[Chapter 4971: Rule Breaking Magic Knife](#)

The original recognition means that Qin Chen is a person recognized by this universe.

Normally, the supreme-level powerhouse will be suppressed by the origin of the universe, but once approved by the origin, the origin of the universe will not suppress Qin Chen.

Not only would it not suppress Qin Chen, but it would even give Qin Chen convenience.

"Huh, the origin of the universe, you are also living and going back. Do you think this kid can keep you?"

The ancestor of Yuanmo raised his head to look at the sky, with disdain in his eyes. As he said, he suddenly rushed forward, pressing his palm against Qin Chen!

boom!

The infinite power between the sky and the earth gathered together, and directly enveloped Qin Chen not far away. The power of the entire Demon Realm seemed to gather together and turned into a huge palm.

In the distance, Qin Chen's eyes suddenly shrank, his mind moved, and the mysterious rust sword directly turned into a sword light and violently slashed out. At this moment, a dark fist print directly blasted in front of him, blasting against the mysterious. Above the rust sword!

Bang!

A terrifying force suddenly erupted from Qin Chen, Qin Chen retreated repeatedly, unable to stabilize his figure under this force, but suddenly, a horrible burst of horror erupted from the mysterious Rust Sword. breath.

This breath was extremely cold, and it collided with the breath erupting from that pitch black fist imprint.

With a bang, Qin Chen's figure stopped abruptly, and the dark fist imprints displayed by the ancestor of Yuanmo were actually blocked by Qin Chen.

Seeing this scene, the look of the ancestor of the abyssal demon suddenly became difficult to look!

The ancestor of the deep demon stared at the mysterious rust sword in Qin Chen's hand, "What kind of treasure is this sword? Why do you feel a very familiar aura? No, that's... the power of the sword demon?"

The ancestor of Yuanmo showed a look of consternation.

The Sword Demon was an extremely terrifying powerhouse in ancient times. He had great power to challenge the swordsmen of ten thousand races. He had few opponents. Later, he directly challenged the original rules of the universe, and was finally suppressed and arranged by the original rules of the universe.

However, why did the breath of the sword demon appear in the mysterious rust sword in front of him.

boom!

At this time, from the mysterious rust sword, a cold breath rose up, turned into a terrifying sword intent and soared into the sky, and a dark phantom appeared between the sky and the earth.

As soon as this phantom appeared, the sharp swords in the hands of all the swordsmen within hundreds of millions of miles of the Demon Realm shook crazily, as if they were about to fly out of the air.

Everyone looked shocked, and they urged the origin one after another, controlled the sharp sword in their hands, and looked at the dark shadow one by one in shock.

This dark phantom is not majestic, but the aura that bursts out, like a **** and demon, exudes endless violence.

"The ancestor of the deep demon, don't be unharmed."

This dark phantom took a step forward, looking at the ancestor of the deep demon coldly and said.

"You are... Sword Demon?!"

Looking at the dark phantom in front of him, the eyes of the ancestor of the Yuanmog gradually became gloomy.

Sword Demon, in the ancient times, was a true half-step transcendence powerhouse. Although there is only one spirit left now, it is no small matter.

The ancestor of Yuanmo frowned, and said coldly: "Remember that you were not afraid of the sky in those days. Even the sword ancestor of the Human Race Tongtian sword pavilion dared to challenge the rules of the origin of the universe. How can you now become this kid's subordinate? Up?"

The sword demon said indifferently: "The ancestor of the abyss demon, no matter how talented you are, you will not be able to become the most powerful person in the universe in this life. Do you know why?"

The ancestor of Yuanmo frowned and said: "Why?"

The Sword Demon glanced at Qin Chen and said, "How high a person's accomplishments in his life are, sometimes it's not how hard he works, but how he chooses. If you are on the wrong path, how can you reach the end? Woolen cloth?"

The ancestor of the Yuanmo: "... " The ancestor of the Yuanmo glanced at Qin Chen and sneered: "Hahaha, interesting, do you mean that this kid is your kid? It's ridiculous, the original ancestor still said it. You are a person, ready to draw you together, but the way is different.

Conspiracy, since you are looking for death, the ancestor will learn about the strength of the ancient sword demon in the legend. "

As he said, the ancestor of Yuanmo spread his right hand, and a black magic knife appeared in his hand!

At this moment, the sword demon's eyes became serious, "Broken Magic Knife?!"

Qin Chen looked at the black magic sword in the hands of the ancestor of the deep demon. As soon as this magic sword appeared, the origin of the universe directly oscillated, as if being suppressed by this magic sword.

"Broken the rules magic knife?"

"Yes, this kind of treasure is made with the materials of the universe and sea, and it has a great suppression on the origin of the universe."

Before the sword demon's words fell, the ancestor of the Yuanmo had already cut towards Qin Chen.

boom!

A terrifying knife light burst directly.

"I'm here to stop this person, you go and save that Xiaoyao Supreme."

The dark phantom screamed, hum, the mysterious rust sword appeared directly in the hands of the sword demon, and instantly collided with the ancestor of the deep demon.

boom!

The two immediately fought together, and the sky was dark for a moment.

"What? This person can actually block the ancestor's attack?"

At this time, in the Demon Realm, Huanggu Zhizun and others were all stunned.

In their imagination, the ancestor is already the top powerhouse in the demon world today. Almost no one in this universe will be his opponent, but this phantom has resisted the ancestor of the abyss demon, so he is not shocked.

Boom boom boom!

The sword demon and the ancestors of the abyss demon fought wildly, and the two people exploded and collided like an ocean.

It can be seen to the naked eye that the Sword Demon is being firmly suppressed by the ancestors of the Abyss Demon.

But he was extremely crazy, the whole person was extremely crazy, offering a mysterious rust sword, every sword fell, the power of the ancestor of the deep demon was resisted to death.

Boom boom boom!

The power of the breaking magic knife kept blasting on his body, the sword demon kept retreating, and the aura on his body was constantly weakened.

"Sword Demon, do you still want to be obsessed with it?"

The ancestor of the deep demon shouted angrily, and he kept making moves, trying to kill the sword demon directly, but the opponent was extremely tenacious and resisted hard.

The Sword Demon's eyes were indifferent. If he were in his heyday, he would still be able to fight against the ancestors of the Abyssal Demon, but now he has only one spirit left, and his ability to hold on to the present is already the limit.

At this time, Qin Chen hurried to the place of Xiaoyao Supreme.

"Senior Xiaoyao." Qin Chen yelled and boomed. In his body, the blood of the Dark King burst out directly. Behind him, the aura of the Demon Tree of Ten Thousand Realms surged, and branches quickly spread out, covering the sky. Shield the sun, resist the detached power of the dark race

Big hands.

Xiaoyao Zhizun's face changed slightly, and he shouted, "Don't come here!"

"The kid from the trivial human race actually dare to come and die."

The detached power of the dark clan snorted coldly, his big hand instantly shifted direction, and slammed Qin Chen down with a palm.

boom!

The huge detached hand, as if traveling through the endless world, came to Qin Chen in an instant.

For an instant, Qin Chen felt like he had fallen into an abyss of ten thousand feet, with an illusion that he wanted to die.

"Kill!" Qin Chen yelled, and the blood of thunder in his body burst out, and the whole person turned into a thunder light, covered in blood, directly soaring into the sky.

[Chapter 4972: princess appears](#)

boom!

At this moment, Qin Chen directly stimulated the most powerful bloodline in his body, and the thunderous bloodline burst out in an instant.

In the face of a detached powerhouse, Qin Chen did not dare to have the slightest reservation.

The vast thunder light wrapped him in an instant, and Qin Chen suddenly turned into a terrifying thunder light. This thunder light seemed to travel through the past, present and future, and hit the majestic palm suppressed by the Black Demon Ancestor Emperor.

Like a moth to a fire, a man's arm is a car.

Between the heavens and the earth, everyone saw a firefly figure, facing the giant palm that reached the sky, was not afraid of death, and rushed straight up.

"dust."

In the distance, both Chen Sisi and Shangguan Wan'er looked anxious and exclaimed.

This is a detached powerhouse, why is Qin Chen so stupid, he has to go up and die without escaping?

Outside the Demon Realm, the masters of the human race such as the Supreme Being of the Gods were also sluggish, and they were all anxious.

Qin Chen, he... is too reckless.

At this moment, all races are desperate in their hearts. In the face of a detached powerhouse, who in this world can be the enemy?

Although the other party did not come completely, but just a clone, a phantom, is enough to suppress everything.

Transcendence, this is a powerhouse far above this universe.

In an instant, despair appeared in everyone's heart.

"kill!"

Xiaoyao Supreme shouted angrily, his body was shocked, and he stepped out. The barren sky tower in his hand burst into the sky and blasted directly at the Black Demon Ancestor Emperor.

But the Black Demon Ancestor sneered, and two dark pupils like a long river burst out from a pair of pupils. With a bang, they slammed directly on the barren tower of Xiaoyao Supreme, shaking the barren tower into the sky. out.

A terrifying force suddenly entered the body of Xiaoyao Supreme.

The qi and blood surged in Xiaoyao Supreme's body, he spat out a mouthful of blood, and the void behind him exploded directly, unable to withstand this force.

"Damn."

Xiaoyao Supreme looked shocked and angry, the detachment powerhouse was too strong, and the opponent's attack contained a force that completely surpassed this universe. Such a force could easily destroy his half-step detachment force.

Moreover, at this moment, he is trapped in the void of space, unable to communicate with the origin of the universe, and his own strength is strongly limited.

"Transcendence, is this detachment?"

Xiaoyao Supreme roared in his heart. Outside the demon world, the Bone Race and other powerhouses are all excited. Xiaoyao Supreme is the most powerful expert in the Human Race Alliance. If even he can't resist the dark family powerhouse summoned by the ancestors of Yuanmo, then this universe, and

Who can save the human race?

boom!

At this time, the big hand of the Black Demon Ancestor had already been severely suppressed on Qin Chen.

boom!

The blood of the Dark King on Qin Chen's body was directly destroyed, and a terrifying force rushed into Qin Chen's body in an instant.

In full view.

With a puff, the Haotian Divine Armor on Qin Chen's body collapsed directly, and the destructive power entered Qin Chen's body, and the void within a radius of ten thousand miles collapsed directly and turned into powder.

In an instant, Qin Chen had turned into a **** man, and a thunderous light lingered all over his body. If it weren't for the power of these thunders, his whole person would have been completely exploded.

"What? It's actually blocked?"

In the distance, countless masters watched this scene in horror.

As they expected, Qin Chen would surely die under the attack of the Black Demon Ancestor Emperor. A late-stage supreme being in this universe can be called a heaven-defying existence, but it is not enough in the face of a real detached powerhouse. Look.

Didn't you see that even the Xiaoyao Supreme, who surpassed the peak by half a step, couldn't stop the Black Demon Ancestor Emperor?

In other realms, there may be the ability to leapfrog battles, but beyond the realm, this is definitely a completely different realm, representing heaven and earth.

With Qin Chen's strength, it is absolutely unstoppable.

But this scene in front of me completely shocked everyone?

How did you do it?

"Huh? In the later period, the Supreme Being actually blocked the attack of the Ancestor Emperor?"

There was a hint of shock in the voice of the Black Demon Ancestor.

What are you kidding?

He traverses the dark continent and has never seen such a thing before.

Suddenly, his pupils shrank, and he stared at the endless thunder on Qin Chen's body. The huge blood-moon-like pupil instantly shrank to the size of the tip of a needle, as if he saw something unbelievable.

It is this thunder force that constantly annihilates his detachment, making his damage to Qin Chen infinitely reduced.

"This ruling power? Are you?"

Everyone inexplicably felt that there was a hint of panic and trembling in the voice of the Black Demon Ancestor.

Immediately, the voice of the Black Demon Ancestor suddenly became hideous: "Boy, you can't stay."

boom!

In the void, another big hand appeared. This big hand was even more majestic, covering the sky and blocking the sun, and shot down towards Qin Chen again.

With just one power of a giant hand, Qin Chen's body almost collapsed. If one were to add another power, Qin Chen's body would collapse on the spot, even with the power of thunder.

"Owner."

"grown ups!"

Honghuang Ancestral Dragon, Blood River Sacred Ancestor, Abyss Demon Lord and others rushed up, but before they could get close, they were already shaken by the detachment power released by the big hand.

The detached powerhouse is not on the same level as the Supreme.

At this moment, everyone understands how big the gap between themselves and the detached powerhouse is.

Seeing that the big hand was about to suppress Qin Chen, at this moment, two figures suddenly rushed over.

It was Shangguan Wan'er and Chen Sisi.

boom!

The power of darkness on Shangguan Wan'er's body burned directly, and the power of darkness surged, bit by bit annihilating the power of detachment of the Black Demon Ancestor Emperor.

She is using her life to offset the power of the Black Demon Ancestor Emperor.

When Shangguan Wan'er resisted the power of the Black Demon Ancestor Emperor's detachment, Chen Sisi's figure had already appeared in front of Qin Chen's hand.

boom!

The dark big hand directly suppressed the two of them, and forcibly blocked the blow for Qin Chen.

puff!

Shangguan Wan'er's body collapsed little by little, and Chen Sisi's figure also vanished.

With the strength of the two, how can they resist the power of transcendence?

"Wan'er, Sisi!"

Qin Chen roared, and endless thunder light bloomed in his body.

As if being agitated by Qin Chen's thunder, a phantom suddenly appeared on Chen Sisi's body.

What kind of figure is this?

Just like the exiled fairy who has come out of endless years, colorful lights are blooming all over Chen Sisi's body.

"Princess Lianxinluo."

"Is it Princess Lianxinluo?"

In the entire demon world, everyone was stunned, and the eyes of Huanggu Supreme and others were rounded.

They will never forget this figure, it is the Demon God Princess, Lian Xinluo.

Just, what the **** is going on here?

Didn't Princess Lianxinluo fall long ago?

boom! This multicolored figure appeared, his eyes widened, and there was an astonishing force in the sky, which resisted the suppression of the Black Demon Ancestor Emperor.

[Chapter 4973: reincarnation](#)

At this moment, the figure of this female emperor is hazy, and her whole body is full of multi-colored divine light. She stands in the endless void like this, her eyes are open, like a banished fairy who came from the fairyland.

Her long eyelashes fluttered, mysterious and vast, and her long sleeves were graceful, turning the rules into a stream of light, surrounding her body.

Her figure is ethereal, standing just like that, as if she has become the core of this universe.

boom!

Lian Xinluo raised his hand, the sky-shattering power surged into the sky, turned into a colorful ocean, and collided with the power of the Black Demon Ancestor Emperor, blocking the attack of the Black Demon Ancestor Emperor abruptly.

What kind of scene is this?

The long sleeves dance lightly, and the immortal appearance is ethereal, as if the immortal gods are about to break through the air, and the bright eyes make people dare not look directly, as if they are about to blaspheme.

"Princess Demon God."

In the distance, the ancestor of Yuanmo saw this figure, his pupils contracted and his eyes trembled slightly.

It's scary.

Back then, Princess Lianxinluo transformed herself into the Dao, and had long since merged with the universe and heaven. It should be said that the spirit and soul should be destroyed, but now, she has transformed into another form, which has exceeded his imagination and expectations.

"Reincarnation?"

Ancestor Yuanmo looked at Chen Sisi intently, his eyes flashed, and he was thoughtful.

"Lian Xin Luo."

On the other side, the Black Demon Ancestor Emperor sneered, and the endless dark aura vibrated, causing the entire origin of the universe to roar and vibrate.

"You used your body to prevent me from waiting. Why, now there is only one remnant soul left, and you don't know how to survive, and you still want to be with my dark family. It's ridiculous."

The Black Demon Ancestor sneered, and visible to the naked eye, the terrifying power of darkness vibrated, and this majestic figure became clearer in the vortex, as if it could step into this universe at any time.

"Since you insist on courting death, today, Emperor Benzu will fulfill you."

The Black Demon Ancestor snorted coldly, and closed his big hands. Immediately, a terrifying roar resounded, and the rolling force continued to bombard Lian Xinluo's body.

boom!

The figure of this woman is constantly shaking, and the entire demon world is shaking, unable to withstand this force.

"Can you stop it?" Shen Gong Zhizun and others widened their eyes one after another, Lian Xinluo was the first arrogant of the demon race back then, and when he cultivated to the sky, he was at least a half-step transcendence-level existence. Dao, to stop the invasion of the dark race, will be

The most supreme existence in the demon world today.

With her strength, can she stop the attack of the Black Demon Ancestor Emperor?

Before the thoughts in everyone's minds fell, they saw Lian Xinluo's body trembling suddenly, countless demon runes appeared, and her body actually collapsed little by little.

Can't stop?

Everyone was stunned, but they were suddenly stunned.

Yes.

If Princess Lianxinluo of the past could block the detached powerhouse, would she still need to transform herself into the Dao?

Naturally no need.

But since Princess Lianxinluo used her body to stop the dark clan, it is obvious that the strength of the opponent is absolutely unable to resist the detached powerhouse of the dark clan.

Since the dark clan could not be stopped in the heyday of the year, it is naturally even more impossible for her to resist with only one remnant soul left. "Hahaha." At this time, the Black Demon Ancestor Emperor laughed loudly, and his aura was agitated, "Lian Xinluo, don't waste your energy, this person is your descendant, right? Today, the Ancestral Emperor will destroy all of you. The hope of waiting for this ancestor to die

With you, my dark family will completely invade this universe. At that time, the entire universe will become the meal of my dark family. "

"Go to hell!"

The Black Demon Ancestor Emperor urged with a big hand, and suddenly the dark runes condensed one after another, and gradually suppressed them towards Lian Xinluo.

boom!

Lianxinluo's figure of nothingness kept collapsing.

"what!"

Chen Sisi groaned in pain. She and Shangguan Wan'er were both covered by Princess Lianxinluo. At this moment, blood and tears flowed from their eyes, unable to bear such power.

"Sisi, Wan'er!"

Qin Chen looked ferocious, booming, and in his body, the power of rolling thunder surged into the sky, his face was ferocious, and the terrifying thunder light shrouded him, and in an instant, all the power in his body was driven to the extreme by him.

The power of an ancient **** emperor totem appeared above his head and turned into a vast picture and text.

"kill!"

Qin Chen shouted angrily, soaring into the sky, rolling thunder light turned into a long spear, and shot at the Black Demon Ancestor Emperor.

"act recklessly."

The Black Demon Ancestor sneered and pressed it down with a palm. This palm seemed to penetrate the endless distance between heaven and earth. In an instant, it came to the top of Qin Chen's head and directly blasted the thunder spear that Qin Chen had condensed.

The Black Demon Ancestor sneered: "If you break through to the supreme realm, you may be able to stop the ancestor, but with your current strength, how can you compete with me if you don't reach detachment?"

As the voice fell, the huge palm continued to be crushed down, and with a bang, the **** emperor totem that Qin Chen had driven was wiped out bit by bit.

The Black Demon Ancestor directly crushed Lian Xinluo, Qin Chen and others with the power of one person.

"This universe is already in decline, don't resist, Yier waits for the power of ants, why struggle so hard, isn't it good to be the blood food of our family?"

The Black Demon Ancestor laughed loudly, and the terrifying power was crushed crazily, pouring into Qin Chen's body little by little.

Do you really want to die here?

And right now.

abruptly.

boom!

From somewhere in the depths of the universe, a terrifying force suddenly surged out.

That's... where the virtual sea is.

For a moment, everyone was horrified, as if their souls were shaken, and a breath that made everyone present tremble suddenly came from the virtual sea where the human race was located in the depths of the universe.

boom!

At this moment, everyone present was icy cold, and the whole body seemed to freeze. An endlessly terrifying force that seemed to be able to swallow him in an instant enveloped everyone and shocked everyone.

Everyone turned their heads and widened their eyes.

"what is that?"

"Could it be that it is the mysterious existence in the virtual sea?"

Qin Chen looked at the endless abyss in the depths of the virtual sea, and the whole person was completely intimidated.

"Ok?"

The ancestors of Yuanmo, Xiaoyao Supreme, and even the Black Demon Ancestor Emperor, also showed a startled sound, and they all sensed something, frowning and looking at the depths of the virtual sea in the human race.

"It's that one!"

There was a hint of consternation on the face of Supreme Xiaoyao, and in the depths of the consternation, there was excitement.

The next moment, everyone saw the depths of the virtual sea, and vaguely, something seemed to emerge.

This is... a figure.

A lonely figure appeared in this forbidden area of the virtual sea, hazy, blurry, and could not be seen clearly, only a very deep figure could be seen, standing in the depths of this forbidden area of the virtual sea.

It just stood here, and the aura that escaped shocked the sky of the ages.

It was the mysterious powerhouse who was imprisoned in the virtual sea. At this moment, as if he had woken up, he opened his eyes in the endless virtual sea and looked at the Black Demon Ancestor Emperor where the Demon Realm was.

[Chapter 4974: abruptly](#)

At this moment, everyone was horrified and horrified, all of them stared wide at their eyes, unable to believe their own eyes.

boom!

In the depths of the endless virtual sea, a figure was floating and sinking, exuding a terrifying aura that was hard to find in ages. This breath is not strong, but it lingers in the heavens and the world in an instant. It is clear that this phantom is just a phantom sea in the void tidal sea in the territory of the human race, but at this moment, this figure is directly reflect

illuminated the entire universe. The entire universe, all races, whether it is the Bone Race, the Sea Race, the Celestial Race, the Human Race, the Monster Race, the Demon Race, the Ghost Race... or some ordinary small races, almost all people of all races in the entire cosmos have seen it. Above the endless sky

, such a misty figure emerged, with the momentum of suppressing the ages.

Reflect the heavens.

This kind of method is really too terrifying, and it makes people tremble.

Even the Black Demon Ancestor Emperor squinted slightly, looking at the virtual sea in the distant human race, and his pupils shrank slightly.

I saw the figure in the virtual sea, opened his eyes, and looked at the location of the demon world. Those eyes, like an endless black hole, stared at everyone in the demon world, making everyone shuddered and unable to move. .

boom!

The forbidden area of the virtual sea suddenly surged, the breath fluctuated, and a terrible ominous aura boiled out, surging in the virtual sea, making people hairy.

Moreover, this breath came from afar, and it actually directly affected the demon world, causing the Black Demon Ancestor Emperor's momentum to suppress Qin Chen to weaken slightly in an instant.

Qin Chen's scalp felt numb for a moment.

Not frightened, but excited. Back then, he was chased and killed by experts from the Demon Race. It was the figure in the virtual sea who killed the opponent, dragged him into the depths of the virtual sea, and saved his life. Later, when he returned to the virtual sea again, he was even more From that phantom, I realized

The power of the **** emperor totem. Although Qin Chen had hardly had any positive communication with the other party, Qin Chen could vaguely feel that the other party was not hostile to himself, or even to the human race, but had some inexplicable connection with the Nine Stars God Emperor Art.

. Now, when the entire human race and the entire universe were in a critical moment, this figure reappeared and faintly resisted the breath of the Black Demon Ancestor Emperor, which made him not excited, and his heart emerged again.

A glimmer of hope.

Perhaps, this figure may not be able to withstand the Black Demon Ancestor Emperor?

At this critical moment, Qin Chen couldn't take care of that much anymore, and he could only have such hopes in his heart.

"Who is Your Excellency?"

At this moment, the Black Demon Ancestor Emperor stared at the other party, his eyes were indifferent, and he spoke coldly. His dark aura was constantly surging, and he wanted to descend into this world from the passage.

From this phantom, he felt a faint terrifying aura that he couldn't touch. On the opposite side, the phantom was floating and sinking in the void, saying nothing, just staring at this place silently, very calm, as if caught in a confusion, and as if imprisoned, motionless, just standing quietly. , everlasting

move.

Naturally, there was no answer.

"Hey, pretend to be a ghost!"

The Dark Demon Ancestor Emperor's face sank, and hundreds of millions of dark divine lights bloomed in his pupils. Then, he stretched out his big hand and grabbed it directly towards the virtual sea beyond the endless distance, with a sinister sneer at the corner of his mouth.

He was not afraid of the opponent, and he shot directly, wanting to kill the phantom and turn it into powder. This is natural. With his detachment strength across the sea of cosmos, how can he be afraid of a certain character in this universe, the real powerhouse, who has long been detached, roaming in the sea of cosmos, and the person in front of him, he has never heard of it, naturally he does not taboo

dread.

boom!

I saw hundreds of millions of miles of void boiling, and the black big hand rolled over directly, and instantly crossed the endless space distance. The Demon Realm and the Heaven Realm were originally separated by an endless void, but under the pressure of the Black Demon Ancestor Emperor, the big hand seemed to straddle the endless time and space, and came directly outside the Heaven Realm.

The Xihai was violently agitated, as if it were about to be shattered directly.

"not good."

All the strong people of the race were all shocked, and they were all shocked and angry.

This aura was too terrifying.

Such a blow from a detached powerhouse is really going to be implemented, not to mention the void tidal sea, the entire human race heaven may collapse directly and turn into powder.

Seeing that the big hand of the Black Demon Ancestor was about to crush the entire heaven, suddenly, this illusory figure moved abruptly.

A pitch-black palm protruded directly from the virtual sea, flew out with an ominous aura, and immediately collided with the big hand of the Black Demon Ancestor Emperor outside the heavenly realm.

boom!

The sky-shattering roar resounded, and under the unbelievable gaze of everyone, the huge palm protruded by the Black Demon Ancestor Emperor actually collapsed little by little under the palm of this illusory figure, and instantly turned into ashes and dissipated.

was abruptly blocked.

Moreover, with a slight wave of this illusory figure, the power of the billowing darkness that exploded instantly vanished into thin air, never entering the heavenly realm at all.

blocked?

Everyone who was staring at this scene at this moment was shocked and shocked.

Qin Chen was also shocked. Although he had such expectations in his heart, it was only a hope. He never expected that the other party would actually resist it. When Qin Chen was comprehending the power of the **** emperor totem, he had guessed that the strength of this phantom was very likely to be more terrifying than the ancestor god, the real dragon ancestor, Xiaoyao supreme, and sword ancestor he had seen, but he didn't know it. why are you trapped

Just in the void.

But it was just a guess at the time, and now, when he really saw this scene, he could imagine the excitement in his heart.

"Transcendence!"

At this time, two words were spit out from the mouths of Yuanmo Old Ancestor and Xiaoyao Supreme, and they muttered to themselves, but they were shocked.

Shock the universe.

The pupils of the Black Demon Ancestor also shrank all of a sudden, "The power of transcendence? Who is your Excellency?"

The Black Demon Ancestor Emperor roared furiously, his voice trembled like thunder, because he felt the opponent's strength, with a terrifying power of destruction, he was definitely a detached powerhouse, otherwise he would not be able to resist his blow at all.

It's just that I've never heard of a detached powerhouse in this universe, how could one suddenly appear?

Moreover, when their dark clan invaded this universe hundreds of millions of years ago, this figure never appeared, why does it appear here now?

"This universe has already entered the end stage. Since it will be destroyed sooner or later, why do you want to stop this ancestor?"

The Black Demon Ancestor looked at the other party in a deep voice, trying to find an answer.

But this figure did not speak, just remained silent.

The Black Demon Ancestor frowned, snorted coldly, and came directly towards Qin Chen to kill.

As long as he kills many human powerhouses in this demon world and destroys the origin of this universe, he is just a detachment, and his dark family is naturally fearless.

And at the moment when the Black Demon Ancestor Emperor made a move, the phantom suddenly raised his head.

boom!

The rolling ominous aura surged, and from the void sea, a chain of chains suddenly burst out, clattering, the chains penetrated the endless void, came to the sky above the demon world in an instant, and quickly wrapped around the Black Demon Ancestor Emperor. The opponent made a sudden move.

Chapter 4975 A trace of projection

court death!

The Black Demon Ancestor Emperor was annoyed. He had already made it clear to the other party. He thought that the other party would be more restrained, but he did not expect to take the initiative.

Do you really think you are vegetarian?

"Black Devil Emperor Sutra!"

The Black Demon Ancestor roared, and in an instant, a majestic figure seemed to come out from the sky. This figure was extremely tall, projected on the entire Demon Realm. After flipping through it, it reflects an ancient and vast civilization.

The endless big hand slapped away fiercely against the chain that covered the sky.

boom!

Big waves.

A punch caused a thousand waves, and the entire universe shook under this punch, like an undulating plain, mighty and majestic.

The detached powerhouse, unparalleled in the world, the Black Demon Ancestor Emperor's big hand grasped like this, very domineering, and instantly collided with the pitch-black chain.

With a bang, it seemed that there was a roar that could shatter the universe, and I saw that the chains in the sky bloomed with dark rays of light, and the power of the **** emperor totem surged, and the big hand of the black devil ancestor was penetrated in an instant. , The dark breath exploded instantly, forming a terrifying tsunami.

In an instant, the chains with dark rays of light pierced through the big hand of the Black Demon Ancestral Land.

Moreover, the pitch-black chain glowed again, with the breath of the **** emperor surging, the chain turned into a cage, and instantly wrapped around the black demon ancestor.

The Black Demon Ancestor Emperor was taken aback, his body trembled, and he tried to break free from the chains, but the chains were filled with ancient runes, shocking the heavens, being assertive for eternity, and quickly entangled them, and in an instant the Black Demon was swept away. The big hand of the ancestor was bound.

"what?"

The Black Demon Ancestor Emperor looked shocked, showing disbelief.

On the other hand, Qin Chen and the others were stunned.

The Black Demon Ancestor Emperor, who was still majestic before, was directly attacked by the existence in this virtual sea, and then bound up in an instant.

Such a scene is really shocking.

Could it be that the existence in this virtual sea is above the Dark Demon Ancestor Emperor?

Everyone's eyes widened.

"How could you possibly bind me?"

The Black Demon Ancestor became angry, and in an instant, a scene of the heavens and the world evolved in his pupils, and then two terrifying dark lights burst out, instantly slamming into the place where he bound his hands. on the chain.

Moreover, the origins of darkness stirred in his hands, shaking the chains of the roots.

However, no matter how he made a move, these chains would never move, instead they would get tighter and tighter.

"what!"

Everyone watched, these chains, like swimming snakes, continued to spread on the arm of the Black Demon Ancestor Emperor, and even spread to the dark continent in the depths of the vortex, infiltrating the body of the Black Demon Ancestor Emperor bit by bit. among.

The body of the Black Demon Ancestor Emperor, where it was touched by the chain, instantly burned, and the intense pain caused the Black Demon Ancestor Emperor to scream in agony.

The power of detachment cannot stop the invasion of these chains.

"It's impossible, who are you?"

The Black Demon Ancestor Emperor was horrified and his body froze instantly. At this moment, he was horrified to find that after his body was bound by this chain, he couldn't move. Feel.

What level of power is he? The detachment level, the existence that is truly vertical and horizontal in the universe sea, even if it is just a projection, is extremely powerful, but now it is easily bound by the opponent and unable to move.

What shocked him even more was that the power of the other party's chains seemed to penetrate the endless void and directly descended on the body of his Dark Continent, which made him feel cold and terrified.

At this moment, the ancestors of Yuanmo, Xiaoyao Supreme, and all the powerhouses in the universe were deeply shocked. With their strength, they can naturally see some clues. The dark ancestors of the dark clan actually Not at all the opponent who seems to be trapped in the virtual sea.

boom!

In the virtual sea, the dark shadows floated up and down, and the power of the **** emperor totem became more and more powerful and terrifying.

"Is this the true power of the God Emperor Totem? Is this the power of the Nine Star God Emperor Art?"

Under the terrifying divine might, Qin Chen murmured, feeling the gap between himself and the other party. It was a world of difference. Although he was already a late-stage supreme-level master, in front of the other party, he was still incomparably weak and not at the same level at all. superior.

Qin Chen opened his eyes wide and watched carefully, trying to see any change in the opponent's power, and he was fascinated.

Boom!

The terrifying totem power descended, merged into the dark chains, and bound the Black Demon Ancestor Emperor firmly, as if he was about to be pulled directly out of the dark vortex.

At this time, the Black Demon Ancestor Emperor's body was tense, his source was crystal clear, and the dark divine light was violently surging. It was difficult for him to calm down in his heart, and he could no longer look down on this universe indifferently.

Suddenly, he quickly retreated, the energy in his body became more and more intense, the dark aura permeated, and all kinds of energy bodies were densely scattered around, this is to retreat!

At this moment, he had a hint of timidity.

Because, on the other side, he felt a special breath, and this breath reminded him of a powerful group in the sea of cosmos.

"Are you from the cosmos sea family?" The Black Demon Ancestor said in horror.

Back then, when the sea of cosmos was in chaos, some really top-level greats suddenly started fighting and fought in the heavens, and the clan he was talking about was an extremely powerful clan in the sea of cosmos. Compared with his dark clan, it was more than a little bit stronger. ?

Now, he actually felt a trace of the aura of that clan on the phantom in front of him, making others not surprised.

It's just that, for such a powerful ethnic group, no one of them is an ordinary person. Why would they appear in this universe, and they seem to be trapped in that world?

How could he not feel cold all over?

"When you were unscrupulous in this universe, have you ever thought that there are also gods staring at you?"

In the virtual sea, an indifferent and ominous voice came, very light, with nostalgia and emotion for the past.

"I....."

The Black Demon Ancestor didn't dare to speak at this moment, because when the other party sighed, his heart trembled more and more, and he felt a shudder from the depths of his soul.

The Black Demon Ancestor Emperor Tianzun's face was ugly, he hesitated for a while, and said savagely: "God? Who dares to regard detachment as dust and mud and call himself a god? Even if you are really that family!"

A dark ancient mirror appeared behind him. It was round and smooth, and it actually reflected the blurry scenery in the virtual sea.

On the mirror surface, various patterns are intertwined, and many symbols appear, which can be seen by the naked eye. In the depths of the virtual sea, an ancient figure is sitting cross-legged. His whole body is bound by chains, like a prisoner, imprisoned in the depths of the virtual sea. , and the black shadow through the sky is just a shadow of his evolution.

Chapter 4976 Dark Ancestor

At this moment, everyone saw that scene and couldn't help but be lost.

What did they see?

The phantom, which is as powerful and invincible as a god, was actually bound in the depths of the virtual sea, surrounded by chains. Above these chains, a terrifying breath lingered, and inexplicable runes were blooming. Bound to death, like a prisoner.

Such a scene shocked the world, and no one dared to believe everything in front of him.

Such a strong man should be invincible, but now he is bound like a prisoner, which makes people unable to accept this fact in their hearts.

In the depths of the virtual sea, this figure also felt the power of the ancient mirror. Suddenly, the figure with disheveled hair raised its head, and there was a divine rainbow bursting in its pupils.

Click.

An inexplicable force penetrated the void, causing a crack to appear directly on the ancient mirror sacrificed by the Black Demon Ancestor, and the picture on it disappeared instantly.

But in the blink of an eye, people have already seen the truth in the depths of the virtual sea.

"You are actually just a prisoner. You are imprisoned in this world, and you can't kill anyone at all!" The Black Demon Ancestor said to himself, his originally terrified eyes gradually brightened, and his confidence gradually increased.

As a detached master, he naturally sees more than ordinary people.

He was convinced that the existence of this ancient period was weaker than he imagined. In the depths of the virtual sea, the rotten breath of the opponent was permeating. Even if he shot now, the power that erupted was only a momentary power, and he might not be able to exert his true strength.

Of course, despite such speculation in his heart, the Black Demon Ancestor Emperor still retreated, turned around and was about to leave, intending to break the chains and escape into the depths of darkness.

The opportunity this time is extremely rare, but compared to his own life, it is nothing at all.

Invading this universe, the dark family has been waiting for hundreds of millions of years, and there is no rush for this moment or three, but the universe is full of dangers. The reason why the Black Demon Ancestor has been able to traverse to the present depends on his keen intuition and the moment of danger. And escape decisively.

The true detachment will never be arrogant enough to rashly confront an unknown existence.

boom!

The dark aura was agitated, and ancient runes rose up from the Black Demon Ancestor Emperor's body, and the entire origin of the universe was shaken by this force, as if it was about to collapse.

This is the secret method from the universe sea, which is extremely powerful and amazing.

In the sky above the void sea, the phantom figure holding the chain spoke again. Although it was bland, it sounded like a thunderous explosion in the ears of the Black Demon Ancestor Emperor, making him icy cold.

"Can't kill anyone? Although I'm imprisoned here, this is just a practice. Heaven and earth can't trap my heart. If you are so confident, why don't you come in and find out?"

As this voice fell, the virtual sea in the heavenly realm boiled directly, and a majestic figure came out from the depths of the virtual sea. In the depths of the sea, a terrifying figure slowly rose, and a force that was countless times more terrifying than before suddenly oscillated.

Whoa!

Just saw this figure wrestling the chains on his body, the chains roared, and the sky-shattering brilliance lingered on him, which bound him firmly, but it made this figure even more terrifying and majestic. The Ancestral Emperor's chains became stronger and stronger, stirring the world with unparalleled power.

boom!

The figure of the Black Demon Ancestor was pulled back little by little, unable to escape into the Dark Continent.

The Black Demon Ancestor suddenly regretted that he had been here for too long, and, after knowing the danger, he did not retreat immediately, awakening this powerful existence, and a big change occurred.

He burned himself, traversed in the whirlpool, and the endless dark sea appeared behind him. He firmly believed that there would be no accident when he returned to the dark continent.

However, at this time, he was cold from head to toe, and his body was out of control. He was actually dragged backward by the chains. Not only could he not be able to return to the Dark Continent, but his huge body was dragged little by little and quickly returned along the original path, constantly entering to this universe.

The Black Demon Ancestor Emperor shouted, this is the first time such a gaffe, no longer calm and calm, no longer aloof, can no longer look down on this universe.

He is fighting, unreservedly releasing his detachment energy, lasing strong fluctuations all over his body, and detached matter permeates, which can destroy the world.

The rules and order of this universe are out of order, and he is agitated and shaken violently!

However, the dark chains continued to bloom with bright lights, and an invisible energy suppressed the power of detachment on his body, making him unable to break free, and his body appeared little by little.

Seeing that the Black Demon Ancestor Emperor was about to be completely dragged out of the dark vortex, the Black Demon Ancestor Emperor suddenly let out an earth-shattering roar.

"Ancestor, save me."

boom!

Suddenly, from the end of the endless dark continent, a huge claw came out. This huge claw was as black as ink, wrapped with endless runes, and the whole universe trembled as soon as it came out.

A force that was much stronger than the Black Demon Ancestor Emperor came in an instant.

Boom, the black claw slapped it, and the speed was extremely fast, even the distance between the two worlds could not stop it from showing its power.

This huge pitch-black claws grabbed the chains wrapped around the Black Demon Ancestor Emperor, dragged the Black Demon Ancestor Emperor toward the body of the universe, and abruptly stopped it between the two worlds.

"Ancestor."

The Black Demon Ancestor Emperor roared excitedly.

"Who is capturing the powerhouses of my dark clan?"

A voice that seemed to be above the endless world rumbled. As soon as this voice appeared, the world was collapsing, as if it represented the truth of the universe.

Qin Chen and the others all looked up at this scene, showing horror.

This power is above the detached powerhouse Black Demon Ancestor Emperor. Who is he? Is it the ancestor of the dark family?

After staying in the Heiyu Continent for so long, Qin Chen naturally learned a lot. The dark clan is a force that is beyond the reincarnation of the universe. Among them, the detached powerhouse is by no means the only one, and the most terrifying in the entire dark continent is the dark clan. The ancestor of the royal family, he was the one who led the entire dark family to escape this cosmic cycle.

A truly invincible powerhouse.

Now, this supreme existence sensed that the powerhouse in his clan was in crisis, and immediately showed his help.

boom!

The terrifying dark aura was turbulent and passed on like a monstrous wave. If this universe was still in reincarnation, he would not be able to come directly. I am afraid that during the turbulence, the entire universe may collapse and be destroyed.

However, above the virtual sea, the virtual shadow faced the capture of the dark claws, his eyes were indifferent, and he just shook the chain suddenly.

Crash!

The chains glowed, breaking the huge black claws a little bit.

Chapter 4977 Borrowing blood for a use

boom!

The huge black claws were constantly stretched, and the breath was like an ocean.

"Who is your Excellency? Dare to disobey the power of this seat, and this seat in the sea of cosmos will definitely remove you from your name."

The rumbling sound resounded again, and the ancestors of the royal family of the dark family were shocked and angry, and then, boom, an invisible force came through the vortex.

Boom, the chains were surging, and the Black Demon Ancestor Emperor was instantly wrapped by two forces, pulling back and forth.

At the same time, behind the endless vortex, a majestic figure like an emperor appeared. This figure was hazy and indistinguishable.

This emperor-like figure held a volume of dark ancient scriptures, and the scriptures were sung, and a source of power from the universe infiltrated, actually pulling the Black Demon Ancestor Emperor back into the whirlpool little by little.

"Since you're here, don't leave!"

A sigh sounded as if from ancient times.

In the virtual sea, the phantom looked indifferent, his body shook, stood up again, and stood proudly in the virtual sea, as if the gods supported his spine, and a more terrifying breath broke out.

boom!

The endless majesty of the **** emperor shocks everything.

But at this moment...

Boom!

The moment the phantom stood up, the chains that had bound him suddenly burst out with lightning bolts. These lightning lights turned into thunder talismans and suppressed the phantom in an instant, causing him to emit a streak of lightning. A heavy muffled sound.

These thunder lights don't seem to be inconspicuous, but the power that erupts directly shocked the phantom into a staggering, supremely terrifying divine might.

What?

Seeing such a scene, everyone was shocked and couldn't believe it.

Such a strong man is actually bound in this virtual sea, unable to leave, and if there is a slight fluctuation, he will be suppressed by this thunder chain.

Who was it that suppressed him?

The ancestor of the emperor of the dark family was also taken aback, and the star-like sternness burst out from his eyes. He kept staring and scrutinizing, and there were stars flowing in his pupils, and he was shocked.

And being pulled by these chains, the phantom's **** on the Black Demon Ancestor Emperor was immediately weakened a lot, and the Black Demon Ancestor Emperor was immediately pulled again into the dark vortex by the ancestor of the emperor of the dark family.

Qin Chen was anxious in his heart. Seeing that the Black Demon Ancestor Emperor was about to be photographed by a virtual shadow, he did not expect such a change to occur.

"Hmph, no matter who your Excellency is, I am the enemy of my dark clan today, and my dark clan will never give up."

The Dark Emperor spoke out coldly, with great momentum, and the Dark Demon Ancestor Emperor was relieved, and shouted fiercely: "Be against my dark clan, one day, this ancestor will set foot on this universe and take your Excellency. Cramps and skins, sacrificing souls, blood pools of shame."

The voice of resentment echoed between heaven and earth.

"Hmph, what a big breath."

Suddenly, a taunting sound sounded, and the next moment, a wormhole suddenly appeared on the sky outside the demon world, and a group of strong men with a monstrous aura rushed out from the wormhole.

This is a group of powerhouses with boundless demonic energy in the sky, and the terrifying supreme aura pervades the sky, shocking the world.

"Monster?"

The faces of the strong people such as the Zerg outside the demon world changed slightly.

This is a big family that ranks among the top ten in the universe. It has never appeared before, but now it has finally appeared.

And those who exude a terrifying aura are the supreme ancestors such as Di Jun of the demon clan.

It just makes the Insect King and others unbelievable that in front of these demon ancestors, there is a black cat sitting there, served by a group of demon beauties, very comfortable, and the cold voice before is this big. From the black cat.

"Big black cat?"

Qin Chen was stunned all of a sudden?

"Boy Qin Chen, stay safe?" The **** cat smiled, and with a flick of his figure, he entered the demon world in an instant, and the next moment, he appeared directly by Qin Chen's side.

"Space magic."

This kind of method made the pupils of Xiaoyao Supreme and the ancestor of Yuanmo shrink. Now the demon world has been completely blocked by the Great Sealing Formation. Even the high priest can't easily leave, but this **** cat can actually ignore Yuan The blockade of the demon ancestors, this made everyone not surprised.

Seeing Qin Chen's shocked eyes, the **** cat continued: "Boy Qin Chen, don't ask so much, don't you want to keep that black devil ancestor? Why don't you hurry up and send the power of your blood to the virtual sea? where?"

"The power of my bloodline?" Qin Chen was taken aback.

"It's the Thunder Bloodline."

The **** cat looked anxious. Seeing what Qin Chen wanted to ask, he continued: "I don't have time to talk so much now, just do as I say."

Seeing this, Qin Chen immediately stopped hesitating. Although he didn't know what the **** cat was going to do, he naturally wouldn't doubt the other party because of the relationship between him and the **** cat, and he immediately stimulated the power of thunder in his body.

boom!

A terrifying thunder instantly appeared between heaven and earth.

"go with!"

Qin Chen pointed at the virtual sea, and a thunderous light like a moat rushed away in an instant.

"Space Collapse!"

The **** cat roared, and with a wave of its paws, it saw the void between the demon world and the void sea of the human race, and it seemed to disappear in an instant. After entering the virtual sea, he instantly merged into the thunder chain on the virtual sea figure.

After Qin Chen's power of thunder entered the chain, with a bang, the chain that originally bound the phantom suddenly fell silent, and the restraint on the phantom seemed to have weakened a lot in an instant.

The phantom took a deep look at Qin Chen, and the next moment, his body bound by the chain rose again, and his hands slammed.

With a bang, a force that was several times more terrifying than before, along the chains of the sky, entered the depths of the dark vortex in an instant. It sounded, and with the help of the Dark Emperor, the Black Demon Ancestor Emperor, who had escaped into the dark vortex, was pulled over once again.

"what!"

He struggled violently, looked terrified, and tried to break free from the chains, but to no avail, no matter how hard he struggled, he couldn't get rid of it, his huge body was instantly pulled into this universe.

Boom!

Between heaven and earth, the terrifying origin of the universe descended instantly, madly suppressing the Black Demon Ancestor Emperor, blocking his power little by little.

Although the detached powerhouse is powerful, under the double suppression of the chains and the origin of the universe, the Black Demon Ancestor Emperor's breath keeps falling.

His detachment-level strength was suppressed by an invisible energy, and he couldn't move, and then fell straight into the depths of the dark virtual sea.

"Ancestor, save me!"

The Black Demon Ancestor roared in horror.

"Bring me back!"

The ancestors of the dark family looked shocked, and the huge black claws came out again, but suddenly a chain of **** emperor totems struck, banging the opponent's black claws directly and turning them into powder.

"No!"

Under the horrified eyes of everyone, the Black Demon Ancestor Emperor was pulled into the depths of the virtual sea little by little.

Chapter 4978 Neither sooner nor too late

At this moment, the heart of the Black Demon Ancestor sank completely.

His heart is trembling, after becoming detached, who can detain him, who can manipulate his body like this?

The virtual sea is endless, he keeps falling, he screams, but he can't control himself at all, like a star swallowed by a black hole, he can't break free at all.

The rolling power of detachment agitated, but under the power of this totem, the suppressed ones were so dead that there was absolutely no room for resistance.

"Ancestor!"

The Black Demon Ancestor roared mournfully, still seeking the ancestor's rescue.

Between heaven and earth, the majestic black claws protruded again, and with a bang, it descended directly into this universe. In an instant, the entire universe was shaking. In the demon world, continents were falling, and countless voids appeared. crack.

The ancestor of the detachment level, the truly supreme emperor of the dark family, the powerhouse who led the entire dark family through an era of cosmic reincarnation, such a character is not a small role even in the sea of cosmos.

At this moment, he made all his efforts and could not tolerate the detachment of the dark clan falling in front of his eyes. For the dark clan, any detachment powerhouse was extremely precious and could not be easily abandoned.

Therefore, the unprecedented supernatural power he mobilized has brought his own sharp claws down to this world, to forcibly take away the Black Demon Ancestor Emperor from this universe.

However.

The phantom was a sneer, and the totem chains swept over in an instant, collided with the huge black claws, and made a shocking roar.

Boom boom boom!

The chains fell, and the huge black claws exploded a little bit.

"Since there is going to be a battle, then it will come directly, so why bother."

Xu Ying said indifferently, the voice was not loud, but it spread all over Fang Tianyu, you could hear the confidence and domineering of the other party's heart, not afraid of the emperor's ancestors of the dark family.

At this time, the lightning restraint on his body has weakened a lot, he is very domineering and extraordinary, and he has absolute confidence.

Moreover, the chains of one after another are even more shimmering with thunder, and they are actually going to penetrate the dark vortex and enter the dark continent.

"If you are a rat, you will come out and fight with this ancestor in the sea of cosmos. What is it to live in this universe."

The dark ancestor shouted angrily, but did not dare to come again.

With his strength, it is extremely difficult to forcibly interfere with the operation of this side of the universe. If he really comes forcibly, his own realm will be affected by the rules of the universe sea, and he will be suppressed by the origin of this side of the universe, and it will become food on the plate.

"Hmph, when I get out of trouble, I will definitely go to your dark clan for a walk, and then see if Your Excellency has the confidence."

The low voice sounded, and the phantom ignored the dark ancestor and dragged the black demon ancestor into the virtual sea instantly.

"No!"

The Black Demon Ancestor Emperor was completely desperate.

boom!

He no longer restrained himself, knowing that the ancestor could no longer save him, and the strongest energy erupted again in the depths of the virtual sea, to fight to the end and fight to the death.

His body is getting bigger, and the stars along the way are shattered and turned into powder. Compared with him, those so-called broken planets are too small.

The transcendence of the Dharma body obliterates everything, and there is nothing to stop the world!

He burned ragingly, the detached matter was stirring, and he released it to his heart's content, stirring up the entire virtual sea.

However, to no avail.

boom!

The phantom twitched the chain and slapped him fiercely, immediately extinguishing the transcendental matter on his body, screaming like a dead dog, and half of his body sank directly into the illusory sea.

Soon, he saw the bottom of the virtual sea, and then his scalp became numb, and he saw some scenes that terrified him.

In the depths of the virtual sea, there are some vague things, all of which exude a deadly breath, and the unknown substances dissipate. Even if they are stronger than him, they instantly feel creepy.

The detachment-level powerhouse should be invincible, and the physical body is extremely strong, but they can swim in the universe sea, and even the terrifying substances in the universe sea cannot annihilate them.

But now, he sensed some rotten aura pervading the air. These auras were extremely terrifying. Just a trace of it made his back feel cold, goosebumps all over his body, and numbness in his scalp.

Who is this ghost? How can you survive in such a place?

He was terrified in his heart, his whole body was gorgeous, and he released transcendental matter, emitting a dazzling brilliance.

But to no avail, the depths of the virtual sea are extremely dark and dead, and his detachment material can only dimly illuminate a little bit of the surrounding area. Here, detachment is like a firefly in the dark night, unable to illuminate the entire virtual sea. , the bottom is still dim, and you can only see some things vaguely.

Vaguely, he saw terrifying chains hovering, any of these chains exuded a breath that made his heart palpitate, and could easily imprison him.

And at the end of the virtual sea, there is a creature, decaying, rotten, cold, and a little bit of life energy, that should be the body of this virtual shadow.

After seeing the Black Demon Ancestor Emperor, his body trembled violently, and his scalp was about to explode. As a detachment, he actually had this kind of experience, such a horror, just seeing the other side, and trembling with fear.

"Who is this person? With such a breath, it is definitely not inferior to the ancestors. Why is there such a strong person in this universe? Isn't there even a detachment in this place?"

He was angry and couldn't understand.

The dark clan is extremely large and has many forces, and he is just a member of the dark clan in the universe. He has chosen this universe and has been operating for hundreds of millions of years.

The Black Demon Ancestor lost his composure and could not keep his mind at all. He struggled hard to escape from here, but was unable to succeed.

The depths of the virtual sea are very dark, and ordinary people can't see anything. Only the Black Demon Ancestor Emperor can capture some truth. When he was completely dragged into the virtual sea, he vaguely saw the illusory face.

Suddenly struck by lightning.

"You...really from that family?!" He trembled, unbelievable, trembling all over.

"I didn't expect you to hear about my family?"

Weak and rotten voices came from the depths of the virtual sea.

The Black Demon Ancestor Emperor trembled, "With the strength of your clan, you can run wild in the universe sea, why are you imprisoned here?"

He was not reconciled and felt that he was unlucky. Knowing all this, he would definitely not choose this universe to invade.

"Imprisonment? Isn't this place a practice, what do you think?"

The voice of nostalgia sounded, the voice was low, and there was a hint of joy: "I have to thank you for giving me a glimpse of hope of getting out of trouble, in fact, I have been waiting for the forces that invaded this universe for a long time, but I didn't expect you to come. It's so late, but it's okay, it's the right time to come, it's neither too early nor too late."

Chapter 4979 Explosive foul language

This phantom was actually smiling at this moment, but his smile made the Ancestral Black Demon feel horrified.

"My day..."

He wanted to be foul.

Waiting for the forces that invaded this universe? what the hell? Could it be that the other party knew that he would come, so he deliberately waited here?

But with the opponent's strength and being trapped for so many years, why didn't they take action directly in the ancient times.

The Black Demon Ancestor couldn't understand.

His dark clan has invaded this place more than once.

In despair, the Black Demon Ancestor roared: "Since your Excellency is waiting for the forces that invaded this universe, you should have been trapped here for many years. Back then, our clan invaded this universe and united the demon clan to destroy the so-called human race in the heavenly realm. At that time, why didn't you take action?"

The Black Demon Ancestor Emperor was very aggrieved, roared loudly, and wanted to understand.

In the ancient times, it was Emperor Shitian and Po Jun of the royal family who invaded this universe. For the sake of meritorious deeds and the opportunity to break through the detachment, the two royal bloodlines competed with each other for control of this universe. In the end, Emperor Shitian won and succeeded. Got the chance to invade this universe.

Of course, the result was very tragic. Emperor Shitian joined the demons to attack the human alliance in this universe and broke the heaven, but in the end he didn't know his life or death.

However, even if the battle became that way, the heavenly realm was directly broken, and I never heard that there was a strong man in the virtual sea of the human race's heavenly realm. Why did he hide from such a pervert now?

If this phantom shot back then, he would never have come to this universe so rashly.

"Well, I was indeed here back then, but the timing was not right, so naturally I didn't shoot."

The phantom seemed to be in a good mood, and actually answered.

"The timing? What timing?"

The Black Demon Ancestor is going crazy.

The virtual shadow looked up and looked at Qin Chen outside the virtual sea, with endless depth, and muttered: "I have been waiting for a person all these years, only after he appears, I have hope of getting out of trouble, if I What do you do if you shoot too early and scare you away?"

Xu Ying glanced at the Black Demon Ancestor Emperor indifferently, "Forget it, there's no need to tell you so much, it's just a dead person, why should you know it so clearly, as long as you obediently die."

boom!

After the words fell, a big hand came out of the endless darkness and grabbed the Black Demon Ancestor Emperor.

This majestic hand, with unparalleled power, instantly descended on the head of the Black Demon Ancestor Emperor.

"No!"

The Black Demon Ancestor Emperor's voice trembled. At this moment, he felt the feeling of death coming, and with a roar, he immediately attacked and attacked quickly.

He launched the most terrifying attack, endless transcendental substances, various energy bodies, and forbidden methods, all of which were shot out.

He doesn't want to die here.

However, all this was in vain. He felt that he was withering, weak, and declining. Under that big hand, he had no ability to resist.

In this world, his power was completely imprisoned, not only him, but the phantom was also imprisoned here, dead silent.

In the end, the big hand of the phantom directly buckled on his head, and with a bang, a terrifying force rushed into his body, directly annihilating his vitality.

The body of the Black Demon Ancestor was directly torn apart, and his soul was dying. Under such power, he had almost no ability to resist, and could only watch his body directly annihilate.

"It's ridiculous that I, the Black Demon Ancestor Emperor, have been swaying all his life, and the legendary generation has died here like this?"

Before dying, the Black Demon Ancestor had a sad face.

A detached powerhouse, what a terrifying existence this is. In an era of cosmic reincarnation, one may not be born. It is the real overlord in the universe, but now, he died so silently, like an ant, just like that. die.

To die is too useless, too embarrassed.

It's not that he didn't think about self-destruction, but in such a virtual sea, he couldn't even do it. In the end, with a puff, his soul was directly annihilated, and the whole person instantly turned into nothingness.

Boom!

After the death of the Black Demon Ancestor Emperor, a vast aura rose up from the Black Demon Ancestor Emperor's body, and detached substances spewed from the virtual sea, like a volcano erupting on the seabed, instantly spewing out countless mysterious substances. A tsunami wave with a height of hundreds of millions of feet rolled up in the void tidal sea.

A stream of special transcendental matter dissipated, merged into the heavens, and dissipated into the entire universe.

Between the heavens and the earth, the origin of the universe rose in an instant, cheering and cheering, and visions of heaven and earth appeared in every corner of the whole universe.

For the origin of the universe, the fall of a supreme-level powerhouse can feed back a lot of energy, and the fall of a detached-level powerhouse like the Black Demon Ancestor can bring much energy to this universe.

For a time, the origin of the universe, which was slightly decayed and doomsday, suddenly became agitated and surging, as if it was much younger in an instant.

And the human heaven where the virtual sea is located has been greatly repaired. The heaven that was once broken and was repaired by Qin Chen. At this moment, the boundary wall is constantly healing and becoming stronger. It can be seen with the naked eye that the entire human heaven is glowing like never before. vitality.

Countless detached substances are escaping.

Once detached, the universe is full.

This is a sentence circulating in the sea of cosmos, and the changes in this universe at this moment are verifying this statement.

Countless transcendental substances scattered around the human race celestial world and permeated every ethnic group in the entire universe.

At this time, in the Southern Heaven Realm, the sword mound in the depths of the Tiandang Mountains is located.

An old figure who had been sitting cross-legged for countless years slowly raised his head and stared at the infinite sky, his pupils showing endless shock.

"The power of transcendence, this is the power of transcendence?!"

The ancient figure was frightened and murmured, but also excited, booming, his whole body glowed, and countless transcendental substances were attracted by him, and the stars merged into his fleshly body. At this moment, his body seemed to be glowing with new vitality. , the smell of decay is constantly weakening.

Boom!

At the same time as the old man absorbed the transcendental material, the depths of the buried sword abyss in front of him also surged out one after another astonishing roar, and a terrifying dark aura rose up.

Immediately afterwards, there was a voice of anger: "The power of detachment, this is the power of sacrifice that transcends the source, and there is also a trace of darkness. Could it be that a certain detachment from my dark family has fallen? Impossible, this impossible!"

In the abyss, a terrifying dark tentacle rose up, waving wildly, with anger, to get out of trouble and absorb this transcendental substance.

"Hmph, Di Shitian, you can never escape from this ancestor."

The old figure snorted coldly, his right hand turned into a sword finger, and with a bang, a terrifying sword light slashed down, suppressing the dark tentacle.

An angry roar came from the depths of the abyss, "Jianzu, when my emperor Shitian gets out of trouble, I will destroy your human race ten thousand times."

[Chapter 4980: no chance](#)

"I'm afraid you won't have this chance."

Jianzu laughed and said, above the old figure, the sword energy is soaring to the sky, and the universe is full of energy.

Although I don't know what happened to the outside world, Jianzu is very clear that there must be a huge change in the dark family.

For some reason, Qin Chen's figure appeared in Jianzu's mind at this time.

"I'm afraid it has nothing to do with that kid."

Jianzu murmured, thoughtfully.

And when Sword Ancestor was happy in his heart——

dark universe.

In the depths of the endless Nether Star River, an ancient phantom opened his eyes.

He stretched out his hand.

The bits and pieces of detached matter fell into his palm, and disappeared like snowflakes in his palm.

It is the black market master of the dark universe.

"Exceeding matter?"

Feeling the power in the palm of his hand, the owner of the black market raised his head in shock, stared into the depths of the endless void, and said in shock, "Could it be that there are detached powerhouses in the real world that have fallen? Could this breath be a master of the dark clan?"

boom!

This phantom suddenly stood up, couldn't hold back any longer, stepped out one step, and disappeared in this world in an instant.

At the same time, the entire universe, the sleeping ancestors of all races, also opened their eyes.

Incredibly shocking.

The fall of the detached powerhouse is not only a great supplement to the origin of the universe for this universe, but also a chance for them, the masters of this universe.

Now that this universe has reached the end of the era, it is too difficult and difficult to achieve detachment, but by comprehending these detached substances, they can have a new understanding of the detachment realm.

Everyone, including the Supreme Being, is shrouded in such detached matter.

In the depths of the virtual sea, the ancient ghost suddenly glanced at Qin Chen, and then raised his hand suddenly.

boom!

A terrifying transcendence surged out and entered Qin Chen's body in an instant.

In an instant, Qin Chen felt that there were a lot of things in his mind. Under this power, his body felt like he was about to transform.

This is part of the transcendental origin of the Black Demon Ancestor Emperor, who was directly penetrated into Qin Chen's body by this mysterious phantom.

boom!

I saw a terrifying aura rising from Qin Chen's body. The aura on Qin Chen's body instantly stepped into the peak and supreme realm from the late supreme, and even faintly wanted to touch the detached realm.

How powerful is the source of a detached powerhouse? No one knows, now this mysterious phantom is just pushing some of its origins into Qin Chen's body, allowing Qin Chen's cultivation to instantly step into the peak of the supreme from the later period.

After all, the origin of a detached powerhouse is a powerful being that can benefit the entire universe.

And if he can completely absorb the source of the other party, then how high can Qin Chen be raised?

At this moment, Qin Chen even felt that the power in his body was constantly changing, and after reaching the peak of the supreme, he had to touch the realm of detachment.

But the next moment, a force of God Emperor Totem rose up from Qin Chen's body, suppressing that transcendence. "This detachment from the source is the most essential part of the Black Demon Ancestor Emperor's body, and I will give it to you, but with your current strength, you can't completely absorb it. If you absorb it rashly, it will not only have no effect on your future benefit, against

And there will be huge damage. "

This phantom rumbling said.

Qin Chen nodded.

He can also feel that if he forcibly refines the transcendence source, he can indeed touch the transcendence realm, but his fleshly body will develop into darkness, and even be faintly rejected by this cosmic source.

After all, the Black Demon Ancestor Emperor is the detachment of the dark family, and his origin is actually incompatible with this universe.

Even if Qin Chen is recognized by the origin of the universe, once he forcibly refines the origin of the Black Demon Ancestor Emperor and touches the realm of detachment, he will definitely be repelled by the origin of the universe.

The phantom nodded, then looked at the endless vortex above the demon world.

"Dark Emperor Ancestor, if you want to fight, it's better to come directly, and if you don't fight, you will get out."

The ghost said in a low voice.

In the vortex connecting the dark continent, a pair of icy eyes bloomed, it was the dark emperor, and he said coldly: "Your Excellency kills my dark clan to escape, this ancestor will never let it go."

boom!

The dark vortex exploded instantly and disappeared without a trace.

The connection between the demon world and the dark family disappeared instantly.

"Thank you senior for your help."

In the demon world, Qin Chen cupped his hands against the opponent.

If it weren't for the mysterious existence in this virtual sea today, and the strength of the human race today, this universe might really fall into the hands of the ancestors of Yuanmo. By that time, this universe would be completely over.

"It's just a little effort. As for the remaining one, it's up to you, young man, I hope you can achieve detachment as soon as possible, don't let me down."

The dark shadow took a deep look at Qin Chen, and then, he instantly sank into the sea of empty and disappeared.

The emptiness of the sky has also returned to calm in an instant.

Qin Chen and others watched the other party leave, and then turned to look at the ancestor of the demon in the demon world, their eyes instantly became cold.

Now, it is time to deal with the ancestors of Yuanmo.

"Ancestor Yuanmo, you colluded with the dark clan to bring harm to this universe, what else can you say today." Qin Chen walked towards the ancestor of Yuanmo step by step, with a terrifying rainbow blooming on his body. At this time, his cultivation base has broken through. At the peak of the supreme realm, the body even suppresses the origin of transcendence, and the breath on the body has a feeling of being in an abyss.

Sleep.

Qin Chen raised his hand.

hum!

The mysterious rust sword was suspended between the sky and the earth, and the cold aura shot into the sky, as if it could split the sky.

On the other side, after the fall of the Black Demon Ancestor Emperor, the Supreme Being of Xiaoyao also escaped from the world of no-empty, and walked step by step, the barren sky tower was suspended around him, and the breath on his body was also skyrocketing.

Although he did not get the source of detachment like Qin Chen, he was at the peak level of detachment by half a step. Just realizing a little detachment material was enough to give him a new transformation.

Qin Chen and Xiaoyao Supreme walked step by step, while Honghuang Zulong and others were the powerful people such as Huanggu Supreme who trapped the demons, each with murderous aura.

"Damn."

At this time, in the demon world, Yuanmo's ancestor's face was extremely ugly.

In his heart, there was utter despair.

Done.

The devil is completely over.

He never thought that there was such an existence in the virtual sea, and even the Black Demon Ancestor Emperor of the Dark Clan fell here, completely changing his layout.

"Why?"

His heart was extremely unwilling, and the preparations for hundreds of millions of years were destroyed in one fell swoop, making him roar and roar how willing he was.

In the distance, Mo Li sighed softly.

"This guy still doesn't understand the reality. He is the enemy of Qin Chen. I'm afraid that no matter how strong the luck is, it's just blame. He chose the wrong opponent."

Mo Li shook his head slightly.

He completely recognized it. Under the previous circumstances, Qin Chen was able to make a comeback, which is simply... unreasonable.

Thinking of some previous experiences, Mo Li couldn't help but smile bitterly.

How can the ending of the ancestor of Yuanmo be so similar to the previous self? Compassionate fellow!
