

# VILLAGE HEAD'S DEBAUCHERY

## Chapter 13: Morning

As Orion settled onto the mat, he couldn't help but feel a bit awkward about sleeping in the nude, as it was something he had never experienced before. However, he pushed those feelings aside and focused on the darkening sky outside the hut as the night enveloped everything in its darkness

"Good night".

Greta whispered in a melodic voice, before placing a gentle kiss on Orion's cheek. As he turned his head to look at her, he was met with a glimpse of her beautiful face, with her large bare ass turned in his direction.

Orion didn't think about anything anymore and pushed his body forward before he wrapped his arm around her waist, and position his dick to kiss her ass cracks.

"What are you doing?" Greta asked in confusion. Although she didn't mind their sleepy position but didn't he need some space so that he could sleep properly?

"I am currently sleepy naked, aunt Greta" Orion said as he gently brought his hand and brushed over her pussy hair with his finger. "Don't you think that I need something to keep myself warm?".

Greta chortled at the boy's naivety "Silly boy, "This is one of the warmest Kishi periods this year, so there's no need to worry about being chilly" Despite finding his lack of knowledge endearing, she still had her duties as the village doctor to ensure that he was in good shape for his mother's arrival tomorrow.

Orion's plan wasn't panning out the way he hoped, so he quickly begged, "Please?".

Greta glanced at him, then sighed in surrender. "Fine, as long as you get a good night's sleep and are ready to meet your mother when she comes to pick you up tomorrow."

"Thank you, aunt Greta" Orion replied and separated her ass cheeks so that his dick can also be in between her ass when her cheeks closed.

Knowing what he wanted, Greta pushed her buttocks buttons and wiggled them gently enough for his penis to sit at the centre of her protruding buttocks.

Although she was a little worried about his sudden taste in a behind as large as hers, she couldn't complain because she enjoyed it. And most of all, she knew that this was only for a short amount of time before she goes back to become another woman with an unattractive large ass.

"Goodnight, aunt Greta" Orion muttered quietly as he went to sleep with his dick in between her ass cheeks, and his hands pressed against her pussy lips.

He was sure that without a doubt, even though he was in another world, he would sleep peacefully this night.

Greta smiled at his words and replied with a hushed tone, "Good night" She then closed her eyes and slept peacefully in his arms, while Orion's fingers childishly played with her vagina.

.....

Morning...

Greta's Hut

"It's time to wake up Orion" A voice penetrate through Orion ear's, and stirred him awake.

"Ayy...haaa" Orion yawned as he rubbed his eyes instinctively before he turned his head towards the direction of the voice.

In front of him was Greta who knelt down on the mat with her plump legs in his direction. Her wild untamed bush and pussy lips which he never got tired of were once again open for him to observe and fantasize with.

"Good Morning aunt Greta" Orion said respectfully. No matter which world he was in, one thing that never changed was respect and appreciation.

And truly, Greta showed him a sweet smile before she stood up and turned around, revealing her fat bare ass towards him as she entered her room and brought out what looked like clay bowls meant for eating.

"Here you go, I brought you some Drigo fruits so that you can eat" She knelt down on the ground and added, "Don't worry about it. I am the one giving you these fruits for free".

'So that was the name of the fruit' Orion thought as he gazed at them.

Although Orion wanted to protest in fake honesty as there was no way he was going to reject free food when he was hungry. And also since he found out that his family wasn't rich, he would be stupid if he rejected such an offer.

So Orion didn't waste any time and dug into his meal. He picked up the Dirgo fruits and ate them slowly. He crunched them properly before he swallowed them down his throat and proceeded to take another bite.

Somewhere along the line, during their breakfast, Orion moved towards Greta and buried his hands in between her inner thighs. As far as he was concerned after various successful trials, he had discovered that he could put virtually anything into her pussy and she wouldn't protest as long as it was a penis - which you would have to pay Kalna for.

Of course, anything meant something reasonable if he doesn't want to suddenly become an outcast just after transmigrating.

"Ahh~~" "uh~~~" She moaned as she chewed on the fruits in her hand, not giving a fuck or asking why his hands were dancing within her Vagina so earlier in the morning.

Suddenly, he felt her fleshy vagina walls tightly wrap around his hands before it abruptly burst forward with her sticky fluid cum.

"Haaa.... Ha...." Greta breathed out loudly as she stared down at her parted legs and a liquid stain that came out of her Vagina. She traced her gaze over to Orion's own and couldn't help but sigh "I know that you are eager to work, but working and eating isn't healthy, you know?".

Orion nodded his head in understanding. "Of course, I know. However, since aunt Greta was the one that took care of me when I was sick why shouldn't I make sure I do my best for her".

'Damn' Orion couldn't help but inwardly sigh as he found himself de-evolving to using third-person speech. 'Well, it's all for the pussy I guess'.

Greta snorted at his remark to hide the smile that abruptly crept on her face before she turned her head back to the fruits that have been stained with the fluids from her vagina.
