

War God 1061

Chapter 1061: One Thought, One World!

"So it's finally happening!"

From the start of the battle, Lin Mu had been somewhat lackadaisical, but his expression suddenly changed, unleashing six hundred Tribulation Thunder Thoughts!

Boom!

The large hand formed by the Tribulation Thunder Thoughts collided fiercely with the six hundred Tribulation Thunder Thoughts released by Lin Mu!

"His Tribulation Thunder Thoughts actually restored to six hundred?!"

As Lin Mu released the Tribulation Thunder Thoughts, Meng Wu Zhang's eyes widened in disbelief.

According to the information he received, Lin Wudi, during a battle with the Terrified Continent Heavenly Guard, had recklessly self-destructed almost all of his Tribulation Thunder Thoughts!

Only half a year had passed, logically there shouldn't have been much recovery!

But now, Lin Wudi actually released six hundred Tribulation Thunder Thoughts!

Six months, restoring six hundred Tribulation Thunder Thoughts?

What a terrifying recovery speed!

The next moment, Meng Wu Zhang cast aside this thought!

Because he saw clearly that large hand!

One Tribulation Thought becomes Primordial, two Tribulations birth a slight ray, three Tribulations become an arc, four tribulations a world born from thought!

That large hand, as if it held a world within its palm!

One palm, one world!

One hand could envelop an entire space!

The world around Lin Wudi was completely enveloped by one hand!

Lin Wudi seemed as weak and insignificant as an insect sealing a world!

Meanwhile, the other Tribulation-Crossing Ancestors also saw the true power of this large hand!

Four Tribulation Thoughts!

This was a practitioner of four Tribulations, acting against Lin Wudi!

In that instant, the first thought that emerged in the hearts of all Tribulation-Crossing Ancestors was anger and dissatisfaction!

As Ancestors of Transcending Tribulation in the Heavenly Realm, not going to kill the Demon Race, but acting against Lin Wudi, how is this different from colluding with the Demon Race!

This four-tribulation bastard deserves to die!

While thinking this internally, no one dared to speak out!

Four Tribulations are already infinitely close to the Overlord level!

This is a watershed in the Transcendence Tribulation Stage!

Three Tribulations are still merely external transformations of the Tribulation Thoughts, from Primordial, to slight ray, to arc!

But the fourth Tribulation is a change from inside to outside.

Four Tribulation Thoughts are a thought and a world!

What does that mean!

Confronting a four-tribulation practitioner is equivalent to having a world smash you!

This terrifying power is not at all comparable to the first three Tribulations!

Lin Wudi, is finished!

Everyone's mind conjured up this thought!

At that very moment, the voice of the four-tribulation practitioner echoed in everyone's ears.

"A mantis trying to stop a chariot!"

With those words, the large hand squeezed fiercely, intending to crush Lin Mu's Tribulation Thoughts!

As the large hand clenched, a cold smile flashed across Lin Mu's face!

Explode!

Rumble!

All anyone heard was a tremendous crash!

The next instant, even those Tribulation-Crossing Ancestors seemed deaf, unable to hear anything, unable to perceive any sound!

Within the visible range, there was only a sheer white glow!

Self-destruction!

Lin Wudi self-destructed six hundred Tribulation Thunder Thoughts!

All the Tribulation-Crossing Ancestors felt an endless sadness surge through their hearts!

This four-tribulation practitioner is inhumane!

Actually forcing a fierce genius of the Heavenly Realm to resort to self-destruction!

This four-tribulation practitioner is simply a traitor planted by the Demon Race in the Heavenly Realm!

Anger at the four-tribulation's unreasonable behavior, yet they greatly admired Lin Wudi's fierce bravery!

Defiant!

You four Tribulations oppress me; I would rather self-destruct than be captured by you!

What a fiery character!

Such a courageous talent of the Heavenly Realm, being forced into self-destruction by his own kind!

This left all the present Tribulation-Crossing Ancestors enormously saddened and frustrated!

Meng Wu Zhang's mouth dropped open, with only one thought in his mind.

Self-destruction!

This guy is just as the ones in the fleet said, full of killing intent!

Facing the attack from the four-tribulation ancestor, he actually chose to self-destruct!

Until all the Tribulation-Crossing Ancestors' vision recovered, they finally saw the outcome of this self-destruction!

Shattered!

The large hand of the four-tribulation ancestor's Tribulation Thoughts was actually blasted apart!

While not completely destroyed, it was completely blown open, failing to capture Lin Mu!

The four-tribulation Thought spun around and transformed into a majestic, armored middle-aged man.

The middle-aged man looked coldly at Lin Mu, his eyes filled with fury.

When Meng Wu Zhang saw the middle-aged man, his expression changed dramatically, and he hurriedly bowed, "Greetings, General!"

At this point, other Tribulation-Crossing Ancestors also recognized this person's identity.

"Luo Chou, the Centurion of the Li Mo Continent Heavenly Guard Commandant Office!"

No one expected that the one intending to slaughter the talents of the Heavenly Realm and let the Demon Race go would turn out to be a Centurion of the Heavenly Guard!

The Ancestors of Transcending Tribulation in the Heavenly Realm were already dissatisfied with the Heavenly Guard.

At this moment, all their resentment reached a peak!

The Heavenly Guard, as the controllers of order in the Heavenly Realm, actually letting the Demon Race slip away, attacking heavenly talents!

"Luo Chou! I will definitely report you to the Heavenly Guard Marshal Mansion!"

"I will too!"

"Luo Chou! You are the disgrace of the Heavenly Realm!"

Several hot-tempered Tribulation-Crossing Ancestors, disregarding Luo Chou's status, cursed out loud.

Luo Chou said indifferently, "My intention was to capture this wanted criminal, then kill the Demon Race. I didn't expect this criminal to self-destruct, letting the Demon Race escape! Criminal acts compounded!"

These words aroused the righteous indignation of all the Tribulation-Crossing Ancestors.

They'd seen distorters of truth before, but never someone so shameless!

If not for his interference, Lin Wudi could have killed the Demon Race by himself.

Now, because of his interference, the Demon Race was let go, yet he shifts the blame to Lin Wudi?

If you didn't intervene, Lin Wudi would self-destruct his thoughts and blast you for no reason?

The Centurion of the Heavenly Guard Luo Chou simply didn't care about these people's gaze, they were nothing more than ants at one or two levels, and not worth his attention at all.

He looked at Lin Mu, speaking calmly, "If you surrender now, I'll give you a chance to live, otherwise, die!"

"Hahaha!"

The Second Tribulation Ancestor from the Ancient Spirit Country suddenly laughed aloud, "I'm going to the Governor's Office to file a complaint! If the Governor's Office doesn't handle it, I'll face the Lord of the Heavenly Realm directly. I don't believe there's no place for justice in this Heavenly Realm! The Heavenly Guard is rotten to the core!"

After saying this, he turned and left directly, riding on Thunderbolt!

Luo Chou's gaze was indifferent as he glanced at this Second Tribulation Ancestor, a flash of murderous intent passing through his eyes.

Among the Tribulation-Crossing Ancestors watching, there were quite a few with courage.

They knew they couldn't rescue Lin Wudi from the four-tribulation Luo Chou, but none were willing to easily let this villain go.

"Lin Wudi, farewell, next year on this day, I'll pay my respects! I'm off to the Divine Continent Dudu Mansion, I don't believe the Lord of the Heavenly Realm will allow the Heavenly Guard to collude with the Demon Race!"

Four or five Tribulation-Crossing Ancestors saluted Lin Mu and then turned to leave.

Within their momentum, there was a bleak feeling of winds howling coldly by the Yishui River, the warrior goes never to return!

Because they were also very clear, the Heavenly Guard, especially Luo Chou, would definitely not sit idly by as they went to the Governor's Office to file complaints, and would surely intercept them along the way!

But where duty calls, though death is no regret!

If allowing the Demon Race to run free brings no consequence, then there's no need for the Heavenly Guard to exist!

They guard the Heavenly Battlefield, protect the Heavenly Realm, not for the Heavenly Guard to collude with the Demon Race in the rear!

Luo Chou's aura became increasingly dangerous.

He didn't expect that his casual actions would cause such a backlash.

These people deserve to die!

Lin Wudi deserves to die!

Chapter 1062: Audacious Fiend, Reveal Your True Form!

Originally, according to Luo Chou's calculations, after capturing this junior who fled from the Terrifying Continent, he would then leisurely kill that little fox.

Everything was going according to plan.

With the power of his Fourth-stage Tribulation Thoughts, there couldn't be any mistakes!

But the perfect plan went wrong!

Although Na Tuo once said that this Lin Wudi had killed a Third Tribulation before, Luo Chou didn't actually believe it!

For someone who has faced the First Tribulation, no matter how powerful, it's impossible to kill a Third Tribulation!

Na Tuo must have been exaggerating to make him take action personally!

Yet this little bug, whom he didn't even care about, unexpectedly blew up his Fourth-stage Tribulation Thoughts, allowing that little fox to escape!

The accusation of harboring the Demon Race was thus placed on his head.

However, he wasn't in a hurry.

As long as he captured this young man before him, he would have plenty of time to find the little fox and kill it!

Once the little fox was dead, the crime of harboring the Demon Race wouldn't exist!

Lin Mu looked at Luo Chou with cold eyes, his voice chilly as he said, "Because of your mistakes, an innocent girl died. Therefore, your family will pay the price for your arrogance!"

Luo Chou was stunned, not quite understanding what the sentence meant.

But Lin Mu no longer intended to waste words.

It's just an incarnation of a Fourth-stage Tribulation Thought, why waste words!

Boom!

The Sea-suppressing Pearl smashed towards Luo Chou!

"Ridiculous!"

Luo Chou sneered, pointing his finger.

Boom!

The Sea-suppressing Pearl was blasted away!

The extreme weight of the Sea-suppressing Pearl can suppress the Third-stage Tribulation Thoughts but cannot suppress the Fourth-stage Tribulation!

Seeing this, the watching Tribulation-Crossing Ancestors were in despair!

Even a magical treasure like the Sea-suppressing Pearl couldn't suppress Luo Chou, Lin Wudi might truly fall!

"Luo Chou, as a Centurion of the Heavenly Realm Guard, breaking the law, this is against the rules!"

One of the Tribulation-Crossing Ancestors said with a steely voice.

Luo Chou sneered, "A mere ant dares to talk about rules with me."

The next moment, he transformed into a longsword, slashing towards Lin Mu!

At the moment he transformed into the Tribulation Thought Blade, Lin Mu released four hundred Tribulation Thunder Thoughts again!

"Explode!"

At the moment when the Tribulation Thunder Thoughts and Luo Chou's Tribulation Thought Blade clashed, Lin Mu decisively self-detonated again!

All the observing ancestors twitched their mouths violently!

This Lin Wudi is truly ruthless.

First, he self-detonated six hundred Tribulation Thunder Thoughts, then four hundred, this time, even without Luo Chou's action, he should have blasted through his own Sea of Consciousness, right?

Everyone looked towards Lin Mu with uncertainty, only to find Lin Mu standing with his hands behind his back, calm and uninjured!

On the contrary, Luo Chou's Fourth-stage Tribulation Thoughts had cracked with countless fissures again!

This time, without waiting for the Tribulation Thoughts to escape, the Sea-suppressing Pearl arrived!

Bang!

The Sea-suppressing Pearl smashed heavily into the depleted Fourth-stage Tribulation Thoughts.

"How could this be! Aren't you afraid of death?"

Luo Chou was incredulous, he had never seen such a "valiant" Tribulation-Crossing Ancestor.

Self-detonating the Tribulation Thunder Thoughts twice, totaling one thousand!

This is tantamount to suicide!

To perish together with his Fourth-stage Tribulation Thoughts, is this person mad?

After astonishment, Luo Chou was stunned to find Lin Mu standing there as if nothing had happened.

"This is bad..."

Before his thoughts scattered, a trace of unease flitted across Luo Chou's mind.

With the fragmentation of Tribulation Thoughts, the memories naturally cannot be transferred back to the main body.

As such, the main body would not know about the little fox's escape.

He's in big trouble!

Tranquility returned between heaven and earth.

Luo Chou's Fourth-stage Tribulation Thoughts scattered.

All Tribulation Ancestors were dumbfounded witnessing this!

Lin Wudi, who faced the First Tribulation, actually defeated the Fourth Tribulation!

Even if it was just an incarnation of a Fourth-stage Tribulation Thought, it was a miracle!

In the history of the Heavenly Realm, no one has ever done this!

However, he self-detonated a thousand Tribulation Thunder Thoughts, why was he unharmed?

Before they could figure it out, Lin Mu acted again.

This time, the target was Leader Meng Wu!

"No!"

Leader Meng Wu let out a heartrending scream as his Tribulation Thunder Thoughts, along with himself, were all suppressed by the Sea-suppressing Pearl!

He couldn't compare to the Demon Race of the Third Tribulation and was instantly drained dry by the Sea-suppressing Pearl!

Even his divine soul couldn't escape!

A Second Tribulation, in front of the Sea-suppressing Pearl, had no chance to counter!

Leader Meng Wu was probably the most quietly perished Second Tribulation in the Heavenly Realm, unable even to dodge or fight back.

After killing Leader Meng Wu, Lin Mu looked at the other Tribulation Ancestors!

"Farewell!"

"Safe travels!"

"Don't get captured by the Heavenly Realm Guard!"

The watching ancestors dared not linger, bidding farewell one by one.

In their view, now was Lin Wudi's most vulnerable time, if they stayed, it might seem like taking advantage of someone's peril and harboring greed.

Under normal circumstances, they might not mind killing and seizing treasures.

But this time, the Heavenly Realm Guard had gone too far.

Moreover, it involved the Demon Race, they would rather not have this magical treasure than attack Lin Mu!

If Leader Meng Wu were still alive, he would surely tell these Tribulation Ancestors, you are overthinking it!

Lin Wudi, as he stands now, is not weak at all!

All Tribulation Ancestors left.

Only then did Lady Xin Thirteen react.

She didn't expect that the Heavenly Square Queen, who caused her father's death, would actually be a member of the Demon Race!

"Thank you, Benefactor, for avenging me!"

Lady Xin Thirteen knelt in salute.

Lin Mu said flatly, "Revenge? It's not over yet!"

In Lady Xin Thirteen's puzzled gaze, Lin Mu soared into the sky, flying towards the capital of the Heavenly Square Kingdom.

Lady Xin Thirteen was utterly confused. She could only get up and follow.

Lin Mu proceeded all the way, directly heading to the queen's royal palace.

Lady Xin Thirteen revealed a peculiar expression.

Could it be that this matchless Lin Wudi wanted to indulge in the king's pleasure?

Very quickly, she realized she had overthought.

Lin Mu didn't go to the main hall of the royal palace but headed towards a side hall.

The so-called side hall was actually the residence where the Heavenly Square Queen lived when she was a consort, known as the Store Beauty Palace.

After becoming queen, this place was abandoned.

Perhaps not wanting to recall her consort days, it was almost completely neglected.

Only two or three servants were there to clean the dead branches and withered leaves.

Lin Mu descended from the sky, appearing in front of a pale-faced little maid.

The little maid looked at the two descending figures, bewildered.

Lin Mu said blandly, "The Demon Race is indeed bold. After your identity was exposed, not escaping, you dared to return to the royal palace to hide."

The little maid was still confused, seemingly not understanding what Lin Mu was saying.

Lady Xin Thirteen was initially puzzled, then looked incredulously at the fragile little maid in front of her.

"She...is the Heavenly Square Queen, no, that Fox Spirit?"

She too was shocked by the Fox Spirit's audacity.

When the Fourth-stage Tribulation Thoughts descended, she didn't run but instead seized a maid's body, quietly hiding here.

If Lin Mu hadn't discovered her, perhaps in a few thousand years, this little maid would become the next Heavenly Square Queen?

Terrifying!

No wonder the Heavenly Realm fears the Demon Race, their courage and abilities are truly terrifying.

Even standing right in front of the little maid, she couldn't recognize this as a Third Tribulation existence.

The little maid pretended to be terrified, timidly saying, "I, I don't know what you're talking about."

"Mere little demon, show your true form!" Lin Mu snorted coldly.

"I..."

The little maid was just about to speak.

"Audacious fiend, do you need me to act personally?" Lin Mu's eyes flashed with a murderous intent.

At the words "audacious fiend," the little maid's complexion changed completely.

Roar!

The little maid let out an enraged roar, slashing towards Lin Mu with over two thousand Second Tribulation Thoughts.

Among them, there were four or five hundred Third Tribulation Thoughts!

Chapter 1063: Are You Teaching Me How to Do Things?

Bang!

Lin Mu directly released the Sea-suppressing Pearl, instantly suppressing those thoughts!

"No! Spare me, I can recognize you as my master, I belong to the Fox Clan, naturally charming, I can let you enjoy the supreme bliss of men, I..."

The terrifying power of the Sea-suppressing Pearl directly forced the Heavenly Square Queen to reveal her true form.

It originally thought that Lin Mu's earlier revelation of its Demon Race identity was merely a coincidence.

So it risked staying behind, continuing to lurk.

Unexpectedly, Lin Mu was able to track it down from outside the capital, over ten miles away.

In one glance, he saw through its possession!

It couldn't imagine what kind of ability this was.

This ability was simply a nemesis to the Demon Race!

This meant that any Demon Race member in the future could not hide their identity before Lin Mu and would be completely exposed.

For the Demon Race, this was no less than a catastrophic disaster!

Lin Mu paid no attention to the fox spirit's seduction; he glanced at Lady Xin Thirteen beside him and said calmly, "Do you want to seek revenge personally?"

Lady Xin Thirteen's beautiful eyes widened, and she nodded vigorously.

"No, you cannot humiliate me like this, I am a Third Thunder Tribulation..."

Poof!

The fox spirit's scream was cut off halfway, as its head was already pierced by Lady Xin Thirteen's Tribulation Thought Blade.

With the Thunder Strike Thought suppressed, the fox spirit became incredibly vulnerable, not to mention the terrifying pressure of the Sea-suppressing Pearl, rendering it immobile.

Dead!

The Heavenly Square Queen, a fox spirit with the strength of Second Thunder Tribulation, reborn through possession after Third Thunder Tribulation, was killed so easily!

Until its death, it howled in anger and unwillingness.

It never expected that its lurking had no issue whatsoever, yet brought about today's disaster just because it let off a small First Thunder Tribulation out of a moment's playfulness!

If it could return to yesterday, it would have definitely eradicated the roots, never allowing Lady Xin Thirteen any chance to interact with Lin Mu!

A piece of tragic fate for a Demon Race member, not dying from being exposed, but from human vengeance and grudges.

After killing the fox spirit, Lady Xin Thirteen wept uncontrollably, overwhelmed with emotion!

It wasn't until today that she realized her father had been killed by the Demon Race!

Today, with her great revenge accomplished, she could only vent her emotions through her tears.

Lin Mu, with his hands behind his back, ascended into the sky, overlooking the Heavenly Square Kingdom Capital.

No demon aura.

It seemed the Heavenly Square Kingdom had only the Heavenly Square Queen as the Demon Race.

With the Demon Race issue concluded, his target was now solely one person, Luo Chou, the Centurion from Li Mo Continent Heavenly Guards!

From the moment Luo Chou made a move, it was an endless battle between him and Lin Mu!

Outside the Danzhou territory.

On the vast Imperial Sky Flying Boat, the atmosphere was somewhat oppressive.

Just now, Luo Chou, the Centurion from Heavenly Guards, went into a furious rage, severely injuring the maidservant who served him.

If Director Yuan Bo hadn't been beside him, the maid might have been killed!

Aboard the Imperial Sky Flying Boat, nearly all Heavenly Realm Guards from Li Mo Continent were present.

Eight Directors, ten Leaders!

Apart from a few on external missions and three on temporary leave, the rest were standing by Luo Chou's side.

"Set off immediately, enter Danzhou, I want to see who dares to destroy my Tribulation Thunder Thought!"

Just now, Luo Chou sensed his Tribulation Thunder Thought being destroyed.

He didn't actually take this supposed arrest mission seriously in his heart.

Were it not to appease Na Tuo, who is deeply trusted by the Grand Governor of the Terrifying Continent, he wouldn't have even come to Danzhou on the Imperial Sky Flying Boat.

He thought a single Fourth Tribulation Thunder Thought would complete the mission with ease.

Unexpectedly, his Tribulation Thunder Thought was destroyed!

Reaching Luo Chou's level, it would take at least a thousand years to recover a destroyed Tribulation Thunder Thought!

This was an unacceptable loss for Luo Chou!

Danzhou, someone seems to have tired of living!

For a small continent under Li Mo Continent, someone dared to shatter his Tribulation Thunder Thought!

"Yes!"

All Heavenly Realm Guards below respectfully accepted the order!

The eight Directors exchanged glances, feeling a vague sense of foreboding.

To be able to destroy even a Fourth Tribulation Thunder Thought, the enemy must not be easily messed with!

Among the ten Leaders, one almost regretted slapping himself!

After the other Leaders received information about Lin Wudi from the fleet, they either remained in seclusion or were severely injured, all claiming inability to participate.

Only he foolishly came along with General Luo Chou.

The enemy could destroy even a Fourth Tribulation Thunder Thought, and he, a mere Second Thunder Tribulation, was probably easily crushed!

Stealing a glance at the furious Luo Chou, he thought if he feigned severe injury or magical deviation now, he might get slapped to death on the spot!

"Ah, I hope the general can swiftly and cleanly eliminate the enemy!"

...

East Victorious Divine Continent.

In a Mortal Tavern, the proprietress shouted angrily, "Bullshit! Anyone daring to run a tab today, I'll skin him and use it as an apron!"

The diners laughed heartily, exchanging bawdy jokes with the proprietress.

This proprietress had an enticing figure and charming appearance, known as Hu Sanniang; nobody knew why she fancied the tavern owner.

With her seductive figure and bold personality, Hu Sanniang was very famous in this small town.

Hu Sanniang was playfully bantering with the customers when suddenly a jade pendant on her waist shattered with a crack.

Hu Sanniang's smile instantly froze!

"This damned bastard, who took a dump in my house and poisoned my daughter, I'd better go take a look!"

Hu Sanniang swayed her hips and left the tavern, her face turning icy cold the moment she turned away!

"Proprietress, you must watch over my daughter, or I'll be broken-hearted."

"Shoo, she's my daughter."

"Sanniang, come back soon, without you, the food and drink are tasteless!"

Hu Sanniang walked back to the backyard step by step.

In the backyard, four little girls aged seven or eight were playing.

Seeing Hu Sanniang, three little girls sweetly called her Third Aunt.

Hu Sanniang, with a smile, handed each of them a piece of candy, sending them off to play aside.

The remaining little girl stood sweetly by Hu Sanniang's side.

"Something happened over in Li Mo Continent, Ninth Sister has fallen, go and see what happened!"

Hu Sanniang's gaze was icy cold, as if it could freeze a soul, her eyes flashed a fleeting pink.

"Hu Yao understands!"

The seven or eight-year-old girl solemnly nodded, then walked to the well in the courtyard and jumped in.

After a while, Hu Sanniang's mournful cry was heard.

"Ah... daughter, daughter, wake up! Damn it, who pushed my daughter into the well..."

...

Li Mo Continent, Danzhou, Heavenly Square Country, capital, palace.

"Benefactor, are we not leaving now?"

In a few days, Lady Xin Thirteen had mostly recovered from her sorrow.

With her great vengeance fulfilled, the Great General's reputation restored as well.

These days, countless people from all over Heavenly Square Country came to pay respects to the Great General.

With Heavenly Square Queen exposed as Demon Race, the Great General naturally became a great hero who resisted the Demon Race and died protecting the Heavenly Realm.

But Lady Xin Thirteen didn't care about all this, as she knew very well that her father never realized the Heavenly Square Queen was a Demon Race!

Her only concern now was Lin Wudi secluded in the palace, unwilling to come out.

Reports came that led by Centurion Luo Chou, the Heavenly Realm Guards were only two days away from the palace.

If they didn't leave now, it might be hard to escape!

Luo Chou's single Fourth Tribulation Thunder Thought had already forced Lin Mu to almost exhaust his trump cards.

Now that the person himself was arriving, Lin Mu might not be a match.

"What? Are you teaching me what to do?"

From the chamber came Lin Mu's indifferent voice.

Lady Xin Thirteen hurriedly knelt on the ground: "I, the junior, would not dare!"

Chapter 1064: Famous Overnight, Known Throughout the World!

Danzhou.

These days, the winds rise and clouds surge.

The revelation of the Heavenly Square Queen's identity as part of the Demon Race has caused a great stir.

Many who have interacted with the Heavenly Square Queen are struggling to move forward these days.

If not for the Heavenly Realm Guard inexplicably targeting geniuses of the Heavenly Realm and allowing the Demon Race to escape, these people's lives might have been even tougher.

Yet precisely because of this, Danzhou, and even the entire Li Mo Continent, has become shrouded in intrigue and deception.

The Heavenly Realm Guard, as the supreme ruling force of the Heavenly Realm, is unexpectedly involved with the Demon Race.

This is beyond everyone's imagination.

The Tribulation-Crossing Ancestors, already dissatisfied with the oppression of the Heavenly Realm Guard, have spread the news across Li Mo Continent in various ways, even starting to broadcast it to the Outer Regions!

Luo Chou, the Centurion on the Imperial Sky Flying Boat, naturally heard this news.

As someone involved, he was ironically the last to know about this news.

More importantly, his Tribulation Thunder Thought was destroyed, and he suffered the loss without understanding why!

Even he couldn't comprehend why his Tribulation Thought Incarnation would let the Demon Race go!

In the Heavenly Realm this is a crime involving nine clans!

Even if he is a Heavenly Realm Guard's Centurion, if the crime is confirmed, he would be executed!

"The four of you, lead half the troops immediately, investigate the whereabouts of the fox demon, and ensure to kill it!"

Luo Chou, with a grim face, ordered his Directors!

He sent away four of the eight Directors.

"General, I am tracking a path with good talent and am willing to serve the General loyally!"

The Leader who regretted gathering to kill Lin Wudi saw this as an opportunity and offered himself eagerly.

From the intelligence just obtained, Lin Wudi not only shattered the Fourth Tribulation Thunder Thought but also killed four Ancestors of Second Thunder Tribulation!

Among them was a Leader of the Heavenly Realm Guard.

Moreover, it was said that the escaped fox spirit was also at the level of Third Tribulation.

Lin Wudi's strength was stronger than imagined.

He would rather face the Demon Race than confront Lin Wudi now!

Luo Chou was unaware of these things; seeing his subordinate so diligent, he nodded heavily.

"Xiang Hui, you are excellent! I will remember your performance today!"

Named Xiang Hui, the Leader was pleased when his self-serving nature had unexpectedly earned favor before Luo Chou.

As a result, if Luo Chou succeeded, he would also earn recognition!

"Lin Wudi must die!"

Luo Chou had abandoned the idea of recruitment.

This scoundrel, who put him in a disgraceful position and might even implicate nine clans, must die!

...

Li Mo Continent, Yaozhou.

"Renowned Swords Holy Lands? When did the Renowned Swords produce such a genius? Come, let's take a look together!"

The King of Juchi Country in Yaozhou, Second Tribulation Powerhouse Ming Zhenyu, set out for Danzhou!

Li Mo Continent, Fuzhou, Golden State.

"Lady Xin Thirteen is actually alive? It's time for their Xin Family to return my Fan family's Sea-suppressing Pearl!"

Fan Hui, the King of Golden State, led a group of royal powerhouses towards Danzhou.

Among the royal family, many Tribulation-Crossing Ancestors exchanged doubtful glances; how come they hadn't heard of the Sea-suppressing Pearl being their Fan family's magical treasure?

However, the Sea-suppressing Pearl was able to suppress the Third Tribulation Thunder Thought and even shatter the Fourth Tribulation Thunder Thought; if they could obtain it, Golden State's promotion to Empire would be imminent!

...

Within half a month, countless powerhouses were arriving from several regions around Danzhou within Li Mo Continent.

The legend of Lin Wudi, the track of the Demon Race, and the legend of the Sea-suppressing Pearl became reasons for all of these people.

Some harbored good intentions, while others came for the Sea-suppressing Pearl.

The power of the Sea-suppressing Pearl had already made some Tribulation-Crossing Ancestors willing to risk their lives to extract it from the tiger's mouth!

What of the Fourth Tribulation? If Luo Chou and Lin Wudi ended up in a mutual defeat, they might have a chance!

...

Inside the secret chamber.

Lin Mu was indeed in seclusion, but not to enhance his power; rather, he was infusing the Sea-suppressing Pearl with Tribulation Thunder Thoughts!

During his previous encounters with the fox spirit and Luo Chou's Tribulation Thought Incarnation, he had realized that the Sea-suppressing Pearl was somewhat lacking in strength!

During the battle, the Sea-suppressing Pearl housed ten thousand of Lin Mu's First Thunder Tribulation Thoughts!

Now it seemed that this was far from enough!

Therefore, during this period of seclusion, Lin Mu had been continuously adding Tribulation Thoughts to the Sea-suppressing Pearl!

As of today, he had added up to thirty thousand!

If not for the lack of time, he would have continued to add more!

"Master, the Imperial Sky Flying Boat of the Heavenly Realm Guard is half an hour away from the capital."

Langya's voice came from outside the secret chamber.

Lin Mu got up and headed towards the door.

In recent times, Langya and Li Lingqing had made considerable progress too.

The kingdom system within Li Mo Continent was more extreme compared to the Holy Lands system in Terrifying Continent.

Ninety-nine percent of the wealth and treasures within the kingdom were concentrated in the capital!

Lin Mu killed all Second Thunder Tribulation practitioners in Heavenly Square Country; the rest of the First Tribulation practitioners, seeing that their queen was a demon, dared not oppose Lin Mu.

Opposing Lin Mu now would make them co-conspirators with the Demon Race!

Thus, in these few days, Langya and Li Lingqing acquired a vast amount of cultivation resources.

In just a few days, their harvest was greater than four months of traveling across Bei Kuo Sea!

Langya was now only one step away from the Peak of Integration.

Of course, the greatest progress belonged to Lady Xin Thirteen!

Having avenged her great hatred, her heart was freed, allowing her to enter the Heavenly Battlefield through channels in Heavenly Square Country.

In just a few days, she successfully broke through and is now at the level of Second Thunder Tribulation!

Now she's in seclusion to stabilize her realm!

"Master..."

Seeing Lin Mu's face once again pallid.

Even though Langya had full confidence in Lin Wudi, she couldn't help but be a bit surprised.

Was the nurturing of the weapon, as described by Lady Xin Thirteen, really so exaggerated?

Even a master of such a level like him had his face drained of color every time!

Lin Mu nodded, saying no more, he took a step out and was already above the palace.

"Benefactor!"

Outside the palace, Lady Xin Thirteen, who should have been in seclusion, held the Robbery Thought Spear and respectfully saluted.

"You should be stabilizing your realm!"

Lin Mu's brow furrowed slightly.

Lady Xin Thirteen hurriedly said: "Benefactor, with a formidable enemy upon us, I simply cannot focus on seclusion. However, rest assured, with the Cultivation Technique you taught, my realm is nearly stabilized, so there shouldn't be any major issues!"

If she weren't currently beside the nearly god-like Lin Wudi, Lady Xin Thirteen might have excitedly shouted!

While advancing to the Second Thunder Tribulation, her Thunder Tribulation Thoughts reached two thousand nine hundred, just one step away from being a Banished Immortal Genius!

This was a strength she had never dared to dream of before!

A warrior dies for a confidant!

She naturally knew why her aptitude had improved so much!

With formidable enemies upon them, she was naturally prepared to fight for Lin Mu!

What of the Heavenly Realm Guard!

When her father died unjustly and her whole family was slaughtered, she didn't see the Heavenly Realm Guard taking action!

Now, if the Heavenly Realm Guard wants to kill her benefactor, they have to get past her first.

Sensing Lady Xin Thirteen's boiling fighting spirit, Lin Mu nodded and remained silent.

"Greetings, Lin Wudi!"

"Salutations, World Master!"

Many of the Tribulation-Crossing Ancestors who had already arrived in advance at the capital of Heavenly Square Country greeted Lin Mu sincerely or with feigned intentions.

With Lin Mu's recent battle achievements, he had gained the respect of everyone.

Killing four great Second Thunder Tribulations, defeating incomplete Third Thunder Tribulation, shattering Fourth Tribulation Thunder Thought!

The combat prowess Lin Mu demonstrated was dazzling even compared to a Third Tribulation practitioner.

If placed in a Second Tribulation practitioner, it would be unbelievable, a wonder.

When placed in Lin Wudi, who has only experienced First Thunder Tribulation, it is the miraculous tale of Heavenly Realm!

Now, in Li Mo Continent, no one is unaware of Lin Wudi's name!

Chapter 1065: The First Battle of Return—Unrivaled in the Ten Thousand Realms!

If initially the conflict between Lin Mu and the Heavenly Guardians was about maintaining the rules of the Heavenly Realm, it has now turned into a personal vendetta.

From the moment Luo Chou's Thunder Tribulation Consciousness Avatar released the Demon Race, the whole situation changed.

As a Heavenly Realm Guard, targeting humans as the first priority instead of demons is simply unjustifiable!

Although many of the Tribulation-Crossing Ancestors who rushed here today had ulterior motives, more people stood by Lin Mu!

The Heavenly Tribulation has long been against the Heavenly Realm Guards.

Now, someone stands up to resist the Heavenly Realm Guards and wins several times, which is an incredible thing for the Tribulation-Crossing Ancestors of Li Mo Continent.

Now, faced with a formidable adversary with the Fourth Tribulation Thunder, Lin Mu chose not to escape but to confront directly!

Whether life or death, his courage is something they admire!

Some radical Tribulation-Crossing Ancestors even believe this is the first battle of the rebellion against the Heavenly Realm Guards!

If the gap between the First and Fourth Thunder Tribulations weren't so large, many people might even join forces to save Lin Mu.

Langya watched this scene, pouting disinterestedly.

As a battle fanatic, she thinks these people are carrying a gloomy atmosphere.

The master hasn't fought yet, but these people act as if they're attending the master's funeral.

Those unaware might even think the master is doomed to die.

She has absolute confidence in Lin Wudi; what's a Fourth Thunder Tribulation anyway!

If the master wasn't confident, he wouldn't be waiting here!

Since he dares to wait, he must be certain of victory!

Soon, some smart people begin to sense something amiss.

Even if Lin Wudi himself is ready to die, using his blood to proclaim the injustices of the Heavenly Realm Guards, he'd at least think of his disciples, let them leave first?

Now, the three disciples and Lady Xin Thirteen haven't left!

Does this mean there's confidence to win?

Can't be?

A First Thunder Tribulation against a Fourth Thunder Tribulation?

How to win?

Seeing Lady Xin Thirteen, many were surprised, having not seen her for a few days. This Xin Family junior, who fled for over six thousand years, is already at the Second Thunder Tribulation!

This advancement speed is somewhat too fast!

"Daoist Xin? Where does this Lin Wudi come from? What's the situation?"

Someone transmitted the inquiry to Lady Xin Thirteen.

Lady Xin Thirteen coldly swept her gaze over the person, replying indifferently, "What's your intention with such a question? I suspect you're a spy sent by the Heavenly Realm Guards to gather information?"

The person transmitting the inquiry blushed with embarrassment and wanted to retort but didn't know how to start.

The surrounding Tribulation-Crossing Ancestors were already giving him suspicious looks.

Now, in Danzhou and even across the entire Li Mo Continent, siding with Lin Wudi has become a common understanding.

Anyone who dares to claim allegiance with the Heavenly Realm Guards would be besieged.

At least until Lin Mu is defeated or killed by the Heavenly Realm Guards, the winds in Li Mo Continent will remain this way!

If Lin Mu and the Centurion Luo Chou were both inflicted with serious injuries, nobody could predict the consequences.

The current Li Mo Continent is indeed full of treacherous currents.

Atop the capital of Heavenly Square Kingdom, Lin Mu stood in the sky, hands behind his back, looking into the distance.

Battle!

At this moment, Lin Mu's heart was boiling with battle intent.

This battle will be the one that truly makes him renowned in the Heavenly Realm after his ascension.

After this battle, his name will surely spread throughout the Heavenly Realm!

Perhaps it will draw out masters of the Fifth, Sixth, or even Seventh and Eighth Thunder Tribulations!

But Lin Mu still chose to fight!

The further he ascends the Heavenly Realm, and the closer he gets to the Immortal Realm, the more his heart burns with vengeance.

Even if those "old friends" mostly wouldn't care about the affairs of the Heavenly Realm, he still must declare his existence.

From today, Lin Mu officially embarks on his road to revenge!

This battle is not the first rebellion of the Heavenly Tribulation against the Heavenly Realm Guards, but it's Lin Mu's first signal to the Immortal Realm!

To the Ten Thousand Realms' immortals, I, Lin Wudi, have returned!

The immense Imperial Sky Flying Boat slowly stopped outside the capital of Heavenly Square Country.

A squad of Heavenly Realm Guards flew out from the Imperial Sky Flying Boat.

Leading them was the Li Mo Continent Centurion Luo Chou, behind him were four Directors of the Third Tribulation Thunder, five Leaders of the Second Tribulation Thunder, and thirty Heavenly Realm Guards of the First Thunder Tribulation!

Such strength could sweep away any country in Li Mo Continent!

Including those old Empires with millions or even tens of millions of years of history!

But this strength today was aimed solely at one person.

Lin Wudi!

No matter today's battle outcome, Lin Wudi is destined to be recorded in the annals of history!

To make almost all the Heavenly Realm Guards of Li Mo Continent mobilize with just the identity of a First Thunder Tribulation, this is undoubtedly a major event never before seen in the Heavenly Realm.

Even the Demon Race that used to make trouble could never attract so many Heavenly Realm Guards with just a First Thunder Tribulation!

Seeing the Heavenly Realm Guard Centurion Luo Chou appearing with so many Heavenly Realm Guards, all the Tribulation-Crossing Ancestors present looked somewhat displeased.

The Heavenly Realm Guards are indeed shameless!

Luo Chou looked in surprise at the young man in white before him.

Despite numerous intelligence reports claiming the young man only had a First Thunder Tribulation, Luo Chou never believed it.

The reason is no junior of a First Thunder Tribulation can shatter his Fourth Tribulation Thunder Consciousness!

Seeing the legendary Lin Wudi in person today, he finds that the opponent truly is a First Thunder Tribulation!

A First Thunder Tribulation shattered his Fourth Thunder Tribulation Consciousness.

Luo Chou suddenly chuckled lightly and casually remarked, "You've surprised me greatly."

In his view, this was a rare compliment.

Regrettably, he saw no excitement or cold indifference in Lin Wudi's face, not even ridicule.

Only calmness.

The same calmness he'd see when facing any usual junior of a First or Second Thunder Tribulation.

He loathed this feeling.

It further convinces him that Lin Wudi indeed deserves to die!

For some reason, Lin Mu felt slightly disappointed upon seeing only thirty-seven people behind Luo Chou.

His initial thought was to obliterate all the Heavenly Guards in Li Mo Continent with this battle.

Now it seems unlikely.

"I'm rather curious..."

Luo Chou asked with a playful smile, "Knowing of my arrival, why didn't you escape."

This tone was like a cat from the secular world, toying with the mouse it had caught.

As if Lin Mu's life and death were completely within his control.

If he wanted Lin Mu dead, Lin Mu would die; if he allowed Lin Mu to live a few more moments, Lin Mu could live a few more moments.

Lin Mu's gaze turned icy and his expression showed impatience.

Just then, a voice echoed around everyone's ears.

"With so many people here, how could I be missing!"

Along with the voice, a figure in a dragon robe appeared before everyone.

The fatigue in his tone allowed nearly everyone present to identify him.

One of the emperors of Li Mo Continent's six Empires, the emperor of the Huiyue Empire, Hui Lunzun!

This Hui Lunzun is considered the most unreliable emperor within the territory of Li Mo Continent.

After reaching the Second Thunder Tribulation, he basically never showed up in the Huiyue Empire, wandering around instead.

There were even several times when Huiyue Empire was attacked to the gates of the capital, yet he did not appear.

Unexpectedly, this battle between Lin Wudi and the Heavenly Realm Guards managed to draw him in.

This Hui Lunzun has another identity: one of Li Mo Continent's eight Fourth Thunder Tribulation masters!

A being capable of being on par with Heavenly Realm Guard Centurion Luo Chou.

Seeing Hui Lunzun, Luo Chou frowned slightly, "What are you planning?"

Hui Lunzun laughed, saying, "Just watching the show, you all fight your own battles, no need to mind me."

Chapter 1066: Terrifying Magical Treasure, Monstrous Talent!

Luo Chou's expression was displeased, but he didn't mind.

In his opinion, if he could just reach out his finger, he could kill the reckless fool who didn't know their own limitations, even if Hui Lunzun was watching, what could he do?

Could it be that he dared to rescue someone from the Heavenly Realm Guards?

Luo Chou didn't care, but Lin Mu cared a bit.

He looked towards Hui Lunzun, his gaze held an indescribable tone.

"Hmm?"

Hui Lunzun sensed Lin Mu's gaze, and in the next moment was taken aback.

Boom!

A bolt of lightning exploded, sending Hui Lunzun flying several miles away.

The Emperor, yet lacking any of the dignity an Emperor should have.

He pointed at Lin Mu and cursed, "Hey, kid, what's your deal! I'm here to hold the field for you; when you lose, I might even save your life! But what was that look just now? You actually want to take me on too?"

Hui Lunzun's words caused an uproar at the scene.

This was a strong practitioner of the Fourth Tribulation Thunder; no one would doubt his words.

Everyone was looking at Lin Mu with different eyes.

They were ready to collect Lin Wudi's corpse.

But this guy wasn't even fighting Luo Chou yet, and he was already thinking of Hui Lunzun?

Was he trying to invite trouble?

The Tribulation-Crossing Ancestors watching felt an illusion that Lin Mu was actually the Fourth Tribulation Thunder, while Hui Lunzun and Luo Chou were the First Tribulation.

Lin Mu's mouth curled into a smile, finding Hui Lunzun interesting, for he could sense his killing intent.

Since this was a declaration battle, the more opponents the better; he didn't expect Hui Lunzun to be so perceptive.

When Luo Chou heard this, an anger rose in his originally calm heart!

Is this kid looking down on him?

Faced with his Fourth Tribulation Thunder, he dared to provoke another Fourth Tribulation?

Not to mention those around him, even Lady Xin Thirteen, supporting Lin Mu, was a bit stunned.

She had been watching the four Directors behind Luo Chou with Third Tribulation Thunder.

If these four shamelessly decided to gang up on Lin Mu, even if they detonated the Thunder Calamity Thoughts, she'd block one or two for Lin Mu!

Yet Lin Wudi actually wanted to fight Hui Lunzun too?

Lady Xin Thirteen felt a chill down her spine.

She tentatively glanced at the three ladies from Langya.

But apart from Mia Qing's strange expression, Langya and Li Lingqing seemed unfazed, as if this was not surprising.

These two women, their trust in Lin Wudi was excessively blind!

This was a Fourth Tribulation Thunder practitioner!

And he was a genius Heavenly Realm Guard, very possibly a Proud Son of Heaven in the Fourth Tribulation, maybe even an exiled immortal!

"Arrogant brat!"

Luo Chou's gaze turned icy.

He felt Lin Wudi was challenging his authority again and again.

He dared to fight two; this was outright humiliation!

How dare a mere First Tribulation Thunder!

"Die!"

Luo Chou's killing intent erupted, losing the mood to play, he struck directly!

With one move, he unleashed a thousand Fourfold Thunder Tribulation Thoughts!

Fourfold Thunder Tribulation, one thought a world!

His move equaled a thousand worlds against Lin Mu!

This realm was entirely enveloped by Luo Chou's attack.

At the level of Third Tribulation Thunder, the Blade of Thought was needed.

Fourfold Thunder Tribulation against First and Second requires no Blade of Thought, just a casual strike.

One strike can destroy heaven and earth, slaughtering all life.

Countless people drew cold breaths.

Fourfold Thunder Tribulation, horrifying as such!

First to Third Tribulation Thunder, before the Fourth, are as fragile as infants.

Among the Tribulation-Crossing Ancestors watching, no one could face this move.

Let alone face it, they lacked even the courage to confront it!

Now even standing on the outskirts, they felt the suffocating oppression.

As if countless worlds were pressing down.

Crushing the bones of all the Tribulation-Crossing Ancestors until they crack.

How would Lin Wudi respond?

Everyone instinctively looked towards Lin Mu.

Including Hui Lunzun, who was curious how Lin Wudi, who looked at him like a hunter does prey, would face such a killing move!

A thousand Fourfold Thunder Tribulation Thoughts, even without forming the Blade of Thought, were certainly beyond what anyone below Fourth Thunder Tribulation could withstand.

Even the top Fourth Tribulation couldn't withstand a thousand of them!

The next moment, everyone knew how Lin Wudi would respond!

Sea-suppressing Pearl!

A bright blue glow flared in the eyes of all the Tribulation-Crossing Ancestors.

The crowd was both relieved and disappointed.

In Lin Wudi's hand, it seemed only the Sea-suppressing Pearl could barely fight!

But it was still too weak!

Initially, just one Fourfold Thunder Tribulation Thought could knock the Pearl away.

Let alone now with a thousand Thoughts!

Boom!

A thousand Fourfold Thunder Tribulation Thoughts collided heavily with the Sea-suppressing Pearl!

A massive shock wave swept in all directions.

The spiritual energy within dozens of miles was instantly torn apart!

Countless energy streams rushed to the four winds.

Everything around, the earth, mountains, rivers, spiritual energy, was all obliterated.

The power of this strike was no less than world destruction, even the void began to tremble!

At the storm's core, the Sea-suppressing Pearl wasn't shattered but firmly suppressed the thousand Fourfold Thunder Tribulation Thoughts!

But just a moment later, with a huge bang, the Sea-suppressing Pearl was thrown away!

Everyone around gasped!

Just moments ago, they were stunned by the Pearl suppressing the Thunder Thoughts.

But the next moment showed that the Thunder Thoughts aren't so easily suppressed!

Even so, everyone's gaze towards the Pearl was filled with amazement!

Its first emergence suppressed Third Thunder Thoughts!

The second time, it shattered and suppressed a Fourfold Thunder Thought!

The third time, nearly suppressed a thousand Fourfold Thoughts!

The Pearl's growth rate was incredibly high!

From its first appearance to now, it's been just over half a year!

And it's been only days since its last emergence!

The Pearl's power had transformed tremendously!

If given a few more years, wouldn't it easily suppress Fourfold Thunder Thoughts?

Perhaps not even years, maybe just months!

Even Hui Lunzun now had a covetous look at the Pearl.

This magical treasure was simply heaven-defying!

Lady Xin Thirteen stared at the scene dumbfounded.

Her mind had only one thought, "The treasures of the Xin family are actually this strong?"

In the crowd, King Fan Hui of the Golden State's eyes shone brightly, his body trembled.

"This is truly our Golden State's national treasure! This is our Golden State's national treasure!"

The few Tribulation-Crossing Ancestors of the Fan family nearby did not dispute his words.

The Sea-suppressing Pearl was too powerful!

Combined with Lin Mu's monstrous talent...

If it truly belonged to the Golden State, then the Golden State...

Ming Zhenyu also watched the scene, his expression full of shock and regret.

"Is Lin Wudi truly a genius drawn in by Renowned Swords? If he belongs to a distinguished family, this treasure cannot fall into outsiders' hands!"

Ming Zhenyu had thoughts.

Though he only had the Second Tribulation Thunder, his family was a renowned Divine Continent Major Clan.

If he spoke up to protect Lin Wudi before the Heavenly Realm Guards, wouldn't the Sea-suppressing Pearl belong to his family?

Though the Pearl failed to suppress the thousand Fourfold Thoughts, its divine abilities prompted many present to entertain inappropriate intentions.

Chapter 1067: The Invincible Must Die!

"What kind of magical treasure is this? Such a simple artifact nurturing technique, and yet it can nurture such a magical treasure?"

Everyone else was similarly shocked, but Luo Chou, who directly faced the power of the Sea-suppressing Pearl, was understandably even more astonished.

Just now, when his Fourth Tribulation Thunder Thought came into contact with the terrifying gravity of the Sea-suppressing Pearl, he was aghast to discover that the suppressive power of the Pearl could actually penetrate the Fourth Tribulation Thunder Thought and affect the world within the Thought!

The Fourth Tribulation Thunder Thought, a thought, a world; as long as the world doesn't break, the thought remains unshattered!

Luo Chou had speculated how his Fourth Tribulation Thunder Thought shattered, and now he saw a trace of the clue!

This bizarre Sea-suppressing Pearl could affect space with mere weight, then influence the micro world within the Thunder Thought!

The recent clash wasn't as easy as it appeared to outsiders.

Of his thousand thunder thoughts, at least three hundred had developed tiny cracks!

Luo Chou had ruled the Li Mo Continent for a hundred thousand years, yet he had never encountered a magical treasure so terrifying!

Even on the Heavenly Battlefield, such a treasure was extremely rare!

"Just a mere artifact nurturing technique? How could someone as dull and self-satisfied as you in Transcending Tribulation know the might of the artifact nurturing technique."

Lin Mu, with hands behind his back, gaze indifferent, exuded an immortal aura.

Judging by demeanor alone, Lin Mu seemed like the Fourth Tribulation, while Luo Chou had merely faced the First Tribulation.

Though as a Centurion of the Heavenly Realm Guard, Luo Chou had a slight advantage in the confrontation, his aura was overshadowed.

Chaos nurtures the Ten Thousand Realms with the essence of ancient times.

Heaven and Earth nurture the human race with Spiritual Energy.

The human race, through the artifact nurturing technique, nurtures magical treasures.

The artifact nurturing technique is a great art that suppresses the four directions even in the Heavenly Realm.

Nurturing an artifact is to use the Law of Heaven and Earth, to simulate the chaos of the universe!

Such a miraculous technique was referred to as a mere artifact nurturing technique by Luo Chou, showing how outdated the Heavenly Realm's understanding of cultivation had become.

No wonder, within the Heavenly Realm, Tribulation-Crossing Ancestors attacked each other with Tribulation Thought Blades!

These are not cultivators, but mortals wielding knives, spears, and clubs against one another!

In fact, the Heavenly Tribulation is not even as advanced as the mortal Martial Artists.

At least Earth's Martial Artists contain the Martial Way will and attack methods.

The Heavenly Tribulation merely uses the strength of the Thunder Thoughts to batter each other!

"Haha, I don't understand the might of the artifact nurturing technique, I'm self-satisfied? I'm dull, junior, you have quite the nerve. If I weren't curious about the treasure in your hand, do you think you would still be alive?"

Luo Chou, enraged, laughed sarcastically.

His initial curiosity had led to him being mocked by this junior; utterly absurd!

No wonder this junior was arrogantly daring enough to kill the Heavenly Realm Guard of the Terrifying Continent.

It seems that this junior, having grown accustomed to being the master in the Lower Realm, believed himself invincible upon reaching the Heavenly Realm.

Daring to speak such wild words in the face of the Fourth Tribulation.

"Very well, I shall let you witness today just what kind of power this self-satisfied dull Tribulation-crossing possesses!"

Luo Chou sneered, his fingers weaving a spell.

One by one, Thunder Thoughts flowed out from his forehead, like fish crossing the river.

Bolts of thunder echoed between Heaven and Earth.

Rumble!

The Earth trembled, the oppressive force growing thicker.

Most First Thunder Tribulation Ancestors could no longer sustain themselves, retreating with pale faces!

The force from Luo Chou's Fourth Tribulation Thunder Thoughts was unbearable for these First Tribulation Ancestors!

Three thousand thoughts!

Five thousand thoughts!

Ten thousand thoughts!

A full ten thousand Fourth Tribulation Thunder Thoughts spanned the void.

Forming a brilliant Starry Sea, blazing above the Heavenly Square Kingdom Capital!

Even from hundreds or even thousands of miles away, one could feel the divine-like terrifying pressure.

When the Fourth Tribulation Thoughts reached ten thousand, even some Second Tribulation Ancestors could not withstand the pressure.

These fearsome Thunder Thoughts didn't even need to attack.

The sheer suppressive power alone immobilized ordinary First and Second Tribulation Ancestors!

This is the fearsome power possessed by the Fourth Tribulation Ancestor!

Thunder illuminated the ten thousand Fourth Tribulation Thoughts.

Transforming the world into a sea of thunder.

Each Thunder Thought, star-scattered, beautiful yet filled with death!

"Perish!"

With a wave of his hand, ten thousand Thunder Thoughts shot towards Lin Mu, like meteors!

Perhaps out of disdain, perhaps intentionally.

The ten thousand Thunder Thoughts did not transform into Tribulation Thought Blades, merely pure body attacks.

Yet even so, the power generated left all observers astounded!

A single thought, a world unto itself!

The impact of a world crashing down, how terrifying it must be.

If below were ordinary First or even Third Tribulation Ancestors, they would be utterly suppressed, unable to fight back.

But his opponent was Lin Wudi!

"Get lost!"

Lin Mu lightly shouted, pointing a finger, the Sea-suppressing Pearl traced a splendid arc in the sky, returning above his head.

Like a canopy, shielding against the storm.

If Luo Chou's Thunder Thoughts were the deadliest assault, the greatest pressure.

Then the Sea-suppressing Pearl was the ultimate defense!

Standing above Lin Mu, it exemplified the stance of a lone warrior, defying all!

Bang! Bang! Bang!

One by one, the Fourth Tribulation Thoughts struck the Sea-suppressing Pearl, but couldn't budge it!

The Sea-suppressing Pearl was indeed like a divine needle, stabilizing the domain.

Even amid a storm of mini-worlds crashing and exploding, it stood firm, with no sign of collapse!

The onlookers gasped in disbelief at this sight.

The Sea-suppressing Pearl's strength was unimaginable.

Withstanding the onslaught of ten thousand Fourth Tribulation Thoughts, yet remaining unshattered!

"Such a junior!"

Seeing the inexplicable hardness of the Sea-suppressing Pearl, Luo Chou's expression shifted.

In the next moment, he abandoned all pretense, no longer holding back.

Forsaking the ornate "Extravagant" technique.

Buzz!

Buzz!

Buzz!

Three Tribulation Thought Blades formed in the void.

A blade, a sword, a hammer!

Luo Chou pointed, sending the three Tribulation Thought Blades towards Lin Mu!

"You may withstand a single Thunder Thought, but try handling three thousand three hundred Fourth Tribulation Thoughts!"

Boom!

The Tribulation Thought Knife struck the Sea-suppressing Pearl!

A far more ferocious shockwave than before swept the surroundings.

Nearby First Tribulation Ancestors retreated yet again, moving hundreds of miles away, far beyond mortal sight!

The might of a Fourth Tribulation duel far exceeded their imaginations.

The opportunistic Fan Hui and others, hoping to profit from the clash between Lin Mu and Luo Chou, looked uncertain!

Faced with such earth-shattering powerhouses!

Even if they became spent forces, could they really claim victory?

For someone like Luo Chou, a single Fourth Tribulation Thought would be enough to suppress them all, right?

As for Lin Mu, as long as the Sea-suppressing Pearl remained intact, they dared not provoke!

Luo Chou's dominance, Lin Mu's strength, exceeded their expectations!

Bang!

The Sea-suppressing Pearl couldn't withstand the assault of three thousand three hundred Fourth Tribulation Thoughts, being directly flung away.

"Junior, die for me!"

Luo Chou's gaze turned icy, the Tribulation Thought Sword aimed for Lin Mu's head!

A mere First Tribulation junior, forcing him to unleash ten thousand Fourth Tribulation Thoughts, deserved death!

If Lin Mu didn't die, this battle would become Luo Chou's humiliation!

Chapter 1068: The Dragon Tamer Rises, Capable of Smiting Ten Thousand Realms Immortals!

Powerful!

This was the sensation everyone felt when Luo Chou and Lin Mu faced off.

Lin Mu's Sea-suppressing Pearl could definitely fend off any Tribulation-Crossing Ancestors below the Fourth Thunder Tribulation, making it one of the strongest magical treasures.

Luo Chou effortlessly knocked away the Sea-suppressing Pearl with just one stroke of the Tribulation Thought Blade.

The second Tribulation Thought Blade was aimed directly at Lin Mu's life!

The area surrounding them for hundreds of miles was torn into chaos by the rippling aftermath of their attacks!

"Luo Chou is indeed worthy of being a Centurion of the Heavenly Realm Guard; his power far surpasses typical Fourth Thunder Tribulations!"

Hui Lunzun watched the battle intently, with a heavy gaze.

Through the collision of Luo Chou's Fourth-stage Tribulation Thoughts with the Sea-suppressing Pearl, he had already gauged the power of the pearl.

Luo Chou, being an exiled immortal among the Heavenly Realm Guard, could send the Sea-suppressing Pearl flying with three thousand Fourth-stage Tribulation Thoughts.

If it were a normal Fourth Thunder Tribulation, it might take five or six thousand thoughts, or even more!

The formidable power of the Sea-suppressing Pearl was beyond ordinary!

Indeed, at the Tribulation Transcendence Realm, what matters is the strength and quantity of thoughts.

The Sea-suppressing Pearl used by Lin Mu already rivals the strength of the Fourth Thunder Tribulation.

Even at Luo Chou's level, victory is reliant upon quantity.

Of course, the strength exhibited by Luo Chou also shocked everyone!

Everyone could feel the pressure emanating from the Fourth-stage Tribulation Thoughts.

If it were anyone among them, they likely wouldn't even have a chance to retaliate!

"The Sea-suppressing Pearl..."

Watching the Sea-suppressing Pearl being knocked away, Ming Zhenyu's expression shifted slightly, wanting to intervene and claim the pearl directly, but ultimately he didn't dare!

He was only at the Second Thunder Tribulation.

Acting rashly, either Lin Mu or Luo Chou could easily kill him!

This is the difference in realms.

Against practitioners of the Fourth Thunder Tribulation, those of the Second Thunder Tribulation dare not make a move, for it would result in certain death!

Many others shared Ming Zhenyu's thoughts.

The power of the Sea-suppressing Pearl made everyone covet it.

Now, with the pearl being knocked away, countless hearts were stirred.

However, before Lin Mu and Luo Chou determined a victor, none dared to act rashly!

"Such a pity, our Fan family's Sea-suppressing Pearl is so formidable, yet lost outside."

Fan Hui lamented with a look of regret.

The other Fan family members twitched slightly, but they were accustomed to their patriarch's "shamelessness."

The allure of the Sea-suppressing Pearl stirred everyone, and if they could claim it as their own, shamelessness wouldn't be an issue!

This treasure rivals the power of the Fourth Thunder Tribulation.

Just from Lin Mu and Luo Chou's duel, it's evident that ordinary Fourth Thunder Tribulations or several hundred Fourth-stage Tribulation Thoughts couldn't oppose the Sea-suppressing Pearl!

If they could obtain the Sea-suppressing Pearl, using it to suppress Second and Third Thunder Tribulation Ancestors wouldn't be a problem!

Many Ancestors present sighed inwardly.

What a pity.

Lin Mu was only at the stage of the First Thunder Tribulation.

If Lin Mu had the Second Thunder Tribulation cultivation level, he wouldn't be oppressed so tragically!

If bolstered by Second-stage Tribulation Thoughts, the Sea-suppressing Pearl would undoubtedly be even stronger.

What a pity, such a gifted young talent is about to be snuffed out by the Heavenly Realm Guard!

This Centurion of the Heavenly Realm Guard has the reputation of condoning the Demon Race!

In this moment, countless Tribulation-Crossing Ancestors felt a deep sadness!

The Heavenly Realm Guard is too oppressive!

Watching the lightning-fast arrival of the Sword of Tribulation Thought, Lin Mu's emotions were complex.

He had nurtured the Sea-suppressing Pearl for two months, yet it still fell short.

The Sea-suppressing Pearl excels in weight crushing rather than attack strength; it could handle ordinary Fourth Thunder Tribulations, but it was somewhat lacking against the Heavenly Realm Guard!

Each member of the Heavenly Realm Guard is a prodigy.

Luo Chou is an exiled immortal!

They are outstanding among the Heavenly Realm Tribulation-Elders.

To say they are invincible at the same level is no exaggeration.

Ordinary Tribulation-Crossing Ancestors of the Heavenly Realm are not Luo Chou's match.

From the sheer intensity of these ten thousand Tribulation Thoughts, one could see to what level Luo Chou had refined and honed these thoughts.

The strength of these thoughts rivals ordinary magical treasures!

Ultimately, his realm was too low.

If he now had the Second Thunder Tribulation, using Second-stage Tribulation Thoughts to bolster the Sea-suppressing Pearl, it would undoubtedly crush the Fourth-stage Tribulation Thoughts!

Enhancing his strength has become an urgent matter.

Nonetheless, Luo Chou was not invincible.

"If Luo Chou had appeared before nurturing his artifact, I might have had to exert effort, but now, killing him is as easy as slaughtering a chicken!"

Cold brilliance flickered in Lin Mu's eyes.

The next moment, a gleam shot forth from his body.

It was a sword, a sword he had nurtured within his body for over half a year!

As the sword emerged, heaven and earth quivered, the sun and moon changed colors, and the winds and clouds dispersed.

This realm seemed to be split by the overwhelming Sword Qi.

In an instant, it was as if the entire world of the Heavenly Square Kingdom Capital was solely occupied by this sword spanning the void!

"Another magical treasure!"

Luo Chou's expression changed dramatically.

To contend with the Sea-suppressing Pearl, he had already released ten thousand Fourth-stage Tribulation Thoughts.

Now, another magical treasure appeared?

He wouldn't naively believe Lin Mu was bluffing.

That Lin Mu only now unveiled this Flying Sword Magical Treasure meant it was more powerful than the Sea-suppressing Pearl!

Not only Luo Chou, but other Tribulation-Crossing Ancestors witnessing this also had a sudden change in expression!

Another magical treasure?

Could it be as powerful as the Sea-suppressing Pearl?

No, it might be even stronger than the Sea-suppressing Pearl.

Because this is Lin Wudi's trump card!

Hui Lunzun's expression shifted as he sighed softly, "Is this the confidence you possess to hunt even me? Let's see how wondrous this magical treasure of yours is!"

Ming Zhenyu's brow twitched, and the thought in his mind resurfaced.

This mysterious Lin Wudi, could he truly be a genius of the Renowned Swords Dao?

It must be noted that the Renowned family are sword cultivators!

If he truly belongs to such a lineage, then...

At this moment, Lin Mu spoke.

"Luo Chou, today I will show you the extraordinary nature of the artifact nurturing technique!"

With a wave of his hand, the Yulong Sword emitted a resonant chime!

The next moment, gigantic dragons roared forth from the Yulong Sword!

The Yulong Sword currently wielded true dragons!

True dragons formed from Lin Mu's Tribulation Thoughts!

Each true dragon was formed from precisely one thousand twenty-six Tribulation Thoughts, with claws and fangs extended, exuding dragon might!

With a gentle raise, the dragon tamer can slay Ten Thousand Realms Immortals!

"Roar!"

The dragon's roar shook the void, causing all the Tribulation-Crossing Ancestors of the First Thunder Tribulation to tremble.

This was a fear stemming from their innermost depths!

Like facing a natural enemy!

They had the impression that these gigantic dragons, with just a swipe of a claw, could tear them apart!

The Tribulation-Crossing Ancestors of the Second Thunder Tribulation also changed expressions.

Because they too felt threatened.

Each gigantic dragon posed a threat to their lives!

This was a being as formidable as the Second Thunder Tribulation!

"Using Tribulation Thoughts to form an Artifact Spirit? Is this the artifact nurturing technique Lin Wudi mentioned?"

Hui Lunzun suddenly seemed to realize something.

The next moment, his scalp tingled slightly.

How many Sword Spirit Giant Dragons were there?

A thousand?

Ten thousand?

Or even more!

This meant that Luo Chou was essentially fighting against nearly ten thousand Second Thunder Tribulations!

Fourth Thunder Tribulations are powerful, but faced with so many gigantic dragons as formidable as the Second Thunder Tribulation, would they not find it taxing!

"Lin Wudi, how exactly does one nurture an artifact to such a degree?!"

Everyone found it unbelievable.

In the Heavenly Realm, even artifact nurturing only involved tens of thousands or even hundreds of Thunder Thoughts level artifact nurturing!

Magical treasures with tens of thousands of thoughts were rare items in the Heavenly Realm.

Now, how many thoughts did Lin Mu's magical treasure contain?

"Slash!"

Lin Mu pointed his finger!

Chapter 1069: The Power of a Single Sword, Fear Beyond Imagination!

In the next moment, countless giant dragons formed by Tribulation Thunder Thoughts charged through the spatial distance, roaring towards Luo Chou's Tribulation Thought Blade!

The surrounding Tribulation-Crossing Ancestors were already dumbfounded.

Thousands of giant dragons, each comprised of 1,026 Tribulation Thunder Thoughts comparable to the Second Thunder Tribulation.

This kind of power left them speechless.

This means that if Lin Mu wanted, he could slaughter all the Tribulation-Crossing Ancestors present who were below the Fourth Tribulation Thunder!

What is it to fight one against ten when Lin Mu could fight one against a hundred, a thousand!

The Fourth Tribulation Thought Blade, surrounded by thunder and with Sword Qi everywhere, seemed powerful.

But the charge of thousands of dragons was undoubtedly more impactful!

It was as if in just an instant, Luo Chou's Sword of Tribulation Thought and Tribulation Thought Hammer were swallowed by the gigantic dragons!

Countless gigantic dragons collided with the Sword of Tribulation Thought and the Tribulation Thought Hammer!

Luo Chou's pupils suddenly contracted.

He could not have imagined that Lin Mu's so-called artifact nurturing was like this!

Could one man indeed reach such a realm?

Through the Tribulation Thunder Thought, Luo Chou could distinctly perceive that the Tribulation Thunder Thoughts forming those gigantic dragons were unmistakably in the same lineage as the Sea-suppressing Pearl, all originating from Lin Mu!

Just how long has this Lin Mu been cultivating to be such an ancient monster?

To actually be able to produce so many thoughts for artifact nurturing by himself!

This completely violates the rules of Heavenly Realm's law on the generation of Tribulation Thunder Thoughts!

No Tribulation-Crossing Ancestor could produce so many Tribulation Thunder Thoughts!

Could it be an illusion?

Such a thought flashed through Luo Chou's mind.

But the next moment, the giant dragons crashed into his Tribulation Thought Blade!

Boom!

The instant the giant dragons collided with the Tribulation Thought Blade, they exploded fiercely!

Boom boom boom boom boom!

One by one, the giant dragons comparable to the Second Thunder Tribulation were shattered!

The terrifying shockwave was nothing short of world-destroying!

This was equivalent to a series of self-destructions by a Second Thunder Tribulation ancestor; how terrifying was this power!

In just a moment, everything around was engulfed by the explosive shockwave.

"Run!"

Those Tribulation-Crossing Ancestors could no longer afford to spectate and fled madly by harnessing thunder.

The distance they were watching from was no longer safe!

Even Hui Lunzun's expression drastically changed as he continuously retreated.

He could feel that this explosion's power was already threatening to him.

A single explosion might not suffice, but what about a hundred, a thousand?

He had never imagined that someone as crazy as Lin Wudi would appear in the Heavenly Realm, willing to let such a Magic Artifact's Sword Spirit self-destruct!

Each gigantic dragon was equivalent to a Second Thunder Tribulation ancestor!

Thousands of gigantic dragons, such power was enough to sweep through a Central State like Li Mo Continent!

But now, Lin Wudi relentlessly allowed them to self-destruct!

This was to counter Luo Chou's Fourth Tribulation Thought Blade!

Bang bang bang!

Luo Chou's Tribulation Thought Blade couldn't even escape and was engulfed by the giant dragons' self-destruction!

In just an instant, countless cracks appeared on his Tribulation Thought Blade!

Crack crack boom boom!

Click!

The Sword of Tribulation Thought became riddled with cracks, the first to develop massive fissures!

The next moment, it shattered amidst the explosion.

More than three thousand Fourth Tribulation Thunder Thoughts were pulverized in the shockwave!

The small world within the Fourth Tribulation Thunder Thoughts was instantly crushed by the giant dragons' explosions!

The formidable Fourth Tribulation Thunder Thoughts couldn't withstand such dense self-destructions of Second Thunder Tribulations!

The self-destruction of a single Thunder Thought might equate to a firework in one's hand, painful but not gravely harmful.

But if thousands of fireworks buried someone and then exploded in an instant, it would tear humans to pieces!

That was the fate of Luo Chou's Fourth Tribulation Thunder Thoughts.

They were completely overwhelmed by the numbers of Yulong Sword Spirit Giant Dragons!

"No..."

Luo Chou roared in dissatisfaction, as if struck by a thunder tribulation.

The pulverization of three thousand Fourth Tribulation Thunder Thoughts made his Sea of Consciousness blaze as if engulfed in a raging fire, causing him a splitting headache!

And this was just the beginning!

After one Tribulation Thought Blade shattered, another Tribulation Thought Hammer could not escape a similar fate.

Every self-destruction caused the Tribulation Thought Hammer to quiver violently, covered in cracks.

Boom!

Click!

With a loud boom, the Tribulation Thought Hammer shattered!

Six or seven thousand Thunder Thoughts shattered, leaving even one of Luo Chou's realm heavily wounded.

His Sea of Consciousness boiled over, plunging him into a state of chaos!

So much so, he couldn't control the Tribulation Thought Knife that had just achieved a feat, cutting down the Sea-suppressing Pearl!

The giant dragons roared, splitting into two groups.

One wave of giant dragons headed towards the Tribulation Thought Knife, exploding upon contact.

In an instant, the Tribulation Thought Knife was surrounded by terrifying self-destructions!

The other wave of dragons, clawing and fanged, lunged at Luo Chou himself!

Luo Chou was amidst confusion, with his mind buzzing, utterly incapable of mounting a defense.

The Defense Artifacts and Defense Cultivation Techniques on him were promptly smashed by the dragons!

If one wasn't enough, two were!

Over a dozen giant dragons' self-destructions breached Luo Chou's defenses!

Boom boom boom!

One giant dragon after another self-destructed on Luo Chou's body.

Exploding his body into tremors, with golden blood raining down from the sky!

The Fourth Tribulation Thunder was injured by the First Thunder Tribulation Thoughts!

Outside the safe distance, the Thunder Tribulation Ancestors watched this scene in shock.

"Is this artifact nurturing?"

"If artifact nurturing is so powerful, shouldn't the Heavenly Realm already be a world of artifact nurturing?"

"It's terrifying!"

"With this self-destruction, not even the Fourth Tribulation Thunder, even the Fifth Tribulation Overlords, might get injured, right?"

"This power is simply world-ending!"

These ancestors couldn't quite understand what was happening between Lin Mu and Luo Chou.

Because the place where the two stood was completely enveloped by explosions.

Self-destruction after self-destruction, explosion after explosion, leaving everyone pale-faced.

So many Yulong Sword Spirit giants dragons' self-destruction comparable to Second Thunder Tribulation, it was truly horrifying.

Even though they were aware the Yulong Sword Spirit giant dragons formed by Tribulation Thunder Thoughts had become a one-time magic artifact through self-destruction.

Yet the power of this magic artifact left everyone overwhelmed!

If they had coveted the prestige of the Sea-suppressing Pearl and wanted to seize it previously.

Now, they were utterly in awe and dared not harbor the slightest greed!

Such a powerful magic artifact, even within their grasp, they couldn't protect!

This had become a Defying Heavenly Treasure that could be coveted by the Seventh and Eighth Thunder Tribulation Overlords!

Possessing this magic artifact equated to carrying countless allies of the same realm to help kill!

Now, Lin Mu was just like this, using many to fight few!

Clearly a single person yet was besieging Luo Chou!

The power of one sword, terrifying as it was!

"Lin Wudi!"

In the midst of explosions, came Luo Chou's voice filled with immense fury.

Click!

Yet, the next moment, the Tribulation Thought Knife shattered, Luo Chou snorted and once again lost consciousness, as if thunder had burst in his mind.

With ten thousand Fourth Tribulation Thunder Thoughts shattered, even with Luo Chou's realm, he could not withstand it.

His Sea of Consciousness experienced a tempest, storming winds and rains, with explosion flames sweeping everywhere.

Even the Sea of Consciousness showed countless cracks!

Tribulation Thunder Thoughts were Divine Sense, and Divine Sense was the extension of the Divine Soul.

Ten thousand Fourth Tribulation Thunder Thoughts being shattered was like a heavy chop on Luo Chou's Divine Soul.

The excruciating pain was something Luo Chou could not endure.

Seeing this Fourth Tribulation Thunder practitioner about to perish due to the violence of his Sea of Consciousness, a golden light rose from the Tiger Talisman on his waist.

Chapter 1070: Why Would I Not Dare?!

"Heavenly Tiger Talisman!"

"This is a secret treasure granted by the Lord of the Heavenly Realm to the Centurions of the Heavenly Guard!"

"It seems that this treasure is indeed miraculous, as it has saved Luo Chou's life!"

The surrounding ancestors aren't fools; they've all seen that Luo Chou was at his limit just moments ago.

If not for the protection of the Tiger Talisman, his Sea of Consciousness might have been blasted open.

In that case, even if he didn't die, he would have lost the strength to fight back.

This is the consequence of the Tribulation Thunder Thought shattering, harming the Thunder Tribulation Ancestor.

Thus, in the Heavenly Realm, there aren't people like Lin Mu who casually self-destruct their thoughts to harm enemies.

If others were to follow suit, it's likely that the enemy wouldn't die, but their own Sea of Consciousness would be the first to be blown apart.

Meanwhile, everyone also realized a fact.

The Yulong Sword Magic Artifact released by Lin Mu at the end truly possesses the ability to kill those of the Fourth Tribulation Thunder!

Now, even with only a third of the Sword Spirit Giant Dragon self-destructed, Luo Chou, at the fourth stage, couldn't withstand it!

Though protected by the Tiger Talisman, his Sea of Consciousness was intact; the battle left Luo Chou gravely wounded, unlikely to recover anytime soon.

Not in tens of thousands of years, dream of recovery!

"General!"

"Sir!"

Those Heavenly Realm Guards, perhaps accustomed to arrogance or eager to protect their master,

upon seeing Luo Chou at a disadvantage, astonishingly, four Directors led other Heavenly Guards to attack Lin Mu.

Attempting to buy time for Luo Chou.

"No!"

Luo Chou, who had experienced the power of the Sword Spirit Giant Dragon's self-destruction, tried to stop them, but it was too late.

In the instant the four Directors attacked with their men, Lin Mu merely snorted coldly.

"Seeking death, let me fulfill your wish!"

In the next moment, he pointed a finger, and a hundred Sword Spirit Giant Dragons roared towards those Heavenly Guards!

"Lin Wudi, stop!"

Luo Chou, enduring the unbearable headache, released all four-stage Tribulation Thoughts, attempting to block Lin Wudi.

Boom! Boom! Boom! Boom!

The speed of the Sword Spirit's self-destruction is much faster than him!

Ordinary Heavenly Guards, Heavenly Guard Leaders, these individuals at the first and second Tribulation stages, were as fragile as infants facing the giant dragon's self-destruct.

In an instant, they were ripped apart and shattered by the Sword Spirit's self-destruction.

Even their Tribulation Thunder Thoughts were utterly shattered.

Even those four leading Directors only managed to hold on for a while longer.

When dozens of Sword Spirit Giant Dragons, equivalent to second-stage Tribulation Thoughts, exploded on them, with their third-stage Tribulation Thoughts, they couldn't resist at all!

In just a moment, they followed the rest of the Heavenly Guards' fate.

One breath!

In just a breath's time, more than thirty Heavenly Guards, including two at the third Tribulation stage, were slaughtered by Lin Mu!

Silence fell over the scene.

Only the echoes of the explosions reverberated in all directions.

The Thunder Tribulation Ancestors watching felt as if they couldn't breathe.

Dead!

Utterly killed without hesitation!

Heavenly Guards, in Lin Wudi's eyes, seemed like lambs awaiting slaughter.

Dare to reach towards Lin Mu, and there's only one path - death!

The so-called rules of the Heavenly Realm were directly ignored by Lin Wudi!

It's as if he didn't care at all about the will of the Lord of the Heavenly Realm!

In his eyes, there might only be the distinction between enemies and spectators.

If you're an enemy, then direct annihilation!

Luo Chou seethed with rage!

His gaze towards Lin Mu was filled with icy killing intent.

But he dared not make a move.

Because he had fewer than five thousand Tribulation Thunder Thoughts left!

If he continued, death was the only path!

"Lin Wudi, my Heavenly Guards will remember you!"

If looks could kill, Lin Mu would have died a thousand times over.

Lin Mu, hands behind his back, spoke indifferently, "Mere Heavenly Guards hold a grudge against me; it means more deaths for you, nothing more."

Lin Mu spoke with great arrogance.

If he had said this an incense stick ago, he might have been laughed at.

But now, no one laughed.

Everyone quietly watched.

Dead silence.

Was Luo Chou weak?

He is an exiled immortal of the Fourth Tribulation, among the pinnacle in the Heavenly Realm.

With over fourteen thousand Four Tribulation Thunder Thoughts, he's one of the strongest among the Fourth Tribulation.

On Li Mo Continent, there're few who could rival Luo Chou.

If Luo Chou was weak, the Heavenly Guards wouldn't let him guard a continent!

Unfortunately, he met Lin Mu!

Now, in the hearts of all watching Thunder Tribulation Ancestors, Lin Mu is the most top-tier refining genius in the Immortal Realm!

Lin Mu's Artifact Nurturing Method allows him to defy and fight against the Fourth Tribulation with just one Thunder stage!

Even though Lin Mu's Yulong Sword is just a one-time Magic Artifact.

After this, its power would be halved.

Even a couple more challenges by Fourth Tribulation Ancestors, the Yulong Sword will be completely spent.

But at least before then, Lin Mu remains capable of defying the Fourth Tribulation!

External strength is part of one's power!

"You're arrogant enough! I hope you'll stay this way when facing the Heavenly Guard Enforcement Team!"

Luo Chou's gaze was venomous, filled with hatred.

This battle not only saw all his subordinates dead, but he also lost two-thirds of his Tribulation Thunder Thoughts!

To recover them, who knows how many years it will take.

More seriously, he brought such disgrace upon the Heavenly Guards; upon returning, he might be punished.

His future as an exiled immortal was completely ruined by this bastard Lin Wudi!

He glared at Lin Mu resentfully, then turned to leave!

The watching Thunder Tribulation Ancestors sighed in silence.

The battle seems to be ending.

Lin Mu, with the cultivation level of the First Tribulation stage, endured the onslaught of Heavenly Guards.

After today, Lin Mu's fame will certainly spread across the Heavenly Realm.

Just uncertain how the Heavenly Guards will react upon learning this news.

Will they invite Lin Mu, the refining genius, into their ranks?

Or, due to this massacre, will they send a dominant force to annihilate Lin Mu!

At this moment, Lin Mu spoke quietly.

"What are you misunderstanding about?"

Lin Mu's voice seemed both puzzled and mocking.

Luo Chou frowned and turned back, somewhat confused.

Hui Lunzun also looked at Lin Mu suspiciously, an unbelievable thought rising in his mind, could it be...

Seeing the undisguised coldness in Lin Mu's eyes, Luo Chou suddenly sneered.

"Junior, do you still want to kill me? I'm a General of the Heavenly Guard, a Centurion!"

Luo Chou's gaze towards Lin Mu was suddenly filled with mockery.

"Perhaps you don't know what it means to be a Centurion of the Heavenly Guards, but I can make it clear!"

"If you dare to kill me, the Heavenly Guards will go to war with you without rest, and you'll never have a chance to clear your name by joining them!"

"So, do you dare to kill me?"

Luo Chou was not afraid at all.

Even though the Demon Race stirs trouble across the Heavenly Realm, killing many Thunder Tribulation Ancestors, they dare not provoke the Centurions of the Heavenly Guards!

If a Centurion dies, it will provoke a collective backlash from the Heavenly Guards!

Then, a dominant force will surely descend!

Once a dominator appears, even the strongest Demon Race must die!

This applies even more to the Thunder Tribulation Ancestors of the Heavenly Realm.

Dare touch a Centurion, await the dominator's arrival and your family's annihilation!

Hui Lunzun sighed in silence.

This is the dominance of the Heavenly Guards.

Heavenly Guards can kill others at will, but others cannot kill Heavenly Guards!

If one kills ordinary Heavenly Guards, perhaps they may wash their sins through talent and refining prowess.

But killing a Centurion is different!

Killing a Centurion requires a life for a life!

"Why wouldn't I dare?!"
