

War God 2501

Chapter 2501 - dramatic changes

This archaic Giant Demon's control was truly terrifying. The Moon Demon clearly knew that he was under control, but he didn't think that anything was wrong. He was probably one of the first people to come to the Demon Star. It had already been a very long time, and in such a long time, he should clearly know what had happened to the Demon Star and what had happened to it.

Lin Mo did not directly answer Moon Demon's question, but said, "Should we go a little further ahead? Alright, I admit that this girl is actually in my Divine Kingdom. "

The Moon Demon asked with great interest, "Then why did you bring me here? As a demon, deceit was not a good quality. "Demons are people who are disdainful of deceit."

In actuality, even here, the Moon Demon naturally did not know of Long Chen's existence. He only knew that Lin Mo was strange and that he had some sort of relationship with Mo Xiaolang.

Therefore, Lin Mo made a prompt decision, and said: "Of course, how could I lie to you? Bringing you here is actually quite an important matter. But didn't you want to see my Divine Kingdom? "Then I'll open it for you to see."

Long Chen was afraid that Yue Yang would make a sound and arouse the Ancient Giant Demon, so he had to use the Karma Sword very quickly. He had to kill this fellow in one hit and destroy the Ancient Giant Demon Brand in his body, if he could get the help of the Moon Demon, the benefits would be too great.

The Moon Demon and the Zero Demon hadn't been separated since the beginning, and now, they finally met the Moon Demon alone!

"Alright, let me check." This was the original purpose of the Moonfiend.

Lin Mo was very straightforward as he opened up the Divine Kingdom. At the same time, he suddenly threw a punch at the Moon Demon.

"You dare to attack me?" The Moon Demon was very surprised, the other side was just a Great Demon Lord, this time, it really proved a lot of problems. The level of the mass of demons was very strict, and their masters did their work, and the Moon Demon and the Zero Demon's status were incomparable. They dared to make a move against the Moon Demon, even if it was the Great Demon Lord, only death awaited them.

As long as the abyss was thrown down, the ancient Giant Demons would devour it. No matter how many lives they had, they would still die.

In reality, Lin Mo's actions were just diverting their attention. Not the point.

It was just that to the Moon Demon, this was the main point. For such a disrespectful junior to attack him, that was an intolerable humiliation!

Therefore, he retaliated. With his abilities, he could kill Lin Mo with ease.

However, Long Chen had seized the opportunity and appeared right at this moment.

This was the first time he had appeared in front of the Moon Demon, and in the form of a divine dragon at that. The God Realm's Heart Refining Dragon had come out of Lin Mo's Divine Kingdom and made all its preparations, so the sword on his forehead was the Karma Emperor Sword. Now, the Karma Emperor Sword was shining brightly, as if it had come out of the primal chaos.

This was the first time Long Chen was so serious as to use the Karma Emperor Sword!

When the sword was born, the world was born as well.

When the Moon Demon and Lin Mo were provoking him, Long Chen suddenly came out from above and allowed the Moon Demon to envelop the Moon Demon, and immediately brought the Moon Demon into the Karma King Realm. As for Lin Mo, he was thrown out by Long Chen, so the Moon Demon's attack wouldn't be able to harm him.

In front of Lin Mo's eyes, a golden-black colored Divine Dragon and Moon Demon rolled into a world at the same time, and instantly disappeared before his eyes. He searched around, but couldn't find any sense of that world, and only felt a mysterious power gathering and not dispersing.

"It's extremely marvelous. I hope he can succeed this time around. If you fail, you will never be able to turn the situation around. "

Lin Mo and the others could not help but pray. Other than Cat, everyone else was with Lin Mo.

The Moon Demon was a strong practitioner who was not far from him in terms of level. It wasn't actually easy for the Karma King Realm to trap him within, but now that the Moon Demon is struggling amidst the power of countless karma, in the millions of years, Long Chen had seen the limitless threads of karma on his body!

Sure enough, most of them were red. This proved that this Moon Demon's entire life was connected to the ancient Giant Demons. He had even forgotten what happened millions of years ago.

The divine sword between his brows glowed with a boundless light. The Moon Demon, under this extreme light, was like a mouse, and now that he only had a deep imprint of evil on his body, he would definitely receive retribution. Therefore, the killing power of the Karma King Sword was extremely great!

But the Moon Demon was not flustered. Even though he was being completely suppressed, he still looked at Long Chen carefully, and smiled after being shocked. "You are Dragon Fighter? Not a demon? Dragon Fighter, you have come to our Demon Star, do you think you are an eternal Dragon Emperor? "

Back then, the Immemorial Giant Demon was in a deep slumber when the Eternal Dragon Emperor came here. The combined forces of the Moon Demon and the Zero Demon were not Long Qinglan's match, thus he had a very deep impression of this place.

Long Chen gradually realised, a million years was simply too long, this was a troublesome problem, because the Moon Demon might have already lost his consciousness. Even if he removed his control, perhaps he had gotten used to living for a million years, this was the real him!

"No matter what, I have to give it a try!"

Long Chen clenched his teeth, and the sword world became one, as he slashed downwards. The Moon Demon in his eyes was like an evil tumor!

"Did the humans come here to stop the Magic Star Seal from being destroyed? You should be the one who defeated my master's will clone last time! But let me tell you, the truth is, no matter how you

struggle, the Dragon Sacrifice World will be destroyed and all the myriad of lives on there will be eaten by my master! Turn into my lord's power! The Dragon Sacrifice World is already at the edge of destruction, the Gods have abandoned you, what's the use of leaving so many lives? We might as well complete our Ancient Giant Demons! We've been imprisoned for thousands of years, and we're already too hungry! "

The Moon Demon laughed maniacally. His eyes were bloodshot, without a single trace of fear.

Long Chen's eyes were firm as he rushed forward. In order to wait for this moment, he had vented all of his anger, hatred, and unwillingness, as well as all of his heavy responsibility onto this sword and mercilessly killed it. At this moment, the Karma Emperor Sword exploded with its greatest might.

After Moon Demon finished speaking, naturally, he would not allow Long Chen to kill him for no reason.

"Blood Moon Demonic Art!"

He didn't have much talent, but he had cultivated for a million years and obtained the strength he had today!

He opened his arms, and the blood moon between his brows shone, causing his entire body to be engulfed in it. In an instant, the blood light expanded, forming a gigantic blood cloud.

The Moon Demon seemed to have become the blood cloud. In that moment, the blood cloud condensed and morphed, forming a blood crescent moon, which suddenly revolved, forming the sharpest gigantic blade blade blade. It spun at a high speed and produced a boundless divine might, rushing towards Long Chen!

Hiss hiss!

The power of the Moon Demon was about to tear the Karma King Realm apart!

The entire Karma King Realm was in an uproar, even Lin Mo who was outside could feel the tremor. Fortunately, it had not spread out yet!

As Long Chen slashed down, all of the power gathered together. The power of cause and effect was a mysterious power, and when too much sin appeared on the Moon Demon's body, the power of cause and effect seemed to be stimulated, quickly expanding. The power of one strike, had already surpassed all of Long Chen's attacks!

Although he encountered extremely strong resistance, it was still unable to stop his determination to resist. The sword realm was one, and after this sword strike, the Karma Emperor Sword would also be destroyed, so Long Chen could only succeed, and he absolutely could not fail!

Rip!

In this violent clash, the power of karma broke through the opponent's devil arts, Long Chen's sword tore apart the blood moon and struck the Moon Demon's head!

Defeat!

If it was only the Death Realm and Dragon Gate, they would only be able to break the blood moon, but they definitely wouldn't be able to harm the Moon Demon.

"Wake up!"

Long Chen's will followed the Karma Emperor Sword as he charged into the opponent's space of consciousness. It was a thick sea of blood, and a bloody mist permeated the air.

Right at this moment, the Karma Emperor Sword in Long Chen's hand released a sword aura that ripped apart the blood moon. The familiar ancient Giant Demon appeared in front of Long Chen once again, and without saying a word, Long Chen rushed forward, accumulated the strongest power of the Karma Emperor Sword and slashed down, ripping the ancient Giant Demon to shreds!

Finally, the will of the Moon Demon emerged inside the body of the ancient Giant Demon.

"Did I succeed?"

Long Chen was stumped.

He and the Moon Demon returned to the surface of the demon star at the same time, standing facing each other. At this time, Long Chen was still in the Moon Demon's space of will, and looking at the Moon Demon's own will which was slowly opening its eyes, the feeling of success caused him to be in disbelief.

If he could wake up an important figure like the Moon Demon, then no matter what kind of situation Mo Xiaolang was in, he would have something to settle.

In the past, every time he broke the will of an ancient Giant Demon, it was almost like the Demon had completely awakened and escaped his control. If the Moon Demon wasn't so strong, Long Chen wouldn't have continued to stay here. He didn't know why, but he had a bad premonition in his heart, and always felt that everything wouldn't have gone smoothly.

His instincts were always accurate. For example, this time, just as he let out a breath of relief, he heard a burst of laughter.

"Is it you again? So it turns out that you have already come to the Dark Star. That's great. I actually didn't receive you properly. That's great! "

This sound was simply a nightmare, because this was the voice of the Archaic Giant Demon Qu!

Chapter 2502 - Death Battle Dual Magic

The voice of the ancient Giant Demon resounded within the Moon Demon's spiritual world.

However, the Primordial Giant Demon had obviously already been torn apart by Long Chen's Karmic King Sword, so how did it reappear? The Moon Demon had yet to regain his consciousness.

"Could it be, because the ancient Giant Demons have other arrangements on the Moon Demon and the Zero Demon?"

It was just like how his Avatar of will had gone to the Immortal God Realm and treated dozens of top powerhouses the same way. It was an extremely important chess piece that needed even greater control.

Sure enough, at this moment, above the Moon Demon's primordial spirit, the will of the ancient Giant Demon was recondensed.

"This is the demonic star, not the Immortal God Realm. Aren't you being too naive to let my most capable subordinate break through my control? Am I not supposed to be so cruel as to tell you that the Moon and the Zero Demons have long since been refined by me into my doppelgangers? They are part of me. Can you wake them up? "

All of this was unexpected.

The operation on the Demon Star was like walking on a tightrope, with dangers that could erupt at any time. Sometimes, it wasn't that he did not do well, but that the enemy was too difficult to deal with.

On the Demon Star, the thing that Long Chen was most worried about had happened!

He suddenly opened his eyes!

In front of his eyes, the Moon Demon also suddenly opened his eyes, his eyes were still blood-red, the corners of his mouth curled up in a sinister, evil smile, and his eyes revealed a strange expression. With his mouth, he used the tone of an ancient Giant Demon and said, "You're here, old friend, I was defeated by you last time, I'm really not willing to give up.

With the Moon Demon's voice, the entire planet began to shake.

"What's going on!"

Lin Mo thought that Long Chen had succeeded, but he never thought that he would suddenly fail again.

That roar was like a sharp knife as it stabbed over. Long Chen was forced to retreat more than ten steps, his entire body was in a deafening state, and during this period of time, it was as if countless demons' will had invaded his sea of consciousness. But to such a degree, they were quickly killed by Long Chen!

But when he turned back, Lin Mo and the rest had regained their control.

Even his Divine Kingdom's Tao Li, Zheng Zilong, and Wang Ming all returned to the group of demons.

The little kitten seemed to be immune to the Ancient Giant Demons' invasion, and Long Chen's primordial spirit was strong enough to resist it. However, this was just a casual shout when the Ancient Giant Demons woke up, and not an attack! This voice meant that the Primordial Giant Demon had awoken. This was an existence similar to gods, and already knew of Long Chen's existence, and even knew his position!

The moment he decided to come to the Demon Star, Long Chen had already imagined that he would encounter such a scene.

It was already considered slow for them to arrive here.

He thought that he could wake Mo Xiaolang up without anyone knowing, but he didn't expect the Moon Demon and the Zero Demon to protect Mo Xiaolang so strictly. Furthermore, Mo Xiaolang himself was also hard for him to differentiate between the two.

Although he was already in a hopeless situation, he did not feel any fear at all. At the moment, his eyes were firm, removing all of the uneasiness in his heart, and with his most determined gaze, he looked at the Ancient Giant Demon awakening, causing the entire demonic star to tremble violently!

For a time, countless clamoring voices rang out.

On the God Burying Mountain, a group of demons rose up. From the Great Devil Lord to countless demons, all of them were heading towards Long Chen's direction.

Amongst the demons, there were two rays of light that suddenly attacked. One of them quickly surrounded Long Chen with the Moon Demon, it was the Blue Haired Zero Demon, and the other one stopped in the middle of the demons. It was the cold-eyed, cruel Mo Xiaolang!

The entire Demon Star Region could be considered to have sent out all their experts, and had sealed off Long Chen's path.

Even if he was sealed to death, Long Chen would not be able to escape. One reason was because of the Primordial Giant Demon, and the other reason was that the Magic Star Seal had not been broken through. He still did not have any way of escaping.

From beginning to end, Long Chen had always cared about Mo Xiaolang the most!

Since the moment he had arrived, Long Chen's gaze had rested on his body. He had always believed that Mo Xiaolang was definitely awake, so what would happen to him after seeing him in such a predicament? He wanted to let him leave this place, but with Long Chen's character, he would naturally not let him do as he pleased.

Their gazes met in midair.

From his eyes, Long Chen saw a trace of panic. Even though it only lasted for a moment, Long Chen believed that he could see the eye, and what he saw was definitely not wrong. He must be awake, but he didn't want to admit it!

If he had a perfect plan, he would definitely discuss it with, but Mo Xiaolang did not choose to do so. If he was forced to do this, maybe he was looking forward to a chance to turn the tables on Mo Xiaolang, but that would definitely not be easy.

Therefore, he did not want Long Chen to intervene.

However, the reason why Long Chen came here, was precisely to bring him away from this place. This was Long Chen's entire wish, his greatest desire.

After they had looked at each other for just an instant, Mo Xiaolang tightly clenched his fist, and his gaze gradually became dark and cold. He avoided looking straight into Long Chen's eyes.

Since he had already reached this point, it was difficult for him to hide his true self. Long Chen knew that he would do this, and when he was faced with so many dangers, his heart would definitely be in turmoil! Although the current Mo Xiaolang had covered up very well, and did not seem to have any flaws, Long Chen could still see through him!

RUU...!

The ancient Giant Demon woke up, but he didn't come out from the abyss.

On the other hand, the Moon Demon and the Zero Demon were ready for battle.

"Could it be that the Ancient Giant Demon wanted the Moon Demon, Zero Demon, to deal with me? He is an Ancient Giant Demon, just like the gods, if he wants to attack me, he should be able to defeat me easily, but he did not do so. There are two possibilities: One, this is a devil star, he knows that I have nowhere to run, so he wanted to play around with me slowly and did not want to kill me immediately. Secondly, because he was currently lacking in strength, once he attacked, he would consume a lot of energy. This might cause him to be unable to break free from the seal! or other possibilities, so he values the opportunity to make a move more! "

If he analyzed it from these two angles, it would be a certain hope for the desperate Long Chen.

At the same time, he had a new hope.

If it was only the attacks of the Moon Demon and the Zero Demon, defeating him wouldn't be easy at all. Mo Xiaolang was here, so he had to make him change his mind, and if he found out that he had really been controlled, and that everything was in his head, Long Chen would use the Karma Emperor Sword to deal with him. If he wasn't controlled, but there were hidden difficulties, Long Chen would advise him to give up.

Mo Xiaolang was this stubborn. It would not be easy for him to change his mind and tell Long Chen everything!

Amidst the howls of the crowd of demons, the atmosphere instantly exploded.

Mo Xiaolang hid amongst the demons, not allowing Long Chen to see him.

On the God Burying Mountain, the Ancient Giant Demon seemed to have completely awakened. At this time, his true voice echoed out. This voice contained a terrifying magic. The Ancient Giant Demon's soul was controlled through sound, so the most difficult thing for him to resist was sound.

Qu Hui, there was another name, soul-controlling demon.

Ancient Giant Demon cultivators who could use different kinds of demonic eyes also had another name, and that name was Silent Demon.

Now, the soul-controlling demon had appeared!

"A friend has come from afar, of course we should welcome him with great hospitality. Moon demon, Zero demon, hurry up and send us the Primordial Demons's big gift."

On the other hand, the Primordial Giant Demons call themselves the Primordial Demons.

Listening to this, it meant that if he didn't make a move, the Moon Demon and the Zero Demons would!

It should have been a desperate situation, but now there was a chance. Although this situation was the most urgent one, Long Chen's heart was actually filled with lofty sentiments, now that he was fighting for the lives of the people, fighting for his brothers, and at the same time, fighting for himself, his father, his lover and his unborn child, they needed Long Chen! He needed Long Chen to complete this important historical mission!

"Mo Xiaolang!"

In this world filled with blood colored devil energy, Long Chen suddenly let out a loud shout, as he blasted apart the heavy clouds.

The voice shook everything, and allowed Mo Xiaolang to reappear in front of Long Chen's eyes.

Long Chen stared into his eyes and said loudly: "You don't need to hide anything in front of me. We have been brothers for so many years, what kind of person you are, and what you're thinking about in your heart, I know it even better than you do! You are also more clear than me about the reason why I came to the Demon Star. I don't know what kind of things you went through, but I will face it together with you. At least, until now, I still believe that the most shameful thing in life is to surrender! "

Now that everyone was here, everyone was targeting him. Long Chen only hoped that through his own battles, his own heartfelt words would be able to dispel any thoughts in his mind, although many things were difficult for Long Chen to imagine, and when he said these words, it seemed like his waist didn't hurt at all even though standing does. However, Long Chen still hoped that he would be able to face everything together with his brother, and not be the only one to shoulder the burden of shame.

The ones who interrupted Long Chen were the Moon Demon and the Zero Demon.

At this time, the two demons made their move, the demonic Qi instantly overflowed the heavens, the demons retreated, and Mo Xiaolang, the unique Mo Xiaolang, was still standing at his original position. At this time, the Moon Demon and the Zero Demon were already standing on either side.

"Cut the crap. Die."

The blood moon on the Moon Demon's forehead trembled, and its aura soared. All of the demonic energy on the Demon Star was concentrated on his body.

Chapter 2503 - Absolute Zero Space

At this time, the Moon Demons were backed by the power of the entire demon star, making them even more powerful than before. Right now, the entire demon star seemed to be split into two parts. One was connected to the Moon Demon's body, and the other to the Zero Demon's body. The two Demons shot up into the sky, and waves of demonic energy surged into the sky!

At this time, two super experts, after millions of years of cultivation, were not one bit inferior to Spirit King!

There were many things that had reached a profound level of purity after millions of years of pondering, and they were somewhat different from the Spirit King's.

The Moon Demon and the Zero Demon suppressed Long Chen and didn't even give him a chance to speak before they launched a life and death attack. Long Chen could only look for an opportunity to talk to Mo Xiaolang in the midst of battle, but he didn't need to hide anything now. He believed that Mo Xiaolang wasn't controlled by the Immemorial Giant Demon.

But the prerequisite was that he still had to prove his strength!

saw that his current predicament could not even be considered to have implicated Long Chen at all. Instead, it was two people fighting for a common conviction.

Of course, all these efforts were built on the premise that Mo Xiaolang was not controlled. If he was controlled, then everything Long Chen said would be nonsense. It would be better to take this opportunity to escape the Moon Demon and the Zero Demon.

At this moment, the cold, blue haired Zero Demon Beast suddenly appeared in front of Long Chen's eyes. On his arm, the blue snake had already grown to a length of a few metres, surrounding his entire body, his eyes erupted with an intense blood light, the demonic qi churned like the ocean, it gave off an imposing aura that shook half of the entire Demon Star, and also brought Long Chen an enormous pressure!

He pointed with one hand and shouted, "Absolute Zero Space!"

This was the power of restriction!

It was actually spatial energy, which was similar to a spatial freezing ability. However, compared to the one Long Chen had encountered, this Zero Demon was too strong, and the so called spatial space was probably a completely still space. This was something that was slightly similar to the Immovable Devil Eyes that the Immoveable Demon Eye cultivated by the Immemorial Giant Demon Silent Demon.

An instant of Eternity was merely its fur. It would be better than this Absolute Zero, if he could go a step further, or dig out an even stronger divine ability!

At the very least, it was far superior to the Immoveable Demon Eye and the Space Freezing Technique!

At this time, the Moon Demon was also not idle, his body had undergone a huge change. From the blood moon between his eyebrows, his body had split apart, turning into a bloody figure, looking extremely ferocious.

"Blood Moon Demonic Art!"

The enhanced version of the attack came again, a combination of two attacks. Although it had only just started, it brought Long Chen a lot of danger!

The demons roared, the blood river churned, and the heaven and earth shook. Only Long Chen's heart was at peace, and his only focus was still on Mo Xiaolang.

A single glance was enough to explain everything Long Chen had said.

He did not look at his two opponents, and only stared at Mo Xiaolang.

"If you feel that I'm not strong enough to help you solve your problems, then I'll show you!"

Each of Long Chen's words formed a wave of energy that charged towards Mo Xiaolang. All of these made him feel endless emotions toward this fellow who was not his own brother, but was more like his own brother, and he was also angry at him. He was angry at this devil planet, because he no longer had a way out, so he wouldn't dodge anymore. Back then when he fought with the Spirit King, didn't the Spirit King have a painting of life, and was also comparable to a god, but in the end, Long Chen still defeated him!

He had been under too much pressure recently.

He only had one life remaining. He was worried that he was going to die, that he would fail the lives of all these people, that he would fail the people he loved.

Therefore, he was extremely careful and tried to suppress his anger and unwillingness!

But now, the Ancient Giant Demon had awoken and Mo Xiaolang was right in front of his eyes. All of his hopes had been focused on the battle, so he didn't need to think about anything else, he only needed to focus on the battle and speak with sincerity to Mo Xiaolang. These were his specialties, what kind of plans did he have, what kind of sneaky plans, what kind of sneaky moves, what kind of fears did he have, those were all things he was proficient in!

It was as if he had not been this excited by the fight for a long time!

At the very least, at this moment, in his heart, he was invincible. No matter if his opponent was the Zero Demon Moon Demon or the archaic Giant Demon, in his heart, he only had one opponent, and that was Mo Xiaolang!

Facing the Moon Demon and the Zero Demon's attacks, his gaze was always on Mo Xiaolang.

His eyes were so domineering, so stubborn, so direct, that it penetrated the hearts of people!

Even though time had changed, even though his strength had changed, as if everything had changed, in Long Chen's heart, nothing had changed. Mo Xiaolang would forever be the simple and kind him back then, a him who only cared for others.

"Fourteenth Fiendgod Formation!"

Taiji Creature Dragon's ability was the bane of formations.

The Absolute Zero of the Zero Demons was similar to a formation. Inside the dimension, there was an endless pressure which made it impossible for Long Chen to move.

At this time, the Fourteenth Fiendgod Formation was formed. A total of twenty-eight formations covered the surrounding area, and each of them began to revolve, forming an enormous suction force that rapidly decomposed and transformed the power of space into fourteen types of life!

The birth of the fourteen life formations was the collapse of absolute zero.

Long Chen was now even more tyrannical than when he fought the Spirit King a few months ago, especially now that his heart was surging and his fighting spirit was surging. As the saying goes, brave men are invincible, but he was not afraid at all.

All of the devils watched as Long Chen shattered the space around him with his Fourteenth Fighter, and then formed a vast attack, pushing back the Moon Demon Art. The attacks of the two devils were easily destroyed by him, and at this time, the originally humanoid Long Chen had already turned into a Taiji Creature Dragon.

The Moon Demon and Zero Demon had not managed to catch Mo Xiaolang's eyes. At this time, the fifteen dragon heads simultaneously turned around and said, "Maybe it's because I haven't been seen for a long time, have you forgotten what kind of person I am? We have experienced so many life and death situations from the time we left White Yang Town until now, and this is only one of them. Don't think that you can bear it by yourself. We ignored everything and fought the City Lord to his death, but today you want to take care of it yourself, that's impossible. I don't know what you're facing, but I can see that there's nothing you can do about it! "

If it was not because he was helpless, and if there was a tight plan, he would have warned Long Chen a long time ago. There was no need to struggle in front of Long Chen, this was something that Long Chen was very clear of.

Every word he said, was relayed to Mo Xiaolang.

Long Chen didn't seem like he was fighting, but rather, it seemed like he was talking to Mo Xiaolang.

This infuriated the Moon Demon and the Zero Demon, and also unhappy the Immemorial Giant Demon.

Just then, the Moon Demon and the Zero Demon attacked again. Just now, they were only probing, but now, under their fury, they were naturally trying to kill Long Chen.

When Long Chen revealed his Divine Dragon Body, the two demons looked extremely insignificant in front of Long Chen, so they were unable to stop Long Chen even more.

The body of the originally bloody figure, the Moon Demon, suddenly swelled.

"Giant Demon Transformation!"

In the midst of their shouts, the Moon Demon quickly expanded, and until his body was almost the same as Long Chen's, the one that appeared in front of everyone was the Ancient Giant Demon that Long Chen was familiar with, only it was not black, but red like blood. The blood red moon on his forehead had turned into a full moon, shining with a strong red light!

Teeth, claws, huge wings and long barbed tails, a body densely covered in dragon scales and spine spikes, the skull of a mantis was actually a beast. This was the most perfect form of combat, as if the fusion of dragons, beasts, and birds possessed the strength of all life!

Of course, the Moon Demon wasn't a true Archaic Giant Demon.

On the other side, the Loose Demon had merged with the little blue snake.

Of course, the little blue snake at this time was a prehistoric giant snake that was even bigger than a divine dragon, the ancient aura rushed forth immediately and this was an ancient being that existed in the The Age of Dragons, it was extremely powerful. After fusing with the Zero Demon, the giant snake's upper body quickly turned into the appearance of a human, and it even grew two of the Zero Demon's arms.

Under their rage, the two giant beasts attacked again!

This time, they had used their true powers, the power of the battle was so strong that it seemed as though the entire Demon Star would explode. Under their combined effort, Long Chen was completely suppressed.

However, from the beginning to the end, his determination had not changed at all!

At this moment, he went from the Taiji Creature Dragon to the Primordial Blood Spirit Dragon.

Bloody, domineering, an ancestral dragon that represented death. In terms of battle, he was the true tyrant.

In truth, the ranking of the Ten Great Ancestor Dragon s was not determined by strength, but rather by the time they were born. Primordial Blood Spirit Dragons were born into the eighth clan, but that did not mean that he was ranked eighth in terms of strength. At the very least, in terms of battle, he was ranked very high, and had to surpass the Taiji Creature Dragon.

Of course, these were only ancient legends. Very few people had heard of these legends before. All the splendor that the Ancestral Dragon had created with his creation had disappeared, and only five divine dragons were left behind.

Time, killing, devouring, fate, and life.

Plus karma.

Other than that, even Long Chen himself did not know.

Right now, the only thing in his heart was fighting. Only in this way would he be able to warm up his blood and find his own life!

Chapter 2504 - Demon Slaying

The demonic wind raged, and demons flew about chaotically.

Above this devil star, the battle between Long Chen, Moon Demon and Zero Demon had been completely surrounded. Countless demons shrieked like wild beasts. Some of them were even torn apart into pieces by the battle, but no one was afraid.

The Demon Star was a place where the Gods used the Archaeozoic era to seal the Giant Demons. It was as stable as a Dao weapon, and even though Long Chen could shatter the world outside the Demon Star, he was unable to shatter the Demon Star. After all, if the Demon Star was broken, the Immemorial Giant Demons would all come out.

But the strange thing was, even though the battle had reached such a tragic state, and the newly advanced killing Dragon Emperor didn't have any intention of losing, and the more he fought, the braver he became. From the start, he was suppressed by the two devils, and later on, he was completely suppressed and fought one against two, but he wasn't at a disadvantage at all!

In the blink of an eye, a period of time had passed for this battle. From the mighty appearance of the Moon Demon Zero Demon at the start to the fact that the two of them were defeated in front of Long Chen's eyes.

And in the entire process, the person Long Chen paid the most attention to was Mo Xiaolang.

From beginning to end, he talked with Mo Xiaolang.

At the very least, even now, Long Chen was firm in his conjecture. He believed that this youngster in front of him, this brother of his, definitely had a hurdle that he could not pass through in his heart.

"Wolf, perhaps there is nothing you can do, but I am not the same as you. Perhaps it might be inconvenient to say so much today, but I believe that you will eventually understand why I am here. "

Now that he was fighting two monsters alone, and the Primordial Giant Demon Qilin had already awoken, he himself was unable to save himself, not to mention helping him in any way. Even if he had anything difficult to say, he might not be able to say it out loud.

As for the Immemorial Giant Demons ...

He was a god-like existence, and there was ultimately a terrifying gap between him and mortals. It was said that the God-Slaying Sword had slain gods before. If it could slay an ancient Giant Demon, then it would basically reappear in his glory. Back then, killing a god was an unimaginable feat to Long Chen. But now, he had this kind of outrageous thought in his heart!

Who said that a Divine level expert could not be killed?

Qu Hui was also weak, so much so that he needed to borrow the power of hibernation to recover. He brought about such suffering for Long Chen, making his brothers suffer to such an extent that even if they suffer, they would not be able to say anything. It was true that Mo Xiaolang did not say anything, but it was precisely because he could not say, that Long Chen knew just how difficult it was!

All of this was created by an ancient Giant Demon!

How could he accept this in his heart? Why didn't they hate him?

His best brother had been forced to such an extent!

The geniuses of the world were on the verge of death!

Let alone an Ancient Giant Demon, even if it was a god, Long Chen swore to slaughter the gods!

His blood was flowing with the most brutal factor of the Primordial Blood Spirit Dragon, he was the master of the The Age of Dragons's death!

Under his attack, the two Devils were continuously injured and their faces were covered in dirt!

On this demon star, the only person who could suppress Long Chen right now was only the Primordial Giant Demon.

But at this time, Mo Xiaolang finally replied to Long Chen.

He had been cold and detached the entire time, but now that he spoke, his voice was bone-chilling cold, as if he had no emotions at all.

He said, "What about it? Then you deserve to die, too. Both the Moon Demon and the Zero Demon are unable to do anything to you, so what if you include me?! "

As he said till here, the corners of his mouth hooked up into a cold smile, and passed the demons, heading towards Long Chen.

The kitten said in astonishment, "Boss, you must have guessed wrongly. If the wolf cub was conscious, he would definitely not say something like that."

Long Chen did not listen to what Cat said.

He really didn't understand Mo Xiaolang. He had said before that if they were to join hands, they would have a chance to counterattack, even if the other party had a weakness in their hands, they could still think of a way, and not make such a choice.

But Mo Xiaolang seemed to have decided to do this, and he had no regrets.

In the eyes of the little kitten, all of Long Chen's guesses were wrong.

Long Chen was not someone who would be scared by just a few words. His heart was much more resolute, but when Mo Xiaolang was about to join the competition, he had an even more stunning performance!

This was a very fast movement!

"The Sea of Chaos!"

At this moment, he was on this demon star in the shape of a Great Void Cosmic Dragon, wandering the ocean of time, controlling time, making time chaotic. Within the area he controlled, the Moon Demon and the Zero Demon all suffered from an incomparably large restriction!

Although Hai Yang was still in her best condition during times of chaos, she was far from being as tyrannical and violent as she was today. This was the Great Void Cosmic Dragon state that Long Chen rarely used.

When he turned into an illusory divine dragon, causing the two Moon Demon Zero Demons to fall into a quagmire of time, it was either fast or slow. When he was extremely anxious, Long Chen obviously wouldn't waste this opportunity!

The demons could not be killed, that was true. But just because they could not be killed, did not mean Long Chen did not have the ability to let them leave this world forever!

"Karma Royal Sword!"

In that instant, Long Chen turned into a God Realm Refining Dragon and used the Sword of Judgment to form the Karma King Realm. The Sword World merged together and the swords and sabers combined to strike the body of the Zero Demon, and this time, the Zero Demon struck the Karma King Sword in the middle of the body of the Evil Emperor. It did not have the Blood Moon Demon last time to resist using the Blood Moon Demon Art, so he was almost killed.

One move was enough to kill him!

Therefore, when the Karma Royal Sword was completely unleashed, the Zero Demon was still slightly awake. When the Moon Demon was still in the control of the ocean due to the chaos, Long Chen finally turned into the Primordial Blood Spirit Dragon!

The final move.

"Death Realm's Dragon Gate!"

Everything was connected from the moment of chaos to the Death Realm's Dragon Gate. It was only until he twisted the body of the Primordial Blood Spirit Dragon into a circle, and after a cycle of reincarnation, the death aura filled the air and the world trembled. Within the Dragon Gate Diagram, Long Chen no longer showed any mercy.

That's right, Zero Demon was not dead, but in another world, it was impossible for him to return. The Death Realm was a mysterious world that even Long Chen was completely unaware of.

Roar!

At this time, the Moon Demon was moving forward with great difficulty amidst the chaotic sea, and before the Zero Demon could disappear, he had already arrived in front of Long Chen.

"What's there to be anxious about!" It's your turn! "

There was no way to describe his fury at the moment.

There were some things that he needed to do for Mo Xiaolang to see, to let him have the confidence to face it. The current Mo Xiaolang had already lost his confidence, so he had already given up on reality.

He vented all of his hatred for the Primordial Giant Demon and his confusion for Mo Xiaolang onto the Moon Demon. At this time, Long Chen had removed the status of the Death Realm Dragon Gate, and with the Primordial Blood Spirit Dragon's body, he charged forward to engage this enormous blood colored beast in close combat.

Teeth, claws, tail, horns ... these were all weapons. The Primordial Blood Spirit Dragon had a tyrannical body and an incomparable killing intent.

But when his helper disappeared, and he met Long Chen, who was even more brutal than when he fought against the Spirit King, he could only be ravaged. It was true that he could recover from his injuries, but the flames of Long Chen's life force surpassed his. In terms of recovery, in terms of risking his life, Long Chen was even crazier than him at this time.

When Long Chen was able to control the chaos even more, the sea had formed a huge restriction on the Moon Demon. Not much time had passed since the battle, and before Mo Xiaolang could even participate in the battle, Long Chen had revealed her Death Realm and Dragon Gate in the middle of it, directly swallowing the Moon Demon who was in a state of severe injuries!

Thus, his battle ended.

The entire world finally quieted down.

The demons watched as the two rulers disappeared before their eyes, never to be reborn. They were all completely stunned. To them, this was an inconceivable matter. How could a devil die so easily? Don't they all have eternal life?

In reality, the demons didn't have eternal life, but they didn't meet anyone who could kill them with a single move.

Even if it was an ancient Giant Demon, it still wouldn't be immortal.

Until Long Chen turned into a human and stood in the sky, right in front of Mo Xiaolang, who had rushed over to help him, only then did the group of demons feel their bodies tremble. If they did not know that

the Ancient Giant Demons were still awake at this moment, they would have already knelt on the ground in fear.

At this moment, they deeply remembered Long Chen.

This was a killing Dragon Emperor of the human race, the son of the invincible Eternal Dragon Emperor back then. His arrival here would very likely cause the two demons that had existed here for a million years to disappear forever.

The group of devils did not know what the Death Realm's Dragon Gate was. They felt that the Moon Demon and the Zero Demon were both eaten by a big mouth.

And then, it never appeared again.

That would mean being killed.

Even after a million years, he still hadn't died. Today, he suddenly died. The group of demons were not afraid of death, but when death was in front of them right now, even with the Primordial Giant Demons controlling them, they were still afraid and trembling. At this time, the demons who were extremely close to each other and who had been extremely berserk before, were now completely dispersing.

All of these were things that Long Chen wanted to prove to Mo Xiaolang.

Mo Xiaolang stopped in front of Long Chen and did not attack again. His declaration of participation caused Long Chen to quickly end the battle. But he did not continue to fight.

Long Chen was currently three meters in front of him. He could choose to use the Karma Royal Sword, but the Ancient Giant Demon still existed.

Chapter 2505 - Origin of Dragon Soul

But in actuality, Long Chen didn't want to use the Karma King Sword against him right now.

The God-Slaying Sword appeared in his hand as it made rustling sounds in the wind. A cold light flashed, and the power of death and devouring swept out in all directions, forming a gray vortex in the sky. This was extremely terrifying for a group of devils, causing them to hastily avoid it.

In front of Long Chen, Mo Xiaolang's face still remained unchanged and cold. Even if Long Chen managed to deal with the Moon Demon and the Zero Demon, it probably wouldn't count as much to him.

Long Chen did not think that he would have to tear apart his disguised cold clothes like that.

"My sword has never treated its own brother. Everything that I have done here today, if you feel that it was insufficient, I will naturally convince you. Also, if anything happens to Yan Er, it's my problem as well. I promised Suo Xue that I would take good care of her, and in my heart, she's also my younger sister. So you have no right to bear it yourself. Wolf, you don't have to do this in front of me, it's not the first time I know you. "

With that, he passed the black-robed youth and headed deeper into the mountain.

No matter what happened today, this opponent would definitely not let him go. Of course Long Chen was not that naive to think that he would be safe after defeating the Dual Bladed Demons. From the moment he was exposed, it meant that there would be endless fights of life and death. It was very likely that this would happen until he died in battle!

A follower of his father!

A promise to billions of lives!

Oath to Ling Xi!

The reason why Long Chen had to fight no matter how miserable he was facing was because no matter how young he was, he had to suppress himself to the point of going crazy. Now that he had realized it, in his world, the Primordial Giant Demons were not existences comparable to gods, and the gods were no longer what he thought of as gods, so no matter how powerful he was, he would only be an opponent to Long Chen. He inherited the ancestral dragon's blood essence, so he was young to the point where he could not massacre gods and exterminate devils.

If it was said that he was deeply wronged that he did not stop the little wolf from coming to this place, then now that he had the chance, it was that at the time of his redemption, Mo Xiaolang did not make a single mistake from the start to the end. Even if he was treating coldly now, Long Chen understood that it was because he was still not strong enough.

Only the brave challenger had the qualifications to charge into the distant starry sky.

Knowing that he wouldn't be able to escape the Ancient Giant Demons' judgement today, he gathered his courage. With his strongest will, he openly arrived at the deepest part of the God Burying Mountain. He arrived at this place that he needed to sneak into before.

Compared to Long Chen, Mo Xiaolang was still a little inexperienced, because he was actually stunned. He did not stop Long Chen. There might be people who thought that he was scared by Long Chen, but Long Chen knew that that was not the case.

Facing such an opponent, he didn't know what kind of mood he should have.

Suddenly, he felt it was very natural.

Thinking about it carefully, after his first time cultivating, he had met his first opponent. From the moment Yang Zhan, his follower, started to fight against Chen Liu, and in his eyes, every opponent was a high and mighty opponent. No matter if it was a god or a devil, no matter what ability they possessed, they were all the same. No one could be born as noble as another. The ones who were afraid and the ones who were worried didn't have the qualifications to become victors.

"Truly admirable."

At this moment, the God Burying Mountain shook again. The moment the God Burying Mountain moved, the demonic star moved. The ancient Giant Demon also appeared.

"In his eyes, Moonfiend and Zero Demon are actually not the same. Otherwise, he would definitely be able to stop me, but he doesn't seem to have that."

Long Chen was not sure how powerful this Immemorial Giant Demon was. Even though it had been sealed for tens of millions of years, they were existences that could be compared to gods no matter what.

Only the strong practitioners that could be born tens of millions of years ago, seemed to have not produced a single divine spirit after tens of thousands of years. Even the peerless talent Long Qinglan had not been able to reach such a level.

RUU...!

This place was the most terrifying place on the entire Demon Star. According to legends, the entire Demon Star was just a cage that sealed the ancient Giant Demons, and from this abyss down, the soul-controlling demon was at the outermost layer. From this point onwards, every so often, there would be an ancient Giant Demon that would extend all the way to the center of the Demon Star.

The smallest one's head surpassed the Demon Star's, but after ten million years, they were unable to reveal their body within the seal. Half of the soul-controlling demon s Qu were still sealed, so naturally they had to be restricted by the seal's power.

In the end, the pitch black dragon claws that appeared in front of Long Chen's eyes came out once more. Extending from the abyss, they were sharp, brutal, and compared to the Primordial Blood Spirit Dragon's dragon claws, they were a little less imposing, dignified, and exquisite, but also a bit more sinister and brutal. The demonic blood aura on them was roiling, and in the gaps in the dragon's scales, there were vaguely Blood Insects swimming around.

It was even more powerful than the impact of the death aura from the Death Realm's Dragon Gate, making Long Chen unable to hold back and tumbled outwards. It had to be said that the terror of this opponent had already exceeded all of Long Chen's expectations, and if not for his heart being firm enough, he would think that there was still a big difference between the Giant Demons and the mortals.

BOOM!

A huge explosion sound rang out, even the Magic Star Seal was trembling, and at this time, the soul-controlling demon that many Rankers had seen before in their Sea of Consciousness finally appeared. Sharp fangs, like the triangular head of a mantis, was like a wild beast, with a whole body of hard dragon scales and sinister blood veins, a pair of gigantic wings spread out, covering the sky and the earth!

In this short period of time, half of his body had appeared outside the abyss, while the lower half of his body was still bound within the abyss. Therefore, at this time, the soul-controlling demon could only reveal his upper body. If one wanted to struggle against the seal on the lower half of the body, the Demon Star's outer layer of seal would form a suppression.

But even so, the gigantic ancient beast that appeared in front of Long Chen scared him and forced him to take a few steps back.

Even though the Ancient Giant Demons had been imprisoned for tens of thousands of years, to the point where they were at their weakest right now, in reality, even if it was Qu, the original realm was not the lowest level of the Divine Spirit Realm. Even if it had fallen to its current state, it was only around the same level as the lowest level of the Divine Spirit Realm.

However, even if it was the lowest level of divine power, it was still an existence that mortals could not resist. Now, as Long Chen raised his head to look at this enormous beast, the first thing that entered his bloodshot eyes were two blood-colored suns, which seemed to reveal the most dazzling rays of light in the sky, forming the strongest willpower attack.

It was impossible for mortals in the Immortal God Realm to withstand such a spiritual will.

If this ancient Giant Demon came to the current Immortal God Domain, perhaps he only needed to land on it and he could control the entire Immortal God Region.

Moreover, his goal was not only the living beings in the Immortal God Region, but the Dragon Sacrifice Continent living beings that were a hundred times stronger than the ones in the Immortal God Region.

Evil!

This was a deep sense of evil.

Looking at the pair of eyes of this ancient Giant Demon, it was as if he could feel all the evil in the world.

Deep guilt.

Long Chen was not a good person in the first place, but such a degree of evil made his hair stand on end. He understood that for these types of living beings, morals, morals, and bottoms don't exist, other than them, any other living beings are probably just food in the first place. They were born to destroy things, and there aren't any things in this world that they don't dare to destroy.

", please do not call us Immemorial Giant Demons from now on. We are on equal terms with gods and not of the same beast species!"

At this moment, Qu Hui's voice had an endless impact, as though it was a violent storm, shaking Long Chen time and time again.

"Divine Spirit, across the Five Great Divine Realms, we demon spirits, the Five Great Demonic Realms, are all equal existences. However, you mortals, even if you have inherited the blood and essence from the divine dragon, without a true 'Origin Dragon Soul', are all lowly beings. Long Chen, you are one of them too, understand?

"Origin Dragon Soul?"

This was something that Long Chen had never heard of before.

He suddenly remembered that he had barged into that place called the Origin Dragon Palace. At that time, he had obtained such information. They were still not real divine dragons. Compared to the ancient dragons that could become divine gods, the difference was simply too great.

Needless to say super divine dragons, Ultimate Dragon and Unparalleled Dragon.

That creature had long since ceased to exist.

Fortunately, when the other party had told him about the Origin Dragon Soul, it had caused Long Chen to divert his attention.

"Hehe, don't even think about getting any more information from me. However, I can give you a choice today. "

"What choice?"

Long Chen took a deep breath. He had experienced the fear produced by the initial explosion of the enemy's mental will, and he had now completely recovered.

The ancient Giant Demon said, "Do you know why I let you deal with the Moon and Zero Demons?"

Long Chen shook his head.

He continued, "That's because you and Mo Xiaolang are ten thousand times more outstanding than them. They relied on a million years to reach today's realm, but you two did not even need a hundred years. So, in ten million years, you two are the most outstanding beings amongst mortals.

Long Chen was shocked.

The Immemorial Giant Demon had such a deep grudge against him. Now, he didn't want to kill him, but ... wanted to control him?

Chapter 2506 - Battle of Will

It did sound unexpected.

Back then, when Long Chen had devoured the will clone of the soul-controlling demon, it had angered this guy to the point that he had to kill Long Chen. But now that Long Chen was standing in front of him, he changed his mind.

"From the moment I took control of Mo Xiaolang, I discovered his value, but today, I see that you're worth more than him. If I kill you, then I will only have one assistant in the future, but if I control you, then I will have two assistants in the future! "

The ancient Giant Demon's voice was as cold as ice, penetrating deep into the marrow.

Long Chen's surroundings were already filled with demonic aura and he couldn't even see where Mo Xiaolang was now. The only thing that could be seen was this Immemorial Giant Demon looking down on him like the sky, as if it was bringing him with an unimaginable threat.

The Immemorial Giant Demon's meaning was that Mo Xiaolang was under his control now.

However, Long Chen still believed in his intuition.

"This fellow has been imprisoned for tens of thousands of years. His bragging abilities have not been reduced in the slightest."

Right now, he didn't know what the Origin Dragon's Soul was, but with just the ancestral dragon's inherited blood essence, he wasn't afraid of this ancient Giant Demon in front of him. In terms of the nobility of life, gods and demons weren't truly superior!

At least for now, Long Chen had already woken up from his initial shock. He had limitless fighting spirit to face this damned thing in front of him.

Right now, his eyes were directly looking into those sun-like eyes, and he suddenly laughed loudly, saying: "Don't even mention Primordial Demons, in my eyes, you are just a wild beast, savage and inhumane! Although I have never seen a deity before, but compared to the true gods in my heart, people like you are just a bunch of clowns. "As for controlling me, you can do so. I hope you don't forget who was the one that devoured your will clone last time!"

Long Chen's current primordial spirit will was extremely strong, almost no different from a god's.

He himself had already reached the level of Spirit King, and adding on the will clone that the Ancient Giant Demon had painstakingly condensed and the true god's will, the power at the spiritual level he had obtained had grown immensely. The Great Void Cosmic Dragon Primordial Spirit was now extremely powerful, and if it wasn't for that, Long Chen wouldn't have been able to stand in front of the Ancient Giant Demon so sober.

This was because with every word that was spoken by the soul-controlling demon, all of the Giant Demon energy around him was controlling Long Chen, invading his body.

In terms of intelligence, the ancient Giant Demons weren't that high.

The Heavens were fair. Wisdom was not something that was stronger. The longer one lived, the smarter one would become. The Ancient Giant Demon in front of Long Chen might not have higher intelligence than the Bai Family Head in White Yang Town, but in terms of strength, an existence like the Ancient Giant Demon devouring an entire ten billion Bai Family Head, perhaps he would feel satisfied.

This was the difference.

A few casual words from Long Chen could make the other party furious.

How could such a creature stand above all mortals? If even gods and devils were like this, then in reality, they were nothing in front of Long Chen.

The true god in his heart, was one who did not have the seven emotions and six desires, yet was able to save the dying and help the wounded, control the fate of all under the heavens, and bring it to every single person's faith and desire.

"Now you dare to go against me, but I dare to bet that in an hour, you will be as subjugated to me as all the people on this planet!"

The archaic Giant Demon roared, causing the entire demonic star to tremble. Even the people guarding outside the demonic star could hear this terrifying vibration.

Outside, the fate and the heart of all the people in the world were firmly held together with Long Chen. Time slowly passed, and it was unknown just how many people were praying day and night.

What Long Chen himself did not expect was that in their hearts, Long Chen's image was very close to the image of the god that Long Chen himself had in his heart.

Faced with the threat of the Ancient Giant Demons, Long Chen laughed and said, "Do you want to bet? I like it the most. If you are unable to do anything to me after an hour, then give up destroying the Magic Star Seal. Furthermore, from today onwards, you will not be able to touch Mo Xiaolang and me at all.

"Why would I not dare!"

These four words really made Long Chen deaf. Long Chen deeply understood that even if this gigantic beast had half of its body still sealed, he wouldn't be able to think of any way to defeat it.

The only thing he could do now was to drag this on.

He was not Spirit King, if he lost, he would definitely go back on his words. From the moment he saw him, Long Chen knew that his heart was filled with evil thoughts, it was already considered a miracle that he did not kill him immediately but instead wanted to control himself.

After the bet was set, the Ancient Giant Demon, ignoring everything else, started to attack Long Chen's Spiritual World.

Long Chen turned his head to take a look. His gaze penetrated through the countless demonic mist and he saw Mo Xiaolang. At this time, Mo Xiaolang was looking at his back, but the moment his eyes met Long Chen's gaze, he turned around, as if he was no longer concerned with Long Chen's situation.

If it was Long Chen, he would definitely ignore everything else and fight alongside Long Chen to the end.

"Little Wolf!"

Long Chen still firmly believed in himself, but even so, he did not blame him in the slightest. He only understood that there must have been enough trouble for him to reach such a state.

Let alone an hour, even if he had to endure until the Ancient Giant Demons died of exhaustion, Long Chen would still persevere on.

He was born specifically to control other living beings. His voice and power were all born to control others, and at this time, in order to control Long Chen, he had already used all of his skills!

Of course, he had already used Soul Controlling Technique to control his voice and roars. That was because it was completely ineffective. Thus, he had to use his ultimate technique and use even more ferocious attacks.

These were often accompanied by physical attacks!

"The Sea of Chaos!"

In the entire domain controlled by the Ancient Giant Demons, he used the Ancestral Dragon Art.

The most powerful part of an ancient Giant Demon's body was the power of laws. In fact, his control over his soul was a type of rule. This rule was that all living beings whose bloodline was close to that of an ancient Giant Demon had to submit to his voice.

This was an unstoppable law, so with a single roar, all the devils on the Demon Star would be under his control.

The power of the laws could suppress the power of the great Dao of nature, so any resistance was useless.

But Long Chen was different, at least he did not have strong laws, he could use the Ancestral Dragon's sacred art to resolve them. At this time, he saw that he had already been submerged by a sea of blood, his entire body rolling in the waves of blood, his surroundings a boundless world.

"Submit!" From today onwards, you will serve my Primordial Demons for all eternity, the Devil that controls the soul will grant you eternal life! I shall bestow you with unparalleled glory, and may even help you break away from the mortal spirit, becoming an even higher existence! "

The roars of the ancient Giant Demons echoed throughout the entire blood sea. From a single drop to a single drop of blood, the figure of an ancient Giant Demon appeared, resonating with his voice.

The layers of attacks on his will entered Long Chen's mental world. In his consciousness, there were a dense number of Ancient Giant Demons, numbering in the tens of millions, and they were currently attacking Long Chen. With his Great Void Cosmic Dragon, his internal and external world were in complete chaos, and the sea could obstruct everything.

In his tyrannical spiritual time storm, the ancient Giant Demon's extremely terrifying mental will attack seemed to be extremely weak, shattering under his attacks!

Of course, the Primordial Giant Demons had endless methods, every method was accompanied by the immense power of the Ancient Code and there were also many other forms of power that couldn't be seen through. If Long Chen's spirit wasn't strong, it would have been broken long ago.

In this boundless sea of blood, Long Chen sat cross legged on top of it, closed his eyes and recuperated, allowing the Primordial Giant Demon to deal with him using the rules of soul control. However, he was indifferent, using his strong mental will to protect himself.

This was originally the Ancient Giant Demon's greatest ability, but now, it suffered such a huge loss in front of Long Chen.

Before he agreed to Long Chen's bet, he didn't think that Long Chen's mental will would be strong to this extent. He was familiar with Long Chen, and knew that even if he had swallowed his mental will clone, he wouldn't be strong to this extent.

"Give up. Your soul control is useless against me? You call yourself a soul-controlling demon, you don't even have this little bit of ability? "

Long Chen laughed coldly, he knew that this fellow could not handle provocation.

As expected, the Immemorial Giant Demon was forced into a corner and refused to admit defeat. He angrily shouted, "Impossible! You just swallowed my will clone, it's impossible for you to reach your current realm. Don't tell me you swallowed the will clone of other gods!"

This was the expression that the Ancient Giant Demon most hated to see, but Long Chen still bluntly said, "Unfortunately, an hour has already passed, and you didn't succeed. "Just a little bit more, that's all. But as a man, you have to keep your promise, right?"

The ancient Giant Demon fell silent.

The boiling demonic energy around him seemed to have quieted down for a moment, as if the Primordial Giant Demon had admitted defeat. However, Long Chen understood him, he would definitely not let this matter rest.

"What do you mean as a man? Only low level beings and mortal spirits will have a gender. We gods and devils have no gender at all! These lowly attributes were completely useless! Besides, have I ever promised you? At the very least, no one else on this planet knows about this, right? "

The ancient Giant Demon's voice appeared in his ears, his tone gloomy and sinister.

As expected.

"Tell me, what do you want? Want to kill him or not? "

Long Chen asked very straightforwardly.

The ancient Giant Demon said, "One day, I will make you kneel down and call me master."

Chapter 2507 - Taisu Devilish Domain

Although there was a deep grudge between the two, Long Chen didn't expect that his talent would be so shocking that even the Immemorial Giant Demon would not be willing to kill him.

Of course, if they were to truly fight and get killed, it wouldn't be that easy. Long Chen had already prepared to do his best. He no longer had any thoughts of 'what should I do after losing the war' in his life. Right now, all he could think about was 'how should I defeat my opponent '.

This was the source of his inner strength.

However, in reality, they were currently in need of helpers. The person who truly did not want to kill Long Chen was not the soul-controlling demon, but the 'brothers' of the soul-controlling demon who were hiding in the depths of the devil star and did not want to kill him.

It was the other Ancient Giant Demons.

Otherwise, Qu would never have tolerated it to this extent.

The huge beast roared and left!

Weng! *

The Primordial Giant Demon finally opened its huge black claws. Amidst the surging endless demonic energy, that huge claws that looked like dragon claws grabbed towards Long Chen.

However, Long Chen's counterattack had affected him!

This could be considered as the Primordial Giant Demon using a power comparable to gods. When it attacked Long Chen, Long Chen was able to resist its willpower attack before, but now, it might not!

"Death Realm's Dragon Gate!"

The invasion of the devil aura caused Long Chen to be affected by the chaos in the ocean during times of chaos. At the same time, he changed into the Primordial Blood Spirit Dragon once again, forming the blood colored ring. When the Death Realm opened the dragon door, the blood colored death aura immediately surged, colliding with the endless devil aura.

The difference in rules could almost be covered up by the Ancestral Dragon Art.

Generally speaking, if one was not in the Divine Spirit Realm, their injuries caused by the Divine Spirit would be almost impossible to recover from.

All of a sudden, Death Realm's dragon claw stretched out from the Death Realm's Dragon Gate and collided with the black claws of the Ancient Giant Demons!

The two sides clashed!

In the eyes of the demons, the bloody dragon's claw and the black demon claw were intertwined, and both of them were unleashing the greatest power!

Bang!

This was the first time Long Chen had seen the Death Realm's dragon claw being torn into pieces in front of his eyes. Indeed, although the Ancient Giant Demon had been sealed to such an extent, its power was truly extraordinary.

This was completely proof that although he could ignore the power of the laws and approach the gods infinitely, there was still a massive gap when compared to this sort of Giant Demon!

Such a huge gap was so wide that he couldn't even risk his life.

This time, being discovered by the Ancient Giant Demon was something unexpected. When he realized that he was not his opponent, he decided to bear with it for now, since the other party wanted to take control of him instead of killing him. As long as he didn't die, there would be a day when he would have a chance to retaliate!

Previously, he felt that the gods were untouchable, but now he felt that everything was just a matter of time!

Therefore, when the Death Realm's dragon gate was destroyed, Long Chen gave up resisting.

Sure enough, it was within his expectations. The Archaic Giant Demon's attacks stopped right in front of his eyes and did not directly tear him apart.

In that instant, it was as if time had stopped.

"Despair? "Hehe, I must tell you, before I completely control you, you will not be able to escape from my grasp. Since you caused me to lose two of my trusted aides, you must return to me the value of stopping these two."

His devil claws dropped from the sky, and all of a sudden, those five claws left his hands, forming a ring in the middle of the demonic energy, and instantly dropped down, piercing right into Long Chen's surroundings, trapping him in the middle!

Long Chen was currently surrounded by five demon claws, and the strong suppressive force formed between the five demon claws made him almost unable to move, this kind of pressure was ten times scarier than the Absolute Zero of the Zero Demons, the endless devil energy was constantly approaching him, just resisting this would take all of his attention!

"Come down and accompany me!"

Following the Primordial Giant Demon's cold snort, the ground around Long Chen shattered and his body continuously descended, until he finally fell into the abyss.

In the outside world, the ancient Giant Demon began to sink without a second word. After experiencing a great upheaval on the demonic star, it had finally stabilized at this time. The demons were still in an uproar, their eyes couldn't help but look at the abyss, as though they wanted to see what kind of punishment the current Long Chen had to go through.

When they looked for Mo Xiaolang again, they discovered that he had already disappeared.

Now that the Moon Demon and the Zero Demon had disappeared, they could be considered without a leader.

On the five Demon Claw, that terrifying devil energy and baleful qi formed a suppression, causing Long Chen to feel as if he was trapped in an endless devil sea, surrounded by billions of demons, and the suppression made him unable to breathe.

Blood-red magic prints continued to extend from the claws towards Long Chen, like snakes.

BOOM!

The five Demon Claw pierced the ground again!

This was the abyss, the place where the Archaic Giant Demon Qu was sealed, and also the outermost layer of the Magic Star Seal.

The five Demon Claw pierced the transparent mucus on the ground. Looking carefully, one could see that there were endless and profound runes flowing inside, transmitting a vast and bright power. It was these runes that formed the suppression and sealing power. Now, half of the soul-controlling demon's body had been buried in this land, and it was difficult for it to come out!

This transparent and viscous land was too deep to see the bottom. Looking deep into it, one could vaguely feel countless terrifying auras. Those that were buried deep within must be other ancient Giant Demons!

As for why he was imprisoned here, the answer was naturally that the Ancient Giant Demons wanted to slowly torture him, break him down, and finally complete their goal of controlling him.

If that was the case, Long Chen would have been slightly shaken. His own methods to deal with himself could also be used against Mo Xiaolang.

But if so, why did he do something strange?

This was probably the biggest doubt in Long Chen's heart.

"Enjoy yourself. From today onwards, I will control you once every so often. I don't believe that you can last this long, three months?" Four months? At that time, the Magic Star Seal have already been broken,

and I will also be out. My 'brothers' will be free, and at that time, even if I am unable to control you, there will be an even stronger soul-controlling demon to control you. There are even demons that have reached the 'Taisu Demon Realm'! "

soul-controlling demon's action basically cut off all hope for Long Chen, and left him only able to stay here, watching the destruction of the Immortal God Realm and Dragon Sacrifice Continent with his eyes.

"Perhaps, in front of you, we will devour all the life forms at the bottom level of Dragon Sacrifice Continent. This cannot be blamed on us, but your gods can only be blamed for this. We were imprisoned for tens of thousands of years, and were simply too hungry, so we could only eat all of you."

The Ancient Giant Demon let out a sinister laugh.

Long Chen knew the consequences of that, but now was not the time to be afraid, but the time to settle things. Now that the five Demon Claw had trapped him, he could feel the absolute suppression. That was a god-like prison, it was not easy to rush out from here!

"You can play first, I'm going to sleep for a while. When I recover my spirit, it'll be when you're under control!"

The ancient Giant Demon's voice gradually became gloomy.

That enormous figure gradually disappeared into the darkness.

"Looks like this fellow is currently quite tired. He does not have much energy and is in his weakest state. This is also the best opportunity for me to defeat him. During these few days, I must think of a way to get out of this place and finish him off ..."

If not for being too weak, he wouldn't have attacked Long Chen a few times. He needed to rest before being able to continue attacking Long Chen tomorrow.

Moreover, he wouldn't be able to sleep forever.

If he truly released them and allowed them to devour the common people and make them stronger, they would truly be doomed.

Right now, Long Chen still could not think of a way to break out of these five Demon Claws.

"Grandwake Demon Realm!"

He couldn't help but look down at his feet. There were over thirty Archaic Giant Demons here, and all of them were giant beasts that were stronger than the Archaic Giant Demon Kui. If they all came out from the demonic star, how terrifying would that be?

No matter how he looked at it, he had no hope of accomplishing this impossible task.

Moreover, if there was the appearance of a Teaser Demon Emperor, that would be even more impossible.

The only way was to make sure they never got out.

Just as the Ancient Giant Demon said, gods have five great realms and Long Chen had also vaguely seen information about these realms before. In reality, he knew what the first three realms were.

The first three realms were respectively Taiji Realm, Taiyu Deity and Taizhen Deity Realm.

If it was a Giant Demon, then it would be the Supreme Demon Realm, Supreme Demon Realm and Supreme Demon Realm.

This was astonishingly similar to the three small realms that Long Chen had crossed before going from Nirvana Tribulation Realm to tribulation of reincarnation. Long Chen didn't know what the connection between the two was, nor did he know what the Primal Chaos God, the god of tai-su and the Primal Chaos God were.

Perhaps in the future, he might really become a god and reach the realm of a True Dragon.

Taiji Realm were further divided into three levels.

They were initial state, Perfection and polar state.

Taiyu Deity and Taizhen Deity Realm were the same as well. Why they were divided this way should be related to cultivation level and rules. Divine Body at the beginning of the initial state, just reached the realm of a Deity. On the other hand, Perfection was a realm where one comprehended the Primal Chaos Abyss and became a stable god, able to unleash great power. But polar state was a type of transcendence, a path which led to the next divine realm.

Just as the Ancient Giant Demon was exhausted and sleeping soundly, and Long Chen was being controlled, another person appeared outside of the five demon claws. It was Mo Xiaolang.

"Little Wolf!"

Long Chen was a little excited.

Mo Xiaolang's expression still did not change, and he said: "It seems that you have misunderstood me quite a bit."

Chapter 2508 - Three Gods

"What do you mean?"

Long Chen's face turned cold. He felt that even so, this fellow was still filled with malice, although he said that he did not have any intentions of blaming, but he was so stubborn, what was going on?

Mo Xiaolang coldly snorted: "It's a misunderstanding. What do you think I have to do with you? The only reason I let you leave this place was because I felt a very familiar feeling from you. So you misunderstood. I'm not the person you're thinking about. I don't know what you're talking about today, but it's funny. "

Saying this, he helplessly shook his head and said, "To be honest, I don't like the way you describe me. It sounds very stupid, I like my life, and my mind is clearer than anyone else's. You can say that I was controlled by the Lord, but if that's the case, then it's pretty good, at least I like it. There's no burden in living like this, so don't be sentimental. You have to understand that from the beginning to the end, I didn't have anything to do with you. "

Long Chen very calmly listened to what he had to say, and did not reply.

Mo Xiaolang curled his lips and said: "Looks like you still won't believe what I'm saying, then forget it. From today onwards, you will be imprisoned here, and you will watch as I destroy the Magic Star Seal, watch as our Primordial Demons rip this world apart, and strengthen itself. You don't have to worry about your own life. It's not just this lord you've met, the other lords all think very highly of you, and think that you are the same as me, that in the future you might be bestowed with the bloodline of the demon race and become one of them. At that time, maybe we will be brothers, right? "

Saying this, his lips curled up into a faint smile. In the end, he said, "You have to get rid of all these unless you can break out of here? He could kill his lord? And kill all of them? Do you think that's possible? "

After he finished speaking, he turned around and left, instantly vanishing from Long Chen's sight, leaving Long Chen standing in his original spot, not moving at all.

"This is too much. I say this guy has been controlled. He has completely lost his consciousness and self-control." Boss, you actually think that he's not being controlled?

The little kitten continuously complained in the God Kingdom of Long Chen.

Hearing up to this point, he felt quite unhappy in his heart.

However, Long Chen said: "You heard his meaning wrongly."

"What do you mean?" Cat rolled her eyes and asked.

Long Chen shook his head and said: "Actually, I am not too sure, but from his words, it seems like the only way for us to get stronger is to get stronger enough. If we go out of here, we will have to first kill this soul-controlling demon, the Ancient Giant Demon. and in exchange for that, we will be able to get eternal peace in the Dragon Sacrifice World and his recovery. "

He gave Long Chen the biggest problem, and also gave Long Chen the most difficult hope.

As for whether or not he was controlled, that was not important anymore. As long as Long Chen could solve all the problems, he would naturally return to his original Mo Xiaolang.

At this moment, in Long Chen's heart, his previous important mission quietly changed.

Responsibility, protection, promises and oaths had all become a battle!

It was as if in all these years, his heart had never been as bloodthirsty as it was now. Even when fighting with the Spirit King, he did not feel such passion, as if he was facing a violent storm, but his heart was filled with lofty sentiments and a courageous battle!

"Fine, then do your job well. I'll first replenish my energy and see if I can help you."

Cat did not say much, but she used her actions to show her support for Long Chen, and even trust in him. Although he said a lot of angry words, from start to finish, he did not give up.

"Alright."

After experiencing such a battle, he had to take a break. There was still a period of time before he had to deal with the Archaic Giant Demons with his most exuberant experience.

Now, if he didn't die, that would be a huge opportunity.

had said that the Ancient Giant Demons not only wanted to keep him, but the stronger Ancient Giant Demons also wanted to keep him. Then, his life and death would not be something that Qu Hui could decide.

While he was resting, he did not forget to strengthen himself.

In the past, he thought that a frontal confrontation between two Giant Demons was simply a joke. No matter what boundary he reached, it was impossible.

However, in the previous battle, he had seen the light of dawn. The ancient Giant Demons weren't as heaven-defying as he had imagined.

In terms of strength, it had probably already dropped to the Taiji Realm. The weakest type, and even half of it was sealed and suppressed by the outer layer of Magic Star Seal.

In reality, the Ancient Giant Demons were weak. However, Long Chen had already approached the level of the gods' combat strength, even though he was only at the late stage of the Seven Stars Tribulation.

But now, he was exploring the Eight Trigrams Calamity.

From the start, he had thought that even if one reached such a realm with the Eight Trigrams tribulation of reincarnation, a god was still a god and was unstoppable.

But now, he had found hope.

Especially under the suppression of these five Demon Claw, he was able to resist. The reality of the reversal was that he was suppressed to the point that he couldn't move by the five Demon Claw, so Long Chen chose to use all his strength to resist, challenge, and train himself. Each time he struggled, it was actually a form of training for his strength.

On the contrary, the imprisonment of the ancient Giant Demons seemed to have given him an opportunity.

The chance to break through his limits!

Although this opportunity was very, very difficult.

But Mo Xiaolang had said before that if they wanted to reverse all of this, they had to at least charge out from here. Long Chen didn't care if he was hinting at his, he only knew that this was the only thing that mattered to him.

He was just like this. The more he oppressed, the more he resisted, and the more excited he became!

RUU...!

While he was struggling, he used the Power of Reincarnation again and again, constantly wearing down and growing up.

His physical body's strength also increased through repeated struggles.

As time passed, Long Chen did an unknown amount of hard work. Even after a day had passed, he still did not stop.

He only stopped when the ancient Giant Demon woke up.

"Still not giving up? You've already struggled for an entire day, and you're so tired. Isn't this the perfect opportunity for me to do so? "

The Ancient Giant Demon started his soul control again. After an hour, he continuously attacked Long Chen's mind and will, but Long Chen's mind was still stable.

"Damn it!"

He still did not succeed. This made the Archaic Giant Demon somewhat irritable.

Because of his irritation, he naturally wanted to torture Long Chen's body.

Long Chen's body was almost completely deformed from the pressure, and thus continued for fifteen minutes. Only when he saw Long Chen dripping with fresh blood did he finally let out a satisfied smile, and said: "Let's continue, there will be a surprise tomorrow. I don't believe that I can't take you down. "

After he finished speaking, he went back to sleep and recuperate his mind.

Day after day.

Mo Xiaolang continued to swallow the Magic Star Seal, and never came down again.

Even though Long Chen was very difficult, he was rewarded with the fact that under the suppression of the Ancient Giant Demons, he continuously tempered himself like a machine that did not stop. There was too much in his heart for him to persevere on.

Ten days later, Long Chen was almost able to move freely within the Demon Claw. These days, both his Primordial Power of Reincarnation and Body were greatly honed, and under the constant attacks from the other party, his mental force became stronger and stronger.

Of course, Long Chen was very smart, he pretended to be mentally weak in front of the Ancient Giant Demon every day. There were several times when he almost succeeded in making the Ancient Giant Demon appear, which made the Ancient Giant Demon addicted to him. If he let the Ancient Giant Demon know that he was becoming stronger, or that the Ancient Giant Demon would use other methods to deal with him.

The training now was the best chance!

The only thing that caused his heart to be unable to calm was that the Magic Star Seal was destroying everything day by day. Now, it seemed that in another two to three months, everything would be destroyed. There wasn't much time left for him.

Everyone in the world were praying, but Long Chen had no choice but to adjust his inner heart to its most peaceful state. He had taken on too much responsibility and pressure, but he couldn't show the slightest bit of worry. Otherwise, all his previous efforts would have been for naught.

Clang!

This time, the God Slaying Sword struck the demon claw, releasing a clear sound, it was a breakthrough for Long Chen. Previously, he was unable to move, but now, he could slash into the demon claw.

"Huh?"

However, this sound woke him up.

His body covered the sky, and floated above Long Chen, staring at Long Chen like a red sun, and said: "That sword you used earlier, seems quite familiar, this is something from my Primordial Demons, I

didn't expect it to be in your hands. This was originally a treasure, but now it became a Dao item with only 945 Dao patterns? "However, it seems to be able to increase Dao patterns."

"You recognize this Godslayer Sword?"

Long Chen did not expect that the thing he recognized could be said to be a God Slaying Sword that had tens of millions of years of history.

The ancient Giant Demon laughed, "That's only natural. I still know many secrets, but unfortunately, mortals can only be kept in the dark forever. That day, you were controlled by me, or I will tell you that today's game might not start again."

He seemed to be determined to control Long Chen, so his rhythm was almost the same as Mo Xiaolang's, once a day, for two hours at a time!

This time, he almost succeeded!

"Tomorrow, you will definitely be finished. Of course, tomorrow, I will also give you some surprises. Regarding this sword, haha!"

The ancient Giant Demon became silent again.

It had been half a month since he had been imprisoned.

Every tiny bit of improvement he made was a result of endless effort.

And what was it that would greet him tomorrow?

Chapter 2509 - Dao Ripples Soars Up

In Long Chen's eyes, the Primordial Giant Demon had already gradually turned into a beast that didn't have a lot of power, divine might, but not a lot of intelligence. Even the demon race, Sea race, Witch race and so on were much smarter than the ancient Giant Demons.

Every time, he thought he almost succeeded.

But every time, Long Chen would in fact improve continuously from his mental attack, and completely hide it, making the Ancient Giant Demon think that it was just a little bit off.

This process continued to circulate unceasingly.

Although every step of the way, was extremely small for Long Chen, in reality, other people who had spent thousands of years might not even be able to obtain this tiny bit of progress from him.

Just like the Ancient Giant Demon had said, he was a genius that was ten thousand times stronger than the Moon Demon and the Zero Demons. In the past ten million years, besides gods and devils, he had the strongest talent.

Cultivating, especially at the peak, required tens of thousands of years to achieve the ability to destroy the heavens and earth. Originally, there was a time limit of a thousand years, but Dragon Emperor had no choice but to use secret methods to extend his life.

During this period of time, he had been tempered by the Primordial Giant Demons. He once again endured it and trained himself, just so that one day, he could fulfill the promise and oath in his heart, complete the mission of protecting the dragon sacrifice, and prove it to Mo Xiaolang at the same time.

He wanted to take advantage of this time being in complete control of Long Chen, and let Long Chen become his puppet. What he did not know was that the current him did not have the qualifications to do so, and after being imprisoned for millions of years, his will clone was once again devoured by Long Chen. In terms of mental strength, he was already considered to be extremely weak to Long Chen.

If not for the fact that he still had that gigantic demon power that was hard to come by, which allowed him to easily destroy the heaven and earth, Long Chen would not have suffered such hardships in his hands!

After the failure, the giant beast once again roared furiously and gnashed its teeth!

"If you continue to stubbornly resist like this, one day, you will be scared out of your mind! If you still do not surrender, I will ignore our brothers' suggestions and directly devour you! "

Long Chen closed his eyes to recuperate, not batting an eyelid.

There was no need for him to pay any attention to him.

"Yesterday, I said that I would prepare a gift for you. I'll accept it!"

"Whiz!"

Just as the soul-controlling demon finished speaking, Long Chen felt a fatal crisis, it was the danger brought about by the Dao Artifact. At this moment, he suddenly opened his eyes, and a ghostly shadow appeared in front of him with incomparable speed. Behind the green fangs, Long Chen saw the body of the ghostly shadow, it was a black needle.

Of course, it was different from Li Xuanji's black needle.

Rather than calling it a needle, it was more like a nail.

"This is the Tai Ah King Slaughtering Soul Nail. There are a total of 970 Dao patterns!"

The voice of the soul-controlling demon pierced over like a blade or sword, bringing about a violent shock.

As expected of an ancient Giant Demon, any random attack was an extremely rare and unparalleled dao tool. Long Chen had only seen true Limitless Dao-Artifact like the Primordial Dragon Sword, the Heavenly God Sword and the Milky Way and the Spirit God Thorn.

The Tai Ah King Slaughtering Soul Nail is similar to the Spirit God Stinger.

With the attack of the Soul Nail, Long Chen felt a huge restriction in the center of the Demon Claw, and was unable to resist it at all. In the blink of an eye, the Tai Ah King Slaughter Soul Nail directly pierced into his chest, piercing through it!

"Ugh!"

What followed was naturally bone-piercing pain.

It was a Limitless Dao tool, so of course it had some terrifying abilities. Now that the endless black filth was like a river that overflowed into Long Chen's blood, it instantly contaminated his entire body, turning his blood, liver, bones, and skin completely black, the flesh all over his body was disappearing at a speed that was practically visible to the naked eye!

The Soul Nail pierced the heart. The pain was truly terrifying!

However, Long Chen's bloodline was not so easily defeated. When the foul Qi reached his heart, his seven orifices of cause and effect shone brightly, it was the light of judgement, the power of righteousness, the power of exorcism. The radiance engulfed everything in its path, the part where his body was destroyed by the Tai Ah King Slaughtering Soul Nail, quickly recovering, pushing the foul Qi back into the Tai Ah King Slaughtering Soul Nail!

Under the effect of the Life Flames, the injuries on his body were healed.

Because this Tai Ah King Slaughtering Soul Nail was the power of the Immemorial Giant Demons, Long Chen was unable to pull it out even though he was trapped by the Demon Claw. As long as this Soul Nail was still stuck in there, it would definitely bring about endless pain.

"Enjoy it!"

The ancient Giant Demon was once again in deep sleep.

After he left, Long Chen finally picked up the God Slaying Sword. Although the pain was not much now, to have the soul nail on his body made him feel uncomfortable.

And this Tai Ah King Slaughtering Soul Nail was a great tonic for the God-Slaying Sword.

Now that Long Chen was able to stand in the Demon Claw, he was almost able to resist the oppressive force. He could basically wield the God Slaying Sword and gather all the energy in his body, breaking through the limitations of the Demon Claw again and again, and using the God Slaying Sword to slash on the Tai Ah King Slaughtering Soul Nail!

Once, twice!

Right now, Long Chen was weak, so he would need a very long time.

However, he did not give up. Every time he swung his sword, it was his own improvement.

In the end, he could even directly execute the Killing Sword Technique.

Every time he swung the sword, it was as if he was biting off a piece of the Tai Ah King Slaughtering Soul Nail.

It was only until a day and a half later did Long Chen finally use the God-Slaying Sword to destroy the Tai Ah King Slaughtering Soul Nail at his chest.

The Spirit Slaying Sword once again leveled up, the small skeleton was very excited, because this time, it had directly produced five Dao patterns, reaching the level of 950 Dao patterns!

Everlasting Dao Artifact!

From the moment the Dao patterns appeared until today, it had formed 950 Dao patterns and became a Limitless Dao Artifact.

This journey had been truly difficult and complicated. The God-Slaying Sword had killed thousands upon thousands of Dao artifacts and had finally reached its current level.

Long Chen was also very happy in his heart, every advancement in the Heaven Smiting Sword was also his own.

Reaching the Limitless Dao Artifact, the power of the God Slaying Sword grew even stronger, the green in the small skeleton's eyes became much deeper.

Long Chen was only thinking about increasing his strength, so he did not pay too much attention to the change in the Heaven Smiting Sword. When it successfully reached the Everlasting Dao Artifact, he continued to hone himself.

The days began to repeat themselves one by one.

The only difference was that every ten days, the Ancient Giant Demon would take out a Dao Artifact. The first was the Tai Ah King Slaughtering Soul Nail, and the second was a Limitless Dao Artifact with 987 Dao patterns. Long Chen had destroyed the Dao artifact with the God Slaying Sword, so the process was about the same as the Tai Ah King Slaughtering Soul Nail.

The Godslayer Sword once more manifested fifteen Dao-seals.

Two or three times in a row, the number of runes on the God-Slaying Sword had increased to 990!

Long Chen knew that the other party must have done it on purpose.

In the beginning, he had used the God Slaying Sword to save lives. He did not think too much, but after two or three more times, he realized that each time, the Ancient Giant Demons would only use a Dao tool to injure him. Only after that did he ask too many questions did Long Chen finally understand.

However, he found it strange. The other party had used this method to raise the level of his God-Slaying Sword. What was his motive for doing so?

Of the 990 runes, the current God-Slaying Sword was almost at the peak of power amongst the Dao-artifacts. It was getting closer and closer to being limitless.

But even so, the small skeleton s were still in his control, and other than the God Slaying Sword becoming terrifyingly strong, there were no other changes.

This time, the archaic Giant Demon actually brought out a stronger Dao artifact, 996 dao traces.

"Why don't you take your interesting God Slaying Sword and fight a round with it?"

If this went on, he would definitely fall into his trap, and he wouldn't agree to anything this time.

"So you are suspicious? Actually, it's very simple. I just want to change this sword to its original appearance, but I won't take it away from him. Of course, the prerequisite is that you are my puppet. Not yet, but soon. "Since you aren't cooperating, then I'll just take this sword and let it transform."

The ancient Giant Demon indifferently said.

From the time he was imprisoned until now, nearly two months had passed.

The Magic Star Seal outside were already on the verge of collapse. Perhaps in another month, everything would be destroyed. As they got closer, Long Chen's heart became more and more anxious.

Once he reached that critical point, this Ancient Giant Demon would be able to tear everything apart. After ripping apart the Magic Star Seal, he only needed to swallow a few creatures and he would have the strength to tear apart the demon star.

Everything was urgent, and he was still trapped here.

In the past two months, he had been trapped here. He had gone through a lot of training, his willpower, body, and strength had all improved, but he still couldn't destroy these five Demon Claw and get out of here. Time was running out, and the closer he got to that point, the less hope he had.

It was just that even at this time, Long Chen was still able to maintain his calm.

It had to be known that the depression and anger in his heart were unprecedented. There was almost no one who could bear what he was feeling now. It came from everyone's hope, from his promise to his lover, and from his brotherhood!

The shrill voice of the ancient Giant Demon resounded once again.

In these two months, I should have been deceived by you. Every single time, you would have been almost controlled by me, but every time, you would have been able to endure until the end. I think that you are just teasing me, and also stalling for time, worried that I would kill you.

After almost sixty days, he finally understood this logic, which was pretty stupid.

In actuality, he was too confident in himself, he never thought that after spending so much time, he would actually not have the ability to control Long Chen.

Now that he found out the truth, the Ancient Giant Demon obviously wished for nothing more than to kill Long Chen on the spot.

However, since this kid was so valuable, he might be of great use in the future. It was a pity to kill him now. One had to know, the enemies of the Primordial Demons were not mortals.

"Let me tell you a piece of good news. Tomorrow, I will have my elder brother to take control of you. He has prepared sixty days for this day." When you're at your peak, he's several times stronger than me. Even if you had twice my will, it wouldn't even take a quarter of an hour for him to turn you into a puppet. "

Chapter 2510 - Escaping

soul-controlling demon once again described the terrifying aspect of his' big brother 'to Long Chen, then went silent within the seal. He had already continued for two months, but he still had not been able to control Long Chen. He was already mentally exhausted, and truthfully, if not for his brothers' advice, he would have already killed Long Chen long ago.

He could be considered to be deep within the seal. Originally, it was not easy for him to break out of it, but he had prepared for it for two months, so tomorrow, he would be able to break out of the control of his will. At that time, Long Chen's mental defenses would be broken.

To him, not being able to control Long Chen and make Long Chen into his own puppet was something he couldn't dispel. After all, this was a damn mortal who swallowed his will clone, and even teased him for a meal!

In these two months, although there were no transformations in his realm, Long Chen had grown by quite a bit in terms of strength. Especially with regards to the God-Slaying Sword, it had already infinitely neared the 999 inscriptions on it. It had already become a Limitless Dao item with the power of tearing, devouring, dying, and other forms of Sword Qi that were extremely sharp.

However, Long Chen had a feeling that he couldn't let the Heaven Slaying Sword become the Dao Artifact for the 999 Dao patterns at the moment. It was because he had a feeling that this was a scheme by the Ancient Giant Demons.

Up till now, the nine hundred and ninety five lines were almost at Long Chen's limit.

The small skeleton still had a clear understanding of the situation. It was just that on this planet, any weapon on their body was extremely important. As such, he could not afford to lose his God-Slaying Sword.

"This Ancient Giant Demon has given such a terrifying description of his brother. When tomorrow arrives, you will probably be finished. Moreover, the wolf cub had almost completely destroyed the Magic Star Seal. Boss, looks like we're going to lose? "

Little Cat had been preparing recently, but she said so without a care in the world.

Long Chen shook his head and said: "For the time being, I am unable to open these five demon claws. It's not a good idea, but I have no choice. "

This day was undoubtedly difficult.

He felt mixed emotions in his heart, and there were countless emotions entangling with it. Endless killing intent and hatred was also brewing within him, but there seemed to be too much hatred and unwillingness in his heart!

There was only a little more than a month left!

There was no other way to change it. Everything was going to end here!

Families, relatives, loved ones, brothers and sisters, as well as countless innocent people. Everyone had relatives and friends, but almost everyone had to lose them, including themselves.

In the end, they became like livestock as they entered the stomach of the Archaic Giant Demon, causing them to become even more powerful.

"I can't accept it!"

If he could rush out from here at this time, he would definitely have to fight to the death. These five claws were the most reasonable methods used by the Ancient Giant Demons, next time, Long Chen might not be so easily trapped here!

However, Long Chen's biggest target was still Mo Xiaolang. He had to find him again and have a good exchange with him. Even if the other party was so heartless, Long Chen still believed that he must be awake! Long Chen was not lying.

"That day, he said that if I want to change everything, I will leave this place."

Long Chen gripped onto the God Slaying Sword, his gaze looking at the five demon claws in front of him. Today might be his last day, so he had to fight hard, kill, cut all of these apart, and rush out of here! It was time to complete his mission! If he was trapped here, he would only be able to live in a cage for the rest of his life!

The God Slaying Sword with 990 dao patterns on it released a boundless power that was like a raging sea, roaring in this narrow space.

Seeing that Long Chen was so determined, Cat suddenly laughed mischievously and said: "Boss, do you still remember how you and Little Wolf disregarded the fate of the world and came to that futile city to save me?"

"Yes, why?"

Cat reminisced, "It really moved me to tears. From that moment on, you are all people who are more precious than my own life."

"What are you trying to say?" Long Chen felt that he was implying something in his words.

Cat said firmly, "What I want to say is that I can save this little black dog with you today. "Just treat it as returning the favor."

Long Chen frowned, and said: "Do you have any good methods? You've been preparing all this time? "

The little cat very straightforwardly said: "It's not a brilliant method. We are all Primordial Power of Reincarnation now and our powers are common, so I can use a secret technique to channel my power into you, allowing you to increase your strength to a certain degree. Of course it will be for a short period of time, maybe enough time for you to break these five Demon Claw. Then I'm afraid I'll be weak for a while, but not for long. You don't have to worry too much, I'm lucky, I won't die no matter what. "

If that was the case, it would have to be done in such a desperate situation.

Long Chen said seriously: "Do you dare swear to the heavens that what you said to me was the truth, and did not have much of an impact on you?"

Cat laughed involuntarily and said, "What kind of person do you think I am? This young master is a coward that fears death. Do you really think that I would silently sacrifice my life for you? Bullshit, there's no such thing as a door. There was no need to wait until today. Don't worry, once you have pronucleus, I will have as much power as I need. "

Such a stingy person actually looked like the real him.

Of course, Long Chen was grateful to him in his heart, and it was he who had given his hope. It was better to add flowers to the flower than to offer coal in the middle of the snow. Cat's decision, to Long Chen and everyone else, was like offering coal in the middle of a snowstorm.

"Let's begin!"

Since that was the case, Long Chen would not be courteous to him since the relationship was so important.

As for how he was going to temporarily deplete his power for Long Chen, that was Cat's own problem. Perhaps, it was because of the commonality of the primordial Power of Reincarnation that such a method existed.

After the decision was made, the two of them quickly made their move.

Cat did not come out, but instead stayed in the God Kingdom of Long Chen to complete the process.

This process was very simple. It was completely as if Cat had controlled all of her power to leave her body, and using the Divine Kingdom as the interface, she rushed into Long Chen's body, and started to merge with Long Chen's own Primordial Power of Reincarnation.

never thought that this power would expand to such an extent. With the support of his opponent, his Power of Reincarnation, which was like the size of a galaxy, began to circulate in his body!

This period of time continued for a very short period of time.

After a short while, Long Chen's strength rose, as if from death to life. This kind of transformation did not only provide him with strength, it also gave him faith and hope, giving him a boundless fighting spirit that was similar to the ocean!

BOOM!

Under the explosion of this power, the five Demon Claw actually began to tremble.

"Boss, it's up to you now. Don't lose. Don't waste the things that I've been hiding for so long. According to the convention, I should get some sleep first!"

"Sleep at ease. After you wake up, I'll let you see a good result."

Long Chen surged with power, his fighting spirit was surging, but his heart was still calm! It was finally this time.

He was using their strengths to fight, and he was not the only one fighting. Just like how he and Mo Xiaolang went to the Wasteland City together, now he and Cat were both fighting for the Little Wolf on this planet!

Swoosh!

The God-Slaying Sword turned into a sword aura and tore out from the five Demon Claw's body!

Kcha! *

Under Long Chen's all-out attack, one of the five demon claws was finally cut apart!

In fact, when the five Demon Claw shook, the Ancient Giant Demons had already awakened. But at this moment, Long Chen's speed was already extremely fast, he used a very short period of time to finally

complete his attempt to break out of the encirclement, his entire body disappearing in a flash, and disappearing into the abyss!

If it wasn't for Cat exhausting her strength, he would never have been able to do it so straightforwardly.

From now on, there was another person in Long Chen's heart that he could not disappoint!

At the moment, he was filled with tyrannical power, and there was only one goal in front of him, and that was Mo Xiaolang! He had just finished devouring the flames not long ago, and it was time for him to rest. Long Chen broke through the five demon claws, instantly appearing in front of his cave, and rushed in!

In the depths of the cave, there was a white-skinned youth in a black robe sitting cross-legged.

A suffocating aura was released from the youth's body.

Without saying a word, Long Chen pointed the God Slaying Sword at the center of his brows. Now that he had a huge chance to take care of everything, it was to take advantage of this chance to throw Mo Xiaolang into the Death Realm, so that the Magic Star Seal would never break and everyone else won't die. The Ancient Giant Demon also wouldn't have a chance to fight against him, but he was Long Chen's brother.

"If you don't kill me, you will regret it." At this time, Mo Xiaolang opened his eyes. His eyes were still bloodshot and cold.

Long Chen's hand that was holding onto the Heaven Smiting Sword was trembling. He only had that much time, but it was too wasteful. He couldn't help but shake his head and say, "Little Wolf, we've grown up together. No matter what happens, I believe in you."

Mo Xiaolang grinned from ear to ear, and said: "Truly an indecisive fellow, didn't you carry the mission of saving the lives of the common people? For the sake of this ridiculous brotherhood, you actually chose to ignore the lives of everyone in the world. How many people will leave this world because of your current decision? That is why you are unworthy of being a hero. "
