

War God 1921

Chapter 1921 - Beauty Ice Statue

His persistence, his faith, was undoubtedly a success.

Anyone who faced such a terrifying number ten thousand times would hesitate, would waver, and wonder what they would do if they guessed wrong.

He was no exception, but he could analyze, compare, and firmly believe in himself.

However, at this time, if he wanted to kill the God of Taiji, he wouldn't need to expend any energy. He practiced his incomparably skillful slaughtering techniques, and had already mastered all of the things he had learned to an incomparably proficient level, reaching a state that had never been seen before.

The way of slaughter, was also the way of time. Long Chen had advanced by leaps and bounds in these two Heavenly Daos, by then, he would definitely be able to awaken an even more terrifying ability.

There would definitely be a divine ability that was even more powerful than the Sobbing Blood Dragon Soul.

As Long Chen killed, he studied his body's powers.

After the Nirvana Power fused with his opponent's power, it became especially powerful, and its nature underwent a huge transformation. It had added many strange things, Long Chen would temporarily call this new power the Taiji Nirvana Force.

The power of Taiji Nirvana was not inferior to the power of reincarnation.

After going through such a calamity, Long Chen was actually more or less the same as a tribulation of reincarnation warrior.

It was just that he still had to pass through two levels of tribulation to get to the true tribulation of reincarnation.

In the remaining five thousand kills, Long Chen did not waste this opportunity. He was a person who pursued perfection, tempering himself over and over, upgrading over and over again.

In the blink of an eye, it was already the last time.

The God of Tai Chi suddenly stopped. He revealed a strange smile and said, "Very good. You are a genius. In the next battle, god of tai-su is waiting for you."

The last time, he annihilated himself and the last bit of Taiji power fused into Long Chen's body.

"Tai Su?"

Tai Chi, it refers to the state of the universe with differential yin and yang, Tai Su, it refers to the origin of the world, the state of the universe with the appearance of the original material, Tai Su was before Tai Chi, and before Tai Su, there was an even more chaotic state, the God of Tai Chi, the god of tai-su, is actually related to the birth of the universe, the beginning of the world's state of chaos?

At the same time that Long Chen was feeling suspicious, the black and white Primal Chaos Realm in his surroundings gradually disappeared.

The world before his eyes had once again turned into the luxurious cultivation room of Snow Spirit King. The surroundings were dazzling gold and jade, filled with an immortal aura. It was almost like a fairyland.

The Snow Spirit King was clad in Holy Snow God Armor and his back was facing Long Chen. Standing before him, his perfect figure could make countless women jealous.

Long Chen stood up and stretched his muscles. This time, the amount of energy he had to undergo tribulation had not changed in the slightest, but the nature of the energy had changed to Taiji Nirvana Qi. This slight change was something that even Long Chen himself would find difficult to detect, let alone others.

"In that black and white world, the slaughtering techniques that I trained through tens of thousands of massacres, as well as the divine abilities and Tao techniques that I mastered after fusing them together, they have all entered deeply into my instincts. Also, I succeeded in transforming the Supreme Force and more importantly, I possess a second life like Su Muchen."

Long Chen vaguely understood the concept of a divine cycle.

"I now have two lives. If I die, the heaven and earth will create another similar me. After I die once, it will take almost a year for the second life to return, and only then will I have two lives. And this one year period of time is the cycle of gods."

This was all the information that Long Chen knew.

He had a feeling that this had something to do with the key to becoming a Deity.

"Gods are known to be immortal, not a groundless wind. If their divine cycles are infinitely shortened to an instant, then wouldn't they have limitless lives? That state should be eternal life, right?"

This was only a small guess on Long Chen's part.

After all, there was still a tribulation of reincarnation between the two of them. The Dragon Fighter's Eighteen Major Tribulations was getting more and more terrifying. If not for the God's End Spirit Liquid, Long Chen's confidence in himself would not even be that great.

When Snow Spirit King turned around, his perfect figure, fair skin, and perfect face shone brightly in all directions. He was the only one that could compare the word 'purity' with Ling Xi, but unfortunately, he was a man.

His gaze swept across Long Chen's body, as he activated his cold red lips, and said: "Looks like you're bitterly cultivating. I believe you've already experienced the benefits of this cultivation room, right?"

He had done all he could to make Long Chen stay here, and when he saw that Long Chen was training in the cultivation room, he thought that Long Chen had submitted to him.

After all, he was confident that he could give Long Chen endless benefits.

Long Chen looked around and asked: "It's been a few days since I started cultivating."

Snow Spirit King did not understand why he asked this question. Even if he was cultivating, she knew that it had been a few days. However, he still replied immediately. "Five days have already passed."

Long Chen heaved a sigh of relief, he did not expect that after thousands of massacring, only five days would have passed.

These five days, it was really an unbearable memory to look back on!

At this time, the Snow Spirit King said: "I've prepared a good show. Follow me, I hope you like it."

With that, he walked to the front.

Long Chen followed along. He only needed to wait for Ling Xi to succeed, during this period of time, he could only allow himself to be tormented.

Unexpectedly, the Snow Spirit King actually brought him and left the Blizzard Imperial Palace.

Holy Snow City was a place for spirit generals to work. It was extremely huge, with very little space, and there were rows upon rows of buildings that resembled ice and snow palaces. All of them were added by spirit array masters, making them extremely sturdy, and there were some secrets that even the majority of the tribulation of reincarnation warriors were unable to break through.

Following Snow Spirit King, Long Chen sneaked into a palace, went around a long corridor, and finally reached his destination.

During this time, the Snow Spirit King did not say a word.

"What do you want me to see?" Long Chen asked.

"My determination."

Xue Ling King gave a brief reply.

Unfathomable.

Very quickly, Snow Spirit King pushed open a door that was embedded with gold and stone, it shone brilliantly, and at the same time, a rich fragrance rushed into his nose, Long Chen looked carefully, the inside of the door was a very spacious hall, it was large enough to accommodate tens of thousands of people, and at the same time, there were over ten thousand people in the center of the plaza.

These ten thousand people were all beautiful as flowers. They were all from the large spirit race races with all sorts of bewitching bewitching colors, mature women, charming young women, young girls, and tens of thousands of women.

Long Chen had already seen these crazy women more than once. They were all the most fanatical pursuers of Snow Spirit King, willing to sacrifice everything for his and the others. She had treated Snow Spirit King as their faith, the world's most perfect man, and even a god.

When Snow Spirit King approached them like this, everyone went crazy. When they were brought here, they had already been informed that Snow Spirit King would meet them personally. However, they had been skeptical until this moment, and finally believed it.

"Snow Spirit King!"

The oncoming crowd was filled with the screams of a myriad of lovebirds. These women had even given up their lives. They were originally beautiful women, but now they were screaming in a way that no one could bear to look at.

"Heavens, I actually saw the Snow Spirit King again!"

"This is a perfect man. If he was willing to favor me for one night, I would even be willing to die!"

Without batting an eyelid, Snow Spirit King led Long Chen up a tall platform. She extended her slender white hands and lightly pressed down, signalling for everyone to quiet down.

The door closed.

In this gigantic palace, only Long Chen, Snow Spirit King and tens of thousands of his pursuers remained.

The power of the Heavenly Snow Spirit King was great. With a single action, he could shut these women up.

Long Chen was puzzled. What did this guy bring him here for? He was only Ling Xi, the difference between him and the other party was too huge. Of course, women were not the best, especially the brainless, excited women below the stage.

After arriving here, the Snow Spirit King took a step forward and stood in front of the woman.

Countless beauties, upon seeing the perfect face of Snow Spirit King, all swallowed their saliva. Their faces were completely red, and endless fantasies had already appeared in their minds.

He looks perfect, the best in the world

His father was the current Spirit King, and he possessed an overflowing amount of power ...

His own potential is limitless and his strength is great ...

In the eyes of the women, the Snow Spirit King was always a perfect synonym.

As a result, they were almost unable to control themselves.

At this time, the Snow Spirit King's eyes lit up. He said in a clear voice, "Beautiful ladies, are you willing to follow me?"

For a time, the scene was explosive. Countless people were holding on to their wishes like they were crazy.

Snow Spirit King asked again: "Are you willing to sacrifice your lives for me?"

The spirit race women, who were still in a state of excitement, were ecstatic. Compared to their lives, the Snow Spirit King was much more precious, they were naturally willing.

"We are willing! We don't want our lives! We only want you!"

The Spirit Race women boldly said.

"That's good." Snow Spirit King smiled and said those two words in a soft voice, as if he was talking to himself.

Facing so many fanatical women, he suddenly raised a hand and lightly waved it downwards.

In an instant, a few spirit generals appeared in the sky.

Long Chen was shocked to discover that these spirit generals' eyes were actually filled with killing intent.

As the Snow Spirit King's arm descended, the spirit generals began their attack.

"Thousand Extreme Ice Formation!"

Long Chen was sent flying ten meters away by the terrifying cold aura. His heart trembled and he immediately raised his head, only to see that the Snow Spirit King was standing in front of him with his hands behind her back. In front of him, the tens of thousands of women were enveloped by the cold aura, and the miserable screams that he had suddenly let out, had actually stopped.

When the cold Qi disappeared, what stood in front of Long Chen were over ten thousand beautiful women's ice sculptures. They were extremely lifelike, beautiful, and were the most beautiful works of art.

However, they had all lost their lives.

Chapter 1922 - The Beauty of a Distant

After completing the mission, the spirit will leave.

After actually killing more than ten thousand people, they didn't even bat an eyelid.

Long Chen was very startled, he never thought that such a thing would happen. These women were all fanatical pursuers of Snow Spirit King, they had come to this Fringe High Spirit City from different parts of the Spirit Clan just to get close to and follow this godlike man, when they heard that they could come

here and meet Snow Spirit King, they were extremely excited, but who would have thought that just one order from Snow Spirit King could send them to hell?

"Kill them all!"

Warriors at that level far surpassed Long Chen. Even if Long Chen had known about it in advance, he would not have been able to stop this tragedy.

He was extremely astonished as he looked at the Snow Spirit King with an incredulous gaze. Fury burned in his heart, even though he had never met these women before, he knew that they were close to the Snow Spirit King, and yet the Snow Spirit King had killed them mercilessly!

With his back facing those beautiful ice sculptures and with his back facing those terrified and desperate expressions, he said to Long Chen with a smile on his face: "This is the determination that I want to see you show. These women are too annoying and disgusting, I had wanted to finish them for a long time, do you understand what I mean? I don't care what others think of me, but in order to make you submit, I can give up on such an important person. If you are willing, you can become my side, and other than me, I have the highest status! "

Long Chen became silent for a moment. He was thinking about the words of the Snow Spirit King in his anger, that is to say, he killed all these women for his own sake, just because these women looked down on him and kept hooting?

In the eyes of outsiders, they were the loyal pursuers of the Snow Spirit King, so they were definitely important to the Snow Spirit King.

But what the Snow Spirit King had to prove was that he did not care about these things, he only valued Long Chen.

He was a stubborn and weird person, he thought that doing such a thing would allow him to subdue Long Chen.

What he did not know was that, at that moment, Long Chen was only feeling fury, if not for the fact that Ling Xi had not cultivated her tribulation of reincarnation, he would have definitely beat this Snow Spirit King up. Although those women were a little crazy and annoying, they would not die.

He could only endure.

Snow Spirit King stepped forward a few steps, stood in front of his eyes, and said sincerely: "Long Chen, you will never know how sincere and sincere I am. As long as you are willing to serve me, I can do anything for you. I know what you want to do the most! About your father! "

Speaking to here, Snow Spirit King was excited, she said: "I have also heard of your father's legend, to the Spirit Clan, he is a modest gentleman, a peerless emperor, but in the Dragon God Domain, he is repudiated by the human race, he has been despised by the human race, and has been wronged for ten thousand years. I believe that he was wrongly accused, and everyone knows, that the Eternal Dragon Emperor is smarter than anyone, only that the human race is too stupid! As for you, I am very clear on what you want to do! "

His ice-cold gaze fell upon Long Chen's eyes, making it impossible for Long Chen to retreat. He shouted excitedly: "You want to wash off your father's grievances, you want to shut up those people, I know that is your goal, but it is so difficult to achieve it, you want to prove for your father, then you must directly fight against the Five Dragon Cities! Do you know how powerful the Five Dragon Cities is? This is something that you will never be able to do in your entire life, but! "

As he spoke till here, he pointed to himself and said: "I have the resources and strength that will allow you to become an unparalleled expert. As long as you follow me, you will soon replace Di Yu and become the next god of the human race. Even if you cannot become a god, as long as you reach the level of an eternal Dragon Emperor, who in the world would be able to stop you? When that time comes, whatever you say will be the truth. How could the human race dare to disobey you? I have rich resources, and I can do this for you. You are an exceptional talent, but it is impossible for humans to nurture you, and it is even more impossible for demi-humans. Only in my Prestigious Spirit City can you display your worth! "Only then can you live up to your father's expectations and fulfill his last wish!"

He believed that if Long Chen wanted to fulfill his father's last wish, he would definitely consider himself.

This was how he would deal with Long Chen today.

He did not believe that Long Chen would not submit to such a big joke.

"You better think carefully. After you kill Di Yu, after coming to the Spirit Clan, you have been despised by all humans, and are considered a traitor who defected to the Spirit Clan. Without absolute power, you have no right to return to the Human Clan. Follow me! I can give you everything, and make you become the most respected person in the Spirit Race besides me! "

To Long Chen, these bold words were actually fart.

It was true that the Snow Spirit King was not bad, being able to give him a lot of resources, allowing him to achieve twice the results with half the effort. However, this did not mean that Long Chen was not able to do it on his own.

He simply did not know that Long Chen possessed the inheritance of the Ancestral Dragon.

Furthermore, he would not sell his freedom for the sake of his father's last wish. He believed that he could accomplish everything that the Heavenly Snow Spirit King had said by relying on himself.

Snow Spirit King's heart was thumping, waiting for Long Chen's answer. It was as if he saw the dawn of victory, and his brows were filled with anticipation.

Long Chen's eyes were dense, and he finally gave his an answer.

He said, "Today, you killed over ten thousand innocent people in front of me, using the reason of proving it to me. One day, I will teach you a lesson for them, the most despairing thing in the world is probably being killed by the person you think you are closest to the most. They trust you, but you don't care about their lives."

Facing this somewhat crazy Snow Spirit King, he simply did not want to say another word and turned around to leave. Ling Xi had not succeeded yet, he could have continued to stay in the Blizzard Imperial Palace, but it was impossible for him to submit to the Snow Spirit King.

The Ancestral Dragon would not submit to any existence.

Watching Long Chen's leaving figure, Snow Spirit King felt as if he was struck by lightning and stood rooted to the ground. His eyes were wide opened as he watched Long Chen leaving with his eyes trembling.

"I ... I ..."

He was dumbstruck, but slowly clenched his fists. With a wave of his hands, the more than ten thousand ice sculptures behind him turned into dust, piling up in a thick layer in the palace.

"Announce to the outside that they have become my concubines and have moved into the Blizzard Royal Palace."

Gritting her teeth and saying this sentence, Snow Spirit King took heavy steps, and flew together with Long Chen to the Snowstorm Imperial Palace. Looking at the unruly and unruly figure in front of Long Chen, even her tears flowed down.

"It seems that he doesn't like what I've done today. What should I do?"

The moment she thought about Long Chen's orders to leave this place, Snow Spirit King felt as if a knife was cutting through her heart. She swore to make Long Chen stay.

"This won't do. If I don't kill that woman, his heart will never stay by my side ..."

After returning to the Snowstorm Imperial Palace first, Long Chen contacted the Holy Spirit.

"Xiao Xi's condition is very good. Her foundation is already very good. With her Reincarnation Heart, she will most likely succeed in seven or eight days. With us protecting her, you can be at ease and deal with that Snow Spirit King."

Hearing this news, Long Chen's heart felt much better.

Right now, the wolf cub was living in seclusion in Demon God Area, so he would be fine for now.

And I hope you don't find them.

Long Chen had communicated with him before, and Su Yan had already absorbed the Quintet Essence Blood of the Primordial Dragon, and was slowly transforming. However, what the ancient dragon now displayed was the characteristics of the ancient snake, and it was very likely that Su Yan would become a rare snake warrior, equivalent to a Ultimate Dragon warrior of the Inherited Dragon Warrior. In essence, he was no different from a Dragon Fighter.

"Thank you sisters. I have nothing to do in the Blizzard Imperial Palace. Once Xiao Xi is close to success, I will escape. There are only three people in the entire Blizzard Imperial Palace, so as long as you attract Xue Qing here, the Snow Spirit King will not be able to stop me."

The Holy Spirit raised his brows, "You have fought against the Snow Spirit King before, you are not his opponent, right?"

Long Chen smiled mysteriously and said: "It's not certain now."

Snow Spirit King said that he was about to step into the tri-level tribulation of reincarnation, but Long Chen was just a step faster.

After he finished communicating with the Holy Spirit, Long Chen calmed down and walked around the endless snowstorm palace. He suddenly thought of a person.

Ever since she arrived at the Spirit God Realm, she had been in a hurry and had started worrying about the little wolf and had forgotten about her.

Long Chen took out the black star talisman, hesitated for a moment, and still activated it.

The figure of the silent woman was extremely familiar, she immediately appeared in the middle of the star runes. There was only one possibility for her to reply so quickly, and that was that she had been holding the star runes in her hands the entire time, waiting for Long Chen's call. She did not want to disturb him, but she had been waiting the entire time.

Looking at the tears that flickered in her eyes, Long Chen felt pity and said: "Sorry, I was late. I made you wait for a long time, right?"

Li Xuanji held onto her tears and smiled. "Fortunately, I've just returned to the Dark City not long ago, the disturbance has already passed and it hasn't affected me. I've been secretly pondering about the corpse of the ancient god, and no one knows about it until now."

She had used a few short words to explain her current situation, reassuring Long Chen.

Long Chen asked a few more questions. Right now, Li Xuanji's position was noble among the Dark City, and because the Dark City's City Lord regarded Li Xuanji very highly, under the training of the Dark City and her Divine Spirit Master, her cultivation had advanced by leaps and bounds, and she was almost at the tribulation of reincarnation realm.

The ancient god's corpse had also brought about her own body's transformation.

"And you, did something very difficult happen?" Li Xuanji asked with concern.

He told Li Xuanji everything that had happened recently.

Li Xuanji was silent for a moment, then suddenly said: "Long Chen, according to what you have said, I roughly understand, that the one called Snow Spirit King, might actually like you."

"Huh?" Long Chen was stunned.

Chapter 1923 - Primal Chaos Blue Lotus

"I didn't expect you to joke too." Long Chen laughed dryly.

Li Xuanji smiled slightly, and said: "Perhaps, this man is very strange. He has a similar feeling to me, a feeling that you cannot comprehend."

If that really is the case, then he had to be careful of the Snow Spirit King.

Of course, there were definitely people who were gay and lesbian in this world. Although Long Chen did not understand, he was not against it.

"Let's not talk about this now, I have to go train." Otherwise I won't be able to catch up to you. " After Li Xuanji bid farewell, she cut off the communication with the star talisman.

Long Chen was at a loss.

The image of the Heavenly Snow Spirit King looking at him appeared in his mind, causing him to feel a chill down his spine.

Imperial Palace of Blizzard.

This was a luxurious bath with no end in sight. Hot air and mist filled the air, and upon closer inspection, one could see that the bath was filled with all sorts of precious medicines, all of which were immortal spirits and many rare treasures.

When Mo Xiaolang arrived at the Desolate Imperial Domain, he had bathed in over a hundred types of Immortal spirits to improve his physique. However, towards this medicinal bath which was filled with Primordial Immortal Spirits, the difference was too great.

In the entire Spirit Realm, there were very few people who could use such luxurious treasures for medicinal baths. And in the entire supreme spiritual city, the only one who had the qualification to do so was the Snow Spirit King.

"Once every ten days. After four more times of 'Holy Spirit's Water Bath', I will be able to reach the tri-level tribulation of reincarnation."

In the steaming mist, there was a white and smooth back, perfect skin, slender figure, and well-proportioned muscles that made people go crazy.

Her snow-white hair hung down to her waist like a waterfall.

This was simply a work of art created by the heavens.

Snow Spirit King narrowed his eyes.

In the blink of an eye, it had already been more than ten days since Long Chen arrived at the Snowstorm Imperial Palace.

"Xue Qing, go kill that woman."

In the medicinal bath, Snow Spirit King suddenly said.

Outside, the old man sighed and said, "Young mistress, do you still not understand? Whether you kill your own people or someone else, with that kid's unyielding personality, he definitely won't listen to you. If you truly submit to him, then you can only force him to become a puppet that is loyal to you without harming his talent. "

Snow Spirit King bit his lips, his eyes cold.

"Let's calculate it again, let's first leave him in the Blizzard Royal Palace, from today onwards, no matter what, we can't let him out, I will make my last effort later. If not, I will kill that woman and imprison him forever, until he gives in."

Outside, the old man said no more.

He said loudly, "That's right, I just want to possess him. He has something that attracts me, and it makes me feel a desire that I never had before, I know that I, Xue Xi, am a strange person, I am a monster, and I actually think that women are disgusting, I thought that I would never have love in my life, but I met him, and from that moment on, I swore that even if the whole world were to go against me, even if they despise me and abandon me, I will still be loyal to myself, even if everyone thinks that I am sick, I will not retreat from the entire clan!"

Faintly, he heard his heavy breathing.

The old man gritted his teeth and said after a long while, "Young master, it's good that you're happy. As long as you have unparalleled power, you will be able to have everything, and no one will dare to question you even for a second. "

Xue Ling said: "Xue Qing, I am ready. I will give him one last chance and I will give him the 'Primal Chaos Blue Lotus' as a condition to make him stay here. This is the most precious thing that I have, I think that he will be able to feel my sincerity once."

"Primordial Blue Lotus!"

He hurriedly said: "Little Mistress, that is the most precious thing that Spirit King gave you after finding out that you had opened the Supreme Spiritual Veins. It is an ancient immortal spirit with a total of four hundred lines, that has survived for ten million years and such a precious treasure is something that not even an ordinary Seven Star tribulation of reincarnation cultivator would have. This is your future

guarantee, don't you have to refine it when you reach the tri-level tribulation of reincarnation? How can I give it away! "

At this time, the door opened and the Snow Spirit King changed into a set of snow-white silk clothes, exuding a noble and noble aura. Her pure white eyes glanced at Xue Qing and he said, "Xue Qing, this is my last condition. I do not wish to have a puppet. What I want is to be alive. "

After he finished speaking, he walked in Long Chen's direction with large strides.

Xue Qing stood in her spot in shock. He wanted to intervene and stop her, but he thought better of it, because he knew even better than Snow Spirit King, no matter how precious that Snow Spirit King was, Long Chen would not submit to him.

In the blink of an eye, the Snow Spirit King had already appeared in front of Long Chen.

Long Chen was cultivating with a peace of mind, Ling Xi was about to succeed in the next few days, so he took the chance to consolidate his strength and circulate the Supreme Nirvana Qi proficiently.

Seeing this Snow Spirit King, and thinking of what Li Xuanji had said, Long Chen took a few steps back and looked at him warily.

When he was in White Poplar Town, he had seen many nobles that liked men, so he was not unfamiliar with them. He believed that his appearance was not that of those noble people who liked young men. He absolutely did not expect that one day, he would be taken in by them ...

He didn't know whether to laugh or cry.

This was the last fight for the Snow Spirit King.

His pure white eyes stared at Long Chen and said: "You, how have you been these past few days?"

Long Chen said: "Do you think being placed under house arrest would feel good?"

His ill attitude was completely within Xue Ling's expectations.

The Snow Spirit King said, "With such a cultivation room, the entire Spirit Race won't be able to find a second one. This is the second most precious gift my father gave me, and when I share it with you, you actually aren't moved at all?"

Of course Long Chen was moved, it was just that the cultivation room was not his, he did not covet it.

Unless he had the ability to fight against the Spirit King and snatched the cultivation room away. But the problem was, if he was that strong, would he still need the cultivation room?

So he shook his head.

The Snow Spirit King clenched his teeth and said: "Today, I will give you one last chance. If you still cannot listen to my arrangements this time, I can only let Xue Qing deal with you in a ruthless manner. Perhaps I will turn you into a puppet, and from today onwards, you will be nothing but a zombie under my control."

Long Chen laughed and said: "This could be considered a threat."

Snow Spirit King looked at him silently.

Long Chen's smile froze on his face. If the Snow Spirit King was really a girl, he would probably be moved, but he did not.

After a while, Snow Spirit King said: "That was not the result I wanted, so I gave you and me a path of retreat, as long as you nod your head it will be fine. Just now, my royal father gave me a second precious gift. As for the first precious gift, I can display it to you. "

He held out his white arm.

In an instant, a green lotus seed appeared in his hand. That lotus seed flashed in the gray fog, and was only the size of a thumb, but when Long Chen focused his attention on the lotus seed, he felt as if he was looking at a boundless, gigantic planet. His eyes could not bear the shocking size, and on the gigantic green planet, ravines and crevices were everywhere.

The abyss that was at least four hundred strong had formed four hundred Immortal Mark with explosive energy. In fact, it was a very small Primal Chaos Blue Lotus.

After the Snow Spirit King took away the Primal Chaos Blue Lotus, the peace in the area was restored. Long Chen felt that his eyes were a little dry, and even a little painful.

Snow Spirit King said sincerely: "This is the most precious thing on my body. I am already unable to take out anything more precious than this, its name is the Primal Chaos Blue Lotus. This Green Lotus Clone contains the Heavenly Dao and its strength is on par with yours, so it is equivalent to another body. If you die in battle, you can still use this Green Lotus Clone to live, and this Green Lotus Clone can at least grow to the Seven Star tribulation of reincarnation, which means, if you refine it, before the Eight Trigrams tribulation of reincarnation, you will have an extra helper equivalent to yourself, an extra life! "

This introduction reminded Long Chen of the Ancient God's Corpse.

Compared to this Primal Chaos Blue Lotus, the Ancient God's Corpse was even more terrifying. Not only did it possess five types of source energy, but it could also become a god and was equivalent to five lives.

Although the Primal Chaos Blue Lotus was a little weaker, with a limit of seven star tribulation of reincarnation, it was still quite an impressive treasure.

If Long Chen had not encountered the ancient god's corpse, he would indeed feel that this Primal Chaos Blue Lotus was simply heaven-defying.

Such a precious thing, he actually wanted to give it to me?

Although he did not need it, the other party's sincerity and perseverance had still moved Long Chen a little.

The Snow Spirit King looked at him seriously and said: "As long as you nod your head, as long as you stay in the supreme spiritual city and accompany me on my expedition into the world, this Primal Chaos Green Lotus will be yours. In the future, I will give you even more things!"

But if Long Chen still didn't agree, then he could only go all out.

He had given himself a path of no return.

Long Chen thought for a while, since he could not agree to the other party's conditions, he had to reject them outright and not give them both opportunities, so he said: "Snow Spirit King, to be honest, thank you for your sincerity, you did indeed offer a condition that no one could reject, but please forgive me for being unable to comply, it's not that the things you have taken out are insufficient to attract me, it's just that I simply cannot stay here. Thus ... it's best for you to use it on your own. "

Snow Spirit King's expression was stiff. He sucked in a breath of cold air as he finally heard the news that he didn't want to hear the most.

He said, "Is there no way to redeem it?"

Chapter 1924 - Final Killing

He had already taken out his most precious thing, and thought that Long Chen would at least need to consider it for a bit. However, what he faced was Long Chen's decisive rejection.

When he asked again, Long Chen said directly: "That's absolutely impossible, I can't possibly be bound by anyone. Although I lost to you once, but I can tell you clearly that I do not lack anything. Even if you have the Blizzard Palace, and have a lot of resources, ten years later, a hundred years from now, you might not be my match. My future is limitless, why are you controlling me here? Are you qualified to control me? In my life, the thing I, Long Chen, do not wish to be manipulated the most! "

He loudly said these words, completely cutting off the Snow Spirit King's thoughts.

Of course, he knew that if Snow Spirit King wanted to keep him, he would not only want to subdue him. That kind of situation, although Long Chen would not discriminate against this guy, it would be best for him to keep it in his stomach.

"I suppose there is no need to continue the discussion?" Long Chen looked at him coldly!

Snow Spirit King's eyes went blank and in a blink of an eye, his eyes became bloodshot. She glared at Long Chen as if he had received a huge humiliation. You will definitely regret it! "

Long Chen said: "I'm sorry, when I do things, even if my head is bleeding, I will never regret it. I will take responsibility for what I said today. If you do not believe me, ten years, and in a hundred years, come and try me again, I, Long Chen, will still lose to you! "

Snow Spirit King was so angry that he started laughing. He laughed a little crazily, "What about you? You fellow who lost your father, do you think that your father is still the Eternal Dragon Emperor who could shake the world? Without him, you are just dog shit right now, what qualifications do you have to say all this in front of me? A defeated opponent! "Right now, you are not my match. Ten years from now, a hundred years from now, it will be the critical moment for my cultivation base to soar. What qualifications do you have to fight me!?"

In times of anger and despair, people would usually say some unsightly words. Long Chen originally did not want to argue with him, but when he talked about his own father, it caused Long Chen's pity for him to instantly disappear. The pitiful person would definitely have something to hate, so he coldly said: "You have no right to say anything about my father. There's no need for me to say anything else. Please get out of my sight, how about it? "

Because with just a few words, their relationship had clearly broken off.

Snow Spirit King was extremely grieved and indignant as he angrily left.

Long Chen's words today had already made the angry Yun Che make a decision.

"I've done all I could say to you, even taking out the Primal Chaos Blue Lotus, yet you still maintain your prideful pride, you really deserve to die! "Not only will I kill your woman, I will also imprison you forever so that you will never be able to escape my control. There will be a day when you will regret it!"

He'd never imagined that his emotions would be this agitated.

Right at this moment, there was movement from the star symbols. A subordinate came down to inform the king, "Your Highness Spirit King, there's movement from that woman. It seems that she has already crossed that threshold and will soon attain tribulation of reincarnation."

This news coincidentally hit the nail on the head.

Xue Ling's expression turned cold. He lowered his voice and said, "Kill her. Remember to move and smile."

"Killed him?" The other party was confused.

Snow Spirit King roared and said harshly: "Did you hear that? I want you to kill her!"

"Yes, yes, Your Highness!"

The other party hurriedly nodded his head.

When the Snow Spirit King cut off the Star Talisman, the opponent had already made his move.

Gripping the talisman tightly, Snow Spirit King took a deep breath, and when he opened her eyes once again, her eyes were already filled with an incomparable coldness.

He muttered to himself, "Xue Qing is right, there are very few people in this world who can understand themselves. There are only a few people who can understand themselves, and he will never become one of me, but it is all my wishful thinking. From today onwards, I will cut off all thoughts and do my best to become the Snow Spirit King, and you, humiliating me and provoking me like this, will become a puppet with peerless talent.

"Those who don't listen to me, those who give me face, those who cannot understand me, all must die. No matter how great the temptation you have for me is, when you become a puppet, will I still have any thoughts that are impossible?"

He was just a timid person who had made a small attempt to persevere, but what he had encountered was a merciless blow. He was like a tortoise, frightened to the point that he had hidden his head and would never attempt to stretch his head out again.

When he looked up again, his eyes were cruel and hard.

At the same time, Long Chen received the notification from the Holy Spirit.

Holy Spirit said, "In less than an hour, Little Xi will wake up. She has already formed her own reincarnation, and become very powerful. Just a moment ago, the two spirit generals who were protecting her had intended to kill her and were captured by us. The remaining spirit generals have arrived and are fighting with the Flame Spirit and the others, so I am currently surrounding Xiao Xi and should be able to retaliate. Now that the commotion has spread, you have found the right opportunity to return.

The Holy Spirit explained everything in a few sentences.

"They want to kill Xiao Xi?"

's tone became cold and harsh. This should be an order from the Snow Spirit King, ah, sure enough, Long Chen originally thought that he would be a good friend, but since he had already planned to kill Ling Xi, from now on, he could only be an enemy.

To Long Chen, anyone who attacked Ling Xi was unforgivable.

Snow Spirit King was sincere, but he was too self-righteous, his control was too strong, his revenge was too strong, if he took action for revenge, Long Chen would not be courteous with him!

"All the grudges and grievances should be settled by now." Long Chen walked towards the direction of the entrance of the Blizzard Imperial Palace.

At this time, Snow Spirit King received another message.

"Your Highness Spirit King, the heart of the goddess has actually appeared in the Prestigious Spirit City. Bai Zang and the others have been captured by the Holy Spirit, and now that the ten of them are protecting that woman, they even threatened to kill Bai Zang. The Holy Spirit is powerful, and we are not her match.

"What!"

Xue Ling was stunned. The heart of the Goddess had suddenly appeared?

He only knew that Long Chen was brought to the Spirit God Realm by the Goddess Heart, but he never expected that they had such a deep relationship. It was so much that they went to the extent of hibernating in the Prestigious Spirit City to secretly protect Ling Xi. In the eyes of the Snow Spirit King, the Goddess Heart was a group of mysterious women.

No wonder Long Chen had been so calm from the beginning till the end!

No wonder!

He thought that he had gained complete control of Long Chen, but he never thought that his opponents would have a way to deal with him. Now they even wanted to kill his spirit general, and with the Holy Spirit present, if Xue Qing did not make a move, he would have no way of dealing with them!

This was failure, this was humiliation!

He could not bear it any longer. At this moment, he had already lost his reason and roared at the Snowstorm Imperial Palace: "Xue Qing, quickly go and join forces with the spirit general to kill the person with the heart of a goddess and that woman!"

In the blink of an eye, Xue Qing appeared beside him.

"Little Mistress, this isn't right. Goddess Heart just made a great contribution for our Spirit Race. Their prestige is like the sun in the sky. How can we kill them?"

The Snow Spirit King said angrily, "You trespassed into my Supreme Spiritual City without permission and kidnapped a spirit general of the Holy Snow Spirit Army, you deserve to die a thousand times for your crimes!"

The old man frowned and said, "I will go and rescue Bai Zang and the others. As for killing them, I am afraid I cannot do it with the Holy Spirit. She is powerful, so I am not necessarily her match."

"Hurry up!" Snow Spirit King shouted hysterically.

Xue Qing did not say much. The Snow Spirit King of today had already lost his rationality and was not suitable to speak anymore.

Xue Qing left and just as Snow Spirit King was about to head over, he suddenly remembered that Long Chen was still in the Blizzard Palace, and stopped in his tracks.

"Capturing our spirit general and forcing Xue Qing and I to go rescue him, and for him to escape the Imperial Palace of Blizzard, is this his plan? Long Chen, oh Long Chen, you truly are scheming, but, I saw through it. "

He was very familiar with the Blizzard Imperial Palace, so he hurriedly changed his direction and rushed out of the imperial palace. As expected, Long Chen was already standing outside, ready to leave the imperial palace.

Long Chen only left after seeing Xue Qing leave.

As the Snow Spirit King caught up, he turned around and said, "Many thanks for your hospitality these few days. When the time is up, I should also do my own thing. See you later."

After speaking, he jumped down from the snowy palace and rushed in the direction of the Supreme Inn.

"Trying to run? Impossible!"

Snow Spirit King sneered and chased after him. Long Chen had once lost to him, so he did not put Long Chen in his eyes.

A huge commotion broke out in the Spirit City.

Long Chen was extremely fast, but Snow Spirit King was even faster. Everywhere she went, snow and ice covered the area and a large amount of snow were falling, flying towards Long Chen.

Long Chen only wanted to meet with the Holy Spirit and the others first. He was not in the mood to fight this guy, but the Snow Spirit King refused to let him go.

"Time Traversing Dragon."

As he fled into the river of time, the Snow Spirit King lost sight of him in an instant.

Although he did not know where Long Chen had gone to, but right now, his goal was the Zhi Zun Inn. As long as he went to the Zhi Zun Inn, Long Chen would definitely be there!

After dashing for such a long time, the Snow Spirit King was actually still following behind him.

After using the Time Traversing Dragon, Long Chen was unable to unleash his maximum speed, and as for Snow Spirit King, he was like a maggot attached to his bones, unable to shake him off no matter what.

In front of them was the Supreme Inn. The Goddess's Heart and the opposite party were fighting passionately, and the outcome could not be decided within a short period of time.

"Then defeat this guy and capture him. Sister Sheng doesn't need to fight with them anymore!"

Chapter 1925 - Invincibility

The matter of the Prestigious Spiritual City was like a pot of porridge.

The reason was that near the Supreme Inn, there were two groups of super strong warriors fighting.

At the beginning, it was the famous Goddess Heart that appeared, defeating the two spirit generals guarding the Prestigious Inn. But immediately after, the other spirit generals appeared, surrounding and attacking the Goddess Heart. The holy spirit of the Goddess Heart did not act, but the others held back the batch of spirit generals until the most famous expert of the Prestigious Spirit City, Lady Xue Qing, arrived.

Xue Qing was a powerhouse that had been famous for ten thousand years ago. She was much older than the Holy Spirit. She was from the Snow Spirit Clan and was sent by them to protect the Snow Spirit King.

However, compared to Xue Qing, she was the strongest in the heart of the Goddess and the fame of the Holy Spirit Realm was even greater. Especially after she had brought the Goddess's Heart to the Dragon God Domain and killed the human genius Di Yu.

There were many people chasing after the Snow Spirit King, but there were even more chasing after the Goddess Heart. In the entire Prestigious City, there were many suitors of these ten beauties, and upon discovering them, the entire Prestigious City was heated up.

However, what puzzled everyone was that why would a person with the heart of a goddess fight against the commanders of the Holy Snow Spirit Army?

This battle, like the one between Long Chen and Snow Spirit King, had once again attracted the attention of almost everyone in the Prestigious Spirit City. Under the strict management of the Holy Snow Spirit Army, it was very difficult for them to get into conflict with one another.

However, when these two began to fight, the light of all the other battles was overshadowed.

The other nine people of the Divine Maiden's Heart also stopped their battles and gathered around Ling Xi.

They were proficient in Spiritualism s and constructed defensive array diagrams. The entire Prestigious Inn was under their protection.

As for those spirit generals, they tried to attack a few times but to no avail. They could only helplessly give up and clamor outside.

"Goddess Heart, this is the territory of the Spirit King, not the territory of the Su Shrine. This belongs to the Snow Spirit King and belongs to the Holy Snow Spirit Army. I advise you to let go of our spirit generals and give up on the fight, or else you will suffer the consequences! "

"Hurry up and release him, otherwise don't blame us for being impolite!"

The spirit generals began to threaten him.

A large number of Holy Snow Spirit Army soldiers rushed over and surrounded the entire supreme spiritual city. A large number of powerhouses were maintaining order, and in the sky, the battle between the Holy Spirit and Xue Qing had just begun. The battle between the two warriors with the power of Innate God instantly triggered a huge energy tide that swept over, causing the entire supreme spiritual city to tremble.

BOOM!

Everyone raised their heads, only to see that the sky had been completely sealed off. The battle between these two supreme experts couldn't be seen clearly.

In the goddess' heart, a girl laughed, "You stinking men like to scare us. Don't worry, we won't do anything to these two useless fellows. As long as you don't do anything, we won't do anything to you. Don't use Spirit King to scare us, we just did a great deed, Spirit King is already too late to thank us, why would he treat us so cruelly? "

The spirit warriors looked at each other in dismay. If they made a move and the enemy killed Bai Zhang and the others, then they would suffer a huge loss.

Goddess Heart and this group of madwomen dared to do anything, as if they had the audacity to barge into the human race.

"These two stinky fellows actually want to kill our new sister. Isn't that courting death?" My sister is going through a hundred lifetimes of tribulation, no one is allowed to touch her, otherwise, she will die!
"

Hearing this, the crowd finally understood.

Why would the Goddess Heart make a move in the Supreme Spirit City? It turned out to be the Sacred Snow Spirit Army. They actually wanted to make a move on their little sister who was undergoing the One Yuan tribulation.

They recalled that the Ling Xi beside Long Chen seemed to be inside there.

The weakest part of the heart of a goddess was still at the Four Symbols tribulation of reincarnation. In other words, Ling Xi was actually the eleventh person to the heart of a goddess?

Then, Long Chen must be related to the Goddess.

Other than the core members of the Sacred Snow Spirit Army, not many people knew of his true identity. However, almost a hundred thousand people knew that the source of the disturbance was not because of the Goddess' Heart, but because the people from the Sacred Snow Spirit Army had caused it.

They were only defending themselves.

The scales in everyone's hearts had already stealthily tilted in the direction of the Goddess' Heart.

The person from the Goddess' Heart continued, "As long as you don't do anything and let our sister complete the One Yuan Calamity, we definitely won't do anything to these two fellows."

From the looks of it, the heart of the Goddess was the target of persecution.

Everyone began to discuss.

"How could the Sacred Snow Spirit Army threaten a group of weak girls? This is simply too much."

"That's right. Even I can't stand it. Even Lord Xue Qing has been dispatched to fight Miss Sheng."

"The heart of a goddess is a great benefactor of our spirit race. The Holy Snow Spirit Army actually took advantage of their younger sister's tribulation to make their move. Isn't their methods just too despicable?"

Under the influence of public opinion, the core members of the Sacred Snow Spirit Army felt ashamed. They didn't know whether they should take action or not.

As for those lower class warriors, they also felt that this operation was inconceivable. The great spirit generals of the Holy Snow Spirit Army actually dared to attack a weak girl who was undergoing her tribulation. This was too outrageous.

"Don't move for now. Wait for the Snow Spirit King's arrival."

The spirit generals retreated and surrounded the Supreme Inn.

Everyone was focused on the super battle in the sky. The scene was too grand. Everyone was like ants in the face of this storm.

"A practitioner of the Seven Star tribulation of reincarnation is really strong."

"Yeah, they are the most elite existences in this world. The most outstanding group of people. is the core strength of our Spirit Race! "

While everyone was watching the battle, in another area, another one of the battles was on fire.

On the left side, the snowstorm engulfed the area and snow started to fall. On the right side, a bloody light rushed towards the sky, emitting a murderous aura. This battle was very close to the tavern, attracting everyone's attention.

Everyone was familiar with the scene of this battle. It was clearly the Snow Spirit King and the Blood Spirit Clan!

"Why are they fighting again!"

In a short moment, the battle on this side became even more eye-catching, because one of them was the esteemed Snow Spirit King, the owner of the Prestigious City.

The people from the Goddess Heart had also seen the battle.

"Long Chen is over there."

"This kid is finally here. Sisters, let's go protect him and bring him in."

Just as they were prepared, a huge commotion suddenly occurred in the sky. A huge explosion suddenly occurred and everyone fell to the ground, including Long Chen and Snow Spirit King who were in the midst of battle.

In the sky, a huge iceberg crashed onto the ground. Instantly, the earth shook and the mountains shook. All the buildings within a thousand meters radius, despite the support of the Spiritual Array, collapsed one after another.

He was slightly gasping for breath, his eyes solemn, his breathing a little disordered. And as far as he could see, a dignified woman dressed in white descended from the sky. Her beautiful appearance and noble aura instantly attracted everyone's attention.

This scene was due to the fight just now. The Holy Spirit had the upper hand.

Although Xue Qing did not lose the battle, she was still very old. If this went on, she would definitely not be a match for the Holy Spirit.

Thus, his expression was helpless.

Snow Spirit King asked him to defeat the Holy Spirit, save Bai Zang and the others, and then kill Ling Xi. From the looks of it, that was not possible.

Xue Qing and the Holy Spirit both saw the arrival of Long Chen and Snow Spirit King.

Therefore, just as he descended, the Holy Spirit's body moved, and instantly appeared behind Long Chen, while Xue Qing also appeared behind the Snow Spirit King. As soon as Long Chen fought with Snow Spirit King, he was interrupted by the fight between these two strong warriors.

"Young Mistress, I'm sorry, but I'm powerless." Xue Qing stood behind Snow Spirit King and said guiltily.

With his intelligence, he was able to quickly see the situation clearly.

"Nonsense, we don't care about Bai Zang's life. Our Sacred Snow Spirit Army has so many people, and our number of soul generals surpasses the enemy's. As long as you restrain the Holy Spirit, we will definitely obtain complete victory."

He was completely unwilling!

However, the current situation was extremely disadvantageous to him!

Xue Qing said helplessly, "Little Mistress, the problem is, this kind of battle will definitely cause great casualties. The Goddess Heart isn't our Spirit Race's enemy, they are now the heroes in the eyes of the people. If you eliminate them, it will definitely affect your reputation and reputation greatly.

He could see it much more clearly than the Snow Spirit King.

Hearing that, Snow Spirit King was stunned, she stared straight at Long Chen, his eyes filled with unwillingness, was he going to let him go like that!

No, absolutely not!

He had given almost everything to Ye Xiwen, yet he ended up with such an outcome!

Under the watchful eyes of the crowd, the Holy Spirit had already grasped everything. She revealed a knowing smile, even though she was not young, her smile could captivate all living beings. She was undoubtedly a woman that could make all men in the world go crazy, mature, plump, dignified, and hard to subdue.

"Let's go."

She said to Long Chen.

She had already determined that ever since she had obtained the upper hand in the battle with Xue Qing, the Snow Spirit King and the Holy Snow Spirit Army had been unable to do anything to Long Chen.

"Wait."

Seeing that Ling Xi had not woken up, Long Chen said this. Under the gazes of countless people, he raised the God Slaying Sword in his hand and said to Snow Spirit King: "I can give you one last explanation, this is what I owe you. Before, I said that I would surpass you in ten years, I won't be waiting for another ten years. No matter if I win or lose, I will not stay in Supreme Spirit City, but I can prove to you that I, Long Chen, do not need you, and I can be invincible! "

The overall combat power of the Holy Snow Spirit Army wasn't much stronger than Goddess' Heart.

Therefore, if they were to fight to the death, there was no meaning at all.

Even though Snow Spirit King was in a frenzy, he knew this path. In front of the masses, he could not do anything to the heart of the Goddess.

He thought that he would not have the chance to meet with Long Chen again.

But at this time, Long Chen gave him this chance.

Over ten days ago, they had engaged in a battle!

Ten days of time was merely the blink of an eye. If one had not gone through tribulation in these ten days, there would basically be no martial artist who could be much stronger. In the eyes of Snow Spirit King, Long Chen's actions were equivalent to courting death.

"In that case, I will not be merciful."

Snow Spirit King said in a deep voice.

Everyone loved to be crowded and had a match to watch. Everyone was very excited and then they all retreated, leaving the battleground to them.

"Be careful."

The Holy Spirit knew that Long Chen was not a match for the Snow Spirit King, so he warned her.

"No problem." Long Chen turned his head, and revealed a smile that said he was holding onto everything.

She returned to the Prestigious Inn and stood by Ling Xi's side. As for Xue Qing, after receiving the Snow Spirit King's order, she also retreated a good distance, leaving them with the arena for the battle.

At the Zhi Zun Inn, the Holy Spirit Realm warrior threw Bai Zang and the other two out. These two fellows were already of no value, since Long Chen had already arrived, the other side could no longer do anything to him.

The moment Ling Xi woke up, everyone could leave, and there was no need to worry about the arrival of other strong practitioners.

Until Long Chen and the Snow Spirit King met face to face, the flames of their battle had already silently ignited.

Many of the people who watched the fight for more than ten days, were all confused by Long Chen's actions. This story was a blur, no one knew what happened, but it was a fact that Long Chen was defeated by the Snow Spirit King more than ten days ago.

"Does this guy think that he can turn the tide within ten days? Isn't that too ridiculous? "

The Snow Spirit King is the number one genius of our race, so he should be slightly younger than the Snow Spirit King. If he wins, then wouldn't he be the number one genius? Is it possible for such a talent to appear in the Blood Spirit Clan? "

"I really don't understand, why does he still want to use an egg to hit a rock? It's really hard to understand."

"Didn't the Snow Spirit King want to reclaim this fellow? Why is this guy related to the heart of the goddess? "I understand. The young girl from the Holy Spirit Clan is a new member of the Goddess Heart, and this guy from the Blood Spirit Clan is a couple with the girl. So the Goddess Heart came over to help and take them away. But, does he want to wash away his shame?"

If you have the chance to escape, don't cherish it. Wanting to turn the tables in the hands of Snow Spirit King is really a joke, don't tell me that he doesn't know that the Snow Spirit King is about to enter the tri-level tribulation of reincarnation?

Everyone was discussing loudly.

The battle between the Goddess Heart and the Holy Snow Spirit Army, they supported the Goddess Heart. But the battle between the Blood Spirit Clan and the Snow Spirit King, it was obvious that they

were more inclined to fight against the Snow Spirit King. After all, the Snow Spirit King was their most talented genius, the son of the Spirit King.

In the world of Long Chen and the other two, there was already no one else.

Long Chen used the God Slaying Sword and channeled the Taiji Nirvana Qi within his body, fusing with the power of the God of Taiji. The power in his body went from torrential rivers to heavy molten metal, becoming several times more powerful.

With just a single move, he would be able to exert a force of five million Jin.

"Blizzard Hell!"

This was more suitable for his battle. Aside from the Supreme Inn, every place which Long Chen could see, had already turned into a world of ice and snow. Large amounts of snow danced in the air, forming a blizzard as it howled fiercely.

"Phew ..."

Snow Spirit King pulled out the archaic instrument's 'Snow Seal' and pointed the long ice spear at Long Chen. A sharp light was transmitted over.

The archaic instrument Holy Snow God Armor appeared on his body and for a moment, Snow Spirit King turned into the Ice War God. Her power covered the entire world and his perfect appearance made people exclaim in surprise. It was simply too perfect.

In comparison, Long Chen was like a killing machine.

Without holding back at all, Snow Spirit King shouted in a clear voice, "Let alone ten years, you will never have the chance to surpass me in your entire life. Wake up."

Blizzard snow flew under the snow restrictions.

The Snow Spirit King's graceful dance swept through the sky, and the same move came once again. In an instant, the snow between heaven and earth became the Snow Spirit King's weapon, with strong gales blowing and the earth trembling. Every snowflake was like a palaeogeostats, possessing terrifying might.

"Go!"

The Feast of the Snowflakes came again.

This time, the Snow Spirit King was even more impolite!

Long Chen retreated a few steps, his expression cold. The same technique, to him, posed no threat whatsoever.

"Blood Weeping Dragon Soul!"

This time, Long Chen used the limits of his normal state and summoned five hundred thousand Blood Weeping Dragon souls. But the Blood Weeping Dragon souls now were different from before, because they all possessed the power of taiji and Nirvana, and their tiny bodies obtained a great strength. The Blood Weeping Dragon souls grew once again, becoming even more terrifying than before!

At such a close distance, seeing the appearance of the 500,000 Blood Weeping Dragons, almost everyone's scalps had gone numb. It was only now that they understood the terror of the Blood Weeping Dragons!

Five hundred thousand Blood Weeping Dragons against the Snowflake Formation!

Last time, Long Chen had to borrow the strength of an instant for eternity to be able to succeed, but this time, the Blood Crying Dragon Soul had completely trashed the enemy's attack by crushing them under pressure, and with a loss of less than fifty thousand Blood Crying Dragon Soul, it swallowed all the snowflakes in the air, and the entire world of ice and snow was swallowed by the Blood Crying Dragon Soul, disappearing without a trace!

Compared to the previous two times, it was a qualitative change.

's sudden improvement in strength had exceeded his expectations, what he was facing were more than four hundred thousand Blood Weeping Dragons, those little thumb-sized dragons, were able to let out terrifying roars that surpassed the beasts'. In an instant, the Snow Spirit King was surrounded by an endless amount of Blood Weeping Dragons, and sank into the beast's roar.

"It won't be that easy to turn the tide!" What my Snow Spirit King lacks the most is talent! "

Snow Spirit King roared.

"Spear of the Psionic Imperial!"

He used the sacred art of the Holy Spirit Race, and in an instant, a shining battle spear appeared in the sky. Xue Ling Wang's attack was much more powerful than Bai Tai's, the spear of the Hierarch flew out, and the Blood Weeping Dragon's soul surrounded it, creating a bloody path!

Long Chen was not courteous at all. The battle with the spear was limited, and in that moment, Long Chen commanded the hundreds of thousands of Blood Crying Dragon Souls to swarm over, and in that moment, a berserk killing dragon covered Snow Spirit King!

"You can't hurt me!"

Snow Spirit King laughed loudly.

His archaic instrument Holy Snow God Armor produced a snow-white light barrier that enveloped his entire body. The Sobbing Blood Dragon Soul had indeed increased a lot, but it was still unable to break through the archaic instrument's defense!

Countless Blood Weeping Dragons' souls collided with the Holy Snow Armor, transforming into a bloody flower!

The Snow Spirit King sneered. Holding the snow forbidden in his hand, he reaped the lives of the Blood Weeping Dragon Soul in large numbers.

"Let me tell you, Long Chen, as long as the Holy Snow God Armor is here, you can't hurt me the slightest."

The Dao patterns on this Dao Artifact definitely exceeded the Snow Forbidden. This was something that the Spirit King used to protect his son.

Seeing that he was about to kill the Blood Weeping Dragon soul, Long Chen did not panic. He used the Time Traversing Dragon and disappeared from the opponent's field of vision.

"Where is the Blood Spirit Clan?" Everyone was puzzled.

Snow Spirit King was in the midst of fighting, who cares where Long Chen was.

Just at this moment, hundreds of thousands of Blood Crying Dragon Souls dissipated with a bang, allowing the Snow Spirit King to escape into thin air. Long Chen's blood colored figure suddenly appeared behind the Snow Spirit King, and with the activation of his Killing Sword Technique, in a short moment, the God Slaying Sword slashed at the Holy Snow God Armor frantically tens of times, and with the last sword strike, Long Chen's attack landed on the white barrier of light. The barrier of light instantly exploded, causing a violent explosion once again.

It was the same as the last battle, Long Chen had the upper hand from the very beginning!

And this time, the advantage he held was even more obvious. Even if Snow Spirit King had two archaic instruments, they would be suppressed by Long Chen in a moment.

Everyone said uneasily, "This time around, the Snow Spirit King won't lose to this kid right?"

"How is this possible? The Snow Spirit King is our spirit race's number one genius. Legend has it that she has a supreme spirit vein. It's impossible for a supreme spirit vein to appear in the Blood Spirit Clan! "

"Just watch, the killing move of the Snow Spirit King is definitely the City of Dawn. Didn't Long Chen admit defeat at the City of Dawn that time?"

BOOM!

Snow Spirit King rushed out from the ground, out of breath.

He shook off the dirt on his body and returned to being absolutely clean. It was just that his head was in a mess right now, which really damaged his usual appearance.

Long Chen floated above him and said: "It seems that you are not my match."

Snow Spirit King's expression was gloomy, his heart suffered a huge blow, she gritted her teeth and said: "In a short ten days, you have actually made so much progress, you must have made a breakthrough in my cultivation room." But even so, do you think that you possess the power to rival me? "

"Come to the City of Dawn from last time." Long Chen held the Heaven Smiting Sword in his hand and was ready.

The strength of the City of Dawn far exceeded the capabilities of the Snow Spirit King.

Last time, Long Chen was defeated by the City of Dawn!

This time, he wouldn't lose!

In the God Slaying Sword, the small skeleton had awoken. Its pair of green eyes curiously looked at the Snow Spirit King.

"Want to kill him, Daddy."

The small skeleton said naively.

"Fuck you!"

Long Chen could not bear it anymore, the young man was at a loss ...

Chapter 1927 - Inverse War King

No matter what, the Snow Spirit King who became angry from embarrassment did not show any mercy this time.

The City of Dawn was also a sealed city, it used the power of light to seal the Evil Demon. If Long Chen was unable to resist the seal, he would very likely be sealed inside the Prestigious Spirit City, even if it was the Holy Spirit Sect, they might not have a way to save him!

Last time, Long Chen had directly chosen to admit defeat!

But this time, it was impossible for him to admit defeat. If he couldn't hold on, the result would be tragic.

He held onto the God-Slaying Sword in his hand and thought of his battle with the Taiji Deity.

Endless slaughter, undefeatable conviction, every single move and every form of training. Only when he thought that he would win, would he finally be able to defeat his opponent.

Therefore, when the City of Dawn was shaken again, Long Chen was filled with faith in himself!

Without a doubt, the Snow Spirit King was a terrifying opponent, he possessed a supreme spirit vein!

However, compared to him, Long Chen was even more terrifying!

The God Slaying Sword trembled, hundreds of Dao patterns flickering on it. As a Dao item to be devoured, it was unable to endure its thirst, and the small skeleton was also starving to death. This time, their target was the Holy Snow God Armor on Snow Spirit King!

BOOM!

Amidst everyone's cries of surprise, the clouds changed and the huge city that was radiating light descended with a loud bang. Around the city was an endless number of revolving sealing diagram that sealed an area of five kilometers.

At the side of Dawn City stood the Snow Spirit King. He had turned into a deity, emitting a vast and resounding voice. He said in a clear voice, "The City of Dawn has descended and all demons have bowed their heads!"

RUUMMBLLLLL!

Long Chen raised his head and saw what seemed to be a giant golden mountain pressing towards him.

Within the Prestigious Spirit City, everyone raised their heads and looked in shock at the City of Dawn, which only the higher ups of the Holy Spirit Race were able to use. This was the Holy Spirit Race's super Spiritualism that surpassed the Spear of the Spirit Master, and was also the Spirit King's customized magic sealing technique for the Snow Spirit King!

"The Blood Spirit Clan will definitely be finished."

"It seems that the Snow Spirit King has been angered. This time, the power of Dawn City is much stronger than last time."

"That kid is going to be sealed."

Even the goddess in her heart couldn't help but worry for Long Chen.

"Big sister, what do we do? Can this Long Chen brat bear it?"

"He's too powerful, to actually be able to fight against the Snow Spirit King head on." He is several levels stronger than Di Yu. "

The faces of the sisters of the Goddess Heart were filled with worry.

The Holy Spirit Master shook her lips, revealing her hesitation. To be honest, she didn't think that Long Chen would be able to hold on.

However, she suddenly saw the look in Long Chen's eyes. Powerful, persistent, indomitable, and full of conviction, this vast City of Dawn was just like his prey. After seeing this look, the Holy Spirit waved his hands and said, "There's no need to attack, I believe he will succeed."

Just as she finished her sentence, the Snow Spirit King brought the huge city of Dawn down.

His eyes were filled with pleasure.

"What I can't get, what I can't get, no one can ever think of getting. You can go ahead and destroy it!"

In Dawn City, a brilliant light blinded everyone's eyes.

Long Chen was fearless. In front of the City of Dawn, he appeared extremely insignificant, but he did not retreat and advanced instead. He was like an ant, charging into the palace that was descending from the sky, and even more so like an ant trying to shake a tree!

One man, one sword, killing the heavens!

When the light engulfed him, Long Chen suddenly activated the Killing Sword Technique, he was completely immersed in his own cultivation, just like when he was fighting with the Primal Chaos God. In front of him was a field of emptiness, only the light was shining upon his enemy.

"Break!"

In everyone's eyes, Long Chen had completely submerged the City of Dawn. The City of Dawn followed its original trajectory and did not stop for even a second!

"The first strike!"

However, Long Chen's Killing Sword Technique never stopped either.

From the first sword strike, the God Slaying Sword's charge, unleashed a terrifying death sword qi, forcing Long Chen to be forced to retreat step by step, but his expression did not change, his face did not change, the Killing Sword Technique still continued to slash!

"He's going to lose!"

What everyone saw was Long Chen struggling in front of Dawn City.

He was like an ant, being slowly suppressed from high up in the sky all the way to the ground. When he was only about ten meters away from the ground, everyone knew that the outcome had already been decided and Long Chen was unable to turn back.

In the Prestigious Inn, the heart of the Goddess was clenching her hands tightly as she watched with a nervous expression.

The Holy Spirit closed his eyes, ready to act.

High up in the sky, the Snow Spirit King's eyes were bloodshot as he vented the anger in his heart.

"Go to hell!"

Love could also transform into hatred!

This hatred was even more terrifying!

It was just that, to Long Chen, all of this was just a process.

Even at the very last moment, he still did not give up. At this time, he had already endured through over a hundred strikes!

"One hundred and one strikes!"

From the start, the terrifying sword aura had shaken the entire city!

BOOM!

Long Chen's eyes were cold and indifferent. With unyielding conviction, the speed of the God Slaying Sword increased!

"Break for me!"

This roar woke everyone up from their stupor.

They opened their eyes wide as they watched the unforeseen scene. Long Chen suddenly erupted with over a hundred streams of sword qi, and the gigantic city of Dawn, in the midst of each stronger sword qi, was instantly minced into powder!

The shining City of Dawn instantly exploded and turned into a rain of light. It scattered throughout the entire supreme soul city and even outside the city. The raindrops formed by the light spots were quite beautiful.

"Impossible!"

Countless people sucked in a breath of cold air.

The City of Dawn was actually destroyed?

This was a move that had cost the Heavenly Snow Spirit King a lot of effort!

Everyone was shocked, even the Holy Spirit. They did not expect it to be like this. Everyone's expression was wonderful!

"No!"

The City of Dawn that he had controlled was destroyed. The Snow Spirit King coughed out a mouthful of blood and retreated a few steps in a daze.

"It shouldn't be like this, right?"

The light had dissipated, and his face was pale. His hair was disheveled, and he had completely lost his former handsomeness. He had become despondent?

"I lost?"

From the arrangement of the Goddess to him losing to Long Chen, then to the final battle, and the fact that he still lost to Long Chen, this fact was still a little laughable. This was definitely not true, the Snow Spirit King's eyes were ice-cold, he tightened his grip on the Snow Barrier in his hands, he realized that he did not lose, he could still fight, and as long as he wore the Holy Snow God Armor, Long Chen would never be able to injure himself!

"Don't get cocky too early!"

Snow Spirit King turned around and looked for Long Chen.

Long Chen stood right behind him, looking at Snow Spirit King with a pair of extremely calm eyes.

"Come on, it's true that you've broken out of Dawn City, but our battle has just begun!"

"You lost." Long Chen said.

"Bullshit." As the Snow Spirit King charged forward with his forbidden snow spell, the demons of the snow spirits roared.

Below, Xue Qing was slightly worried.

The final result made everyone look forward to it. Was it Long Chen's victory, or was it Snow Spirit King's reversal in the end?

Long Chen gripped the Heaven Smiting Sword tightly in his chest.

One was crazy, the other was calm. Their mental states were completely different.

Right at this moment, the Snow Spirit King charged over!

He was indeed not defeated, in the end, Long Chen had only defeated his strongest move, which meant that the next battle of attrition would likely be the end of it!

Facing his opponent, Long Chen didn't say anything, and immediately activated an even larger killing move.

"Eye of Hell!"

Weng! *

As the clouds dissipated, a pair of green eyes appeared behind Long Chen. Those were the eyes of a devil, the size of an eyeball, and comparable to a city. With just a glance, Xue Ling King's entire body was thrown into extreme fear, he had lost the strength and courage to attack, and even the archaic instrument in his hands was barely able to hold onto it.

"What's wrong with Snow Spirit King!"

The crowd burst into an uproar.

Hearing all these, Long Chen finally understood that other than his own opponent, the others could not see the Eye of Hell. Only Snow Spirit King experienced such fear.

As a result, everyone was extremely confused about Snow Spirit King's actions.

Long Chen no longer hesitated. Every time he used the Eye of Hell, he would consume a lot of energy.

The Killing Sword Technique was unleashed once again!

Inheriting the close to two hundred strikes from before, Long Chen unleashed even more powerful sword moves, but in front of, the Snow Spirit King seemed to be defenseless!

Long Chen's God Slaying Sword, in ten consecutive strikes, slashed onto Snow Spirit King's body.

BOOM!

Amidst everyone's incredulous gaze, the Holy Snow Armor with more than 140 dao patterns made a crisp sound and a crack appeared. The next moment, the artifact shattered into dust and dissipated in the air.

The God Slaying Sword engulfed everything in excitement. In the place where Long Chen held the palm, five new Dao patterns appeared. The God Slaying Sword had successfully swallowed one hundred and five Dao patterns.

When the Holy Snow God Armor was destroyed, no one thought that the Snow Spirit King had not been defeated yet.

Under the impact of the power, Snow Spirit King floated down.

In order to prevent Xue Qing from making a move against Long Chen, the Holy Spirit God had protected Long Chen.

"Are you all right?" The Holy Spirit asked with concern.

"It's fine." Long Chen chuckled, he kept his God Slaying Sword, his gaze was focused on Snow Spirit King, his opponent had suffered a huge blow, but right now his eyes were disintegrated, like a dead person.

In reality, Long Chen had only destroyed the Holy Snow God Armor and hadn't harmed the slightest bit.

If he had wanted to kill him, he would have just added another sword.

Xue Qing knew this as well, so she didn't kill Long Chen in anger.

Long Chen followed the Holy Spirit God and arrived at the Prestigious Tavern, while all the higher ups of the Holy Snow Spirit Army protected Snow Spirit King. Only after finding out that the Snow Spirit King was not injured did everyone let out a sigh of relief, but they still looked at Long Chen and the others with unfriendly expressions.

After a short period of silence, the crowd finally accepted this fact, and looked at Long Chen with shocked expressions.

Chapter 1928 - 100 Samsara

With the support of Xue Qing, the Snow Spirit King landed on the ground and stood in front of the Holy Snow Spirit Army.

The warriors from the Prestigious Spirit City all quietly retreated. Perhaps they realized that there was a high possibility that the two sides were at odds again. After all, Long Chen had destroyed their opponent's Holy Snow God Armor.

Those few sword strikes could only be described as stunning.

Everyone believed that it was impossible for the Holy Snow Armor to be broken and explode in the end.

It was very likely that some of the people who had endured the tribulations of heaven and earth were not his match, yet he had lost to Long Chen. It was clear that from today onwards, Long Chen was the unrivalled ruler of all the participants under the second stage of tribulation of reincarnation.

The confrontation between the two was incomparably fascinating.

However, everyone still could not react. They thought that the most talented youth of the Spirit Race, would actually lose to Long Chen, who was even younger than him.

Could the Blood Spirit Clan really produce such a person?

From time to time, they would look at that youth with reverence in their eyes. Even though they were unwilling to admit it, the truth was right in front of them. Hundreds of thousands of people could clearly see it.

Until now, many people did not even know about Long Chen's life.

Long Chen turned around, the light from his body had already disappeared, and she had undergone a huge transformation. It should be said that from the moment he reached the tribulation of reincarnation, the Su Goddess blood and Sector lord Divine Arts would undergo a huge transformation. When he truly awakened, she, who was comparable to Di Yu and had even surpassed him, would soon reveal a shocking talent.

From her, Long Chen could see the rise of geniuses.

Of course, the majority of this woman's talents were given to her by him, including the Sector lord Divine Arts.

That was Long Chen's gift to her.

Long Chen had absorbed a large amount of resources, but Ling Xi was still able to catch up to him in terms of speed. This could only mean that the Heavenly Dao was way too superior to the god blood descendant, but it was extremely dangerous for the Dragon Fighter. There must be a lot of secrets, only that they could not access it.

But no matter what, as long as Ling Xi grew stronger, she would be happy for her.

Long Chen was advancing from a young child to an adult one step at a time. If he were to soar to the sky in one step, then the last thing to appear would not be the Ancestral Dragon, but the deformed dragon.

After a while, Ling Xi was done.

Long Chen stood on the roof of the Prestigious Inn and looked at Snow Spirit King opposite of him. The two talented young warriors met eyes once again. In the past, when Snow Spirit King's might covered the world, Long Chen was under his control, but this time, it was the complete opposite. Snow Spirit King's eyes were vacant, filled with fear, but Long Chen's eyes were filled with power.

The Snow Spirit King was shocked by the Eye of Hell, his primordial spirit was still in chaos.

Long Chen said: "To be able to meet here and also fight twice, we can also be considered to be fated. Today's battle is only the beginning of our friendship, not the end. I hope that there will be a chance to meet you again in the future. At that time, you can come and fight again, but if you are not convinced by the result of today's battle, then you can cultivate diligently in the future. At that time, you can come and fight me again. "

His words gave Snow Spirit King new hope.

His eyes gradually calmed down as he said in a daze, "You will still return to the supreme spiritual city?"

"Maybe." Long Chen hesitated for a moment, but decided to speak the truth. He definitely wanted to return to the Prestigious Spirit City, if not, would he be able to directly travel from the Demon God Area to the Dragon God Domain?

Snow Spirit King took a deep breath and said: "The next time you return, will be the next time we fight. You must be careful. Once I enter the tri-level tribulation of reincarnation, let's see if you can still block my battle spear! "

His renewed desire to fight.

The humiliation of today, one day, I will cleanse it with blood.

Seeing him like this, Long Chen felt gratified in his heart. Perhaps, by transforming the relationship between the two of them into an enemy and a competitor, the Snow Spirit King would find other passionate things from her unfathomable interests, such as fighting.

He saw that a change had already occurred in front of Long Chen's eyes, from an object that he strongly desired to possess, to an opponent in the midst of fate.

Long Chen suddenly laughed: "The taste of a woman is too wonderful, you have never tried it, how do you know that it's not possible?"

His words confused everyone, only Snow Spirit King's face suddenly flushed red. She knew that Long Chen had already seen through her and wanted to change her strange emotions, but, as he said, how could a woman taste so good?

Why did he feel so disgusted in his heart?

Perhaps, he didn't meet the right person?

Since he was young, the woman he had met was either his family or the kind of person who crazily chased after him, willing to give up everything for him. In the eyes of Snow Spirit King, this kind of woman was undoubtedly boring.

"I'll try."

Snow Spirit King also said something strange.

This heart of his, let it rot in its belly!

Raising his head again, Snow Spirit King realized that he did not lose miserably today, at least he still had the hope of defeating his opponent in the near future. To her, this was a very important matter, from this moment onwards, his first half of cultivation was just to become a god, that was an empty goal, and the second half, he finally found the meaning of life!

That was, defeat him!

Fight to defeat him!

"Let's go!"

At this moment, he had lost his elegance, becoming like a proud lion. He turned his mighty body, and after taking off the Holy Snow God Armor, he became even more majestic and valiant.

Even Xue Qing did not know what sort of change he had experienced in his heart.

Although the spirit generals of the Holy Snow Spirit Army were puzzled, they still followed the domineering Snow Spirit King back to the Blizzard Imperial Palace. Although he was defeated today, no one looked down on her because she was still strong.

No matter what, the Snow Spirit King was still the ruler of the Prestigious City.

When they approached the Blizzard Imperial Palace, the Snow Spirit King suddenly stopped.

He turned his head to look in the direction of the Supreme Inn, where a white light was flickering.

"His woman should have succeeded."

The Snow Spirit King clenched his teeth, showing some hesitation, but in the end, if he defeated his, he shouted at Xue Qing: "Listen up, send me ten of the most beautiful women from the Prestigious Spiritual City, ask them if they are willing to serve me. If they are willing, bring them to the Snowstorm Palace immediately, I want to taste the taste of what he said!"

After he finished speaking, he turned into a snowy arrow and charged into the Blizzard Imperial Palace.

Xue Qing was stunned for a moment before he burst out laughing.

The gloom and worry that had been plastered on his face for so many years finally vanished.

As for the other spirit generals, they also vaguely knew a little bit.

After the Sacred Snow Spirit Army left, the warriors of the supreme spiritual city didn't leave.

Of course, the Goddess Heart beauties that they yearned for were all at the Supreme Inn. They didn't dare to go up, and only dared to stand at the side and admire the beauties' grace.

"This is the Holy Spirit. She's so beautiful! I grew up listening to her legends. I didn't expect her to be so enchanting to this day."

"The bodies of Miss Fire Spirit and Miss Dark Spirit are just too great. I wonder who will be able to become their husband? How blissful they are."

"I feel that Miss Feng Ling is the most attractive to me. Her thin wings gently flapped in the wind. She's so beautiful. I've never seen such a spirited girl before."

"I think the flower spirit is the most adorable. It's blinking big eyes. It's really too enchanting."

Thousands upon thousands of men's eyes were filled with peach blossoms as they praised the ten people of the Goddess' Heart. Thousands of men were filled with peach blossoms as they praised the ten people of the Goddess' Heart.

And all of Long Chen's attention was on Ling Xi.

Right at this moment, Ling Xi's body erupted with an intense light, the purple moon light on her forehead flashed for a moment before disappearing, and following that, the intense light gradually weakened, the light cocoon gradually disappearing, and the shockingly beautiful young lady, whose beauty was so beautiful that it could even cover the beauty of the various women, gradually revealed her exceptional appearance.

The men below let out another wave of sighs of admiration.

reincarnation

In the blink of an eye, Ling Xi was already at the tribulation of reincarnation.

Standing in front of her, Long Chen was incomparably satisfied.

He could feel that Ling Xi's surging strength was almost not weaker than his own. This meant that if Long Chen cultivated together with her, they would definitely be able to reach a higher level of dual activation. Furthermore, Ling Xi also had the Sector lord Divine Arts and the legacy of the Piaomiao Immortal Sect.

The woman bathed in light gradually opened her eyes. A pair of snow-white eyes emitted a shocking luster that was extremely bright. Under this pure gaze, the boiling men all shut their mouths, their eyes filled with appreciation for this kind of pure beauty.

And these most beautiful eyes naturally fell onto Long Chen's body first.

If one looked closely at those beautiful eyes, one would realize that there were quite a few beautiful purple runes. This came from the Sector lord Divine Arts, causing her eyes to become even more hypnotized.

"Xiao Xi."

Long Chen stretched out both his hands, allowing her to throw himself into his embrace.

Ling Xi was immersed in the cycle of reincarnation for a hundred lives, so she naturally did not know what happened. She did not know how much time had passed, nor did she know why this lowly one was in such a mess.

She lightly leaned into Long Chen's ear and told him what she wanted to tell him the most.

"Brother Chen, do you know what the happiest thing is for me?"

Long Chen's heart was at peace. He caressed her smooth and long hair and said with a smile: "Then tell me, what exactly is it?"

An intoxicating smile appeared on Ling Xi's face, her eyes gradually filled with tears, and she choked with sobs: "That's me, in the long cycle of a hundred lifetimes, becoming your wife for a hundred lifetimes."

When Long Chen heard this, he felt like he was struck by lightning.

Not pain, but happiness.

Every single practitioner who had reached the tribulation of reincarnation had to go through the cruel Hundred Lives Reincarnation, and those who had escaped from the Hundred Lives Reincarnation, would view the Hundred Lives Reincarnation from the perspective of a bystander. However, those who were immersed in it, would think that they lived in a world that was fake and was real.

The 100 Samsaras were a journey to the heart.

It was a world without power, with all sorts of magical items, such as technology. The laws of that world were strict, and people had vast knowledge. They had come up with a series of strange things, but everything felt hopelessly real.

In that world, everyone would forget everything and forget that they were currently going through a One Yuan tribulation. It was basically impossible for them to live past one hundred years, and they would also die from all kinds of disasters. The life in that world was so fragile, but one could experience the true meaning of the word 'fate'.

Every warrior that encountered the One Yuan Calamity had to enter that powerless world.

Time and again, life and death, reincarnation and death, until the last life, only then could he remember everything.

This was the world that Ling Xi was experiencing.

In this reincarnation world, she had all kinds of fate, experienced a long life that would make people feel fear if they were to hear about it, experienced the despair of survival, but after she was awakened from the cycle of reincarnation, what made her instantly filled with tears was that the life she had lived for a hundred lives, the life she had lived time and time again, was actually lived by a man.

It was Long Chen.

With regards to that reincarnated world, after the calamity had ended, the memories of one hundred lives quickly faded from Ling Xi's mind. She had forgotten those long stories, forgot that she had experienced some novel and strange things, her unique theories and knowledge.

It was this embrace that allowed her to no longer experience fear in that foreign world.

This was the happiest thing she had ever said to her.

"Every time, you accompany me until I'm old. If I die in an accident, you will follow in my footsteps. I finally believe that you will be my man for all your life." Ling Xi wiped her eyes. She had almost forgotten about the matters of the reincarnation world.

In that reincarnation world, it was so terrifying that no one would ever think that it was fake. Only after the One Yuan Tribulations and coming back would outsiders be able to see that world, and only then would they understand.

Seeing them embracing, the women of the Divine Heart Sect couldn't stop their tears from streaming down their faces.

"It's really rare to have such a relationship in one hundred lifetimes." The Holy Spirit shook his head helplessly. Even someone like her was moved by this.

"Yi Yuan tribulation may seem simple, but in reality, I think it is more terrifying than any other tribulation. I am not afraid of another tribulation like this one, but I am afraid of another tribulation like this one."

Long Chen didn't know what to say.

Half a day went by and I remained in one position.

"It's time to go." Long Chen said.

"Yes." Ling Xi no longer had tears. Looking at her, Long Chen realized that her change was without a doubt huge. If she was a little girl before, at this moment, she had matured, become gentle, and become a woman brimming with radiance.

It was time to go to the Demon God Area and help the wolf cub so that the devil in his heart could be removed.

The group of Goddess led them towards the north gate.

If you go to the demon race, then everything will depend on yourselves. If it's not the supreme spiritual city, then we won't be able to do anything for you, so remember my warning, when you're walking, it's best not to follow the path that the demon race is taking, because the demon race is more against the human race. They have the 'Demon Spirit Agreement' with us, so both sides can't target the demon race or spirit race in their respective Realm of Gods.

Under their warnings, the group arrived at the north gate of the Prestigious Spiritual City.

Snow Spirit King did not appear again.

Long Chen took one last glance at the north gate and then pulled Ling Xi through the north gate. In front of him appeared a flaming tunnel, other than an energy bridge built from the ground, the surroundings were filled with flames from the Sky Fire Abyss, it was endless and large, but the energy bridge was over ten thousand meters long. When he walked to the opposite side of the energy bridge, he would see the appearance of a 'Supreme Demon City'. From there, he would become the Demon God Area.

For the little wolf, Long Chen had to go there!

He bid farewell to the Goddess Heart, and stepped onto the energy bridge with the spirit race warriors heading towards the Demon God Area.

The heart of the Goddess, surrounded by countless followers, bid them farewell.

At this time, in the sky, a pair of massive pure white eyes appeared.

Every eye was comparable to half of a Spirit City.

The Holy Spirit was smiling as she looked in the direction Long Chen had disappeared in. She suddenly felt something and raised her head, only to realize that the white clouds were drifting in the sky, and the sun was shining brightly.

"Could it be an illusion?"

Within the endless Void.

The entire world was enveloped in white light. This was a pure white world, with countless territories stretching out without end.

And in the deepest part of this world, a pair of snow-white eyes was hidden within. It was difficult to see clearly, but those eyes were wandering all over the place.

In the deepest part of the white light was a mysterious Heavenly Palace. The Heavenly Palace was surrounded by millions of array formations, and it flickered with a strange light. In the entire Spirit Race, there weren't many people who knew about this place.

The Heavenly Palace, which had been quiet all year round, suddenly began to shake.

The master of the Heavenly Palace woke up. He was a little emotional, and the million layers of formations around him began to vibrate as he whispered to himself.

"That is the Sector lord Divine Technique!"

"Oh, so this girl obtained the Godly Blood legacy of Elder God Pure Maiden, and coincidentally also obtained the Sector lord Divine Arts?"

"Once chosen, the inheritor of the Sector lord Divine Arts is not to be changed by outsiders. The inheritor can only decide on the next successor, otherwise the Divine Arts of the Sector lord will collapse."

"Then, I should think of a way to let this girl pass down the Sector lord's Divine Arts to me!"

"Sector lord Divine Arts, Sector lord Divine Arts. Once I obtain it, I will finally have a chance to become a god."

When the heavenly temple shook, the entire Spirit Realm was shaken. Everyone felt this massive earthquake and thought that this was a normal occurrence. They didn't know that the million layers array formation outside the mysterious sky palace was affecting the entire Spirit Realm.

And all of this temporarily had nothing to do with Long Chen.

The Spirit Race and the Spirit Race signed a friendly 'Spirit Demon Contract', the two of them did not have any war relations, so the transactions between the Prestigious Spirit City and the Prestigious Demon City was very extensive. Every day, there were many Spirit Race demons in front of the city, many Spirit Race demons would go to the Spirit Race, Spirit Race and Spirit Race. Basically, they only operated near the two cities and dealt with trade between the two races.

This was because the further they were from the Spirit Realm, the less guarantee their safety would be.

At the very least, in the vicinity of the Supreme Demon City, no demon clan would dare to openly kill a Spirit Race. The same was true for the Spirit Race.

Holding Ling Xi's hand, Long Chen felt even happier.

Ling Xi's charming eyes made Long Chen's heart itch.

Of course, before Long Chen defeated Snow Spirit King, they had despised him as well, and now, they were sincerely apologizing to Long Chen.

"Everyone, after we arrive at the Monster race, I hope that you all do not make me special."

The slightest sign of it being special would cause the Monster race to pay extra attention.

The spirit race loved beauty, and the demon race loved killing. The two were completely different, and once they went to the demon race, killing was a common occurrence.

The energy bridge was surrounded by blazing flames.

They were very familiar with the process, so Long Chen took this opportunity to ask them about it. However, most of the time, Ling Xi was silently looking at her own man, her eyes filled with sweetness.

"Brother Chen, I have learned a lot of Sector lord Divine Arts. From today onwards, I can use them." She whispered into Long Chen's ear.

"That's great." Long Chen pinched her cheeks, his face full of smiles.

A new journey, a journey!

"When you reach the Supreme Demon City, just don't talk to the demon race. We will go to the Supreme Demon City to do business there will be fixed merchants there, what about you? "

"I want to go to Demon God Area to find a person." Long Chen said.

"Brother, then you have to be careful. Once you leave the Supreme Demon City, there will inevitably be a few demon clan members that ignore the 'Demon Spirit Agreement' and secretly attack you."

The Goblin Tribe was indeed dangerous, but for the little wolf, Long Chen was not afraid.

Of course, he had the Heavenly Fox Badge of the Nine Tailed Heavenly Fox with him. Only this time, Long Chen would probably not be able to contact Ruo Xi.

The Nine-tailed Sky Fox was eager to take Mo Xiaolang's life.

Very quickly, Long Chen and the rest had already reached the south gate of Supreme Demon City. The other party was also tightly guarded, even though it was a peaceful time, they could not slack off.

Those without a pass are prohibited from passing.

In fact, the real use of the pass was at this time.

They were about to reach the Demon God Area.

Raising their heads to look, they saw that on top of the walls of the Supreme Demon City, there were quite a few fierce and strange looking Monstrous Clans that were ferociously looking at the Spirit Race.

"Brother, do you know that the Demon God Area has the 'God Kingdom's Seal Curse'?"

Long Chen was stunned for a while. He had never heard of it before, but if it was something important, it should be that the Holy Spirit and the others had forgotten to tell him.

Seeing that Long Chen did not answer, the spirit race member said: "This wife of yours is so beautiful, it's hard to imagine how the Spirit Demon Race would think about it. Because there is the Divine Kingdom's Seal Curse and I am unable to hide it within the Divine Kingdom, I have to give you some pointers. "

Chapter 1930 - Supreme Demon City

At this moment, they were checking the pass in front of them.

Long Chen approached the spirit race uncle and asked: "Can you explain to me in detail what this God Nation's Sealing Spell is?"

As they approached the Supreme Demon City, the spirit race member did not dare speak loudly. He leaned into Long Chen's ear and whispered, "The spirit race members' cultivation system before the Nirvana Tribulation Realm, are all strange to us. As for our spirit race members' cultivation system, they are quite similar to humans, and both have Divine Martial Stage and can form the Divine Kingdom in our bodies.

"Usually, our Spirit Race would be able to lead thousands of troops and enter the Demon God Area with just the Divine Kingdom, but the Demon Race does not have the ability to do so. So, many years ago, the four 'Great Demon Lords' from the Four Great Demon Ancestral Cities who were close to the Divine Spirit Realm joined hands and gathered all the divine objects in the world. They used up a thousand years of their time and placed the Divine Kingdom's Seal Curse within the boundaries of the entire Demon God Area. Its purpose is to be afraid of too many other races sneaking into the Demon God Area. "

The Demon Lord is someone on the level of the first Dragon Emperor, or even the Spirit King.

The Divine Kingdom was formed in the Eighth Stage of the Divine Martial Stage, it was very mysterious. The Goblin Tribe did not have Divine Martial Stage, and Mo Xiaolang did not have a Divine Kingdom. Everyone knew that.

"The so-called Divine Kingdom Seal Curse means that the Divine Kingdom cannot be opened within the boundaries of the Demon God Area?"

After all, if the Divine Kingdom could not be opened, he still had the Great Void Realm. If the danger was too great, he could just let Ling Xi enter the Great Void Realm.

Unexpectedly, the other side shook his head and said, "Of course not. Look at us merchants, we are putting the goods in the God Kingdom. The purpose of the Divine Kingdom's Sealing Spell was that once you wanted to move any living thing, as long as there were any signs of life, from the outside world to the Divine Kingdom, or even from the Divine Kingdom, the Divine Kingdom Sealing Spell would be used on the living thing that had been moved, causing serious injuries, curses, and even death. Therefore, the God Kingdom could not hide people in the Demon God Area. We are already at the borders of the Demon God Area, a curse that the four Demon Masters have spent a thousand years to lay down, is extremely strong.

After hearing this sentence, Long Chen frowned.

This Divine Kingdom Seal Curse was far more troublesome than he had imagined.

From the looks of it, letting Ling Xi enter the Divine Kingdom was basically causing her death.

The Great Void Realm probably had the same reasoning as the Divine Kingdom. After all, there were many Dao artifacts that allowed people to enter, so once they hid like this, they would be found out by the Divine Kingdom's Sealing Spell.

"Brother Chen."

Ling Xi lightly pulled his arm, and said with a smile: "I'm no longer the me from before, believe me."

Ever since she had left the battlefield of the gods, she had been very independent. Especially now, she had become very proficient in Sector lord Divine Arts, which was inconceivable.

"I should have full confidence in you."

Long Chen let go of all his worries.

The more loved and protected the people around her, the more they would restrain their growth, so Long Chen was willing to give her a chance to soar into the skies.

Departure.

It was soon their turn to inspect the pass.

Raising his head, he saw that the majority of the guards of the Supreme Demon City were from a type of demon clan called the Giant Rock Beast. This kind of demon race had large, muscular, black bodies, and their demonic auras soared to the sky.

The demon clan's appearance was indeed ugly. Their green faces were fierce, and they simply weren't on the same level as the spirit race.

From far away, one could smell the stench of their stench.

"Come one at a time, idiots of the Spirit Race, pay attention to this old man and don't make trouble in our Demon Race's territory. Otherwise, we will definitely eat you alive!"

"Hurry, hurry, hurry. Your batch will be closed today, and I still need to go to the Spring Fragrance Restaurant. I heard that there are a few fox girls there, fox girls' flirtatious looks. It makes my heart itch!"

Long Chen and Ling Xi advanced side by side, and when they reached the entrance of Supreme Demon City, the hundreds of demon clan warriors guarding the city gate immediately stared straight at Ling Xi, their eyes were wide open, and saliva was flowing down the corners of their mouths.

Gulp.

They swallowed a few mouthfuls, their faces blank.

"Motherf * cker, a woman of the spirit race should be ten thousand times stronger than those foxes of the Spring Fragrance Pavilion!"

"This little girl, even if she's within the Spirit Race, she should be absolutely beautiful, right? Exactly how does a Spirit Race girl look like? Why are all of them so pretty!"

The huge rock beasts could no longer keep calm.

Of course, they wouldn't dare cause trouble here under the restriction of the contract with the demon spirit. If they were punished by the higher-ups, their brains would be lost.

The reason why the Monster race and the Spirit Race were able to live in peace was mostly due to the restrictions from the upper echelons.

Although no one moved, the eyes of the beast-like people were still very terrifying. The entire Supreme Demon City was filled with a rotten smell and killing intent, and the heavy breathing of the demon race could be heard everywhere. Compared to the Supreme Spirit City, this place was like hell.

After passing through the city gates, Long Chen arrived at the Supreme Demon City.

When they looked up, they saw that it was a gray city, and the martial artists on the street had a fierce look in their eyes. Many of them were holding war axes and other similar Dao weapons, and were walking in it.

For example, the Giant Rock Beast. Although it was in human form, its head was not too different from a pig's head. It had thick fangs, a short, thick nose, and bulbous eyes that were bloodshot and terrifyingly ugly.

Supreme Demon City was filled with such a race.

"Stop looking at people, stop talking, and stop causing trouble."

The Spirit Race seniors brought Long Chen and the other two, and continuously warned him in his ears.

They knew that Long Chen was good at fighting, but when they reached the Goblin Tribe's territory, even if they were a dragon, they would still have to lie down.

"Halt!"

A huge beast came from the walls of the Supreme Demon City. With a boom, a three meter long humanoid stone beast descended from the sky, landing on the ground, causing the ground to tremble.

This demon beast wore beast skin shorts, and its upper body was naked. Its muscles were bulging, and it was terrifyingly sturdy.

The fleshly body of a demon was a huge advantage.

"Get out of the way."

That thick and huge rock beast should be a commander. He told the spirit race members to scam, and walked to Long Chen with large strides, but as he stared at Ling Xi with his bell-sized eyes, his mouth was filled with dirty saliva. He roared loudly, and said: "Beauty, follow me. The southern city gate of the Prestigious Demon City is under my control today. "

As he said that, he extended his huge and black, rough palm towards Ling Xi's delicate face.

Long Chen's arm was simply too small compared to the other party's, he moved quickly and grabbed onto the other party's wrist, the other party's arm was thicker than his waist, yet Long Chen used his physical strength to twist the other party's body and caused him to kneel on the ground, wailing miserably, one of his arms was almost broken by Long Chen.

"This kid has a lot of strength."

The rock beasts beside him all took out their Dao weapons and prepared to fight.

At this time, the spirit race did not disperse. They said, "Fellow brothers of the demon race, do you want to stir up some trouble? Do you believe that I will inform the Spirit Race right now that you want to

openly break the contract? If there is a war between the two races, countless lives will be lost. You are all sinners in history, so I advise you all to not commit any crimes! "

The Demonic Spirit Agreement had a huge effect on the soldiers guarding the city.

Although the Monster race were unwilling, they still put away the Dao Artifact in their hands when they heard these words.

Long Chen released his grip on the other party, and the two of them separated. Those Giant Rock Beasts were not willing to give up, but at least they could not leave their positions right now. Long Chen followed the other spirit beings and quickly left their field of vision.

"So beautiful, and the most noble one at that."

The huge rock beasts could only swallow their saliva.

"Long Chen, we will be separating here. We will trade with the Spirit Demon race nearby."

The one who helped Long Chen previously said.

"Thank you everyone."

Next, Long Chen would bring Ling Xi and leave Supreme Demon City.

"This is a relatively simple map of the Demon God Area. I have a rough map and it's for you."

Long Chen took the map and expressed his gratitude again. This thing was very important to them.

After separating, Long Chen and Ling Xi travelled through Supreme Demon City, heading towards the north gate. Along the way, they made quite a few demon clan members glance at them. Although the Spirit Race was not rare, it was truly rare to see such beautiful Spirit Race women.

Of course, no one bothered Long Chen along the way.

"This place has too much killing intent and is completely different from the spirit race."

Ling Xi said softly.

"The Spirit Race also has some killing intent, but it's not as obvious as this place." Long Chen said.

"There are more than ten demon clan members following us. They probably have evil intentions in their hearts. "However, none of them are powerful."

Ling Xi reminded.

Long Chen knew clearly in his heart that small troubles would definitely not stop, so he did not take it seriously.

Seeing that the two of them actually dared to go in, the demons who were guarding the city all shook their heads. They knew that in the bloody world of the demon race, Long Chen and Yue Yang would definitely not be able to live for long.

After leaving the Supreme Demon City, Long Chen walked in the deep mountains.

Suddenly, he stopped in his tracks. In the deepest valley, a group of more than ten demi-humans had caught up to him. They came from different races, and among them was the commander of the Giant Rock Beast tribe.

"I'll contact Wolf after I take care of them."

Long Chen's expression was relaxed, he did not run, but instead walked towards the dozen odd demon clan members. The dozen odd demon clan members were originally afraid of each other, but what surprised them was that Long Chen actually went up to their deaths first.

"Let's get rid of this little spirit race kid first."

They swarmed forward.

Long Chen swept through the crowd like a blood colored tornado, and everywhere he passed, there were corpses everywhere.
