

War God 191

Chapter 191 - True Dragon Nine Flashes Light

"Alright, all I can do for you is to submit this application. As for whether or not I can pass it, that is outside my capabilities." For Long Chen to actually want this Green Dark Soul Fruit, it made Xuan Yun, who wanted to help him, feel a little helpless.

"You are a newcomer, and I wonder how important the year's rewards are for your family. Long Chen, do you really decide? Risking the danger of being left behind by someone else? "

"I have made up my mind."

Since he couldn't force Long Chen, Dongfang Xuanyun had no other choice.

After settling the matter of registration, Long Chen left the Mystical Cloud Pavilion. Right after leaving the Mystical Cloud Pavilion, Ling Xi couldn't help but want to say something.

"Ling Xi, don't say too much. I've already decided on this.

Towards Long Chen's shameless way of speaking, Ling Xi really didn't know how to reply. She could only hide her feelings in her heart.

"Halt!" Just as he walked out of the Mystical Cloud Pavilion, Long Chen was walking on a small path surrounded by a fresh small forest. At this time, a group of youngsters suddenly rushed out of the forest and into the small road, blocking Long Chen's path.

Long Chen took a closer look. It was actually the group of little fellows that had just left Mystical Cloud Pavilion. There were a total of seven of them, and they were all looking at Long Chen with haughty gazes.

Among this group, the one leading was a youth who was around the same age as Mo Xiaolang. His cultivation was already at the initial stage of the Earth Core Stage. It was a level higher than the current Long Chen.

This youth's appearance wasn't bad either. His eyebrows were sharp and his eyes were fierce. He had an imposing air about him. He wasn't very old, and his figure was already quite tall and sturdy. The only thing that showed his age was the childish look in his eyes.

"Kid, are you the Long Chen that came from another clan?" In the encirclement of a group of youngsters, Dongfang Tianya felt that he was especially imposing.

"Hehe, little brat, you should call me big brother, right? The first time we met, you stopped your brother. What's going on? Could it be that as a child, you still do not understand how to respect your elders? " Towards these little fellows, Long Chen did not place them in his eyes at all.

Just now, he clearly heard that these children were going to look for Dongfang Tianyu. Now that they had appeared and stopped him, it was very possible that Dongfang Tianyu had asked them to come over to make a fool of themselves.

"What?" Long Chen did not submit to him. Instead, he was even more arrogant than, which made Dongfang Tianya so angry that his nose almost exploded. He took a few steps forward, and the aura belonging to the Earth Core Stage erupted, pressing down towards Long Chen!

"Brat, I have just arrived at the Inner Race, do you really think that you have become a citizen of the Inner Race? You dare to be arrogant in front of me, Dongfang Tianya, you deserve to die! You just entered the Inner Race, and don't know how high the sky is and how deep the earth is, I'll teach you a lesson today! If you want me to call you big brother, you should kneel at my feet first and call me big brother! "

With that, without giving Long Chen time to argue, he punched towards Long Chen's head amidst the youth's shouts of worship!

"This brat really doesn't put me in his eyes. I think he was fooled by Dongfang Tianyu. " In Long Chen's heart, although he knew that it was Dongfang Tianyu's doing, he was still unwilling to be looked down upon by a bunch of brats.

"Fine, I'll teach you idiots a long lesson." Long Chen sneered, he did not advance, but retreated. He also threw out a punch, and it clashed with Dongfang Tianya's fist. This was a collision of pure power, the two of them retreated behind them.

Amidst the uproar, Dongfang Tianya took a few steps back before stabilizing his own footsteps.

"What?" Didn't he just enter the Earth Core Stage? " didn't dare to believe a single word of this outcome. He had originally thought that he could properly display his might in front of his younger brother and sister, overshadowing the other brothers in Earth Core Stage other than Dongfang Tianyu. However, after the first exchange, he had already lost a bit of his face.

Because, the pace of Long Chen's hind legs, was also around the same as his.

"Brat, you're quite capable. No wonder you were able to pass the Inner Race selection. However, the strength of a Inner Race is not something a bumpkin like you can imagine!"

Panicking, Dongfang Tianya activated his Qi and his entire person shot towards Long Chen like a cannonball. At the same time, his Qi surged as he punched out once again, but this time, he used a battle skill!

"Dragon Breaks the Heavens!"

When the punch was thrown, a huge fist imprint instantly rushed towards Long Chen. Looking at the fist imprint, there was actually the faint image of a divine dragon, it was extremely extraordinary.

"From the looks of it, it should be a middle grade Profound Rank battle skill." was actually very relaxed in dealing with this little guy. He hadn't even gone through the Dragon Soul Transformation and was already able to suppress the other party.

"Fine, I'll just test the might of the Nine Dragons Flash." Thinking of this, the corners of Long Chen's mouth curled up into an evil smile.

True Dragon Nine Flashes! Activate!

In that moment, Long Chen was like an arrow that left the bow, with a speed much faster than Dongfang Tianya's, he instantly appeared in front of Dongfang Tianya!

"AHH!" Seeing that Long Chen was actually courting death, directly rushing up to be attacked by Dongfang Tianya, the youngsters behind him thought of the miserable scene that would happen next, and immediately let out cries of alarm.

"You're courting death!" Dongfang Tianya, who was already extremely angry, did not hold back when he saw that Long Chen was courting death. Who told Long Chen, who had always been an imposing person, to lose face in front of his younger brother and sister?

"Die, are you joking?" Right at this moment, Long Chen, who was about to die under Dongfang Tianya's fist, suddenly disappeared.

He continued to punch forward, but unfortunately, he missed!

"How could this be?" Dongfang Tianya was greatly shocked, and at this moment, he suddenly felt the hairs on his back stand up straight!

"Be careful!"

Dongfang Tianya's face paled, and he had a bad premonition. Just as he was about to punch behind him, he was still a step too slow.

Long Chen used the [True Dragon Nine Flashes] movement technique and arrived behind Dongfang Tianya before he could even react. At the same time, his leg kicked heavily towards Dongfang Tianya's heels, causing Dongfang Tianya to lose balance and topple backwards!

In the process of falling, Dongfang Tianya astonishingly saw that Long Chen was right behind him, looking at him with an evil smile. That smile instantly made Dongfang Tianya afraid.

"With your strength, you dare to provoke me?" Long Chen immediately grabbed Dongfang Tianya's neck, whirled it around and threw it onto the ground.

Pow!

Dongfang Tianya let out a blood-curdling screech. The intense pain immediately caused his face to turn the color of pig liver. The current him, was as if his body had broken apart.

Honestly speaking, this wound wasn't too serious. However, ever since he was born, he hadn't received any more severe injuries. Thus, the miserable shrieks that he made were enough to scare everyone.

"You actually dare to injure Brother Tianya?" A few youths and girls looked angrily at Long Chen, and just as they were about to charge forward, Long Chen looked at them coldly and said: "Do all of you want to lie down like him?"

His words were filled with killing intent, causing them to be immediately frightened. Although their eyes were filled with anger, no one dared to move first, since their strongest disciple, Dongfang Tianya, seemed to have been easily defeated by Long Chen.

Long Chen walked to Dongfang Tianya's side and squatted down. He looked at the youth who was about to cry from the pain and smiled innocently.

"Kid, you wanted me to kneel down and call you brother?"

Hearing this voice, Dongfang Tianya trembled in fear, and immediately moved his body to the side, trembling as he said, "No, I didn't say anything."

Long Chen's godly technique just now had truly frightened him.

From Long Chen's point of view, this youth was only at the initial stage of Earth Core Formation. He was slightly worse than the young man from red race back then. Long Chen had a high level Profound Rank movement technique, in addition to his rich combat experience, so naturally, he could kill him with a slight movement.

"Then what do you think I should be called now?" Long Chen said with a smile that was not a smile.

"Brother, you're my brother!" At this time, Dongfang Tianya still carried some resentment towards Long Chen in his heart, but he knew that a wise man does not fight when the odds are against him, so he hurriedly said that.

"Good perception." Long Chen stood up and let him go.

"Remember to tell Dongfang Tianyu not to use such a small trick to make this daddy look down on him. Isn't there a competition for the green dragon halberd s? I will let him know how powerful I am at that time. "

After he finished speaking, Long Chen immediately left, leaving all the young boys and girls looking at each other in dismay.

"Let's go find Xuan Yu's aunt and let him clean up this outsider!" Dongfang Tianya climbed up in grief and indignation, his eyes completely red.

After returning to his residence, Long Chen gave the two stalks of Spirit Grass to Ling Xi to refine. With these two stalks of spirit grass, Ling Xi's life force had definitely increased dramatically.

Long Chen continued to study the Nine Dragons Flash. Today's small fight had given him a new understanding of this high grade Profound Rank movement technique.

"It seems that if I want to master this battle skill to its highest level, I'll need to use it in actual combat. A movement technique can only be practiced in actual combat."

Long Chen continued to practice.

"The goal that Xuan Xiao gave me was to reach the fourth flash in one month. However, would that be my limit?"

After studying the Nine Dragons Flashes for only an hour, a commotion suddenly came from outside. It was likely someone had come.

"Long Chen, come out here."

This cold roar, upon hearing it, Long Chen immediately remembered who it was. Walking out to take a look, it was indeed the Dongfang Xuanyu who had an outstanding demeanor and still had an air of grace.

At this moment, Dongfang Xuanyu's face was ice-cold. Seeing Long Chen who seemed to be fine as he walked out, the anger in his eyes grew even stronger, he took a few steps forward, and the aura of his Great Perfection of the Heavenly Core surged towards Long Chen as she said coldly: "You brat, you just entered the Inner Race, and didn't know you respected your elders and loved your children. You actually beat up your family's little brother. If I don't give you a bit of punishment today, I won't be called Dongfang Xuanyu! "

Chapter 192 - Black Hole Vortex

Hearing her words, Long Chen knew that it was those few brats who had gone back to .

Furthermore, he was the one who acted first. In the end, no matter how much Long Chen went overboard, he couldn't be blamed on Long Chen. Moreover, Long Chen had only slightly taught him a lesson.

"Beat him up?" Long Chen fearlessly said: "This is just praising me too much. He's already at the early stage of Earth Core Stage at such a young age, how could I be his match?"

"You're still not admitting to it?" Seeing that Long Chen didn't seem to care at all, Dongfang Xuanyu became even angrier. If he didn't have any worries, she might even start beating him up.

"I don't want to say too much about this matter. Today, Dongfang Tianya and a few other kids stopped me, wanting to make things difficult for me. I was only defending myself, as for what nonsense they are spouting, it has nothing to do with me." Long Chen spoke in a neither humble nor arrogant manner, as he looked straight at Dongfang Xuanyu.

"You still dare to quibble?" The more Long Chen looked at his, the more he hated his. The other juniors were all respectful towards her, but Long Chen dared to contradict her as soon as he arrived at the Dongfang Family.

No matter what happened, Dongfang Xuanyu would not let him off.

"You just arrived at the Dongfang family and you dare to use Xuan Xiao's protection to contradict me? How great you will be in the long run!"

Thinking to here, Dongfang Xuanyu's powerful aura locked onto Long Chen, and spoke word by word: "Long Chen, not only did you beat up my family brother, you even contradicted me. This is too much, I'm going to punish you to kneel in Zunling for ten days and ten nights, you'll be there immediately!"

"Ten days and ten nights?" Long Chen squinted his eyes and did not speak anymore.

"Not going? Wait for me to make a move?" Dongfang Xuanyu's voice was filled with coldness.

Long Chen was a little speechless. When a woman reached a certain age, she would act like this, it was completely unreasonable. However, this did not mean that Long Chen would be afraid of giving in. If he were to show weakness now, he would have to rely on Dongfang Xuanyu's breathing to survive in the future.

"Even if you kill me, don't even think of making me move half a step. It is only a decision. I didn't do anything wrong, so why must I kneel?" Long Chen looked indifferent.

"You! "You're courting death!" Dongfang Xuanyu was furious and was about to attack, but at this moment, a cold snort came from behind her.

"Enough."

Dongfang Xuanyu could not be more familiar with this voice. She turned around and saw Dongfang Xuanxiao walking over with a face full of frost.

"You want to stop it?" When she asked this question, Dongfang Xuanyu was a little unsure. Dongfang Xuanxiao wasn't her own brother, he was strong, had a strange personality and had a temperament that was hard to understand.

"I'm telling you, don't wait until I tell you to scram before you leave." Dongfang Xuanxiao said coldly as he walked over to Dongfang Xuanyu's side.

Long Chen had originally thought that he himself was unyielding enough, but compared to Dongfang Xuanxiao, he was still a child's play.

"You!" Dongfang Xuanyu's expression suddenly became very interesting.

She was extremely conflicted in her heart. If she made a move, she would not be Dongfang Xuanxiao's match, but if she bickered, she would have already lost completely.

"Xuan Xiao, you have insulted me today. I want to find my big brother and let him punish you!"

Dongfang Xuanxiao could not be bothered with her and looked at Long Chen: "Why is this bitch looking for trouble with you?"

She was obviously his cousin, yet was called a bitch by him. It could be seen that Dongfang Xuanxiao didn't have any good impression of her.

"When I went out today, a few children stopped me. I beat up one of them, and she came to kill me," Long Chen said with a wry smile.

Dongfang Xuanxiao did not mind this matter, but looked at Long Chen, shook his head, and asked: "What happened to the Green Dark Soul Fruit? Using a year's worth of rewards to exchange for this Green Dark Soul Fruit, Long Chen, should I call you a fool? "

Long Chen knew that Dongfang Xuanyun would definitely tell him about the Green Dark Soul Fruit. From Dongfang Xuanxiao's point of view, Long Chen's actions were impulsive and stupid, so when he arrived here, he asked Long Chen about it.

"Foster father, this thing is extremely important to me. It is more important than any reward. I have my own plans."

Dongfang Xuanxiao looked at him for a while, and in the end, chose to trust Long Chen. Therefore, he continued, "Alright, then let's see how the results of the examination are."

Today, he had once again helped her resolve the crisis, and even chose to trust someone who seemed to be overly impulsive. This made Long Chen feel slightly grateful to him.

Long Chen had always been a person who repay favors with revenge. He would never treat his own people badly.

Just like now, while he was improving at the same time, he was also working hard for the little wolf that gave him the Stellar Battle Body.

"I wonder if I can go to Star Demon Prison now?" Long Chen asked immediately.

This time, the main reason why I came here is to bring you to Star Demon Prison. There is still about a month before the battle for the green dragon halberd starts.

"Alright." Long Chen nodded his head, thinking that he was going to the legendary Star Demon Prison to find out more about the Little Wolf's information, he started to get excited.

"Let's go." When Dongfang Xuanxiao did something, he did not hesitate at all.

There was an entrance into the Heaven Martial Stage from the Dongfang family, and from this entrance, Long Chen went straight to the Heaven Martial Stage, to the legendary Heavenly Core Region.

There were profound beasts of the seventh rank and above here and the strongest beasts could fight with Dongfang Xuanxiao.

Dongfang Xuanxiao had been to Star Demon Prison many times, so he was very familiar with safe routes. On the way, the two of them did not encounter any demon beasts and they reached their destination.

"This is the Star Demon Prison?" Long Chen was dumbstruck. In front of him, there was a huge pit of earth, forming a small basin. In the center of the basin, other than bare rocks, there was nothing.

"Look at the middle."

Following Dongfang Xuanxiao's instructions, Long Chen looked over. In the center of the basin, there was a black hole like vortex, and at this moment, this vortex was spinning non-stop. The surrounding space was somewhat distorted, and a ray of light could faintly be seen being swallowed.

"World within a world?" Looking at the black hole whirlpool, Long Chen did not say a word, but Ling Xi who was inside her sword was pleasantly surprised.

"I never thought that in this small universe, there would actually be a world within a world." "How strange."

Because Xuan Xiao was present, Long Chen did not dare to speak to him. This matter regarding the 'Realm within a Realm' was something that he could only ask her after Dongfang Xuanxiao had left.

"Through this black hole whirlpool, we will reach a turning point, and after that is the Star Demon Prison." Dongfang Xuanxiao spoke as he approached the black hole whirlpool.

Previously, Long Chen was paying more attention to the black hole whirlpool. When he was following Dongfang Xuanxiao, he saw that there were still four people guarding outside the black hole whirlpool.

These four people were clad in heavy armor: green, red, white, and black. Long Chen reckoned that this should represent the Azure Dragon, Vermillion Bird, White Tiger and Black Tortoise.

Seeing that Dongfang Xuanxiao had arrived, these four young men in heavy armor hurriedly walked forward. Looking at their appearances, they were probably only around twenty years old, but their strength should at least be at Heavenly Core.

"These are armored guards personally trained by the Inner Race. Their strength and talent are definitely not inferior to the top geniuses from other clans." They were still quite far away from each other, when Dongfang Xuanxiao used a calm tone to convey this message to Long Chen.

"Inner Race is indeed powerful." Long Chen was secretly shocked, but he did not say anything.

At this time, the four armored guards surrounded and knelt down towards Dongfang Xuanxiao, saying loudly: "I greet Lord Xuan Xiao!"

"Get up." Dongfang Xuanxiao went straight to the point and pointed at Long Chen: "This is Long Chen, the person who passed the Inner Race selection. He is my foster son now, so this time, Yan Honghai, I'll leave taking care of him to you. You take him to the fragmentary domain in Star Demon Prison and have him cultivate there. At the same time, tell him some of the matters that the Star Demon Prison should pay attention to. "

Amongst the four armored guards, the blue armored guard quickly nodded his head and said: "Hong Hai will do as you command!"

"Since that's the case, then I'll be leaving first. Long Chen, if you want to leave this place earlier, talk to this Big Brother Yan. Understood?"

Long Chen nodded.

After Dongfang Xuanxiao gave some more instructions to Yan Honghai, he finally relaxed and left. At this time, the four armored guards looked at Long Chen with interest, and Yan Honghai said one of them:

"Young Master Long Chen, you came to Star Demon Prison the moment you entered?"

"From this, you can see that young master Long Chen is very hardworking." The red armored youth praised.

"On the path of cultivation, diligence is the basis. After entering the Inner Race, I feel an even greater pressure, so I do not dare to be negligent in the slightest. Brothers, in the Star Demon Prison, I hope that you can advise me!" Long Chen cupped his hands and said to them.

Long Chen was already a member of the Inner Race, but he didn't have the slightest bit of arrogance. He was different from other disciples of the Inner Race, which made it easier to get along with Yan Honghai and the others. They had been guarding the Star Demon Prison night and day, and it was a rare sight to see.

"Alright, everyone, don't waste Young Master Long Chen's time, Young Master, come, I will bring you into the Star Demon Prison right away!" Yan Honghai smiled faintly, then led the way for Long Chen.

The Heaven Martial Stage was a small Qiankun world, but the Star Demon Prison was a part of the Heaven Martial Stage. As its name implied, this was the world within a world. However, to Long Chen, there were many miraculous things in this world, so he did not mind them.

"After passing through this black hole whirlpool, you will be able to reach the transfer hall. Young Master Long Chen, when you enter the Star Demon Prison, it will be a little hard for you, but don't be afraid, it will be fine." To take care of Long Chen, this was Dongfang Xuanxiao's mission. Furthermore, Yan Honghai also liked this brat, Long Chen, so she had to explain in detail for him.

"It's nothing. It's a bit painful, so I can naturally bear it."

Long Chen snickered, and followed Yan Honghai closer to the black hole's whirlpool, only feeling a strong suction force on his body, before he even got close, he was almost forcibly pulled in.

"Don't move, don't panic." Yan Honghai's eyes moved over. At this moment, he was gradually sinking into the black hole whirlpool.

More accurately, it sank in.

Long Chen took a deep breath, stepped forward, and walked into the Star Demon Prison.

Chapter 193 - fragmentary domain

Long Chen felt his vision go black, and his entire body sank. He felt as if his entire body was falling down rapidly, and there seemed to be a strong tearing force acting on his body, causing him to feel a little numbing pain.

This feeling did not last long, and Long Chen quickly discovered that his condition had returned to normal.

When he opened his eyes, he discovered that he was currently in a pitch black palace. This palace was completely empty, as if it was entirely made of metal.

"Big Brother Yan, is this transfer hall?" Long Chen realized that Yan Honghai was standing right beside him.

"Mn, with this transfer hall, we can go to two large areas of the Star Demon Prison. Let's not talk about the Great Star Region first, the one you are going to this time is closer, so the transfer hall can also go." Yan Honghai said.

"What are the fragmentary domain and the Giant Star Region?" Towards the Star Demon Prison, Long Chen had no concept at all.

"The Divine Star Region is a place where prisoners are imprisoned. It is not a place we can set foot in, but the fragmentary domain is a place for the clan members to cultivate. Young Master Long Chen, you should not know anything about the Star Demon Prison, right? "Follow me."

With Yan Honghai's call, Long Chen walked towards the exit of the transfer hall full of curiosity. However, the more he walked, the more he saw the pitch-black void outside.

After exiting the transfer hall's gate, he arrived at a plaza. Long Chen was completely shocked.

He discovered that this transfer hall was a building embedded in a mountain wall. This was the only place where he could see the mountain wall, but before his eyes was an endless void.

"This is the starry sky?" Long Chen found it hard to calm his heart. The scene he saw was simply too shocking.

From the transfer hall, he could see that this Star Demon Prison should be located in the midst of a huge subterranean space. However, he didn't expect that this subterranean space would actually be so large that it could transform into a starry sky.

"Do you see those stars shining in the dark, they are the fragmentary domain's fragmentary stars?" Yan Honghai pointed to the stars in the starry sky ahead, and said with a tinge of emotion.

"You mean I'm going to go to these stars?" Long Chen knew that this was only a small-scale starry sky. Those stars weren't too far away. If they truly reached there, they would only be able to travel between a hundred meters and a thousand meters in diameter. They definitely wouldn't be able to match up to the outside world.

"Mn, but you don't have to worry, I will bring you over. Do you see those iron chains?" Yan Honghai nodded, and then pointed to the edge of the plaza. Only then did Long Chen see that in the endless void, two incredibly thick iron chains had extended over, and were firmly locking onto the transfer hall.

This iron chain was the thickest iron chain that Long Chen had ever seen, and its hardness was not low either. Although its surface was stained with rust, it still emitted a strong power.

Just the diameter of the oval ring on the chain was about half a meter. One of the rings on the chain was probably even larger than several beds combined. How could such a thick and sturdy chain be weak?

"Are these two iron locks connected to those stars?" Long Chen asked.

"Yes, the left one leads to the Giant Star Region, and the right one leads to the fragmentary domain. Long Chen, do you see that behind the fragmentary domain, the brightest and largest stars are the Azure Dragon, Vermillion Bird, White Tiger, Black Tortoise, and the Heavenly Wolf Five Stars." Looking at this mystical place, as a citizen of Lingwu Family, Yan Honghai felt proud.

"Azure Dragon?" These five stars, were they the place to imprison criminals? I really don't know, where Mo Xiaolang was imprisoned on that star. " Long Chen thought in his heart.

At this time, Yan Honghai suddenly became serious, and said with a stern expression: "Young Master Long Chen, I will follow Master Xuan Xiao's instructions and bring you to one of the stars in the fragmentary domain, but there is something very important that I must tell you."

"What?" Seeing Yan Honghai's serious expression, Long Chen immediately asked.

"Do you see this void? This isn't the real void, but if we were to accidentally fall into the endless void while walking, then no matter who it is, no one will be able to save you, because up until now, no one knows where the Lingwu Family will go after falling into the void. "

"Falling?" Long Chen was a little speechless, it seemed like the Star Demon Prison was not without dangers, it was just that, they were all warriors, they had strong control over him, and with this iron lock being so thick, as long as they were not fighting on the lock, they could walk steadily.

"Of course, we are all martial artists. Normally, this kind of situation wouldn't happen, and I'm only reminding you." Yan Honghai laughed openly and continued to speak: "Come, follow me. Stay focused.

As he said that, Yan Honghai jumped onto the metal lock that led to the fragmentary domain, and Long Chen immediately followed.

"Mo Xiaolang should be in that Giant Star Region. The reason I came here this time is to find out more about him, but this Yan Honghai is one of Xuan Xiao's people. If my question is too obvious, will his identity be revealed?" Long Chen thought, and continued on his way.

There was indeed a shocking power in the space beneath him. When Long Chen looked down, he felt a bit fearful, as if there was a giant mouth beneath him, waiting for his prey.

"Be careful." With our current speed, it should take around half an hour. " Yan Honghai turned and said with a smile.

"Thank you, Big Brother Yan." Long Chen said.

Oh right, I heard that you defeated the The number one genius of the other races in the Inner Race selection. The whole journey was obviously very boring, thus Yan Honghai asked with interest.

"Indeed, but what kind of The number one genius of the other races is this Gold Saint? The one before the silver group is the real genius." Originally, Long Chen didn't know how to ask, but when he mentioned the matter of the Inner Race selection, he had successfully brought the topic up to Mo Xiaolang.

"That's true. With Mo Xiaolang's talent, even the geniuses of Inner Race would feel humiliated. However, there is no need to say too much about this matter. " Yan Honghai shook his head, he did not want to talk about Mo Xiaolang anymore. After all, this was a taboo in the Lingwu Family.

"I heard that Mo Xiaolang is imprisoned in the Star Demon Prison? It should be a star in the Great Star Region? " Long Chen tried to test the waters.

"Mn, at that time, I personally saw him being brought to the Azure Dragon Star Long Chen, are you interested in him? I suggest that you better not talk about Mo Xiaolang too often because the four great clan leaders do not allow us to talk about him. "

"Nothing else but curiosity. Geniuses always have a few admirers, don't they? " Long Chen grinned.

Yan Honghai could not tell that Long Chen was bluffing, but he smiled and continued on his way.

Walking on this iron lock, the front and back was a void, this endless darkness gave Long Chen a creepy feeling.

"Is he trapped on Azure Dragon Star? I thought it was Sirius. " Long Chen secretly thought in his heart about a plan. Even though he was not too far away from Azure Dragon Star at the moment, the problem was that he did not understand the mysteries of the Star Demon Prison at all, so how could he save Mo Xiaolang?

"Almost there." Time slowly passed. Although the starlight wasn't as bright as before, it was much bigger. Some of the starlight looked like it was already very close.

At this time, dozens of small bifurcations appeared on the iron chain in front of him. Yan Honghai identified them for a while, then walked over to one of the iron chains.

"In this bifurcation, every small planet with an iron lock leading to is marked. Look, the one we are walking on now is leading to a five times gravity planet." Yan Honghai pointed to the small symbol on the iron lock, and said seriously.

"If five times gravity is not your limit, you can come back here and choose to have even more gravity, but I suggest you follow the rules and not enter too big of a gravity planet at once. That way, you'll probably be crushed to death!" Taking care of Long Chen, was a task that Xuan Xiao had instructed him to do, and Yan Honghai found him pleasing to the eye as well.

"I know, I'm too anxious to eat hot tofu." Long Chen laughed and remembered what Yan Honghai had said.

"I won't stay here with you forever. After I bring you into this fragmentary star, if you want to enter or leave the fragmentary domain, you'll have to rely on yourself."

Under Yan Honghai's lead, Long Chen could see that one of the star fragments was getting closer and closer to him. In front of Long Chen, on the place where the iron chain was locked, was a small, earthen yellow star with a diameter of only two hundred meters.

On this broken star, the ground was not flat, but there was a very large range. The moment Long Chen stepped onto this broken star, the feeling he had had was exactly the same as when he had been sitting on a ball the size of his head.

Aside from the fact that the ground beneath the fragmentary star was slightly bent, the rest of it was the same as the ground below. The only difference was that the ground below was made of dirt.

"This is five times gravity?" From coming to this fragmentary star from the iron chain, Long Chen suddenly felt as if a thousand kilogram boulder was pressing down on his head. Although it was not enough to make him feel pain, this sudden change in events had him unable to adapt for a moment.

"It is indeed a good item." Not only was it difficult to move one's body, it was also extremely difficult to circulate one's true qi.

"Looks like you really do have a high level Profound Ranked body tempering technique. This bit of gravity is of no threat to you but I suggest that you continue to follow the steps and increase the gravity bit by bit. Young Master Long Chen, I still have duty to guard outside the Star Demon Prison, so I'll be leaving first?"

If Yan Honghai wanted to leave, Long Chen had no choice but to allow him to leave.

There were two reasons why he came to the Star Demon Prison. The first reason was to find out more about Mo Xiaolang, and the second was to truly cultivate. It was rare to come to the Star Demon Prison, and this was a place that would be of great help to him. Long Chen didn't have any reason to let go of this opportunity.

"Knowing that the wolf cub is on Azure Dragon Star, I need to inquire about other details before I can come up with a complete plan. But now, I will take this opportunity to train! "

Chapter 194 - martial arts fanatic Southern Palace City

After Yan Honghai left, Long Chen took this gravitational pressure and explored this broken star that had a diameter of about two hundred meters. There was nothing but loess here.

"What a shitty place."

Then, Long Chen started to truly calm his heart and silently cultivate.

This was something that he had to do every night.

Only through endless circulation and control of one's zhenqi could one absorb the spiritual Qi of heaven and earth, strengthen one's own body, and at the same time increase one's control over the zhenqi.

"The difficulty of my zhenqi circulation has increased five times. However, this is not my limit!"

Under Long Chen's control, the light red colored Innate Qi gushed out crazily from the Earth Core and flowed through the nine great dragon meridians as well as various other small meridians. Compared to before, this speed was much faster and Long Chen was much more crippled.

Because of the heaven-defying quality of the Blood Refinement Qi, the instability of Long Chen's foundation was not obvious, but with the fragmentary domain's tempering, he was about to advance in a more pure manner.

He believed that when he thoroughly refined all of his true qi, it would have an unexpected and miraculous effect.

Thus, Long Chen's days had finally stabilized. During his stay in fragmentary domain, the first thing he did was to refine his own Zhen Qi. After a period of bitter training, the Earth Core Stage's Zhen Qi had become purer, and could even erupt with more powerful force.

At the same time, Long Chen was also in the process of cultivating the Nine Dragons Flash. A battle skill of the same high Profound Rank, the True Dragon Nine Flashes, was even more complex than the Spirit Devil Sword Finger. However, with the assistance of Star Fragment Gravity, Long Chen's progress in this area was able to advance at a tremendous pace. Very quickly, he surpassed the target Dongfang Xuanxiao set for him, and reached the fifth flash.

More than ten days later, Long Chen was in the midst of a fragmentary star that had a gravitational force of twenty times and a diameter of nearly five hundred meters, casting the Nine Dragons Flash. Because of the immense pressure, it was extremely strenuous for him to use it.

However, if he removed this force of gravity from his body, Long Chen's True Dragon Nine Flashes would be about ten times faster than his current speed.

"Swish, swish, swish!"

Step by step, he changed and swam about. Although it was slow, his figure still had an unfathomable feeling.

"Glittering!" After continuously completing five transformations, Long Chen was already somewhat tired. Today's training task had already been going on for a day, so he had no choice but to stop and rest.

The Mysterious Dragon Jade was increasing his comprehension. Regarding her literal understanding of the Nine Flashes of the True Dragon, Long Chen had already reached an extremely deep level. What she needed now was to practice under enormous pressure.

As his theoretical foundation was very strong, he basically wouldn't take any detours.

In the process of practicing the Nine Flashes of the True Dragon, he had used the true qi to his legs, thus he had achieved the goal of refining his true qi.

However, Xuan Xiao has given me fifteen days, which is more or less it should be. Forget it, I will finish training for the last two days and then go out. "

After resting for a while, Long Chen started his own cultivation task.

After a period of time, Long Chen felt something strange happening in the outside world and opened his eyes. There was someone else who had come to this fragmentary star with twenty times gravity from the iron chain.

It was a young man with tanned skin and a sturdy figure. A beast skin was draped over his body, and a coiled smile hung on his face; he gave off a simple and honest feeling.

When he saw Long Chen from afar, he immediately walked towards him. With a slightly passionate gaze, he looked at Long Chen and said: "You were able to cultivate under twenty times the gravity, not bad! My name is Southern Palace City, can I be a friend? "

When he walked closer, Long Chen saw that even though he had a robust appearance and twisted muscles, he was not more than fourteen or fifteen years old. As for strength, it should be at the small success stage of Earth Core Stage.

Amongst the Inner Race s, this kind of level should be considered as the elite level of existence.

This youth's face was bronze colored, but his teeth were completely white. Right now, he was giggling while looking at Long Chen, clearly showing that he was a happy idiot.

This kind of person did not have any schemes, and was just a candidate to be a friend. Long Chen knew the importance of connections, so he stood up.

"My name is Long Chen."

"Ah?" You must be selected from the other races, right? " "To be able to stand out from tens of thousands of people, you are truly not simple. It's no wonder that you are able to withstand twenty times the gravity now, without any pressure. Which family are you in right now? "

"Dongfang family." This brat in front of him was very talkative. Long Chen felt that he was quite interesting.

"Oh, oh, I am the Southern Palace City, I am the Nangong Family's Nangong Vermillion Bird." Southern Palace City scratched the back of his head and laughed, revealing his white teeth.

"Nangong? I actually know your new Feng Wutian. " Long Chen opened his mouth as well.

"Feng Wutian? Don't mention him, a brat who isn't important right now is only at the level of a newly entered Earth Core Stage. When he just entered the Inner Race, he was already challenged by me, and Long Chen, for you to be able to enter the Inner Race, I think your strength is not bad. "Don't think too

much, I'm just a person with an itchy hand. I'm sure that if I meet someone, I will challenge them. My brothers and sisters have given me a title, called 'Martial Awareness'!"

When it came to this title, Southern Palace City had a face full of pride.

"That idiot is still obsessed with martial arts." Long Chen secretly cursed in his heart. In fact, his method of challenging others as soon as he met them was extremely rude and idiotic, but seeing that this fellow was truly a little crazy, Long Chen did not hate him. On the contrary, his bluntness made Long Chen agree with him.

"How is it? Do you agree?" Southern Palace City looked at him in anticipation.

"I will agree, but I have a condition." Long Chen laughed and said.

"If that's the case, feel free to speak of it. Give me whatever I can!" Seeing that there was a glimmer of hope, Southern Palace City immediately became excited, like a calf that could not rest at all.

"The conditions are not troublesome. Can you answer a few questions for me?" "Rest assured, my question will not involve any secrets, nor your privacy."

"Problem?" Southern Palace City was stunned, "Don't worry, I don't know much, and I don't have any privacy."

Towards this idiot, Long Chen was truly speechless, but at the same time, he could use him to find out more about the Star Demon Prison.

"Are you familiar with Star Demon Prison? Have you ever been to the Giant Star Region?" Long Chen asked.

"Giant Star Region? Usually only the four heads can enter, and we are forbidden to enter. My father said that as long as we get close, we will be sucked into the gravity of the giant stars, and if the chief does not rescue us, we won't be able to come out for the rest of our lives. "

Long Chen was startled, then asked with calm eyes: "Why is the Clan Chief able to enter the Great Star Realm, because they are very strong?"

"I don't think so. I heard that it's because they have Five Divine Weapons, and with Five Divine Weapons in their hands, they can easily eliminate the gravity of a giant star. However, Five Divine Weapons can only enter their respective giant stars. "

"In other words, you can enter Azure Dragon Star with a green dragon halberd?" Hearing this news, Long Chen was very surprised, which meant that he still had a chance, because according to Xuan Xiao's arrangements, he was about to participate in the green dragon halberd battle.

"Probably. "Heh heh." Although he did not know why Long Chen was asking this, the Southern Palace City only chuckled and did not give it much thought. Right now, what he cared about was whether or not his own question could satisfy Long Chen.

He had originally wanted to ask Mo Xiaolang where he was imprisoned on Azure Dragon Star, but then he thought that this idiot in front of him must not know, so he directly said: "Alright, I'm done asking. But Southern Palace City, the question I asked you today, we can't leak it out, okay?"

"Of course, my Southern Palace City is a famous man, how can you speak carelessly!" Southern Palace City patted his chest and then carefully looked at Long Chen and said: "About that, can we start fighting now?"

"Right here?" Long Chen was startled, but after thinking about it, under twenty times the gravity, that was the true stimulation.

"Yes, I'm ready!"

Southern Palace City took a few steps back and clenched his fists. He looked at Long Chen with fighting spirit.

Long Chen was truly a little speechless towards him, but, Southern Palace City's state of mind, which was maintained at all times, deserved the title of 'martial arts fanatic'.

"This kid's actual combat experience is definitely countless times that of Dongfang Tianya. And it's under the weight of gravity that he's familiar with, I can't let down my guard and lose to this guy." Long Chen thought in his heart.

"Let's do it." Long Chen said indifferently.

"Receive my attack!" Without saying a word, Southern Palace City's face immediately became burning hot, and he punched towards Long Chen. Immediately after, a surging wave of heat wave from the flames pounced straight at Long Chen. The flames suddenly condensed into multiple fist prints, trapping Long Chen's entire body!

"Vermillion Bird's true art, Heaven Fire Fist!"

Under twenty times gravity, Southern Palace City's speed was reduced to an extremely low level. However, this did not affect him in the slightest when he used his battle skill!

"This stance, is much stronger than Dongfang Tianya's."

Long Chen was secretly surprised in his heart. After that, his gaze sank, and under the Southern Palace City's astonished gaze, his feet moved even faster!

True Dragon Nine Flashes!

Under this state, the fact that Long Chen's speed could still reach such a speed caused Southern Palace City to be a little shocked. However, this did not affect his determination to defeat Long Chen.

However, right at this moment, Long Chen, who was rushing towards him, changed his posture!

"It's gone, it's over here!"

The first change in Long Chen's body was quickly found by the Southern Palace City!

This made him feel very excited!

However, he was stunned because after a single change in Long Chen, he did not stop. After a series of changes, the Southern Palace City had completely lost track of them!

"I'm here."

Chapter 195 - Return of Geniuses

"Taixuan Dragon Seal!"

With a move that was within reach, it instantly hit Southern Palace City's back, which he wasn't prepared for. Long Chen controlled his strength and merely sent him flying.

"You lost." Long Chen stopped and said.

"How is this possible?" Southern Palace City stabilised his body, turned his head, and looked at Long Chen with shock in his eyes, "I didn't even use any other powerful techniques, and lost like this?"

"If this was a real battle, you would have already died in my hands. Is that not considered your loss?" Long Chen laughed.

"Can you tell me how you beat me?" After losing, Southern Palace City was filled with disappointment.

"Don't be discouraged, I just used a high grade Profound Rank movement technique to suppress you in speed. If it was a single round of true qi, I would still not be your match. " It seemed like he had dealt a certain blow to this youth, which was why Long Chen explained it to him.

"A high grade Profound Rank movement technique, could it be the Eastern family's famous Nine Dragons Flash?!" Southern Palace City looked at Long Chen in shock, "You just entered Inner Race, and already got the Nine Dragons Flash, and you cultivated to such a degree?"

He didn't think that Long Chen was strong initially, but seeing him moving so freely under twenty times the gravity, he was a little shocked. Unexpectedly, this kid from another race was a peerless genius?

"It is indeed the Nine Dragons Flash." Long Chen never thought that this brat would actually recognize this.

Long Chen, you are really awesome! I have made this friend of yours my friend for sure, but I will not lose to you, this is only the first time, you will become my goal for cultivation! Sooner or later, I will surpass you! "

As he said these words, Southern Palace City's eyes were filled with a desire to become strong.

With this mindset, he would become a pretty good expert in the future.

"Is that so? If you want to catch up with me, you can just increase your horse's strength, haha!" Southern Palace City was really a little funny as Long Chen laughed out loud.

His strength had improved, and he had roughly investigated Mo Xiaolang's situation. Long Chen's trip to the Star Demon Prison this time, was extremely perfect.

In the next two days, Long Chen continued to cultivate on this fragmentary star, and of course the Southern Palace City stayed there. What made the Southern Palace City excited was that Long Chen would look for him to spar with him every little time, and even though he lost every time, the Southern Palace City was still extremely excited.

Through actual combat, especially on the fragmentary star, Long Chen's comprehension of the Nine Dragons Flash increased day by day. On the fifteenth day, he was already able to use the Nine Dragons Flash to its seventh move.

If Dongfang Xuanxiao knew, his expression would definitely be interesting.

"Long Chen, you're leaving today?" Southern Palace City was filled with disappointment.

"Don't worry, I will come in as soon as I have time. This is a treasure trove!" Long Chen laughed.

"I heard that the battle for the green dragon halberd of the Dongfang family is about to begin. Are you going back to fight for the green dragon halberd?" Southern Palace City suddenly asked.

"Right." Long Chen nodded.

I have challenged Dongfang Tianyu before, and he is countless times stronger than me. I am not a match for a single move of his, so I estimate that you are not his match at all. " Southern Palace City said.

"Not necessarily." Long Chen said confidently.

Actually, he wasn't too sure. But, didn't he still have fifteen days? During this period of cultivation in the Star Demon Prison, Long Chen had already felt that another breakthrough was almost here.

After bidding farewell to the Southern Palace City, Long Chen took about two hours to travel from the fragmentary domain to the transfer hall. Then, he passed through the Black Hole Vortex of the transfer hall and arrived at the Heaven Martial Stage.

heaved a sigh of relief when he saw Long Chen appear. If Long Chen didn't come soon, he would have to go into the fragmentary domain to look for him. After all, the Star Demon Prison was also in danger. If Long Chen fell from the iron chain, not even his bones would remain.

"How was the harvest?" Yan Honghai looked at him with a smile that was not really a smile.

"Not at all." Long Chen said humbly.

"A few days ago, Master Xuan Xiao came by once, and when he saw you focused on cultivation, he left. Young Master Long Chen, I heard that you want to participate in the competition for the green dragon halberd? " Speaking of Earth Rank Divine Weapon, green dragon halberd, Yan Honghai also yearned for it.

"That's true. That's why I came to Star Demon Prison, and temporarily hugged Buddha's feet. " Long Chen nodded and joked.

"That's a good thing. But during the Inner Race selection, the green dragon halberd seemed to have been reserved by Master Xuan Feng's youngest son, Dongfang Tianyu, right? Master Xuan Xiao has no descendants, and his parents died a long time ago, so he is not well-received by the few Profound Elders in the Profound Sky Continent. " When he was walking to the side with Long Chen, Yan Honghai whispered to him.

"In the previous few fights for the green dragon halberd, of the Stormy Clouds, the other three have all had the chance to come in contact with the green dragon halberd, and only Lord Xuan Xiao did not. This time, other than the three of them, the strongest is Young Master Dongfang Tianyu. If he doesn't target you, you might be able to perform well and give Master Xuan Xiao face, but I heard that you and Dongfang Tianyu have a conflict? "

"There is indeed one, Big Brother Yan. And it is not small at all." I think that in this battle for the green dragon halberd s, he will find some ways to cause trouble for me. " Long Chen laughed bitterly.

"This is troublesome." Yan Honghai frowned, worrying about him.

Right at this moment, Dongfang Xuanxiao walked over from afar.

"Big Brother Yan, I'll be leaving first." After bidding farewell to Yan Honghai, Long Chen followed Dongfang Xuanxiao and walked in the Heavenly Core Region.

"How is your training progressing?" Dongfang Xuanxiao asked.

"Regarding zhenqi, I've already tempered it to the point where my foundation is much more stable now. I estimate that there will be a breakthrough in a short amount of time!" Long Chen already faintly felt that the opportunity to break through, was almost here.

"Where's the Nine Dragons Flash?" Hearing that Long Chen was about to have a breakthrough, Dongfang Xuanxiao was overjoyed. He was a person who would not show his anger, so his tone was still as calm as before.

"It's progressing well. I've already fulfilled the goal that you set for me." Long Chen did not say that he had already reached the seventh flash. If that was the case, Dongfang Xuanxiao would definitely feel that his talent in fighting skills was too heaven defying, and might even ask a lot of questions.

"Very good." Dongfang Xuanxiao smiled faintly. In his heart, he thought that Long Chen had finished his fourth flash.

"If that's the case, then the True Dragon Nine Flashes will be very useful in your battle. Combined with your Beast Soul Transformation and Spirit Devil Sword Finger, it should be pretty good. If I can still break through to the next realm before then, I will have at least a thirty percent chance to do so.

The battle for the green dragon halberd not only concerned her own future, it also concerned Mo Xiaolang's life. Therefore, in this battle, Long Chen would definitely fight to the death and win against Dongfang Tianyu.

In addition, it was only right for Dongfang Xuanxiao to cover for him and give him face.

From the start of the Inner Race selection, Dongfang Xuanxiao had given him more than just a little care. Even when Long Chen was cultivating in fragmentary domain, he still went in to see, but he did not disturb him. To Long Chen, this was a sign of acknowledgement.

"Let me give you some good news." Along the way, Dongfang Xuanxiao suddenly asked.

"What?" The good news told by such a powerful figure was naturally not simple.

"The clan's Xuan Lao discussed it for a while. They decided to give the Green Dark Soul Fruit to you, but within a year, you won't receive any rewards. I argued with them for a while and compressed the time to nine months. This is my limit." Dongfang Xuanxiao was a little helpless.

Long Chen looked at him, and really didn't know how to express his gratitude.

"Foster father, as matters stand, I can only tell you. I will do my best to complete the green dragon halberd incident!"

"This is just right." Hearing Long Chen's confident words, Dongfang Xuanxiao felt extremely gratified. From his Heaven and Earth Pouch, he took out a deep green jade box. This jade box emitted a dense amount of spirit energy, and was actually completely made out of divine jade.

"This is the Green Dark Soul Fruit." Dongfang Xuanxiao gave this item to Long Chen.

This was something that could let Ling Xi live for five years, Long Chen was already excited, and what's more, the little girl inside Ling Xi's sword, if Dongfang Xuanxiao was not here, she would have already ran out happily and picked up the Green Dark Soul Fruit to cultivate.

Long Chen kept the Green Dark Soul Fruit in his Qiankun bag, but then he saw Dongfang Xuanxiao looking at him, and immediately asked with a smile: "What's wrong? Is there something on my face? "

"I suddenly realized that when you obtained the Green Dark Soul Fruit, you were very happy and sweet. Long Chen, do you have a woman you like? This Green Dark Soul Fruit, is it for her? " After saying this, Dongfang Xuanxiao's voice became somewhat hoarse.

Such a person with such a solemn and taciturn expression actually brought up such a gossip, Long Chen was truly a little speechless, and he hurriedly said, "No, absolutely not."

"Isn't that Liu Lan from last time?"

"She's not ..."

"Fine." Dongfang Xuanxiao shook his head. He could also tell that Long Chen was teasing the mature woman.

The two of them continued to walk.

"Long Chen, I have something to tell you."

"What?" Long Chen asked.

Dongfang Xuanxiao's eyes looked a little pained. He forced out a smile and said: "A small piece of advice. If in the future, you have a woman you like, you'll have to work at least ten times harder so that you can protect her."

He walked in front, saying this without looking back.

"Huh?" Long Chen had no idea why Yun Che would say such ridiculous things to him at this time. Regardless of how smart he was, he still couldn't react in time.

Dongfang Xuanxiao was about to leave. Before he left, he said to Long Chen: "Tian Chen, Tian Xing and Tian Xuan, have already returned from their training, they are all Heavenly Core warriors, it would be best if you don't provoke them. They are rather favored by Elder Xuan and the Patriarch, and if they were to beat you up, I can't stand up for you too obviously."

"I know." Long Chen nodded his head, he was not a person without sense of propriety, he knew the principle of patience, before strength was not enough, to be low-key was the way to go.

Chapter 196 - Yinyang Tianhe

As soon as Long Chen returned, Yin Mengyao came out to welcome him. It had been a while since they last met, so Yin Mengyao seemed to have made some progress.

Her personality had always been cold, but towards Long Chen and Dongfang Xuanxiao, she was much more gentle.

After Dongfang Xuanxiao left, Yin Mengyao hurriedly asked in anticipation: "Long Chen, how was it? Is there any news? "

Long Chen told all the news that he had obtained in the Star Demon Prison to Yin Mengyao once.

Hearing that, Yin Mengyao frowned slightly, her face as cold as ice became tense, and she said: "So that's why, we need to obtain the green dragon halberd, in order to have the chance?"

"Mn, in another dozen or so days, the green dragon halberd's battle will begin. This time I will do my best. " Long Chen said.

Looking at Long Chen's resolute expression, Yin Mengyao also said: "This time, I want to work hard together with you. These few days, while I was in martial arts hall, I fought against one of the puppets within the Wood Puppet Formation.

"martial arts hall? Wood Puppet Formation? " Long Chen had never heard of these two things.

"martial arts hall is in the Mysterious Rain Pavilion, and the disciples of the younger generation are usually there to cultivate. They were brought over by my foster father, and in one area of the martial arts hall, there are a total of ninety-nine wood puppets. As long as we enter that area, all of the wood puppets will swarm us." also felt that this wooden puppet was mystical.

"Wood golem?" Compared to the steel puppets, how is it? " Hearing this name, it seemed as though the steel golem was even more powerful.

"You've participated in the outer sect selection, so you must have thought that the steel puppets were stronger, but in reality, they are not." Yin Mengyao shook her head and continued: "The steel puppet is rigid, but the wooden puppet is extremely agile. Furthermore, the wood puppet is made of a better

quality wood, and the material is even harder and tougher than steel. It can even use a simple battle skill.

Long Chen then understood, it seemed that the Inner Race had spent a lot of effort to nurture the next generation.

After chatting with Yin Mengyao for a while longer, she started her mission for today, but Ling Xi had already urged her many times. Now that she had the Green Dark Soul Fruit, she wanted to refine it immediately.

When Long Chen returned to his residence, Ling Xi's young and tender figure had already flown out of Ling Xi's sword. At this moment, let alone being excited, her white face was smiling like a peach, making her look a little charming.

"Long Chen, give me the Green Dark Soul Fruit." Seeing that Long Chen still had not said anything, she quickly said in a spoiled manner.

"You are younger than me, how do you address me?" Long Chen said as he teased her.

"Brother Chen, Brother Chen!" Ling Xi suddenly had an idea. In front of a delicious meal, she would definitely not go against him.

"That's more like it." Seeing the little girl looking at him with a fawning look, Long Chen took out the Green Dark Soul Fruit and said: "Seeing that this daddy has sacrificed a year's worth of rewards for you, in the future, just call me that;

With regards to the Green Dark Soul Fruit, Ling Xi was already moved to the point of apologizing. Her small head was lit up like a chick pecking rice, and Tiantian shouted Brother Chen a few times.

Long Chen's heart went numb from the shout.

"Xiao Xi, your gentleness is really scary!" Long Chen curled his lips and said.

"You, hmph!" After receiving the cyan colored jade case from Long Chen, Ling Xi was too lazy to bother with him at this moment. However, thinking back to how Long Chen had unhesitatingly used a year's worth of rewards to exchange for this thing, in her heart, Long Chen's status had risen to a very, very high level.

"He called me Xiao Xi, but I called him Long Chen instead. It seems like it's very strange, he's indeed older than me, and he treats me so well, I'll call him Brother Chen from now on, and I won't lose out."

Ling Xi thought in her heart.

In this room, there was also a basement for Long Chen to cultivate in. Long Chen brought Ling Xi to this basement, closed the door, and said: "Little Xi, start refining now, I'll protect you."

"Alright." Ling Xi nodded her head obediently as her small body pulled open the big jade box. Then, she placed the jade box on the ground and opened it with a look of anticipation.

Immediately, a throbbing soul rushed towards Long Chen. Long Chen merely took a small breath and his consciousness became several times more clear-headed in the blink of an eye.

"Looks like this Green Dark Soul Fruit is very useful for cultivation. No wonder it's worth ten million divine jade. If I sell it, it'll be worth it."

In the jade box, there was a green, translucent fruit that was similar to an apple. Its body was overflowing with light and color, and its translucent body had countless translucent veins. Some of the green liquid seemed to be blood, flowing within the Green Dark Soul Fruit.

"It's really a Green Dark Soul Fruit!" Seeing the fruit, Ling Xi could no longer remain calm. Even her words were trembling.

"Xiao Xi, hurry up and refine it." Xiao Xi, hurry up and refine it. Looking at the Green Dark Soul Fruit, Long Chen reminded her.

Ling Xi nodded and looked at Long Chen with eyes full of gratitude: "Thank you, Brother Chen!" Then, she used a secret technique to refine the Green Dark Soul Fruit.

The Green Dark Soul Fruit was quickly wrapped up by her soul force.

Long Chen was bored to death, so he started to ponder about the last two flashes of the Nine Dragons Flash. As long as he could master the last two flashes, his Nine Dragons Flash would reach the level of Dongfang Xuanxiao.

Time slowly passed by, and Long Chen could feel Ling Xi's strength slowly increasing. This kind of intensity, should be the vitality of her soul.

Spirit Grass was a middle grade Profound Rank soul medicine, and although the Green Dark Soul Fruit was a high grade Profound Rank medicine, it was close to the Earth Stage and was extraordinary.

How could medicinal herbs worth ten million divine jade be simple?

Therefore, Long Chen reckoned that after refining this Green Dark Soul Fruit, it would take a long time for him to not have to worry about the problem of Ling Xi's life. At the same time, or perhaps at a critical moment of danger, Ling Xi could also give Long Chen a bit of help.

In the blink of an eye, six hours had already passed and it was already dusk. Long Chen had long since stopped his cultivation and sat by the side, protecting Ling Xi.

Just then, the white mist started to dissipate, Ling Xi's appearance was revealed. At this time, she still had her eyes closed, but Long Chen noticed that she seemed to be different.

Ling Xi's skin was not much different from the warm white jade. This was not a real physical body, but was an even more condensed version of the divine soul's power.

"This little girl seems to have become even more beautiful." Long Chen was a little envious when he saw this. Such a pretty little beauty was actually destroyed by that broken sword. She was truly a sinner.

At this moment, Ling Xi opened his eyes. Immediately, a divine light that even caused her soul to palpitate shot out from his eyes, startling Long Chen.

The moment Ling Xi woke up, she saw that Long Chen had been scared by her. Immediately, she giggled and said: "Brother Chen, you're really too timid."

"Who said that?" Long Chen's face was stern, he sized Ling Xi up and said: "How are you feeling now?"

"I have already completely absorbed the Green Dark Soul Fruit's medicinal power. If I do not make a move, I can live for at least five years outside. If I make a move, I reckon that I can receive the battle

skills of a First level of the Milky Way Realm warrior." Ling Xi stretched. Although her body was small, it already had a beautiful curve to it.

"First level of the Milky Way Realm?" Long Chen was not too familiar with Milky Way Realm. He only knew that in terms of Divine Pill Realm, there were only a few people in the entire Source Spirit City who possessed Divine Pill Realm that surpassed them.

In the Lingwu Family, the rumored Four Great Patriarchs were precisely the experts in Milky Way Realm. As for the Beast Soul Hall and Chen Xi, Long Chen did not know about them. But at the very least, the Primordial Emperor of the Beast Soul Hall should be an expert from the Milky Way Realm.

"There are a total of eighteen galaxies in the starry sky of the Dragon Sacrifice Continent, and all eighteen of them are formed by endless stars. They appear during the day and appear during the nine days, and appear during the night. Each Yang River corresponds to a Yin River, and the Milky Way Realm experts absorb the star power from the Milky Way, and they open up a field of stars in their bodies, forming eighteen galaxies in their bodies.

Knowing that Long Chen was not familiar with Milky Way Realm, Ling Xi explained to him.

"The power of the stars in the Milky Way also has a total of nine levels of Milky Way Realm? Little Xi, what stage do you think of the four old men from the Lingwu Family s? " With regards to all of this, Long Chen was a little shaken, he was only just entering the Earth Core Stage for the first time, so he was still far from being able to handle all this.

"In the Source Spirit City, there aren't any strong practitioners. I think it's just First level of the Milky Way Realm." Ling Xi said a little indifferently.

"" Long Chen was speechless.

That so-called Four Great Clan Chiefs, was an existence that Long Chen couldn't even touch right now.

"Don't be discouraged, Brother Chen. Little Xi believes that you will surpass them soon." Ling Xi clenched her small fists and encouraged Long Chen.

"Mn, by the way, where do you think those experts with ninth level of the Milky Way Realm would be present?" Long Chen asked.

"The Source Spirit City is a county in the Canyang Kingdom. The gathering place for the experts of the Canyang Kingdom is in the imperial city, so the imperial city should have this kind of expert. The center of the city is definitely much bigger than the Source Spirit City."

"Imperial City?" Long Chen had also heard of this before, that this huge Source Spirit City was located in a county city in the Imperial City, and right now, the City Lord's Mansion was also a branch power of the Imperial City. It was just like the White Yang Town's Lord's Mansion Yang Family, a branch power of the Lingwu Family.

"The Imperial City is not a place you should be thinking of right now. Brother Chen, you should think of a way to obtain that green dragon halberd." Ling Xi said.

Long Chen nodded his head, the Green Dark Soul Fruit had already been successfully absorbed, and the two of them left the underground room, just at this time, Long Chen saw that he did not come back.

"Sister Meng Yao said that she would usually return when she was faint, but now that night has fallen, could it be that something has happened to her?"

Thinking about it, Long Chen frowned and walked towards the Mysterious Rain Pavilion.

Chapter 197 - Dongfang Tianxuan

had been to the other three pavilions, so he was able to find the general location of the Mysterious Rain Pavilion very quickly.

Because he was worried about Yin Mengyao's safety, Long Chen left rather quickly on the way. Not long after, he saw the Mysterious Rain Pavilion from afar. Compared to the other three pavilions, the Mysterious Rain Pavilion was a little more exquisite.

Without saying a word, Long Chen entered the Mysterious Rain Pavilion. Just as he entered, he saw that there were many people surrounding him, cheering continuously sounded out, causing Long Chen to immediately rush over.

In the midst of the encirclement of the crowd, Long Chen could vaguely see that there were two people engaged in an intense battle. Looking from afar, Long Chen only knew that it was two women, one of them was obviously Yin Mengyao, and the other one, Long Chen did not recognize.

She was a girl that was about the same age as Yin Mengyao, and her beauty was not one bit inferior to Yin Mengyao. She was currently wearing a light yellow long skirt, and in the midst of fighting, her skirt fluttered like a rainbow butterfly.

Yin Mengyao's appearance was cold, but the lady's expression was cold, the depths of her eyes concealing a huge amount of arrogance.

Approaching closer, Long Chen could see that his cultivation was simply too much stronger than Yin Mengyao's. Rather than saying that the two of them were sparring, it would be more accurate to say that the woman was toying with Yin Mengyao.

"Those from other races are useless. Sister Tianxuan was just casually attacking and she was played around with."

"That's only natural. The outsiders are all here to help us. What kind of experts would come out of there?"

The people outside the stage discussed without restraint, and pointed at Yin Mengyao's sorry state.

At this time, under the opponent's threat, Yin Mengyao had almost died. However the opponent did not directly defeat her, but treated her like a practice character instead, as she tried out all kinds of battle skills.

At this time, Yin Mengyao was already drenched in sweat, she was a little out of breath, and her body was extremely tired. However, she was also a person who was not willing to easily admit defeat, which was why she was able to persevere on.

"To be able to endure till now, it seems that your Flowing Water Holy Body has already reached the initial stage. Not bad, then I'll just try this move of mine." As she said that, she lightly punched towards Yin Mengyao's head, enveloping him within. If Yin Mengyao's beautiful face got hit, she would definitely become extremely ugly.

Long Chen was already here, how could he possibly let this happen?

He was just about to make a move, but right at this moment, a loud laughter suddenly sounded in the arena. A figure quickly pounced towards Yin Mengyao, and with lightning speed, he blocked Yin Mengyao's waist, and protected him from the attack, allowing Yin Mengyao to escape danger.

This was a young man with extremely handsome features. His skin was fair and his nose bridge was firm. However, his eyes contained a smile, making him look rather evil.

"I say, little sister Tianxuan, you have been torturing her for an hour. You should forget about it, right?" The man continued to hug Yin Mengyao's waist, enjoying the softness of Yin Mengyao's body, smiling sinisterly.

"Dongfang Tianxing, do you want to meddle in other people's business?" The girl called Dongfang Tianxuan, revealed a cold smile on his face.

"Alright, my dear little sister, just give me some face in front of this beauty, what do you say?" Dongfang Tianxing said quickly.

Seeing his excited look, it seemed like this goal was very compatible with his taste. Dongfang Tianxuan knew what kind of person this cousin was, but Yin Mengyao didn't seem to have anything to do with her. Now that her opponent had been snatched away by Dongfang Tianxing, she no longer had any thoughts, and turned to leave.

And suddenly, she was hugged tightly by this strange man, and furthermore, Dongfang Tianxing's words caused her to feel extremely uncomfortable. Yin Mengyao's face turned cold, and pushed his hand towards Dongfang Tianxing!

"Little thief, let go of me!"

"Who are you calling a little thief? Girl, you look really handsome, and you even joined the Dongfang family. Look, how fated are we?" Dongfang Tianxing's hands moved quickly and he immediately grabbed onto Yin Mengyao's fair hands. With his head lowered, he looked at Yin Mengyao before she died, and with a smile that was not a smile.

Long Chen knew that he was powerful, but to tease Yin Mengyao in front of her was out of the question. No matter what Yin Mengyao said, she was still his adopted sister.

"Scram!" Suddenly, with an explosive sound, everyone was shocked. A moment later, they saw a youth dashing towards Dongfang Tianxing at lightning speed. Without saying a word, he threw a punch in front of Dongfang Tianxing!

"Who?!"

Dongfang Tianxing's face changed, he did not expect that someone would make a move on him here, in an instant, he lost his elegant demeanor and let go of Yin Mengyao in a sorry state, he retreated a few steps and dodged Long Chen's attack.

At this time, Long Chen took over Yin Mengyao and protected her behind him. At this time, the others finally reacted, shocked and uncertain, as they looked at Long Chen.

"Which beast are you?" Looking at Long Chen, whose image had been destroyed, the sinister look in his eyes instantly turned gloomy and cold.

"Who are you scolding!" Long Chen was not afraid in the slightest as he roared at Dongfang Tianxing!

Seeing that the brat still dared to shout at him, Dongfang Tianxing's face darkened, and he shouted coldly: "You bastard, scold me!"

"So it was a beast that scolded me. Hehe, no wonder." Long Chen suddenly laughed out loud. He had played this little game countless of times since he was young, but every time he had it tested.

No one could understand Long Chen's smile, but they quickly thought of a solution and all of their faces twitched.

Dongfang Tianxing called him a beast and Long Chen asked the beast in return who he was scolding. When Dongfang Tianxing got agitated, he was immediately tricked by Long Chen, and declared that he, Dongfang Tianxing, was a beast.

"You're courting death!"

Being played by Long Chen, Dongfang Tianxing's face immediately darkened. He was just about to attack, but Long Chen said coldly, "Dongfang Tianxing, if I tell my foster father about you teasing my Sister Meng Yao, you know my foster father's character. If you touch his foster daughter, that's the same as slapping him in the face.

Dongfang Xuanxiao's personality was unfathomable. If he bullied Long Chen and Yin Mengyao, he would let him know that his fourth uncle would really beat him up!

Dongfang Tianxing's old mother was Dongfang Xuanyu, but he knew that even his mother had no other choice but to borrow the might of his uncle. Thus, he, who had originally wanted to teach Long Chen a lesson, stopped himself.

"You are that Long Chen?" Dongfang Tianxing looked at him coldly.

"Can't change my name, can't change my surname." Long Chen said.

After knowing that he was the Long Chen who performed the best in the Inner Race selection, everyone started to size him up. He actually dared to fight against Dongfang Tianxing?

At this time, the young girl, Dongfang Tianxuan, was also looking at Long Chen.

Originally, she did not care much about this youngster, but seeing that he actually dared to directly carry Dongfang Tianxing, and even forced him to not even dare to do anything, Dongfang Tianxuan was impressed with his courage and insight.

However, how could the anger in Dongfang Tianxing's heart be reduced?

Therefore, he rolled his eyes for a while, and then laughed coldly: "You dare to speak words that insult me. Looks like your strength is not ordinary, I wonder if you dare to ascend to life and death arena with me?"

There were life and death arenas from other clans, and there were also Inner Race ones. In life and death arena, as long as both parties agree, a true battle can take place.

However, even though this was the case, the majority of them did not decide whether they lived or died. After all, they were from the same clan. There was no need for a deep hatred.

"life and death arena? I'm not interested in it. I just arrived at the Earth Core Stage and you are already at the Heavenly Core. Don't you think it's funny that I am going to the life and death arena with you?" Long Chen joked.

"Arguing?" The corner of Dongfang Tianxing's mouth rose into a mocking smile, "If you don't even dare to accept the challenge, Long Chen, are you even a man? I don't think you are, right? "Otherwise, why wouldn't you have the guts to do so?"

When Dongfang Tianxing said this, the others started to laugh. Since Long Chen dared to offend Dongfang Tianxing and also did not dare to accept the challenge, it was simply too inferior.

Dongfang Tianxuan originally thought Long Chen was a tough guy when he saw that he was very tough, so she was a bit interested in him. However, seeing that Long Chen did not dare agree, she lost his interest.

At this moment, Long Chen's expression did not change in the slightest. Instead, he smiled and said: "If I agree, not only will I not have any guts, I won't even have a brain. As for whether he was a man or not, he would have to go to the bed and verify that. What is it? Do you have any good girls you know who would recommend them to me? As long as my appearance is acceptable, I will absolutely not reject, haha! "

"You!" In terms of bickering, Dongfang Tianxing was thwarted once again.

"If you don't dare to fight, then it's your grandson. You can find excuses for yourself. Long Chen, you are the grandson of the grandchildren!"

Long Chen did not want to waste any more time with him, so he grabbed Yin Mengyao's hand and without saying a word, left Mysterious Rain Pavilion in front of everyone's eyes.

During this entire process, Yin Mengyao was completely terrified by Long Chen, and she had been panicking all the time. She thought that Long Chen would beat her up, but Long Chen actually borrowed Xuan Xiao's pressure to skillfully resolve the situation that had happened today.

This made Yin Mengyao admire this little brother a little.

"Although Long Chen's talent in cultivation is a little worse than Little Wolf, his willpower and intelligence is much better than Little Wolf's." Looking at Long Chen, Yin Mengyao was in a bit of a trance. Long Chen seemed to be a lot stronger than when they first met.

When they arrived at the entrance of the Mysterious Rain Pavilion, they coincidentally met Dongfang Tianyu walking in from the entrance.

However, Long Chen did not dare stay here for long, and immediately left quickly.

After Long Chen left, Dongfang Tianyu came here. Seeing the atmosphere, he suddenly felt that something was amiss. He hurriedly moved closer to Dongfang Tianxing and said: "Brother Tianxing? How about it? The Yin Mengyao I recommended to you suits your taste very well, right? "

Dongfang Tianxing's eyes were gloomy, and he said: "So interesting! However, she's Fourth Uncle's adopted daughter, so it's not easy for his to do anything. "

Dongfang Tianyu suddenly thought of something and pulled Dongfang Tianxing to the side, and said: "Fourth Uncle is indeed difficult to deal with, but, you don't have to do it on the surface, with the two of them in the clan, we have so many opportunities!"

Dongfang Tianxing's eyes lit up, and he said: "Brother Yu, you have a lot of ways, and I still have to kill Long Chen, what can you do?"

"Long Chen?" Dongfang Tianyu laughed, "When we fight over the green dragon halberd, I will kill him."

Chapter 198 - Bad News

After returning to his residence, Long Chen started his cultivation again, all the way until dawn. The battle for the green dragon halberd was right in front of him, so Long Chen did not dare to be negligent this time. After all, the wolf cub's current performance was the only thing that mattered to him.

The next day, when dawn had just arrived and Long Chen was still cultivating, Yin Mengyao knocked on the door somewhat excitedly: "Long Chen, let me tell you a piece of good news!"

"What?" Long Chen opened the door and asked.

"It's a secret. You'll see in a while." Yin Mengyao said mischievously.

Yesterday, Long Chen had helped her get out of this situation, allowing their relationship to advance to the next level.

"Enough, don't play tricks on laozi. Tell me quickly!" Long Chen threatened.

"Fine." It was rare for Yin Mengyao to not appreciate someone's mischievous act. She recovered to her normal self and smiled: "Your younger sister Yang Lingqing from Beitang family is here looking for you. He's on his way here right now."

"Huh?" Long Chen was immediately pleasantly surprised. To him, this was indeed a big surprise.

Speaking of which, Long Chen felt that he had let Yang Lingqing down. When Long Chen came to Inner Race, he should first go see her, but because of the matters there, he had delayed it for over ten days. Now, when Yang Lingqing heard that he had entered the Inner Race, she came over first.

After a while, they indeed saw Yang Lingqing walking over under Dongfang Xuanxiao's lead. Dongfang Xuanxiao knew that it had been a long time since he had seen the two siblings, hence they left some space for the two siblings.

Yang Lingqing wore a light green dress, and her appearance was getting more and more beautiful. Her moving eyes even had a dark green luster, making her look very spirited.

"Brother!" Seeing Long Chen, Yang Lingqing was very excited.

"Let's go in first." After pulling Yang Lingqing and letting her sit down, Long Chen looked at her from the side for a while before smiling: "Little girl, it's been a while since we last met, how come you look so pretty now?"

"You only know how to lie to me when you have nothing to say!" Knowing Long Chen's trick, Yang Lingqing was not easily fooled by him.

However, what Long Chen said this time was true.

It had been a long time since they last saw each other, and both of them had a lot to talk about. Once they started, they chatted from morning until noon. Long Chen mainly narrated his experiences during this period of time, and so did Yang Lingqing. However, her life was rather dull, and after obtaining a few good cultivation methods and powerful resources, she had been cultivating the entire time. In less than a month, she had already condensed a Mortal Core, and entered the Mortal Core.

After obtaining the correct cultivation method, the Mysterious Yin Body was indeed extraordinary.

"Oh right, where is Sister Ling Xi?" Yang Lingqing asked.

"He's sleeping. Every day, he's sleeping for a long time." Long Chen said.

"Oh, oh." Yang Lingqing nodded, then looked around, and sighed: "At that time you said you wanted to participate in the Inner Race's Selection, I knew it was very difficult, but I also knew that you would definitely succeed, so it's like that!"

"Hehe, that's only natural. With your brother's ability, basically, money, power, and women, 51 isn't something easy to capture!"

"All you know is how to boast." Chatting with Long Chen made Yang Lingqing happier. Right now, she was covering her mouth and laughing until her stomach hurt.

However, Long Chen had keenly noticed that in the depths of Yang Lingqing's eyes, there was a trace of worry and distress.

"Little Qing`er, tell Big Brother, is there anyone in Beitang family who dares to bully you? If you dare, brother will definitely smash his butt. " Long Chen knew that if he were to seriously and seriously ask her about this, with her personality of wanting to bear everything silently, he would naturally not say it out loud.

Yang Lingqing was startled, seeing Long Chen's smiling face, she heaved a sigh of relief and said: "Your sister is so pleasing, how could there be trouble? But you, on the other hand, have created a bunch of enemies wherever you go, making me worry to death. "

"Hehe, they all see that I'm too handsome, so they're just jealous. They're all jumping clowns, so there's nothing to be afraid of." Long Chen laughed and said.

However, he secretly remembered about Yang Lingqing's matter in his heart.

"When Dongfang Tianxing returned, he immediately had the idea of looking for the Sister Meng Yao, Ling Qing went to the Beitang family alone, and everything was at the control of the Beitang. If the Beitang Mo is not a good person, then Ling Qing will be in big trouble."

"No one is bullying you?" Long Chen thought back to what Liu Lan had said. Anyone who entered the Inner Race would normally be detained in the form of a marriage. Yang Lingqing's looks became more and more beautiful, and she also had a rare Profound Yin Body. How could it be that no one had any intentions for her?!

"There really isn't any. Don't let your thoughts run wild. Just focus on your training, and I'll be waiting to praise you in front of others." Yang Lingqing stretched out her hand and patted Long Chen's chest as if reprimanding him.

"Alright, I believe you." Although Long Chen had said that, he did not think that way in his heart.

"With Ling Qing's abnormal behavior, she must have encountered a lot of trouble. However, she was worried about me and felt that my strength was not enough. She didn't dare to tell me, even if it involved me." Long Chen secretly remembered.

Long Chen did not bring up this matter further, and started to talk about cultivation with Yang Lingqing. After another two hours, noon had already passed, and Ling Xi woke up. When she saw Yang Lingqing, she was immediately excited, and the two girls continued to chatter non-stop, leaving Long Chen in the dark.

Long Chen quietly watched them speak.

"These are the two girls I'm going to protect?" Long Chen felt bitter in his heart. With regards to Ling Xi, because the Green Dark Soul Fruit already had a certain amount of protection, but leaving Yang Lingqing all alone in the Beitang family, his heart would never be at peace.

Only in the evening did Yang Lingqing return.

From the look in her eyes when she left, Long Chen saw her unwillingness to part, but he knew that she had to return. She was someone that was being nurtured in the Beitang family, and the current her couldn't do anything anymore.

"I feel that Ling Qing seems to have something on her mind." After Yang Lingqing left, Ling Xi suddenly said in a serious tone.

"I know." Even Ling Xi could see that it was definitely not fake, a person's emotions would always be blocked in their heart, no matter how Yang Lingqing tried to hide it, it was still there without any concealment.

"Go, find Xuan Xiao."

At this time, Long Chen could only ask for help. The Beitang family was a colossus in front of him, and he couldn't rely on his own strength to deal with it.

Dongfang Xuanxiao was in the middle of the Xuan Xiao Pavilion.

"Is your sister gone?" Dongfang Xuanxiao asked.

Long Chen nodded his head, he had nothing to hide from Dongfang Xuanxiao, so he went straight to the point: "Foster father, can you help me check if there are any people in Beitang family who can force my sister to do something? For example, forced marriages. "

"Yes." Dongfang Xuanxiao was quiet for a moment, then nodded his head, at his call, a armored guard quickly walked in. Dongfang Xuanxiao told him about Long Chen's request, and he nodded his head and immediately disappeared.

"You can go back first. I'll tell you when there's news."

"Thank you, foster father!" When it came to his work, Long Chen was at ease. Thus, he turned around and left.

"Long Chen." Dongfang Xuanxiao suddenly called out to him.

"What is it?" Long Chen turned his head.

Dongfang Xuanxiao looked at him, and said indifferently: "Relax, it's fine."

Dongfang Xuanxiao reassured Long Chen, but Long Chen could not reassure him no matter what. Initially, he wanted to prepare for the green dragon halberd battle, but Yang Lingqing's matter was stuck here, making him feel uncomfortable.

"No one under my protection is allowed to touch a single hair on their body. Otherwise, even if I have to risk my life, I will tear them into ten thousand pieces!"

Sitting in the pavilion in the courtyard, Long Chen's eyes were gloomy.

When it was almost midnight, Long Chen finally arrived. Seeing that he had gotten the news, he immediately came to tell Long Chen. Obviously, he was also very concerned about Long Chen's matter.

"Father, how's the situation?" Long Chen asked somewhat anxiously.

"You guessed right, Beitang Mo has already proposed marriage to her and the betrothal gift has already been sent to Bai Yang Town. However, your sister has some ability and is still dragging it out. However, this marriage is the responsibility of the Beitang family, Beitang Mo's father, Bei Tangming's will, your sister will compromise after a short while, if they continue to threaten you with your family members, your sister will definitely comply! "

Pow!

Long Chen directly crushed the wooden railing under his hand!

A blood-red, ominous glint burst out from his eyes!

"Do you dare invade Beitang's home?" Dongfang Xuanxiao looked ahead, and asked indifferently.

"At that time, I was the one who encouraged her to enter Beitang's house. I don't want Ling Qing to do something she doesn't want to do. I don't want her to force herself. She's my sister, so even if she dies, I have to stop her!" Long Chen clenched his teeth and said coldly.

"You really are a reckless brat." Dongfang Xuanxiao said helplessly, "I think that when your sister came to see you today, it was because of the pressure that was on her body. After meeting you, she probably had to give in when she returned to the Beitang family, although she has a Profound Yin constitution, her starting point was too slow. "Tell me, what do you plan to do?"

"What should we do? If I am the one who caused her to lose her freedom, then I can only use my life to exchange for her freedom!" Thinking about how he was stupid enough to drag Yang Lingqing to that place all by herself, Long Chen felt extremely miserable in his heart.

Beitang Mo is also a good junior, her strength is on par with Tian Chen, she is one of the top genius warriors in Beitang.

"No," Long Chen shook his head, "If Ling Qing had liked him, she would have told me happily today. Moreover, if she had liked him, why would she have delayed it?" Foster father, it seems like I won't be able to participate in the battle for the green dragon halberd."

Long Chen's plan was to directly bring Yang Lingqing, Bai Yang Town and their family away from here.

"You mean you want to leave the Lingwu Family?" Dongfang Xuanxiao turned his head and looked at him indifferently.

"I'm sorry! You did so much for me, but I didn't give you anything in return!" What Dongfang Xuanxiao had done to him, Long Chen had no way to repay him.

"Silly boy." Dongfang Xuanxiao suddenly laughed. He patted Long Chen's shoulder and said: "Prepare yourself, tomorrow I will accompany you to kill my way to the Beitang's family."

At daybreak on the second day, Long Chen was already prepared to head to Beitang family with Dongfang Xuanxiao.

In this operation, Dongfang Xuanxiao had already said that no matter how excessive Long Chen was, he would support him.

Long Chen also understood in his heart that Dongfang Xuanxiao was really too good to him. This made him very apologetic, but he was not a shy person, this was a big matter for Yang Lingqing, if he did not handle it well, it might destroy Yang Lingqing's entire life, so even if it caused Dongfang Xuanxiao a lot of trouble, Long Chen would still have to go to the Beitang family and use stronger methods.

Within the Inner Race, the distance between the Dongfang family and the Beitang family wasn't very far. Soon enough, Long Chen and Yue Shan arrived at the Beitang family.

Not far from the door, a Beitang family clansman saw the two of them and hurriedly went in to inform them.

After a while, a middle-aged man who was around the same age as Dongfang Xuanfeng walked out enthusiastically, and said in a clear voice: "Brother Xuan Xiao actually came to visit my Beitang family, you are a rare guest, a rare guest! "Please come in!"

Long Chen squinted his eyes. This person looked very similar to Beitang Ink, he should be Beitang Ink's father, the current head of Beitang family — — Bei Tangming.

To be able to become the main person in charge, his strength must be his Great Perfection of the Heavenly Core, and like Dongfang Xuanxiao, his fighting strength was much higher than the nine grand elders of the other clans.

Under Bei Tangming's lead, the two of them arrived at a dark green great hall.

A few people sat down, and Long Chen was right beside Dongfang Xuanxiao. He looked around, then looked at Bei Tangming, and felt a little apprehensive. After all, the people around him were much stronger than him. Any one of them could easily kill him, and for Long Chen to settle Yang Lingqing's problem in such a group of people, the difficulty could be imagined.

"Who is this little genius?" Noticing Long Chen's gaze, Bei Tangming got someone to pour tea and ask happily.

"This is my foster son, Long Chen. He just passed the Inner Race selection not long ago, I believe Brother Beitang should have heard of him?" Dongfang Xuanxiao asked indifferently.

"Of course, the name Long Chen has echoed like thunder in my ears in the past few days. I heard that he defeated the brat known as the The number one genius of the other races, and his strength is only at the early stage of the Earth Core Stage? "

"That's true, but to be honest, Long Chen and Brother Beitang have some other connections." Dongfang Xuanxiao stared straight at Bei Tangming. He didn't have any expression, so he couldn't really tell what he was thinking.

"I know that, a few days ago I took an adopted daughter, her name is Yang Lingqing, she has a rare Profound Yin Body, I heard that she is Long Chen's cousin! I will have someone call Yang Lingqing over right now and let you brothers meet her. " On the surface, Bei Tangming had a smile on his face, but seeing that Long Chen and his expression was a little strange, he had a bad premonition.

After that, some people already started to call out to Yang Lingqing, but Bei Tangming was extremely interested in Long Chen. When chatting with Dongfang Xuanxiao, they would frequently bring up topics related to him, and in the end, they would even ask about him.

"This old fox is really difficult to deal with." Long Chen's expression was in line with Bei Tangming's words, but his heart was actually extremely cold. "Xiao Qing is a weak girl, under the pressure of this old fox, how can she resist?"

Thus, he had to settle this matter.

Just then, Yang Lingqing walked into the hall full of vigor and vitality. At first glance, she saw Long Chen, but her eyes were filled with surprise and worry, she had just seen Long Chen yesterday, why was Long Chen here today?

"Qing`er, Mo'er, come sit over here."

Bei Tangming smiled and greeted the two who had just entered.

Behind Yang Lingqing, the cold-faced Beitang Mo was right behind her. Just as he entered the hall, his eyes fell on Long Chen. His eyes showed surprise.

The first time he met Long Chen was when he was still a Underground City of the Church of Red Blood. At that time, Long Chen was only at the Large Success of her Mortal Core, but he had already killed those who had just entered the Earth Core Stage. And now that Long Chen had entered the Earth Core Stage, I heard that he had defeated the extremely powerful Golden Saint En at the small success stage of the Earth Core Stage, and entered the Inner Race?

This caused Beitang Mo to have a whole new level of respect for the unremarkable brat from back then.

Under Bei Tangming's guidance, Yang Lingqing and Beitang Mo each obediently sat down, full of thoughts.

However, Long Chen's heart was once again filled with anger, that was because he saw that Yang Lingqing's eyes were red and swollen, which meant that she had been crying.

Thinking about how much psychological pain his little sister had suffered, Long Chen felt as though a knife was cutting through his heart. At the same time, his ruthlessness grew bit by bit.

"Why are you siblings so distant from each other? Haha, there's no need to care about our two elders, let's have a good chat!" Bei Tangming laughed and said, he picked up the teacup on the table and lightly sipped.

"Senior Beitang, I heard that Beitang Mo wanted to marry Ling Qing, so she has already sent a betrothal gift to my family?" While Bei Tangming was still drinking his tea, Long Chen suddenly looked at him and said with a slightly cold voice.

Bei Tangming and Beitang Mo did not feel anything when they heard those words, but Yang Lingqing trembled. In her eyes, it was as if something extremely painful had been exposed, causing her to look at Long Chen with a helpless expression.

"Haha, Long Chen, I was just about to talk to you about this. My Mo'er and Qing'er have agreed to a grand wedding on the seventh day of the next month!" After saying that, he looked at Yang Lingqing with a reproachful gaze, "Qing`er, you're really too much. Why did you forget about your brother when you were busy notifying the clan?"

"I ... I forgot." Yang Lingqing's heart was in a complete mess at the moment, especially when she saw that Long Chen's eyes were getting colder and colder.

At this time, other than Dongfang Xuanxiao, everyone was shocked that with a smack, Long Chen had smashed the table beside him. With a whooshing sound, he stood up and looked coldly at Bei Tangming.

"Long Chen, what are you doing?" Beitang frowned and said coldly.

Here, Long Chen was not targeting the Beitang Mo, but Bei Tangming. Under Bei Tangming's surprised gaze, he coldly said. What a perfect match! Is it that you used your power and strength to pressure my sister and force her to marry your son?!"

Long Chen's sudden actions which did not follow common sense had caused both Bei Tangming and Beitang Mo to be unable to react, while Yang Lingqing was even more shocked. The longer he stayed in the Inner Race, the more she knew how powerful the Inner Race people were.

"Nonsense!" Bei Tangming's gaze immediately darkened, and he immediately looked towards Dongfang Xuanxiao. If not for Dongfang Xuanxiao, Long Chen was an ant that he could kill with a slap. He simply did not have the qualifications to clamor in front of him.

When Bei Tangming saw that Dongfang Xuanxiao did not have any expression at all and still lowered his head to drink his tea, he knew that Dongfang Xuanxiao had tacitly allowed him to do so!

"Is there something wrong with Xuan Xiao's head? Not giving me any face is really too infuriating!" In Bei Tangming's heart, the anger was also gradually growing!

To him, for a brat to actually dare question him in the hall, it was a huge insult to him, and Dongfang Xuanxiao actually accepted it tacitly. This kind of insult, made Bei Tangming's gaze when looking at Long Chen, instantly fill with killing intent!

"Why am I blabbering? Ling Qing, come here!" Long Chen did not have any intention to retreat, and continued to look at Bei Tangming coldly.

Yang Lingqing's mind was blank, she only felt that Long Chen's performance was too shocking. When Long Chen shouted her name at this time, she subconsciously moved closer to Long Chen!

"Ling Qing, what are you doing?" Behind her, Beitang Mo's cold voice made Yang Lingqing tremble in fear as she stopped in her tracks.

"Trust me, come over here. Big brother will guarantee your safety." While Yang Lingqing was at a loss, Long Chen looked at him seriously. He said something that made Yang Lingqing feel safe.

Since early on, after Long Chen had saved her a few times, she had developed a blind reliance on him. Thus, this time, she clenched her teeth, and under the Beitang's dark and cold gaze, she walked next to Long Chen!

"What should I do?" Yang Lingqing's eyes were filled with tears.

"I'm confident. Don't look down on me. Just do as I say. It's fine." Long Chen reached out and wrapped his arm around Yang Lingqing's shoulder, but Long Chen discovered that she had lost weight. That's right, since she came to the incredibly depressing place of the Spirit Martial Realm, why was she, a mere weakling, not weak at all?

No elder brother could allow his sister to be bullied by others as she wished! Long Chen should have already known that Ling Qing was not well, but after she entered the Inner Race, she was delayed because of other things, so she did not come immediately to take care of her.

"Yes." Yang Lingqing nodded with tears in her eyes. If Long Chen hadn't given her too much confidence and protection, she definitely wouldn't have stood on Long Chen's side at such a critical juncture.

"Qing`er, what are you doing?" Have you forgotten what I've told you? " At this time, Bei Tangming's face was gloomy, his words revealed killing intent.

"Don't scare my sister, Senior Beitang, you have lived for so long, don't you know the principle of not taking any action? Ling Qing's heart was unwilling. As her foster father, it's fine if you don't take good care of her, but what right do you have to marry your son? " Long Chen was neither servile nor overbearing, and was tit for tat with Bei Tangming.

In fact, entering the Inner Race, being forced to marry the young generation of the Inner Race was already a custom of the Lingwu Family. However, Long Chen did not believe that he would be bound by this convention. Could it be that he was going to marry a woman from the Dongfang family because of the orders of his elders? At least, Long Chen was very resistant to it.

Being questioned by Long Chen, Bei Tangming lost face. At this time, he could not hold back anymore, and erupted with a strong burst of Qi. He looked at Dongfang Xuanxiao coldly and bellowed: "Dongfang Xuanxiao, what do you mean! Speak! If you don't like me, Bei Tangming, then don't take a junior and yell at me. If you have the guts, then tell me directly! "

Chapter 200 - Yin Wind Poison Demon's Palm

Being hooted about like that by a junior, Bei Tangming's face was severely sullied. If not for the fact that Dongfang Xuanxiao was sitting here, Long Chen would have killed him long ago.

"Long Chen's meaning is my meaning. Brother Lin, you grew up together with me, I think you understand my character, if I, the lady do not agree, why do you need to force me?" In the face of Bei Tangming's anger, Dongfang Xuanxiao's reaction was not very big.

He placed the teacup in his hand on the table and looked at Bei Tangming indifferently, but his eyes revealed unswerving determination.

This kind of Dongfang Xuanxiao made Long Chen feel secretly grateful in his heart.

"Senior Beitang, what I said before was too excessive, but I was also thinking for my sister, please forgive me. However, I don't want my sister to be threatened and give in. Even if I have her, I think this Brother Mo, Beitang is also unwilling, right? " Long Chen understood the principle of "enough is enough". Previously, the reason why he spoke so arrogantly was mainly to give the opponent a smack on the head, but now that his tone was a little softer, Bei Tangming could still accept it a little.

Beitang Mo wanting to forcibly marry Yang Lingqing was not a noble act in and of itself, but Long Chen had hung the gentleman's hat on his head. In this way, the Beitang Mo who considered herself as a gentleman, although she knew that Long Chen was spouting nonsense, his face was red with embarrassment and anger.

"Only now do I know that you've gone too far with your words? Long Chen, you spoke so arrogantly and insulted me, I am the manager of the Beitang family, if today's matter were to spread, where would you put my old face? " At this point, Bei Tangming could already tell that Dongfang Xuanxiao was letting go to allow Long Chen to cause trouble.

"Senior Beitang can do whatever she wants, but, the matter about Ling Qing should not have been spread out, as long as Senior Beitang cancels the marriage today, I, Long Chen, will definitely kowtow a few times in front of you!" Long Chen protected Yang Lingqing behind him, tightly holding onto her nervous hands. At this moment, Long Chen felt that Yang Lingqing's hands were already sweating.

This matter, if it was the Long Chen of the past, he would definitely not do it, but now, in order to help Ling Qing through this, he was really going all out.

Although Dongfang Xuanxiao could help him, Long Chen knew the difficulties Dongfang Xuanxiao was facing.

As someone as important as Bei Tangming, he was naturally controlled by the Four Great Clan Chiefs, and could not easily act against him. Today, Dongfang Xuanxiao could only save Long Chen, but he still had to use his brain to help Ling Qing.

"No!" Yang Lingqing's voice was already a little hoarse. She knew that Long Chen was an arrogant and proud guy, making him kowtow was even harder than ascending to the heavens. But today, because of her, he didn't even bat an eyelid.

Yang Lingqing knew that this was her brother.

Hearing Long Chen's words, Dongfang Xuanxiao looked at him for a second, then nodded. Such a youngster would not have wasted his efforts to help him, regardless of the consequences.

"Kowtow?" Bei Tangming laughed coldly, and said: "You are rude, but can you solve the problem by kowtowing? If you want to obtain your wish, Long Chen, you will be slapped by me today. If you don't die, I will let you go! You can also discuss your sister's matter! "

"One strike?" Long Chen frowned, he knew that with Bei Tangming's palm, she could definitely take his life in an instant. In other words, he wanted Long Chen's life in exchange.

"Bei Tangming." Hearing Bei Tangming's words, Dongfang Xuanxiao stood up, walked to Long Chen's side and said: "Don't talk about excessive demands. Let me be honest, Long Chen is my foster son, for today's matter, I will definitely help you to the end, and you clearly understand my, Dongfang Xuanxiao's personality. Even under the pressure of the Four Great Clan Chiefs, I will definitely not let this relationship of yours end like this.

Bei Tangming knew that this Dongfang Xuanxiao had been a rebellious master since he was young, and had done more than one or two heaven defying things. Furthermore, he had always kept his promise, because with his character, it was possible that he would cause a huge mess in the Beitang family just for Yang Lingqing!

And at this time, the Beitang Mo had already stirred with overflowing anger in her heart. He looked at Long Chen with cold eyes, and his killing intent gradually filled the air. He had thought that he could finally get his hands on it, but who would have thought that he would actually get a chance to bite the gold, and squash his Beitang s Mo face on the ground!

However, he had already passed the age of twenty, so it wasn't like he didn't know the principle of patience. He had heard of Dongfang Xuanxiao's matter before, and it was indeed very heaven-defying. At this moment, he pulled Bei Tangming's arm and whispered: "Father, let me handle this. As for the reason, I'll tell you later!"

Seeing how his own son's chest looked like made of bamboo, Bei Tangming was startled. Being familiar with his son's personality, he chose to believe in him. Therefore, Beitang Mo took a few steps forward, looked at Long Chen, and said: "There are no outsiders here, and I can get straight to the point.

"What condition?" Just say it. " Long Chen looked at the youth that he had once looked up to, and said indifferently.

"It's simple, you received my palm, you cannot retaliate, as long as you can survive, I, Beitang Mo, will never mention about marriage ever again!" Beitang Mo Dao.

"That's what you said!" Long Chen knew that Beitang Ink's Heavenly Core were at an early stage and were countless times stronger than him. But at the very least, he was weaker than Bei Tangming. The father and son pair wanted him to marry Yang Lingqing, and many people already knew that.

Long Chen knew that if he did not pay a heavy enough price, this father and son pair would not stop!

"This won't do!" Hearing that Long Chen actually agreed without any hesitation, Yang Lingqing was immediately anxious. She knew the difference in strength between the two of them, allowing Long Chen to take on Beitang Mo Xie's palm head on.

"Ling Qing, it's none of your business." How could she possibly have the power to resist Long Chen? Thus, she was directly pushed backwards by Long Chen with a palm, next to Dongfang Xuanxiao. Long Chen knew that Dongfang Xuanxiao would help him hold Yang Lingqing back.

Sure enough, Dongfang Xuanxiao stretched out an arm, firmly locking Yang Lingqing inside. At this moment, Yang Lingqing's face was deathly pale. She struggled with all her might, but was unable to move.

"Brother, no!" I don't want you to die! I am willing to follow him, is that not enough?! " Two streams of tears flowed down her face. Thinking about how Long Chen treated her so well, Yang Lingqing's heart broke. This figure in front of him seemed so grand!

"Master Xuan Xiao! You can't let him die, he's your foster son. Would you just watch him die just like that? " Sensing Xuan Xiao's existence, Yang Lingqing seemed to have found a way to save her life. Her face was full of tears as she pleaded.

Dongfang Xuanxiao took a deep breath, his heart was also struggling. In the end, he ignored Yang Lingqing's tears, gritted his teeth, and asked Long Chen: "Kid, are you confident?"

"Yes!" Long Chen said without hesitation.

"Remember, you owe me a lot so far. I'm waiting for you to repay me." Dongfang Xuanxiao said.

"I remember." Long Chen forced a smile, then looked at Yang Lingqing, and laughed: "Could it be that you don't know, that you're really ugly when you cry? "Be good, don't cry anymore, watch your brother create a miracle."

In her heart, she was filled with endless regret. She regretted going to see Long Chen yesterday, and let him see through her. She regretted walking towards Long Chen's side by accident today, which proved that she was not willing to be married to Beitang.

Because of this, she wanted to kill this brother.

"Miracle? Stop talking nonsense. If you agree to it, then let's start as soon as possible! If this goes on, your brotherly relationship will move me. " Beitang Mo sneered in her heart.

"Let's do it." Under Yang Lingqing's heartbroken gaze, Long Chen walked to the center of the hall. He stood straight in front of the number one genius of Beitang family, not even frowning a little!

While he was walking, he had already completed Dragonsoul Transformation. Immediately, the blood-red scales covered his entire body.

"Beast Soul Transformation? What kind of demonic beast is this?" Bei Tangming was a little surprised, because Long Chen was currently a Divine Pill Realm, he subconsciously thought that it was the beast spirit of the Profound Ranked. But among the Profound Ranked beasts, there were no demon beasts similar to the underground blood lizard, so he could not immediately guess, but all of this was not directly related to killing Long Chen.

At this time, Long Chen had already made his preparations, whether it was his Innate Qi or the Power of Thunderflame, he would activate them to their maximum. The power of thunder and fire revolved around him.

"Thunder Flame Battle Body? It's a pity that this is only a level two Thunder Flame Battle Body. If this was a level three complete Thunder Flame Battle Body, then my attack wouldn't even be able to harm his hair!" Beitung Mo's knowledge was also extraordinary. At this time, seeing that Long Chen was already prepared, he sneered, and without any hesitation, the small success level of his Heavenly Core erupted with a loud bang. Immediately, a dark green cold Qi spread out in all directions!

"Ready to die?" Beitung gave a cold laugh. Under the stimulation of her Innate Qi, her feet moved quickly and her body became as tough as steel, thrusting forward! Then she struck out with her palm!

"Yin Wind Poison Demon's Palm!"

When he threw out this palm, a gust of cold wind whistled towards Long Chen. Long Chen did not do anything to resist and allowed Beitung Mo to hit him with his palm, directly onto Long Chen's chest!

"Why don't you just die!" After sending Long Chen flying with a palm strike, Beitung burst out laughing.

"Brother!" Yang Lingqing screamed, and her face was even more pale because she saw Long Chen flying backwards, and in the air, he had already spat out a mouthful of black blood.

She was now a member of the Beitung family and knew the power of the Beitung family's battle skills. This move of the Yin Wind Poison Demon's Palm would invade her internal organs, and specifically destroy her muscles, veins and bones, it was extremely difficult for someone like Long Chen to survive.

Even if he did not die, his energy channels would have to accumulate energy and his power would be greatly reduced!
