

War God 1051

Chapter 1051: One Person Changes a Continent!

Luanhuan Holy Land, Imperial Sky Flying Boat.

"Holy Master, there is a Heavenly Guard Leader from Li Mo Continent, bringing people here to inquire."

A disciple from Luanhuan Holy Land stepped forward respectfully.

The attitude of these disciples has changed significantly now; they handle matters with more finesse and no longer possess the lofty demeanor of Holy Land disciples.

The massacre by Lin Mu and the Heavenly Guards left them speechless and trembling in fear.

Furthermore, the death of Jin Ming was something they felt deeply.

Jin Ming was a strong figure in the Tribulation Realm, considered to have an ancestor-level existence.

Yet such a figure died worthless, unable to even retaliate and was completely obliterated!

This terrifying experience makes them overly courteous to anyone now.

Heaven knows if among the seemingly ordinary Tribulation Ancestors, there lies someone perverse like Lin Wudi.

If they offend such a person, they truly wouldn't know how they died.

"Heavenly Guard, Leader?"

Luanhuan Holy Master moved to the bow of the ship.

Ancestor Zuo Qiu, along with Patriarch Li Yue, were already present, engaged in conversation with the Heavenly Guards.

Luanhuan Holy Master's expression slightly changed, coughing once to interrupt the discussion between the Heavenly Guards and the two ancestors.

"May I ask what the Heavenly Guards seek from us?"

Luanhuan Holy Master spoke with a slightly indifferent tone.

Zuo Qiu was startled by the change in the Holy Master's attitude.

The Heavenly Guard Leader looked coldly at Luanhuan, saying coldly: "You are traveling with wanted criminals from the Terrifying Continent, please explain."

Upon these words, Luanhuan Holy Master laughed and spread her hands, "Do the Heavenly Guards want to arrest us?"

The Leader raised an eyebrow and said calmly, "If you think that's necessary, I can make it happen!"

Luanhuan Holy Master's smile grew brighter, but her gaze turned icy, "Then let's proceed!"

As soon as she spoke, a thousand Second-stage Tribulation Thoughts broke through the air, aimed at the Heavenly Guard Leader.

Zuo Qiu and Li Yue looked aghast, unbelievably at their old friend.

They must've been infected by Lin Wudi's madness, daring to strike the Heavenly Guard!

The Leader clearly did not anticipate Luanhuan Holy Master's rigidity, ready to act at the slightest disagreement.

He certainly couldn't arrest Luanhuan Holy Master, as she hadn't violated any heavenly rules!

If the Heavenly Guards could randomly seize Tribulation Ancestors, the Heavenly Realm would have been chaotic long ago.

However, in the past, once he uttered these words, even those with Three Tribulation strength had to compromise.

This woman was so determined!

"Do you understand the consequences of your actions?" The Leader gazed chillingly.

Luanhuan Holy Master suddenly retracted the Tribulation Thoughts, smiling, "It was just a joke with the Leader, don't take it the wrong way..."

The Heavenly Guard Leader's brows twitched, his expression growing colder.

Zuo Qiu urgently sent a message, "Luanhuan, what are you doing?"

Luanhuan ignored them and addressed the Leader, "If the Heavenly Guards want to inquire, they may, but there's no free lunch. For intelligence, offer appropriate treasures in exchange!"

Zuo Qiu felt a shiver running up his spine.

This woman dares to ask the Heavenly Guards for benefits?

The Leader looked at Luanhuan in surprise; seeing she wasn't joking, he suddenly realized.

The order above was vague, only stating a wanted criminal from the Terrifying Continent who killed a Heavenly Guard.

Now, seeing Luanhuan's attitude, he suddenly realized the criminal's identity might not be as simple as described.

Thinking for a moment, the Leader produced a Jade Slip.

"This is the Great Sun Divine Technique from the Jin Yang Empire of Li Mo Continent, it can gather up to two thousand Second-stage Tribulation Thoughts. Is this exchange enough?"

At the Leader's words, Zuo Qiu and Li Yue's breathing became slightly rapid.

The Cultivation Technique for Tribulation Thought Blade is also graded.

Take the Second Thunder Tribulation Technique, for example, the number of Tribulation Thoughts gathered in one go for an ordinary technique is only around one thousand three-four hundred.

Any more could only be gathered into another Tribulation Thought Blade.

A two thousand Tribulation Thoughts technique is the highest for those non-Banished Immortal level Second Tribulation Ancestors!

Unexpectedly, with a few words, Luanhuan managed to acquire such a treasure from the Heavenly Guards!

They again sent messages, urging Luanhuan Holy Master to accept the trade.

It's just a matter of discussing Lin Mu's intelligence, even if they don't reveal it, other dozen Tribulation Ancestors would.

Unexpectedly, Luanhuan Holy Master didn't accept the Leader's Jade Slip, instead smiling, asking, "Do you wish to die or live?"

These words made Ancestor Zuo Qiu and Li Yue jump.

Is Luanhuan poisoned by Lin Wudi?

Such brazen remarks in front of the Heavenly Guards!

The Heavenly Guard Leader wasn't as irritated as Zuo Qiu expected, but rather looked at Luanhuan Holy Master with interest.

His cold face showed a hint of a smile, "How does one say die? How does one say live?"

Luanhuan Holy Master smiled gracefully, saying: "Wise indeed! Choose to die, I'll accept your Jade Slip and give you the information!"

The Leader hesitated, asking, "What is choosing to live then..."

"Choose to live, and offer more benefits, I'll gift you a free suggestion!"

Luanhuan Holy Master's smile grew even brighter!

The Leader paused for a moment, pointed to his brow, and a Third-stage Tribulation Thought slowly flew to Luanhuan Holy Master.

"This is a masterless Third-stage Tribulation Thought rewarded by the Heavenly Guards, not yet refined by me, it's yours now!"

The Leader's words echoed like thunder around Ancestor Zuo Qiu's ears.

Are these two insane?

This rare masterless Third-stage Tribulation Thought!

With this Tribulation Thought, whether one refines it themselves or uses it to comprehend the Third Tribulation, it provides immense benefits.

Yet it's given away just like that?

Luanhuan Holy Master accepted the sword and the Third-stage Tribulation Thought with a smile, sending a faint message: "Injure yourself, don't encircle Lin Wudi!"

Luanhuan Holy Master's words left the Leader in a daze!

Luanhuan Holy Master didn't care about the stunned Leader, wielding the Tribulation Thought, she left the Imperial Sky Flying Boat.

"Luanhuan, what are you going to do?"

Zuo Qiu finally realized his old friend's mood today was off.

Luanhuan Holy Master smiled and sent a message: "Everyone has their choice, their opportunity, now my choice, my opportunity, has arrived!"

After speaking, she swiftly left, wielding the Tribulation Thoughts.

"Could you two tell me about Lin Wudi killing the Heavenly Guards?"

The Leader's expression changed, surprisingly bowing to Zuo Qiu and Li Yue.

Patriarch Li Yue was taken aback.

Zuo Qiu abruptly realized what choice his old friend had made.

"Lin Wudi..."

...

Imperial Sky Flying Boat.

"I never expected such changes in governance across a sea."

Li Lingqing swept her Divine Sense over the mundane nations below, quite curious.

She had thought all the land realms in the Heavenly Realm had political structures based on Holy Lands and sects, but Li Mo Continent was comprised entirely of various-sized countries.

Empires, kingdoms, scattered like stars.

"This is because Li Mo Continent once had an exiled immortal who self-titled as Emperor Qianfeng."

"He achieved Six Tribulations, becoming Li Mo Continent's strongest, thus aligning Li Mo based on his preferences, forming the most distinctive national model in the Heavenly Realm."

Lady Xin Thirteen added.

Mia Qing felt emotional, one person transforming a continent, Emperor Qianfeng indeed earned the title of exiled immortal.

Thinking of this, she quietly looked at Lin Mu.

What legend will he create?

Chapter 1052: Avenger, Lady Xin Thirteen!

Heavenly Square Country!

Several thousand years, for the humans of the original Earth, is the entirety of human civilization's history of development.

Five thousand years, human civilization grew from nothing to great heights, developing at a rapid pace.

But to the beings of the Heavenly Realm, five thousand years is merely a few generations.

With the abundance of Spiritual Energy in the Heavenly Realm, even mortals who don't understand cultivation can often reach the Foundation Establishment Realm.

With just a little cultivation, they can reach the Golden Core Realm.

The lifespan of a Golden Core is several thousand years.

Therefore, to the people of the Heavenly Square Country, the Queen's ascension to the throne seems like it happened not so long ago.

After ascending to the throne, the Heavenly Square Queen began purging the kingdom of those loyal to the former king and the Great General.

Due to the overwhelming power she wielded, this purge was carried out with great ease.

Anyone unwilling to pledge allegiance to the Queen was quickly eliminated!

Boulder City, the largest city in the south of the Heavenly Square Country.

It is also the border outpost where the territories of the Heavenly Square Country and the Ancient Spirit Country meet.

The guardian general here is the Queen's absolute confidant, a Tribulation-Crossing Ancestor of the first Thunder Tribulation, the Southern Great General, Du Zhen.

Perhaps to dilute the influence of the former Great General among the populace, after her ascension, the Queen appointed Great Generals to the East, South, West, and North.

Under the leadership of the Southern Great General Du Zhen, Boulder City remains as stable as a rock.

The Ancient Spirit Country hasn't dared to stir up trouble for several thousand years.

The greatest wealth of Boulder City lies in the Spirit Stone Mine located in the mountains on the city's outskirts.

For cultivators beneath the Tribulation Crossing stage, it is an essential resource for cultivation.

The guardian of the Spirit Stone Mine is Du Hui-ming, the nephew of Du Zhen.

Although he is only at the Late Stage of Integration, he is Du Zhen's absolute confidant.

"Useless, this month's progress is more than thirty percent behind last month's. If you don't complete the task, I'll kill you and replace you with another group!"

Du Hui-ming wielded a whip, lashing at his subordinates.

Those underlings, daring only to be angry but mute, turned to vent their frustrations on the laborers working the mines.

The laborers in the Spirit Stone Mine are mostly captives from other countries.

With humans in the Heavenly Realm having long lifespans and a strong ability to reproduce, the last thing they lack is population!

Killing is nothing to Du Hui-ming and the others.

At that moment, Du Hui-ming suddenly changed his expression and looked skyward.

"The Imperial Sky Flying Boat?"

Du Hui-ming shouted loudly, "Enemy attack!"

In the next instant, all eight Integration realm experts in the mine ascended with their swords, rushing toward the Imperial Sky Flying Boat!

Unlike the Holy Land sects of the Barbarian Continent and Lv Zhou, in the kingdom system of the Li Mo Continent, ordinary Imperial Sky Flying Boats are not allowed to freely pass through other countries' territories.

Otherwise, it would be seen as a provocation.

To come uninvited is to be an enemy!

Boom boom boom!

The eight powerhouses, along with Du Hui-ming, launched a barrage of Dao Arts at the Imperial Sky Flying Boat!

However, the boat's defense was excellent, shimmering with ripples that repelled their attacks.

Without hesitation, Du Hui-ming turned to flee, "The defense is impregnable, there must be a Tribulation-Crossing Ancestor among them, retreat..."

However, just as he turned, a figure appeared before him.

"Du Hui-ming, so we meet again!"

Hearing this voice, Du Hui-ming retreated rapidly like a startled rabbit.

"Lady Xin Thirteen! You dare to return to Heavenly Square!"

Du Hui-ming shouted with forced bluster, though his heart was filled with despair.

The hatred between him and Lady Xin Thirteen is as deep and unfathomable as the waters of the Three Rivers Area.

After the Great General's death, the Queen began to settle scores with the Xin Family, with the Du Family leading the charge.

Du Zhen personally led all the Du Family experts above the Integration Path Boundary and went to the Xin Family, unleashing a massacre!

Du Hui-ming was exceptionally ruthless, not sparing even the Xin Family members in the Foundation Establishment and Golden Core Realms.

Lady Xin Thirteen's sister from the same parents fell by Du Hui-ming's hand.

At that time, the entire Heavenly Square Kingdom was vying for the chance to pledge loyalty to the Queen.

Du Hui-ming never imagined that Lady Xin Thirteen would dare to return for revenge!

"Die!"

Lady Xin Thirteen thrust her spear!

Thud!

Du Hui-ming's scapula was pierced by the Tribulation Thought Blade Long Spear.

The dual damage to his spirit and body left Du Hui-ming in indescribable agony.

The other eight Integration experts were about to flee, but saw a flash in Lady Xin Thirteen's eyes.

Eight Tribulation Thunder Thoughts transformed into eight long spears, striking at the eight of them.

Thud thud thud!

The eight Integration experts had no time to resist and were instantly killed!

This is the gulf between a Tribulation-Crossing Ancestor and Integration powerhouses!

Du Hui-ming, in agony, wished for the peace of death like those eight.

But Lady Xin Thirteen clearly didn't intend to let him off so easily.

One spear, another spear, she pierced him hundreds of times.

Du Hui-ming's wails echoed throughout the Spirit Stone Mine.

Exciting cheers erupted from the workers.

Bang!

After obliterating Du Hui-ming's body with a thrust, Lady Xin Thirteen took out a Space Ring, sealing Du Hui-ming's Divine Soul within!

Killing Du Hui-ming so easily wouldn't appease Lady Xin Thirteen's burning hatred!

If she didn't torture this bastard for thousands or tens of thousands of years, how could she face the dead members of the Xin Family!

"Kill!"

Lady Xin Thirteen, without boarding the Imperial Sky Flying Boat, wielded her Tribulation Thunder Thought, and single-handedly charged into Boulder City!

The sound of thunder from the Tribulation-Crossing Ancestor immediately caused great commotion in Boulder City.

Although called a city, Boulder City covers a territory far surpassing all the landmasses of the original Earth.

The guards within are all top-tier cultivators.

Divinity Transformation, even Unity Realm Stage, in countless numbers, far surpassing today's Earth Blessed Land.

A Middle Thousand World in Boulder City.

Du Zhen sat in meditation, continuously honing his thoughts.

Eight hundred fifty-three Tribulation Thunder Thoughts in perfect unity.

"In around a thousand years, I can head to the Heavenly Battlefield to undergo my Second Thunder Tribulation."

Du Zhen was pleased with his cultivation level.

Having been the first to storm the Xin Family, not only did he receive rewards from the Queen, he also acquired abundant resources from the Xin Family!

He even had the confidence that during his Second Thunder Tribulation, he might reach the Proud Son of Heaven state, with an additional nine hundred Tribulation Thunder Thoughts!

At that moment, a figure suddenly appeared from the space gate.

"Reporting to the Great General, Lady Xin Thirteen has returned! She has already entered Boulder City and is massacring our Du Family members!"

The soldier reporting this was also a direct descendent of the Du Family, possessing the Peak of Integration cultivation.

His face, however, was filled with panic.

He had just caught a glimpse from afar, realizing that after six thousand years, Lady Xin Thirteen's strength was beyond imagination!

"Lady Xin Thirteen?"

Du Zhen leapt to his feet, sneering, "Back then, if Her Majesty the Queen hadn't whimsically kept her as a plaything, she would have been dead! And now she dares to return to Heavenly Square, she's tired of living!"

In the next moment, his form flickered, and Du Zhen dashed out of the Middle Thousand World, arriving at the City Lord's Mansion.

Rumble!

In sight was the fierce bombardment of the Tribulation Thunder Thoughts!

Any with Du Family blood, regardless of cultivation strength, were all slain!

Even those in the Qi Cultivation Realm were not spared!

Seeing his descendants being killed before his eyes, Du Zhen was enraged beyond measure.

"Lady Xin Thirteen, you're courting death!"

Boom!

A streak of saber light soared into the sky, slashing toward Lady Xin Thirteen's Tribulation Thunder Thoughts!

Whoosh!

Lady Xin Thirteen's thoughts retracted swiftly, evading Du Zhen's strike.

Du Zhen, commanding thunderbolts, appeared in an instant before Lady Xin Thirteen, his gaze as cold as ice!

"Die!"

Du Zhen's seven hundred Tribulation Thunder Spell formed the Tribulation Thought Blade, descending like a Heavenly Saber!

Chapter 1053: Stop Playing, I'm in a Hurry!

"Du Zhen, do you truly believe you can defeat me?"

Lady Xin Thirteen's Tribulation Thought Blade transformed into a Long Spear, striking with a bang and sending Du Zhen's longsword flying.

So strong!

Du Zhen's face turned somewhat unsightly.

Lady Xin Thirteen's gaze was like eternal ice, pointing at Du Zhen and shouting, "That day when you led people into my Xin Family, you merely relied on the Queen's Guard beside you. Otherwise, your mere Du Family, what virtue and ability did you possess to destroy my Xin Family! Today, I will let you taste the power of my Xin Family!"

In those days, when Du Zhen invaded the Xin Family, how majestic he was.

Several members of the Xin Family who were Transcending Tribulation were gravely injured by the Queen's Guard and then hunted by Du Zhen.

Even Lady Xin Thirteen herself almost fell to Du Zhen's hands.

Lady Xin Thirteen had long been harboring a grudge.

To exact revenge, she devoted herself to diligent study for millennia, honing her Tribulation Thunder Thought!

With one move, she had battled Du Zhen to a stalemate!

Du Zhen sneered, "A mere dog that lost its family, dare to bark in front of me! Back then, I could destroy your Xin Family; today, I can kill you!"

In the next moment, the Tribulation Thought Blade Du Zhen controlled transformed again, from seven hundred pieces to nearly nine hundred!

In these millennia, he had gathered enormous resources.

If not for starting late, he could even step into the realm of the Proud Son of Heaven now!

Even so, his strength reached the pinnacle among geniuses!

Bang!

The Tribulation Thought Knife collided with the Tribulation Thought Spear!

Both Du Zhen and Lady Xin Thirteen had a slight change in expression but gritted their teeth and continued charging forward!

Boom boom boom!

Their Tribulation Thought Blades kept colliding.

Each clash brought tremendous mental shock to the two of them.

This was the norm of heavenly tribulation battles in the Heavenly Realm!

The battle between two Tribulation-Crossing Ancestors unleashed shockwaves capable of ravaging heaven and earth!

Boulder City Barracks were instantly destroyed by the terrifying torrents!

The soldiers who once committed brutal slaughter in the Xin Family met their retribution.

Many were swept into the vortex of the Ancestors' battle before realizing what had happened!

This world of Boulder City was almost annihilated by their clashing shockwaves!

This was Du Zhen's ruthless nature.

Although he could have lured Lady Xin Thirteen away to battle, he deliberately stayed, trying to exploit the compassion in Lady Xin Thirteen's heart.

Unfortunately, he underestimated Lady Xin Thirteen's hatred!

The grudge of destroyed family left Lady Xin Thirteen's eyes scarlet, forgetting everything!

Kill!

Kill!

Kill!

Lady Xin Thirteen's eyes saw only slaughter!

Boom boom boom!

Their Tribulation Thought Blades constantly clashed!

Lady Xin Thirteen was already seeing red!

In the midst of the battle, Du Zhen gradually gained the upper hand.

Over the years, with the vast resources he acquired, he was only one step away from transcending the Second Thunder Tribulation!

Facing Lady Xin Thirteen, he held the advantage!

Bam!

Dozens of Lady Xin Thirteen's Tribulation Thunder Thoughts were shattered.

She groaned, continuing the fierce battle!

Du Zhen sneered, "Lady Xin Thirteen! You truly are as foolish as ever! Today, I shall kill you!"

As he gradually gained the upper hand, Du Zhen fought with growing confidence!

Lady Xin Thirteen was being pounded back, the cracks on her Tribulation Thought Blade increasing!

Bam!

Lady Xin Thirteen was hit by a sweep from the Tribulation Thought Blade, her body shook, and half her body was drenched in blood.

"Hahaha!"

Du Zhen threw his head back in laughter, his fighting spirit intensified.

Killing Lady Xin Thirteen today will undoubtedly earn the Queen's reward!

He might even ascend to be the fifth Second Tribulation Powerhouse of the Kingdom!

"Lady Xin Thirteen, let your life be the stepping stone for my advancement to the Second Thunder Tribulation!"

Du Zhen sneered viciously, directing the Tribulation Thought Blade to attack furiously.

At this moment, a cold voice suddenly echoed.

"Lady Xin Thirteen, stop playing around, I'm in a hurry!"

The sudden voice left Du Zhen stunned.

Playing?

Lady Xin Thirteen was retreating, nearing her demise, what playfulness could there be!

While he was bewildered, Lady Xin Thirteen's aura suddenly shifted.

"I truly am incompetent. I intended to kill you using the Xin Family's cultivation technique, but I couldn't achieve it..."

A trace of melancholy flashed in Lady Xin Thirteen's blood-red eyes.

Suddenly, she struck fiercely!

"Break formation!"

Bang!

The Long Spear in Lady Xin Thirteen's hand suddenly reformed, resembling a Tribulation Thought Blade but distinct, covered in mysterious runes.

With a light shout from Lady Xin Thirteen, the Long Spear pierced forward again!

Du Zhen moved his fingers, intending to control the Tribulation Thought Blade to counterattack.

However, in the next moment, an illusion suddenly appeared in his Sea of Consciousness!

In the illusion, there was an army of myriad warriors.

Each warrior seemed to possess power above Transcending Tribulation!

Immortals as soldiers, gods and demons as generals!

This was an invincible army never before seen in the Heavenly Realm!

Before this invincible army, a white-clad female war god suddenly appeared!

With a Long Spear in hand, the female war god was majestic and unchallengeable!

Kill!

The female war god roared, stabbing with her spear!

Du Zhen could not fathom it, all he felt was its irresistibility, impossible to withstand!

Rumble!

With one spear strike, the battle formation of Immortals as soldiers and gods as generals was instantly torn apart.

One spear, breaking the formation!

"No!"

The spear felt like it pierced through Du Zhen's body, making him roar in despair.

Poof!

Du Zhen felt his head being pierced by a spear!

Under searing pain, the illusory realm shattered.

What appeared before him were Lady Xin Thirteen's blood-red eyes!

The Tribulation Thought Spear in Lady Xin Thirteen's hand was already viciously thrust into his skull!

"Ah..."

Du Zhen wailed in heart-wrenching despair, but he could not fend off the spear!

Poof!

His head was pierced through instantly, his Sea of Consciousness shattered by the Tribulation Thought Spear!

"What cultivation technique is this!"

Du Zhen's divine soul left his body, still in utter disbelief.

In the Tribulation Thought Blade, emphasizing Divine Sense Attack, what kind of method is this?

Such a cultivation technique has never appeared in the Heavenly Realm!

Lady Xin Thirteen's response was her hand!

Bam!

With one hand, Lady Xin Thirteen grabbed Du Zhen's divine soul and mercilessly stuffed it into the Space Ring!

The fire of heaven and earth began to scorch Du Zhen's divine soul.

Du Zhen howled miserably, in endless despair!

Lady Xin Thirteen wielded the Long Spear, her heart still filled with inexpressible shock!

In the two to three months she spent with Lin Mu, Lin Mu had taught her a spear technique.

Though she knew this spear technique was unprecedented in the Heavenly Realm, adding Dao Methods attack within the Tribulation Thought Blade, she never imagined its power to be so formidable!

Though both were at the level of the First Thunder Tribulation, and Du Zhen even slightly suppressed her, he had no chance under this single move!

What a formidable cultivation technique this was!

One move, killing at the same rank!

Lady Xin Thirteen even had a faint feeling that facing ordinary Second Thunder Tribulation Practitioners, she might even have the capacity to battle!

Given a surprise attack, she might even assassinate a Second Thunder Tribulation!

"Lady Xin Thirteen, thanks her benefactor!"

Lady Xin Thirteen knelt in the void with a plop, reverently bowing towards the Imperial Sky Flying Boat.

"Kill! Use the blood of your enemies to forge your breakthrough to the Second Thunder Tribulation, and a steadfast will!"

Within the Imperial Sky Flying Boat, Lin Mu's indifferent voice came through.

"Yes!"

After killing Du Zhen, Lady Xin Thirteen felt invigorated, her cultivation level suddenly more stable!

Boom!

Lady Xin Thirteen rode the thunderbolt, charging towards the Heavenly Square Kingdom Capital!

...

In Heavenly Square Country, the Embroidered Guard.

The Embroidered Guard was a special agency newly established by the Heavenly Square Country Queen after she ascended the throne.

Its functions are similar to the Embroidered Uniform Guard during the Ming Dynasty.

"Hmm? Boulder City has fallen, Du Zhen perished in battle, why is there such a sudden change!"

In the secret chamber, someone slowly opened their eyes.

This person was Hui Xu, the chief leader of the Embroidered Guard, and one of the current four Second Thunder Tribulation Powerhouses in the Heavenly Square Country.

Chapter 1054: Proving the Dao Through Slaughter!

Heavenly Square Country originally had only the former King and the Great General as Second Thunder Tribulation powerhouses.

After the Queen ascended the throne, she brought three Second Thunder Tribulation experts, making the nation's power even stronger.

Therefore, many were swayed to believe that the Queen brought hope to the nation, with even the possibility of becoming an Empire!

Hui Xu was one of these three Second Thunder Tribulation experts.

With a thought, a shadow appeared in front of him.

"Greetings, Great Leader!"

The man had two neatly trimmed mustaches, like extra eyebrows.

"Something has happened in Boulder City, take people there and eradicate the invading enemy!"

After speaking, Hui Xu closed his eyes again.

The man with the mustache respectfully saluted, and the shadow gradually blurred!

At the same time, ten thousand miles away, the Ancestor of Thunder Tribulation of the Embroidered Guard, Jing Gui, broke free from his retreat.

Boom!

A thunderbolt exploded in the sky, and two figures suddenly appeared.

"The Great Leader orders, rush to Boulder City, and eradicate the invading enemy!"

Jing Gui's mustache twitched, his eyes radiating icy light!

...

Lady Xin Thirteen slaughtered all the way!

On her path, any who participated in the siege against the Great General six thousand years ago, or the massacre of the Xin Family, were all dealt with!

Just as they slaughtered the Xin Family back then, today Lady Xin Thirteen slaughtered them the same way!

These accomplices, whether Integrate Dao or Divinity Transformation, were not Lady Xin Thirteen's match!

Using the Tribulation Thought Incarnation, she simultaneously slaughtered hundreds of families!

Just as they did to the Xin Family those years, no one above the Qi Cultivation Realm was spared!

In Heavenly Square Country, rivers of blood were flowing!

On the first day, Lady Xin Thirteen broke Boulder City, killing the Garrison Commander Du Zhen!

On the second day, Lady Xin Thirteen broke Huto County, killing County Governor Mo Yun!

On the third day, Lady Xin Thirteen broke the Tian Guo Mansion Lu Family, killing five thousand of the Lu Family's members!

On the fourth day...

In seven days, Lady Xin Thirteen stirred a tide of revengeful blood in Heavenly Square Country.

...

The Prefecture Head of Tian Guo Mansion, Feng Junchen, was once a Great General under the command of the Great General, possessing a First Thunder Tribulation cultivation, and was one of the Great General's most trusted subordinates.

It was his betrayal that led to the downfall of the Xin Family, exterminated by the Du Family!

If Lady Xin Thirteen hated anyone the most, the Heavenly Square Country Queen was first, Du Zhen second, and Feng Junchen third!

Upon hearing of Lady Xin Thirteen's city-breaking exterminations, Feng Junchen's first thought was to flee!

He was well aware of Lady Xin Thirteen's hatred towards him; if he waited for her to arrive, he and the Feng Family would face disastrous consequences.

But as he was about to abandon the mansion and escape, three mysterious individuals appeared in his residence.

The Embroidered Guard, Jing Gui!

"General Jing, it's not that I am cowardly, but that Lady Xin Thirteen is too formidable. Du Zhen was on the verge of Transcending a Second Thunder Tribulation and was still killed by her, that's why..."

Feng Junchen wanted to explain but was silenced by Jing Gui's wave of the hand.

"You can seek forgiveness from the Queen afterward. For now, your task is to hold Tian Guo Mansion and wait for Lady Xin Thirteen to appear! Set the trap to kill her!"

In front of Feng Junchen, Jing Gui's expression was cold, without a trace of a smile.

Feng Junchen was sullen, without any room to refuse.

Knowing well that this might implicate his family, he didn't dare to defy Jing Gui's orders.

In Heavenly Square Country, who didn't know that behind Jing Gui stood the Embroidered Guard Great Leader Hui Xu, and behind Hui Xu was Her Majesty the Queen!

Offending Jing Gui wouldn't end much better than facing Lady Xin herself!

Jing Gui, with two other Tribulation-Crossing Ancestors, hid in the shadows, using a talisman to conceal their presence.

Feng Junchen, helpless, could only continue to hold Tian Guo Mansion.

He was already regretting, thinking that if he hadn't surrendered, perhaps if he had protected the children and descendants of the Great General family and led them away, today's situation wouldn't have arisen.

Unlike Du Zhen, who gained significant benefits from the Xin Family's downfall, Feng Junchen as the traitor to the Great General, never earned the Queen's trust, only serving as a figurehead Prefecture Head of Tian Guo Mansion.

The name Tian Guo Mansion itself is filled with disdainful implications.

Traitors never end well; if he could betray the Great General under the Queen's pressure, how could anyone guarantee he wouldn't betray the Queen under someone else's influence?

His life over the past six thousand years could be described as worse than death!

In six thousand years, his cultivation level hadn't advanced in the slightest!

"If I had known it would come to this, I wouldn't have acted that way,"

Feng Junchen sighed deeply.

A day later.

Lady Xin Thirteen appeared at the gate of Tian Guo Mansion!

Feng Junchen flew out to the city gate.

After six thousand years, he once again saw the Great General's most proud daughter.

Six thousand years passed, but the General's daughter was still as awe-inspiring.

Unexpectedly, Feng Junchen didn't see the hatred he anticipated in Lady Xin Thirteen's eyes.

Had she forgotten her grudges?

Of course not!

It was because she believed the great revenge was about to be achieved, and the hatred was no longer an obsession, but a release!

"You still remain at the First Thunder Tribulation cultivation, daring to seek revenge, how foolish!"

Feng Junchen's gaze was icy, killing intent evident.

What good is regret now, today either he would die, or Lady Xin Thirteen would perish!

Since the blood-filled night six thousand years ago, there had been no turning back!

Lady Xin Thirteen silently looked at Feng Junchen, not even asking why he betrayed her father.

Once, she regarded Feng Junchen as an uncle!

Boom!

Lady Xin Thirteen thrust her spear.

"You're still so rash, I..."

Feng Junchen had only spoken half a phrase when his vision blurred, and an illusory realm appeared!

Not good!

Feng Junchen immediately realized this was an illusory realm, yet he couldn't cut through it!

Jing Gui!

Feng Junchen screamed the name in despair in his heart!

At the moment Lady Xin Thirteen struck, three shadows suddenly darted from Feng Junchen's shadow!

Boom boom boom!

Three Blades of Tribulation Thought aimed to kill Lady Xin Thirteen!

Pfft!

Feng Junchen's head was pierced by the Robbery Thought Spear!

A proud Ancestor of Transcending First Thunder Tribulation didn't even have the chance to make a move before being killed in a single stroke by Lady Xin Thirteen!

After killing, Lady Xin Thirteen retreated rapidly, avoiding Jing Gui and the two others' surprise attack!

"How is this possible?"

"She's actually this formidable!"

Jing Gui and the two others looked at Lady Xin Thirteen in disbelief!

According to their original plan, even if Lady Xin Thirteen was stronger than Feng Junchen, it wouldn't be by much.

As long as Feng Junchen stalled her for a moment, they could ambush and kill Lady Xin Thirteen!

But they never expected that Feng Junchen couldn't withstand even a single move and was instantly killed!

This bastard, could he have deliberately gone easy?

As this thought flashed in their minds, Lady Xin Thirteen's attack arrived!

"Kill the General!"

This was a spear technique Lady Xin Thirteen comprehended from Lin Mu's imparted formation-breaking technique!

Boom!

The same illusion technique instantly engulfed Jing Gui and the two others.

"Illusory Realm!"

Jing Gui and the two realized their dire situation yet found no way out.

In the Tribulation Thought Blades, this Dao method attack was something they had never encountered.

In the Heavenly Tribulation, it's customary to use Tribulation Thought Blades to hack at each other, competing in quantity and strength!

Now, this sudden change caught the three completely off guard!

Pfft!

A crisp sound, one of the Tribulation-Crossing Ancestors had his head pierced.

"Lady Xin Thirteen!"

Jing Gui had just broken free from the illusion, witnessing his companion's killing, filled with rage, he fiercely unleashed the Blade of Thought.

This time, the core of his Blade of Thought comprised nine Second-stage Tribulation Thoughts!

Using Second Thunder Tribulation to kill First Thunder Tribulation, it seemed unbeatable!

Over thousands of years, he'd defeated countless enemy nation Tribulation-Crossers with this move!

Chapter 1055: Grace Like Rebirth

Upon witnessing the Tribulation Thought Blade constructed around the core of the Second-stage Tribulation Thoughts by Jing Gui, Lady Xin Thirteen's eyes showed not a trace of fear, but were instead boiling with battle intent!

In these recent days of slaughter, the killing intent in her heart had nearly reached its peak!

The attack techniques taught by Lin Mu had given her endless confidence!

Now, as long as it was below the Second Thunder Tribulation, she dared to fight!

"Break the formation!"

Lady Xin Thirteen thrust out her spear again!

Boom!

The Tribulation-Crossing Ancestor by Jing Gui's side was caught off guard and instantly fell into an illusory realm, unable to extricate himself!

Even Jing Gui was momentarily confused by the illusion!

However, the Second-stage Tribulation Thoughts of the Tribulation Thought Blade shook, jolting him out of the illusion.

Sweat nearly soaked his back.

This woman's attack methods were truly bizarre!

If not for the Second-stage Tribulation Thoughts, he would have been caught again!

Thud!

Yet, just as he broke free from the illusion, he heard a crisp sound beside him.

"Ah!"

The Tribulation-Crossing Ancestor next to him let out a miserable howl before losing all breath!

Lady Xin Thirteen had once again instantly killed a Tribulation-Crossing Ancestor with a single spear!

"Abomination!"

Jing Gui was enraged, having lost two Tribulation-Crossing Ancestors in succession; even he would be punished by the Great Leader afterward.

Boom!

Jing Gui slashed out with a blade.

The speed of the Second-stage Tribulation Thoughts far surpassed the First Thunder Tribulation!

Lady Xin Thirteen couldn't dodge in time and was struck on the chest!

Bang bang bang!

Before the blade could strike, a series of Tribulation Thoughts formed a defense, blocking the front.

The light rippled like water waves.

Bang!

The light shattered repeatedly, yet reformed each time!

Lady Xin Thirteen was sent flying several miles away by the slash, spewing a mouthful of blood, yet a crazed smile had already appeared on her face.

The Cultivation Technique taught by Lin Wudi was truly formidable!

The attack was strong, but so was the defense!

She had actually blocked Jing Gui's attack!

"Impossible!"

Jing Gui couldn't believe it. Only then did he realize, shocked, that Lady Xin Thirteen seemed to possess a set of attack and defense techniques completely different from the Tribulation-Crossing Ancestors of the Heavenly Realm!

This technique was the key to her instantly killing three Tribulation-Crossing Ancestors!

"Die!"

The stronger Lady Xin Thirteen was, the more he couldn't let her live.

Even now, at just one Thunder Tribulation, she was already this powerful. If she were to survive the Second Thunder Tribulation, perhaps no one in the Heavenly Square Kingdom would be her match!

With the blade formed by the nine Second-stage Tribulation Thoughts as the core, he slashed out again!

"Break the formation!"

Lady Xin Thirteen also thrust out her spear!

The illusory realm descended once more!

"Shatter!"

Jing Gui shattered the illusion directly with the Second-stage Tribulation Thoughts.

However, Lady Xin Thirteen's spear had already arrived!

Boom!

Jing Gui suddenly released over two hundred Tribulation Thoughts from his Sea of Consciousness to block Lady Xin Thirteen's attack.

A ruthless gleam flashed in Lady Xin Thirteen's eyes!

At the moment of Jing Gui's defense, Lady Xin Thirteen uttered a single word.

"Explode!"

She actually mimicked Lin Mu, detonating the Tribulation Thoughts without hesitation!

A full hundred Tribulation Thoughts exploded fiercely!

The terrifying shock wave blasted Jing Gui away instantly!

The Tribulation Thoughts he used for defense were also scattered in the blink of an eye!

"Kill!"

Pale-faced, Lady Xin Thirteen did not stop and thrust out her spear!

The reason for her ferocity and disregard was because she knew very well that this might be the last person she personally killed.

This time, Jing Gui was unable to organize a defense!

Thud!

The Robbery Thought Spear instantly pierced through his skull!

"Impossible! I have the Second-stage Tribulation Thoughts, I..."

Lady Xin Thirteen's spear shook, and Jing Gui's Sea of Consciousness shattered.

His Divine Soul had just appeared when it was captured by Lady Xin Thirteen.

"Lady Xin Thirteen, you will regret this! My adoptive father will surely avenge me!"

Jing Gui's Divine Sense roared.

Lady Xin Thirteen sneered, "Rest assured, that old dog Hui Xu will join you soon!"

With that, she placed Jing Gui's Divine Sense into the Space Ring with Du Zhen as company!

Only when it was all over did Lady Xin Thirteen exhale a long breath.

At this moment, a large hand suddenly appeared in the sky.

"Shatter!"

A soft shout sounded.

The Tribulation Thought Blade, along with Feng Junchen's Tribulation Thoughts, of the three with Jing Gui, were all crushed.

The shattered Divine Sense fragments were grabbed by the large hand and pressed fiercely onto Lady Xin Thirteen's forehead!

Lady Xin Thirteen knew it was Lin Mu's doing and offered no resistance!

Thud!

All the fragments of Divine Sense were infused into Lady Xin Thirteen's Sea of Consciousness.

In the Sea of Consciousness, the Divine Sense boiled, with thoughts rapidly forming!

Eight hundred!

Eight hundred and fifty!

Nine hundred!

Until nine hundred and fifty thoughts were formed, did it finally stagnate!

Nine hundred and fifty was the limit that Lady Xin Thirteen could accommodate!

Her aptitude could only support her to this point, but this already made Lady Xin Thirteen wildly ecstatic!

With nine hundred and fifty, she was considered outstanding even among the Proud Sons of Heaven!

Among these thoughts, over two hundred had not yet undergone the baptism of tribulation, not counting as Tribulation Thoughts.

But Lady Xin Thirteen was confident that once she transcended the tribulation, she could not only possess nine hundred and fifty Tribulation Thoughts but also successfully cross the Second Thunder Tribulation and maintain the status of a Proud Son of Heaven during it!

Because, within her Sea of Consciousness, nearly three thousand shattered fragments of Tribulation Thoughts had been infused!

This was the gift from Lin Wudi to her!

"Thank you, Benefactor, for granting me a new life!"

Lady Xin Thirteen bowed respectfully.

If not for Lin Mu, her life's revenge would have been hopeless!

In the sky above, the Imperial Sky Flying Boat appeared slowly.

"Come up, we are heading to the capital!"

Lin Mu's voice came from within the Imperial Sky Flying Boat.

...

Heavenly Square Kingdom Capital.

Hui Xu opened his eyes once more, a flicker of rage flashing within them.

"Jing Gui is actually dead?"

In the next moment, he moved and arrived outside the Royal Palace.

"Great Leader, you're just in time, Her Majesty the Queen invites you!"

An old man dressed in a purple robe greeted him with a cheerful smile.

This was the most trusted confidant of Her Majesty the Queen and also one of the four Second Thunder Tribulation powerhouses in the Heavenly Square Country, Chief Steward Liao Jin.

His cultivation level was unfathomable; even Hui Xu did not know how many Tribulation Thoughts he now possessed.

"Thank you, old Liao!"

Hui Xu cupped his hands and walked into the Royal Palace alongside Liao Jin.

After passing through several palace gates, the two arrived in a garden.

In the garden, three people were seated, two men and one woman.

The woman was naturally the Queen of the Heavenly Square Kingdom.

The Queen's figure was graceful, her curves exquisite, and she radiated the allure of a mature woman.

Even clad in the Queen's Dragon Robe, she could not hide her enchanting demeanor.

This is the woman who easily seduced the former king, ultimately causing the Great General's demise and unifying the Heavenly Square Kingdom.

One of the two men was Hui Xu's old acquaintance, Gu Yun, another Second Tribulation Powerhouse of the Heavenly Square Kingdom.

He originally thought Gu Yun was guarding the Heavenly Battlefield, but unexpectedly, he was also at the capital.

The other man was unfamiliar, yet the clothing he wore indicated his identity as a Heavenly Realm Guard!

"Hui Xu, just in time, let me introduce you to Leader Meng Wu of the Heavenly Realm Guard, who has come to discuss important matters with us."

The Queen spoke slowly.

Her voice was like a string of pearls hitting a jade disk, crisp and enticing, yet filled with seductive allure.

Seemingly inadvertently, she exuded an aura capable of bringing disaster upon the nation and its people.

Hui Xu dared not gaze directly at the Queen, slightly turning his head to look at the so-called Leader Meng Wu.

The Heavenly Square Kingdom and the Heavenly Realm Guard had always kept to their boundaries, so what was this Leader of the Guard doing here?

Leader Meng Wu bore a haughty expression, indifferently asking, "Did the enemy invading Heavenly Square have the words Renowned Swords on the Imperial Sky Flying Boat?"

Chapter 1056: Two Madmen!

After more than half a month of brewing, the news that the Heavenly Square Kingdom has been invaded by unknown forces spread to several surrounding countries.

In the past few thousand years, the Heavenly Square Kingdom has risen powerfully, causing many surrounding countries to feel uneasy.

Especially the two countries bordering the Heavenly Square Kingdom, they are constantly worried about being annexed by the Heavenly Square Kingdom.

Now, upon receiving the news of the invasion of Heavenly Square, both kingdoms are extremely excited.

Furthermore, "good" news keeps coming out.

The mysterious invading enemy, within a mere half a month, has killed six Thunder Tribulation Ancestors, causing the Heavenly Square Kingdom heavy losses!

According to confirmed reports, even the most capable person under Hui Xu, the leader of the Embroidered Guard, Jing Gui, was killed!

With this news, the surrounding countries immediately became restless, with many Thunder Tribulation Ancestors disguising their identities appearing within the Heavenly Square Kingdom's borders.

The Ancient Spirit Country has even sent one of their only two Second Thunder Tribulation Ancestors!

Should the Heavenly Square Kingdom truly suffer serious damage, the Ancient Spirit Country wouldn't hesitate to take action and completely capture the Heavenly Square Kingdom!

Within a few days, the Heavenly Square Kingdom became the storm center of the Li Mo Continent.

Many Thunder Tribulation Ancestors are gathering towards the Heavenly Square Kingdom Capital.

As time progresses, news keeps coming in.

The identity of the invading enemy of the Heavenly Square Kingdom has been confirmed; surprisingly, it is Lady Xin Thirteen, daughter of the former Great General of the Heavenly Square Kingdom, missing for over six thousand years!

Appearing this time, Lady Xin Thirteen is full of battle intent, having killed several Thunder Tribulation Ancestors within a short half-month, astonishing many.

Among the Thunder Tribulation Ancestors she hunted, Du Zhen and Jing Gui were both only a step away from the Second Thunder Tribulation.

Such powerful figures were actually killed by Lady Xin Thirteen!

Especially shocking to everyone is that when Lady Xin Thirteen killed Jing Gui, she did so while facing four opponents, forcefully killing him amidst the chaotic battle!

Such strength left all Thunder Tribulation Ancestors in shock!

Many even suspect Lady Xin Thirteen has gained a heaven-defying opportunity!

Otherwise, how could she face four opponents while undergoing the same Thunder Tribulation?

In the Heavenly Realm, Thunder Tribulation Ancestors compete with Tribulation Thunder Thought.

Even the exiled immortals or prodigies are only slightly stronger than Thunder Tribulation Ancestors of the same realm.

An exiled immortal might manage to face two opponents but certainly cannot face four!

Lady Xin Thirteen, in half a month, has become a legend!

This legendary name further attracted numerous unrelated Thunder Tribulation Ancestors to rush to the Heavenly Square Kingdom Capital.

Two months later, Lady Xin Thirteen's Imperial Sky Flying Boat leisurely appeared near the Heavenly Square Kingdom Capital.

"Renowned Swords Holy Lands? This is an Imperial Sky Flying Boat from the Outer Regions!"

Someone saw the name on the Imperial Sky Flying Boat and immediately frowned.

Any regional domain is very hostile towards Outer Regions Thunder Tribulation.

Their own territory, their own benefits, they would rather rot in the pot than let Outer Regions Thunder Tribulation touch them!

Originally, some Thunder Tribulation Ancestors gloating at the invasion of the Heavenly Square Kingdom now showed coldness in their gazes.

Just then, Lady Xin Thirteen's figure appeared atop the Imperial Sky Flying Boat.

"Today I, Lady Xin Thirteen, come only for personal vendetta, unrelated to the nation or realm, please do not interfere, otherwise, you will be my enemy!"

Upon hearing this, the surrounding Thunder Tribulation Ancestors had varied reactions.

Some breathed a sigh of relief, thinking Lady Xin Thirteen was forthright in her affairs, not involving Outer Regions Thunder Tribulation foolishly.

However, others showed disdain, feeling Lady Xin Thirteen was too arrogant!

Just a mere First Thunder Tribulation, what right does she have to speak to so many Thunder Tribulation Ancestors with such tone?

Lady Xin Thirteen ignored these people.

Because, her enemies had already appeared.

In the sky above the Heavenly Square Kingdom Capital, five people rose into the air.

Leading them was none other than the Heavenly Square Queen.

After six thousand years, seeing the Queen again, Lady Xin Thirteen's eyes turned crimson.

"Huh?"

"The person beside the Heavenly Square Queen is a Heavenly Realm Guard!"

"Is the Heavenly Realm Guard going to interfere in the grudge between the Heavenly Square Kingdom and Lady Xin Thirteen?"

"Impossible, if the Heavenly Realm Guard dares to do so, it would break the rules of the Heavenly Realm!"

The watching ancestors discussed, looking disdainfully at the Heavenly Realm Guard.

If there's an enemy chain in the Heavenly Realm, Outer Regions Thunder Tribulation ranks merely second.

The top spot definitely belongs to the Heavenly Realm Guard.

The Heavenly Realm Guard is a nightmarish presence for Thunder Tribulation Ancestors.

Every appearance of a Heavenly Realm Guard never brings good news!

Some radical Thunder Tribulation Ancestors have already planned if the Heavenly Realm Guard dares interfere with the grudge between the Heavenly Square Kingdom and Lady Xin Thirteen, they will not sit idly!

Even if it means offending the Heavenly Realm Guard, they must prevent them from abusing their power!

At this time, Chief Steward Liao Jin slowly stepped forward, indifferently saying, "Lady Xin Thirteen, Her Majesty the Queen has shown pity for your family's misfortune, never killing you these years, yet unexpectedly you show no gratitude and instead invade the Heavenly Square Kingdom, repaying kindness with vengeance, how utterly disgraceful!"

Such reversing of black and white words enraged Lady Xin Thirteen to the point of trembling.

A dignified Thunder Tribulation Ancestor, her emotions were surprisingly out of control!

"Liao Jin! You dare say such things! The day after you visited my father, he passed away, dare you say you didn't secretly strike with poison!"

Lady Xin Thirteen screamed in fury.

Chief Steward Liao Jin laughed coldly, "Six thousand years have passed, how stupid you remain!"

Seemingly unwilling to say more, he said coldly, "Have the one behind you come out, don't waste everyone's time!"

Lady Xin Thirteen had a flame burning in her heart, knowing she wasn't the match of these people, she restrained her emotions from charging recklessly!

At that moment, a broad hand touched Lady Xin Thirteen's shoulder, and a gentle voice sounded in her ear.

"It's alright, wait here to watch, see how I avenge you."

In that instant, Lady Xin Thirteen's heart was filled with warmth.

All hatred, all anger, seemed pacified.

The hatred remained, but no longer clouded her judgment.

Lin Mu, with hands behind his back, stepped in the void, slowly approaching the Heavenly Square Queen.

Upon seeing Lin Mu at that moment, all the surrounding Thunder Tribulation Ancestors showed expressions of surprise.

"First Thunder Tribulation?"

The person supporting Lady Xin Thirteen is merely a First Thunder Tribulation?"

Everyone was bewildered.

These days, they were guessing why Lady Xin Thirteen had the courage to return to the Heavenly Square Kingdom.

Upon seeing the Outer Regions Imperial Sky Flying Boat, they thought they understood everything.

Lady Xin Thirteen has found help from the Outer Regions.

They all assumed these helpers must be of Second Thunder Tribulation, and surely more than one.

Otherwise, facing the four Second Thunder Tribulations of the Heavenly Square Kingdom would be a dead end.

But now, before everyone's eyes, the person backing Lady Xin Thirteen is just a First Thunder Tribulation!

Are these two complete madmen!

This level of strength, how dare they appear before the four Second Thunder Tribulations of the Heavenly Square Kingdom?

All these people from various countries came, hoping to witness a spectacle, and even amid mutual devastation, seize the opportunity for benefits.

Yet now, such an absurd scene has unfolded!

First Thunder Tribulation, what a joke!

To see Lin Mu arriving through void walking, the Heavenly Square Queen was also surprised.

Despite having learned from Heavenly Realm Guard Meng Wu Zhang about Lin Mu's identity and strength, it still startled her.

A mere First Thunder Tribulation junior can garner such attention from the Heavenly Realm Guard, even breaking rules to ally with the kingdom?

Chapter 1057: I'm Not Interested in Fox Spirits!

The Tribulation-Crossing Ancestors watching from the sidelines finally noticed a trace of strangeness.

Normally speaking, if the enemy was just a junior who had only gone through one Heavenly Tribulation, the Heavenly Square Country's side would definitely have erupted in fury and struck at once!

Chief Steward Liao Jin could kill him with a backhanded move!

Yet now, not only had they not attacked, they were instead looking like they were on full alert.

They could all sense that the moment this white-robed youth appeared, the auras of the four on the Heavenly Square Country's side suddenly changed.

"This..."

Just as the Tribulation-Crossing Ancestors watching were full of doubt, the Heavenly Guard Leader took a step forward and spoke slowly.

"Lin Wudi, my Li Mo Continent Heavenly Guards are willing to give you a chance. As long as you join the Li Mo Continent Heavenly Guards, not only will we let bygones be bygones regarding your slaughter of Heavenly Guards, we will also fully support your cultivation!"

That one sentence from Meng Wu Zhang stunned everyone present!

This white-robed youth called Lin Wudi had actually killed Heavenly Guards before!

Moreover, it was clearly more than one.

Because Meng Wu Zhang had used the word "slaughter"!

Daring to kill Heavenly Guards—his courage had already pierced the heavens; he could only be described as insane.

But what shocked them even more was that the Li Mo Continent Heavenly Guards were actually trying to recruit such a madman!

"Could he be a Banished Immortal Genius?"

"So what if he is a Banished Immortal Genius? If he dares slaughter Heavenly Guards, even the status of a Banished Immortal Genius can't protect him!"

Some people were discussing.

Monster!

These two words, which were extremely unfamiliar to many Tribulation-Crossing Ancestors, suddenly popped into everyone's mind!

Only those peerless monsters would make the Heavenly Guards value them so much!

Monsters appeared only on the Central Domain's Four Great Divine Continents. Could it be that this white-robed youth actually came from the Central Divine Continent?

Lin Mu was also a bit surprised by this proposal from the Li Mo Continent Leader.

He smiled faintly and said, "In the lands of the Heavenly Realm, mere little Heavenly Guards are far from enough to shackle my steps."

As soon as these words came out, the scene fell silent.

He had slaughtered Heavenly Guards before, and now he was rejecting the recruitment of the Heavenly Guards again—was this man not afraid of death?

Meng Wu Zhang's gaze grew dangerous. He said coldly, "You'd better think clearly about what it is you're rejecting when you refuse to join the Heavenly Guards!"

He was rejecting his only path to survival!

The Heavenly Square Country Queen looked at the white-robed youth before her with great interest.

This person was truly interesting, daring to reject the Heavenly Guards in such a situation.

Lin Mu said calmly, "I bear neither grudge nor feud with the Li Mo Continent Heavenly Guards. If you retreat now, I can spare your life. Otherwise, you'll be my enemy."

Meng Wu Zhang burst into loud laughter and roared angrily, "Lin Wudi! Still putting on airs—do you take me for those idiots in your fleet?"

This Meng Wu Zhang was indeed a Heavenly Guard, but this time when he rushed to the Heavenly Square Country, he was not carrying out a Heavenly Guard mission.

When he received the Heavenly Guards' order to investigate Lin Mu's background...

He unexpectedly learned that Lin Mu possessed a magical treasure capable of suppressing a Third Tribulation expert.

Moreover, in his battle with the Terrifying Continent Heavenly Guard, Lin Mu had self-detonated one thousand and twenty-five Tribulation Thunder Thoughts!

Such severe injuries absolutely could not be recovered from in a mere six or seven months!

The current Lin Mu was nothing but a spent arrow at the end of its flight!

His attempt to recruit Lin Mu into the Heavenly Guards was genuine, but if Lin Mu wanted to join, he would have to hand over that magical treasure capable of suppressing a Third Tribulation expert as his entry offering!

He hadn't expected Lin Mu to actually dare reject his "kindness"!

The Li Mo Continent Heavenly Guards had already mobilized in full, and before long they would arrive at the Heavenly Square Country!

By acting like this, Lin Mu was practically committing suicide!

However, he himself would not wait for the Heavenly Guards to descend. He intended to act before the Heavenly Guards made a move, to pin Lin Mu down, seize his magical treasure, and force out his secrets!

He had already investigated clearly that Lin Mu's Six-Colored Divine Light Treasure was only effective against First Tribulation Ancestors.

In his eyes, Lin Mu right now was just a flashy, hollow spearhead. The five of them, all Second Tribulation Ancestors, working together could definitely kill this fiend!

At this point, Lin Mu no longer spoke. His eyes, indifferent, turned toward the Heavenly Square Queen and the others.

The Heavenly Square Queen suddenly let out a light laugh and said, "Lin Wudi—what an overbearing name!"

Her charming eyes rippled as she gazed into Lin Mu's, her voice enchantingly sweet. "You don't like being constrained by the Heavenly Guards. Then I wonder if you have any interest in being the king of a nation? If you're willing, I can yield the throne to you. I can even be your queen. How about it?"

A chorus of sharp intakes of breath sounded on the scene.

Even Lady Xin Thirteen on the Imperial Sky Flying Boat stared wide-eyed in disbelief.

Make Lin Mu the King?

The Heavenly Square Queen actually had such a crazy idea!

Meng Wu Zhang snapped his head around, his gaze icy as he looked at the Heavenly Square Queen, and said coldly, "You're playing with fire!"

The Heavenly Square Queen, however, paid Meng Wu Zhang no heed. She still smiled brightly at Lin Mu. "Well? As long as you agree, I can help mediate with the Heavenly Guards and keep you safe..."

The Tribulation-Crossing Ancestors watching realized that this woman was actually serious!

For Lin Mu's sake, she was willing to go against the Heavenly Guards!

They all looked at Lin Mu with suspicion.

What secret did this white-robed youth, who had only gone through one Heavenly Tribulation, actually hide on his person?

Even if he was suspected of being a monster, it shouldn't be enough for the Heavenly Square Queen to go this far, right?

After all, it was only a suspicion!

If he truly was a monster, the Central Divine Continent could not possibly fail to dispatch Four or Five Tribulations powerhouses to act as his protectors!

If he wasn't a monster, then he could only be an exiled immortal.

But even the most top-tier exiled immortal, before maturing, was just a junior!

Not only these Tribulation-Crossing Ancestors watching, even the three beside the Queen—Liao Jin and the others—were very surprised.

In her earlier conversation with Meng Wu Zhang, the Queen had never shown the slightest hint of such intentions.

At this moment, everyone's gaze focused on Lin Mu.

What would he choose?

If he advanced, he would be setting himself against the Heavenly Guards and would be hunted by the Li Mo Continent Heavenly Guards!

If he retreated, he would become the King of the Heavenly Square Country and even have a woman who had gone through two Heavenly Tribulations as his queen!

Lin Mu looked coldly at the Heavenly Square Queen. "I'm not interested in Fox Spirits."

With one sentence, he rejected the Heavenly Square Queen's temptation.

The Tribulation-Crossing Ancestors watching couldn't tell whether they felt more regret or admiration.

Meng Wu Zhang, inexplicably, let out a breath of relief.

The Heavenly Square Queen's face instantly turned incomparably ugly, the earlier charm completely gone!

If someone had been staring closely into her eyes, they would have seen a trace of fear she could not conceal!

"Kill him!"

The Heavenly Square Queen, like someone enraged after being rejected, let out a furious scream.

The three beside her—Liao Jin and the other two—struck at the same time!

"Sword!"

"Blade!"

"Shock!"

The three Second Tribulation experts, facing a First Tribulation opponent, did not use Tribulation Thunder Thoughts to crush him, but instead unleashed Dao Arts of Ten Thousand Paths Merged into One!

Boom!

A blade and a sword slashed toward Lin Mu!

At the same time, a ripple of shockwaves invisible to the naked eye swept toward Lin Mu!

Seeing this, all the ignorant onlookers were dumbfounded.

Tribulation-Crossing Ancestors not using Tribulation Thunder Thoughts to attack, but instead using Ten Thousand Paths Merged into One—what kind of trick was this?

Some even looked at the Heavenly Square Queen in bewilderment.

Could it be that, despite her murderous air, this woman still wanted to give the white-robed youth a chance, so her three subordinates hadn't used their killing moves?

Only Lady Xin Thirteen on the Imperial Sky Flying Boat understood that these people feared the suppressive power of the Sea-suppressing Pearl and did not dare to use Tribulation Thunder Thoughts!

"My benefactor, he..."

Even she didn't know how many Tribulation Thunder Thoughts Lin Mu had recovered in these past five-plus months!

Chapter 1058: My Heart Holds Myriad Dao Arts

Meng Wu Zhang's eyes flashed with a dark gleam, and he wielded the Dao Arts, integrating ten thousand ways into one!

This information was provided by him to the Heavenly Square Queen and others!

Lin Mu was powerful, but suffered heavy losses in the battle against the Terrified Continent Heavenly Guard!

With Dao Arts crushing him, this scoundrel could definitely be taken down!

He's merely a junior at the First Thunder Tribulation stage; there's no way his Dao Arts can surpass those of the Second Thunder Tribulation practitioners!

"Competing in Dao Arts?"

Lin Mu suddenly smiled, and immediately stepped forward!

One Step, Rivers Shatter!

Rumble!

The terrifying shockwave burst forth in an instant, colliding with the four's integrated ten thousand ways!

Bam bam bam!

The violent sound of collision echoed in all directions, the turbulent energy flows even overturned the ground for dozens of miles around them.

For a moment, dust flew, and stones danced.

The next moment, all the stones were crushed by the terrifying pressure!

What shocked everyone even more was that Lin Mu's step seemed to bring the heavens crashing down.

This land trembled with a dreadful power.

The integrated ten thousand ways of Meng Wu Zhang and the others were instantly destroyed!

"Dao Arts can actually be this strong!"

The surrounding Ancestors revealed expressions of shock!

Dao Arts, at the Integration Stage, were everyone's means of attack.

But after crossing the Heavenly Tribulation, the Ancestors' means became the Blade of Thought.

Because everyone understood, however strong Dao Arts were, they couldn't compare to the Blade of Thought!

The Blade of Thought truly shatters thousand laws with a single thought!

But the level of Dao Arts Lin Mu demonstrated now left everyone in awe.

They even had a vague feeling that if such powerful Dao Arts could combine with Tribulation Thunder Thoughts, the power would surely be extraordinary!

At this moment, Lin Mu's second step arrived!

Terrify Ghosts and Gods with the Second Step!

The screams of ghosts and gods rang in everyone's ears!

Bam bam bam!

Some weaker Tribulation-Crossing Ancestors had to release tribulation thoughts to block the attack of sound waves!

"It's a dual attack of sound and divine sense!"

Someone exclaimed in shock!

A practitioner at the First Thunder Tribulation stage actually used Dao Arts to force them to use tribulation thoughts!

What power!

The surrounding Tribulation-Crossing Ancestors suddenly realized that if they were still at the Integration Path Boundary, no one would be Lin Mu's match!

This skillful Dao Art could absolutely crush them all!

"This boy is extraordinary!"

The Second Tribulation Ancestor from the Ancient Spirit Country exclaimed sincerely.

Indeed worthy of being a genius of the banished immortals, even in Dao Arts, far beyond their comparison!

Meng Wu Zhang and the others had faces of dark complexion.

Due to the fear of the Sea-suppressing Pearl's power, they wanted to use Dao Arts to crush Lin Wudi, but little did they expect that their four, Second Thunder Tribulation powerhouses, would be hammered by Lin Wudi at the First Thunder Tribulation stage in terms of Dao Arts!

The four couldn't even counter!

Bam!

The ripples of Ghost God Shock hit the four, blocked by their protective magical artifacts.

But immediately afterward, Lin Mu stepped out two more steps!

Third Step: Heaven and Earth Change!

Fourth Step: Stars Upside Down!

Heaven and earth were overturned in an instant, the wind and clouds changed, and fiery clouds filled the sky.

Rumble!

Meteorites, like falling stars, smashed towards Meng Wu Zhang and the others.

Each of them could feel the terrifying Dao Arts gathered on the meteorites!

Thousands?

Tens of thousands?

They couldn't understand, why a Tribulation-Crossing Ancestor, after crossing the Heavenly Tribulation, didn't temper tribulation thoughts but learned so many Dao Arts!

Now, these tens of thousands of Dao Arts became their disaster!

Unstoppable!

As the meteorites fell, they despairingly found that their integrated ten thousand ways of Dao Arts, their protective magical items and talismans, couldn't stop them!

This terrifying power of Dao Arts surpassed Second Thunder Tribulation Dao Arts by far!

At this moment, Meng Wu Zhang and the others almost suffocated!

Four Second Thunder Tribulation powerhouses, bullied with Dao Arts to such degree by a practitioner at First Thunder Tribulation stage!

What a tragedy!

"Slash!"

The hot-tempered Grand Marshal Gu Yun, unable to tolerate such humiliation, boldly struck, releasing over sixteen hundred thoughts of the Second Thunder Tribulation!

Blade of Thought, strike!

A giant hammer shaking the heavens, like a mountain, pressed towards Lin Mu!

"Finally revealing their killing moves?"

The surrounding Tribulation Ancestors didn't know the truth and thought the Heavenly Square Country faction was finally furious and would go all out.

They didn't know, the moment Gu Yun released the Blade of Thought, Meng Wu Zhang felt like swearing!

This idiot was giving the opponent an opportunity to use the Sea-suppressing Pearl!

Sure enough, the moment Gu Yun released the Blade of Thought, Lin Mu's thoughts moved, and the Sea-suppressing Pearl met the Thought Hammer!

Rumble!

The range of hundreds of feet almost collapsed, everything was suppressed by the Sea-suppressing Pearl!

The tribulation thoughts, spiritual energy, air, even light were twisted under suppression!

"Sea-suppressing Pearl, truly terrifying!"

Meng Wu Zhang, having heard the terrifying power of the Sea-suppressing Pearl suppressing three Thunder Tribulation thoughts from the fleet members' descriptions, now saw it firsthand and indeed, the reputation was well deserved!

Gu Yun's tribulation thoughts were easily suppressed!

Gu Yun's face was dark purple!

He didn't heed the Heavenly Realm Guard's warning, rashly used tribulation thoughts and was suppressed!

Through tribulation thoughts, he could even sense the terrifying weight of the Sea-suppressing Pearl!

It was a weight that made him dread looking up!

From the tribulations thoughts' perspective, it was like an ant looking up at a mountain.

Now he finally believed what the Heavenly Realm Guard said, this Sea-suppressing Pearl could indeed suppress three Thunder Tribulation thoughts!

Second Thunder Tribulation thoughts were suppressed, unable to move even slightly!

"How is this possible?"

"What kind of thing is this? It can suppress Second Thunder Tribulation thoughts?"

The watching Tribulation Ancestors were stunned by the scene before them.

A treasure that can suppress Second Thunder Tribulation thoughts has almost never appeared in the Heavenly Realm!

"Could it be, their earlier reluctance to use the Blade of Thought and attack with integrated ten thousand ways was because they feared this treasure?"

Soon a Tribulation Ancestor discerned the truth.

The supposed opportunity given by the Heavenly Square Queen wasn't an opportunity but was out of fear of using tribulation thoughts!

Now, with Gu Yun using the Blade of Thought, it was easily suppressed!

At this point, the Tribulation Ancestors of the Heavenly Square Country faction were very embarrassed.

Using tribulation thoughts would be suppressed by the Sea-suppressing Pearl.

Not using tribulation thoughts, their Dao Arts were still inferior to Lin Mu!

The Second Tribulation Ancestor of the Ancient Spirit Country almost burst into laughter!

These fools of the Heavenly Square Country have their day too!

Meng Wu Zhang also realized he still underestimated this junior's power!

Even without using the Six-Colored Divine Light Treasure, they had no power to fight back!

No wonder messages from the Terrified Continent said that a Centurion had to personally take action to kill this scoundrel!

Just as the Heavenly Square Country side was clueless on how to respond, Lin Mu stepped out two more steps.

Five Steps to Make the Buddha Kneel!

Sixth Step: Evil Demons Weep!

These two moves were mainly attacks on the divine sense.

Meng Wu Zhang and the others, as though struck by lightning, had minds engulfed by chaos.

It was either the mournful cries of demons or the satanic sound drilling through their minds, commanding, "Kneel, kneel, kneel!"

Crunch crunch crunch!

Their bones crackled!

Dignified Second Tribulation Ancestors, actually not controlling their bodies, were about to kneel to the white-clothed youth before them.

"Curse you!"

Hui Xu roared furiously, abruptly raising his hand to release a flying sword magic artifact!

This flying sword was sharp enough to instantly tear through the ripples of Buddha Kneel and Evil Demons Weep, slashing towards Lin Mu!

Buzz!

A tribulation thought flew out, turning into a massive hand to strike at the flying sword!

"Finally waiting for you to unleash tribulation thoughts!"

The Heavenly Square Queen, who hadn't made a move until now, suddenly waved her hand, and a pink aura, seductive as peach blossoms, shot towards Lin Mu's tribulation thoughts.

Chapter 1059: Pink Skeleton Beauty!

"What is that thing?"

The emergence of a new phenomenon is always eye-catching.

During the clashes between the Heavenly Square Country and Lin Wudi, many unexpected outcomes had already surfaced.

This time, the pink mist released by the Heavenly Square Queen once again surprised all the Tribulation-Crossing Ancestors watching.

It wasn't Dao Arts, nor was it a Tribulation Thought Blade, and certainly not a Magic Artifact; it looked like some sort of toxic smoke?

In the realm of cultivation, poison has almost negligible effects on cultivators beyond the Heavenly Tribulation.

This is because every thought of a Tribulation-Crossing Ancestor has been tempered by the Heavenly Tribulation, easily dispelling any toxins!

The concept of poison has rarely appeared after advancing to the Transcendence Tribulation Stage.

Therefore, when the Heavenly Square Queen unleashed this toxic-like mist, even the Tribulation-Crossing Ancestors were taken aback!

And yet, the speed of this mist was exceptionally fast.

In fact, it was even faster than the speed of Tribulation Thunder Thoughts!

As Lin Mu released a Tribulation Thunder Thought, forming a giant hand to swat away a Flying Sword, the pink mist had already arrived!

The pink mist silently merged into the Tribulation Thunder Thought.

Lin Mu's Tribulation Thunder Thought was instantly tainted pink.

With a swift motion of Lin Mu's Divine Sense, he drove the Tribulation Thunder Thought deep into the Sea of Consciousness!

At the moment Lin Mu absorbed the Tribulation Thunder Thought into the Sea of Consciousness, the three Second Tribulation Powerhouses from the Heavenly Square Country's side inexplicably paused.

Meng Wu Zhang, puzzled and confused, shouted loudly, "Why did you stop!"

Realizing that Liao Jin and the others completely ignored him, they all cast sly smiles at Lin Mu.

At this moment, a faint pink began to spread outward from Lin Mu's Sea of Consciousness.

First the head, then the body.

Lin Mu was entirely enveloped in the pink hue.

Witnessing this scene, the Heavenly Square Queen giggled, her laughter causing her to shake with delight, "As expected from a little Tribulation-crosser from the desolate Outer Regions, how foolish to dare absorb a Tribulation Thunder Thought tainted with unknown substances into the Sea of Consciousness!"

These words caused the pupils of many watching Tribulation-Crossing Ancestors to suddenly contract.

"The pink mist from the Heavenly Square Queen can actually affect Tribulation Thunder Thoughts?"

"Could it possibly taint the Sea of Consciousness through the Tribulation Thunder Thought?"

"Doesn't that mean this Lin Wudi is already..."

"What exactly is the function of this pink mist?"

The Tribulation-Crossing Ancestors discussed fervently, their gazes at the Heavenly Square Queen filled with dread.

After all, such a bizarre method hasn't appeared in the Heavenly Realm for many years.

It was just at this moment that the Heavenly Square Queen suddenly walked toward Lin Mu with graceful steps.

Strangely, her three Second Tribulation subordinate didn't stop her.

Meng Wu Zhang furrowed his brow but didn't continue his attack either.

"Does that mist serve to control? Or possibly dismantle the enemy's combat power?"

Meng Wu Zhang speculated wildly.

The Heavenly Square Queen slowly approached Lin Mu, raising her smooth chin and haughtily commanded, "Kneel!"

An uproar erupted!

The watching Tribulation-Crossing Ancestors were not foolish. By now, they had realized the Heavenly Square Queen's pink mist was meant to control!

Could poison be used to control a Tribulation-Crossing Ancestor?

In that instant, those who had only undergone one Thunder Tribulation looked cautiously at the Heavenly Square Queen, instinctively keeping a distance.

Even the Second Tribulation Powerhouses were skeptical and hesitant because they weren't sure if the Heavenly Square Queen's bizarre pink mist could control someone at the Second Thunder Tribulation!

The Second Tribulation Powerhouses of the Ancient Spirit Country cast uncertain glances at the three Second Tribulation powerhouses from the Heavenly Square Country.

Could it be that all three were controlled by the Heavenly Square Queen?

If that were the case, then this woman was unbelievably dangerous!

Meng Wu Zhang also realized this, his heart trembling!

If she could control Second Tribulation Ancestors, wasn't he also in danger?

If he truly fell under the control of a woman, it would be worse than death.

Just at this moment, a voice suddenly rang out!

"Careful!"

Chief Steward Liao Jin, hair disheveled in anger, suddenly released over a thousand Second-stage Tribulation Thoughts, transforming them into a shield in front of the Heavenly Square Queen!

But it was still too late!

Almost as the Heavenly Square Queen approached Lin Mu, with an all-encompassing tone, uttering the word kneel.

Lin Mu's finger suddenly twitched.

The next moment, the stationary Sea-suppressing Pearl abruptly activated and instantaneously appeared beside the Heavenly Square Queen!

Bang!

Chief Steward Liao Jin's Tribulation Thunder Thought shield emitted a loud crash before being completely subdued by the Sea-suppressing Pearl!

After subduing over a thousand Second-stage Tribulation Thoughts, the Sea-suppressing Pearl maintained its speed, now only tens of yards away from the Heavenly Square Queen!

At that moment, all the Heavenly Realm's attendees witnessed for the first time the situation that would emerge when the weight had reached its limit!

"No..."

The Heavenly Square Queen's face lost its color, attempting to retreat but it was too late.

A terrifying gravitational force emitted from the Sea-suppressing Pearl.

This force was irresistible even to a Tribulation Thunder Practitioner.

The Heavenly Square Queen's skin cracked inch by inch, a myriad of flesh and blood being attracted to the Sea-suppressing Pearl, resembling a mist of blood heading toward it, forming dazzling lines of blood.

"Her Majesty!"

Liao Jin and the other two grew anxious, wanting to act but unsure how to save the Queen!

Most of Liao Jin and Gu Yun's Tribulation Thunder Thoughts had been subdued by the Sea-suppressing Pearl, only Hui Xu seemed to have the strength to fight, but he dared not release any Tribulation Thunder Thoughts.

The three could only simultaneously unleash their combined Dao Arts to attempt a distraction against Lin Mu!

At the moment they acted, Lin Mu opened his mouth and inhaled heavily.

The pink mist surrounding him was wholly swallowed by him.

The next moment, he exhaled forcefully, the pink mist like an arrow shooting toward Liao Jin and the others!

"Not good!"

Liao Jin and the others tried to dodge, but their speed couldn't match the pink mist!

Boom!

In an instant, the three were struck head-on by the arrow-like pink mist.

Though the pink mist caused no substantial damage to them, it enveloped them instantly.

With vacant eyes, the three stood like living dead, motionless!

Meanwhile, the Heavenly Square Queen was on the verge of death.

Almost all her flesh and blood had been drawn toward the Sea-suppressing Pearl.

At this moment, the Heavenly Square Queen retained none of the enchanting beauty that once captivated and ravaged kingdoms!

She was now nothing but a pink skeleton!

The watching ancestors were astounded, witnessing the spectacle.

The pink mist was exceptionally eerie, even ensnaring Second Tribulation Ancestors, yet this Lin Wudi from the Outer Regions, despite only having undergone one Thunder Tribulation, easily resisted the pink mist.

Not only that, he used the opportunity to eliminate four Second Tribulations at once!

In just a brief instant, the previously five-on-one matchup was swiftly resolved!

Meng Wu Zhang's face looked extremely grim.

He now suddenly realized that this Lin Wudi was far too formidable, entirely beyond his competence!

The Tribulation Thunder Thoughts couldn't be employed!

The Dao Arts weren't a match!

Even if Lin Wudi didn't utilize Tribulation Thunder Thoughts, he seemingly didn't have a good strategy to counter him!

It wasn't until then that he belatedly recalled something!

The several Heavenly Realm Guards executing the investigation with him fell gravely ill upon returning, some even deviating from reason, ultimately incapable of executing the operation against Lin Wudi!

They'd already realized Lin Wudi's difficulty, only he had been foolish!

"Lin Wudi, you've forced my hand!"

The Heavenly Square Queen suddenly roared in anger.

Chapter 1060: Those Who Are Not of Our Kind Have Different Hearts!

The sudden roar of the Heavenly Square Queen startled everyone!

The almost skeletal Heavenly Square Queen suddenly let out a howl, and her body began to undergo a huge transformation!

Bang!

A giant white tail appeared behind the Heavenly Square Queen.

Though the next moment it was torn to shreds by the Sea-suppressing Pearl, the surrounding Thunder Tribulation Ancestors still clearly saw that tail!

"Tail!"

"Demon race!"

"The Heavenly Square Queen is of the Demon race!"

Everyone's expressions changed simultaneously.

Even the most composed Tribulation-Crossing Ancestor's face changed color!

The name of the Demon race is practically taboo in the Heavenly Realm.

The current enemies of the Heavenly Realm are primarily the Demonic Beasts on the Heavenly Battlefield.

Every Tribulation-Crossing Ancestor of the Heavenly Realm must serve a two-thousand-year guard duty on the Heavenly Battlefield every five thousand years, battling with Demonic Beasts!

But these Demonic Beasts are not the most terrifying!

The most terrifying are the Demon race!

The so-called Demon race are those who escape by chance, sneaking from the Heavenly Battlefield to the Heavenly Realm, the Tribulation Transcendence Realm Demonic Beasts, who seize and assimilate the human body using the Tribulation Thunder Thought!

After undergoing transformation by the Tribulation Thunder Thought, the possessed person will turn into a creature neither human nor demon, thus becoming the Demon race!

The most terrifying aspect of the Demon race is not their combat strength, but their concealment ability.

Once they possess a human, they're almost impossible to detect!

And these members of the Demon race often create chaos in the Heavenly Realm, inciting wars big and small!

Each year, the Tribulation-Crossing Ancestors who die due to the chaos caused by the Demon race can even amount to one percent of those who die on the Heavenly Battlefield!

Do not underestimate this one percent, it's a terrifying number!

How many Ancestors died fighting Demonic Beasts on the Heavenly Battlefield?

Yet in the Heavenly Realm's base, deaths occur inexplicably, and even this one percent figure causes fear among everyone!

Moreover, these deaths occur after the Demon race is exposed and the subsequent battles are fought.

Without knowing how many Tribulation-Crossing Ancestors have already died at their hands before the Demon race was exposed!

The Demon race, in the Heavenly Realm, is nearly a nightmare-like existence!

No one expected that the ruler of the Heavenly Square Country for thousands of years, the Heavenly Square Queen, would actually be of the Demon race!

Bang!

Bang!

The Heavenly Square Queen released two more tails!

With three tails out, there was the tendency to break free from the restraints of the Sea-suppressing Pearl and struggle outward!

"Three tails, Third Tribulation!"

"This member of the Demon race is at the Third Tribulation, having fallen a realm due to rebirth by possession!"

"Li Mo Continent actually has a member of the Demon race at the Third Tribulation!"

"If she grows up, Li Mo Continent is doomed!"

Seeing the true strength of the Heavenly Square Queen, all the Tribulation-Crossing Ancestors were apprehensive!

If it weren't for Lin Wudi forcing the Heavenly Square Queen to reveal herself, Li Mo Continent would be in danger!

Suddenly, someone whispered, "Fox!"

At first, the other Tribulation-Crossing Ancestors didn't understand the person's meaning.

When they noticed the Heavenly Square Queen's face gradually transforming into that of a Demonic Beast, they were startled and changed color.

Where was this a peerlessly beautiful woman, it was clearly a Fox Spirit of the Demon race!

At this moment, everyone couldn't help but recall what Lin Mu said earlier.

"Fox Spirit!"

Before the battle started, Lin Wudi had already said the Heavenly Square Queen was a Fox Spirit!

However, at the time, everyone thought it was just Lin Wudi's metaphor, a metaphor for the Heavenly Square Queen being a femme fatale, causing havoc to the nation!

But now it seems, Lin Wudi might have identified the Heavenly Square Queen's identity back then!

Able to recognize the Demon race?

All the Tribulation-Crossing Ancestors looked at Lin Wudi with strange eyes.

At this moment, Meng Wu Zhang's mind buzzed, nearly tearing his gall and guts apart!

"It's over!"

Meng Wu Zhang realized he was probably doomed!

He actually joined forces with the Demon race to attack humans!

No explanation would likely save him from being charged with dereliction induced by manipulation!

After today, his identity as the Heavenly Guard Leader would surely be stripped away!

Moreover, if the Heavenly Square Queen caused massive casualties, he would even be held accountable!

"I..."

Meng Wu Zhang opened his mouth, wanting to say something.

But Lin Mu had already acted at this moment!

"Cut!"

Cold light flashed in Lin Mu's eyes as a Tribulation Thunder Thought released once more, manifesting as a sharp sword, slashing towards the Heavenly Square Queen!

The Heavenly Square Queen let out an inhuman roar, pink fumes erupted like sharp arrows, shooting towards Lin Mu's Tribulation Thought Blade!

And at that moment, Lin Mu took his seventh step!

Seven Steps to Reverse Time!

The ripple of distortion instantly surged towards the Heavenly Square Queen!

Buzz!

A ripple swept past, causing the Heavenly Square Queen's body to stiffen!

On the bloodied face flashed an incredulous expression as the Heavenly Square Queen shrieked, "Power of Time!"

The next moment, the ripple of distortion swept towards the three behind the Heavenly Square Queen, Liao Jin!

Liao Jin and the other two were Second Tribulation Ancestors, already escaping from the pink mist.

However, just as they regained their senses, the ripple of distortion arrived!

Buzz!

A ripple swept past, aging Liao Jin to resemble a Mortal octogenarian.

Gu Yun and Hui Xu both showed a touch of white hair at their temples!

Yet the three paid no heed, releasing all their Tribulation Thunder Thoughts, attacking Lin Mu!

"They were indeed bewitched by the Demon race!"

Seeing this scene, the surrounding Tribulation-Crossing Ancestors immediately understood, these three were nothing less than the Heavenly Square Queen's pawns and puppets!

The Second Tribulation Ancestor of the Ancient Spirit Country moved with emotion, suddenly let out a furious roar: "Protect the human race, kill the Demon race!"

Simultaneously, they struck, transforming the Tribulation Thunder Thought into Tribulation Thought Blades, slashing towards the trio of Liao Jin!

The other Tribulation-Crossing Ancestors of the Ancient Spirit Country also acted together!

Seizing the name of righteousness, while having the opportunity to kill the Second Tribulation Ancestor of an enemy country—such an opportunity they wouldn't miss!

The remaining Tribulation-Crossing Ancestors watching, their expressions changing, uncertain whether to act or not!

If it were merely a tussle between the Heavenly Square Country and Outer Regions' Lin Wudi, perhaps they wouldn't intervene.

But now it involves the Demon race!

"Kill!"

Some Tribulation-Crossing Ancestors exchanged glances and acted successively!

The Demon race is the great enemy of the Heavenly Realm's humans, they must not be spared!

These people bewitched by the Demon race are beyond saving, they must be killed!

Otherwise, if they escape, it might incite another Demon race calamity!

In an instant, the trio of Liao Jin became everyone's adversary!

Bang bang bang!

Countless Tribulation Thought Blades exploded upon their bodies!

Strangely, they had no intention of defending, all their Tribulation Thunder Thoughts were used to aid the Heavenly Square Queen in breaking free!

"The Demon race truly must die!"

The Ancestors seeing this felt chills all over!

Bewitched to such an extent, akin to living dead!

Indeed.

If they are not of our kind, their hearts must be different!

The Demon race must die!

After slaying the trio of Liao Jin, the red-eyed Ancestors turned their gaze on Meng Wu Zhang.

Meng Wu Zhang felt his gall and guts collapse, hurriedly shouting, "I was not bewitched by the Demon race!"

Sadly, no one listened to him, as all the Tribulation-Crossing Ancestors struck once more!

Boom boom boom!

One after another, Tribulation Thought Blades slashed towards Meng Wu Zhang!

Simultaneously, the Tribulation Thought Blades of the trio of Liao Jin also reached Lin Mu!

"Suppress!"

Lin Mu used the Sea-suppressing Pearl to subdue the three Tribulation Thought Blades!

Roar!

The Heavenly Square Queen took the opportunity to roar, actually breaking free from the Sea-suppressing Pearl's suppression.

Damn!

All the Tribulation-Crossing Ancestors changed color simultaneously!

At this moment, a towering hand descended from the sky.

Accompanying the hand, was a clear voice.

"The cursed one must die!"

Someone brazenly acted, but the target was not the Demon race, it was Lin Wudi!
