

War God 2141

Chapter 2141 - Black Jade Dragon Head

The process of taking away the five Dragon Balls was in fact very sacred. Being praised as a gift from the ancestor, they did not need to worry about the other powers coming back to stop them, because they could not even see the existence of the Ancestral Dragon Cave.

This process was more like a worship ceremony, called the Supreme Ceremony.

Every twenty to thirty thousand years, maybe even over a hundred thousand years, there would be a Paragon's grand ceremony.

Zhi Zun's Grand Ceremony was very grand.

Li Shuang Yu continued to introduce to Long Chen: "The Sovereign's Grand Ceremony is divided into three parts, the first is to choose a young dragon to inherit. Generally speaking, amongst the Five Dragon Cities, there would be ten young Dragon Fighters under the age of four thousand who were the most talented. They headed towards the Emperor Dragon City, which was located in the eastern part of Dragon God Domain, not far away from the Purple Haired Shencheng. In the Five Dragon Cities's Emperor Dragon City, the 'Black Jade Dragon Head' would be selected from the fifty candidates and five young dragon inheritances would be brought over.

The Wind Fire Wolf saw Long Chen's doubt and knew that Long Chen probably didn't know about the so-called Di Long City and Black Jade Dragon Head either. He interrupted and explained, "The Black Jade Dragon Head is actually a very strange thing. Just like the Ancestral Dragon Cave, it was a piece of black jade embedded in the ground that had been carved into a lifelike dragon head. The dragon head looked towards the east and stared deeply in the direction of the Ancestral Dragon Cave. In the mouth of the Black Jade Dragon's head was a dragon pearl similar to the five Dragon Pearls, known as the Black Jade Dragon Pearl. The key to choosing a young dragon is in this Black Jade Dragon Pearl. "

Li Shuang Yu said, "That's right. In reality, the Black Jade Dragon's head is a mystery that no one has been able to break. The Black Jade Dragon's head was unimaginably sturdy. In the billions of years that it had experienced the winds and rain, it looked old, as if it could collapse at any time. In fact, in the tens of millions of years that this world had existed, even the gods were not the ones who had destroyed the Black Jade Dragon's head by even a little bit. Of course, your father, the Eternal Dragon Emperor, tried to attack him as well. As for the Imperial Dragon City, it was built around the existence of the Black Jade Dragon Head. The people of our Five Dragon Cities guard the city, preventing anyone who is petty from approaching the Black Jade Dragon Head, sullyng this divine being. Every year, there will be a large

number of people from the Five Dragon Cities who go to pay their respects to the Black Jade Dragon's Head. "

"Oh!"

Even Long Qinglan was not harmed in the slightest, it was truly a divine object born from the heaven and earth. Long Chen's heart was filled with shock. Although he was trapped in the Dragon Slaying City, his heart had already developed an extremely strong urge to take a look at the Black Jade Dragon Head and the Ancestral Dragon Cave!

The Sovereign's Grand Ceremony was a huge opportunity!

Five Dragon Pearls? What were they? What were their effects?

What sort of secrets existed within the Land of Origin of the Divine Dragons?

Had Long Qinglan explored these places in depth?

With so many secrets, Long Chen could not resist the itch in his heart.

The Wind Fire Wolf saw him thinking and continued, "Black Jade Dragon Head, holding Black Jade Dragon Head in its mouth. Take our Slaughter Dragon City for example, and we will let the ten candidates touch the Black Jade Dragon Pearl one after another. The Black Jade Dragon Pearl was suffused with a black mist, which was called the 'Ancestral Dragon Qi'. Whoever is able to obtain the favor of the Black Jade Dragon Pearl and is contaminated with the most amount of Ancestral Dragon Qi out of ten people will be able to step onto the inheritance dragon ladder of the Ancestral Dragon Cave and obtain the Slaughter Dragon Pearls! "

This was the rule of the Sovereign's Grand Ceremony.

Li Shuang Yu said, "That's right. The amount of Ancestral Dragon Qi that can be contaminated is in fact very mysterious. It's not something that can be obtained with just a little bit of talent. I think if you go Master, this young dragon will definitely be you. The first stage of the Sovereign's Grand Ceremony was to select an Inherited Dragon. The second stage is for the Five Dragon Cities to head towards the

Ancestral Dragon Cave and allow the five young inherited dragons to climb the Inheritance Dragon Stairway to retrieve the five dragon pearls. "

Of course Long Chen was moved.

He himself had inherited the blood and essence of three kinds of Ancestral Dragons, but all of these had a deep relationship with each other. Even if he had a ten-year agreement with the three Dragon Emperor s, he had no choice but to beg them to give him a chance to enter the Ancestral Dragon Cave! This matter was naturally very critical, and he had to put aside his current cultivation to complete it!

All of this was extremely tempting to Long Chen.

"Master, you want to go right?"

Seeing his expression, Luo Yan could probably guess what was going on.

"Yes." I'll go see them and see if I can get the chance. "

They were the three Dragon Emperor s.

"Oh, but I think it will be very dangerous because they don't approve of you. Moreover, there are also people from the other four Dragon Cities who will be going as well. It won't be easy to become an Inherited Dragon. "

Long Chen said: "I will try my best. You can go back first. I have to go out. "

Everyone looked at each other before obediently nodding their heads. "Alright."

Long Chen did not hesitate, with a flash, he left the place.

After he left, Luo Yan pulled on the ears of Li Shuang Yu and the Wind Fire Wolf and viciously said, "It's all your fault!"

Li Shuang and Yu Di were in so much pain that their mouths gaped open as they pleaded, "Aunt, what happened to us?"

Luo Yan let them go and said angrily, "We finally met a responsible teacher who was trying his best to beg for us to be his disciple. But now, he has run away. "Who are we going to find to take us in as disciples? Besides, he'll be in great danger if he goes out. If anything happens to him, it'll be bad!"

"You're right!"

Li Shuang Yu and the Wind Fire Wolf looked at each other.

However, he had already said it, and there was nothing he could do about it now. They could only hope that Long Chen could return safely.

"The Emperor Dragon City's selection, the Inheritance Dragon Stairway, and the Supreme Dragon War behind them. "After the three ceremonies of the Feast of the Sovereign, coupled with the time spent on the journey, it will take at least a month. At that time, the Hidden Dragon War of our young dragon palace will also begin."

Luo Yan could not help but frown.

With Long Chen's speed, he quickly left the enormous Young Dragon Palace without anyone noticing. More than twenty days passed in the blink of an eye. Zhang Xuan didn't expect such a huge matter to occur outside.

He found the direction of the three Dragon Emperor s and headed towards them.

If he did not summon them this time, it was not certain if he would be able to meet the three Dragon Emperor s.

"My Dragon Jade Dao Seal still have three drops of ancestral dragon-inherited blood, and it is very likely that there are some places like the Black Jade Dragon Head and the Ancestral Dragon Cave that have a great chance. This time, there are still five types of dragon pearls being born, and it is a great chance.

Long Chen's heart was in a rush, and to be honest, he was worried that the three Dragon Emperor s would reject him.

Back then, because of Li Xuanji, he promised to not leave Dragon City within ten years. At least in this aspect, his word for it was true. She wouldn't leave without permission, so she could only listen to the arrangements of the three Dragon Emperor s this time. If they didn't agree, Long Chen couldn't do anything.

Ever since he killed Meng Qingqiu, more people knew him and respected him in the Dragon City. No one dared to stand in his way and point at him.

Once they reached the central area, there would be Blood Dragon Army soldiers with the strength of at least the five elements of tribulation of reincarnation and above that would stop him, "Halt, without the order of the Blood Dragon Emperor, no one is allowed to enter the central area!"

Long Chen said: "Then help me find the Blood Blaze."

The other party obviously knew Long Chen. He thought for a while, then decided not to provoke Long Chen and directly ed this matter to the Blood Blaze.

After a while, the man with blood red eyes appeared behind Long Chen. The Guard disciples all quickly kneeled.

After Long Chen found him, he said: "Let me talk to him for a bit."

The two of them moved to another place and Long Chen went straight to the point, "I heard about the Sovereign's Grand Ceremony. I wonder if I can become one of the ten candidates to head to the Emperor Dragon City on behalf of the Slaughter Dragon City."

Hearing that, Bloodlust shook his head and said, "It's already quite late. The ten candidates have already been selected a few days ago. They should be ready to depart in a few days. They were heading towards the Emperor Dragon City. And didn't you have ten years of agreement with the three Dragon Emperor s? You can't leave here before it's time. "

As expected, this matter was not that easy to deal with

Long Chen was not only overwhelmed by anxiety, he said: "Can you tell the three Dragon Emperor s something? It's very important to me. As for the matter of the Promise of Ten Years, I will not leave. I will follow your team. Not counting leaving without permission. "

Seeing that his desire was so strong, Bloody Blaze did not have any expression on his face. After a long period of silence, he finally said, "Alright, let me ask the three Dragon Emperor s."

He closed his eyes and remained silent, but Long Chen knew that he was actually communicating with the three Dragon Emperor s. As time passed, he couldn't help but become more and more nervous. Until finally, he suddenly opened his eyes. A blood colored light burst out, startling Long Chen.

"What was the result?"

Long Chen asked quickly.

Bloody Blaze chuckled, and said, "I've really underestimated you. It seems that the three Dragon Emperor s are viewing you more and more favorably." For you, a candidate that has already been decided has been casually eliminated. Let you join us. However, the three Dragon Emperor s have a condition. "

Long Chen was excited at first, but when he heard what was going on, he also became more cautious. Right now, the three Dragon Emperor s of the Dragon Slayer City could not even tell what kind of attitude he had, whether he was an enemy or a friend.

"On what terms?"

Long Chen asked.

Xue Hongyi said, "It's very simple. You've violated the rules this time. If you really want to go out, then how about ten years from the original agreement to twenty years? "

Long Chen could not help but frown, and shook his head: "I am afraid it is not good to just change this agreement."

Bloody Blaze smiled. "Then forget it. The three Dragon Emperor s told me this. If you can't do it, then I won't be able to bring you to Emperor Dragon City."

Long Chen thought about it carefully.

Although twenty years is a long time, but who knows what will happen in the future. He gave his all for the sake of the Ancestral Dragon Cave and nodded: "Alright, then let's do this. Twenty years. "

The transaction was completed.

The blood flame was very satisfied, but he reminded her, "You have to think carefully, when the Five Dragon Cities is gathered, there are many people from the Everlasting Dragon City. Those people could very likely be your siblings.

Chapter 2142 - Immortal Dragon Emperor

Everlasting Dragon City

Originally, Long Chen wanted to go to that place the most, but when the day of Long Qing Yue arrived, he didn't want to go any longer. Presumably, if he went to that side, and they didn't like him, they would lose their freedom even more. At least on the side of the Dragon Slayer City, the three Dragon Emperor s and Bloodlust had treated him well, and the three Dragon Emperor s did not even punish themselves for killing the son of Emperor Tianmu.

Moreover, there were also those from the War Dragon Clan who acknowledged him.

Although the others did not accept him, they would not be like Long Qingyue, who would only think of him as a disgrace to the Everlasting Long Chen.

If he did not have to face the people from the Everlasting Dragon City, that would be for the best, but if there was no other way, Long Chen would not be afraid. To the current him, there was nothing to fear.

So he said, "I've made up my mind. "I'll solve the problem myself."

Seeing how determined he was, Xue Ran chuckled and said, "Alright then. You decide. I was just thinking that the people of Everlasting Dragon City are really in contact with Long Qinglan, when he suddenly rose up so quickly, many people had their eyes red. After he made his mistake, many people

immediately jumped out to add fuel to the fire, and among them, there are quite a few people from Everlasting Dragon City. After all, he is the foster son of the Immortal Dragon Emperor, and not his biological son. "

The Immortal Dragon Emperor was the number one Dragon Emperor of the Everlasting Dragon City. His strength and position were at the peak.

In the Dragon City, the three Dragon Emperor s were respectively the first Dragon Emperor, the second, the royal blood Dragon Emperor, and the third, the Ten Thousand Killing Dragon Emperor.

All fifteen Dragon Emperor s had their own titles.

Of course, none of them were like Long Qinglan, who took Dragon City as his title and led the Five Dragon Cities.

"Alright, notify me when we set off."

Long Chen didn't want to say anymore and directly took his leave, leaving Bloody Blaze's place.

The Bloody Blaze looked at Long Chen's disappearing figure from afar, and said with narrowed eyes: "Looks like this Sovereign's Grand Ceremony will be quite lively. In fact, if he really was a Unparalleled Dragon, he would have killed everyone on the Divine Dragon's rank in an instant. "The person who can be infected with the most Ancestral Dragon Qi and become a young inherited dragon should definitely be him!"

Five Dragon Cities had been secretly preparing for the Sovereign's Grand Ceremony.

In truth, they had already sent experts to protect the Ancestral Dragon Cave.

The Sovereign's Grand Ceremony was only a solemn ceremony to receive the five dragon pearls from the Ancestral Dragon Cave.

After returning to the young dragon palace, everyone was actually waiting for him. Liang Teng, Pang Hong, Luo Yan, Li Shuang Yu, and the Wind Fire Wolf all looked eagerly at Long Chen.

"What's wrong?"

Long Chen saw that they were confused, and asked.

"Master, what is the result? Do you want to participate in the Sovereign's Grand Ceremony? " Liang Teng took the lead and asked. This was also everyone's problem.

Long Chen could not be bothered with the way they addressed him. He nodded and said, "Mn, I am heading out for a while."

After getting along with each other for a period of time, they had recognized Long Chen, and unknowingly, they had treated him as their protector. They did not expect that Long Chen would leave so soon, and was still unwilling to part with him.

Long Chen said: "Don't worry, I will be out for around a month. After finishing the task, I won't be surprised, I should be back."

Liang Teng said, "Yes, we understand. There's one more thing I need to tell you. "

"Go ahead."

Long Chen said gently as he looked at the thousand young and tender faces.

In truth, he did not want to leave right now, unless he had no other choice. However, he had no choice, the matters of the Ancestral Dragon Cave were too important to him.

Liang Teng said, "Every five years, the young dragon palace will conduct a martial battle with the young dragon palace's potential. "Basically, everyone needs to take part in the test to test their martial prowess, and every clan is led by an instructor like you. Before, we didn't really care, but now that we have you, we really hope that you can lead us!"

For a moment, everyone looked at Long Chen with expressions of anticipation.

"At what time?" Long Chen asked.

Liang Teng answered, "I have a rough idea. It should be more than forty days from now, and the Sovereign's Grand Ceremony will start ten days from now. It will probably take about a month, so the time seems a little bit mysterious."

That was why they were worried.

Long Chen thought for a while, then said, "I can't guarantee, I can only say that I will try my best."

Everyone nodded their heads. They could still understand.

Just at this time, Li Shuang Yu said, "Master, because there is no one protecting our War Dragon Clan, we will be bullied every time. If they can't defeat us on the battlefield, they will be at our beck and call. And you're still looking for your elders to secretly beat us up, so every time, we would lose miserably, they're going too far! "

When his words came out, everyone was filled with indignation and said, "That's right, there are many such people in the young dragon palace. They were all cowards. "We specialize in bullying the good and fear of the evil. For every such assessment, we would be humiliated and have to pretend to lose in battle. This is too infuriating. You must come back quickly and vent our anger!"

They were all young, so this grievance was hard to bear. When someone started to talk, they all spat out the bitter water in their hearts. Long Chen could see the anger and unwillingness on their young and tender faces. They were both children of heaven, but they had to suffer all the humiliation.

Because they had no one to protect them and no backers.

Most of them came from ordinary backgrounds, so it would be difficult for them to protect them.

"It's a pity that Big Brother Liang Teng won first place a few times and obtained a generous reward. But even then, people would come and threaten him, forcing him to pretend to lose. Otherwise, he would definitely end up in a miserable state!"

They spoke until their eyes turned red, and they even clenched their fists and shed tears. Their youth could not bear the fact that fate itself was unfair.

They were not Long Chen, and did not know that there were more people in this world. They were already very lucky.

"Enough, stop it!" Master had already said that he would try his best if he could make it back. Let's not delay his business. "

Luo Yan interrupted everyone and said in a stern voice.

She was naturally kind-hearted and often had a sharp tongue but a soft heart. Everyone listened to her very well.

Long Chen could understand their unwillingness to accept this. When he was young, he also hated power and power so much.

It wasn't easy for a Long Chen to appear. They, who were drifting everywhere, felt like they had found their pillar of support.

However, Long Chen still answered his question, he could only return as soon as possible.

At this moment, several youths suddenly broke into the War Dragon Palace.

They were all youths dressed in archaic instrument armors, exuding a dignified aura, all of their faces were pale white, their eyes looked down, although young, but they were already very arrogant, they walked towards the Battle Dragon clan with big steps, looking at everyone with a gaze of superiority.

In the young dragon palace, the majority of people were born in the Slaughter Dragon City. Their parents were experts here, and only a few had passed the trials.

The dozen or so people in front of them were obviously natives. Although they only had a few dozen people, they did not hesitate to stand in front of them.

"These are people from the eighth clan."

Someone whispered into Long Chen's ear.

After all, in terms of age, there was not much difference between Long Chen and the surrounding youths.

They were mainly looking at Luo Yan. One of the youths teased, "Luo Yan, our brothers from the Eighth Clan have come to see you again. It's a nice day. This time, we've prepared quite a few fun things. I guarantee that your trip will not be in vain! "

"That's right. As men, it's too boring for us to play together. You find ten sisters and we'll play together. And we've prepared a lot of mysterious gifts. I'll definitely give you guys a huge surprise later. "

Their eyes searched the crowd, purposely looking for beautiful girls as they pointed and said, "Mm, you come along as well, you come along as well!"

Very quickly, they selected around ten girls. One of them was very satisfied and said, "Let's make use of this opportunity before the martial battle with potential has begun. Let's move quickly. This time, we will mainly go to the northern seas. I heard that there are many archaic immortal spirits that came into being there, as well as countless beautiful immortal realms.

From their tone, it was obvious that they didn't even give Luo Yan the chance to refuse.

It was obvious that these children were rather powerful backers, so they did not have to worry about anything. They said they were taking them out for fun, but when they left the Dragon Slayer City, no one would be able to stop them.

In their noble gazes, there was a hint of vileness.

"This is getting more and more outrageous." Luo Yan stood beside Long Chen and cursed in her heart. She then stared at them coldly and said, "We have to prepare for the martial battle with potential, so we don't have the time to accompany you out. "If you want to play, then go and find the girls from your Eighth Clan."

They had expected that Luo Yan would refuse, so they burst into laughter.

One of them said, "Don't worry. When I go back and tell my father, your 83rd clan's ranking will definitely rise. It won't be a problem for you to reach rank 50! "Believe in us!"

"That's right, there's no need to prepare anymore. Just a single sentence from us will allow you all to rise up to 50th place. You no longer need to bear the title of trash." If you don't listen, don't blame us for making you ranked outside of the one hundredth potential of the Martial Competition. You should know that if you do not rank outside of the one hundredth rank, then you will likely be disbanded! "

They laughed.

They had threatened the Dragons many times before, so they naturally knew that they were most afraid of disbanding, of leaving each other's side. Thus, this sort of threat was basically being tested repeatedly.

They laughed brazenly.

"Dismissed, you guys should be scared, right? Do you want to line up to fifty meters or disband? I think you should know what to choose. "

"That's right, we're just going out for fun. We men are too bored, so we came to find you. We need to interact with each other as well. Maybe we can help you more in the future. This is a huge benefit for you. We are the eighth clan, and are ranked eighth in the young dragon palace! "

Chapter 2143 - We Are Not Coward

Judging from their arrogant expressions, they were not allowed to leave today.

"Damn it!"

The members of the War Dragon Clan all clenched their fists. They were still young and couldn't be humiliated, so when the humiliation came, when the other side intended to take away their sisters, the teenagers were almost unable to endure it. However, they were still afraid. They were afraid that their clan would be disbanded, afraid of the power behind these youngsters!

Their eyes were bloodshot, and their veins were popping out as they breathed heavily and stared at each other. No matter what, they could not let them succeed today, so they secretly protected the girls. The thousand of them had already established a very firm relationship, and would live and die together.

This was also the reason why Long Chen liked them.

They were a rare group of people who were united. Although there were some small contradictions between them, it did not affect the feelings of their brothers and sisters.

At this moment, they were facing their enemies together. With their frail shoulders, they did not retreat in the slightest. Their eyes were filled with unyielding determination.

Luo Yan pushed away the two youths in front of her. She looked at them angrily and said, "Don't let your imaginations run wild. Don't you dare provoke us. If you guys are men, then come forth and fight a fair battle. Don't play tricks in front of me and let us look down on you.

"Luo Yan, are you crazy?" The youngsters didn't expect that their resistance would be so fierce.

In the past, they had only threatened the Dragons and let others pretend to be defeated in the war of potential. However, this time, they directly attacked Luo Yan and the other girls.

"Do you believe that we can find someone to kill you all right now?" they shouted haughtily. As for the battle, they didn't dare to do that. After all, they only had a dozen or so people.

"Master?" Liang Teng stood beside him and asked Long Chen.

Long Chen thought about how he was about to leave this place, and was unsure of whether he could make it back in time, so he said: "I will chase them away, don't make a move."

Long Chen could definitely let them go and make them take action, but he was afraid that they would take revenge when he left. At this moment, he said, "Be quiet, stand at the back."

When he said that, everyone quietened down and pushed them behind Long Chen, and they watched Long Chen's figure emotionally.

"Who are you!"

The youth on the other side asked impatiently.

Long Chen stood in front of them. Honestly speaking, dealing with these little fellows with the current him was truly a bit of a waste. He smiled and said, "Who I am is not important. They called me their teacher, so is this identity enough for us to talk? "

"With just you?" They all started to laugh. Long Chen looked too young, and was simply a joke.

Without even speaking a word, Long Chen appeared in front of a youngster, grabbed his neck and stopped him from moving. Then, he slapped his opponent's face, causing a few of his teeth to fly out mixed with blood.

"Me? What's wrong?"

Long Chen said expressionlessly.

This slap immediately caused the blood of the Battle Dragon clan members to boil, almost to the point of crying. They had been suppressed for so many years, but they had never felt so vexed before.

"You're courting death!" Just as he was about to attack, Long Chen's palm broke through his defense and slapped his face on the other side. Instantly, he turned into a pig head, his face completely red, Long Chen could not hold back and slapped him a few more times.

Only then did the other teenagers react. They were so scared that their legs trembled.

Long Chen threw the youth in his hands onto the ground, and moved his feet. In the blink of an eye, a series of popping sounds could be heard, and after everyone had finished looking, more than a dozen youths were squatting on the ground, crying and covering their faces with their hands. All of their teeth were flying, and their faces were swollen and in pain;

The War Dragon Tribe immediately cheered. This was much more relieving than them taking action themselves.

"You ... You actually dared to hit us!"

The dozen or so youths huddled together as they looked at Long Chen with fear.

"No matter who you are, you're dead this time!"

Until now, they had not forgotten to be arrogant and intimidating.

"Do you know who I am? Do you know my identity? If I say it, I'll scare you to death! Anyway, you're dead this time! Everyone here will be out of luck, and they will all be killed by me! "

The teenager that was hit hardest by Long Chen said.

Long Chen pulled him by the neck and lifted him up. The youth was immediately scared shitless, and not only did the others fail to save him, they even scattered.

"Do you know who I am?" Long Chen didn't really do anything as he moved closer to the youth's eyes and said word by word: "My name is Long Chen. "You might not be familiar with it, but with how well-informed you are, you should know who killed Meng Qingqiu at the gate of Dragon City ten days ago."

His voice wasn't loud, but it reached everyone's ears.

For a moment, all the youths looked at Long Chen with faces full of astonishment. It could be seen that they recognized the name Long Chen, which was why their minds were blank at this moment.

Long Chen threw him onto the ground. His young man was so scared that his entire body was trembling, and he crawled and rolled backwards.

Long Chen walked step by step in front of them, and finally said: "Enough, I won't kill you. But all of you must understand, from today onwards, this place is my, Long Chen's, territory, and they are my guards. Among you all, or your fathers, whoever dares to touch a single hair of theirs, you all must first think, you all must have Meng Qingqiu's strength, or a father like Emperor Tianmu. If not, I advise you all to be more obedient, or else I won't mind cutting you into eight pieces! "

The more they spoke, the more scared they became. They almost cried for their parents. Although Long Chen's face was not terrifying, it was. But his reputation as the son of the Eternal Dragon Emperor was just too well-known. The youngsters had heard too many people discussing him, so of course they were shocked.

"Scram, don't appear here again." Long Chen waved his hand.

The youths had long forgotten about the threatening Long Chen as they scrambled to leave in a fluster. Compared to their arrogance when they first arrived, they were like two different people.

Their faces were covered in tears of happiness, and their eyes flickered with recognition, gratitude and a fervent look at Long Chen. At this moment, their hearts were surging, and they only had two thoughts, one was to follow Long Chen for all eternity, and the second was that one day, they would also become a strong person like Long Chen.

Just this name alone was enough to make people tremble in fear!

Long Chen saw the flames in their eyes. Even though it was still very weak, they were both people like Long Chen.

Their passion and purity made Long Chen like them even more.

As night fell, they played around and celebrated. Long Chen had even forgotten about his own cultivation and it was very easy to stay with them. Because of the difference in age, it was easier for Long Chen to get along with them and play around.

In the next few days, Long Chen basically did not cultivate anymore. Instead, he instructed them so that they could perform better in the martial battle with potential and raise their ranks. This was not important to Long Chen, but to the Dragons, rankings were glory and glory, they were their common goal!

Until that day, when the troops that slaughtered the Dragon City to participate in the Sovereign's Grand Ceremony set off.

When Thousand Snow Emperor came to this place and saw the War Dragon Palace that Long Chen had taken care of neatly and neatly, she was extremely shocked and said: "You actually took care of things this well?"

Long Chen smiled lightly, and said: "As long as you wholeheartedly communicate with me, there is nothing that you can't do. They are not troublemakers. They are heroes of the future. "

"Alright!" In reality, the Thousand Snow Emperor basically didn't manage the young dragon palace, she was just carrying a title. Coupled with the fact that she had been working hard for the past thousand years to break through to the later stages of the cycle of the Eight Trigrams, she was even busier now.

"Let's go, we'll gather outside the gates of the Slaughter Dragon City." The Thousand Snow Emperor said.

"You want to go as well?" Long Chen asked.

The Thousand Snow Emperor nodded her head: "Yes, the Blood Dragon Emperor, the Wind Moon Emperor, the Sword River Emperor, and the others, other than the Heavenly Blooded Hell and the Dragon Tomb's Sky Curtain Emperor, will all be participating in the Sovereign's Grand Ceremony. There are even many hidden experts who are ranked in the top ten of the Dragon Slaying City who will be secretly protecting it. I'm afraid that even the three Dragon Emperor s would be secretly paying attention to this place, five Dragon Pearls is extremely important. "

Looks like, the Sovereign's Grand Ceremony this time was even more grand than what Long Chen imagined.

"Mm, let's go."

He followed the Thousand Snow Emperor to bid farewell to the Battle Dragon clan, left the Young Dragon Palace, and headed towards the gate of Dragon Slayer City. The Battle Dragon clan's members were all gathered at the gate, watching Long Chen leave with eager eyes.

They were all a little reluctant.

In this period of time, Long Chen had brought about a tremendous change to them.

"I really wonder if he will be in danger if he faces so many strong people over there." Luo Yan mumbled.

Pang Hong said, "Don't worry, I definitely believe in Master. In my eyes, Master is a miracle!"

Everyone agreed with this statement.

When Long Chen was not around, Liang Teng made the decision.

Until he could no longer see Long Chen's figure, Liang Teng said: "Go back and cultivate! This time, our Dragon-Battling clan will charge into the top ten! We have to let those people who have underestimated us to see our true strength! "

"We are not cowards!"

"We can't lose face for Master. Whoever loses will come back to eat shit!"

"You're right. If I lose, I'll eat shit! Haha!"

They passionately returned home and started cultivating in high spirits.

Long Chen had already followed the Thousand Snow Emperor to the outskirts of Slaughter Dragon City, and the entire group ahead was actually already prepared. As for Long Chen replacing one of them to attend the Sovereign's Grand Ceremony, the news had already spread.

There were quite a few people who were eyeing him covetously, waiting for his arrival.

Chapter 2144 - Di Long City

When they were selecting the ten candidates back then, no one had expected that Long Chen would interject and join the ranks of the candidates, kicking one of them flying.

Of course, the candidate who left was filled with anger and resentment towards Long Chen, and the other people in the Slaughter Dragon City obviously would not be nice to Long Chen either.

In their eyes, Long Chen had always been an outsider, especially after he killed Meng Qingqiu.

The kindness the three Dragon Emperor s showed to Long Chen caused everyone present to be enraged and speechless.

Long Chen looked around, the team was about a hundred people. The top experts of the Slaughter Dragon City, Blood Dragon Emperor, Wind Moon Emperor, and Sword River Emperor were all gathered here, along with the other nine candidates. Among these candidates, there was once Hidden Dragon Rank's number one, Jiang Ming.

Jiang Ming's injuries had yet to be fully recovered and he could only use the strength of the late stage Four Symbols. However, this time, the most important aspect of the Rankers' Ceremony was still taking the Slaughter Dragon Pearl, so there shouldn't be any big problems for Jiang Ming to head there.

Other than Jiang Ming, there were eight other young elites under the age of four thousand in the Dragon Slaying City. They were young and full of vigor, full of blood energy.

But when Long Chen arrived, he stole all the limelight from their young people.

At this moment, everyone's gazes were on this young man.

Long Chen landed in the middle of them, expressionlessly going against the group.

For a moment, the smell of gunpowder quietly arose.

Almost the majority of the people were eyeing Long Chen covetously. It was not only because he was the son of the Eternal Dragon Emperor, but also because his recent performance in the Slaughter Dragon City had made him a great deal of enemies.

Bloodfire said, "Everyone is here. Let's head to the Emperor Dragon City."

Everyone was already prepared.

Only, there were still many who were unresigned to letting Long Chen join their team like this.

At this time, Jiang Ming said, "Master, it took so much effort for Hong Yan to become one of the candidates. But now, this Long Chen is taking his place, this is simply unfair to him.

He spoke out the thoughts of the crowd.

For a moment, those who wanted to give out their orders all stopped in their tracks.

Bloodlust's eyes were cold as he said, "These are the three Dragon Emperor's intentions."

Everyone knew that these were the intentions of the three Dragon Emperor s, but they were still unwilling. Jiang Ming stared angrily at Long Chen and said, "I know! However, this time, it was the Sovereign's Ceremony that was being held! The place we are going is the most sacred place of our clan, the place where the divine dragons originated! His father had betrayed the human race and was a sinner of the human race for thousands of years. He had let down his ancestors and was not qualified to approach the land of origin of the Divine Dragon. As the son of a sinner, he was covered in filth. Is that right? "

These words had been hidden in Jiang Ming's heart for a long time.

It was only at this moment that he was unable to contain himself and blurted out these words. In reality, there would be a lot of people supporting him at this time.

Those candidates all replied, "Jiang Ming is right. With his identity, entering the Ancestral Dragon Cave would only sully that place. Not to mention the inheritance ladder. That Long Qinglan is a sinner of our human race, and the son of a sinner.

"Moreover, he even shamelessly obtained the opportunity to participate in the Sovereign's Grand Ceremony. This is too unfair for others!"

They had already agreed to launch an attack in a place with many people.

Jiang Ming thought that because of this, there was no way he could refute the burning blood.

He hadn't thought that a sanguine palm would slap him so hard that he spun around on the spot. With an ear-piercing 'pa' sound, everyone else immediately shut their mouths.

"This is the decision of the three Dragon Emperor s, do you not understand? It's the Dragon Emperor's decision! "

The three Dragon Emperor s meant unparalleled authority, meant irresistible strength. These blood-red words caused everyone to shut their mouths.

This was also the reason why the experts had almost tacitly acknowledged Long Chen's arrival.

"Alright, get ready to go! The Sovereign's Grand Ceremony begins! "

The horn sounded.

Countless divine dragons soared into the sky, using their bodies to form a tunnel in the air. The hundred people participating in the Supreme Being Ceremony passed through this passage made from divine dragons, heading towards the east in a grandiose manner.

The melodious music echoed in his ears.

As Long Chen walked amongst the crowd, the thick enmity around him wasn't much.

"It seems that there are quite a few experts secretly accompanying them. Even those from the Blood Tyrant Dragon Emperor, the Emperor Blood Dragon Emperor and the Ten Thousand Killing Dragon Emperor would secretly follow them." Long Chen thought.

Then, the number one Dragon Emperor of the Everlasting Dragon City, the Immortal Dragon Emperor, and also Long Qinglan's foster father. This person might even go and meet Long Chen during the Sovereign's Grand Ceremony. This person ...

Long Chen didn't have a good impression of him, and felt that he was an extremely stubborn old fellow. If the Immortal Dragon Emperor was a competent father, Long Qinglan wouldn't have died, and he wouldn't have had to suffer eternal infamy.

Long Chen was not afraid of meeting the people from the Everlasting Dragon City.

Maybe they didn't want to see him either.

Just wait and see.

From the Slaughter Dragon City to the Eastern Emperor Dragon City, the great team continued on their way with a sacred bearing, the entire way, they spent a total of ten days to reach the vicinity of the Eastern. Seeing that they were about to arrive, the people of the Imperial Dragon City seemed to be prepared to welcome the arrival of the Slaughter Dragon City army.

During these ten days, everyone travelled quietly.

Long Chen could feel the strong enmity coming from the surroundings, especially from the candidates.

"You are covered in filth, so you cannot get the approval of the Black Jade Dragon Pearl. The aura of the Ancestral Dragon will also not descend upon you. Stop dreaming."

From time to time, a candidate would secretly warn him.

In Long Chen's eyes, they were no match for him, so he was too lazy to bicker with them. There was only one thing in Long Chen's mind, and that was his encounter with the people of the Everlasting Dragon City. That would be wonderful, I suppose. Those people who did not have the courage to bring him back to the Everlasting Dragon City ...

In the blink of an eye, Emperor Dragon City arrived.

Di Long City was an ancient city, as long as it was built around the Black Jade Dragon Head, it would make it convenient for the Five Dragon Cities's team to guard the Black Jade Dragon Head.

This is the east.

The mysterious head of the Black Jade Dragon faced the distant Ancestral Dragon Cave.

Long Chen had already seen the pitch-black Imperial Dragon City.

In the depths of the Imperial Dragon City, in the clouds, a gigantic dragon head could be seen. Something that even Long Qinglan could not leave a single mark on. At that time, it was probably very easy for Long Qinglan to destroy the resplendent stars.

The troops stationed at the city had already come out to welcome them.

A blood-haired youth who looked similar to Bloodlust stood at the front of the line greeting them. He respectfully said, "Junior Yuwen Sha, welcome to Slaughter Dragon City's seniors and young geniuses!"

This person's temperament was similar to that of a burning blood essence.

"Please follow me."

Yuwen Sha smiled.

This person's strength was also very strong, at least Long Chen wouldn't be able to deal with him. It could be the representative of the Slaughter Dragon City's Imperial Dragon City.

As Yuwen Sha led the way, he also arrived at Fiery Blaze's side.

"Master!"

He said hello softly.

So Yuwen Sha was also a disciple of Bloodlust.

"Eldest Brother." Sure enough, Jiang Ming hurriedly called out in respect.

"Jiang Ming?" It seems to be injured, and I haven't recovered yet. Was it because of that incident last time? " Yuwen Sha frowned slightly and said.

Jiang Ming nodded angrily in his heart.

This was all thanks to Long Chen!

The blood flames interrupted their conversation. "Have the other Dragon Cities arrived yet?"

Yuwen Sha immediately said respectfully: "Fate Dragon City and Life Dragon City has arrived beside the Black Jade Dragon's head. Everlasting Dragon City and Dragon Devouring City are slightly further away, so we might arrive later."

The Life Dragon City was located in the east.

Fate Dragon City was located in the middle.

Slaughter Dragon City was located in the north.

The Dragon Devouring City was located in the west.

The Everlasting Dragon City was located in the south. In the War God's Ancient City where Long Chen was originally at, the closest dragon city was the Everlasting Dragon City. Back then, the Astral Soul Supervisor's three thousand star soul dragon was part of the Everlasting Dragon City.

"He should be here soon."

Fiery Blaze muttered to himself.

At this moment, they flew past the skies of the Emperor Dragon City.

Long Chen focused on the Black Jade Dragon's head, which was becoming more and more obvious in the clouds. This Black Jade Dragon head was extremely large, to the extent that it was more than ten thousand meters tall. And this was only the head of a dragon.

When he got closer, he could see more clearly that it was basically made up of an ancient black jade. It seemed to be mottled with age and the existence of over a hundred million years filled the Black Jade Dragon's head with marks, which was an extremely important thing in Long Chen's life.

However, when he got closer, he was still unable to discover any of the secrets of the Black Jade Dragon head. Thinking back to how Long Qinglan also possessed the Mysterious Dragon Jade, but he was also unable to discover what the Black Jade Dragon head was hiding.

All of his attention was focused on the lifelike Black Jade Dragon.

Its pair of enormous eyes looked into the east with a profound gaze.

Not knowing why, Long Chen actually saw sadness, pain and helplessness inside. He thought that it was just an illusion, but that feeling was extremely strong, causing him to feel the same sort of emotions in his heart.

"Follow me down."

Yuwen Sha led the way.

Everyone descended from the sky. Below them, there was a large platform with hundreds of people standing on it. Their auras were monstrous, and there were many experts on the same level as the Blood Blaze Sect.

They were the troops of the Life Dragon City and the Fate Dragon City.

Among the Life Dragon City, there was the Xing Qing that Long Chen was familiar with.

As for the Fate Dragon City, he had never seen it before.

Long Chen suddenly thought back to the stone lock and key he had found in the depths of the Blood Lake in the Dragon's Tomb. The key said "Fate Dragon City" and the Star of Destiny was carved on the stone lock.

Chapter 2145 - Bluefire

The three Dragon Cities gathered together.

Of course, for someone like Bloodlust, it was to immediately exchange pleasantries with his old friends.

The rankers from the three Dragon Cities started to chat happily. It was extremely lively, and younger Dragon Fighter like Long Chen and Jiang Ming were basically standing at the back, looking coldly at the two Dragon Cities, eager to fight.

After all, the open struggle and covert battles in the Five Dragon Cities were often reflected in the battles between the younger generation. The strength of the new blood could create the strength of a dragon city.

Time slowly passed.

The young martial artists continued to look at each other.

Long Chen found Xing Qing in the Life Dragon City's group. As for the others, such as Bing Xinyue, they did not have the qualifications to come here. Xing Qing's personality was more quiet, and when she saw Long Chen, she could only smile slightly, which could be considered a form of greeting.

However, she was also surprised that Long Chen was able to come here.

The exchanges between the strong quickly shifted towards the young geniuses. They also flattered each other and very quickly, the teams from Fate Dragon City and Life Dragon City noticed Long Chen's existence.

Someone from the Life Dragon City asked, "The son of the Eternal Dragon Emperor who slaughtered the people from Dragon City has also become a candidate, and has come here? "Let me introduce you, who is it?"

Suddenly, everyone was searching for Long Chen among the troops in the Dragon Slaying City. Long Chen's extraordinary aura was instantly found by everyone.

The Bloody Blaze laughed, "That's right, it's him. He was appointed by us three Dragon Emperor. Maybe a surprise will happen. "

Although Bloody Blaze was laughing, the others weren't. Some of them frowned and laughed, "I personally think this is a bit of a mess. Who is the Eternal Dragon Emperor? He is a traitor and a sinner,

despised by our ancestors. However, his son is actually able to come to the most sacred place in the human race.

Someone from Fate Dragon City said, "That's right, it's too inappropriate. The son of the traitor, covered in filth. Didn't he come here to sully the ancestors' land? "

For a moment, everyone looked at Long Chen.

Those experts who were seeing Long Chen for the first time, all swept their eyes over him. The enormous pressure they brought to Long Chen could also be considered a show of strength to him.

They could be considered to have heard of Long Chen's reputation.

Defeat Jiang Ming, first in Hidden Dragon Rank, defeat Di Sheng, force back the 72 - The Ancient City of God's descendants's encirclement, and even killed Dragon City's Emperor Tianmu's son, Meng Qingqiu!

Everything seemed to be earth-shattering!

A thick sense of enmity assaulted them.

Bloodlust had already expected this. He laughed and said, "Everyone, don't misunderstand me too deeply. I think that Long Chen is not bad, has a tough personality and does things with reason. Although he is a bit impulsive when young, he still understands. The three Dragon Emperors understood him as well, that was why they gave him this chance. He himself is quite talented, and in the future, he might make a great contribution to our humankind. After all, he is a Unparalleled Dragon! "

In the entire Dragon God Domain, there were no Unparalleled Dragon!

Although they did not know what Long Chen's inherited dragon blood was, the title of Dragon City represented his innate talent, which was enough to shock everyone.

"I refuse to accept this!"

Just as everyone stopped their attacks, a robust youth walked out from within the crowd of Life Dragon City. It was a man wearing a long black robe with a black moon tattooed on her chest. Her eye sockets were sunken in, and she looked somewhat old and lifeless. However, at this moment, his eyes were completely bloodshot. She looked at Long Chen and said angrily: "Everyone, our Life Dragon City has

always had a grudge against you all, and that is my senior brother Lin Ming's death! Back then in the chaotic star field, he was the one who borrowed Long Qinglan's power to kill my Senior Brother Lin Ming. Now that he is standing right in front of me, how can I not take revenge! "

"Yang Hao, come back here!"

In the Life Dragon City, there was an expert speaking sternly.

Yang Hao shook his head and said, "Senior brother Lin Ming, I owe you a debt of gratitude, and a debt of gratitude as heavy as a mountain. If it weren't for him, I wouldn't be here today. Don't worry, I don't represent the Life Dragon City today, I only represent myself. I want to avenge my senior brother Lin Ming, and battle your brutal youth, so whatever I do has nothing to do with the Life Dragon City. If I die today, I hope that the elders can help me collect my corpse! "

Yang Hao's expression turned mad, glaring at Long Chen.

He continued: "Elders, I know that our Life Dragon City, due to some complicated considerations, do not dare to seek justice for Senior Brother Lin Ming. Today, I betrayed the Life Dragon City to give everyone an explanation! Please don't stand in my way. "

He looked at Long Chen again, his killing intent thick and clear: "Long Chen little dog, I heard that you killed a warrior of the late stage of the sixth cycle of reincarnation, Meng Qingqiu. You have strength that no one in your generation can match, my cultivation has not even reached the Seven Stars tribulation of reincarnation, do you have the guts to fight me to the death!"

For a moment, everyone's gaze was fixated on Long Chen.

As expected, the people of the Life Dragon City did not stop them.

As for the Blood Blaze, he didn't say anything. At this moment, he turned his head, faintly smiled at Long Chen, and said: "How about it, do you dare to go up?"

To Long Chen, this was not a question of whether he dared to fight or not. Even if he won, it wouldn't mean anything to him.

Everyone thought that he would be young and vigorous, that he would angrily agree, and fight to the death. Who would have thought that Long Chen's face was expressionless, and would completely ignore Yang Hao.

"Long Chen, you little dog, don't you have the guts to fight me, Yang Hao?"

Yang Hao let out a wild laugh.

In truth, their goal was nothing more than to force Long Chen to fight, so they could see just how strong Long Chen actually was.

For a time, the surroundings were buzzing with noise.

It was unpleasant to the ears and harsh to the ears.

Long Chen understood more and more how despicable these people were. They hated him, partly because of his father, and partly because they were jealous of him!

A burning jealousy was hidden within their bodies.

Unparalleled Dragon, what an enviable thing!

They were forcing him to fight, Long Chen had no choice but to take action, but to do so. In truth, he knew that if he defeated them, it would be an additional crime, so they had a reason to blame him.

Just as he was about to helplessly welcome battle, two groups of people came from the sky.

It was the team from Everlasting Dragon City and Dragon Devouring City.

A total of two hundred or so people descended upon their positions on the platform.

Long Chen glanced over and instantly saw many people who seemed familiar. There were two who were truly familiar with each other: one was Long Qingyue, the young daughter of the Immortal Dragon Emperor, and the other was the Black Hell King who had devoured Dragon City.

At this moment, the couple was in the middle of a conversation.

Long Qingyue was dressed coquettishly with a happy smile on her face. From time to time, she would pout coquettishly at her husband and wrap her arms around the Black Hell King's arm. She was really unhappy.

On the left, it should be the Everlasting Dragon City's team.

Amongst them, there were indeed two to three of them, who were relatively similar to Long Qingyue. They were all men, and presumably were the Yi brothers who were suppressed to the point that they couldn't breathe under Long Qinglan's might, the sons of the Immortal Dragon Emperor.

Long Chen naturally did not like them.

Their arrival also interrupted Yang Hao's deliberate challenge.

Bloodfire and the others hurriedly greeted the two squadron's experts as well.

"Oh, everyone's here. What are they doing, being so hostile?" Long Qingyue had a flirtatious smile on her face as she swept her gaze across the crowd. When her gaze finally landed on Long Chen, her smile instantly disappeared and turned into intense hatred and indifference. A pair of eyes also burst with killing intent.

"Little sister, what's wrong?" In the middle of the Everlasting Dragon City team, a man wearing a green robe with long hair tied up and a long beard asked softly. The flow of time around the martial artist actually slowed down. It was as if his voice and movements were very slow, but very elegant.

"This is your father's elder brother, the eldest son of the Immortal Dragon Emperor. He is slightly stronger than me, and his title is: Bluefire Emperor." The Blood Blaze was considered good, and gave Long Chen a brief introduction.

The few people beside them were also their family members and former brothers and sisters of Long Qinglan.

At this moment, the Everlasting Dragon City and the Swallowing Dragon City team froze.

They all looked at Long Chen.

Long Qingyue mournfully shouted: "Long Chen, why are you here!"

If not for the fact that he had too many people on his side, he might have even scolded the little bastard.

To most people, the name Long Chen had already pierced their ears like thunder ...

Hearing that name, the face of the Bluefire Emperor and the rest instantly became serious, as they looked at Long Chen with the eyes of people with power.

The Bluefire Emperor looked at Bloodfire, then said, "Blood Dragon Emperor, what does this mean?"

In their opinion, Long Chen should have been imprisoned in the Slaughter Dragon City, not running around randomly, or even coming here to participate in the most sacred ceremony of the Sovereign King!

Blood Blaze said, "We three Dragon Emperor's intentions. He is a Unparalleled Dragon, he should have the chance to help us obtain the Slaughter Dragon Pearl more easily. "

"What do you mean, Dragon Emperor?" The Bluefire Emperor, who controlled part of the power of time, stroked his beard and frowned.

The originally bustling crowd had become deathly silent because of Long Chen's existence.

At the side, Long Qingyue could not hold back and said: "Slaughter the three Dragon Emperor s of Dragon City? No way. How could he allow this brat to participate in such a grand event! Long Chen, do you remember what I told you before? Don't embarrass my family, you disobediently stayed in the Dragon Slaying City, and came out to embarrass yourself, do you believe that I won't tell my father to bring you to the Everlasting Dragon City and imprison you forever?! "

She was so overbearing that she didn't even put the decision of killing the three Dragon Emperor s of Dragon City in her eyes.

He said these words that caused the people of Dragon City to be unwilling to hear them, hence, he angrily said, "Sir, please pay attention to his words, these are the intentions of our three Dragon Emperor s. Long Chen is one of us, and if we want him to participate in the Sovereign's Grand Ceremony, he has to attend, it has nothing to do with any of you. If your Everlasting Dragon City had interfered, why didn't he have him bring back there directly, and instead gave him to us, the Dragon Slayer City? "

For a moment, they were actually at loggerheads.

Chapter 2146 - Green Fire Dragon of Primal Chaos

To Long Qingyue, the people from Slaughter Dragon City were actually speaking up for Long Chen. This was a bit inconceivable. In her subconscious, the current Long Chen was just a pitiful bug. She had never thought highly of him, but at this moment, there was actually someone who spoke up for her.

She was stunned.

The way they looked at Long Chen in the Everlasting Dragon City, had also changed a little. The Azure Fire Emperor frowned and said: "Forget it, since you let him come, then it will be your decision. It has nothing to do with us. You're right, he is one of your people who massacred the Dragon City. Whether it was in the past, present, or future, it has nothing to do with my Everlasting Dragon City. "

In this formal setting, if this relationship were to be dissected, no one would be able to implicate the Everlasting Dragon City in whatever would happen to Long Chen in the future.

Hearing this, although Long Qingyue was a little unwilling, but she had no other choice. She sneered: "I made you disobedient, without the protection of our Everlasting Dragon City, I think you can still cause trouble everywhere. I really don't know how to write the word 'die'. Do you really think that you are Long Qinglan's son? That's a shame, you idiot! No matter how much you disgrace yourself in the future, it has nothing to do with my Everlasting Dragon City! "

The woman's sarcasm and sarcasm were vividly reflected in her.

Long Chen was not someone who liked to cause trouble, so it was fine if the other party did not think about those trivial matters. It was too much to despise him in front of so many people, to humiliate him, to not regard him as a human being. Even with his current cultivation, his face was twitching.

"Enough, don't bother too much. Words are useless. To truly convince them of you, use this." As if sensing the killing intent in Long Chen's heart, Xie Huo waved his fist and chuckled in front of him.

Long Chen really wanted to retaliate, but the Bloody Blaze was right. Only by using his fist could he make the other party shut up.

To be honest, Long Chen still held some hope for the Everlasting Dragon City, but today, he was obviously disappointed. The people before him were all just afraid of Long Qinglan, after he dies, they will only be arrogant and despicable people in front of him, and it would not be worth it for him to waste his feelings on them.

Long Chen did not want to bother with them, but that did not mean that they would let the matter go.

Just as everyone was about to let the candidate touch the Black Jade Dragon Pearl, a handsome young man with red lips and white teeth suddenly walked up to the Bluefire Emperor.

"Father!"

The youth shouted.

So he was the son of the Bluefire Emperor.

To be honest, if Long Qinglan hadn't changed, if he was born in Everlasting Dragon City, then this Bluefire Emperor would be his uncle, and this youth would most likely be his cousin. This young man was raised under the Everlasting Dragon City's care, while Long Chen fought his way here.

He should have encountered the same fate, but fate was wrong. Long Chen's origin could not be compared to this youth. But he didn't think so.

It was because of his experiences along the way that he had developed his current strength and personality.

The young man looked at Long Chen with a gaze full of provocation, and said to the Bluefire Emperor: "I heard that he defeated Jiang Ming, becoming first in Hidden Dragon Rank, and I'm not convinced. In the past, I was second in Hidden Dragon Rank, but now I've already reached the Five Elements tribulation of reincarnation. I think that I can challenge him, seize the position of first in Hidden Dragon Rank, and win honor for my Everlasting Dragon City! "

Everlasting Dragon City did not know much about Long Chen defeating Di Sheng and Meng Qingqiu, because they did not care about Long Chen at all.

The son of the Azure Fire Emperor was named Long Haochen.

The words of his son suddenly made the Azure Fire Emperor very excited.

Thinking back to when Long Qinglan had risen up the ranks like a comet, suppressing him until he couldn't breathe. All of the glory was taken by Long Qinglan alone. No matter how talented he was, he was dim and dim.

His son, whom he had personally raised, had also swiftly reached the tribulation of reincarnation of the five elements before the age of four thousand after Jiang Ming. Because they were Ultimate Dragon, their strength was already comparable to the late stage of the five element tribulation of reincarnation. He could be considered one of the top geniuses among all the geniuses of Five Dragon Cities.

He was not willing to lose to Long Qinglan, so when the two of their sons encountered each other, the thought in his heart immediately ignited.

"Father!"

Long Haochen licked his tongue, "I know that you don't like him, but I will teach him a lesson for you and my little aunt." Incidentally, I also want to be Hidden Dragon Rank first. It's been said that Jiang Ming has already fallen, and only he is my opponent.

When Long Qingyue heard that, she immediately encouraged: "Haochen, hurry up and go. to bring honor to my Everlasting Dragon City, to bring honor to your father! "

Long Haochen got permission, and became extremely excited, looking at Long Chen with cold and fierce eyes.

The people of Five Dragon Cities looked over.

They, who were just about to begin the Sovereign's Ceremony, stopped in their tracks.

On the side of the Slaughter Dragon City, they obviously knew Long Chen's strength. Therefore, to them, Long Haoge's challenge was obviously something to look forward to. As for those who were familiar with Long Chen's strength, upon seeing Long Haoge brimming with confidence, and the Bluefire Emperor looking forward to it, they tactfully shut their mouths.

That so-called cousin was standing right in front of him.

For some reason, Long Chen suddenly had the feeling that he was facing Yang Zhan.

In the past, Yang Zhan relied on his father's pampering, frequently bullied him, and looked down on Long Chen. One day Long Chen became stronger than him, under the humiliation of his father, he chose to commit suicide. If Long Chen had been equally humiliated, he would never have wasted his precious life.

This was the difference between him and Yang Zhan.

So when Yang Zhan died, he was like the wind that blossomed in the water.

Living under the care and affection of the Bluefire Emperor and many other elders, he was simply identical to Yang Zhan. In Long Chen's eyes, their seemingly powerful appearance was actually as weak as a piece of paper. As long as Long Chen tore them lightly, a person like Long Haoge would be torn apart.

At this moment, he stood proudly in front of Long Chen, thinking that he was most graceful, he cupped his hands and said to Long Chen: "Since ancient times, the number one in Hidden Dragon Rank has always had to endure challenges from other Young Fighters, and it cannot be refused. Are you ready to give up the position of Hidden Dragon Rank first? "

Although he could still hear the words spoken, there was a deep sense of disdain in his tone, which revealed that there was no doubt about it.

To be honest, this kind of person wasn't as good as Jiang Ming, Jiang Mingxue, or even Long Haochen. Even if Long Haochen met him, he might not necessarily be able to beat him. Facing him was just a joke.

Although he wasn't worthy to be her opponent, seeing how the Azure Fire Emperor and Long Qingyue were looking forward to it, she decided to play with him ...

Long Chen revealed a faint smile, and said: "This position is already yours. If you want to teach me a lesson and prove that the son of the Bluefire Emperor is stronger than the son of the Eternal Dragon Emperor, then hurry up and make your move. "

In reality, Long Chen was far inferior to him in terms of age.

But whether it was his bearing, his thoughts, his eyes, or his demeanor, this feeling was countless times older than Long Haochen's. In front of him, this Long Haochen was just like a baby.

Having been exposed by Long Chen, Long Haochen was somewhat angry.

"It's good that you know. My father is stronger than that traitor!"

Long Haochen let out an angry shout, decisively making his move.

He rushed up to the sky, looked down at Long Chen, and said angrily: "I heard that you are a Unparalleled Dragon, I don't believe you! If you can defeat my Primal Chaos Blue Fire Dragon, I can admit it. "

Actually, for most people, the name 'Primordial Azure Dragon' was like a thunderclap piercing their ears.

It was a very powerful Ultimate Dragon, rumored to have been born with a type of Ancestral Fire called the 'Primal Chaos Blue Flame'. Attract the growth of the Primal Chaos Azure Fire, absorb a portion of the Primal Chaos Azure Fire, and have the ability to control a portion of the Primal Chaos Azure Fire. In the The Age of Dragons, you are famous, and you can even surpass the Eternal Blood Prison Dragon.

Weng! *

Although the green flames were weak, they were extremely terrifying. Long Chen had a feeling that when he saw the Nine Serenities Demon Ancestral Fire, it was obviously flames of the same level!

BOOM!

Under its might, a gale swept towards Long Chen, accompanied by green flames.

"Fight!"

Long Haochen gave an angry shout, and declared the start of the battle.

It looked pretty decent.

Looking up, the Azure Fire Emperor, Long Qingyue, and the others seemed to be very satisfied.

Long Chen could only sneer in his heart.

This was too easy to be satisfied with.

Right at this time, Long Haoge let out a roar, sweeping away the green flames and launching an attack towards Long Chen, tearing at him with his sharp dragon claws.

"Just surrender!"

Long Haochen, who was still high above, shouted in anger.

This kind of expression, was exactly the same as Yang Zhan's back then.

They were all his cousins.

When the battle had begun, it had been a moment of his performance. He had instantly displayed a speed that far surpassed Long Haoge's, and in the blink of an eye, his entire person had appeared before Long Haoge's eyes, just half a meter away from him!

"You!"

Long Haochen was greatly shocked.

BOOM!

Long Chen was too lazy to be courteous with him, right now he was holding a huge fireball, it was from the Sun Sacrifice, a power that came from the Taiji Creature Dragon. Without saying anything further, Long Chen smashed the power of the Sun Sacrifice into Long Haochen's chest, causing a huge explosion.

"AHH!"

Long Haochen clutched his chest, letting a green flame engulf it, swallowing the power of the Sun Sacrifice.

The azureflame chaos beasts truly did have their own merits.

In the beginning, both the Bluefire Emperor and Long Qingyue paled. When they saw that Long Haochen wasn't seriously injured and had safely digested the power of the Sun Sacrifice, they laughed.

"It seems that Haochen perfectly restrained him."

"Right!" The Bluefire stroked his long beard.

At this moment, Long Haochen was actually so frightened that he broke out in a cold sweat. Long Chen was just too fast, and as he touched his chest, he laughed out loud, "Haha, your attack doesn't seem to have any effect on me."

"Is that so?"

When he said these two words, Long Chen was already on top of his head.

Long Haochen raised his head in horror.

Long Chen was too lazy to use any kind of move, directly kicking Long Haochen's head. With a pa sound, blood spurted out from his nose, eyes and mouth. Long Haochen was like a meteorite falling, screaming miserably all the way.

Chapter 2147 - Kneel

With a bang, Long Haochen fell on the platform.

The high platform was not made of the Black Jade Dragon's head, so it was in pieces.

Long Haochen's whole body was covered in blood, looking miserable.

From the beginning of the battle to the end, Long Chen had fought twice, both times with the attitude of someone with absolute power, completely suppressing Long Hauge.

However, there was a portion of people who did not know Long Chen's true strength at the start, such as Long Qingyue who had never placed him in her eyes. They only thought that the two of them were on the same level as another powerhouse. They didn't think that Long Haochen would be so abused.

At this moment, their countenances all grew dark and gloomy. Long Qingyue wanted to make her move, but she ended up blocking the Azure Flame Emperor's path. Everyone knew that she must be feeling very defeated at the moment. Back then, he was known as a peerless genius, but the distance from Long Qinglan to him was hundreds of thousands of miles. And now, Long Hauge was facing Long Chen in the same state as before!

Why? Why?

The Bluefire Emperor's heart felt like it was about to explode.

He didn't admit defeat.

"Hauge, get up, the strong will not be defeated so easily!"

The Bluefire Emperor said in a deep voice.

On the high platform, Long Haochen wiped off the blood. To tell the truth, he was only feeling dizzy at the moment, still far from losing the ability to fight. To him, this battle was a deep humiliation.

"Bastard!"

Green flames burned in his eyes as he stared fixedly at Long Chen, who had a cold expression. That deep humiliation almost made him go mad. At this moment, he roared, and green flames suddenly erupted.

This was a divine dragon that was entirely blue, similar to a Sky Profound Jade Fire Dragon, but its divine might was several times superior. This was a genuine being, and a primal flame burned within his body, causing the surrounding space to distort and collapse.

"The battle of Dragons!"

Long Haochen replied with great enthusiasm.

"Are you qualified?" Long Chen laughed.

This sentence brought an even greater insult to Long Haochen, even giving rise to laughter from the crowd. The basically undefeated Long Haochen was currently burning with anger, and the Primal Chaos Blue Flame Dragon roared angrily in the air, and said furiously, "Kid, taste the power of the most noble of times! "Time Bind!"

The chaos green flame dragon knew a bit about the Dao of Time as well.

In actuality, the so-called time restriction had caused the flow of time on Long Chen to slow down, to the point where it couldn't even be compared to Long Chen's moment of eternity. That was why Long Hauge was filled with confidence, thinking that he had bound Long Chen, and just as he was about to take advantage of the time restriction to attack, Long Chen smiled and moved, the time restriction caused him to reverse and disappear. He extended his finger, and in an instant, Long Hauge's body was eternally under his control.

Long Haochen discovered in a daze that he was actually unable to move.

He was completely dumbstruck, and even the primordial flames on his body had stopped burning.

"This is the power of true time!"

Long Chen said as he looked at him coldly.

This was a destruction of confidence, and was far more terrifying than when Long Chen defeated him.

But when he realized that everything he was good at was just a joke in front of Long Chen, Long Haoge started to truly collapse and go insane. He trembled in grief and indignation, but was unable to break free from the eternal bindings for an instant!

As for the Bluefire Emperor and the others, they were the most familiar with the power of time.

The current Long Chen had undoubtedly reminded them of the Long Qinglan back then. The two of them were actually so similar!

The Bluefire Emperor's face twitched, his heart suffering a heavy blow. Long Qingyue's face was also filled with disbelief. She wanted nothing more than to beat this fellow up.

"Damn it, I should have killed him the last time I saw him!"

Long Qingyue gritted her teeth as she spoke.

"AHH!"

He had finally broken free from the eternal restraints for an instant and thought that he could still fight against Long Chen, but in reality, if Long Chen wanted to deal with him, he basically didn't need to waste any energy at all.

He swept his entire body of Bluefire, using this as his last chance, and said angrily, "I'll let you experience the power of a Primordial Bluefire. Kneel down and beg for forgiveness!"

For a moment, his entire body started to spin, the chaotic green flames soared, converging onto his entire body, completely submerging him. An extremely strong heat assaulted his face, blotting out the sky and covering the earth.

"Die!"

The Primal Chaos Azure Fire formed a giant arm, grabbing towards Long Chen.

This moment was Long Hauge's only hope in defeating Long Chen, so everyone couldn't help but hold their breaths. They were very clear in their hearts, the Blue Flames of Chaos Long Haochen using was still quite terrifying, at least a warrior of the Six Paths of Reincarnation wouldn't dare to face him head on!

Seeing the Primal Chaos Azure Fire growing larger in his eyes, Long Chen remained indifferent.

Finally, his eyes widened as he recited in his mind, "Time, Storm!"

When the word 'violent' left his mouth, time in the space in front of him began to erupt in an unprecedented manner. This was a terrifying power of time, like a river that suddenly went berserk, flooding the heavens, causing all chaos, time itself to tremble in a terrifying manner, and the Primal Chaos Blue Fire Dragon that was in the midst of this time was even more so!

Weng! *

The tempest of time rushed past!

In that instant, the chaotic cyan fire dragon stopped in midair and the cyan flames on its body disappeared in an instant. Blood spurted wildly, and its dragon scales shattered, and Long Hauge's face was filled with astonishment. Before he even reached Long Chen, he fell down powerlessly, and the last gaze he had towards Long Chen was filled with despair and astonishment.

Not only did he lose, he lost very miserably!

No matter how nice his words were before, in front of a true battle of strength, it was just a joke. With Long Chen's heaven defying might, he was defeated in an instant, and it was even an absolute stomp. In front of Long Chen's strength, he was nothing more than an ant!

BOOM!

Long Haochen fell on the ground.

"Hahaha!"

Bluefire Emperor, Long Qingyue, and the others hurriedly landed on the platform, picking up the human-shaped Long Haochen. After examining him for a while, they finally breathed a sigh of relief. Long Haochen wasn't fatally injured at all. Of course, Long Chen had shown mercy, it was extremely easy for Long Chen to kill him.

At that moment, the people of Everlasting Dragon City were all looking at Long Chen with sullen eyes, their eyes were filled with thick killing intent, and Long Chen knew that he would not be able to dodge it. They already looked down on him, so why should he curry favor with them?

His real home was White Poplar Town, True Martial Imperial Palace, and Dragon Star, but it was definitely not Everlasting Dragon City. That place itself was not a suitable place for him.

"Bastard!" Kneel down! "

Long Qingyue was simply going crazy. She looked at Long Chen with a stern expression and berated him.

Long Chen could not tolerate this woman's IQ. In her eyes, it was as if the entire world revolved around her, so she looked down on him with disdain, forever looking down on him.

Long Chen stared at her, and said: "You have a dignified appearance, but you spit out dirt and call others beasts. At least I never said a word to you. As for kneeling down to you, who do you think you, Long Qingyue, are? Are you my aunt? "Sorry, no, in my eyes, you don't even have the status of a dog."

There was nothing to be polite about.

You have to do what you do with people.

When she said this, Long Qingyue's face flushed red. Even the Black Hell King beside her almost couldn't hold her back, but in reality, Bloody Blaze and the others were already protecting Long Chen. They definitely wouldn't let him be bullied by others because of his age. Moreover, they also followed the rules.

Bloody Blaze replied, "It ends here. It's normal for Long Haochen to fail in first place in his challenge to Hidden Dragon Rank. Long Chen's current fighting strength was basically unrivaled with six tribulation of reincarnation. Too many times stronger than Long Haochen. If any of you are not feeling well, let's wait until after the Sovereign's Grand Ceremony. "

The people of Everlasting Dragon City were truly infuriated.

Of course, they were also people with patience and cultivation. They had no choice but to admit that Long Chen was indeed heaven defying, and had already escaped from their control, but in reality, they did not bring Long Chen back to the Everlasting Dragon City at the start.

Currently, the Azure Fire Emperor had a deep look in her eyes as she said: "Bloody Blaze, after the Sovereign's Grand Ceremony is over, my father will negotiate with the three of you Dragon Emperor and bring Long Chen back to Everlasting Dragon City. With his identity, he is after all, Long Qinglan's son, and we have the authority to bring him back."

Bloodlust laughed and said, "So that's how it is. Who was it that ignored this little fellow and instead let us slaughter the Dragon City so that I could personally bring him back? If I go back now, I might as well torture this child to death. This group of people will not let this go easily, they really are competent uncles, uncles, and aunts ah! "

Everyone laughed.

The Bluefire Emperor waved his hand and said: "Don't make wild guesses. We will only teach him, don't let him become the other Long Qinglan. But it was definitely not torture him. To randomly incriminate others, is this what you should do? "

Both sides gradually began to feel infuriated.

Just then, from within the Life Dragon City, Yang Zhen interrupted: "Everyone, who said that Long Chen is unrivalled under the six samsara, I do not accept! If Long Haochen has the opportunity to battle him, I want to have the opportunity to avenge my senior! Please give me a chance, let me fight with Long Chen, if I am defeated, I will never mention the matter of revenge ever again! "

Yang Hao rushed out from the crowd, glaring at Long Chen like a tiger.

"Is this kid really that strong?" I don't believe it, so I feel that this battle is feasible! "

The Bluefire said with a smile.

Emperor Blacknether also said, "Since that's the case, then let's give it a try."

If they did not suppress Long Chen's arrogance, it was as if a huge boulder was in their hearts.

Yang Hao was from the Life Dragon City, so the Life Dragon City supported him.

The Five Dragon Cities already had three supports.

Sure enough, trouble never stopped.

Before Bloody Blaze could say anything, Long Chen said, "Alright, let's go!"

He was never afraid of challenges!

Since it was going to be a battle, then let's do it! One to beat one, two to defeat a pair!

He looked at the Bluefire Emperor and the others with a cold sneer on his face, "It seems that uncles don't like me very much. Looks like I don't have to care about this relationship anymore. If I meet you on the battlefield in the future, I won't be merciful. "Yang Hao, get the hell over here!"

Chapter 2148 - Nine-winged Storm Dragon

The battle had begun again!

The group could only disperse, but Long Chen was even more direct, directly rushing into the clouds, allowing Yang Hao to follow along.

In the blink of an eye, they had already met in the air.

"Are you afraid of death?" Long Chen suddenly asked.

Yang Hao sneered, "Don't boast before the battle, just wait until you have the strength to kill me before asking this question!"

To be honest, Long Chen was feeling depressed at the moment.

He wanted to kill.

He said, "If I tell you the truth, I might kill you this time. Do you still dare to fight me? If you lose, you would die! "

Yang Hao said, "Life and death are decided by fate, wealth and fortune are within the heavens. Senior Apprentice Brother Lin Ming was my second parents, and I have no regrets in taking revenge for him!"

"That's good!"

Long Chen took a deep breath.

One has to pay the price for making any small but potentially lifelong decision of one's own!

Life and death are decided by fate!

It was precisely because of this sentence that Long Chen was never afraid of death.

In terms of love and friendship, he had achieved perfection, but in family relations, other than the desire and warmth that Long Qinglan gave him, most of the time, the rest of them seemed to be just an illusion. The people from White Yang Town were actually still fine, it was just that Long Chen had long since distanced himself from them, and Yang Lingqing had not seen them for a long time as well.

He did not have much hope for the people of the Everlasting Dragon City in the first place, but seeing them look down on him in front of everyone made him feel uncomfortable. It was not for himself, but for Long Qinglan.

As expected, jealousy is a common disease of human beings, and many people are jealous of the achievements and happiness of others, rather than blessing them.

For Long Chen to be able to defy the heavens, they had all been deeply jealous of him, and wished that they could peel off his skin.

Below, the people from the Five Dragon Cities watched on coldly.

Long Chen stood proudly in front of the black jade dragon's head. When he turned around to take a look, a simple and ancient black jade pearl in the dragon's mouth was the key to this trip!

"Die!"

At this moment, the wind was raging!

Yang Hao let out a heaven-shaking roar, blowing the battle horn!

Long Chen stood proudly in the wind, fearless!

In the blink of an eye, it was a gigantic jade green divine dragon that appeared before Long Chen's eyes. It had a total of nine gigantic wings that blotted out the sky and covered the earth.

Nine-winged Storm Dragon!

As soon as he appeared, a tempest raged, enveloping the entire Emperor Dragon City in an incomparably fierce tempest. The tempest howled, blowing away the clouds!

The Nine-winged Storm Dragon flapped its enormous wings, swept up all the wind and dirt in the sky, and charged towards Long Chen!

"Furious Tornado!"

The Nine-winged Storm Dragon transformed into a giant tornado as it charged towards Long Chen.

"Chaotic Storm Art!"

The huge tornado instantly turned green, thousands of sharp blades appeared, all of them were formed by gales of wind, their might was limitless, under the fury of the tornado, the heaven and earth lost their color, the spectators below could not help but be impressed by the power of the strike, was Long Chen able to withstand it?

They didn't know what kind of pride the youth had in his heart!

Charge!

In that moment, he turned into an Primordial Blood Spirit Dragon. With a glance, the Primordial Blood Spirit Dragon once again disappeared from everyone's field of vision, and was replaced with a terrifying Blood Spirit Spikes, the world's strongest piercing force. That incomparably sharp front end made Long Chen feel a deep sense of crisis!

Charge forward and not turn back!

The Blood Spirit Spikes rushed towards the furious tornado. The blood colored and green colored clashed in the air and did not explode as expected, but what shocked everyone was that the Blood Spirit Spikes pierced through the raging tornado and in the blink of an eye, turned into Long Chen's human form. When he came back to his senses, the raging tornado had stopped spinning. Bloody light shot out, and the nine wings exploded into a cloud of flesh and blood before crashing to the ground!

BOOM!

The Nine-winged Storm Dragon rolled onto the ground, dripping with fresh blood. It then took human form, becoming deathly silent. Only its body's last impulse told everyone that it was not dead yet.

In the end, Long Chen still didn't kill him, he suppressed himself, and knew that he shouldn't vent his anger on others, the one he truly wanted to kill wasn't Yang Hao.

When Yang Hao was struggling on the ground, everyone caused Long Chen to be deeply shocked.

It was true that they had guessed that Long Chen wouldn't lose the battle, but to be able to win so directly and be so proud, had still exceeded their expectations.

At this moment, he was still floating in the air, looking down with a cold expression. Calm, calm, not happy for victory, as if this was a trivial matter ...

He stood there without anyone saying a word.

Until Long Chen took the initiative to descend.

"If we don't save him, he's going to die."

Long Chen said to the people from the Life Dragon City.

Only then did the people of Life Dragon City regain their senses and went to help Yang Hao recuperate and heal his injuries.

At this time, Long Haoge also recovered some of his strength. But when his and Long Chen's eyes met, that sharp and cold gaze caused him to subconsciously choose to dodge. He actually felt fear for this youth!

The battle was over.

Long Chen was actually from Dragon City, so Bloody Blaze could feel the light on his face. He laughed out loud and said, "About that, the battle is already over. It was very satisfying. Everything that needed to be resolved had already been resolved. It was time to choose a young dragon. If we continue to delay them, the Dragon Emperor s will curse! "

Everyone began to prepare.

However, their gazes were mostly fixated on Long Chen, and at this time, Long Chen was already obediently hiding within the group of people in Dragon Slaying City. He had seen too many people who harbored killing intent, jealousy, and fear towards him, and it didn't matter. He still only wanted to do two things. The first was to change the image of Long Qinglan in their hearts and redeem himself! Secondly, he still wanted to chase after the secrets of this world!

Long Chen didn't care about the unkind gazes of the Azure Fire Emperor, Long Qingyue, and Long Haoge.

"Alright, it's starting. According to the rules, the Dragon City of Destiny should be the first one to start. They are the Life Dragon City, the Everlasting Dragon City, the Dragon Devouring City and our Dragon Slayer City! "

The ceremony to choose the inheritance of the young dragon officially began!

Everyone shifted their gazes onto the Black Jade Dragon Pearl.

Who will become the Inherited Dragon?

Generally speaking, the higher the level of the inherited blood essence, the easier it would be, but this was not absolute, because there would also be some juniors with great opportunities who would receive the favor of the Black Jade Dragon Pearl and would be contaminated with the Ancestral Dragon Qi. The Ancestral Dragon Qi was not helpful to individuals, but it could allow the young inherited dragon to step onto the inheritance ladder.

Whoever received the most Ancestral Dragon Qi would become a young inherited dragon.

First, the ten candidates from the Destiny Dragon City appeared.

Under the lead of their experts, these ten contestants arrived in the sky and hovered above the Black Jade Dragon Pearl. The Black Jade Dragon Pearl was actually very large, with a diameter of a few hundred meters.

"Wang Liang, you go first!"

The experts of Fate Dragon City ordered.

Basically, they were arranged in order according to potential. The ones with the greatest potential were ranked last, and the ones who appeared first usually did not have much hope.

However, the youth who was called was still filled with confidence. He entered the mouth of the Black Jade Dragon and headed towards the Black Jade Dragon Pearl. In the end, he stood beside the Black Jade Dragon Pearl and nervously looked at it.

"Hold out your hand." An elder behind him said.

"Yes sir!"

Wang Liang was still nervous. He held his breath as he reached out his hand and gently placed it on the Black Jade Dragon Pearl.

There was no movement.

Normally, it would take a period of time, perhaps up to two hours. If there was no reaction within two hours, it would be considered a failure and anyone who could become a candidate would at least absorb a little bit of the Ancestral Dragon Qi.

Time passed silently.

As the crowd's patience gradually disappeared, the warrior called Wang Liang's complexion became more and more unsightly.

When almost two hours had passed, the inside of the Black Dragon Pearl suddenly released a gray gas. The gray gas rushed toward Wang Liang from the inside and spread to his body. Wang Liang was ecstatic.

Next, no more Ancestral Dragon Qi would appear.

Wang Liang was satisfied. He was already satisfied enough with the Ancestral Dragon Qi.

The next person was the second person. He was in a better condition than Wang Lin, spending less time than him and obtaining more Ancestral Dragon Qi.

Going down, the older the Dragon City the better. The last person to step out was also a Ultimate Dragon, which was about to enter the Five Elements tribulation of reincarnation. As expected, he obtained the most of the Ancestral Dragon Qi, which was obtained fifteen minutes after coming into contact with the Black Jade Dragon Pearl.

The young dragon of the Dragon City of Destiny had already been decided.

That talented youngster's name was: Jun Floating Life.

Then there was Life Dragon City, where Xing Qing was also present.

The Life Dragon City's performance was about the same as that of Fate Dragon City, and Xing Qing was the third to last person on stage. The most surprising thing was that she managed to trigger the Ancestral Dragon Qi in less than a quarter of an hour, and the Ancestral Dragon Qi that was on her body was even more powerful than that of Jun Floating Life.

"A dark horse, it's definitely a dark horse!"

Everyone couldn't help but sigh.

Xing Qing was not the most promising candidate for Life Dragon City, but strangely, she received the favor of the Black Jade Dragon Pearl. The following two candidates for Life Dragon City were not as stunning as her, so this time, the candidate for Life Dragon City was 3000 Star Soul Dragons, Xing Qing!

Next, was the Everlasting Dragon City!

Of course, Long Haochen was the last one to appear, and was regarded as the Young Fighters with the most potential to become a young dragon.

In the end, Long Haochen went on stage, obtaining the best performance, becoming the person with the most Ancestral Dragon Qi.

The three young dragons had already chosen one.

Chapter 2149 - 100 Years Later

Next was Dragon City.

Emperor Blacknether was the representative of the Dragoneater squad.

In the end, two of the ten people who had joined the battle had appeared to be almost the same level as the Lord of Fate Dragon City. The Black Hell Emperor had chosen a slightly better one to become a young dragon.

It was just that among the current fifteen Dragon Emperor, most of them were once members of the Inherited Dragon Clan. It was very likely that the Inherited Dragon Triad would cause a change to their encounters and potential.

Therefore, most people valued the young dragon greatly.

To be able to become a young dragon, one's status would be extraordinary in their respective dragon cities. This time, Xing Qing had turned into a young inherited dragon. In the future, not only would her status and strength soar within the Life Dragon City.

As for the two from the Swallowing Dragon City, although their strength and talent were similar, the one who became a young dragon inheritor would definitely receive better treatment in the future. There would be a better future. He might have the chance to become a Dragon Emperor in the future.

Fifteen Dragon Emperor s had also slowly evolved from geniuses.

The name of this young dragon of the Swallowing Dragon City was: Jiang Mo.

Jun Fusheng, Xing Qing, Long Haochen, Jiang Mo.

A total of four people.

In the end, it was Slaughter Dragon City's turn.

Long Chen also became a little nervous. After all, being able to become an Inherited Dragon was very important to him.

His strongest competitor was Jiang Ming.

So, Blood Blaze also basically wanted them to go on stage with the last two.

Under the halos of Long Chen and Jiang Ming, the other people were basically dim and lifeless, without any outstanding performance, and had wasted a lot of time. In the end, only Long Chen and Jiang Ming remained.

They were basically not optimistic about who would go on stage first.

Everyone looked at Crimson Nimbus. He was Jiang Ming's master. Jiang Ming should be allowed to go first.

But what was strange was that the blood fever actually made Jiang Ming go first.

"Master?" Jiang Ming knew that he was not as good as Long Chen, but as his master, Bloody Blaze still had to give him face ...

"Go on, work hard." Xue Yingchan said in a deep voice.

"Yes sir!" He held his breath, gritted his teeth, and headed towards the Black Jade Dragon Pearl. This ancient sacred object filled his heart with reverence, and he silently placed one of his arms on the Black Jade Dragon Pearl and closed his eyes, waiting for time to pass.

Jiang Ming gritted his teeth.

"I can't lose!"

Long Chen was too terrifying, he thought he was too monstrous, but when Long Chen appeared before his eyes, he realized that there was an even more monstrous person in the world.

"Phew ..."

Time passed quietly.

Everyone held their breath.

Jiang Ming was wild with joy at that moment, he hadn't been prepared at all. He hadn't thought that everything would happen so quickly, and the Ancestral Dragon Qi had already been triggered by the Black Jade Dragon Pearl in just a quarter of an hour. This meant that he had already surpassed everyone before him!

Of course, before fighting with Long Chen, he was indeed first in Hidden Dragon Rank.

A large amount of Ancestral Dragon Qi gathered around his body and formed a grey light barrier around him, enveloping him within. It was an ancient gas. It was hard to tell what it was, but it followed him closely. Only when he came down the inheritance dragon ladder would the Ancestral Dragon Qi dissipate.

The fact that Jiang Ming could still succeed like this under Long Chen's suppression exceeded everyone's expectations.

When Jiang Ming came down from the top, many people were already ridiculing Long Chen in their hearts. They naturally hoped that Long Chen was unable to become a young dragon, so that he wouldn't be able to be arrogant anymore.

"Master!"

As Jiang Ming landed in front of the blood heat, his eyes filled with tears. For a moment, he had thought that there was no hope left in his life, but his performance just now had given him a new hope!

"Not bad." Xue Ran patted his shoulder and asked him to stand where his Senior-apprentice Brother Yuwen Sha was. Then, he said to Long Chen, "Did you see that? If your performance is on par with his, I can only choose to have him become the young dragon who has inherited the legacy."

"Alright."

Long Chen nodded and looked into the sky.

Jiang Ming's performance had indeed put a lot of pressure on him. It was finally his turn. He was also the last candidate.

"Jiang Ming has performed the best so far. If this Long Chen wants to surpass him, that will be difficult! "

"Originally, the Black Jade Dragon Pearl did not rely on one's combat strength to choose a young dragon. He himself does not have much of an advantage. "

As they spoke, Long Chen had already gotten closer to the Black Jade Dragon Pearl. Your enormous dragon pearl in his eyes was gradually enlarging, simple, ancient, and heavy, filling Long Chen with reverence.

This was the Black Jade Dragon head that Long Qinglan could not even leave a single mark on!

Standing on the dragon mouth, he walked towards the Black Jade Dragon Pearl step by step. Finally, he stood in front of the Black Jade Dragon Pearl.

"Let's begin!"

As Bloodlust reminded him, everyone in the audience was already tired of waiting.

Long Chen became a little more clear-headed. He stretched out his hand with difficulty and lightly touched the Black Jade Dragon Pearl. When his hand completely covered the slightly icy cold Black Jade Dragon Pearl, there was a sudden buzzing sound.

He was in a very hallucinatory world, surrounded by grey gas. The grey gas turned into a surging torrent that crashed through his body!

"Child!"

Suddenly, an indistinct rumbling sound echoed in Long Chen's ears.

His head felt heavy.

He was even a little out of breath.

An inexplicable feeling of grief reverberated in his heart, and he always felt like crying. The sounds of countless living beings crying and wailing echoed in his ears, the sounds of a billion, a trillion, and a trillion. As the sound reverberated in Long Chen's ears, his heart simply could not endure such a huge amount of tears.

"I don't want to die!"

"Mother!" "Daddy, save me!"

"My child!"

"Big brother, I'm so scared!"

Countless of such cries, miserable howls, in a short period of time they were like a torrent that struck Long Chen, causing him to be thrown upside down, and his entire body was drenched in blood.

Rumble rumble rumble!

It was as if a gigantic beast was crushing his body one after another. He could not see the light of dawn, only the thick gray fog that was the shadow of death! Long Chen did not dare take another step forward, his entire body trembling uncontrollably.

Tens of millions of lives trembled under his feet. Long Chen saw an incomparably large cave, that black vortex was even larger than the entire Dragon Sacrifice Continent, and countless living beings were all being devoured by the black vortex. Whether they were screaming or struggling, it was completely useless!

whooshing

The power of the whirlpool, was even acting on Long Chen's body. He was also one of the trillions of lives being attracted by the whirlpool, and turned into ashes!

BOOM!

Long Chen felt as if he was struck by lightning.

At that moment, the world suddenly became empty.

The heaven and earth turned deathly white, and countless mournful music echoed in the world.

It was as if someone was speaking from a distance, and was getting closer and closer. It was only at the end that Long Chen could finally hear what that person was saying clearly.

He said

"In a hundred years, dragon sacrifice will perish!"

A hundred years later, the dragon sacrifice would be annihilated!

RUU!

The voice seemed to have exploded beside Long Chen's ears, causing him to turn deaf.

"What's going on!"

Long Chen had become exceptionally clear-headed.

Weng! *

As everything dissipated, Long Chen's eyes widened. He saw that there were hundreds of people staring at him with eyes filled with deep shock and admiration.

Even the burning of blood seemed a bit inconceivable.

"This place is ..."

It took Long Chen a while to realize that he was in the middle of selecting his Inherited Beetles.

He couldn't help but look at himself. On the Black Jade Dragon's pearl, a large amount of grey gas was gathering towards him. The aura of the Ancestral Dragon that was coiling around his body was actually dozens of times greater than all of them combined.

At this moment, the Ancestral Dragon Qi finally stopped.

Long Chen, who was surrounded by the aura of an Ancestral Dragon, looked down below him in a daze.

"It seems that I have only been in contact with the Black Jade Dragon Pearl for a short while and have already obtained so much aura of the Ancestral Dragon!"

Long Chen suddenly remembered what had happened.

However, another heavy voice still echoed in his heart.

Shocked, he turned his head to look at the Black Jade Dragon Pearl and repeated the words in disbelief.

"Hundred years later, the dragon sacrifice will perish?"

These eight words made his mouth dry and his entire body feel uncomfortable.

"The head of the Black Jade Dragon has been passed down for over a hundred million years. How could I have such a feeling when I touched this Black Jade Dragon Pearl? Was it an illusion, or a reminder?"

Long Chen could not help but be confused.

The most memorable thing was that terrifying black vortex. Tens of millions of living creatures were all attracted by it, turning into dust and disappearing forever.

"How could that be?"

This filled his heart with shock.

Everything was unbelievable.

"If you mean that a hundred years from now, the entire Dragon Sacrifice Continent, including even the Immortal God Realm, will be destroyed, then I ..."

So what could he do?

For a hundred years, to any person, it would be impossible to accomplish anything too big, and it would also be impossible to prevent something from happening. Every time Long Chen thought about those countless wails, he would have the urge to vomit. However ...

He couldn't help covering his head.

"Black Jade Dragon Head, ancestral dragon-inherited blood, Mysterious Dragon Jade, and my father Long Qinglan! There must be a connection between all of this, and the Primal Beginning Goddess. What is she trying to tell me? "

"Is this world really going to be destroyed a hundred years from now?"

Long Chen's heart trembled. He discovered that there was a haze that was currently shrouding this world ...

"AHH!"

That terrifying pressure made his whole body go numb.

"What should I do?"

He was at a loss. If the Black Jade Dragon Head told him this, then what should he do? What could they do in a hundred years?

"Long Chen, come down!"

Below him, Crimson Light shouted out.

Chapter 2150 - Ancestral Dragon Cave

His blood-curdling words pulled Long Chen back to reality.

He looked down and the eight words in his mind gradually faded away. Everyone could clearly see that he was surrounded by a large amount of the aura of the Ancestral Dragon, which was the gray aura. This was only the descendant naming it the Ancestral Dragon Qi. In reality, it had nothing to do with the Ancestral Dragon Qi.

He landed in front of Bloodlust.

Everyone looked at the huge amount of Ancestral Dragon Qi surrounding him in a daze. Compared to him, the others were simply rice beads.

And he was Haoyue.

Long Chen had gradually recovered from his previous state.

"Even if it's a hundred years old, I still don't have the strength to stop anything. I believe that if I walk on this path, one day, I will understand what just happened."

Long Chen thought.

At this time, the four young dragons had already been selected. All that was left was the Slaughter Dragon City.

Evidently, with regards to the choice of the Black Jade Dragon's head, Long Chen was undoubtedly the most suitable to become the young Dragon. Although Jiang Ming was superior to the other four young dragons, it was a pity that he lost to Long Chen.

Now he looked defeated.

Just now, the moment Long Chen's arm touched the Black Jade Dragon Pearl, a large amount of Ancestral Dragon aura surged out to surround him.

It was a miracle.

That was why the crowd was so shocked.

In the end, he said to Jiang Ming: "Although your performance is quite good, Long Chen's performance is better than yours, so ..."

"Wait!"

Just as Bloody Blaze was about to announce the massacre of the young dragons in Dragon City, Long Qingyue suddenly interrupted him. She walked forward with a serious look and stared at Long Chen with her sharp eyes, then faced the crowd once again, and said, "Everyone, this matter is extremely inappropriate. What kind of places are the Inheritance Dragon Stairway and the Ancestral Dragon Cave? That is the holy land of our Dragon Fighter, the place where our The Dragon God Clan was born! But who was Long Chen? He is the son of our human race's greatest sinner, Long Qinglan. He carries countless of crimes on his body, and just like his father, he doesn't have the qualifications to be acknowledged by all of us. Our ancestors would also hate people who turned their backs on their own people. The inheritance Dragon Altar is such a sacred place, how can we let such a filthy person go up, wouldn't that sully our ancestors! "

She spoke with passion and righteousness.

These words also caused everyone to feel the same way.

"You're right, Long Qinglan is a sinner of our human race! He really doesn't have the qualifications to step onto the inheritance dragon ladder and touch that sacred Slaughter Dragon Pearl."

Hearing these discussions, Long Qingyue became even more pleased with herself.

She looked at Long Chen a little proudly, and said again: "Slaughter Dragon Pearls are such precious treasures, how can they be touched by such a lawless person? I really don't know what you guys from the Dragon City are thinking. Besides, Jiang Ming can complete the mission, right? He had gained more aura of the Ancestral Dragon than the other four young dragons. Slaughter Dragon City doesn't need Long Chen to complete this mission at all. This is a sacred mission, and not just a battle.

Of course, this was a matter of killing the entire Dragon City. It still depended on what Huo Yan and the others discussed.

"Master!"

Jiang Ming really wanted such glory.

There were other experts in the Dragon City massacre party.

They looked at each other and began to express their opinions.

The Sword River Emperor said, "I agree with Long Qingyue's words. Jiang Ming can completely complete this glorious mission. Although Long Chen is also not bad, his status is not suitable.

The Wind Moon Emperor said: "Let Jiang Ming go. Long Chen will just have to come over to take a look."
"

Afterwards, the other experts expressed their opinions one after another. Basically, all of them leaned towards Jiang Ming. It proved that it completely disregarded Long Chen's identity, and instead felt that he was the most suitable for it. However, Long Qinglan was not his, so I think that he should not be the one to bear the responsibility for Long Qinglan's crimes. "

Just as he said that, Long Qingyue mocked: "Thousand Snow Emperor, is Long Chen your son? I heard that you were very close with Long Qinglan back then. "

If not for her being the youngest daughter of the Immortal Dragon Emperor, she would have been killed a long time ago.

Thousand Snow Emperor was too lazy to bullshit with her, she immediately closed her mouth.

Only his blood was left.

In truth, the decision to cause a bloodbath was no longer important. Basically, all of the other experts had already decided that it would be Jiang Ming.

Bloodlust looked at Long Chen with a little difficulty.

But at this time, Long Chen's attention was still mostly on the eight words.

"Alright, then Jiang Ming." Let's go! "

"I don't know," Fiery Blaze casually said.

Now they were rushing to the Ancestral Dragon Cave.

Everyone began to make their preparations and headed towards the east.

"How are you?" Xing Qing passed by everyone and sneakily arrived beside Long Chen.

"They have already replaced the young dragon that belongs to you. Why don't you say a few words?" Xing Qing was a little curious, according to his understanding of Long Chen, he would definitely retort and resist on the spot.

Long Chen shook his head and said: "I was thinking about something just now and I couldn't react for a while. Let's wait until after Ancestral Dragon Cave. Something that belongs to me, I won't give it to anyone else. "

By now, everyone was already heading towards the eastern starry sky.

Hundred years later, the dragon sacrifice will perish!

Such a huge matter made Long Chen miss the matter of him inheriting the young dragon's body. The instigator of this all, Long Qingyue, was secretly sneering at Long Chen's side, and said: "Oh, some people are really terrified, they actually swallowed their anger just like that, and have really broadened my horizons."

This was her personality, and she had always mocked and ridiculed from the side.

Long Chen could not be bothered with her, he was already rushing on his way, he had already missed out on that chance, and when they reached the Ancestral Dragon Cave, he would definitely snatch back what was rightfully his, but Long Qingyue this woman, had touched his bottom line time and again, hysterically pushing him to his death. Such a woman, if he did not beat her up fiercely, she would not be able to wake up!

So what if it was the Seven Star Samsara! So what if he had the power of divinity! At the same level as Xiao Ding Yuan, who was at the level of the resplendent star, he had once used the Dream Profound Realm to trap Long Chen. But now, as long as Long Chen took another step forward and endured through the tribulation, he might be able to slap her in the face and make her shut his mouth.

"Yes." I'll go back first. "

Xing Qing said.

Long Chen's identity was currently sensitive, it would not be good for her to stay with Long Chen all the time.

"Go."

After Xing Qing left, Long Chen once again fell into deep thought.

"It seems I have to hurry. After all, I only have a hundred years."

He suppressed this matter to the bottom of his heart.

Then, he opened his eyes and looked to the east. When he reached that place, it seemed that he would have to fight again!

Leaving the Immortal God Realm from the borders of the Dragon God Domain was an endless starry sky. And in the depths of the starry sky, there was a forbidden zone that belonged to humans. That was the place where the Black Jade Dragon's head looked from afar, the Ancestral Dragon Cave!

Only humans with the bloodline of the Ancient Dragon God could see the existence of the Ancestral Dragon Cave.

It was a forbidden zone that existed in the depths of the starry sky, and no one could tell just how huge it was. It was a forbidden zone that existed in the depths of the starry sky, and no one could know just how large it was.

Even Long Qinglan had only penetrated about a meter deep into the Ancestral Dragon Cave.

Thousands of meters away from the Ancestral Dragon Cave, there was a dead silence. There were two groups of indistinct human figures, that were indistinct and indistinct, floating around. No one knew that they were conversing.

"I haven't been here in years." There was almost no trace of a human figure among them, as if it was no longer in this space or time. The other was surrounded by a bloody mist.

"Yes." The Land of Origin of the Divine Dragons. a forbidden area that we will never be able to explore. "

"The birth of the dragon pearl was so fast. It has only been a few tens of thousands of years. I remember last time, we seemed to be one of the two young dragons. "Blood."

"Yes, very far away."

They talked about the old times for a while.

"Is Long Qinglan's son here?" The illusory figure suddenly asked.

The blood-colored fog said, "Yes. I think it will be the young dragon that we've killed in the Dragon City. "

The other party coldly snorted and said, "A monster hasn't completely died yet. From time to time, he would run out to wreak havoc. A new monster has appeared." I really want to try and see what this half dead Long Qinglan can do to me. "

The blood-colored fog began to laugh.

"What are you laughing for?"

"Since you didn't see him, don't speak carelessly. I think he's a good kid, not bad at all."

"Good child? Long Qinglan was a good child since young, and even until he became an eternal Dragon Emperor, he was still a good child.

The illusory figure snorted coldly.

"About this, the benevolent sees the wise and the wise. Many years have passed, and I have always felt that a genius like him is unrivalled in this world.

"But the facts and evidence are all here. Everyone in the world is looking at it."

The illusory figure said somewhat excitedly.

"Let's not talk about Long Qinglan, just talk about this Long Chen. He'll be here in a few days. What are you going to do with him? "

The illusory figure continued, "Looking at his performance, if there's any traces of demon-level talents, he should be eliminated as soon as possible. If he can repent, then let him be taught by the Slaughter Dragon City." I believe that you won't make another Long Qinglan out of this. "

The blood mist laughed coldly, "Again? It was you, the Immortal Dragon Emperor! "

"Enough. "Don't say too much." The illusory figure said somewhat impatiently.

Time passed quietly.

"I wonder what he'll do in the next hundred years?" The blood mist suddenly said.

"What can I do? If your talent is someone like Long Qinglan, then you might be able to catch up to us within a thousand years. But so what? Would I still be able to rely on you to massacre the Dragon City and become a slaughter Dragon Emperor? Strength was never everything. In order to rule over the human race, one must have both strength and character, but Long Qinglan lost to character. To be honest, this is no longer an era of becoming a god. As long as he is unable to become one, no matter how heaven-defying his talents are, we can still control him! "
