

Valkyrie 5381

[Chapter 5381: Neptune's Fountain](#)

"Young Master Chen, please be careful. These ghost beasts have strange origins. They must have seen that you are powerful and dared not fight you before, so they forcibly took you to a certain place of traps to ambush you."

Wangu Mingzu hastily stepped forward to remind again.

In the words, he was full of confidence, feeling that he was extremely smart, and he saw through the other party's plot in an instant.

Qin Chen glanced at Wan Gu Ming Zu, but ignored him.

"Dust less..."

Wangu Mingzu suddenly became anxious, Chen Shao didn't express anything, and even praised himself, did he not believe in himself?

"Senior Wangu, those ghost beasts should not have lied." Xiaoxiao said suddenly.

"How did you see that?" Wan Gu Ming Zu frowned.

"Intuition." Xiaoxiao explained.

Wangu Mingzu immediately rolled his eyes, he thought he had missed something earlier.

"Little girl, what do you know? This ancestor has killed more guys than ghost cultivators you have ever seen. You don't know that people are sinister. When dealing with these guys, you must be careful, otherwise, if you are not careful, you will easily be ambushed by them." ..."

"Okay, Wan Gu, you can shut up now."

Qin Chen said lightly, interrupting Wangu Mingzu.

"Well!"

Wangu Mingzu's expression froze.

Behind him, the ghost ancestor Xuesha and the old ghost Xuangui followed step by step, looking at his nose and heart, silently, just following Qin Chen.

Xuangui Laomo raised his head and looked at Wangu Mingzu who was downcast. At first he really thought that Wangu Mingzu was deliberately pretending to be ignorant in front of Chen Shao, but gradually, he saw it.

Wangu Mingzu is not pretending to be ignorant, but really ignorant.

boom!

At this time, everyone flew all the way, approaching the depths of the deep sea.

"My lord, the direction they are going from the Black Demon Chapter should be the location of the forbidden area of the Dead Sea."

At this time, the old devil Xuangui faintly sensed the direction, and quickly came to Qin Chen's side to transmit the voice.

"As expected..."

Qin Chen nodded silently. He also suspected that the place they mentioned in the Black Demon Chapter had a connection with the forbidden area of the Dead Sea found by the Lord of the Forbidden Land. Now it seems that the two are very likely to be the same place.

And this forbidden land of the Dead Sea can give birth to so many wraith beasts, and it also has the image of the sea god, so the way out is really possible there.

Everyone flew forward along the bottom of the sea for an unknown amount of time. Suddenly, the little girl stopped and looked in another direction of the bottom of the sea.

"What's wrong?" Qin Chen also stopped and turned to look over.

"Big brother, there seems to be a treasure there."

A gleam of light flashed in the little girl's pupils, and she hurriedly said to Qin Chen.

"treasure?"

The eyes of Wangu Mingzu and the others lit up immediately.

Sensing Qin Chen and the others stopping in their tracks, Black Demon Mingzhang and the others also stopped in front of them, looked over in doubt, and said, "My lord, what's wrong with you?"

"What's in that place?"

Qin Chen pointed to where the little girl was looking and asked directly.

Hei Mo Mingzhang and other wraith beasts looked along Qin Chen's fingers, a trace of surprise flashed in their eyes, and their expressions were all startled.

It does appear that there is something.

Seeing their expressions in the Black Demon Chapter, Qin Chen's heart moved. If there was nothing, they would never have such expressions. Without any hesitation, the Black Demon Chapter respectfully said: "My lord, that is the holy land of my Wraith Beast clan. There is a spring called the Sea God's Spring, which contains astonishing power of the Sea God. It is our Wraith. Source of Beast Practice

Where is the spring. "

"Sea God's Spring?" Qin Chen's eyes flashed: "Take us there."

"yes."

Hei Mo Mingzhang said respectfully, without any resistance, he led Qin Chen and others quickly towards that direction.

After about a stick of incense, Qin Chen and the others suddenly felt a strong killing intent, and looked up at the seabed in the distance.

Boom!

Countless stretches of seabed mountains appeared in front of him.

I saw huge ancient cities in the seabed in the distance, and these ancient cities were built in the mountains of the Dead Sea.

And in these ancient cities, countless ghost beasts swim around, and there are so many types that there are simply countless. This is completely a world of ghost beasts, a kingdom of ghost beasts.

"My lord, this place is a gathering place for my ghost beasts. It is a place where our various races communicate with each other. At the same time, many races live here directly. The Sea God's Spring is located in the middle of this country. "

Introduction to the Dark Chapter.

"Hiss!" Xuangui, Laomo and the others were all gasping for breath. They never thought that there would be such a kingdom of ghost beasts at the bottom of the Dead Sea. If they broke into it, the masters of these restricted areas would definitely be corpses. no existence, no way

Can come out alive.

"Big brother, that treasure is in this kingdom, and it should be of great help to you." The little girl looked at her and nodded. Qin Chen squinted his eyes, and at the center of his brows, the Eye of Creation suddenly appeared. He cast his eyes directly, and saw that in the middle of the distant country, inside the mountain range, there was a huge sea eye with a radius of 18,000. thousands of miles
, which is dark and deep, and the bottom layer cannot be seen.

In the sea eye, an astonishing killing aura emerges, penetrating outwards, and the escaping aura provides countless wraith beasts to absorb and cultivate.

"This power is very similar to the original power of the God Eel Thunder Beast, and it is even more pure."

Qin Chen couldn't help being shocked.

The reason why he hunted and killed giant-level **** eel thunder beasts before was to absorb the essence of their bodies and improve his cultivation.

And the Sea God's Spring in front of him is obviously more pure than the source in the giant ghost beast. If he can get the eye of this sea spring, it will definitely be of great benefit to Qin Chen.

"If your lord is interested in the Sea God's Spring, please come with us, and I will take you directly into the Sea God's Spring."

Hei Mo Mingzhang saw Qin Chen's excited eyes, without any hesitation, he continued to lead the way, and flew directly to the countless ancient cities and kingdoms ahead.

"Young Master Chen, do we really want to follow? This is the lair of all ghost beasts, isn't it too dangerous for us to go in like this?"

Wangu Mingzu said with some trepidation beside him. In the vast country in front of me, there are countless ghost beasts. Many of these ghost beasts are from the lineage of the Black Demon Chapter and others, and they all gather here. In addition, there are some ghost beasts from other groups, and even And giant class

breath.

It can be said that this is the stronghold of the ghost beasts at the bottom of the Dead Sea. If you want to break in, you really have to have enough courage.

"It's okay, just follow." Qin Chen narrowed his eyes slightly, not paying attention, and took the lead to follow.

Xuanguì, Laomo and the others were terrified, carefully following behind and being vigilant in all directions. However, as expected, they didn't encounter any problems along the way. The Black Devil Chapters have a very high status here, and they are the top ghost beasts at the bottom of the Dead Sea. With them leading the way, all ghost beasts are retreating. sides, roots

Ben dared not approach them.

Soon, Qin Chen and the others approached the mountain range where the Sea God's Spring was located.

"The Eye of Creation!"

During the flyby, Qin Chen continued to use the Eye of Creation to observe, and saw that the Sea God's Fountain was indeed majestic, and somewhat similar to the Dead Sea Spring he had obtained before, but the attributes of the two were completely different.

Moreover, around the Seagod's Spring, there are strips of crystal stones that look like mineral veins. These black spar stones condense into a terrifying killing intent, surrounding the Seagod's Spring.

"My lord, this is the vein of killing spar at the bottom of the Dead Sea, hiss, so many?"

Seeing these pitch-black crystals, Xuanguì Laomo hurriedly opened his mouth, his eyes shocked. The killing intent spar is something that the masters of the restricted area they abandoned often find in the Dead Sea, but the number of killing intent spar they found is not many, but the killing intent spar around the Sea God's Spring in front of them is simply like a

The ore veins are generally densely packed, tightly surrounding the Sea God's Spring. "My lord, these are indeed the crystal veins of killing intent. In order to strengthen the Sea God's Spring, we will often search for the crystal veins of killing intent on the bottom of the sea and integrate them into it, so as to form today's scale and provide a whole kingdom of wraith beasts for cultivation.

."

Black Demon Chapter explained from the side.

In order to build this, their family of ghost beasts spent a lot of energy, otherwise, if there is only one vein of killing spar, it will not be able to supply so many groups of people to practice.

Even, Qin Chen discovered that in this Sea God's Spring, there are some powerful beings living in it, which are giant-level wraith beasts, who constantly incorporate some ores into it to increase the strength of the Sea God's Spring.

The power of these veins is increasing all the time.

"My lord, please come with us."

The Black Devil Mingzhang flickered, and fell straight towards the Sea God's Spring.

Qin Chen and the others quickly followed, and after a few breaths, Qin Chen and his party had already arrived in front of the Sea God's Spring.

As soon as it fell, Wangu Mingzu sacrificed the death scythe, and looked around vigilantly, for fear of being ambushed by something. Xuangui Laomo and Xuesha Guizu also guarded Qin Chen. Qin Chen himself is not worried at all. He has a keen sense of consciousness, and he has long felt that some giant-level wraith beasts who were guarding around the Sea God Spring seem to have received some news and disappeared without a trace. They have already left this place

. "My lord, this is the Sea God's Fountain. I heard from Brother God Eels that they once devoured the origin of their eldest brother. This Sea God's Fountain is the treasure of my Wraith Clan. It contains the astonishing power of the Dead Sea. Please also, my lord. put away

This Sea God's Fountain, absorbing it day and night in the future, will definitely bring your cultivation level one step closer and your strength stronger. "

Hei Mo Mingzhang said respectfully.

The other giant ghost beasts also stood aside respectfully.

"You want Master Chen to take away the Sea God's Fountain? Don't you want to stop it at all?"

Hearing this, the Myriad Bone Nether Ancestor at the side was stunned, and looked at the Nether Beasts such as the Black Devil Nether Chapter in astonishment.

"stop?"

Black Devil Mingzhang frowned, "Why should we stop?"

"But isn't this the core of the kingdom of your ghost beast clan?" Wangu Mingzu was stunned.

[Chapter 5382: Spatial structure](#)

Black Demon Mingzhang shook his head and said: "Although this thing is the core of my ghost beast clan's kingdom, but regardless of whether my ghost beast clan is not the only country at the bottom of the Dead Sea, even if it is only this country, my lord wants to take it. Walk,

I will never stop you from waiting. ""Because, the land of the Dead Sea we live in itself was bestowed by the Lord Seagod, and the Lord is the inheritance of the Lord Seagod. It can be said that everything in the

Dead Sea belongs to the Lord. As long as the Lord needs it, we are willing to dedicate everything. give big

people. "

Hei Mo Mingzhang looked devout, and beside him, other giant-level wraith beasts such as the God Eel Thunder Beast, Fengtian Jellyfish, and Deep Sea Flood Dragon also looked calm, without any rebuttal or emotion.

It seems that what Hei Mo Mingzhang said is justified.

"this..."

Seeing such a scene, Wan Gu Ming Zu couldn't help being shocked. In this world, there is such a guy? If Young Master Chen is their so-called Lord Sea God, Wan Gu may understand, after all, these ghost beasts are like Xuangui and Old Demon, and the Sea God is Qin Chen. If Qin Chen wants Xuangui and Old Demon to die, The mysterious ghosts and old demons themselves

But dare not resist.

But now the Black Devil Mingzhang and the others are facing Qin Chen? Just because Chen Shao possesses the Seagod Sword, these ghost beasts are willing to dedicate their lives, and even the future of the entire ethnic group and country.

this...

Wan Gu couldn't understand.

What brain circuit?

Qin Chen also looked at the ghost beasts such as the Black Devil Mingzhang in surprise, and his heart couldn't help but move.

Just a single image can make these wraith beasts so devout, making people think and fear. Perhaps, some things did not come from the Black Demon Chapter and them, but on the Dead Sea itself. In the endless killing intent of the Dead Sea, there may be a kind of power imprinted in the genetic inheritance of these ghost beasts' instincts, making them it

They cannot be defied.

"Boom!" Qin Chen took a step forward, and suddenly grabbed the Sea God's Spring below with his big hand, and heard a violent roar, and the entire mountain range where the Sea God's Spring was located suddenly burst open, horrifying one after another killing intent everywhere

Dissipated, forming a huge deep-sea vortex on the entire seabed.

There was a bang. Qin Chen raised his hand violently, as if a divine vein was suddenly pulled out, the huge dragon's divine vein roared and surged in the void, and finally fell into Qin Chen's palm suddenly, turning into a deep spring like a spring ball, bloom no

All the original breath.

It was the Seagod's Fountain.

"What a rich source."

Qin Chen was amazed, just holding it in his hand, a billow of power penetrated into his body, strengthening his physical body, making his cultivation base eager to try, converging towards the peak of the late stage of double detachment.

With this original power, Qin Chen can be sure that it will be logical for him to step into the peak of the Vientiane God Realm soon.

Immediately afterwards, Qin Chen quickly grabbed more than half of the vein of killing spar that originally wrapped the Sea God's Spring, and threw it directly into the chaotic world like a long dragon.

These killing intent crystals contain astonishing killing intent, no matter for Sisi and the others or the generals of the Tomb of the Underworld, they are all great supplements.

"Young Master Chen, there are still some of the Seagod's Spring and the killing intent spar veins left, why don't you collect them all?"

Wangu Mingzu stepped forward and took a look at the location of the Seagod's Spring, only to see that the originally dense Seagod's Spring had turned into a hollow in an instant, and there were still some Seagod's Spring and killing spar in the hollow. Not taken away by Qin Chen.

"Senior Wan Gu, my lord should have done this on purpose. If these Sea God's Springs are really taken away, the Wraith Beast Kingdom may really collapse completely."

Xuanguai Laomo couldn't help explaining from the side. Wangu Mingzu was stunned for a moment, then nodded, and patted Xuanguai Laomo's shoulder with a smile: "Young Master Chen has always been kind, after following Young Master Chen for so long, you finally understand Young Master Chen's character, yes, yes, yes I just did it on purpose

I will test you. "

"Thank you, Senior Wan Gu, for your support." Old Demon Xuan Gui hurriedly saluted.

"Hehe, it's good to know."

Wangu Mingzu said with a smile, looking confident.

But when Wangu Mingzu and Xuanguai Laomo were communicating, Qin Chen's eyes were focused on the bottom of the Sea God's Spring, and his eyes suddenly froze.

I saw the huge Sea God's Fountain being extracted, and a dark space channel was instantly revealed below, and at the same time, this space channel quickly disappeared from Qin Chen's sight.

"This space channel is almost exactly the same as the Dead Sea spring in the abandoned land, so what's going on?"

Qin Chen was startled. There are many special treasures in this abandoned place, such as the Dead Sea Spring and Ghost King Pond. There is a special space passage under each place. This passage does not seem to lead to the outside world, it is extremely strange.

And now there is actually a space channel under the Sea God's Spring, what is going on?

The space channel dissipated extremely quickly, and disappeared without a trace in an instant. In addition, now that the forbidden area of the Dead Sea is open, Qin Chen will not explore rashly. Once he is trapped and misses the opening of the forbidden area of the Dead Sea, it will be troublesome.

"Let's go."

After Qin Chen finished speaking, he immediately jumped up with the little girl.

Whoosh whoosh!

Wangu Mingzu and others followed closely behind, and the ghost beasts such as the Black Devil Mingzhang followed closely behind.

During the flyby, Qin Chen suddenly saw special space barriers around the Wraith Beast Kingdom, and terrifying space force fields surged around the space barriers.

"What is that?" Qin Chen frowned. "Return to your lord, that is the teleportation channel arranged by me." Tongtian Conch hurriedly stepped forward and replied: "This is where my ghost beast kingdom is located. In order to prevent the ghost cultivators from the abandoned land from breaking into the kingdom and destroying the Sea God's Spring, under special

The teleportation channel was deliberately arranged. If this place is attacked, we can rush there in a moment to resist foreign enemies. "

"Transportation channel?" Qin Chen felt a little, and suddenly a unique spatial structure appeared in his perception. This spatial structure is extremely complicated. After just one glance, Qin Chen felt dizzy in his mind, and couldn't help it for a while. spy out the teleportation

Channel real structure comes.

"sharp."

Qin Chen was shocked.

Today, his heart of understanding space has been inherited by Emperor Miekong. The general space structure and restrictions can be broken at a glance, but the complexity of the transmission channel structure shocked Qin Chen, and he couldn't see the clue for a while.

"How to arrange this transmission channel?" Qin Chen asked.

"This..." Tongtian Conch was stunned for a while: "This is my innate supernatural power, which can be arranged by instinct. My lord asks such a question, and I really don't know how to explain it."

Qin Chen was also stunned.

Right. The Wraith Beast in the Dead Sea does not grasp the order, everything is instinctively gifted with supernatural powers, such as the God Eel Thunder Beast, who is born with Thunder, if other Wraith Beasts ask how it masters the rules of Thunder, it probably will reply

Can't answer.

"You arrange it for me to see." Qin Chen thought for a while.

"yes."

The Tongtian Conch didn't dare to be negligent, and it evolved directly in front of Qin Chen. Hum, the Tongtian Conch turned into its own body, which was a huge conch the size of ten thousand feet. On its back, strange and vast symbols quickly lit up.

Whoooo!

I saw the power of space blooming from these runes, and the next moment, the entire conch mouth burst out of countless powers of space, which quickly condensed into a complex space structure in front of my eyes.

Qin Chen concentrated his attention and opened the eye of creation. At the same time, he directly activated the power of the space heart under his control. In an instant, the complex space structure in front of him was imprinted into Qin Chen's mind one by one, extremely clear.

Countless processes and structures were imprinted in Qin Chen's heart one by one.

"It's amazing, it's such a structure, it's unheard of." Qin Chen was shocked. The spatial structure formed by the supernatural powers of the sky-reaching conch uses a special structure that Qin Chen has never seen before. No wonder he couldn't see it before. This is the same as the spatial rules that Qin Chen had mastered before.

Quite different, another path.

The power of countless spaces condenses, and finally turns into a complicated space structure, forming a terrifying space force field in front of everyone. The whole process only takes a stick of incense.

"My lord, it's done."

Tongtian Conch transformed into shape in an instant, bowed to Qin Chen, let out a long breath, looked extremely pale, obviously exhausted.

"Currently this is only the exit of the channel. Later, we have to go to another place to arrange the entrance, and then let the two form a connection to create a complete transmission channel."

Tongtian Conch paused for a moment, and said: "If you want to see it, you can use your innate magical powers now and arrange the entrance of the transmission channel so that you can watch it conveniently!"

"No need."

Qin Chen shook his head.

With his spatial attainments, he just didn't figure out the clues before, but now seeing the birth of the previous space structure, Qin Chen already has a lot of clues in his mind, as long as he is given time, he will naturally figure out the structure.

Tongtian Conch heaved a sigh of relief.

"Let's go."

The crowd continued to head for the image of the Sea God under the leadership of the Black Devil Mingzhang.

During the flyby process, the Tongtian Conch, which was originally traveling through the void at an extremely fast speed, was a little out of breath.

"Are you okay?" Qin Chen frowned, the original aura on the Tongtian Conch was seriously depleted. Tongtian Conch quickly saluted and said: "My lord, the layout of the transmission channel is extremely energy-consuming. Just arranging an exit will consume one-tenth of the original source. If it is normal practice, it will take at least a hundred years to repair it.

"

"So exaggerated?"

Qin Chen was taken aback.

Tongtian Conch smiled wryly and nodded.

The layout of the transmission channel is a long process. If Qin Chen insists on letting it set up the entrance in such a short time, it may lose half of its life in an instant. At this moment, Qin Chen also suddenly realized that the space structure was so complicated before, and it was indeed extremely difficult to arrange it. If it was really possible to arrange it at will like this Tongtian conch, even the seabed is full of space transmission channels.

[Chapter 5383: is forbidden](#)

After hearing this, Wangu Mingzu was speechless. "Since this traditional channel is so troublesome, then why did you arrange so many before? According to my ancestors, there should be no less than dozens of traditional channels in the previous Wraith Beast Kingdom? The Wraith Beast Kingdom is located so deep under the sea, abandoned Of

The ghost cultivators on the ground can't enter at all. It's a waste of you to arrange so many. "

Wangu Mingzu curled his lips.

Hearing this, Qin Chen also nodded.

Along the way, there are indeed many transmission channels in the seabed. Although the Tongtian Conch did not spread the transmission channels all over the bottom of the sea, when he killed the eel and thunder beasts before, the Black Devil Mingzhang and others could arrive so quickly because they came through the transmission channels. Soul Beasts

In the country, it is also covered by the space teleportation array, which must have consumed a lot of energy of the Tongtian Conch. "My lord doesn't know that although my ghost beast clan occupies absolute power in the Dead Sea, there are still some ghost cultivators like my lord in the abandoned land, who can break into the bottom of my Dead Sea and cause great damage to us, even , Nengwei

Threatening the kingdom of my ghost beast clan. "

At this moment, Black Demon Mingzhang spoke suddenly.

Is there a ghost cultivator that can threaten the kingdom of the ghost beast family?

Hearing this, everyone was startled.

Qin Chen also frowned slightly, and looked at Xuangui Laomo. Although Qin Chen has never been to the Abandoned City, the core of the Abandoned Land, he has also seen many masters of the restricted area. Among them, most of them are the ghost king of the underworld, the old devil of the mysterious ghost, etc., and the stronger ones are nothing more than the ghost ancestor of the dragon and the ghost ancestor of the blood demon. Lord of the Top Forbidden Areas

one.

But even if he was as strong as the Lord of the Tomb of the God of Death, in Qin Chen's view, he could only hunt and kill some ghost beasts in the shallow layer of the Dead Sea. If he went deep into the bottom of the Dead Sea, he would be in danger.

Among other things, just encountering the Thunder Beast Clan of God Eels is enough to make them stretched, not to mention threatening the kingdom of the Wraith Beast Clan. The old demon Xuangui also frowned: "My lord, although the land I abandoned is powerful and there are many strong people, but in the depths of the Dead Sea, there are very few people who can resist the killing intent of the Dead Sea. There is no such thing as the kingdom of soul beasts

. "

Xuangui Laomo has been fighting in the Dead Sea all year round, so he is naturally very familiar with it.

The strength of the Wraith Beast is not because of its strength, but because it is located in the depths of the Dead Sea. This place is full of killing intent from the Dead Sea. It is difficult for the general master of the restricted area to survive here, let alone pose a threat to the Wraith Beast Kingdom. .

"My lord, I'm not talking nonsense. Before my lord, there were ghost cultivators who broke into the depths of my Dead Sea and slaughtered them wantonly. They even wiped out all the Luo Xiao Ghost Shrimp in my Ghost Beast Clan."

Black Demon Mingzhang spoke repeatedly.

"This person's strength is extremely astonishing, and he can even control part of the power of the Dead Sea. He has broken into the depths of my Dead Sea many times to kill."

"Yes, it is precisely because of this ghost cultivator that I have transmission channels all over the depths of the Dead Sea."

Wraith beasts such as Tongtian Conch also said one after another.

"Destroy the Luo Xiao Ghost Shrimp lineage? How is this possible?" The old devil Xuangui was astonished, "Luo Xiao Ghost Shrimp is an extremely powerful family of ghost beasts, even if I encounter them on the sea, I will temporarily avoid Feng Mang, what you are talking about should not be a ghost cultivator, but the work of many ghost cultivators in the land I abandoned

Bar? " "No, only one." "Hei Mo Mingzhang said coldly, "This person is elusive, his methods are astonishing, and his escape methods are extraordinary, so we are so vigilant. If many ghost cultivators act together, we will be aware of it.

Sitting on the sidelines is enough to kill him. "

"There is only one ghost cultivator? Kill the Luo Xiao ghost shrimp clan?" The old devil Xuangui was shocked, seeing Qin Chen's gaze, he shook his head hastily and said: "My lord, there are indeed many strong people in the abandoned land. For example, the patriarch Yan Hun and the master of the black prison are all strong men who are about to enter the peak order realm.

They have served as the city lords of the abandoned city, but although they are strong, they are only a bit stronger than the tomb master of the death **** and the ghost ancestor of the dragon. It is absolutely impossible to threaten the kingdom of ghost beasts. "

The old devil Xuangui still didn't believe it: "If you want to run rampant in the depths of the Dead Sea, your cultivation level must be at least close to that of Senior Wan Gu's previous life, or at least a powerhouse at the peak of the Order Realm." On the side, Ghost Ancestor Xue Fiend also nodded: "My lord! , the top powerhouses in the Abandoned Land are indeed Yan Hun and Hei Prison that Xuan Gui said, but if they really want to fight, although the subordinates may not be able to win them, they will never want to kill them.

If it is said that they can rampant in this abandoned place, it is absolutely impossible, unless, as Xuan Gui said, this person's strength is close to that of Senior Wan Gu. "

"Hey, this ancestor is one of the seven underworld generals under the emperor's command. With my previous cultivation, it is easy to sweep this place." Wan Gu Mingzu immediately smiled triumphantly after hearing this.

Xuan Gui and Xue Fiend still understand the strength of their ancestors.

"Close to the strength of Wangu's previous life?"

Qin Chen frowned.

This is the level of the Seven Great Generals.

He glanced at the Ancestor of the Dead Sea, and based on his understanding of the killing intent of the Dead Sea, if he wanted to run rampant here, he would be at least at the peak of the Order Realm, or even close to the Underworld.

And there is such a strong man in this abandoned place?

"The master of many restricted areas in the abandoned land, isn't there someone who is at the peak of order?" Qin Chen said in a deep voice.

The old demon Xuangui shook his head and said, "It is extremely difficult to become the peak of the Order Realm, and one needs to reach an extreme level of understanding of Order. At least my subordinates have not seen anyone break through to the peak of the Order Realm."

Where is the problem?

Qin Chen frowned.

According to what they said in the Black Demon Chapter, for the other party to run amok in the depths of the Dead Sea, it is at least necessary for the opponent to reach the peak of the Order Realm.

However, the old devil Xuangui and the blood demon ghost ancestor have been in the abandoned land for so long, and they know the many strong people in the abandoned land very well, and it is impossible to miss anything.

What exactly went wrong?

"What are the characteristics of this person?" Qin Chen looked at the Black Devil Mingzhang.

There is such a strong man in the abandoned land, and no one knows about it, so Qin Chen naturally has to be vigilant.

"My lord, I just met this person not long ago. I beheaded another ghost cultivator in the abandoned land in the dead sea storm. I specially recorded the picture of this person. My lord can watch it." Bei spoke suddenly.

After the voice fell, it spit out a bubble, and in the bubble, a picture appeared, which was the scene where the Black Axe Emperor was first besieged by the smoldering ghosts before the Dead Sea storm.

"Black Underworld Axe? Impossible." Seeing the screen, the old devil Xuangui shook his head and said, "Although the Black Underworld Axe is not weak, he is only slightly stronger than his former subordinates, there is absolutely no way he could be him. "

"It's not this person, everyone, please read on." Suimian Mingbei said hastily.

Qin Chen and others continued to watch.

Seeing that the Hei Ming Ax Emperor was in crisis, two figures suddenly entered the screen, beheading Sui Lian Ming Bei repeatedly, and rescued him.

"It's him!" The old devil Xuangui showed surprise, and he had already recognized Jialuo Mingzu and Shadow Demon Ancestor.

And when he saw this figure save the Hei Ming Axe Emperor, and then made a strong move to kill the Hei Ming Ax Emperor in an instant, Xuan Gui Laomo's expression changed, and his eyes suddenly showed disbelief.

Qin Chen's pupils also shrank.

"So strong."

Qin Chen could tell at a glance that it was unbelievable that the Hei Ming Axe Emperor was attacked and killed by the opponent. He wanted to use the domain to resist at the first moment, but was easily suppressed by the opponent and killed instantly.

With such strength, it has far surpassed any master of the restricted area that Qin Chen has ever seen.

"The peak of order, this person is definitely the peak of order." Qin Chen said in a deep voice. It should be noted that the strength of the Black Underworld Axe Emperor is stronger than that of the Forest Underworld Ghost King, and when the Tomb Master of the Death God attacked the Forest Underworld Ghost King, he was only seriously injured, and finally escaped by the Forest Underworld Ghost King, but the person in front of him was directly in front of him. Black Axe Emperor

Openly attacking in front of the face, at most it was a surprise.

But beheading the Black Underworld Axe Emperor so easily, it can be seen that this person's strength is much stronger than the Tomb Master of Death God?

This is definitely a strong man far above the tomb master of the death god.

"How is it possible, this... this..."

At this time, Xuangui and Laomo were still in shock, and could hardly believe their eyes.

"boom!"

The bubbles dissipated and everything returned to calm.

Qin Chen looked at Old Demon Xuangui.

Only then did Xuangui Laomo recover from the shock, and hurriedly said: "My lord, it is Jialuo Mingzu, the city lord of the city I have abandoned."

"The Lord of the Abandoned City?" "That's right, Ancestor Jia Luo Ming has a gentle personality and kindness, and he almost never makes enemies with others. That's why he was elected as the Lord of the Forsaken City. , the lord of the abandoned city has not changed

However, and his strength is at most similar to that of the Lord of the Tomb of Death, how could..."

Xuangui Laomo couldn't understand.

"The most important thing is that Jialuo Mingzu has been retreating in the abandoned city all year round, and he has never been heard of going to the Dead Sea. This..." Xuangui Laomo looked shocked.

"How could this person have never been in the Dead Sea before?" Hei Mo Mingzhang said in a deep voice, "My lord, this ghost cultivator has been in the depths of my Dead Sea at least a dozen times, and he is not afraid of the killing intent of the Dead Sea, so don't be fooled by him." gone."

The other wraith beasts also had gloomy faces.

"It seems that this person is hiding quite deeply?"

Qin Chen narrowed his eyes.

The Jialuo Mingzu mentioned by Xuangui Laomo is completely different from the Jialuo Mingzu mentioned by the Black Demon Mingzhang, so it is hard not to explain something.

"Hehe, interesting."

Qin Chen smiled immediately.

I thought this abandoned place was just like that, but now it seems that the water is deeper than I imagined.

"My lord, we are here."

After flying for about half a day, Hei Mo Mingzhang and others suddenly stopped and looked forward.

boom!

In the deep sea ahead, a huge pitch-black vortex vaguely emerged, forming a terrifying osmotic pressure, swallowing countless dead sea water around it.

Countless waters of the Dead Sea continued to enter the black vortex in front of it, and the terrifying power of space diffused, exuding a palpating aura.

"My lord, this is the forbidden area of the Dead Sea." Xuangui Laomo said in astonishment.

[Chapter 5384: good old man](#)

At this time, after seeing the vortex in front of him, the old devil Xuangui was shocked and said: "The forbidden area of the Dead Sea is located in the core of the inner sea of the Dead Sea, and it should be extremely difficult to reach. Have we already reached the core of the inner sea?"

Xuangui Laomo had an unbelievable expression on his face. The murderous aura at the core of the Inner Sea is so strong that even the strong in the late stages of the triple eternal order state cannot easily approach it. Only when the Dead Sea forbidden area is opened, will there be a tiny passage for people to pass through, but now they don't

Before he knew it, he had reached the core of the Inner Sea, which surprised Old Demon Xuangui.

Or if you go from the bottom of the sea, the killing intent will weaken a lot? At this time, the Black Devil Mingzhang said respectfully: "My lord, this is the place where the image of the sea **** appeared, and it is also the birthplace of our ghost beasts. The earliest ghost beasts such as us awakened from here. gradually form a group

. But that was already a matter of ancient times, and now my Wraith Beasts have not received the image of Lord Seagod for a long time, and I can't even get close to this place, because I will be torn apart by the power in it. "

"oh?"

Qin Chen narrowed his eyes slightly, staring intently at the huge whirlpool in the seabed far ahead.

I saw countless Dead Sea water twisted violently in front of me, and was continuously drawn into the pitch-black vortex, forming a huge space black hole. In that vortex, the terrifying power of space diffused, releasing a palpating aura.

Although Qin Chen and the others were still some distance away from the vortex in front of them, they could clearly feel the horror of this vortex in space. It was a terrifying power that would be torn apart in an instant if anything was involved in it.

But the mouth of the vortex on the bottom of the sea spread all the way to the top, like a tornado on the bottom of the sea.

"Big brother, there is a familiar aura of Xiaoxiao in it."

At this time, the little girl suddenly said: "Big brother, Xiaoxiao wants to go in, there seems to be something very important to Xiaoxiao."

"Something very important?"

Qin Chen stared at the little girl slightly startled. According to the current information, Qin Chen has already figured out that the vortex in front of him is the birthplace of the ghost beast and the place where the image of the sea **** appeared.

Sea Forbidden Land, rumored to have the opportunity to leave the Dead Sea.

Moreover, Xiaoxiao is quite familiar with this place, and it seems that there are extremely important things for her. No matter what is inside, Qin Chen can be sure that here, there is very likely to be a secret related to the birth of the entire abandoned land and even the Dead Sea. The most important thing is that if he wants to save Sisi, he must leave the Dead Sea, leave this abandoned Of

Therefore, he must go to this whirlpool.

"Smile, don't worry, I will definitely take you in."

Qin Chen looked at Hei Mo Mingzhang and Xuangui Laomo: "How do I enter this place?" "My lord, I, the Wraith Beasts, cannot enter this place." Hei Mo Mingzhang hurriedly said: "The entrance to this vortex is on the surface Above, but my ghost beasts can't get close at all, once they get close, they will be blocked by the special force at the entrance of the sea

The power of the body triggers the killing intent in the body to explode and die, resulting in the annihilation of soul and soul, and it is impossible to survive. "

The other wraith beasts also nodded. Xuangui Laomo said: "My lord, the entrance of the Forbidden Dead Sea is located on the surface of the sea, but according to the estimated opening time of the Forbidden Dead Sea, the Forbidden Dead Sea is about to open now, and it is estimated that many strong people in the abandoned land have already gathered

above the sea. "

"My lord, according to the information sent back by our ethnic group spies, there are indeed many ghost cultivators gathered on the surface of the sea, and many of them are ghost cultivators who are called the masters of the restricted area here."

The Black Demon Chapter said again.

Qin Chen smiled, "It seems that almost everyone has arrived, so what are you waiting for?"

He turned his head to look at the ghost beasts such as Heimong Mingzhang: "You don't have to follow, let's go."

Whoosh!

With a flicker of Qin Chen's figure, he flew straight towards the sea above, and Wan Gu Mingzu and others hurriedly followed.

Before leaving, Wangu Mingzu turned his head to look at the ghost beasts such as the Black Demon Chapter under his eyes, and couldn't help but smash his mouth: "Oh, what a good sea food, it's a pity." at this time.

above the sea.

A huge vortex was constantly flowing, forming an astonishing vacuum above the Dead Sea.

Outside the forbidden area of the Dead Sea, terrifying figures towered over each other, suspended in the sky, forming their own groups and teams.

Each of these figures exudes a palpating aura, and almost all of them are the masters of the restricted area with triple detachment, and they are giants in the outside world.

The Dead Sea cage has a history of hundreds of millions of years in the underworld, and in ancient times it has become a cage used by many masters of the underworld to hold prisoners.

For hundreds of millions of years, the number of forbidden zone masters gathered here is simply innumerable. Outside the underworld, there may still be strong people falling and newcomers emerging due to plundering resources and fighting treasures, but the abandoned land is a land of ruins, and almost no treasures are attracted to the masters of these restricted areas.

The Dao of Heaven and Heaven is cut off, and it is extremely difficult to improve one's cultivation.

In the early days of the cage formation, there were still countless prisoners imprisoned here who would kill each other in order to compete for the right to speak, but since the Dead Sea Era, this kind of killing and fighting has been extremely rare. .

Later, the establishment of the Abandoned City and the birth of the city lord system made the Abandoned Land a relatively peaceful place.

Extremely weird and ironic.

This eventually led to the extremely rare Lords of the Forbidden Land who fell in the Abandoned Lands in recent years, forming a huge group.

At this moment, the powerhouses such as the Dragon Ghost Ancestor have also arrived here, forming small groups, talking with each other, advancing and retreating together, and exchanging the latest major events in the abandoned land.

Not long ago, the death of the death cemetery, the tragic death of ghost cultivators such as Wan Chi Xie Zun, and the appearance of the mysterious underworld master are naturally the biggest news in the abandoned land today, and they have also attracted countless masters of the restricted area to come to the Dragon Ghost Ancestor. Ask for a conversation.

Especially regarding the water from the Dead Sea bestowed by Qin Chen, it naturally became the most concerned matter of the masters of the restricted area who have been staying in the Dead Sea for training but never participated.

"Brother Bolong is really lucky. He got a stream of dead sea water without any effort. I'm really envious. But this Lord of the Underworld is so strong, he should have arrived long ago. Why is there no one around at this time?" Who knows, Lord of the Underworld? Hehe, I have never heard of such a name in the underworld before. Now that such a guy suddenly appeared, I don't know if there is such a person, or is it just some people taking advantage of my absence, kill God

The tomb owner and the others later compiled what they did. "

"That's right. It is rumored that the other party also has the Myriad Bones Nether Ancestor who was once one of the generals under the command of the Nether Emperor. How could such a person be thrown into a place like the Dead Sea cage? It's a bit too false."

In the distance, various voices of discussion sounded, some naked, some cryptic, and many eyes fell on the group of people like Wulong Guizu, each with their own thoughts, and their eyes flickered again and again.

Among them, the most powerful are the two eyes exuding a terrifying aura. They are the master of the black prison and the ancestor of Yan Hun, two strong men recognized by the abandoned land, and both of them once served as the strong man of the city.

These two people practice retreat in the Dead Sea all the year round, and many of them haven't seen each other for a long time. At this moment, they feel the terrifying aura on the two of them, and everyone is shocked. The strength of the master of the black prison and the ancestor of Yan Hun has improved a lot.

But the eyes of the two of them are now focused on Bolong Guizu, and from the perspective of Bolongguizu, they both nodded slightly, and the corners of their mouths outlined a faint smile.

It's just that smile, but it makes people feel a kind of chill.

This naturally made Wulong Guizu and his party look gloomy, and their hearts were a little dignified.

"Brother Bolong, the situation seems to be a little bad."

The ancestor of the virtual crocodile came to the side of the ghost ancestor of the dragon, and said with an ugly face.

"That's right, the forbidden area of the Dead Sea is about to open now. Back then, there were not a few people who gathered in the Ghost King Palace, but now there are only a dozen or so people left, like the old black punishment ghost and the evil sea dragon demon. I'm afraid..."

"Hmph, these guys didn't fight against the Lord of the Underworld, but now they are all staring at us. They are nothing more than coveting the water of the Dead Sea on us. It is simply hateful."

Gathering around the Dragon Ghost Ancestor were all the masters of the forbidden zone who had dealt with Qin Chen before, and they secretly traded with each other, feeling uneasy.

It's because the eyes of these guys are too naked, and in just three months, almost half of their original group of people has lost almost half of them, so they are not surprised.

"Don't pay attention to them. With the water from the Dead Sea bestowed by the Underworld Lord, our resistance to the killing intent of the Dead Sea has been greatly improved. Together, we are no longer afraid of any forces." Guilong Guizu's face was stern, squinting his eyes, "It's just that the Niehailongmo and their disappearance are too strange. I have seen them before setting off from the abandoned city, but now there is no news suddenly. I'm afraid...you'd better not be alone

Walk alone to avoid surprises. "

Listening to everyone's conversation, among the crowd, Old Devil Kongming's eyes flickered, and he couldn't help but say, "Brother Bolong!"

Guilong Guizu turned his head and looked over: "Brother Kong Ming, what's wrong?"

Old Demon Kongming hesitated for a while, and said: "About Niehai Longmo and Heixing Old Ghost, before this seat..."

"The Lord Jia Luo is here."

Before he finished speaking, suddenly, there was a sound from a distance, whoosh, two figures flew over from a distance, and came directly to the front of the forbidden area of the Dead Sea.

It is Jialuo Mingzu and Shadow Demon Zu.

"Haha, everyone, I'm late, sorry, sorry."

As soon as Jialuo Mingzu arrived, he laughed heartily, with a hearty smile.

"Where, where, City Lord Jia Luo came just in time."

"The forbidden area of the Dead Sea has not yet opened, it is time."

Laughter came out one after another, even the Lord of the Black Prison and the Patriarch Yan Hun also laughed. After all, Jialuo Mingzu is recognized as a good old man, and everyone will give him some face.

[Chapter 5385: one hit ten](#)

For a moment, the slightly dignified atmosphere on the field instantly became lively.

For the existence of a mascot like City Lord Jialuo, and there is no conflict of interest, naturally everyone will give a little bit of disrespect.

Next to Guilong Guizu, the old devil Kongming who was about to speak suddenly changed his expression and kept silent.

"Kongming, what did you just say?" Guilong Guizu looked at the old devil Kongming and asked in confusion.

"nothing?"

Old Demon Kongming squeezed out a smile and shook his head.

Guilong Guizu glanced at Old Demon Kongming suspiciously, but he didn't care.

"Hahaha, Brother Bolong, I haven't seen you for a long time, don't come here without any problems!"

At this time, there was a loud laugh, but it was Jia Luo Mingzu who greeted them one by one, and now he had come to the side of Guilong Guizu, smiling and cupping his hands.

"City Lord Galo."

Guilong Guizu also smiled and cupped his hands.

"I haven't seen you for a long time. Brother Bolong's aura is becoming more and more domineering, and all the brothers are also full of energy. I'm envious." Jia Luo Mingzu greeted one by one.

Everyone hastily returned the gift.

Everyone exchanging greetings, Jia Luo Mingzu suddenly said in doubt: "By the way, Brother Bolong, I heard that you have all seen the face of the Lord who killed the tomb master of the gods. I don't know where this person is now, but he still looks at Bolong Brother, can you recommend me." Speaking of this, Jia Luo Mingzu sighed: "I have always admired this kind of strong man, the stronger the strong in my abandoned land, the better my chance to leave this abandoned land. The bigger it is, it's a pity that the master of the underworld was not present when he killed the master of the tomb of the gods. I'm just a prisoner trapped here, let's leave the abandoned place together

It's something I'm waiting for. "

Jialuo Mingzu looked at the crowd with sad eyes, obviously regretting the death of the Tomb Master of the Death God and the others.

"Master Jia Luo, my ancestor is also looking for them. I don't know where they are, and I haven't seen them here."

Guilong Guizu shook his head. "That's strange." City Lord Jia Luo frowned, "I have come all the way before, and I have never seen other strong people. Don't they come here? Now that the Dead Sea forbidden area is about to open, this place is very likely to be our chance to leave ,

Shouldn't you not be here? strangeness! "Hehe, Lord Jialuo, then the Lord of the Underworld might just be a story made up by the Dragon Ghost Ancestor and the others. I heard that the Lord of the Tomb of the Death God and the others seem to have obtained a spring of the Dead Sea, and now the water in this spring is blowing." Dragon Ghost Ancestor

Who knows what's tricky about them? "

On the side of the Lord of Hell, someone sneered.

"Ghost with giant teeth, what do you mean?" the ancestor of the crocodile next to the ghost ancestor of the dragon shouted angrily. "What do you mean? Can't you hear the ancestor of the virtual crocodile?" The giant tooth ghost sneered: "It is that the Lord of the Underworld is true, but the Lord of the Tomb of Death and the others died. Everyone is safe and sound, and they all got the water of the Dead Sea. Is there any tick in it

When, I wasn't there at the time, how could I know? "

"you..."

The ancestor of the virtual crocodile was angry.

"Hmph, I don't know what the origin of the Lord of the Underworld is, killing wantonly in the land I abandoned, that is, Brother Bolong, you are more timid. If I were waiting there instead, how could he be allowed to kill people indiscriminately? I'm afraid he would have taken him down long ago! gone."

The giant tooth ghost sneered.

The ancestor of the virtual crocodile had an ugly expression on his face, he was about to say something when he was stopped by the ghost ancestor of the dragon.

"Let them talk."

He said lightly, with disdain in his eyes.

Take down the Lord of the Underworld?

Just because of his giant tooth ghost king is also worthy? "Everyone, don't talk too much. I believe that Brother Bolong is definitely not that kind of person. If the Lord of the Underworld comes, I also hope that you will never get angry and be kind. what did the tomb owner do

What makes him angry will suffer this disaster. "

Jialuo Mingzu hurriedly persuaded him.

Before he finished speaking, Jialuo Mingzu seemed to feel something, his eyes suddenly froze, and he looked quietly at the sea below.

And after Jialuo Mingzu looked towards the sea, in the distance, the Lord of Hell Prison and Yanhun Patriarch also seemed to feel something, and suddenly looked down.

boom!

The water of the Dead Sea below suddenly rolled up at this moment, as if something terrifying was about to rise into the sky.

"Is there a ghost beast?"

It wasn't until this time that the other masters of the restricted area felt that something was wrong, and they all lowered their heads and looked at the sea below vigilantly.

There was a bang.

Under the watchful eyes of everyone, the sea water below rose directly into the sky, as if a giant beast broke through the water, swish swish swish, from the sea water, several figures suddenly flew up and appeared directly in front of everyone.

The sea breeze was turbulent, and the water of the Dead Sea rolled off the bodies of these people in an instant after they left the water.

"Is it the Blood Fiend Ghost Ancestor? There is also the Forest Underworld Ghost King and the Xuangui Old Demon, no, it's the Underworld Lord and his party!"

"When did they enter the Dead Sea?"

Seeing the four silhouettes rising from the Dead Sea, the masters of the restricted areas changed their colors one after another, revealing unbelievable surprises. The killing intent of the Dead Sea water at the core of the Inner Sea is amazing. With so many ghost cultivators present, daring to enter the sea at the core of the Inner Sea is probably no more than the number of hands. Now Qin Chen and others appear directly from the sea water, how does this make everyone No

shock? This place has dissipated the killing intent from the core of the Inner Sea, and someone has already rushed here, which means that Qin Chen and others definitely did not arrive here first and then dive into the Dead Sea, but from the inside of the Dead Sea outside the core of the Dead Sea

They have been lurking all the time, aren't they afraid of meeting ghost beasts inside?

Faced with the shock of the crowd, Qin Chen didn't take it seriously. He just glanced at the people with different expressions and shining lights around him, and finally his eyes fell on the City Lord Jia Luo who was not far away.

Qin Chen smiled slightly: "This friend is right, the owner of the tomb of the **** of death did not deserve to die, except for the owner of the tomb of the **** of death, Wan Chixie Zun, Jiuying, Laogui and others who died under the hands of the Lord of the underworld before also died. "

Hearing Qin Chen's arrogant words, the complexions of the masters of the restricted areas present suddenly changed slightly, and there was a trace of anger in their eyes. Although many of them may not have much friendship with the owner of the tomb of the death god, after all, the other party is also the owner of the restricted area in the abandoned land. Before that, the owner of Jialuo City just said it casually. Unexpectedly, Qin Chen in front of him is so shameless

, How not to be angry in their hearts.

"Hmph, what a crazy guy."

Where the Lord of Hell and a group of people were, the giant tooth ghost snorted coldly, looking displeased.

"Why, boy, are you not convinced?"

Wangu Mingzu squinted his eyes, looked contemptuously at the giant tooth ghost, looked him up and down, and said with a sneer: "You are so ugly, and you talk so much, as if you are afraid that others will not find you, what a shame. "

"What did you say..."

The Giant Tooth Ghost was trembling with rage, boom, a burst of icy ghost energy suddenly bloomed from his body, vaguely transformed into a ferocious beast with giant teeth, shaking the void, as if in a trance, it was about to bite towards the Myriad Bone Ghost Ancestor, causing endless Sky breath.

"Want to do it?"

Wangu Mingzu glanced at the other party, the corner of his mouth was drawn with sarcasm, and a trace of soul breath representing the peak of triple detachment swept out in an instant.

boom! In an instant, the entire void above the forbidden area of the Dead Sea surged with terrifying soul aura, like a storm, directly colliding with the terrifying ghost energy released by the giant tooth ghost, rumbling, the two forces collided, and the giant tooth ghost filled the air.

The terrifying ghostly aura that came out was instantly vibrated by the soul breath of Wangu Mingzu, as if it was about to be shattered at any moment.

"For people like you, just come up, this ancestor can fight ten."

Wangu Mingzu didn't bother to make a sound, his terrifying spiritual aura was like a storm, surging between the heaven and the earth, giving people a feeling of heart palpitations, as if he wanted to swallow the giant tooth ghost at any time.

"Dengdengdeng."

The face of the giant tooth ghost changed slightly, and he took three steps back, shocked by the breath of the ancestor of the bone, and looked at the master of the black prison beside him in horror.

The lord of the black prison narrowed his eyes slightly, and the aura like abyss like a prison dissipated from his body. With a wave of his hand, with a bang, the aura that was intimidating on the giant tooth ghost was immediately shaken, and there was a trace of solemnity in his eyes.

"Myriad Bone Nether Ancestor?"

The Lord of Hell said in a deep voice.

"Which one are you? Well, it seems that your Excellency has also touched the peak of the triple transcendence, which is much better than that trash by your side, but it's a pity that you are still far behind in front of this ancestor."

Wangu Mingzu casually glanced at the Lord of the Black Prison: "For people like you, when I was under the Emperor's command, I always knelt and talked when I saw my ancestor."

"You... the master of the black prison, this person is simply too arrogant." The giant tooth ghost said angrily.

"Don't worry."

The Lord of Hell Prison narrowed his eyes, and looked at Wan Gu Ming Zu, his eyes flickering. He had learned all the news about Qin Chen and the others from other people's discussions before. Now that he saw Wangu Mingzu with his own eyes and felt his terrifying soul breath, the Lord of Hell Prison instantly understood. ghost ancestor

The news we spread is not an exaggeration.

"Such a strong power of the soul is definitely the power of the triple transcendent peak level. Could it be that this son is really the ancestor of the myriad bones under the command of the Emperor Youming?"

The strong man died, hiding, and this Wangu Mingzu has nowhere to go, but now he suddenly appeared in this abandoned place, there must be some secrets about this person

."

In the distance, Yan Hun Patriarch's eyes also flickered. Compared with the Lord of Hell Prison, he had stronger attainments in the soul, and he vaguely felt something.

"It's definitely a soul of the triple transcendence peak level, and it's extremely pure and vigorous, but it seems to have been injured and has not yet returned to its peak."

There was a cold light flickering deep in the eyes of the ancestor Yan Hun.

The other masters of the restricted area around saw the master of the black prison and the patriarch of Yan Hun, but they didn't do anything. Although they were angry at the arrogance of the ancestor of Wangu Ming, no one dared to stand out.

the other side. Qin Chen didn't bother to pay attention to these things. At this moment, he had come to the sky above the forbidden area of the Dead Sea, staring down.

[Chapter 5386: save face](#)

In the Dead Sea below, a circular vortex appeared in front of Qin Chen, and the vortex that Qin Chen and the others saw at the bottom of the Dead Sea before was exactly where the vortex was.

Looking over the Dead Sea now, Qin Chen immediately saw a different scene. The vortex in front of him was very strange. It was dark inside, but there was no water drop.

The seawater of the Dead Sea seems to have bypassed this vortex and swirled past it, forming an absolute vacuum.

To put it bluntly, this vortex is like a dark well in the sea, extremely strange and deep. Moreover, this deep vortex contains terrifying power of space. This power of space is so strong that even Qin Chen, who has controlled part of the heart of space, faintly feels that once he is involved in it, he cannot resist it at all.

Will be torn apart by the power of this terrifying space.

"This is definitely a power beyond the realm of detachment."

Qin Chen's eyes were solemn. He was sure that even a strong man at the peak of the triple eternal order realm who practiced the rules of space could not create such a power if he cultivated all the rules of space to the extreme.

This vortex cannot be displayed at all by Transcendence. "My lord, this is the entrance to the forbidden area of the Dead Sea, but the entrance is still closed. Judging by the speed at which the killing intent in the surrounding cores weakens, the forbidden area should be opened soon." tightly

Follow Qin Chen and explain from the side.

"oh?"

Qin Chen opened his mouth softly and squinted his eyes. The forbidden area of the Dead Sea in front of him could never be broken into by the cultivation of these people present.

How should the many ghost cultivators present enter? Seemingly aware of Qin Chen's doubts, the old demon Xuangui said via voice transmission: "My lord, we have already inquired about this vortex at the beginning. This vortex can swallow the power of the soul of us ghost cultivators. Once the power of the soul enters it, it can eliminate this vortex. Horror in the whirlpool

The influence of the power of terrifying space and killing intent, so once this forbidden area of the Dead Sea is opened later, we only need to integrate the power of the spirit and soul we collected before, and then we can open it and enter it. "

Speaking of this, Old Demon Xuangui's tone was faintly excited. For him, or for the ghost cultivators in the entire Abandoned Land, they had been waiting for this moment for too long.

"Is this space vortex opened by the power of devouring the soul?"

Qin Chen stared at the space vortex below, and felt a strange feeling in his heart. The space vortex in front of him was obviously just a space vortex leading to an unknown void, but it could swallow the power of the soul, which surprised Qin Chen.

You'll know when you see it.

"Hahaha, this one should be the latest underworld master to rise in my abandoned land."

While Qin Chen was meditating in his heart, a loud laugh suddenly sounded from the side, and he saw the Lord Jia Luo walking up with a smile on his face, with a warm expression on his face, and cupped his hands at Qin Chen as he walked.

But before he could come up, Qin Chen walked directly towards Wulong Guizu and others at the side, and at the same time smiled and cupped his hands and said, "Brother Wulong, everyone, please stay safe and well. Farewell to Guiwangdian, we will see each other again." See, I miss you very much."

Behind Qin Chen, City Lord Jia Luo froze immediately, while a cold light flashed in the pupils of the Shadow Demon Ancestor beside him.

"I've seen Brother Mingzhu, Brother Wangu, Brother Xuangui and Brother Xuesha."

In front of Qin Chen, the Dragon Ghost Ancestor hastily cupped his hands. He never expected that Qin Chen would take the initiative to greet him.

"Hey, Brother Bolong, when we were in the Ghost King Palace, didn't we still have some brothers? I remember that the Lord of the Underworld gave a lot of water from the Dead Sea, why is there only half left?" Qin Chen looked at Bolong suspiciously. Guizu and the others: "I remember that when Lord Benming beheaded and killed the Lord of the Tomb of God, Brother Milong and you all stood on the side of justice. Master Benming admired him a lot. The faces of those brothers are still vivid in my memory.

Woolen cloth. "Well, after I left, we all separated from each other, and now we are reunited. As for where the others have gone, I really don't know. "The Dragon Ghost Ancestor smiled wryly and shook his head. In fact, so many people have been missing for so long.

I also faintly felt something weird and bad. "Could it be some kind of accident?" Qin Chen snorted coldly, and immediately looked at the other masters of the restricted area present: "Everyone, all the heroes who were in the Ghost King Hall that day were all friends of the Lord of the Underworld. If the Lord of the Underworld knows they met

What troubles are caused by your hands, so don't blame me for being rude. "

"This guy..."

Seeing Qin Chen's arrogant appearance, the Giant Tooth Ghost and the others were filled with anger.

This guy thinks of himself as the leader of the Forsaken Land.

But the ancestor of the virtual crocodile and the others suddenly felt warm in their hearts.

"Your Excellency speaks so loudly. People who don't know think you are the leader of my abandoned land." The giant tooth ghost said coldly.

"Master Mingzhu, this guy is too arrogant, he has a strange air of yin and yang as soon as he comes up, do you want your subordinates to kill him directly?" Wan Gu Ming Zu looked at the giant tooth ghost sideways, and said very displeased. As soon as the words fell, Wangu Mingzu rushed up directly, boom, a terrifying killing intent erupted directly from his body, and immediately represented the top-level detached terrifying will burst out like a volcano, towards the giant tooth ghost king

Madness ensues.

boom!

The death scythe appeared directly in his hand, and it slashed directly at the void in front of him.

The void oscillated, and a knife light containing endless death intent burst out, and instantly came to the giant tooth ghost.

not good!

The giant tooth ghost looked shocked and angry, never thought that Wangu Mingzu would do it as soon as he said it, and his domain was displayed immediately, and he blocked in front of him like lightning. But before he fully displayed his domain, he heard a crackling sound. Under the attack of the death scythe of the ancestor of the gods, his domain was torn apart like a piece of fragile glass, and there was a bang. ,collar

The domain broke open, and the terrifying black knife light slashed towards the top of the giant tooth ghost's head.

"Hmph, presumptuous."

Seeing this scene, the Lord of the Black Prison at the side snorted coldly, stepped forward, and boom, the majestic Black Prison Qi erupted with a terrifying evil spirit, like a sleeping ancient beast suddenly awakened.

Accompanied by his striding forward, rolling punching intent mixed with soul-stirring killing intent blasted out instantly, colliding with the black knife light slashed by Wan Gu Ming Zu.

bang.

Bombarded with fists and knives, bursting with energy.

The roar exploded with a tendency visible to the naked eye along with the false explosion, sweeping away the killing intent all around, forming a suffocating vacuum zone of negative pressure.

pedal!

Under the strong pressure, the Lord of Hell immediately took a step back, and a icy light flashed in his eyes.

"Boy, you dare to be the ancestor's attack, you are so brave."

Wangu Mingzu raised his eyebrows, his evil spirit swept across, and the death scythe was about to strike again as soon as it moved.

"Brother, wait a moment." At this moment, a figure hurriedly stopped between the two sides, "Everyone is the owner of the restricted area of the abandoned land, and they are all gathered here to leave this abandoned land, so why make a fuss?" Unhappy, save face for the next time, everyone

Put out the fire. "

City Lord Jia Luo and Qi Dao.

"Who are you?" Wangu Mingzu frowned.

"Under Jialuo Mingzu, everyone, I am the lord of the abandoned city." Jialuo Mingzu hurriedly said.

"The City Lord of the Abandoned City?" Wan Guming Zu squinted at the other party, "It's not impossible to give you face, but since you can become the city lord of the Abandoned Land, it seems that the entire Abandoned Land belongs to you Is it the strongest? Just right, Benzhu also wants to see,

What is the strength of the strongest in this abandoned land? "

After finishing speaking, he didn't give Jia Luo Ming Zu a chance to speak at all, Wan Gu Ming Zu urged the death scythe, and slammed down on the top of Jia Luo Ming Zu's head. The black knife light was like lightning, and suddenly appeared on the head of Jialuo Mingzu.

[Chapter 5387: so fast](#)

Seeing this, Jialuo Mingzu's pupils shrank. He never thought that Wangu Mingzu's temper would be so bursting. opportunity to speak.

And when he reacted, the death scythe of Wangu Mingzu had already appeared on top of his head.

boom!

I saw the terrifying killing intent contained in the death scythe, and the billowing killing intent continued to hit him. Before it completely fell on his head, Jia Luo Mingzu felt a strong killing intent tearing him, Almost split his head in half.

Moreover, under the shroud of this murderous intent, Jia Luo Mingzu found that the void around him had solidified under this killing intent, and there was no way to hide.

"Damn it!"

At this moment, Jia Luo Mingzu suddenly raised his heart. If he didn't resist such a terrifying killing intent, he would definitely be seriously injured. But if he blocked it directly, his hiding for so many years would definitely be killed by other caring people. Seeing the clues, he instantly entered a dilemma.

There must be a way.

In his mind, Jia Luo Mingzu hurriedly sacrificed a black shield, and frantically resisted it on top of his head. The black shield burst into an astonishing aura instantly, and then said anxiously: "This brother has something to say..."

With a bang, before Jialuo Mingzu could finish his sentence, Wangu Mingzu's death scythe had already slammed onto the black shield that suddenly appeared.

There was a crackling sound, and the black shield shattered instantly under the attack of Wangu Mingzu. The terrifying shock wave sent Jialuo Mingzu flying out instantly. He grunted, and the corner of his mouth hurriedly A trace of blood spilled out.

At the same time, taking advantage of the impact, Jialuo Mingzu's figure quickly retreated, trying to increase the distance between him and Wangu Mingzu.

"Hey, don't say anything. What I admire most in this life are people with strength, and what I look down on the most are people who put on airs. Since your Excellency is the lord of the abandoned city, you must have extraordinary cultivation. Come, have a good time with this ancestor. Let's talk about the next game."

Wangu Mingzu's eyes were indifferent, and he took a step forward.

In the voice, the death scythe turned in vain, and with a bang, a terrifying domain power instantly spread out, covering the world in all directions.

As soon as this domain power appeared, the faces of everyone present changed.

Ten Thousand Bone Domain!

As one of the seven underworld generals under the command of Emperor Youming, Myriad Bone Ancestor, although his cultivation level has not been completely recovered, his control over the domain is far superior to almost all the masters of the restricted area present.

Therefore, when his domain spread out, everyone could feel the terrifying restraint force contained in such a domain, as if a heavy mountain was pressing down on them fiercely, trying to crush their bodies.

Under such a field, their overall strength will be greatly suppressed.

"The Seven Great Underworld Generals are indeed not in vain."

The pupils of the lord of the black prison and the patriarch Yan Hun suddenly shrank, and they were secretly startled. They wanted to have a conflict with Qin Chen before, but after feeling the domain of

the ancestor of the gods, they all woke up instantly and wanted to deal with the Underworld Lord, one must first take down the Myriad Bone Underworld Ancestor.

boom!

In the four directions of heaven and earth, the terrifying order field impacted, Wangu Mingzu's figure was vertical, and Jialuo Mingzu didn't have a chance to speak at all. Bright runes lit up on the death scythe, and the black knives turned into dense clusters of light. The knife net slashed down towards Jialuo Mingzu crazily.

"This **** is simply too deceitful."

Jialuo Mingzu was furious, wishing to tear Wangu Mingzu apart on the spot, but he knew that once he did this, he would inevitably cause big trouble, so he could only mobilize his own domain, It collided with the domain of Myriad Bone Nether Ancestor.

boom!

The domains of the two collided, and Jialuo Mingzu's domain suddenly burst into crackling and roaring sounds. It was obvious that they were constantly trembling under the suppression of Wangu Mingzu's domain, as if they were about to collapse at any time.

At the same time, a pair of pitch-black gloves appeared in Jia Luo Mingzu's hands, and the gloves flickered with black light, and he bombarded the sword light covering the sky again and again.

Boom boom boom!

When the fists and knives collided, Jia Luo Mingzu's figure kept retreating. Every time he took a step back, his face would turn pale, but after fighting hundreds of knives in the blink of an eye, he was still retreating again and again. Zu's attack.

"Hey, Your Excellency is really strong. You can even easily block the attack of the ancestor's top-level death scythe. I'm afraid that such a strength can't be possessed by the strong in the late stage of triple transcendence, right? You are worthy of being the city lord of the abandoned city, I'm afraid It's stronger than those two guys next to it."

Wan Gu Ming Zu laughed and glanced at the Lord of Hei Prison and Patriarch Yan Hun beside him.

Immediately, the face of Jia Luo Mingzu, who was resisting under the light of Wangu Mingzu's knife, changed drastically. With a bang, he was instantly blown out. Stop, I have carried it to the extreme, everyone, stop him quickly."

"Hey, now it's a duel between my ancestor and City Lord Jia Luo. Anyone who dares to stop him will be my ancestor's enemy."

Wangu Mingzu glanced around, his eyes were cold, but his hands kept moving, and the attack of the death scythe surged again.

"Take this move from the ancestor again."

During the explosion, countless pitch-black runes suddenly erupted from the death scythe. Each of these runes was like a black star. Countless stars circulated and finally converged into a suffocating and terrifying knife aura, which slashed towards Jia Luo Mingzu.

boom!

The astonishing black saber energy directly devoured Jia Luo Mingzu, trying to annihilate him completely.

"You... dare to be so rude to the city lord, presumptuous!"

At this moment, there was an angry scream from the side, and the next moment, a black figure suddenly appeared beside Wangu Mingzu.

This figure was like a ghost, and it appeared directly beside Wangu Mingzu in an instant. The speed was so fast that most of the people present did not have time to react. The back heart of Gu Mingzu.

It is the Shadow Demon Ancestor!

How could Shadow Devil Ancestor be able to hold back when he saw Wangu Mingzu attacking Jialuo Mingzu so arrogantly? Directly displaying his magical powers of order, he turned into a phantom and attacked Wangu Mingzu.

laugh!

The pitch-black Emei thorn is like a black lightning, approaching the body of Wangu Mingzu.

"What a speed!"

In the distance, the pupils of all those who saw this scene shrank, even the Lord of Hell Prison and the Patriarch Yan Hun's eyes turned cold.

The speed and attack of the Shadow Demon Ancestor were too weird and fast. It was better than the two of them didn't notice the Shadow Demon Ancestor at first, and didn't react until the opponent made a move.

When did the Shadow Demon Ancestor become so powerful?

The two couldn't help but look at each other.

Although the Shadow Devil Ancestor is one of the five deputy city lords of the Forsaken City, his strength is much worse than the two of them. Now, at least in terms of speed, this Shadow Demon Ancestor is definitely not inferior to the two of them.

[Chapter 5388: your cultivation](#)

laugh!

The black Emei thorn carried a cold killing intent, and instantly penetrated to the back of Wangu Mingzu's heart. Before the icy cold pierced into Wangu Mingzu's body, it seemed to freeze his body.

"Um?"

Wangu Mingzu was startled, the speed of this Shadow Demon Ancestor was so fast.

What is the vision of Wangu Mingzu?

He could tell at a glance that the speed of the Shadow Devil Ancestor had definitely reached the peak of triple transcendence, and ordinary people couldn't dodge it at all.

Moreover, the black Emei stabbing in the hands of the Shadow Demon Ancestor carried a hint of cold power, this force carried a cold killing intent, before piercing into the body of Wangu Mingzu, it made him feel the power of the soul. A faint feeling of stiffness.

"It's no wonder that after being stabbed by the Shadow Demon Ancestor, the Black Underworld Axe Emperor couldn't even move. He could only be bombarded and killed by Najialuo Mingzu. The attack of the Shadow Demon Ancestor also had a soul attack."

Wangu Mingzu understood in an instant that if he was stabbed by this Shadow Demon Ancestor, the flesh of the Forest Ghost King might not be able to resist it at all.

In the distance, seeing the Shadow Demon Ancestor not hesitate to expose part of his strength to sneak attack Wangu Mingzu, Jia Luo Mingzu, who was originally shrouded in the attack of Wangu Mingzu, was overjoyed.

Now under the crisis of the Shadow Devil Ancestor, if the Myriad Bone Nether Ancestor knew the danger, he would probably return to defense immediately, then he would be safe.

"It's a pity that the Shadow Devil Ancestor will definitely reveal some strength."

Jia Luo Mingzu sighed in his heart, if he could, he would not want the Shadow Devil Ancestor to reveal any strength at all, once he was jealous of the Lord of Hell and the ancestor of Yan Hun, then his subsequent plans would not be so easy to implement, But who knew he would meet such a lunatic as Wangu Mingzu.

"This son, I must kill him."

A trace of coldness flashed deep in Jialuo Mingzu's pupils.

However, before he could let out a breath in his heart, there was a bang, the death scythe that wrapped him was not taken back by Wangu Mingzu, but continued to slash down with endless black knife light, the terrifying death scythe Intention crazily penetrated into his body.

At the same time, Wangu Mingzu raised his hand, and a jet of black water from the Dead Sea turned into a long black dragon and swept towards him.

boom!

The terrifying death knife light was accompanied by endless killing intent, like heavy waves, trying to wipe out everything around Jialuo Mingzu.

"Is this guy crazy? He even ignored the sneak attack of Shadow Devil Ancestor and wanted to kill me. Isn't he afraid of death?"

Jia Luo Mingzu was so frightened and angry that he was about to go crazy.

He never imagined that Wangu Mingzu would kill him here regardless of the sneak attack of Shadow Demon Ancestor?

What the **** does this have to do with him?

Even if it is the revenge of killing one's father, the hatred of taking one's wife is nothing more than that, right?

Not to mention that Jia Luo Mingzu was frightened and angry, the master of the black prison, the ancestor of Yanhun and the ancestor of Guilong ghost were also dumbfounded.

What's the situation? Isn't Wangu Mingzu afraid of death?

"F*ck!"

Under Jia Luo's name, he was frightened and angry, but he didn't care so much. If he didn't resist at this time, he was afraid that he would be directly beheaded here by Wangu Mingzu.

"Senior Wangu, are you crazy? Brother Mingzhu, don't tell him to stop quickly!"

While yelling Jia Luo's name, he hoped that Wangu Mingzu would stop. When he felt the endless killing intent almost touch his body, he finally stopped his delusions.

With a bang, a terrifying domain aura erupted from his body suddenly, and at the same time, a killing intent like a vast ocean also erupted from his body, colliding fiercely with the domain of Myriad Bone Nether Ancestor .

Boom!

Like a comet hitting the earth, the two powerful domains collided with each other in an instant, and the surrounding void suddenly twisted, deformed, and then shattered with a bang.

And Jialuo Mingzu seized the opportunity, blasting thousands of punches in a row in an instant, and the countless shadows of the fists turned into monstrous waves and swept out. They collided together suddenly.

Kaka Kaka...

There was an ear-piercing sound of cracking and roaring in the void, and the two terrifying forces continued to impact, shocking countless strong people around to retreat crazily.

"asshole."

Shadow Demon Ancestor saw that Wangu Mingzu wanted to attack Jialuo Mingzu regardless of his own safety, and was extremely shocked and angry.

"You are courting death."

A trace of ferocity suddenly flashed from his eyes, a trace of ferocity flashed across his face, and the Emei thorn in his hand stabbed fiercely at the back of Wangu Mingzu.

"Go to hell."

A roar suddenly came from the bottom of his heart.

However, seeing that his Emei thorn was about to pierce Wangu Mingzu's back heart.

suddenly.

Ka Ka Ka!

He felt that his physical body was trapped in a solid void, and the speed of the Emei thorn in his hand slowed down instantly. It was obviously only a little away from the Wangu Mingzu, but it seemed to traverse Countless starry sky is like, incomparably long and far away.

"Space field!"

Shadow Devil Ancestor suddenly changed color and turned to look at Qin Chen who was not far away.

There was a smile on the corner of Qin Chen's mouth, and he said softly, "Wan Gu is having fun with City Lord Jia Luo, isn't it a little too much for your Excellency to intervene like this?"

An invisible space domain bloomed from his body, enveloping the Shadow Demon Ancestor tightly.

"you..."

The Shadow Devil Ancestor changed his color. Although he knew that Qin Chen was very powerful, it was absolutely extraordinary to be able to kill the tomb owner in full view, but he never expected that Qin Chen's space domain was so powerful, even his shadow demon order couldn't break free for a while.

"snort."

There were streaks of invisible black devilish energy surging in the pupils of the Shadow Demon Ancestor, and with a bang, the breath on his body soared in an instant, and the Emei Thorn in his hand wanted to break free from Qin Chen's restraint, and pierced into the body of Wangu Mingzu.

"Shadow Devil Ancestor, I haven't seen you for a long time. I didn't expect your strength to grow so much. Don't bother Lord Mingzhu to do it. Let me, Xuesha, play with you."

A loud voice resounded through the sky and the earth, Shadow Demon Ancestor raised his head suddenly, and saw a boundless sea of blood crazily sweeping towards him, covering his whole body in an instant, completely imprisoning the void around him.

Incarnation of the sea of blood.

"Damn it."

Shadow Devil Ancestor's pupils shrank suddenly.

They are all top powerhouses in the Abandoned Land. The Shadow Devil Ancestor naturally knows the strength of the Blood Fiend Ghost Ancestor. Among so many masters of the restricted area, he is not afraid of others at all. For the strong, he has the confidence to assassinate him here in a short time.

But the Blood Fiend Ghost Ancestor is the incarnation of the blood sea, and the blood sea is vast. If he wants to kill him, he must annihilate all the virtual seas. His assassination methods will be suppressed to the extreme in front of the Blood Fiend Ghost Ancestor's blood sea.

"break!"

The Shadow Devil Ancestor roared, and a black light suddenly flashed across the Emei Thorn in his hand, trying to tear the blood sea of the Blood Fiend Ghost Ancestor apart.

If you want to defeat the Blood Demon Ghost Ancestor, you must not be enveloped by his blood sea, you must tear the blood sea and escape immediately.

Tear!

The black light pierced through the endless sea of blood, but to the horror of Shadow Demon Ancestor, his Emei stab failed to tear apart the blood sea of Blood Demon Ancestor in an instant.

"Your cultivation..."

The Shadow Demon Ancestor felt the transcendent power of the Blood Fiend Ghost Ancestor around him in astonishment, and his expression changed suddenly.

[Chapter 5389: say a few words](#)

The Shadow Demon Ancestor could feel the breath of the vast sea of blood all around him in disbelief. At this moment, he quickly woke up. The Blood Demon Ancestor in front of him had already touched the realm of triple peak detachment.

When did this happen?

The Shadow Demon Ancestor was startled and angry. He has investigated the strong men in the abandoned land very clearly. He knows the cultivation and strength of each strong man very well. He and the Lord of the Tomb of Death

This is only the late stage of the triple detachment, and it has definitely not reached the peak of the triple detachment.

but now?

A strong crisis suddenly rose from his mind.

"Damn it, with the current realm and strength of this blood demon ancestor, if he doesn't leave in time, I'm afraid he will really trap me in this endless sea of blood." The shadow ghost ancestor looked shocked and angry.

Unlike fighting other strong men, he can easily hide his strength and show his weakness to the enemy, because even if he encounters danger later, he can instantly burst out of his hidden strength and escape directly, and even kill the opponent back.

But the Blood Fiend Ghost Ancestor is different.

Once wrapped in the endless blood sea of the blood fiend ghost ancestor, anyone will only become more and more trapped, more and more passive. If you don't kill at the beginning, and then show your strength to kill at the end, it will be more difficult than killing at the beginning several times.

Touching the Blood Fiend Ghost Ancestor who has transcended the peak state of the triple transcendence can definitely threaten him.

"hateful!"

Shadow Devil Ancestor's eyes flashed fiercely, and a suffocating cold light suddenly shot out from his pupils.

"Shadow clone!"

With a roar, the figure of the Shadow Demon Ancestor suddenly split apart, one point ten, ten hundred, one hundred percent...In an instant, the endless blood of the Blood Fiend Ancestor was filled with the Shadow Demon Ancestor's figure, densely packed, Suspended in the sky, every figure exudes a suffocating breath, and is aimed at all directions of the sea of blood.

hit.

"Um?"

The blood fiend ghost ancestor's pupils shrank.

"The sea of blood is overwhelming!"

boom!

The endless sea of blood suddenly boiled, and the strong will of the sea of blood was surging, and it contained traces of astonishing killing intent, covering all the ancestors of the shadow demons in the sea of blood, strengthening any blood sea barrier around it.

"kill!"

The Shadow Devil Ancestor yelled, and countless figures stomped their feet vigorously. At the same time, they burst into the air, slashing fiercely on the surrounding blood sea.

boom! Under the terrifying attack, the endless sea of blood transformed by the blood fiend ancestor shook quickly. He thought he would be attacked extremely horribly, but after clearly feeling the attacks of countless clones of the shadow ghost ancestor, the blood fiend ancestor's expression violently

Yichang: "Huh? The power of these avatars is only one percent of the previous attack of the Shadow Demon Ancestor..."

"It's blindfolding!"

No, I was confused.

The Blood Fiend Ghost Ancestor woke up instantly. The purpose of the Shadow Demon Ancestor's countless incarnations was not to attack in an all-out way and find a breakthrough, but to use this method to disperse the power of the sea of blood.

With his current strength, if he gathers all his strength in one place, he can definitely stop the Shadow Demon Ancestor, but once his strength is dispersed, he will definitely find a breakthrough.

really.

boom! At the moment when countless clones attacked the blood sea, the clones of hundreds of Shadow Demon Ancestors who had not yet made a move in the Blood Sea suddenly moved at this moment. Through the shots of other clones, the Shadow Demon Ancestor instantly sensed the power of the blood sea transformed by the blood demon ancestor.

At the weakest point, the sky full of clones quickly merged towards the closest clone.

The clones all over the sky were like a group of swallows returning to their nests, they merged into one of the clones one after another, and slashed towards the weakest sea of blood in front of them.

boom!

The black light was misty, and it blasted on the blood sea, as fast as lightning, and it was impossible to prepare.

"Damn it." Xue Fiend Ghost Ancestor yelled in his heart, the sea of blood surged, and the power of countless blood seas rushed towards that place, but it was too late, and there was a bang, and the attack of Shadow Demon Ancestor Splitting in the sea of blood, it is like opening the sky

The blade tore through the sky, and the terrifying penetrating power forcibly tore open the endless sea of blood, revealing the misty void outside.

Swish!

With a flash of fluctuation in the void, the Shadow Demon Ancestor turned into a stream of light and rushed out along the gap in the torn blood sea. In an instant, he had escaped the shackles of the Blood Fiend Ghost Ancestor and appeared outside the blood sea.

The whole process sounds long, but in fact it only takes a moment.

From Qin Chen using the space domain to imprison the Shadow Demon Ancestor, to the Blood Fiend Ghost Ancestor turning into a sea of blood to trap the Shadow Demon Ancestor, and finally to the Shadow Demon Ancestor escaping from the sea of blood, it was only a few breaths.

"Um?"

Qin Chen frowned and looked at the Shadow Devil Ancestor who reappeared not far away.

"Wow!"

The endless sea of blood in the void condensed into a human form, and the blood demon ancestor returned to Qin Chen, a little ashamed and said: "My lord, this subordinate is incompetent, let this shadow ghost ancestor escape."

Such a good opportunity failed to trap him before, and if he tried to trap him later, the difficulty would inevitably increase a lot.

"No problem."

Qin Chen smiled: "The effect has been achieved."

The Blood Fiend Ghost Ancestor turned his head, and saw the void not far away, the Lord Jia Luo was suspended there, his face was gloomy, and a suffocating and terrifying aura erupted from his whole body. On his body, the clothes are a bit torn, but there are not too many injuries, especially the aura on his body is like a deep prison, which is not weaker than the master of the black prison and the ancestor of Yan Hun at the side, and his face is ugly. A few people

. The Wangu Mingzu held the death scythe, looked at Jialuo Mingzu and the shadow devil ancestor not far away with admiration, and said in admiration: "With the method that this ancestor used before, in exchange for the previous method that the tomb master of the death **** was afraid of!" Is he already dead and can't die anymore, or brother Jia Luo is so powerful that even the sharpness of the death sickle of the peak underworld soldier can't break through brother Jia Luo's defense. No wonder he will become the city lord of the abandoned city. Unparalleled invincibility, this aura is probably already reached

The peak of the late triple stage is beyond the realm, it's amazing. "

Jialuo Mingzu's face was gloomy, and he didn't say a word.

Previously, Wangu Mingzu killed him as soon as he came up. He didn't even have a chance to pretend to be weak, so he could only be forced to reveal his strength.

Wangu Mingzu continued to smile and said: "Before this ancestor was still wondering why Brother Jia Luo was the city lord of this abandoned city, not the master of the black prison and the ancestor Yan Hun. Now it seems that Brother Jia Luo It really deserves its name." "And this one should be Brother Shadow Demon, who can easily escape the blood **** of the Blood Fiend Ghost Ancestor. Although the Blood Fiend Ghost Ancestor is a bit useless, he still has strength. Once trapped by it, even the strong in the late stage of the triple detachment cannot escape,

Brother Shadow Demon's current strength must have reached the peak of the triple transcendence, right? "

Wangu Mingzu smiled, showing sincere admiration.

Hearing this, in the distance, the Lord of the Black Prison, the Patriarch of Yanhun, the Patriarch of Guilong and other powerhouses all had suspicious and vigilant expressions on their faces. Be vigilant and thoughtful. Although one is the Lord of the Abandoned City and the other is the Deputy Lord of the Forsaken City, the ancestor of Jialuo Ming and the ancestor of the Shadow Demon are all of the strengths that have been exposed before.

Between brothers.

But now...

The aura and strength that the two erupted at the critical moment actually made both the Lord of Hell Prison and the Patriarch Yan Hun feel the slightest threat.

These two people actually hid it so deeply.

for what purpose

Feeling the suspicious and vigilant eyes around him, Jia Luo Mingzu's face was ugly, and he cursed in his heart. "Senior Wangu was joking, and I was just lucky enough to carry it before. It seems that there is no serious problem, but in fact, Yuanyuan has been seriously injured." Jialuo Mingzu shook his head with a wry smile, coughed, a trace of blood overflowed from the corner of his mouth, and he was very happy

He seemed to be extremely weak, and his previous strength seemed to be just pretending.

When speaking, Jialuo Mingzu retreated quietly, far away from Wangu Mingzu, apparently afraid that he would strike again suddenly.

"Is the source seriously injured?"

The Lord of Hell Prison, Yan Hun Patriarch and others all looked at Jia Luo Ming Zu in surprise. At this moment, Jia Luo Ming Zu's breath was much weaker than before, which made them wonder whether Jia Luo Ming Zu was just desperate to die. outbreak?

"Hehe, Brother Jia Luo really has good strength." Seeing this, Wangu Mingzu couldn't help but exclaimed again: "Tsk tsk, I have seen countless masters, and it is the first one who is as miraculous as Brother Jialuo , earlier, my ancestor made a casual move, and brother Jialuo just vomited blood, as if

This ancestor made a full attack, but Brother Jia Luo still just vomited blood. I don't know if Brother Jia Luo still just vomited blood when this ancestor becomes the Great Emperor. "

"And Brother Shadow Demon, you won't be vomiting blood if you are injured too? If you want to vomit, vomit quickly, and you will vomit something strange later."

Wan Gu Ming Zu looked at Shadow Demon Ancestor and laughed.

"Oh shit."

grass!

Shadow Devil Ancestor and Jia Luo Mingzu's faces were ugly, and they cursed in their hearts, Wangu Mingzu is simply too cheap.

At this moment, they even wondered whether Wangu Mingzu was a general under the command of Emperor Youming, and under the command of the Great Emperor, is there such a lowly person? What a bitch.

"Okay, Wan Gu, don't say a few words." At this moment, Qin Chen scolded Wan Gu Ming Zu, and scolded: "You want to compete with Lord Jia Luo, but I don't care about you, but who told you to play so hard just now?" Hands? Brother Jia Luo is the lord of the abandoned city, the leader of my abandoned land, you

If he is injured, the forbidden area behind will be opened, what if I can't leave the abandoned land? "

"Yes, Master Ming, my subordinates must pay attention next time." Wan Gu Ming Zu hurriedly said.

"Brother Jia Luo, Brother Shadow Demon, are you all okay?" Qin Chen asked with concern.

"fine."

The two talked together.

"It's good that it's okay, this Wan Gu, because he was once under the emperor's command, he doesn't even listen to the words of the Lord, I will teach him a lesson later." Qin Chen said with a smile.

Both Jialuo Mingzu and Shadow Demon Ancestor had gloomy faces.

hum! At this moment, the forbidden area of the Dead Sea suddenly shook.

[Chapter 5390: eerie call](#)

boom!

The originally calm Dead Sea Forbidden Land suddenly fluctuated at this moment, and a terrifying killing intent burst out from it, and in an instant, a suffocating breath shot straight into the sky.

Boo!

Like an invisible ripple, the entire void twisted like a cloth, and a terrified aura that made everyone's hairs stand on end permeated the entire Dead Sea in an instant.

"What?"

At this moment, everyone looked forward in horror, where the forbidden area of the Dead Sea was, the black vortex was constantly surging, and there seemed to be a hole faintly revealed. The hole was deep, as if leading to an endless mysterious world.

"The forbidden area of the Dead Sea has opened."

"Look, everyone, the killing intent all around has disappeared a lot."

"No, it didn't disappear, it was absorbed by the entrance of the forbidden area of the Dead Sea."

Whoooo!

In the void, countless murderous auras surged, and they were swallowed by the entrance of the Dead Sea forbidden area in front of them. Under the rolling force, everyone felt that the surrounding killing auras were emptied.

At this moment, everyone turned their attention away from Jialuo Mingzu, Qin Chen and others, and looked at the entrance of the forbidden area of the Dead Sea with a pair of fiery eyes.

There, most likely, there is a way for them to get out of the Forsaken Land.

"Everyone, everyone integrates the power of the soul that they have collected into it."

At this time, the Lord of Hell was the first to speak out. As soon as he raised his hand, a black purgatory treasure appeared in the void. The purgatory treasure trembled, and immediately a strong spiritual breath drifted downward. Together with the endless killing intent, it was swallowed by the entrance of the Dead Sea forbidden area.

And as the power of the soul was swallowed, the palpitating aura at the entrance of the forbidden area of the Dead Sea gradually changed.

"Huh? The terrifying aura at the entrance to the forbidden area of the Dead Sea is actually weakening?"

Qin Chen's pupils shrank, showing surprise.

After the opening of the Dead Sea Forbidden Land, he could clearly feel that the entrance of the Dead Sea Forbidden Land had undergone astonishing changes, and contained an extremely terrifying crisis of killing intent. Even if he rushed in rashly, he would definitely die.

But now, after the lord of the black prison integrated this pure spiritual power into it, the dangerous atmosphere at the entrance of the forbidden area of the Dead Sea suddenly weakened a little. This change is so obvious that anyone can easily feel it.

Qin Chen glanced around.

It's no wonder that when they were in the Abandoned Lands, the masters of these restricted areas were searching for young souls everywhere. They never thought that the crisis at the entrance to the Dead Sea Forbidden Area could really be resolved with the power of the souls.

And with the attack of the master of the black prison, the other masters of the restricted area around him also moved.

Whoosh whoosh!

One after another figures quickly flew to the entrance of the forbidden area of the Dead Sea, opened their treasures one after another, and injected the collected soul breath into the entrance.

In an instant, horrified voices came from the entrance, as if a wraith was roaring.

"My lord, let's go up too."

Old Demon Xuangui said to Qin Chen from the side, seeing Qin Chen nodding, Old Demon Xuangui and others stepped forward one after another, and also took out the treasure that collected spirits and souls on their bodies, and injected the pure power of spirits and souls into it.

far away.

The Shadow Demon Ancestor and Jia Luo Mingzu, who were not paying attention, gathered together at this moment. The Shadow Demon Ancestor had an ugly face and said gloomily: "My lord, it was my subordinate who was careless and ruined your plan. The Blood Fiend Ancestor Half a foot has already stepped into the peak state of triple detachment, and the subordinates can only reveal their strength before, otherwise once they are trapped, they may really be in danger of their lives."

Jialuo Mingzu's eyes were cold, and he looked at Qin Chen not far away, "These guys should be doing it on purpose, it doesn't make sense? I have never met this person before, why would this person target me? There is definitely something wrong with this person. eccentric."

Jialuo Mingzu's eyes were eagle-like. With his eyes, he couldn't see that Qin Chen was trying to test himself on purpose.

"My lord, is this kid suspicious of us? Then what shall we do next?" A coldness surged on Shadow Demon Ancestor's body: "How about letting the subordinates directly attack and kill that kid?"

"Don't be reckless."

Jia Luo Mingzu interrupted the Shadow Devil Ancestor: "This person has a strange background, so don't startle him. After entering the forbidden area of the Dead Sea, we have a lot of ways. Remember, once we enter the forbidden area of the Dead Sea later, we will act according to the plan we agreed before."

"Yes, my lord, this subordinate will remember." Shadow Devil Ancestor said respectfully.

"Go, go up, and open the forbidden area of the Dead Sea."

Jialuo Mingzu and Shadow Demon Zu stepped forward in an instant, and at the entrance of the forbidden area of the Dead Sea, they directly sacrificed treasures and exerted the power of their souls.

It's just that the soul power of Jialuo Mingzu is extremely weak, much weaker than any master of the restricted area present.

"Everyone, I have been sitting in the abandoned city, and how much power of the soul has been collected, I hope you will forgive me."

Sensing the eyes of the masters of many restricted areas, Jia Luo Mingzu hurriedly explained.

Qin Chen glanced at Jialuo Mingzu. He wanted to expose the other party completely before, but he didn't expect the forbidden area of the Dead Sea to suddenly open.

"I don't know what's going on in this forbidden area of the Dead Sea. If you enter it and disperse, you must be careful about this person."

Qin Chen secretly warned Xue Fiend Gui Zu and others through voice transmission.

"Young Master Chen, don't worry, if this ancestor meets that guy, he must be killed, and his dog's head will be taken off." Wangu Mingzu chuckled.

But the Blood Fiend Ghost Ancestor and the Xuangui Old Demon responded one after another.

"Don't be careless."

Qin Chen looked serious: "Before this young master, I felt a few breaths of water from the springs of the Dead Sea on this person."

"The breath of the spring water of the Dead Sea?"

"That's right. If I'm not mistaken, many of the masters of the restricted area who were with Guilong Guizu and the others but have never appeared now may have died in the hands of this person."

Qin Chen said in a deep voice.

Myriad Gu Mingzu and the others felt a chill in their hearts.

It's nothing to be able to kill the master of the forbidden zone, it is possible to kill many masters of the forbidden zone without anyone noticing, absolutely no one can do it.

"There is little dust, don't worry, I will be careful later."

Wangu Mingzu even said.

Qin Chen nodded, just about to say something else.

woo woo woo...

Suddenly, a palpitating sound sounded again from the entrance of the forbidden area of the Dead Sea, and faint cries for help suddenly sounded in Qin Chen's mind. in mind.

"Who is calling?"

Qin Chen was startled, and made a low voice, but turned around to find that the other masters of the restricted area, including Wangu Mingzu, seemed not to have heard them, and did not respond in any way.

"Young Master Chen, what's wrong with you?" Wan Gu Mingzu and the others were startled when they saw Qin Chen's expression.

"Have you ever heard any sound?" Qin Chen said in a deep voice.

"Voice? No?"

Wangu Mingzu and others shook their heads with puzzled expressions.

Dust, what's the matter? Hallucination?

"did not hear?"

Qin Chen frowned, he pricked up his ears, listened carefully, and clearly felt faint whimpers coming from the entrance of the forbidden area of the Dead Sea. They were almost exactly the same, but the strange thing was that besides him, no one heard the voice.

"Um?"

Suddenly, Qin Chen looked at Jialuo Mingzu on the other side, and saw Jialuo Mingzu frowning tightly, as if he was disturbed by something.

Could this man also hear the call?
