

## **War God 1101**

Chapter 1101: Heaven Reversing Style!

"Not transcending tribulation, coming out?"

Seeing the Secret Realm reopened, Dongli Chi's face darkened.

He waited with his men for several days, but that kid in white not only didn't start transcending tribulation, he was actually coming out.

"Damn it! Let's go!"

Dongli Chi was not foolish.

The combat prowess displayed by the boy in white earlier made him very apprehensive.

If he didn't seize the opportunity to ambush during tribulation, he wasn't confident he'd win completely!

"Young Master, are we just giving up?"

"Letting this brat off too easy!"

Several guards and friends felt somewhat indignant.

They were prepared to murder and seize magical treasures, but it ended so imprudently!

A venomous glint flashed in Dongli Chi's eyes as he gritted his teeth, "Daring to toy with me, Dongli Chi, I'll make sure he dies with no burial place!"

Having said this, Dongli Chi rose into the air and flew into the distance.

Upon seeing the direction Dongli Chi flew, some guards instantly understood.

"Leading demonic beasts!"

"Right! Lead the demonic beasts over and trap that brat!"

Slaying Second Thunder Tribulation demonic beasts is easy, but what about Third Tribulation?

Third Tribulation demonic beasts have tough skin and thick flesh, even for Tribulation-Crossing Ancestors of the same tribulation, they're difficult to deal with.

It can't be believed a junior in First Thunder Tribulation can kill a Third Tribulation demonic beast!

Several people exchanged glances, caught up with Dongli Chi, and began attracting demonic beasts.

...

"Really coming out?"

From afar.

Two Black List Gold Masks had somewhat complicated expressions.

That kid in white came out too soon.

Normally, Tribulation-Crossing Ancestors retreat even for artifact refining, needing several decades, even centuries.

This kid, actually came out in just a few days!

The Black Mask they invited hasn't even arrived yet!

"What to do?"

"Follow him! See what this kid intends to do! Also, Dongli Chi, that fool, seems to want to plot against this kid, perfect chance to see this kid's true strength!"

Two Black List Gold Masks, one in front and one behind, followed Dongli Chi.

...

"Black List? Looks like this kid's identity isn't simple, actually alarming two Black List Gold Masks!"

"Dongli Family, Black List, this kid may not be strong, but he's inciting quite a few powers!"

"Not just these, there are still over a dozen lurking over there, all are Second Thunder Tribulation!"

Two Fourth Thunder Tribulation experts discussed with complex emotions.

Back when they were still in First Thunder Tribulation, encountering a Second Thunder Tribulation used to make them anxious for a long time.

This kid is good, in First Thunder Tribulation, inciting a group of Second, Third Thunder Tribulations!

And this kid, unbelievably still has the mindset for artifact refining!

But regardless of the level of magical treasures being refined, nurturing also requires prolonged time.

Thinking last-minute efforts could be useful?

Whoosh!

Lin Mu's figure flew out from the Secret Realm.

Just as he appeared, he heard a beast's roar!

Awoo!

A Third Thunder Tribulation demonic beast with blood-red eyes charged over here.

Where it passed, the earth and mountains collapsed.

The beast, hundreds of feet tall, seemed like a giant mountain, terrifying and hideous.

Even before approaching, its terrifying aura was already pressing down, causing the surrounding Spiritual Energy to crackle.

Tweet!

That wasn't all!

High up, a Third Thunder Tribulation large bird also flapped its wings, flying down.

Demonic beasts are different from human Tribulation-Crossing Ancestors.

Demonic beasts transcend tribulation without truly having tribulation thoughts, what they produce through tribulation are Demon Crystals!

The Demon Crystals are their life core, similar to the human Tribulation Thunder Thought.

Demon Crystals are tribulation thoughts, tribulation thoughts are Demon Crystals!

They, forming into demonic beast shapes with Demon Crystals, attack.

Hence, the earth belongs to the earth, and the sky belongs to the sky!

These winged demonic beasts are extremely difficult to deal with.

Because they are more flexible, more rapid.

With their indestructible physiques, even seven or eight Tribulation-Crossing Ancestors wouldn't necessarily be a match for demonic beasts of the same stage!

With two demonic beasts besieging him, Lin Wudi seemed to instantly fall into peril.

Not far away.

Dongli Chi snickered malevolently.

He truly wanted to see how this embarrassing brat would escape!

Three Thunder Tribulation demonic beasts aren't so easily slain!

At the same time, many people focused their attention here.

Lone talents like Lin Mu, with exceptional aptitude on the Heavenly Battlefield, easily became targets.

Compared to the Heavenly Realm, the Heavenly Battlefield is much harsher!

Countless talented individuals have died from being set up.

In many eyes, today Lin Wudi would be no different.

Lin Mu flicked his fingers, and the Nine Cauldrons Thirteen Stars Longsword rang out.

Zheng!

A soft humming, like a dragon's roar.

Those two Third Tribulation bodies shuddered, seeming somewhat bemused.

But in a flash, they returned to ferocity and slaughter!

Awoo!

The demonic beast roared, and a massive beast's shadow charged at Lin Mu.

Its sharp claws and teeth gleamed with a chilling light.

All around, the void wavered due to the beast's presence.

It's as if an ancient Ferocious Beast descended upon the world!

A terrifying murderous will surged forward.

"Since you seek death! Today, I'll use your blood to announce the emergence of Nine Cauldrons Thirteen Stars!"

Lin Mu's finger pointed, and the longsword in his hand issued a sharp hum.

The next moment, three points of starry brilliance lit up on the blade, and a ribbon-like blade light slashed towards the murderous will!

"What kind of attack is this?"

All the spectators revealed surprised expressions.

At the Tribulation Realm, attack methods are typically either the unity of all paths or the Blade of Thought.

But Lin Mu's attack wasn't either!

It was entirely the energy attack of a magical treasure!

Using magical treasurers to counter the Beast of Robbery Thought?

Everyone found it incredible and unbelievable!

Boom!

The three-colored light blade collided violently with the Beast of Robbery Thought.

The terrifying energy surge swept all around.

The already desolate and barren Heavenly Battlefield was once more baptized.

The fearful energy impact changed everyone's colors!

"No weaker than a full-power strike of Third Thunder Tribulation!"

The two Black List Gold Masks immediately concluded.

The power of the magical treasure is formidable, yet still within controllable limits!

"Damn it! He actually has such a magical treasure!"

Dongli Chi's expression was gloomy.

Wanting to see Lin Mu killed by demonic beasts, so he could scavenge the corpse.

Unexpectedly, with magical treasures he could be evenly matched with Third Thunder Tribulation demonic beasts.

Several guards looked somewhat pale.

They were only Second Thunder Tribulations.

To lure those Third Thunder Tribulation demonic beasts, they had already risked their lives, nearly getting killed by the beasts.

Now this boy in white can actually battle the demonic beasts on equal footing.

Suddenly, provoking such a strong individual seemed unwise!

"Did you understand?"

Among the Fourth Thunder Tribulation experts, the person in blue asked.

The person in green looked solemn and said, "Not cultivated using the Artifact Nurturing Method of Thunder Thought! Somewhat unclear! But the power is indeed strong!"

As Fourth Thunder Tribulation experts, their vision is much higher than Gold Masks and Dongli Chi.

Not using tribulation thoughts as the core, yet can withstand Third Thunder Tribulation demonic beasts.

Such strange treasures were enough to tempt them!

Bam!

The Beast of Robbery Thought was directly sliced apart by the blade light!

The blade light unobstructed, cutting through the skies, slashing at the beast flying in the sky!

Tweet!

The beast in the sky shrieked, its speed increased sharply, unexpectedly dodging the blade light, like an arrow off the string, charging towards Lin Mu!

With the terrifying physical strength of the beast, if it crashes, even Fourth Thunder Tribulation would be heavily injured!

A cold glint flickered in Lin Mu's eyes, his finger turned gently.

"Heaven Reversing Style!"

Chapter 1102: Slash!

"Kill!"

Almost at the moment when the flying monster launched an attack on Lin Mu, Dongli Chi made his move!

Lin Mu engaged with the three tribulation demonic beast using his magical treasures, trading blows back and forth.

This gave him a bad premonition!

The demonic beast did have tough skin and thick flesh, but it also lacked variability.

If he continued to drag out the fight, Lin Wudi might win!

He chose to act at this moment to form a combined attack with the demonic beast!

Boom!

A loud bang.

A battle hammer appeared in the void, the famous technique of the Dongli Family!

More than four thousand tribulation thunder thoughts formed two battle hammers, smashing toward Lin Mu in a triangular formation.

Even a lion uses full strength to catch a rabbit!

Dongli Chi, a third tribulation, actually used almost all his tribulation thunder thoughts!

The seven second tribulations around him also attacked simultaneously!

More than ten Tribulation Thought Blades, like a violent storm, tore through the void, slaughtering the enemy!

One third tribulation, seven second tribulations!

Eight people attacked with a momentum that shook heaven and earth.

Even surpassing the ferocity of the two demonic beasts' attacks!

Heaven and earth changed color, and the wind and clouds reversed.

The terrifying killing intent almost froze the surrounding environment!

The lurking first tribulation Thunder Tribulation Ancestors' faces changed drastically, retreating one after another.

This was indeed not something they could get involved with!

Even the second tribulations turned pale upon seeing this scene.

Third tribulations were indeed powerful.

The two battle hammers wrapped in endless lightning.

Just like a thunderbolt from heaven!

If ordinary second tribulations faced the lightning of the third tribulation thoughts, it would shatter their tribulation thoughts!

"The Dongli Family's secret technique, truly impressive!"

The person in blue exclaimed in admiration.

Though he and the person in green clothes were both fourth tribulations, they were the strongest in their respective families.

Compared to the Dongli Family, they were actually quite behind.

This was vividly displayed in their cultivation techniques!

The Dongli Family's cultivation technique could gather a Tribulation Thought Blade composed of two thousand tribulation thunder thoughts.

But their cultivation technique could only gather a little over a thousand tribulation thunder thoughts!

Unless they crushed the realm barrier, otherwise they could never compete with the noble clan experts of the same realm!

In the same realm, heirs of noble clans and ancient holy lands could easily defeat them!

But the two golden face experts from the Black List showed no change.

As experts on the Black List, their cultivation techniques were no lesser than the Dongli Family's!

At the moment Dongli Chi made his move, Lin Mu's Heaven Reversing Style unleashed its power!

Swish!

A subtle whistle pierced through the void!

The slash that had missed its target reversed direction, cleaving the back of the flying monster!

Bang!

The flying monster's defense was directly torn apart by the Nine Cauldron Power!

Screech!

The flying monster let out a piercing scream, trying to evade, but it was too late!

Slash!

The blade light sliced through, cutting the flying monster in half.

The massive body, like a fallen mountain, plummeted from the sky!

Lin Mu waved his hand, and the demon crystals landed in his palm.

Simultaneously, the Nine Cauldrons Thirteen Stars blade light flashed, slashing toward another three tribulation demonic beast!

Roar!

The death of its kin provoked an angry roar from the demonic beast.

The next moment, a faint red light emanated from the demonic beast, and its body swelled once more!

Previously just a mountain, now it became a giant mountain that spanned and blocked the sky and earth!

"Burning demon crystals? Then you're of no use!"

The cold glimmer in Lin Mu's eyes flashed as he attacked again.

This time, instead of slashing at the demonic beast, he swung his blade toward the incoming tribulation thunder thoughts from Dongli Chi and others!

Clang!

The blade light spanned the heavens!

The massive blade light seemed to pierce through galaxies.

As if capable of splitting the sky into two!

Three colors flickered, the dazzling light shone across the sky, turning it into three hues.

This piece of heaven and earth was changed by this slash!

Boom boom boom!

The Tribulation Thought Blades continuously crashed against the blade light.

Bam!

Dongli Chi's two battle hammers were directly shattered, the tribulation thunder thoughts covered in cracks!

The other seven second tribulations were out of luck!

Their tribulation thunder thoughts were nearly completely shattered.

Some shattered hundreds of tribulation thunder thoughts.

Others shattered nearly a thousand!

With just one strike, most of these people's tribulation thunder thoughts were destroyed!

The gap between third tribulations and second tribulations was undeniable!

At this moment, Lin Mu suddenly frowned slightly.

He could feel a crisp sound coming from the blade of the Nine Cauldrons Thirteen Stars.

A fine crack appeared on the blade!

"As expected, ordinary artifact refining materials can't withstand the terrifying power of the Nine Tripod Fragments..."

When Lin Mu was forging this magical treasure longsword using inlay techniques, he had considered its durability.

The terrifying power of the Nine Tripod Fragments could even alter small worlds like those in the Realm of the Gods.

It was obvious that ordinary artifact refining materials simply couldn't bear the power within.

He never expected that just using it three times would create a crack.

And only third tribulation power was used!

How many more times can this Nine Cauldrons Thirteen Stars be used?

It seems necessary to find new artifact refining materials!

While Lin Mu was not impressed with the power of the Nine Cauldrons Thirteen Stars longsword, others were already terrified by the awesome might of this magical treasure.

With one strike, he defeated the eight led by Dongli Chi!

Among them, Dongli Chi was a third tribulation!

Such power was simply astounding!

"Slash!"

With a successful strike, Lin Mu swung his blade again!

This slash was aimed at the terrifying demonic beast whose body had just swelled!

Rumble!

The air trembled, the void quaked!

The reverse-heaven blade light illuminated the world!

If the demonic beast was a giant mountain, then Lin Mu's slash was a mountain-splitting blade!

A blade light that seemed to span and tear the void slashed down toward the demonic beast!

The demonic beast roared in anger, the red light on its body growing more intense.

Its aura climbed steadily!

If given just a bit more time, it might temporarily reach the level of a fourth tribulation.

But Lin Mu's blade had already arrived!

The Nine Cauldron Power, the blade light formed by three-colored light, carrying the power of three Nine Tripod Fragments, slashed down.

Slash!

The blade light pierced from the demonic beast's head down to its tail!

Time seemed to stop.

Everyone was stunned by what was unfolding before them.

In past battles with demonic beasts, it usually took four or five people to corner and kill one.

For Lin Wudi to single-handedly fight a same-level demonic beast was extremely rare!

Not to mention, this one slash left the demonic beast with no room to fight back.

The strength gained by burning its demon crystals seemed to have no effect!

The next moment, a line of blood appeared on the demonic beast.

From head to tail!

The demonic beast was cleaved in two.

Like a giant mountain split into halves, a chasm appeared under the blade edge.

Clang!

A soft sound, and the demonic beast's demon crystal appeared before everyone, also sliced in two by the blade light.

Everyone gasped.

Even the blue and green-clothed fourth tribulation practitioners were no exception.

Demon crystals were incredibly tough.

Even for them, destroying the demon crystal of a three tribulation demonic beast wasn't easy!

Now, it was split in half with one strike!

"Escape!"

Dongli Chi roared in anger and turned to flee!

The two three tribulation demonic beasts were so easily killed, he dared not linger!

At that moment, a figure flickered in the distance.

When it reappeared, it was already before Lin Mu!

"Die!"

The figure wore a black mask.

Holding a dagger formed from tribulation thunder thoughts!

This world seemed to become a still world the moment this person appeared.

Chapter 1103: Encircled and Slaughtered!

The Black List is not really an organization.

It is a wanted blacklist of the Heavenly Realm Guard.

Everyone on the Black List is utterly wicked and evil.

And most importantly, being on the Black List means one has escaped from the hands of the Heavenly Realm Guard!

Just this threshold alone indicates how formidable those on the Black List truly are!

Each Black List powerhouse is stronger than ordinary Tribulation Transcenders, and even stronger than the Heavenly Realm Guard!

Black List powerhouses may not all be exiled immortals, but they are at least Proud Sons of Heaven!

Without the prowess of a Proud Son of Heaven, it's nearly impossible to escape death at the hands of the Heavenly Realm Guard.

And one certainly wouldn't qualify to be on the Black List!

Among these people, those whose profession is being Blacklist Assassins are the strongest of the strong!

There was once a Black List assassin, who had undergone the Second Thunder Tribulation, that successfully assassinated a Third Tribulation Thunder!

This was an astonishing achievement before the appearance of Lin Wudi!

The Heavenly Realm Guard even blocked information about it, leaving few in the entire Heavenly Realm aware!

This suddenly appearing Black-Faced one is a Black List assassin!

Fourth Tribulation Thunder!

One thought, one world!

The moment he appeared, he changed that world.

Only he is the ruler of that world.

The rest can only be slaughtered at will within that world!

A cold glint of killing intent flashed in the Black-Faced one's eyes!

He once used this move to kill an exiled immortal who had undergone the Fourth Tribulation Thunder of the Heavenly Realm Guard!

Using it to kill a mere first thunder tribulation junior, it's like using a cleaver to kill a chicken, more than enough!

"It's the Silent Thought Kill of the senior!"

Two gold masks from the Black List simultaneously recognized the origin of this move.

Even in the talent-rich Black List, this move is very famous!

Using a Proud Son of Heaven to slay an exiled immortal, this brilliant achievement is worthy of heaven-defying!

"As expected of Mo Sha!"

The gold mask marveled inwardly.

The renowned Mo Sha senior made a move, Lin Wudi is sure to die!

At the same time.

Blue Clothes and Person in Green Clothes were filled with horror in their eyes.

There's no escape!

The moment they saw this move, they knew that if they faced this sudden move, there was absolutely no escape!

Blacklist Assassins are indeed terrifying!

Dongli Chi and others were even more exaggerated with their mouths wide open, shock filled their frozen gazes.

In front of a Fourth Tribulation Thunder Black List assassin, he was fragile as a chick.

If the Black-Faced one wished, he could crush him effortlessly!

"Is this a true powerhouse?"

A thought flashed through Dongli Chi's mind.

He had underestimated the heroes of the world!

It turns out assassins can be so mighty!

One thought quiets the world!

One thought kills the enemy leader!

The dagger of the Black-Faced one got closer and closer to Lin Mu.

Suddenly, the pupils of the Black-Faced one shrank sharply.

Because he saw a smile on Lin Mu's face that shouldn't have appeared.

Is he smiling?

On the verge of death, he's actually smiling?

Has he gone mad!

With this thought in mind, the Black-Faced one suddenly felt a pain in his back.

The next moment, a knife light in four colors came out from his chest, bringing with it a splash of golden blood.

His defense of four times the Tribulation Thunder thought was pierced through at least a hundred times!

Impossible!

The figure of the Black-Faced one suddenly disappeared, and the next time he appeared, he was already several miles away.

His injuries slowly began to heal, but the astonishment in his eyes was hard to conceal!

This first-time thunder tribulation junior not only broke his quiet world, but even injured him with one strike!

A first-time Tribulation Thunder can be so powerful?

Shush!

As the Black-Faced one was still full of astonishment, Lin Mu rotated his fingers, the knife light turned, and slashed towards the recovering Dongli Chi and others!

"No..."

Dongli Chi let out a desperate howl, wanting to dodge but it was already too late!

This time Lin Mu activated four Nine Tripod Fragments.

Four colors, four-star knife light!

Comparable to the destructive power of a Fourth Tribulation Thunder, with Dongli Chi's Third Tribulation Thunder strength, he simply couldn't withstand it!

Bang!

The over a thousand thunder tribulation thoughts guarding Dongli Chi were instantly shattered.

The terrifying knife light directly obliterated his body.

Even those behind him, who had undergone the Second Thunder Tribulation, had no power to resist.

Without even a chance to scream, they turned into nothingness within the knife light.

The knife light that stunned the heavens and the earth left all onlookers breathless.

With one slash, a Third Tribulation Thunder and seven Second Tribulation Thunders were annihilated!

The power of four-time Tribulation Thunder masters is only so much!

This magical treasure is simply defying the heavens!

As Blue Clothes, Person in Green Clothes, Black-Faced one, and others were shocked by the power of the Nine Cauldrons and Thirteen Stars, a voice rang in everyone's ears.

Crack!

The perceptual capabilities of three- and four-time Tribulation Thunder practitioners are exceedingly sharp.

Blue Clothes and others immediately discovered the sound originated from the recently triumphant Nine Cauldrons Thirteen Stars Longsword.

A crack ran across the blade of the longsword, extremely noticeable.

"Is this magical treasure about to shatter?"

Blue Clothes suddenly realized that this magical treasure was not invincible, and was even on the brink of collapse.

Perhaps after one or two more uses, it would shatter and lose its power!

A sharp glint crossed Blue Clothes' eyes, and he signaled to Person in Green Clothes with a look.

Whoosh! Whoosh!

Their figures appeared on the battlefield.

Seeing the two, a cold smile flashed in the eyes of the Black-Faced one.

"Finally, the two cowardly reptiles have made their move?"

The Black-Faced Silent Killer mocked openly.

Black List members mocking others for cowardice is a rare sight indeed.

But the formidable prowess of the Black-Faced Silent Killer left everyone intimidated. No one dared say much.

Even Blue Clothes and Person in Green Clothes pretended not to hear the remark.

"Mo Sha, how about making a deal?"

Blue Clothes set up a layer of Tribulation Thunder thought defense in front of him before speaking slowly.

Clearly, the Silent Thought Kill from the Black-Faced Silent Killer had left him deeply shaken.

Mo Sha scoffed, "Do you two think you're worthy of making a deal with me?"

In a one-on-one fight, neither Blue Clothes nor Person in Green Clothes was a match for Mo Sha.

Even if the two joined forces, they might not gain any advantage.

Blue Clothes didn't mind, and said with a smile, "I figure you've seen it too; although the junior's magical treasure is about to shatter, as long as he can attack two or three more times, are you confident you can withstand it?"

Mo Sha instinctively touched the wound on his chest and said nothing.

If it hadn't been for his Silent Thought Kill, that strike might have pierced through his head, shattering his sea of consciousness!

That junior, though only at the First Thunder Tribulation, was the most troublesome opponent the Black-Faced Silent Killer had ever encountered!

That Fourth Tribulation Thunder exiled immortal wasn't even this tricky!

"If Fei Xun and I join forces to fend off the junior's blade, and after you capture or kill him, we share his secrets, how about it?"

Blue Clothes still smiled.

In their talk, it seemed they had already decided Lin Mu's fate, not taking him seriously at all.

The expression of the Black-Faced Silent Killer changed, "Ding Lu Fei Xun, Twin Ghosts of the Fright Gate, I didn't expect it to be you two!"

The Twin Ghosts of the Fright Gate have a notorious reputation in the Heavenly Realm.

They've secretly harmed many geniuses.

However, they've never been caught with evidence by the Heavenly Realm Guard, so they've never been on the Black List!

To Mo Sha, these two certainly qualified to don the Black List's black masks!

"Agreed!"

Mo Sha nodded.

The Twin Ghosts of the Fright Gate possessed a joint attack method and had once defeated a Fourth Tribulation Thunder exiled immortal, which was famous.

If the three of them joined forces, there was no fear of failing to kill the junior relying on the magical treasure!

"Senior!"

At this moment, two gold masks from the Black List, who had been hiding aside, also took to the sky.

They could tell that benefits were already being distributed.

If they didn't appear now, Mo Sha and the Twin Ghosts would get the meat, and they wouldn't even get the soup.

The Second Thunder Tribulation Ancestors watching turned pale and moved further away.

There were actually two Third Tribulation Thunders hidden among them.

It seems that the white-clothed boy is doomed.

Chapter 1104: Magical Treasures Slay Powerful Foes!

Three Fourth Tribulation Thunder, two Third Tribulation Thunder.

With such strength, even in the Heavenly Battlefield, they can dominate the outer regions!

The onlooking ancestors never expected that the young man in white could attract so many powerful figures!

It shows just how many secrets the young man in white carries!

Unfortunately, this heaven-defying opportunity is destined to be beyond their reach!

When the Fourth Tribulation Thunder strikes, none can resist!

As they looked at the young man in white with pity, they saw him calmly collecting the remnants of the Tribulation Thunder Thoughts from Dongli Chi and others.

His heart is indeed vast!

With so many strong opponents, instead of fleeing, he is still collecting spoils!

Does he truly have the ability to defeat three Fourth Tribulation Thunder?

As everyone was puzzled, Ding Lu in Blue Robes slowly spoke.

"Kid, don't say I didn't give you a chance. Hand over your First Thunder Tribulation, the secret of Reverse Strike Second Heavenly Tribulation, and offer up your magical treasures, and I will spare your life!"

Ding Lu truly deserves the name Twin Ghosts of the Fright Gate, as he casually disregards the Heavenly Realm Guard.

If he wants to kill, he kills.

People speculate that after killing the young man in white, he might defect from the Heavenly Realm and join the Black List!

Lin Mu collected all the Tribulation Thunder Thoughts, looked indifferently at Ding Lu and others.

The Nine Cauldrons Thirteen Stars Precious Blade, due to material reasons, cannot be used too many times, but it is still sufficient to slay these small fries!

Since they don't know the meaning of death, then they shall be cut!

Boom!

Without saying a word, Lin Mu slashed!

The four-colored blade radiance enveloped the heavens and earth!

On the Nine Cauldrons Thirteen Stars Longsword, four starlights flicker, the light from four Nine Tripod Fragments!

When truly facing the blade radiance of the Nine Cauldrons Thirteen Stars, Ding Lu and others felt the terror of this blade radiance!

Fourth Tribulation Thunder!

Its power is comparable to, no, even surpasses Fourth Tribulation Thunder!

"Shield!"

Ding Lu lightly shouted, suddenly took action!

Boom!

Seventeen hundred Tribulation Thunder Thoughts exploded, forming a massive shield!

At the same time, Fei Xun beside him also roared angrily, releasing Tribulation Thunder Thoughts!

No more, no less, also seventeen hundred!

Strangely enough, though entirely different Tribulation Thought Shields formed, they merged into one!

With a loud bang, they synthesized into a glittering gigantic shield!

"Is this the Twin Ghosts of the Fright Gate's joint attack method? Truly miraculous!"

Black-Faced Silent Killer's eyes sparkled brightly.

Even on the Black List, a Cultivation Technique forming a Blade of Thought with over two thousand Tribulation Thunder Thoughts is considered top-tier!

The Twin Ghosts of the Fright Gate's technique, however, can form a huge shield with three thousand four hundred thoughts, which shows how powerful it is.

In the Transcendence Tribulation Stage, the number of Tribulation Thunder Thoughts forming the Tribulation Thought Blade determines the overall defense and attack power!

The more thoughts, the stronger the defense, the stronger the attack!

When a Tribulation Thought Knife composed of a thousand Tribulation Thunder Thoughts strikes a Tribulation Thought Shield made of nine hundred thoughts, one strike can shatter the shield!

Conversely, if a Blade of Thought composed of nine hundred thoughts cannot shatter a Shield of Thought with a thousand thoughts, it might even be shattered by the shield!

The joint technique with three thousand four hundred Tribulation Thunder Thoughts, except for the geniuses specially cultivated by the Four Great Divine Continents, is basically invincible!

Boom!

The four-colored blade radiance cut into the giant shield!

The giant shield emitted a cracking rumble, each thought fragmenting but continued to stubbornly resist the four-colored blade radiance's attack!

The exhausted forces of a mighty bow cannot penetrate fine silk!

Though the Nine Cauldrons Thirteen Stars is powerful, it seems to be blocked by the merged shield!

"You are the strongest First Thunder Tribulation I've ever seen, those exiled immortals and prodigies from the Four Great Divine Continents cannot possibly match you. Falling like this is truly a pity."

Though Ding Lu praised, his gaze was exceptionally cold.

As a ghost in name, how would he stop for talent?

In the moment he spoke, Black-Faced Silent Killer moved!

The figure vanished again.

"It's over! This white-clad genius is about to be killed!"

"Three Fourth Tribulation Thunder teaming up to attack one person, truly despicable!"

"Despicable or not, this is the brutality of the Heavenly Battlefield!"

"Strange, why is there no Protector beside that white-clad young man?"

"Exactly, with such exceptional talent, he shouldn't be without a Protector, could it be those major forces are blind?"

Some felt regret for Lin Mu, some sighed.

More were puzzled.

Such a genius, yet not recruited by the Four Great Divine Continents?

"Let's go! The outcome is decided! If we don't leave now, what if the Twin Ghosts kill the white-clad young man and then silence us?"

Some quick-witted First and Second Thunder Tribulation have already begun to withdraw.

Until now, they hadn't mustered even the courage to watch.

Buzz!

The world seemed to still once more!

Silent Thought Kill, reappears!

Two Black List gold faces quietly watched all of this.

They seemed to have already seen the scene of the white-clad young man being killed!

That strange longsword is now trapped by the Twin Ghosts.

This time, the white-clad young man has no escape!

The Silent Killer's figure reappeared, emerging behind Lin Mu.

The dagger of Tribulation Thought Blade already pressed against the skin at the back of Lin Mu's head.

His long hair was blown up by the fierce wind.

The dagger touched the skin, delivering a tangible icy sensation.

At this moment.

Poof!

A soft sound, the Silent Killer's movements instantly froze.

In the middle of his eyes, the four-colored blade radiance pierced through.

His Sea of Consciousness had already been penetrated by the Nine Cauldrons Thirteen Stars!

"Impossible..."

The Silent Killer widened his eyes in disbelief.

The magical treasure was clearly entangled by Ding Lu and Fei Xun!

This junior was totally incapable of retaliating!

Why?

Lin Mu's gaze indifferent, expression calm, his fingers didn't move even a bit.

He indeed didn't move.

This was all the automatic counterattack of the Nine Cauldrons Thirteen Stars!

Everyone thought the Nine Cauldrons Thirteen Stars was a magical treasure.

If it's a magical treasure, Lin Mu should need to control it.

Sneak attack, Lin Mu distracted, bound to fall for it.

But the Nine Cauldrons Thirteen Stars, strictly speaking, is not a magical treasure.

It is the inlay of the Nine Tripod Fragments!

To be precise, it can be considered a special Tribulation Thought Character.

This character is the Nine Cauldrons!

It can attack, can defend.

Completely does not need Lin Mu to control!

A good magical treasure should learn self-counterattack!

Boom!

In the unwilling gaze of the Silent Killer, the four-colored blade radiance spun, his Sea of Consciousness directly exploded!

His Divine Soul shattered, Tribulation Thunder Thoughts crushed!

In just a moment, Silent Killer is obliterated!

"How is this possible?!"

The two Black List gold faces, in disbelief, their whole bodies trembling.

How powerful was Silent Killer, once reversed struck exiled immortals!

Now, killed by a First Thunder Tribulation junior?

It can even be said, killed by that strange magical treasure!

While resisting Ding Lu and Fei Xun's combined attack, the magical treasure still had strength left to counter kill Black-Faced Silent Killer!

Thus it seems, Fourth Tribulation Thunder is not even the limit of this magical treasure!

"Silent Killer is dead, we..."

The two gold faces suddenly realized a problem.

Their backer is gone!

Their action of jumping out to divide the spoils turned into seeking death!

"Escape!"

Without hesitation, the two gold faces drove the Tribulation Thunder Thoughts and turned to flee.

Ding Lu and Fei Xun's faces changed drastically too.

They originally thought the combined attack of three would be invincible.

As a result, just two moves, Black List's Black-Faced Killer Silent Killer was slain easily!

As for the two of them...

"Kill!"

The two shouted angrily together, releasing all the Tribulation Thunder Thoughts!

Boom!

The Sword of Tribulation Thought composed of three thousand four hundred Fourth Tribulation Thunder Thoughts, sliced through the void, slashing at Lin Mu!

One shield, one sword, one attack, one defense!

Chapter 1105: Heaven and Earth Cleaving Slash!

The collaboration between Ding Lu and Fei Xun is far more than a mere addition of one plus one.

The two joining forces, they are definitely capable of reverse slaying an exiled immortal!

If these two were to be on the Black List, their ranking might even surpass Mo Sha!

Their combined strike technique is the most creative Tribulation Thunder Thought attack method that Lin Mu has ever seen!

Compared to the unchanging attacks of other Heavenly Realm Tribulation-Elder, they are simply blazing a new trail!

Unfortunately, they chose to be enemies with Lin Mu!

Facing their attack, Lin Mu's gaze remained calm.

"After successfully refining the artifact, I've been pondering on how to unleash the greatest power of the Nine Tripod Fragments."

Lin Mu thought regretfully to himself.

Though his power is strong now, it is still far from being able to suppress the Heavenly Realm like the Nine Cauldrons.

Even just the fragments of the Nine Cauldrons, with his current realm, he cannot fully master them.

With the Heavenly Dao Myriad Laws Record, he merged the power of the Nine Tripod Fragments and created a new Divine Skill!

Today is the day this new Divine Skill will shine.

"Ding Lu, Fei Xun, today I shall show you what true Dao Arts Divine Skill is!"

Facing the nearly perfect attack of one assault and one defense, one shield and one sword, Lin Mu waved his hand.

Bang!

The Nine Cauldrons and Thirteen Stars returned to his hand.

This was the first time since the battle started that he grasped his weapon!

"Nine Cauldrons Technique, First Form!"

"One Slash, Heaven and Earth Sunder!"

With a gentle hum, the blade of Nine Cauldrons and Thirteen Stars glimmered.

This slash is the most powerful, combining the Twelve Forms of Slaying Gods, Banishing Immortals, and Slaughtering Demons, Heavenly Emperor Nine Steps, and other supreme Divine Skills.

One slash shatters mountains and rivers, one slash changes heavens and earth, one slash shocks ghost gods, and the Immortal Slaying Sword vanquishes immortals!

Above and below, everything vanished.

As if only this earth-shattering slash remained.

The entire space trembled under this slash.

Ding Lu and Fei Xun could hardly breathe.

As this slash was unleashed, the world around them seemed to be shattered.

Their divine souls, their Tribulation Thunder Thoughts, everything they possessed was enveloped in this slash.

Mountains and rivers shattered the tribulation thunder, heavens and earth transformed spiritual energy, ghost gods shocked the divine soul, and the Immortal Slaying Sword shattered the physical shell!

This slash seemed capable of annihilating everything of theirs.

One Slash, Heaven and Earth Sunder.

It could naturally slay them both!

Boom!

Multi-colored blade light flickered, the space seemed to collapse, and everything was compressed into a gray line.

This gray line lightly brushed across the Tribulation Thought Shield formed by three thousand four hundred Fourth Tribulation Thunder Thoughts.

One slash shatters the world!

The world within the three thousand four hundred Tribulation Thunder Thoughts collapsed instantly, crumbled and disintegrated!

The reverse-heaven giant shield turned to flying ash in an instant.

Ding Lu and Fei Xun both roared furiously.

This roar was filled with despairing terror.

Seventeen hundred Tribulation Thunder Thoughts shattered, severely damaging their Sea of Consciousness.

The boiling Sea of Consciousness erupted with lightning.

Like the end of days.

The two were in a daze, unable to make any counterattack or evasive action.

The gray line formed by the Heaven and Earth Sunder swept across their necks.

Their heads soared high.

Just like mundane prisoners being executed.

Terror filled their gazes.

Pop pop pop!

Beside the gray line was an invisible crack.

These cracks were like steel knives, slicing their heads.

Heads shattered.

Sea of Consciousness shattered!

Divine souls turned to dust!

The two were utterly dead!

One slash!

Only one slash!

The duo, who just moments ago were imposing and threatening with their combined strike, ruling over the surroundings, were slain!

Today, Lin Wudi used one slash to annihilate Fourth Tribulation Thunder and the duo!

The gray line slowly dispersed into multi-colored light.

When the light faded, their bodies slowly fell.

Lin Mu waved his hand.

The remaining Tribulation Thunder Thoughts of the two flew to his hand and then entered his Sea of Consciousness.

"Slash!"

Lin Mu flicked his finger!

The Nine Cauldrons Thirteen Stars Longsword shot forth like a wandering dragon, aiming at the two escaping Third Tribulation Thunder Black List Gold Faces!

"No..."

The two wailed in despair before their heads were pierced by the longsword.

Their Sea of Consciousness was obliterated in an instant!

Death!

Third Tribulation Thunder stood no chance against the Nine Cauldrons Thirteen Stars!

Crunch!

Another crack appeared on the blade face of the Nine Cauldrons Thirteen Stars Longsword.

This crack was deeper, extending longer.

The longsword whimpered like a wronged child, flying to Lin Mu and trembling quietly.

Those Thunder Tribulation Ancestors who had fled thousands of miles away witnessed the change and were horrified.

"Dead?"

"Just now, did three Fourth Tribulation Thunder fall?"

"How is this possible!"

From a thousand miles away, they could still sense the terrifying sword intent, making these ancestors pale.

They were astounded by the power of this slash!

They had thought that with the help of magical treasure, Lin Wudi could barely escape death, which was already defying the heavens.

Unexpectedly, Lin Wudi could unleash such a terrifying slash!

Even over a thousand miles away, they sensed the fearsome nature of this slash!

If closer, the aftermath of this slash might have eradicated them!

One Thunder Tribulation faced three Fourth Tribulation Thunder alone and won!

The ancestors present understood what this entailed!

An unparalleled genius was born!

After today, this news will surely spread across the Heavenly Realm!

The name of the White-clothed Sword Deity will resonate across the Heavenly Battlefield!

Slaying three powerhouses in one fight!

This record will absolutely become the most formidable in Heavenly Realm history!

Unprecedented and unparalleled!

No one can surpass it.

Even Daoist Master Yellow Springs, during his First Thunder Tribulation, was not so formidable.

This White-clothed Sword Deity was invincible in the first, second, and third layers!

There might not be any Fourth Tribulation Thunder that can rival this person in the Heavenly Realm!

Invincible under the tyrant!

This is the thought racing in everyone's hearts!

Before the White-clothed Sword Deity unleashed the final slash, they might have doubted whether his achievements were all due to magical treasures!

Now, no one thinks that way!

Based solely on that final slash, even without that reverse-heaven magical treasure, the White-clothed Sword Deity could definitely reverse slay Third Thunder Tribulation!

"Terrifying, completely not on the same level as us!"

"Such an unparalleled genius has been born in the Heavenly Realm!"

"The Heavenly Realm shall rise!"

"Sadly, we don't know his name..."

"White-clothed Sword Deity will suffice!"

The final slash amazed everyone present.

With the recently acquired Ding Lu and others' Tribulation Thunder Thoughts, Lin Mu retracted his aura to nourish the Nine Cauldrons and Thirteen Stars.

Thousands of Fourth Tribulation Thunder Thoughts were integrated into the blade, finally causing a slight change in the Nine Cauldrons and Thirteen Stars.

The small cracks on the blade were mending, but the large crack from the final slash remained.

Using battle to nourish battle is a dead end, clearly impossible.

Killing three Fourth Tribulation Thunder dealt a great loss to the Nine Cauldrons and Thirteen Stars!

If more battles like this occurred, he feared he wouldn't be able to return to the Heavenly Realm with this treasure.

"Enough, no need to overthink, let's hunt demonic beasts to obtain demon crystals and prepare to transcend the tribulation."

Lin Mu rose into the air, flying toward the inner area of the Heavenly Battlefield.

There, demonic beasts of Third Thunder Tribulation awaited.

"Not good, he's coming this way!"

Those Tribulation-Crossing Ancestors of First and Second Tribulation saw Lin Mu heading their way and turned pale.

Soon they realized that Lin Mu didn't even regard them.

He was aiming to slay Third Thunder Tribulation demonic beasts!

Under Nine Cauldrons Thirteen Stars, all Third Tribulation Thunder demonic race met their doom!

## Chapter 1106: The Nightmare of Transcending Tribulation!

Feilin City, entrance to the Heavenly Battlefield.

Feng Huiyang and Jing Zixuan appeared within the passage.

The passage was also located within a mountain range.

The Guardian saw the two and slightly frowned.

"Greetings to the Guardian!"

Both Feng Huiyang and Jing Zixuan respectfully cupped their hands.

They couldn't afford not to be respectful.

The Guardian of the Heavenly Battlefield Passage possesses an extremely formidable strength.

Generally, a passage Guardian from a third-level Lower Continent would have undergone the Fourth Tribulation Thunder!

In a grand city like Feilin City in the Upper Continent, the passage Guardians are even Six Tribulations!

This is comparable to the Heavenly Realm Guard Grand Commander and the Law Enforcement Team Venerable.

"I advise you not to bring the grudges of the Heavenly Realm into the Heavenly Battlefield, or you'll regret it one day."

The Guardian said coldly.

He has guarded the Heavenly Battlefield Passage for hundreds of thousands of years and has seen all sorts of things.

The Heavenly Realm Guards are the protectors of the Heavenly Realm, but they actually have no law enforcement rights in the Heavenly Battlefield.

Moreover, according to ancient rules, the punishment for the Tribulation-Crossing Ancestor by the Heavenly Realm was to guard the Heavenly Battlefield.

Now that Lin Wudi has voluntarily entered the Heavenly Battlefield, there is no further need to pursue the matter.

Unless he breaks the rules and returns from the Heavenly Battlefield.

A similar situation happened before.

The people being hunted entered the Heavenly Battlefield, and the Heavenly Realm Guards were relentless, continuing their pursuit.

The result was that the person became a traitor and betrayed the Heavenly Realm.

Leaking many secrets of the Heavenly Realm to the Demonic Beasts.

This led to the birth of the Demonic Beast race in the Heavenly Realm.

The Heavenly Realm Guards who pursued them in the Heavenly Battlefield met miserable ends.

Their entire clans were annihilated by the Demon Race!

They themselves also died obscure deaths, one after another!

The Guardian's kind reminder sounded more or less grating to Feng Huiyang and Jing Zixuan.

"No need for the Guardian to interfere in this!"

They originally wanted to ask the Guardian about Lin Mu's whereabouts.

But seeing the Guardian's attitude, Feng Huiyang realized that asking would be in vain; the Guardian would not tell them!

"Let's go!"

Feng Huiyang and Jing Zixuan stepped into the Heavenly Battlefield Passage.

"The Heavenly Realm Guard is truly becoming less capable with each generation. Perhaps this one could bring some changes? Let's see if he can survive this ordeal."

The Guardian closed his eyes, like a statue.

As soon as Feng Huiyang and Jing Zixuan entered the Heavenly Battlefield, the crowd at the entrance was alarmed.

"Overlord!"

"An Overlord appearing at the outskirts of the Celestial Tribulation Battlefield?"

"What happened? Could it be a Demonic Beast invasion?"

"That person is a Heavenly Realm Guard, is the other from the Enforcement Team?"

"Enforcement Team? Let's go!"

Noticing Feng Huiyang and Jing Zixuan's identities, those Tribulation-Crossing Ancestors quickly distanced themselves.

Heavenly Realm Guards are one thing, but getting involved with the Enforcement Team never ends well.

"Stop!"

Jing Zixuan spoke slowly.

The voice wasn't loud, but it made the dozens of First and Second Tribulation Ancestors feel as if they were under a binding spell, not daring to move!

Five Tribulations Overlord, Enforcement Team Commander!

With these two identities combined, almost no one in the Heavenly Realm is unafraid!

"Have you seen this person..."

With a single thought, Jing Zixuan formed Lin Mu's appearance using the Tribulation Thunder Thought.

"This person is called Lin Wudi, with a First Thunder Tribulation cultivation. He is very likely here to transcend the tribulation. If you..." Hmm?"

Halfway through, Jing Zixuan suddenly noticed something amiss.

Among the dozens present, more than half began to avert their gaze.

The remaining others also showed a change in expression, lowering their heads and turning sideways, adopting a posture of avoidance.

"You've seen him! Speak!"

With a thundering fury, Jing Zixuan's roar exploded like thunder.

The First and Second Tribulation Ancestors were left dizzy and disoriented, bleeding from their seven orifices.

When an Overlord is enraged, all beings bow their heads!

All the Ancestors bowed reverently, filled with fear!

"You! Speak!"

Jing Zixuan reached out and casually grabbed someone.

The person was terrified out of their wits.

No one ends well in the hands of the Enforcement Team.

Seeing the change in that person, Feng Huiyang sneered disdainfully and said lightly, "Relax, we're here to apprehend a wanted criminal. As long as you speak honestly, Commander Jing won't trouble you..."

The Tribulation Ancestor was momentarily stunned, then exclaimed, "You got the news so quickly? White-clothed Sword Deity, no, Lin Wudi killed someone only a few days ago..."

"Killed someone? What killing?"

This time it was Feng Huiyang and Jing Zixuan's turn to be stunned.

The Tribulation Ancestor realized these two were truly only here for Lin Wudi and hurriedly recounted what he knew.

A miraculous treasure defying the heavens.

Killing the Fourth Tribulation Blacklist Assassin Mo Sha.

Defeating the Twin Ghosts of the Fright Gate with one stroke!

Known as the White-clothed Sword Deity!

As the Tribulation Ancestor finished explaining, Feng Huiyang and Jing Zixuan finally understood what Lin Wudi had done after arriving at the Heavenly Battlefield!

Besides the Sea-suppressing Pearl and Yulong Sword, there was a third magical treasure!

Moreover, the power of this treasure was extremely strong, even surpassing the Yulong Sword!

In a single battle, he killed three Fourth Tribulation practitioners!

None of the three were weak.

Blacklist Assassin Mo Sha, the Twin Ghosts of the Fright Gate, any one of them was comparable to an exiled immortal.

Even among Fourth Tribulations, they were among the top tier!

Especially when the Twin Ghosts of the Fright Gate joined forces, they could even battle against the Divine Continent Banished Immortal!

Such formidable figures were easily slain by Lin Wudi!

"Seems we underestimated him!"

Jing Zixuan sighed.

Back in the Heavenly Square Country, when killing Luo Chou, Centurion of Li Mo Continent, Lin Wudi had exhausted almost all his means.

In the end, he barely managed to kill Luo Chou using the Yulong Sword's Self-Detonating Thunder Calamity Thoughts.

It's only been a few months, and he's already capable of killing two Fourth Tribulation powerhouses in one strike.

Lin Wudi's growth speed is too fast!

If given a few more years, wouldn't he be capable of killing a Five Tribulations Overlord?

Thinking of this possibility, their intent to kill grew stronger.

Their pursuit of Lin Wudi was no secret.

If Lin Wudi were to grow up, he would very likely seek revenge on them first!

"He must die!"

Feng Huiyang felt a hidden sense of relief.

Luckily, Lin Wudi was foolish enough to enter the Heavenly Battlefield openly from Feilin City.

If he had chosen to hide somewhere, they might not have found him.

In a few years, it might be Lin Wudi hunting them, not the other way around.

"Where is he now?"

Jing Zixuan asked coldly.

The Tribulation Ancestor quickly said, "Three days ago, when I left that area, he was still hunting Demonic Beasts. I don't know where he is now."

At this, he shivered.

If Lin Wudi killing Fourth Tribulation practitioners was a miracle, then his slaughter of Demonic Beasts was a nightmare!

The Third Tribulation Demonic Beasts they avoided were like poultry to Lin Wudi, killed at his whim!

During the time he watched, Lin Wudi killed more than ten thousand Third Tribulation Demonic Beasts in just one day!

In the days since, who knows how many Demonic Beasts he's killed!

Now, the Third Tribulation Demonic Beasts on the outskirts of the Heavenly Battlefield were probably all slaughtered by Lin Wudi.

"Take us to him! There will be benefits for you afterward!"

Jing Zixuan grabbed the neck of the Second Tribulation Ancestor, asking him to lead the way.

"Spare me, I don't dare to go there..."

The Tribulation Ancestor turned deathly pale, shaking his head persistently.

It wasn't due to distrust in the Overlord's power.

But rather, because of Lin Wudi's terrifying efficiency in killing Third Tribulation Demonic Beasts as if they were chickens, if he were to unintentionally strike him, he'd be utterly obliterated.

Chapter 1107: He's More Important Than Anyone Else!

Feng Huiyang and Jing Zixuan both looked somewhat displeased.

Fear of Lin Wudi exceeded fear of the two overlords?

Do they really think the two of us, five tribulations overlords, are easily provoked?

Crack!

Jing Zixuan exerted slight force, directly crushing half of the bones of the Second Tribulation Ancestor's body.

The pain made the Second Tribulation Ancestor scream mournfully, but he refused to divulge anything.

He didn't violate celestial laws, and the Enforcement Team couldn't kill him without cause.

Yet, if he faced Lin Wudi and Lin discovered his betrayal, that would truly be fatal!

In just a few days, three Fourth Tribulation Ancestors died, along with three Third Tribulation Ancestors, and seven Second Tribulation Ancestors.

Lin Wudi kills people as if he's crushing chicks, disregarding celestial laws and the Heavenly Realm Guards.

The unruly are naturally more terrifying than the obedient.

Jing Zixuan was originally very angry.

Now, seeing the Second Tribulation Ancestor rather endure such punishment than betray Lin Wudi, his anger slowly turned to coldness.

This is just a single tribulation, enough to influence a Second Tribulation Ancestor.

If Lin Wudi succeeds, then we, the Heavenly Realm Guards, will be further disregarded!

"Very well! I'll remember you!"

Jing Zixuan's gaze was icy as he flung the Second Tribulation Ancestor away.

The Second Tribulation Ancestor sneered inwardly.

Remember him, so what!

He'd rather face punishment from the Heavenly Realm Guard, stationed at the Heavenly Battlefield, than provoke Lin Wudi!

Feng Huiyang's expression was indifferent, silent.

The two harnessed the Tribulation Thunder Thought, transforming into lightning and departing.

Only when the two had completely vanished, did the present First and Second Tribulation Ancestors exhale deeply.

"Do you think that bizarre long knife of Lin Wudi can slay overlords?"

"Impossible, right? Haven't heard of any magical treasures in the Heavenly Realm that allow a First Tribulation to counter a Fifth Tribulation Overlord."

"Haha, have you heard of any magical treasure allowing a First Tribulation to counter a Fourth Tribulation?"

"Um..."

"Wait and see, there'll be quite the show!"

If Lin Wudi survives like this, then..."

At the final words, all First and Second Tribulation Ancestors' eyes flickered.

If Lin Wudi, with only one tribulation, could survive being hunted by two Heavenly Realm Guard overlords, perhaps they'd visit him.

By then, Lin Wudi's rise would be unstoppable!

Another powerhouse like the Yellow Springs Overlord!

"Let's go! Follow and see!"

Someone suggested.

The Second Tribulation Ancestor punished earlier by Jing Zixuan also eagerly followed.

He wanted to see if the two overlords from the Heavenly Realm Guard and Enforcement Team could capture Lin Wudi!

Should they be able to, so be it!

If not, haha.

"Northern Jambu Continent Law Enforcement Team Heavenly Guard, I also remember you!"

...

Lin Wudi is in seclusion!

The message spreads around the outer areas of the Heavenly Battlefield.

Unlike the previous time during Artifact Refining, now no one knows Lin Wudi's whereabouts.

But everyone knows that Lin Wudi's current seclusion likely involves transcending tribulation!

He ascended to the Heavenly Realm less than fifty years ago and now attempts the Second Thunder Tribulation!

Lin Wudi's talent and his artifact refining methods, are equally astonishing.

Outside the camp of the Southern Spirit Divine Continent's Heavenly Realm Guards situated at the Heavenly Battlefield's perimeter.

"Fei Yu! You're going too far!"

The four-time tribulation Centurion of the Heavenly Realm Guards, chest heaving, eyes filled with frustration and anger.

Facing him are three four-time tribulation practitioners.

Among them, one is from Nanling Divine Continent's Qiantai Holy Ground, Fei Yu!

The purpose of the three's visit was to demand Lin Wudi's information from the Nanbo Tuo Heavenly Guards.

This was simply outrageous!

The Divine Continent Sacred Ground wanting to recruit a key fugitive of the Heavenly Realm Guards, even demanding information from the guards themselves.

This is a slap in the face of the Heavenly Realm Guards!

Fei Yu chuckled and said, "General, do calm your anger, we also wish to learn more to assist the Heavenly Realm Guards in capturing Lin Wudi."

The Centurion's eyes widened in rage.

If he believed this nonsense, it'd be truly ridiculous!

These Sacred Grounds of the Divine Continent have always looked down on Heavenly Guards of the First Upper Continent.

Now they come saying they'll assist in capturing, genuinely treating us as fools!

"So, the general doesn't wish to give me Qiantai Holy Land's face then?"

Fei Yu's smile gradually faded, his tone growing cold.

The Centurion's pupils contracted slightly, but he didn't back down; he didn't believe these people dared assault the Heavenly Guards' camp.

Seeing the Centurion unmoved, Fei Yu's expression turned sinister.

"Take action!"

With his command, the remaining two four-time tribulation practitioners moved fearlessly.

Two Blades of Thought crossed into a net, ensnaring the Centurion!

"Fei Yu! You're inviting disaster upon Qiantai Holy Land!"

The Centurion was incredulous.

These people dare truly assault the Heavenly Guards!

Lunacy!

Boom!

The web of blades fell, imprisoning the Centurion tightly!

He can escape.

But if he forcibly does so, the two four-time tribulation practitioners will undoubtedly escalate their assault!

Fei Yu sneered, ascending into the sky.

"Send over all information on Lin Wudi, else your general will suffer!"

Fei Yu's voice echoed through the Heavenly Guards camp.

The Nanbo Tuo stationed Heavenly Guards exchanged bewildered glances, doubting their ears.

This group dared kidnap the Centurion to demand Lin Wudi's information?

Boom!

While the Heavenly Guards hesitated, Fei Yu already struck.

With one palm strike, nearly a third of the Heavenly Guards camp was destroyed.

Every Heavenly Guard present paled.

Fei Yu was not joking!

Soon, all information regarding Lin Wudi was handed to Fei Yu.

Only then did Fei Yu leave satisfied.

The Centurion, freed from his bonds, appeared quite peculiar.

He suddenly realized that Qiantai Holy Land's emphasis on Lin Wudi exceeded his expectations.

Thinking it over, it made sense.

A being who can counter a four-time tribulation when only experiencing one tribulation—how could he not be valued!

More crucially, Lin Wudi possessed methods for artifact refinement and nurturing.

He can significantly enhance the combat abilities of Tribulation Ancestors.

To gain Lin Wudi is perhaps more valuable than acquiring a six or seven-time tribulation overlord.

He is more important than anyone!

Fei Yu's reckless behavior thus seemed understandable.

While the Centurion found some clarity, a voice echoed overhead.

"Dongsheng Divine Continent's Guhun Holy Land, Mo Qianzao, greets the general and requests a glimpse of Lin Wudi's information!"

The Centurion's face instantly darkened.

"Give it to him!"

The Centurion gritted out.

Now, people from all Four Great Divine Continents' Sacred Grounds have gone mad!

To recruit Lin Wudi, they'll use any means necessary!

No need to play the villain.

If he persisted forcefully, they might turn crazy like Fei Yu!

If displeasing a sacred ground provokes them to hire Blacklist Assassins to eliminate him, it'd truly be disastrous!

Information handed over, Mo Qianzao left satisfied.

But the Centurion didn't expect the arrival from the two great sacred grounds was just the beginning.

In just two days, people from eight sacred grounds across the Four Great Divine Continents arrived at Southern Spirit Divine Continent's Heavenly Realm Guards' Heavenly Battlefield camp, demanding information.

Later, even various cultivation families across Ancient Lands came.

The camp became a public intelligence hub, where anyone could come for information.

Eventually, even other First Upper Continent's sacred grounds came for information.

The Centurion was so furious he nearly spat blood.

He was determined to see which of these lunatics could actually recruit Lin Wudi.

## Chapter 1108: Myriad Heavenly Tribulations Descend Upon Me!

The Heavenly Realm is vast and messages spread slowly.

Only recently have Lin Wudi's feats of defying the Third Tribulation and Fourth Tribulation begun to spread.

But it will take some time to react.

After all, other forces within the Heavenly Realm are far from Nanbotuo Continent.

Even if one wishes to travel there, it could take months, if not a year or two.

But the Heavenly Battlefield is different.

Messages spread quickly on the Heavenly Battlefield.

The news of Lin Wudi using the Nine Cauldrons Thirteen Stars Divine Knife to slay three Fourth Tribulation warriors with just two strikes has already spread across the outskirts of the Heavenly Battlefield.

Now, every power with influence on the outskirts of the Heavenly Battlefield is attempting to recruit Lin Wudi.

If they can win over such a prodigy, it wouldn't be difficult for the family or Holy Lands to ascend to a higher level.

As for the incident of killing a Heavenly Realm Guard, it was merely a Centurion.

As long as the Holy Lands and families are willing to pay the price, there's nothing that can't be solved!

However, these people, like the Heavenly Realm Guard, cannot find any trace of Lin Wudi.

Lin Wudi seems to have disappeared.

Some even suspect whether Lin Wudi has secretly returned to the Heavenly Realm through some channel.

After all, it seems overly arrogant to transcend tribulation on the Heavenly Battlefield when the Heavenly Realm Guards obviously wouldn't allow him to.

As countless people discuss and speculate, someone is transcending tribulation in an unnamed Secret Realm at the outskirts of the Heavenly Battlefield!

Whoosh whoosh!

Two figures appear; they are two Third Tribulation practitioners.

On the Heavenly Battlefield, Third Tribulation is not considered weak.

But beside Lin Wudi, Third Tribulation is somewhat lacking.

Thus, the two are very cautious and stop a few hundred miles away, observing the tribulation clouds in the void from afar.

"Indeed, those are the tribulation clouds of the Second Thunder Tribulation. Could it really be Lin Wudi transcending?"

"Notify the Holy Land; as Third Tribulation practitioners, we are not even qualified to negotiate with Lin Wudi!"

After a brief discussion, the two immediately crush their jade pendants, releasing a signal.

Whoosh!

A figure appears not far from them, wearing a striking fire-red Daoist robe.

"East Victorious Divine Continent Fiery Flame Holy Land!"

Recognizing the emblem on the robe, the expressions of the two change subtly.

The Fourth Tribulation practitioner does not acknowledge them but solemnly watches the tribulation clouds in the void.

"Purple lightning with white lightning, and even black lightning! It seems it is indeed Lin Wudi transcending!"

In the Heavenly Realm, under an exiled immortal, the Second Thunder Tribulation only has purple lightning.

Prodigies have purple lightning with white lightning!

This unheard-of black lightning seems to only belong to Lin Wudi.

"His talent is truly beyond that of a prodigy!"

The Fourth Tribulation warrior's eyes flash, sensing that the conditions offered by the Holy Lands may need to be raised to top-tier treatment to persuade Lin Wudi.

Such talent cannot be evaluated with common sense.

Simply solving the trouble with the Heavenly Realm Guard may not be enough!

Boom!

A burst of lightning suddenly appears.

Three figures faintly materialize in the sky, yet again three Fourth Tribulation powerhouses.

Leading the group is Fei Yu from Qiantai Holy Land.

"Double Layered Tribulation, how fitting for Lin Wudi!"

After obtaining Lin Wudi's information from the Heavenly Realm Guard, Fei Yu has already decided to recruit Lin Wudi.

Others still speculate, thinking Lin Wudi transcending his Second Thunder Tribulation in less than fifty years indicates remarkable talent.

However, Fei Yu knows very well that Lin Wudi ascended to the Heavenly Realm less than three years ago!

Two Thunder Tribulations in three years!

What terrifying talent!

Fei Yu has never heard of anyone being this formidable.

A few days ago, Fei Yu highly valued Lin Wudi's Art of Item Refining.

Even he believed that Lin Wudi, even if he wanted to transcend tribulation, would at least prepare for a thousand years, if not thousands.

Yet, astonishingly, merely a few days later, Lin Wudi has already started transcending!

Such talent even surpasses the Art of Item Refining, drawing gazes!

"Fei Yu?"

Meanwhile, thunder sounds and a shadow suddenly appears.

"Your Qiantai Holy Land, with all Eight Tribulation Peak Overlords in seclusion with no steward, plans to recruit Lin Wudi too?"

This person seems to be an old acquaintance of Fei Yu, speaking with a mocking tone.

"Sha Jia! Your Liao Feng Holy Land is also interested in Lin Wudi?"

Upon seeing the newcomer, Fei Yu frowns.

Qiantai Holy Land has only two Eight Tribulation Peak Overlords, and both are in seclusion.

Liao Feng Holy Land, on the other hand, possesses three Eight Tribulation Overlords.

More importantly, Liao Feng Holy Land is part of the old forces of the Heavenly Realm.

Unexpectedly, the often low-profile old forces have stepped forward due to Lin Wudi.

"A talent like him, naturally Liao Feng Holy Land won't miss out!"

"May the best win then!"

No words exchanged, the two say no more.

If there was enough time, each Holy Land would have sent overlords to negotiate.

Regrettably, Lin Wudi's transcending tribulation is too fast, and the overlords have yet to arrive!

As time passes, more and more powerhouses gather outside the Secret Realm.

In just three days, eighteen Fourth Tribulation warriors converge, along with nearly a hundred Third Tribulation practitioners!

Countless First and Second Tribulation practitioners.

"It's starting!"

As the tribulation cloud begins to contract inward toward the Secret Realm, everyone becomes solemn.

Among the spectators, some intend to recruit Lin Mu, while others wish to fish in troubled waters.

But under the watchful eyes of the crowd, no one dares interfere.

If anyone acts foolishly now, planning to disrupt Lin Wudi's Thunder Tribulation, those seeking to recruit Lin Wudi won't know how best to ingratiate themselves.

Boom!

All tribulation clouds retract into the Secret Realm, and the tribulation begins!

Inside the Secret Realm.

Lin Wudi sits cross-legged, his gaze indifferent.

As the tribulation clouds descend, his Sea of Consciousness releases a thousand and twenty-six Tribulation Thunder Thoughts!

The First Thunder Tribulation, Thought Primordial!

The Second Thunder Tribulation, Thought Births Slight Ray!

Today, Lin Wudi transcends the Second Thunder Tribulation!

Rumble!

As the Tribulation Thunder Thoughts enter the cloud layer, they immediately perceive the terror of thunderbolts.

Each thunderbolt seems capable of destroying worlds.

Crack!

A bolt strikes upon Lin Wudi's thoughts.

The primordial thoughts tremble intensely.

Threads of thunderbolt force penetrate the thoughts.

A regular Tribulation-Crossing Ancestor would have their thoughts struck to the point of cracking by the first thunderbolt!

Those with poor aptitude might even have their thoughts shattered.

Thus, the Heavenly Realm's Tribulation-Crossing Ancestors count their seclusion time in the thousands of years.

Even after successfully transcending, recuperating and restoring thoughts takes immensely long!

But Lin Mu is entirely different!

A single bolt has not inflicted a single wound on his thoughts!

After the purple thunderbolt comes the white thunderbolt!

Rumble!

The white thunderbolts rush toward the Tribulation Thunder Thoughts like gigantic dragons!

Crack crack!

The Thunder Thoughts emit faint sounds.

Not signs of cracking, rather the beginning of metamorphosis.

Within the primordial thoughts, subtle rays start to appear.

The tribulation cloud takes notice of these subtle rays, as if detecting something defiant.

With roaring thunder, black thunderbolts descend!

Three simultaneous layers of thunderbolts!

One thousand and twenty-six Tribulation Thunder Thoughts, in the baptism of tribulation lightning, transform from primordial, becoming rays of brilliance!

The Second Thunder Tribulation passes as effortlessly as drinking water.

But this is merely the beginning!

As Lin Mu's Divine Sense stirs, his Divine Soul, enveloped in Divine Sense, rushes into the tribulation clouds.

Rumble!

The tribulation clouds seem enraged, roaring in fury!

Chapter 1109: In a Hundred Years, You Shall Be Holy Master!

"Is that a blessing from heaven and earth?"

Outside the Secret Realm, someone suddenly noticed Purple Qi Coming from the East, descending into the Secret Realm.

"The rumors are indeed true, Lin Wudi actually ascended to the Heavenly Realm in less than fifty years!"

"Fifty years, two Thunder Tribulations, such talent, not inferior to the techniques of Artifact Refining!"

Those who wanted to recruit Lin Mu had a change in expression, beginning to communicate with their families or Holy Lands, preparing to raise the stakes to recruit Lin Wudi.

Fei Yu and others who had previously obtained detailed information on Lin Wudi from the hands of the Heavenly Guards also wore solemn expressions.

Information is information.

When the intelligence is truly confirmed, they inevitably feel a shock in their hearts!

Three years, two Thunder Tribulations!

This Lin Wudi is truly defying the heavens!

"I wonder how long he will be in seclusion after transcending the tribulation. I hope the Overlord can arrive!"

Fei Yu and others began to feel anxious.

Now there are too many who have transcended three to four Thunder Tribulations observing.

Eighty percent of these people are preparing to recruit Lin Wudi.

After all, with Lin Wudi's precedent of slashing two Fourth Thunder Tribulation practitioners with one strike, no Fourth Thunder Tribulation practitioner would be so blind as to provoke further.

Lin Wudi has now become the sought-after target for everyone trying to recruit him.

If the Overlord of another Holy Land or family arrives first, those who have transcended three to four Thunder Tribulations will find their words lacking weight.

The conditions each can offer are almost similar.

Now it's just a matter of whose Overlord can arrive first and who shows the most sincerity!

At this moment, a few figures cautiously appeared outside the Secret Realm.

Seeing these few people, more than a dozen Fourth Thunder Tribulation practitioners showed disdainful expressions.

Even though these people were not wearing armor, having changed into Daoist Robes.

Many still recognized their identity, the Heavenly Guards.

The Heavenly Guards couldn't hold back, sending people to spy on the information.

Now, the Heavenly Guards have already become a laughingstock on the Heavenly Battlefield.

Lin Wudi, such a heaven-defying genius, was actually forced to the opposite side of the Heavenly Guards by them.

The origin of the conflict was that Lin Wudi killed a Tribulation-Crossing Ancestor while protecting a Blessed Land!

In fact, back when Lin Wudi killed the Li Mo Continent Heavenly Guard Commander of Three Thunder Tribulations in the Bei Kuo Sea, the Heavenly Guards should've changed their strategy.

Transcending one Thunder Tribulation to overcome three, what are they waiting for to recruit such talent?

Not to mention, Lin Wudi even shattered a Tribulation Thunder Thought of a Fourth Thunder Tribulation Centurion!

Such talent, the Heavenly Guards actually sent a Centurion to kill him for the sake of face!

It's simply laughable!

As a result, when Lin Wudi killed the Li Mo Continent Heavenly Guard Centurion in the Danzhou Tianfang Country, the Heavenly Guards actually sent an Overlord to hunt him.

The Heavenly Guards, truly are beyond decayed!

These Heavenly Guards who appeared outside the Secret Realm have become the laughable stock for everyone.

They even faintly hoped that these fools would make a move against Lin Wudi.

In that case, it would give them another chance to curry favor!

Feeling the gaze of those around them like piercing thorns, the Heavenly Guards were already cursing their superiors in their hearts.

Lin Wudi slashing down two Fourth Thunder Tribulations.

Sending them here is no different from sending them to their death!

Forced by their identity, they had to come, but no one would dare defy the heavens and stop Lin Wudi from transcending the tribulation.

They could all feel the malicious gaze of those Fourth Thunder Tribulation practitioners around them.

It was as if they were being looked at like dead men!

"The blessing of heaven and earth, tribulation ended, how long do you think it will take for Lin Wudi to emerge from seclusion?"

Someone was gossiping.

No one could answer this question.

If it were an ordinary Tribulation-Crossing Ancestor, adjusting state would take thousands of years.

Even just beginning to transcend, the Thunder Tribulation phase alone would take hundreds of years.

Healing, adjusting, solidifying cultivation level, would require thousands more years!

Transcending two Thunder Tribulations, from start to finish it would generally take tens of thousands of years!

What about Lin Wudi?

Three days of seclusion!

One day for tribulation transcendence!

No one dared to guess Lin Wudi's time to emerge.

"Lin Wudi's tribulation transcendence was too fast, will the two adults be able to make it?"

"They should be able to make it, right? With the speed of an Overlord, they might arrive in less than half a day! Even if Lin Wudi is fast, could he manage to emerge from seclusion in half a day?"

The Heavenly Guards were secretly communicating.

They were merely here to pave the way.

According to the internal news of the Heavenly Guards, the Nanbo Tuo Heavenly Guard Commander Feng Huiyang and Northern Jambu Continent Law Enforcement Commanding Officer Jing Zixuan would soon arrive.

If it wasn't so, they wouldn't dare appear before Lin Wudi even if it killed them.

Those clueless Holy Land people around still thought they could recruit Lin Wudi, not knowing Lin Wudi was already near death!

With an Overlord's arrival, even if Lin Wudi successfully transcended the tribulation, he would still face certain death!

While the Heavenly Guards were secretly mocking, suddenly they saw the clouds ahead shifting.

"Not good! The Secret Realm is opening, Lin Wudi is about to emerge!"

"How is that possible? Did he not get injured during the Thunder Tribulation? Does he not need to heal?"

"Damn! Could he actually escape?"

"Quick! Send a message to the Overlords, telling them to speed up!"

Lin Wudi first killed a Three Thunder Tribulation Heavenly Guard Commander, then the Li Mo Continent Heavenly Guard Centurion.

He almost annihilated the Li Mo Continent Heavenly Guards entirely!

Making the Heavenly Guards lose all face.

So these Heavenly Guards desperately hoped for Lin Wudi's early death!

To stop Lin Wudi, they even dared to rush the Overlords.

"This... succeeding in the tribulation and immediately emerging, the triple Thunder Tribulation, couldn't even damage his Tribulation Thunder Thought?"

"He's more than a freak, truly terrifying!"

Seeing Lin Wudi emerge, the observing Tribulation-Crossing Ancestors displayed shocked expressions.

Even though they had tried their best to estimate Lin Wudi highly, they still underestimated!

Lin Mu flew out of the air, mildly surprised to see over a hundred observers around, including more than twenty Fourth Thunder Tribulations.

"Daoist Lin, I've long admired your name! I am Fei Yu from Qiantai Holy Land of East Victorious Divine Continent, paying respects to Daoist."

Fei Yu reacted the fastest, being the first to speak.

The others were not to be outdone, hurriedly introducing themselves.

Lin Mu had a peculiar expression.

These people seemed not to be interested in seizing his magical treasures and fortunes.

"On behalf of Qiantai Holy Land, I invite Daoist to join our Holy Land, and the Holy Land can guarantee that within a hundred years, Daoist will assume the position of Holy Master!"

Fei Yu directly stated his purpose, regardless of the others still introducing themselves.

As soon as that was said, everything fell silent.

Many Holy Lands and families were thinking, has Fei Yu gone mad!

The Holy Master is usually the strongest in the Holy Land.

The current Holy Master of Qiantai Holy Land is an Eight Thunder Tribulation Peak Overlord.

Lin Wudi just completed one, no, two Thunder Tribulations, yet promised to make him Qiantai Holy Land's Holy Master within a hundred years?

Even with what each family thought were the best recruitment conditions, they paled in comparison to the conditions of Qiantai Holy Land.

No matter how superior the conditions, can they match becoming a Holy Master within a hundred years?

A few families did have offers of treating Lin Wudi as a Holy Land's Holy Son.

But now, they felt embarrassed to mention it.

Everyone's gaze at Fei Yu was somewhat resentful.

His conditions almost quashed everyone else's hopes of recruiting Lin Wudi.

Unconvinced?

Unconvinced? Then try offering the position of Holy Land Holy Master!

After a long silence, someone finally shouted angrily: "Fei Yu! You're just a mere Fourth Thunder Tribulation, daring to make such empty promises! Do you think Daoist Lin would fall for your trickery?"

This reminder woke many up.

Taking over as Holy Master within a hundred years.

This has too much room for manipulation.

Fei Yu, truly cunning!

However, now that someone exposed the scheme, trying to be clever backfired, and would surely offend Lin Wudi!

Would Lin Wudi be angered into killing?

Chapter 1110: Azure Holy Land, Xu Tuo Overlord!

Lin Mu was also somewhat surprised.

He hadn't expected the Qiantai Holy Land to make such an extravagant offer, actually offering the position of Holy Master to win him over.

Such a thing on Earth would be like a Fortune 500 company recruiting talent right from school, directly promising the position of chairman.

Lin Mu glanced at Fei Yu with a hint of amusement.

Fei Yu appeared completely calm.

The offer made to him by the Holy Land was naturally not to become the Holy Master, but rather to be one of the ten leading figures!

But in Fei Yu's view, Lin Wudi was worthy of the position of Holy Master!

Two Thunder Tribulations in three years.

Moreover, even during the Second Thunder Tribulation, he remained beyond extraordinary!

With such aptitude, the Eighth Tribulation is merely a matter of time!

Were he to join the Qiantai Holy Land, their resources could greatly accelerate this timeline!

Perhaps within a hundred thousand years, Lin Wudi could undergo eight Thunder Tribulations!

The rise of a prodigy is indeed swift!

Furthermore, Lin Wudi is even beyond a prodigy!

Sha Jia, standing nearby, looked at Fei Yu with a solemn expression, feeling a dryness in his throat. The offer Liao Feng Holy Land could make was simply unspeakable!

Fei Yu, that bastard, breaking the rules!

In the Heavenly Realm, it's unheard of to use the position of Holy Land Master to attract people!

Doesn't the Qiantai Holy Land fear misplacing their trust, having Lin Wudi ruin the Holy Land?

Still, Sha Jia understood that there were many subtleties in that century-long term.

If Lin Wudi truly wasn't suitable to be Holy Master, Qiantai Holy Land could do many things in those hundred years.

Nonetheless, Fei Yu openly saying such words in front of so many Holy Lands and noble families was quite shocking to Sha Jia.

Should Lin Wudi prove unsuitable for the Qiantai Holy Land, regardless of Lin Wudi's final fate, the instigator Fei Yu would be hard-pressed to escape death!

Lin Wudi, soared into the sky, his voice resonating in everyone's ears.

"I am the Lord of the Earth Blessed Land, Lin Wudi! In the future, I will only be the Lord of the Earth Blessed Land!"

Boom!

Lin Wudi's words caused an uproar.

He refused?

For the first time in the Heavenly Realm, there was a transaction involving the position of Holy Master, and it was rejected?

Fei Yu looked at Lin Wudi in disbelief.

He actually refused?

The position of Holy Master of the Qiantai Holy Land was cast aside like pair of old shoes!

Sha Jia also gazed in astonishment at Lin Wudi, clad in white.

Not only did he refuse Fei Yu, but he did so completely.

These words imply a rejection of all attempts to win him over.

Lin Wudi would not join any other Holy Land or any other family!

In fact, as soon as Fei Yu made the offer, those influential families had abandoned thoughts of recruiting Lin Wudi.

The Holy Land can promise the position of Holy Master; these families could never yield the spot of Family Head!

Now, seeing Fei Yu being refused, they felt a sense of satisfaction.

That's what you get for breaking the rules; Karma got you!

Fei Yu was stunned for a while, finally shaking his head with a wry smile.

Refusing even such an offer, it truly seemed Lin Wudi had no plans to rely on any family.

However, if that's the case, how would he face the impending threat from the Heavenly Realm Guard?

Not only Fei Yu, but many who had once hoped to recruit Lin Wudi now looked toward the members of the Heavenly Realm Guard.

Could it be the Heavenly Realm Guard had anticipated Lin Wudi's obstinacy and thus did not ease the enmity between them?

The members of the Heavenly Realm Guard sensed the change in the expressions of those around them, feeling inexplicably complex inside.

Oddly, Lin Wudi's words seemed to bring them praise.

At that moment, a voice sounded in the void.

"What if I want you to join Azure Holy Land?"

With the voice, a figure slowly solidified, appearing before everyone.

"Azure Holy Land, Xu Tuo Overlord!"

"I didn't expect, of so many overlords, he would be the first to arrive!"

"Xu Tuo Overlord is known for his strength, this will be quite the spectacle!"

The Azure Holy Land is located in the Southern Spirit Divine Continent, holding a very special position there.

It is one of the two major Holy Lands native to the Southern Spirit Divine Continent, with heritage even older than names like the Divine Continent and Upper Continent.

There's even a saying that Azure came first, followed by the Southern Spirit Divine Continent.

And Xu Tuo Overlord is one of the most renowned figures within Azure Holy Land.

His fame stems from an incident six thousand years ago.

Back then, an Elder from a small Holy Land saved Xu Tuo Overlord's most beloved descendant.

Xu Tuo Overlord personally visited to express his gratitude, offering the Elder's lineage a chance to join Azure Holy Land.

The Elder, torn between his childhood home, refused Xu Tuo Overlord.

Whether it was inappropriate wording or some unknown reason, Xu Tuo Overlord suddenly flew into a thunderous rage, exterminating the entire lineage of that small Holy Land Elder!

Leaving behind a phrase that remains famous to this day.

"I offered you a place in Azure; refusing is a slap to my face, Xu Tuo!"

His cruelty and unpredictability were evident.

Now, with him directly attempting to recruit Lin Wudi, it's uncertain if this is good or bad news for Lin Wudi.

Lin Mu glanced indifferently at Xu Tuo Overlord, saying coldly: "I will not repeat myself!"

With those words, the scene fell into silence.

Many Tribulation-Crossing Ancestors raised their brows.

Indeed, Lin Wudi was rebellious.

To dare speak so boldly to a Five Tribulations Overlord!

Such tone, even towards ordinary-minded Xu Tuo Overlord, would rile them up!

Unsurprisingly, Xu Tuo Overlord laughed in anger upon hearing Lin Wudi's words.

"Haha, excellent! It's been six thousand years since anyone dared speak to me like this. You're excellent!"

With that, Xu Tuo Overlord's eyes gleamed fiercely, seeming to flash with lightning.

"You foolish brat of Qiantai Holy Land, Fei Yu, greeting Xu Tuo Overlord!"

At this point, Fei Yu suddenly stepped forward, speaking boldly.

His two companions failed to pull him back.

This madman, daring to meddle with the Overlord's affairs, had he tired of living?

Xu Tuo Overlord narrowed his eyes at Fei Yu, his gaze cold.

Fei Yu cupped his hands and said: "Before you arrived, I was inviting Lin Wudi to join our Qiantai Holy Land. I wonder if you could give me a chance to continue?"

Madman!

Countless Tribulation-Crossing Ancestors sneered inside.

They understood Fei Yu's intention.

Using Xu Tuo Overlord to threaten Lin Wudi.

If Lin Wudi didn't want to be killed by Xu Tuo Overlord, he would agree to Fei Yu's earlier invitation.

Thus, Lin Wudi would become the chosen candidate for Holy Master of Qiantai Holy Land.

Even with Xu Tuo Overlord's harsh temperament, he would have to show some restraint.

If Lin Wudi refused, provoking Xu Tuo Overlord would only lead to a dead end!

Fei Yu's plan seemed sound.

But it simultaneously risked offending the volatile Xu Tuo Overlord.

Sure enough, upon hearing Fei Yu's words, Xu Tuo Overlord sneered coldly, "Young lad, you think because you're from Qiantai Holy Land, I won't dare kill you?"

"Since that's the case, both of you will die!"

With a flick of his Divine Sense, Xu Tuo Overlord released two Five Tribulations Thunderbolt Thoughts into the air!

Transforming into two giant hands, grabbing at Lin Wudi and Fei Yu respectively!

Fourth Thunder Tribulation, one thought creates a world!

Five Tribulations, one thought forms Dao Arts!

A single thought, a fusion of myriad Dao arts.

Moreover, it's a myriad Dao fusion baptized by tribulation.

Compared with ordinary Tribulation-Crossing Ancestors' myriad Dao fusion, the power is multiplied by tens of thousands!

Under a single hand, the heavens change color, clouds and winds swirl in reverse!
