

Valkyrie 5291

[Chapter 5291: all of us](#)

In this ghost place, I finally saw the people from the underworld again. I saw the two detached ones in front of me, the one in front of me was of medium build, with a dark complexion, and looked very capable. In his hand, he sacrificed a pitch-black sword.

Qi power.

But the detachment of the peak of the first level was much colder, with a ghostly aura permeating his body, and even a trace of poison on his forehead, which was even more vicious than that old eagle.

In terms of appearance, these two people are extremely ugly, but at this moment in Qin Chen's eyes, these two people have become extremely friendly in an instant. Originally, the two detachments were chasing after, but after seeing the Dead Sea spring in front of them, the two stopped fighting for an instant, and their eyes were all focused on the jet of black water gushing in front of Qin Chen, with shock in their eyes color

. "Boy, I didn't expect you to be so lucky to find the Dead Sea spring? Tell me, how did you find this Dead Sea spring? When I passed by before, there was nothing here. Why did the Dead Sea suddenly appear at this moment?"

spring? "

The first to speak was the detachment of the peak. He looked at the gushing spring with ecstasy, and said to Qin Chen gloomily, with terrifying ghostly aura surging around him.

"How did I discover the Dead Sea spring? Does it have anything to do with you?" Qin Chen said lightly.

And the detached man who sacrificed the black sword suddenly frowned and looked at Qin Chen, because in Qin Chen's gaze, he didn't feel the slightest fear.

Hearing Qin Chen's words, that level of peak detachment immediately flew into a rage. Seeing that Qin Chen was so young, he naturally thought that Qin Chen's cultivation was average, but he didn't expect that this guy in front of him would dare to talk to him like this.

"How dare you, do you know who this seat is? How dare you talk to me like that! Originally, this seat wanted to spare your life and let you follow this seat for the sake of such a big gift from you. Since you are looking for death, Then this seat will fulfill you."

The face of that level of peak detachment was gloomy, and he didn't bother to continue talking nonsense at all, so he directly sacrificed a black light, and in an instant, the black light directly hit Qin Chen's head.

Qin Chen sneered in his heart, there really is no reason in this underworld, the strongest is the boss.

However, a mere first-level peak detachment wanted to do something to him, which was undoubtedly too naive, Qin Chen sneered in his heart, and just when he was about to do it, a black shadow came to Qin Chen in vain.

"Bastard, dare to attack Chen Shao, be presumptuous."

Accompanied by the black shadow came an angry shout, and then Qin Chen heard a violent roar, and the black shadow collided with the black light suddenly.

During the violent collision, countless ghost auras surged, as if the black light had hit a piece of indestructible ghost iron, it made a piercing buzzing sound, and then bounced away suddenly.

This black light stabilized its shape in mid-air, and it turned out to be a half-broken spear. The black light flowed on it, and the runes flickered, exuding a chilly air that made people feel as if they had fallen into an ice cellar.

And the one who blocked the spear was naturally Myriad Bone Nether Ancestor.

"Hiss! Young Master Chen, this treasure is so powerful, it hurts my subordinates to death, but don't worry, Young Master Chen, for your sake, my subordinates will never frown even if they go to Huangquan or go down to Jiuyou." Righteous words said.

It was he who made the shot earlier and blocked the black light attacking Qin Chen for the first time.

Qin Chen was speechless for a moment.

Wangu Mingzu is a majestic third-level peak detachment, and Wanming glazed bones are the top treasures of the underworld, how could he be injured by a first-level peak detachment?

Pretend to be embarrassed and look a little bit like it.

"Ok?"

Qin Chen was speechless in his heart, but he was shocked by the first level of peak detachment that shot, and looked at the suspended skull crystal intently, with a hint of shock in his heart.

What the **** is this? Being hit by his own attack, nothing happened?

In his opinion, with this move, the guy in front of him will immediately lie down.

Not only was this level of peak transcendence shocked, but another level of transcendence next to him was also stunned. He didn't expect that this seemingly unremarkable guy would be safe and sound under the attack of the evil spirit.

"Hmph, no wonder you're so arrogant. It turns out that there is such a Ming Treasure, and a wise Ming Treasure was born." This peak detachment stared at the skull crystal, and there was a hint of greed in his eyes.

He had already seen that the skull crystal that blocked his attack was obviously a treasure of the underworld, and if it could block his broken spear, the level of this treasure would definitely not be low, and it was most likely a treasure of transcendence.

As for the opening of Wangu Mingzu, he naturally couldn't see that it was a remnant soul of the third-level peak resting on it, obviously thinking that this treasure gave birth to wisdom.

Thinking of this, this peak transcendence suddenly let out a cold snort, a hint of greed flashed in his eyes, and he was about to step forward again.

But before he could make a move on Qin Chen, the other one who had sacrificed the black long knife jumped up and stopped him. At the same time, the black ghost knife in this person's hand was sacrificed in an instant. As soon as the pitch-black ghost knife was sacrificed, there were bursts of black sparkling light in an instant. Qin Chen could see clearly that those sparkling lights circled and circled, densely forming a wave-shaped knife wave. Just for a moment, those sparkles

It got bigger and bigger, expanded rapidly, and quickly turned into a monstrous black wave of swords like a tsunami.

After the knife wave went out, even Qin Chen who was on the side could feel the ghostly aura of cutting the body brought by the knife wave.

"This guy's sword skills are pretty good."

Qin Chen had a good time to comment secretly, and at the same time, he was slightly surprised that this detachment did not escape when the other person made a move on him before, but took the initiative to do so at this time. Hearing the moment when the dark ghost knife was sacrificed, he said urgently to Qin Chen, "My friend, this person's name is Shagui, and he is the owner of Shayin Valley, an abandoned place. This person has always been cruel and merciless. Wait till he sees through to get this

Dead Sea spring, this person will never let me go. Why don't I wait for the two of you to join forces to stop this guy, and then deal with this dead sea spring later? "

In the voice, the wave of the black knife that this person sacrificed became more and more monstrous, booming, rolling up billions of feet of knife light and bursting out.

"Hmph, Ming Dao, it's too whimsical to stop me just because of you two trash. It's okay, I will kill you first, and then kill that kid." Before Qin Chen could speak, the peak of the level Seeing that the ghost knife Chaotuo dared to take the initiative to attack him, Chaotuo snorted coldly, and the spear in his hand burst into black light all over the sky again.

The waves of black swords collided together, and there was an ear-splitting sound.

The black light this time was much stronger than the black light that hit Qin Chen just now. Obviously, he hadn't used his full strength in this peak detachment when he attacked Qin Chen just now.

There was a click.

Qin Chen clearly felt that the Ghost Saber was transcendent and not the evil ghost's opponent. The magnificent pitch-black knife wave pierced through the sky, as if cutting through thorns and thorns, it was quickly split into a huge gap in the waves.

And the black broken spear was like a bolt of lightning, shattering countless black sword lights, and it came to the dark sword in an instant.

"Not good." Ming Dao was shocked and looked at Qin Chen anxiously. He never thought that Qin Chen would not follow him. He alone is no match for Sha Gui. In a crisis, As soon as his face changed, he immediately wanted to

Back off.

But before he retreated, the ghost seemed to know what he was thinking, and suddenly raised his hand, and a huge black giant net appeared in the sky and earth in an instant. As soon as the huge black net appeared, it expanded rapidly and turned into a shocking black net, covering the sky and the earth, covering the dark knife, and the jet-black knife wave unleashed by the dark knife struck the black net with a puff. poof, but not at all

There is no way to damage this black net.

"It's over." A trace of despair suddenly appeared in Mingdao's heart. He knew that he was careless. Even if the ghost hadn't shown its current strength before, it was very likely that he was paralyzing himself, and he fell into the trap of the other party.

Then he took the initiative. Seeing that Ming Dao was instantly enveloped by the pitch-black giant net, a sneer suddenly appeared in Sha Gui's heart. In fact, he had no fear of Qin Chen at all. The only thing he was worried about was letting Ming Dao escape.

If you go out, those strong people in the restricted area will be alarmed, how can you allow him to get it easily?

So the evil ghost's plan from the beginning was to wrap Mingdao and Qin Chen around him, and never allow either of them to escape.

It's just that he himself didn't expect that Ming Dao was still bewitched by the benefits of the Dead Sea Spring at this time, and he took the initiative to attack himself, which just hit his mind.

Kill Mingdao first, and then kill that kid. By then, the Dead Sea spring will not be his only food?

Thinking of this, the auras of the evil spirits collided crazily immediately, in order to directly bind the Mie Sha Ming Dao in an instant, and relieve the biggest trouble.

But at this moment, Qin Chen, who had been standing aside and watching, suddenly showed a smile at the corner of his mouth.

"Okay, both of you are our own people, and we will cooperate vigorously in the future, why bother to fight here."

Qin Chen took a step forward, with a smile on the corner of his mouth, he suddenly stretched out his big hand, facing the enveloping black giant net, he raised his hand and grabbed it, intending to pick up the dark giant net.

"Huh, I don't know how to live or die. Since you are anxious to seek death, then I will help you." Although the evil spirit is trying his best to attack the dark knife at this moment, his attention is always focused on Qin Chen, and he does not retreat when he sees Qin Chen. , but took the initiative to make a move, his heart suddenly became frightened and angry, and he opened his mouth to protrude a pitch-black

mist.

call!

A pungent aura quickly diffused, and where the pitch-black mist passed, there was a chi-chi sound in the void. It was obvious that the pitch-black mist contained a strong poison.

"poison gas?"

Qin Chen smiled lightly, without any fear, but waved his hand lightly, and an invisible breath swept away, blowing away the poisonous gas quickly. At the same time, Qin Chen's big hand came to the huge black before the net.

boom!

In Qin Chen's vast palm, endless Zhoutian breath emerged in an instant, and in an instant, the huge pitch-black giant net suddenly became smaller under Qin Chen's protruding palm, and fell into Qin Chen's palm in an instant middle.

"What?" The ghost's pupils shrank suddenly.

[Chapter 5292: death cemetery](#)

This huge black net is a treasure he has cultivated in his mind, and it is also his trump card. Over the years, he has accompanied him in battles everywhere, and he never misses it.

But now, he was caught in the hands of that kid in an instant, how could he not be shocked.

He hastily urged his giant black net to move, but no matter how he urged it, the huge black net remained motionless after it fell into Qin Chen's hands, and could not be activated at all.

"Looking for death!" In the midst of the crisis, Sha Gui's heart sank. He didn't care about other things. The short black spear turned and rolled towards Qin Chen in an instant. At the same time, he opened his mouth and sprayed the original ghost. The air was sprayed directly on the black broken spear.

superior.

boom!

The black broken spear erupted with endless murderous intent in an instant, and strange runes lit up on the broken spear in an instant. These runes exuded a palpitating evil aura, and shot up into the sky in an instant. In an instant, endless terrifying ghost aura formed around the broken spear. These ghost aura exploded and turned into a terrifying black vortex. This black vortex whirled crazily and made a whining sound in the void. penetrate

The strength even wants to directly pierce this void.

At this moment, Sha Gui understood that the boy in front of him was not as simple as he imagined. On the contrary, the dark knife was not worth mentioning. What he had to do was to take down the boy first.

Thinking of this, the evil ghost frantically mobilized the power in his body, and that peak detached aura gushed out desperately, forming an endless and vast hurricane. Under the blessing of the evil ghost's breath, the black broken spear turned around frantically, and came to Qin Chen in an instant, making an

ear-piercing whining sound, which carried a terrifying power to confuse the soul, and wanted to kill Qin Chen. give instant

The room exploded.

"Presumptuous, dare to attack Chen Shao, you are looking for death..."

Wangu Mingzu was eager to show, roared, and was just about to rush up, when he was slapped and sent flying by Qin Chen with a bang.

"Forget it, I'll do it myself!"

Qin Chen glanced at Wangu Mingzu lightly. He was afraid of Wangu Mingzu. Don't think he would resist this blow, and deliberately got seriously injured.

It must be done quickly.

With a thought, Qin Chen flipped his big hand, and the giant black net was immediately put away by him. At the same time, Qin Chen stretched out his right hand, and instantly clamped towards the crazily spinning black broken spear.

puff! The ear-piercing sound of rubbing resounded throughout the world. Under the terrified eyes of the evil ghost, Qin Chen actually pinched the broken spear he unleashed with **** to attack. No matter how the black broken spear rotated or exploded, it was caught Qin Chen's right

Clenched her hand tightly, tightly between her fingers.

"how can that be?"

Sha Gui, who saw this scene, had a storm in his heart and exclaimed.

He is also experienced in this abandoned land, and has fought countless times, but this is the first time he has seen someone dare to clamp his black broken spear directly, and the opponent is a kid who doesn't look very eye-catching at all.

Who is that kid?

Not only him, but on the side, Ming Dao, who had escaped from death, also looked at the scene in front of him in horror.

At this moment, he had fully understood that both Shagui and Qin Chen had hidden their strength in front of him, especially Qin Chen's strength was far beyond his imagination.

No wonder that kid didn't want to join forces with him at all, because this person himself has the ability to deal with evil spirits, why join forces with him? The only thing that Ming Dao couldn't figure out was that when the evil ghost attacked him earlier, this person could completely ignore him, wait until the evil ghost killed himself and spent a lot of ghost souls, and then attack the evil ghost. will be light

It's so much easier, why save yourself?

And also said that he and the evil ghost will be his own people? How could I and the ghost be my own? Grabbing the black broken spear bombarded by the evil ghost with one hand, Qin Chen stepped

forward, and in an instant, the power of endless rules of death bloomed from his body, turning into a huge palm facing the evil ghost in front of him. crushed hard down.

"Damn it, get up!"

The evil ghost roared, and thousands of black divine lights burst out from his body, like a peacock spreading its tail, sweeping towards all directions.

However, with just a slight shock, Qin Chen shattered the sky-filled divine light. The next moment, his big hand was like a mountain, crushing down on the evil ghost, and it was caught in the palm of his hand in an instant.

A series of astonishing rules of death permeated the air, entangled the evil ghost in an instant, and restrained him in an instant.

"you..."

A trace of panic and fear flashed in the ghost's pupils, and he subconsciously continued to resist.

"Hmph, this seat has already shown mercy, if you resist again, don't blame this seat for being rude, and kill you directly."

Qin Chen said coldly, the palpating breath of death haunted the evil ghost instantly.

Sha Gui's body froze, and he no longer dared to make the slightest reckless move, even looking at Qin Chen.

"Who are you?"

Sha Gui said angrily, he had a feeling that even if he burned his own source, he would not be able to escape at all, instead he would die here in vain.

It's really that Qin Chen's way of handling him was too easy before, that kind of easy-going, leisurely strolling posture was something he had never experienced when confronting opponents before. On the other side, there was a flash of panic in the eyes of the dark knife, he set up the black sword, turned into a ray of light, and was about to leave here, but just as he left, a black streamer appeared in front of him instantly, and his whole body seemed like

Hitting a wall, he flew upside down in an instant, the dark energy in his body surged, and the original source was almost shaken away.

"Hey, little thing, Young Master Chen didn't even speak, where do you want to go?"

This black streamer is none other than Myriad Bone Nether Ancestor. At this time, the eyes of Wangu Mingzu bloomed with faint underworld fire, and a terrifying breath emanated from him, covering the underworld sword. courage to move

.

"That's right, that's what makes sense."

Myriad Bone Mingzu chuckled.

"Your Excellency, who are you?" Sha Gui narrowed his eyes and said in a deep voice.

At this moment, he has calmed down, because he knows that in this situation, it is useless for him to resist, and he can only admit defeat obediently.

"who I am?"

Qin Chen smiled lightly, and stepped forward, "I am the one who came to save this abandoned place."

"Save the Abandoned Land?" Sha Gui's eyes darkened: "Your Excellency, you really dare to say that your cultivation base should not be much better than mine, right? Do you know where this Abandoned Land is? How dare you say save it?"

He sneered in his heart.

The Abandoned Land is the purgatory of the entire underworld. All the people imprisoned here are the best in the underworld, and some of them are even giants.

Although the kid in front of him is not weak, he is far worse than those masters of the restricted area, dare to say save?

Of course, he sneered in his heart, but there was no expression on his face. After all, he is still in the hands of the other party, and how to escape is the key. "Your Excellency, no matter who you are or what your background is, I, the evil ghost, will admit it today. If you have anything you want, just ask, as long as I have it, there will never be any shirk. Your Excellency, the dead sea spring, will not hesitate. take it,

However, I would like to advise your Excellency that this dead sea spring is very important, and it is definitely not something that you can swallow alone. It is better for everyone to cooperate than to swallow it alone. "Even though the ghost was trapped by Qin Chen, he still looked proud.

"Cooperate?" Qin Chen chuckled and said, "You are now a prisoner of this seat, what qualifications do you have to cooperate with this seat?" "Yes, this seat is indeed under your control now, but I am in a dark valley Being able to gain a foothold in the abandoned land is naturally not as simple as it seems on the surface. On the surface, I am the owner of the Shayin Valley. In the dark, I, Shayin Valley, have already taken refuge in the Death God Cemetery in the restricted area. This seat is under the Death God Cemetery. Sending from the cemetery. It is easy for you to kill me, but as long as I die, the cemetery of the **** of death will know, and will definitely send a strong person to come, and you will definitely not escape

Once you die, you have to think clearly. "

"What? Are you from Death's Graveyard?"

On the side, Ming Dao's face changed suddenly when he heard the words, showing panic.

"Qin Chen looked at Ming Dao: "Is the Death God's Graveyard very strong? "

"You do not know?"

Ming Dao looked at Qin Chen in astonishment, and the ghost was also stunned.

Qin Chen frowned slightly. Seeing this, Ming Dao hurriedly said: "The cemetery of the **** of death is one of the top restricted areas in the abandoned land, and the owner of the tomb is a giant in the abandoned land. , died in him

There are countless strong people in the Abandoned Land in his hands, so the forbidden force he is in is called the Death God's Graveyard, which means controlling the life and death of countless people in the Abandoned Land. "

Wangu Mingzu couldn't help but snorted coldly: "Reaper? Hmph, a small third-level late-stage detached man dares to call himself the Reaper. He really doesn't know how to live or die."

The title of God of Death is extraordinary in the underworld, and definitely not something anyone can claim.

Little triple late detachment?

Hearing this, both Sha Gui and Ming Dao looked at Wangu Mingzu in astonishment, this guy had a big tone.

Although the triple late stage detachment is not the top existence in the underworld, it can already be called a giant no matter whether it is in the abandoned land or in the underworld.

"Reaper's cemetery?" Qin Chen thoughtfully, looked at the ghost, and said in a deep voice, "So, you can contact the strong man in the Death's cemetery?" "It's natural." The ghost thought Qin Chen Afraid, he sneered suddenly: "I am Shayin Valley, and I am under the command of Master Mingyan Tomb, one of the four great tomb generals under the Death God Cemetery. Master Mingyan Tomb has reached the pinnacle of cultivation and has reached the second level."

Reaching the peak of transcendence is only one step away from the triple peak of the master of the restricted area. "

"Master Mingyan has a soul card that knows my life and death. As long as I die, Lord Mingyan will definitely sense it. With the soul card, he can find this place in a very short time. At that time, you will definitely die. "

Sha Gui regained his confidence at this moment, and said proudly.

"Double peak detachment." Qin Chen's eyes lit up immediately.

He didn't dare to provoke the triple transcendence yet, but the double peak transcendence was a good prey.

When the time comes to subdue this evil ghost, we can find a way to attract the other party.

Of course, there is no rush. Seeing Qin Chen meditating there, the ghost thought that his words had shocked Qin Chen, sneered immediately, and said proudly: "If your Excellency kills me, even if you can get the benefits of the Dead Sea Spring for a while, you will not be able to escape the death cemetery." It's not worth the loss at all. Why don't you cooperate with me and let me go first. On behalf of the Death God Cemetery, I promise to give you a small part of the Dead Sea spring. Then you will get the benefits, and you don't have to worry about being killed by the tomb of the underworld.

Wouldn't it be more than one stroke for adults to chase and kill them? "

"Mingyan Tomb General, I will naturally meet." Qin Chen turned his head to look at Mingdao, "What background do you have?"

"I..."

Ming Dao smiled wryly, he is just a ghost cultivator, what background can he have?

"It seems that you have no background." Qin Chen turned his head and looked at the spring of death, "What is the origin of this thing?"

"You don't even know His Excellency the Spring of the Dead Sea?" Ming Dao was really shocked.

This is something that everyone in the abandoned land knows, and everyone knows.

"Huh?" Qin Chen frowned. Sensing Qin Chen's gaze, Ming Dao hurriedly said: "The spring of the Dead Sea is rumored to be a stream of sea water spreading from the Dead Sea. The Abandoned Land is surrounded by the Dead Sea. The Dead Sea is so vast that it is impossible to cross it because it contains terrifying death. Meaning, if the Dead Sea on the outside is fine, once you enter the interior, the killing intent in the Dead Sea is so strong that even the owner of the restricted area cannot bear it, and will be soaked in the soul by the killing intent, directly becoming a mere killing existence, and eventually

Die from exhaustion. ""In order to escape from the abandoned land, the masters of the restricted area have thought of countless ways, but none of them worked, because if you want to cross the Dead Sea, you must withstand the killing intent in the Dead Sea. And this Dead Sea spring should be the deep sea water in the Dead Sea,

It is formed by spreading holes in the underground space of the Abandoned Land. "

"After countless years of influence in the Abandoned Land, the killing intent in it will be much softer than the real Dead Sea, and it can even be used to comprehend. It is the dream of countless strong people in the Abandoned Land." If you understand it, you can have an astonishing improvement in the resistance to the killing intent of the Dead Sea. In this way, when you are in the Dead Sea, you will have a stronger endurance than other strong people. Secondly, in the eyes of the Dead Sea Spring

Contains a terrifying killing intent, and can also be used to refine it into a Ming treasure to fight against the enemy, with unpredictable power. "

Ming Dao didn't dare to hide anything, and hastily told all he knew about the origin of the Dead Sea Spring.

"Contains endless killing intent?"

Qin Chen looked at the Dead Sea Spring, and his heart skipped a beat.

Among his many rules, the rules of killing exist among the few with the strongest perception. Moreover, according to what Heiyun Shenzun and others have learned before, the reason why people in this abandoned land cannot leave is because of the existence of the Dead Sea barrier, and this Dead Sea spring can make people feel the killing intent contained in the Dead Sea water ,

It has a certain resistance to the killing intent in the Dead Sea, no wonder it attracts so many people to covet it.

After all, this place is shrouded by the Dead Sea. If one can be extremely resistant to the killing intent of the Dead Sea, even if one cannot leave this abandoned place, it will be of great benefit to gain a foothold here.

"interesting."

With a move in Qin Chen's heart, he took a step forward and came to the dead sea spring in an instant.

"Master Chen, be careful." Upon seeing this, Wan Gu Ming Zu's expression changed, and he hurriedly stepped forward to remind him.

[Chapter 5293: Killing Shock](#)

Killing Shock

"Young Master Chen, the killing intent contained in the eyes of this Dead Sea Spring is extremely terrifying. It can directly affect the soul, and there is no way to avoid it. Before the subordinates were eroded by this killing intent, they were also in great pain. If you get close, Mr. Chen, I'm afraid it might be dangerous..." Wan Gu Ming Zu said hastily.

When the power of the dead sea spring hit him before, even his soul was in severe pain, and he was almost unable to resist it. Although he is just a remnant soul now, he is at least a detachment from the peak of the third level, and Qin Chen even the second level Transcendence has never been fully stepped into, once it is impregnated, it must be dangerous.

"It's okay, if you want to leave this abandoned place, you must understand the power of the Dead Sea. If others can understand it, so can I."

Qin Chen squinted his eyes, he could feel the terrifying aura contained in the eyes of the Dead Sea Spring, but since he came to this abandoned place, if he wanted to leave, he had to control the killing intent in the eyes of the Dead Sea Spring, otherwise why would he leave?

With this in mind, Qin Chen immediately took a step forward.

The whole person actually stepped directly into the Dead Sea spring.

boom!

The dead sea water directly washed over Qin Chen's body, engulfing Qin Chen in an instant.

"This guy actually walked directly into the Dead Sea spring? Is this looking for death?"

Seeing Qin Chen stepping directly into the Dead Sea Spring in front of them, both Sha Gui and Ming Dao were stunned for a moment.

"What do you mean?"

Wangu Mingzu's complexion changed, and he immediately shouted.

Ming Dao tremblingly said: "To comprehend the killing intent in the eyes of the Dead Sea Spring, it is actually by collecting a small part of the Dead Sea's water, carefully comprehending it, or getting close to the Dead Sea Spring, using the killing intent that escapes when the Dead Sea Spring spews out, to Comprehend the power in it, but this person walked in directly, isn't this courting death or something?"

"Madman, who does that kid think he is? Even the owner of the restricted area dare not enter the Dead Sea Spring. If this guy enters like this, he will definitely die."

At this time, the evil ghost couldn't help but sneered, and said to Mingdao: "Mingdao, what are you worried about? Isn't that a good thing for that guy to break in like this? This person will definitely die in the Dead Sea spring, and then you The two of us, won't we be free again?"

Ming Dao was taken aback.

correct.

Once Qin Chen died, wouldn't he be free? What are you worried about?

"Free body? Hmph, in front of this ancestor, you also want to restore your freedom?"

Wangu Mingzu snorted coldly.

Sha Gui chuckled lightly and said, "Your Excellency, you are a treasure spirit, what are you so loyal to do? This person is such an idiot, he dared to enter the Dead Sea spring directly to seek death, why don't you follow me after your master dies, and I can kill you Dedicated to the tomb owner, with the majestic power of the tomb owner, starting is thousands of times better than following this person?"

Wangu Mingzu's face was ugly, he ignored the evil ghost and Mingdao, but nervously looked at the spring of death in front of him, worried.

"Senior, don't worry, big brother will definitely be fine."

At this moment, a crisp voice sounded, and it was the little girl smiling with firm eyes.

"What do you know as a child?" Wan Gu Ming Zu glanced at her with an ugly face: "It's all your fault, brought Chen Shao here, if something happened to Chen Shao, I'll ask you."

The little girl didn't panic at all, and said firmly: "Big brother's breath is still inside, there must be nothing wrong."

at this time.

In the eyes of the Dead Sea Springs.

The moment he entered the water of the Dead Sea, Qin Chen immediately felt a terrifying killing intent sweeping towards him. This killing intent was like a sharp sword, rushing into his body in an instant. His mind descended directly over the sea of his soul.

These killing intent war knives condensed crazily, turning into a sea of killing intent knives, and the densely packed ocean of knives poured down like a sky pouring down.

boom!

All over the sky, waves of murderous swords slashed at Qin Chen's soul. In just an instant, countless tiny gaps were torn open in Qin Chen's soul sea. These gaps spread and expanded rapidly, making Qin Chen's entire soul It's like being torn apart in an instant.

"What a terrifying killing intent."

Qin Chen couldn't help but secretly change color.

He finally understood why the Myriad Bone Nether Ancestor yelled so fiercely before. The terrifying killing intent contained in the Dead Sea water was really like sharp knives, cutting his soul and body madly, just like Ling Chi.

If it wasn't for his extremely powerful soul, which belonged to the primordial universe, and controlled the terrifying killing power in the mysterious rust sword, if it were a strong man in the underworld, even the detachment of the double peak would be shattered in an instant.

"Okay, that's great. Since I broke through, my killing intent has been making no progress for so many years. I never thought that I would encounter such a terrifying killing intent in this underworld."

"go!"

Qin Chen's eyes showed fighting intent, and a killing breath erupted from his whole body in an instant.

He wants to kill with kill!

boom!

Seeing the endless killing intent on Qin Chen's body soaring to the sky, he crazily stimulated the killing intent in his body, and the vast killing breath turned into an amazing rainbow, colliding strongly with the killing breath in the dead sea.

Ka Ka Ka!

There was an ear-piercing sound of cracking in the void, and Qin Chen's killing breath was suppressed by the killing intent in the Dead Sea. No matter how Qin Chen urged him, he couldn't resist, but was annihilated and shattered little by little.

"what?"

Qin Chen changed color.

Qin Chen couldn't be more aware of how powerful his own killing mood is. The top killing method in the universe.

But now, with such a terrifying way of killing that he has mastered, he can't even resist this dead sea spring for a moment.

How terrifying is the murderous intent in the Dead Sea Spring's eyes?

It's just that Qin Chen couldn't care less about being shocked at this moment. In his perception, the killing power he released was rapidly dissipating. In just a moment, it was completely shattered and dissipated without a trace.

With a bang, without the resistance of Qin Chen's own killing mood, the killing breath turned into endless waves of knives again, smashing into Qin Chen's soul sea.

click.

Qin Chen's soul sea was split into a huge gully in an instant.

"Not good, the power of space!"

Qin Chen's color changed, and suddenly he activated the space avenue, and a breath of space rules representing the top level in the universe permeated out, and a layer of space divine light lingered around Qin Chen's body instantly.

At the critical moment, Qin Chen directly displayed the space divine body.

This is the space avenue from the mighty Emperor Miekong of the universe sea, and it is one of Qin Chen's most powerful defensive abilities. He was instantly activated by him to resist this killing aura.

However, what shocked Qin Chen was that as soon as the way of space he displayed was formed, it was instantly shattered by the terrifying killing intent with a click.

"what?"

Qin Chen's pupils shrank suddenly.

[Chapter 5294: what's the situation](#)

At this moment, Qin Chen was really shocked. His origin of space is Miekong Great Emperor from the universe sea. This person almost died together with Emperor Nether. That

The whole world is dying.

But now, the origin of the avenue of space inherited from Emperor Miekong was instantly annihilated by this terrifying killing intent. How terrifying is the killing intent contained in the eyes of the Dead Sea Spring?

"This is definitely a power that has reached the Great Emperor level, and is above the general Great Emperor level, even above the level of the Nether Emperor."

Qin Chen's heart was shaken.

At least, Emperor Nether, one of the Four Great Emperors, was unable to directly annihilate the space avenue of Emperor Miekong, but this killing mood did it. How terrible is this?

Thinking of Qin Chen here, instead of feeling the slightest bit of fear, a trace of ecstasy emerged in his heart.

"Okay, very good, the stronger this killing mood is, the more it will improve me."

With this in mind, at this critical moment, Qin Chen suddenly released the Hall of Ten Tribulations.

boom!

A quaint dark ancient temple appeared above Qin Chen's head in an instant, representing the dark aura of the power of An Luotian, rippling down and enveloping Qin Chen. However, as soon as the Hall of Ten Tribulations appeared, the waves of knives transformed by the terrifying killing mood surged again. The dense waves of knives were like thunderstorms, slashing madly, and with a bang, they smashed the Hall of Ten Tribulations. The Darkness of the Surface

The force is constantly disintegrating.

The power of darkness still couldn't stop this killing mood in the slightest. However, Qin Chen didn't panic at all when he saw this, because this was something he had expected a long time ago. Even Emperor Miekong's power couldn't resist this killing mood. It was obviously extremely difficult to resist this dark aura alone, but Palace of Ten Tribulations

Yes, but not only the power of darkness.

hum!

As soon as Qin Chen moved his mind, he saw a faint and profound aura emanating from the Hall of Ten Tribulations. As soon as this aura appeared, a feeling that represented the most evil in the world permeated.

It is the power of the abyss.

The power of the abyss is one of the most powerful forces that Qin Chen controls now, and its horror is far higher than the origin of space.

When this abyssal force appeared, in an instant, the originally invincible and unrivaled killing spirit of the Dead Sea quickly became agitated as if it had encountered a powerful enemy.

Puff puff!

Countless killing moods swept over as if they were going crazy, they slashed at the Hall of Ten Tribulations one after another, making tinkling sounds, and the power of the abyss in the Hall of Ten Tribulations was slashed faintly and vibrated.

"hiss!"

Qin Chen's eyes showed surprise. It was the first time he had seen the power that could fight against the power of the abyss. Although the power of the abyss contained in the Hall of Ten Tribulations was extremely small, the springs of the Dead Sea were not the real source of the Dead Sea, but just a part of the Dead Sea in this abandoned place. place

It's just an undercurrent.

But now, the killing mood contained in the eyes of the Dead Sea Spring has been chopping and shaking the power of the abyss in the Palace of Ten Tribulations, which shocked Qin Chen, but also ecstatically.

"The horror of this killing mood is definitely beyond my imagination. I must master this kind of power."

Qin Chen's eyes instantly became extremely determined. He sat cross-legged, closed his eyes, and immediately felt the terrifying killing intent contained in the eyes of Dead Sea Spring.

Although he possesses the power of the abyss, Qin Chen does not completely regard the power of the abyss as his own, and is even extremely afraid of it.

Because the abyss represents the most evil existence in the cosmic sea. If you get in touch with it too deeply, if you are not careful, you will fall into it, become a slave of the abyss, and your mind will be polluted.

Therefore, it is Qin Chen's helpless choice to control the power of the abyss. All along, Qin Chen has been looking for a way to fight against the power of the abyss. Before, he could only rely on the power of the **** of judgment in his body to resist the erosion of the abyss and stay awake, but now when he feels that the killing mood contained in the eyes of the Dead Sea Spring can resist the power of the abyss, Qin

Instead of being panicked, Chen was filled with endless ecstasy.

If he can control it, maybe he will have an additional constraint on the power of the abyss.

He must control this power.

boom!

Taking advantage of the opportunity of the Hall of Ten Tribulations to resist the killing mood, Qin Chen's mind directly blossomed, and the soul power scattered out, to quickly realize the killing power contained in the eyes of the Dead Sea Spring.

Puff puff! As soon as Qin Chen's soul power dissipated, he was directly strangled and shattered by this killing mood. Qin Chen felt a sharp pain in his mind. a hundred times a thousand times

. But Qin Chen didn't even frown. Along with the tearing of his soul, wisps of murderous artistic conception slowly entered his mind during the strangulation. He seized this opportunity in severe pain, To comprehend and grasp a little bit

Control this power.

Like standing water.

And when Qin Chen realized the power of the Dead Sea spring...

outside world.

Wangu Mingzu looked nervously at the Dead Sea Spring in front of him, and murmured in his heart: "Young Master Chen, Young Master Chen, please don't have any trouble, if something happened to you, how can I explain to the Great Emperor, please don't have any trouble ."

On the side, Ming Dao and Sha Gui rolled their eyes and looked around.

"That kid has been in the Dead Sea Spring for a while, why isn't he dead yet?"

Shagui and the others were very anxious.

At this time, Qin Chen's power to restrain them is still there, which means that Qin Chen has not fallen yet, otherwise the restraining power will disappear in an instant.

And logically speaking, if Qin Chen entered the Dead Sea spring, he should have died immediately. Seeing that half an hour had passed, there was no movement inside, and Shi Gui and the others were suddenly disturbed.

This is not right!

Jingle!

And at this moment, from the Dead Sea spring, a subtle roar continued to resound, as if something was hitting.

"what sound?"

Everyone looked over in astonishment.

Why does it feel like someone is forging iron inside?

They didn't know that the tinkling sound was exactly the sound of the collision between the killing mood and the power of the abyss.

In the eyes of the Dead Sea Springs.

puff!

A mouthful of blood spurted out, and Qin Chen's eyes showed pain.

No, it's too slow.

Although the power of the abyss can resist most of the killing moods, there are still many killing moods that continue to permeate and enter his soul sea.

Under the tearing of this killing mood, Qin Chen's soul was constantly being torn apart. The pain was as strong as Qin Chen's, and it was unbearable for a while.

"No, if things go on like this, before I realize this killing mood, my soul will be destroyed because it has been torn too many times."

Qin Chen's face was extremely ugly.

In terms of soul strength, he can be said to surpass countless strong men, but he still can't bear the constant tearing of the killing mood. Moreover, because of the obstruction of the power of the abyss, there is only a trace of killing intent permeating through each time. Although this can make Qin Chen last longer in the eyes of the Dead Sea Spring, but also, a trace of killing intent is too weak.

It wasn't enough for him to fully comprehend. Qin Chen has already used his greatest strength to comprehend the artistic conception of killing, but his speed of analyzing this artistic conception of killing is still extremely slow. At this speed, it may take at least several years to fully grasp the artistic conception of killing.

And at that time, he had already become a lunatic because his soul was constantly being torn apart.

"You must devote yourself to this killing mood."

Qin Chen raised his head and looked forward, his eyes gradually became resolute.

As soon as he raised his hand, the Hall of Ten Tribulations disappeared instantly, and he was restrained directly.

next moment.

boom!

The endless killing mood directly engulfed him.

"Ah!" Endless killing intent instantly appeared in Qin Chen's mind. The strong killing breath directly tore his body into bloodstains. poured into him

in the body.

"Yes, exactly."

Qin Chen gritted his teeth, dripping blood all over his body, but there was a smile on his face.

A large number of killing moods poured into his body, causing his body to be torn apart continuously, and at the same time, his perception of the killing mood was also crazily improving.

pain.

It is a kind of torture, but also a kind of experience.

Qin Chen gritted his teeth, "Is this the only thing you can do? Come again!" As if hearing Qin Chen's roar, countless waters of the Dead Sea surged up all around, boom, the water of the Dead Sea flowed through Qin Chen's body His body was like countless blades passing through Qin Chen's body. With a snort, Qin Chen

Countless fresh blood spurted out directly from the flesh, and terrifying bloodstains appeared on the surface of the skin.

"Hahaha, refreshing!"

Qin Chen laughed.

In the splash of blood, Qin Chen urged the power of the God Emperor's totem to nourish his body, and in the depths of Qin Chen's soul sea, traces of thunder power slowly surged, protecting the last part of Qin Chen's soul. core.

The body can be destroyed, but the soul cannot be reborn, so Qin Chen seems bold, but in fact he has already left himself a way out, and will never let his soul be damaged in essence.

boom!

After Qin Chen completely let go, the endless spring water of the Dead Sea submerged him instantly.

"what!"

In an instant, Qin Chen felt as if his physical body had melted away, and he could hardly sense the existence of his physical body. Moreover, his soul was also collapsing rapidly, and he couldn't bear such a terrifying killing intent at all.

Still not working?

Qin Chen was in despair.

And at this moment.

suddenly.

hum!

Just when Qin Chen could hardly bear the severe pain, and his body and soul were about to collapse completely, the mysterious rusty sword that had been lurking in Qin Chen's body trembled uncontrollably.

Swish! There was no call from Qin Chen at all, and the mysterious rusty sword flashed suddenly, and suddenly appeared in front of Qin Chen. Boom, after touching the water of the Dead Sea, a dazzling black light suddenly burst out from the mysterious rusty sword, a trace of strong devour

The power of power bloomed from the mysterious rust sword.

"this is..."

Qin Chen looked at the mysterious rusty sword in front of him in shock.

In his consciousness, the ancient world in the mysterious Rusty Sword suddenly appeared in Qin Chen's mind.

In the past, Qin Chen couldn't fully spy on the world in the mysterious Rusty Sword, but now, this world is actively displayed in Qin Chen's perception.

It was a vast world, and in the depths of that endless world, there was a palpitating mountain of corpses and a sea of blood, exuding a terrifying killing atmosphere.

The moment the mysterious rusty sword appeared, there was a bang, and the Dead Sea spring seemed to sense something, and it vibrated violently, as if seeing something familiar.

Crash!

Almost in an instant, countless seawater from the Dead Sea entered into the mysterious rusty sword crazily, and the vast seawater appeared in the world inside the mysterious rusty sword in an instant.

Qin Chen's eyes widened suddenly.

what's the situation?

And just when Qin Chen was surprised, the mysterious rusty sword trembled violently in front of Qin Chen, as if he wanted Qin Chen to touch it.

Qin Chen reached out and grabbed the hilt of the mysterious rusty sword.

boom!

In an instant, Qin Chen, who was in severe pain and crazily cut by the Dead Sea killing mood, suddenly felt a strong sense of kindness, and the countless Dead Sea water around him instantly became gentle, like a hot spring.

Qin Chen's almost broken body was repaired in an instant.

Numerous dead sea waters are like soft and warm water, surrounding him like arms.

boom!

At this moment, in Qin Chen's mind, the endless killing mood gradually gathered. In Qin Chen's mind, traces of invisible killing moods began to form, which slowly merged with his own original way of killing. Gradually, a black bead containing endless killing breath condensed in the sea of souls

up.

At the moment when this source of killing was formed, Qin Chen felt as if he had a connection with these dead sea springs, as if the dead sea water had become a part of his body.

"this..."

Qin Chen was stunned. what's going on?

[Chapter 5295: space channel](#)

At this moment, Qin Chen was filled with endless shock.

He looked forward, and the water of the Dead Sea, which originally had a strong killing intent towards him, became extremely gentle at this moment. The terrifying killing intent surged, but it no longer hurt Qin Chen in the slightest.

Qin Chen even had a feeling that as long as he wanted, he could receive all the water of the Dead Sea into the mysterious Rusty Sword.

"This sword..."

Qin Chen stared intently at the mysterious rusty sword in his hand.

Although both the mysterious rusty sword and the water of the dead sea possessed terrifying killing intent, Qin Chen never thought that there would be such a connection between the two.

"This Dead Sea cemetery...does it have any connection with this mysterious rusty sword?"

Combined with what happened between the little girl and the mysterious Rusty Sword before, Qin Chen thought deeply.

boom!

Qin Chen raised his hand, and around him, the water of the Dead Sea surged rapidly, and Qin Chen clearly felt the killing mood contained in it.

At this moment, Qin Chen had a feeling that even without the mysterious Rusty Sword, he could already easily control the sea water of the Dead Sea.

"Since the spring of the Dead Sea comes from the Dead Sea, could it be that the bottom is connected to the Dead Sea?" Qin Chen lowered his head and looked down, his heart skipped a beat.

"Go down!" His figure was like a fish, and he flew directly under the Dead Sea spring. Boom, countless Dead Sea waters passed by Qin Chen's side. At this moment, Qin Chen was in the Dead Sea spring, just like Walking on flat ground is average, completely

There are no obstacles.

In just a moment, Qin Chen had come to the depths of the Dead Sea spring. Here, a large amount of dead sea water is surging, exuding a palpating atmosphere. At the bottom of the Dead Sea spring, there is a huge gap like a black hole.

The breath of terror.

"Is it a space channel?"

Qin Chen showed surprise.

The Abandoned Land is surrounded by the Dead Sea. He originally thought that the bottom of the Dead Sea spring might be a passage leading to the Dead Sea, but he didn't expect it to be a space passage.

I saw the sea water of the Dead Sea surging out of the dark space passage. Qin Chen approached this dark passage. Suddenly, he felt a tingling sensation all over his body, and a strong sense of crisis suddenly emerged in Qin Chen's heart. feel.

He had a feeling that if he forcibly broke into this space channel, his life and death would be unpredictable.

"With my current cultivation base, I'm afraid I can't enter this space channel. This space channel is definitely not leading to the Dead Sea, but a special place!"

Qin Chen was thoughtful.

While Qin Chen was staring at the space passage, the last trace of Dead Sea water escaped from it, and the dark passage slowly closed in front of Qin Chen with a bang.

"We can only see if there is a chance next time, and then enter it."

Qin Chen looked at the slowly closing space channel, his figure flickered, and he rose directly into the sky.

"receive!"

With a thought in Qin Chen's mind, he slammed the mysterious rusty sword, and with a bang, he saw countless dead sea waters around him quickly entering the mysterious rusty sword like a vast ocean.

In a short while, a vast Dead Sea river appeared in the world of the mysterious Rusty Sword, while the Dead Sea water around Qin Chen kept disappearing, completely disappearing in the blink of an eye.

However, Qin Chen did not collect all the dead sea water, but left a very small part in the Dead Sea spring. From the outside world, the entire Dead Sea spring still exists, and there is a dead sea. seawater

Keep spitting.

But in fact, except for the outer part of the Dead Sea, the inner Dead Sea has been completely absorbed by Qin Chen.

"It's time to go out!"

Sensing the Dead Sea water in the mysterious rusty sword, Qin Chen flickered and swept towards the Dead Sea water.

Outside the Dead Sea Springs.

Wangu Mingzu waited for so long, he was already running around like ants on a hot pot.

This is too long.

Chen Shao shouldn't have fallen inside, right?

He turned his head to look at Mingdao and Shagui frequently. After realizing that the **** on the two of them had not dissipated, he felt a little more relaxed, but he was still anxious inside.

But Wan Gu Ming Zu's gaze made the two of them feel hairy.

For some reason, both of them had the feeling that the crystal skull in front of them exploded and would definitely annihilate them easily.

"Senior Wan Gu, stop dangling around, the big brother is coming out soon."

At this moment, the little girl suddenly said something.

"What? Coming out?"

Wangu Mingzu was stunned, and hurriedly looked towards the Dead Sea spring, and Mingdao and Shagui also hurriedly looked over.

With a bang, the dead sea water in front of him dissipated, and a figure swept out of the sea water in an instant, appearing in front of everyone in an instant.

"Young Master Chen, are you really alright?"

Wangu Mingzu hurried forward and looked at Qin Chen carefully, his eyes widened.

Behind him, Shagui and Mingdao also looked at Qin Chen in shock. After entering the Dead Sea spring, this person came out safe and sound? It's just unbelievable.

"Why, are you disappointed to see that I'm fine?" Qin Chen glanced at Wan Gu Ming Zu.

"Ah? No, Shao Chen, I'm worried about you. Seeing that you haven't come out of the dead sea spring for so long, I'm afraid that something will happen to you. If you don't believe me, ask me with a smile."

Wangu Mingzu hurriedly explained .

For some reason, being stared at by Qin Chen, Wangu Mingzu felt hairy all over.

I haven't seen him for a while, but the aura on Young Master Chen seems to have become even more terrifying? !

Qin Chen ignored Wangu Mingzu, and came to Mingdao and Shagui instead.

"You... how could you enter the Dead Sea Spring and be safe?"

Ming Dao and Sha Gui couldn't believe it.

"How can a mere Dead Sea spring hurt me?"

Qin Chen smiled faintly.

"impossible."

Shagui shook his head.

Even the owner of the forbidden zone would not dare to directly enter the Dead Sea spring.

It's just that as soon as he said this, he panicked.

This guy won't get angry and kill himself, will he?

Sha Gui suddenly became a little apprehensive, forget it, don't irritate the other party, if you make him anxious, what should I do if this person cut himself off.

And Qin Chen didn't say anything, and when he raised his hand, a long black river emerged in his hand. In the long river, the endless killing atmosphere was surging, and he almost tore the ghost knife and the ghost apart in an instant.

"Dead Sea water?"

Sha Gui and Ming Dao uttered in shock, dumbfounded: "How is this possible?"

The long river in front of him was clearly the Dead Sea water in the eyes of the Dead Sea Spring. That kind of murderous aura could easily kill them, and there was absolutely no mistake.

But, didn't this guy just enter the Dead Sea Spring's eyes not long ago? Is this Dead Sea water taken out by this person from the Dead Sea spring?

"Nothing is impossible. It's just the water of the Dead Sea. Isn't it easy to control it?"

Qin Chen said indifferently, and then he raised his hand, and the ancient Yu Tower appeared in an instant. The next moment, Mingdao and Shagui's eyes were blurred, and suddenly, the sky was turned upside down. The next moment, the two were instantly in a vast world.

In this world, there is the rotation of the sun and the moon, and the long river flows, just like a fairyland on earth. In the dull eyes of the two, Qin Chen suddenly appeared, and said lightly: "This world is a small world of this seat. You can choose a way and integrate into it, and become the citizens of this world."

[Chapter 5296: whole creature](#)

Ming Dao and Sha Gui looked dull.

where are we

where is this place?

What happened? At this moment, they feel that they have lost contact with the world of the underworld, but are in a unique world, surrounded by regular avenues, which have a strong attraction for them, but also full of endless strangeness.

pregnancy.

How could there be such a world in the underworld? Qin Chen had a calm face, looking down at the two of them, his eyes were indifferent, "This is the inner world of this seat, what you perceive is the rules of the great way of heaven and earth formed by the world of this seat, the rules of the great road of this seat, contain you

The unique power that you don't have, as long as you integrate it, will be of great benefit to your cultivation base, and it will even make your cultivation base advance by leaps and bounds, making rapid progress. "

"Inner world?"

The two were still in a daze, and murmured: "This is impossible, the inner world, the rumor is only the means of reincarnation of the universe, merge the original universe, and form your own universe world, you are obviously a person from the underworld..."

Speaking of this, the pupils of the two shrank suddenly, thinking of a possibility, they couldn't help but said in shock: "Aren't you from the underworld?"

"Impossible, if you are not from the underworld, why did you appear in the abandoned place? Who are you?"

Ming Dao and Sha Gui said angrily, as if a stormy sea had rolled up in their hearts.

"Humph."

But at this moment, a cold snort sounded suddenly, and suddenly, Wangu Mingzu appeared beside the two of them.

"You two idiots, such a good opportunity is right in front of you, yet you still don't know how to grasp it. No wonder you've lived for so many years, and you're only a first-level detached man, and you can only be a lackey in the restricted area. It's sad, sad."

Wangu Mingzu shook his head and said.

"What do you mean?" Ming Dao and the others asked with ugly faces. "What do you mean? I don't understand." Wangu Mingzu sneered: "Young Master Chen has a history beyond the sky. It is the greatest blessing in your life for you to meet Young Master Chen, but you are pushing around here and telling the truth. you are forbidden

It is also the blessing of their three lives to worship the Lord of the Lord under Chen Shao's command. "

Ming Dao and Sha Gui looked dull.

It's a blessing that the master of the restricted area is under the opponent's command?

What are you kidding?

Doesn't this guy know what the concept of the master of the restricted area is? But each of them is a triple detachment level existence, even in the entire underworld, it is also a giant level existence.

"Looking at your expressions, you two are still not convinced." Wangu Mingzu sneered: "Is it true that in your mind, the master of the restricted area is a very remarkable existence? To tell you the truth, let alone Chen Shao, Benzu

In front of him, the mere master of the restricted area is nothing. "

"you?"

Ming Dao and Sha Gui looked at Wangu Mingzu in astonishment, frowned and said, "Aren't you a spirit?"

"You are the spirit of the weapon, and your whole family is the spirit of the weapon!"

Wangu Mingzu was immediately stimulated by the two people's words.

Depend on!

What kind of look is this?

Don't you look like a boss?

"Boom!" In an instant, a terrifying aura erupted from Wangu Mingzu's body. Under the horrified gazes of the two, they saw an endless terrifying aura suddenly emanating from Wangu Mingzu's body. as strong as the

A high mountain oppressed the bodies of the two of them in an instant.

The souls of the two trembled, and there was a feeling that they were about to collapse on the spot.

"This power..."

Ming Dao and Sha Gui looked at Myriad Bone Ming Ancestor in horror. They had only felt this kind of aura from the Lord of the Forbidden Zone before. This is definitely a powerhouse above the Eternal Order Realm, at least at the triple detachment level.

"Huh, now you know how powerful this ancestor is?" Wangu Mingzu snorted coldly, and said proudly: "This ancestor, Wangu Mingzu, was one of the seven great underworld generals under the command of one of the four great emperors of the underworld. Innumerable, even the powerhouses of triple detachment level, no one died at the hands of this ancestor.

In a small number, your so-called masters of the restricted area are nothing more than chickens and dogs in front of this ancestor. "

One of the seven underworld generals under the command of the Nether Emperor?

Hearing this, Ming Dao and Sha Gui suddenly gasped. The Four Great Emperors of the underworld are the top powerhouses in the underworld. Before the two of them were imprisoned in the abandoned place, they naturally heard about them. They are the real giants in the underworld. To see him

Their faces act.

Even this abandoned place was jointly approved by the four great emperors of the underworld and transformed it into a prison in the underworld.

As for the generals under the command of the Four Great Emperors, each of them is a peak transcendent existence, if they are placed in this abandoned place, they will definitely be the masters of the forbidden zone at the most heaven-defying level.

"You... are you really a general under the command of Emperor Youming?" Ming Dao said tremblingly.

"Why, doesn't my ancestor look like this?"

Wangu Mingzu's face was ashen and furious, these two guys really don't know what to do, don't they look like a master?

Ming Dao and Sha Gui look at me and I look at you. There is suspicion in their eyes, but also half-belief. Qin Chen was impatient, and said indifferently: "You two, I don't want to waste time. The only thing you can do now is to connect the rules of the Dao in the world in your body and become a part of this world. At that time, you will get

The fusion and repair of the rules of the universe sea is enough to make your avenue more perfect, and your cultivation base will improve instantly. Besides that, the other option you have left is to die. " "How do you want us to believe you?" "The evil ghost said angrily, "Who knows if this is some kind of trap? The inner world is ridiculous. It is impossible for people from the universe sea to enter the underworld, let alone come to this abandoned place. There are four great emperors

Subordinate? Hmph, if your Excellency is really under the command of the Four Great Emperors, how could it become what it is now, with only a remnant soul left to become the weapon spirit of this treasure? Do we really think we are idiots? "

Although Qin Chen and Wangu Mingzu showed something far beyond their imagination, Mingdao and Shagui still had doubts in their hearts, because it was so unimaginable.

Who knows if it's some kind of hallucinatory power?

"You two are really pigheaded, no wonder you are still two trash..." Wan Gu Ming Zu was furious.

But before he could continue, Qin Chen became impatient, and said coldly, "Don't believe me? Do you want to feel the power of heaven and earth in the world inside me?"

The next moment, the world in the eyes of the two of them was instantly reversed!

Day and night reincarnate, the sun and the moon lose their brilliance!

boom!

The power of countless thunders gathered, and the heavens and the earth suppressed it, just like the thunder disaster of the last days!

The two of them are like a solitary boat in the sea, drifting with the current and being beaten by the storm, and will be destroyed at any time.

At this moment, Qin Chen's voice rang in their ears.

"Heaven and earth first opened!"

boom!

The dark world suddenly shone with light, like Pangu opened the sky, separating turbidity from yin and yang, and the world in front of him suddenly lit up, turning into a world completely different from the underworld.

"Sun and moon."

Qin Chen yelled, the sun and the moon floated between the sky and the earth, and countless stars appeared, illuminating the entire chaotic world, which shocked the two of them, because this was the first time they felt that the sky and the earth were bright!

In the Forsaken Land, there will always be only dead dullness and night.

"Earth!"

The earth emerged and spread for thousands of miles. In the dumbfounded eyes of several people, mountains and rivers emerged, stretching endlessly and mightily.

Gradually, countless trees grew up, the leaves sprouted, and the young leaves sprouted. A thriving and energetic world appeared in front of the two of them.

Crash!

Rivers appear, big rivers turn into vast oceans, stretching endlessly.

The world in front of me is rapidly forming.

There is sky, earth, sun and moon, day and night, blue sky and white clouds, mountains and rivers.

A world completely different from the underworld was formed.

"Inner body world, initial universe, cosmic reincarnation..."

Ming Dao and Sha Gui murmured, this is the cosmic sea... no, is this the inner world formed by the cosmic reincarnation?

A world completely different from Abandoned Land!

Here, full of vitality, it is no longer just dead silence, no longer just dim and desolate.

There is light, and there is all good things.

The endless rules of the Dao surged between the heaven and the earth, and the origin of the underworld in the two of them actually had a feeling of endless desire.

At this moment, both of them were a little drunk.

However, after all, they are both strong. Soon, the two of them woke up. Sha Gui and Ming Dao's expressions changed slightly. Looking at the thriving scene around them, they murmured: "It's fake, isn't it? It's all fake It's an illusion, isn't it?" This kind of ability to create a world out of thin air is not absent in the underworld, but it can be so seamless and integrated, as if it is really opening up the world, forming a cosmic sea that is completely different from the underworld. The world is actually very

It is hard to escape the eyes of these detached powerhouses.

Even if they are only a first-level detachment, the instinct of the underworld in their bodies is not wrong, and it is difficult to be confused.

But now... they saw that it was really born out of thin air, as if it was just Qin Chen's idea that all of this was born.

The feeling that attracts them is really like coming to the universe sea and feeling the bright side of this world.

This is impossible!

How could someone in the abandoned land have cultivated the illusion to such an extent? Not only have they deceived their eyes and perception, but even their origin of the Dao.

Some of them believed in Qin Chen, but they instinctively had doubts in their hearts.

"Hmph, you haven't merged with this world yet?" Qin Chen's eyes turned indifferent, "I'll give you the last ten breaths, if you haven't merged with the inner world of this seat, you don't even think about being able to survive, anyway, This seat even killed the young master and guardian of the Ghost King Hall, and did not

Without the two of you, at worst, your origins will be swallowed up, and it can be regarded as barely beneficial. "

Qin Chen said indifferently.

"You... you killed the people from the Ghost King Hall?"

Ming Dao and Sha Gui widened their eyes.

"nature."

Qin Chen opened his mouth indifferently, then raised his hand, and boom, it represented the original aura of Ming Xu and Jiu Lao, which bloomed in an instant, and some of their preserved Ming treasures were also suspended in the sky and the earth.

"This... is indeed the breath of the Ghost King Hall!"

The two paled in horror.

After wandering in the abandoned land for so long, although they didn't have much contact with the Ghost King Hall, they were still very familiar with the unique original aura of the Ghost King Hall, and recognized it at a glance.

"There are only five breaths left now." Qin Chen said indifferently, as if death was urging him to die.

Ming Dao swallowed his saliva, and suddenly said: "If I really integrate the Dao of this world, can we really improve our strength? Then are we still creatures of the underworld?" Qin Chen said coldly: "Naturally, merging the origin of the Dao of this world will directly replenish the origin in your body. Your underworld creatures, the current origin only represents the bardo side of the universe, which is incomplete and incomplete

Yes, once you integrate into the same rules in the universe sea, it is equivalent to the fusion of yin and yang, complementing what you lack. ""This kind of completion will not change your essence. You are already creatures of the underworld, but you are completely different from other creatures of the underworld, becoming a complete creature. "

[Chapter 5297: rejuvenate](#)

Rejuvenation

Listening to Qin Chen's narration, both of them were agitated.

"Furthermore, merging the Dao rules of this place will not only allow the yin and yang in your body to merge, but also your power will make this world more complete, and the power of this world will also strengthen the power of this seat. Of course, this seat Once your strength improves, your cultivation will also break through."

Qin Chen said lightly: "To put it simply, you have not only become more complete, but at the same time you have an additional means to improve yourself."

"Why are you two idiots still hesitating? Do you really want to die here?" Wan Gu Mingzu said with an ugly face.

At this moment, the two of them were in a state of uncertainty. On the one hand, what Qin Chen said was too unbelievable, but on the other hand, they were also thinking, because what Qin Chen showed was too real. Once it was true, it was really unimaginable.

Seeing that the two were still hesitating, Wangu Mingzu said angrily: "There are two wastes, only three breaths left, and they are still hesitating, Chen Shao, why don't you just let your subordinates kill them directly, the two little ones It's just the first level of detachment, Chen Shao, I thought you would harm them. Hmph, they didn't think about it, with the cultivation base of these two trashes, Chen Shao, you want to kill each other, there are ways, even if you directly devour the source. , why waste so much time and energy chatting with them?"

"No problem."

Qin Chen said lightly: "I have always respected others, the last two breaths are up to their own choices."

Qin Chen looked at the two of them and shook his head slightly in his heart.

If these two people are unwilling, he will not force it, it is meaningless, it is a big deal, directly devouring the source can also improve to a certain extent.

Both Mingdao and Shagui were shocked.

The two looked at each other seriously.

Wangu Mingzu's last words really moved them.

Indeed, with the strength of the people in front of them, they are safe and sound in the eyes of Dead Sea Spring. Why bother to kill them?

"My pleasure."

Suddenly, Ming Dao gritted his teeth and said in a deep voice.

"Oh?"

Qin Chen smiled, and finally he was willing, and he didn't let himself down.

"Since this is the case, then you should integrate the Dao of the Sword. As one of the three thousand great ways, the Dao of the Dao can be regarded as one of the most powerful Dao principles. If you can integrate the Dao of the Dao, it will be beneficial to this world and yourself. There should be a lot of improvement." Qin Chen ordered directly.

"yes."

Ming Dao hesitated for a moment, then gritted his teeth and said.

Now that the decision has been made, he has no choice but to die.

He looked at Qin Chen and Wangu Mingzu. Now, he is in the palm of others, and his life and death are controlled. What is there to lose?

What's more, now he has no other choice at all.

"Sit cross-legged, calm down, integrate your own Dao origin with this world, feel the different attributes in the Dao, let yourself fully integrate with this world, and become a part of this world."

Qin Chen said in a deep voice.

Under Qin Chen's order, Ming Dao immediately sat cross-legged, and the original power in his body was activated in an instant.

boom!

In an instant, an original breath representing the level of detachment rose into the sky in an instant.

It can be vaguely seen that a great Dao origin, like a huge knife shadow, blooms from the body of Ming Dao, completely exposed to the world where the chaotic world is located.

boom!

In an instant, the entire chaotic world vibrated directly, and there was a burst of cheers. Obviously, the origin of a detached superpower is a great supplement to today's chaotic world.

At the moment when Ming Dao releases its own original rules, the Dao rule in the chaotic world has autonomously merged with the original rules of Ming Dao, absorbing the attributes and power of the opponent's original rules.

Vaguely, Qin Chen instantly felt that he had a slight connection with the dark knife in the dark, and he could decide the other party's life and death with a single thought.

This kind of decision is definitely not because Ming Dao is in the chaotic world and controlled by Qin Chen, but because Qin Chen is the master of the chaotic world, and there is some kind of connection between the chaotic world and Ming Dao. You can easily control the life and death of the dark sword through the chaotic world.

At this time, the evil spirit was watching intently from the side, very nervous.

He didn't want to escape from here. The only way he can survive now is that Qin Chen didn't lie to them.

boom!

And when Ming Dao released its own origin and merged the original rules with the Dao rules of the chaotic world, the power of Dao rules belonging to the universe in the chaotic world also began to feed back Ming Dao.

The artistic conception of the sharp sword goes straight to the sky, and the rules of the dark knife constantly surging on the dark knife, quickly become stronger, and constantly become full and perfect.

Ming Dao's face changed slightly, and he suddenly looked at Qin Chen with a horrified expression!

fantasy?

Shit!

At this time, after feeling the rules of the universe sea in the chaotic world and the changes in his body, he instantly understood that what he saw before was definitely not an illusion.

And absolutely real.

Because, at this moment, the original power in his body is increasing at an astonishing speed.

This kind of improvement is not in terms of strength, but in essence, there is a brand new change.

At this moment, he finally understood why Qin Chen would say that he was an incomplete person before.

After feeling the rules of the sword in the chaotic world, he really understood what the real way of the sword is.

boom!

Endless aura rose from Mingdao to the sky, and under the horrified eyes of the ghost, the aura on Mingdao rose at an astonishing speed. He is on an equal footing.

Ming Dao looked at Qin Chen in amazement. At this moment, he completely understood that the Qin Chen in front of him was definitely a man from the universe.

This increase in strength, the transformation of the original source, is too real, so real that it is impossible to fake it. If it is really going to be transformed to this point, then the person in front of you, let alone the master of the restricted area, is even the Four Great Emperors level strong.

If so, is there any difference?

All of a sudden, Ming Dao's breath soared, and for a moment, he half-kneeled on the ground and shouted loudly: "Ming Dao, see the master!"

He didn't even fully integrate into the origin of the rules in the chaotic world. At this moment, his first thought was shock, and the second was shock and ecstasy.

Cosmic reincarnation!

It's really a cosmic reincarnation!

I actually integrated into the internal world of a cosmic reincarnation person, and merged into the rules of the universe in the universe.

This is simply an unprecedented surprise.

How important it is for a person in the underworld to integrate into the rules of the universe sea, Ming Dao is not unaware. Back then, in order to integrate into the rules of the universe sea, the underworld even launched an unprecedented war against the universe sea. how many people?

The undead in the river of death didn't even have time to reincarnate.

But now, I have integrated into the universe sea rules so easily, what a surprise at this time.

It's almost like being reborn.

[Chapter 5298: big ticket](#)

At this moment, Ming Dao was ecstatic.

What surprises him is not only the improvement in strength now, but also the future.

Integrating into the body of a cosmic reincarnation person's inner world rule road means that he has integrated into part of the origin of the yang world, allowing him to walk in the forefront of many underworld powerhouses on the way to the real road.

Represents the infinite light of the future.

This is something that many underworld giants have never done.

"boom!"

At this moment, Ming Dao's combat power surged, his aura swept across, and a huge sword stood up in the sky. The way of Ming Dao used to be dark and cold, with no future and no hope in sight.

But now the phantom of the sword surging from Mingdao's body is still dark and cold, but there is a certain scorching breath in the coldness.

"This aura...is the aura of the sun...it is the aura of the supreme avenue of the universe sea." On the side, Shagui's face was horrified, and he had a feeling that if the Ming Dao was fighting him at this moment, he might not be able to win the opponent. The scorching breath contained in the phantom of the opponent's sword can easily damage his soul and bring him irreparable harm.

It's terrible that Ming Dao has such an improvement just by integrating into this chaotic world.

On the side, Ming Dao is more excited than Sha Gui. He has just integrated into this world at this moment, and he has made such a big improvement. For him, this moment is just the beginning.

At this moment, Qin Chen didn't care about other people. At this time, he was comprehending, comprehending the changes of a detached strongman blending into the chaotic world. Mingdao's lifelong comprehension of the Dao of the Underworld Saber has reached an extremely amazing level. As a detached strongman, he has actually detached

Breaking the ordinary rules, really touching the core of the Underworld Avenue, and surpassing the rules.

boom!

The entire chaotic world is expanding crazily.

If the chaotic world in the past was incomplete, then after integrating into the underworld powerhouse, Ming Dao, the chaotic world has become more complete and more like a real world.

The avenues of rules slowly changed and improved as the chaotic world expanded, and this improvement was also integrated into Qin Chen's body.

hum!

Vaguely, the aura of the double myriad of gods on Qin Chen's body became clearer, and a phantom representing the aura of the underworld suddenly appeared behind Qin Chen.

"Myriad phenomena?!"

Seeing this phantom, Wangu Mingzu's pupils shrank, revealing a look of horror.

How is this possible?

He had seen with his own eyes that when Qin Chen was in the initial universe, a phantom of the gods had condensed behind him, but at this moment, the phantom of the gods behind Qin Chen was completely different from the original one. If the phantom of Qin Chen's appearance in the initial universe is majestic, domineering, and vast, then the dark figure that appears behind Qin Chen at this moment is gloomy, cold, and filled with endless darkness and death breath,

Like a **** of death who came out of purgatory.

How could it be possible for a detached statue to have two completely different auras?

Whether it is in the underworld or in the cosmic sea, it has never appeared before.

"My aura..."

At this moment, Qin Chen also felt the changes behind him.

The **** he condenses now is completely different from the one he condensed in the heavens back then. It seems that his body and Qin Demon in the Tianwu Continent are two completely different forces.

Why can one person condense two different phantoms?

Qin Chen's heart was shaken.

He never thought that after the dark sword merged into the chaotic world, he would have such a harvest.

It's a pity that Emperor Youming is falling into a deep sleep, and the senior ancient emperor is not here, otherwise Qin Chen really wants to ask, what's going on?

boom!

On the body of the pitch-black **** behind Qin Chen, endless breaths of death surged. The most powerful of these breaths of death was an extremely fierce sword intent. In addition, there were many other rules of the underworld.

"The gods I have condensed now have incorporated countless rules of the underworld, and the changes have exceeded my imagination."

Qin Chen was excited. Before, the gods he condensed in the heavens only represented the power he felt and the original power of the heavens, but this phantom contained countless rules and avenues that integrated the people of the underworld in the chaotic world.

There are Gouwa and others from the underworld.

Although Gouwa's cultivation base is not high, the origin of the rules in his body is definitely not weak. How much insight do such a group of strong people have? How many rules are incorporated?

Now, after assimilating the underworld knife, Qin Chen's perception of the rules of the underworld has undergone many new changes.

The perception of a detached strongman is definitely more than that of the group of people who fell in love with Gouwa.

In the void, countless jet-black blades cut through the void.

In heaven and earth, countless auras from the underworld appear, all of which are regular avenues!

The pitch-black avenue merged with the phantom of the **** of death, spreading across the world.

Qin Chen suddenly opened his eyes, and the breath in his body surged and became more and more terrifying, but he still couldn't completely step into the second level of the Myriad of Gods, but it was much more terrifying than before, and the breath of the Myriad of Gods became more and more solid .

Ming Dao is only a first-level detachment, even if he has fully integrated his own rules into the chaotic world, it is still difficult for Qin Chen to step into the second-level detachment all at once.

boom!

At this time, the aura on Ming Dao's body also restrained, became thick and deep, and completely stepped into the first level of detachment peak.

Qin Chen's sharp eyes looked at Mingdao, smiled, and said lightly: "Yes, let's consolidate it! You just integrated into the world in this young master's body, so you may not be so proficient, try it!"

"Thank you, master!"

With a roar, Ming Dao was extremely excited and knelt down on one knee.

A level of peak detachment.

When he was first imprisoned in the abandoned place, he had already surpassed the first level of detachment. For so many years, he kept fighting, but he made no progress, because it was too difficult to improve here.

But now, in just a moment, he has stepped into a transcendental peak, breaking the shackles and shackles of hundreds of millions of years. This incredible increase in strength has made him excited and excited like never before.

This is a kind of ecstasy as if seeing an endless bright future. Qin Chen was calm and calm: "You have just merged into the world now, and my strength has never made a breakthrough. Once I merge with more powerful people and have a breakthrough in cultivation, your cultivation will also break through." , without the slightest obstacle, the session

At that time, it is not difficult to become such an existence as the master of the restricted area..."

"I..."

Ming Dao was excited, his face flushed.

Become such an existence as the master of the restricted area? He didn't even dare to think about it before, but now, he is extremely determined and convinced.

"Thank you, master."

Ming Dao hurriedly knelt down and roared, his expression pious and excited.

Qin Chen laughed out loud! He is not talking nonsense, the power of the chaotic world is limited to Qin Chen's cultivation base, if he enters a higher level in the future, the chaotic world will naturally break through, and as the dark sword in charge of one of the great avenues of the chaotic world, forces of nature also

will increase accordingly.

Of course, Ming Dao's continued practice in the future will also help the chaotic world become more solid and powerful.

This is a complementary process.

"Hahaha, what's the matter? I didn't lie to you, did I? A bunch of idiots, in the eyes of this ancestor, you are just a bunch of ants, how can you deserve to be deceived by this ancestor?" Wan Gu Mingzu grinned.

A bunch of idiots didn't believe it before, but now they do?

"Ha ha."

Qin Chen smiled slightly, and the world was shaken, and in the world, the evil spirits had already been sluggish.

It really... really worked!

He saw that the aura of Ming Dao was rapidly becoming stronger, and he had stepped into the first level of peak detachment in one fell swoop. The aura was thick and terrifying, even more terrifying than him now.

Qin Chen also overflowed with a fierce aura of the dark knife, obviously controlling the power of the dark knife!

He turned his head and looked at the ghost lightly, a fierce killing intent dissipated slightly.

Click!

Sha Gui's body trembled, and his heart was startled. At this moment, he could no longer maintain his composure. He quickly half-kneeled on the ground, lowered his head and said in fear: "Sha Gui, pay homage to the master!"

Qin Chen was indifferent, "Since you are willing to submit to this young master, do you still need to be reminded by this young master?"

The ghost instantly realized!

At this moment, without any further hesitation, the evil ghost let out a low growl, and his aura of the Great Dao appeared instantly.

An incomparably powerful source of the great avenue of the underworld quickly poured into the world of chaos!

The evil way!

This is the most important avenue practiced by evil spirits.

After knowing that Qin Chen was really a cosmic reincarnation, he no longer hesitated or hesitated.

It is an unprecedented opportunity for people in the underworld to be able to integrate the power of the Dao in the universe.

The future is bright.

Just the fusion of yin and yang, he can have an amazing breakthrough, not to mention that if Qin Chen's cultivation level improves in the future, they will also be able to rise and improve as well.

They haven't made any progress in too many years!

Because the Abandoned Land is in the underworld and belongs to the exiled land, there are not many resources and space for them to improve.

Otherwise, how could this place be reduced to a prison in the underworld?

The astonishing way of evil spirits quickly merged into the chaotic world, and the chaotic world that had been calmed down surged and expanded again.

boom!

The change this time is comparable to the fusion of the dark knife, and it has brought another amazing change to the chaotic world.

At the same time, the power of the chaotic world fed back into the evil spirit's body, and the breath on the evil spirit's body became full in an instant.

"Roar!"

The evil ghost roared, and the endless evil energy swept through his body and exploded. Behind him, a shadowy figure appeared faintly.

"Myriad phenomena!"

On the side, Ming Dao showed envy when he saw this.

In Sha Gui's heart, he was even more excited and ecstatic. At this moment, after integrating into the rules of the world in the chaotic world, he actually sensed the realm of all phenomena in one fell swoop.

It's just that at this moment, like Qin Chen, he just condensed a phantom, and he hasn't really stepped into it yet.

But even so, it was an incomparably huge improvement for the evil ghost.

"How many years, I don't know how many years, I finally perceive the realm of the myriad of gods..."

The ghost trembled.

At this moment, he even had the urge to cry. For so many years, he has turned to the cemetery of the **** of death and fought all kinds of battles in order to achieve the second level of transcendence. Once he enters the second level of transcendence, in this abandoned land, he is no longer a low-level transcendence, even if he enters some restricted areas.

, can also become a general.

However, it was still unable to break through.

now.

In just a moment, he stepped over the threshold that he hadn't crossed for countless years. He who had doubts about Qin Chen before even had a feeling of why Qin Chen didn't show up earlier.

When the breath of the evil ghost surged, in the chaotic world, the rules about the evil spirit were instantly strengthened and enriched.

This kind of power was also fed back to Qin Chen.

The phantom behind Qin Chen reappeared. This time, the face of this phantom was clearer, and an astonishing death aura filled the air, setting off the phantom behind Qin Chen like a **** of death.

In the chaotic world, there were two more avenues of detachment, two more comprehension of the underworld avenue, and two more powerhouses with the power of rules. Qin Chen quickly entered a new comprehension. Before, Qin Chen forcibly devoured the source of detachment of Eagle Elder and Heiyun God Venerable, and the improvement was extremely subtle. This time, Sha Gui and Ming Dao took the initiative to integrate their perception of the origin of the Dao into the chaotic world.

The Dao of Duo is still different.

The two people's perception of the Dao kept appearing in Qin Chen's mind!

The world is expanding!

The avenue of original rules in the chaotic world is also being strengthened!

boom!

I don't know how long it has been.

Qin Chen opened his eyes suddenly, his aura changed, and there was a bang, the aura of double detachment flashed away from him.

In the world, Ming Dao and Sha Gui also opened their eyes instantly.

After Qin Chen made a breakthrough, Ming Dao actually made a little progress, but there was still a little distance from stepping into the second level of detachment, but Sha Gui had already stepped into the second level of detachment with half a foot.

"There are still too few ways to comprehend the rules of the underworld."

Sensing the origin in his body, Qin Chen was thoughtful.

Neither Ming Dao nor Sha Gui are masters of the second-level detachment level, so by fusing their Dao rules, it is still somewhat difficult for him to step into the second-level realm in one fell swoop.

But if you can integrate several more second-level detachments, at this speed, it may only be a matter of time before you step into the second-level detachment.

Qin Chen raised his hand.

In an instant, the world was turned upside down, and they appeared in front of Qin Chen in a blur. The next moment, the two of them knelt down at the same time and respectfully said, "Meet the master!"

Qin Chen looked at the two of them and smiled.

"How, do you believe me now?"

The ghost hurriedly said: "I was too arrogant before waiting, and underestimated the master, the master is omnipotent!"

Well done flattering!

Qin Chen laughed, "Excuse me!"

The two stood up and looked at Qin Chen again, their eyes were completely different!

This is a cosmic reincarnation!

Being able to follow a cosmic reincarnation is not much better than following some forbidden master? and.

They looked at the Myriad Bone Nether Ancestor at the side. At this time, they had already believed Qin Chen's words, and they also believed in the identity of this Myriad Bone Nether Ancestor, so they were naturally shocked.

The ignorant are fearless!

In the Underworld, most people know how terrible the Four Great Emperors are, and they also know the identities and status of the generals under the Four Great Emperors.

Now, for such a character to follow such a young cosmic reincarnation, even if it is just a remnant soul, the profound meaning in it is enough to make people startled.

Although the current aura doesn't seem to be strong, just the strength they showed in the previous victory is enough to make them understand what a terrifying existence this person is and what a terrifying future they will have in the future?

And Qin Chen glanced at the two of them and smiled: "You both have your own power... You can go now and bring all the people under your command. Among them, the powerful and loyal ones can be integrated into the original less inner world."

"Besides, you should all have some friends, right? You can bring all your friends here, and this young master is waiting for them here."

The friends of Ming Dao and Sha Gui must all be transcendent powerhouses. The more Qin Chen is now, the better, and he doesn't mind merging with more transcendent people.

"Master, those friends of ours may not obey us?"

Ming Dao and Sha Gui frowned.

In the Abandoned Lands, everyone fights and intrigues with each other. The so-called friends are actually some competitors. They only cooperate occasionally, and there is nothing completely reliable at all.

Here, it can be said that no one will believe that when Ming Dao and Sha Gui call them to come, most people will be vigilant and will never come easily.

Qin Chen smiled slightly: "It's simple, you just say you found the Dead Sea spring here, wouldn't they be moved?"

heard the words.

Ming Dao and Sha Gui were shocked.

The two looked at each other, and there was a sudden surprise in their eyes. If they found the Dead Sea spring, these people would really come here, not for their sake, but for their own interests.

Who would dislike such a treasure as the Dead Sea spring?

"Master, this Dead Sea spring is extremely important. It contains the breath of the Dead Sea Avenue. Even the master of the restricted area will covet it. If the news is leaked and the strong are attracted, then..."

The ghost couldn't help but said.

"Don't worry, I have my own arrangements." Qin Chen smiled faintly.

In fact, the dead sea spring has been completely removed by him, and what is left is just a body. If there are strong people coming, there will be no gain at all. The news spread is only to attract others to come.

Of course, before that, one must find a way to cover up the breath of the Dead Sea spring, so as not to be exposed in advance.

"Wan Gu, do you have a way to seal the breath of this dead sea spring?" Qin Chen turned to look at Wan Gu Mingzu.

Wangu Mingzu smiled wryly and shook his head, "Young Master Chen, the aura of this Dead Sea spring is extremely special, and it cannot be covered by ordinary means, and it's okay if you let your subordinates go down to fight, this hidden spring is probably..."

At this moment, the little girl suddenly said: "Big Brother, the birthplace of the Dead Sea Spring is extremely special, and there are some special places around it. If you use these special places to cover the breath of the Dead Sea Spring, it shouldn't be a problem."

"Oh?"

Qin Chen glanced at the little girl, "A special place?"

The little girl nodded: "Brother, look at the mountains around you. They seem random, but in fact there are some special rules. The places where the springs of the Dead Sea appear are by no means randomly appearing in abandoned places, but have certain characteristics."

"Characteristics?" Qin Chen's heart moved, his figure suddenly flew up to the sky, and an invisible pupil between his eyebrows opened, looking down.

Seeing this, Qin Chen was taken aback.

With the Dead Sea spring as the center, there are many mountains around. At first glance, it looks like nothing, but if you look carefully, it does seem to contain some kind of supreme pattern avenue.

hiss!

Qin Chen just took a look at this kind of pattern, as if he had glimpsed the supreme way, and there was an inexplicable shock in his heart.

This feeling is like seeing the totem of the Nine Heavens God Emperor when he was still weak, and he felt like spying on the most terrifying avenue in the world.

"How did this Dead Sea spring form?"

Qin Chen was shocked.

These avenue patterns are well concealed, and if the little girl hadn't reminded him, even with his cultivation base, he might not be able to see through this special terrain pattern.

"Small dust, the surrounding peaks seem to have some special arrangement..."

On the side, Wangu Mingzu also flew into the sky, stared carefully for a long time, and suddenly said in shock.

With his former triple-peak detachment cultivation base, he can also feel the unfathomable depth of this dead sea spring.

Qin Chen glanced at Wangu Mingzu: "You just found out?"

Oh shit.

If it wasn't for the little girl's reminder, neither he nor Wangu Mingzu would have discovered the specialness of this place. This place is indeed extraordinary.

Wan Gu Ming Ancestor smiled awkwardly, and immediately stopped talking.

"These lines..."

Qin Chen frowned slightly and began to think.

Even if you see the special features below, it is not an easy task to use these special lines to cover the Dead Sea springs.

"Big Brother, I think that side, this side, and that location, and that location... These places should be the more important places in this mountain."

At this moment, the little girl pointed to some places below and suddenly said in the sky.

"what!"

Being reminded by the little girl, Qin Chen showed a look of surprise. The place the little girl pointed to was indeed the most core and key place in the terrain below. Even he hadn't been able to see it in time before.

Qin Chen couldn't help but glanced at the little girl in shock. How magical is this yin and yang eye of life and death, which can see through the extraordinariness of the terrain below at a glance?

This vision is much more terrifying than the triple peak detachment like Wangu Mingzu. Knowing the importance of the terrain, Qin Chen's heart moved. The next moment, countless top-level materials of the underworld suddenly appeared in his hands, all of which were obtained from the hands of Heiyun God Venerable, Eagle Old, Ming Dao, Sha Gui and others. Qin Chen

It was quickly refined into a handle of array flags, and fell on those special terrains in an instant.

boom!

An invisible formation of light restraint diffused between the sky and the earth, and the next moment, the Dead Sea spring that was originally located below slowly disappeared and was hidden in the formation.

"Okay."

Looking at the Dead Sea Spring, which had completely disappeared, Qin Chen smiled.

In this way, there is no need to worry about the breath of the Dead Sea spring being exposed, and he will have more time to plan by then.

Swish!

Qin Chen's figure flickered and fell on the ground. At this moment, Ming Dao and Sha Gui looked at the Dead Sea Spring disappearing from their eyes in shock, and had a deeper understanding of Qin Chen's horror. "Okay, you two can go. Don't talk nonsense outside, because your avenue has been integrated into this young master's inner world. Everything you do will be reflected in the avenue and be perceived by me. Anyone who leaks this Minor

This young master will know any information in an instant, and by that time, you will be finished. "

After the words fell, Qin Chen directly closed the connection between the chaotic world and the outside world!

For a moment, the two of them seemed to have lost their sense of the Dao, and for a moment, their aura instantly faded, and their expressions changed!

They have a feeling that as long as Qin Chen is willing, he can defeat their spirits and make them fly away in an instant through his control of the Dao.

However, the two were not panicked.

Because, this is in line with their understanding of Qin Chen, this master is omnipotent!

"Don't dare!"

The two hurriedly fell to the ground. In this underworld, the strong prey on the weak, and being able to follow a cosmic reincarnation is their blessing for three lives. How dare they destroy their future?

Even if entering the major restricted areas, the future is far brighter than following Qin Chen.

The restricted area can only give them a place to stay, but it cannot improve their strength and make them fundamentally masters.

"Master, we will definitely complete the task."

Sha Gui and Ming Dao said respectfully.

The next moment, the two of them flickered and disappeared into the sky.

Obviously, he went to snare the strong for Qin Chen.

Qin Chen watched the two leave and smiled, "Very well, finally took the first step in this underworld.

I don't know who will be attracted by Ming Dao and Sha Gui?

Those who are disobedient will be killed, and those who are obedient will be merged into the chaotic world!

If he can integrate more detached powerhouses, his own strength will become stronger. After all, it will soon be the day when the major restricted areas enter the Dead Sea, and he must quickly become stronger before then.

Otherwise, with my current strength, I'm afraid I won't be able to take too many opportunities in front of many triple transcendent forbidden zone powerhouses.

And here, Qin Chen doesn't feel sorry for anyone who dies. Even if Ming Dao and Shagui die, Qin Chen doesn't feel bad. Not enough.

"This abandoned place is a good place...a good place to improve your strength!"

Qin Chen quickly entered the formation and began to arrange it secretly. Ready to do a big ticket.

[Chapter 5299: share opportunities](#)

Sharing opportunities

After Ming Dao and Sha Gui left, Qin Chen entered the Dead Sea spring again and felt enlightened.

Today, he doesn't have much time to waste, and must save all time to improve himself.

boom!

In the eyes of the vast Dead Sea Spring, Qin Chen was suspended in it, carefully comprehending everything around him.

The more he understands the Dead Sea Spring, the more Qin Chen can feel the specialness of this Dead Sea Spring. Even Qin Chen is deeply fascinated by the mystery contained in it.

While Qin Chen was constantly feeling in the eyes of Dead Sea Spring, Ming Dao and Sha Gui also returned to their territory one after another.

Knife Valley!

This is the territory of Mingdao. As a first-level detached man, Mingdao has been in business for so many years, and has accumulated a lot of manpower here. He has done some tasks for the abandoned city all the year round, and has gained a certain popularity.

"leader."

"The leader is back."

At this moment, as soon as Mingdao flew back to his territory, many subordinates around him were very excited, and they all spoke excitedly.

Ming Dao hovered above the Dao Valley, looking at the many subordinates below, many of them are supreme-level figures, and many of them are the best among the supreme, and there are even a few figures who are half-step beyond the level.

But in a place like the Abandoned Land, if you don't reach detachment, you are really like ants, you can only do some chores, as for the Supreme, it is even worse than ants, it can only be regarded as cannon fodder, and it is a force like Daogu Generally do not raise such waste.

"Where is the sword guard?" Standing on the most magnificent platform above the Dao Valley, Ming Dao shouted coldly.

The platform here, as if it had been directly cut across by a huge knife, was smooth and flat, but exuded a palpating aura.

This is where Daogu usually holds meetings.

"grown ups."

Whoosh!

A group of strong men in black robes rushed over and landed on Mingdao's side in an instant. Six people in total knelt down respectfully.

These six people are all half-step detached cultivation bases, and they are the six sword guards around Ming Dao, who are in charge of everything in Dao Valley.

"Pass my order, Daogu will move immediately. Everyone bring your belongings, and I will give you half a day to set off immediately and follow me to a place." Mingdao ordered indifferently.

"move?"

There were whispers in Dao Valley, looking at Ming Dao in disbelief.

what happens?

Why are you about to relocate?

In an abandoned place, it is not easy to build a place to live in. It took them countless years to build a place like Daogu. Now Master Mingdao actually said that he would relocate. Where should he relocate?

The migration of so many people is not an easy thing in the abandoned land!

"Ok?"

Sensing the suspicion and discussion around him, Ming Dao's eyes turned cold.

boom!

A terrifying killing intent erupted from his body in an instant, instantly suppressing everyone present.

"The breath of the adult?"

Beside Mingdao, the six sword guards knelt down in an instant, looking at Mingdao in horror.

They are the most familiar people who follow Mingdao, and they immediately felt that the aura of the leader is much stronger than before, and there must be some kind of amazing breakthrough.

"Your Excellency..."

"Hmph, I had an adventure not long ago and found a special place. There is an amazing opportunity waiting for me to discover it. As long as I can discover this opportunity, you may have a breakthrough, otherwise, Why should I give up the knife valley that I have worked so hard to build, and lead everyone to migrate? Why don't you hurry up and do it for me."

Ming Dao said with a cold snort.

"yes."

Everyone in Daogu became excited instantly.

It turns out that my lord has found a place of adventure, let me tell you earlier.

In an instant, everyone started to act. They couldn't resist Ming Dao's order, let alone take them to find a big opportunity. In this abandoned place, who doesn't want to improve their strength?

"And you, send these two letters to Tianyin Mountain and Liujue Ridge respectively, and tell Tianyin God Venerable and Liujue Mingnv that I have an opportunity, and I want to send them both, and let them lead their troops to come. A story."

Ming Dao raised his hand, and handed two pitch-black Ming jade to his sword guard.

"yes."

Several sword guards bowed and saluted, soaring into the sky one by one, and disappeared into the valley of swords in an instant.

After finishing, Mingdao turned around and returned to his hall.

Today, Tianyin Mountain and Liujue Ridge are the two major powers near Dao Valley. Speaking of which, the relationship between these two great powers and Dao Valley is just neighbors. They have fought

together several times, and there is no difference. The relationship is too deep, but Mingdao believes that seeing his own jade slips, Tianyin Shenzun and Liujue Mingnv will never ignore them this day.

really.

After a while.

"Hahaha, Ming Dao, you said in the message that you are waiting for a big opportunity with me. I don't know what kind of opportunity it is?" A rumbling roar resounded over the Dao Valley.

"That's right, you have a good sword, can you think of the two of us?" Another female voice with a harsh voice also sounded.

Accompanied by these two rumbling sounds, two lines of figures came over the Dao Valley. One of them was wearing a black robe with a cold breath, and the other was a woman in a **** dress with a slender waist and a hot figure. The two are Tianyin God Venerable and Liujue Mingnv.

At this moment, the two looked at Daogu below, which was being packed up for relocation, and were shocked.

What happened in this knife valley? How are you cleaning up?

"The two of you come to my Dao Valley, why don't you come in and have a sit?"

At this time, in the valley of swords, Ming Dao's hearty voice came out.

"Hahaha, Ming Dao, you don't need to sit down? What's the good thing, why don't you come out and talk about it?" Tianyin God Venerable laughed loudly, with a vigilant look on his face.

This Dao Valley is the territory of Mingdao. They came from afar, so naturally they would not rush into Mingdao's territory. Although they are two people, once they are ambushed, it will be troublesome.

"That's right, the air outside is so fresh and open, wouldn't it be nice to talk outside?" Liujue Mingnu also laughed.

"Forget it, although the two of you don't give face so much, but since we are all neighbors, I don't care about it."

boom!

As the words fell, a jet-black sword light suddenly swept out from the valley of swords, and turned into a black light to cut through the sky. The silhouette of the robe fluttered wildly, like a sword drawn from its sheath, trying to pierce the sky.

It is Ming Dao.

Sensing the strong aura of Ming Dao, Tianyin Shenzun and Liujue Mingnv frowned. The Ming Dao in front of them gave them a strong sense of oppression, and it seemed to be much stronger than before. How could this be? What's going on?

Amidst the doubts in their hearts, there was no change on the faces of the two of them, but Tianyin God Venerable said with a smile: "Ming Dao, you sent someone to send a message, saying that there is a big opportunity, and you want to dig with us. I don't know what it is. urgent?"

On the side, Liu Jue Mingnv also looked over.

In the abandoned place, there is no friendship at all, so they don't believe that Ming Dao will have any good things for them. If it weren't for the fact that there was something wrong in Ming Dao's communication, they swore that they would not come here in such a hurry.

"It seems that both of you are very concerned about this. If that's the case, I won't take it for granted and just say it."

Ming Dao placed a restriction around it, and cut straight to the point: "I have discovered a Dead Sea spring, and I want to share it with the two of you."

"what?"

"The spring of the Dead Sea?"

The two were startled and blurted out, both showing shock.

[Chapter 5300: Underworld Tomb General](#)

The dead sea spring is the top opportunity in the entire abandoned land, and it is also the opportunity that countless masters of the restricted area want to seek. Because the Abandoned Land is surrounded by the Dead Sea, if you want to enter the Dead Sea, you have to bear the terrifying killing intent in the Dead Sea. Ordinary people can't enter the depths of the Dead Sea, and they can't easily understand the terrifying killing in the vast Dead Sea.

meaning.

In the history of the Abandoned Land, for countless years, many strong men have tried to feel the killing intent in the Dead Sea, so that they can survive better after entering the depths of the Dead Sea. But no one has ever been able to succeed, because the killing intent contained in the Dead Sea is too violent. Once, even the master of the restricted area forcibly comprehended the killing intent of the Dead Sea. As a result, he was injured by the terrifying power of the killing intent and returned to the abandoned land.

As a result, he was ambushed by his opponent and killed on the spot.

Since then, no one has dared to easily go to the depths of the Dead Sea to feel the killing intent of the Dead Sea.

But Dead Sea springs are different.

This thing is equivalent to a small Dead Sea sea water. Through the Dead Sea springs, one can comprehend part of the killing intent in the Dead Sea, and integrate it into oneself to improve one's own cultivation.

That is to say, if they can get the opportunity of the Dead Sea spring, they will not only be able to improve their own strength, but also feel the power of the Dead Sea, which will be of great benefit to their future adventures in the Dead Sea. There was once a first-level detachment who accidentally got the opportunity of the Dead Sea spring, and felt a trace of killing intent in the eyes of the Dead Sea spring. Later, this person was chased and killed by a second-level detachment, and this person directly risked his life and entered the depths of the Dead Sea.

The double detachment didn't know that he had obtained the opportunity of the Dead Sea spring, so he chased after him.

As a result, the first-level detachment had greatly improved its ability to resist the killing intent in the depths of the Dead Sea because it had experienced the springs of the Dead Sea. It actually killed two second-level detachments in the depths of the Dead Sea, which caused a huge uproar.

It can be said that the dead sea spring is one of the most powerful opportunities in this abandoned place.

It's just a pity that there are too few opportunities for Dead Sea springs to appear, and one will only appear in countless years. Once it appears, it will disappear after a short appearance, so not many people get the opportunity.

Now, Ming Dao actually said that he had discovered a spring of the Dead Sea. How could Tianyin Shenzun and Liujue Mingnv not be surprised?

"What you said is true?"

However, after the two were startled, they quickly came back to their senses. If Ming Dao really found such a powerful opportunity in the Dead Sea spring, would he tell them so kindly?

When Ming Dao saw the doubts of the two, he snorted coldly and said displeasently: "What do you two mean? Do you suspect that I will lie to you? Huh, if you don't believe it, then leave directly. I will never stop you." Hearing the words, Tianyin Shenzun hurriedly said: "Brother Mingdao, I didn't mean that, but you also know that the opportunity of the Dead Sea spring is too great. If you can tell the restricted area, I am afraid that you will get one directly." The identity of the high-level restricted area

, I can't help but wonder. "Liujue Mingnv twisted her water snake-like waist, and said with a charming smile: "Brother Tianyin is right, Brother Mingdao, if there is such a chance as the Dead Sea Spring, wouldn't it be better for you to leave it to the restricted area?" How can you tell me to wait for two? Underworld

No matter how great the charm is, it is not as great as the charm of the Dead Sea Spring Eye in the heart of Brother Mingdao, right? "

How great is the opportunity of the Dead Sea spring? Let alone outsiders, even brothers and sons may not be able to tell.

The move of the dark knife is too weird.

"Huh." Ming Dao snorted coldly, but he also knew the doubts in the hearts of the two of them. If the doubts were not dispelled, the two of them would never be at ease. Fortunately, he had already said

something, and said with a cold snort: "Hmph, do you think that I am really idle and have nothing to do, so I told you this opportunity? The appearance of the Dead Sea spring is very secretive, and it is shrouded by a block of restrictions. Prohibition is extremely strong

Big, with this seat alone, it is absolutely impossible to open it. This seat spent a lot of energy, and only observed a corner of the restriction, so I decided to come back and inform the two. "

"Prohibition?"

The two looked suspicious.

God Venerable Tianyin frowned and said, "As far as I know, the Dead Sea Spring has appeared, and there has never been a restriction."

Liujue Mingnv also looked over in doubt. "Hmph, what do you know?" Ming Dao sneered, "The Dead Sea Spring has only appeared a few times in the history of the Abandoned Land. two do not believe

If you want to, you can leave now, I will never leave anyone behind, forget it, you can go. "

With a wave of his hand, Ming Dao didn't bother to pay attention to the two of them, and turned around to go back. "Hey, Brother Mingdao, why are you so anxious." God Venerable Tianyin hurriedly stopped him, and smiled apologetically: "Brother Mingdao, I'm not good at this time, but if I have doubts in my heart, you should also be able to do it." Understand, right? Ming people don't speak dark words,

Where is this abandoned place, if we don't have any skepticism, we probably won't be alive today. "

"Yeah, Brother Mingdao, no, Brother Mingdao, look at my sister, I have cooperated with you many times with Brother Mingdao over the years, which time is not very pleasant. In fact, my sister admires Brother Mingdao Very much."

Liujue Mingnv twisted her waist, her raised buttocks were full of infinite temptation.

If Ming Dao forcibly stopped them before, they would still have doubts, but now Ming Dao's aloof performance immediately made the two of them feel like ants on a hot pot, itching hard to bear.

Dead Sea springs, this kind of opportunity is really impossible to miss. "Huh." Ming Dao glanced at the two of them, and snorted coldly: "Forget it, I'm just making friends with you. There are three reasons why I call you two. First, you have cooperated with me for a long time. A few times, everyone knows the basics and has a tacit understanding. Second, the dead sea spring is blocked by the restriction. If you want to crack it, you must not rely on me alone, and you must cooperate with many people. Third, it is also the most important thing for me not to tell the restricted area. The reason is that you should have heard a few

The restricted area has already discovered the secret of the Dead Sea, and you want to get through the Dead Sea and leave the Abandoned Land? "

Tianyin Shenzun and Liujue Mingnv's eyes flashed. Although they are not high-level in the abandoned land, they are not low-level ants.

"To open the passage to the Dead Sea this time, you must enter the depths of the Dead Sea. It is said that several restricted areas intend to let me and other idle ghost cultivators go there. The purpose is to

use my spirits to open up the forbidden area of the Dead Sea for them." The seat informed the restricted zone of the news of the Dead Sea spring, although I can get some rewards, but I am an outsider after all, how much benefit can I get in the restricted area? Without strength, everything is just a vain

That's all, even if the Dead Sea channel is opened, it is definitely not my turn to leave. "Mingdao's eyes were dim and cold, "But if we have obtained the benefits of this Dead Sea spring, it is possible to step into the second level of detachment with our cultivation base, and if we can comprehend part of the Dead Sea in the Dead Sea spring's eyes Killing intent, then when I enter the depths of the Dead Sea in the future, the chance of survival will increase tenfold or a hundredfold. At that time, we may have the opportunity to leave this place and return to the underworld. Isn't this better than being in the restricted area? a false name is too much

up? "

heard the words.

Tianyin God Venerable and Liujue Ming Goddess looked thoughtful.

It has to be said that what Ming Dao said is true and sincere, and there is really no flaw.

In the past, it was indeed better to give it to the restricted area, but now it is undoubtedly my own perception, which is ten times or a hundred times better than giving it to the restricted area.

However, the two still had some doubts in their hearts. "Forget it, you two guys, you are so unhappy, that's all, if it weren't for the fact that I only know you well and can't find anyone else, I wouldn't bother to talk to you so much, just look at this, you will know Is it true anymore.

"

Ming Dao snorted coldly, and when the words fell, an astonishing breath permeated his body in an instant.

boom!

Representing a realm and aura that transcended the peak, it bloomed in an instant, and severely suppressed Tianyin Shenzun and Liujue Mingnv.

"you..."

Tianyin Shenzun and Liujueming girl's pupils shrank, their faces were horrified, and they lost their voices, "You have broken through the peak of the first level of transcendence? When did it happen?"

You know, Ming Dao's strength has always been comparable to them, and has never reached the peak of the first level of transcendence. Now the breath of Ming Dao is far above them, how can they not be shocked or shocked?

"Hmph, do you believe it now?" Ming Dao sneered, "Although I have not completely opened the restriction, I have also felt part of the power in the eyes of the Dead Sea Spring, and my cultivation has naturally broken through." Ming Dao's gaze Sweeping towards the two of them, with disdainful eyes, he said proudly: "To put it bluntly, with my current strength, I want to deal with the two of you. If you think

of a way to make a sneak attack, who of you can stop it? Why bother to spend this money?" kind of thought,

Let the two of you come together and question this and that, why are you free? "

Gudong!

Tianyin Shenzun and Liujue Mingnv couldn't help swallowing, feeling the saber's momentum on Mingdao's body that was about to split everything in the world, and they were secretly shocked.

Indeed, as Ming Dao said, with his current strength, the best way to deal with them is one-on-one in secret. With the familiar friendship of the three of them, if he waits, there will definitely be a chance. But now Ming Dao directly summoned the two of them, and told them on the tray. Now that the two of them are on guard, even if Ming Dao makes a breakthrough, it is impossible to take them down. Seriously injured, escaped or didn't ask

problematic.

Tianyin Shenzun and Liujue Mingnv no longer had the slightest doubt, and said in shame: "Brother Mingdao is really open-minded, I am too short-sighted, I don't know where the dead sea spring is? When shall I set off?"

The two couldn't wait to go. Ming Dao smiled and said: "Don't worry, wait for my Daogu disciples to pack up and set off. The place where the Dead Sea spring is located has a good terrain. I will build Daogu there after I prepare, and that place is extremely special. , the more people

The higher the probability of cracking more, if the two of you are willing, you can also bring more masters under your command, so that the speed of breaking the restriction will be faster. "

"Oh? There is another saying?"

Tianyin Shenzun and Liujue Mingnv were stunned, and suddenly realized, no wonder this Daogu seems to be moving their family.

Now that they have fully detailed the dark knife, they are also unambiguous, and immediately sent a message to their subordinates to let them come quickly.

Two hours later, when Daogu was cleaned up, Tianyin Shenzun and Liujue Mingnv's subordinates had also arrived.

However, Tianyin Shenzun and Liujue Mingnv did not relocate with their families like Daogu, but only brought some capable masters under their command, all of whom have reached the half-step transcendence realm.

"Walk!"

At that moment, without hesitation, a group of people, under the leadership of Ming Dao, headed for the Dead Sea spring.

At the speed of Mingdao and the others, although they brought many subordinates this time, after three days, their group finally approached the Dead Sea spring. On the way, Tianyin Shenzun and Liujue

Mingnv were very anxious, for fear that the Dead Sea spring would be taken by others, until Mingdao repeatedly assured that the restriction of the Dead Sea spring was very secret, and ordinary people could not find it at all.

Finally, the two of them relaxed a little, but they were still extremely nervous.

"Brother Mingdao, didn't you say that the Dead Sea spring is nearby? Why hasn't it arrived yet? How long will it take to arrive?" After flying for another two hours, Tianyin God Venerable said anxiously.

"That's right, brother Mingdao, you said an hour ago that it was almost here, why haven't you been seen yet?" Liujue Mingnv was also very hungry and thirsty. If it hadn't been for Ming Dao's strong statement that a large number of people is needed to break the restriction, and the dead sea spring was discovered by Ming Dao, Tianyin Shenzun and Liujue Mingnv would have thrown away Daogu and several generals under his command long ago. rushed over for a while

.

Those people are slow, too slow.

Ming Dao smiled lightly, "Don't worry, you two, we are just ahead."

As soon as he finished speaking, an astonishing aura suddenly came from ahead, and a vague figure seemed to appear in the distant sky.

"No, someone is here."

Tianyin Shenzun and Liujue Mingnv suddenly changed their expressions. Mingdao said before that the Dead Sea spring is not far in front of them. Why did they meet someone at this time?

And looking at the number and breath, there seemed to be quite a few figures in the distance, and the faint breath conveyed made Tianyin Shenzun and Liujue Mingnv slightly change their colors.

"Everyone be vigilant."

Ming Dao also changed color on the surface, but he was very calm in his heart, because he knew very well that the person who came here at this time should be the person of Sha Gui.

But when he saw the face of the visitor, Ming Dao's face suddenly changed.

I saw that the crowd in front was extremely large and densely packed. Compared with the three transcendent level masters, there were as many as eight transcendent masters in front of them, and the evil ghost was among them. And the leader among them was wearing a black flame armor, with a proud expression, defiant, endless death aura permeated his body, like a burning black flame, burning the void and trembling, just dissipating

The breath that came out made it difficult for Mingdao to breathe, and there was an illusion that his soul would be burned with it.

As for the evil ghost, he stood respectfully behind this person, like a servant.

"That is..."

Ming Dao looked terrified.

The strong man in black flame armor in front of him is definitely a strong man of the second level of detachment, and he is still the best of the double detachment. When Mingdao and the others saw this person, the group of people naturally also saw Mingdao and the others. Among them, the few detached people behind the black flame armor did not wait for the leader's order at all. A few streamers

flying from all around, they surrounded the people of Ming Dao in an instant.

"Who are you and why are you here?"

"Master Mingyan, it's so weird that you will meet three transcendent deities here!"

The aura of Chaotuo who surrounded Mingdao and the others was extremely terrifying, and one of the first-level peaked Chaotuo's eyes sank, staring at Mingdao and the others with a blade-like gaze, as if he wanted to see through Mingdao.

Ming Yan?

Hearing this name, the three of Mingdao were terrified, their legs were weak, and they almost sat down. Because, one of the four generals under the command of Lord Reaper in the Reaper's Graveyard, one of the restricted areas in the Forsaken Land, is the Tomb General of Ming Yan.

threshold.

The person in front of him turned out to be the Tomb General of Ming Yan?

Ming Dao looked at the evil ghost behind Ming Yan, terrified in his heart.

Shagui said before that he had secretly surrendered to the Death God's Cemetery in Shayin Valley, and worshiped under the command of the General of the Tomb of the Underworld Flame. Now, he actually brought the General of the Tomb of the Underworld Flame here. What does this mean?

Could it be that the evil spirit has betrayed its master?

Thinking of this, cold sweat rolled down Mingdao's forehead.

"Mingdao, what's going on?"

"Why do we meet Master Mingyan Tomb General here?"

Tianyin Shenzun and Liujue Mingnv said in horror, what is the identity of Master Mingyan Tomb? With a cultivation level as high as the sky, crushing these casual cultivators and ghost cultivators to death is like crushing an ant.

Don't look at them all as detached powerhouses, but in front of restricted areas like Death's Graveyard, and in front of restricted area generals like Tomb General of Underworld Flame, they are no different from ants.

"Shut up, don't talk nonsense, I don't know what's going on, but remember, you must never anger Lord Mingyan."

Ming Dao said in shock and anger.

He doesn't know what's going on now, and he's also at a loss.

Sensing that Mingdao and the others were still transmitting the sound, the Yizhong peak detachment who surrounded them couldn't help but look down: "Hmph, in front of Master Mingyan, you dare to transmit the sound, you want to die."

After the words fell, the man didn't give Ming Dao and the others any chance to speak, and directly sacrificed a black light curtain, which instantly exploded towards Ming Dao and the others.

boom!

As soon as this glaring black glow came out, Mingdao and the others felt the entire sky darken, and it was like countless unjust ghosts were crying around.

Extinguishing Soul Banner! Ming Dao recognized the magic weapon in front of him at a glance. It is an extremely sinister soul-killing banner in the underworld, which can directly attack the soul of the underworld creatures. This kind of blow directly from the soul is what the underworld creatures fear and fear the most.

attack.

As soon as the Miehun Banner came out, the three of Mingdao clearly felt that countless innocent souls were calling him, and even their minds became restless. This is definitely a transcendent soul-killing banner, otherwise it would be impossible to have this effect.
