

War God 1871

Chapter 1871 - Impassable

The man who walked down from the Ancient Ark of the War God could be said to have struck Long Chen's heart when she was the most surprised.

To Long Chen, the arrival of the Spirit Race meant that he could escape Su Zhen's grasp. He could leave the War God's Ancient City, leave the Dragon God Domain, and would no longer be targeted.

He should have come to's God Kingdom early, and was constantly monitoring Long Chen. When the Spirit Race arrived and cause a disturbance, he should have been concerned about Long Chen's safety and the martial magic seed, right? He finally came out of the God Nation, and walked out of the Ancient Ark of the War God.

The battlefield of the Gods was extremely large. The reason why he was able to find this place so quickly was likely because of Su Zhen.

He was mysterious and powerful. Even now, Long Chen still respected him.

Long Chen remembered that both Su Sheng and Su Family's Su Sheng were monitoring him, so why was he able to come here? Could it be that he wasn't afraid of others knowing about the martial magic seed?

At this moment of incomparable nervousness, Long Chen's gaze was cold, to the point where it was hard to breathe. He subconsciously took a few steps back, but there was already no space behind him.

Only now did Long Chen realize that the Su Zhen before him was slightly different from the Su Zhen he had met before. His eyes were actually an evil red color, and within them was a power that did not belong to the world.

"Brother Chen."

Ling Xi's face paled. She knew what Long Chen was currently facing. Perhaps after a while, the Spirit Race would arrive and she would be able to escape.

It was too tragic.

"Come in."

At this critical moment, Long Chen brought Ling Xi and her into the Great Void Realm, they could not allow Su Ju to threaten them.

"The Spirit Race will definitely be here soon. As long as I wait for them to arrive, I will be able to escape. No matter what price I have to pay, I will stall for time!"

That's what he told himself.

It was a very scary sight. He calmly walked in front of Long Chen, paid no attention to Su Muchen and the others, and did not protect him first either. Instead, he said to Long Chen, "It's about time, the Divine Rain is also closed.

If he went back, he would probably have to take the martial magic seed with him.

But how could Long Chen have any martial magic seed for him?

Long Chen's mind raced as he said, "There's no rush for me. Right now, the Spirit Race has invaded our land, desecrated our clan's forbidden area, and even wants to kill Di Yu. Di Yu is the hope of our human race, and since you're here, you should bring him away first. Surrendering him to the hands of a human supreme expert is only a small matter."

Everyone finally understood the identity of this weird man. He was actually from the War God's Ancient City, and should be the Young City Lord.

Hearing Long Chen's words, someone from the Di Jun Divine City said: "This elder, you should have brought us all away, let us enter your God Kingdom, especially Di Yu, the target of our spirit race is him, he absolutely cannot be killed."

"That's right, hurry up and bring Di Yu and leave this place, and deliver him into the hands of those strong warriors as soon as possible."

Everyone started talking at once, interrupting Su Zhen's request.

Long Chen retreated back into the crowd and said: "You protect Di Yu first, I will advance and retreat together with the others, our lives are worthless, even if I am your foster son, you can't treat me extra right? Di Yu's life is the most important thing. "

Long Chen was very smart, but in reality, the first person any human Ranker would protect when searching for him was naturally Di Yu.

Just when everyone thought that Su Tong would rescue Di Yu first, he instead sneered and said: "This is the hope for humans to become Gods, it's too ridiculous, where would there be a heaven forming god. Only I, have found the real path to becoming a god, Long Chen, it's about time, let's go."

His bloody eyes stared at Long Chen's eyes, his body releasing a terrifying aura, like a venomous snake staring straight at Long Chen, his hands were already surrounded by a black halo, obviously if Long Chen was disobedient, he would have to immediately make a move, although the impact was not good, but there was no other way.

"This isn't your real body, right? Your real body is in the War God's Ancient City, but this body of yours is obviously a devil?" However, Long Chen did not answer him. Instead, he made his own guess. Naturally, he said those words for Su Zhen to hear.

Su Zhen coldly laughed and said, "You're right, I am the body of a Devil Dao ancestor. However, right now, I have control over it, so the power flowing within this body is indeed the power of a devil. However, this power is still very weak.

The only thing Long Chen could do was to delay them as long as possible. He hurriedly said, "But there is one thing that you are not clear about, and that is, the martial magic seed is not on me at all."

Long Chen said very seriously.

Su Zhen's eyes narrowed into slits. Clearly, his heart was extremely shaken. This was probably what he was the most worried about.

"The Spirit Race is not here yet!"

Long Chen's heart raced. He was extremely nervous, Su Zhen was an extremely dangerous person, it was very possible that he would tear him apart in the next second!

"What did you say?" Su Zhen's face was cold and grim. Compared to the seemingly gentle and refined him from before, he was like a different person. The Su Zhen before his eyes was filled with a demonic aura.

"I said, when I was in the Martial Magic Cave, I never met any martial magic seed."

Long Chen clenched his teeth and said.

This was a conversation between the two of them.

"So, please let me go. I'm not playing with you. I just want to live." Long Chen said sincerely.

Of course, he did not say these words to make the man let him go, but to stall for time. If he did not say anything, the man in front of him would probably drag him onto the Ancient Ark of the War God, and that would be the end of him.

"What!"

Su Zhen took a step back and emitted a low roar.

His complexion became malevolent and distorted. This kind of aura exuded from a powerhouse, especially that monstrous demonic energy. All of the martial artists present changed one after another, not understanding just what was happening.

"I say senior, hurry up and protect my Di Jun Divine City's Di Yu!"

Someone from Di Jun Divine City shouted.

However, Su Zhen acted as if he did not hear these words. Blood rolled in his eyes as he suddenly reached out his hand to grab at Long Chen. He said, "Whether or not there are martial magic seeds is not up to you to decide. It's up to me!"

It was time to make a move.

It was obvious that Su Zhen did not have that much patience on his side, allowing Long Chen to stall for time.

When he extended his hands, a pair of pure white arms suddenly turned into demon claws filled with green scales, a majestic aura surged forth. In front of this expert, Long Chen felt as if he was a child who had no way to retaliate.

But he could not compromise like this!

He had already survived the previous game of gods. It was just a small test in front of him, how could he give up!

"Whiz!"

The Time Traversing Dragon was activated and Long Chen's footsteps changed. He traveled through the river of time and disappeared before Su Zhen's eyes.

Suddenly, his eyes focused as he said, "Your understanding of the Way of Time has improved by quite a bit. If this goes on, I'm afraid that you won't be able to find me if you continue to use this move."

Sure enough, he still found himself.

An expert of tri-level tribulation of reincarnation and above, she herself was helpless to do anything.

The opponent's footsteps became lighter as he charged towards Long Chen. Su Zhen's simple actions made it difficult for Long Chen to defend against him.

Su Zhen casually extended his hand, and that palm transformed into a giant palm that covered the sky in Long Chen's eyes. It was filled with symbols of power, the Power of Reincarnation swept out, and the Yin yang demon cooperated with it.

Now that Su Zhen had used this body, although his original fighting strength could not be compared to it, it was more than enough to deal with Long Chen.

No one would have thought that they would actually start fighting.

Furthermore, no one knew what kind of pressure Long Chen was facing right now.

"Spirit race!" "Spirit race!"

He was shouting, he was waiting.

The God Slaying Sword and Ling Xi's sword appeared in her hands, and the God Slaying Flame suddenly erupted from her body. The flames caused her own strength to increase crazily, and Long Chen used both of her swords to attack.

There were a total of 99 Dao patterns on the Heaven Slaughter Blood Sword. As the blood light soared into the sky, the Ancient Slaughter Rune swept down, causing people to feel reverence towards this type of slaughter sword dao. However, Long Chen's strength was too weak when compared to Su Zhen's, so the God Slaying Sword was easily blocked by the opponent's casual wave of his hand.

"Whiz!"

Ling Xi's sword pierced through the gap in space. Su Zhen's gaze was gloomy and his patience was running out. He used his palm to block Ling Xi's sword, preventing Long Chen from entering!

The moment he exerted some force, a force that was comparable to a tidal wave came crashing over, causing Long Chen to be thrown into the air, and he was almost thrown into the Nine-colored fog s.

Everyone cried out in alarm again and again.

They admired Long Chen's courage. He actually dared to fight with a powerhouse of this level, but this caused them to be even more shocked by the fighting strength of a powerhouse of Su Zhen's level.

"No matter what you say, come back with me and let me see if there are any martial magic seed."

Su Zhen's cold voice transmitted into his mind.

Long Chen used his two swords to support himself as he crawled up from the ground. Holding his two swords in his hands, his gaze was ice-cold, without a trace of cowardice.

His eyes gave Su Zhen an answer!

"Since that's the case, don't blame me for being ruthless. When I use this body, I usually can't control myself. " Su Zhen said these words with an extremely calm tone.

Chapter 1872 - Killing the Dragons

A thin layer of black cuticle appeared on Su Zhen's skin, enveloping him within it and forming an incomparably hard line. This cuticle was incomparably sharp, comparable to a blade or sword, and possessed the most terrifying power.

"Whiz!"

He seemed to have become a battle machine, his battle speed rapidly increased as he rushed towards Long Chen, both of his hands had already transformed into long claws, showing off his abilities very clearly!

That enormous aura nearly suffocated Long Chen.

Long Chen had no choice but to raise his Spirit Refinement Flames again, allowing his own power to expand once more. The Spirit Refinement torch shrouded his entire body, and the God Slaying Sword was also burning with flames.

The God-Slaying Sword danced in the air before chopping down once more. Although it had never gained the upper hand against Su Zhen, to be able to endure for such a long time in the hands of a powerhouse of this level could only be described as terrifying.

They had all forgotten what happened in the white jade platform, so at this moment in time, even if it was the first time they saw Long Chen using it, they were still shocked by Long Chen's strength. Many of the practitioners who were at the second stage of the tribulation of reincarnation compared to them in their hearts, actually realized that Long Chen was definitely not far from them!

Clang!

Long Chen slashed his God Slaying Sword at his opponent's arm. The God Slaying Sword used the explosive force to break the black membrane on his opponent's body, but it was unable to penetrate through, instead, it had a face full of cold smiles. Long Chen's attack landed on Long Chen's arm, but at the place where Long Chen's sword was, the opponent's fist energy was still able to rush into his own body.

Although it was the body of the Ancestral Dragon, under the impact of the powerful force, Long Chen was still pushed back, falling on the ground once again. This time, he spat out a mouthful of blood, he was already injured!

Even if it wasn't Su Zhen's physical body, the young city lord of one of the 72 - The Ancient City of God's descendants was too strong for the current Long Chen. For him to be able to do this, everyone present was already shocked for him.

What Su Zhen had displayed was the equivalent of the power of reincarnation of tri-level tribulation of reincarnation, and not even the power of reincarnation, but an even more destructive power. It looked weak and weak, but in reality, the explosive and explosive power of this power was the most terrifying that Long Chen had ever seen!

With just a breath of time, his body would be able to clash and bite. Long Chen had to use most of his Nirvana Qi in order to extinguish the destructive force, but even so, his internal organs were mostly injured.

This was a kind of crazy destructive power that went against the flow of chaos, rebelling, and being unrestrained!

The spirit race hadn't arrived yet.

Long Chen knew that he almost couldn't hold it anymore.

He continued to grit his teeth and struggled to stand up in order to survive. At this moment, the Demonified Su Zhen was already standing right in front of him, reaching out a hand towards Long Chen.

Weng! *

Long Chen chose to transform into a dragon, and displayed his strongest battle power!

The blood mist rose, and a huge creature appeared in the middle of Central Square. For a moment, half of the plaza was enveloped by the blood mist, and Long Chen let out a world-shaking roar, he knew that this kind of roar would definitely come from far away. No matter whether it was the Spirit Race or the human race, after hearing this sound, they would all rush over immediately!

BOOM!

The black and cold Su Zhen flew through the air. With a cold expression, he looked at the divine dragon in front of him and said, "Dragon Fighter, in my eyes, is only a giant reptile."

"Is that so?" His disdainful look made Long Chen boil with anger. He could look down on himself, but using the words 'reptile' to describe himself, it would only anger Long Chen's reverse scale, and what he couldn't endure the most would be people who had forgotten their roots. Humans were the descendants of Divine Dragons, this was an indisputable fact.

"Are you angry?" Su Zhen sneered once again.

He was getting impatient. With his abilities, he was sure that a lot of people were rushing towards him. Therefore, he decided to make another move!

The demon in front of him transformed into countless demonic phantoms, his fist transformed into a million fist silhouettes, as he attacked Long Chen's body, taking care of every corner of his ancestral dragon body!

The rage that had been suppressed to the utmost limit finally exploded out!

"Damn thing, how long do you want to keep fighting for!?" Go to hell! Sobbing Blood Dragon Soul! "

Most of the dragon scales on his body started to shine, and dragon prints appeared one after another. One after another, little slaying dragons with bared fangs and brandished claws rushed out, and a total of over three hundred thousand slaughter dragons gathered around Long Chen!

"Swallow!"

The dense flood of evil dragons devoured the millions of shadows of the fists.

This terrifying scene caused everyone's scalps to go numb, especially Di Yu's group. They felt that they were familiar with this killing dragon, and it made them feel fear in their hearts, but they had forgotten when exactly had they spied on this terrifying dragon!

Even the sounds of a small killing dragon could shatter the ear drums of a powerful martial artist, much less a total of 300,000 slaughter dragons.

The Divine Flame had already been ignited to the limit, and 300,000 heads was Long Chen's current limit. These rampaging killing dragons were extremely difficult to deal with, they could only obey one order, and that was to kill!

Long Chen hid amongst the countless small dragons, transforming into a human figure and holding onto the God-Slaying Sword with both hands. He did not know whether or not he would be able to fight against Su Zhen, he only knew that he had to survive!

If he wanted to live, Su Zhen would not be able to capture him!

"Kill!"

With a roar, 300,000 slaughter dragons followed suit, and in a short period of time, a large number of warriors were knocked to the ground. And at this time, the 300,000 slaughter dragons swept Long Chen away, forming a vast view as they charged towards Su Zhen!

"What the hell is this thing!"

Su Zhen's gaze turned solemn. He had evolved his fist shadows and created countless clones. With a single punch, he had created more than ten thousand fists. With the tyrannical power of destruction on his body, a single punch was enough to kill a small dragon!

But the brutality of killing the dragon was beyond his imagination. No matter how fast his fists were, he couldn't completely kill the killing dragon. And at this time, countless blood colored dragons had already pounced onto his body!

"Die!"

The black energy formed a tornado, shattering a large number of small dragons!

Sssii! *

Su Zhen let out an earth-shattering scream as more and more small dragons pounced on him, knocking him to the ground. The dense and concentrated killing dragon would occasionally tear off a piece of his flesh, causing Su Zhen to let out an earth-shattering scream. For a moment, everyone was simply dumbstruck.

"Explode!"

The cuticle on his body had already been completely torn apart. Right now, it was already badly mutilated and his eyeballs were no longer visible, the black energy had formed a vortex and killed many Slaughter Dragons, but soon, even more Slaughter Dragons would swoop down without regard for their lives. Even if they were to lose their heads, they would still firmly bite down on Su Zhen's flesh without letting go!

The Blood Weeping Dragon souls were the most brutal of dragon souls. There was nothing in the world that could stop their love for slaughter!

Bite, tear, and pierce were all their specialties. A thumb sized killing dragon could swallow a hundred-meter-long monster!

Rip!

In just a short moment, Su Zhen was reduced to a skeleton. However, Long Chen's three hundred thousand little dragons were also destroyed by his destructive power.

"Die!"

Long Chen controlled his opponent for an eternal moment for a moment. Then, the Heavenly Slaughter Blood Sword hacked down onto his opponent's head, completely shattering Su Zhen's head!

BOOM!

Su Zhen exploded into an endless cloud of powder.

The remaining ten thousand killed little dragons rushed forward, swallowed all of the powder, and surrounded Long Chen as they let out furious roars. Their gazes landed on the children who came from the various Shencheng, and immediately frightened those fellows to the point that they peed their pants. Even Di Yu was forced to take a few steps back with a look on his face, feeling extremely shocked in his heart.

He looked down upon Long Chen because of what happened with him before, but now, he was on tenterhooks. He wanted to wait until he was strong enough so that he could kill Long Chen and the other small dragons.

In truth, with the destruction of the Sobbing Blood Dragon Soul, there were only ten thousand left, which was almost equivalent to all of Long Chen's energy. He had used up all of his energy, and once again exhausted himself to the extreme.

This was an exceptionally difficult battle, and he had never imagined that he would be able to succeed.

This kind of success was simply too lucky.

If not for the time being that allowed him to dream back to the origin of his power, Long Chen would not have been able to exhaust himself so endlessly. To dream back to the origin and consume his Nirvana's power, yet be able to perfectly restore everything.

When the youth used the God-Slaying Sword to prop himself up, there was absolute silence.

Without any power to support it, the remaining little dragons all returned back into Long Chen's body, filling a small part of his power.

"Brother Chen."

"Long Chen!"

Within the Great Void Realm, the two women had terrified expressions. After the earth-shattering battle had ended, they finally heaved a sigh of relief.

"Long Chen, Su Zhen is dead. Do you not need to go to the Spirit Race?" Li Xuanji asked in surprise.

"NO!" "He's not dead!"

In Long Chen's eyes, there was not the slightest hint of rejoicing.

Firstly, this was not Su Zhen's real body. The real Su Zhen was far stronger than this.

Also, back then, had to kill City Lord Bastard nine times before he could kill him. But Su Zhen's physical body came from his ancestor, a person who had almost become a devil.

Just as Long Chen was thinking about this problem, the drop of meat in front of him started to expand under the siege of the black miasma.

He appeared

The meat grains only took the time to expand and take shape in the blink of an eye.

The perfectly fine Demonified Su Zhen stood quietly in front of Long Chen.

The crowd clamored. The young martial artists basically did not have much knowledge and did not know what had happened. They only knew that Su Zhen, whom Long Chen had killed with great effort, had actually come back to life and even returned to his perfect state.

As for the current Long Chen, he was already at the end of his tether.

At this time, the Spirit Race hadn't arrived yet!

Long Chen confirmed that he no longer had the strength to fight with Su Zhen and reality was right in front of him. It was impossible for him to kill Su Zhen and before the Spirit Race arrived, it was impossible for him to escape Long Chen's grasp.

Su Zhen's expression was especially calm. When he arrived in front of Long Chen, he was only a step away from Long Chen.

Everyone held their breaths as they watched this soul-stirring scene.

At this time, without saying a word, Su Muchen chopped towards Su Zhen with the black halberd in his hand.

"Scram!"

With a casual sweep of his hand, the destructive power collided with Su Muchen's halberd. Su Muchen suffered a heavy blow and was knocked back in an instant.

It was obvious that Su Zhen had become even stronger after his rebirth.

Long Chen believed that they were all coming. His previous roar had already attracted a lot of people, and now, a majority of them were rushing over frantically. Of course, they were all here for Di Yu.

"I didn't expect you to be like this."

He extended his hand that seemed gentle, and finally placed it on Long Chen's shoulder.

Long Chen endured the fatigue in his body, and in the end, looked vigilantly at the other party.

Time quietly passed by, and everyone's heart was beating very fast.

"Tell me, did you actually not obtain any martial magic seed at all? I'm also curious, if the martial magic seed was with you, you would already be as thin as a twig, why are you so strong? In other words, you might be lying to me. "

"In my entire life, I, Su Zhen, hate people who lie to me the most."

His footsteps gently turned, and in the end, he walked behind Long Chen and continued to speak faintly: "However, I won't easily believe you. I have to personally see that you don't have any martial magic seed s in your body, then I'll be willing.

Spirit race!

The two girls in the Great Void Realm were terrified once again. Long Chen felt that he had really failed, to the point that he made people he liked worry for him. Long Chen had experienced the fear in his heart when Ling Xi went to battle, so he knew what the two of them felt right now.

Suddenly, Su Zhen placed his hand on the back of his head.

"The martial magic seed should be planted on your primordial spirit. I suddenly really want to see if it's really there, and I also want to see what your Time Dao Seal is like."

He stuck close to Long Chen's ear and said those hair-raising words.

Long Chen's primordial spirit, is an illusory Great Void Cosmic Dragon!

He had three Dao Seals, Slaughter Dao Seal, Time Dao Seal, and the most terrifying Dragon Jade Dao Seal in the center! No matter what, the Dragon Jade was the most inviolable. If its power were to be released, almost no one in the world would be able to stop it. It might even be a treasure that Long Qinglan did not know about!

As for Su Zhen, how dare he be so bold as to look at his own primordial spirit? Look at the Time Dao Seal?

He could still remember, when Su Zilan and the others entered her God Kingdom, he let the Dragon Jade Dao Seal punish them. But this person who actually wanted to touch the Time Dao Seal, what would his fate be?

Long Chen naturally did not want others to open his own head.

However, under Su Zhen's control, he could only rage, and could only remember today's hatred, but his clothes were unable to resist. At this time, Long Chen had become even more crazy than Su Zhen and he sneered, "You see, you will regret this. There are some things that you cannot just look at just because you want to."

"Oh!"

Su Zhen woodenly nodded his head. His hand suddenly exerted force.

Long Chen could feel a terrifying intense pain coming from his head. Presumably, his enemy's finger had already stabbed into his head.

"Your time of death has come." Long Chen clenched his teeth, he did not let out a sound of pain, but smiled sarcastically and said those words.

This perseverance caused the onlookers to be dumbstruck. They all felt that it was absolutely impossible for them to do this.

Oh my god, that man, his finger had already reached into Long Chen's head.

"Where is your primordial spirit?"

The Sea of Consciousness was an illusory place. It might have a physical entity, or it might be an extremely tiny particle. It might be difficult to find, but it was definitely in the head.

"Ugh ..."

That kind of pain caused Long Chen to suck in a breath of cold air.

"Where is my martial magic seed? Where's my martial magic seed! "

Countless black threads extended out from his fingers, and were like strands of hair that penetrated deep into Long Chen's brain to search for the existence of Long Chen's sea of consciousness. He should be well-versed in this path, allowing him to easily find them, and in this process, Long Chen was currently experiencing inhuman torture!

There was only one belief in his mind, and that was that as long as he didn't die, he would have a chance!

"Found it."

Su Zhen chuckled. With a rumble, the black threads rushed into Long Chen's mind, transforming into a huge black snake that charged towards the center.

"What a big sea of consciousness. Where is the primordial spirit? Where is it?"

Su Zhen muttered to himself as that huge snake swam about in his sea of consciousness.

Suddenly, the black snake collided with a wall.

"This is ..."

It was a huge divine dragon, and the common people resided within Long Chen's sea of consciousness. He did not have a body, and appeared like a fog, only a pair of illusionary eyes that stared at the large black serpent, causing Su Zhen to feel an instinctive sense of fear.

"This is a dragon!"

Such a huge primordial spirit, such a terrifying dragon!

This was simply beyond Su Zhen's imagination.

He was looking for the martial magic seed, the Time Dao Seal!

But what lay before him was an illusory divine dragon!

He finally saw three Dao Seals on the forehead of the gigantic Divine Dragon. One of them was completely black, with a dragon pattern on it, while the one on the right was a blood red Dao Seal. The blood mist diffused, and the killing intent was shocking, while the left was transparent and illusionary, so it should be the Time Dao Seal that he was looking for.

"Is everyone here?"

Suddenly, a panicked voice echoed in the large black snake's ears.

At this moment, he raised his head in incomparable shock. On top of the translucent and illusory Time Dao Seal, a handsome figure suddenly appeared. That face made Su Zhen so scared that his entire body trembled.

Long Chen felt his head becoming muddled.

He suddenly couldn't see what was happening inside. One must know that the Great Void Cosmic Dragon was his primordial spirit and he was about to swallow the huge black snake.

Just as he regained his senses, the huge black snake raised its head in fear. Long Chen no longer hesitated and charged forward, biting the huge black snake into pieces!

"AHH!"

His entire body was twitching, and white foam was coming out of his mouth as he let out wails and wails. Long Chen had not expected that such a situation would occur; it was obvious that he had been frightened, and not injured by.

Just as he was about to use the Origin of Dream to repair the wound on his head, something seemed to appear. Long Chen immediately turned his head.

In that instant, Long Chen forgot all of the pain. Time seemed to have stopped and even his life seemed to have stopped, as the entire world seemed to have vanished before his eyes, leaving only the illusionary figure in front of him. He appeared clearly in front of him, and turned his back to Long Chen.

It was a man with peerless talent, his appearance somewhat similar to Long Chen.

An illusory image suddenly appeared on Long Chen's body. This scene caused everyone present to be stunned, and they all looked at the illusory image in a daze, including Su Zilan.

The figure in front of him was Su Zhen, who was twitching on the ground.

"You, you ..."

He stretched out his finger and pointed at the shadow in front of Long Chen with a trembling finger as he spoke incoherently. His blood-red eyes flashed with the deepest pain and fear, the real Su Zhen, who was countless miles away, had fallen onto the ground and was trembling all over.

Everyone's eyes were focused on the phantom, and for a moment, there was no sound.

His appearance and voice were very similar to those of the legends.

At that moment, his eyes fell upon Su Zhen's body. That familiar voice once again rang out before Long Chen's eyes.

"I don't want to appear, but you're going too far. Is it possible for you to be his foster father?"

This time, not even the powder appeared. What the crowd didn't know was that even the War God's Ancient City's Su Zhen had experienced the same end. No matter how strong he was, in front of this man, he was nothing more than an ant.

This was because this man was the greatest and most glorious legend of the Immortal God Realm in the past million years!

There was no sign of him appearing from the Time Dao Seal, even though it was just an illusion, it was enough to cause Long Chen's eyes to fill with hot tears.

He could barely control himself as he knelt behind the back of this man, his eyes filled with tears. He had walked thousands of miles in order to fulfill the other party's last wish just to wash away the injustice he had suffered. He had never thought that this man could actually exist on him in such a form.

The Long Qinglan in the Martial Demon Cave was fake, but the one in front of him must be real.

Just then, Long Qinglan turned around.

Right at this moment, Su Zilan, who was at the side, looked as if she had seen a ghost, and screamed out the title of this man: Everlasting Dragon Emperor!

Chapter 1874 - Rongguang

After Su Zhen dissipated this time, he was no longer reborn. He had completely disappeared.

This fellow who imprisoned him finally died, but Long Chen did not feel any rejoicing in his heart. This was because in his heart, it was completely filled with the man in front of him, and everyone had a kind of deep love and reverence for their father.

After his identity was exposed by Su Zilan, none of the young people present could wake up from their shock, and most of them were staring at Su Zilan in a daze. At this time, Su Zilan's entire body was trembling, his eyes were opened wide, and his mouth had slightly opened wide to look at Long Qinglan. He was extremely shocked, and after wiping her eyes a few times, she was finally able to confirm that the figure in front of her was the Eternal Dragon Emperor, Long Qinglan!

"How could it be him? He came out from inside Long Chen's head!"

Everyone had a heroic dream and Su Zilan had one too. When she was still young, the Eternal Dragon Emperor was like the sun in the sky, receiving the love and adoration of countless people. At that time, his image was deeply planted in Su Zilan's heart.

She felt that this man wouldn't be the kind of crazy person.

For example, regarding his intention to destroy the war of gods, no one had been able to stop him back then and he had easily succeeded. However, at that time, the Five Dragon Cities and the elders of the 72 - The Ancient City of God's descendants were all trying to force him with their lives.

Otherwise, the war between the gods would not have lasted until now.

This legendary figure had actually appeared in front of his eyes.

This was the most shocking thing that had happened to Su Zilan in her entire life.

The new generation of Rankers also gradually deduced the identity of this man from Su Zilan's actions. After they were born, the Everlasting Dragon Emperor had already become the target of contempt, and they also despised him. In their eyes, the Everlasting Dragon Emperor was an unpardonable scoundrel.

This wicked man was actually still alive?

Didn't they say that he had died long ago?

Although they didn't know how he died, the elders had said that he was completely dead.

But all of these were not important to Long Chen.

He stood up, and his heart was filled with excitement. The man in front of him was smiling at him, and his eyes were filled with tranquility and peace. He stretched out his hand, gently stroked Long Chen's head, and then put it back down, and said: "I didn't want to appear originally, but it's just that this guy is too annoying. "I know you must have a lot of questions."

He paused, and seeing the sincerity in Long Chen's eyes, he sighed, and said: "This is only the soul remembrance that I left on the Time Dao Seal, I told you before, I'm not sure if I died, and more often I wander around in a dark place. The Time Dao Seal, is also a passage for me to appear, but I still do not belong to this world, so I still have to leave."

Long Chen didn't really understand what Long Qinglan was saying. He had a rough idea that the other party was in a peculiar state, where they were unable to determine life or death. Sometimes he thought that he had died, but sometimes he did it consciously.

"Perhaps, I have fallen asleep somewhere. It is even possible that the current me is just a lonely ghost."

When he said that, his mouth revealed a relaxed smile, and at the moment, his kind and tolerant eyes was staring at Long Chen.

"Can I save you?" Long Chen realized that his throat was parched and he had to use all his strength to say these words.

"When you reach my original realm, maybe you can try to figure out what's going on with me. If there's a chance. " Long Qinglan said.

"Oh!" To Long Chen, this was enough. He remembered what he had said today; it was very likely that Long Qinglan wasn't dead, and it was also possible that he had saved him. This news had already formed a brand in his heart.

He would not rest until he was done!

Long Qinglan looked around, and those children were all looking at him with fear in their eyes. He laughed helplessly, and said: "Today, he broke into your sea of consciousness, and I appeared vaguely, but in truth, I am not sure, the Great Void Cosmic Dragon and that Dragon Jade are too mysterious. They involve secrets of the Primordial Era, I can still maintain my consciousness, but I need to return to the Time Dao Seal, and continue my journey in the darkness.

Long Chen also looked around him, and those people had shocked and fearful looks in their eyes. Perhaps, from today onwards, his identity as the son of the Eternal Dragon Emperor s would be exposed, but Long Qinglan had appeared out of nowhere. Since he was unable to protect himself for a lifetime, he would have to face everything that happened next by himself.

Of course, he was not afraid. Long Qinglan had already given him almost everything, he could do many things and he could imagine the turmoil his identity would cause in the Dragon God Domain. But he was not afraid, because he had faith.

This storm might be even more intense than he had imagined.

Go to the Spirit Race. When you are truly strong, you can return to this piece of land. Let these people have a good look at how mighty my son Long Qinglan is. Long Qinglan smiled. He believed even more in Long Chen's ability to accomplish all these.

Son!

It was just that they looked so similar and were so familiar, so it was not difficult to guess with this identity. Even if Long Chen could deny it, others would think that they were related. Furthermore, Long Chen would not deny it.

"Then, it's time to go back. If fate wills it, maybe we can meet again. " Long Qinglan said his last sentence. He looked like he was in a good mood today, and might be because he saw Long Chen's progress. With time, his future would simply be limitless.

Amidst everyone's astonished gaze, the image of the Eternal Dragon Emperor disappeared before Long Chen's eyes, completely disappearing. His surroundings became empty, and everything was gone.

For a moment, Long Chen stood alone in the distance.

His physique was astonishing, and after such a short period of recovery, he had regained his fighting strength.

"Father!"

Long Chen clenched both his fists, the appearance of Long Qinglan today gave him great hope, although the other party's words were extremely vague and did not match with what he had said previously, making it impossible for others to differentiate between the truth and the false, but at least Long Chen knew, that maybe he was still alive, and he could still meet him!

That was enough!

In his heart, an unparalleled fighting spirit suddenly rose!

In his chest, his blood was boiling, and his entire body was on fire.

From today onwards, he would no longer have to worry about Su Zhen. However, the appearance of Long Qinglan meant even more trouble for him. His identity was presented right in front of everyone, and because of that identity problem, he would encounter even more trouble, even more trouble!

If he was still a human, Long Qinglan would be despised, and Long Chen would not be able to continue on, thus, the Spirit Race had to go, but the goal of going to the Spirit Race was to return in the future, not to let Long Chen escape!

When the spirit race and human experts had yet to arrive, the others had finally reacted to it. Among them, Di Yu opened his mouth and asked: "Long Chen, that's Long Qinglan? What have you to do with him? Are you his son? Grandson? A puppet? "

Since he was young, there had always been people comparing him to the Eternal Dragon Emperor. Just a moment ago, he saw that the so-called Eternal Dragon Emperor was just like that, which was why he felt a little displeased in his heart.

Long Chen only coldly glanced at him, he closed his eyes and did not reply, waiting for the arrival of the Spirit Race.

In his realm of consciousness, everything returned to normal.

As for the situation they were in today, it was just as Long Qinglan had said. There was no need to do anything, no need to explain anything, as long as they grew stronger, as long as he could prove it, those slanders would self-destruct!

"Long Chen!"

At this time, Su Zilan was still standing in front of him. She still looked around, hoping to find that person's trace, but she was quickly disappointed.

"Let's go." Seeing that her attitude was not too bad, Long Chen answered.

Su Zilan's expression was excited, and asked again: "Tell me, are you his son?"

This question made everyone stretch their necks and they impatiently waited for Long Chen's answer. If Long Chen answered yes, then this would definitely be a huge piece of news! Several thousand years later, the son of the Eternal Dragon Emperor actually appeared! That man who had created countless legends and was worshipped by countless people, yet had been despised at the peak of his life, had actually left behind a son?

This son of his actually came from the lower realms to the Immortal God Realm?

The significance of this was just too great, so everyone held their breath, just to see Long Chen's nod.

Long Chen knew that if he nodded, that would cause a huge commotion, and would bring him huge trouble. Even if he went to the Spirit Race, when he returned to Dragon God Domain in the future, he would be humiliated, interrogated, and even considered to be the same as his father, a traitor. Long Qinglan was deemed to be betraying the ancestors, bringing about huge disasters for the human race, and Long Chen was naturally deemed to be someone who relied on the Spirit Race, similar to the Eternal Dragon Emperor.

If he nodded, it meant that his life would no longer be peaceful.

But!

This identity was the supreme pride of Long Chen, and he was such a person. Even if there was an iron wall in front of him, even if he had to be smashed until his head bled from the impact, he could not give up the pride and honor in his heart.

So, he nodded heavily and said, "Yes!"

Chapter 1875 - The Great Emperor Bell

As expected, the word caused a huge uproar here. It was not only Su Zilan, even the new generation warriors all had wonderful expressions, they were even more shocked. The gaze they used to look at Long Chen was filled with disbelief, no matter who it was, this news was too explosive.

For a time, the crowd burst into an uproar.

Su Zilan took two steps back, her eyes opened wide as she looked at Long Chen, his entire body shivering, and she stuttered: "You, you really are his son? Heavens, his son had actually appeared!"

Everyone in the Dragon God Domain was familiar with the Eternal Dragon Emperor, it was quite a heaven-defying legend. He had died forever without leaving any trace in this world. Yet today, his son had appeared in such a manner in front of everyone.

Even someone like Su Zilan was momentarily unable to accept this fact.

The new generation of god blood descendant did not know much about the Eternal Dragon Emperor s, so they did not have as deep of a feeling as Su Zilan did. They had listened to their seniors describe the Eternal Dragon Emperor s since young, so they hated and despised the figure of the Eternal Dragon Emperor s. They did not particularly like Long Chen to begin with, but at this moment, besides shock, there was also a trace of despise in their eyes.

"So it's actually Long Qinglan's son. No wonder he's unruly and unruly, his attacks are ruthless."

"He's not even a hundred yet. In other words, Long Qinglan is still alive? "This is big news!"

The gazes they used to look at Long Chen with had already isolated Long Chen from the rest of the world. They also believed that this young man would definitely face the accountability and

imprisonment of their elders, and would not even be able to obtain his freedom for all eternity, and would instead be killed to vent their anger. After all, quite a few people had been killed by the Eternal Dragon Emperor back then. They couldn't help but reject this thief's son. At that time, everyone in the world would be like this as well.

He was destined to be humiliated and bullied because he had a father that the world despised.

The expressions of these people were something that he had long anticipated, and today, they were deeply rooted in his heart. To him, the Dragon God Domain did not belong to him, but to him, it was a battlefield.

"Long Chen!"

In the beginning, she didn't have much feelings for Long Chen, but at this moment, she had forgotten about Su Zhen's death. In reality, she didn't even know that Su Zhen, who was far away from War God's Ancient City, had truly died. She just felt sorry for the child.

"You are his son." Su Zilan was in a bit of a trance.

"Don't touch me." Long Chen took a step back, and avoided her hand. What he needed was not sympathy, but pride.

Because of the previous battle with Su Zhen, the spirit race and human experts had all rushed over. Just as everyone was feeling incomparable shock at Long Chen's identity, an enormous change finally occurred to the Central Square's surroundings.

Right at this moment, behind Long Chen, which was behind everyone, that stretch of Nine-colored fog was fluctuating crazily. With an explosive boom, countless Nine-colored fog exploded and charged towards the crowd from above. A moment later, all of the Nine-colored fog scattered and a terrifying Dao Artifact appeared in front of everyone's eyes.

In that moment, the God Slaying Sword released a wail, hiding within Long Chen's body.

In the Great Void Realm and Divine Kingdom, the other Dao artifacts that Long Chen were hiding started to tremble as well, and they bowed towards that Dao tool.

It had to be said that up until now, Long Chen had seen the most terrifying Dao Artifact. He was not very big, and was only about the size of a palm. It was a bell that was made from flowing water.

In that moment, the bell that was formed by the flowing water suddenly enlarged and covered the entire area, absorbing everyone into the divine bell, causing it to be completely protected. The artifact also occupied half of Central Square, and only after everyone was trapped within the artifact could they clearly see the astonishing artifact.

Long Chen immediately stabilized his body. At the moment, his surroundings were already covered by a transparent stream of water, that flowing water looked simple, but in reality, Long Chen had realized something, there were billions of water droplets, and each water droplet seemed to be a single world. This divine bell had billions of world, and every world was like the Divine Kingdom.

It was clear that such a Dao tool came directly from the Ancient Era and possessed a great reputation even in the Dragon God Domain.

Sure enough, someone shouted: "It's my Supreme One Emperor Bell! "This is a Dao artifact that our City Lord possesses. Legend has it that it has more than 500 dao runes that gather the power of 100 million Divine Kingdoms and have once suppressed countless ancient Giant Demons. Its might shakes the heavens!"

"The Great Emperor Bell! Isn't this a Dao Artifact that only the direct disciples of the ancient god can use? ~ Could it be that the Taiyi City Lord is here? He's protecting us! "

The appearance of the Supreme One Emperor Bell made everyone forget about Long Chen's identity for a moment. Everyone was immersed in joy and hope, and Di Yu, who was protected in the center of the Supreme One Emperor Bell, had evidently received special treatment.

The Emperor's Bell was protecting the young generation of the various Shencheng s, but Su Zilan was not summoned in, so she immediately rode her Ancient Ark of the War God and escaped into the midst of the Nine-colored fog, observing from the surroundings.

"The Supreme One Emperor Bell. We are definitely safe now. With it here, we don't have to be afraid at all. In this world, there aren't many people who can break a Dao Artifact with more than 500 dao patterns on it."

Everyone was rejoicing.

"More than 500 Dao patterns?" Long Chen was dumbstruck. This Dao weapon was devoured by the God Slaying Sword, even the God Slaying Sword did not dare to do so. After all, archaic instrument had a spirit, the power of that spirit was enough to destroy the God Slaying Sword.

Countless water droplets swirled around him. Each one of these water droplets contained an endless amount of weight, enough to collapse a mountain.

This was a truly heaven-shaking, earth-shattering Dao weapon. It had been tens of millions of years, and most likely hundreds of masters had died.

"I was trapped by the Emperor's Bell, how is the Spirit Race going to bring me away? Why hasn't the Spirit Race come yet? " Long Chen's heart surged.

Just at this time, the Emperor Bell protected everyone, and struck towards the direction of the Nine-colored fog. It was obvious that the Taiyi City Lord had not arrived yet, but the Emperor Bell had already arrived.

"It's safe!"

Everyone was incomparably excited.

In the next moment, from the Nine-colored fog in front of them, five streaks of colorful training suddenly erupted. Those gorgeous silk instantly wrapped around the Supreme One Emperor Bell, and in a short period of time, they had actually become extremely tight, almost covering the transparent Great Emperor Bell.

When the two clashed, it caused everyone to be shocked. The brilliant rays of light shining from the rainbow light actually blocked the edge of the Primordial Emperor Bell for a moment, and just as the clock was about to retract, it was actually tied down by the five colored lights. The Emperor's Bell that was originally about to return to the control of the Taiyi City Lord, was entangled by the rainbow lights, and was unable to move.

"Could it be that this multicolored training is on the same level as the Supreme One Emperor Bell?"

Everyone was shocked as they guessed.

If not for the sudden appearance of this colorful training, everyone would probably be in the control of the Taiyi City Lord now.

A few warriors came down from the Divine Boat, each of them had long hair and beards. They were not young, had great strength, and with just a glance, one could tell that they were important figures.

At the same time, a multi-colored Divine Boat rushed out from the front. The few beautiful women who came down from the Divine Boat were either dignified and lively, noble and sexy in all kinds of ways, and their slender figures were captivating. One of them, a woman who was completely white, was holding onto five colored swords, attracting everyone's attention for a moment, because she had used her own strength to tie down the Emperor Bell.

The experts of both sides met just like that.

This old man was wearing a golden long robe and was extremely domineering. Although his hair was white, his eyes were sharp and full of power, with a pair of deep divine eyes that shined with light. Clearly, he was a person close to becoming a god.

This was the City Lord who came from the Supreme One Shencheng, the Taiyi City Lord!

The Supreme One Shencheng was the closest to the God Battle, so the Taiyi City Lord was the first to rush over. When they were still near, he used the Emperor's Bell to protect them, otherwise, the Spirit Race would have taken the initiative and Di Yu would have died long ago.

"The Spirit Race's Goddess Heart and this Miss Sheng, their reputation is indeed well-deserved." The dull voice of the Taiyi City Lord came out, there was an immense power within it, and every word of it was able to cause the surrounding Nine-colored fog to tremble.

On the Spirit Clan's side, the Holy Spirit was training hard, if the Emperor Bell was taken back, then the mission would basically be a failure, so the Holy Spirit was not slacking at all, she calmly said, "The Taiyi City Lord is not bad, just that your life is not long, I think you must be very afraid of the Eight Tribulations, haha."

They were all Seven Star tribulation of reincarnation martial practitioners.

"Being able to protect Di Yu today, what regrets does this old man have? "My clan's Di Yu will eventually become a god. In the end, he will definitely exterminate the Spirit Race and Spirit Race. He will have to pay a heavy price for today's reckless actions."

The Holy Spirit said, "Let's talk after you take back the Emperor's Bell."

As she said that, she exerted strength in her hand and that training technique actually pulled the Supreme One Emperor Bell towards her. It was really unimaginable that her seemingly weak body could actually erupt with such power, in that instant, Taiyi City Lord's face tightened along the way, and became completely red.

"Unlimited One, Emperor Bell Demon Subduing Bell!"

Taiyi City Lord changed her fingers. In that instant, the Emperor Bell erupted with astonishing power, telling everyone that once it started spinning, it would emit tearing sounds, and it was almost torn apart.

Long Chen and the others, stuck in the center of the Emperor Doom's Bell, were tumbling around.

Chapter 1876 - A lifetime

He was charging all the way!

Mo Xiaolang's speed was still increasing, the Heavenly Fox Demon Flame in his body had not been completely digested yet. As time passed, the Heavenly Fox Demon Flame had been completely absorbed, whether it was his physical body or his primordial spirit, both were improving at an unprecedented rate.

He had no time to worry about these things.

At this moment, his pair of scarlet eyes had practically turned liquid. The blood that flowed within them was like a sea of blood, and strange rays of light flickered within.

Inside his body, the power of Nirvana had completely transformed into a destructive power. Any time this power overflowed, it would destroy the surrounding mountains and forests without leaving even a single blade of grass.

"Yan Er! You have to hold on, wait for me! "

Mo Xiaolang rushed frantically, at the same time releasing low growls at the star runes.

On Su Yan's side, the temperature of the Cauldron had risen, and the medicinal ingredients had entered her body one by one. The so-called medicinal ingredients were actually poisonous insect venomous beasts, the ancient beasts were all extremely poisonous things, it was really a mystery how Yu Chang found these things.

What was she going to do with a half demon?

Most importantly, what Mo Xiaolang wanted to do the most right now was to eat this woman to pieces. His instinctual desire towards his enemy had changed, previously, he wanted to kill his enemy, but now, his more direct desire was to eat his enemy to death.

Only then could he truly vent his anger!

"wolf cub, I can't take it anymore. Don't look for me, you're not his match!"

The poison aura had already entered his body. This scene caused Mo Xiaolang to recall the time when she was transformed into a half demon; that was the boundless pain in his heart, yet this scene was actually happening again at this very moment.

"Phew ..."

Mo Xiaolang discovered that he had become even more crazy. His other eye was also gradually turning into a blood-colored liquid, although he was in human form, he was panting heavily. The gas he exhaled was actually black, it pervaded the entire forest, and when it came into contact with a tree, it would immediately corrode clean the entire tree!

"So hot!"

However, it was as if the entire world had turned blood-red, and no one could trust him anymore. There was only Su Yan, but she was so weak, so pitiful, that every time she saw her current weak state, it was as if her chest would explode.

"Aooo!"

When it came to trees or rocks, he would directly crash into them. These things could not stop him at all, and the black flames around his body were burnt into pieces, so the mark he left was very obvious. Even if the Nine Tailed Heavenly Fox did not know that he was going to the Thousand Serenities Valley, it would still be able to catch up to him.

Two hours!

After spending a while, a quiet mountain range finally appeared in front of them. There were a total of a thousand mountain peaks, and a large number of deep blue trees, this was Thousand Desolate Valley, part of the Snake Tribe's world. Mo Xiaolang was able to find Thousand Desolate Valley because he could already smell Yu Chang's stench.

This Snake Tribe witch!

Qian You Valley was the territory of the Snake Tribe, of course the Dreamy Fox Divine Palace was the number one fox here, other Spirit Demon races would not be too strong here, but Qian You Valley was a type of territory called 'Gengjiang Monster Snake', the Gengjiang Monster Snake's body was huge, they transformed into a snake shape, once seen as a vast river, with a tough body, their fighting strength was also not bad.

A mature Gengjiang Monster Snake was able to pass through two sets of tribulation of reincarnation. A few with extremely strong innate talent were able to roughly reach the tri-level tribulation of reincarnation, and Yu Chang was the only one with tri-level tribulation of reincarnation in the entire Qian You Valley.

In total, there were around a thousand or so Gengjiang Monster Snake in the Thousand Nether Valley, and each one occupied a mountain peak.

After arriving at this place, the only thing left in Mo Xiaolang's mind was to save Su Yan.

Amongst the thousand mountain peaks, he could clearly feel where Su Yan was. At this moment, Mo Xiaolang had transformed into a huge demon wolf and rushed into Thousand Deep Valley. For a moment, countless Gengjiang Monster Snake were stunned because the current Mo Xiaolang was simply too big in terms of size.

A thousand meter long Gengjiang Monster Snake stood horizontally in front of Mo Xiaolang, and shouted loudly: "Who are you, to actually barge into my Thousand Desolate Valley, what are you waiting for!?"

When he said the word "no", he welcomed the sight of the same blood-red eyes of the Sun Devouring Demonic Wolf. He opened his mouth and bit, causing the Gengjiang Monster Snake's snake head to immediately shatter.

Countless Gengjiang Monster Snake rushed out of Thousand Nether Valley, watching this shocking scene.

The guards were directly eaten ...

Kcha.

The snake body and tail landed on the ground, and the snake head in its mouth would be burned clean. Its sharp teeth were filled with blood and it was a deterrent to the group of people, causing hundreds of Gengjiang Monster Snake s to not dare enter, as they stared at the pack of wolves in a daze.

BOOM!

Without a second word, Mo Xiaolang rushed to the bottom of a mountain.

He released a world-shaking roar, his huge claws flipped, and the entire mountain was blasted away, revealing the belly of the mountain. Inside the belly of the mountain, a medicinal cauldron around ten meters in diameter appeared in front of the Sun Devouring Demonic Wolf, and beside the medicinal cauldron, a woman dressed in revealing clothing, with a curvy figure, stared blankly at the Bloodthirsty Demonic Wolf in the sky, she was stupefied for a moment.

She knew who this was, but the current Mo Xiaolang compared to that immature youth, the difference was too great. The current Mo Xiaolang, was simply like a devil.

"Clan leader Yu Chang, this wolf tribe member has barged into Qian You Valley and killed Yu Se!"

There were already many Gengjiang Monster Snake surrounding them. They looked at the Sun Devouring Demonic Wolf viciously, waiting for their powerful clan leader to take care of it.

And in Mo Xiaolang's eyes, nothing was important.

He took human form and descended towards the medicinal cauldron. Finally, he stepped on the medicinal cauldron, disregarding everything else and opened it. At that moment, the girl with jet-black complexion was soaking in the medicinal liquid, surrounded by poisonous insects and venomous beast.

"Yan Er!"

Mo Xiaolang jumped in, not caring about anything else, and carried Su Yan up by the waist. Fortunately, he had made it in time, otherwise, Su Yan would have died, he blamed himself, because he had not protected well enough. Now that he had personally witnessed Su Yan's miserable state, his heart was twitching, and two streams of tears fell down uncontrollably.

It wasn't that men didn't have tears, it was just that they weren't sad yet.

"wolf cub!"

When she opened her eyes, the light was very blurry. In the end, she saw Mo Xiaolang's eyes, which were filled with tears, and it made her very anxious. She immediately helped Mo Xiaolang to wipe them, and said in an aggrieved manner: "wolf cub, don't cry."

That Gengjiang Monster Snake, he roughly knew what was going on.

It was obviously Yu Chang's fault, she stole the people by the wolf's side.

But to Gengjiang Monster Snake, their view of good and evil had always been based on themselves. No matter what the other party's reason was, barging into Thousand Gloomy Valley and even directly killing people, was a provocation towards the Gengjiang Monster Snake.

"Clan leader, kill him! This is too audacious! "

"Yes, are you able to kill the snake tribe of our Thousand Gale Valley?"

"Kill him, hang his body at the door!"

Nearly a thousand Gengjiang Monster Snake were gathered together, and all of them were discussing the same thing.

At the beginning, she really did not think that Mo Xiaolang would actually come to such a place. She had asked around before, and Ruo Xi was not allowed to leave the Skyfox Region. Mo Xiaolang seemed to have become a little scary, so she had no choice but to think about it.

At this time, Mo Xiaolang took all of the immortal spirits Long Chen had left him and tried to ease Su Yan's pain. Yu Chang reckoned that she had not really started refining the pills, if not Su Yan would have been burned to death a long time ago.

A short while later, Su Yan finally calmed down a little.

"wolf cub, how do we escape?" Su Yan woke up a little and asked worriedly.

Mo Xiaolang lifted his head and saw countless Gengjiang Monster Snake staring at him fiercely with malicious intent.

"Escape? Why did I run away? What I want is to kill them all, not a single one is left. "

Mo Xiaolang revealed a cold smile and said coldly.

"Is that good?" Su Yan asked dumbly.

Of course she hated Yu Chang. Only the others, although they were also very detestable, Su Yan had a kind nature.

"Rest assured, I will soon be able to control the life and death of everyone. When that happens, no one in the world will be able to bully you!" They all had to die! "Because they pushed me into the abyss."

Mo Xiaolang hugged the young girl in his embrace tightly.

His embrace was still the same, unchanged.

"No matter what you do, I will always follow you. I like you very much. In this life, or in the endless cycle of reincarnation, nothing will ever change."

Su Yan bit her lips and said resolutely.

"That's enough."

Mo Xiaolang took a deep breath.

At this time, Yu Chang was already standing in front of them.

"Yo, I haven't seen you for a few days. You seem to have gotten much stronger."

Yu Chang teased.

Mo Xiaolang did not respond to her, because in his heart, he was already a dead person.

"But, since you've killed my people, I can't just let you go like this. You guys love each other right? Then, inside my Cauldron, you will be like a pair of tormented lovebirds. What do you think? "

This was not the Skyfox Region, so she did not need to be worried to prevent the Nine-tailed Sky Fox from finding out.

Who would let a piece of meat fly away?

Hearing this, the Gengjiang Monster Snake s became extremely excited, they wriggled their huge bodies, and the ground shook for a moment.

"Yan Er, sit there and don't move."

Mo Xiaolang had transformed into a Sun Devouring Demonic Wolf, allowing Su Yan to sit on its wolf's neck. The black flames formed a space to protect her, but at this time, the Sun Devouring Demonic Wolf once again revealed its sinister teeth, its gentleness only towards Su Yan. When he faced her enemy, the destructive power that belonged to the devil exploded forth once again!

Chapter 1877 - Mountains and Rivers

When the endless destructive power exploded out, even the Nine-tailed Heavenly Fox could not withstand it, let alone this group of Gengjiang Monster Snake.

It was impossible for anyone to achieve such a huge improvement in a short amount of time. The last time they had met, Mo Xiaolang didn't even have a tribulation of reincarnation, so he was naturally far from being Yu Chang's match. But now, why did he feel a little fear in his heart when he saw this Sun Devouring Demonic Wolf?

He was even trembling inside.

"Attack!"

Yu Chang did not dare to do it herself.

These Gengjiang Monster Snake were already hated terribly by Mo Xiaolang. After he protected Su Yan, the accumulated anger was finally released.

At the same time, dozens of Gengjiang Monster Snake s rolled their huge bodies and rushed towards the Sun Devouring Demonic Wolf. The Gengjiang Monster Snake's body was huge, and when it walked, it looked like a flowing river.

The Sun Devouring Demonic Wolf's eyes were scarlet, and without a word, his body burned with the Nine Hell Devil Ancestral Fire, which rose along with his power. Hence, at that moment, the Nine Hell Devil Ancestral Fire was already a miraculous treasure of heaven and earth!

Whoosh!

The Sun Devouring Demonic Wolf turned into a huge black shadow, passing by countless of Gengjiang Monster Snake s. At the location of the Nine Hell Devil Ancestral Fire, most of the Gengjiang Monster Snake's bodies would turn into ice sculptures. With a slight movement, the ice sculptures would shatter, and large chunks of flesh and blood would crumble.

For a time, endless screams of agony rang out from the Thousand Nether Valley!

All the Gengjiang Monster Snake, no matter who it was, were completely no match for the Sun Devouring Demonic Wolf.

This scene stunned Yu Chang.

Even Su Yan was momentarily unable to believe that Mo Xiaolang had actually become this strong.

Yu Chang's face became unsettled.

"There's something strange about this wolf clan. I can't fight against them head on!"

Thinking about it here, Yu Chang abandoned Qian You Valley, turned, and ran.

Mo Xiaolang had expected her to do this.

He had already promised on the way that he would give Su Yan back to her a thousand times over. His purpose for coming here was to let this fellow taste all the pain, so how could he let her escape so easily!

Sssii! *

It was at this moment that the Nether Demon Ancestral Fire in his body began to rapidly expand.

"Heaven and Earth smelting furnace!"

Whether it was the trees or the mountain rocks, all of them were turned into ashes in the blink of an eye. The Gengjiang Monster Snake s, regardless of their size, were all frantically screaming in pain as they fled, but no matter how they rolled, they were unable to escape the control of the Sun Devouring Demonic Wolf, even Yu Chang himself!

Amidst the roiling Nine Hell Devil Ancestral Fire, the only thing she could do was guarantee that she wouldn't be killed for the time being!

BOOM!

The Gengjiang Monster Snake shattered into pieces, turning into ashes, and was burned to death one by one. The entire Thousand Gloomy Valley was destroyed without a single blade of grass growing.

Those thousands of Gengjiang Monster Snake s had been completely destroyed without even the simplest bones remaining.

The Nine Hell Devil Ancestral Flame beside Yu Chang disappeared.

Her face was filled with fear, and she almost knelt down in front of Mo Xiaolang, her entire body trembling as she looked at her surroundings, the charred area, she could not believe that it was done by the child in front of her. His blood red eyes, were not that of a child, but a peerless demon!

In her moment of fear, she was unable to maintain her demonic beast body.

At this moment, she was sweating profusely, looking at Mo Xiaolang in fear, she said immediately: "You may have misunderstood me, I am helping her to turn back into a human, so that she will no longer be discriminated against, you can't kill me, I am helping you!"

Mo Xiaolang turned into a human and hugged Su Yan. Both of his eyes had already turned into a bloody liquid and his voice became incomparably cold and indifferent: "But just now, someone seemed to have said that they wanted us to be a pair of lovebirds."

Yu Chang knelt on the ground, revealing tears of fear and said: "I was just joking with you guys, how could I take it seriously. Believe me, I can turn her into a human! End her suffering! "

"Bullshit." No matter what she is, it doesn't matter. From today onwards, if anyone dares to discriminate against her or look down on her, I will kill them. From then on, she will no longer change her appearance for the sake of others, because she is the most beautiful person alive! "

Yu Chang was confused, she felt that Mo Xiaolang was crazy, but the little girl beside her caused his heart to feel at peace. Normally, crazy people would not have any feelings, but why was he so deep in love?

"It seems like this trump card is no good!"

She had originally thought that Mo Xiaolang would let her go just because she could turn Su Yan into a human.

Just as Mo Xiaolang was about to make a move, she suddenly ripped off all the clothes on her body, and revealed her proud and arrogant body in front of Mo Xiaolang. His snow-white skin was so fragile that it could be said that his chest was swaying, like two big snow-white fruits, full to the point that a few drops of water almost flowed out. His slim waist was like a water snake, full of energy, and his perky buttocks were even more so filled with an endless temptation, causing one's blood to boil.

She swayed her voluptuous body in front of Mo Xiaolang's eyes, and said with allure: "As long as you don't bother with me, I'm willing to be your servant for all eternity, to serve you. I can do anything for you.

Indeed, compared to her proud body, Su Yan was still too young.

She thought that all the men in the world were the same. Facing this kind of primal temptation, no one would reject a tri-level tribulation of reincarnation and allow themselves to be used as a servant.

Then, she saw the expression in Mo Xiaolang's eyes, it simply didn't change in the slightest.

Suddenly, he opened his mouth and spat out a large amount of Nether Demon Ancestral Fire. That terrifying ice-cold flame instantly surged out, covering a distance of over a thousand meters and turning everything in front of his eyes into a sea of fire.

"AHH!"

She wanted to break out of the encirclement of the Nether Demon Ancestral Fire, but unfortunately, Mo Xiaolang's eyes were extremely cold and detached. Under his control, the endless Nether Demon Ancestral Fire turned into a huge fireball with a diameter of a hundred meters that completely surrounded Yu Chang.

The Gengjiang Monster Snake's body was indeed very strong, but Mo Xiaolang's Nine Hell Devil Ancestral Fire was of such a large scale, that no matter how hard she struggled, she would be burned to death sooner or later.

He held Su Yan and floated in the air, coldly watching the flame feast.

She had already regretted it to the extreme, but there were not that many opportunities in her life. She would have to pay a heavy price for daring to do something.

This was much more painful than killing her directly.

When the nine Netherworld Devil Ancestral Fire finally dissipated, a beautiful black ice sculpture stood atop a mountain peak. That was a woman with an extremely good figure, without a single strand of hair, and only one ice sculpture was enough to make people drool. Unfortunately, this ice sculpture woman's expression was too painful, too distorted, and destroyed this precious art piece.

Behind him was the scent of the Nine-tailed Sky Fox.

They had already caught up.

But, Mo Xiaolang had already completed everything.

In the sky, he silently watched everything happening in Qian You Valley until all the people he was suffering for died. He finally woke up, the blood color in his eyes slowly faded away, and his eyes became clear again.

Thinking back, all of this really made one feel absent-minded.

From the moment he realized that Su Yan had disappeared, to the moment he killed her and saved her, she was safe and sound. No matter the price he had to pay, Mo Xiaolang had never regretted it.

However, there was nothing that could be done about it.

The two of them came to the Spirit Demon race, but due to the chaos they caused, the Skyfox Region could not go back. Ruo Xi could only say that he was sorry.

"wolf cub, are you alright?" Su Yan tilted her head, looked at the vast land, and asked with some fear. Mo Xiaolang laughed dryly, scratched his head and said: "I'm fine, I'm fine."

"Oh, oh." Su Yan nodded heavily, and asked: "What should we do? How can I explain this to Big Sister Ruo Xi? Do we still need to return to the Skyfox Region? "

She still didn't know what had happened to Mo Xiaolang in Skyfox Region.

"I'm not going back. It's rare for me to leave."

Mo Xiaolang said.

"Then where are we going?" Su Yan asked curiously.

Mo Xiaolang waved his hand, stopping her shoulders and saying: "That is not important, what is important is that we will start to wander around together, to live a free and unrestrained life! I'll take you through thousands of mountains and rivers, throughout the entire Immortal God Realm. and finally to our Three Great Imperial Domains, to your hometown, how about it? "

Su Yan jumped up in joy, and said: "Okay, okay, I really miss father and sister!"

At this moment, the morning sun had already turned into the scorching sun.

Mo Xiaolang faced the blazing sun and started to escape.

Only after they left did the Nine Tailed Heavenly Fox and the others arrive. What they saw was the destruction of the entire Thousand Nether Valley, turning it into charcoal.

"That's ..."

They arrived in front of Yu Chang and looked at the extremely alluring statue.

"It's the boss of the Thousand Gale Valley's Gengjiang Monster Snake. He's already dead."

"She's at the tri-level tribulation of reincarnation ..."

"That brat must have killed him!"

Everyone's eyes were filled with even more shock.

"The Gengjiang Monster Snake, should be Yu Chang, and what did she do to the half demon beside him?"

"However, we, the Nine Tailed Heavenly Fox, have suffered a huge loss this time. We must not let this brat go, it to the Dreamy Fox Divine Palace, gather the power of the Dreamy Fox Divine Palace, and kill this child!"

Chapter 1878 - Choice

BOOM!

The Taiyi City Lord simply sat cross-legged on the ground, closed his eyes, and performed a spell. With the divine power of the seven stars, he summoned and manipulated the Emperor Bell to return!

"True Supreme Water, listen to my commands! Quickly return!"

The Taiyi City Lord had trained for more than twenty thousand years, and had passed through the seven stages of reincarnation tribulation. He was a wise man in the human race, and had become a god who

had become a god who had possessed the Emperor Bell for thousands of years. The Emperor Bell had already become a part of his body, and to him, the Divine Heart Holy Spirit was actually a junior.

The scene that should have been a great battle had actually turned into a battle between two supreme experts. For a time, no one moved, but they could only blankly stare at the Great Emperor Bell that crazily trembled in the air. Sometimes it would be pulled towards the spirit race, and sometimes it would even be pulled towards the human race!

Not only did the people inside the Emperor Bell fall to the side, but the people outside were also unable to stand steadily in the midst of this huge storm. The Holy Spirit holding the five ribbons was much more graceful, her snow-white clothes crazily swayed in the air, and her pair of slender hands held the ribbons.

It was just that she was the one who caused the huge storm in Central Square.

Rumble rumble rumble!

The surrounding area exploded one after another. This Central Square was passed down from the Era of Gods, but right now, it seemed like it was about to explode.

Everyone watched this scene with fear and trepidation. The might of these top powerhouses was just too terrifying. At their level, any random power could cause a million deaths.

As for Long Chen and the two thousand other people, they were all shaking in the middle of the Primordial Emperor Bell.

If it weren't for the Emperor's Bell protecting them, with the terror of the Holy Spirit, just a wave of his hand would be enough to kill them all.

No one would have thought that the scene would enter into such a stalemate.

The human race was not afraid, since the Taiyi City Lord could not take back the imperial bell, he persevered, because the other Supreme Elders were quickly rushing over, and the warriors beside them were not weak either.

But for the Spirit Race to buy time to kill Di Yu, how could they do so under the protection of the Great Emperor Bell?

For a time, the girls were anxious.

"Big sister, let's go over there and disturb that Taiyi City Lord!"

A woman of similar beauty said.

While pulling on the five ribbons, the Holy Spirit said, "No, there are still a few old fellows there from the First Great Shencheng. It will be very difficult for you all to succeed."

"So what? It's not going to work if we persist like this!"

"The other human experts are about to arrive. If we wait any longer, we won't be able to leave."

"Shut up." The Holy Spirit shouted in a low voice.

She was the youngest amongst the ten, and was also the most beloved among the five. This was why the Holy Spirit would keep her by his side, and at this moment, the flower spirit who was the most nervous turned her gaze towards the Primordial Emperor Bell, searching for the whereabouts of Long Chen.

There was one very obvious characteristic of Long Chen, and that was the Heavenly Fox Token that Ruo Xi had planted back then.

This pink mark, which was planted on Long Chen's buttocks, was extremely eye-catching.

This part made the flower spirit blush slightly, it was obvious that Ruo Xi was teasing her. After she noticed Long Chen, she immediately said to him in the dark: "Are you the one Ruo Xi asked me to take away?"

The Spirit Race was most adept at all kinds of strange methods of escaping. Although the Emperor's Bell was extremely tight, the flower spirits were still able to make Long Chen hear his voice.

As Long Chen staggered in the middle of the Emperor's Bell, he was waiting for the other party to notice him.

Seeing that it was a cute girl surrounded by flowers and pink petals, he immediately replied: That's right, that's me, my name is Long Chen. Elder sister, with your current situation, can you still bring me away? "

The flower spirit was from Ruo Xi's generation, it shouldn't be too much for him to call himself big sister, even though the flower spirit looked very young and tender.

The flower spirit rubbed her forehead and said worriedly, "This human geezer is too hateful, but don't worry, our big sister is currently thinking of a way to break the Emperor Bell, as long as we kill Di Yu, I can immediately bring you to the Spirit Clan. Ruo Xi is my best friend after my nine elder sisters. "

However, Long Chen was not optimistic. He continued to speak after struggling for a long time to stabilize himself, "I think that may not be the case, this is a Dao Artifact with hundreds of lines, how can it be opened so easily? It is obvious that the other party is waiting for help.

"Is that so? Is that so? What should he do? Ruo Xi told me to bring you along! "

The flower spirit's face was filled with anxiety.

Right at this moment, the dignified, elegant woman next to her looked at Long Chen. That pair of eyes that seemed to hide an entire world, was extremely deep, like a vortex. When she looked at Long Chen, it actually made him momentarily absent-minded.

"You want us to take you to the Spirit Race, right?" The Holy Spirit's cold voice resounded in his ears.

Right now, the battle between her and Taiyi City Lord had reached its most critical juncture, and both sides were basically evenly matched. It would be truly not easy for a dignified Taiyi City Lord like the Holy Spirit to kill Di Yu under his protection.

He had experienced the initial fear, and now, he was full of courage. In reality, everyone could see that if he were to continue, the Spirit Race would definitely lose. A mere little Spirit Race wanting to kill a peerless genius like him in the cradle was truly wishful thinking!

After the Holy Spirit asked this question, Long Chen had already guessed her next sentence.

Long Chen could only nod his head. His identity had already been exposed, he had to go to the Spirit Race, if not he would be imprisoned in the Dragon God Domain, because he did not have the absolute strength to fight against the people who treated Long Qinglan as their enemy. He would be seen as the descendant of the man who treated him as a traitor, and if he was not strong enough, those people who harbored evil intentions would definitely give him endless humiliation.

After receiving Long Chen's affirmation, the Holy Spirit said straightforwardly: "If you want to follow us to the Spirit Clan, then there is only one possibility, and that is for you to quickly kill Di Yu! If we continue, we won't be able to break the seal on the Emperor Bell. We naturally can't kill Di Yu, but we can't take you away either! "

Long Qinglan's appearance caused Long Chen to leave Dragon God Domain even more urgently than before.

But, was he really going to kill Di Yu again in front of all these people?

To be honest, Long Chen only felt that this child was too arrogant and too unreasonable. The two definitely did not have any deep grudges between them, and the reason he killed in white jade platform was also for his own survival. At that time, he believed that everyone else had already died, so no one knew that he would be able to kill Di Yu.

But it was different now, now that he was in front of everyone, and Di Yu was a fellow who was known as a human hope for the future Divine Spirit, he had too much hope from his seniors, and there was also the blood and sweat of the ancestors of the human race inside. As a member of the human race, if Long Chen really did that, then he would be acting as an enemy and selling the country to the people, and the crime that he would be bearing at that time, would probably not be any less than Long Qinglan's.

It would be easier to wash away those unfair misunderstandings for Long Qinglan at that time. If he were to kill Di Yu, it would be a question whether he could return to the human race in the future. This meant that he would definitely carry the reputation of a traitor, bear the guilt for the rest of his life, and never be able to wash away his guilt.

But in reality, Long Chen belonged to the Dragon Sacrifice Continent, and not the Immortal God Realm's Dragon God Domain. Even though he was a member of the human race, he had never hated the spirit race of the demon race.

The condition of the Holy Spirit Realm caused Long Chen to be extremely conflicted.

Today, no matter what choice he made, it would cause a lot of trouble. If he chose to kill Di Yu, then he would be excluded from the entire Dragon God Domain, and would become a traitor. If he wanted to return in the future, it would be ten times harder than fulfilling his father's last wish. These people thought too highly of Di Yu. To these elders, Di Yu was just someone who could be controlled.

However, if he chose not to kill, then he would not have the chance to leave the human race. Today, his identity was accidentally exposed, and what awaited him was an unknown great tribulation, even to the point of being mocked by tens of thousands of people.

It was not that the Holy Spirit had to force Long Chen onto a dead end, but reality was too much of a coincidence. Whether it was the humans that came earlier or the Spirit Race that came earlier, the situation was different, and Long Chen did not need to choose.

"I won't force you. I also know that for you, killing him means that you will be despised for your entire life. So, everything is up to you. "I will give you a maximum of thirty breaths. From now on ..."

The Holy Spirit was a very cold woman. As the wind blew, she stood proudly in the wind like a queen, worshipping countless men under her skirt.

In Long Chen's heart, however, there was an endless struggle.

"Kill!" Or not to kill? "

He had always been decisive, but the price of both was too high. No matter how he chose, he could not find the right answer.

Li Xuanji and Ling Xi did not dare to disturb him, this was his own choice.

Every choice he made would give him a chance to survive.

Right at this moment, the primal chaos within the Shencheng began to stir. When Long Chen was deep in thought, he couldn't stand steadily for a moment, and was thrown flying out, crashing into Di Yu's body. The two rolled a few times on the ground before they finally managed to crawl back up.

Chapter 1879 - Attack

It was an accident.

Long Chen had originally been making his decision and he had thirty breaths of time to do so, but at this time, Di Yu jumped into the middle of his eyes. When the two of them got up from the ground, a group of people immediately flocked over and protected Di Yu in the middle. The child slowly stood up and tidied up his clothes, and upon discovering that it was Long Chen, a mocking smile appeared on his face.

This was also a top priority!

Di Yu thought about how Li Xuanji was still in his divine country and this kind of intimate relationship made him very uncomfortable. Within the trembling of the imperial clock, he gazed at Long Chen and said haughtily, "I thought it was some blind guy that bumped into me. Turns out he is the son of the Eternal Dragon Emperor! His identity was truly extraordinary. the son of the Eternal Dragon Emperor! "

The weird sounds they had heard recently were also heard by the people outside.

Hearing this news, not only the human experts, but the Spirit Race experts were also stunned. They stared at Long Chen in a daze, and in that moment, the fight for the Emperor Bell was not that intense anymore.

The focus of the crowd, instantly shifted to Long Chen.

The five Spirit Race girls looked at each other, and all nodded slightly. Perhaps they had seen the Eternal Dragon Emperor before, at least in the portrait, they could see that Long Chen and Long Chen were similar, especially in terms of temperament.

However, this news was simply too shocking.

On the human side, all the elders had strict gazes, they stared straight at Long Chen and asked loudly: "Di Yu, what's going on!"

Di Yu sneered at Long Chen, then looked towards the humans and loudly said, "Elders, before you all arrived, a change occurred. A strand of the Eternal Dragon Emperor's soul intent appeared on his body and conversed with him, and President Su Zilan of the War God's Ancient City was also present at that time. She personally admitted that she was the son of the Eternal Dragon Emperor, no, it should be that Long Qinglan!"

This news was simply too shocking. The elders looked at each other with dark and uncertain expressions.

"After the Spirit Race leaves, capture him. We, the 72 - The Ancient City of God's descendants, will join hands with the Five Dragon Cities and deal with him together. Right now, drive the Spirit Race away first. The others will be here soon."

Taiyi City Lord's lips moved as he instructed the people around him.

"dog stuff actually has a son! Humph! See if I don't 'serve' this son of Long Qinglan! "

The elders started talking at the same time, their voices were extremely loud and they did not bother to hide it at all. Long Chen thought for a while, in thirty breaths of time, most likely half of it had already passed.

Seeing the elders' malicious words, Long Chen was obviously very angry. Di Yu suddenly laughed and said: "I feel that what they said is correct, the sons of traitors and traitors are definitely of the same kind. This kind of dirty person does not have the qualifications to enter our First Zunling's Tomb. Everyone, you should avoid the battlefield of the Gods, this is the son of the sinner Long Qinglan from ancient times, be careful that he might get angry and kill you all! "

With that said, everyone burst into laughter.

On the Spiritual race's side, the Holy Spirit revealed an intoxicating smile. She relaxed her strength. The Emperor's Bell's movements weren't that great anymore, anyone could easily stand firm on their feet.

To be honest, ever since Long Chen was young, he had never been insulted like this by a child who was even younger than himself.

Despite his fury, he also found it laughable. Such was fate. If you didn't seek death, you wouldn't die. However, there were some people who simply wanted to seek death.

The surrounding laughter was filled with ridicule and loathing. They were all children who had been raised under the influence of their elders, and they simply did not understand the Eternal Dragon Emperor, so it was understandable that the person in their hearts, who was the number one sinner in all of history, would be called Long Qinglan by their elders. And as his son, Long Chen was born to be humiliated and laughed at.

Moreover, Di Yu hated him.

When he had been fighting with Su Zhen, he had demonstrated his strength. No wonder Li Xuanji had been so infatuated with him but ignored him.

His status was honorable, and everyone in the Dragon God Domain was helping him. He wanted to surpass everyone in the Eternal Dragon Emperor, and that was the only thing that mattered between him and Long Chen. Long Chen was simply too pitiful compared to him, and how could such a pitiful person win against him?

So when Di Yu saw how angry he was, but was unable to retaliate, he wanted to stomp Long Chen beneath his feet. Kids were like this, thinking that just because they showed their strength, they could win over women.

He continued to tease: "Eternal Dragon Emperor, I've said it before, this kind of dog thief is simply unworthy of this title, is he that awesome? In less than a thousand years, I will be able to break all of his records and become the new supreme expert of the human race. But I am different from him, because he is scum and will only bring destruction upon the human race. I will lead the human race into battle against the world, dominating the Immortal God Realm. Long Chen, there seems to be a phrase that states that no one can choose their birth, I think you must hate your birth right? "

Nearly two thousand people stood by his side, laughing along with his words, their smiling faces etched deep into Long Chen's heart. This made him clearly and thoroughly realize, this group of people, were not people who were worthy of him handing over his sense of belonging to them, so he did not need to be fearful because of his human identity.

For example, from start to finish, Su Muchen had never changed his attitude towards him.

In fact, when Su Zhen had made a move, he had also done so. Long Chen would remember this kindness in his heart.

For example, Ling Xi and Li Xuanji, they understood their feelings very well. At this moment, Li Xuanji's eyes were ice-cold, and said: "Actually I think there's nothing much to hesitate anymore, just kill me."

Even she, who was slightly related to Di Yu had said that.

Actually, Long Chen was already done hesitating.

At this time, Di Yu said loudly, "Alright, I won't say anymore nonsense. The so-called son of the Eternal Dragon Emperor, hurry up and let my Sister Li come out. Coming out of your Divine Kingdom, she is such a pure and holy woman. If I were to tell her to come out, she would definitely not know of your shameless identity! "

Long Chen had already killed him once.

However, this time, he was still filled with anticipation. Killing someone might have been due to the other party's words, but it was simply too much.

"I can't believe I was angered by a child to this extent. This is too immature." Long Chen laughed bitterly in his heart. He was not too angry, but he had already lifted his foot and walked towards Di Yu step by step.

"Done." The Holy Spirit Realm stared at Long Chen's back.

"This child is as wild and untamed as his father. He might not be the gospel of the human race, but to all living beings in the Dragon Sacrifice Continent, he is the savior."

The few women in the heart of the Goddess were also people that Long Chen did not dislike, because they did not despise Long Qinglan in the slightest.

Just for the sake of their gazes of respect, he needed to do the same today!

Who was the real human genius?

The Primordial Blood Spirit Dragon and Great Void Cosmic Dragon, how could they lose to a mere Emperor Jun's son!

"What are you trying to do?" Di Yu remained calm and asked with a smile.

The human seniors all raised their heads, confused. Even if they had to think about it, they would not be able to guess what Long Chen was thinking at the moment.

"They should be here in another twenty breaths of time. We're definitely going to win. " Taiyi City Lord said indifferently.

"The good show has begun." The Holy Spirit suddenly unfurled the ribbon. Countless colored rays of light filled the air, covering the entire Emperor Bell. For a moment, no one was able to clearly see the scene inside the Emperor Bell.

Just as the Great Emperor Bell was covered, Long Chen made his move.

Weng! *

A hundred thousand Blood Weeping Dragon souls shot out from the dense dragon scales on his humanoid body. For a time, the interior of the imperial clock was filled with the incomparably ferocious killing dragons. A total of two hundred thousand bloody eyes were staring at the same person!

Di Yu!

Of the 2000 people present, who hadn't seen the terror of the Blood Weeping Dragon's soul before? Just looking at the vicious appearances of these small dragons and their incomparably sharp claws and fangs was enough to make anyone tremble with fear!

Long Chen was surrounded by these one hundred thousand Blood Weeping Dragon souls, looking mysterious and strange. He was like a peerless ruler among the countless Blood Weeping Dragon souls.

Within the sealed Supreme One Emperor Bell, almost everyone was stunned for a moment.

They never thought that Long Chen would actually be so audacious!

Anyone could say that, to a human, Di Yu was extremely important. Di Yu himself was even more clear that the reason why such an important matter spanned tens of millions of miles for the Spirit Race was just to kill him. But Long Chen, what was he trying to do?

Furthermore, the human experts outside could not see what was going on inside the ribbon for the time being!

Di Yu was shocked, he retreated a step, but he was not scared, he was confident in himself, and even more so, in his own importance, he was confident, so his gaze was gloomy, as the power close to the two stages of tribulation of reincarnation burst forth unparalleled. Are you sure you really dare to kill me, Di Yu? "

Hearing this explosive roar, the human experts' expressions changed drastically.

However, they weren't that nervous. There were more than two thousand people inside the Emperor Bell, and Long Chen was merely a fellow who didn't even have tribulation of reincarnation, how could he possibly kill Di Yu?

Over a thousand of them were no longer afraid of the Blood Weeping Dragon's soul.

"Brat, do you have the guts to attack?"

"That's right, I can see that you don't have any seeds left. Why aren't you moving?"

In an instant, the crowd burst into laughter once more.

Right at this moment, Long Chen's gaze was calm, his expression calm. With a wave of his hand, the Sobbing Blood Dragon Soul let out a terrifying roar, and in that moment, the inside of the Emperor's Bell turned into hell on earth.

Chapter 1880 - Disdain

Wherever the Blood Weeping Dragon's soul went, not a single blade of grass grew!

Long Chen did not recklessly kill the innocent, but these people's mouths needed to be taught a lesson, so in that instant, among the two thousand people, there were at least thousands of mouths that were directly ripped to shreds by the Sobbing Blood Dragon's strong heart!

"I'll make you laugh."

Long Chen held the God Slaying Sword, walking amidst the encirclement of the Sobbing Blood Dragon's Soul, became one of his world! In such a narrow space, those practitioners of the two sets of tribulation of reincarnation did not dare to act carelessly, because there were simply too many Blood Crying Dragon Souls.

The scene was chaotic!

Because their mouths had been ripped apart, most of the people present began to scream out miserably. This massive sound caused all of the human experts outside of the Emperor Bell to instantly panic. Most of them were dumbstruck as they watched this scene unfold.

Most importantly, they did not know that Long Chen could actually rule the entire arena!

Long Chen did not target innocent people. Those whose mouths were torn apart by the killing dragon were basically the ones who ridiculed him.

"From now on, keep your mouth shut."

His ice-cold voice flashed past the ears of every martial artist.

This was like a demon, causing them to feel a great fear from the bottom of their hearts. Most of them were trembling, afraid that the myriad of killing dragons would swarm over once again!

His body was already dripping with blood, and only now did he finally become afraid. He understood Long Chen's bloody methods, if he had any intentions of killing him, at this moment, the Emperor's Bell was being controlled by the Holy Spirit and the situation inside was something that not even the Taiyi City Lord could handle!

Upon realizing this, Di Yu almost collapsed, it was just that the pride in his heart made him unable to lower his head to Long Chen, and instead activated his viciousness. His expression was sinister as he looked around at the berserk killing dragons, and those claws and teeth were like blades that cut through his body.

"Long Chen, you better think carefully. If you attack me again, you will definitely die! If you kill me, you will definitely die without a burial ground! I only mocked you a few times, are you going to die with me? Why are you so stupid? Do you know that if you kill me, our senior human race will have ten thousand ways to make you suffer for your entire life! "

He threatened and roared, his voice being transmitted all the way out for Taiyi City Lord and the rest to hear.

"That brat can actually kill Di Yu?"

At this moment, the human experts were truly flustered. They had trusted Di Yu too much previously, but they had never expected that he was actually not even able to handle Long Chen.

"City Lord, hurry up and control the Emperor Bell and kill that brat!"

Someone hurriedly urged.

Since Long Chen was inside, there was nothing they could do.

"This won't do. She's controlling me now, so I'll just have to change my mind a little. The Emperor's Bell will probably be destroyed by her!"

Taiyi City Lord's face was ashen as he roared.

In order to have Long Chen kill Di Yu, the Holy Spirit had to exceed its limit, so how could it allow them to save him?

Urgent!

Surrounded by the ribbons, even the human experts couldn't see what was happening inside clearly.

"Di Yu, hold on! The other City Lords will be here soon!"

Indeed, there were many terrifying auras nearby.

They were about to arrive.

"Son of a b * tch, don't even think about killing me!"

Hearing that rescue was coming, Di Yu laughed and did not beg anymore.

"Dogs can't stop eating shit, it's you." Long Chen's expression was extremely cold. This brat truly had some ability, he was still alive from the killing of the dragon, but that was enough.

He had too much resentment in his chest!

It wasn't because this guy in front of him was only a child that Long Chen didn't hate him. At this very moment, he was already itching to kill this guy!

"Eternal!"

At this moment, human experts were descending, Long Chen rushed all the way, and instantly unleashed Eternity, restricting Di Yu's movements. Caught off guard, a hundred thousand Blood Weeping Dragon souls tore towards him frantically.

"One Sword Slaying God!"

Rip!

Long Chen swept past the other party's body, and instantly, Di Yu's hands and feet were chopped off, flying away! This was the most shocking scene. Everyone was in a daze, and even as they screamed, the little dragon had already charged up, tearing apart all of their limbs. Not even their bones were left!

Di Yu's body that had no limbs, fell horizontally onto the ground. At this moment, he let out an earth-shattering scream, not only did his hands and feet break, his body was also filled with countless of Blood Weeping Dragon souls, gnawing at his body. He was incapable of resisting, he could only watch as these evil spirits tore apart his flesh, and swallowed it in front of him!

"Oh my god!"

"Stop!"

"Unfilial son, stop or you will be killed by the heavens!"

"Quickly stop, otherwise, the entire human race will annihilate you!"

At this moment, the human experts finally saw this scene through the crack in the ribbon. The bloody scene and Di Yu's miserable shriek made their eyes pop out. He held on to the hope of countless members of his race, and at that moment, however, that hope was wailing miserably on the ground. He was screaming in pain, and the flesh and blood on his body was dwindling!

"Stop! Stop! "Damn thing!"

Even the City Lord of the Supreme One Shencheng was going crazy. The power of divinity in his body erupted like never before. This old man was actually burning her own life force to pull the Emperor's Bell towards him! Every single human old man had an expression of madness on their faces, filled with endless anger and regret! "Aoo!"

"Son of Long Qinglan!"

Amongst the countless small dragons, the young man in their eyes was cold and calm, to the point that he was terrifyingly calm. When he glanced at the human experts outside of the Supreme One Emperor Bell, the countless berating and threatening words failed to cause any change in his expression at all.

"NO!" "No!"

Di Yu's eyes were opened so wide that even the Sobbing Blood Dragon's soul was about to roll away, and the bones in his body continued to roll in the center of the Supreme Emperor Bell. The ice-cold feeling of the God Slaying Sword caused him to feel as if he had fallen into a cave of ice, and at this moment, his heart was filled with endless regret.

"Long Chen, don't kill me! I promise you, I can protect you! I won't let anyone hurt you! I am willing to treat you as my brother, I beg you, do not kill me! Sister Li, I am Di Yu! Quickly save me, I have helped you a lot, save me! "

Tears flowed from his bloodshot eyes.

Hearing this, the human experts all went crazy. Endless amounts of energy gathered onto the Emperor's Bell, and at this time, several more experts rushed out from the Nine-colored fog. Seeing this scene, they were all scared silly.

"Unfortunately, it's too late. Let's fight in the next life."

Under the shocked gazes of everyone present, the divine slaying sword pierced through the opponent. The Sobbing Blood Dragon Soul swept out, and Di Yu was instantly devoured cleanly, leaving nothing behind. Everything that belonged to him disappeared, and only a drop of the Ultimate Dragon's inherited blood essence appeared before Long Chen's eyes.

Before Di Yu was able to absorb the inherited blood essence, he had long discovered that it was still in his body.

It just so happened that at this final moment, Long Chen immediately stored the inherited blood essence. Ultimate Dragon was the highest level existence in the Five Dragon Cities, and also an exceptional treasure, its value far surpassing that of the archaic instrument. As for Di Yu's Divine Kingdom, there were still countless resources and treasures, but Long Chen did not have the time to collect them!

The moment he killed Di Yu, the entire world seemed to have turned silent.

"No!"

The human experts released heaven shaking roars. More and more experts appeared here, and they were all city lord level characters. At this moment, the human experts all gathered, and their strength was enough to crush the spirit race.

Taiyi City Lord could only watch as Di Yu died, and nothing remained.

He saw Di Yu's death as the strongest warrior, and immediately spat out a mouthful of blood after Di Yu's death. The Holy Spirit had long seized this opportunity. Just when the human experts were scared silly, the Holy Spirit took out a ribbon and fiercely twitched it, instantly slapping Taiyi City Lord's body, causing him to be sent flying. The power of divinity exploded, causing the opponent to fall unconscious and heavily injured.

The Great Emperor Bell that no one controlled was immediately crushed by the Holy Spirit God. More than two thousand warriors were all tied up by the Holy Spirit God with ribbons, including Long Chen.

The two thousand new generation warriors were all controlled by the Holy Spirit for a moment, but at this time, the human warriors all reacted, their eyes bloodshot. They thought of Di Yu as a heavy threat, but now they saw him die with their own eyes.

"Kill them all!"

"Don't leave any of them alive, kill them for me!"

"Spirit Race, damn that spirit race!"

Amongst the experts that came here, there were even a few with Seven Stars tribulation of reincarnation. This force was enough to immediately kill the Spirit Race, it was just that the Holy Spirit was a very smart woman, after Long Chen completed his mission, she had already heavily injured the Taiyi City Lord at the very first moment, and had kidnapped a new generation of the 72 - The Ancient City of God's descendants!

"If you don't want the descendants of the human race to perish, then keep an eye on your feet."

The human race had already lost Di Yu, which was an incalculable loss. If they lost these people again, then they would really be finished, they never thought that the Spirit Race would be this crazy.

The Holy Spirit said nothing more. Seeing the humans attack, she immediately waved the ribbon, and in an instant, hundreds of people were thrown into the Nine-colored fog, screaming as they turned into ashes.

"Do you want to try again?"

Facing so many human experts, her expression didn't change at all.
