boom!

And when Qin Chen was puzzled, an astonishing roar suddenly resounded, and he saw that the dark vortex in front of him instantly transformed into dizzying rays of light, and the countless murderous auras in it were swept away in an instant .

"This is..."

Qin Chen and the others lowered their heads, and saw a mysterious space channel appearing in the black vortex below, and the killing intent dissipated, leading to an unknown area.

"This is, the entrance to the Dead Sea forbidden area has been opened?!"

"Is it a passage, and through this passage, can you enter this forbidden area?"

"Sure enough, using the power of the soul can neutralize the killing intent in the passage."

All the masters of the restricted area were excited.

"No, everyone, take a quick look, the killing intent in the surrounding Dead Sea seems to have dissipated?"

At this time, a voice of surprise suddenly sounded.

Dead Sea killing intent disappeared?

Everyone was startled, and they all turned their heads to look around. Qin Chen also frowned and looked around.

After the Dead Sea forbidden area was opened, not only was the killing intent at the entrance of the forbidden area swept away, but at this moment, even the killing intent over the entire Dead Sea seemed to have completely dissipated and became extremely calm, as if the entire Dead Sea had become An extremely ordinary ocean, without any danger or murderous intent.

"The Dead Sea has no killing intent anymore? Then can't we just leave the Dead Sea?"

The master of the forbidden area said excitedly, he looked deeper into the Dead Sea, his eyes suddenly showed uncontrollable excitement, and with a bang, his figure hurriedly swept deeper into the core of the Dead Sea.

With his movement, the others couldn't help but eager to try.

Because in everyone's understanding, the Abandoned Land is an isolated island continent standing above the Dead Sea, and the surrounding Dead Sea is the vast ocean that surrounds the Abandoned Land, trapping the Abandoned Land in this world.

If one could keep flying towards the depths of the Dead Sea, one day one would be able to rush out of the abandoned land and return to the underworld.

What hindered everyone from leaving was only the terrifying killing intent contained in the Dead Sea.

Now that the killing intent in the Dead Sea has suddenly disappeared, why don't they get excited? As long as they are darting toward the sea of death in spite of everything, will they be able to see the continent of the underworld immediately?

"Come on, why don't we try?"

"This forbidden place in the Dead Sea is extremely strange. Now that the killing intent in the Dead Sea has disappeared, why do we still have to go in?"

Many restricted area masters said excitedly.

The one who rushed out was not the only one who had this idea.

After all, what are the masters of these restricted areas gathering here for now? It's not for leaving this abandoned place, but now that the Dead Sea has no killing intent, why do you want to venture into this weird forbidden place of the Dead Sea?

"My lord, should we also rush out?"

The old devil Xuangui couldn't help asking Qin Chen.

"No, it's not that simple."

Qin Chen suddenly raised his head and looked intently at the Dead Sea around him.

The killing intent in the Dead Sea in front of him suddenly disappeared strangely, but for some reason, he felt an inexplicable uneasiness in his heart, which was even weirder than the previous Dead Sea killing intent.

"ah!"

At this moment, Qin Chen suddenly heard a scream, and saw that the first master of the restricted area who rushed to the periphery of the Dead Sea hadn't rushed far, and an invisible and strange force suddenly enveloped the place. One after another sizzle sounded from the body of a master of the restricted area, and the master of the restricted area was instantly corroded.

Under the screams, everyone saw that the lord of the restricted area frantically urged his own order domain, and the terrifying power of order rushed wildly, but it was of no avail at all. The cultivation base as powerful as the triple detachment peak was under this mysterious force. Underneath, he was as fragile as an ant, and black holes were quickly corroded on his face, body, and limbs.

"Ugh!"

The lord of the restricted area stared at Qin Chen and the others not far away with wide-eyed, terrified and desperate eyes. The Lord instantly turned into ashes and disappeared without a trace under the eyes of everyone.

"Dead, the master of ghosts is dead."

"How did he die?"

All the masters of the restricted area watched this scene in horror, and stopped in their tracks.

It is unimaginable that a master of the restricted area died so silently, without any resistance.

"ah."

Suddenly, another scream sounded, and not far away, another master of the restricted area was inexplicably burning with black flames.

"No, let me go, let me go."

boom!

The flames burned and devoured him, and in a moment, he was burned to ashes and disappeared.

"Dead, there are weird things here."

"What is it?"

Everyone was terrified, and the fear of death instantly enveloped everyone present.

In this world, there is definitely some kind of special force that threatens the lives of everyone present.

"Everyone, this dead sea cage has been standing in the underworld for so many years. If I can leave so easily, then I won't be trapped here long ago. Perhaps, this forbidden area of the Dead Sea is the only exit. Only by entering inside can I escape. everything."

At this moment, Jia Luo Mingzu suddenly spoke in a deep voice.

Whoosh!

After the words fell, his figure swayed, and he swept straight towards the entrance of the forbidden area of the Dead Sea, and the Shadow Demon Ancestor also swayed, followed closely behind, hum, after the two rushed into it, a force of space emerged, and the two of them instantly Disappear.

"Yes, the forbidden area of the Dead Sea is an exit."

"Rush in."

Whoosh whoosh!

Seeing Ancestor Jia Luoming and Shadow Devil Ancestor rushing into the forbidden area of the Dead Sea on their own initiative, almost all the masters of the forbidden area rushed towards the entrance of the forbidden area of the Dead Sea without anyone's orders, impatient to leave this dangerous world.

buzz buzz...

I saw a series of lights flickering, and after everyone rushed into it, they disappeared one after another.

"Young Master Chen, the power just now seems a bit like the power of a great emperor..." Beside Qin Chen, Wan Gu Ming Zu came to Qin Chen and suddenly frowned.

"The power of the great emperor?" Xuangui, Laomo and the others all looked over.

"The subordinates are just guessing. After all, what else can annihilate a master of the restricted area so easily except the power of the emperor?" Wan Gu Ming Zu affirmed.

"Emperor?"

Qin Chen murmured, neither affirming nor denying.

"Let's go."

Qin Chen glanced around, and he faintly felt a strong sense of crisis lingering in his mind. If he didn't enter the forbidden area of the Dead Sea, he would also encounter danger.

The next moment, Qin Chen and Wangu Mingzu turned into streamers and rushed into the forbidden area of the Dead Sea.

hum!

A violent dizziness came, and Qin Chen felt that he was in a strange space passage, and the surrounding space was so strong that he couldn't control it with his space attainments.

Qin Chen was secretly depressed. His cultivation was too weak. If he could completely control the power of the heart of space, he wouldn't be so passive.

But before the thought in his mind had time to settle down, Qin Chen felt as if he was standing somewhere, and his eyes quickly brightened with a buzzing sound.

What appeared in front of his eyes was a place that looked like a black desert, with gray skies everywhere, with the breath of death and dilapidation, giving people a strong sense of discomfort.

Moreover, Wangu Mingzu who rushed out of the forbidden area with him before also disappeared, and the other masters of the restricted area also disappeared, and they went to nowhere.

"where is this place?"

Qin Chen frowned.

He thought that he would come to a special place under the sea, but he never expected that it would be such a desert?

In the forbidden area deep in the Dead Sea is a desert?

No matter how Qin Chen thought about it, he felt weird.

Here, will there be an exit from the Abandoned Lands?

"No, this desert world..."

Suddenly, Qin Chen narrowed his eyes and looked at the sky around him. The sky was gray, which gave Qin Chen a very strange but somewhat familiar feeling, as if he had felt it somewhere, but he couldn't understand it. Can't recall, this feeling made him extremely uncomfortable.

While Qin Chen was still observing his surroundings, suddenly, two streamers of light landed not far from Qin Chen, one from the left and the other from the right.

"The Lord of Hell?"

"Ghost with giant teeth?"

Seeing these two people, Qin Chen frowned.

It turned out to be these two guys.

"Master Black Prison."

Seeing the Lord of the Black Prison, the giant-tooth ghost immediately showed ecstasy on his face, and after seeing Qin Chen, his ecstasy became even stronger, and he hurried to the Lord of the Black Prison and said excitedly: " My lord, the others are gone, they should have been scattered to other places, and we actually ran into this guy, really lucky..."

Speaking of this, the giant tooth ghost looked at Qin Chen with a hint of murderous intent and excitement.

The Lord of the Black Prison ignored him, and after carefully observing the surroundings, he turned his gaze to Qin Chen.

"Boy, I heard that you have a lot of dead sea spring water on you, so don't hesitate to hand over the dead sea spring water to Lord Heilong." The giant tooth ghost stepped forward and sneered at Qin Chen. The breath diffused in an instant, and at the same time, a huge pitch-black fang appeared on the top of his head.

I don't know what kind of material this fang is made of, and when it appears, it exudes a terrifying killing intent that pierces the void.

The Lord of the Black Prison saw that the Giant Tooth Ghost Lord took the initiative to provoke Qin Chen, but he just kept his expression on his face. Although Qin Chen's previous strength was good, he was extremely confident in his own strength, and there were indeed many dead sea springs in Qin Chen's body. Water, this thing is definitely the top commodity in the abandoned land.

"An idiot!"

Qin Chen glanced at the other party, and didn't even bother to pay attention to this guy. Instead, he continued to frown and look at the void around him. This void gave him a rather familiar feeling, and he must have felt a similar feeling somewhere.

Seeing that his treasure had been sacrificed, but Qin Chen didn't move, the giant tooth ghost suddenly became angry.

[Chapter 5392: top Mingbao](#)

"The boy wants to die." The giant tooth ghost shouted angrily.

Although the strength of the kid in front of him is not weak, but in front of himself and the lord of the black prison, this kid dared to despise him so much. Could it be that this kid thinks that he is invincible, and he can't fight against himself and the lord of the black prison?

Thinking of this, the giant tooth ghost burst into anger, and he didn't hesitate at all. The huge pitch black ghost tooth brought up a pitch-black storm that completely enveloped Qin Chen.

At the same time, the domain of order of the giant tooth ghost has also permeated, and the terrifying spooky aura instantly enveloped Qin Chen, imprisoning him in this world.

Although the giant tooth ghost seems to be extremely reckless, how could it be an idiot who can survive in the abandoned land until now? As soon as it made a move, it was merciless, trying to imprison Qin Chen in the first place, without giving him the slightest chance to resist.

The world that was originally filled with pitch-black deserts was instantly enveloped by a huge ghost aura, and the violent ghost aura squeezed towards Qin Chen like mercury pouring down the ground.

boom!

What's more, this field also contains a series of palpitating and strange murderous intentions, with a series of dizzying feelings, forming a unique spiritual coercion.

This coercion of the soul is extremely strange, constantly trying to rush into Qin Chen's mind, disturbing his soul, and affecting his control over the physical body.

"Huh? Soul attack?"

Qin Chen's eyes were fixed, no wonder this giant tooth ghost is so arrogant, he really has two tricks, it has such a spirit shock in its order field, if it is an ordinary forbidden zone master, he might be directly shocked by his spirit and be attacked by it .

It can be said that with the impact of spirit and soul combined with the field of order, the strength of this giant tooth ghost is probably almost the same as that of the tomb master of death.

It's a pity that the giant tooth ghost met Qin Chen.

He just glanced at the giant tooth ghost lightly, and the order domain containing the astonishing spatial killing intent stretched out in an instant.

Suddenly there was a slight cracking sound in the void, and the giant tooth ghost's face changed drastically. He actually felt that his domain was cracking under Qin Chen's domain.

"Tooth strike..." The giant tooth ghost felt Qin Chen's even stronger domain breath than him, and his expression changed drastically. The black giant tooth in his hand was no longer the black squeeze of mercury pouring down, but turned into a The black destructive dead air that rolls back in the sky

, to devour Qin Chen in an instant.

"Huh, space labyrinth." Qin Chen sneered, and directly stimulated the power of space. With a bang, the cracked ghost energy field that had been squeezed by Qin Chen's space field instantly disintegrated and cracked, and was cut into pieces. many different spaces, and at the same time,

The mysterious rusty sword suddenly appeared in Qin Chen's hand, and a jet-black sword light swept all the killing momentum in the surrounding space, splitting his black destruction and death energy.

"boom!"

The sword energy of the mysterious rusty sword collided with the giant black fangs, easily tearing apart the black light that was like a rewinding sky.

"Perfect Realm, have you already broken through the triple transcendence peak?" The Giant Tooth Ghost uttered angrily. When the fierce killing force restrained him, the Giant Tooth Ghost finally realized that he was Qin Chen couldn't see enough in front of him. The opponent's domain could easily tear his domain apart.

how to spell?

No wonder Qin Chen didn't take him seriously at all. With Qin Chen's strength, how could he take him seriously?

"Pfft..." The sword energy of the mysterious rusty sword, under the addition of Qin Chen's space domain, easily broke through the giant black teeth of the giant tooth ghost, bringing a cloud of blood mist on the giant tooth ghost, and the giant tooth Ya Guijun's arm immediately flew up,

In the black sword light, he was directly strangled into a blood mist.

"Space Domain..."

At this time, the master of the black prison who was still watching carefully before was shocked. He originally wanted to observe Qin Chen's strength through the giant tooth ghost, but he didn't expect that the giant tooth ghost was seriously injured by Qin Chen just by meeting him. . No wonder this kid who claimed to be the Lord of the Underworld was able to kill the Lord of the Tomb of God. Before, he always thought it was the ancestor of the Myriad Bone Netherworld, but this kid was just plundering the formation. Now the Lord of Hell Prison understands instantly that Qin Chen's strength is absolutely comparable to come by yourself

Be not weak at all.

This person definitely has the ability to easily kill the master of the triple detachment late stage forbidden area.

The moment he understood it in his heart, the lord of the black prison raised his hand, and an ancient purgatory treasure appeared in the sky and the earth in an instant, and was blasted out by him in an instant. While blasting out the treasure of purgatory, the void behind the lord of the black prison instantly became extremely dark, as if he had fallen into an endless dark purgatory.

Gods in the dark world. With a bang, the Purgatory Supreme Treasure of the Lord of the Black Prison blasted into Qin Chen's space in an instant, forming a black mountain like a black ancient rune spinning, blocking Qin Chen's attack fiercely. Before Jianguang

.

"Boom boom boom boom boom..."

Qin Chen's black sword light brought the killing momentum of the past space and hit the black treasure of purgatory, making continuous roaring sounds immediately.

In the next moment, the countless black runes had been shattered by Qin Chen's black sword light, and the sword light attack ended there. They were blocked by the last treasure of purgatory, unable to continue chasing and killing the giant tooth ghost.

"Huh? Peak Mingbao?"

Qin Chen felt the Purgatory Supreme Treasure displayed by the Lord of Hell, and frowned. The Purgatory Supreme Treasure displayed by the Lord of Hell was actually the same as the Death Scythe. Ming Bao. With a bang, the battle between Qin Chen and the giant-toothed ghost was only for a moment. After the Lord of Hell intervened, a powerful impact swept out. At this moment, countless black deserts around everyone were swept out, forming a violent storm

.

Taking advantage of this opportunity, the Giant Tooth Ghost stepped back in a hurry, stopped the injury on his arm with a pale face, and looked at Qin Chen in horror.

He can be sure that if the master of the black prison hadn't blocked him earlier, he would have been killed by Qin Chen in front of him at that moment.

When did such a terrifying guy appear in this abandoned place? The countless black runes on the Purgatory Treasure sacrificed by the Lord of Hell have disappeared at this time, and even the body of the Purgatory Treasure has dimmed.

The shock that could not be concealed came out.

A guy who can easily kill a young and powerful man who is detached in the late stage of the third level, and who was called the master of the underworld by the Wangu Ming Zuming under the command of the Nether Emperor.

Where is this sacred? "Hmph, it's no wonder your Excellency is so arrogant. It turns out that you have already transcended the triple peak, and there is also a top-level Mingbao." As soon as the Lord of Hell Prison made a move, Qin Chen felt the other party's cultivation, that kind of breath was extremely mottled and powerful, although

Although it is not as deep as Wangu Mingzu, but it has definitely reached the triple peak detachment state. "However, with this level of strength, do you still want to target the Lord of the Underworld? Isn't it a little too small for the Lord of the Underworld?" Qin Chen sneered, with the mysterious Rusty Sword Sacrifice in front of him, with a proud look on his face, and he had no fear of the Lord of the Hell at all. and the giant tooth ghost

. The lord of the black prison was even more shocked, and couldn't help but cupped his fists cautiously for the first time and said to Qin Chen: "You deserve to be the strong man who killed the tomb master of death, my friend has good eyesight and good means."

[Chapter 5393: buy life](#)

"Why, why don't you two do it anymore?" Qin Chen sneered, the mysterious rusty sword in front of him kept circulating, exuding bursts of aura that made the Lord of Hell and the giant-toothed ghost palpitate,

and said coldly: Just hit it, don't talk nonsense, it's just three times beyond the peak, in other restricted areas

You can be arrogant in front of the lord, but in front of the lord of the underworld, it is still far away.

"The lord of the black prison was shocked. If he thought Qin Chen was bragging when he heard Qin Chen say this at the beginning, then after the confrontation with Qin Chen just now, he has clearly understood that Qin Chen in front of him is indeed have this

Such confidence.

Just the strength he showed before is no longer inferior to him, a triple transcendent peak powerhouse.

Qin Chen looked at the giant tooth ghost, took a few steps forward, and said coldly: "Don't you want to deal with the Lord of the Underworld? Why don't you do it quickly? Kill you earlier, so that the Lord of the Underworld will have time to explore here "While speaking, Qin Chen's space field extended out, and the space field carried a palpitating murderous aura, and instantly blasted in front of the giant tooth ghost, with a bang, the giant tooth ghost doubled Qin Chen's space The domain flew out with a bang

, his face was pale, and he almost spit out a mouthful of ghost blood.

If it weren't for the lord of the black prison to sweep the battle, Qin Chen's impact on this field alone would have seriously injured the giant tooth ghost.

The Giant Tooth Ghost looked at the Lord of Hell in horror, and the Lord of Hell shook his head slightly at him.

Seeing this, the Giant Tooth Ghost King's heart sank, and he hurriedly saluted Qin Chen in fear: "I have no eyes, I offended Senior Mingzhu, and I am willing to compensate Senior Mingzhu for the loss, and I hope Senior Mingzhu has a lot of adults, so let me spare you."

At this time, the Giant Tooth Ghost Lord didn't know that the Lord of Hell had already had the heart to retreat.

The Giant Tooth Ghost knows very well that without the help of the Lord of the Black Prison, he and Qin Chen will only die if they continue to fight. Maybe the Lord of the Black Prison can still have a chance to escape with the help of the peak soldiers, but he must die Undoubted. Seeing that the giant tooth ghost had already opened his mouth, the Lord of the Black Prison also took a step forward, clasped his fists at Qin Chen and said, "Brother Ming, you and I don't know each other if we don't know each other. It was my master who did it rashly before. Please, brother Ming." Be merciful, Brother Juya and I are willing to make up

Compensation for the loss of Master Ming. "Qin Chen sneered coldly, "In the past, this son took the initiative to attack Ben Ming without saying a word, but now he can't beat him and wants to let him go, how can such a good thing happen?" Besides, do you have any good things that can make Ben Mingzhu's heart beat? still

Said that you are willing to hand over your purgatory treasure to compensate the Lord of the Underworld? "

Hearing this, the face of the Lord of Hell Prison suddenly changed.

This purgatory treasure is his core treasure, and also his strongest hole card. If he handed over this purgatory treasure, then he really has no room to resist in front of Qin Chen.

"This master has some things brought from the underworld, and many of them are top-notch good things. You can take a look."

As soon as the words fell, the Lord of the Black Prison raised his hand, and a stored ghost stone flew towards Qin Chen in an instant, and Qin Chen quickly held it in his hand.

"Huh? Nether veins? There are also some top-level materials in the detachment class, hey, there are some top-level underworld skills?" Qin Chen's heart moved.

It has to be said that this Lord of Hell is extremely decisive, and the things he gives are all good things. If they are taken to the outside world, they will definitely drive some strong men in the underworld crazy.

"There are indeed a lot of things." Qin Chen put away the storage stone, and the killing intent gradually dissipated, but his tone was sarcasm.

"My lord..." The giant tooth ghost looked at the Lord of the Black Prison with some shame. He didn't expect that the Lord of the Black Prison would actually give so many good things in order not to fight Qin Chen. Your tyranny, when did you do this?

thing?

Qin Chen looked at the giant-tooth ghost coldly and said, "The master of the black prison has already paid for his life, what about yours? Why didn't you see it?"

Qin Chen made such a blatant threat, but the Lord of Hell and the Giant Tooth Ghost Lord couldn't do anything about it.

"Leave your Mingbao and some necessities, and give him the other things including the storage Mingshi."

The Lord of Hell gave a cold snort to the giant tooth ghost.

The giant tooth ghost's face was gloomy, but he didn't dare to speak, and directly threw his storage stone to Qin Chen.

Qin Chen glanced and found that there were a lot of things in the giant tooth ghost, not only various materials and exercises, but also some jade slips and maps, and some various materials from when the giant tooth ghost was walking in the underworld.

Qin Chen was suddenly overjoyed. It has been too long since Wangu Mingzu left the underworld. Many forces and conditions in the underworld are not well understood. Although the giant tooth ghost has been imprisoned in this forbidden area of the Dead Sea for countless years, many materials have been available for a long time, but how to say

They are all later than Wangu Mingzu.

These things are useless to other people, but they are extremely important to Qin Chen when he returns to the underworld.

In addition, what surprised Qin Chen even more was that there were actually original objects left behind by the Giant Tooth Ghost Lord after hunting down some strong men from the underworld.

These original things contain the Dao of the underworld they own, which has a huge supplementary effect on Qin Chen's cultivation of the Three Thousand Dao.

In addition, there are some unique treasures of the underworld in it, which are of no use to the master of the restricted area like Juya Guijun, but they are of great help to Qin Chen, Sisi, and many underworld creatures in the chaotic world.

"I took the things, so-so, hmph, I thought there were some good things, but they were all rubbish." Qin Chen put away the storage stone and said casually.

The face of the giant tooth ghost suddenly burst into anger.

However, he also knew that the treasures in his storage ghost stone must be inferior to the tomb owner of the death god.

"Brother Mingzhu, it's okay." At this moment, the Lord of Hell Prison felt that the killing intent on Qin Chen's body had faded a lot, and he couldn't help but heaved a sigh of relief, and said coldly.

"It's not enough, I still need some things from you guys."

Hearing Qin Chen's words, the Lord of the Black Prison said angrily, "Brother Ming, I've already given you everything on my body, what else do you want? Isn't it a bit too greedy?"

boom!

The lord of the black prison directly sacrificed the treasure of purgatory, full of murderous aura, and said angrily.

At this time, he regretted it to the extreme. If he had known that this kid was so difficult, he would never have agreed to the giant tooth ghost to do it. Even if he did, he would not have said the way to take out the treasure before.

Now that the treasure has been sent out, but that kid still doesn't give up, how can this make the Lord of Hell not angry?

I was just worried about what might happen in this strange forbidden area of the Dead Sea, and once I did it, the giant tooth ghost would definitely die, but he himself was not afraid, did he really think he was afraid of him?

"My lord just wants a trace of the original Dao breath in you, why make such a fuss." Qin Chen said coldly.

A breath of original avenue?

The two were startled, "What do you want this thing for?"

To the Lord of Hell and the Giant Tooth Ghost Lord, a trace of the original aura on them is nothing at all.

"I'm just curious about your original Dao, why? Don't you even want to show this? Or are you afraid that I will learn your original Dao?" Qin Chen sneered.

Learned?

The master of the black prison and the giant tooth ghost sneered in their hearts. If the way of a forbidden master is so easy to learn, then the underworld is full of forbidden masters.

"for you."

The two snorted coldly, and directly displayed a Dao of Origin, which turned into a black light, and directly swept into Qin Chen's hands.

Qin Chen picked up the two origins and put them away directly, but he was slightly pleasantly surprised in his heart. In this way, he might be able to complete his Three Thousand Ways again.

"For the sake of your sincerity, let me tell you one more thing." Qin Chen glanced at the Lord of Hell, and suddenly said with a sneer.

"What's the matter?" The Lord of Hell Prison stared at Qin Chen warily. "On the surface of the Abandoned Land, you and Yan Hun Patriarch have the highest cultivation bases, and Jia Luo Ming Zu is just a mascot, but in the eyes of this Ming Lord, Na Jia Luo Ming Zu hides extremely deeply, and his strength is strong. I am afraid that he is only stronger than you, but not weaker, this person

Careful planning, hidden cultivation, if you meet later, you have to be careful, otherwise I am afraid that you will directly become the souls of this person's sword. Qin Chen glanced at the two of them and said lightly.

"Hmph, that's him?"

The Lord of Hell snorted coldly, "Let's go."

After the words fell, he urged the treasure of purgatory, turned around with the giant tooth ghost, and was about to leave here. It wasn't until they left far away and found that Qin Chen hadn't caught up, that they couldn't help but breathe a sigh of relief.

[Chapter 5394: unprecedented](#)

"My lord, that kid did not catch up."

The giant tooth ghost cautiously glanced at the void behind him, and he couldn't help but breathe a sigh of relief after realizing that Qin Chen hadn't caught up.

"This person still keeps his promise." The master of the black prison was obviously relieved. In the abandoned land, or in the underworld, who dares to easily believe in other people's promises? Generally, people who believe in other people's promises are already dead, leaving only a piece of ashes, and Qin Chen said that he would not do it before, which made the black prison

The Lord was a little impressed.

"Master Black Prison, is that kid really that strong? Even if you and I join forces, isn't he his opponent?" The giant tooth ghost's retreat from the previous Black Prison Lord was clearly incomprehensible.

"Hmph, this person's strength is indeed terrifying, but this master does not mean that he may not be able to resist, but even if this master can resist the opponent, if he wants to protect you under the master of the underworld, I am afraid it is impossible to do so. At that time, although the owner

If you can live, you must die. "

The lord of the black prison glanced at the giant tooth ghost Jundao.

"It turns out that the Master of the Black Prison is worried about my safety..." Hearing this, the Giant Tooth Ghost Monarch was instantly moved.

At this moment, the Giant Tooth Ghost suddenly felt faint dizziness coming from his mind, and couldn't help but let out a cry of pain.

"what happened?"

The Lord of Hell turned his head to look at the giant tooth ghost. "It's okay." The Giant Tooth Ghost shook his head, carefully felt his mind, only felt that his soul sea was a bit empty, and said doubtfully: "It may be that the battle just now consumed too much power of the soul, and the injury was serious, Place

To some dizzy. ""faint? Your order field attack contains divine soul attack, is it because the divine soul consumes too much? Hurry up and treat your injuries, this place is so weird, if you lose your spirit, you may be in danger, we have to find other people as soon as possible

, and finding a way to leave the Abandoned Lands. "

After saying that, the Lord of Hell Hell looked up at the endless black sand storm ahead, and immediately flew forward. Behind him, the giant tooth ghost shook his head, feeling his mind getting more and more dizzy, and even a faint killing intent emerged from the bottom of his heart, he hastily bit his tongue to get rid of the dizziness and killing intent from his mind get out, this

Only then did he catch up with the Lord of Hell.

And when the Lord of Hell and the Giant Tooth Ghost Lord continued to go deep.

Qin Chen was not in a hurry to go deep, but felt the many original auras he got from the Lord of the Black Prison and the Giant Tooth Ghost Lord.

boom!

A deep aura surged out of Qin Chen's body. Visible to the naked eye, his Dao aura was much more terrifying than before, and a back-to-nature aura surged more and more on him.

Between heaven and earth, avenues appeared one after another. These are the top avenues of the underworld, and now they have evolved to form a terrifying avenue tide.

"Three thousand ways of the underworld, now I have mastered 1,537, which is nearly 200 more than the previous 1,356."

Feeling the power of the regular Dao in his body, Qin Chen was calm and happy. Before he went to the Dead Sea, he had already controlled more than 1,300 rules of the Three Thousand Ways. Unexpectedly,

after searching for the original breath of the Lord of Hell and the Giant Tooth Ghost Lord, he actually completed the Three Thousand Ways again. one

There are more than a hundred kinds. Sure enough, collecting slowly by yourself is still too slow. The best way to improve yourself in this world is to ask others for advice, and turn what others have mastered into what you have mastered, which is easier than searching for it one by one.

Ten times, a hundred times on the list.

"However, it's strange, why can't my Three Thousand Avenues be manifested in this forbidden area of the Dead Sea, and arouse the resonance of the original Avenue of the Underworld?"

Qin Chen looked up at the endless dark sky, frowning slightly.

The Three Thousand Great Dao that he controls is the top Dao of the underworld. In theory, once it is used, it will arouse the resonance of the original source of the underworld.

But just now, when he used the Three Thousand Ways, he couldn't sense the original way of the underworld, which made him puzzled. "Although the Dead Sea is an exiled place, it also belongs to the underworld. I was able to sense the origin of the underworld in the abandoned place before, even in the Dead Sea, but why can't I feel it at all in this forbidden place of the Dead Sea?" to the underworld

Great way? eccentric? "

Qin Chen looked intently at the endless dark desert ahead, always feeling that it was extremely deep, which made him feel a faint sense of panic in his heart.

"Forget about that much, the most urgent thing is to find Wan Gu and the others first, and then find a way to leave the abandoned land."

Qin Chen raised his head and looked into the depths of the black desert.

In the desert, with the sound of whining wind, Qin Chen closed his eyes, carefully perceiving his connection with Wan Gu and the others, trying to find their location.

Whoooo!

In the sea of sand, the sound of wind and cranes whizzed, and there seemed to be some kind of whimpering echoing faintly, as if someone was screaming sternly, and it seemed that something was about to crawl out of the void, which made people's hair stand on end.

After an unknown amount of time, Qin Chen suddenly opened his eyes, and his pupils shrank suddenly.

"How can it be?"

He was stunned, "I can't even perceive the location of Wangu Mingzu and the others?"

Qin Chen's face was full of shock. The old ghost Xuangui and the ghost ancestor Xuesha have already merged with their own chaotic world, and they also have the power of the dead sea spring that he gave them. With Qin Chen's current cultivation base, as long as they are in this world, they will naturally be able to easily to feel

to their existence.

But now, according to his perception, Qin Chen has no trace of Wangu Mingzu and the others at all.

It's almost impossible.

"try again."

Qin Chen hastily closed his eyes, and felt carefully again. This time, he directly activated the power of the chaotic world in his body, using the source of the chaotic world to detect the traces of the mysterious old devil.

The Xuangui Laomo and the others have already merged with the source of the chaotic world, and the chaotic world is their core. With the operation of the source, it is naturally easier to perceive the Xuangui Laomo and the others.

But suddenly, Qin Chen's pupils opened again, full of shock.

Because he was unable to activate the chaotic world. Today's chaotic world and the ancient Yu Tower are integrated into a group, located in Qin Chen's body, Qin Chen can still clearly see the location of the chaotic world, but no matter how he arouses the origin of the chaotic world, the chaotic world will not have any reaction

answer.

Not only that, but when Qin Chen tried to open the chaotic world and contact the little girl and Sisi inside, he found that he couldn't open the chaotic world.

What exactly is going on?

Qin Chen was shocked.

He contacted the chaotic world several times, but there was no result.

In this weird black world, he lost contact with the chaotic world, and was unable to communicate with the void and people in the chaotic world.

"There is a force that blocks my connection with the chaotic world."

Qin Chen looked up at the sky, his pupils shot coldly. Never before!

[Chapter 5395: ancient corpse](#)

After a brief panic, Qin Chen quickly calmed down.

The top priority is not to panic here, but to find a way to get out of here as soon as possible.

Thinking of this, Qin Chen's figure flickered, and he flew straight up, heading towards the center of the endless black desert.

boom!

In the void, Qin Chen's figure was swept away, turning into a black line, and suddenly disappeared into the endless world.

This black desert was extremely barren. Apart from the Lord of the Black Prison he met at the beginning, Qin Chen hadn't met anyone else yet.

During the flyby, Qin Chen also tried various methods to contact the chaotic world, but failed every time. "I can feel that the chaotic world is still in my body, but the connection between me and it is disturbed by some special force, which makes me unable to directly control the chaotic world. This world seems to have a certain influence on the chaotic world.

Certain suppression and concealment. "

After several tests, Qin Chen gradually had some clues.

There should be some kind of mysterious force between heaven and earth, which is interfering with all this.

Fortunately, Qin Chen, the mysterious rusty sword entrusted in his mind, can still be activated. If he can't even activate the mysterious rusty sword, then Qin Chen will probably be even more nervous.

"The Eye of Creation."

In the process of flying, Qin Chen activated the eyes of creation to look ahead. Between his brows, an invisible pupil bloomed and enveloped the front.

hum!

The eyes bloomed, covering the world, capturing the flow of rules.

Originally, if there was a little girl, her yin and yang eyes of life and death might be able to see more things, but now, Qin Chen can only rely on himself.

"Huh? This is..." At the moment when he cast the Eye of Creation, Qin Chen felt a sense of crisis, as if a special power enveloped him. This inexplicable power made him faintly feel a little strange
Uncomfortable feeling, hair all over the body

Faintly stood up.

"what happened?"

Qin Chen frowned to perceive the world.

In fact, after entering the black desert at the beginning, Qin Chen had this feeling faintly, but he didn't pay much attention to it. After casting the Eye of Creation at this moment, his sense of God has been greatly improved, and this feeling has become more and more obvious.

However, looking around carefully, there is nothing unusual.

"According to those ghost beasts, this place is related to the sea **** in the Dead Sea, but now it seems that it has nothing to do with it, um, what is that..."

Suddenly, Qin Chen's eyes of creation caught something strange in the desert below. He flickered and landed directly on the desert.

boom!

A terrifying murderous intent spread out, instantly knocking the gravel away, revealing some broken corpses.

"Could it be the master of the restricted area who entered this place before?"

Qin Chen was startled, and quickly stepped forward, perceiving and inquiring carefully, and frowned: "No, it's not the new masters of the restricted area." These corpses have been withered for many years, almost weathered to the surface. The shape of their bodies, with a light touch, they will turn into ashes and dissipate, not only their bodies, but also the armor, weapons, and even clothes on their bodies.

Things are scattered with the wind, turned into ashes and dissipated.

"Judging from the condition of the corpses, these people should have been dead for many years, and they may not even be ghost cultivators of this era."

Qin Chen stood up and looked up into the distance, feeling extremely heavy in his heart.

After careful inspection, he found several key points.

One, these corpses are all corpses from a long time ago, not the masters of this batch of restricted areas.

Second, the atmosphere here is strange and contains special powerful power. These corpses can be kept here for such a long time. Before they die, they should all be strong people of the third level of detachment.

The triple detachment belongs to the realm of eternal order, and the rules controlled by it are eternal, and they are almost immortal. Only such strong people can preserve corpses for countless years without decay. However, today's and their physical bodies turned into invisible ashes and dissipated after being lightly touched. Even weapons, armors and other treasures would be wiped out. This shows that in this world, there is a special force that can annihilate three people.

The power of eternal order that is detached.

The reason why it could be preserved before was that no one destroyed it under the burial, but now it was exposed to the air and disappeared without a trace in an instant.

"Even the triple detached power of eternal order can be annihilated, what kind of power is there here?"

Qin Chen's heart was heavy.

Originally, he wanted to feel some residual eternal order and some avenues from these corpses, but now the avenues that these strong men once had have long been annihilated in the world, and he can't feel the slightest bit.

Whoosh!

He continued to fly forward.

Relying on the eyes of creation, Qin Chen soon saw a few abnormal places, all of which were fallen corpses. Once exposed to the air, they would disappear into ashes and dissipate into endless ashes.

There is no useful information.

Moreover, the deeper one entered the black desert, the higher the probability of corpses appearing.

With the continuous flying, the sense of crisis in Qin Chen's heart became stronger and heavier.

His purpose of entering the forbidden area of the dead sea is to leave the abandoned land alive, because this place is very likely to be the key to leaving the abandoned land. Therefore, the forbidden area of the dead sea is almost everyone's hope, including Qin Chen.

But now, there are so many ancient corpses here, which made Qin Chen feel depressed.

The discovery of these corpses made Qin Chen instantly understand two things.

First, in ancient times, many strong men entered this place, most likely prisoners of the abandoned place. Qin Chen and the others were not the first strong men to enter.

Second, after these strong men entered the forbidden area of the Dead Sea, no one left the Dead Sea cage alive, because once someone left alive, there would definitely be some news spread in the underworld.

But no matter whether it is the ancestor of the myriad bones, the emperor Youming, or even all the prisoners who were imprisoned here, no one has ever heard of anyone leaving this dead sea cage.

In this way, it is very likely that this forbidden area of the Dead Sea is not an exit from the land of the Dead Sea, but just a special forbidden area.

and...

Qin Chen looked up and stared around.

The strong body of the triple detachment level is incorruptible, relying on the rules of the original source to survive, even if they don't eat or drink, they can be immortal forever.

But now, the corpses of strong people are everywhere here, and there is not even a single survivor. In this way, it is very likely that there is some kind of unknown danger here, and this danger can easily annihilate the strong people who have escaped from the triple realm.

What is the danger?

Feeling the looming sense of crisis in his mind, Qin Chen's heart became more and more heavy.

"Must figure this out as soon as possible."

Qin Chen's figure turned into a streamer and accelerated forward. Although his eyes of creation failed to capture any special places, he could still feel that the deeper he entered the depths of the black desert, the darker aura became more and more intense. strong.

And under the eyes of creation, one can see something faintly existing in the deepest part of the endless desert, it's pitch black, and it's impossible to distinguish it at all. If it was outside, Qin Chen must have run as far as he could in such a strange place, but in this abandoned place, Qin Chen had no choice, even if he knew that there was a great possibility of danger ahead, but in order to leave here

, must pass.

Although the hope is slim, Qin Chen understands that this is very likely the only possibility for him to leave here.

I don't know how long it took to fly by, Qin Chen suddenly felt a slight dizziness in his mind.

what happened?

Qin Chen shook his head. He thought he was too tired at first, but he woke up immediately. How could the source of flying consumption make him feel tired?

With his cultivation base, as long as he doesn't suffer from the attack of the soul, even if he competes with some strong people for three days and three nights, it is impossible to get tired.

"It's not right."

Just when Qin Chen was about to examine his body carefully.

"Kill you, I'm going to kill you..."

"Ghost with Tooth, wake up, stop quickly, you are crazy, you are really crazy." There were roaring sounds in front of you, and there were even sounds of shock, anger and anxiety, and Qin Chen stopped. In the void in front of him, he saw a ghost Xiu frantically urging his Ming Bao to attack all around.

hit.

And in front of him, a strong man urged a quaint dark treasure of purgatory, constantly resisting his attacks, with an anxious expression, and kept yelling.

But the attacking Ghost Cultivator didn't care, he just attacked like hell, let his own origin burn, but his eyes were extremely crazy.

The person who attacked was the Giant Tooth Ghost Lord, but the one who stopped him was the Lord of Hell.

Qin Chen was startled, and quickly stepped forward. When he sensed the other party, the Lord of the Black Prison obviously saw Qin Chen, and his face suddenly became happy.

"Brother Ming, help me stop the giant tooth, he is crazy."

The Lord of the Black Prison hastily said, with his strength, and he didn't want to hurt the giant tooth ghost, under his madness, he couldn't suppress it.

"What's going on?" Qin Chen frowned.

"My lord doesn't know either. After Juya and I separated from you, we moved forward all the way, but suddenly he attacked everywhere like crazy, and he couldn't stop him." The lord of the black prison said anxiously.

Qin Chen only had time to look at the giant tooth ghost at this moment. His face changed slightly when he saw it. At this time, the giant tooth ghost was in a very wrong state, and his eyes were red, as if he had fallen into a special state, constantly Crazy attack.

"I'll kill you, I'm going to kill you." His Giant Fang Mingbao was pushed to the extreme by him, ignoring that this kind of urging was consuming his essence, and went forward desperately to kill, even to the approaching Qin Chen didn't feel anything either, as if there were countless monsters in front of him generally.

But in fact, there is only an endless black desert in front of him.

And the Lord of Hell, just wanted to suppress his crazy behavior.

The giant tooth ghost continued to fight, and the pitch-black desert in front of him turned into a long sand ditch under the attack of his giant teeth. In just a moment, the sand ditch returned to its original state under the rolling of the pitch-black sand river. It looks like crazy.

[Chapter 5396: devour soul](#)

"Why is the state of this giant tooth ghost similar to the state of being invaded by the killing intent of the Dead Sea?" Qin Chen frowned.

The current state of the giant tooth ghost is that he and Qin Chen had just entered the Dead Sea, and met the black ghost cultivator who was invaded by the Dead Sea's murderous intent, ended up insane and indiscriminate, and finally died in the Dead Sea. resemblance.

Could it be that this Dead Sea Forbidden Land species has some kind of power that would interfere with the will of the strong like the Dead Sea's killing intent?

Qin Chen's heart moved, his thoughts flickered, and he had already released his own spatial domain.

Boom! The terrifying space field severely suppressed the giant tooth ghost. In an instant, the giant tooth ghost seemed to be in a closed space, and his giant tooth attacks continued to bombard the space barrier released by Qin Chen in front of him. drama

There was a loud roar, but it couldn't break through Qin Chen's spatial domain at all.

In order to suppress the giant tooth ghost and find out what happened to him, Qin Chen directly released his strongest space domain.

boom!

The terrifying space breath surged crazily, shocking the heavens.

"This space domain?"

The pupils of the lord of the black prison shrank suddenly. At this time, the strength of the space field released by Qin Chen was even more terrifying than when he was fighting him before.

How can this be?

This son has made another breakthrough in such a short period of time? Or, this son has been hiding his strength before?

Before the thought settled in his mind, on the side, after Qin Chen used the space field to trap the giant tooth ghost, his big hand stretched out like lightning. With a bang, I saw a huge palm like the sky,

directly pressing down, and the giant tooth ghost in the space domain was like a little white rabbit covered by a tiger's mouth, and was instantly enveloped in it, dying. die suppressed

, unable to move at all.

But even though he was firmly held by Qin Chen, the giant tooth ghost still looked extremely crazy, and kept urging the giant tooth ghost, trying to blast Qin Chen's bondage.

"snort."

Qin Chen snorted coldly, and the powerful soul force blasted directly into the mind of the giant tooth ghost, trying to stun him.

With a bang, when Qin Chen's soul power rushed into the mind of the giant tooth ghost, his pupils suddenly widened.

"This is..." Qin Chen looked at the soul sea of the giant tooth ghost in shock. The soul sea of the giant tooth ghost seemed to be eroded by some force, and it became extremely chaotic and dark, which made Qin Chen even more confused. Shockingly, the soul sea of the giant tooth ghost

At this time, it was disappearing rapidly. This elimination speed is extremely fast. When Qin Chen sensed the soul sea of the giant tooth ghost, his soul sea had already disappeared to less than one-third, and in this short moment, The last third of the giant tooth ghost

A sea of souls burst open in front of Qin Chen's eyes like a bubble.

There was a bang.

As if a soap bubble exploded directly, the giant tooth ghost's soul sea was instantly annihilated, leaving only an empty space in his mind, and his spirit and soul disappeared.

At the same time, the giant-toothed ghost who was still making wild shots before screamed, the madness in his eyes dissipated instantly, his eyes dimmed for a moment, his head fell powerlessly, and he lost the slightest vitality.

"died?"

Qin Chen's eyes were calm, and he let go of his big hand with the illusion of death, and the giant tooth ghost fell headlong, lying silently in the sand sea, his eyeballs were wide open, and his soul was lost.

And the Giant Fang Mingbao he activated also lost control, and quickly fell down, pattering down in the desert like a dead object.

"Giant tooth!"

The Lord of the Black Prison came to the Giant Tooth Ghost and hugged him up. He immediately felt that the Giant Tooth Ghost had lost his mind and soul, and there was no chance of recovery, so he looked at Qin Chen angrily.

"This person was not killed by Lord Ben Ming." Qin Chen said coldly.

The lord of the black prison was stunned for a moment, and his eyes gradually calmed down. He was also at the side when Qin Chen captured the giant tooth ghost before. Looking back now, the death of the giant tooth does not seem to have anything to do with Qin Chen.

Everything Qin Chen did before was just to subdue the giant tooth ghost.

"Then how did he die?" The Lord of Hell Prison asked with a sad and indignant expression.

Previously, Qin Chen was the last one to come into contact with the Giant Tooth Ghost Monarch. How could such a triple detached master of the forbidden zone die so silently without anyone attacking him? This is simply sensational.

"You can tell by looking at his soul sea."

"Soul Sea?"

The Lord of the Hell Prison was stunned, and his consciousness quickly entered the soul sea of the Giant Tooth Ghost Monarch. Seeing this, his expression was startled.

"The spirit of Jufang was completely annihilated, and there is not a trace left. How is this possible?"

The Lord of Hell had a look of disbelief.

At this time, in the soul sea of the giant tooth ghost, all the souls have dissipated, and it is empty, with no trace of soul power left at all. But no matter how you say it, Juya is still a master of the restricted area. Even if he is killed by someone using the attack of the soul, resulting in the destruction of the soul, at least some power of the soul will remain in his mind. It will never be the same as it is now, so one of
Clean up, nothing left.

Qin Chen's face was ugly, and he looked up at the sky. A horrifying thought rose in his mind.

"You should carefully perceive your own soul sea."

After Qin Chen's words fell, he closed his eyes, and his spiritual consciousness was directly immersed in his own soul sea.

boom! In the vast sea of souls, the breath is surging, and a simple palace floats and sinks.

Qin Chen's heart sank, and his guess had been confirmed.

My own soul sea, unexpectedly, unknowingly, disappeared about one ten-thousandth of it.

"When did this happen?"

Qin Chen's heart was shocked. Although one ten-thousandth of the sea of souls is nothing, and even minor injuries may not count as a top powerhouse, the frightening thing is that before Qin Chen didn't know that his sea of souls was disappearing. Is the sea here?

It kept dissipating, and he didn't feel anything at all.

If it wasn't for the fall of the giant tooth ghost, he wouldn't even have considered this.

As if in a dream, part of the sea of souls disappeared without a sound.

And at this moment, the Lord of the Hell Prison beside him couldn't help but exclaimed: "One-thousandth of my soul sea has dissipated. What's going on?"

His expression was full of horror. One thousandth of the sea of souls doesn't seem like much, but how long have they been in this black desert after all? If he is allowed to dissipate silently, he is afraid that it will not be long before most of his soul will be lost, and when he really perceives

When there is a problem, it must be too late.

"Brother Ming, what's going on?"

The Lord of Hell Prison suddenly raised his head and looked at Qin Chen.

After all, he is also a hero in the abandoned land. At this time, he has gradually calmed down and looked at Qin Chen intently. Qin Chen's eyes were gloomy, and he said in a deep voice: "I don't know the specific master of the underworld, but what is certain is that there is a special force in this world that is constantly devouring our souls. This kind of devouring is extremely secretive. Let us Repaired even

to imperceptible. Once the loss of the soul is too large, it will fall into madness, and eventually the soul will dissipate and die, and the giant tooth ghost should die because of it. "

"Swallow my soul?"

The Lord of Hell's face was ugly.

Boom, a terrifying spirit breath surged out of his body suddenly, and invisible spirit runes lingered all over his body. At the same time, the ancient Purgatory Supreme Treasure instantly floated above his head, hum, an invisible power bloomed, and the top black power fell down, like a river of darkness, covering the whole body of the Lord of Hell, reflecting the black light that reflected his body

Yingying.

The Lord of Hell obviously wanted to activate his supernatural powers and prevent his soul from dissipating.

However, the next moment, his face suddenly changed.

Because no matter how he used his means, the sea of souls in his mind was still slowly dissipating, silently, with a fixed frequency, there was no way to stop it.

"I..."

At this moment, a trace of panic emerged from the depths of the pupils of the Lord of Hell.

This kind of fascination can't be stopped even with his cultivation?

At this rate, it would take only a few days for him to fall into madness due to the severe damage to his soul, repeating the same mistakes as the giant tooth ghost.

That is to say, if he can't find a way to prevent the disappearance of his spirit at this moment, he may only have a few days to live.

On the other side, Qin Chen finally understood why he always felt that kind of panic in his mind as soon as he came to this world.

Without even thinking about it, he raised his hand, and a cyan flame suddenly rose up.

Chaotic Qinglian Fire!

boom!

The chaotic green lotus fire with astonishing vitality is like a star bursting suddenly, bursting out a misty blue halo, directly eliminating a lot of the dead energy around it.

Qin Chen instinctively had a premonition that this chaotic green lotus fire could stop his soul from passing away.

When the blue flame enveloped Qin Chen, Qin Chen immediately felt warm all over his body, and the power of the soul in his mind became much more solidified, as if the speed of the passage of the soul slowed down a bit.

"It's really because of the chaotic Qinglian fire."

Qin Chen's heart moved. When the lord of the black prison said that his soul had disappeared by a thousandth, he was a little aware of it.

Although his strength is stronger than that of the Lord of Hell, after all, his cultivation base is not as good as that of the Lord of Hell. In terms of the power of the soul, except that it comes from the Yang world, the power of the soul is actually not much stronger than the Lord of Hell. many. However, the speed of his spirit and soul was only one-tenth of that of the Lord of the Black Prison. There must be some reason for it. At this moment, after casting the chaotic green lotus fire, Qin Chen realized that it might be the chaotic green lotus fire that made him the flow of his soul

Passed away more slowly.

"This flame..." The lord of the black prison on the side was beside Qin Chen, and his body was naturally illuminated by the light of the chaotic green lotus fire, and his expression suddenly revealed a look of shock.

[Chapter 5397: levitating giant](#)

Chi chi chi.

Under the irradiance of the chaotic green lotus fire, his body continuously made the sound of burning, and there was a trace of pain.

The Lord of Hell didn't care about his burnt body at all, but felt his mind in shock. Under the light of this flame, the power of his soul that had passed away actually weakened a lot.

"What kind of flame is this?"

The Lord of Hell Prison looked at Qin Chen in shock.

Qin Chen thought that there was something sneaky in the surrounding world, so he cast out the chaotic green lotus fire. At this moment, he found that there was nothing unusual around him, so he immediately put away the chaotic green lotus fire, and put it back into the soul sea.

boom. This time, Qin Chen did not directly let the chaotic green lotus fire lie dormant, but continued to float above the sea of souls. The fire lotus was misty, emitting wisps of warm vitality. Qin Chen immediately felt that his soul dissipated quickly

The speed has also weakened a little, but it is still slowly dissipating.

It's just that the speed of dissipation is much slower.

"Brother Ming, why did you put away that flame?"

Seeing Qin Chen put away the chaotic green lotus fire, the master of the black prison became anxious.

"Why, do you still want to covet the supernatural powers of the Underworld Lord?" Qin Chen snorted coldly.

"This lord doesn't mean that." The face of the lord of the black prison changed, and he hurriedly smiled: "Brother Mingzhu, your flame can eliminate this lord... no, it can eliminate the speed of the soul's dissipation, please also see it, brother Mingzhu." Where we all come from the Forsaken Land, lend a hand.

"

If it was the master of the general restricted area, the master of the black prison might have snatched it directly, but Qin Chen was in front of him. The master of the black prison knew his strength before, and he boasted that he might not be able to take away the previous green color from Qin Chen. flame.

Moreover, the lord of the black prison also felt before that there was a unique breath of life in the blue flame, and this breath of life had a strong suppressing effect on his soul and body, making his spiritual sense faintly feel uncomfortable

, even if he looted this thing, he probably wouldn't be able to refine it, so he could only humble himself.

"Help me? Who are you, Lord Ben Ming? This is how Ben Ming wants to help you?"

Qin Chen sneered when he heard this.

"this..."

The lord of the black prison is embarrassed. Indeed, Qin Chen has nothing to do with him. Even before, the two sides had fought a lot, not to mention the enemy is enough, the other party has no obligation to help him.

"Brother Mingzhu's words are different." The master of the black prison turned his head quickly, and said quickly: "You and I both walked out of this abandoned land, let alone you and I are now grasshoppers on a rope, wanting to leave This forbidden area of the Dead Sea requires concerted efforts.

Sea prison cage, you and I should be in the same breath. In the future, in the underworld, we will also need to go hand in hand. "

The lord of Hell Prison spoke repeatedly, even showing flattery on his face.

There is no way, at the moment of life and death, even if you lose some face, what is it?

When people live, they have hope, and when they die, they have nothing.

Qin Chen smiled, never thought that the Lord of Hell Prison could be so flexible. He didn't continue to ask questions, but just said lightly: "It's not impossible to want my Lord to help you, but next, you have to follow my instructions, or you can't violate the order of this Lord, if you can't do it , then you and me

There is no need to go together. "

"Follow your instructions?"

The lord of Hell has changed color, who is he? One of the top tycoons in the Abandoned Land actually wants to follow the orders of a newcomer like Qin Chen? How can I hold on to my face?

"Why, you don't agree?" Qin Chen sneered: "The Lord of the Underworld doesn't make things difficult for you, we just go our separate ways."

After the words fell, Qin Chen turned into a ray of light and was about to leave this place. "Wait a minute." The lord of the black prison flickered, and hurriedly stopped Qin Chen: "Okay, I will follow your instructions, but let me make it clear first, if you want to harm the lord, the lord will not obey orders obediently, In other cases, it doesn't matter

. "

"Don't worry, your Excellency is just a newly promoted third-level peak detachment. I don't want your life." Qin Chen glanced at the other party and sneered.

The Lord of Hell's face was ugly.

Damn, what is a mere newly promoted triple peak detachment? How many people like him are there in the entire abandoned land? This kid really has a big breath. However, thinking that he was going to live under someone else's fence, coupled with the fact that Wangu Mingzu obeyed Qin Chen's orders before, and the mysterious blue flame that Qin Chen showed earlier, the Lord of the Black Prison also faintly sensed that this person's background is not one-of-a-kind.

so-so.

Perhaps, if he really wants to be able to leave the prison of the Dead Sea, building a good relationship with this person now will really help him in the future.

After all, almost all the masters of the restricted area who will be imprisoned in the Dead Sea cage have no background. How can people with a background be imprisoned?

"Let's go."

Qin Chen didn't bother to pay attention to the thoughts of the Lord of the Black Prison, his figure flickered and he rose into the sky.

The lord of the black prison hurriedly followed Qin Chen, and beside Qin Chen, an invisible flame enveloped him. The lord of the black prison suddenly felt that the speed of the soul in his mind had slowed down a lot, and he couldn't help but breathe a sigh of relief.

Although the speed of slowing down is not much, it can also allow him to live longer in this forbidden area of the Dead Sea.

At this time, in the void.

boom!

Qin Chen's speed was extremely fast, like a ray of dark thunder, across the sky, approaching the depths of the black desert. Now that he sensed such danger, Qin Chen naturally no longer hesitated, and wanted to find a way to leave this place as soon as possible. In addition, Wangu Mingzu and the others did not know where they went.

will fall here.

However, there should still be time. The reason why the giant tooth ghost disappeared before was because he was seriously injured in the fight with him, which caused his soul to be wounded, and that's why he fell into madness so quickly. Under normal circumstances, a master of the restricted area would at least

If you can persist for a few days, the spirit will not dissipate so quickly.

After Qin Chen died, the lord of the black prison had gradually figured out the reason. "Hey, Juya, your death can only be regarded as bad luck. All this is God's will, and I can't do anything about it. Don't worry, I will burn some more paper for you later, I hope you can live a better life in the river of necromancers, if in the future from the dead

Reincarnating again in the long river will not waste you and my brother. "

He sighed, but with a little emotion, he could not help but lean closer to Qin Chen.

There is no way, if you want to slow down the dissipation of your spirit, you must follow Qin Chen closely.

Boom!

In the void, two streaks of light pierced the sky and moved forward rapidly.

I don't know how long it has been.

"What is that?" Suddenly, Qin Chen stopped and looked up in shock, only to see two huge black shadows in the distant sky. These black shadows were suspended above the vast sky in the distance, like two pieces Inverted black feather general, floating

There, it gives people a strong sense of awe.

"what?"

The Lord of Hell was dumbfounded.

I saw the two feather-like black ancient things, exuding the vicissitudes of life, just looking at it from a distance, exuding a suffocating aura.

"Is this... some kind of flying treasure? Or something?"

Qin Chen and the Lord of Hell took a deep breath.

"Go and have a look."

Seeing something for the first time in this black desert, Qin Chen and the Lord of Hell Prison naturally didn't dare to neglect, and flew forward immediately.

The huge black ancient thing looked extremely far away in the distance, and Qin Chen and the others flew for a long time before approaching this place. When Qin Chen and the others approached, they were shocked to find that these two feather-like pitch-black giants had a radius of a million miles, like two giant sky curtains, and like two sacred mountains, suspended in this pitch-black sand. ocean

above. And in the sand sea below the giant, there is a huge sandpit that is hundreds of millions of miles long. The pitch-black sandpit exudes a suffocating atmosphere, and terrifying killing intent flows from the sandpit. , with traces of

The power of the soul is connected with the two huge palace-like giants above.

And at the level of the bunker, there is a unique space atmosphere pervading faintly.

"This space channel breath..."

Qin Chen's pupils shrank.

Feeling the breath of space in the huge black bunker, Qin Chen instantly remembered the strange space passage where the Dead Sea spring was located at that time, and the breath of the two was extremely similar.

"Could it be that the space channel at the bottom of the Dead Sea Spring led here?"

Qin Chen suddenly raised his head and looked at the world.

I saw strands of spirit power surging from the surrounding world, entering the bottom of the bunker, and at the same time, this strand of spirit power also formed a certain unique connection with the 'black palace' above.

"All the killing intent and soul power absorbed in the Dead Sea Forbidden Land actually came here?"

Qin Chen's eyes were fixed.

Obviously, the floating giant with a radius of a million miles in front of him is the core of the forbidden area of the Dead Sea.

Whoosh!

While Qin Chen and the Lord of Hell Prison were observing, several beams of light flew up from the other side, and directly flew into the inside of the floating giant 'Black Palace'.

"Huh? It's the master of other restricted areas."

Qin Chen's heart moved. Obviously, after the masters of the restricted area who were scattered all over the place continued to penetrate, they would eventually come to this suspended palace.

Wan Gu and the others might be here too.

"Walk!"

Even in order to leave here, Qin Chen had to explore this 'black palace'.

Whoosh!

Two beams of light shot up into the sky and quickly approached the 'Black Palace'.

"Um?"

For some reason, when approaching the 'black palace', the mysterious rusty sword in Qin Chen's body trembled slightly, as if there was something special in the floating black giant that was attracting the mysterious rusty sword.

"what happened?"

Before Qin Chen could settle his thoughts.

With a bang, when Qin Chen and the lord of the black prison approached the 'black palace', a strong force of attraction was born from it, pulling them in instantly.

"Jie Jie Jie!" A sullen voice suddenly resounded in the ears of the two of them.

Chapter 5398 Netherworm Emperor

boom!

With the sound of this cold voice, Qin Chen and the Lord of Hell Prison appeared in a dark hall in an instant.

"here it is..."

Qin Chen's pupils shrank slightly, and he saw the surroundings clearly for the first time. This is a pitch-black hall, surrounded by countless strange runes and lines, and above these lines exudes a palpitating and terrifying murderous aura.

And in this hall, there are countless corpses, and a large number of corpses are piled up together, forming a place like a mountain of corpses.

The cold grinning sound from before was transmitted from the inside of the place where the bones were accumulated.

"who?"

The Lord of Hell Hell snorted coldly, boom, he activated his Purgatory Supreme Treasure immediately, a terrifying black Purgatory Treasure was suspended in the sky and earth, emitting a jet-black aura, covering the body of the Lord of Hell Prison.

Moreover, the powerful power of the order field diffused out, trying to cover the mountain of corpses ahead.

It's just that as soon as his domain of order touched the mountain of corpses, there was a bang, an invisible force descended suddenly, and the domain of order of the Lord of Hell Prison trembled continuously, as if it was about to collapse at any moment.

The face of the Lord of Hell changed.

"Be careful, there seems to be a force here that will suppress our order domain." The Lord of Hell said with a solemn expression.

The domain of order detached by his triple peak will be suppressed, what kind of power is this?

"Suppressing the field of order?"

Qin Chen's heart moved, hum, and his killing intent spatial domain also gently diffused out. Sure enough, in this world, an invisible special force tried to eliminate Qin Chen's killing intent spatial domain.

"It really is..."

Qin Chen's pupils shrank, and he looked around, and the eyes of creation were activated immediately.

In an instant, Qin Chen understood that this special power did not come from the corpse mountain in front of him, but was born from this great hall, or in other words, there was a dark power in this floating palace that blocked the surroundings the power of rules.

Under such a force, anyone's field of order will be greatly suppressed, and its power will be greatly weakened.

boom!

Although the domain of order was suppressed, the lord of the black prison remained expressionless. The treasures of purgatory above his head kept circulating, and the terrifying aura was about to suppress the mountain of corpses in front of him.

at this time.

Buzzing, buzzing, there were a few more piercing sounds, and several figures suddenly appeared in the hall. When these people saw Qin Chen and the Lord of the Black Prison present, their faces suddenly showed excitement.

"Master Underworld Lord, Lord of the Black Prison..."

One of them was the ancestor of the virtual crocodile. When he saw Qin Chen, he stepped out immediately and came to Qin Chen's side in an instant, with an excited expression on his face.

"The ancestor of the virtual crocodile?"

Qin Chen nodded to him.

"Unexpectedly, Master Mingzhu can still remember my name. I am really lucky for three lives. I offended Lord Mingzhu when I was in the Ghost King Palace. My lord can ignore the previous suspicions. It is indeed a broad-minded person. Alas, in this vast sand it is really fate that Haizhong Zixia can meet Lord Mingzhu again."

The ancestor of the virtual crocodile looked flattering, and he didn't realize that there was something wrong with what he said, but approached Qin Chen.

This place is so weird, it's not easy at first glance, so hurry up and hug your thighs tightly.

On the other side, the other people were a little vigilant. They were headed by the master of the soul domain, but they just nodded to Qin Chen and the master of the black prison, and gathered together alone without approaching.

Both the Lord of Hell and Qin Chen were quite afraid.

Qin Chen and the Lord of the Black Prison didn't bother to pay attention to them. Their eyes were all focused on the corpse mountain in front of them. The two looked at each other, and Qin Chen immediately winked at the Lord of the Black Prison.

The Lord of Hell nodded, and the huge purgatory treasure above his head suddenly trembled, and was about to suppress the mountain of corpses in front of him.

"Jie Jie Jie, after waiting for so many years, I finally waited for you all."

At this moment, a cold laugh resounded in the hall, and before the Lord of Hell's attack landed, with a bang, the mountain of corpses in front of him exploded by itself, and countless corpses were like ashes. It dissipated like flying, and a seal was revealed in an instant, and in that seal, there was actually a dead bone sitting cross-legged.

"What? Is there anyone here?"

The ancestor of the virtual crocodile and others were startled, and hurriedly backed away, looking intently at the seal ahead.

Seeing the withered bones in the seal, even though everyone present is a master-level powerhouse of the restricted area, they all felt their scalps tingling. This withered bone has been dead for many years, but it still has a stench. There are countless densely packed bugs crawling around on the surface.

When the mountain of corpses was shattered, all these pitch-black insects crawling around turned their heads to look at Qin Chen and the others. Those countless densely packed eyes looked at them with a faint light, giving people a creepy feeling.

"Hiss, what is this?"

The ancestor of the virtual crocodile and others gasped. There was such a disgusting thing among the corpses in this hall, but this was the first time they saw a living thing in this forbidden area of the Dead Sea. They saw it in the desert before. All the dead bones and corpses will be weathered and dissipated with a light touch, and there is no life at all.

But the dead bone in front of them gave everyone a strong feeling of palpitation.

"Jiejie, I have waited for countless opportunities here, and finally I have a destined person again. I never thought that before my soul is annihilated, there is still a chance to pass on the inheritance. Great Emperor!"

It was the dead bone covered with worms that made the sound. The other party's voice was like the wind leaking through, extremely ear-piercing and indistinct, but everyone could hear it clearly.

"The Emperor of the Underworld Worm!"

The person in front of him is actually a great emperor?

The Lord of Hell and the others were taken aback when they heard the words, their pupils shrank suddenly.

What kind of character is the great emperor? That is a strong man above detachment, a real master of the underworld.

Although the master of the black prison has reached the triple peak of detachment, he can be regarded as a giant in the underworld, but in front of a great emperor, he is simply an ant. Can crush him to death.

"Senior is the Great Emperor?"

On the other side, the leader is the master of the soul domain, who is also a giant in the abandoned place, such as the master of the tomb of the death god, the ancestor of the blood demon, and the ancestor of the dragon ghost, hurriedly saluted the dead bone in front of him.

"That's right, this seat is also the emperor's palace. I have been looking for successors for so many years. It's a pity that many people have entered my palace for countless years, but no one has ever mastered my inheritance. In one more era at most, the soul of this seat will be completely annihilated with the inheritance of this seat. Who would have thought that you would come to the palace of this seat when the soul of this seat is about to die. God help me."

The dry bones made a sound of leaking wind, the sound was rumbling, deafening.

"Is this the emperor's palace?"

The ancestor of the virtual crocodile couldn't help being shocked.

"good."

The withered bone said proudly: "Back then, I was in the underworld, and it was rare to meet an opponent. It's a pity that I fell here because of an accident, leaving only a remnant soul. For countless years, I only wanted my inheritance to be inherited by someone."

The inheritance of the Great Emperor?

At this moment, the master of the black prison, the ancestor of the virtual crocodile, and the master of the soul domain in the distance all had their pupils constricted, showing excitement.

How terrifying is the inheritance of a great emperor?

Simply unheard of.

If they can really get the inheritance of a great emperor, with their strength and talent, it will be easy to achieve peak transcendence in the future, and it is still unknown if they may even touch the realm of the great emperor.

"I don't know what kind of accident happened to the senior? The accomplishments of the great emperor of the senior, but fell here?"

At this time, a voice came to mind, and Qin Chen asked with doubts while his eyes were excited.

Depend on!

Hearing this, everyone on the side was speechless, is this Qin Chen an idiot?

This is a great emperor in front of him. Faced with the possibility of the emperor's succession, he actually cares about how this Netherworm emperor fell? Isn't this making the other party unhappy?

Compared with the reason for the fall, the inheritance of the great emperor deserves their attention and heart.

"Well, it's a long story, but there's nothing bad to say about it. Back then, this emperor was besieged by the four great emperors of the underworld, so he accidentally fell here. Otherwise, with this emperor's cultivation, he would have met the four great emperors alone. The Great Emperor is not afraid of any of them."

The dry bone said domineeringly, boom, an invisible aura swept out, and the aura of detachment from everyone suddenly trembled continuously, even the domain of order seemed to be shattered.

This is definitely the breath of the Great Emperor.

On the side, the master of the soul domain and others changed their colors and became excited.

The other party just released a breath, and their order field could hardly bear it, and the whole body seemed to be broken. What is this if it is not the might of the great emperor?

Otherwise, even if the peak transcends the order of the strong, it is absolutely impossible to suppress their order domain with a mere aura.

"I would also like to ask the Great Emperor, if we want to leave this place, what can we do?"

At this moment, Qin Chen asked again.

Depend on!

Not far away, the Lord of the Soul Domain and others immediately showed dissatisfaction.

What does this lord mean?

Either asking how the emperor fell, or how to get out of here, are all nonsense.

Is there even a question?

This abandoned place is a cage established by the great emperor-level powerhouses of the underworld. If they can get the emperor's inheritance, they will naturally be able to leave this dead sea prison. It must be a matter of course, so there is no need to ask so many questions.

Fortunately, the Emperor Netherworm had a good temper, and said with a smile: "If anyone of you can get the inheritance of this emperor, he will naturally be able to leave this place."

The words fell.

With a buzzing sound, the seal above the dry bone was broken in an instant, and then some of the densely packed bugs flew up, buzzing, countless bugs turned into long black rivers, and flew towards everyone present come.

Like tentacles one after another, they came to everyone.

[Chapter 5399: full of loopholes](#)

In front of everyone, long rivers of bugs flowed continuously, appearing in front of everyone.

"This is the inheritance of the worm way of this seat. You only need to understand the Dao of the Underworld Insect in front of you. If you can comprehend it, you can get the inheritance of this seat, and you can also use this to leave this world."

The hoarse voice of Emperor Netherworm came.

"Is this the inheritance of the Netherworld Emperor?"

The Lord of the Soul Realm and the others looked excitedly at the long river of bugs in front of them. Although the long river of these bugs looked extremely disgusting, they constantly exuded a palpitating aura.

This aura contained an extremely terrifying coercion, far above them, making them feel that if they could control this force, they would surely be able to make a breakthrough.

"Thank you, senior."

The Lord of the Soul Realm and others hurriedly saluted, and then slowly integrated a trace of perception into the river of ghost worms in front of them.

hum!

In an instant, the long river of underworld worms in front of the Lord of the Soul Realm and the others turned, and a mysterious aura of the Great Dao escaped, containing supreme power.

It's really a great way of inheritance.

Seeing this, the Lord of the Soul Realm and the others were overjoyed.

Regardless of how excited the Soul Realm Masters were before, none of them who came here was an idiot, and they didn't believe in the dead bones in front of them so much, and they still had a little doubt. But now the avenue and inheritance breath evolved by these ghost worms in front of them made

them instantly understand that this is indeed some kind of avenue inheritance. If they can understand it thoroughly, it is indeed very possible to control the ghost worm leader in front of them.

river.

Immediately, the Lord of the Soul Realm and the others had no doubts anymore, and one by one their spiritual consciousness merged into it, and they began to feel it.

hum!

A unique aura of Dao inheritance surged, complicated and obscure, which dazzled the Lord of the Soul Domain and others, deeply shocked by it, and even began to analyze and comprehend it.

On the other side, Qin Chen looked at the river of underworld insects in front of him, but he didn't move, his eyes just flickered slightly.

Originally, the lord of the black prison and the ancestor of the virtual crocodile were about to step forward to realize it, but when they saw Qin Chen not moving, they were stunned, their eyes flashed, and they stopped and stretched out their hands.

"Why don't the three of you comprehend the Dao of Netherworms in this seat? Why, don't you want to leave this place?"

The many black worms on the withered bone turned their heads to look at Qin Chen and the three of them, and countless small eyes like needlepoints looked at them, which immediately made the ancestor of the virtual crocodile and the others feel terrified and chilled all over.

Hundreds of millions of little eyes are just staring at you.

It was just too scary.

"Senior joked."

Qin Chen smiled slightly, "Why don't I want to leave here? It's just that the way of the seniors is deep and profound, and the juniors naturally have to make some preparations. Fortunately, the preparations are almost done now."

After Qin Chen's words fell, he stretched out his right hand and made direct contact with the river of worms.

hum!

An astonishing breath of avenues came instantly, flooding into Qin Chen's mind.

Seeing Qin Chen make a move, the Lord of Hell Prison and the Ancestor of the Void Crocodile on the side were also relieved, and stepped forward to extend their palms. However, just when their palms were about to touch the river of ghost worms, Qin Chen suddenly sneered, boom, a terrifying river of dead sea surged out suddenly, wrapping the river of ghost worms in front of him in an instant. Together , separated the river of underworld worms from him.

boom! Two terrifying auras collided, and an astonishing roar erupted instantly. The countless ghost worms that formed the long river were wrapped in the water of the Dead Sea spring, and instantly issued a piercing shriek, a terrifying sound that could penetrate the human heart.

The wave swept everyone in the hall in an instant.

"what happened?"

The Lord of Hell Prison and the Ancestor of the Void Crocodile were stunned for a moment, and while they were in a daze, there was a bang, and the river of ghost worms that they hadn't had time to touch exploded in an instant, engulfing the two of them in an instant. Not only is the Lord of Hell and the Progenitor of the Void Crocodile, but the Lord of Hell and others on the other side are also where the river of ghost worms that they are comprehending is also spreading crazily. actually will be the whole

The whole hall is tightly wrapped.

In the endless ocean, the master of the soul domain and others were quickly wrapped by many ghost insects, and pierced their bodies fiercely.

"Ah!" A shrill roar sounded, the Lord of the Soul Realm and the others roared wildly, and the terrifying triple detachment power erupted instantly, but no matter how they struggled, the vast river of ghost worms was like a chain of chains , penetrate them

One of the lower-level triple detachment roared in pain, and the soul breath on his body was rapidly weakening.

Lines of divine and soul power quickly entered the withered bones in the middle of the hall along the river of worms, and a gleam of luster suddenly flowed from the ashes of the withered bones.

"This is..." With a bang, the Lord of Hell Prison roared in horror, his reaction was second only to Qin Chen's. At the moment when the river of underworld worms wrapped around him, the treasure of purgatory above the Lord of Hell Prison's head quickly It swelled up, forcibly protecting the black prison

The void around the lord prevents those rivers of worms from entering his body.

And because the ancestor of the virtual crocodile was close to Qin Chen and the Lord of the Hell Prison, he took advantage of both of them, and was also not pierced by the river of ghost worms, so his face turned pale with fright.

"Senior Nether Worm Emperor, what are you doing?" The Lord of the Soul Realm was wrapped in countless chains of the Nether Worm River, his expression frightened, and soul lights surged out of his body quickly, resisting the devouring of the Nether Worm River. At the same time, looking at the dead bones in front of him in horror, the first time

growled.

He boasted that he was already extremely careful, but his perception was too deep before, so that he didn't have time to react at all, and he was already wrapped up by countless ghosts. Now he can only use his innate magical powers to resist.

"Oh, Nether Worm Emperor? What kind of Nether Worm Emperor is this guy?" Qin Chen sneered, his expression was cold, the vast Dead Sea spring water surged in front of him, no matter how these Nether Worms collided, they couldn't hit him for a while. Come.

"Jie Jie Jie, boy, how do you know that this seat is not the Emperor of the Underworld Worm?"

The dry bone didn't pay any attention to the question from the Lord of the Soul Realm. His empty pupils just stared at Qin Chen coldly, and said with a sinister smile.

"It's too simple. You were full of loopholes before. Ben Ming couldn't even see this. How can you mess around in this underworld?"

Qin Chen sneered.

"It's all loopholes?"

There was doubt in the dry voice.

"First of all, you said that this place is your palace, and that this place of the Dead Sea was formed by you, which is absolutely impossible."

Qin Chen sneered. According to Emperor Youming, the Dead Sea cage was left behind by a strong man from the universe sea who once fought against the **** of the underworld.

Not to mention whether it is true or not, at least, according to Emperor Youming, there is no such thing as Emperor Netherworm at all.

And the dead bone in front of him not only said that he was the Emperor of the Underworld, but also knew the Four Great Emperors of the Underworld.

If this place was really formed after the fall of the Netherworld Emperor, how could the Nether Emperor not know?

Between Emperor Youming and the dead bone in front of him, Qin Chen naturally believed in Emperor Youming more.

Secondly, it is the aura of this dry bone.

"It's not like I haven't seen the power of the great emperor, but you... are you worthy of being called the power of the great emperor?" Qin Chen showed disdain.

[Chapter 5400: not emperor](#)

"Isn't this the power of the Great Emperor?"

On the side, the ancestor of the virtual crocodile was astonished, and couldn't help turning his head to look over. Even the master of the black prison was a little stunned, and the master of the soul domain and others who were shrouded and restrained by countless pitch-black worm river chains in the distance were even more stunned.

Isn't this the power of the emperor?

Such a powerful force is not the power of a great emperor?

What are you kidding?

"Boy, why do you say that the power of this seat is not the power of the emperor?"

boom!

A heaven-shattering aura suddenly emanated from the withered bone, the terrifying aura was like a storm, surging rapidly in the hall, like thunder, and it contained a terrifying sense of anger.

I was despised by myself?

Under this aura, the master of the soul domain and others felt a strong oppression, and it became difficult to breathe. Isn't this the power of the great emperor? However, Qin Chen didn't change his face under this aura. Looking at the expressions of the master of the soul domain and others, he couldn't help frowning and said: "You are all top experts in this abandoned land, have you never seen the real one? the Great Emperor? Or rather, no

Have you ever had face-to-face contact with the real emperor? Can't everyone distinguish the power that is so easy to distinguish? "

Hearing this, everyone's expressions froze. The ancestor of the virtual crocodile was stunned and said: "My lord, what are the identities of the emperor and the others? Although we are considered strong in the underworld, we are only on our own territory, and the emperor can control one side of the underworld. the strong

, although I have seen the Great Emperor before, but I just watched from a distance, how can I feel the power of the Great Emperor so clearly? "

The Lord of Hell and the others also smiled wryly.

In the eyes of outsiders, their status and status are all first-class in the underworld, and in fact they are also the same. Not to mention they are peerless, but they are all rampant.

But in front of the Emperor, it is not an exaggeration for them to say that they are ants. Let alone face to face with the Emperor, even seeing the Emperor, it is not easy for them. How can they perceive the power of the Emperor so clearly?

Suddenly, as if thinking of something, the ancestor of the virtual crocodile said: "My lord, have you ever talked with the emperor face to face? Have you personally felt the power of the emperor?" The person who must follow, the Wangu Mingzu was the underworld general under the command of the Nether Emperor back then, and it is obviously logical that the Mingzhu has the background of the emperor, otherwise, with the body of the Wangu Mingzu

How could he surrender to him?

Thinking of this, the ancestor of the virtual crocodile couldn't help but look at Qin Chen enviously.

Qin Chen couldn't help touching his nose, and looked at the Lord of Hell and the others with pity: "Oh, it's so pitiful."

Lord of Hell and others: "..."

"That's right, Master Ming overestimated you." Qin Chen sighed: "Since you will be imprisoned here, naturally you will not have the relationship with the emperor, otherwise you will not appear here, let alone get to know the emperor carefully. I couldn't tell the fakeness of the guy in front of me before.

Extenuating circumstances. "

Everyone: "..."

"Forget it, let Master Ming take off his disguise and see what this guy is."

After the words fell, Qin Chen was too lazy to talk nonsense, hum, the mysterious rusty sword was directly sacrificed, and a black sword light directly slashed towards the front.

"Presumptuous!" Seeing that he hadn't made a move yet, Qin Chen took the initiative to attack him with a small triple detachment, and immediately flew into a rage. With an angry shout, the withered bone raised his hand, and the dense black dark spots on his body the worm has rushed to

Qin Chen.

"Huh!" Qin Chen snorted coldly, a stern look flashed in his eyes, the vast Dead Sea River in the mysterious Rusty Sword surged out crazily, and directly collided with the vast black Nether Worm River, immediately sending out a deafening roar Of

Voice.

And the sword light transformed by Qin Chen's mysterious rusty sword, even under the cover of the dead sea river, came straight to the dry bones.

"Boom!" Seeing that the black sword light was about to strike the skull of the withered bone, the withered bone stood up suddenly, and blocked it with his own withered bone arm. Countless black ghost insects quickly crawled over his arm, forming a pitch-black hole in an instant. Necromancer Shield

Card.

With a bang, the sword light inspired by Qin Chen's mysterious rusty sword slashed fiercely on the pitch-black ghost worm shield.

"Hmph, you want to break through the soul-devouring worms of this seat?"

The dry bone sneered, but before his sneer fell, there was a sizzling sound, and dark thunderbolts suddenly burst out from Qin Chen's mysterious rusty sword. These thunder lights quickly bombarded the shield made up of the ghost worms, and countless ghost worms immediately let out piercing and sharp screams, and quickly turned into scorched ashes under the terrifying thunder light, and disappeared in an instant, revealing

Black bones.

"What?"

The withered bone suddenly showed a hint of panic, never thinking that his soul-eating ghost worm would be broken so directly under Qin Chen's attack.

And when he was shocked, the sword light transformed by Qin Chen's mysterious rusty sword had slashed fiercely on his raised black bone.

"Ossification!"

The withered bone roared, and a glaring black light suddenly lit up on the black withered bone, and a terrifying coercion burst out in an instant.

The next moment, the sword light from the mysterious rusty sword collided with the dead bones, and there was a muffled sound like beating leather.

"Crack..."

Withered bones suddenly trembled all over, stepped back a few steps, looked at his own withered bones arm in disbelief, his arm was split into a long ravine, revealing a huge gap.

Are ghost cultivators so powerful now? How could a mere triple detachment break open his own bones?

No, it's the power of this sharp sword. There is a terrifying killing intent in this sharp sword. This killing intent is invincible, and it directly tore his dry bones apart.

Withered Bones suddenly felt trembling all over his body, and before he could recover, he felt the void around him start to solidify, as if he had fallen into a quagmire.

"The field of space order...why is your field still so powerful here?"

Withered Bones was even more frightened, without even thinking about it, it frantically moved its soul.

boom! In an instant, the countless worm rivers around them rioted in an instant, and a few screams came, and the masters of the restricted area who were previously entangled by countless worm rivers suddenly showed panic, their flesh and blood shriveled up, and their spirits quickly disappeared.

, In an instant, it turned into a corpse, no matter whether it was the soul or the source, it was completely swallowed. Among the many masters of the restricted area who were restrained before, only the master of the soul domain is still resisting. His body has evolved a series of soul runes. These runes are extremely strange, as if he is in another void. ,were able

Greatly reduce the soul devouring of this dry bone. This is the secret method of the master of the soul domain. It is this secret method that allows him to slow down the speed at which his soul is devoured, and it also makes him resist for the time being, looking at the corpses of the masters of the restricted area that have turned into mummified corpses. , his pupil

The middle is full of endless panic.

"Huh? Didn't expect there to be a ghost cultivator here?"

There was ice-coldness in those hollow pupils.

"Then let you live a little longer." After the words fell, after devouring a few masters of the restricted area, the withered bones instantly lit up with luster, and the countless worm rivers around them rioted in an instant, densely packed with soul-eating ghost worms With a palpitating breath, towards Qin Chen

It rushed over in an instant.

"snort!"

Qin Chen sneered, and looked at the Lord of the Black Prison, "What are you still waiting for?" The breath came directly from the suppression, and quickly collided with the vast insect river, just like a reef in the waves

Generally, the constant shaking and agitation.

At this time, Qin Chen sneered, and the chaotic green lotus flame in his body instantly filled the air.

After entering this forbidden area, Qin Chen already understood that his chaotic green lotus fire has a powerful lethality to anything in the underworld.

Seeing Qin Chen sacrificing a ball of flames, Dry Bones snorted coldly and remained silent. If his soul-eating worms were afraid of fire, they wouldn't be able to survive today. But what he didn't expect was that when the flame burned, he let out a scream, and his soul-eating ghost worm crackled and exploded under Qin Chen's chaotic green lotus fire, and soon Those soul-eating ghosts

Turned into fly ash. Seeing his soul-eating ghost worms being reduced to ashes one by one by Qin Chen's sky fire like fly ash, his heart was extremely anxious. He really couldn't figure out why he met such a terrifying perverted ghost cultivator when he first came out. Even if his soul-eating worms had been hungry for countless years, he could easily resist a ghost cultivator who was beyond the peak.
