

Valkyrie 4681

[Chapter 4681: Kylin Emperor](#)

boom!

The vast expanse of supreme aura burst open, the aura skyrocketing.

This is where the Kylin Kingdom of God is located, and all the creatures in the Kingdom of God are awakened, one by one looking at the sky in terror.

"It's the ancestor."

"How did the ancestor get out?"

"What the **** is going on? Isn't the ancestor in retreat and sprinting to a higher level?"

In the Kylin Kingdom, in a towering shrine, a strong man sucked in air, and his face was shocked.

That horrible figure is the ancestor of the Kylin, the pioneer of the Kylin Kingdom.

At the level of the Kylin ancestor, it is generally rare to show up. It hasn't been seen for tens of thousands of years. Now it has appeared in the void again, and it immediately attracted the shock and amazement of countless experts in the Kylin Kingdom.

Could it be that what happened to the ancestors?

In the shock of everyone, they saw the Qilin ancestors roaring up to the sky, roaring, "Dare to kill my descendants of the Qilin Kingdom of God, you deserve death."

boom!

The endless divine light of the unicorn floods the sky and the earth, to annihilate everything.

"Ancestor."

Some of the strong men of the Kylin Kingdom soared into the sky, and they were all stunned after hearing the words.

The descendant of the Kylin Kingdom was killed. Could it be that Prince Kylin...

Many people were shocked and stunned. The leading old man, who was in his half-step Supreme Peak, couldn't help but horrified and said: "Ancestor, what happened?"

"Prince Qilin, dead!"

Qilin Supreme said with a cold voice when he saw someone coming.

The coming person is the emperor of the Kylin Kingdom of God and the father of the Kylin Prince.

"What? Lin'er is dead? How is it possible?"

Emperor Qilin staggered, almost unable to stand still, his body trembling, and his face pale.

This is the future of their Kylin Kingdom.

"How did Lin'er die?" Emperor Qilin shivered.

"How else could I die? Naturally, I was killed, Prince Qilin, where did he go?"

Qilin Supreme looked at the Qilin Emperor and said with a cold voice.

As a supreme, Qilin supreme has only met his great-grandson several times, but he loves his great-grandson very much, and this is how he bestowed a magical amulet.

Moreover, he personally took him to Sagong Holy Land to propose marriage, because his great-grandson is the most talented he has seen in these years, and can even surpass his bloodline.

But now, the magic rune he gave out was shattered, the mind clone was destroyed, and Qilin Supreme knew what had happened.

In this case, Prince Kirin must be dead. Suddenly, Qilin Supreme's face was very ugly. As the Supreme, his mind clone was destroyed. It was a provocation for a living Supreme like him. This was because a powerful enemy destroyed his divine consciousness. Don't let him go at all

In the eyes, it is a challenge to him.

Earlier, he had tried to follow the breath from his own mind clone and directly descended to Prince Qilin, only to find that the time and space where the other party was located seemed to be in another world, and he could not descend at all.

That's why he wanted to ask where Prince Kirin went.

"Old ancestor, Lin'er went to the cosmic continent where the Yuanmo clan is located in order to pursue the venerable daughter of Sagong Holy Land."

Emperor Qilin knew that the matter was in trouble, and hurriedly said with a trembling.

"The universe where the Yuanmozu is located? Could it be that the ants of that universe dealt with my Lin'er? Seeking death."

The Qilin Supreme roared and boomed, and his whole body rose into the sky.

No wonder, he couldn't reach the area where Prince Qilin was.

The universe where the Abyssal Demon Race is still belongs to the original universe, and has never experienced reincarnation.

In this kind of universe, the origin controls the heavens, and instinctively prevents the power of any universe from invading, let alone him a supreme, even a detached person cannot directly descend into that original universe.

It's no wonder that he couldn't cross the endless void and directly descend on his mind clone.

"Sigong respected girl?"

boom!

The Qilin Supreme soared into the sky and swept towards the distant sky.

"This seat is the sacred land of Sagong. Ask carefully, who in the original universe dared to kill the great-grandson of this seat, and this seat will surely crush his corpse into thousands of pieces.

Rumble!

Amidst the roar of the sky, Qilin Supreme instantly disappeared between heaven and earth.

At this moment, above Tongtian Peak. With a bang, Qin Chen's sword-biting monument blasted down, and after smashing the avatar of Qilin Supreme's mind for an instant, he just glanced at the unicorn divine light that Qilin Supreme had exploded, and then waved his hand to direct this unicorn light
Converged in the palm of your hand

.

A thought clone of the Supreme Dark Clan is a rare thing for now. From it, he may be able to understand some of the information and structure of the Supreme Dark Clan and obtain some information that he did not know before.

Putting away the Qilin Divine Light, Qin Chen also put away the Sword Devouring Tablet at the same time, and glanced lightly at the other Tianjiao masters present.

For a while, all the Tianjiao experts present were shocked for a long time and could not speak, and they bowed their heads under Qin Chen's gaze, and they didn't even have the courage to look at him.

Whether you are a family prince, a young master, or a sect elder, you are shocked to contract your heart. Many people tremble with their legs and can't stand steady, except that they didn't kneel on the ground.

This is the avatar of Qilin Supreme, who created the kingdom of Qilin God.

But it was smashed to pieces like this, no matter how the Supreme Will struggled and roared, it would not help.

This is the first time in their lives that the Supreme will is so weak and so desperate.

Seeing that the avatars of Divine Sense that are as strong as the Qilin Supreme were crushed by Qin Chen severely on the ground, there was no resistance at all.

This kind of despair, this kind of powerlessness, shook the minds of everyone present. This scene was deeply imprinted in the hearts of each of them, and I was afraid that they would never be forgotten for a lifetime.

Even Sikong Zun's expression changed slightly, becoming extremely dignified.

She is more knowledgeable than anyone present, and when she sees such a scene, she knows what it means, especially when Qin Chen glanced at it just now, the look in her eyes was too shocking for her.

The look that can destroy everything is like a supreme god, standing high in the endless void, looking down at her and examining her.

Such a look was so terrible that she didn't even dare to intercede for Prince Qilin before.

In fact.

The respected female Sikong can be so respected, naturally there is her unique and terrifying.

Although she is young, in terms of strength, she is already comparable to a half-step supreme-level powerhouse, and now she is dedicated to pursuing the path to breakthrough supreme.

But in front of Qin Chen, all her arrogance seemed humble to dust. She had a feeling that if she had dared to intercede before, then she would probably die here just like Prince Qilin.

[Chapter 4682: Sikong Anyun](#)

As for Fairy Divine Phoenix, they all opened their mouths wide, and they couldn't react after being shocked for a long time. It was not the first time they saw Qin Chen's domineering arrogance, but it was so fierce like Qin Chen that he actually exploded a supreme divine consciousness clone alive. What a terrifying thing, even before following Qin Chen, it was They are absolutely nothing

Imaginary.

Because in their minds, Qin Chen is at most a sacred arrogant of the supreme power, with a profound background.

But the previous scene made them understand that the Qin Chen in front of them was a top tycoon himself, and Qin Chen alone could destroy their power.

And they almost offended Qin Chen when they were on the dark stone platform before.

Thinking of this, a few of them were sweating coldly. He and their forces used to be between life and death.

"This, this, what is the origin of this person?"

After a long time, many Tianjiao strong men present came back to their senses, and some strong men couldn't help but whispered.

For the seemingly ordinary Qin Chen in front of him, everyone couldn't help but feel shocked.

They didn't feel it before, but now they are very clear that Qin Chen in front of them must have a background of sky-reaching, and it is definitely not weaker than the background of Prince Qilin's kingdom of Qilin.

Otherwise, how dare he be so arrogant.

Qin Chen was so young that he could kill a divine mind clone of the supreme. Although it was only a divine mind clone, what kind of person was the supreme? Behind this person, if there is no top-notch supreme, they would not believe it if they were killed.

Ordinary people are afraid that they will not even have the courage to resist in the face of supreme coercion?

After extinguishing the divine mind clones of Prince Qilin and Qilin Supreme, Qin Chen slowly turned his head at this time, glanced at the female Sikong, and said, "What is your name?"

When Qin Chen asked like this, not only the Divine Phoenix Fairy and the others, but also the Tianjiao experts and the Tianzun masters present, couldn't help but slam in their hearts.

What kind of status is Sikong Zunzi? It is by no means one of the most noble beings on the Heiyu Continent.

But Qin Chen was so arrogant, so condescending, it was too domineering, and it was too shocking.

"Little woman Sikong Anyun."

The female Sikongzun hesitated for a moment, and didn't know how to call Qin Chen. The person in front of her was too unfathomable for people to figure out.

"The descendants of Sagong Holy Land have pretty good talents."

Qin Chen glanced at the female Sikong, with a calm look in his eyes, and looked at the female Sikong from head to toe, and then made a casual comment.

Qin Chen's casual comments made the many Tianjiao experts present speechless.

Venerable Sagong girl, she is an unparalleled and invincible figure, although she is not a supreme figure because she is still young, but with her talent, it will be easy and absolutely no problem to break through the realm of supremacy in the future.

Even Sagong Sacred Land has high hopes for him, and even hopes that she can replace Sagong Sacred Land to sprint to a higher realm.

Such a character was actually just commented by Qin Chen, "The talent is not bad." This made everyone sluggish for a while, and they didn't know whether Qin Chen praised or degraded.

This can only be regarded as a talent and not bad, so what kind of talent is good? Among all the people, there is only one who is not evil, because he knows the true identity of Qin Chen, the royal blood, that is the real supreme blood of the Dark Continent, although the Sagong Holy Land is strong, but compared with the royal blood, it is still Too much difference,

It's not on the same level at all.

"I wonder how you call it?"

The female Sikong was not dissatisfied at all because of Qin Chen's attitude. She pondered for a while and asked gently, her voice soft, like a junior.

This shocked many people.

It is rumored that Sikong Zunzi has always been arrogant, like a destiny. Faced with such an evaluation, she should be a little unhappy, but at this moment, she can't see the slightest dissatisfaction from her, and people have to guess a lot.

In fact, the female Sikong Zun was a little bit unable to understand Qin Chen's true identity, she was just shocked by the breath of Qin Chen, and she didn't know how shocking he came from.

But no matter what, the identity of this person must be extraordinary, so the Sikong Zun woman spoke so carefully.

Non-evil also hurriedly looked over.

To be honest, although he has been with Qin Chen for so long, he still doesn't know Qin Chen's real name. "Me?" Qin Chen smiled: "The name is just a title, why know it so clearly, between you and me, it's just a passer-by. But I work hard in your Sagong Holy Land, and guard this continent for my dark people. , Open up one

Fang Frontier, if you like, follow Ben Shao, be a maid of Ben Shao, call Ben Shao Master. "

Qin Chen said casually.

boom!

As soon as this remark came out, the audience was shocked and everyone was shocked.

Many people's eyes were so round that they were about to fall to the ground, pinching themselves one by one, for fear that they might have heard it wrong.

This?

What is this nonsense?

Everyone looked at each other, digging out their ears, and couldn't believe what they had just heard. Sagong female, high above, she is the most outstanding genius and talented woman in Sagong Holy Land, the supreme goddess in the future, and the future ruler of Sagong Holy Land. With such an identity and such a position, how many people see it, they have to kneel on the ground. Save in.

But the guy in front of him actually asked the Sikong lady they admired to be one of his maids, calling him young master, and even being his maid seemed to give him a great favor.

This kind of contrast is really unacceptable to everyone.

If it hadn't been for the terrorism and strength Qin Chen had previously shown, if anyone dared to blaspheme the goddess in their hearts like this, they would have rushed forward for fear of being mad, and would fight the opponent desperately.

Aside, Fairy Divine Phoenix and others were also shocked, and even felt a little dizzy in their heads.

Although Fairy Divine Phoenix was willing to serve Qin Chen as his handmaid, it was because her background was not too prominent, in the eyes of ordinary Tianjiao, she could even be pursued by some King Tianjiao.

But in the eyes of the emperor Tianjiao such as Prince Qilin, the fairy phoenix is beautiful, but the identity and status behind him are not enough, and it is completely impossible to see them.

But the female Sagone, who is far more noble than she is a hundred times, a thousand times more noble, the future heir of Sagong Holy Land, in this world, who can be worthy of her address as a young master.

Among the crowd, there is only one person who is not too surprised, and that is right or wrong.

He just looked at the female Sikong with excitement, and in the eyes of others, letting the female Sikong be one of Qin Chen's maid would greatly belittle the female Sikong. Only he knew that this would be a great opportunity for Sagong Holy Land, an opportunity to change the fate of Sagong Holy Land.

[Chapter 4683: Dark Dream Tea](#)

Honored lady, you must catch it.

Prayed secretly in non-disgusting, excited.

What a glorious thing to be the honorable daughter of the emperor.

As the inspector of the Sagong Holy Land, I couldn't be more clear from the disgusting. Don't look at the power and prestige of the Sagong Holy Land. Sitting in the Heiyu Continent, it is the supreme existence, and it is quite powerful in the Dark Clan.

But that's only relative. In fact, the Sagong Holy Land in the origin continent of their Dark Clan can only be regarded as a midstream power at best, not even the midstream.

That's because Sagong Holy Land has never owned a detachment.

Walking in the universe, only detachment can truly be called a noble existence.

The development of Sagong Holy Land so hard over the years has made it a good time in the dark world, but why did you come to this cosmic land to open up wasteland? Isn't it to gain merits, to gain opportunities, and to find opportunities to break through and detachment?

Sagong Holy Land also has many enemies in the dark world. Not to mention, even in this Heiyu Continent, there are Shihen Emperor and Linyuan Sacred Sects fighting against and confronting them.

If you want to truly become stronger, only those who are detached can appear.

Can be detached, how can it be so easy to break through?

With such a glimmer of hope of breaking through and transcending, Sagong Zun's Highness was enshrined as a respected girl in Sagong Holy Land, enjoying all the resources, and even as a woman, she hoped to inherit the Sagong Holy Land's rule. What kind of aura is this?

However, all of this is based on the premise that Sikong Zun's daughter is expected to break through and beyond.

Once the female Sikong Zun couldn't do it, then facing her would be the counterattack of countless competitors within the Holy Land.

But if you can follow the emperor and become a member of the royal family, then Sagong Holy Land does not need to have a detached person, and can quickly rise to a level.

The dark royal family has the bloodline of the royal family, which is the most supreme bloodline of the dark family.

Although the maid only serves as the maid of the emperor, the maid can get close, and if she can be favored by the emperor, she will definitely be able to obtain the status of the royal family.

How can you give up such an opportunity?

At this moment, he was extremely nervous, for fear that the female Sikong would refuse because of arrogance.

The words of Qin Chen's entrustment really made Sikong respected woman stunned. After all, she was going to be the person who was going to be the master of Sagong Holy Land. How many people in the world would dare to say that she would accept her as a maid?

However, when the female Sikong saw the excitement that was not evil on the side, her heart moved slightly.

Fei Yin is her inspector of Sagong Holy Land. Although the other party is standing by Qin Chen's side, Sigong Senior Daughter knows that her father's subordinates are quite loyal to Sagong Holy Land.

Why did he respect this person so much that he didn't even dare to reveal a little bit more in front of him? After hearing that this person wanted to accept himself as a maid, he showed such a excited expression.

Although Feiye didn't say a word, it was already a very obvious reminder in the eyes of the female Sikong Zun.

"Why, you don't want to?"

Qin Chen glanced at Zun Sikong with a smile, "If you don't want to, then please, this young master has never embarrassed people."

As soon as the words fell, the female Sikong smiled, "It is the blessing of Sikong Anyun to be the maid of the young master." After the words, the female Sikong slowly stepped forward and glanced at the fairy **** and phoenix lightly. She was originally standing there. The Fairy Divine Phoenix beside Qin Chen couldn't help taking a step back, but then saw the lady Sikong picking up the teapot on the table and gently pouring it on Qin Chen.

Cup of tea.

"Master, please." The female Sikong said with a smile.

She has a calm posture, and simply pours tea, which makes people feel pleasing to the eye, as if to be immersed in the other's temperament.

Everyone was completely stunned at this time.

Is the lady Sikong really going to be this person's maid?

This is simply too ridiculous, it is simply too unbelievable.

Fairy Divine Phoenix's mouths were open wide, and they looked at all this incredible. This is the respected female Sikong. In the mind of Fairy Divine Phoenix, the respected female Sikong is a superior female, an unattainable existence, but in Qin Chen's eyes, she is so ordinary that she can only be his maid. , Such a thing makes Fairy Divine Phoenix

Completely dumbfounded.

It was at this moment that Fairy Divine Phoenix knew that she was able to follow Qin Chen, what an honor it was, and what a wise decision she was able to stand firmly behind Qin Chen.

"Master, please have tea."

The female Sikongzun smiled slightly, adding fragrance to her red sleeves, and holding up the tea cup for Qin Chen, she was not artificial at all, it was very natural.

It is really pleasing to have such a beautiful woman serving by her side.

The most important thing is that Sikongzun did not have any tweaks because of her identity, as if she was born as Qin Chen's maid, so skilled and natural, it would not make people feel uncomfortable at all.

"You are very good."

Qin Chen smiled and glanced at the female Sikong, who can have such insights and reactions, this female Sikong is indeed a person.

This made Qin Chen couldn't help but sigh. Just being a descendant of the Dark Clan, a holy land, he has such vision and methods. No wonder it can be so terrifying, can the Human Race really resist the Dark Clan's invasion?

A trace of worry emerged in Qin Chen's heart.

"Master, isn't this tea good?"

Seeing that Qin Chen was lost in thought, Sikongzun suddenly took out a jade box from her body, opened the jade box, and actually contained a few pieces of tea leaves.

boom!

A few pieces of black tea leaves were presented in front of everyone, blooming with a terrifying aura.

This kind of breath made everyone present involuntarily change their colors.

"Master, this is Dark Dream Tea. It took a lot of energy for our Sagong Holy Land to get some. Let An Yun make tea for you."

Said the female Sikong.

The audience was shocked when he said this.

"hiss!"

"Dark Dream Tea?!"

"Dark Dream Tea, which contains the original rules of my dark clan. Even the Supreme Ancestor can't easily get this kind of tea? I'm afraid that only a powerful force like Sikong Holy Land can get some."

The crowd was shocked and in an uproar.

It is really that the Dark Dream Tea is so famous that it is hard to find. Such a leaf of tea can make a powerful Tianzun bankrupt. The most important thing is that it has a price and no market.

How not shocked everyone.

"Dark Dream Tea?"

Qin Chen smiled, this respected female Sikong was indeed on the road.

The fairy Divine Phoenix on the side was completely stunned, but she was also a figure of the arrogant, after a while, she reacted in time and silently beat the female Sikong. After a while, a pot of Shenchang was brewed, and Sikongzun's daughter personally held it for Qin Chen.

[Chapter 4684: A little interested](#)

In that teacup, the amazing Dark Avenue Law soared into the sky, even almost igniting the original cosmic origin of this world.

"This tea is extraordinary."

In the chaotic world, Honghuang Zulong was also amazed, smacked his lips, a little greedy, really wanting to rush out to have a drink.

It's a pity that he couldn't leave the chaotic world at all. He could only stare at the beauty of Qin Chen at his side. The sweet tea was so light that he was so envious that he would cry.

As for the other Tianjiao powerhouses on the sidelines, they are already going crazy, letting the honored lady serve tea in person, this is something that everyone present dare not even think about.

boom!

Qin Chen took this tea, and in an instant, Qin Chen felt a warm current encircling his limbs, and even the dark king blood in his body was moisturized, with an astonishing aura blooming.

Qin Chen closed his eyes. At this moment, the source of darkness in his body was rapidly circulating, giving him a lot of new insights.

This dark dream tea is indeed extraordinary, much stronger than the dark sacred fruit.

This is the treasure that even the supreme of the dark race desires.

This cup of tea entered his abdomen, and Qin Chen was warm and blood surging, and the dark aura permeated his body for an instant, including the blood of the King of Darkness, which was also stimulated.

A faint coercion dissipated in an instant.

Feeling the pressure emanating from Qin Chen's body, the female Sikong was shocked. The Qin Chen she relied on was closest, so she felt the most clearly.

After this coercion approached her, she felt shocked all over her body. It seemed that a beggar had encountered a superior emperor and had the urge to bow to his court.

What a terrible breath is this waiting? Standing high, looking down on the common people, like a god.

Not only her, but also the Divine Phoenix Fairy, Tianhe Saint Child, and even Fei Ei and others who were close to each other, couldn't help kneeling down, shivering.

"Well?"

Qin Chen recovered from his sentiment. It seemed that he had only discovered the strangeness around him, and his aura was slightly reduced. Only then did Fairy Divine Phoenix and others raised their heads in horror.

What power is that? Why do they all have an urge to surrender to each other?

"Good tea, I didn't expect to be able to taste this Dark Dream Tea in this Heiyu Continent."

Qin Chen chuckled and shook his head slightly, very emotional.

Unexpectedly, this tea could activate the Dark King's Blood in his body. Although it was only lightly aroused before and did not release the true breath of the King's blood, it was already an irresistible force for Sikong Zunnu and the others.

And Qin Chen's words made Sikongzun's heart suddenly shocked.

Because there are too many things in this sentence, only when you look back and take a closer look, can you feel the amount of information in Qin Chen's sentence.

For anyone else, there was no such effect, but the aura that Qin Chen couldn't help but exudes before, coupled with his posture, made the Sikong respected girl completely fall.

Qin Chen's gaze was once again projected into the dark ancestral land in front of him.

Because of the previous perception of the Dark Dream God Tea, Qin Chen had a new understanding of the origin of darkness, and the movement of the heavens in front of him became clearer instead.

The outline of the entire dark ancestral land became clearer and clearer before Qin Chen's eyes.

boom!

And at this moment, a blood qi that soared into the sky suddenly filled the distant Xuhua Blood Tomb.

"The blood grave will be completely destroyed."

Many people present were excited, and their eyes fluctuated one by one.

They came here for the ruined blood tomb. This blood tomb is a half-step supreme level ancestor blood tomb. If they feel a trace of the half-step supreme power during the ruining process, it will be bound to them in the future. There is a huge help.

However, at this moment, they did not dare to step forward rashly, but there was excitement in their eyes, because Her Royal Highness Sikong was still in front of her.

"Is the young master also here for this ruined blood tomb?"

Sikongzun asked with a smile.

"if not?"

Qin Chen stood up, he was really interested in this **** grave.

Because, he saw something before, he needs to verify it himself.

"An Yun is sure that the young master is definitely not here for this ruined blood tomb, because this blood tomb is far from worthy of the young master's attention, but if the young master is interested, it is better to let An Yun lead the way for the young master."

"An Yun is still very familiar with this ruined blood tomb."

Sikong Anyun said with a chuckle, she immediately walked ahead, stepped into the endless void with a bang, stepped out towards the ruins of blood tomb, and waited for Qin Chen in the void.

"interesting."

Qin Chen chuckled lightly, stepped out, and followed.

Fairy Divine Phoenix, Fairy Yunhe and the others were excited, and followed Qin Chen walking in the void, flying towards the **** graves.

Seeing that Qin Chen and the others moved, the rest of Tianjiao Supreme dared to leave, and followed them one by one. Naturally, they didn't want to miss such an opportunity.

At this moment, above the blood tomb in the distance, the terrifying supreme aura soared into the sky, swept across the ocean, and the world was flooded by the red aura, really like the end of the day.

Countless Tianjiao experts who received the information rushed over, standing in front of the boiling blood, not daring to approach.

The ruining of the blood tomb is not a matter of overnight, it takes a certain amount of time to proceed, and the sky is stained with blood while the blood is surging in the sky.

This blood rushed to the sky, with a half-step supreme aura, so many people suffocated, afraid to approach, just approached far away.

They all stood in front of the blood grave, feeling the power in it from afar.

"Roar!"

In the blood tomb, the roar of the beast faintly sounded, as if some terrifying existence awakened in it, roaring, deafening, and the sky quashed, drowning everything.

At this time, before the blood tomb, countless powerful people had gathered, they gathered here early, and they felt the aura of the blood tomb, and surrounded the place.

Some people even set up stalls to sell some of their treasures.

It is important to know that the ruins of the blood tomb is not a matter of overnight. The gathering of so many heavenly arrogances here is enough to form a huge bazaar.

After all, the blood tomb of this ruins is at the half-step supreme level, and even some Tianzun powerhouses can benefit from it, thus bringing together unprecedented powerhouses.

boom!

Just seeing the terrible blood qi permeating, many people feel and practice while practicing, and the further forward, the blood qi will be more surging and the chance of absorbing blood qi will be greater, but the same, the power will be more terrifying.

This also caused many people to compete for the top position of the blood grave.

When Qin Chen and others arrived, they instantly attracted the attention of countless people present.

"It's a female Sikong."

"Unexpectedly, the female Sikong is here."

As soon as the female Sikong Zun appeared, it immediately caused a sensation among countless people present. The respected female Sikong, the status is too extraordinary, such a figure, can control the life and death of countless people in Heiyu Continent.

[Chapter 4685: Emperor Shihen](#)

"Huh, who is that guy?"

At the same time, someone saw Qin Chen beside Sikong Zun.

Qin Chen was too close to the position of Sigong Zun Nu, which made people have to be surprised, a little surprised.

"Master, we are here."

The female Sikong immediately fell, and the crowd that had been surrounded by water immediately dispersed a lot, revealing an open space.

All the strong people present were shocked by what Sigong's respected female said to Qin Chen, and they all looked at Sigong's respected female in amazement.

What does the lady call this guy?

Master?

boom!

Countless whispers sounded.

It's not their ears that got it wrong?

The passing of such a title, I have to say, was very shocking, some doubted his ears, and his eyes were a little stunned.

In this Heiyu Continent, is there anyone who can call Zun Sikong's Young Master?

However, the posture of the female Sikong was sobering up again, and she hadn't heard it wrong before.

"Who is this guy? You can let Sikongzun female call the young master?"

"Could it be that giant of my dark clan?"

Many people are suspicious, especially some of the older generation of powerful people, who are frightened, and they can't even imagine what kind of person Sikong can call the young master.

"boom!"

With a rolling half-step supreme aura soaring into the sky, Qin Chen walked forward, the crowd hurriedly stepped away, and Qin Chen had already come to the front of the blood grave under all eyes.

"My lord, be careful. The power of the blood grave is terrifying. Once disturbed, it is very likely to be assimilated into one of the forces of this world."

Upon seeing this, Fairy Divine Phoenix spoke hurriedly.

However, before she could finish her words, Qin Chen already raised his hand and touched the half-step supreme breath escaping from the blood grave.

With a buzzing sound, an invisible force filled Qin Chen.

In an instant, Qin Chen had an illusion that he wanted to completely assimilate with this dark ancestor, heaven and earth.

"interesting."

Qin Chen chuckled lightly, with a boom, a special force suddenly surged out of his body, blocking the invasion of this half-step supreme power of darkness and repelling it from his body.

Seeing such a scene, there was an uproar from all around.

The ruined blood tomb cannot be approached easily. This is the rule of the dark ancestral land, otherwise everyone will not gather outside the dark ancestral land to realize it, but Qin Chen did not seem to be controlled by the ruined blood tomb before. How not frightened people.

Doesn't this mean that this person can resist the power of the ruins of the blood tomb and enter the blood tomb.

It should be understood that this blood tomb was transformed by a strong man of the ancient dark race, and there must be many treasures left by that one. If you can enter before everyone enters, the benefits you will get are absolutely unimaginable.

"Hahaha, your excellency is a good means."

At this moment, a loud laugh suddenly sounded, attracting everyone's attention.

"It's the son of Emperor Shihen."

"Sir Shihen Emperor Zi."

Everyone turned their heads, and when they saw the people coming, they looked shocked, and each bowed their heads, showing a look of horror and horror, and saluted one after another.

In Heiyu Continent, there are three forces that everyone present can never mess with.

One is Sikong Holy Land, one is Shihen Emperor Gate, and the other is Linyuan Holy Gate.

These three powers are the controlling powers of the Heiyu Continent. Among them are the supreme ancestors, and they are also the vanguard forces that invade this universe and cooperate with the Yuanmo clan.

If you offend these three powers, no matter who he is, he will be unable to make any progress in this Heiyu Continent.

The Shihen emperor was the emperor of the Shihen emperor of the Heiyu Continent, who was also the emperor of Sikong, with noble status and in charge of the party.

"I don't know what the origin of this friend is? Why the emperor has never seen him in Heiyu Continent before, Sigong, can you tell me about it?"

Emperor Shi Hen said with a chuckle, with an arrogant and indifferent expression on his face.

However, he is not weak at all. Behind him is a phantom figure, like a mountain protecting his way. When the divine light on his body is leaping, these sacred mountains seem to be able to conquer the world. Booming.

This is the special magical power of the Shihen Emperor Sect.

The female Sagong frowned slightly, but she said indifferently: "I don't know the identity of Emperor Shihen, the young master. Moreover, it doesn't seem to be the place you should come here, right?"

"Hahaha." The Shihen emperor laughed, and then his eyes were cold: "Sigong Venerable Girl, this is the dark ancestral land, and it is the core of my dark clan. Anyone from my dark clan can come, isn't it? "

Emperor Shihen glanced at Qin Chen, then folded his hands and said, "This friend is very face-to-face, I don't know if I can make friends with the Emperor Shihen?"

A faint smile was drawn at the corner of his mouth, very calm.

I don't know the identity?

joke!

This person is with the female Sikong, how can she not know the female Sikong? Especially, Sikong Zun's attitude towards this person seemed to be quite respectful, so that the curiosity in Shihen's heart could not be contained.

He naturally had to figure out the matter of Sagong Holy Land.

Qin Chen glanced at Emperor Shihen, and didn't say much, but Sikong Zunnv whispered to Qin Chen: "Master, this person is the Emperor Shihen of Emperor Shihen!"

"Emperor Shihen?" Qin Chen said lightly. "It's this seat." The Shihen Emperor smiled and said: "I saw you before you were able to withstand the fluctuations of this ruined blood tomb. Now friends in the situation have also seen it. When the blood tomb is ruined, the core place is The power is the most prominent, if your Excellency can join us

Hands, it is bound to be able to enter the core of this ruined blood tomb, it is better to join hands and enter together.

When this remark came out, everyone was shocked.

Emperor Shihen wanted to join hands with the person in front of him.

However, after thinking about it carefully, it suddenly dawned on him. If he could enter the blood-changing grave of the ruins, it would be of immense benefit to a Tianjiao like Emperor Shihen.

"Not interested in!"

Qin Chen said lazily.

For this kind of alliance, he lacks interest, he wants to go in, and some are methods.

"You may not know that in this ruins of blood tomb, the external forces are just ordinary. Once inside, you can feel the core origin of the fallen ancestors. This will also be a big supplement for you."

"However, the power of annihilation in it is too amazing. Only by working together can we reach the other shore together."

Emperor Shihen didn't care, and continued to lobby Qin Chen.

He could see the respectfulness of Sigong's daughter to Qin Chen, and he was naturally curious about Qin Chen's identity.

However, Qin Chen said with a blank expression on the lobbying of Emperor Shihen, and said indifferently: "I have taken it well. It is not difficult to enter this blood tomb. It is only necessary to have one less person, so why not join hands with others." Ziwenyan's eyes condensed, revealing his gleam, and said, "So, your excellency has a way to enter this blood grave. How about letting it go and listen to it?"

[Chapter 4686: Are you familiar](#)

"Why do you want to talk to you about Ben Shao's method? Ridiculous?"

Qin Chen glanced at the other party faintly.

Do you know him well?

baffling.

As soon as this remark came out, everyone present was shocked and stunned.

God, this guy dare to talk to Emperor Shihen like this?

Many people around were a little frightened and couldn't help taking a step back.

This is the Emperor Shihen, the supreme Tianjiao on the Heiyu Continent, even some top Tianzun powerhouses dare not fight against it. Qin Chen's words like this are simply looking for death.

When Emperor Shihen was angry, Heiyu Continent would tremble three times.

Sure enough, the emperor Shihen narrowed his eyes when he heard the words, and an icy breath filled his body, and the expression on Qin Chen's face instantly became a little cold.

boom!

In the void, there seemed to be an invisible storm forming, causing everyone present to tremble like an ice cellar.

Emperor Shihen is about to get angry?

However, Emperor Shihen quickly calmed down.

He also saw Qin Chen walking with Zun Sikong and was curious about Qin Chen's identity, so he was already very polite when he spoke, but he didn't expect Qin Chen to show him no affection.

The emperor Shihen couldn't help but said in a deep voice: "Your Excellency, when you go out, one more friend is better than one more enemy. For such a simple reason, in your capacity, don't you know it?"

"What's more, no matter what your status is or who you have climbed, this is Heiyu Continent, not the dark world. I think you'd better be more cautious in your speech, and you should not cause trouble to yourself. Necessary trouble."

Qin Chen turned his head slightly when he heard the words, and said lightly: "Are you a threat to me?"

"Whatever your excellency think." Shihen Emperor said slowly: "If your excellency has a way to enter the ruins of the blood tomb, it is better to take it out, and everyone can refer to it together, it can be considered as a friend, otherwise..."

Emperor Shihen did not continue, but his eyes flashed coldly, and the threat was already obvious.

The female Sikongzun frowned, "Prince Shihen, pay attention to your attitude..."

Before she finished speaking, Qin Chen stretched out his hand to stop her, then smiled and said, "Otherwise, what?"

Emperor Shihen said lightly: "Trust me, you don't want to know the result."

"Hahaha." Qin Chen couldn't help but laughed: "Just because you want to threaten me? Also make friends? How do you deserve to be friends with me for a guy like you."

"You are looking for death, in front of the Lord Shihen Emperor, how dare you be so presumptuous and knowing nothing about life and death."

At this time, a strong man who exuded a cold and dark atmosphere came out. He was not very burly, dressed in black, and even looked a little weak, tall and thin, like a bamboo pole.

But this is not where he is scary. The scariest thing about him is that he has a pustule on his face. In this pustule, there are waves of dark power, which are constantly squirming, like a strip of dark worms.

Even people from the Dark Tribe couldn't help but shudder when they saw it. They felt terrified, and even nauseous and nauseous. No matter who watched it, they couldn't bear it.

Seeing this young man appear, everyone not only felt sick, but even took a step back.

"Heart Eater!"

Many Tianjiao experts saw this person, their expressions changed, and the faces of Fairy Divine Phoenix and others turned pale.

In the entire Heiyu Continent, the Heart Eater can be regarded as a terrifying powerhouse master.

This person was born in a rundown family of the Dark Clan, and because the family was destroyed by others, his mind became extremely cruel, and he did not compromise to improve his strength. It is said that this person is quite handsome, but in order to improve his strength, after he came to Heiyu Continent, he slaughtered the people of all races cultivated in the Heiyu Continent. In order to break through the supreme realm and realize the origin of this universe, this person Keep practicing

Transform and swallow the origin and soul of the people of all races in this universe.

Although other Tianjiao and strong men also absorb treasures such as the dark sacred fruit in order to be able to realize the original power of this universe as soon as possible.

And this heart-eater, forcibly cut open the heart of a man of all races, directly swallowed the heart of a man of all races, ate the flesh, and refined the source of it.

If it weren't because the Heiyu Continent needed many people from all races to perceive the world and integrate the heavens, the three holy places had issued orders, I am afraid that many people of all races on the Heiyu continent would be eaten raw by this guy. But this heart-stealer still killed a lot of people of all races, especially those human sinners back then, and because he ate too much human flesh and blood, his face was cursed by countless grievances and changed. Become the same person who is not a ghost or a ghost

Look like.

"My lord, this person is a heart-stealer, cruel, and you must be careful."

Fei evil is hurriedly changing color and transmitting sound.

Hardly anyone like a heart-stealer like this kind of cruelty is willing to provoke him.

The key is that this person's strength is extraordinary, but he is a late-stage Tianzun. If you ask everyone in this Heiyu Continent who most wants to offend, then this heart-stealer definitely ranks behind the three holy places.

Even some people would rather offend the three holy places than this heart-eater.

Because you have offended one of the three holy places, you can take refuge in the other two holy places, and if you offend this heart-eater, you may be in a nightmare all the time.

At this moment, the Heart Eater slowly stepped forward, looked at Qin Chen coldly, and ordered in a cold voice: "Boy, do you dare to speak to Emperor Shihen like this, and not quickly kneel down and kowtow to Emperor Shihen. Admit it."

"Heart Eater, you are so brave, who gave you the courage to come out, go back."

Seeing this person, the female Sikong respected her, her eyes dazzled, and she scolded coldly.

She is the respected daughter of Sagong Holy Land, so she naturally has this confidence. But the Heart Eater didn't change his color when he heard the words, and just said indifferently: "His Royal Highness Sikong, it is not that she is going to target this person, but that this person dared to offend the Emperor Stonemark, the sin deserves ten thousand deaths, the emperor. He is the celestial arrogant figure of my Heiyu mainland, if

Any cat or dog would dare not give face to the emperor, then the order of my dark clan would inevitably change. "

The Heart Eater said coldly.

Upon seeing this, everyone's hearts were stunned, and they saw the Heart Eater standing next to the Emperor Shihen, daring to speak to the Queen Sikong like this, everyone understood in an instant, the Heart Eater had taken refuge in the Emperor Shihen door. .

Otherwise, how can he have such courage?

Moreover, the Heart Eater killed so many criminals in Heiyu Continent, and caused the anger of the Holy Earthquake. It seems that a certain holy place speaks for him. This saved him his life. Now it seems that it is this stone mark. The emperor's door.

Seeing this, the female Sikong frowned, and an icy breath immediately spread out, motivating the Quartet. The faint murderous aura, instantly permeated.

[Chapter 4687: Heart Eater](#)

However, before she could take action, Qin Chen had already stepped forward and stopped her with a chuckle.

"Master."

The female Sikong Zun immediately turned and said.

This title made Emperor Shihen frown again, and looked at Qin Chen suspiciously.

Is this Sagong female pretentious, or is it true?

Qin Chen in front of him looked extremely ordinary, and he couldn't see anything special at all.

Qin Chen looked at the Heart Eater with a smile, and said lightly to the sister Sikong: "Although you are my maid, how can such a disgusting person let you do it."

Qin Chen smiled, as if talking about a trivial thing, he was not used to letting a woman stand in front of him.

"It seems that you are looking for death."

The Heart Eater screamed, banged, and suddenly, it came to Qin Chen severely.

"You dare to be rude to the emperor Shihen, today this seat will make you better than death."

As soon as the Heart Eater raised his hand, a terrifying dark air instantly turned into a giant python and blasted towards Qin Chen.

This python, covered in black scales, exudes bursts of stench, and the stench is endless, as if it came from some carrion land, extremely disgusting.

"Heart-biting Rotten Snake!"

Many people screamed and backed away in fright, just wanting to get away as soon as possible.

This snake is a soul snake raised by a heart-eater. Many people of all races were swallowed by this heart-eater and rotten snake. They suffered endless pain and were refined into nothingness.

"Be careful!" The female Sikongzun also changed her color when she saw this, and hurriedly warned.

"Where did the little bug come from."

However, Qin Chen was the old god, flipping his right hand, using his hand as a sword, and suddenly stood out with a sword.

With a "bang", a terrifying sword light appeared between the sky and the earth, and the sword light was diffused. It instantly slashed on the heart-biting rotten snake, and with a bang, the heart-biting rotten snake was instantly smashed. .

boom!

This heart-devouring rotting snake let out a stern roar.

what?

Everyone was shocked, the heart-eater's heart-biting rotten snake was actually smashed by this person with a sword?

It should be understood that the Heart Eater is a late-stage Tianzun, such a powerhouse, in the entire Heiyu Continent, can be regarded as the top.

"Do you dare to hurt my snake and look for death!"

The Heart Eater gave a stern face, raised his hand and waved it again, booming, countless devilish energy billowed, turned into dozens of Heart Eater Rotten Snakes in a split second, biting at Qin Chen frantically.

"I'm afraid it's you who is looking for death."

Qin Chen chuckled lightly.

Hum!

Raising his right hand, he cut out again with a sword.

When this sword was released, the whole world seemed to lose its color.

The Heart Eater suddenly narrowed his eyes. At this moment, he felt a strong sense of crisis, and he did not expect Qin Chen to have such strength.

However, he reacted extremely quickly, and hurriedly shouted: "Heartless!"

Hum!

Countless dark air formed a terrible dark shield on his body, which instantly guarded him.

boom!

A piece of dark sword light burst out suddenly, and for an instant, the boundless darkness was directly broken and annihilated, and the sky-filled heart-devouring rotten snake uttered a scream, and under Qin Chen's sword light, it was instantly wiped out.

And the dark shield in front of the heart-stealing demon burst open in an instant, and the whole person retreated madly, spouting blood from his mouth.

boom!

The void behind him exploded directly, unable to withstand this force.

Such a sword caused all the strong players to breathe in air-conditioning.

So strong.

In the later days, the heart-stealer of the Heavenly Sovereign level was cut off by the person in front of him with a sword. What is the origin of this person?

"you..."

The Heart Eater looked furious, and also a little unbelievable.

Boom, a jet black aura instantly burned on his body, his entire face became extremely hideous, and the pustules on his face were also constantly squirming, instantly becoming extremely terrifying.

"Go to hell."

The Heart Eater roared, and blasted Qin Chen again with a punch. The punch went out and the void exploded, as if the world were about to burst directly.

However, Qin Chen looked calm and cut out with a single sword.

With a puff, the attack of the Heart Eater was directly smashed by Qin Chen's sword, and at the same time, the space behind him was directly shattered. Not only that, but Qin Chen's right hand was torn apart with black blood. Lasing.

Wound the enemy with one sword!

puff!

In the next moment, the sword light poured out with rolling power, directly annihilating the right hand of the Heart Eater.

The Heart Eater was a little dazed, he didn't expect that his right hand would be so gone!

He let out a roar and boom, his strength was gathered again.

puff!

However, the next sword, the left arm of the heart-eater, also collapsed and turned into nothingness.

"you..."

The Heart Eater was really frightened at this time.

He roared, and the boundless power of darkness surged again. In an instant, the billowing darkness power was like an ocean, guarding his body.

puff!

However, Qin Chen's third sword came out, and the heart-eater's left leg exploded directly, disappearing in smoke.

Then the right leg exploded.

In an instant, the Heart Eater was cut into a stick.

Qin Chen had heard of the deeds of this heart-stealing demon, eating the flesh and blood of this universe human race raw, such cruelty filled Qin Chen's heart with coldness.

Naturally, you can't let the opponent fall easily.

Boom, then, Qin Chen slashed out again, puff, when this sword was shot, the world turned into a vacuum, and Boom, the void around Qin Chen burned directly.

"Prince Shihen, save me."

The Heart Eater was terrified and hurriedly said in horror.

"stop."

Emperor Shihen's face was solemn, he did not expect that Qin Chen would have such a cultivation base and strength, a late-stage Tianzun master, he did not have the slightest resistance in his hands.

How can it be?

However, how could Qin Chen care about this guy's threat?

boom!

A terrifying sword light instantly slashed out, the sword aura soared to the sky, straight for nine days, and the sword intent containing the endless aura directly fell.

"presumptuous."

Emperor Shi Hen yelled, he had already spoken, who would have thought that Qin Chen would not give him any face. When the words fell, Emperor Shihen directly pointed out with one hand, hum, in his palm, there were countless dark rules instantly appearing, these rules flashed out a series of primitive runes, and they quickly wrapped up towards Qin Chen, wanting to stop him. Qin Chen's sword

.

"ridiculous."

Qin Chen ignored them, the sword light continued to slash down, with a bang, and the void burned, and quickly slashed on these runes, visible to the naked eye, these runes actually burned directly and collapsed into nothingness.

Cang Dang.

In the world, there seemed to be thunder and roar, and countless strong people present all retreated madly. A sword exploded many runes, Qin Chen's sword light flashed, and in an instant, it had penetrated the heart-stealer's eyebrows and annihilated his body.

[Chapter 4688: dog's owner](#)

"you..."

The Heart Eater said in a daze, before his words fell, Qin Chen thought, bang, and the soul of the Heart Eater burst into pieces and turned into dusty powder.

A series of resentful souls escaped from his body, directly dissipating the void.

This is the resentment of all races that the Heart Eater once swallowed.

Faintly, Qin Chen saw the spirits of countless human powers disappear into the void, as if thanking him.

Such a scene stunned everyone present.

For a while, everyone's hearts were beating wildly, as if they were under incomparable pressure inside, they looked at Qin Chen in shock, almost unable to believe their eyes.

This is a heart-stealer, a late-stage Tianzun-level powerhouse, a true giant.

Although above the Dark Continent, the late Tianzun is nothing, but above the Heiyu Continent, the late Tianzun is definitely one of the top existences.

What's more, the Heart Eater is still under the command of the Stone Mark Emperor Sect, who has been blessed by the Stone Mark Emperor Sect, and has the support of giants behind it.

But such a strong man just died in front of them like this abruptly, and in a blink of an eye.

And to be the face of the Shihen Emperor.

This speed was so fast that people couldn't react to it, and the heart was also shocked.

Who is this person? With a sword blasting the heart-stealer, Qin Chen seemed to have killed a fly. He brushed his palm, as if to dust off the dust, and said indifferently: "The trash, it also matches the book. Less hands? Something that doesn't live or die.

"

Qin Chen's expression was indifferent, and such a gesture made people palpitate even more.

Because, the Prince Shihen had already taken action before, to stop Qin Chen and save the Heart Eater.

However, Qin Chen didn't give any face to Emperor Shihen, and even after directly blasting the runes displayed by Emperor Shihen, he was still calm and calm, as if he didn't care about it at all.

This is how domineering a person can do not take the Shihen Emperor Sect in his heart, and kill the powerhouses of the Shihen Emperor Sect in front of the Shihen Emperor, and look like he doesn't care. How much is this? ferocious.

"This is a fierce man."

Someone couldn't help but murmured, and there was a shudder in his heart.

What a fierce person the Heart Eater was, he was a fierce person, but now he was killed easily by Qin Chen.

"Your Excellency, did you do too much before?"

Emperor Shi Hen's face was pale, his eyes flickered twice, and he immediately took a step forward, and said with a cold voice.

A terrible breath filled his body.

The pinnacle of heaven!

The emperor Shihen was already at the level of the pinnacle heavenly sovereign, and there was a faint aura of supremacy permeating his body.

Obviously, Emperor Shihen was not far away from the Half-Step Supreme.

This is also amazing.

Such a scene caused many people present to breathe in air.

Emperor Shihen is still so young, he is already close to a half-step supreme-level powerhouse, this emperor is too terrifying and cruel, right?

In the past, everyone had only heard about the terrifying power of the Holy Land forces such as the Shihen Emperor and Sagong Holy Land in the legend, but now, in the Shihen Emperor, they truly felt the horror of the Holy Land.

For such a young Half-Step Supreme, it is no wonder that the Shihen Emperor will come to the ruins to transform the blood tomb. If he can understand the origin of this blood tomb, it is absolutely easy to step into the Half Step Supreme with the talent of the Shihen Emperor.

Even in the near future, the achievement of supreme will be a certainty.

This is their dream for a lifetime!

At this moment, everyone was extremely shocked.

boom!

There was a terrible aura permeating the world, and Emperor Shihen looked at Qin Chen coldly, murderously wanton.

Qin Chen's behavior is to slap him in the face in public, no matter what Qin Chen's origin is, how can he turn a blind eye to him as the Shihen emperor.

"Why, do you have an opinion on me?" Facing the killing intent of Emperor Shihen, Qin Chen was calm and gentle. He smiled and glanced at everyone. Everyone was forced by his gaze. Bowing his head, Qin Chen's eyes finally fell on the emperor Shihen, speaking slowly and leisurely.

: "If you have any opinions, speak up at any time, Ben Shao is a good person."

"However, Ben Shao can answer your previous question. Ben Shao didn't realize it was too much. It's just killing a dog that barked at Ben Shao. What's too much to do casually."

"Or, your dignified emperor Shihen, want to stand out for a dog?"

At this time, being so stared at and mocked by Qin Chen, Emperor Shihen couldn't help but his face changed drastically. Qin Chen's words were clearly provoking him, and it was a humiliation to the emperor Shihen who had always been arrogant, but he also Understand that Qin Chen is very powerful.

"A dog? Huh, your words are too arrogant, right?"

"What's more, there are countless powerful people in the world..." Emperor Shihen was unwilling to shrink back in full view. He couldn't lose this face, and he couldn't help but snorted softly.

Qin Chen smiled leisurely, looked at Emperor Shihen, and said, "Are you the strong one you are talking about?"

boom! Qin Chen stepped out, a terrifying aura spread out from his body, and he heard the sound of cracking. The terrifying aura of the emperor Shishen condensed, unexpectedly groaning. , There were countless cracks

.

The powerful power that was close to the half-step supreme was unable to block Qin Chen in front of him, which made Emperor Shihen's face greatly changed, and he was shocked. But under the gaze of the crowd, how could he easily retreat, Emperor Shihen's eyes were gloomy, and he said coldly: "It doesn't matter if I am or not. What is important is that you have to look at the owner when you beat the dog. This Heiyu Continent is me. The three major forces, including the Shihen Emperor Gate, are in charge, and the pavilion

Are you so arrogant, aren't you afraid of being punished by my Shihen Emperor? "

For some reason, in front of Qin Chen, he felt a trace of palpitations inexplicably, and he could only move out of the Shihen Emperor Gate where he was.

"Shihen Emperor Sect?" Qin Chen took a step forward, with a chuckle at the corner of his mouth: "Is the dog owner you are talking about at the Shihen Emperor Sect? It really disappointed me. To tell you the truth, in this young man In your eyes, the so-called Shihen Emperor Gate is just a dog, it's nothing.

What a dog owner. "

As soon as this statement came out, the audience was silent for an instant, as if everyone had been choked by their necks for an instant, looking at Qin Chen in horror.

Are they okay?

Shihen Emperor Gate is also a dog?

Such words simply broke their previous cognition. With such arrogant words, they could not imagine how their identity would be able to sell such arrogant words.

"You're looking for death!" When Qin Chen's words fell, even if Emperor Shihen could bear it, he couldn't help it.

[Chapter 4689: Yi Lao](#)

boom!

The runes on Emperor Shihen's body lit up, and the power of the runes that shocked the sky bloomed and turned into a terrible light, which instantly enveloped the world.

Hum!

At the same time, a black mark appeared in front of the emperor Shihen, and there were complicated restrictions on the black mark, exuding a heart-palpitating aura.

"Half-step supreme treasure, the black seal of Zhou Shi."

Seeing the black mark offered by Emperor Shihen, a strong person couldn't help but breathe in air-conditioning.

"It's just a half-step supreme treasure, as if someone doesn't have one."

Qin Chen smiled, raised his hand, hum, a divine sword suddenly appeared in Qin Chen's hand.

boom!

As soon as this sword came out, a screaming Qilin gas instantly rose into the sky, flooding the sky and the earth.

Roar!

In the void, a huge unicorn appeared faintly, staring below and making a roar.

"Kirin Excalibur!"

When someone saw such a divine sword, they suddenly exclaimed and recognized the origin of this sword.

The Kylin Divine Kingdom is the Supreme Divine Kingdom. In the eyes of these people, it is already a huge monster. Naturally, some people know this Qilin Divine Sword.

Is this guy in front of him actually from the Kylin Kingdom?

Quite a few people showed doubts in their hearts.

The Kylin Kingdom is not a weak force. Everyone knows that the Kylin Prince of the Kylin Kingdom has come to this Heiyu Continent. Is the person in front of him actually the Kylin Prince of the Kylin Kingdom?

wrong.

But soon, everyone shook their heads.

Because Prince Kirin was considered a celebrity in the Heiyu Continent, and some people who knew him at the scene recognized Qin Chen in front of him as definitely not the prince of the Kingdom of Kirin. Such news quickly spread.

But if this person is not the prince of Kylin, why would there be the Kylin Excalibur of the Kingdom of Kylin?

It should be noted that this sword is different from other half-step supreme treasures. It is a treasure that represents the identity of the prince of the Kylin Kingdom. It is extraordinary. Even a person who has a close relationship with the Kylin Kingdom cannot have such a god. Soldiers.

"Kirin Divine Sword, are you a member of the Kylin Kingdom?"

At this time, Emperor Shihen also recognized the divine sword in front of him, and said in a deep voice. The Kylin Kingdom has a very close relationship with the Sagong Holy Land. It is rumored that the ancestors of the Kylin Kingdom intentionally added the prince of the Kylin Kingdom to the Sagong Holy Land. Is the person in front of him the new heir of the Kylin Kingdom? That's why I can be so close to the female Sikong

?

This thought just flashed through the heart of Emperor Shihen, he always felt that something was wrong.

"Kirin Kingdom? What is that? How can Ben Shao be a member of the Qilin Kingdom." Qin Chen sneered, then looked at the unicorn sword in his hand, "As for this half-step supreme treasure, Ben Shao killed him. Earned by a guy named Prince Kirin, this person was directly killed by the young man because he dared to be disrespectful to this young man at Tongtian Peak not long ago.

After that, his soul flew away, and this precious soldier, Ben Shao, saw that it was so-so and could be used as a fire stick, so he left it. "

what?

boom!

One stone stirred up a thousand waves.

As soon as Qin Chen said this, everyone present changed their colors. This Qilin Divine Sword was actually obtained by the person in front of him who killed Prince Qilin?

day!

At this moment, everyone changed their color and took a step back subconsciously, a little unbelievable.

Prince Qilin, although not as good as Emperor Shihen, he is also the prince of a supreme kingdom with supreme ancestors behind him.

It is rumored that the Kylin ancestor of the Kylin Kingdom extremely dotes on the Kylin Prince. How can such a genius be protected by the top methods of the Kylin ancestor?

But even so, the Qilin Divine Sword still fell into Qin Chen's hands. What did this show?

Even the methods of the Kylin ancestors failed to protect Prince Kylin.

This kind of reverie has changed many people.

Even the Emperor Shihen couldn't help but freeze in his heart.

Although Prince Kirin was far inferior to him, he was also a descendant of the Supreme Kingdom. Even if he wanted to kill, he had to think about it. If the person in front of him really killed Prince Kirin, he would definitely be a not-so-easy guy.

But, in full view, such a weak show made the Emperor Shihen not reconciled. In his opinion, Qin Chen was so humiliated, if he did not respond, it would be a joke.

In this Heiyu continent, no matter who the opponent is, he has no fear.

Thinking of this, Emperor Shihen snorted coldly, arrogantly, and said coldly: "This is Heiyu Continent. Your Excellency is so arrogant, do you really think I have no one in Heiyu Continent?"

When the voice fell, the black big seal in front of Emperor Shihen suddenly glowed, and a terrifying murderous aura instantly spread out, flooding the world, and violently attacking Qin Chen.

In the eyes of Emperor Shihen, no matter how strong the person in front of him is, he is not afraid.

However, before the Emperor Shihen made a move, suddenly, a figure suddenly appeared in front of the Emperor Shihen, stopping the Emperor Shihen.

"Lord Emperor, stop for the time being."

This is an old man. As soon as he appeared, his body exuded a terrible half-step supreme aura, a force that suffocated everyone, and it instantly spread.

Half-step supreme.

The old man in front of him was actually a real half-step supreme.

"Lao Yi, you just came here, this person is arrogant in my Heiyu Continent, please also take the other side, so that you can follow your example!"

Emperor Shihen immediately sneered when he saw the visitor.

He recognized the person, and the person in front of him was a strong man sent by the ancestor to guard him. He had a self-cultivation and was as high as a half-step supreme.

In a place like Heiyu Continent, Half-Step Supreme is enough to sweep anyone.

Seeing someone coming, the female Sikongzun's complexion changed, and she immediately stepped forward and stood beside Qin Chen.

"Half-step supreme?"

Qin Chen squinted his eyes, interesting.

Such a dark clan powerhouse, the source of darkness in his body must be abundant, right?

Qin Chen's eyes flashed, just as he was about to speak, suddenly...

boom!

The half-step Supreme Blood Tomb in the distance suddenly burst out with an astonishing breath. From the blood tomb, there seemed to be an extremely terrifying force about to break through the ground.

Moreover, the heaven above the dark ancestral land seemed to be aroused at this moment. Qin Chen raised his head and looked at the sky above the ever-changing dark ancestral land. He seemed to have noticed something. A gleam of light flashed through the depths of his eyes. He smiled coldly at Emperor Shihen and Na Yilao. The next moment, his figure shook, instantly towards the ruins of the blood tomb

Go deep.

He stepped out, like a **** walking, directly into the depths of the violent blood grave.

Sikong Zun and others also hurriedly followed, and under Qin Chen's breath, she instantly entered the blood grave.

"Old Yi, stop him quickly."

The emperor Shi Hen hurriedly shouted, and at the same time his figure wanted to move forward.

However, he was instantly stopped by this old man.

"Master Emperor, don't have to be reckless." The old man said in a deep voice, his eyes gleaming.

[Chapter 4690: Emperor be careful](#)

Emperor Shihen looked at Yi Lao with a somewhat ugly face, who even dared not to obey his orders.

It should be understood that Yi Lao is a master sent by his father to guard him. It stands to reason that he should have completely obeyed his orders, but the current behavior of Yi Lao made the Shihen Emperor's face very ugly.

"Old Yi, what do you mean?" Shi Hen said with an ugly face.

As if sensing the dissatisfaction in Shihen's heart, Yi Lao hurriedly bowed and saluted: "The Emperor, it's not that his subordinates didn't stop him, but that his subordinates have inquired about this person."

"Oh?"

Emperor Shihen looked over, obviously wanting to hear Old Yi's explanation. Elder Yi said: "This person has a mysterious origin. It is not a person from Sagong Holy Land, but on the top of Tongtian Peak not long ago. He only met with Sagong Zun. This person acted arrogantly, but it is certain that he did not have Sikong Zun's first. Familiar, but don't know why

, Sikong Zunnu was actually quite respectful to this person. "

"I don't even know the female Sikong?" Shi Hen's emperor was puzzled.

If you don't know each other, can you make Sikong respectful?

"Yes, that's all right, besides that, Prince Qilin angered this person on the Tongtian Peak before, and he was directly beheaded on the Tongtian Peak."

Elder Yi continued.

Emperor Shihen's eyes narrowed.

This person actually killed Prince Kirin? What he said before is actually not bragging?

Emperor Shihen's heart was a little shaken. And this was not what surprised him the most. What surprised him the most was the actions of Sigong Zunzi. He frowned and looked at Elder Yi: "As far as I know, the Qilin Kingdom is a subordinate force of the Sagong Holy Land, and the Qilin Kingdom is a subordinate force. Ancestors even deliberately set Qilin too

The ancestors of the ancestors of the Sagong Holy Land were a little changed when he entered the Zuosikong Holy Land. The female Sikong Zun was present, could it be that Prince Qilin was killed? "

Elder Yi smiled bitterly: "The information obtained by his subordinates is really the case. When this person beheaded the Prince Qilin, the female Sikong did not stop it."

"Oh?" The emperor Shihen's eyes condensed, and then he snorted again: "Huh, what? Can you be rude to this emperor if you kill Prince Qilin?"

"Naturally not, the subordinates stopped the emperor, in fact, for another reason."

"what?"

"When this person was beheading Prince Qilin, the unicorn rune on Prince Qilin was activated, and a mind clone of Qilin supreme descended on Tongtian Peak."

"Kirin Supreme Mind Clone descends?"

Emperor Shihen changed color.

Although his stone trace emperor gate is not afraid of the kingdom of Qilin, the supreme powerhouse has more than one or two emperor gates, but no matter what, the supreme ancestor of Qilin supreme who created a supreme kingdom of God is still extremely terrifying.

"Isn't Qilin Supreme's mind clone able to prevent this person from killing Prince Qilin? Is there any treasure in this son that can stop the Qilin Supreme's mind clone?"

Emperor Shihen said solemnly.

"No."

"what is that?"

"This person did not display any treasures, and directly destroyed the avatar of Qilin Supreme."

Emperor Shihen turned his head suddenly, his face was shocked, and he took a breath, "What are you saying is true?"

Although it is only an idea clone of Qilin Supreme, it is also a supreme powerhouse at any rate, and an idea clone is by no means trivial.

"The subordinate has been inquiring carefully, and there is no falsehood." Old Yi said solemnly.

Emperor Shihen's complexion changed, and in the end, he suddenly sneered. "Did you kill a mind clone of Qilin Supreme? No wonder you have the courage, but what about it? This place is quite far away from the Dark Continent, and it is located in the universe. The power of Qilin Supreme cannot be transmitted in, the power of a mind clone. top

More than a half-step supreme level cultivation base, it is normal to be destroyed. "

"On this Heiyu Continent, I am the real leader of the Shihen Emperor Sect. This son dare to kill my people from the Stone Mark Emperor Sect, and dare to be arrogant to my emperor. If I really move this emperor, then he It's looking for death."

"go!"

After the words fell, the emperor Shihen shook his body and flew directly towards the ruins of the blood tomb.

Seeing this, Old Yi had to smile wryly to follow.

At this moment, many Tianjiao powerhouses who had previously been on the Tongtian Peak also rushed forward one after another.

Qin Chen's deeds on Tongtian Peak were also quickly passed on.

Killing the prince Qilin, extinguishing the avatar of Qilin supreme mind, slashing the heart of the demon, called the Emperor Banshihen, one thing was transmitted, causing violent vibrations.

"A true murderer was born."

Looking at the direction Qin Chen and the others were leaving, someone murmured.

But at this moment, Qin Chen didn't bother to pay attention to the things behind him, and went straight to the depths of this ruined blood tomb.

A terrible half-step supreme aura continued to permeate out. At this moment, many arrogant and powerful people outside were madly comprehending and absorbing this half-step supreme power that escaped.

What appeared in front of Qin Chen was a **** whirlpool containing the terrifying Half-Step Supreme Origin.

"Young master, be careful." Behind Qin Chen, the female Sikong quickly followed, with a vigilant expression: "I once heard my father say that the ruins of the blood tomb is extremely dangerous and contains the top rules of the fallen ancestor. It is normal. People can only be absorbed outside, once they break in, it is very

Prone to be attacked by the origin in the ruins of the blood tomb. "

boom!

At this moment, the strength of the billowing origin was permeating from the depths of the blood grave, and the strong aura attacked Qin Chen, but it could not bring him the slightest harm.

The female Sikong was barely able to support it, but the Divine Phoenix Fairy and the Tianhe Saint Child clearly couldn't hold on anymore, and even if they were not evil, their faces turned pale.

"Oh? Really?"

Qin Chen looked at the **** vortex in front of him. It was the original power of the blood tomb. At this moment, this vortex seemed to be combined with the dark ancestral land and the heavenly path in the sky, forming a special balance.

This kind of balance is extremely secretive, and Qin Chen has the Dark King Blood in his body, so he has such a trace of sentiment.

For some reason, Qin Chen felt instinctively in his mind that he could not let this **** vortex continue to dissipate.

boom!

The Qilin Divine Sword suddenly appeared in Qin Chen's hand, and a sword slashed towards the **** vortex.

"Master, you... be careful."

The female Sikong's face changed drastically, and a red flame of flame suddenly appeared in her hand. The flame buzzed like an eggshell, protecting the female Sikong.

"This kid..."

Outside the blood tomb, Emperor Shihen and Elder Yi were rushing over quickly. Seeing this scene, their eyes suddenly became round.

"The emperor be careful."

Old Yi hurriedly stood in front of Emperor Shihen.

The next moment, there was a loud bang, Qin Chen slashed on the blood-colored vortex, and a sky-shaking blood burst suddenly burst out in an instant.

With a bang, Yi Lao was shocked to back again and again.

The female Sikong Zun also strongly urged the scarlet flame to resist, and at the same time raised her head. Then they saw that after Qin Chen cut the **** vortex out of a gap with a sword, he plunged directly into the **** vortex with a palm, and forcibly took out the dark origin in it.
