

War God 1091

Chapter 1091: Calamity Scripture in Hand!

Lin Mu remained silent, listening as the ancestor of the Calamity Script Clan slowly recounted the origins of their clan.

As he listened, Lin Mu's heart was filled with confusion.

During his Foundation Establishment Stage, he was already able to transmit memories directly using his techniques.

How could the ancestor of the Calamity Script Clan, who was at the level of an Immortal King, not possess this ability?

The more he observed and listened, the more Lin Mu felt that the ancestor of the Calamity Script Clan before him was somewhat peculiar.

"Could it be..."

Lin Mu formed a hand seal to perform a memory infusion seal.

Almost as soon as he successfully completed the seal, a beam of light shot from the ancestor's body.

Bam!

The beam of light struck Lin Mu's hand with just enough force to stop his sealing motion.

The next moment, the ancestor, who had just been telling the story of the Calamity Script Clan, suddenly wavered and seemed to transform into another image.

"Was it a coincidence, or did you notice a clue on your own?"

"Fine, since you discovered this, I'll give you two pieces of advice!"

Lin Mu's pupils suddenly contracted.

He realized that he had uncovered a big secret that even he had not discovered when he was the Emperor Zun!

For the ancestor of the Calamity Script Clan at the Immortal King level to take such care with it, clearly, this was no ordinary secret.

"First, do not use the memory infusion technique!"

The first piece of advice from the ancestor was expected and reasonable.

He was just about to use the memory infusion technique when the ancestor stopped him; obviously, there was an issue with the technique.

Lin Mu suddenly recalled the numerous times he had used memory infusion in the Qianyuan Empire!

He must never use it again!

"Second, kill those who are reborn!"

When he said this, the ancestor's gaze turned icy cold.

Even though it was just an image, it sent a chilling sensation throughout the body.

This showed the ancestor's hatred for those who are reborn.

This statement left Lin Mu speechless.

He was also someone who was reborn.

Could he possibly kill himself?

After delivering the two pieces of advice, the ancestor's voice became solemn.

"Remember my words, but do not pursue this matter before becoming an Immortal Emperor, lest you bring misfortune upon yourself! That's all, my successor, take care!"

As the final words faded, the image of the ancestor slowly disappeared.

The next moment, a beam of golden light shot towards Lin Mu.

It was that golden book.

The book grew smaller and finally went into Lin Mu's Sea of Consciousness.

As it entered Lin Mu's Sea of Consciousness, the Calamity Scripture was pinned there, unable to move!

Heavenly Dao Myriad Laws Record!

The Heavenly Dao Myriad Laws Record completely suppressed it.

Rumbling!

In Lin Mu's Sea of Consciousness, a rumbling sound erupted, and under the illumination of golden light, the Calamity Scripture trembled violently!

Crack!

The Calamity Scripture shattered with a crisp sound, completely breaking apart.

After shattering, the Calamity Scripture transformed into streams of golden light and merged into the Heavenly Dao Myriad Laws Record.

Lin Mu was surprised to find that the Heavenly Dao Myriad Laws Record, which had not changed since his rebirth, now had an additional page.

On this page were two prominent characters: Calamity Script!

"Was the Calamity Scripture swallowed by the Heavenly Dao Myriad Laws Record?"

Lin Mu was somewhat astonished, for this was the first time the Heavenly Dao Myriad Laws Record had acted this way.

It seemed that the Calamity Scripture from the Calamity Script Clan was more extraordinary than imagined!

"You gave me the book, and I will avenge you! One day, I will uncover the truth of the Calamity Script Clan's destruction and avenge you!"

Lin Mu silently vowed.

The next moment, in a flash of white light, Lin Mu appeared in the Mountain God Temple.

"Hahaha, I, the monk, am finally free, free!"

The temple caretaker at the gate suddenly laughed out loud and, like ashes, dissipated in the wind.

Hui Lunzun, who stood beside, watched this scene in shock.

Then, as if remembering something, he disappeared before even asking Lin Mu about the gains from entering the land of inheritance this time!

Swoosh!

Hui Lunzun's figure appeared in the village.

"Husband? Why have you returned? Didn't you say you'd be busy with that friend for a few more days?"

The woman lifted her head, looking at Hui Lunzun with surprise.

Hui Lunzun laughed uproariously, "Haha, it's nothing, it's all good, it's all good!"

Seeing the temple caretaker turn to ash, he almost lost his soul from fright.

Living with this woman for a hundred thousand years, even knowing she was formed from Tribulation Thought Characters, he had deeply fallen in love.

Were he to lose her, Hui Lunzun wouldn't know what he'd do.

Perhaps, he'd recklessly make a move against Lin Wudi.

Lin Mu's figure also appeared in the courtyard, casting a playful look at Hui Lunzun.

Although Hui Lunzun left quickly just now, the flash of killing intent in his eyes couldn't be hidden.

A dignified practitioner of the Fourth Tribulation, yet so deeply absorbed in illusion.

Lin Mu could only sigh for him.

"Fourth Tribulation, a thought creates a world; you can actually incorporate this realm into your Thunder Tribulation Mentality. In this way, you need not worry about changes here."

"Really?"

Hui Lunzun felt a bit anxious.

In these hundred thousand years, he had certainly thought of it.

But he lacked confidence, fearing unforeseen accidents.

Lin Mu nodded.

If it were before today, it wouldn't have been possible.

But now that he had taken the Calamity Scripture book from the land of inheritance.

Its significance was greatly diminished.

Taking this realm with him wouldn't cause any changes.

Hui Lunzun, upon hearing this, hesitated for a long time before cautiously taking action.

He was too concerned.

Even though he had great trust in Lin Mu, he dared not fully believe.

Not until he incorporated this realm into his Thunder Tribulation Mentality, and saw the woman unharmed, did he finally breathe a sigh of relief.

"Thank you, Lord Lin!"

Hui Lunzun bowed in gratitude.

He was at last free from being confined in that place.

"I've taken the book from the land of inheritance, but you can still enter and study the Tribulation Thought Characters."

Lin Mu again took out a dozen Tribulation Scriptures and handed them to Hui Lunzun.

Hui Lunzun opened his mouth, a wry smile on his face.

The Calamity Scripture book was indeed taken by Lin Wudi.

Extraordinary people can indeed accomplish extraordinary deeds.

"Now that I have no attachments, how about accompanying Lord Lin to the Southern Spirit Divine Continent?"

Hui Lunzun suggested.

He had no affection for the Empire, all his emotions were invested in this small village.

Now that the village could travel with him, he could truly roam the world.

"My trip to the Southern Spirit Divine Continent is fraught with danger, not suitable for you to accompany me, Dao Friend Hui."

Lin Mu replied straightforwardly.

Hui Lunzun felt rather helpless. Despite being a practitioner of the Fourth Tribulation, he was being turned down.

However, he also knew that Lin Mu would soon face the Enforcement Team from the Heavenly Realm Guard.

The leader would inevitably be a Five Tribulations Overlord!

He truly couldn't be of much help!

"If that's the case, I will head to the Barbarian Continent, and guard the Earth Blessed Land for Lord Lin until you return!"

Hui Lunzun was someone who repaid kindness.

In this instance, Lin Mu not only gifted him twenty Calamity Scriptures, but also solved the problem concerning his wife, freeing him from being confined to one place.

Such kindness must be repaid.

Lin Mu didn't object, nodding as he said, "Then I leave it to you, Dao Friend Hui. When I return, I will lecture for a year to repay your service in guarding!"

One Tribulation lecturing a Fourth Tribulation—it sounded somewhat audacious.

But Hui Lunzun was ecstatic.

Artifact Nurturing Method, Thunder Tribulation Mentality Special Attack Technique, Tribulation Thought Characters.

Lin Mu had too many things he wanted to learn.

Chapter 1092: Fortune Favors the Bold!

Within the Central Domain of the Heavenly Realm, there exist the Four Great Divine Continents.

As one of these, the Southern Spirit Divine Continent occupies a very unique geographic position.

The other three Divine Continents are vast, equivalent to several or even dozens of Middle Thousand Worlds.

However, the Southern Spirit Divine Continent sits amidst the boundless Sea of Heaven.

In ancient times, the Southern Spirit Divine Continent was also called the Heavenly Sea Island, the Heavenly Sea Divine Island.

The entire size of the Southern Spirit Divine Continent is only comparable to the Earth Blessed Land.

Among the Four Great Divine Continents, it stands out uniquely.

In this Mainland of the Heavenly Realm, the closest place to the Southern Spirit Divine Continent is the Nanbotuo Continent.

Due to its proximity to the Divine Continent, the Nanbotuo Continent is also extremely prosperous.

Several Holy Lands within the continent are home to countless experts.

The Grand Commander of the Nanbotuo Heavenly Guards and the Holy Masters of the five great Holy Lands are all overlord-level powerhouses at the Sixth-layer Thunder Tribulation.

Within the Great Governor's Mansion.

"You want me to intercept a junior at the First Thunder Tribulation?"

Grand Governor Ji Liao of the Nanbotuo Continent looked amusedly at the message coming from the Northern Jambu Continent.

A junior at the First Thunder Tribulation had slain a Centurion from the Li Mo Continent.

In the end, he easily escaped under the encirclement of the Enforcement Team and Heavenly Guard's joint pursuit.

He has now left the Northern Jambu Continent and entered the territory of the Nanbotuo Continent.

Ji Liao does not intend to handle this matter.

On one hand, he feels that dealing with a junior at the First Thunder Tribulation diminishes his status.

On the other hand, if a First Thunder Tribulation can defy and kill a Fourth Thunder Tribulation, the junior must have great secrets.

Offending such a Great Fate Bearer for no reason will have no good outcome.

As can be seen from the intelligence, the Centurion from the Li Mo Continent was acting on behalf of a Centurion from the Terrifying Continent, which led to his annihilation.

Being a town guard at the Heavenly Battlefield every five thousand years is already a life-and-death situation, yet they still meddle in such trivial matters.

Those two guys from the Northern Jambu Continent must be out of their minds.

As for the secrets on that junior at the First Thunder Tribulation?

So what if you get them!

Is a secret from a junior at the First Thunder Tribulation going to advance him from a Sixth Thunder Tribulation to an Eighth Thunder Tribulation?

Otherwise, it's meaningless and only offends a Great Fate Bearer!

Moreover, from the intelligence, it appears the junior intends to go to the Southern Spirit Divine Continent.

In the Southern Spirit Divine Continent, masters abound, including several overlord-level existences at the peak of the Eighth Thunder Tribulation.

If the junior can survive coming out of the Southern Spirit Divine Continent, not only will there be no hostility, but attempts will be made to recruit him!

To dare kill a Heavenly Guard at the First Thunder Tribulation.

Moreover, to defy and slay a Fourth Thunder Tribulation at the First Thunder Tribulation cultivation level, this genius might very well be another Daoist Master Yellow Springs!

This kind of defying existence must be recruited as soon as possible.

Intercept?

I'm not like those idiots from the Northern Jambu Continent.

After thinking a bit, Ji Liao picked up his pen and wrote a few lines rapidly.

The white paper disappeared.

The next moment, it appeared on the desk of the Nanbotuo Enforcement Team Venerable.

"Oh? Interesting..."

The Venerable's face revealed a hint of a smile.

With a flick of his finger.

An overlord at the Fifth Thunder Tribulation suddenly appeared, like a ghost.

"Deliver my joint order with the Grand Marshal, a Demon Race has appeared in the Nanbotuo Continent, all Heavenly Guards must adhere to their duties, remain on standby at all times, and are not permitted to go out!"

The Fifth Thunder Tribulation overlord glanced at the Venerable, hesitating to speak.

The Venerable cast him a glance, coldly sneering, "What did that fool Mo Liu say to you?"

The overlord at the Fifth Thunder Tribulation looked a bit embarrassed, "The Mo Liu Honored One instructed me to personally assist the Northern Jambu Continent in intercepting the wanted criminal known as Lin Wudi."

The Venerable stated coldly, "Do you know what that junior Lin Wudi did to get wanted?"

The Fifth Thunder Tribulation overlord was taken aback; Mo Liu from the Northern Jambu Enforcement Team really hadn't mentioned it.

The Venerable, with a knowing expression, replied faintly, "Lin Wudi, with a First Thunder Tribulation, defied and killed a Fourth Thunder Tribulation, slaying a Centurion of the Li Mo Continent Heavenly Guards!"

These words were like a shocking thunderbolt, leaving the Fifth Thunder Tribulation overlord dumbfounded.

A First Thunder Tribulation defying a Fourth Thunder Tribulation?

Such a defying figure has actually appeared in the Heavenly Realm?

This person must carry great fortune!

The Fifth Thunder Tribulation overlord's eyes flickered with light, gaining a few hints of danger.

"Fool!"

The Venerable flicked his finger, a bolt of lightning struck the Fifth Thunder Tribulation overlord, tearing his skin and flesh.

A Fifth Thunder Tribulation, in local regions, could exert sovereign rule, even guarding Middle Continents like the Li Mo Continent and Terrifying Continent.

But in the Heavenly Guards, he was merely a member of the Enforcement Team.

The Fifth Thunder Tribulation overlord, Feng Huiyang, was reprimanded but did not dare to express any dissatisfaction, lowering his head respectfully.

"Do you think the Grand Marshal and I cannot see the fortune upon him?"

"A defying existence at a First Thunder Tribulation, daring to cross four, he can dare attack a Fifth as well!"

Feng Huiyang kept his head low, silent, and it was unclear what thoughts crossed his mind.

The Venerable said indifferently, "Think of how many died when the current Lord of the Heavenly Realm rose! Those with wit stay away; if you wish to find death yourself, I won't stop you! Now, go, deliver the orders!"

Watching Feng Huiyang's departing back, the Venerable shook his head.

A person's fate is in their own hands.

If Feng Huiyang chooses not to heed advice, and gets involved with matters of Great Fate Bearers, there's no stopping it!

The wrath of heaven may be forgivable, but self-inflicted misfortune cannot live!

After Feng Huiyang conveyed the Venerable's orders to the Heavenly Guards and Enforcement Team, he did not return to his seclusion but went to a secret location.

Taking out a decree paper, he left a few lines of writing on it and then stamped it with a big seal.

A moment later, the paper vanished.

Soon after, a paper filled with writing appeared before him.

"Sea-suppressing Pearl, Yulong Sword? Were magical treasures relied upon to win? This is considered a defying existence? Heh..."

With a clear cold face, Feng Huiyang's eyes were filled with fiery enthusiasm.

Just as he was about to use Divine Sense to drive away via a Thunderbolt, a voice echoed in his ear.

"Feng Guardian, is it about Lin Wudi?"

Following the voice, a figure suddenly appeared.

It was a commanding woman dressed in armor.

"Commander Su!"

Feng Huiyang recognized the woman as one of the four commanders under the Grand Commander of the Heavenly Guards, Su Zhen of the Fifth Thunder Tribulation!

She could only be considered another faction, always following orders from the Grand Commander superficially.

"What, Commander Su is also interested in Lin Wudi?"

Feng Huiyang asked with a frown.

Su Zhen chuckled, "Ku Lou and Jing Zixuan, those two wastes, let Lin Wudi escape from Li Mo Continent, I won't let it slide. Aren't you curious about those two magical treasures Lin Wudi holds?"

"Curious or not, what difference does it make?"

Feng Huiyang didn't want much to do with this woman; her origins were obscure, and her defiance against the Grand Marshal suggested she was no benevolent person.

Su Zhen smiled, "If interested, I'd offer you an additional piece of information, if not, then forget it."

Feng Huiyang was silent for a moment.

A magical treasure capable of allowing a First to defy the Fourth Thunder Tribe is attractive to anyone.

As for the Venerable's talk of a defying existence, he paid it no mind.

Fortune is sought amidst risk!

If even such things can't be braved, what talk is there of a Seventh or Eighth Thunder Tribulation!

"Share the news,"

Feng Huiyang said coldly.

Hearing these words, Su Zhen's smile grew more vibrant.

"I just received information that the Yulong Sword Lin Wudi used to defy the Fourth Thunder Tribulation is actually in the hands of his disciple!"

"Feng Guardian, care to join me in borrowing it for a look?"

Chapter 1093: Heavenly Secrets Concealment Talisman!

"Daoist Xin, if we proceed further, we will reach the borders of the Nanbotuo Continent."

Hui Yao spoke with a hint of unease.

Throughout their journey, they tried their best to avoid such Upper Continents.

Because the Upper Continents are inhabited by entities of five or even six Thunder Tribulations.

Even with the Yulong Sword, they are by no means opponents for them.

However, they cannot avoid the Nanbotuo Continent.

In order to cross the Sea of Heaven to reach the Southern Spirit Divine Continent, they must go to the Nanbotuo Continent.

Hui Yao couldn't ascertain what attitude the Nanbotuo Continent, dominated by rulers of five and six Thunder Tribulations, would have towards them.

Lin Wudi's prestige can suppress the Centurion of four Thunder Tribulations from the Central Continent.

But it cannot suppress the Grand Governors and Enforcement Venerables of the Upper Continents!

If not careful, they would be facing such formidable entities!

Lady Xin Thirteen, however, was unconcerned.

She had no desires after avenging her great enmity; as long as she escorted the Benefactor's disciple to the Southern Spirit Divine Continent, it would suffice.

Failing that, dying together would be no matter.

Just as one worried and the other indifferent, a voice sounded beside them.

"I have something here, instructed by the World Master to be revealed upon entering Nanbotuo Continent."

Mia Qing approached gracefully.

"Daoist Mia Qing."

Hui Yao nodded in greeting.

He had great admiration for this junior only at the peak of Integration.

Mia Qing's Divine Calculation Heavenly Secret Method was the most astonishing technique he had ever seen.

Currently, Mia Qing was just at the Integration Path Boundary, thus her Divine Calculation Heavenly Secret's full potential was yet to be manifested.

Once Mia Qing transcends Thunder Tribulations, her Divine Calculation Celestial Technique will truly reveal its might.

Within Mia Qing's hand was a Jade Box.

Lady Xin Thirteen opened it to find a Jade Talisman inside.

She looked at Mia Qing, puzzled.

Mia Qing explained, "This is a miraculous talisman concealing celestial secrets! The World Master's ability is beyond our imagination."

Seeing Lady Xin Thirteen still puzzled, Mia Qing held the talisman gently in her hand and invoked it with her Divine Sense.

Mia Qing then vanished!

No, she didn't vanish!

Despite Mia Qing standing right before them, Lady Xin Thirteen and Hui Yao seemed not to see her at all!

If not for their memories, they might have thought Mia Qing's appearance was merely their imagination!

"What...what is the principle behind this?"

Hui Yao was shocked.

This wasn't an invisibility talisman; it was an odd sensation, as if they involuntarily ignored Mia Qing.

"Concealing celestial secrets, making all creation ignore your existence!"

Mia Qing explained, but her gaze couldn't hide the awe she felt.

Her Divine Calculation Celestial Technique was still merely divination.

Yet Lin Wudi could already conceal celestial secrets, altering fate!

Such methods surpassed hers by countless measures.

Indeed, Lin Wudi seemed truly omnipotent!

Upon first encountering the Earth Blessed Land inhabitants, she thought their worship of Lin Wudi was blindly fervent.

Now, the longer she interacted with Lin Wudi, her admiration and trust in him grew deeper.

Even thinking Lin Wudi was omnipotent.

"Lin Wudi..."

Hui Yao murmured the name quietly, understanding why his clan uncle trusted him so much.

Lady Xin Thirteen said little, took the talisman, and directly invoked it.

Buzz!

A ripple swept over, and the Imperial Sky Flying Boat was enveloped by a strange energy.

Though seemingly unchanged, it had vanished from the world.

"The Imperial Sky Flying Boat?"

Several figures appeared in the void, searching around in surprise.

After slaying the demon race Hu Yao and the Crimson Beryl Kingdom's Duke of Zhendong, indeed no one dared obstruct them.

Yet some remained persistent, secretly trailing behind.

Now, the Imperial Sky Flying Boat suddenly vanished from everyone's sight.

"Damn it! What Dao Arts could make the Imperial Sky Flying Boat disappear!"

A Thunder Tribulation Ancestor shouted in anger, about to unleash his Tribulation Thunder Thought to vent his fury.

"Hold your hand!"

A companion hurriedly held him back.

"Are you insane! If that Imperial Sky Flying Boat is merely hidden, attacking would be provocation!"

The suggested Tribulation Ancestor's expression froze.

Thinking of accidentally attacking the Imperial Sky Flying Boat only to be killed by the Yulong Sword, a chill rose in his heart.

"Seems they also fear the Nanbotuo Continent's Heavenly Guard Marshal's Mansion!"

"Regardless, we cannot continue tracking. Such actions not only offend but fail to find any trace..."

"It appears there's no choice..."

The various Tribulation-Crossing Ancestors exchanged glances, preparing to leave.

Just then, two bolts of thunder descended from the sky.

Bang! Bang!

Two figures emerged before the five.

"Greetings Commander, Greetings Garrison Commander!"

Upon seeing the newcomers, the five hurriedly paid respect, their backs cold.

These were the Northern Jambu Continent's Heavenly Guardian Commander Ku Lou and Law Enforcement Commanding Officer Jing Zixuan.

Their gazes were icy.

Having chased from Li Mo Continent all the way, yet allowing them to escape to Nanbotuo Continent was a great humiliation.

"Where has Lin Wudi's Imperial Sky Flying Boat gone? Speak!"

Ku Lou's voice was like eternal ice.

The five quickly said, "Their flying boat suddenly vanished, we've been searching all around too!"

Ku Lou and Jing Zixuan exchanged a glance, seeing only anger in each other's eyes.

Not catching up was one thing, but now they had even lost sight of them!

Holding five Thunder Tribulations, unable to keep track of an Imperial Sky Flying Boat—what disgrace!

"Cretins!"

Ku Lou yelled in fury, like thunder exploding.

The five Tribulation-Crossing Ancestors, as if struck by tribulations, each paled, flying back several hundred yards, their bodies marked by Thunderbolt burns.

An overlord's wrath is beyond what they, of one Thunder Tribulation, can endure.

"Inform the Nanbotuo Heavenly Guards to conduct a joint search."

Jing Zixuan remarked.

Ku Lou's face twitched.

If notifying the Nanbotuo Heavenly Guards, both their reputations would be entirely tarnished.

While Ku Lou hesitated to refuse, two lightning streaks flew from a distance.

"Overlord!"

Jing Zixuan instantly gauged the newcomers' strength from their speed.

In an instant, thunder exploded, and two figures appeared.

"Feng Huiyang! Su Zhen! It's actually you two!"

Seeing the arrivals, Jing Zixuan's expression complexed.

Feng Huiyang and Su Zhen held similar but unwelcomed status in the Nanbotuo Heavenly Guards as Jing Zixuan and Ku Lou.

"Ku Lou, you couldn't have been this incompetent, losing track of them, could you?"

Feng Huiyang's face turned unsightly.

He and Su Zhen rushed here upon receiving the news, only to find they hadn't cornered anyone.

Now confronting Ku Lou and the others only worsened things.

"You're equally inept not catching anyone!"

Ku Lou retorted begrudgingly, his heart sinking.

What kind of Divine Skills did Lin Wudi's disciples wield, tricking both parties!

Four Overlords of Five Thunder Tribulations unable to stop an Imperial Sky Flying Boat?

Off to the side, Jing Zixuan suddenly asked, "Why only the two of you? Did the Enforcement Team not mobilize?"

He and Ku Lou split from the main unit to chase the Imperial Sky Flying Boat.

What circumstances led Feng Huiyang and Su Zhen to be equally on their own?

Feng Huiyang and Su Zhen's expressions stiffened.

Neither wished to reveal to Jing Zixuan that they had in fact defied orders from the Grand Governor and Enforcement Team Venerables, acting independently.

None recognized that the Imperial Sky Flying Boat hovered in suspension above them.

Chapter 1094: A Sudden Premonition, Crisis Sensed!

"Four Thunder Tribulation Overlords with five Tribulations, that was close!"

Hui Yao, who had already gone through three Thunder Tribulations, felt as though his back was drenched with sweat.

No matter what, he hadn't expected that just after "vanishing" for a short while, four Overlords would appear one after another!

If they hadn't just shielded themselves from heaven's watch, they would likely have been captured or even killed by now!

No matter how miraculous the Yulong Sword is, it can't possibly kill four Thunder Tribulation Overlords with five Tribulations at once!

Lady Xin Thirteen's delicate body was also trembling slightly.

Too thrilling.

Right over the heads of the four Overlords, watching them scurry around like headless flies.

This feeling was even more thrilling than when she fled from the Great General's Mansion, hunted down.

At that time, the Heavenly Square Queen couldn't mobilize any Overlords!

Thinking about how they gracefully departed from near the four Overlords, Lady Xin Thirteen breathed heavily.

"Let's move, we'll head to Tianhai Wharf, that's the real Shura Field!"

Mia Qing suddenly said to the side.

Upon hearing these words, the excited Hui Yao and Lady Xin Thirteen finally realized they were merely temporarily out of danger.

Sea of Heaven brims with danger, even Thunder Tribulation Overlords with five Tribulations dare not force their way across.

Thus, all Imperial Sky Flying Boats heading to the Southern Spirit Divine Continent would gather at Nanbotuo Continent's Tianhai Wharf.

No matter how they escaped the four Overlords' pursuit now, if the four Overlords block Tianhai Wharf, their troubles won't diminish!

"Hopefully, the World Master has returned by then..."

Mia Qing sighed.

If Lin Wudi doesn't return, their chances of leaving Tianhai Wharf safely are nearly zero!

This Jade Talisman that shields them from heaven's watch can't last forever.

It will expire in five months!

By then, they would truly have no way to the heavens nor path to the earth.

The Imperial Sky Flying Boat slowly activated right under the Overlords' noses, entering the realm of Nanbotuo Continent and heading toward Tianhai Wharf.

Below!

"Let's go to Tianhai Wharf!"

"As long as Lin Wudi and his people are heading to the Southern Spirit Divine Continent, Tianhai Wharf is inevitable."

"Right!"

Ku Lou and Feng Huiyang, after some discussion, also set off toward Tianhai Wharf.

...

East Victorious Divine Continent, Mortal Tavern.

"Dear, do you really have to go back to your parents? Two years away, I truly cannot bear it..."

The old man gazed infatuatedly at his charmingly beautiful wife, somewhat reluctant.

Hu Sanniang stroked the old man's rough chin with ivory fingertips, coquettishly saying, "I can't bear being away from you either, but since our dear darling just left, I must inform the family, you know how much my parents adore darling!"

Upon hearing the words "dear darling," the old man's enamored look morphed into grief.

Recently, the little girl fell into the well and died, leaving him deeply mournful.

Mentioning it now, there was still a dull ache in his heart.

"You're right, go back then, but come back soon, you know I can't live without you..."

"Don't worry, I can't stand being away from you either..."

The old man reluctantly escorted her for dozens of miles before returning mournfully.

The moment the old man's silhouette vanished, two figures abruptly appeared beside Hu Sanniang.

"Third Sister!"

The two bowed in greeting.

"We need to go to Nanbotuo Continent; the death of Ninth Sister and Seventh Sister is likely related to that junior named Lin Wudi! Moreover, the opportunities and secrets in his possession must be claimed by our Fox Clan!"

Hu Sanniang, controlling the Tribulation Thunder Thought, rose into the air, with five dreamy fox tails unexpectedly appearing behind her.

"As you command!"

The two women beside her also soared, each with four fox tails behind them.

One with five Thunder Tribulations, two with four, three Demon Race members heading to the Nanbotuo Continent.

...

East Victorious Divine Continent, at the Names Family.

"We've all seen the news about Ming Zhenyu; Lin Wudi killed several members of our Names Family, and this cannot be easily forgiven!"

Before the ancestral shrine of the Names Family, several old ancestors sat cross-legged, floating above the void.

"We have already dispatched three waves of people, yet it seems we underestimated that junior."

The Names Family members remained silent at these words.

Indeed underestimated.

No one anticipated Lin Wudi's swift rise—killing a Second Thunder Tribulation on Barbarian Continent, half a year later killing a Third Thunder Tribulation at Bei Kuo Sea, and within another half year, he somehow managed to kill a Fourth Tribulation Thunder at Li Mo Continent!

Every six months, a new stage.

But wasn't this stage way too high?

"I'll take a trip myself."

One of the older ancestors of the Names Family said.

Ming Zhenxuan, a five-time Thunder Tribulation practitioner, was the weakest among the seated old ancestors.

Of the six present, all were above six Thunder Tribulations.

Showcasing the strength of the Names Family.

"Alright, Zhenxuan, you handle this then!"

One old ancestor nodded.

Another old ancestor said, "Bring the True Light Shield, Lin Wudi's artifact nurturing skills are exceptionally mysterious, we must be cautious."

The True Light Shield, one of five magical treasures safeguarding the Names Family, possessing immense defensive power, able to ward off a full-force attack from an old ancestor with six Thunder Tribulations!

This underscores the rarity of magical treasures in the Heavenly Realm.

Possessing eighth Thunder Tribulation Overlords, merely one magical treasure to withstand an attack of sixth Thunder Tribulation.

This is why magical treasures in the Heavenly Realm are often considered dispensable.

One key reason behind the Names Family's relentless pursuit of Lin Wudi is the coveting of Lin Wudi's artifact nurturing skills!

Ming Zhenxuan was surprised at the old ancestor proposing this.

For him as a five-time Thunder Tribulation Overlord to intervene alone wasn't enough, yet to carry a magical treasure along too.

This Lin Wudi, how did he earn such high regard from the old ancestors?

"Zhenxuan, be not careless, this youth steps up every six months; since Li Mo Continent, it's been over half a year, we must be vigilant!"

The proposing old ancestor said.

Ming Zhenxuan suddenly felt bitterness in his mouth.

When did stepping up every six months become the norm?

In the Heavenly Realm, even the most exceptional entity during the Transcendence Tribulation Stage would take thousands of years to advance a single realm!

Half a year?

Could Lin Wudi truly kill a five-time Thunder Tribulation practitioner within just six months?

Ming Zhenxuan didn't believe it!

Yet he did not refute, and after paying respects, his thought-form incarnation dissipated.

...

Simultaneously.

Lin Mu was flying with his sword.

He had just entered the realm of Nanbotuo Continent.

Initially entering Nanbotuo Continent, he hadn't felt anything peculiar.

As he flew closer to Tianhai Wharf, the sense of danger intensified within him.

"A surge of intuition, a sense of crisis, it seems that the venture to Tianhai Wharf is far more perilous than I imagined."

Upon realization, Lin Mu altered his form, changing direction to fly toward a lower large city.

Nanbotuo Continent as part of the Upper Continent in the Heavenly Realm has large cities each harboring an entrance to the Heavenly Battlefield.

He intends to enter the Heavenly Battlefield, to undergo the Second Thunder Tribulation.

It's the only way to potentially overcome the crisis at Tianhai Wharf.

Moreover, he plans to utilize the Heavenly Battlefield's resources for preparation ahead of the battle at Tianhai Wharf.

...

Feilin City.

One of the major cities in Nanbotuo Continent.

Due to its proximity of just a few days to Tianhai Wharf, it thrives with frequent comings and goings, bustling with activity.

The Lord of Feilin City is a practitioner of Four Thunder Tribulations.

Simultaneously, he is also the Holy Master of Feilin Holy Lands!

While not considered top-tier Holy Lands within Nanbotuo Continent, it is still formidable enough to guard one territory.

"The Heavenly Realm Guard sends news that the Nanbotuo Continent has sightings of Demon Races, instructing we Holy Masters to remain inside?"

With cold indifference, You Feilin surveyed the information on the letter, sarcastically smirking.

In previous instances of encountering Demon Races, the Heavenly Realm Guard was eager for Holy Masters like them to collectively fight to the death; why this time prohibit going outside?

What's the catch?

Chapter 1095: The Holy Master Is Forbidden to Leave!

"Lord Mayor!"

A city guard rushed in hurriedly, even forgetting the basic courtesies.

You Feilin frowned unhappily and looked at the city guard without speaking.

The city guard was only in the Divinity Transformation Realm, and under the gaze of a Fourth Tribulation Thunder practitioner, his body was almost collapsing.

He finally understood why the guards of the City Lord's Mansion didn't stop him.

It's truly like being close to a tiger when serving a king.

"Speak!"

You Feilin squeezed out a word from between his teeth.

Only then did the pressure on the city guard slowly dissipate.

Disregarding his injuries, the city guard quickly said, "Lord Mayor, someone is causing trouble at the city gate, claiming to be Lin Wudi..."

"Someone actually dares to cause trouble at the city gate?"

Just hearing the first half of the sentence, You Feilin laughed angrily.

Feilin City, as a major city in Nanbotuo Continent, had him, a practitioner of the Fourth Tribulation Thunder, in charge, and someone dared to cause trouble?

Tired of living, perhaps!

Due to the Tianhai Wharf, people of all sorts were present in Nanbotuo Continent.

There were even many demons hidden among them.

But within the territory of Nanbotuo Continent, no one dared to cause trouble, because the Heavenly Guard Enforcement Team was not to be trifled with!

Anyone who dared to cause trouble in the past was directly killed by the Enforcement Team!

It had been many years since anyone had been so reckless.

"Lin Wudi, truly arrogant; in the Heavenly Realm, besides the Lord of the Heavenly Realm, who dares to proclaim invincibility?"

You Feilin's face was full of disdain.

He felt like he had heard the name Lin Wudi somewhere but couldn't quite recall.

Just then, a voice suddenly sounded in the sky.

"Barbarian Continent's Lin Wudi, borrowing Feilin City's Heavenly Battlefield Passage for use!"

The voice echoed in all directions, and everyone in Feilin City heard it clearly.

"Audacious!"

You Feilin was furious.

Daring to shout like this in Feilin City!

This Lin Wudi was really eager for death!

Swish!

You Feilin moved his body and arrived at the city gate!

Along with him, several Third Tribulation Thunder garrison commanders from Feilin City appeared, as well as some Second and Third Tribulation Thunder Elders from Feilin Holy Lands.

In the sky above the city gate, a person stood tall in the void.

Hands clasped behind his back, he gazed distantly at Feilin City, eyes indifferent.

"Arrogant youngling, you..."

Someone was about to start cursing, but was suddenly pulled back by a companion.

The person looked at his companion in confusion.

The companion transmitted a message, "Lin Wudi! He is that Lin Wudi!"

At the same time, upon seeing that figure in white, pure as snow, You Feilin also remembered who this person was.

Lin Wudi!

The wanted criminal who had killed a Fourth Tribulation Thunder Centurion in Li Mo Continent, Lin Wudi!

You Feilin didn't expect Lin Wudi would dare to openly appear in Nanbotuo Continent, and even boldly come to Feilin City!

This guy, isn't he afraid of being captured by the Heavenly Guards?

Just as he thought of this, You Feilin suddenly recalled the order conveyed from the Heavenly Guard.

All Holy Masters and City Lords were not to leave on their own accord!

Previously, he didn't understand the intention of this order; now it seemed, clearly, the Nanbotuo Heavenly Guards didn't want to provoke this Lin Wudi, hence the order forbidding everyone from going out!

"Even the Heavenly Guard Governor's Office, with its Six Tribulation Thunder practitioner, doesn't want to provoke this person?"

Thinking of this possibility, You Feilin felt a bit bitter.

An existence that even Overlord-level powerhouses didn't want to provoke, how could he handle it?

"Holy Master, perhaps it would be best to lend him the passage?"

An Elder from the Holy Lands suddenly transmitted the suggestion.

They belonged to Feilin Holy Lands and had no duty to guard the city, so they didn't care about these issues.

You Feilin gazed around and found that those well-informed commanders also had flickering eyes, none daring to take a strong stand.

A year ago, Lin Wudi had easily killed a Third Tribulation Thunder at Bei Kuo Sea!

Half a year ago, even a Fourth Tribulation Thunder Heavenly Realm Guard Centurion had been killed.

They, as mere Third Tribulation Thunder commanders, were far inferior to the Heavenly Realm Guard; if they really clashed with Lin Wudi, it would be almost like sending themselves to death.

Power is greater than people!

You Feilin suddenly realized he actually had no choice.

Confront Lin Wudi head-on?

Even a Banished Immortal-level Centurion of the Heavenly Guards had been killed; You Feilin, merely a Proud Son of Heaven, was absolutely no match!

"So it's Lord Lin! I've long admired your name, and I apologize for not welcoming you from afar. Please, Lord Lin..."

You Feilin forced a smile and cupped his hands, leading Lin Mu towards the Heavenly Battlefield Passage.

Once the two had departed, the gathered commanders and Elders finally let out long breaths.

"Thought it was just a rumor, didn't expect it to be true! He actually has only undergone one Thunder Tribulation!"

"One Thunder Tribulation challenging four Thunder Tribulations, a feat never seen in the history of the Heavenly Realm!"

"Do you think, he might be heading to use the Heavenly Battlefield Passage here to undergo the Second Thunder Tribulation?"

"Can't be, right? I see the purple aura on him isn't fully dispersed; ascending doesn't seem to have been over fifty years yet, so quickly to the Second Thunder Tribulation?"

"One Thunder Tribulation challenging four Thunder Tribulations, after the Second Thunder Tribulation, who knows how strong he'll be!"

"I sense, if Lin Wudi doesn't die at Tianhai Wharf, there will be chaos in the Heavenly Realm!"

Amidst their fervent discussions, their expressions had not relaxed due to Lin Wudi leaving, but instead grew more grave.

Every supreme talent rising represents bloodshed and disaster.

Back then, the calamity caused by the rise of Daoist Master Yellow Springs resulted in countless deaths and injuries, with vitality not fully restored even now.

Their belief was that they wouldn't encounter such a calamity in their lifetimes.

Yet, surprisingly, here came Lin Wudi.

Whether he would be the next Daoist Master Yellow Springs depended on whether he survived the battle at Tianhai Wharf.

"A place of trouble indeed."

A garrison commander who had undergone the Third Thunder Tribulation suddenly spoke.

By coming to borrow the passage, Lin Wudi had undoubtedly made Feilin City the focus of all eyes.

Once the news spread, those powerhouses gathered at Tianhai Wharf might very well flock to Feilin City!

Realizing this, those commanders aligned with the City Lord turned extremely grim.

The Elders from the Holy Lands glanced at each other, already having the faint intention of temporarily avoiding the headwinds.

This place cannot be stayed in for long!

After the time of one incense stick's burning, You Feilin flew back.

"Notify everyone to evacuate Feilin City immediately!"

You Feilin directly gave the order.

"Lord Mayor, when you say everyone, do you mean..."

A commander cautiously inquired.

The Heavenly Realm had its rules.

If a city's commanders leave without reason, it's dereliction of duty, and they would be taken by the Heavenly Guards to serve in the Heavenly Battlefield!

"All the citizens of the city, evacuate completely! Within five days, no one is allowed to exist within three thousand miles!"

You Feilin's order caused everyone to tremble.

The entire city evacuating—if this order were published and nothing happened, You Feilin's role as City Lord would be over.

It equaled gambling with his future!

Seeing the undiscerning looks from the Holy Lands aligned Elders, You Feilin sighed but offered no additional explanation.

"Execute the order! My words mean three days!"

You Feilin wouldn't reveal to anyone what was said by the Guardian in the Heavenly Battlefield Passage when Lin Wudi passed through.

Upon hearing the Guardian's words then, You Feilin was so shocked he nearly fainted!

He previously dismissed the order from the Nanbotuo Continent Heavenly Guard Marshal's Mansion.

Looking back now, the greatness and wisdom of the Marshal's Mansion were evident.

Individuals like Lin Wudi must not be provoked.

Evade as far as possible!

Unfortunately, Feilin City had bad luck, having been chosen by Lin Wudi as the place to enter the Heavenly Battlefield.

"Hopefully, Feilin City will still exist after this battle."

Chapter 1096: Crossing the Second Heavenly Tribulation

Heavenly Battlefield.

Lin Mu stood with his hands behind his back, gazing into the distance.

This Heavenly Battlefield was extremely far from the Heavenly Battlefield on the Barbarian Continent.

The so-called Heavenly Battlefield on the Barbarian Continent was merely the edge of the battlefield.

Here, however, was already the forefront position of the Heavenly Battlefield.

In this place, there were almost no Demonic Beasts below the Thunder Tribulation.

Even a Demonic Beast of the First Thunder Tribulation was extremely rare.

From a distance, the lowest level was all Second Thunder Tribulation Demonic Beasts.

Though they were not as numerous as the Demonic Beasts on the Heavenly Battlefield of the Barbarian Continent, their strength was definitely formidable.

According to what the Guardian just said, half a month further in, one would enter the true core of the Heavenly Battlefield!

There, even Demonic Beasts of the Sixth and Seventh Tribulation were present!

Of course, there were more powerful figures as well!

However, Lin Mu's purpose this time was not to slay Demonic Beasts, so there was no need to go too deep.

His goal was merely to transcend the Tribulation!

"Fellow Daoist, have you just entered the Heavenly Battlefield? Would you be willing to join our team?"

Not far away, a young man in black clothes ascended into the sky, clearly possessing the cultivation of the Third Thunder Tribulation, with those around him all being of the Second Thunder Tribulation.

Lin Mu cast an indifferent glance at this person but did not speak.

His currently visible cultivation was only that of the First Thunder Tribulation.

This Third Thunder Tribulation lowering himself to this extent was certainly not a good sign.

Choosing a direction, Lin Mu harnessed the Thunderbolt and ascended into the sky.

"Brother Dong, this junior actually dares to be so disrespectful! We might as well..."

Beside the Gentleman in Black, a young man of the Second Thunder Tribulation made a gesture of extermination.

In his view, for someone of the Third Thunder Tribulation to speak to someone of the First Thunder Tribulation, the latter should feel deeply grateful.

That junior actually dared to show Dongli Chi attitude, really ignorant.

The Gentleman in Black, Dongli Chi, did not pay attention to the words of the person beside him but looked at the direction Lin Mu had left with flickering eyes.

"I shouldn't be mistaken, it really is a heavenly blessing!"

"To ascend in less than fifty years and transcend the First Thunder Tribulation, this person should not be a nobody!"

Originally, he intended to deceive a First Thunder Tribulation practitioner to explore a secret place they'd discovered.

Now, he was instead slightly intrigued by Lin Mu.

Ascending in less than fifty years and already transcending a Tribulation, he must have secrets.

Furthermore, he was a World Master comparable to an exiled immortal prodigy!

"Follow him!"

Dongli Chi waved his hand, and a group of eight followed Lin Mu!

Boom!

Bang!

Lin Mu released his Tribulation Thunder Thought, using the Blade of Thought, to slaughter the Second Thunder Tribulation Demonic Beasts.

His Tribulation Thunder Thought was not inferior to the Second Thunder Tribulation.

Moreover, the Demonic Beasts were somewhat clumsy, with single attack methods, so slaughtering them was a breeze, without any difficulty.

Along the way, numerous Demonic Beasts fell at Lin Mu's hands.

"Even a World Master shouldn't be such a monster, right? This person's strength is somewhat excessive?"

From a distance, Dongli Chi followed, seeing the Demonic Beast corpses Lin Mu left behind, his eyes filled with growing astonishment.

In the Heavenly Realm, even those as talented as exiled immortals would have to endure a bitter fight to reverse-strike a Second Thunder Tribulation.

This mysterious white-robed youth, clearly only at the First Thunder Tribulation, slaughtered Second Thunder Tribulation Demonic Beasts as easily as slaying chickens and sheep.

"What secrets do you hold?"

Dongli Chi had now given up even probing the secret place, focusing solely on following Lin Mu.

His guards and friends were utterly perplexed but dared not persuade him otherwise.

Some of the more perceptive noticed something amiss.

The white-robed youth ahead, with only the First Thunder Tribulation cultivation, was slaying Second Thunder Tribulation Demonic Beasts far too easily.

On the first day!

Because he hadn't gone too deep, Lin Mu didn't kill many Demonic Beasts, just a few hundred.

On the second day, and then the third day, as he ventured deeper into the Heavenly Battlefield, the number of Demonic Beasts increased.

Lin Mu's killing speed also became faster and faster.

In two days, the number of Second Thunder Tribulation Demonic Beasts he killed had already reached thousands!

Dongli Chi and his group followed behind, growing more and more shocked by what they saw.

The seven guards and friends at the Second Thunder Tribulation were as silent as puppets.

All of them being at the Second Thunder Tribulation, they needed several people working together to kill the thick-skinned Second Thunder Tribulation Demonic Beasts.

This meant that if the white-robed youth ahead wanted to kill them, it would only take a strike or two.

Even Dongli Chi wore a serious expression.

He was at the Third Thunder Tribulation, but if they were to compete in killing Second Thunder Tribulation Demonic Beasts for speed, he might not be faster than this white-robed youth!

"Young master, he seems to be preparing to transcend the Second Thunder Tribulation. We could act then!"

An elder transmitted with sound.

He, too, noticed the extraordinary nature of the white-robed youth.

Such a World Master, if captured and his secrets extracted, would surely yield great rewards.

Dongli Chi nodded.

That was also his thought.

If the white-robed youth didn't transcend the tribulation, he wouldn't dare easily make a move!

Only when he was transcending the tribulation, a sudden attack would inflict serious injury or even cause death, no matter how strong he was!

Dongli Chi didn't realize that they weren't the only ones tracking Lin Mu.

Lin Mu's speed in slaying Demonic Beasts had already attracted the attention of many others.

This place wasn't far from the core of the Heavenly Battlefield.

It was a gathering of powerful figures.

At this moment, two individuals were observing from not far away.

"That kid at the First Thunder Tribulation is really strange."

"Reverse-striking the Second Thunder Tribulation like cutting vegetables, even for a World Master, that's unusual!"

These two had the strength of the Fourth Thunder Tribulation, formidable figures in the Heavenly Realm.

But in the Heavenly Battlefield, they too had to be extremely cautious.

The two of them exchanged a glance with mutual understanding, choosing to watch.

A monstrous World Master suddenly appearing, moving hastily could lead to unpredictable outcomes.

Better to probe deeper first.

...

Meanwhile, on the edge of the Heavenly Battlefield.

A red-clad woman had a jade pendant at her waist, which vibrated, and she broke into a radiant smile on her fair face.

"Leave the Secret Realm to you all, I'll leave for a bit!"

She abandoned the Secret Realm, which was at hand, turning to leave.

"Rest assured, young lady, no accidents will happen!"

A practitioner of the Third Thunder Tribulation respectfully responded.

The red-clad woman, along with a few guards, continued their flight.

Half a day later, they appeared in a camp of the Heavenly Realm Guard.

"I am Zhen Yueyu, direct descendant of the Zhen Family from the Northern Jambu Continent, here to use the Telepathic Matrix!"

The red-clad woman presented a token.

The camp's garrison commander was a practitioner of the Fourth Thunder Tribulation.

Upon seeing the token, he silently paid his respects and instructed his subordinates to take the red-clad woman to the Telepathic Matrix.

The Zhen Family of the Northern Jambu Continent possessed a Six-Tribulation Overlord and a Five-Tribulation Overlord, incredibly powerful.

Even the Venerable of the Heavenly Guard Enforcement Team, Mo Liu, had to show some respect to the Zhen Family.

This Zhen Yueyu was an elite of her generation in the Zhen Family.

At a young age, she was already at the Second Thunder Tribulation, not far from the Third Thunder Tribulation.

For the aging Zhen Family, she was the most cherished talent for cultivation.

Even if the Garrison Commander was at the Fourth Thunder Tribulation, offending a Five-Tribulation Overlord would not be taken lightly.

She crushed a talisman, blocking the surrounding environment, before opening the Telepathic Matrix.

The Telepathic Matrix could only be used in the Heavenly Battlefield.

And its range couldn't be too far, with very stringent conditions for use.

Only the Heavenly Guard and families with overlords used it infrequently.

"Ancestor!"

Upon connecting the Telepathic Matrix, the other end was revealed to be the Zhen Family's Six-Tribulation Overlord!

"Yueyu? Could it be that person has appeared? It's been less than two years, hasn't it?"

The Zhen Family Overlord's voice was very elderly, seeming filled with exhaustion.

Like an old man in the secular world.

The Zhen Family's Six-Tribulation Overlord was already undergoing The Five Decays of Heaven and Man!

This was the greatest secret of the Zhen Family.

Chapter 1097: Artifact Refining Again!

A Tribulation-Crossing Ancestor, once the Five Decays of Heaven and Man begins, his time is running out.

Back then, Ming Wuxing of the Renowned Swords Holy Land barely clung to life for about ten thousand years before reaching the end of his lifespan!

Even though the Zhen Family Ancestor has undergone Six Tribulations.

After tens of thousands of years of the Five Decays, his lifespan is only a few thousand years.

What's even more severe is that the Zhen Family's Five Tribulation Overlord is only one!

This one Five Tribulation Overlord was severely injured in a Heavenly Battlefield battle eight thousand years ago.

His thoughts were mostly destroyed.

Even now he hasn't recovered.

To say the Zhen Family is in a critical transition period is already a compliment.

Once the Zhen Family Ancestor falls, the decline of the Zhen Family is almost inevitable!

Moreover, over the years, due to the Ancestor's presence, the Zhen Family has wronged quite a few people.

By that time, there will certainly be those who kick them while they're down.

Even if they don't dare to blatantly kill, scheming on the Heavenly Battlefield will be inevitable!

Then, the Zhen Family will have no one to stand out and take charge!

If they retreat to the secondary Central Continent, the Zhen Family members are unwilling.

So now, the Zhen Family is looking for ways to prolong the family's splendor.

Last time on the Heavenly Battlefield, Zhen Yueyu met Lin Mu and felt it was an opportunity.

She thought Lin Mu would appear on the Heavenly Battlefield again in a few thousand years, but unexpectedly, just two years later, Lin Mu appeared again.

Is he undergoing his Second Thunder Tribulation?

If that's true, then Lin Wudi's potential will be limitless!

"I just received information, it is indeed Lin Wudi that appeared! However, the location of his appearance is actually at the Nanbotuo Continent Celestial Battlefield!"

Zhen Yueyu said with puzzlement.

The Barbarian Continent belongs to the Terrifying Continent, Northern Jambu Continent.

The distance to the Nanbotuo Continent would take an Imperial Sky Flying Boat a year to travel.

Why would Lin Wudi rush to Nanbotuo Continent?

The Zhen Family Ancestor was also puzzled, "Let me ask an old friend!"

After speaking, the Telepathic Matrix temporarily closed.

Zhen Yueyu thought the array would reopen in a moment.

Unexpectedly, this wait turned out to be as long as it takes an incense stick to burn.

"Yueyu, you did very well this time! This Lin Wudi is indeed the hope of our Zhen Family!"

The Telepathic Matrix reconnected.

Since the Five Decays of Heaven and Man, the perpetually low and indifferent Zhen Family Ancestor's tone was clearly excited at this moment.

"Ancestor, what news have you received?"

Zhen Yueyu was equally curious.

The Zhen Family Ancestor actually laughed heartily, and after laughing for a long time, he said, "Lin Wudi, a year and a half ago, in the Barbarian Continent, killed a Second Tribulation Powerhouse of the Renowned Swords!"

Bang!

Just one sentence made Zhen Yueyu's mind instantly buzz.

A year and a half ago, wasn't that not long after leaving the Heavenly Battlefield?

Although Lin Wudi then had the strength to instantly kill a First Thunder Tribulation, a Second Tribulation of the Renowned Swords was no weakling!

Even she might not dare to say she could surpass a Renowned Swords' Second Thunder Tribulation!

One must know, the Renowned Swords has an Eight Tribulation Peak Overlord in charge!

The cultivation techniques they practice are the best and most elite in the Heavenly Realm!

Such a strong practitioner being killed by Lin Wudi!

"A year ago, Lin Wudi at the Bei Kuo Sea, killed a Heavenly Realm Guard of the Third Thunder Tribulation!"

"Half a year ago, Lin Wudi in the Li Mo Continent, killed a Heavenly Realm Guard of the Fourth Thunder Tribulation!"

The Zhen Family Ancestor's next two sentences left Zhen Yueyu speechless for a long time.

A First Thunder Tribulation reverse-slaughtering a Fourth Thunder Tribulation?

Has such a thing happened in the Heavenly Realm?

Zhen Yueyu thought she had looked up to Lin Wudi, but unexpectedly had underestimated him!

"Ancestor..."

She didn't know what words to use to describe her current mood.

"Yueyu, this man's future is limitless, he very possibly could be the next Daoist Master Yellow Springs! This time, I will personally visit the Nanbotuo Continent Celestial Battlefield to meet him!"

The Zhen Family Ancestor said solemnly.

The next Daoist Master Yellow Springs!

The Zhen Family Ancestor's evaluation once again surprised Zhen Yueyu greatly.

The person she recommended for the family to focus on might become the next Lord of the Heavenly Realm?

The Zhen Family Ancestor was not speaking idly.

Although Lin Wudi is currently a First Thunder Tribulation, the majesty he displays is already comparable to the Daoist Master Yellow Springs of the past!

If the Zhen Family can invest before he rises, it would be a gamble that might end up dominating the Heavenly Realm!

The few great families that rose with the Daoist Master Yellow Springs are now the most elite families in the Heavenly Realm.

Each family has at least two Eight Tribulation Peak Overlords!

The Zhen Family Ancestor is willing to take a gamble!

If they win, the Zhen Family will be one of the future overlords of the Heavenly Realm.

If they lose, it would only mean premature decline!

Even after ending the conversation, Zhen Yueyu had not come to her senses.

"Next time we meet, your cultivation will surely far surpass mine..."

Zhen Yueyu sighed softly.

She was also a genius.

But compared to Lin Wudi, she blended into the masses.

In just two years, Lin Wudi's strength had already become unattainable!

...

Lin Mu has been on the Heavenly Battlefield for seven days.

The demonic beasts he killed numbered in the tens of thousands.

The Demon Crystals obtained were countless.

But, it's clearly not enough!

Even if these are Second Tribulation Demon Crystals, it's still not enough!

"It seems I still need to refine artifacts and nourish them!"

Lin Mu stopped the slaughter and found a secret place to begin seclusion.

During these seven days, he had obtained quite a few refining materials on the Heavenly Battlefield.

All were weapons left behind by Tribulation-Crossing Ancestors who died on the Heavenly Battlefield.

But in terms of material, they surpass the Dragon Tamer Sword by quite a bit.

However, the artifact refining methods seemed quite crude!

So, he planned to recast these Magic Artifacts and refine a new one!

Moreover, an inspiration struck, and he thought of an unprecedented new artifact refining approach.

The inspiration came from the Tribulation Script Clan's Tribulation Thought Characters.

The Thunder Tribulation Thought is the manifestation of everyone's Divine Soul and Cultivation Technique.

Due to the differences in individual Divine Souls and cultivation methods, everyone's Thunder Tribulation Thought is almost completely unique.

Yet the Tribulation Script Clan can add the same Tribulation Thought Characters into different people's thoughts!

The method used is a unique way of embedding.

The Tribulation Thought Characters aren't integrated with the Thunder Tribulation Thought but are embedded within, much like gold inlaid jade in secular jewelry.

This time, the Magic Artifact Lin Mu wanted to craft was to construct several inlay slots to embed the Nine Tripod Fragments.

Since obtaining the Nine Tripod Fragments, Lin Mu had been pondering a way to unleash their full power.

It's known that the complete Nine Cauldrons can suppress the Immortal Realm!

Yet the fragments of this divine object were shattered by a Nascent Soul-stage Martial Artist from the Qianyuan Empire.

This seemed rather undeserved of its reputation.

Moreover, the current Nine Tripod Fragments can barely defend against or kill a First Thunder Tribulation.

If a Second Thunder Tribulation strikes, it would surely shatter the fragments in one blow!

Therefore, the best solution is to embed the Nine Tripod Fragments in a Magic Artifact.

Then, using a special method, trigger the energy of the Nine Tripod Fragments.

Before merging with the Calamity Scripture, the Heavenly Dao Myriad Laws Record had no knowledge on this.

Now, it has provided Lin Mu with a spark of inspiration.

Bang!

Hundreds of top-tier Magic Artifacts were all shattered by Lin Mu, re-melted!

Outside the secret location.

Dongli Chi and his group appeared.

"Is this kid starting to Transcend a Thunder Tribulation now?"

"Young master, shall we act now, or..."

The guards all sought instruction.

Dongli Chi's eyes couldn't hide the covetous look.

He looked at where Lin Mu was in seclusion and said coldly, "Wait! We will take action when he starts transcending the tribulation!"

"The young master is wise!"

"As expected of the young master, well thought out."

A group of people flattered.

If Zhen Yueyu saw this scene, perhaps she would sigh at how quickly history repeats itself.

Chapter 1098: Nine Cauldrons and Thirteen Stars

Not far from Dongli Chi.

Two Fourth Tribulation Thunder practitioners looked at each other.

"The fools of the Dongli Family, truly idiotic!"

"It's not the aura of transcending tribulation, it seems to be artifact refining?"

"To actually come to the Heavenly Battlefield to refine weapons! This World Master is quite interesting."

The two did not make a move, they wanted to wait and see.

Best to let Dongli Chi, that fool, scout ahead to see if that First Thunder Tribulation junior is accompanied by a Guardian.

Considering the talent exhibited by that First Tribulation junior, having a Fourth Tribulation Guardian wouldn't be surprising.

If there is only one Guardian, they could fight two against one!

If there are two Fourth Tribulation Guardians, they would have to give up.

In such a dangerous place like the Heavenly Battlefield, recklessly engaging with a Fourth Tribulation Thunder, shattering a Tribulation Thunder Thought, the loss outweighs the gain.

The Heavenly Realm Guard won't let you go back to heal simply because your Tribulation Thought shattered!

...

"Is it confirmed to be him?"

"That's right! The purple aura bestowed by the heavens during his ascension hasn't dissipated yet."

"To kill our Blacklist members and still have the courage to appear in the Heavenly Battlefield, is he fearless or ignorant!"

The two conversing wore golden masks.

Within the Blacklist, this signifies Third Tribulation Thunder!

With two golden masked making a move, the junior with only one Tribulation Thunder is undoubtedly doomed.

"Did you sense the aura? There is one Third Tribulation, seven Second Tribulations over there, maybe his Guardians."

"Let's wait! This kid's slaughter of demonic beasts has drawn quite a bit of attention, let the fool go scout first."

As the two spoke, one of them suddenly changed his expression slightly and glanced towards the west.

"Strange, why do I feel a faint sense of crisis?"

Blacklist members live in constant danger, always cautious of the Heavenly Realm Guard's pursuit, hence they're very sensitive to killing intent.

He sensed a faint killing intent from the western position, though not aimed at them, it still felt somewhat dangerous.

"Fourth Tribulation?"

The golden masked felt a chill in his heart and immediately took out a jade talisman, gently crushing it.

The person beside him was startled, "You're inviting the Black Face to move? Then we won't gain any benefits!"

The Black Face is a Fourth Tribulation Thunder practitioner of the Blacklist.

To reach the Fourth Tribulation and still being on the Blacklist, it's obvious they're ruthless types.

With that, even if they killed Lin Wudi, the opportunities gained wouldn't fall to the two of them.

"Don't worry, I summoned the senior who ushered me into the Blacklist, trustworthy."

The other said nothing, yet had an inexplicable sense of unease in his heart.

If Fourth Tribulation is involved, staying here as a Third Tribulation could be unsafe.

As he hesitated whether to retreat, the sky suddenly lit up with a white light!

"Phenomenon!"

The two Blacklist assassins looked in surprise at Lin Wudi's seclusion location.

Above the secret ground, white lights flickered, and a mysterious ancient divine beast roared into the sky.

"Extinction Beast! The legendary Desolate Beast that commands life and death!"

"Refining weapons actually resulted in a phenomenon, is he crafting magical treasures?"

The two exchanged glances, and their hearts grew hotter.

Though Heavenly magical treasures are rare and considered worthless.

That's relative to Sovereigns beyond Five Tribulations.

For those of them in the Three to Four Tribulations, magical treasures are invaluable.

...

Dongli Chi also saw the phenomenon ahead, cursing resentfully in his heart.

He wasn't transcending tribulation but refining weapons!

"To come to the Heavenly Battlefield to craft magical treasures, is this person mad!"

Dongli Chi cursed.

In the Heavenly Battlefield, danger lurks everywhere, with both demonic beasts and the treacherous Tribulation-Crossing Ancestors.

Few would refine magical treasures in the Heavenly Battlefield.

"Could it be he's using Demon Crystals to refine weapons?"

Typically, Demon Crystals are almost useless to the Heavenly Tribulation Ancestors.

After killing a demonic beast and obtaining Demon Crystals, they trade with the Heavenly Realm Guard for cultivation resources.

Lin Mu hadn't gone to trade with the Heavenly Realm Guard but was hiding here to refine weapons.

So Dongli Chi had such a notion.

"This scoundrel! Wasting your valuable time, my lord!"

A guard next to him angrily cursed with righteous indignation.

Hearing this, Dongli Chi became even more displeased, snorted coldly: "What do you know, he's refining weapons for this lord! Once he dies, they all belong to this lord!"

Thinking of acquiring a magical treasure, Dongli Chi felt quite pleased.

Boom!

As everyone watched, the sky's phenomenon reoccurred.

This time, a deity's phantom shimmered with white light.

Everyone was speechless.

This person, could he be intending to craft multiple magical treasures?

Then they would be in for a wait!

The two Fourth Tribulation lurkers also looked at each other.

"Why does he craft so many magical treasures?"

"Could it be just practicing?"

Heavenly magical treasures are rare, referring to the magical treasures refined and then completed through Tribulation Thunder Thought.

Without refining them, mere "magical treasures" effective only below Thunder Tribulations litter the Heavenly Realm.

Boom!

Amidst everyone's discussions, the phenomenon rose again.

Boom!

Boom!

In everyone's astonished gazes, the phenomenon appeared six times in total!

With six different colors and six different phenomena.

Initially, they were slightly amazed.

Towards the end, everyone was utterly speechless.

It felt like this white-robed youth was purely bored, crafting weapons as a pastime.

Crafting so many magical treasures, they couldn't possibly be nurtured!

Let alone many, even a single magical treasure, no one below First Tribulation could maintain.

Heavenly magical treasures are usually maintained by those approaching The Five Decays of Heaven and Man post-Four Tribulation!

"Crazy!"

Many silently muttered this.

Within the secret ground.

Lin Mu gently caressed the long blade, tenderly as if stroking a lover's hair.

It's complete!

He utilized the guidance of the Heavenly Dao Myriad Laws Record, employing the inlaying technique of the Calamity Script Clan to complete this masterful creation.

This was an elegant treasured blade.

The reason for crafting it as a blade instead of a sword.

Was primarily because the Nine Tripod Fragments' attacks are broad and swift, inconsistent with a sword's intent.

Rather, a blade's unblockable intent better fits the Nine Tripod Fragments.

On the slender blade, there are thirteen slots resembling stars.

The front six slots house six Nine Tripod Fragments.

The Calamity Script Clan's inlay method is indeed mysterious.

The long blade refined using this method can perfectly utilize the power of the Nine Tripod Fragments.

Additionally, it stabilizes the Nine Tripod Fragments further.

At least, before the long blade shatters, the Nine Tripod Fragments won't be forcibly separated.

Lin Mu faintly felt that if he fully activated all six star-like Nine Tripod Fragments, the power would be beyond imagination!

All along, due to being unable to merge the Nine Tripod Fragments, he only roughly used a fraction of their emitted capability.

Now with this long blade, he could gather and merge the scattered energy into the blade.

The longer the blade is nurtured, the stronger its strike!

To test its true power requires confronting an enemy.

"With the Nine Tripod Fragments, forming thirteen star-like formations, let's name you Nine Cauldrons Thirteen Stars!"

Lin Mu casually named the refined magical treasure long blade.

The treasured blade emitted a crisp sound, as if delighted to have been named.

"Gather!"

Storing the Nine Cauldrons Thirteen Stars blade into the Sea of Consciousness, Lin Mu soared into the sky.

Today, he intends to massacre the Heavenly Battlefield!

Chapter 1099: Can Only Be a Friend, Not an Enemy!

Nanbotuo Continent, Feilin City.

You Feilin looked indifferently at the person in front of him.

"Holy Master You, you allowed a wanted criminal to enter the Heavenly Battlefield through Feilin City, explain yourself!"

Standing before You Feilin was Deng Xian, the Centurion of the Heavenly Realm Guard of Feilin City.

At this moment, his face was full of a playful smile, deliberately emphasizing the words "Holy Master."

In the system of the Heavenly Realm's hierarchy.

The Heavenly Realm Guard naturally ranks first.

The second, then, is the master of a continent like Northern Jambu Continent, Nanbotuo Continent, and the city lords.

These continent masters and city lords are actually creations of the four great clan masters of the Heavenly Realm.

The four great clan masters, although they started with the Daoist Master Yellow Springs.

Are considered staunch allies of the Daoist Master Yellow Springs.

But after the Heavenly Realm was established, in the eyes of the Heavenly Realm Guard, these clan masters became a bit of an eyesore.

Relying on their close relationship with the Lord of the Heavenly Realm, they not only disregarded the Heavenly Realm Guard.

But also set up extra power structures like continent masters and city lords in the Four Great Divine Continents and Eight Great Upper Continents, hindering the Heavenly Realm Guard.

Thus, the Heavenly Realm Guard faction and the city lords and continent masters have always been at odds.

However, out of respect for the four great clan masters, they have not clashed directly.

This time, You Feilin made a major mistake, and being part of the Heavenly Realm Guard, Deng Xian naturally would not let it slide.

However, he did not anticipate that his tough stance would be met with an even tougher response from You Feilin.

"The Heavenly Realm Guard and the clan factions do not govern each other; you are merely a Centurion, what right do you have to question the affairs of my city lord? Begone!"

You Feilin hardly left Deng Xian any face at all.

Deng Xian's expression turned livid, and he shouted angrily, "You Feilin, how dare you!"

You Feilin's gaze was icy as he sneered, "What, do you dare to take action against me?"

Deng Xian was almost exploding with anger, yet he didn't dare act.

Because if he were to make the first move, it would break the fragile peace between the Heavenly Realm Guard and the clan factions.

Even if You Feilin were judged guilty afterward, he would also face consequences.

At this moment, a voice sounded in their ears.

"He doesn't dare, but I do!"

With the voice, a large hand struck out of thin air.

Being at the Fourth Heavenly Tribulation, You Feilin didn't even have a chance to evade before being slapped away!

Bang!

You Feilin crashed through the walls of the City Lord's Mansion, almost demolishing half of it!

Four figures appeared above the City Lord's Mansion.

The one who had struck was Feng Huiyang, the Heavenly Guardian Commander of the Nanbotuo Continent.

"Useless!"

Feng Huiyang shot a cold glance at Deng Xian.

Deng Xian bowed and saluted, his face showing shock.

He not only recognized Feng Huiyang's identity but also recognized the woman beside Feng Huiyang was the Law Enforcement Commanding Officer, Su Zhen!

Whenever the Enforcement Team appeared, a storm of blood followed.

Even within the Heavenly Realm Guard, the Enforcement Team was a terrifying existence feared by all.

"Feng Huiyang!"

You Feilin flew back into the air, his eyes venomous.

So what if he's at a higher realm!

Belonging to different systems, Feng Huiyang is far too overbearing!

There wasn't a single ripple in Feng Huiyang's eyes, and he said indifferently, "You Feilin, this isn't a factional dispute this time, it's a major event in the Heavenly Realm!"

"Let me introduce the identities of these two individuals, if you still feel like causing a scene, be my guest!"

With that, Feng Huiyang pointed to the two people beside him and said, "This is Ku Lou, the Heavenly Guardian Commander of the Northern Jambu Continent! And this is Jing Zixuan, the Commanding Officer of the Northern Jambu Continent Law Enforcement Team!"

Upon hearing these names, You Feilin's pupils constricted suddenly, and his eyes were filled with stunned disbelief.

What great event could have mobilized the Heavenly Realm Guard and the Enforcement Team from two major Upper Continents?

Could it be...

You Feilin thought of an unimaginable possibility.

The figure of a young man in white appeared in his mind.

If that's true, it's truly terrifying!

"Feng Huiyang, I will remember this slap! Go ahead with your questions!"

You Feilin deliberately wiped his lips, removing the bloodstain from his mouth corner.

Jing Zixuan frowned slightly, feeling this City Lord of Nanbotuo Continent was somewhat difficult to deal with.

The movement You Feilin made with the memory pearl couldn't escape these figures who have survived five tribulations.

Feng Huiyang's gaze also changed.

With the memory pearl, there were many things he couldn't easily voice.

"You've had contact with Lin Wudi, tell us about him! What's his actual capability? What magical treasures does he carry? What conversations have you had with him?"

Feng Huiyang felt a great sense of frustration inside.

All four of the five-time tribulation overlords chased Lin Wudi's sect disciples, only to lose them.

As a result, just after squatting at Tianhai Wharf for several days, news came that Lin Wudi had entered the Heavenly Battlefield from Feilin City!

The four overlords had surrounded and intercepted, yet Lin Wudi went to the Heavenly Battlefield openly, what an insult!

If not for this, he wouldn't have recklessly attacked a city lord from the clan faction!

With the three forces in the Heavenly Realm not governing each other, disputes were common.

If they truly provoked the clan faction, it wouldn't end well for him.

Although he belonged to the Heavenly Realm Guard, he was a spokesperson for the traditional powers of the Heavenly Realm.

If he angered the clan faction, he might end up being attacked by both the Heavenly Realm Guard and the clan faction!

You Feilin said with a peculiar expression, "He only possesses a cultivation level of a single heavenly tribulation! Could it be you've been investigating for so long and still aren't clear about his cultivation level?"

Feng Huiyang's face darkened a bit, yet he didn't refute.

He indeed found the rumors in the intelligence hard to believe.

No matter how powerful a magical treasure is, a single tribulation wouldn't be able to challenge a fourth tribulation, that's too exaggerated.

Not to mention, the pressure exerted by a fourth tribulation, commanding a world in a thought, would freeze a single tribulation, leaving them unable to move even a finger.

Where's the chance to use magical treasures?

"It really is just one tribulation."

Ku Lou and Jing Zixuan were also somewhat surprised.

A single tribulation defying a fourth tribulation, the matter was too miraculous, and they were somewhat skeptical.

If true, they might need to reevaluate Lin Wudi's power.

"Regarding what magical artifact he carries, we aren't acquainted, why would he display it to me."

You Feilin said mockingly.

Feng Huiyang snorted coldly.

Just when the four thought You Feilin was done speaking, they heard an unbelievable piece of news.

"However, the passage guardian once said, Lin Wudi has a fifth tribulation thought in his sea of consciousness!"

"Impossible!"

The four almost spoke in unison.

In their eyes, this was even more unbelievable than Lin Wudi's single tribulation defying a fourth tribulation.

A fifth tribulation thought, how powerful it is!

Not to mention Lin Wudi is merely at a single tribulation, even a second, third tribulation would have their sea of consciousness crushed by a fifth tribulation thought!

You Feilin didn't continue answering the four's questions.

If the two major Upper Continents hadn't acted jointly, and these four were definitely heading towards the Heavenly Battlefield passage, he wouldn't have even mentioned this information.

Offending such an extraordinary existence like Lin Wudi is no joke!

A single tribulation, yet able to suppress and refine a fifth tribulation thought.

Such terrifying matters made You Feilin long resolve to not confront Lin Wudi.

Such an extraordinary existence can only be befriended, not opposed!

Can only be a friend, not a foe!

Look at the rise of the Daoist Master Yellow Springs; those great families and holy lands he destroyed serve as a reminder.

To make enemies with a Great Fate Bearer is purely self-destructive.

The faces of Feng Huiyang and the others visibly darkened.

"Commander Feng, you and I shall head to the Heavenly Battlefield, Commander Su will take control of Feilin City, while Commander Ku returns to Tianhai Wharf."

After a moment of reflection, Jing Zixuan directly assigned directions for the four of them.

Chapter 1100: To Kill or Not to Kill?

The Heavenly Battlefield, with its myriad pathways.

Entering from Feilin City does not guarantee an exit from the same place, so the four had to act separately.

From Jing Zixuan's division of forces, it was evident that he did not truly regard Lin Wudi's strength seriously.

He still thought that a single overlord could easily capture him!

And Ku Lou was the strongest among the four.

With him guarding Tianhai Wharf, it was foolproof.

Even if Lin Wudi exited from another entrance, he would still have to head toward Southern Spirit Divine Continent via Tianhai Wharf.

Though it's unclear what obsession Lin Wudi had with Southern Spirit Divine Continent.

But seeing him persist against the encirclement of the Heavenly Realm Guard to arrive all this way, it was clear his determination was unparalleled and he would not give up.

Feng Huiyang glanced at Jing Zixuan and said lightly, "No need to guard Feilin City, let Su Zhen also head to Tianhai Wharf."

What a joke.

He didn't want to toil hard just to let others gain the benefits.

If Ku Lou were to guard Tianhai Wharf alone, he'd surely leave immediately after capturing Lin Wudi.

Such an opportunity would never be shared with others.

Jing Zixuan chuckled, saying no more.

The four acted separately, with two heading for the Heavenly Battlefield Passage and two heading for Tianhai Wharf.

You Feilin watched their retreating figures, a sneer on his face.

Ku Lou and Jing Zixuan might have been dispatched by Northern Jambu Continent, but Feng Huiyang and Su Zhen definitely acted on their own!

The orders from the Great Marshal and the Venerable were clear, and all Heavenly Realm Guards and Enforcement Teams were under the restraining order!

These two, for the sake of opportunity, didn't hesitate to defy the Great Marshal and the Venerable, truly blinded by greed!

Even those like the Great Marshal and the Venerable, the Six-Tribulation Overlords, dared not meddle in the affairs of the Great Fate Bearer.

Yet these two Five-Tribulation Overlords dared to intervene.

Self-inflicted calamity, they cannot survive!

Deng Xian was surprised to learn that Lin Wudi's Sea of Consciousness suppressed a Five Tribulation Thunder Thought.

He vaguely understood why You Feilin decided to guide Lin Wudi.

"City Lord You, I apologize for any offense earlier when I didn't understand the situation, please forgive me!"

Deng Xian bowed and even made a salutation to You Feilin.

You Feilin snorted coldly and flew away into the air.

This Centurion was far more perceptive than those four fools!

He was keen to see whether those four would seize the great opportunity or would Lin Wudi overturn the situation and seize a slim chance of survival.

If Lin Wudi could survive even this, he must indeed be the Child of Destiny, the protagonist of the world.

At that time, his attitude toward Lin Wudi might change again.

"Master of the Clan..."

You Feilin decided to inform the Clan Master of this news.

He believed the Clan Master would be glad to hear of a troublemaker's emergence.

On the surface, the power of the clans seemed closely allied with the Lord of the Heavenly Realm, but You Feilin knew the truth was far more brutal than common people could see.

Originally, there were six great clans when the Heavenly Realm was consolidated.

Now, only four remain!

The other two disappeared without explanation!

You Feilin didn't believe there was no trace of the Lord of the Heavenly Realm behind this incident!

"Let's hope the Song Clan isn't the third clan to vanish!"

You Feilin sighed.

...

Whoosh!

Shortly after You Feilin left, a figure suddenly appeared.

"In Lin Wudi's Sea of Consciousness, there's actually a hidden Five Tribulation Thunder Thought?"

"If that's the case, his Sea of Consciousness's strength is comparable to the Fourth Tribulation!"

"The Clan Elder had foresight in sending me with magical treasures! Lin Wudi cannot be measured by common sense!"

The newcomer was none other than Ming Zhenxuan.

Originally, he thought it would be a straightforward task, but unexpectedly, there were so many changes.

The difficulty of capturing Lin Wudi had increased several times, and even after capturing him, leaving safely became a challenge.

Ku Lou and Su Zhen were no easy opponents.

These two had quite a reputation on the Heavenly Battlefield in the past.

Their true strength might not be below that of Ming Zhenxuan.

"Lin Wudi, I want to see how many more people you can attract!"

Ming Zhenxuan's figure flickered and vanished.

Below.

At the gate of Feilin City.

A charming voice shouted, laced with curses.

"What are you looking at, you bastard, haven't seen a woman before? What's wrong, did your mom not feed you enough as a child? Do you believe I won't gouge out your eyes?!"

The city gate resounded with laughter.

The guard of the Integration Path Boundary being scolded, turned red, stepping aside to allow entry.

The stunning woman who cursed him gave a scornful glance at his crotch, disdainfully saying, "Even if I let you, would you dare?!"

The surrounding onlookers laughed again.

The guard, dignified in his Integration Path Boundary, felt too humiliated to face anyone.

Under the watchful eyes of the crowd, he couldn't even get angry, and had to hunch his shoulders, pretending not to hear anything.

"Big Sis, weren't those overlords just saying Lin Wudi would go to Tianhai Wharf? Why are we entering the city?"

The gorgeous woman was none other than the demon fox Hu Sanniang.

She spat disdainfully and mocked, "Those fools, what do they know about a genius's mind!"

Seeing her two sisters still puzzled, Hu Sanniang snorted coldly, "If Lin Wudi were ordinary, a mediocrity, perhaps he would choose another Heavenly Battlefield passage to leave!"

"But Lin Wudi is a peerless genius! He's the one who countered the Fourth Tribulation Thunder, marching on despite being hunted by the Heavenly Realm Guard, heading towards the Southern Spirit Divine Continent with defiance!"

"Would such a person hide?"

"If I were Lin Wudi, I'd break out from Feilin City directly!"

Her two demon race sisters, upon hearing this "nonsense", found themselves unable to refute it.

The feats Lin Wudi had achieved along his path were indeed as unbelievable as Hu Sanniang described, as if he never considered the Heavenly Realm Guard a threat!

Nanbotuo Continent has a Six-Tribulation Overlord.

Southern Spirit Divine Continent even has an Eight Tribulation Peak Overlord!

Going to these two continents was akin to courting death.

But he persistently forged ahead!

Analyzing the current situation, Lin Wudi might truly break out from Feilin City!

"Could he... be a match for an overlord?"

A demon race member asked.

One Tribulation, overlord!

Under normal circumstances, she would never ask such a foolish question.

But Lin Wudi seemed capable of creating miracles every time.

Hu Sanniang did not answer her sister's question but gave her a mysterious look.

A moment later, her eyes returned to normal.

"There's no scent of a magical treasure! Could the rumors be true, did Lin Wudi really give the Yulong Sword to his sect disciple?"

This was a special ability of the demon fox clan.

Even if a magical treasure was hidden in the Sea of Consciousness, she could still detect its presence.

She had doubted the rumor before, but now with its confirmation, it left Hu Sanniang hesitating.

If he dared to give away a magical treasure capable of killing the Fourth Tribulation Heavenly Realm Guard Centurion, doesn't that mean he possesses even stronger treasures?

"You two stay out of the city, head to Tianhai Wharf immediately."

Hu Sanniang suddenly instructed.

Having traveled all the way from East Victorious Divine Continent, information was getting confirmed piece by piece.

Now she no longer dared let her two sisters, who only survived Four Tribulations, encounter Lin Wudi.

If anything went wrong, they'd be killed!

Lin Wudi's strength was far greater than imagined!

The two demons exchanged glances, nodded silently, and then departed.

In their minds, they pondered the implications of such a genius appearing in the Heavenly Realm for the Demon Realm.

"To kill you, or not to kill you..."

Hu Sanniang licked her lips, softly murmuring.
