

VILLAGE HEAD'S DEBAUCHERY

Chapter 9: Thorough cleanup (R18)

I nodded. Knowing that I wasn't done yet with my exploration, I said, "Aunt Greta, now, that I am done with your Vagina, why don't you bend down so that I can see your anus properly, and make sure that it is thoroughly clean".

She gazed at me before a smile slowly adorned her face. And then, she chuckled sweetly. "I would have thought that at the mention Kalna, you would have already charged me before we continued".

I gazed back at her innocently. "Why should I charge you, when you have already treated and taken care of me on cr...?". A hand was quickly pressed against my lips.

"Ssshhhhh..." She muttered quietly. "Remember Orion, that secret is between you, your mother and I. If people found out that we bartered on credit, things might become worse for your family" Her gaze was serious as she continued to stare at me.

I nodded my head in understanding. It would be bad if my life suddenly got worst just after I arrived in this world, so her warning only reinforced how the idea of bartering on credit was somehow like a taboo.

"But, now that we have discovered this new talent of yours, I will barter the Kalna that you owe me for a bathe session for today and tomorrow" She mused.

Seriously, I don't know if she was just being honest or doing this to help me, but as I got more intoxicated through my raging boner, by the vagina bush that now rubbed against my face due to her coming closer to seal my lips shut, I couldn't help but stretch my tongue forward and lick her pussy lips.

Unexpectedly, a hand held my hair and yanked it back.

"What are you doing?" Aunt Greta stared at me with narrowed eyes.

I cleared my throat. "I wanted to see if I can use my tongue to clean your Vagina".

She sighed and shook her head.

"I have never held of anyone licking a Vagina to clean it, since that place is always dirty after Kushi, together with the number of sweats that gathers there after a day's work, so although I don't advice it, I suggest that you should charge for more if you want to offer that kind of service" She then bent down and trapped the bridge of my nose in-between her fingers.

"I am only telling you this because I don't want to take advantage of my friend's son, okay".

Surprisingly, in a weird way, I seem to be learning a lot of new things.

Nonetheless, I didn't forget to nod my head in understanding. And seeing her serious expression, I decided not to push too much if not she might decide to stop the bathe and head back inside. And that was something I didn't want to happen, so I settled on the other option in front of me.

"Alright Aunt Greta, I understand. How about we continue with washing each other and then go back in to eat something?" Seriously, my stomach suddenly cramped and informed me of my devastating hunger.

"Oh, sorry, I was talking too much, wasn't I?" She cleared her throat and added. "So, how did you say you are going to clean my butthole?".

This was it!

I straightened my back and stood before I said, "Turn around". And she did. She turned around and faced her protruding behind facing me. Even my veiny cock was already poking against the side of her ass cheeks.

"Now, bend down so that I can see your asshole" I watched as she bent down slowly until her breast was horizontally facing the ground. And her fleshy ass cheeks were now forcefully pressing my dick. "Okay Aunty, I am going to go in now and clean your asshole, so stay still because it might be painful".

She nodded her head and breathed out loudly in anticipation and a trace of fear that I managed to catch in her eyes. I don't blame her since she had already unexpectedly experienced the pain once and knew what was coming.

My only wish right now was that there was some kind of lube that I could use to make it easier, but since there was nothing like that in this primitive world, I held her ass cheeks and separated the two apart, displaying her pink asshole to which I quickly positioned my scalding cock at, and then, I slowly and gently pushed it in.

"~Uh~~" Aunt Greta's legs tensed up as she curled up her toes on the soil and quickly stretched her hands towards the fence and gripped them tightly as she moaned out loudly.

"A little more" I said.

Because of her wide, protruding ass, I was a little sceptical about fully inserting my dick into her asshole, however, after I forcefully divided and held her buttocks apart, I fully sunk my dick into her ass hole.

"AAHHHHHH~::~" Aunt Greta screamed, her voice filling up the silent spaces in the air. Her back arched downwards as she pushed her buttocks backwards, and upwards to the sky, further inserting my Penis far deeper than I thought was even possible.

Her asshole expanded and gripped my throbbing cock tightly, pressing down its narrow fleshy walls upon it.

"Okay Aunt Greta, now I am going to move slowly so that I can get all the dirt in your ass out" I said. I felt amused at my statement.

"Mmmuh" She hummed and nodded in understanding.

Without further ado, I began to slowly remove my dick before I inserted it back into her anus. I placed one of my hands by the side of her buttocks and placed the other one on her two ass cheeks, and then I hammered her ass against my thighs and watched as they rippled like waves upon collisions.

Although the grip got tighter as she unconsciously clenched her ass, the experience it brought was amazing.

"PAH" "PAH" "PAH"

"Ah~~" "Ah~~~" "Ah~~~" Aunt Greta held the fence and moaned.
