

## **Valkyrie 5071**

### [Chapter 5071: Black Iron Bull](#)

There was excitement in the eyes of everyone.

In everyone's mind, they thought it would take some time for this Void Divine Rune Fruit to mature, but it was unexpected that it would ripen earlier.

Boom boom boom boom!

In an instant, countless masters rushed towards the Void Divine Rune Fruit Tree. There are only nine Void Divine Rune Fruits, whoever gets it first will have the first chance, not to mention that there are detached masters on the scene, and some half-step detachment masters know that they only have the chance to get the Divine Fruit at the beginning. , the further back

, the less chance.

Whoosh whoosh!

In an instant, dozens of strong men rushed up like locusts.

"Go away."

"Get out of here!"

Boom boom boom!

In the process of flying, these masters even shot at the surroundings to stop other people's footsteps.

"This Void Divine Rune Fruit is mine." A middle-aged man in a robe with an eagle-eyed eye and a thin, but extremely fast speed has a dark void wing behind him, and the whole person seems to be hidden in the void. The figure is like a phantom in the void, and a few flashes come

In front of a Void Divine Rune Fruit Tree, excitedly, his big hand grabbed one of the Void Divine Rune Fruits directly.

"It's from the Shadowwing tribe."

"kill him."

"Stop him." When the other powerhouses saw this, they shouted angrily and made a bold move, and they heard a bang. Before the middle-aged man could grab the Void Divine Mark Fruit in his hand, he was already attacked by several madness. During the attack, the whole person exploded,

turned into blood mist.

Whoever grabs the Void Divine Rune Fruit first will have a hard time with everyone present.

Boom boom boom!

Around the Void Divine Rune Fruit Tree, a fight was born in an instant, and the scene was instantly chaotic, but there were still people who kept approaching the Void Divine Rune Fruit Tree.

outside the valley.

Fang Muling looked at Mo Lao, and couldn't help saying: "Mo Lao, why don't we take action yet?" Mo Lao narrowed his eyes, looking at the detachment of the dark family and the gods from afar, who also did not take action not far away, and said solemnly: "Miss, Don't be in a hurry for the time being, let these guys fight first, check the risks, if this Void Divine Mark really doesn't exist

There is a risk, the old slave will take another shot. "

At the level of Demon Elder, they naturally don't care about some half-step detachment powerhouses. What they worry about is whether there is any danger in this Void God's Pattern Fruit Tree, and these half-step detachment powerhouses present are their pathfinder stones. .

Only after a fight. With a bang, a burly, dark-skinned man with horns on his head blocked several attacks. He came to the Void Divine Rune Fruit Tree again, with several bright runes in front of him. These runes spin, melt

Entering the body of this burly man, an extremely terrifying defense was formed.

With this top-level defense, the person resisted and came to the Void Divine Rune Fruit Tree, and grabbed one of the Void Divine Rune Fruits with his big hand.

"No, he's a master of the Black Iron Bull Clan."

"This person is Wan Fang, the leader of the younger generation of the Black Iron Clan. He has reached the peak level of half-step detachment in twelve epochs, and he is only one step away from detachment." It is invincible at the same level, but unfortunately the clan's comprehension is too low, which has caused this Wanfang to be unable to break through the realm of detachment.

. "

"Stop him."

A group of people changed color again and again and shot. The attack on everyone from all sides took a long breath, and with a humming sound, a huge dark bull-shaped phantom appeared on his body. , with a bang,

The black bull phantom shattered directly, but this Wan Fang's big hand had already arrived before a Void Divine Rune Fruit.

Snapped!

This Void Divine Rune Fruit was immediately captured by him in his hand.

"Damn, he was preempted by him."

"Quickly grab another Void Divine Rune Fruit." Seeing this, everyone at the scene changed their color one by one. This first Void Divine Rune fruit was finally obtained. Immediately everyone ignored Wanfang and grabbed other Void Divine Runes. Wen Guo, after all, this Wan Fang can withstand more than a dozen attacks in a row

If you want to get the Void Divine Rune Fruit from the hands of Wanfang, the difficulty is no lower than picking the fruit from the Void Divine Rune Fruit Tree.

After all, there are currently eight Void Divine Rune Fruits on the fruit tree.

"good chance."

Wan Fang was overjoyed when he picked the fruit. He was not greedy for other fruits, and he was about to leave here with a flick of his body.

To be able to pick a fruit among so many masters is considered a success.

At this time, not far away, they have been staring at the old demons who have not spoken here, and their eyes suddenly showed a trace of brilliance.

"It seems that this Void Divine Mark fruit tree is really safe."

This thought flashed through the minds of several people at the same time, and the next moment, with a bang, the Dark Clan was the first to make a move.

"Boy, leave the Void Divine Rune Fruit."

The icy voice resounded through the heavens and the earth, and the dark clan was detached from the towering figure, with fierce eyes, and the huge palm covered the sky and directly pressed down.

"No, the detached powerhouse has started."

In front of the Void Divine Rune Fruit Tree, a group of people gathered at this moment, and the two sides restrained each other. At this moment, they felt such a force, and their expressions changed greatly.

"Quick, pick the Void Divine Rune Fruit, otherwise no one will get it with our strength."

A group of half-step detachment-level masters shouted fiercely, no longer caring about restraining others, and madly rushing towards the Void Divine Mark Fruit Tree.

In the face of detachment, they have no advantage at all, and the restraint of others is just a joke. It is only reasonable to get the Void Divine Rune Fruit as soon as possible and leave this place.

"Miss, follow me."

When the old man saw this, he let out a low voice, and his figure moved. With a bang, two streams of light burst out, and the old man and Fang Muling swept into the valley instantly.

"The bull is soaring to the sky."

The first person to feel the pressure was Wan Fang of the Black Iron Bull Clan. Facing the huge dark palm that suppressed him, Wan Fang roared, and the breath of countless bulls gathered, and an ancient bull phantom instantly appeared in his body. Soaring into the sky.

This savage bull has a majestic figure, with its head above the sky and its feet on the ground, as if it has stepped out of the eternity.

This is the top magical power of the Black Iron Bull, and it is invincible at the same level.

"Trick of the eagle." The dark clan sneered out of detachment, with disdain in their eyes, the dark hand with endless detachment directly pressed down, just like a dome of the sky collapsing, smashing \*\*\*\* the top of the huge bull's head, bang

With a bang, the phantom of the bull, who was invincible at the same level, shattered in an instant, without the power to resist.

boom!

The big hand continued to go down and pinched directly towards Wanfang. Such a scene made the scalps of all the powerhouses numb and goosebumps all over their bodies.

#### [Chapter 5072: What do you mean](#)

It should be noted that this Wanfang was fought among many masters before, and he was completely defensive, but in front of this dark detachment master, he was so vulnerable.

"Senior, I am the Hei Tie Niu Clan Wanfang. If the senior can spare the junior, my Hei Tie Niu Clan will be very grateful."

Wan Fang's expression changed greatly. He knew the power of darkness and detachment, and hurriedly said.

"Hmph, what does the Black Iron Bull have to do with this seat?"

Darkness detached and sneered, and the power of darkness surged above the big hand, forming a disorderly cage that directly blocked all directions below.

"Damn, the ancestors came and gave me strength."

Wan Fang let out a roar and a buzzing sound, and in his body, a giant bull \*\*\*\* phantom appeared, accompanied by a terrifying detachment aura, descending to this world in an instant.

"It's beyond the source."

"Wanfang activated the power of the source that the ancestor of the Black Iron Bull Clan had left in his body."

A group of people were surprised, their eyes widened, and they looked at it.

I saw this huge bull \*\*\*\* phantom lingering with the ancient aura, as if stepping out of the ancient times, every step down, the void trembled, and the earth would sink.

"It's ridiculous, it's just a source of power. Your Hei Tie Niu ancestor came in person, and this seat may still care about it. A source will be destroyed by this seat."

Darkness detached a sneer, and his figure instantly became extremely majestic. He opened his hands, and the endless dark aura rose from his body, forming a terrifying tide, which was suppressed in an instant.

With a bang, the ancient giant phantom of the bull \*\*\*\* made a crackling sound and collapsed in an instant. The next moment, the dark and detached big hand fell directly, and firmly grasped the Wanfang of the black iron bull clan in his hand. Imprisoned to death.

"Senior, I am willing to hand over the Void Divine Mark Fruit."

Wan Fang looked terrified, and at the juncture of life and death, he hurriedly threw the Void Divine Rune Fruit in his hand, daring not to hesitate at all.

Compared with death, this Void Divine Rune Fruit is not so important.

"Hmph, in the face of the Black Iron Bull Clan's ancestor, I'll save your life, get out."

The dark family detached and snorted and shot Wan Fang directly out. With a puff, Wan Fang's body collapsed and turned into a blood mist, but his soul rose into the sky and disappeared directly into the sky.

Obviously, this dark clan has detached and kept its hands. If you directly kill this Wan Fang in front of so many people, it is equivalent to completely offending the Hei Tie Niu clan.

Although this black iron bull is not very strong in the sea of cosmos, but also has a detachment master, and now has obtained the Void Divine Rune Fruit, it is meaningless to kill randomly.

Whoosh! This Void Divine Rune Fruit was immediately taken into the hands of this dark family.

"Yes, with this divine fruit, my cultivation will definitely go further."

The dark family's detached eyes gleamed, and the next moment, he swayed and swept straight towards the Void Divine Mark Fruit Tree.

A Void Divine Rune Fruit is naturally not enough.

At this moment, in front of the Void Divine Rune Fruit Tree, a group of masters are fighting frantically, and many of them are already approaching the Void Divine Rune Fruit Tree.

"Everyone, please get out of the way."

Boom.

A majestic figure fell, it was the God Venerable from afar, and the rolling aura erupted from his body, sending a group of half-step detachment powerhouses around him.

The detached powerhouse entered the field, and the half-step detached master was simply powerless to resist.

However, how could these half-step detachment masters be willing to leave easily?

This is related to whether they can break through the chance of detachment.

superior! A group of masters rushed up one after another, looking crazy.

"Go away."

An angry shout resounded, and before these masters rushed to the Void Divine Rune Fruit Tree, a fierce shout sounded again, it was the old man, his big hand shook, and a terrifying power of detachment swept out, booming Long, the several masters who rushed to the fruit tree were thrown into the air.

"Another detachment."

Many more than masters are almost desperate.

"Hahaha, my friend, how about these Void Divine Rune Fruits?"

Yuandao God Venerable said with a big smile to the demon boss, and at the same time he spoke, Yuandao God Venerable's body shook, and in an instant, the terrifying power of detachment formed an amazing field, which immediately blocked the half-step detachment that rushed up around him. outside of its own territory.

Mo Lao frowned and glanced at the Yuandao God Venerable. Although he wondered why the Yuandao God Venerable wanted to join forces with him, since the Yuandao God Venerable blocked these half-step detachments, how could he not seize such a good opportunity, huh, In an instant, several demonic energies swept out of Mo Lao's body, and instantly grabbed the three Void Divine Rune Fruits in front of him into his hands.

Seeing this, God Venerable Yuandao also laughed loudly, and at the same time grabbed the three Void Divine Rune Fruits in front of him.

At the moment when the two of them shot, a terrifying figure descended. It was the detachment of the dark family. As soon as they raised their hands, the power of darkness surged, and they also got the remaining two Void Divine Rune Fruits.

In an instant, the nine Void Divine Rune Fruits were all obtained by the three masters of detachment.

In the face of detachment, the rest of the half-step detachment has no resistance at all.

"Miss, let's go."

After getting the Void Divine Rune Fruit, Mo Lao did not hesitate, and with a flicker of his figure, he was about to leave here with Fang Muling.

"My friend, I found a ruin before, but the ruins need multiple people to open it. I can't break it with one person. I wonder if my friends have any ideas of cooperation?"

At this moment, the gods from afar flew over and said to the old man with a smile.

"He's trying to win me over?"

Mo Lao's eyes flashed, and he said coldly, "I'm not interested."

When the words fell, he took Fang Muling and swept away.

He came here not to compete for any treasure, but to protect the young lady.

"Friend, that place is very extraordinary, are you really not interested?"

God Venerable Yuandao continued to dissuade Dao.

Mo Lao's eyes turned cold, and he was just about to refuse, but before he could speak, the face of Yuandao God Venerable who was smiling suddenly became sullen, and a palm suddenly slapped towards Mo Lao's back.

"Do it."

At the same time, the God Venerable Yuandao let out a fierce shout.

Boom boom boom! On the side, some half-step detachments that were still fighting for the Void Divine Rune Fruit were suddenly shot at the old man, and invisible forces shrouded them, trying to cover the old man and Fang Muling together.

"not good."

Mo Lao was startled, he subconsciously threw the Void Divine Rune Fruit to Fang Muling, and then a pitch-black sword appeared in his hand, and slashed it out at the top of his head.

boom! At the critical moment, the two forces collided, and the endless demonic energy surged out of Mo Lao's body, resisting the blow. The terrifying shock wave made Fang Muling's face turn pale.

"Distant God Venerable, what do you mean?"

The old man shouted fiercely.

"Hahaha, what do you mean?"

As expected of the former Sang Demon God Venerable, the reaction speed is good. "

God Venerable from afar laughed.

Hearing this, the old man's face changed suddenly.

[Chapter 5073: petty profit](#)

At this moment, the old man's face became extremely ugly.

The other party said his former name at a glance, which shows that he knows his origin, but since this is the case, the other party actually dares to do something to him, where does the confidence come from?

There was something wrong in Mo Lao's heart immediately.

The other warriors around also all looked at Mo Lao with shocked expressions on their faces.

"Dangmo Shenzun, this person turned out to be Dangmo Shenzun?" "Dangmo Shenzun is an old-fashioned detached powerhouse, with an extremely powerful cultivation base. Back then, he dominated the Dangmo Sea of the Universe Sea and plundered passers-by with extremely cruel methods. It made a lot of people angry, but his magic trick is in

In the sea of devils, he can be called a pervert, and even some masters of the same level cannot easily take him down. "However, I've heard that the Dang Demon God Venerable seems to have plundered people who shouldn't have plundered, and offended the Tuoba family that controls the Nandou Star Region. Later, he was hunted down by the Tuoba family's patriarch, severely injured, and his whereabouts are unknown. Rumor has it gone

Falling, unexpectedly still alive? "

"This far-reaching goddess dares to attack the demon god, what do you want to do?"

The crowd in the distance whispered.

"Since your Excellency knows my name, how dare you attack me?"

Demon veteran Fang Muling was behind him with a stern expression: "Distant God Venerable, since you didn't cause any consequences, the old man advises you to leave quickly, otherwise, don't blame the old man for being rude."

"Hahaha, you're welcome, what's the rude method?"

The God Venerable from afar stepped forward and confronted the old demon. His whole body, the void was constantly distorted under the power, like a bubble that was constantly squeezed, and there was a risk of bursting at any time.

This is a phenomenon that can only be formed when the two control the void to an extremely terrifying level.

In the distance, many half-step detachment masters stepped back one after another, looking at this place from a distance.

Although the Void Divine Rune Fruits had all been plundered, they were still unwilling to give up, so they stood at a distance and watched the excitement.

The confrontation between the detached powerhouses is rarely seen, let alone the two famous detached powerhouses.

The detached brows of the dark family also wrinkled slightly, suspended not far away, their eyes flickered, and they did not leave. "Hmph, God Venerable from afar, I advise you not to mistake yourself. Although the Void Divine Pattern Fruit is powerful, you have also obtained three, which is enough to make you achieve something in the Void Realm. Don't do it for a little petty profit. put yourself on a path of no return

. "

The old demon looked calm, and all over his body, terrifying demonic energy surged, like big snakes, constantly swallowing snake letters.

These tens of feet long snake letter sons are like pitch-black spears, bursting with fierce murderous intent, enough to pierce the world.

He also has some names in this universe sea.

"Hahaha, Void Divine Mark Fruit? Dangmo Shenzun, do you really think that this seat is for the Void Shenwen Fruit?" Yuandao Shenzun sneered: "I can't think of Dangmo Shenzun, who swept the sea of devils back then, but now he will also Be willing to be submissive to others and become a running dog of Anyoufu! Obediently hand over the Miss Anyoufu behind you, and then go to Tuoba Shi

If you kneel down and confess your guilt, abandon the darkness and turn to the light, maybe there is still a chance of life, otherwise this place will be your burial place today. "

God Venerable Yuandao said with a sneer.

Hearing the words of the Tuoba family, Mo Lao's eyes turned completely cold.

"What? Dangmo Shenzun took refuge in Anyoufu? No wonder he was able to escape the pursuit of the Tuoba family."

"I didn't expect that this distant \*\*\*\* is actually a member of the Tuoba family?"

"Could it be that the person behind Dangmo Shenzun is the eldest miss of Anyoufu, Fang Muling? But I heard that the eldest lady of Anyoufu, Guose Tianxiang, is the most famous beauty in the Hainan Thirteen Star Region of the universe. How could she be this? appearance?"

"What do you know? This person must be easy."

Everyone was surprised and discussed with each other.

The dark clan's detached pupils are also shrinking, whether it is the Anyoufu or the Tuoba family, they are not weaker than his dark clan's big forces, and they are no worse than them.

not good!

At this time, the old man's heart had completely sunk.

He doesn't care about his own safety, because he claims that the other party can't stop him easily, but in the current situation, if he wants to protect the young lady, it will be troublesome.

"Miss, the other party is coming for you, you will follow the old slave."

The old man said seriously.

The opponent came prepared, and he had to guard.

Fang Muling's face was also hard to look at. Knowing the seriousness of the matter, the Tuoba family and the Anyoufu were enemies in the world. If she were to fall into the hands of the Tuoba family, it would be extremely detrimental to her father.

"Distant God Venerable, just rely on you, and want to stop me?"

With a bang, Dangmo Shenzun was filled with endless demonic energy, and the billowing demonic energy was like a canopy, covering the sky and the sun.

"Dangmo Shenzun, it seems that you are obsessed." Yuandao Shenzun sneered, and suddenly looked at the dark family detached not far away: "Friend, the eldest lady of this dark and secluded mansion was all thinking about killing you, you won't Forget it? The enemy of the enemy is the friend, and today I am for Tuoba

You might as well join hands with me to do business with the family. If you win the eldest Miss Anyoufu, you will be credited. You will have the Void Divine Mark on the other party's body. In addition, you will also gain the friendship of my Tuoba family. How about you? ? "

His voice was rumbling and deafening.

The dark family's eyes flashed when they heard the words.

Dangmo Shenzun's face suddenly changed, and even looking at the detachment of the dark family, he said solemnly: "If your Excellency retreats today, the previous things will be written off, otherwise, it will be an enemy of my dark and secluded mansion."

"Dark Nether Mansion?"

The dark family laughed detachedly.

With a bang, he stepped forward, and the rolling power of darkness lingered around him, forming a terrifying tide: "I want to see what the legendary Dark Nether Mansion is capable of?"

Demon Dangling's face changed greatly.

God Venerable Yuandao smiled: "Hahaha, this friend, from today onwards, you are a friend of the Tuoba family."

"Kill!" With a loud shout, the God Venerable Yuan Dao instantly led a group of half-step detachment to kill, with a bang, endless divine light lingered around him, and dazzling runes surged out from the God Venerable Yuan Dao in an instant. These Runes keep spinning

, towering like a mountain, covering the world for thousands of miles in an instant.

"Imprisoned Ancient Talisman?"

Demon Dangling's face changed greatly.

At the moment when these runes were formed, a quaint avenue suddenly appeared in the hands of the gods from afar.

On the other side, the dark clan let out a detached sneer, and also came to kill with force. With a bang, a dark spear appeared in his hand, and the spear was surging with endless dark aura, aiming at the Dangmo God Venerable and stabbed fiercely. . A spear pierced, and the void directly stirred up countless ripples, forming a clear air wave.

[Chapter 5074: go and see](#)

"Miss, they are staring at me, otherwise it is impossible to recognize you. It was the old slave who harmed you."

Dangmo Shenzun was angry in his heart, his eyes were sharp: "The subordinates stop them, you go first, find a place to hide until the end of the secret realm, or wait for the old slave to come back to find you." After the words were finished, a dark handle suddenly appeared in the hands of Dangmo Shenzun. The sword of the sword, the dark magic light surged out from the sword, and the magic light soared into tens of thousands of feet in an instant. Boom, the endless rays of light around were swallowed up by the magic sword.

, and then a knife slashed down.

boom! The terrifying war knife slashed on the imprisoned runes around it, and a violent roar was heard. The rune that blocked a radius of tens of thousands of miles was instantly split into a gap, and then Fang Muling, the general of the Dangmo God Venerable, got out of the gap. abruptly

After sending it out, he shouted, "Let's go."

"Huh? Want to go?"

Seeing this, the Venerable Yuandao raised his hand and immediately grabbed it towards Fang Muling.

"roll."

Dangmo Shenzun shouted fiercely, and slashed at the distant Shenzun, "Your opponent is me."

The light of the knife rolled, like a tsunami, and came to the front of the distant \*\*\*\* in an instant.

Yuandao God Venerable changed color, hurriedly shot to block, with a bang, the whole person was slashed by the sword light and flew out thousands of feet, and the void behind him shattered with a bang.

With one hit, Dangmo Shenzun made a strong shot, booming, and the light of the hob shrouded everything like a vast ocean, covering the detachment of the distant Shenzun and the dark family, causing the two to hurriedly resist.

As a master who swept across the sea of devils in the past, Dangmo Shenzun is naturally extraordinary in his means. Even if the distant Shenzun and the dark family are detached, they can only parry in a hurry.

"Old Demon."

Fang Muling glanced at Dangmo Shenzun, his eyes hesitant.

"Miss, let's go."

Dang Demon God Zun shouted fiercely, and the magic knife danced wildly.

Fang Muling gritted his teeth and quickly turned to leave.

She knew that staying here would not help, but would drag the old man back.

Yuandao Shenzun's eyes sank, "Catch her for me."

"Yes!"

Whoosh whoosh!

In the team behind the God Venerable Yuandao, several figures immediately swayed half-step away, and quickly chased in the direction where Fang Muling left.

Under the anger of Dangmo Shenzun, he hurriedly wanted to stop, but was stopped by the joint efforts of Yuandao Shenzun and the dark family.

"Dangmo Shenzun, do you think she can escape? Don't worry, she will be arrested soon, haha, haha."

God Venerable Yuandao laughed loudly, constantly disturbing the spirit of God Venerable Dangmo, causing God Venerable Dangmo to roar again and again, but under the siege of Venerable Yuandao and the Dark Clan, they frequently parried. If he was in his prime, he would naturally not care about the detachment of Yuandao God and the Dark Clan, but he was seriously injured in the pursuit of the Tuoba family master, and he has already left an indelible dark disease. Now the two detachment

Together, he can only deal with it carefully. Once he falls, the young lady will definitely be more dangerous.

"Miss, you must escape."

Dangmo Shenzun prayed silently in his heart, looking mad.

at this time.

In the void in the distance, Fang Muling was in a state of embarrassment, constantly flying and escaping.

Behind her, there were at least four or five half-step detachments chasing behind Fang Muling.

Although Fang Muling took a step first, her cultivation was not really too low, and she barely reached the peak of half-step detachment.

At this time, she saw several half-step detachment powerhouses getting closer and closer, and she was even more anxious, but even if she pushed her speed to the extreme, she could not get rid of the few people who were chasing behind.

Fang Muling knew that once she was caught up, the old man would definitely cast his arms on her for her sake, and it would even affect the overall situation of her father's dark and secluded mansion.

Knowing this, Fang Muling fled frantically while trying to find a way to escape.

However, these guys are very experienced, and some of them are very good at tracking. No matter what methods Fang Muling uses, they can't escape their tracking.

Gradually, several people approached quickly.

In front of Fang Muling's escape, the Linglong Goddess was taking Qin Chen to the valley where the Void God's Fruit Fruit was located.

Suddenly, the two frowned and looked forward.

"Sir, it seems that someone is chasing ahead." Linglong Goddess even stabilized her figure and looked at Qin Chen.

"Ok?"

Qin Chen also stopped and stared at the past. After sensing the breath in the distance, he couldn't help frowning.

Because of the breath in it, he seemed a little familiar.

"Let's go and have a look."

Qin Chen swayed and swept towards the chase, and the Linglong Goddess hurriedly followed.

On the other side, Fang Muling was finally stopped after flying around in embarrassment for a while, and an escaping light blocked her way.

"Hahaha, in our hands, a pampered young lady of yours also wants to escape? Stop dreaming."

What stopped her was a half-step detachment peak, and the power of the source permeated her body, mobilizing the power of space in all directions, blocking the void around Fang Muling.

This person is obviously a half-step detachment who has cultivated the power of space Dao, and has a certain control over space, so he was the first to catch up with Fang Muling.

At this moment, the other four half-step detachment powerhouses behind Fang Muling also came behind her, blocking her way. Fang Muling felt a burst of despair in her heart. The five masters who were not weaker than her blocked her way. If there were only one or two, she boasted that she could fight, but she suddenly faced five experts of the same level. Master, even if she has

Tongtian's ability cannot escape.

"Do it!" Although the half-step detached peak man looked at Fang Muling with a relaxed expression, he was obviously afraid of Fang Muling's identity. Knowing that this person's origin was not ordinary, he did not give Fang Muling any chance at all. , directly sacrifice

A magic weapon of a five-color flag.

The multicolored light surrounded Fang Muling the moment he sacrificed the magic weapon, Fang Muling could only barely sacrifice the ancient continent, forming a shield.

"Good baby." The man who had transcended the peak by half a step was obviously someone who knew goods. When he saw Fang Muling's ancient continent, he knew that it was definitely a top-level offensive and defensive treasure, and his eyes suddenly showed greed. .

The other four didn't hold back either. They bombarded Fang Muling from all directions, and each displayed their own tricks, obviously not daring to hold back at all.

If Fang Muling is let go, they will surely die.

"Boom!" The multicolored flag light hit the ancient continent first, overflowing with light, and then four other attacks also fell strongly, making a shocking roar. Although the level of the ancient continent is much stronger than the five-color flag, Fang Muling is not facing only one enemy, but five masters of the same level.

The next impact, Fang Muling was blasted out. While she was still in the air, she spat out a few mouthfuls of blood, and the ancient continent also dimmed, suspended in mid-air.

[Chapter 5075: you are still alive](#)

In one blow, Fang Muling was injured.

It is certain that if it weren't for this ancient continent treasure, Mu Ling would not be spewing out a few mouthfuls of blood, but his meridians were seriously injured.

"I'm so weak..."

Fang Muling felt bitter and desperate.

She came from the dark and secluded mansion, and she was pampered since she was a child.

This also caused her to have an amazing talent in martial arts, but she was not interested in cultivation. After all, she was in the dark and secluded mansion, and the guards around her were spoiled one after another. When did she need to take action on her own?

Even if she is discussing with others, others will often let her.

Even under such circumstances, she still became a half-step beyond peak martial artist, which shows her talent.

However, this time she went out privately, and when she really fell into crisis, she realized her weakness.

boom!

At this time, Fang Muling's aura was fluctuating, and invisible dark lights slowly bloomed from her body. Her long hair fluttered in the sky, like a god, floating between heaven and earth.

A series of terrifying dark rays of light bloomed from her body.

"The power of darkness?"

The leading half-step peak has a dignified look, "This person is indeed the daughter of the Anyou Palace Master, and she has the blood of the Anyou family in her body."

At this time, many of the masters who besieged Fang Muling looked ecstatic. If they could really capture the daughter of Palace Master Anyou, then the Tuoba family would definitely give them a huge reward.

The breath of several people rose in an instant. "I advise Your Excellency to keep your hands off the ground, there is no need to continue fighting, with your strength, you can't resist us at all, and you are still the daughter of Palace Master Anyou, even if you are captured, the Tuoba family will not take you lightly.

how. "

The leading half-step peak detached squinted his eyes and said: "If you really want to fight, the sword has no eyes, hurts you, and suffers in vain, why bother? You say it is not."

"Hmph, get out of here."

Fang Muling gritted her teeth, sigh, the spirit whip around her waist quickly turned into a series of spirit snakes and slammed towards the leading half-step peak detachment.

The half-step peak detachment snorted coldly, slammed a punch, and with a bang, the spirit whip flew upside down in an instant, and said coldly, "You don't eat or drink for a toast, take him down."

The words fall.

This half-step peak surpassed the first and rushed up.

"boom!"

Fang Muling hurriedly moved the ancient continent, the simple and grand continent suspended in the sky, surging with endless divine might.

"break!"

The half-step peak detachment activated the five-color flag treasure, and immediately blasted out a dazzling brilliance. On the other side, the four half-step detachment masters also acted in an instant, shaking the quaint continent directly backwards.

The five masters joined forces, even if Fang Muling's talent is high, after all, where is his cultivation base, how can he resist?

puff!

Another mouthful of blood spurted out.

"Is that really the only way? As my father said? I can only live under my father's wings forever?"

Fang Muling's eyes are desperate?

Do not!

She escaped, how could she just fall here.

But.....

This situation.

"If you want to catch it, then see if you have the ability."

Fang Muling's heart was instantly ruthless, and a pitch-black medicinal pill appeared in her hand. Inside this medicinal pill, there was an amazing power surging, as if it contained endless power of darkness.

Looking at this black medicine pill, Fang Muling's eyes flashed with determination, just about to swallow it...

"Hehe, you big men, besieging a woman, do you still have any conscience?"

At this moment, a chuckle resounded between heaven and earth.

Accompanied by the sound of laughter, a sharp sword qi swooped in from a distance.

"Who is it?" This sword energy didn't look very sharp, but as soon as it appeared on the field, it immediately gave the leading half-step peak a strong sense of crisis, which made him feel that if he ignored it at all, This sword energy can definitely

He was seriously injured.

In the crisis, he didn't care to capture Fang Muling, and punched the sword light violently.

boom!

The fist and sword collided, and an astonishing shock wave swept out, like a volcanic eruption and a tsunami.

Ding Deng Deng.

The leader's half-step peak detached from his figure and took a few steps back. He looked at the face of his fist. On the face of the fist, there was a blood-colored wound that could be seen deep in the bone, and his pupils could not help shrinking suddenly.

Suddenly looking up, he saw a man in a blue robe walking slowly in the distance in the distance. Beside him, he was followed by a woman with excellent temperament, like a goddess descending, full of charm.

It was the man in blue who came out with the sword before.

At this time, the man in blue did not look at him, but stared at Fang Muling who was sluggish not far away, his brows slightly wrinkled.

"Qin Chen, you... are you still alive?"

Fang Muling was shocked at first who helped, but when she saw that it was Qin Chen, she immediately cried out in surprise, with disbelief in her eyes.

She always thought that Qin Chen was dead, but she didn't expect that she was still alive.

Just after the surprise, her heart sank again. She is very clear about Qin Chen's strength. She is also a master, but at most she is similar to herself. The five masters who besieged her are all half-step beyond the peak level. Even if they join forces, they may not be able to. from these five

There is a \*\*\*\* way among the people. Seeing that Fang Muling knew the blue-clothed man who had just arrived, the five masters who came after him immediately surrounded them, and surrounded Qin Chen, Linglong Goddess, and Fang Muling. horns stand to prevent them from jumping

then run away. "What's the matter with you? How did you get like this? Did you get some treasure, so you were chased and killed by these half-step detachments?" Qin Chen looked at Fang Muling in confusion and asked, basically he was killed in this secret realm. Chase and kill, usually

When it comes to the baby, it is just like the Linglong Goddess before.

And compared with Linglong Goddess, Linglong Goddess will get into trouble because of her beauty, Fang Muling will definitely not cause trouble because of her appearance.

Fang Muling had not had time to answer Qin Chen's words, and the leader's half-step detachment came to Qin Chen's front two steps. If it wasn't for the terrifying power of Qin Chen's sword just now, he would have taken action long ago. .

But now Qin Chen's displayed strength made him faintly fearful, so he did not act rashly for a while. "This friend, do you want to intervene in the grievances between us?" The leading half-step peak transcended the cold voice, "This one is the one I want to win from the Tuoba family in the southern thirteen-star region, and he is also far away. The person the Lord God wants, Your Excellency

Could it be that you want to be the enemy of Lord Divine Reverence from afar? "There is a cold murderous intent on his body.

#### [Chapter 5076: Do you feel sorry for me?](#)

"Distant God Venerable?"

Qin Chen ignored the man's words, but glanced at Fang Muling suspiciously, "How did you provoke that guy from the God of the Far Road?"

"I....."

Fang Muling hadn't spoken yet, but the Linglong Goddess on the side was already taken aback: "The Tuoba family? Are you from the Tuoba family?"

"Oh, you know each other?" Qin Chen looked over. The Linglong Goddess hurriedly looked at Qin Chen: "Young hero, the Tuoba family is a top family in the Hainan Thirteen Star Region of the universe, and its strength is extremely terrifying. It can be regarded as an overlord-level force in the South Thirteen Star Region. ,exist

The entire Southern Thirteenth Star Territory is afraid that it will be difficult to move, but this far-reaching \*\*\*\* has always been independent, and I don't know when it actually got involved with the Tuoba family? "

"Oh? How does this Tuoba family compare to your Linglong Shenzong?" Qin Chen asked.

"It's not comparable." The Linglong Goddess shook her head: "My Linglong Shenzong has always been detached, and I don't develop power or interfere with other things, but this Tuoba family made a fortune in the Southern Thirteenth Star Region and continues to expand. In terms of power, I Linglong Shenzong is unable to communicate with each other

In comparison, in terms of strength..."

Although the Linglong Goddess did not go on, Qin Chen also saw that the Linglong Shenzong would be difficult to compare with the Tuoba family.

At this time, the leading half-step peak detachment powerhouse heard the words, and could not help frowning at the Linglong Goddess, and said solemnly: "Are you from the Linglong Shenzong?"

"Brother, this guy is the Linglong Goddess of Linglong Shenzong." At this time, another half-step detachment said.

"Linglong Goddess? I remembered that Linglong Shenzong has such a genius. It is rumored that she is very attractive, but I didn't expect to meet her here. Your Excellency, is your Linglong Shenzong trying to become an enemy of my Tuoba family?"

"Hmph." The man snorted coldly, "In the face of your Linglong Shenzong, the two of you quickly retreated. I can forgive you for your previous actions, otherwise, don't blame me for waiting."

This person took a step forward, and a terrifying breath swept over in an instant.

Boom boom boom!

The five half-step detachment powerhouses approached together, and the breath covered the world and blocked the four directions.

"Qin Chen, let's go first. These people are the subordinates of the Tuoba family. They came to arrest me on the orders of the gods from afar. If you stay, you will surely die."

Fang Muling glanced at Qin Chen, obviously not wanting to implicate Qin Chen.

"Oh, are you feeling bad for me?" Qin Chen smiled.

Fang Muling glanced at Qin Chen speechlessly, what time is this, this guy dared to make a joke, but seeing Qin Chen's relaxed appearance, for some reason, Fang Muling felt an inexplicable sense of peace of mind.

"Your Excellency, if you don't leave again..." The half-step peak transcendence's face sank, and he couldn't help saying in a deep voice.

"This young master is talking, when is it your turn to interrupt?" Qin Chen's eyes turned cold and he said disdainfully.

"you wanna die."

This half-step peak detachment can no longer be held back, this kid is pretending to be in front of him, do you really think he is a character?

With the sound of angry shouts, the man's multicolored battle flag was already blasted over.

"Do it..."

At the same time as this half-step peak detachment shot, the other four half-step detachment masters who came after Fang Muling also sacrificed their treasures and attacked Qin Chen together.

With a bang, the heart-pounding murderous intent enveloped Qin Chen in an instant.

"careful."

Fang Muling hurriedly shouted, and was about to display her ancient continent, but before she could mobilize the ancient continent, Qin Chen suddenly surged with a fierce momentum.

With a buzzing sound, an invisible light of Huaguang suddenly expanded from Qin Chen's body, and instantly spread to a radius of tens of thousands of miles.

At this time, Fang Muling was horrified to find that she was completely unable to break through Qin Chen's domain, and Qin Chen's domain swept out with a tyrannical killing potential. This is the first time that Qin Chen has integrated the killing intent of the space Dao he has learned into his own power field, forming a unique space field. It is enough for Qin Chen to verify that he can fight against so many masters who are half-step beyond the peak level at one time. since

How terrifying is the power of one's own space rule.

The majestic and turbulent space domain erupted and stretched out, and these few half-step detachments that besieged Qin Chen immediately felt a strong pressure.

"What's this?"

The leader's half-step detachment peak reached out and grabbed it in the air, and suddenly felt that the palm of his hand was a little stinging, as if the power of the surrounding space was about to completely penetrate his palm.

Others also felt a strong sense of oppression. Under the suppression of Qin Chen's domain, the void around them made a small sound.

The faces of the four half-step detachment peak suddenly changed, they already understood Qin Chen's power, and it was definitely not as simple as the cultivation base he showed.

"kill!"

The leading half-step detachment peak master roared, and the five-colored flag rose more and more, inspiring endless five-color killing lights to completely shroud Qin Chen.

"Hehe, you two are standing behind me."

Qin Chen chuckled and stopped Fang Muling and Linglong Goddess behind him. Facing the terrifying five-color killing lights that swept in, Qin Chen's face did not show the slightest fluctuation.

Behind Qin Chen, Fang Muling, who could not intervene and could only watch the battle, took a few steps back again. It stands to reason that this is the best time for her to escape, but she didn't even think about escaping first.

Qin Chen was besieged because of her, and even if she couldn't help, she couldn't run away immediately. The other four half-step detachments were slightly worse than the leading half-step peak detachment. It was not until the killing light of the five-color flag completely shrouded the world that their attacks were thoroughly stimulated, bringing a boundless

Kill blade. At this time, Qin Chen's right hand had just been raised, and he didn't even bring out the mysterious rust sword. In fact, if Qin Chen didn't want to see how the opponent's attack was, and wanted to verify his own strength, he would be half a step away. peak

Whether the five-color killing awns of the five-color flag can be fully stimulated is another matter.

When the opponent's five-color flag attack fell, Qin Chen raised his hand and a space sword qi shot out, the void sword qi.

The ten thousand feet of Void Sword Qi pierced through the void in an instant, and the place in the space that was crossed by the Void Sword Qi suddenly collapsed, as if the invisible sword Qi took away everything in the space.

The majestic and violent to the extreme killing force and the invisible sword qi merged together, and slashed directly from the opponent's five-color killing light.

Puff. The five-color killing light that had just formed was like a thin layer of snow that had just fallen when it met the scorching sun, melted in an instant, disappeared in the blink of an eye, and no longer had that colorful and colorful killing intent.

## [Chapter 5077: corpse on the spot](#)

What?

Fang Muling was stunned watching from the side. She could not have imagined that Qin Chen could tear apart the half-step peak detachment attack that had previously stopped her with a single move, and Qin Chen's sword energy was unexpectedly there. It made him feel extremely terrifying killing intent.

When did this guy's strength increase to such a level?

Fang Muling didn't know that Qin Chen was already restraining his own strength. If it weren't for the fact that the space in the secret realm of the ruins was extremely solid, Qin Chen's unrestrained strike would be enough to completely tear the void apart. .

boom! Qin Chen's sword qi tore the opponent's five-color flag attack and immediately came to the opponent's face.

"not good."

The half-step detachment peak master only felt that he was instantly imprisoned in the void by an invisible force, and the whole person was terrified. He never thought that someone could tear his attack with one move.

The opponent's sword energy seemed to completely gather the surrounding void, forming a terrifying and sharp thin line, enough to tear everything apart.

Despair emerged in his heart, but at this juncture, he no longer dared to think about anything else. The five-color flag was forcibly aroused by him again and blocked in front of him. At the same time, a huge black shield also appeared. in front of him.

As soon as the black shield appeared, a terrifying aura swept out.

Even if it is desperate, he has to block Qin Chen's attack, and at the same time he puts the hope of killing Qin Chen on the other four companions.

At this time, the attack of the other four half-step detachment late stage has also aroused the energy of the sky, and they were shocked to see the previous scene. the origin of his own body.

Boom boom boom! Countless attacks instantly seemed to be enveloped in a wave of tens of thousands of feet, madly attacking and killing Qin Chen.

Seeing this scene, the half-step detachment peak powerhouse couldn't help but breathe a sigh of relief, because he knew that Qin Chen would definitely try his best to block such a terrifying attack around him, but he could take advantage of this blocking time. , leave the range of Qin Chen's attack, and even counterattack.

At this moment, he can be sure that he is definitely not Qin Chen's opponent. If it is one-on-one, he will definitely be in danger, but now it is five-on-one. He believes that even if Qin Chen is strong, he will definitely die in front of them.

Just as this half-step detached peak powerhouse was waiting for Qin Chen to resist, and when he took the opportunity to take a breath, he saw that Qin Chen faced the attacks coming from all around, but he did not block him at all, and let these attacks go towards him. The body slammed, and the sword qi he displayed did not hesitate to slash at him in front of him.

"Bang" Qin Chen's sword qi split the five-colored flags and then smashed onto the black shield that was sacrificed after half-step beyond the peak, and instantly made an earth-shattering loud noise.

With a bang, the black shield was instantly split in half by Qin Chen's sword qi, and the escaping sword qi slashed into the person's body at the same time.

puff! This half-step detached peak powerhouse flew out in an instant, and at the same time spurted several mouthfuls of blood in the air, his expression was even more sluggish than Fang Muling's.

And in the process of flying upside down, he saw a scene that he couldn't believe.

When the attack of his four companions landed on Qin Chen, it was as if they were slashed on some gold and iron, like a stone sinking into the sea.

The attack that filled the sky could not tear apart his physical body at all.

How is this possible?

This half-step transcendence peak powerhouse showed an unbelievable look, and his four companions also showed an unbelievable look, all of them looked horrified, as if they had seen a ghost.

"Qin Chen, you" Fang Muling also stared at this scene with a stunned expression, almost unable to believe his eyes.

The only one who is relatively calm is the Linglong Goddess. Before, even the attack of the Golden Sword King could not break through Qin Chen. Although these people are also half-step beyond the peak, but compared with the Golden Sword King, they are also in front of Qin Chen. It's only half a catty.

When the four masters saw that Qin Chen was unscathed under their attack, they immediately understood that Qin Chen had kicked the iron plate.

At this moment, their faces changed drastically. At the moment when the attack fell, they hurriedly retreated, and they were ready to leave here as soon as possible.

It was just a face-to-face meeting, and he knew that even the five of them together would not be Qin Chen's opponent.

We must go back to seek the support of Lord God of the Far Away.

Whoosh, whoosh, these masters directly left the leading half-step detachment peak powerhouse, turned into four streamers, and left here in the blink of an eye, "Have you left?"

Qin Chen glanced at the four of them.

Chi Chi Chi Chi Chi didn't show any signs. The countless spatial airflows around Qin Chen's body condensed into a wielding sword qi. Every sword qi contained a terrifying spatial sword intent. Perhaps

the pure attack power was not as good as Qin Chen's. Ordinary attacks, but in large numbers, will also produce devastating lethality.

Thousands of nihilistic sword qi shot quickly, and all the four masters were within the attack range.

"careful."

The four masters did not dare to be careless, and while escaping quickly, they propped up a circle of divine power to protect their bodies, and all kinds of divine power surged to resist the attack of the sword energy of nothingness.

But there is too much nihilism sword energy, like a storm, desperately shooting out, this effect is like thousands of half-step detachment peak power attacks with all their strength, there is no suspense to suppress the four masters, and then Crazy weakens their defenses.

"It's terrible, go back!"

The four of them were stunned. His body-protecting power was simply unable to resist so many nihilistic sword qi. This was a single fight, it was clearly a group fight. Thousands of groups beat four of them.

With their cultivation base, how can they be resisted?

Puff puff! Like rotten flesh, the last person flying over was riddled with holes shot by the Void Sword Qi, strangled into a blood mist, and the void where it was located was divided into countless parts, which could not be healed for a while.

Then the second master died, and its ending was not much better than the previous one.

The speed of the latter two people is relatively fast, and in the blink of an eye, they have left this area for tens of thousands of miles.

"The speed is quite fast, but unfortunately, I still have to die."

Qin Chen said indifferently, and many sword energies instantly disappeared into the void. The next moment, with a puff, countless sword energies appeared straight from the void and submerged into their bodies. The two were strangled together into a blood mist, and died tragically on the spot, leaving no bones.

When he raised his hand, all four of the four half-step detachment peak masters all fell, and the corpse was on the spot.

[Chapter 5078: I can't watch you die in vain](#)

Whoosh whoosh.

In front of everyone's eyes, the four space treasures were quickly taken into the palm of Qin Chen's hand, and then turned to look at the half-step detachment peak in front.

"You" was terrified at the half-step detachment from the peak, and at this moment, endless fear emerged in his heart.

What kind of monster is this?

With a single sword, just using the invisible sword energy displayed around him, he killed four of his companions here. Such a strength is unheard of.

How can there be such a monster in this universe?

"Senior, I am a member of the Tuoba family in the Southern Thirty-Six Star Region, and I am under the command of Lord Divine Venerable from afar. If you kill me, senior, it will not benefit you. As long as the senior promises not to kill me, the junior promises that he will never kill me. Revenge on seniors."

At this time, the half-step detachment peak master knew very clearly in his heart that he would definitely not be Qin Chen's opponent, and hurriedly begged for mercy.

In this sea of cosmos, whoever has a higher cultivation base is a senior, so he called Qin Chen a senior, and there was no violation at all.

"Distant God Venerable?"

Qin Chen glanced at Fang Muling and said indifferently, "Why did God Venerable Yuandao kill her?"

This half-step detachment peak master hurriedly said: "Senior, Miss Fang Muling is the daughter of the palace lord of Anyou Palace, and Lord Divine Reverence has taken refuge in the Tuoba family in the Southern Thirteen Star Region, and the Tuoba family and Anyou Youfu has always been an enemy of the world, so I ordered my subordinates to arrest Miss Fang Muling."

"what?"

Are you the eldest lady of the Darkness Mansion? "

Hearing this, without waiting for Qin Chen to speak, the Linglong Goddess had already looked at Fang Muling in shock, and then said to Qin Chen with a look of surprise: "Sir, Anyoufu is a top force in the Southern Thirteen Stars Region. , the master of the palace has a cultivation base that reaches the sky, and has reached the second realm of transcendence, the realm of the gods of all phenomena, and is a real big man in the Southern Thirteen Star Region."

Qin Chen glanced at Fang Muling in astonishment.

"I am indeed the eldest lady of the Darkness Mansion, but I didn't intend to hide it from you before."

Fang Muling hurriedly said.

Qin Chen touched his nose. In fact, he had seen some unusual things about Fang Muling before, but he didn't expect her origin to be so strong.

Vientiane God Phase Realm?

Could this be the second realm of transcendence?

At this time, the half-step detachment peak expert looked at Qin Chen in disbelief: "You don't know her origin?"

He thought that Qin Chen helped Fang Muling because he knew Fang Muling's origin, but he didn't expect that it was not like this at all.

His heart suddenly moved, and he continued: "Senior, this person is Fang Muling, the daughter of the Anyou Palace Master. Now the Lord of God and the Dark Clan are detached from the Dang Demon God Zun who is dealing with the Anyou Palace. Demon God Venerable, God Venerable Yuandao and that dark clan will definitely come, and no matter how high your seniors are, you will definitely be beheaded by Lord God Venerable Yuandao."

"But if you, senior, promise to dedicate this woman to Lord Yuandao Shenzun, Lord Yuandao Shenzun and Tuoba Aristocratic Family will definitely reward the seniors, and even introduce the seniors to the Tuoba Aristocratic Family, and this woman also has the Void God Mark Fruit. , the junior here also promises the senior on behalf of the Lord God Venerable Yuandao, and there will definitely be a share of the senior."

The man said hurriedly.

Obviously, seeing that Qin Chen didn't even know Fang Muling's identity, he immediately wanted to put pressure on Qin Chen from two aspects.

After hearing the other party's words, Fang Muling's face changed suddenly, and he hurriedly looked at Qin Chen.

She and Qin Chen didn't know each other for a long time. If Qin Chen agreed to each other, then she would be in complete trouble.

Immediately, my heart became very anxious.

Qin Chen ignored the man's words, and just frowned: "How come the Divine Venerable Yuandao and the Dark Clan are united together?"

This person even replied: "For some unknown reason, this woman had to look for trouble with the detachment of the dark family, and said that the detachment of the dark family killed her servant. If it wasn't for this woman's idiotic behavior, maybe the darkness A family of detached adults may not join forces with Yuandao Shenzun adults."

"Senior, now in the secret realm of returning to the ruins, this woman will surely die. It is better for the senior to cooperate with my Tuoba family. With the strength of the predecessors, the Tuoba family will definitely cultivate the seniors, and even give the seniors hope to break through the realm of detachment."

This man was bewitched.

Qin Chen turned his head to look at Fang Muling. Under the stunned expression of the half-step detachment peak master, Fang Muling said, "Are you looking for trouble for the detachment of the dark family because of me?"

Fang Muling's face blushed: "I thought you were killed in the space canyon by the dark detachment, so I wanted the old man to kill each other. After all, you and I are acquaintances, and I can't watch you die in vain. , Who knows, you guy didn't die."

Qin Chen smiled.

The next moment, Qin Chen suddenly turned around and slashed out with a sword.

puff! The sword light pierced through the void, and in an instant came to the front of the half-step detachment peak master. Under his astonished gaze, it pierced his throat.

"You" his eyes were filled with disbelief, and he didn't understand why Qin Chen would do something to himself.

Now that the Lord of the Far Road is united with that dark detachment master, doesn't this guy know that saving Mu Ling below is equivalent to courting death?

However, at this moment, he could no longer know the reason. A terrifying sword energy rushed directly into his body, destroying his body. His eyes were instantly filled with endless resentment and madness.

"To die, let's die together!"

A low roar sounded, and almost instantly, that half-step detached body swelled up, shining black light, illuminating his skin, and you could see the internal organs inside. Looking down, you could find that Half-step beyond the source of the peak, there is a black light that keeps spinning and expanding, and there is also a crack on the opponent's eyebrows, and the source of will is diffused.

On the verge of death, this half-step detachment peak motivated the secret technique, and he actually wanted to explode his body and soul realm. A powerhouse who was half-step detached from the peak blew himself up, and it was the kind of double self-destruction. How powerful it is, one can imagine how powerful it is.

"No, go back!"

Seeing this, Fang Muling and Linglong Goddess were inexplicably horrified, and hurriedly wanted to retreat.

However, Qin Chen looked calm.

"If you want to blow yourself up, ask me first."

Qin Chen's expression was solemn, and when he raised his hand, a space divine rune supernatural power was punched out.

With one move, the void distorted, instantly shrouding the half-step detachment peak master in it.

"What's this?"

It's not a good feeling to be detached from the peak by half a step. His fleshly body seems to have entered another void in an instant, with a dreamy feeling that is detached from reality.

puff! Countless space powers lingered around his physical body. The next moment, this half-step detachment peak master hadn't realized what happened. The whole physical body had been torn apart. Not only the physical body, but an invisible space power penetrated into his mind. 's soul realm was immediately penetrated, and the remaining consciousness of half-step detachment from the peak was also annihilated.

[Chapter 5079: can not imagine](#)

boom!

This half-step detachment peak master exploded in an instant, and was strangled into nothingness under the power of endless space.

"this....."

Linglong Goddess and Fang Muling watched this scene in shock. This is an old-fashioned half-step beyond the peak powerhouse. Even in the Darkness Palace and Linglong Shenzong, such a master is easily invisible.

But now, such a master was killed by Qin Chen in one move, and he couldn't even explode himself, so how could the two not be shocked?

Qin Chen raised his hand, and the terrifying half-step transcendence of the source rolled in, and instantly fell into Qin Chen's palm.

Immediately, I saw the rules and auras of various cosmos seas constantly surging, exuding a terrifying aura.

"This is... the various rules in this sea of cosmos?"

Qin Chen's eyes flickered.

With his current cultivation, these half-step transcendence peaks are nothing to him at all, after all, he still has the transcendence origin of the Black Demon Ancestor Emperor.

However, the rules and powers of the Cosmic Sea contained in these sources are a big gain for Qin Chen, because what he lacks most now is the Cosmic Sea source.

"boom!"

Qin Chen's body was surging with a terrifying aura, he carefully sensed the power of these half-step transcendence rules, and imprinted the power of these rules in his mind.

I don't know how long it took.

hum!

Countless brilliance surging on Qin Chen's body, strands of cosmic sea rules surging on his body, and the whole person seems to have been baptized.

"sharp."

Qin Chen opened his eyes and was filled with emotion.

Although the power of these people's rules is not strong, they all contain the most accessible source road in the universe. For Qin Chen, a person from the initial universe, it is undoubtedly a great supplement. Seeing that Qin Chen has been comprehending the rules of these people's avenues, the goddess Linglong is moved, "Sir, I think you seem to be interested in the various sources of the universe in the universe. There is a secret realm in the Linglong Shenzong, which contains special rules of the avenue, rumors contain

Containing the most primitive special breath of this sea of cosmos, if you are interested, you can come to my Linglong Shenzong in the future, and I will definitely report it to Master, so that you can enter the secret realm of my Linglong Shenzong and watch it. "

"Oh? The most primitive special breath of the sea of cosmos?"

"Yes, this secret realm is also the confidence of my Linglong Shenzong to stand proudly in the universe sea." Linglong Goddess hurriedly smiled.

If it was said that she was only coerced by Qin Chen and had no choice but to follow Qin Chen, then after the previous scene, she was truly convinced by Qin Chen.

Not to mention that Qin Chen's talent is amazing, and he can easily kill so many half-step detachment peak masters, which is simply legendary in this sea of cosmos, and more importantly, Qin Chen's attitude towards Fang Muling.

As a woman, she keenly felt that Qin Chen and Fang Muling were not too familiar with each other, but for Fang Muling's sake, she was not at all tempted by the solicitation of the Tuoba family. Although it is said that Fang Muling is the eldest lady of Anyoufu, but seeing Fang Muling's embarrassed appearance, Linglong Goddess is very clear that the Anyoufu side is obviously weak in the secret realm of Guixu, but Qin Chen is not at all. don't mind, not at all

Not afraid of offending the Tuoba family, Linglong Goddess also admired Qin Chen's character.

"Hehe, it's easy to say, when I have the opportunity, I will definitely go to your Linglong Shenzong."

Qin Chen said with a smile.

Not only for that special Daoist aura, but also to find out whether the Dao of Destiny of Linglong Shenzong is really related to the Sect Master of Tianjizong in the initial universe.

The two talked for a few words, and then looked at Fang Muling again. Before Qin Chen could speak, Fang Muling had already taken out a jade box and handed it to Qin Chen.

"This is for you."

"What's this?"

Qin Chen curiously took the jade box and opened it gently.

boom! A terrifying space aura surged out in an instant, this space aura contained heart-pounding power, and I saw that in the jade box, there were two extremely vicissitudes of Dao fruit, this fruit is completely empty, like two pieces of purple water

Crystal-like, constantly exuding wisps of space power, the book has a deep call for Qin Chen to explore.

When these two fruits appeared, the avenue of void in Qin Chen's body was immediately activated, and there was an urge to devour this fruit with extreme hunger and thirst.

"What a powerful Dao Fruit, this is... the Void Divine Rune Fruit?"

Qin Chen looked at Fang Muling in surprise.

"Yes, it's the Void Divine Rune Fruit. Mo Lao picked up three Void Divine Rune Fruits in total, all of which are on me. I only have one, and the remaining two will be given to you."

Fang Muling said.

The Linglong Goddess looked at Fang Muling in surprise, her eyes fiery, this is the fruit of the Void Divine Mark, a treasure that even the detached powerhouse is envious of, and she gave away two directly. Isn't this too generous?

Linglong Goddess was hot in her heart. It would be great if she had such a fruit. Having such a Void God Rune Fruit would definitely increase her probability of breaking through detachment by at least a few percent.

But she knew very well that such a precious treasure would not have her share. Looking at the Void Divine Rune Fruit in his hand, Qin Chen was also quite excited. When these two Void Divine Rune Fruits appeared in front of him, the power of space in his body immediately surged wildly, and Qin Chen immediately knew, the two voids

Divine Rune Fruit can definitely improve one's Void Avenue.

In the space canyon before, his space \*\*\*\* body and space avenue have been cultivated to an extremely terrifying level. If he can absorb this void \*\*\*\* pattern fruit, how will his space path improve?

Qin Chen couldn't even imagine it.

So he put away the Void Divine Rune Fruit without hesitation.

"This Void Divine Pattern Fruit is very important to me, so I'm welcome. Also, where is the place where the old Demon and the God Venerable from afar are fighting? Let's go there now."

Qin Chen said.

"You're going to the place where they fought? No." Hearing this, Fang Muling changed color instantly, and hurriedly shook his head: "Now that the Divine Reverence of the Far Dao and the Darkness Transcendence have joined forces, the old man managed to let me escape. If we are now Going back, not only can't help Mo Lao, but will make

He was in danger. "

"Mo Lao was also a well-known expert in the sea of demons. If I was not there, even if he was defeated by his strength, there should be no small chance to escape."

Fang Muling continued.

"Don't worry, I won't go to die." Qin Chen laughed.

He thought that in addition to looking at the situation in the past, it was also because the Void Divine Rune Fruit was so magical that he naturally did not want to miss it.

What's more, there must be a battle between him and the dark detachment. Now, he has broken through the body and can't wait to fight against the other side.

Of course, he wouldn't say these words, otherwise he wanted to challenge a master of detachment, and let Fang Muling and Linglong Goddess hear it, thinking he was going to die.

"This..." Fang Muling hesitated.

"My lord, if it is the location of the Void Divine Mark Fruit Tree, I know that I can take you there."

The Linglong Goddess smiled at this moment.

"Forget it, let me lead the way." Seeing this, Fang Muling gritted his teeth, and immediately no longer hesitated, flew up in an instant, and led the way ahead.

#### [Chapter 5080: blurted out](#)

In the void, Qin Chen, under the leadership of Fang Muling, quickly went to the place where the Void Divine Rune Fruit was located.

Qin Chen's speed is extremely fast, like a flash of lightning in the void, a leap, and countless spaces pass behind him, as if shrinking into an inch.

In front of him, Fang Muling's speed also increased to the extreme. Her figure was transformed into a dreamlike afterimage, and strands of black source power lingered around her, forming a unique flowing shield.

This shield is streamlined, quickly evacuating the void on both sides, forming a unique driving force.

This is the unique movement technique of the Dark Nether Mansion. The Phantom Evil Trace is the top movement technique of the Dark Nether Mansion. In the past, Fang Muling relied on this movement technique to persist for so long under the pursuit of those half-step detached peak masters.

Originally, Fang Muling was worried that Qin Chen might not be able to keep up, but when she exerted all her strength, she found that Qin Chen had been following behind her lightly, and she was speechless.

In terms of strength, she is not as good as Qin Chen. She thought she could pull back a round with her movement skills, but who knows that she is still deflated.

What kind of valet did you find yourself?

Even more depressing is the Linglong Goddess. In terms of strength, she should be the weakest of the three. At this moment, she has tried her best to suckle, but she can barely keep up with Qin Chen's ass.

"This is too slow." Qin Chen was speechless.

He glanced at the Linglong Goddess behind him and Fang Muling who was leading the way in front of him. He only used half of his fighting power. The two of them were already stretched. If they continued like this, the daylilies were cold when they reached the valley.

Qin Chen stopped slightly, and at the moment when Goddess Linglong followed, she grabbed the waist of Goddess Linglong in a building. When she mentioned it lightly, Goddess Linglong was quickly picked up by Qin Chen.

"what!"

The Linglong Goddess was startled, and before she could react to what Qin Chen wanted to do, she was already carried under his arm by Qin Chen like a bag.

Fang Muling heard the voice behind him, and as soon as he turned his head, he felt a big hand hugging her directly, hugging her, and pressing her tightly against Qin Chen.

"What are you doing?"

Fang Muling hurriedly exclaimed, her face was pressed against Qin Chen's chest, and a strong masculine breath rushed into her nose, making her whole body go soft.

"You are too slow. Next, you point the way, and I will take you there."

Qin Chen said coldly, his eyes were sharp and very clear. Fang Muling's face turned red, knowing that she had misunderstood, she raised her head and glanced at Qin Chen. From her perspective, she could only see Qin Chen's hard face carved with a knife and axe. Her heart skipped a beat, behind her ears. The roots are all red, anxious

Busy pointed forward in one direction.

Whoosh!

Qin Chen's figure flickered, and the whole person was like a black streamer, surrounded by the power of countless spaces, and disappeared into the sky in an instant.

What a great speed.

Fang Muling and Linglong Goddess, who were held by Qin Chen, were stunned. The violent force of space brushed past their ears and hit their faces with a strong meaning of cutting.

If they are not weak in cultivation, and use the power of the source to prevent the cutting of the power of space, just the strong wind passing by on both sides, I am afraid that they will be injured.

The two people who didn't know each other before, couldn't help but look at each other in front of Qin Chen at this moment, and they both showed endless astonishment. At this moment, they really understood how terrible Qin Chen was. In terms of speed, Qin Chen was completely ahead of them. It was no wonder that the half-step detachment peak masters of the Tuoba family couldn't hold on to Qin Chen's hands.

Trick, this is already completely above them, beyond their strength.

Fang Muling couldn't help but feel a little excitement in his heart.

Maybe Qin Chen can really save Mo Lao?

"Front."

"Left!"

"Go left!"

It took Fang Muling a long time to escape to that place before, but with Qin Chen's amazing speed, the three of them had already approached the valley in just a stick of incense.

"It's almost there, the front is almost there, maybe a little further, and we will reach the valley."

Fang Muling hurriedly said.

"you sure?"

Qin Chen couldn't help frowning.

"That's right, it's right in front. You let us down first. We must approach carefully. If we go in directly, we will definitely be targeted by the gods from afar." Fang Muling said vigilantly.

When she got here, she became nervous for a moment.

"Need not."

Qin Chen frowned slightly, his body swayed, and he continued to move forward.

Fang Muling's face changed slightly, Qin Chen rushed over like this, it was too reckless, isn't this courting death?

Just before she could remind her, the three of them had already appeared outside the valley.

"This is..."

Fang Muling and the Linglong Goddess were stunned for a moment. At this moment, there was a mess in front of the valley. It seemed that they had just experienced a big battle, but there was no trace of God Venerable and others from afar.

Only in the valley, there are some strong people who seem to be still searching for something.

"What about Mo Lao and the others?" Fang Muling was stunned.

"Should have left."

Qin Chen swayed and quickly landed in front of the valley, frowning and looking around the valley.

There are terrifying battle traces left here, the power of detachment is still lingering in the void, and there are amazing ravines on the stone walls everywhere.

Based on Qin Chen's perception, he had previously discovered that there was no fighting atmosphere here, so he appeared here so directly.

"The battle here should have stopped not long ago." Qin Chen sensed his surroundings, then raised his head and looked to one side in the distance, "Those people seem to be leaving in that direction."

"Could it be that the old demon escaped?"

Fang Muling was startled.

This is not impossible. With the strength of the old demon, without his own obstacles, even the two masters of detachment may not be able to easily leave him.

"Ask those people, don't they know?"

Qin Chen's eyes fell on the inside of the valley in the distance. Inside the valley, a group of people were searching for something. Most of them were surrounded by a purple tree trunk. It was the Void Divine Pattern Fruit Tree. Although the fruit on it was gone, it was obviously not reconciled.

leave.

These people sensed the fluctuations, and when they saw the appearance of Qin Chen and the three of them, they suddenly changed slightly.

"It's you..."

And one of them was even more shocked after seeing Fang Muling.

"Qin Chen, that person is the subordinate of Yuandao God Venerable."

Fang Muling said coldly that this person was one of the masters who besieged her before, but she just didn't track it down.

"Why are you still alive? What about King Tiangang and the others?"

The man's face changed greatly and he blurted out.

However, Qin Chen's gaze was not on him, but fell on the Void Divine Rune Fruit Tree instantly, and then his gaze turned to the root of the Void Divine Rune Fruit Tree.

"That's..." Qin Chen's mind moved slightly.
