, everyone looked at Qin Chen dully, with the stormy waves rolled up in their hearts, and said nothing.

Arrogant!

After the Troll Demon Lord spoke, the Demon Chen not only did not obey the Troll Demon Lord's words, but spared the Moon Owl Demon Lord, and even after beheading the Moon Owl Demon Lord, he arrogantly asked the Troll Demon Lord to say it again.

This posture, this look.

No one would think that Qin Chen really didn't hear clearly. How could such a strong person not listen to others? It was clearly provoking the troll demon lord.

For a while, everyone trembled and looked at the Troll Demon Lord, and then at Qin Chen.

Could it be that this time the Devil Island Conference, will we see the battle between the top demon kings?

On the second **** battle platform, the face of the troll demon king suddenly changed and it was difficult to look.

He stared at Qin Chen coldly, a smile gradually appeared on his face, but that smile made people feel terrified, more terrifying than the anger of the troll demon lord.

"Young man, you are crazy!"

The troll demon king took a step forward, booming, the world was trembling, and the blood battle platform was roaring. "For many years, this seat has never heard anyone dared to speak to this seat like this. Ever since this seat slaughtered hundreds of millions of creatures in the land of madness and blood stained hundreds of thousands of miles in the sea of chaos, no one has ever So speaking to me, you are the first

One....."

boom!

The body of the Troll Demon Lord suddenly swelled, khaka ka, the armor on his body was directly shattered, and a series of terrible magic patterns bloomed on the flesh, and these magic patterns flashed brightly and lightly, blooming with a strange light.

An aura that frightened the heavens and the earth spread out instantly.

The body of the troll demon king instantly became extremely majestic, like a demon god, appearing in this world.

boom!

A terrible breath spread out.

It completely enveloped Qin Chen on the stage of the Twelve Blood Battle, and enveloped the **** battle formation.

Puff puff!

At this moment, in this **** battle, the hearts of all the powerful demons were beating violently, as if their hearts were constrained to death, and breathing became difficult.

This is the troll domain of the troll demon lord.

Unique means of trolls.

"Master Troll Demon Lord, this is a misunderstanding." Under the domain of the Troll Demon Lord, the Black Rock Demon Lord looked ugly and hurriedly spoke, trying to explain.

[Chapter 4476: This pervert](#)

"misunderstanding?"

The Troll Demon Lord glanced at the Black Stone Demon Lord, hum, suddenly coldly snorted, and boomed, the Black Stone Demon Lord's face was suddenly hard to look, and he took a step back slightly.

Troll Demon Lord, too strong, the cultivation base of Tianzun in the late half-step, just a breath, can make her heart palpitations.

"Magic dust."

The Black Stone Demon hurriedly looked at Qin Chen, winking at him, and tried to make Qin Chen say a few words of relaxation. Because the Blackrock Demon Lord, who is also the Demon Lord, is too aware of the terrible aspects of the first three Demon Lords. For the rest of the Demon Lords, although they are also one of the 18 Demon Lords, the top three Demon Lords are just like three. Like a big mountain, it is crushed by the other fifteen demons

Above the king, no one dared to disobey the majesty of the first three demon kings.

"Master Black Stone Demon Lord, I understand what you mean." Qin Chen smiled suddenly when he saw Black Stone Demon Lord's wink, then turned to look at the Troll Demon Lord, the magic knife pointed at him suddenly, and said with a light smile: "Ju Demon Lord? Lord Blackrock Demon Lord has taken a fancy to your position as the second demon.

Let the position of the Lord come out, let the Lord Blackrock Demon also experience the feeling of the second Demon Lord, this seat can consider keeping you alive. "

"..."

The Black Stone Demon glared at Xiu and looked at Qin Chen in disbelief.

"Magic dust, you..."

The Black Rock Demon shook out, unable to say a word.

This is scared.

Damn, when did she mean that?

She obviously asked Demon Chen to talk to the troll demon lord and explain it... how did he understand it like this?

Blackrock Demon Lord is going crazy.

Qin Chen glanced suspiciously at Black Stone Demon Lord, and said in doubt, "Master Black Stone Demon Lord, what's wrong with you?"

He rested his chin with his hand and asked in doubt: "Didn't you mean that before."

The Black Rock Demon hurriedly nodded, like a chicken pecking at rice.

"I understand." Qin Chen suddenly realized, "Master Black Rock Demon Lord, you mean to tell me not to spare that Troll Demon Lord?"

Qin Chen frowned immediately. "Master Blackrock Demon Lord, if this Troll Demon Lord is willing to give up the position of the Second Demon Lord, we don't have to kill him? After all, although his subordinates are invincible, this seat is actually a peace-loving person. As long as this troll demon Lord listens

It doesn't matter if you leave him alive. "

Qin Chen persuaded.

puff!

The Black Stone Demon directly vomited blood.

She stared at her eyes and gurgled in her throat, already unable to say a word.

day!

Does she mean this?

She is going crazy.

Don't say she is going crazy, the other Demon powerhouses present are also going crazy.

One by one looked at Qin Chen in disbelief.

This magic dust.

Are you serious?

In everyone's eyes, Qin Chen was simply trying to frantically on the verge of death, obviously playing the troll demon king.

"Hahahaha..."

On the second blood battle stage, the troll demon suddenly let out a shocking laugh, the laughter rumbled, and the world was shaking.

He was angry.

Angrily smiled.

"Boy, you are crazy, I want to know today, what is your madness?"

"Invincible? It's ridiculous, in front of this seat, who dares to say invincible?!"

boom!

The Troll Demon Lord couldn't help it anymore, his figure turned into a towering god, and he blasted at Qin Chen frantically, directly exploding the void.

Rumble!

I saw the sky-reaching fist appeared in the void. This fist was huge, covering the sky and obscuring the sun, like a magic mountain, it instantly fell on Qin Chen's head.

boom!

The magic fist like a magic mountain shook and shattered the void.

Above the throne, the Eternal Demon looked indifferently.

Other powerhouses are staring at this place, wanting to see whether Qin Chen, who was previously invincible, can block the punch of the Troll Demon Lord.

boom!

At the moment when that punch was about to hit Qin Chen, a blade of light suddenly appeared in front of Qin Chen, and the light of the blade burst into light, colliding with the magic fist like a magic mountain.

He heard a boom, the magic fist like a magic mountain completely swallowed the light of the sword, and blasted into the blood battle arena, with an astonishing roar, and the terrifying magic power erupted from this fist directly impacted in all directions.

"Be careful!"

In the distance, the faces of the other demon kings and demon generals on the blood battle platform changed drastically. They hurriedly resisted, with a bang. Under this magic power, they were directly shocked and flew out, and their blood was surging. Qi Qi bleeding.

too strong.

The strength of the second demon king is so strong that it has never been seen before, and the rest of the demon clan powerhouses could not resist even the aftermath of his punch. All of them were injured in an instant.

"Magic dust."

The Blackrock Demon screamed anxiously and hurriedly looked at the place where the magic fist fell.

"Master Blackrock Demon Lord, are you worried about your subordinates?"

The magic power dissipated, and a figure appeared there, it was Qin Chen, with a sly smile on the corner of his mouth, unscathed.

"Ok?"

The star-like eyes of the Troll Demon Lord suddenly condensed.

His own punch didn't hurt the kid unexpectedly.

hiss!

Around, many air-conditioning sounds sounded, and other masters of the Demon Race were also secretly surprised, looking at Qin Chen in disbelief.

It's no wonder that this kid dared to be so mad, that even a punch from the troll demon lord could not cause him any harm. This... at least half a step later, Tianzun level strength.

Because, with the strength of the Troll Demon Lord, even the mid-term peak Heavenly Sovereign, it is impossible to survive this punch.

Their Eternal Magic Island, when did such a strong appear?

"You guy..."

The Black Stone Demon Lord was surprised and delighted. What was delighted was that Qin Chen actually resisted the punch of the Troll Demon Lord. What was shocked was that Qin Chen's strength was so strong that she almost couldn't believe it.

Why would such a strong man appear under his command as a demon general under his command?

This is not only her suspicion, including the Eternal Demon, her brows are also slightly frowned.

Because he couldn't see Qin Chen's true cultivation level unexpectedly.

It should be noted that at the level of the troll demon lord, let alone the chaos of the gods and demons, if placed in a second-line demon clan, he can serve as the top elder among them, and he can be regarded as the top figure of the pyramid.

Such a character is extremely difficult to appear even if it is a sea of chaotic gods and monsters that are strong like clouds.

But now, not only did one appear, but he was also a demon general under the rank of the 16th demon king.

Such a strong contrast made him frown.

Because this is not in line with common sense at all.

"Here, who is it?"

The Eternal Demon's eyes were cold and he stared at Qin Chen intently.

In a **** battle.

The face of the troll demon king was cold.

"Boy, you do have two things!"

He snorted and moved forward again.

boom!

A heavy magical might erupted crazily on his body, and a shocking magical energy swept away.

"Pick me again!"

Hum! I saw countless magic patterns and devilish energy that crazily condensed on the troll demon lord. These devilish energy continued to condense on his right hand, causing his right hand to exude the aura of crushing the eternal sky. The right hand turned into a fist and fist. On the edge, the void is trembling , Bursting, like crushing.

Don't wait for him to punch.

Opposite, Qin Chen smiled.

"Before you were attacking, now it's my turn."

Huh!

Qin Chen's figure shook, and suddenly disappeared into the void.

what?

The Troll Demon Lord was shocked, because at the moment Qin Chen disappeared, he actually lost the trace of the other party.

How can it be?

His magic power burst out, and the troll realm swept through, frantically perceiving every inch of void around him.

Suddenly, the Troll Demon Lord's eyes condensed, and he looked to his right side suddenly.

"Got you!"

The Troll Demon Lord roared, and hit the right side of the body with a fist and blasted.

With a bang, I saw the void, which was directly exploded, and a huge gap appeared. In the gap, countless space particles flowed turbulently, and the dark space black holes continued to collapse.

However, no one was there.

what?

The troll demon was surprised.

Then he felt that a lightning-like figure suddenly appeared on the left side of his body.

It's Qin Chen.

boom!

As soon as Qin Chen appeared, a terrifying blade light violently cut it.

"hateful!"

The Troll Demon Lord roared and banded, but without hesitation, he slammed his left hand out.

boom!

The left hand of the Troll Demon Lord collided with the light of the knife that Qin Chen split, and he heard a chuckle. Under Qin Chen's knife, the left fist of the Troll Demon Lord suddenly became illusory.

Immediately after a bang, the left fist of the troll demon king burst into pieces in an instant, turned into blood mist, and dissipated the void.

As soon as Qin Chen raised his hand, Qin Chen instantly took away the blood of the left hand of the troll demon lord, nourishing the magic tree of the ten thousand realms.

I saw the Ten Thousand Realms Demon Tree trembling lightly, black light surging, and the breath became stronger again.

Big make up!

Qin Chen stared at the troll demon lord with fiery eyes, and sure enough, the stronger the demon lord, the greater the promotion of the Ten Thousand Realm Demon Tree.

After absorbing so many powerhouses, the aura of the Ten Thousand Realm Demon Tree has been constantly approaching the supreme level.

"Supreme!"

Qin Chen narrowed his eyes.

The Demon Tree of the Ten Thousand Realms did not reach the supreme level before. Because of its special attributes, it can suppress the powerful demon clan to a certain extent. If it really breaks through to the supreme level, Qin Chen can't imagine how much the Demon Tree of the Thousand Realms will be. Strong.

I am afraid that it is impossible for an ordinary Supreme Demon master to break free from the shackles of the Ten Thousand Realms Demon Tree.

"In this case, first raise the Ten Thousand Realm Demon Tree to the Supreme Level."

Qin Chen's eyes were fiery.

In the Demon Realm, there are many dangers. As long as the Ten Thousand Realms Demon Tree is upgraded to the supreme level, Qin Chen will have a certain amount of confidence. At least he will encounter a supreme master of the demon race, he will have an extra top-level assassin.

This is too important to Qin Chen.

Thinking of this, Qin Chen looked at the eyes of the Troll Demon Lord, and couldn't help becoming hot.

"you....."

Opposite at this moment, the Troll Demon Lord's heart was filled with fright.

He was smashed into his left arm by the opponent, how did the opponent do it?

The strongest of his troll clan is the flesh body, the power of the troll is released, and generally the same level of attack can not destroy their flesh body, but Qin Chen directly smashed his left arm just now, making him furious.

Not only was he frightened, but the other strong men present were dumbfounded.

Facing the Troll Demon Lord, instead of being injured, the Demon Dust exploded the Troll Demon Lord's arm first, making people unable to believe their eyes.

And even more unacceptable...

Still Qin Chen's eyes.

At this moment, Qin Chen stared at the troll demon lord with fiery eyes, as if he had seen some delicious food, and as if a thief had seen a peerless beauty, his eyes were naked, making everyone panicked.

metamorphosis!

Isn't this magic dust interested in the Troll Demon Lord?

Many powerful demons shivered and panicked in their hearts.

"Come again!"

Qin Chen sneered, and his figure suddenly disappeared again.

The pupils of the troll monarch shrank.

"Go away!"

Boom boom boom!

This time, the Troll Demon Lord did not try to find Qin Chen's location. Instead, he roared, rumbling, and the troll realm in his body swept out, and the endless void all over his body burst into a pitch-black space black hole. .

Since he couldn't find Qin Chen's location, he used an indiscriminate attack to find out Qin Chen's trace directly.

really!

At the moment when the surrounding void exploded, a figure suddenly appeared in the space turbulence.

"Got you."

The Troll Demon Lord roared and roared, in his body, countless secret patterns surged, the origin burned, and a dark breath surged out. With a bang, the breath on his body skyrocketed in an instant, and at the same time a lightning bolt The fist blasted towards Qin Chen.

This punch directly smashed the void, and the spatial turbulence directly burst into pieces, together with the terrifying fist power, directly engulfed Qin Chen and shattered it with a bang.

"Successful!" Many people present widened their eyes. That kid was bombarded with a punch by the Troll Demon Lord?

[Chapter 4477: Suitors](#)

"Magic dust!"

far away!

Heishi Demon's face turned pale, his figure swayed slightly, as if he had been severely injured.

Magic dust, was killed?

Do not!

The Black Stone Demon Lord was full of anxiety, and she didn't know why she was so worried about Qin Chen, but she couldn't control her thoughts at all.

And the Black Wind Demon Commander was also frightened, Lord Demon Dust, were they killed?

Today, their fate has been thoroughly linked to Qin Chen.

As long as Qin Chen does not die, their status will rise suddenly, but once Qin Chen falls, no matter what their relationship is with Qin Chen, they will not escape death at that time.

With Qin Chen's previous arrogance, the remaining Demon Lords will not bypass them, especially the Troll Demon Lord, it is impossible for them to survive.

The demon race is so cruel.

It can be said that they and Qin Chen are both prosperous and ruined.

"wrong!"

However, when the other powerful demons were shocked, the troll demon king was shocked and felt something was wrong.

His previous punch fell, and there was a sense of illusion, it didn't feel like it had exploded a strong man, as if it had hit an illusory thing.

It's an afterimage!

The Troll Demon Lord was furious, and suddenly awakened in his mind.

And at the moment he realized it, Om, a cold murderous intent, suddenly passed from behind him.

"not good!"

The heart of the troll demon suddenly surged with anger.

boom!

He turned around and hurried out with a punch.

However, before his fist hit something, a magic knife with cold light appeared on the center of his eyebrows like lightning, directly piercing the center of his eyebrows.

boom!

The body of the troll demon king suddenly became illusory, and a terrifying knife intent was like a vast ocean, instantly pouring into his body, annihilating his physical body.

boom!

His physical body was directly shattered under the eyes of everyone.

He was given Qin Chen a single second.

"No! Block me!"

The Troll Demon Lord was frightened and rumbling. The power of the troll in his body was spurred by the power of the troll. The terrible troll aura surged, and a terrible rainbow bloomed, trying to resist the annihilation of Qin Chen's sword intent, but it was of no avail. .

From Qin Chen's battle knife, a terrifying swallowing power emerged. While destroying his physical body, it was also devouring his origin, and this swallowing power was as terrifying as him, and could not be resisted at all. .

"Do not!"

The troll demon king let out a stern roar, and with a boom, his physical body immediately collapsed and turned into nothingness. The billowing essence, origin, avenue, demon energy, and even the dark energy were swallowed in an instant and disappeared. .

Bang, the vitality in the body of the troll demon king completely disappeared, and the body was shattered, leaving only an illusory soul.

"you....."

The Troll Demon Lord looked at Qin Chen in horror. At this moment, he, who had always been domineering, finally felt the fear. In his life, he has killed countless demon masters, and there are

countless demon masters who died in his hands. What he likes most is to watch those demon masters fall into his hands and watch them despair. Eyes, screams, giant

There will be a strong sense of pleasure in Demon Lord's heart.

But when he himself was in such a position, his soul trembled.

He doesn't want to die.

"No, don't kill me... I am willing to surrender to you as a demon under your command."

The Troll Demon Lord hurriedly said in horror.

He doesn't want to die.

However, Qin Chen didn't pay attention to him at all, and a terrible knife intent burst out of the battle knife that pierced the center of the troll demon's eyebrows. With a boom, it directly shattered the troll demon's soul and swallowed it directly.

The voice of the troll demon lord stopped abruptly, and his soul flew away and disappeared in smoke.

boom!

At this moment, in Qin Chen's chaotic world, after the Ten Thousand Realm Demon Tree had swallowed the original power and dark aura of the troll demon lord, it suddenly burst out with a trace of black magic light, and its aura was once again improved.

However, there is still no breakthrough in the supreme realm.

Oh shit.

Qin Chen was speechless.

This Ten Thousand Worlds Demon Tree, how much of the origin of the Demon Race powerhouse must be absorbed before it can break through?

Qin Chen is speechless, he can't kill all the eighteen demon kings on this Eternal Devil Island, right?

However, thinking of the power of the Ten Thousand Realms Demon Tree, Qin Chen was suddenly surprised.

This is the Ten Thousand Realm Demon Tree who wants to break through the supreme realm. If it only swallows a few strong men who are not at the later stage, it can break through. It is too simple, how can it wait until now?

Don't look at the Ten Thousand Realm Demon Tree, which is only a tiny bit away from the Supreme Realm, but it is absolutely very difficult to cross over, and it can't be done easily.

However, at least the current growth has given Qin Chen hope, as long as it continues to swallow it, it is only a matter of time before the Ten Thousand Realm Demon Tree breaks through the supreme realm.

now.

The audience was silent, everyone was sluggish, looking at Qin Chen in the void in shock, each body trembled.

Master Troll Demon Lord, was also killed by that magic dust?

Oh my God.

What kind of perversion is this magic dust?

At this moment, no one is not shocked, not palpitating, or feeling fear.

They looked at the Black Stone Demon Lord, and then at Qin Chen, a demon general under the command of the Sixteen Demon Lord, who actually killed the second Demon Lord, this...A Fantastic Night.

The key is that with the strength that Qin Chen has just shown, he shouldn't be so unknown, he should have long been famous in this sea area.

But everyone in the room had never heard of this magic dust before, which was really weird.

"Ok?"

At the moment on the high platform, the Eternal Demon King also stood up suddenly, his eyes cold.

Before, he only had a vague feeling, but at this moment, he clearly felt that after the body and soul of the Troll Demon Lord collapsed, all of its power had disappeared, as if it had disappeared out of thin air.

"This kid..."

The Eternal Demon Lord closed his eyes and boomed, his perception was directly connected to the great array of the Demon Sources under the Eternal Demon Island.

Suddenly, in the Demon Source Formation, breaths swept across, the Eternal Demon King perceives it carefully, and when he opens his eyes again, his eyes are already completely cold.

As the branch controller of this demon source formation, he can clearly feel the changes in this demon source formation.

Just as Qin Chen guessed, in every Devil Island conference, the reason why the Eternal Demon King would allow many demon monarchs to fight and fall is to allow the Demon Source Array to consume the origin and power of these powerful men.

This is the command of Lord Demon Lord, and his most important duty on this eternal magic island.

But at this Magic Island conference, it was clear that a few great demon masters had fallen before, but he did not feel the swallowed power of the powerful from the demon source formation, which made his heart cold.

He vaguely felt that the origin of all the strong men killed before was very likely to be absorbed by the magic dust that killed many demon kings in front of him.

Good guy, how dare to run wild on his eternal magic island.

The Eternal Devil's heart was cold, but he did not act rashly, but looked at Qin Chen indifferently, and his heart turned. Because, the rules of the Demon Island Conference were not set by him. It was set by the Lord of the Demon. It is also the ancient place where the Demon Sea of Chaos can attract so many powerful people. He is a dignified Demon King, so naturally he can't easily take a shot. Demon king hand.

Otherwise, who would dare to come to his Eternal Magic Island area again?

The eternal demon's eyes flickered, and he was meditating, trying to find a more perfect solution.

"Yes."

Suddenly, his eyes fell on the First Demon Lord, and a smile appeared on the corner of his mouth.

He knew what to do.

At this moment, there was silence on the **** battle stage.

Qin Chen's strength has completely stunned everyone. This time the Devil Island Conference has directly become Qin Chen's personal show, so that no one among the other demon kings dares to challenge.

Because they were afraid of being targeted by Qin Chen.

"Master Blackrock Demon Lord, what are you still doing in a daze? This second blood battle is in a very good position. Come here now."

Qin Chen landed on the second blood battle stage and waved at the Black Stone Demon Lord and the Black Wind Demon General who were on the eighth blood battle stage.

As soon as the troll demon king died, the remaining demon generals who were still on the second blood battle stage had already withdrawn from the blood battle in the first time. The Qin Chen who had gotten him had no time to beheaded and lost a large wave of strength.

However, the darkness of the demon general was far less intense than the demon lord, so Qin Chen didn't care too much.

Under all eyes.

The Black Stone Demon Lord, the Black Wind Demon General and others flew from the eighth blood battle platform to the second blood battle platform one by one, and their eyes were a little trance and disbelief.

The second demon?

Are they the second demon king?

Even if they were standing on the second **** battle arena, Blackrock Demon Lord and the others still had a sense of fantasy, as if this were an unreal dream.

The first three Demon Lords were the positions that any Demon Lord dreamed of, but the Black Rock Demon Lord had never imagined that she would stand in such a position before, but today, she is standing here, all a little illusory.

"Master Blackrock Demon, how is it? How is this position?"

Qin Chen said with a smile.

"I....."

The Black Stone Demon looked at Qin Chen speechlessly. She had never imagined that Qin Chen would bring such a big surprise to herself?

She looked at Qin Chen, such a top powerhouse, who would actually serve as a magic commander under her own command, and now she thought about it, she couldn't believe it.

"You...with such strength, you can become a demon king, why do you want to become a demon under my command?"

The Black Stone Demon hesitated, but he still asked the words that were hidden in her heart.

Her eyes burned at Qin Chen, wanting to know Qin Chen's answer.

Because this is too abnormal.

In the devil world, the strong is respected.

It is clear that Qin Chen's strength should be higher than himself, and he can directly participate in the Demon Island Conference and become a stronger Demon Lord, but he has become his own Demon General in Black Rock Demon Heart Island.

What charm do you have that can attract such a top power to join?

Compared to other demon monarchs, she is not the best in terms of strength, and she is no more than other demon monarchs in terms of resources that can be given.

She couldn't understand.

"This... I like it, can't it?"

Qin Chen said with a smile.

"like?"

Blackrock Demon Lord has an ugly face, this answer is too perfunctory, right?

This made her even more nervous.

She believed that there was no love for no reason or hatred for no reason in this world. There must be a reason for Qin Chen to do this.

"Tell me, what is it?"

Without knowing the reason, Blackrock Demon Lord couldn't settle down.

"Master Blackrock Demon Lord, don't ask anymore."

At this time, the Black Wind Demon will walk to the Black Stone Demon Lord and whisper.

"Why?" Blackrock Demon Lord frowned.

"Ahem, don't you see it?" Black Wind Demon General whispered.

The Black Rock Demon was puzzled, "See what?"

"Ahem, do you have to understand what your subordinates say so clearly?" Black Wind Demon General said cautiously: "Compared to other Demon Lords, Lord Black Stone Demon Lord, you have an advantage that other Demon Lords simply cannot match."

"what?"

The Black Rock Demon was even more puzzled. The Black Wind Demon was speechless, "You are the only beauty demon among the Eighteen Demon Lords. It is the brightest pearl in the waters of the Eternal Demon Island. Those who admire you can go from the Black Rock Demon Heart Island to the Eternal Demon. Island, why do you think Lord Demon Chen wants

Join your subordinate, don't you understand? "

"You mean..."

The Black Rock Demon suddenly widened his eyes, his face flushed.

"That's right, Lord Demon Dust is definitely your admirer. He must have joined the Black Rock Demon Heart Island to pursue you, the lord. The lord is still asking so clearly under the eyes of everyone, alas." The Black Wind Demon is very anxious. .

[Chapter 4478: War war war](#)

Lord Blackrock Demon is so innocent.

This is not clear.

Unlike his Black Wind Demon General, well, he has rich experience and can tell at a glance.

Therefore, he deeply felt that he had an obligation to remind Lord Blackrock Demon Lord. After all, Lord Demon Dust is a suitor of Lord Blackrock Demon Lord, but with Lord Demon Dust's strength, the face of a strong person must never be lost, so it is absolutely impossible to say this reason under the eyes of everyone, and this matter, Only him black wind

The devil can do it.

"is it?"

The Demon Lord of the Black Rock looked at the Demon General of the Black Wind stupidly. Did Demon Dust really join him in pursuit of himself?

Suddenly, the black stone demon's complexion turned red and extremely blushing.

This.....

Think about it carefully, really, besides joining Blackrock Devil Heart Island because of his own appearance, what other reason could the other party have?

At this moment, the Black Rock Demon Lord did not know why, a heart throbbing like a deer, and her body was hot. She looked at Qin Chen, the figure standing on the **** battlefield, and the more she looked, her whole body became hotter, as if the fire was burning. .

After a while.

Black Stone Demon Lord looked at Qin Chen, his face flushed, and he whispered: "Mo Chen, I understand your purpose, but don't think you have done this, I will definitely promise you, I am not that casual. people."

As she said, she lowered her head and her face couldn't help but blush.

Can't help stomping his foot.

What are you talking about?

On the opposite side, Qin Chen was at a loss.

what's going on?

What will promise me? What's not that kind of casual person? Why don't you understand?

"Black Wind Demon General, what did you say to Lord Demon Lord?"

Qin Chen looked at the Black Wind Demon General and couldn't help frowning.

"Ahem, Lord Demon Chen, I didn't say anything, I just analyzed it for Lord Demon Lord, this, goodbye."

The Black Wind Demon hurried to the side with fright.

He felt guilty.

Lord Demon Dust won't blame yourself for talking too much, right? If you are dissatisfied with yourself, you will be unlucky.

Alas, sometimes the IQ is too high and too smart, which is also a trouble.

The Black Wind Demon will secretly warn himself that he must not show his cleverness in the future. It is better to be a low-key person.

Well!

Low-key must be low-key.

Qin Chen couldn't help but glanced at Black Stone Demon Lord again, watching her blushing face, graceful posture, and perfect body, like a flower from the other shore in the dark night, beautiful, fatal, and seductive.

I have to say that the Black Rock Demon Lord is definitely a top beauty. Compared with the charm of the Mei Yaoqing Fantasy Clan, the Black Rock Demon Lord belongs to the kind of high-cold, heroic, and shady women.

Like the black lotus on the snow-capped mountain, it is isolated from the dust.

Such a woman, high above, independent, self-confident, is the type that many strong people most want to conquer.

It's no wonder that so many powerful people on the Eternal Devil Island are tempted by the Blackrock Demon Lord.

Isn't the Blackrock Demon misunderstanding something?

Qin Chen touched his nose. He was not an idiot. He had several wives, so he could naturally see something.

He hesitated, but there was no explanation.

No need.

boom!

now.

Qin Chen killed the Troll Demon Lord and took the Black Stone Demon Lord to become the second Demon Lord, already detonating the entire Eternal Demon Island Square.

This battle is too fierce and exciting.

This unexpected ending made the countless demon powerhouses present excited and enthusiastic.

"Magic dust!"

"Magic dust!"

They roared in unison, the sound was thunderous, and the entire Eternal Magic Island was rumbling and roaring.

What else is more exciting than a demon general killing the Quartet on the **** battlefield, and even directly overthrowing the top second demon king?

These people, gathered here from the countless seas of the Sea of Chaos, Gods and Demon Sea, in order to see such a wonderful competition, such a dramatic duel?

What's the point if it's just a small range of ranking changes among the demon kings?

The appearance of Qin Chen, like a volcanic eruption, instantly ignited the enthusiasm and flames in each of them, and roared in the sky.

After today's Magic Island Conference, the name of Magic Dust will spread in the Eternal Magic Island area and even the entire Chaos Demon Sea, becoming a new legend.

Just like the slaughter of the Troll Demon Lord, many powerful people of the Mad Demon Race, the blood-stained Demon Sea, and the second highest demon Lord, everyone chanted.

But this time, Qin Chen's experience is even more legendary and even more shocking.

"Hahaha, great!"

But at this moment, a rumbling roar resounded throughout the world, and upon seeing the high throne, the Eternal Demon King suddenly stood up and let out a roar of laughter.

Rumble!

The void above the entire Eternal Magic Island is trembling.

Suddenly, the audience was silent. Everyone looked at the Eternal Demon with excitement. They all knew that the power of the magic dust had attracted the idea of Lord Demon.

"Yes, I can't think of my Eternal Magic Island. After a million years, another top powerhouse has appeared. It is gratifying."

The Eternal Demon looked at Qin Chen with undisguised appreciation in his eyes, but there was a trace of scrutiny in the depths of this appreciation.

"Eternal Demon Lord."

On the second **** battle stage, the Blackrock Demon Lord and the others saluted immediately with respectful expressions.

Lord Demon, are you paying attention to them?

The Black Wind Demon will wait for everyone to work hard.

"Everyone, did you feel excited about the previous battle?"

The Eternal Demon King raised his hand and smiled at all the powerful demons in the audience.

"excitement!"

Countless roars resounded.

"Hahaha, everyone, do you want to see a more exciting matchup?"

The eternal demon said again.

boom!

As soon as this remark came out, the audience boiled over.

As the same stone stirred up a thousand waves, everyone was shocked, and then shook and stirred the situation!

What do you mean, Lord Demon?

More exciting duel?

Does Lord Demon Lord have other ideas?

For a time, everyone's efforts were surging and excited.

"miss you!"

"Hohoho!"

Many powerful demons roared with excitement and enthusiasm.

On the arena, the Black Rock Demon Lord was shocked and frowned slightly.

What do you mean, Lord Demon?

On the contrary, Qin Chen's expression remained unchanged, but the corners of his mouth were drawn with a smile and looked at the Eternal Devil.

What kind of cultivation is he, how can he not feel the trace of scrutiny in the depths of the eyes of the Eternal Demon King, is this, do you doubt yourself?

"Hahaha, worthy of being a citizen of my Eternal Devil Island, as expected, all of them are full of blood."

The Eternal Demon King said, "Why can my demon race control the universe and become the strongest race in the universe? It can scare and shake all races."

"That's because my demons are the most battle-fighting race and the most defying race."

The Eternal Demon King raised his hand with a passionate expression, and instantly aroused the enthusiasm of all the demons present.

"The strongest!"

"The universe is the highest peak!"

"The devil is the peak!"

"Who is the strongest in the universe!"

"The Demon Race is the strongest!"

A group of powerful demons roared frantically, and their blood boiled over.

On the arena, Qin Chen frowned slightly, this demon was really crazy.

All of them are militants, and in their bones, there is a militant and crazy blood flowing.

"well."

The Eternal Demon King raised his hands and pressed it slightly. Suddenly, the audience was silent, and all the masters of the Demon Race were silent and calm down.

Then, the Eternal Demon King looked at Qin Chen: "Magic Chen!"

"I have seen the eternal demon!"

Qin Chen stepped forward and arched his hands. "You are very good!" The Eternal Demon King squinted at Qin Chen, his voice rumbling like thunder: "My Eternal Demon, there has not been a strong man like you in millions of years. As a demon general, kill the first Second Demon Lord, you let me see me

The future of the Eternal Demon King has seen the strength of my Eternal Demon Island. "

"However, with your strength, you shouldn't stop at the position of the second demon."

The Eternal Demon King's eyes suddenly shrank, and he examined Qin Chen: "My Eternal Demon Island, the position of the first Demon Lord, has been over a million years, and there has been no change."

"And you, killed the original Second Demon Lord. You are the only strong man who is likely to challenge the position of the First Demon Lord over the past 100,000 years!"

"Today, this king is here to ask you, do you dare to continue to challenge the position of the first demon king?"

The eternal demon made a sound, and the sound rumbling, resounding in everyone's mind.

Challenge the first demon?

boom!

Many people looked excitedly at Qin Chen, the Eternal Demon King and others, actually let this Demon Dust challenge the position of the first Demon Lord?

day!

This is the eternal demon king who is optimistic about this magic dust, is it possible to impact the position of the first demon king?

"war!"

"war!"

"war!"

At this moment, all the powerful demons roared, their faces flushed, their expressions excited, and their voices thunderous.

As the Eternal Demon King said, the Eternal Demon Island has not given birth to a new first demon in millions of years. Today's First Demon Lord has been the first Demon Lord from the moment they arrived on the Eternal Devil Island. How many years have passed since the position of the second to eighteenth Demon Lord has changed many times, but The position of the first demon has never changed.

Do not move.

Back then, this troll demon lord tried to challenge the first demon lord once after hitting the position of the second demon lord.

However, that time, the troll demon lord had not acted, but was directly shocked by the power of the first demon lord and gave up his defeat.

Now, the terrifying strength of this magic dust power slashing troll demon king is indeed the only one who can challenge the first demon king in millions of years. This makes everyone excited and enthusiastic.

This is definitely the most peak battle.

"war!"

"war!"

"war!"

Roars of roars echoed in the world, and all the powerful demon clan looked at Qin Chen excitedly and encouraged him to agree.

This will definitely be the hottest battle.

"Magic dust!"

On the second ring, Black Stone Demon Lord's face changed, he turned pale suddenly, and hurriedly looked at Qin Chen.

"Magic dust, don't agree!"

Worry flashed in her eyes, and she hurriedly whispered in secret. "The first demon king, who has the power to reach the sky, is a powerful late-stage Tianzun. He once challenged the position of the eight great demon kings. It is rumored that the distance to become the eight great demon kings is only one step away. In the end, the eternal demon lord took the shot and saved him. Willing to serve

The first demon under the eternal demon king, this sitting is countless thousands of years. "

"This person is so powerful that no one knows, you must not challenge him!"

The Black Rock Demon was anxiously transmitting, his tone was full of worry.

She was afraid that Qin Chen would be impulsive, and she agreed directly. As the demon ruler under the eternal demon king, she knew the terrifyingness of the first demon ruler, like a big mountain, suppressed above all the demon rulers, no one could shake it.

She must not let Qin Chen take this risk!

"Ok?"

When the Blackrock Demon Lord was transmitting the sound, the Eternal Demon seemed to have sensed something, frowned and hummed slightly.

boom!

A terrifying force suddenly descended on Black Rock Demon Lord.

puff!

Heishi Demon's face turned pale, his body shook, and suddenly a trace of blood overflowed from the corner of his mouth.

But she still stared at Qin Chen, her eyes were very clear, just to make Qin Chen never agree.

Looking at the corners of Black Rock Demon Lord's **** mouth, Qin Chen frowned slightly, and took a step forward.

"boom!"

An invisible force surged on Qin Chen. In an instant, the magic power of the Eternal Demon Lord suppressed on the Black Stone Demon Lord was weakened much like a refreshing breeze, making the Black Stone Demon Lord's face reddened again.

"Ok?"

This scene made the eternal demon frown and his eyes became cold.

He has been in charge of the Eternal Devil Island for so many years, and it is the first time that he has seen a demon under his command and dared to resist his pressure.

This son is really crazy.

But at this moment, Qin Chen had already understood the purpose of the Eternal Demon King, did he let the First Demon Lord test himself?

Qin Chen smiled. He was worried that he had no power to nourish the Devil Tree of the Ten Thousand Realms, but the Eternal Demon Lord took the initiative to give him a chance.

[Chapter 4479: Squeeze](#)

At this moment, Qin Chen was excited.

The Eternal Demon took the initiative to give him this opportunity. If he didn't seize it, wouldn't he be an idiot?

"Hahaha, since the Lord Eternal Demon Lord ordered, why dare your subordinates?!"

Qin Chen took a step forward and immediately laughed out loud.

boom!

The fierce fighting spirit shot up from him instantly.

Qin Chen sneered in his heart, this eternal demon might not know how stupid the decision he made today was.

"Magic dust!"

The Black Stone Demon Lord changed color and couldn't help exclaiming, his face pale.

Qin Chen actually agreed! The Eternal Demon King coldly glanced at the Blackrock Demon Lord, and snorted coldly: "Black Stone, although this Demon Dust was once your demon general, but now, he is the top powerhouse of my Eternal Demon Island, the first demon lord's. A powerful challenger, even this king is the devil

In front of the adults, strive for more resources and opportunities for support for the Eternal Magic Island, do you... do you want to disobey the king's will? "

The Eternal Demon's eyes were cold.

"Subordinates dare not!"

The black stone demon's expression changed slightly, and he hurriedly saluted, his heart bitter.

Demon Chen, too reckless, why, he obviously risked his death to remind him, he still agreed?

Doesn't he know that once he fails, he will be in danger of falling? The proposal of Lord Eternal Demon is not simple at all.

As a woman, although the Blackrock Demon Lord could not see the examination in the eyes of the Eternal Demon King, the woman's intuition made her instinctively feel that the Eternal Demon Lord seemed to be dissatisfied with the Demon Chen.

This is the real reason why she blocked her words.

She trusts her instincts.

But now...

Black Rock Demon Lord is bitter in his heart, everything is too late.

The Eternal Demon coldly glanced at the Black Stone Demon Lord, and then turned to look at the First Demon Lord below on the first blood battle platform.

"The first demon!"

The eternal demon said coldly.

"Subordinates are here!"

boom!

I saw the first demon sitting there like a rock. At this moment, he suddenly opened his eyes and boomed, like two magic lights bursting out of his eyes, shocking the world and penetrating through. The first Demon Lord stood up suddenly, his figure was obviously worse than that of the Troll Demon Lord, but for some reason, when the First Demon Lord stood up, everyone felt like a demon mountain towering over the sky. Up, the towering figure pressed

Everyone present can hardly breathe.

So strong!

Just a surging momentum can suppress the world and traverse the ages.

"First Demon Lord, are you willing to accept the challenge of this Demon Dust?" Eternal Demon King said lightly.

"Follow the will of Lord Demon Lord!"

Boom! The first demon king took a step forward, and a dark magic armor appeared on his body. The magic patterns on the magic armor flashed, obscure and complicated, and the magic power bloomed with shocking power. Following his steps, the void rippled with a rumbling roar. As if the Devildom Avenue is in his

The feet are shaking, in panic.

This is the late Tianzun.

The top powerhouse in Tianzun.

Bang bang bang!

At the moment on the field, the hearts of all the powerful demons were beating wildly, the blood rushed, and the heart seemed to burst.

As strong as the third demon Lord, the tyrannical demon Lord changed slightly, and his body retreated. He and the troll demon Lord were both half-step late stage gods. They were top powerhouses, but they were simply incomparable in front of the first demon Lord.

The first Demon Lord's gaze fell on Qin Chen, with a cold glow.

"You are very good, but it is far from enough to move this seat!"

The first Demon Lord said coldly, his voice was not loud, as if he was talking about a sparse and ordinary expression, very calm, but what was revealed in the calm was endless domineering and sufficient confidence.

He is the first demon king, the strongest demon king.

The corner of Qin Chen's mouth twitched, and then he smiled, "Do you know? Lao Tzu is the most annoying that someone pretends to be in front of Lao Tzu."

boom!

When the words fell, Qin Chen's figure suddenly moved, and with a bang, it turned into a stream of light, suddenly appeared in front of the first demon, and slashed it severely.

Boom!

Between the sky and the earth, a blade of sword light appeared, straight to the sky, and slashed down at the first demon.

This knife contained endless might, cutting through the sky. Under this knife, the void was as fragile as paper. Wherever it passed, the void burst into dark cracks.

"I...invincible!"

boom!

Daoguang came directly to the first demon king.

"Humph!" In the pupils of the first demon king, a terrible divine rainbow bloomed, and his figure moved, like a towering god, blasting towards Qin Chen with a punch. In this punch, the endless magic power was condensed. As if there is a world in the making

It emerged that he turned out to be a master of the demon race, living in a country of the demon race.

With one punch, a demonic kingdom has evolved, which is shocking.

Cang Dang!

The terrifying magic fist collided with the blade light, and suddenly erupted with a shocking roar, with a bang, and the large formation around the blood battle platform was rumbled and the runes flickered, as if it was about to burst, shaking violently.

The strength that Qin Chen and First Demon Lord showed, even the **** battle array shook, as if they couldn't resist.

Boom!

The terrible coercion spread out, and for a while, the expressions of the rest of the demon monarch powerhouses on the scene changed drastically, and they retreated one by one, leaving the battlefield one by one, almost retreating to the very edge of the **** battle formation, looking at this in horror.

"what!"

The demon generals did not retreat in time, directly screamed, and directly turned into powder under this shock wave, and the flesh and blood flew across and the origin collapsed.

Only the escaping magic power made these powerful demon generals unable to resist at all. It was stronger than some of the lower-ranked demon monarchs, all of them were surging with blood, their faces turned pale, and the corners of their mouths were bleeding.

Terrible, terrible!

Many strong people are discolored.

Is this the first demon king? Is this the late Tianzun?

It is worthy of being a strong man who has stood for countless tens of thousands of years as the top demon king of the Eternal Devil Island. Once he shot, the power that broke out shocked all the strong men present.

"What about magic dust?"

In the endless roar, everyone held their breath, staring at the monstrous magic power, and at the Qin Chen who was hit by a fist of terror.

I saw the explosion of rumbling demon energy. In the endless darkness of demon power, Qin Chen stood still, standing proudly in the sky, his whole figure turned into a magic knife, people are knives, and knives are people. Man and knife are one.

"Even unscathed?"

hiss!

Many people sucked in air-conditioning and looked at the one standing proudly in Qin Chen's mind.

At this moment, they truly recognized Qin Chen's strength, able to withstand the first demon lord's one-shot immortality, no matter how cultivated this person is, their strength is definitely of the late Heavenly Sovereign level.

"You really have two things, no wonder you are so arrogant!"

The First Demon Lord squinted his eyes and looked at Qin Chen. Although his previous punch was not his strongest blow, it was definitely not something ordinary Heavenly Venerate could resist, and Qin Chen was unscathed.

This allowed the First Demon Lord to recognize Qin Chen's strength for the first time.

"What to pretend!"

Qin Chen snorted coldly, feeling upset.

Oh shit!

How can this guy act so forcefully? You can pretend than him, can you die if you don't force him to fight?

"Lao Tzu is invincible, has Lao Tzu said that several times?"

With a cold snort, Qin Chen's magic light bloomed, and his figure suddenly disappeared.

Buzzing buzzing...

In the void, countless figures suddenly appeared, these figures flickered crazily, thousands of them, and completely surrounded the first demon in an instant.

"Fast speed."

Many strong players on the scene took air-conditioning. These figures are all the afterimages of Qin Chen, because the speed is too fast and the shadows left in the void, many powerful people present, even the third demon, can't see Qin Chen's raiding route clearly, so much so Looking at the past at this moment, it seems like an instant

Thousands of Qin Chen appeared.

What strength is this?

Many powerful demons only feel that their hearts are trembling and their scalp is numb.

How can you fight even if you can't see the trace of the opponent?

This is also thanks to being the number one demon king. In other words, they are afraid that in the blink of an eye, they will have been given a second by the magic dust. No wonder the previous troll demon king will be slashed.

"Cut!" When countless demon shadows appeared, Qin Chen screamed sharply, booming, and in an instant, thousands of Qin Chen ghost shadows in the void shot together, booming, countless knives were here. Gathered together for a moment, violently slashing towards the first demon from all directions

.

"Ok?"

The first Demon Lord frowned, snorted coldly, and boomed, his body suddenly burst out with a dazzling magic light, the dark aura surged, and the dazzling rune quickly lit up on the magic armor, and the aura skyrocketed in an instant. .

锵锵锵锵...

Countless blade lights crashed on the armor of the first demon king, and immediately burst into a harsh roar, visible to the naked eye, the armor of the first demon king burst out with magic lights, but Qin Chen's attack was hard. Sheng resisted it.

"Late Tianzun Demon Armor!"

Suddenly, there was a sound of air-conditioning on the court!

This terrifying aura is definitely a treasure of the late Tianzun level.

With the strength of the first demon king, coupled with such a treasure, who can be the enemy?

"With you, you can't even break through the defense of this seat."

The first demon king took a step forward and said with a cold snort, as if there were stars surging in his eyes, a punch was blasted out, booming, countless powerful demons surging out of his fist, powerfully shocking the world .

Many demon avenues surging between heaven and earth.

"is it?"

"This seat is invincible, how can you not break your defense?"

Qin Chen snorted coldly, slashed out, and exploded all over the Demon Race Avenue.

boom!

Qin Chen disappeared, and at the same time...

An icy blade suddenly appeared behind the first demon king, and the blade flashed with cold light, and slashed towards his back.

The first demon king turned around and smashed the light with a punch. With a bang, the first demon king flew out, bleeding from the corner of his mouth, and a knife mark appeared on the face of his fist.

he got hurt.

The first demon changed color.

"This is your defense?"

Qin Chen stepped out again.

boom!

Another blade of light slashed out, and the first demon king blocked it again, bang, he was cut and flew out again, layers of void behind him burst, and blood was spilled on the fist face again.

Qin Chen moved forward step by step, slashing out with a single knife. In his body, the power of the Demon Race was transforming, surging, and the Demon Race Avenue was boiling.

In fact, if Qin Chen exposed his strength and shot with all his strength, he could easily kill the first demon king, but on this Eternal Demon Island, he naturally couldn't act unscrupulously. Since he was disguised, he would have to disguise himself.

Otherwise, what did he do all the hard work?

boom!

Layers of sword intent continued to gush, slashing on the first demon, and the first demon was constantly retreating, the magic armor on his body continued to flicker, and the power of the magic talisman continued to flow.

This made everyone present involuntarily change their colors.

day!

What did they see?

The first demon is actually being crushed and beaten by that magic dust, how is this possible?

At this moment, all the Demon Race powerhouses present were discolored and felt unbelievable. They only felt that their hearts were trembling. It was incredible. The First Demon Lord was actually at a disadvantage.

I have never seen such a scene for many years.

The power that the two broke out shocked the world, and even the strong outside the **** battle array changed color. Although they had never been in the center of the large array, the breath that broke out was enough to change their color.

If it hadn't been for the maintenance of a **** battle, it was feared that just a trace of power escaping would be enough to kill the many strong men on the scene.

Above the sky, the eyes of the Eternal Demon also showed a solemn color.

Where did such a character come from?

Step back.

The first demon was finally angry.

"Condensation!"

boom!

He was like a demon, with a shocking magic light rising from the center of his eyebrows, ready to fight back.

It's just that he hasn't moved yet.

puff! I saw a magic knife, which suddenly appeared from the void at some unknown time, and directly nailed it into his eyebrows.

[Chapter 4480: Ghost](#)

The terrifying magic knife, as if cut out of purgatory, instantly cut into the center of the first Demon Lord's eyebrows.

boom!

Among the magic knives, a terrifying blade intent rushed into the first demon lord's body frantically, causing the first demon lord's body to tremble violently, and cracks began to appear.

"I have said that I am invincible."

Qin Chen drank coldly, with the sword intent, and the towering body, urging the magic sword to crush the flesh of the first demon king.

"hateful!"

"burst!"

The first demon snarled, at this moment, an astonishing vitality surged in his body, and his figure suddenly retreated.

boom!

Accompanied by his anger, the body of the First Demon Lord directly exploded, and countless demon qis were frantically shattered on the spot.

The first demon is dead?

On the court, everyone can't believe it?

This is real?

Before the consternation in everyone's hearts fell, they saw the void not far away, booming, countless demon qi surging, and the demon qi recondensed, recondensed again, turned into the first demon king, and reunited into the flesh.

Not dead at all!

The First Demon Lord turned pale, and looked at Qin Chen with cold eyes, with anger in his eyes.

If it weren't for the special secret technique of his ethnic group, just now, he was afraid that he might really fall, and the strength of this kid was even more terrifying than he thought.

"Ok?"

Opposite, Qin Chen was also surprised, frowned, this First Demon Lord actually had this trick?

Using the self-detonation similar to the clone, directly exploded part of the origin, but his body had already left directly at this opportunity and condensed in another place.

Such a method was rarely encountered by Qin Chen before, and it was extremely strange. It's not that the technique of surrogate is rare, but that with Qin Chen's current strength, the general technique of surrogate can't evade his perception at all, and it can be locked with the power of the Great Dao, but this is the self-destructive technique of the first demon king, But almost blinded

Because of his perception, this is a bit rare.

"Boy, you angered me."

The first demon lord stood proudly in the void, his expression furious.

His first demon king, a strong man who has stood in the waters of the Eternal Demon Island and has not been shaken for thousands of years, was almost killed before.

An unprecedented shame.

"There is so much nonsense, I have never killed you before, and I will defeat you directly with the next cut!"

Qin Chen said indifferently with the magic knife in his hand.

"Really? I want to see how you can defeat me!"

boom! The First Demon Lord roared, and a terrible demon energy poured out directly from his body. The next moment, the body of the First Demon Lord suddenly swelled, and the tentacles were like a pillar of heaven. Swept out of Yi Mojun's body in an instant

.

Wow!

Tentacles all over the sky, meandering between the sky and the earth, each tentacles contains a terrible aura, covering the sky and blocking the sky and the earth.

In an instant, all the void in the area where the **** battle array was located was covered by these tentacles, completely imprisoned and blocked.

"Nether Demon Chapter, it turns out that the first demon king is the strongest of the Nether Demon Chapter clan."

"No wonder it is so terrible, the Nether Devil, in ancient times, it was the real master of the Chaos God Demon Sea."

"Previously, the first demon lord performed, it should be the rebirth of the broken arm of the Nether Demon Zhang clan, using the original arm to explode and escape from birth."

Above the square, countless uproars resounded, shaking the heavens and the earth.

Nether Demon Medal, the top race of the ancient Chaos Gods and Demon Seas, the strength is through the sky, once dominated the Chaos Gods and Demon Seas for a period of time.

It's just this race that offended other top demons and was almost wiped out.

Unexpectedly, there are still strong ones who survived.

The most terrifying thing about the Nether Devil is not their cultivation base, but their talents and supernatural powers. Nether tentacles can block the void and bring people into the Nether Realm.

At the same time, the tentacle of the origin can also be used as a stand-in for the body to die in a crisis.

Just like the Demon Clan's Nine Lives Cat Demon Clan, a fundamental source tentacles of the Nether Demon Medal represents one life. The Nine Lives Cat Demon is rumored to have nine lives, and the Nether Demon Medal is also not weak, with different cultivation bases. The number of tentacles is also different.

At this moment, the first Demon Lord exposed his body, and instantly stunned everyone present.

boom!

The first demon king displayed the body, a towering body of the devil towered up in the sky, with countless tentacles covering the sky and the sun, like a pillar of heaven, blocking the sky and the earth.

Between the heaven and the earth, countless ghost energy surged, terrifying power completely blocked Qin Chen.

"Boy, you have angered this seat. For thousands of years, you are the first to force this seat to display the ontology again. Today, you must die."

boom!

The first Demon Lord looked indifferent, and the tentacles all over the sky fell crazily towards Qin Chen.

Puff puff puff...

The void exploded heavily, and the huge tentacles drew directly towards Qin Chen, and their power skyrocketed several times.

The astonishing aura made everyone discolored, and the many powerful men who had already retreated to the edge of the **** battle, retreated crazily and did not dare to bear its breath.

The terrifying tentacles came to Qin Chen in an instant.

"Magic dust!"

The Blackrock Demon roared anxiously.

I saw Qin Chen who was enveloped by the tentacles of the Infinite Devil, instead of a trace of fear in his eyes, it was endless ecstasy.

His eyes shone, as if he was looking at something big.

"boom!"

Seeing that the sky full of tentacles was about to hit him, but suddenly, Qin Chen's figure suddenly disappeared in the same place, with a boom, countless tentacles fell on the void, exploding the void directly.

Is that kid dead?

Everyone's eyes widened.

Only the pupils of the eternal demon shrank. No, he didn't die.

The eyes of the eternal demon suddenly flashed, looking at the void in front of the first demon.

In the void, huh, a figure suddenly appeared.

It's Qin Chen.

boom!

At this moment, the first demon also reacted, just about to wave his tentacles, he wanted to attack Qin Chen again.

I saw that the magic knife in Qin Chen's hand was like a flying fairy from the sky, and it pierced the center of his eyebrows with a thud.

boom!

The figure of the first demon suddenly became illusory.

"you....."

The First Demon Lord looked at Qin Chen in anger. He never expected that Qin Chen would pierce the center of his eyebrows with his own evolution.

In the magic knife, terrifying power poured directly into his body, shattering his flesh.

"Blast me!"

The first demon roars.

Hum!

Above his physical body, a terrible breath erupted, apparently to use the original tentacle to explode and take damage.

but.....

How could Qin Chen let the opponent perform the same trick a second time.

"Exit!"

Qin Chen's sword intent directly locked the soul of the First Demon Lord, locked in the soul, and naturally couldn't escape the body.

puff!

I saw the body of the first demon king, directly shattered and became illusory, the powerful vitality in the body also disappeared in an instant, and was killed by a single knife.

Only one soul remained.

"I....."

Only the remaining soul of the first demon looked sluggish.

he.....

It turned out to be a slap in the face!

"I have said that I am invincible. If you beat you with a single blow, you will beat you with a single blow."

Qin Chen sneered, his expression indifferent.

When I'm joking with you?

What about becoming the main body? Still cut you in a second.

boom!

Among the magic knives, the astonishing sword intent surged, directly annihilating the body of the first demon king.

At the same time, a powerful devouring force surged in the magic knife, swallowing the origin and blood of the first demon monarch into the chaotic world in a flash, nourishing the magic tree of the ten thousand realms.

Hum!

The Devil Tree of the Ten Thousand Worlds glowed, and the breath was strengthened again, with a dark breath blooming.

Big make up!

Qin Chen was excited, and sure enough, the stronger the master was killed, the more tonic the Ten Thousand World Demon Tree would get.

And at the moment.

Everyone on the field was completely stunned!

Didn't even realize what happened?

Lord Demon Lord was killed!

Moreover, it was so easy to be killed, even the body was revealed, and it was still killed!

what does this mean?

It means that the strength of the two sides is too great!

The strength of this magic dust is more than that of the first demon lord.

When did such a top powerhouse appear in the waters of the Eternal Magic Island?

Many powerful demons in the audience grew up listening to the rumors of the first demon, and they all knew the horror of the first demon.

However, they didn't expect that, as strong as the first demon, turned into the body, they would be killed by a single shot.

This almost broke their cognition, so much so that they couldn't believe it now, all of them looked dull, as if they were stupid.

How terrifying is the power of the magic dust in front of you?

Spike the late Tianzun!

day!

Could it be the strength of the demon king?

When everyone was frightened, Qin Chen stared at the soul of the first demon once again.

Although the body of this first demon king was absorbed, the Ten Thousand Realm Demon Tree was once again promoted.

However, it is not enough.

The soul of the First Demon Lord is also a great tonic, not only for the Demon Tree of the Ten Thousand Realms, but also for the soul of the Demon Lord of the Ten Thousand Spirits and the soul of the Skyfire Venerable.

Qin Chen looked at the soul of the First Demon Lord, his eyes glowing again.

"boom!"

The magic knife in Qin Chen's hand burst out a terrible aura directly, trying to annihilate the soul of the first demon king.

"Spare..."

The first demon hurriedly shouted in anger.

He never expected that Qin Chen would kill his soul without destroying his body.

"stop!"

And above the sky, the face of the Eternal Demon King also changed. He naturally didn't care about the fall of other demon kings, but this first demon king was his right arm for many years, how could he let Qin Chen be killed, so after seeing Qin Chen actually want to kill the soul of the first demon king, he always The eternal devil who never interfered ends

Yu couldn't help but shouted.

But Qin Chen wouldn't care about the eternal devil's harsh drink?

boom!

The magic knife surged with murderous intent and directly pierced the eyebrows of the soul of the first demon.

With a buzzing sound, I saw the soul of the first demon monarch, who immediately became illusory, and then with a bang, the ashes disappeared, and the soul was scattered.

The first demon king opened his eyes wide before he died, unbelievable.

Is this the second?

Fuck!

Even the demon lord's command, this kid didn't listen to it?

The First Demon King was dying and couldn't believe that he would be killed.

boom!

The power of the billowing soul was instantly swallowed by Qin Chen, nourishing the Demon Tree of the Ten Thousand Realms, and at the same time nourishing the Demon Venerable Ten Thousand Spirits and the Venerable Skyfire.

"Sure enough!"

Qin Chen couldn't help being amazed as he felt the spirits of the demon lord and the skyfire veteran whose soul aura continued to grow stronger.

Sure enough, killing people and making money is the best way to make money.

And at the moment.

Everyone in the audience was petrified, completely stunned.

That magic dust actually killed the first demon king.

And also disobeyed the eternal demon lord's order?

The blood that originally boiled in the body was cold for a moment, and all the powerful demons present there no longer felt the blood boiling, and some were just endless panic.

Panicked and looked up at the sky.

really!

"I told you to stop, didn't you hear?"

An aura containing endless killing intent suddenly descended from the sky.

The Eternal Demon King stepped down from the throne, with an angry expression, and slapped Qin Chen with a palm.

boom!

The endless magic power boiled, and when he heard the clicking sound, the **** battle array was directly exploded. The Eternal Demon King came directly in front of Qin Chen with his angry giant hand, trying to suppress Qin Chen severely.

He was extremely angry.

The first demon king, unexpectedly died.

This is his right-hand man who has spent countless years.

And what made him even more angry was Qin Chen's actions.

This is provoking his authority.

He is the eternal demon, and will never allow anyone to challenge his authority.

The terrifying clutch, containing the coercion of destroying the sky and the sun, came directly in front of Qin Chen.

At the moment when the magic palm fell, Qin Chen's magic knife suddenly blasted out.

boom!

The void exploded, the void in front of Qin Chen burst directly, the magic knife and the magic palm collided, the world was directly turned into a turbulent flow of particles, Qin Chen's figure was blasted out for tens of thousands of meters, and then stood still in the void again. Unscathed!
